Office of the Command Judge Advocate

Re: Freedom of Information Act Request No: FA-13-0036

This is a final response to your Freedom of Information Act (FOIA) request dated April 7, 2013, received in this office on April 9, 2013, in which you requested, "A printout/listing of technical reports at DPG or West Desert Technical Information Center at Dugway Proving Ground that were dated/originated between 1961 and 1965, inclusive".

There were two lists generated from your request, one unclassified and one classified. We have enclosed the unclassified list for you. The classified list is considered, a classified document and therefore exempt from disclosure under 5 U.S.C. 552 (b) (1), which protects from disclosure national security information concerning the national defense or foreign policies. This document was referred to the Initial Denial Authority (IDA) for declassification. You should be aware that declassifying a document is a lengthy process.

The IDA will contact you about these articles after they have been reviewed for declassification and release. The IDA can be contacted by mail at: Support Services Team/FOIA Officer, Secretary of the General Staff, US Army Test and Evaluation Command, 2202 Aberdeen Boulevard - Third Floor Aberdeen Proving Ground MD 21005-5001, and by email to latricia.c.fortune.civ@mail.mil.

There were no costs incurred to process your request. We will consider this FOIA completed and close it out at this time. If you have any questions regarding our response, please contact Tonya McGlon at (435) 831-3333 or email: mac.herring@us.army.mil.

Sincerely,

James E. Brousek
Major, U.S. Army
