Re: Request for Records Pursuant to the Arkansas Freedom of Information Act

I have been assigned to respond to your October 27, 2012 *State Public Records Request*. The Arkansas Department of Finance and Administration ("DFA") has regarded your letter as a request for records under the Arkansas Freedom of Information Act ("FOIA"), Ark. Code Ann. § 25-19-101, et seq.¹ In addition, DFA has regarded your request for records from the "DMV" as a request for records of DFA's Office of Motor Vehicles.

Please note that many of the records you have requested are in storage or are not immediately available. In addition, records responsive to your request are confidential and DFA is prohibited from the release of the same pursuant to the Driver's Privacy Protection Act, 18 U.S.C. § 2721, et seq. Moreover, those records that are in storage that contain confidential information must be redacted prior to DFA's release of the records to you. I anticipate that the records can be sent to you electronically on or before November 6, 2012.

Should you have any questions or concerns regarding this correspondence, please do not hesitate to contact me. Your time and attention to this matter are greatly appreciated.

Sincerely,

A handwritten signature in blue ink that reads "Paul M. Gehring".

Vehicle Registration Manual - Chapter 4

4.160 Personalized License Plate Applications

Original Plate Applications - Before a plate reservation can be processed, the applicant must complete a Special Interest License Plate Application (REG 17). The REG 17 **must**:

- Be completed in the **same** name as the reservation. The plate owner and the vehicle owner of record **must** be the same. A plate purchased as a gift must be keyed in the intended recipient's name.
- Show the type of vehicle (auto, commercial, etc.) to which the plates will be assigned.
- Show a field office or auto club location where the plates will be exchanged, if the specific vehicle to which the plates will be assigned is **not known**.
- The personalized configuration **must** be completed as required.
- The number zero (0) **cannot** be used; **only** the letter "O" is acceptable.
- The number one **must** be shown as "1."
- The letter "I" **must** be shown "I."
- The letter "I" cannot be substituted for the number "1" or vice versa.
- The letter "Q" cannot be substituted for the letter "O" or vice versa.
- An asterisk (*) **must** be used to show where a full space is desired.
- A slash (/) **must** be used to show where a half-space is desired.
- The meaning must be explained appropriately for the configuration.
- If the number "69" is used, the make and current plate number or VIN for a 1969 year model vehicle to which the plates will be assigned must be part of the application (for verification purposes).

Processing:

- Key the personalized plate configuration. Refer to Job Aid 9 in the Reg Tech DART.
- Key the plate owner's last name first.
- Enter the appropriate mail code for the application using the following chart:

If the applicant...	then...

<p>Can identify the vehicle to which the plates will be assigned</p>	<ul style="list-style-type: none"> • Enter mail code and complete the reservation transaction. • Assign the plates to the vehicle on your next transaction. • Pick up the plates assigned to the vehicle. • Issue the stickers, registration card, and a 60-day Temporary Operating Permit (REG 19).
<p>Cannot identify the vehicle to which the plates will be assigned</p>	<ul style="list-style-type: none"> • Enter the appropriate mail code • Advise the applicant that he/she will be notified when the plates are delivered to the office.

- Circle the reserved choice on the REG 17.
- Have the customer verify the DMV file copy to confirm that the configuration (spaces and characters) was keyed correctly.
- If the request was keyed:
 - Correctly, the plates are on order. A refund will not be made from this point on.
 - Incorrectly or the customer is not satisfied, determine what changes are needed and alter the REG 17. Delete the incorrect choice and rekey the desired configuration.
- Advise the applicant that a confirmed reservation does not guarantee issuance of the special plates; the final determination is made by DMV Headquarters.

IMPORTANT: POW and Firefighter License Plate Requests - To ensure compliance with statutory requirements, there are additional processing requirements:

POW license plate applications - refer to the Prisoner of War License Plate section in this chapter for the additional processing requirements.

Firefighter license plate applications - refer to the Firefighter License Plate section in this chapter for additional processing requirements.

Special License Plates as Gifts (CVC §5110) - To reserve special license plates as a gift, the name of the intended recipient must be shown on the plate application.

Cancelling a Reservation - A special plate reservation **cannot** be cancelled if the work has been transmitted to DMV Headquarters. To cancel a reservation in work still in the office, void the original reservation transaction, make the correct reservation, and attach the new DMV file copy to the REG 17.

Procedure if Special Plate Choices are Unavailable (CVC §5105) - When a special plate application is received in the mail or in a dealer bundle and none of

the applicant's choices are available, return the original Special Interest License Plate Application (REG 17), a new REG 17 (in case the applicant wants to try again), **and** the application fee to the applicant or the dealer, as appropriate.

- **Requests Submitted by a Dealer** - Issue credit media or a refund on the bundle in the dealer's name and return it to the dealer. The dealer is responsible for contacting the customer and refunding the fee.
- **Requests Submitted by an Individual** - Return the applicant's check. Convert the fee to a receipt if only a portion of the fees are being returned or the fee was paid by other than a personal check. Return the receipt to the customer with the REG 17.

Request #2- Internal Instruction to DMV Employees

Personalized Plates Rejection Process

1. Application received with up to six personalized plate choices.
2. Registration Clerk logs onto Personalized Plate system and enters the choices in order as requested by the applicant.
 - a. For this example applicant listed three choices in the following order:
 - i. BLOWME7
 - ii. RUBME
 - iii. FASTCAR
3. Upon data entry of the first choice "BLOWME7" it does not reject. Since it is a choice that may seem offensive the Registration Clerk checks to see if the base version of the choice "BLOWME" is on the offensive list.
 - a. "BLOWME" is on the offensive list so the Registration Clerk adds "BLOWME7" to the offensive list.
 - b. Registration Clerk then re-enters the applicant information and re-enters "BLOWME7" which now that it is on the offensive list the system rejects the choice as offensive and allows for the Registration Clerk to move to the next applicant choice.
4. Registration Clerk enters the second choice "RUBME" it does not reject.
5. "RUBME" is not on the offensive list and has no base for the Registration Clerk to check against.
6. Registration Clerk turns over the application to the Registration Supervisor who in turn requests that the Registrations and License Plate Program Manager reviews the questionable "RUBME" choice.
 - a. Depending on work load, meeting and schedules the panel review may be completed by either of the below:
 - i. Individual Panel Review:
 1. Registration Clerk is one vote. Turns over to the Registration Supervisor.
 2. Registration Supervisor is the second vote. Turns over to the Registrations and License Plate Program Manager.
 3. Registrations and License Plate Program Manager is the third vote.
 - ii. Team Panel Review:
 1. The Registration Clerk, Registrations Supervisor and Registrations and License Plate Program Manager meet to discuss and vote each having one vote.
 - iii. If any of the three persons listed above are not available, the application may be held until all three are available or one of the other Registration Clerks may be used. At all times at least one vote will be from the Registration Supervisor or the Registrations and License Plate Program Manager.
 - b. Walk in customers may apply in person for personalized plates and are required to complete the proper forms. If the Registration Clerk questions a choice the same process is followed and the customer is given the choice to wait or is informed that they will receive either the billing or reject letter in the mail. If customer waits and the choice is rejected a reject

Personalized Plates Rejection Process

- letter is generated at a later date and mailed. System does not allow for single reject letter printing.
- c. All three vote the same or the majority of the votes determine the outcome the Registration Clerk is instructed to complete the process.
 - i. All three vote or majority vote is “Not Offensive” – application is processed applicant is sent a billing letter.
 - ii. All three vote or majority vote is “Offensive” – application is processed via the offensive/reject process.
 - d. If there is a split on the vote and the lone vote feels strongly in his/her decision the Registration and License Plate Program Manager presents the questionable choice along with the vote split to the Operations Manager. The Operations Manager either votes on the side of the majority vote or sides with the lone vote.
 - i. If the Operations Manager votes on the side of the majority vote the Registration Clerk is instructed to complete the process based on that majority vote decision.
 - ii. If the Operations Manager sides with the lone vote a tie is considered questionable and the choice is added to the offensive list and rejected.
 - e. There are times that a questionable choice may need further information. The Registrations and License Plate Program Manager may use any of the tools below to help in the panels vote:
 - i. Use of internet search engines, online databases, online references.
 - ii. Use of foreign language speaking employees. If a foreign language speaking employee is used that employee is not given voting rights.
 - iii. Contact Correctional Industries staff to inquire of the inmate License Plate Factory staff to determine if a drug, gang or criminal activity term is being requested. Correctional Industries staff or inmate staff is not given voting rights.
 - f. No record of the votes are kept or retained.
7. Based on the outcome of #6 the Registration Clerk:
- a. If offensive enters “RUBME” into the offensive list and then has the system reject the choice. Then moves to the third choice “FASTCAR”.
 - i. By adding “RUBME” to the offensive list each application received after this will be rejected at the first data entry point by the system.
 - ii. “FASTCAR” is not system rejected or questionable so no panel review is conducted and a billing letter is generated to the applicant.
 - b. If not offensive enters “RUBME” having the system generate a billing letter to the customer. Third choice is not entered since the second choice is accepted.
8. Applications are filed based on accepted choice.
9. Should a personalized plate be issued and receives three written complaints the plate is recalled from the vehicle upon receipt of the third written complaint.

COLORADO DEPARTMENT OF REVENUE Motor Vehicle Title & Registration Section Procedures Manual		
TITLE: Offensive Personalized License plates		POLICY NUMBER: R-05-PL-03
ORIGINATOR/DRAFTER: Sharon Candelaria	REVIEWER: Lola Luna	APPROVER: Crystal Soderman
ORIGINAL EFFECTIVE DATE: 02-01-05	DATE LAST REVIEWED: 09-25-12	EFFECTIVE DATE THIS REVISION: 09-25-12

SCOPE: This procedure applies to offensive configurations for personalized license plates.

PURPOSE: The purpose of this procedure is to update the Offensive list on the Personalized license plate program.

BACKGROUND: Colorado Revised Statute 42-3-211(5) provides for flagging of offensive personalized plate configurations. "There shall be no duplication of registration numbers, and the department may refuse to issue any combination of letters or numbers, that carry connotations offensive to good taste and decency, are misleading or duplicate any other license plates provided for in this article."

DEFINITIONS:

POLICY: Requests for personalized license plates are checked for offensive configurations. If a clerk suspects that a configuration is offensive the application is brought to the supervisor who in turn will bring it to a three person committee to determine if the application will be rejected. If the configuration is deemed offensive the clerk will enter the configuration as offensive in the Special Plate File Maintenance file.

There are situations when a personalized plate has been issued but must be recalled.

The law states that any plate which is offensive to the general public cannot be issued, therefore, the written complaint regarding a particular configuration falls into this category. Letters of complaint are received by the Registration section from individuals who have seen a license plate with a configuration that offends them.

All written complaints regarding "offensive" plates are reviewed by a three (3) member panel. Only upon the unanimous decision of this panel will the plate be recalled for being offensive.

Determinations made by the Registration Section, regarding the status of the plate configuration will be final.

The appropriate county motor vehicle office will be notified of the recall so notations can be made on the plate holders record to prevent renewal of the recalled plate.

If a license plate is recalled, we will allow you to request another prestige combination. OCGA 375-2-3-.02

If the letters and numbers on a requested license plate combination are less than seven (7) for a private passenger vehicle or less than six (6) for a motorcycle, please be sure to leave the box(s) blank where you would like the spaces to appear on the license plate. Personalized Plate Screening Process

- Issuance staff reviews the application to ensure all required information has been provided.
- The plate text choice is reviewed and compared to the “meaning” ascribed to the text choice by the applicant. Up to five plate text choices may be submitted by an applicant.
- If the requested plate text appears to be in compliance with Departmental issuance rules, the plate order is made. The plate order causes an automated comparison to take place against a list of prohibited plate text. If there is no match, the plate order is completed. If there is a match, the first plate text choice is denied and the second or subsequent choice is reviewed.
- If the text choice appears to contain characters that are in violation of Departmental issuance rules but there is no match against the list of prohibited plate texts or it is not possible to confirm the meaning of the text ascribed to the plate by the owner, staff will check online resources such as Urban Dictionary to confirm the meaning or possible meanings of the plate text.
- If the online check confirms that the plate text is in violation of Departmental issuance rules, the 1st message choice is denied and the second or subsequent message choice, if submitted by the applicant, is considered. If the requested plate text appears to be in compliance with Departmental issuance rules, the plate order and automated check against the prohibited plate text list are completed.
- Plate text choices that may violate Departmental issuance rules are reviewed with a team leader, supervisor, or Office Director, as needed.

STATE OF MICHIGAN
RUTH JOHNSON, SECRETARY OF STATE
DEPARTMENT OF STATE
LANSING

November 29, 2012

FREEDOM OF INFORMATION ACT NOTICE

The Department of State Information Center received your Freedom of Information Act (FOIA) request on November 5, 2012 and responded with an extension of November 29, 2012. In your request, you are seeking:

1. A copy of the list of prohibited personalized license plates
2. A copy of the internal instructions to DMV employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages.
3. A copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists whose personalized license plated were reclaimed by the DMV following a complaints from a member of the public from January 1, 2010 to the present.

Denial as to a copy of the list of prohibited personalized license plates

Your request is denied. Pursuant to MCL §15.235(4)(b), I certify to the best of my knowledge, information, and belief, the Department does not currently possess a compilation, summary, or report of the information you have requested. This information is contained within the programming of the application used by our branch office staff computer system and also with the "Plate It Your Way" application located on the Department's webpage.

Partially granted/partially denied as to a copy of the internal instructions to DMV employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages.

Your request is partially granted/partially denied as to a copy of the internal instructions to DMV employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages. The Department does not have an "internal instruction" for department use only. Attached you will find records responsive to your request.

Denial as to a copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists whose personalized license plated were reclaimed by the DMV following a complaints from a member of the public from January 1, 2010 to the present

Pursuant to the Freedom of Information Act (FOIA), MCL § 15.231 *et seq* your request is DENIED because the exemption contained in MCL § 15.234, which authorizes the Department to charge a fee for a public record search, the necessary copying of a public record for inspection, or for providing a copy of a public record. Since our documents are not in an electronic format or indexed electronically, it is our estimation that the cost of a qualified employee to search for the documents, copy the documents, and mail the documents would be approximately \$480.00. If you are still requesting these documents, a partial payment of \$240.00 would be required up front. The remaining balance would be due after you receive the documents found.

