*"Rummaging in the government's attic"*

Description of document: A digital database of the reports in the National Park Service Technical Information Collection (NPS TIC), along with a Data Dictionary describing the contents of the database, 2014

Requested date: 20-February-2014

Released date: 17-March-2014  
20-March-2014

Posted date: 24-March-2014

Source of documents: National Park Service FOIA Officer  
12795 W. Alameda Parkway  
PO Box 25287  
Denver, CO 80225  
Fax: 303-969-2557 (Call to confirm receipt)

Note: Reports designated as containing protected archeological content are omitted from the database.

The governmentattic.org web site ("the site") is noncommercial and free to the public. The site and materials made available on the site, such as this file, are for reference only. The governmentattic.org web site and its principals have made every effort to make this information as complete and as accurate as possible, however, there may be mistakes and omissions, both typographical and in content. The governmentattic.org web site and its principals shall have neither liability nor responsibility to any person or entity with respect to any loss or damage caused, or alleged to have been caused, directly or indirectly, by the information provided on the governmentattic.org web site or in this file. The public records published on the site were obtained from government agencies using proper legal channels. Each document is identified as to the source. Any concerns about the contents of the site should be directed to the agency originating the document in question. GovernmentAttic.org is not responsible for the contents of documents published on the website.

Subject: Freedom of Information Act Request, NPS-2014-00288, Dated February 20, 2014.

This is in response to your Freedom of Information Act (FOIA) request dated February 20, 2014, and received in this office on February 20, 2014. In your request you sought a copy of the User's Guide to the Electronic Technical Information Center (TIC), along with a copy of the data dictionary for TIC.

Upon review your request is denied in part. We have responded with 14 pages, however, we have partially redacted one page under Exemption 7(a). We are withholding 20 pages of our draft updated data dictionary under Exemption 5. We do not have a user's guide to Electronic Technical Information Center (TIC). The Data Dictionary basically serves this purpose.

Exemption 7(a) of the FOIA, protects information regarding law enforcement purposes, and that could reasonably be expected to interfere with law enforcement proceedings.

Exemption 5 of the FOIA allows an agency to withhold "inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than the agency in litigation with the agency." 5 U.S.C. § 552 (b)(5).

Pursuant to regulation, 43 CFR 2.21(b) the following person is responsible for this denial:

Sam Whittington  
Director, Denver Service Center

Additionally, the following attorney was consulted during the preparation of this response:

Ratna Gupta, Office of the Solicitor  
U.S. Department of the Interior, Lakewood, CO.

You have the right to appeal this denial of your request. You may file an appeal by writing to:

Freedom of Information Act Appeals Officer  
Office of the Chief Information Officer  
U.S. Department of the Interior  
1849 C Street, NW  
MS-5312, MIB,  
Washington, D.C. 20240.

Your appeal must be received no later than 30 workdays after the date of this final response. The appeal should be marked, both on the envelope and the face of the appeal letter, with the legend "FREEDOM OF INFORMATION APPEAL." Your appeal should be accompanied by a copy of your original request and this letter, along with any information you have which leads you to believe the records are available, including where they might be found, if the location is known to you.

Also as part of the 2007 OPEN Government Act FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a nonexclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation.

You may contact OGIS in any of the following ways:

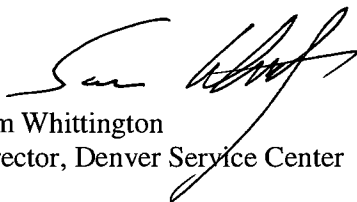

Office of Government Information Services (OGIS)  
National Archives and Records Administration  
Room 2510  
8601 Adelphi Road  
College Park, MD 20740-6001

E-mail: [ogis@nara.gov](mailto:ogis@nara.gov)  
Phone: 301-837-1996  
Fax: 301-837-0348  
Toll-free: 1-877-684-6448

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. § 552(c). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

Please do not hesitate to contact our FOIA Officer, Abel Ramon, with any further questions or concerns. He can be reached at the address above or by phone at 303-969-2139. He can also be reached via e-mail at [abel\\_ramon@nps.gov](mailto:abel_ramon@nps.gov).

Sincerely,

Sam Whittington  
Director, Denver Service Center

Subject: Freedom of Information Act Request, NPS-2014-00290, Dated February 20, 2014.

This is in response to your Freedom of Information Act (FOIA) request dated February 20, 2014, and received in this office on February 20, 2014. In your request you sought: a digital copy of the database of reports in the NPS Technical Information Collection. I am primarily interested in receiving a copy of the database of reports. I would be interested in receiving the relevant fields, such as title, date, author, accession number, restrictions if any, etc. On March 19, 2014, you modified your request to omit any documents regarding archeological resources from the database report.

Upon review your request is granted in full. Enclosed, please find 3,213 responsive pages on an Excel spreadsheet.

We are currently developing a public website that will allow the public to search and download public documents. We hope to have the website up and running by the end of summer 2014.

Should you consider this a denial of your request; you have the right to appeal. You may file an appeal by writing to:

Freedom of Information Act Appeals Officer  
Office of the Chief Information Officer  
U.S. Department of the Interior  
1849 C Street, NW  
MS-5312, MIB,  
Washington, D.C. 20240.

Your appeal must be received no later than 30 workdays after the date of this final response. The appeal should be marked, both on the envelope and the face of the appeal letter, with the legend "FREEDOM OF INFORMATION APPEAL." Your appeal should be accompanied by a copy of your original request and this letter, along with any information you have which leads you to believe the records are available, including where they might be found, if the location is known to you.

Also as part of the 2007 OPEN Government Act FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a nonexclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation.

## **DATA DICTIONARY**

### **MAIN INDEX TAB**

**PARK CODE** - unique 3 digit numeric code assigned by E-TIC Administrator to each park

Select appropriate park code from look up table for each document

**PARK ALPHA** – unique 4 letter code assigned by WASO Budget Office

Select appropriate park code from look up table for each document

**PARK NAME** - automatically fills after park code or park alpha have been selected

Contact E-TIC Administrator if name is incorrect

**PARK REGION** - automatically fills after park code or park alpha have been selected

Contact E-TIC Administrator if name is incorrect

**FIELD AREA** - automatically fills after park code or park alpha have been selected

Contact E-TIC Administrator if name is incorrect

**SUPPORT OFFICE** - automatically fills after park code or park alpha have been selected

Contact E-TIC Administrator if name is incorrect

**PREVIOUS NAMES** - automatically fills after park code or park alpha have been selected

Contact E-TIC Administrator if name is incorrect

**ORGANIZATION CODE** – unique 4 digit numeric code assigned by WASO Budget Office

Contact E-TIC Administrator if absent or blank after a park alpha code has been selected

**INFORMATION TYPE** – (field size 1) Type appropriate letter or select from lookup table

- C Electronic File
- D Document
- E Drawing
- F Aerial Photography
- P Photographs
- V Videos

**DOCUMENT CLASSIFICATION BOX** – Select from lookup table as follows:

ARG - Sensitive including selected archaeological, anthropological, or ethnographical reports and maps, anything giving site specific information about the location of buried cultural artifacts or burial sites. Mark copyrighted material as sensitive.

PUB - Public for anything freely available to the public

RES – Drawings are generally classified as restricted for internal NPS use only.

Metadata information is not restricted only the document images need to be tracked. The Secret Service has advised that all persons requesting infrastructure information be positively identified before releasing information. The following categories of drawings: e.g. water supply drawings, floor plans, structural information about NPS buildings, may require approval by the park before distribution. Park permission is required before releasing NPS drawings to the public for any drawing from a park on the terrorist threat list (The Statue of Liberty, most Washington DC monuments, the Jefferson National Expansion Memorial, etc.).

SNS - Sensitive including endangered species nesting or breeding locations, all plans for security systems, fire alarms or HVAC systems, and O& M manuals, see also Appendix A, "Categories of Documents" for additional information about these documents. Mark copyrighted material as sensitive.

WRK - Working for documents not yet received by TIC.

**(b) (7)(A)**

**ADDRESS PREFIX** – (field size 10) Type appropriate letter, number, or select from lookup table.

00-99 numbers correlate to specific drawing types or originating offices in lookup table

**Address Prefix:**

20	New area studies, interpretive, environment, wilderness, management plans, & miscellaneous planning studies (in documents)
209	New area studies, interpretive, environment, wilderness, management plans, & miscellaneous planning studies by or for another agency (in documents)
25	Historic restoration, construction or preservation
259	Historic restoration, construction or preservation by or for another agency
30	Land maps
309	Land maps prepared by or for another agency
41	DSC design development & special studies: topography, surveys, transportation, utilities & environment (non-planning)
419	DSC design development & special studies: topography, surveys, transportation, utilities & environment (non-planning) prepared by or for another agency