Pursuant to Section 10 of the FOIA, you may do either of the following:

- 1) Appeal this decision in writing to the head of the Department. The writing must specifically state the word "appeal" and must identify the reasons you believe the denial should be reversed. The head of the Department must respond to your appeal within 10 days of its receipt. Under unusual circumstances, the time for response to your appeal may be extended by 10 business days.
- 2) File an action in circuit court to compel disclosure of the records. The action must be filed within 180 days after the date of the denial. If you prevail in such an action, the court is to award reasonable attorney fees, costs, and disbursements. Further, if the court finds the denial to be arbitrary and capricious, you may receive punitive damages in the amount of \$500.

Sincerely,

Daniel Romanek
FOIA Coordinator

Personalized Plate Overview

The personalized plate program was established by enactment of 1972 PA 314, effective January 2, 1973. The program allows Michigan citizens to select their own license plate configuration, subject to certain limitations. Personalized plates are available for a number of different types of plates. Personalized plates are not available for any other plate series than the ones listed below.

In the regular Standard and Spectacular Peninsula plate series there can be a maximum of 7 characters for passenger plates and 5 characters for motorcycle plates. A person with a handicap is given a red handicap sticker that is put on the lower left hand corner of the plate.

In the Special Cause and University plate series a personalized plate is available with a maximum of 6 characters unless it is a handicap plate. A handicap plate in this series has an embossed handicap symbol so a personalized plate would be limited to 5 characters. Motorcycle plates are not available for this plate series.

In the Veteran and Military Service plate series a personalized plate is available with a maximum of 6 characters unless it is a handicap plate. A handicap plate in this series has an embossed handicap symbol so a personalized plate would be limited to 5 characters. Personalized plates are not available for motorcycles in this series.

If a personalized plate expires, MDOS has a policy that the owner on record has 60 days beyond expiration before it's available to another individual. This is to allow for errors on our current system to be corrected. After 60 days, anyone else may process an application for an original personalized plate using the expired configuration.

All personalized plates are subject to the [Michigan Compiled Laws Michigan Vehicle Code Act 300 of 1949](#) and used below:

MCL Section 257.803b. (1) "The secretary of state may issue 1 personalized vehicle registration plate that shall be used on the passenger motor vehicle, pick-up truck, motorcycle, van, motor home, hearse, bus, trailer coach, or trailer for which the plate is issued instead of a standard plate. Personalized plates shall bear letters and numbers as the secretary of state prescribes. The secretary of state shall not issue a letter combination that might carry a connotation offensive to good taste and decency. The personalized plates shall be made of the same material as standard plates. Personalized plates shall not be a duplication of another registration plate."

Michigan Department of State Customer Services Administration

Based on the above, plus over the years, the department has interpreted the term “connotation offensive to good taste and decency” to include configurations in the following categories:

- Phrases or letter combinations commonly perceived as indecent (i.e., profanity, obscene language). As used here, “profanity” means irreverence towards sacred things, particularly an irreverent or blasphemous use of the name of God. “Obscene language” means something that is morally abhorrent; its predominant appeal is to a prurient interest, socially taboo, or otherwise grossly repugnant to generally accepted notions of what is appropriate, such as references to excretion.
- Configurations of a sexual nature, including those that denote sexual organs, functions, or acts.
- Words or phrases that portray a negative image of a given racial, religious, ethnic or socioeconomic group, including persons of a particular gender or sexual orientation.
- Configurations that are unacceptable with respect to society’s collective values. Such a configuration is “COPKILR”.
- Words or phrases dealing with illegal drugs or their usage.

When attempting to identify offensive words and phrases, the following principles should be kept in mind:

- Some configurations should be denied for their phonetic meaning even if they represent a legitimate person, place or thing such as PHUKET. While it is a place in Thailand, its phonetic meaning implies something else.
- Configurations may also be denied on a specialty plate (university and special cause plates) if the emblem or logo (such as the S for MSU or the M for U of M) combined with the choice, may imply a meaning not evident in the choice itself such as “HIT” on an MSU plate.
- The foreign language equivalent of expressions in the above mentioned offensive categories would also be rejected, as would coded phrases (such as those by court reporters) and reverse image phrases.

Plate configurations that may be rejected for other than offensive reasons. These fall into one of the following categories:

- Plates with configurations that may cause unintended problems for the department and/or applicant, such as plates, which duplicate plates, used by the

Michigan Department of State Customer Services Administration

department for administrative purposes, like "ONLINE", "SAMPLE", "SAMPL", "NONE", or "0".

- A duplication of another valid registration plate.

Personalized Plate Review Process

Initial review process at point of sale

The Department of State will review all personalized plate applications for appropriateness and to prevent the issuance of plates with offensive connotations. Customers must order personalized plates at a Secretary of State office. When a customer applies for an original personalized plate at the branch office, the IT program compares the proposed configuration with a prohibited plate configuration file as well as valid plate configurations. If the proposed configuration is found in the prohibited plate configuration file, the mainframe returns the message "unacceptable plate configuration" and the transaction is terminated. If the proposed configuration is already an existing valid plate configuration or is an unacceptable plate configuration the customer must select another choice or else not obtain a personalized plate.

Currently, the prohibited configuration file has approximately 8,800 entries. The file is based on Michigan's statutory standard of plates that carry a connotation offensive to good taste and decency. Numerous resources were employed to help identify objectionable phrases, including departmental staff, the Internet, foreign language interpreters, the foreign language department at Michigan State University, students, and representatives from various professions, such as the medical profession. The department also reviewed prohibited plate lists from 3 other states. The prohibited configuration file is updated on a regular basis as new configurations are denied or new offensive terms are brought to our attention.

Internet sites are useful to research possible objectionable phrases, however, one must keep in mind the Internet is not all inclusive and judgment must be used when utilizing such as not everything found on the Internet is factual. Some sites that may assist in research: <http://www.urbandictionary.com/>, <http://www.google.com/>, <http://www.lingo2word.com/>, <http://www.acronymfinder.com/>, <http://translate.reference.com/translate>, <http://dictionary.reference.com/>, <http://www.britannica.com/>, http://en.wikipedia.org/wiki/Main_Page, <http://www.google.com/>

Review process before plate manufacturing:

After a plate has been ordered through a Secretary of State office, the transaction is passed to the mainframe. A mainframe program builds a daily-personalized plate activity file that contains new personalized plate choices. The file is electronically sent to the Distributed Services Unit (DSU) mailbox and then is electronically (via e-mail forwarding rule) distributed to the personalized plate review group.

Michigan Department of State Customer Services Administration

The daily personalized plate file is reviewed by a team of departmental personnel for any possible configurations that might be offensive to the general public. If a plate configuration appears to be offensive, the personalized character choice is run (the day after the list is generated) on the mainframe to get full registration information. The registration information is reviewed to see if any of the following apply:

- Is the configuration related to the owner's name? That is why "HORNEY" and "HOOKER" have both been issued. Both plates are the owners' last names.
- Does the choice refer to the owner's address?
- Does the year the customer's car was manufactured explain the configuration? "69 GT" was issued because it is on a 1969 vehicle.
- Does the choice refer to the owner's date of birth or other milestone such as graduation?

If the registration test does not yield a meaning for the plate and the plate appears that it could be offensive, the choice is denied. Renewal by Mail (RBM) then sends the customer a denial letter explaining why their plate configuration was denied. We do give the customer the opportunity to provide an explanation and give full consideration to any reason the customer may give for the configuration choice. For denied choices, the customer can select another configuration or RBM will help them apply for a refund.

When the review process is complete, the daily print list is e-mailed to the plate manufacturing facility at the Adrian prison. Generally, plates take about one week for manufacturing. MSI then ships the manufactured plates to RBM.

Limited review process prior to plate mailing

Final checks for offensive plates occur as staff prepares plates for mailing. However, because this is a production job done quickly, a detailed review of all plates at this level is not practical.

Plate Ownership/Cancellation/Confiscation:

The following statutes are the basis for plate revocation practices such as plate cancellation, state ownership of plates and plate confiscation procedures:

MCL Sec. 257.258. (1) "The secretary of state may cancel, revoke, or suspend the registration of a vehicle, a certificate of title, registration certificate, or registration plate if any of the following apply: (a) The secretary of state determines that the registration, certificate of title, or plate was fraudulently or erroneously issued . . . "

MCL Sec. 257.803c. "Use of personalized automobile registration plates on a vehicle other than the vehicle for which the plates were issued is a misdemeanor.

**Michigan Department of State
Customer Services Administration**

The secretary of state shall confiscate the personalized plates of any person who is in violation of this section.”

MCL Sec. 257.259. (a) “All license plates, certificates of title, registration certificates or the license of any dealer or wrecker, shall be deemed to be the property of the state of Michigan and whenever the department as authorized hereunder cancels or suspends the registration of a vehicle or a certificate of title, or the license of any dealer or wrecker, the owner or person in possession of the same shall immediately return the evidence of registration, title, or license so cancelled or suspended to the department.”

MCL Sec. 257.210. “The department is hereby authorized to take possession of any certificate of title, registration certificate, permit, license or registration plate issued by it upon expiration, revocation, cancellation or suspension thereof, or which is fictitious, or which has been unlawfully or erroneously issued, and the department or any agent thereof is authorized to take possession and custody of any registration plate found attached to any motor vehicle for which it was not issued, or when any other unlawful use is being made thereof. Expiration, revocation, cancellation or suspension of a certificate of title does not, in itself, affect the validity of a security interest noted on it.”

Subject: Maine vanity plate information
Cc: "Arnold, Thomas"

This is in response to your October 27th letter requesting information on Maine BMV's vanity plate process. Specifically, you asked for our list of prohibited plates; a copy of internal instructions for vanity plates; and recent correspondence regarding rejected or recalled plates.

In Maine, a registrant may make a vanity plate request either in person at a BMV branch office, or online through our website. If the request is made in person, the BMV service representative will check the request on the computer system for availability. The request also is checked against the prohibited list. If the plate is unavailable or on the list, the registrant is advised that the plate is unavailable, and asked to select another. If the service rep is unsure as to the appropriateness of the request, they will call the BMV registration section's plate clerk for advice. The plate clerk uses her experience or checks with her supervisors to make a decision.

The plate clerk reviews online requests. The online system rejects unavailable plates. Once a request is approved, a plate order goes to the plate shop. The list is reviewed by the Bureau Director's secretary, and inappropriate plates may be stopped or pulled. The Bureau Director has the final say regarding the appropriateness of a vanity plate.

I have attached the list of prohibited plates. This list originally was obtained many years ago from several other states, and has been added to since. Maine would consider reviewing and reconsidering any particular entry, should someone make a request.

I also have attached a PowerPoint presentation used to train staff. Aside from the law, there is not a great deal of written instructions relative to vanity plates.

Also attached is some recent correspondence between the Bureau and various vanity plate requestors. We do not keep a record of all vanity plate communications.

If you have any questions, do not hesitate to contact me.

VANITY PLATES

**POLICIES &
PROCEDURES FOR
BRANCH OFFICE STAFF**

29-A MRSA Section 453-A

(effective 9/13/03)

3-A. Restrictions. The Secretary of State, in the Secretary of State's discretion, may refuse to issue a vanity plate that:

- A. Consists of or comprises language that is obscene, contemptuous, profane or prejudicial;
- B. Promotes abusive or unlawful activity;
- C. Falsely suggests an association with public institutions; or
- D. Is duplicative.

Vanity Plate Policy

Established by the Attorney General's Office-1991

1. The Secretary of State, in his or her discretion, may cancel, refuse to issue, or refuse to reissue a configuration of letters, numbers, or characters (including foreign words) that a reasonable person would believe is in whole or in part:
 - A. **Offensive;**
 - B. **Inappropriate;**
 - C. **Misleading; or**
 - D. **Duplicative**
2. A configuration is "offensive" if it has a connotation of:
 - A. **Obscenity;**
 - B. **Contempt;**
 - C. **Profanity; or**
 - D. **Prejudice**
3. A configuration is "inappropriate" if it promotes the abuse of alcohol or the use of illegal drugs.
4. A configuration is "misleading" if it falsely suggests the public official use of a motor vehicle.

The subjective intent of the applicant is not dispositive of the Secretary's determination.

VAN TEST

MANDATORY!!!

- **Determine availability**
- **Determine if acceptable**
- **Determine number of characters allowed for class code**
- **Determine spacing allowed**
- **Duplication (especially for Lobster and Black Bear specialty plates)**
- **Cousins**
- **Miscellaneous warnings**

VAN TEST MY-PL8 (PC) <F1>

Van Test will not only allow the user to determine if the sequence is available for issuance, it will also assist in determining whether or not the plate is an acceptable configuration. An unacceptable configuration may be because the plate sequence has been deemed inappropriate or simply because the vanity configuration is not a valid “vanity” sequence.

Please be sure your staff is trained to test a sequence with the requested spaces, dashes and/or ampersands (&) requested by the customer. By doing so, the user will receive an error message if the length of the sequence is too great for that particular class of vanity plate.

Inappropriate Vanity Plate

When testing a vanity plate, the user may receive a message stating:

VAN TEST H8-BMV (PC)

THE CLASS CODE IS VALID FOR (CLASS CODE) AND VANITY PLATES ARE ALLOWED.

THE PLATE IS NOT AVAILABLE.

1 ERROR WAS FOUND, THE VANITY PLATE IS UNACCEPTABLE.

*****THE FIND PHASE IS CANCELLED*****

***“Your vanity plate is inappropriate.
You should be ashamed....”***

When a customer’s plate is considered inappropriate, please use caution when telling them it’s not available for issuance.

We suggest that you simply state:

“That plate sequence is unavailable. Do you have another choice you would like to try?”

Space (+), Dash (-), Ampersand (&)

When using **VAN TEST**, it is important to test the sequence with the space, dash and/or ampersand requested by the customer.

By doing so, the computer will alert the user if the length exceeds the maximum amount of characters allowed for that class code.

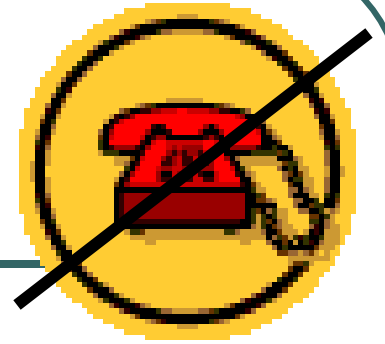

Authorization of Vanity Plate

**Do I need to
call the Main
Office for
approval or
can I approve
the vanity
plate myself?**

You do not need to call if:

The vanity plate sequence falls into one of the following categories:

- **Common Names**
- **If the same sequence is already taken in another class code (exception Lobster & Black Bear specialty plates)**
- **Person's or people's initials (verified)**
- **Make and/or year of car**
- **Fictional characters, i.e. SPNGBOB, MEDUSA, LIONKNG**

For All Other Sequences, You Must Call the Main Office for Approval

My customer would like the vanity plate LOVPL8S (PC). VAN TEST shows that it's available. Can I please have approval for this plate?