60 Park plan or design  
609 Park plan or design prepared by or for another agency  
80 Regional plan or design  
809 Regional plan or design prepared by or for another agency

FL Aerial Photo Flight

P Photographs

V Video

C Electronic Files

O to override and manually enter in an address

**ADDRESS** -- (field size 15) Address values are created by E-TIC when the GENERATE button is selected on the basis of the selected park and address prefix. Address values can be manually entered when O for override have been selected as an address prefix. Compare machine generated addresses to existing park address numbers to verify uniqueness to avoid assigning a duplicate address codes.

**REVISION** -- (field size 1) A one letter code (A, B, C, D, etc.) or blank. Used for different versions of the same document. Use NPS 10B Handbook for guidelines on assigning revision letters to drawings. Generally revision letters for documents are assigned only when slight variations have been applied to the same document. Draft review documents are usually given unique D numbers from final documents since they are generally significantly different from each other.

**DUPLICATE CODE** -- (field size 5) Automatically generated by E-TIC when a duplicate address value is entered after a message is displayed asking the user to verify that a duplicate address is OK.

**SHEETS** -- (field size 10) field to be completed when documents are filed, after scanning.

Digital photographs: CDs or DVDs. 1 CD = 1 sheet. 2 CDs = 2 sheets. Make a note in the comments field of the contents such as - 1 CD containing xxx folders or xxx images.

**TITLE** -- (field size 1024) Check entry for completeness, enter all words exactly as they appear on the document title page or map cover sheet including complete spelling of the park location.

Place **subtitles** for exceptionally long titles in title field (or comment field if extra space is needed). Use uniform titles where feasible to tie similar records together

Retrieve similar reports to check exact order of wording

Examples:

SUPERINTENDENT'S ANNUAL REPORT, FISCAL YEAR 1999

HISTORIC STRUCTURE REPORT

GENERAL MANAGEMENT PLAN

DEVELOPMENT CONCEPT PLAN

SITE PLAN

TOPOGRAPHIC DRAWING

Enter FHWA project name & number here [PRA-BADL 10(2)]

If space is needed for clarification use COMMENTS field to record alternate titles on the cover or title word order variations and to spell out abbreviations in the title.

**PACKAGE NUMBER** - (field size 115) Enter budget code information here, examples:

232F

254

801

232/06

**PMIS NUMBER** - (field size 15) Enter budget code information here, examples:

048573

**FMSS Number** - (field size 15)

check FMSS database

get password & log on permissions from FMSS (see TIC supervisor)

**CONTRACT NUMBER** - (field size 50) [if available]

CX-1600-1-9004 or C1600019004 (enter as it appears on the document or drawing)

**IB #** - (field size 15) leave blank for documents except for specifications

**RFP #** - (field size 15) leave blank for documents except for specifications

**PROJECT NAME** - (field size 255) Check PMIS database for this.

**AUTHOR** - (field size 512) Separate names with a ; Spell out entire last name and first name, examples: *No not enter initials.*

SMITH, ALLEN J.

BROWN, JOHN RANDALL

THOMAS, TAMMY

**MULTIPLE AUTHORS:** SMITH, ALLEN J.; BROWN, JOHN RANDALL; THOMAS, TAMMY

**CORPORATE AUTHOR** – (field size 512) use the primary NPS unit, government or corporate name. Limit entries to **3** or fewer. Examples:

DENVER SERVICE CENTER

HARPER'S FERRY CENTER

BUREAU OF INDIAN AFFAIRS

AIA & ASSOCIATE

THOMAS B. MUTHS

**MULTIPLE CORPORATE AUTHORS:** DENVER SERVICE CENTER; BUREAU OF MINES

**UNIFORM TITLE CODE** - (field size 4) Select appropriate code from pull down menu. Check status codes for uniform titles. Pull down menu contains the same values as used for SECONDARY STATUS CODE. Common document types or reports produced in the NPS.

**SECONDARY STATUS CODE** – (field size 4) Select appropriate code from pull down menu. Pull down menu contains the same values as used for UNIFORM TITLE. Common document types or reports produced in the NPS.

**PUBLICATION DATE** – Type in date MM/DD/YYYY. i.e. 01/01/2002.

Use the date of the latest signature, usually on the title page.

or pick from calendar by selecting

Estimate dates if not present, **DO NOT LEAVE BLANK**

**INFO DATE** – (field size 100) type in. date MM/YYYY. i.e. 01/2002 and enter a text description of the date, e.g. “no date” or 1950-1960 or enter a range of publication dates if the item was published in parts. Clarify any date discrepancies here.

**ESTIMATED** – (field size 1) check this box if date is estimated

**SCALE** – (field size 128) Complete information for maps when a scale is given, usually on the cover sheet. Leave blank for drawings where scales differ from sheet to sheet.

**SIZE** – Choose from drop down menu. You may need to measure the drawing or document if the size is not easily discernible.

**DISPOSITION** – (field size 3) Disposition refers to the storage location of the original document. [When the document is stored in the TIC collection leave blank.](#) When the document is returning to another office use the drop down menu pick the correct letter for that office.

- A Original in the National Archives (Denver)
- C Original in Branch of Cultural Research, Santa Fe, NM
- E Electronic record only
- H Original in Harpers Ferry Center
- M Original not available (microfilm only)
- N Non-Transparent Media (Notes blue prints or diazos that are not transparent. Copies could not be made of these materials on the old equipment which required light from below to make the image. Drawing is in TIC collection and has been microfilmed. 1/2007)
- P Original in Park
- R Original in Region
- S Original in Federal Record Center storage (Denver)
- T Original in Western Archeological Conservation Center, Tucson, AZ
- W Original at Washington
- Z Original filed in Pacific Area Office, Hawaii

**COMMENTS** – (field size 4000) Include additional information that would help a user locate the document for example: subtitles, editors, individual contributors, a description of anything unusual or unique about the item. Spell out abbreviations in the comments field if the original title included abbreviations. Examples: land tract numbers and property owners. Amendments, modifications, supplemental sheets note (example).

**FISCAL YEAR** – (field size 4) Fiscal Year is the year of a storage shipment to the Federal Records Center or the National Archives. Complete only after items have been shipped to NARA.

**ACCESSION CODE** – (field size 12) Accession code is the number assigned to a storage shipment by the Federal Records Center or National Archives. Complete only after items have been shipped to NARA.

**BOX** – (field size 50) Box refers to the notebook number of an item stored in TIC or the box number indicating a storage box located in the FRC or NARA shipment. A key field in locating documents stored in TIC or in off-site storage locations.

Add a “0” (zero) before box numbers 1-9. example: Box 1 would be Box 01. This allows for proper sorting when the list is generated.

**MICROFILMED DATE** – (field size 8) The default value is date scans sent for microfilming.

**CROSS REFERENCE** – (field size 1025) Complete if document is based on another document or contains drawings with document and drawing numbers. Include document and drawing numbers of these “base” documents. Use COMMENTS field for overflow information.

**RIGHTS CODE** – (field size 3) Indicates redistribution and copyright restrictions for items in the TIC collection. Please select the appropriate code as follows:

**P** - Material is within the public domain, when quoting or citing material reference the National Park Service.

Default value for RIGHTS field.

**F**- Material is within the public domain, when quoting or citing material reference the agency of origin

Use for publications authored entirely by another US government agency, including Federal Highway Administration.

**C** – Contains copyrighted data. Redistribution and reuse is subject to approval by the copyright holder.

Examine material for excerpts from previously published material by non-federal sources. Privately published material, publications by state and local agencies, and unpublished manuscripts are all copyrighted. Specific permission to republish or redistribute this material is required before it can be included in government publications. Contract files may contain these releases, when not specifically noted, assume that the material is copyrighted, e.g. O&M manuals, state maps, and photographs.

Links  
to other  
drawings/docs

**L** – Contains licensed photographs or graphic art and reuse of these images is subject to approval by the license holder.

Photographs and art work produced privately or under contract to the National Park Service often has specific contract language limiting the reuse and distribution of these images. These restrictions are also true for historic photographs in the collections of state and local historical societies, museums, and private collections. The owners protect their investment in these images when reselling them by placing reuse restrictions on them. These arrangements have been upheld in the courts.

**R** – Material was produced by government contractor, some restrictions on redistribution and reuse may apply. Write to the NPS Technical Information Center ([TIC-requests@nps.gov](mailto:TIC-requests@nps.gov)) for permission to redistribute or reuse.

✓ **CATALOGED BY** – This field is auto-populated with the E-TIC user name.