It's that time of year again!

Vanity plates for Christmas EFFECTIVE 11/02/2007 – 12/05/2007

- ☆ Confirm availability and acceptability following the established VAN TEST and approval process
- ☆ **RESERVE** the plate – **VAN RESERVE GIFT4U (PC) <F1>**
- ☆ Validate the application and write in the upper left hand corner that it is a **“Christmas Gift”**
- ☆ If the plate is to be sent to the gift-giver, please use that address on the application
- ☆ Attach a copy of the registration to the application
- ☆ Do not update the registration
- ☆ Send to the attention of the Initial Plate Clerk

CHRISTMAS ORDER

General info: The plates will be sent out a week before Christmas to either the recipient or the gift-giver. If the registration expires any time but December, January, February or March the initial plate will be entered on the registration a few days before Christmas. If the registration is due during one of the above months a letter of authorization will be issued with the plates directing the recipient to go to a Motor Vehicle Branch Office or the Town Office to have them placed on their registration at the times of re-registration. The letter of authorization is validated with the \$15.00 initial plate fee. It will also say that the initial plate will be up for re-issuance if not used within 6 months.

Miscellaneous Comments

- **Validation of Form:** Be sure to validate the form in a spot not to interfere with writing. Also, do not validate on the tear-off portion of the application. The tear-off is removed and discarded prior to filing the application.
- **Staples or Paperclips????** We prefer that you hook the application and registration together using a paperclip. It is very time consuming and cumbersome to have to remove staples from over 300 applications each week.
- **Always update the registration!!!** Vanity plates are the one exception to the “if it’s not on the system, you have to hand-type the registration and/or not update it until the prior registration hits the system.....” If the registration is not updated, we cannot order the plate.
- **“When will I receive my metal plates?”:** Please advise customer that they will receive their plates in **3-5 weeks**. Always issue the temporary plate for a **60** day period.

RE: Public records request

In response to your request for public records received on November 2, 2012:

1. The Nebraska Department of Motor Vehicles (DMV) does not maintain a list of prohibited plates or use a guide except for the language in the statute dealing with personalized messaged plates. A copy of the message plate statute is enclosed with this letter for your review.
2. The DMV does not have internal instructions for review of message plates other than the statutory language which has been provided to you.
3. Per Nebraska statute, DMV records relating to individuals are not public records. Such records are subject to the Uniform Motor Vehicle Records Disclosure Act. (UMVRDA) Neb.Rev.Stat. 60-2901, et. seq. and TITLE 250, NEBRASKA ADMINISTRATIVE CODE, CHAPTER 2, RULES AND REGULATIONS GOVERNING REQUESTS FOR AND RELEASE OF PERSONAL INFORMATION CONTAINED IN MOTOR VEHICLE RECORDS PURSUANT TO THE UNIFORM MOTOR VEHICLE RECORDS DISCLOSURE ACT, NEB. REV. STAT. §§ 60-2901-THROUGH 60-2912. Personal information and sensitive personal information in DMV records is protected and may not be disclosed except for limited purposes provided in statute. Names of individuals, license plate numbers (including messages), and addresses are among the types of information protected by UMVRDA and are not considered public records. As such DMV is not able to release names and addresses of applicants whose plates were denied or recalled, nor can we release their particular plate or request for a plate.

Nothing in your requests falls within any of the statutory exceptions which would allow DMV to disclose of such personal information to you. In contrast, court records are public information in Nebraska but Nebraska has not had any license plate cases go to court within the time frame mentioned in your letter. For that matter, to the best of my knowledge, no Nebraska license plate case has gone to court for at least twenty years.

Sincerely,

Noelle Ackermann Sherdon
Legal Counsel

The Commission has no alternative but to **immediately** recall the license plate "BIOCH". Please feel free to choose a replacement combination, and if it is available, we will immediately arrange for it to be manufactured and issued without fee to rectify this error.

Please use the enclosed application and envelope when submitting your choices to the Commission.

Dear Ms. [REDACTED]:

This is in response to your letter dated April 23, 2010, addressed to the Motor Vehicle Commission regarding the denial of your personalized plate application.

After reviewing all documentation regarding your case, I can sympathize with your frustration of being denied a personalized plate of your choice especially considering your clean driving history. The Motor Vehicle Commission is by no means discriminating against you personally. As a government agency, it is our responsibility to adhere to the rules and regulations of the New Jersey Administrative Code, N.J.A.C. 13:20-34.3 which clearly states that a request for a personalized plate with ***“any combination of alphabetic characters or numbers, or both, that may carry connotations offensive to good taste and decency”*** will not be issued. Meaning that you may not perceive this plate choice to be offensive yourself, but other New Jersey motorists may.

As previously advised by the Special Plate unit, please choose another personalized plate choice and submit your application and check in the enclosed envelope.

Thank you for your cooperation in this matter.

Sincerely,

Michael W. Cox, Director

Dear Mr. [REDACTED]

This is in response to your email dated April 15, 2010, addressed to the Office of the Governor regarding the denial of your application for personalized plate "T3CH".

After reviewing your application, the Motor Vehicle Commission has determined that you are not eligible for the personalized plate requested. Pursuant to statute, N.J.S.A. 39:3-27.29, registration plates imprinted with three letters and a numeral are reserved for "any person who is a member of the board of chosen freeholders in, or surrogate, county clerk, county register of deeds and mortgages, elected county executive, sheriff, or any other officer of any county." Unfortunately, you are not eligible for the requested plate because you are not a member of one of the categories listed in N.J.S.A. 39:3:27.29. Accordingly, please make another personalized plate selection on the website or continue to maintain your standard plate. Please be assured that the Commission is by no means discriminating against you personally. As a government agency, it is the Commission's responsibility to adhere to the laws of the State of New Jersey.

Thank you for your cooperation in this matter.

Sincerely,

Michael W. Cox, Director
North Agency Operations

Mr. Richard M. [REDACTED]

Dear Mr. [REDACTED]

This office has received your response to the notices sent to you advising your license plates #33MTE3 are offensive and must be surrendered.

While we understand your reluctance to change your plate, you must understand the current combination has been found to be offensive and must be canceled. Whether a member of the public notified the Commission of the offensive plate or the issue was discovered through an internal audit is not relevant. As previously stated, the Motor Vehicle Commission (MVC) has no alternative but to recall the plate.

Since you have not submitted an application for replacement plates and we are required by law to remove offensive plates, your plates #33MTE3 have been canceled and can no longer be displayed on your vehicle. Enclosed, please find New Jersey license plates ? and a registration. You must affix these plates to your vehicle immediately. Failure to do so may result in a summons and the impoundment of your vehicle should you be stopped by law enforcement.

Please surrender plate #33MTE3 to this office within 30 days. After that time, your registration privilege will be suspended indefinitely until the plates are returned to the Motor Vehicle Commission and you pay a \$100 restoration fee.

I am again enclosing an application for personalized plates for your use. Please submit the application in the enclosed envelope. If your choice is available, we will process the request and have your new plates issued at no fee.

Sincerely,

Re: Request to Inspect Public Records
IPRA CASE NUMBER: 12-278

Your correspondence dated October 27, 2012 requested the Taxation and Revenue Department ("TRD") provide you records as follows: "1. a copy of the list of prohibited personalized license plates, i.e. the listing that is used as a guideline to the DMV employee who screens personalized license plate applications for offensive or objectionable words or phrases or messages."

Response: Copy of responsive records enclosed. (list of words and license plates that may be considered offensive with list of acronyms). "2) a copy of the internal instructions to DMV employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages;" **Response:** No responsive records located. "3) a copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists whose personalized license plates were reclaimed by the DMV following a complaint from a member of the public." **Response:** Copy of responsive record enclosed.

Our search for the requested records is now complete. Thank you for affording us this opportunity to be of assistance to you.

Sincerely,

A handwritten signature in blue ink that reads "P. A. Silva".

Re: October 27, 2012 Public Records Request

This letter is in response to your October 27, 2012 public records request. The request was directed to the Ohio Bureau of Motor Vehicles, and has been forwarded to me for a response. You have asked for the following:

- 1) A copy of the list of prohibited personalized license plates i.e. the listing that is used as a guideline to the DMV (BMV) employee who screens personalized license plate applications for offensive or objectionable words or phrases or messages.
- 2) A copy of the internal instructions to DMV (BMV) employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages.
- 3) A copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists whose personalized license plates were reclaimed by the DMV (BMV) following a complaint from a member of the public (January 1, 2010 to the present.)

Please be advised that Ohio does not have an applicable state freedom of information law. However, your request is being processed in accordance with Ohio's Public Records Act, R.C. 149.43.

Because responsive records may contain information which is exempt from disclosure under the public records laws, the records must be reviewed by the Department's legal staff prior to being made available for inspection and copying. At this time, I do not know how long it will take to gather and review responsive documents; we will do so expeditiously, and notify you when the records are available.

In the meantime, if you have any questions or concerns regarding this matter, please do not hesitate to contact me at (614) 466-7014, or via e-mail at rmathews@dps.state.oh.us.

Sincerely,

Robin R. Mathews
Associate Legal Counsel

SETTLEMENT AGREEMENT

This Settlement Agreement ("Agreement") is entered into by and between Anthony Zucco ("Zucco") (Zucco sometimes referred to herein as "Plaintiff") and Franklin E. Caltrider, Registrar of the Ohio Bureau of Motor Vehicles ("Caltrider") and Kenneth Morckel, Director of the Ohio Department of Public Safety ("Morckel") (Caltrider and Morckel sometimes referred to collectively herein as "Defendants"). Zucco, Caltrider and Morckel, their predecessors, successors, assigns, personal representatives and agents, are sometimes referred to collectively herein as "parties."

WHEREAS, Zucco is an Ohio citizen who requested the personalized license plate "RDRGE" from the Ohio Bureau of Motor Vehicles ("BMV");

WHEREAS, Caltrider is the Registrar of the BMV, and Morckel is the Director of the Ohio Department of Public Safety. The BMV is an agency of the State of Ohio that has certain responsibilities relating to the licensing and registration of motor vehicles in the State of Ohio, and the BMV is housed in the Ohio Department of Public Safety. The BMV rejected Zucco's request for the personalized license plate "RDRGE;"

WHEREAS, Plaintiff filed a lawsuit against Defendants in the United States District Court for the Southern District of Ohio (Case No. C2-01-1270) styled *Zucco v. Caltrider, et al.* (the "Lawsuit") seeking declaratory and injunctive relief relating to the BMV's personalized license plate program and Plaintiff's request for the personalized license plate "RDRGE." In addition, Plaintiffs sought an award of costs and attorney fees;

WHEREAS, Defendants answered the Lawsuit and denied the allegations made by Plaintiff;

WHEREAS, the parties desire to avoid the expense and uncertainty of litigation and to resolve all controversies, claims, and disputes between them;

WHEREAS, This Settlement Agreement is made as a compromise between the parties for the complete and final settlement of all of their claims, differences, and causes of action which were brought, or could have been brought, in the Lawsuit;

WHEREAS, It is understood by the parties to this Settlement Agreement that the facts upon which this Settlement Agreement is made may hereafter prove to be other than or different from the facts now known or believed by either of them to be true. Each of the parties expressly accepts and assumes the risk of the facts proving to be so different, and each of the parties to this Settlement Agreement agree that the terms of this Settlement Agreement shall be effective and not subject to termination by reason of any such difference in facts;

WHEREAS, The parties agree that the terms of this Settlement Agreement bind the parties hereto, their assigns and successors in interest;

WHEREAS, The parties understand that this Settlement Agreement and the Release of All Claims is a compromise of disputed claims. This Settlement Agreement is not to be construed as an admission of liability on the part of Defendants;

WHEREAS, This Settlement Agreement constitutes the entire agreement between the parties with regard to the matters set forth herein. There are no other understandings or agreements, verbal or otherwise, in relation thereto, between the parties except as expressly set forth herein;

NOW, THEREFORE, In consideration of a good and valuable consideration, including the mutual obligations and promises stipulated herein, the receipt and sufficiency of which are hereby acknowledged by each of the parties, the parties do hereby contract and agree as follows:

1. Defendants agree to assign the personalized license plate "RDRGE" to Plaintiff. Plaintiff shall be required to pay any and all current and future statutory and/or administrative fees associated with acquiring and retaining that personalized plate.
2. Defendants agree to adopt and implement the Special License Plate Screening Guidelines ("Guidelines") attached hereto and incorporated herein as Exhibit "A." Defendants, and any future employees of the BMV and the Ohio Department of Public Safety, retain the right to modify the Guidelines as they may deem appropriate.
3. Plaintiff agrees that all claims, demands, rights, causes of action, liabilities, costs, loss of services, expenses, and any and all other damages on account of, or in any way arising out of the actions or inactions of Defendants, their officers, employees, servants, or agents, during or arising out of Defendants' administration of the personalized license plate program and/or the claims raised in the Lawsuit, be released, settled, satisfied, discharged and compensated.
4. Within thirty (30) days of the execution of this Settlement Agreement, and in accordance with documentation provided by Plaintiff's counsel, Defendants shall pay Plaintiff's counsel the sum of Four Thousand Dollars (\$4,000.00) for attorney fees associated with the Lawsuit.
5. Nothing contained in this Settlement Agreement shall require or be construed to require either party to pay or reimburse the other party for any cost or expense, including, but not limited to, attorney's fees, except as expressly provided herein.
6. The parties agree that this Settlement Agreement may be altered, amended or changed at a later time only in writing and upon mutual consent of the parties to this Settlement Agreement.
7. Within seven (7) days of execution of this Settlement Agreement, Plaintiff will file a dismissal with prejudice of the Lawsuit.

8. Plaintiff agrees to execute and be bound by the attached Release of All Claims. The Release of All Claims shall be executed contemporaneously with this Settlement Agreement.
9. This Settlement Agreement shall be governed by the laws of the State of Ohio.
10. The undersigned have read this Settlement Agreement, have had the opportunity to consult with legal counsel, have executed this Settlement Agreement voluntarily, and understand all its terms. If the undersigned is signing on behalf of a principal, they have the authority to sign settlement documents on its behalf.

IN WITNESS WHEREOF, the parties hereto set their hands and execute this Settlement Agreement on the dates set forth below.

Special License Plate Screening Guidelines: Process

In reviewing requests for special license plates, the Bureau of Motor Vehicles ("BMV") will apply the substantive criteria provided below and will employ the following procedure:

1. The Special Plate Screening Committee ("Committee") shall meet to review and vote upon proposed special license plates. If the Committee votes to allow the special license plate, the special license plate shall be issued to the applicant.
2. If the Committee votes to disallow the proposed special license plate, the applicant shall be notified in writing within thirty (30) days of the Committee's receipt of the request for the proposed special license plate. The Committee's denial letter shall inform applicants of their right to appeal the denial in writing to the Registrar of the BMV. In order to trigger the Registrar's review, the applicant's appeal letter must be received within thirty (30) days from the date the Committee's denial letter is mailed. The Registrar shall issue his or her decision within (30) days of receipt of the applicant's appeal letter. If the Registrar decides to overturn the decision of the Committee, the special license plate shall be issued to the applicant. If the Registrar decides to uphold the decision of the Committee, the applicant shall be notified in writing of the reasons for the Registrar's decision. The decision of the Registrar shall be final and is not subject to appeal.
3. Nothing in these guidelines precludes the filing of a lawsuit by an applicant if the applicant wishes to challenge the decision of the Registrar.

Special License Plate Screening Guidelines: Substantive Criteria

In reviewing requests for special license plates, the BMV shall reject any request that:

1. Contains words, combinations and/or phrases (in any language and when read either frontward or backward) that are profane (that is, swearwords or expletives), obscene, sexually explicit, or scatological; or
2. Contains words, combinations and/or phrases (in any language and when read either frontward or backward) that are so offensive that they could reasonably be expected to provoke a violent response from viewers without additional comment; or
3. Contains words, combinations and/or phrases (in any language and when read either frontward or backward) that advocate immediate lawlessness or advocate lawless activities.

In reviewing requests for special license plates, the BMV shall reject any request that contains words, combinations and/or phrases (in any language or when read either frontward or backward) that:

1. Are Profane (that is swearwords or expletives),
2. Obscene,
3. Sexually explicit, or
4. Scatological (having to do with fecal excrement);

5. Are so offensive that they could reasonably be expected to provoke a violent response from viewers without additional comment; or

6. Advocate immediate lawlessness, or
7. Advocate lawless activities.

How to determine if a plate is inappropriate

(After Quan Boyd (Chief) discussed during a meeting with Duke Hobson (Administrator) on 2/12/12)

3. Words that advocate immediate lawlessness or advocate lawless activities

Voting

1. Inappropriate – entire committee must agree the plate is inappropriate **and** which rule applies.
 - a. When a decision of denial is made by the committee, Quan Boyd and Duke Hobson, with the Asst. Chief cc, will affirm or deny the decision.
 - b. If all agree, a mass e-mail is sent, to Special Plates, VIS Management, OVS Management, OPI, DTS Help Desk, Field Operations Admin, OPLATES, and the Registrar's Office (Invalid/Inappropriate E-mail)

Note: If neither is available to confirm or deny, e-mail will automatically be sent.

2. Questionable – at least one person on the committee does not agree a plate is inappropriate.
 - a. An e-mail is sent to Quan Boyd for her to rule on the plate.
 - b. Once a decision is made by Quan Boyd, mass e-mail (Invalid/Inappropriate) is sent.
 - i. If Quan Boyd considers the plate “questionable” then she will send to Duke Hobson for a decision. (This action will continue up the chain of command until a decision is made)

Appeals

1. Once a plate is denied, all customers have the option to appeal their selection in writing. This is usually done in one of three ways:
 - a. Customer e-mails an appeal
 - b. Customer faxes an appeal to 614-752-7220

- c. Customer mails their appeal to the Vehicle Information Services Section, P.O. Box 16521, Columbus, Ohio 43216
2. All appeals are reviewed by Quan Boyd and Duke Hobson. (This action will continue up the chain of command until a decision is made)

Recalls

1. The BMV reserves the right to recall a registration if one of the above inappropriate rules applies. Recalls usually happen when:
 - a. An Ohio resident emails, writes, or calls with a complaint about a plate
 - b. A customer orders a replacement for their current plate and the request appears on the Daily Requisition report.
2. The same review process is completed before a recall is initiated. All recalls are reviewed by Quan Boyd and/or Brandi Crowley, Asst. Chief and Duke Hobson. (This action will continue up the chain of command until a decision is made)

Subject: Plate request

Thank you for your concerns regarding my personalized plate request of "PC3 EFD". I hadn't considered how "EFD" could be viewed as a vulgar term. Please allow me to explain the reasoning behind this request. I am employed by the City of Euclid. There I serve as a Platoon Chief for the Euclid Fire Department (EFD). My badge number is PC3. This is the rationale for "PC3 EFD" on an Ohio license plate. I'm respectfully requesting your consideration for allowing this license plate. If you require any additional information, please let me know.

Sincerely,

Will Anderson

Subject: Vehicle Registration/NIPS

Mrs. Kee Mosley, I've read and understand your e-mail concerning my request for the plate reading NIPS. This is a nick name that I have cared most of my life, given to me by my oldest brother. I had this bike registered under this plate for almost 11 yrs till I moved to Pa. I have since moved back to Oh. and would like to re register this plate as it was for many yrs NIPS. Upon looking and investigating the word, I see no harm or inappropriate meaning to the letters N I P S . Using this word in a sentence, He nips the corner of the house with his tractor. Most of my friends and family members well know me as Nip. This plate (nips) identifies me to those who know me when i'm riding down the road. The letters are not in anyway meant to be provocatively or expletives .I believe anyone putting or seeing this in any other content has to much time on their hand. Again Nip is a nick name that I've carried for most of my life (52 yrs), everyone that knows who, any who asks what that word means is told the Truth, It is my nick name, given to me by my oldest brother. 3 motorcycles and they all cared the name nip, nips & nips2 for many .yrs Its to bad life is coming down to people reading to much into words and other things that are harmless. That's all I have to say, I'm standing with my registration for my motorcycle NIPS for now

Thank You

Subject: Plate Renewal

I just received a phone call stating that our request for Ohio License plate MERSH has been rejected because the plate is inappropriate. I believe we have had this tag for about ten years. We decided to request a new tag because of the age of the present bicentennial plate that is on the car. My wife's maiden name is Mershimer and her nick name, since the 1950's, is MERSH. She is 62 years old and a life long resident of the State of Ohio. She has a Master's Degree in Education from Youngstown State and has worked with educators statewide for nearly forty years. I am 67 and retired from the Columbus Division of Police. The way we are using our language today there are very few terms or names that can't be viewed as inappropriate. We have a state issued tag on another vehicle that begins with FKT. I can't tell you how many comments we have received on that tag. I guess it is all in the eye of the beholder. I would request that we be allowed to keep the tag that means a lot to my wife and that we have had for so many years. I would also advise that the present tag expires in August.

Thank you for your consideration

Re: **Ohio License Plate “SSA” – Jack Schmidt Lease, Inc.**

Dear Ms. Riggins:

I represent Jack Schmidt Lease, Inc., and I am writing with regard to a communication received by my client from the BMV pertaining to the use of the above noted special license plate. The BMV notified my client that the Ohio license plate “SSA” may be characterized as distasteful or offensive. I certainly understand, and agree with, the BMV’s need to restrict the use of special plates that broadcast inappropriate content to the public. However, in this particular case, I am hopeful that additional background information will help alleviate concerns about the continued use of this particular license plate.

Jack Schmidt, Inc. was an Ohio entity established in 1955. The company operated a franchised Oldsmobile dealership in Columbus for many decades, doing business as Jack Schmidt Oldsmobile and operating at 447 East Main Street in downtown Columbus until the Oldsmobile brand was rendered extinct by General Motors in the 1990s. In 1982, Jack Schmidt Oldsmobile, as part of its dealership business, established a vehicle leasing company named Jack Schmidt Lease, Inc. Jack Schmidt, Inc. and Jack Schmidt Lease, Inc. were owned by husband and wife Jack Schmidt and Sarah J. Schmidt, both lifelong Columbus residents.

To the best memory of my client and Ms. Schmidt, Ms. Schmidt first began using the license plate “SSA” in approximately 1962. At the time, “SSA” was an abbreviation for “Sarah Schmidt Auto”, which was a dba of the dealership in the 1950s and 1960s. Ms. Schmidt has continuously used the “SSA” license plate for approximately 50 years, has been the only person to utilize this plate and the license plate has tremendous sentimental value to Ms. Schmidt.

The license plate was originally registered to Jack Schmidt, Inc. The license plate was eventually registered to Jack Schmidt Lease, Inc. On behalf of my client, I am respectfully requesting that the BMV reconsider the allowance for the use of the license plate.

Please do not hesitate to contact me at your earliest convenience if you need additional information or if you have any questions. Thank you for your consideration.

With regards,

David A. Brown

Ref: Plate NEUTR EM

Dear Special Plates Committee,

I am writing in the hopes you will reconsider your previous decision as to my special plate NEUTR EM.

I was contacted that my plate would be approved if on a Pet Friendly license plate – I would love to do that but unfortunately it is too many letters. I tried several other options: NEUTR M, SPAY NTR, NEUTER, FIX EM, SPAY EM – but these are all already taken.

As you can see from the photo above, my license holder does show that my license plate is in reference to pets. I realize in the big picture, my personalized license plate isn't as important as people losing their jobs, or going hungry – trust me – I get that. I try to make a difference everyday and I feel that my NEUTR EM license plate even in a small way helps do that. I definitely appreciate that there is a screening process so that not just anything can be put on a personalized plate, but am so confused as to why NEUTR EM can't be used when thousands of dogs and cats have to be euthanized yearly in the state of Ohio. I have requested the new plates RES Q PET but each time I think of that plate I realize that if more people would "NEUTR EM" there would be less pets to rescue.

As you can tell, spaying and neutering is my passion. I do so hope you will consider allowing my NEUTR EM Plate to be reissued to me.

If I can answer any question, I can be reached at 937-613-6060. Again, thank you for your time and consideration in this matter.

Making a difference,

Well since the state already charged my credit card (made sure to get that first) lets see if the kids across the hall that make all the rules approve LARGCAR. Large: bigger than others. Car: any vehicle on wheels. Hopefully the big wigs dont find this to be vulgar. If they dream that up then give me a refund because I will just get a regular plate. To the Registrar of Motor Vehicles and the Special Plates Committee,

This is a letter of appeal for a decision made by the Special Plates Committee for a motorcycle special plate. I would like to have this decision reconsidered. I have been denied a special plate with the letters 'KZMAZ' and I would like to know why the Bureau of Motor Vehicles and the Special Plates Committee have made this decision and I would like to have the decision reconsidered and overturned. I am not using my special plate request as a forum or an avenue to promote any messages or any causes which may be distasteful or otherwise offensive. I do not understand how someone's given family name can be viewed as having the 'potential perception of inappropriateness'.

My plate request was two-fold: an abbreviated version of the name of a leather goods shop in Western Australia and an homage to a girl that I know from a popular website called Facebook. Included with this letter is part of her page from Facebook and the information for the leather shop. She has relatives with the same family name and they do not find their family name to have the 'potential perception of inappropriateness' in any way. To say that their family name has the 'potential perception of inappropriateness', I find to be ridiculous and offensive in itself. I can not understand why the Bureau of Motor Vehicles and the Special Plates Committee would not allow me to promote the leather shop using an abbreviation of their name. Also, I do not understand why you would not grant the family's name. So I have to ask, how is it that the Bureau of Motor Vehicles and the Special Plates Committee finds these things with a 'potential perception of inappropriateness' in any way? Is it that the family's name is of a different race or descent or is the culture in question? I surely would hope that this is not the case, in this day and age. I believe that that would be a form of discrimination. I may be wrong. Is it a problem with abbreviated names of leather shops in Western Australia? I really do not understand and I am bothered by this special plate request denial.

I have also included the original letter sent to me about the denial. Therefore, I respectfully believe that the decision of the Bureau of Motor Vehicles Special Plates Committee and its decision of the 'potential perception of inappropriateness' should be reconsidered and overturned and that my request for the special plate with the family name 'KZMAZ' be granted. Thank you for your time and for the reconsideration.

Plate Request 84HO

I received a letter of inappropriate request notice of denial form in the mail and could not figure out the reason for the denial. After having many friends and family look at why I would receive this we still are not sure why. The car these plates are going on is a 1984 Hurst/Olds. The H is for Hurst and the O for olds. There were 3500 of these cars built in 1984 and that is why I have requested the 84HO plates. You can use a search engine to see the car in question if needed. My intentions are pure and if there is something I am missing I do apologize. Please let me know if the denial will stay in affect so I can try a different avenue for plates.

RE: Plate Requested EFF BOMB

I previously requested the above mentioned special plate for a vehicle I recently purchased. A search was conducted by a representative at the Ohio BMV office located in Milford, Ohio. I was told the plate was available.

The request was reviewed by the manager at that location. I was asked the meaning of the tag. I explained EFF refers to the car, which is a Ferrari. BOMB refers to the car being a brilliant red color. At that time the request was approved and a temporary EFF BOMB tag was issued and is currently presented on the vehicle.

As a result, I respectfully ask the Special Plates Committee to reconsider its position rejecting the request and uphold the decision of the manager who previously approved the plate. I believe concerns of "potential perception of inappropriateness" are unfounded when the plate is installed on this particular vehicle - a red Ferrari.

Thank you for your consideration.

Klemigan & D. Hobson - appeal denied.

ATTN: Devon Riggins, Pamela Jackson, Brenda Berger

8/26/11

To Whom It May Concern,

*plt to be sent back.

This letter is in regards to the correspondence I received from the Ohio Department of Public Safety regarding the specialty plates I have been using on my vehicle for the past 10 months. I respectfully disagree with both the assumption/conclusion and the action directed by ODPS in the letter and would like to begin an appeals process to come to a more reasonable agreement. Please accept this letter as a formal request for an appeal against the recall request by the Ohio Department of Public Safety regarding the license plate "ZMBEKLK". I assume henceforth the meaning of this license plate is translated correctly by the average person as "Zombie Killer". Thank you for continuing to read the following:

These plates were ordered last year on oplates.com and the online order went through without incident. Please bear in mind that I've had these license plates on a vehicle in front of the public for almost a year and never has this been an issue until now. Friends, family, and even complete strangers give kudos and thumbs up for such a creative license plate. To this day, with the exception of your letter, I have yet to interact or observe anyone who has disapproved of the license plates or their meaning, whether directly or indirectly.

By the ODPS's own admission in the letter I received, while common sense and social norms filter out the blatant obscene and improper; the viewpoint of the "average person" is used in cases such as these where a meaning does not so clearly fall into those categories. Yet having these plates in operation for almost a year with no complaints, except for the one you recently received, would prove that the average person does not have a problem with them or these alleged complaints would have started much earlier and be more numerous. It should be noted that the objector in this case, license plate EZT-1100, Black Dodge Ram, has been witnessed harassing other motorists along the Sunbury road stretch between 161 and Countyline Road for the last 12 months, both with aggressive driving and outright yelling/profanity. While that may seem irrelevant, bear in mind that I would hope you and I (average people) would see that this person is by no means average. If they are, I shudder to think the kind of society we have found ourselves living in. Even still, I don't understand how a single complaint or even a handful of complaints can be defined as what an "average person" would think when any one vehicle is regularly seen by hundreds if not thousands of average people every day.

With regards to the actual content of the license plate, from a satirical view, these plates are in jest and a reference to current pop culture. Zombies are currently fictitious by nature although the CDC has recognized the possibility of a zombie-like outbreak (admittedly not anywhere near as extreme, accurate, or gruesome to the depiction of zombies in print media and film) to which they have listed guidelines on their website. As a result, I ask that common sense prevail in this instance and agree that such license plates are not actually offensive to the average person.

In closing, I would like to humbly submit this alternative resolution to the ODPS. 1.) That I be allowed to finish the term for which I paid for these plates (October 25th) and 2.) That I not be asked to surrender said plates to the Ohio Department of Public Safety now or at any time in the future. In return, at the end of said term, I will voluntarily choose new vanity plates and not renew the current plates in question. Thank you so much for your time reading this letter and for the wise judgment I hope you would apply to this process.

Sincerely,

Brady Berlin

Special Plates Committee:

I do wish to appeal the decision to your Special Plates Committee. I wish to make the following statement.

I have no idea what you are talking about when you say you don't want to provide motorist with a forum or an avenue for promoting a message or cause which may be distasteful or offensive.

My wife just passed away after 42 years of marriage.

We had a dog named Stud and 69 was a unit I was in the Military. It was the 69th Field Artillery.

I am 64 years old. I have no idea what you mean when you say I am trying to promote a message that is distasteful.

I spent 20 years in the Military defending our rights for this country. More and more our rights are being taken away from us.

We are starting to become a Communist Country and I am starting to regret defending this country for 20 years.

I go to Mass every Sunday and I am not on the far right. I believe in the Peoples Rights.

We have too many people on these so called Committees that is far right and religious that want to take our rights away from us and want us to live like they do.

Maybe there should be a committee that tells us what to name our dogs.

Maybe the Military should start using certain numbers for their units.

Yes, I am a Vietnam Veteran and 100% disabled through the VA (Veterans Affairs) because of Vietnam Service.

There is probably no since in appealing your decision because we know the appeal will be denied by the same Committee that denied me in the 1st place.

I worked for the Veterans Service Commission for 21 years at the Veterans Memorial.

We had a Committee that I worked for and Judge Bessey of the Common Pleas Court made them stop judging appeals because they denied the case in the 1st place. How can it be fair when you judge the case and turn around and judge the appeal?

Bureau of Motor Vehicles – Registration Special Plates

I am writing this request to appeal the recent denial of my Special license plate request. I requested the plate "SHROOMS". Please let me explain my request: I have been selling mushrooms for 32 plus years and own a mushroom farm which buys and sells mushrooms throughout the Midwestern part of the country. My wife and I tried every scenario for "Mushrooms" or "The Mushroom Guy" (which is my email address) online to check for availability. However, with the limitation for only 7 letters allowed it limited my choices. I understand your position not wanting any inappropriate plates issued and I could not agree more but I can assure you, this request is completely and totally legitimate. I have enclosed a brief history of my company along with a brochure we use for new or potential customers and a business card.

I would very much like to have the "Shrooms" plate but, if that is not possible I would be willing to change to "MUSRM GY" (Mushroom Guy – my email address).

There is urgency getting this issue solved as I currently have temporary plates with "Shrooms" and these expire on July 29th. Please notify me with your decision ASAP. You can call me at (614) 580-3942 or email me at themushroomguy@aol.com.

Market *Fresh* Farms

Market Fresh Farms (MFF) was formed in the fall of 2003 to serve a specific customer base, the Wholesale Food Service market. MFF has always believed this portion of the mushroom business was tremendously under served and could be our opportunity to be successful for many years to come. Although MFF is a young company, the partners together have over 100 years of experience at every level of the mushroom industry.

MFF is 50% grower owned, and that grower base provides the mushroom supply necessary to service our specific market. We felt the Wholesale Food service market was ignored both in quality and priority due to larger mushroom shippers desiring the retail consumer sale. These shippers take their best product and position their sales effort toward the consumer retail package. MFF in turn, makes #1 priority of the bulk, sliced, and Wholesale food service market place.

Early in MFF's history the commitment was made to assemble the finest transportation system in the industry. MFF services an approximate 1500 mile radius of our base facility. We believe in our vision that the finest product available is effort well spent only if our quality product arrives in great condition on time every day. We truly believe the success that MFF has experienced to date is a direct result of our on-time transportation team.

In spring of 2007 Market Fresh Fruit and Produce (MFF&P) was formed. MFF&P is a wholly owned subsidiary of MFF. Subject: Appeal of the Denial to Issue Personalized Plate

To Whom It May Concern:

I recently received a letter from your office regarding the selection of the word "FALICE" on a personalized plate. Despite how you might read or interpret it is my legal middle name. It is pronounced FAL - Leese and contains the spelling of the name of my maternal great grandmother, Alice. The choice was not made without considerable thought.

I have enclosed a copy of my birth certificate. I would hope you would reconsider. In the event my request is denied (I can't not have my name on my plate), I would request a regular plate be issued, and the balance of my money be refunded.

Sincerely,

Azraelle Falice Reeves

**Re: Robert Anaya's "Prestige Plate" (IB6UB9/1B6UB9) Replacement Appeal
and Request for Hearing**

Dear Mr. Williams:

I represent Robert Anaya (Mr. Anaya) in appealing the MVD's decision, as set forth in its July 23, 2012 letter, to revoke his "prestige plate" based on finding it was obscene. The MVD's revocation demonstrates a gross misunderstanding of the law of obscenity and is a violation of the Article II, Section 17 of the New Mexico Constitution. This letter constitutes an appeal of that decision and request for hearing pursuant to 18.19.3.63 NMAC.

Background

In early 2009, Mr. Anaya applied for a prestige plate that read "IB6UB9" and it was approved. Later that year, after the approval of the prestige plate, Mr. Anaya was notified that his prestige plate had been called into question. Subsequently, Mr. Anaya's father, Manuel Anaya, called Anthony Sandoval, an employee at the MVD, about the status of Mr. Anaya's prestige plate. Anthony Sandoval communicated to Manuel Anya that he would speak to Michael Sandoval, the MVD Director at the time, about the situation. Shortly thereafter, Anthony Sandoval called Manuel Anya back, and ensured Manuel Anya that there was no longer a problem with Mr. Anaya's prestige plate, his registration was valid, and that Anthony Sandoval and Michael Sandoval had taken care of the situation.

Earlier this year in April, Mr. Anaya purchased a new vehicle and attempted to transfer his registration to his new vehicle. Mr. Anaya was made aware that a problem existed with the prestige plate "IB6UB9." Mr. Anaya notified his father that the dealership could not verify a valid registration for "IB6UB9." Manuel Anaya called the current MVD Director, Mark Williams (Mr. Williams), and spoke to him concerning the status of Mr. Anaya's prestige plate. Mr. Williams told Manuel Anaya that his office received a complaint from the Governor's Office concerning the prestige plate "IB6UB9" and Mr. Anaya's prestige plate had been changed to

“1B6UB9.” Mr. Williams asked Manuel Anaya to encourage his son to accept the alternative prestige plate as a viable resolution and Mr. Anaya reluctantly did so. Manuel Anaya told Mr. Williams that his son accepted the “1B6UB9” resolution, and notified Mr. Williams that his son had not received registration or a plate for the “1B6UB9” prestige plate.

After Mr. Anaya accepted the “1B6UB9” resolution, the media caught wind that the prestige plate “1B6UB9” had been called into question, and a story was ran on KOAT Channel 7 News on July 20, 2012. In response to the news story, and in complete disregard to the conversation Manuel Anaya and Mr. Williams had concerning the “1B6UB9” resolution, a letter dated July 23, 2012 from Mr. Williams, was sent to Mr. Anaya. In this letter, Mr. Williams informed Mr. Anaya of the MVD’s finding that both “1B6UB9” and “1B6UB9” are *obscene*, that neither prestige plate is currently valid, and enclosed a new license plate registration. Since Mr. Anaya received the July 23, 2012 letter, Manuel Anaya has made several attempts to call Mr. Williams, and Mr. Williams has not returned Manuel Anaya’s phone calls.

On July 30, 2012, the undersigned submitted an Inspection of Public Records Act (IPRA) request to the Governor’s Office, the Cabinet Secretary’s Office, and the MVD (the State). The undersigned, in the IPRA request asked for:

All complaints from any person to the Office of the Governor, the Office of the Secretary, the Taxation and Revenue Department, the Motor Vehicle Division and/or any agency or subdivision thereof concerning the New Mexico license plate number “1B6UB9.”

Contrary to Mr. Williams assertions to Manuel Anaya, and in his July 23, 2012 letter that the State had received complaints concerning the prestige plate “1B6UB9,” on August 14, 2012, the undersigned received a response back from the State, and there was not tangible documents in the response that indicate that the State received any complaints.

Of little significance to the determination of obscenity under the New Mexico Constitution, but nonetheless relevant, is the actual meaning of Mr. Anaya’s prestige plate. The phrase originated when Mr. Anaya was at a casino with an acquaintance playing roulette, and during the course of the roulette game the comment was made by Mr. Anaya to his acquaintance; “I be six, you be nine.” The phrase became an inside joke for the two while playing roulette; and hence, the motivation for Mr. Anaya to request the prestige plate “1B6UB9.”

Mr. Anaya’s Prestige Plate Falls Considerably Short of the Obscenity Standard

In the MVD’s letter to Mr. Anaya determining Mr. Anaya’s prestige plate to be *obscene* it stated “[w]hen the MVD receives an application for a prestige plate it has the responsibility to weigh an individual’s 1st amendment right to free speech against the public’s right to be protected from offensive language.” Fortunately, with respect to *obscenity*, the MVD *does not* have to make such a determination because the New Mexico Court of Appeals already has.

To find that something is *obscene* so as to restrict a person’s right to Free Speech under the New Mexico Constitution, N.M. Const. Art. 2, § 17, it must be found that the speech is *intolerable*, and *mere non-acceptance* or the notion that something is *not decent* by the community is insufficient to restrict a person’s free speech rights. *City of Farmington v. Fawcett*, 114 N.M. 537, 546, 843 P.2d 839, 848 (Ct. App. 1992) (emphasis added). Therefore, a claim for which no

evidence has been presented to support—namely, that a couple of complaints have been received by MVD concerning Mr. Anaya’s prestige plate—is not enough to find the plate *obscene*. For Mr. Anaya’s First Amendment right to be restricted, the MVD would have to find that his prestige plate is *intolerable*. An inside joke with a numeric reference to what can be perceived as sexual innuendo is far from *intolerable*, and it is certainly not *obscene*. The law in New Mexico is clear, and to rise to the level of *obscene* the sight or allusion to the numbers six (6) and (9) in sequence would have to be *intolerable*. In other words, if the number “69” was *intolerable* every license plate in New Mexico that has “69” in its numerical sequence would have to be found as such. A finding that Mr. Anaya’s prestige plate is *not decent* may be founded, but indecency is an insufficient standard to restrict Mr. Anaya’s Free Speech rights.

In accordance with the standard detailed by the New Mexico Court of Appeals in *City of Farmington v. Fawcett* concerning obscenity, and N.M. Const. Art. 2, § 17, Mr. Anaya respectfully requests that the MVD overturn the finding that his prestige plate is *obscene* and reinstate his prestige plate, “IB6UB9.” Additionally, the resolution of this case would be served by a hearing because the current MVD Director is an intimate witness to the facts in this matter and there is a significant public policy and constitutional rights implications in this case, the disposition of which a hearing would aid.

Sincerely,

Leon Howard, Esq.

FINDINGS, CONCLUSIONS AND RECOMMENDATIONS

NOW on this 30th day of August, 2010, the above styled and numbered cause comes on for consideration pursuant to assignment regularly made by the Oklahoma Tax Commission to ██████████ Administrative Law Judge. ██████████ ("Protestant") appears pro se. The Motor Vehicle Division ("Division"), Oklahoma Tax Commission, appears through ██████████ Assistant General Counsel, Office of General Counsel, Oklahoma Tax Commission.

PROCEDURAL HISTORY

On August 20, 2009, the protest file was received by the Office of Administrative Law Judges for further proceedings consistent with the *Uniform Tax Procedure Code*¹ and the *Rules of Practice and Procedure Before the Office of Administrative Law Judges*.² On August 27, 2009, a letter was mailed to the Protestant stating this matter had been assigned to ██████████ Administrative Law Judge, and docketed as Case Number SJ-09-008-H. The letter

¹ OKLA. STAT. ANN. tit. 68, § 201 et seq. (West 2001).

² OKLA. ADMIN. CODE §§ 710:1-5-20 through 710:1-5-47.

2010 10 14 02

also advised the Protestant that a Notice of Prehearing Conference would be sent by mail and enclosed a copy of the *Rules of Practice and Procedure Before the Office of Administrative Law Judges*.³ On August 28, 2009, [REDACTED] filed an Entry of Appearance as Counsel of record for the Division.

On September 14, 2009, the Notice of Prehearing Conference was mailed to the parties, setting the prehearing conference for September 29, 2009, at 2:00 p.m. The prehearing conference was held as scheduled. On September 30, 2009, a letter was mailed to the parties, pursuant to the prehearing conference; this matter was to be held in abeyance pending the issuance of a Commission Order in Case No. SJ-09-004-H.

On December 10, 2009, a letter was mailed to the parties advising Tax Commission Order No. 2009-10-29-02 (October 29, 2002) had been issued in Case No. SJ-09-004-H. A redacted copy of the Commission Order was provided to the parties. The parties were to file a Status Report on or before January 15, 2010, advising how the parties wished to proceed.

On January 15, 2010, the Division filed the Status Report and Request for Scheduling Order, with concurrence of the Protestant. On January 19, 2010, the Scheduling Order was issued for this matter to be submitted on stipulations and briefs.

On April 19, 2010, the Division filed a Status Report and Request for Amended Scheduling Order. For good cause shown, an Amended Scheduling Order was issued for this matter to be submitted on stipulations and briefs. On April 22, 2010, an Amended Scheduling Order was mailed to the parties.

³ *Id.*

On June 11, 2010, the parties filed by facsimile Stipulation of Facts and Statement of Issue, with Exhibits 1-5, attached thereto. On June 11, 2010, the Protestant filed a copy of Exhibit 5 with the Court Clerk.⁴

On July 2, 2010, the Division's Memorandum Brief was filed with the Court Clerk. The Protestant did not file a brief-in-chief (due 06/25/10) or a reply brief (due 07/16/10). The record in this matter was closed and this case was submitted for decision on July 20, 2010.

STIPULATION OF FACTS

On June 11, 2010, the parties filed "Stipulation of Facts and Statement of Issue"⁵ which, along with the attached exhibits, they agree shall constitute the entire factual record in this cause" as follows, to-wit:

1. [REDACTED]
2. On June 24, 2009 the Division received Applicant's Form 749 Personalized License Plate Application. On the application Applicant made four choices for the personalized license plate; "CANIBUS", "CANIBUS", "CANIBUS" and "CANIBUS". On the application Applicant certified that the personalized license plate was to be displayed on a [REDACTED] [REDACTED] which has been registered with the Division and an Oklahoma title issued thereon as provided for in Oklahoma's motor vehicle laws. (Exhibit 1.)
3. The alphanumeric character combinations of Applicant's personalized license plate choices are homonyms for "cannabis".

⁴ OKLA. ADMIN. CODE § 710:1-5-10(c)(2) (June 25, 1999).

⁵ The text of the stipulated facts is set out *in haec verba*. "*In haec verba*" (in heek v<<schwa>>r-b<<schwa>>). [Latin] In these same words; verbatim. BLACK'S LAW DICTIONARY (8th ed. 2004), available at <http://westlaw.com>.

4. By letter dated July 21, 2009, the Division notified Protestant that it was unable to process Applicant's application because the personalized license plate alphanumeric choices were unavailable because they either were in conflict with the Oklahoma license plate numbering system or had already been assigned to another applicant. The letter stated that if the Division did not receive a response in ten days, the Application would be placed in a suspense file. (Exhibit 2.)

5. Applicant interpreted the July 21, 2009 letter as a denial of his Application. By letter dated August 6, 2009, Applicant acknowledged receipt of the July 21, 2009 letter and stated that he had contacted the Division to confirm the choices on the application were not currently in use by another applicant. In the letter, Applicant requested that he be afforded any administrative remedies available to contest the denial. This letter constitutes a timely protest to the denial of the Application. (Exhibit 3.)

6. The Division intended at the time it sent the July 21, 2009 letter, and continues to intend to deny the Application for the reason that it had determined the alphanumeric choices thereon to be ones which "may be offensive to the general public" under OKLA. ADMIN CODE 710:60-3-150(d). Because of the timing and content of Applicant's August 6, 2009 letter, the Division did not notify Applicant in writing explicitly stating its intent to deny the Application for the above reason. Had such notification been made, the denial letter would have been identical in content to the attached sample letter. (Exhibit 4.)

7. [REDACTED]

[REDACTED] (Exhibit 5.)

ADDITIONAL FINDINGS OF FACT

8. The front page of the application ("Form 749") contains the following in bold type above an applicant's six (6) choices for a personalized license plate ("PLP"): "Any special plate request deemed to be offensive to the general public will not be issued."⁶

STATEMENT OF ISSUE

The issue to be decided is whether the alphanumeric choices on Applicant's Personalized License Plate Application "may be offensive to the general public" under OKLA. ADMIN CODE 710:60-3-150(d).

CONCLUSIONS OF LAW

1. The Oklahoma Tax Commission is vested with jurisdiction over the parties and subject matter of this proceeding.⁷

2. Section 1135.4 of Title 47⁸ ("Statute") provides in pertinent parts as follows, to-wit:

A. The Oklahoma Tax Commission is hereby authorized to design and issue personalized license plates....

B. Such plates shall be designed and issued for the following:

1. Any person in any combination of numbers or letters from one to a maximum of seven;

3. The Tax Commission promulgated Tax Commission Rule 710:60-3-150⁹ ("Rule") to implement and administer the Statute, which addresses the application process for ordering all "Special" License Plates, including PLPs, and which reads in pertinent parts as follows, to-wit:

⁶ Exhibit 1.

⁷ OKLA. STAT. ANN. tit. 47, § 1135.4 (West 2008) and OKLA. ADMIN. CODE § 710:60-3-150 (July 1, 2008).

⁸ *Id.* See OKLA. STAT. ANN. tit. 47, § 1113(A) (West Supp. 2010), which in pertinent part states:

...The license plate and decal shall be of such size, color, design and numbering as the Tax Commission may direct...

(a) **General provisions.** Applications for ordering all types of personalized and special license plates, authorized by statute, may be obtained from the Oklahoma Tax Commission or from any motor license agency.

(c) **No conflict policy.** No special license plate can be issued which conflicts with the regular plate numbering system.

(d) **Non-offensive content policy.** No special license plate will be issued which may be offensive to the general public.

4. The rules promulgated pursuant to the Administrative Procedures Act¹⁰ are presumed to be valid and binding on the persons they affect and have the force of law.¹¹

5. The Tax Commission, as an administrative agency, is powerless to strike down a statute for constitutional repugnancy. The authority to invalidate an unconstitutional enactment resides solely in the judicial department.¹²

6. Every statute is deemed constitutionally valid until a court of competent jurisdiction declares otherwise.¹³

7. Great weight is accorded an agency's construction of a statute when the administrative interpretation is made contemporaneously with the enactment of the statute and the construction is longstanding and continuous by the agency charged with its execution.¹⁴

8. Where the Legislature is made repeatedly aware of the operation of the statute according to the construction placed upon it by an agency and the Legislature has not expressed its disapproval with the agency's construction, the Legislature's silence may be regarded as

acquiescence in the agency's construction,¹⁵ and the agency's construction is given controlling weight and will not be disregarded except in cases of serious doubt.¹⁶

9. The rules and regulations of an administrative agency which implement the provisions of a statute are valid unless they are beyond the scope of the statute, are in conflict with the statute or are unreasonable.¹⁷

10. Agency rules need not be specifically authorized by statute, but must generally reflect the intent of the Legislature as expressed in the statute.¹⁸ As a rule, it is presumed that administrative rules and regulations are fair and reasonable and that the complaining party has the burden of proving the contrary by competent and convincing evidence.¹⁹

In all administrative proceedings, unless otherwise provided by law, the burden of proof shall be upon the protestant to show in what respect the action or proposed action of the Tax Commission is incorrect. If, upon hearing, the protestant fails to prove a prima facie case, the Administrative Law Judge may recommend that the Commission deny the protest solely upon the grounds of failure to prove sufficient facts which would entitle the protestant to the requested relief.

OKLA. ADMIN. CODE § 710:1-5-77(b) (June 25, 1999), provides in pertinent part:

... "preponderance of the evidence" means the evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; evidence which as a whole shows that the fact sought to be proved is more probable than not.

12. The Division's action is presumed correct and the taxpayer bears the burden of showing that it is incorrect and in what respects.²¹

CONSTITUTIONAL ISSUE

Whether the Oklahoma Tax Commission's interpretation and application of promulgated Rule 710:60-3-150(d) as it relates to the Protestant's application for a license plate with the choices "CANIBUS," "CANIBUS," "CANIBU5," AND "CANIBU5" violates the free speech guarantees of the First and Fourteenth Amendments or Okla. Const. Art. II, § 22.²²

DISCUSSION CONSTITUTIONAL ISSUE

It is the Protestant's position that "If the reason for denying me the tag has to do with the content of the speech, please be aware that while Courts commonly allow time, place, and manner restrictions on speech, content regulation of speech (especially political speech such as this) rarely meets with judicial approval."²³

The Division responds, "There is no Oklahoma jurisprudential case law governing the Oklahoma Tax Commission's denial of issuance of offensive personalized license plates. The Oklahoma Tax Commission has however issued a precedential Commission Order No. 95-03-23-014, adopting and setting forth as its own the standard developed in *Kahn v. Dept. of Motor Vehicles*, 16 Cal.App.4th 159, 170, 20 Cal.Reptr.2d 6 (1993) for determining whether a personalized license plate's content may be offensive to the general public. *Kahn* teaches that

'[t]he standard...is not the intention of the tag's owner by his choice of words, but what people of ordinary intelligence would understand from the use of the word.'²⁴

The Division further states, "The alphanumeric character combinations of each of the Applicant's personalized license plate choices are homonyms for 'cannabis'. Stipulation ¶3. Pursuant to the Oklahoma Uniform Controlled Dangerous Substances Act, 63 O.S. §2-101, *et seq.*, 'cannabis' is coextensive in meaning to 'marihuana'.²⁵ The provisions of the Oklahoma Trafficking in Illegal Drugs Act, 63 O.S. §2-414, *et seq.*²⁶ apply to persons convicted of violations with respect to marihuana.²⁷ That Act makes it a crime to knowingly distribute, manufacture, bring into this state or possess marihuana in specified quantities, and sets criminal penalties therefore.²⁸ In short, the possession of marihuana (cannabis) is a crime in Oklahoma, and Oklahoma's public policy set forth in the Oklahoma Statutes labels it a controlled dangerous substance. The legislative declaration of the illegal nature of cannabis in Oklahoma makes an Oklahoma license plate bearing that work offensive to the general public of Oklahoma."²⁹

The very public nature of a license plate contrasts with the less public nature of private advertising appearing on a website or other advertising media where only persons seeking Applicant's legal services are likely to look. The fact that Applicant [REDACTED] does not alter the offensiveness of the word "cannabis" displayed on his license plate. To accept such a position [sic] would be to focus on the 'intention of the tag's owner by his choice of words'—an approach disapproved of in *Kahn, supra*. No evidence in the record stipulated to by the parties demonstrates the non-offensiveness of the word 'cannabis' on a personalized plate by a preponderance of the evidence. Applicant therefore has not met his burden of proof in this proceeding."³⁰

The Division's position is supported by ample Oklahoma case law. The Rule is deemed constitutionally valid until a court of competent jurisdiction determines otherwise.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

APPLICANT¹ (“Applicant”) appears pro se.² The Motor Vehicle Division (“Division”), Oklahoma Tax Commission, appears through OTC ATTORNEY, Assistant General Counsel, Office of General Counsel, Oklahoma Tax Commission.

PROCEDURAL HISTORY

On October 27, 2010, the protest file was received by the Office of Administrative Law Judges for further proceedings consistent with the *Uniform Tax Procedure Code*³ and the *Rules of Practice and Procedure Before the Office of Administrative Law Judges*.⁴

On November 3, 2010, OTC ATTORNEY filed an Entry of Appearance as Counsel of record for the Division. On November 12, 2010, the Division filed by electronic transmission, a copy of the envelope containing OTC ATTORNEY’S introductory letter and Entry of Appearance mailed to the Applicant at ADDRESS 1, which had been returned by the United States Postal Service as “Return to Sender/Attempted-Not Known/Unable to Forward.” On November 15, 2010, OTC ATTORNEY filed an Amended Entry of Appearance as Counsel of record for the Division, which was mailed to the original address and to the Applicant at ADDRESS 2. On November 22, 2010, the Division notified the Court Clerk⁵ by electronic transmission that the Amended Entry of Appearance had been returned as undeliverable. On November 22, 2010, OTC ATTORNEY filed an Amended Entry of Appearance as Counsel of record for the Division, which was mailed to the Applicant at ADDRESS 1. On November 23, 2010, the Notice of Hearing was sent by certified mail return receipt requested to the Applicant at the following two (2) addresses: ADDRESS 1 and ADDRESS 2.⁶ The hearing

on this matter was set for December 21, 2010, at 9:30 a.m., with position letters or memorandum briefs due on or before December 14, 2010.

On December 13, 2010, the Applicant's Position Letter was filed with an attachment thereto.⁷ On December 14, 2010, the Division's Memorandum Brief was filed with Exhibits A through C attached thereto.

On December 21, 2010, at 9:30 a.m. an open hearing⁸ was held as scheduled. Both parties appeared at hearing. The Division called ADMINISTRATOR, Administrator, Motor Vehicle Division, Oklahoma Tax Commission, who testified about the processing of the application, how the Division made the decision to deny the Applicant's request for a personalized license plate, and as custodian of the Division's records. The Division's Exhibits A through D were identified, offered, and admitted into evidence without objection. The Applicant was called by the Division as a witness and the Applicant testified on his own behalf concerning the application and his intent for requesting a personalized license plate. The Applicant did not identify and offer any exhibits to be admitted into evidence.⁹

FINDINGS OF FACT

Upon review of the file and records, including the record of the proceedings, the exhibits received into evidence, the Applicant's Position Letter, and the Division's Memorandum Brief, the undersigned finds:

1. On August 25, 2010, the Division received Applicant's Form 749 Personalized License Plate Application ("Application"). On the Application, the Applicant made two (2) choices for a personalized license plate; "FREHEMP" and "FREEHMP," on a "sea green" (light green) background. On the Application, the Applicant certified that the personalized license plate was to be displayed on a 2000 Toyota Tacoma, which has been registered with the Division and an Oklahoma title issued thereon as provided for in Oklahoma's motor vehicle laws. The Application¹⁰ contains the following notice, to-wit:

Any special plate request deemed to be offensive to the general public will not be issued.

November 29, 2010, the return receipt for ADDRESS 2 was filed with the Court Clerk, but the signature is illegible and does not reflect the date the return receipt was signed.

⁷ The envelope reflects the Applicant's address as ADDRESS 1.

⁸ The Applicant waived his right to a confidential hearing as provided by the provisions of OKLA. STAT. ANN. tit. 68, § 205 (West Supp. 2011).

⁹ The attachment to the Applicant's Position Letter was offered, identified, and admitted as Division's Exhibit D.

¹⁰ Division's Exhibit A.

2. By letter dated August 30, 2010, the Division notified the Applicant that it was unable to process the Application because the personalized license plate alphanumeric choices thereon violated the provisions of OKLA. ADMIN. CODE § 710:60-3-150(d), which provides, “No special license plate will be issued if the proposed message may be deemed offensive to the general public, in the context of display of the message on a state-issued plate, under the guidelines in 710:60-3-151(c).”¹¹

3. On September 30, 2010, the Applicant mailed a protest to the Division’s denial of the Application and requested a hearing. The basis of the protest is that the Division’s denial is erroneous and a violation of the Applicant’s right to free speech.¹²

4. The Division denied the Applicant’s request for personalized license plate choices of “FREHEMP” and “FREEHMP” because the proposed message may be deemed offensive to the general public, in the context of display of the message on a state-issued license plate. The Division based its decision upon the standard that an objective, reasonable person would find that the proposed choices on the Application fall into the category of drugs.¹³

5. The Applicant’s intent in requesting a personalized license plate with the choices of “FREHEMP” and “FREEHMP” is to educate¹⁴ the public in the uses of hemp for agricultural, industrial, environmental, economic, medicinal, and for smoking, leisure, and creative purposes.¹⁵

STATEMENT OF ISSUE

The issue to be decided is whether the choices “FREHEMP” and “FREEHEMP” on Applicant’s personalized license plate Application may be deemed offensive to the general public, in the context of the display of the message on a state-issued license plate based on the standard of whether an objective, reasonable person would find the proposed choices on the Application as falling into any of the categories enumerated in OKLA. ADMIN. CODE § 710:60-3-151 (July 11, 2010).¹⁶

CONCLUSIONS OF LAW

1. The Tax Commission is vested with jurisdiction over the parties and subject matter of this proceeding.¹⁷

2. The rules promulgated pursuant to the Administrative Procedures Act¹⁸ are presumed to be valid and binding on the persons they affect and have the force of law.¹⁹

3. Section 1135.4 of Title 47²⁰ (“Statute”) provides in pertinent parts as follows, to-wit:

A. The Oklahoma Tax Commission is hereby authorized to design and issue personalized license plates....

B. Such plates shall be designed and issued for the following:

1. Any person in any combination of numbers or letters from one to a maximum of seven;

...

4. The Tax Commission promulgated Tax Commission Rule 710:60-3-150²¹ (“Rule I”) to implement and administer the Statute, which addresses the application process for ordering all “special” license plates, including personalized license plates, and which reads in pertinent parts as follows, to-wit:

(a) **General provisions.** Applications for ordering all types of personalized and special license plates, authorized by statute, may be obtained from the Oklahoma Tax Commission or from any motor license agency.

...

(c) **No conflict policy.** No special license plate can be issued which conflicts with the regular plate numbering system.

(d) **Non-offensive content policy.** No special license plate will be issued if the proposed message may be deemed offensive to the general public, in the

context of display of the message on a state-issued license plate, under the guidelines in 710:60-3-151(c).

5. The Tax Commission promulgated Tax Commission Rule 710:60-3-151²² (“Rule II”) to implement and administer the Statute and Rule I, which addresses personalized license plates, in pertinent parts as follows, to-wit:

(c) **Non-offensive content policy.** The Commission shall review personalized license plate applications that are not automatically rejected when compared to a database of prohibited or previously issued personalized plates. The Commission shall deny a request if an objective, reasonable person would find that the proposed combination of letters and/or numbers listed on the application falls into at least one of the following categories:

- (1) carries a sexual connotation;
- (2) expresses contempt, ridicule or superiority based on race, gender, politics, ethnic heritage, or religion;
- (3) is vulgar, derogatory, profane or obscene;
- (4) refers to bodily functions, bodily fluids, or intimate body parts;
- (5) refers to alcohol, drugs or drug paraphernalia, illegal activities or gangs; or
- (6) would otherwise be inappropriate for display on a state-issued license plate.

(d) **Other criteria.** The criteria in this paragraph are not exhaustive. Dictionaries and compilation of offensive words, terms or letter/number combinations, in any language, gathered from the experience of Oklahoma and other states may also be used as a guide.

6. The Tax Commission, as an administrative agency, is powerless to strike down a statute for constitutional repugnancy. The authority to invalidate an unconstitutional enactment resides solely in the judicial department.²³

8. Great weight is accorded an agency's construction of a statute when the administrative interpretation is made contemporaneously with the enactment of the statute and the construction is longstanding and continuous by the agency charged with its execution.²⁵

9. Where the Legislature is made repeatedly aware of the operation of the statute according to the construction placed upon it by an agency and the Legislature has not expressed its disapproval with the agency's construction, the Legislature's silence may be regarded as acquiescence in the agency's construction,²⁶ and the agency's construction is given controlling weight and will not be disregarded except in cases of serious doubt.²⁷

10. The rules and regulations of an administrative agency which implement the provisions of a statute are valid unless they are beyond the scope of the statute, are in conflict with the statute or are unreasonable.²⁸

11. Agency rules need not be specifically authorized by statute, but must generally reflect the intent of the Legislature as expressed in the statute.²⁹ As a rule, it is presumed that administrative rules and regulations are fair and reasonable and that the complaining party has the burden of proving the contrary by competent and convincing evidence.³⁰

In all administrative proceedings, unless otherwise provided by law, the burden of proof shall be upon the Applicant to show in what respect the action or proposed action of the Tax Commission is incorrect. If, upon hearing, the Applicant fails to prove a prima facie case, the Administrative Law Judge may recommend that the Commission deny the protest solely upon the grounds of failure to prove sufficient facts which would entitle the Applicant to the requested relief.

OKLA. ADMIN. CODE § 710:1-5-77(b) (June 25, 1999), provides in pertinent part:

... "preponderance of the evidence" means the evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; evidence which as a whole shows that the fact sought to be proved is more probable than not.

13. The Division's action is presumed correct and the taxpayer bears the burden of showing that it is incorrect and in what respects.³²

CONSTITUTIONAL ISSUE

Whether the Oklahoma Tax Commission's interpretation and application of Statute, Rule I, and Rule II as they relate to the application for a license plate with the choices "FREEHMP" and "FREHEMP" violate the free speech guarantees of the First and Fourteenth Amendments or Okla. Const. Art. II, § 22.

DISCUSSION CONSTITUTIONAL ISSUE

The Applicant's contentions include, "...the fact that the Oklahoma Tax Commission has already issued a license plate tag: HEMPONE³³ and...EVOLING. My main contention involves the use of trees and deforestation. Wood pulp treated with chorline [sic] creates a known toxic waste: dioxen [sic]. Whereas paper made from hemp treated with peroxide emits only oxygen and hydrogen, the two most abundant gases in the atmosphere. I have enclosed eleven pages an [sic] overview of the history of cannabis hemp. The statutory law upon which I rely to substantiate my position is the First Amendment of the Bill of Rights. 'Freedom of Speech' [sic] the cornerstone of our democracy...."³⁴

The Division responds, "The alphanumeric character combinations of Applicant's personalized license plate choices are abbreviations of the words 'free hemp'. Applicant attached an eleven page article to his position letter filed herein, which throughout acknowledges that 'hemp' is coextensive in meaning to 'cannabis' and 'marihuana'."³⁵

Pursuant to the Oklahoma Uniform Controlled Dangerous Substances Act,³⁶ 63 O.S. § 2-101(23),³⁷ "marihuana" is defined as:

³² See *Enterprise Management Consultants, Inc. v. State ex rel. Oklahoma Tax Com'n*, 1988 OK 91, 768 P.2d 359.

³³ ADMINISTRATOR could not confirm or deny whether the Division had issued the personalized license plate "ONEHEMP." The Applicant did not testify as to why "evolving," if such a tag has been issued, would be deemed offensive to the general public; nor did the Applicant question ADMINISTRATOR on such a personalized tag.

³⁴ Position Letter at 2-3.

³⁵ Division's Brief at 3. See Division's Exhibit D. The Applicant testified that the excerpts were from a book titled "The Emperor Wears No Clothes," having as its purpose the decriminalization of "cannabis" in all forms.

There is no Oklahoma jurisprudential case law governing the Oklahoma Tax Commission’s denial of issuance of offensive personalized license plates. The Oklahoma Tax Commission has, however, issued OTC (Precedential) Order No. 95-03-23-014 (March 23, 1995), adopting and setting forth as its own the standard developed in *Kahn v. Dept. of Motor Vehicles*, 16 Cal.App.4th 159, 170, 20 Cal.Reptr.2d 6 (1993), for determining whether a personalized license plate’s content may be offensive to the general public. *Kahn* teaches that “[t]he standard...is not the intention of the tag’s owner by his choice of words, but what people of ordinary intelligence would understand from the use of the word.”³⁸

The provisions of the Oklahoma Trafficking in Illegal Drugs Act, 63 O.S. §2-414, *et seq.*³⁹ apply to persons convicted of violations with respect to marihuana.⁴⁰ That Act makes it a crime to knowingly distribute, manufacture, bring into this state or possess marihuana in specified quantities, and sets criminal penalties therefore.⁴¹ In short, the possession of marihuana (cannabis) is a crime in Oklahoma, and Oklahoma’s public policy set forth in the Oklahoma Statutes labels it a controlled dangerous substance. The legislative declaration of the illegal nature of cannabis in Oklahoma makes an Oklahoma license plate bearing the choices of “FREHEMP” or “FREEHMP” offensive to the general public of Oklahoma.

To accept the Applicant’s position would be to focus on the intention of the Applicant by his choice of words, an approach disapproved of in *Kahn, supra*. No evidence in the record demonstrates the choices “FREHEMP” or “FREEHMP” may be deemed not offensive to the general public, in the context of display of the message on a state-issued license plate by a preponderance of the evidence based upon the standard that an objective, reasonable person would find the choices as fallings into the category of drugs. The Applicant has not met his burden of proof in this proceeding.⁴²

**CONCLUSION
CONSTITUTIONAL ISSUE**

The Division's position is supported by ample Oklahoma case law. The Statute, Rule I, and Rule II are deemed constitutionally valid until a court of competent jurisdiction determines otherwise.

NON-CONSTITUTIONAL ISSUE

Whether the Division properly denied the Application for a personalized license plate in the alphanumeric combinations "FREEHMP" and "FREHEMP" pursuant to the Statute, Rule I, and Rule II, as what may be deemed offensive to the general public, in the context of display of the message on a state-issued license plate based upon the standard that an objective, reasonable person would find the choices as falling into the category of drugs.

**DISCUSSION
NON-CONSTITUTIONAL ISSUE**

There is no Oklahoma jurisprudential case law governing the Division's denial of the issuance of offensive personalized license plates. The Oklahoma Supreme Court has not been presented with an opportunity to interpret the provisions of the Statute or the Rules.

The *Rules of Practice and Procedure Before the Office of Administrative Law Judges*⁴³ provides that the burden of proof is on the Applicant to show that the Division erred in application of the Rules that the Applicant's choices for a personalized license plate may be deemed offensive to the general public, in the context of display of the message on a state-issued license plate.⁴⁴ The only evidence submitted by the Applicant, in addition to his testimony, as to whether the alphanumeric combinations "FREEHMP" and "FREHEMP" may not be offensive to the general public is an eleven (11) page excerpt from a book which is intended to educate⁴⁵ the public in the uses of "Cannabis Hemp" for agricultural, industrial, environmental, economic, medicinal, and for smoking, leisure, and creative purposes.⁴⁶

The Applicant testified that his personal political viewpoint is for the decriminalization of marihuana.⁴⁷ The Applicant also testified that the general public's perception of "hemp" is the same as "marihuana," which in the Applicant's opinion is a result of seventy (70) to

⁴³ See Note 4, *supra*.

⁴⁴ See Note 22, *supra*.

⁴⁵ The Applicant's efforts to educate the public include meeting with the Sierra Club.

⁴⁶ Testimony of Applicant. See Division's Exhibit D.

⁴⁷ The Applicant does not dispute that the meaning of "hemp" is co-extensive with the meaning of "cannibis" and "marihuana."

eighty (80) years of propaganda. In the words of the Applicant, trying to change the general public's perception of "hemp" is like "rolling a snowball up a hill."⁴⁸

No other evidence was presented as to whether the Applicant's choices for a personalized license plate may not be deemed offensive to the general public, in the context of display of the message on a state-issued license plate based upon the standard that an objective reasonable person would find that the choices "FREHMP" or "FREEHMP" *did not* fall into the category of drugs. There were no surveys presented, no treatises or scholarly documents were introduced into evidence regarding what may or may not be offensive to the general public.⁴⁹

CONCLUSION NON-CONSTITUTIONAL ISSUE

On the non-constitutional issue, the Applicant has failed to meet his burden of proof that the Division's denial of the Application for a personalized license plate is incorrect pursuant to the Statute, Rule I, and Rule II, and in what respects.

DISPOSITION

It is the ORDER of the OKLAHOMA TAX COMMISSION, based upon the facts and circumstances of this case, that the protest to the Division's denial of the Application should be denied.

OKLAHOMA TAX COMMISSION

CAVEAT: This decision was NOT deemed precedential by the Commission. This means that the legal conclusions are generally applicable or are limited in time and/or effect. Non-precedential decisions are not considered binding upon the Commission. Thus, similar issues may be determined on a case-by-case basis.

NOTE: The distinction between a Commission Order designated as "Precedential" or "Non-Precedential" has been blurred because all OTC Orders resulting from cases heard by the Office of Administrative Law Judges are now published, not just "Precedential" Orders. *See* OKLA. FINDINGS, CONCLUSIONS AND RECOMMENDATIONS

NOW on this 23rd day of August, 2012, the above styled and numbered cause comes on for consideration pursuant to assignment regularly made by the Oklahoma Tax Commission to ██████████ Administrative Law Judge. ██████████ ("Applicant") was notified of these proceedings at his last known address in accordance with 68 O.S. 2011, § 208. The Motor Vehicle Division of the Oklahoma Tax Commission ("Division") is represented by ██████████ ██████████ Assistant General Counsel, General Counsel's Office, Oklahoma Tax Commission.

STATEMENT OF THE CASE

A Personalized License Plate Application ("Application") was filed by Applicant with the Division on December 16, 2011. By letter dated March 5, 2012, the Division notified the Applicant that the Application would not be process since the selections submitted violated the provisions of Oklahoma Tax Commission Rule 710:60-3-151(c). The Applicant timely protested the Division's action.

On April 2, 2012, the Division referred the protest to the Office of Administrative Law

2012 10 11 03

Judges for further proceedings consistent with the Uniform Tax Procedure Code¹ and the Rules of Practice and Procedure before the Office of Administrative Law Judges². The protest was docketed as case number SJ-12-007-K and assigned to [REDACTED], Administrative Law Judge.

A pre-hearing conference was scheduled for June 12, 2012, by *Prehearing Conference Notice* issued May 31, 2012. Pursuant to the conference, a hearing was scheduled for July 31, 2012, by *Notice of Hearing* issued June 12, 2012.

A closed hearing³ was held as scheduled. The Applicant did not appear. [REDACTED] Administrator of the Accounting Section of the Division testified with respect to the records of the Division, the information reviewed for the Division's action and the reason for the denial of the Application. Exhibits A through E were identified, offered, and admitted into evidence. Upon conclusion of the Division's presentation, the record was closed and the protest was submitted for decision.

FINDINGS OF FACT

Upon review of the file and records, including the recording of the hearing, the exhibits received into evidence, and the Memorandum Brief of the Division, the undersigned finds:

1. On December 16, 2011, the Division received the Application. The Applicant selected four (4) choices for a personalized plate consisting of: "PFLAGER", "LOBTLVR", "PFLAG-1", and "PFLAG01". The Applicant, under penalties of perjury certified that the plate was to be displayed on a [REDACTED] which has been registered with the Division and

³ 68 O.S. Supp. 2009, § 205.

has had an Oklahoma title issued thereon as provided for in Oklahoma's motor vehicle laws.
Exhibit A.

2. The Application was not automatically rejected when compared to the Division's database of prohibited or previously issued personalized plates. Upon review of the Application, a Division representative consulted the web-based slang dictionary, www.urbandictionary.com, for the definitions of the terms "PFLAG" and "LGBT". Exhibits B and C.

3. By letter dated March 5, 2012, the Division notified the Applicant that it was unable to process the Application because the personalized license plate alphanumeric choices thereon violated the provisions of *OAC*, 710:60-3-151(e). Exhibit D.

4. The Applicant timely protested the Division's action, asserting:

My first couple of choices was [REDACTED]
[REDACTED] Imagine my surprise when my application was turned down, but for none of the 6 reasons mentioned in the rejection letter.

PFLAG stands for Parents, Families and Friends of Lesbians and Gays. The name usually speaks for itself, but it is a support group for LGBT people who do not have the support of their families, or whose families may need support. Most of the 6 choices were [REDACTED]
[REDACTED] in no way is either [sic] carries a sexual connotation, superior, derogatory, deals with bodily functions, drugs, or is inappropriate.

Exhibit E.

CONCLUSIONS OF LAW

WHEREFORE, premises considered the undersigned concludes as a matter of law:

1. The Oklahoma Tax Commission is vested with jurisdiction of the parties and subject matter of this proceeding. 68 O.S. 2011, § 207.

2. The Oklahoma Tax Commission is authorized to design and issue personalized license plates for "[a]ny person in any combination of numbers or letters from one to a maximum

2012 ³10 11 03

of seven". 47 O.S. 2011, § 1135.4(A) and (B)(1).

3. The Oklahoma Tax Commission is under a duty, and in conformance therewith is granted the authority and jurisdiction to administer the provisions of the Oklahoma Vehicle License and Registration Act ("Act"), 47 O.S. 2011, § 1101 et seq. 47 O.S. 2011, § 1149. In the performance of its duty to carry the Act into effect and to enforce the provisions thereof, the Oklahoma Tax Commission is authorized to promulgate all necessary rules and prepare forms and records. *Id.*

4. To implement and administer the design and issuance of personalized license plates, the Oklahoma Tax Commission promulgated the following rules with respect to the content of the plates, *to-wit*:

No special license plate will be issued if the proposed message may be deemed offensive to the general public, in the context of display of the message on a state-issued license plate, under the guidelines in 710:60-3-151(c).

*OAC, 710:60-3-150(d).*⁴

The Commission shall review personalized license plate applications that are not automatically rejected when compared to a database of prohibited or previously issued personalized plates. The Commission shall deny a request if an objective, reasonable person would find that the proposed combination of letters and/or numbers listed on the application falls into at least one of the following categories:

- (1) carries a sexual connotation;
- (2) expresses contempt, ridicule or superiority based on race, gender, politics, ethnic heritage, or religion;
- (3) is vulgar, derogatory, profane or obscene;
- (4) refers to bodily functions, bodily fluids, or intimate body parts;
- (5) refers to alcohol, drugs or drug paraphernalia, illegal activities or gangs; or
- (6) would otherwise be inappropriate for display on a state-issued license plate.

*OAC, 710:60-3-151(c).*⁵

⁴ Amended at 27 Ok Reg 2293, eff 7-11-2010.

⁵ Amended at 27 Ok Reg 2293, eff 7-11-2010.

The criteria in this paragraph are not exhaustive. Dictionaries and compilation of offensive words, terms or letter/number combinations, in any language, gathered from the experience of Oklahoma and other states may also be used as a guide.

OAC, 710:60-3-151(d).⁶

5. Rules promulgated pursuant to the Administrative Procedures Act⁷ are presumed to be valid until declared otherwise by a court of competent jurisdiction. 75 O.S. 2011, § 306(C). They are valid and binding on the persons they affect, have the force of law and are prima facie evidence of the proper interpretation of the matter to which they refer. 75 O.S. 2011, § 308.2(C). The legislature is deemed to have adopted an administrative construction of a statute when, subsequent to such construction, it amends the statute or reenacts it without overriding such construction. *Branch Trucking Co. v. Oklahoma Tax Commission*, 1990 OK 41, 801 P.2d 686.

6. The rules and regulations of an administrative agency which implement the provisions of a statute are valid unless they are beyond the scope of the statute, are in conflict with the statute or are unreasonable. See, *Arkansas Louisiana Gas Co. v. Truvis*, 1984 OK 33, 682 P.2d 225; *Boydston v. State*, 1954 OK 327, 277 P.2d 138. Agency rules need not be specifically authorized by statute, but must generally reflect the intent of the Legislature as expressed in the statute. *Jarboe Sales Company v. Oklahoma Alcoholic Beverage Laws Enforcement Commission*, 2003 OK CIV APP 23, 65 P.3d 289. As a general rule, it is presumed that administrative rules and regulations are fair and reasonable, and that the complaining party has the burden of proving the contrary by competent and convincing evidence. *State ex rel. Hart v. Parham*, 1966 OK 9, 412 P.2d 142.

7. In administrative proceedings, the burden of proof is on the taxpayer to show in what respect the action or proposed action of the Tax Commission is incorrect. *OAC*, 710:1-5-47;

⁶ *Id.*

In re Adhvay Properties, Inc., 2006 OK CIV APP 14, 130 P.3d 302; *Geoffrey, Inc. v. Oklahoma Tax Commission*, 2006 OK CIV APP 27, 132 P.3d 632. Failure to provide evidence which is sufficient to show an adjustment to the Division's action is warranted will result in the denial of the protest. *Enterprise Management Consultants, Inc. v. State ex rel. Oklahoma Tax Commission*, 1988 OK 91, 768 P.2d 359, 362, citing *Continental Oil Co. v. Oklahoma State Bd. of Equalization*, 1976 OK 23, 570 P.2d 315, 317.

8. The burden of proof standard applicable to administrative proceedings is "preponderance of evidence." 2 Am.Jur.2d *Administrative Law* § 357. See, Oklahoma Tax Commission Order No. 91-10-17-061. "Preponderance of evidence" means "[e]vidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which as a whole shows that the fact sought to be proved is more probable than not." Black's Law Dictionary 1064 (5th ed. 1979). It is also defined to mean "evidence which is more credible and convincing to the mind * * * [T]hat which best accords with reason and probability." *Id.*

9. Protestant failed to come forward with any evidence to show his choices of acronyms do not carry sexual connotations. As set forth in the Division's Memorandum Brief, pp. 4:

The alphanumeric character combinations of Applicant's personalized license plate choices are understood in common parlance – as demonstrated by the materials consulted by the Division – to be abbreviations of the words "Parents, Families and Friends of Lesbians and Gays" and "lesbian, gay [sic] bisexual and transgendered." The term "lesbian" is defined as "of or relating to homosexuality between females." MERRIAM-WEBSTER'S ONLINE DICTIONARY, <http://www.merriam-webster.com/dictionary/lesbian>. The term "gay" is commonly used in modern American English as an adjective expression of sexual orientation or sexual preference (both colloquially and pejoratively). In short, it is slang for "homosexual". MERRIAM-WEBSTER'S ONLINE DICTIONARY,

⁷ 75 O.S. 2011, § 250 et seq., § 301 et seq.

<http://www.merriam-webster.com/dictionary/gay>. The term "bisexual" is defined as "of, relating to or characterized by a tendency to direct sexual desire toward both sexes." MERRIAM-WEBSTER'S ONLINE DICTIONARY, <http://www.merriam-webster.com/dictionary/bisexual>. The term "transgendered" is defined as "of, relating to, or being a person (as a transsexual or transvestite) who identifies with or expresses a gender identity that differs from the one which corresponds to the person's sex at birth." MERRIAM-WEBSTER'S ONLINE DICTIONARY, <http://www.merriam-webster.com/dictionary/transgender>.

RECOMMENDATION

THEREFORE, based on the above and foregoing findings and conclusions, it is recommended that the protest of the Applicant, [REDACTED] be denied.

Re: "Records Request"

I am in receipt of your request for various records relating to personalized license plates. We do not have any documents that are responsive to your request. The RI DMV does not have a list of prohibited plates, nor does it have instructions regarding screening of personalized plates. Likewise, there are no complaints or administrative appeals regarding personalized plates. If you need more information, please feel free to contact the Assistant Administrator, Charles Hollis at charles.hollis@dmv.ri.gov.

Sincerely,

Thank you for your request for the following:

- 1) a "copy of the list of prohibited personalized license plates,..."
- 2) a "copy of the internal instructions to DMV employees..."
- 3) a "copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists who personalized license plates were reclaimed..."

The South Dakota Department of Revenue, Division of Motor Vehicles does not have a formal prohibited personalized license plates list. By statute, SDCL 32-5-89.2, any request of letter combination on a personalized license plate that carries connotations offensive to good taste and decency may be refused. The statute can be viewed in its entirety at <http://legis.state.sd.us/statutes/DisplayStatute.aspx?Statute=32-5-89.2&Type=Statute>.

All applications for personalized license plates are reviewed by assigned Motor Vehicle staff to ensure that the request meets the requirements listed in state law, such as the correct number of letters/ numeral combination and no duplication of existing active license plate. Personalized plate applicants are also required to provide the plate meaning on their application. The staff uses a variety of resources in an effort to ensure that the character combination adheres to decency and good taste. Requested character combinations are subject to urban dictionary listings, reverse viewing, internet searches, and any other resource that may be needed based on the application's listed

meaning to verify its accuracy of representation. If there is any question to the issuance of the plate, the application and any supporting documentation from staff research are reviewed by me as the director of the Division of Motor Vehicles and eventually the department secretary. If approved, the license plate is issued. If denied, the applicant is informed by mail the license plate request is not approved and the license plate will not be issued.

The South Dakota Department of Revenue does not have any administrative appeal letters from January 1, 2010 to present from applicants whose personalized license plate request was rejected or from motorists whose personalized license plates were reclaimed by the Division following a complaint from a member of the public.

Respectfully,

A handwritten signature in black ink that reads "Debra A. Hillmer". The signature is written in a cursive style with a large initial "D".

Re: Public Records Request

I am writing in response to your request, submitted to the Tennessee Department of Revenue (the "Department") via letter dated November 27, 2012, in which you ask to be provided with: "[a] copy of the list of prohibited personalized license plates"; "[a] copy of the internal instructions to DMV employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages"; and "[a] copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists whose personalized license plates were reclaimed by the DMV following a complaint from a member of the public."

The Department is unable to comply with your request. The Tennessee Public Records Act requires that state, county and municipal records be open for personal inspection "by any *citizen* of Tennessee" unless otherwise prohibited under state law. TENN. CODE ANN. § 10-7-503(a)(2)(A) (2012) (emphasis added). The Office of the Attorney General for the State of Tennessee has determined that the state may deny access to public records to persons who are not citizens of the state. Op. Atty. Gen. No. 01-132 (August 22, 2001). Based on information in your letter request, including your mailing address, it appears that you are not a citizen of Tennessee.

The Department therefore respectfully declines to fulfill your request. If you have questions, please contact me at (615) 741-2348.

Sincerely,

Garrett E. Guillory
Tax Counsel

R873. Tax Commission, Motor Vehicle.

R873-22M. Motor Vehicle.

R873-22M-34. Rule for Denial of Personalized Plate Requests Pursuant to Utah Code Ann. Sections 41-1a-104 and 41-1a-411.

(1) The personalized plate is a non-public forum. Nothing in the issuance of a personalized plate creates a designated or limited public forum. The presence of a personalized plate on a vehicle does not make the plate a traditional public forum.

(2) Pursuant to Section 41-1a-411(2), the division may not issue personalized license plates in the following formats:

(a) Combination of letters, words, or numbers with any connotation that is vulgar, derogatory, profane, or obscene.

(b) Combinations of letters, words, or numbers that connote breasts, genitalia, pubic area, buttocks, or relate to sexual and eliminatory functions. Additionally, "69" formats are prohibited unless used in a combination with the vehicle make, model, style, type, or commonly used or readily understood abbreviations of those terms, for example, "69 CHEV."

(c) Combinations of letters, words, or numbers that connote:

(i) any intoxicant or any illicit narcotic or drug;

(ii) the sale, use, seller, purveyor, or user of any intoxicant or any illicit narcotic or drug; or

(iii) the physiological or mental state produced by any intoxicant or any illicit narcotic or drug.

(d) Combinations of letters, words, or numbers that express contempt, ridicule, or superiority of a race, religion, deity, ethnic heritage, gender, or political affiliation.

(e) (i) Combinations of letters, words, or numbers that express affiliations or actions that may be construed to suggest endangerment to the public welfare.

(ii) Examples of letters, words, or numbers described in Subsection (4)(e)(i) include words, signs, or symbols that represent:

(A) illegal activity;

(B) organized crime associations; or

(C) gang or gang terminology.

(iii) The division shall consult with local, state, and national law enforcement agencies to establish criteria to determine whether a combination of letters, words, or numbers express affiliations or actions that may be construed to suggest endangerment to the public welfare.

(3) If the division denies a requested combination, the applicant may request a review of the denial, in writing, within 15 days from the date of notification. The request must be directed to the Director of the Motor Vehicle Division and should include a detailed statement of the reasons why the applicant believes the requested license plates are not offensive or misleading.

(4) The director shall review the format for connotations that may reasonably be detected through linguistic, numerical, or phonetic modes of communication. The review may include:

(a) translation from foreign languages;

(b) an upside down or reverse reading of the requested format; and

(c) the use of references such as dictionaries or glossaries of slang, foreign language, or drug terms.

(5) The director shall consider the applicant's declared definition of the format, if provided.

(6) If the requested format is rejected by the director, the division shall notify the applicant in writing of the right to appeal the decision through the appeals process outlined in Tax Commission rule R861-1A-22.

(7) If, after issuance of a personalized license plate, the commission becomes aware through written complaint that the format may be prohibited under Subsection R873-22M-34(1), the division shall again review the format.

(8) If the division determines pursuant to Subsection R873-22M-34 (2) that the issued format is prohibited, the holder of the plates shall be notified in writing and directed to surrender the plates. This determination is subject to the review and appeal procedures outlined in Subsections (3) through (7).

(9) A holder required to surrender license plates shall be issued a refund for the amount of the personalized license plate application fee and for the prorated amount of the personalized license plate annual renewal fee, or shall be allowed to apply for replacement personalized license plates at no additional cost.

(10) If the holder of plates found to be prohibited fails to voluntarily surrender the plates within 30 days after the mailing of the notice of the division's final decision that the format is prohibited, the division shall cancel the personalized license plates and suspend the vehicle registration.

Subject: Processing Special Plate Applications and Special Plate