✓ **DATE CATALOGED** -- This field is auto-populated with the date the item is initially entered into E-TIC.

✓ **MODIFY BY** -- This field is auto-populated with the E-TIC user name of anyone editing an existing record.

✓ **DATE MODIFIED** -- This field is auto-populated with the date the item is modified.

### **Click on the Additional Index Button**

#### **SUBJECTS TAB**

Select appropriate numeric code from pull down menu

Or

Type in keyword using wild card character and select subjects from limited pull down menu, e.g.

%water%

or

%plan

%road

Click on right arrow key to add to record

Repeat the above step for as many subjects as needed.

**LOCATIONS TAB**

Select appropriate numeric code from pull down menu

Or

Type in keyword using wild card character and select subjects from limited pull down menu, e.g.

*%visit%*

or

*%admin*

*%general*

Click on right arrow key to add to record

Repeat the above steps to select as many locations as needed. Every publication received by TIC should have at least 1 location, for example: Park General. Do not assign locations for publications not yet received by TIC. *If no LOCATION code exists for a specific location set up a new location code (check with senior TIC staff member).*

**PHYSICAL DESCRIPTION TAB**

**MEDIA TYPE CODE** – (field size 3) Select appropriate code from drop down menu, e.g.

B	Blueprint
C	Cardstock
DL	Diazo/Linen
DM	Diazo/Mylar
DP	Diazo/Paper
DV	Diazo/Vellum
L	Linen
M	Mylar
N	Negative
P	Paper
PP	Photographic Paper
PT	Photographic Transparency
S	Slide
T	Tissue
TR	Transparency

V Vellum

X Mixed Media

**CONDITION** – (field size 512) Describe the general condition of the original. Describe anything else that uniquely identifies the physical appearance of original object, for example:

Corners are folded

Excellent condition

Fair

Good

Mold

Paper is aged and yellowed

Paper is brittle

Poor

Soiled

Tears in sheets 3-4

Water marked

Xerox copy

~~X~~ **LCS#** - (field size 15) List of Classified Structures number. LCS a database inventory of all historic and prehistoric structures in the National Park System in which the NPS has some legal enforceable interest. (check with TIC supervisor for database access).

~~X~~ **OFF-LINE MEDIA** - (field size 50) Complete this field only if the title is also stored off-line, e.g. on a CD ROM by typing the park code and TIC number to indicate the location of electronic copies, e.g. CD ROM since CD's are cataloged separately when there more than one title is stored on a disk.

*Comb ME*  
**SOURCE** – Complete this field when material is being stored by TIC and was acquired from another office that has not relinquished ownership of the item. Usually after TIC has completed a large project to microfilm drawings or reports at a park that no longer has storage space for these items. Enter the Park Alpha or Office Alpha of office item's origin and building name.

**SOURCE DESCRIPTION** – Description to terms and conditions of TIC's copy, e.g.

Storage only original still owned by park, region or concessionaire

2005 CUGA Archives Project or 2003-4 BLRI Archives Project, etc.

## CIRCULATION TAB

**SHEETS BORROWED** – (field size 9) Complete when only selected sheets have been borrowed from a drawing set. Indicate the sheet numbers on loan.

**NAME/E-MAIL** – (field size 255) Enter e-mail address or name of the individual who is responsible for returning the document or drawing to TIC. Also use this field to indicate individuals requesting drawing or document numbers who are responsible for completing work and sending the finished item to TIC.

**JOB TITLE** – (field size 255) Enter job title of individual who has checked out TIC item or is responsible for completing work on an item for NPS and TIC, e.g. Architect, Engineer, Consultant, etc.

**COMPANY/ORGANIZATION** – (field size 150) Enter the NPS and/or DSC Office name or mail code of the individual who is responsible for the material. If a contractor is responsible, enter their name here, e.g. OZ Architecture, DSC, Planning, or WASO, Mining and Minerals, etc.

**PHONE #** - (field size 20) Enter the telephone number of the responsible individual including the area code.

**NEW RECORD** – (field size 1) Check this box if TIC has not yet received the item and has only issued a document or drawing number. When the item is physically received NEW RECORD should be unchecked after cataloging. The item should also be checked in.

**CHECK OUT DATE** – Click on the CHECK OUT button to auto populate this field when a new number is issued or a physical copy of an item is out from TIC.

**CHECK IN DATE** - Click on CHECK IN button to auto populate this field when an item is received by TIC after being checked out.

**UPDATED BY** – This auto populates your name, the user editing the record.

**NOTES** – (field size 255) Enter any information about the item that is being checked out to clarify its check out status, e.g. new number assigned to J. Smith but T. Jones is responsible for creating the item. Checked out by Susan Johnson for Bill Butler.

## ELECTRONIC RECORDS TAB

**DESCRIPTION** -- (field size 512) Complete this field for geospatial data by describing the purpose of these files, e.g. GIS dataset to map the vegetation for LAME or boundary study for GRSM.

**CONTACT INFO** -- (field size 255) Record the name, address, e-mail and phone number of the office and responsible for creating the electronic files. Include contractor who created the data.

**SOFTWARE** -- Use drop down menu to select software used to create the electronic files, e.g. Word, Access, Excel, PDF, etc.

**OS** -- Use drop down menu to select the operating used in the creating of the electronic files, e.g. DOS, Windows NT, Unix, etc. Skip if you do not know.

**SOURCE INFORMATION** -- Complete this field for geospatial data by including textural information about the file's creation, including names of other documents and files used in its creation and a short discussion of the information contributed by each (if known).

**NATIVE FILE** -- (field size 255) List the files included on the CD-ROM or other off-line media include path names and file names and the data set size.

**COORDINATES** -- skip these fields unless they are listed on the original documentation.

**TYPE** -- (field size 100) Complete this field for geospatial data (if known). List the **media of the source data** set, e.g. paper, microfiche, audiocassette, filmstrip, etc.

**SECURITY** -- Check this box if there are access restrictions on the source data (if known).

### **AERIALS TAB**

**AERIAL FRAMES** -- (field size 10) Enter the number of aerial frames.

**AERIAL INDEX** -- Check this box if an aerial index exists for the flight.

**CAN #** -- (field size 30) Enter the can number(s) of the aerial negatives.

**CONTROLS** -- Check this box if aerial controls prints exist for the flight.

**FLIGHT ID** -- (field size 40) Enter identifying information about the flight, e.g. the flightline or unique ID number(s) issued by the contractor.

### **GRAPHIC BOXES**

Graphic materials are checked into the paper log book when received and updated in the database when shipments are prepared to FRC.

**SHIPMENT #** - (field size 100) – Enter the FRC shipment number for the item.

**RESPONSIBLE PERSON** – (field size 100) – Enter the name of the DSC person responsible for the graphics information, the creative artist or editor.

**DATE FILED** – (field size 10) Enter the date the item was filed with TIC.

**DESCRIPTION** – (field size 255) Enter identifying information about the item, e.g. “Destroyed per DSC employee name,” or “2 small boxes #2 & #4, 1 large map box and 1 map tube.”

**ON HOLD** – Check this box if the publication of the final document has been placed on hold.

**FINAL DOCUMENT** – Check this box if a finished publication exists for the graphic work.

## GLOSSARY OF TERMS TO DESCRIBE PAPER CONDITION

ABRASION	surface loss caused by friction
ACCRETION	deposit of extraneous material on the surface of an object
BRITTLENESS or EMBRITTELEMENT	loss of flexibility causing paper to break or disintegrate when bent
COCKLING	buckling or waving of the paper caused by expansion and contraction under changing atmospheric conditions
CREASE or FOLD	line or mark made by bending or folding the paper
DENT	concave defect in the surface caused by a blow
DETERIORATION	breakdown of the paper caused by added ingredients or by natural aging
DISCOLORATION	changes in color, such as darkening or fading
DOG-EAR	term commonly used to describe a diagonal crease across the corner of a page
FADING	discoloration seen as a loss of color and sometimes with a change of hue
FLAKING	lifting and sometimes loss of flat areas of the surface layer
FOXING	brown or reddish-brown spots caused by mold or the oxidation of iron particles in the paper support, mount or backing
INSECT DAMAGE	holes, surface loss, or organic residue from insect infestation scooped out
GOUGE	defect in the surface caused by a blow where material has been scooped out
LOSS	missing area or hole
MOLD	group of small fungi that grow under warm, moist conditions on organic substrates causing the breakdown of the substrate
MOUNT	materials to which paper objects are attached for additional support
SUBSTRATE	the paper itself
SURFACE DIRT	dirty material either loosely distributed on the surface on an object (dust) or firmly ingrained in the surface (grime)
TEAR	linear break in paper resulting from tension or torsion
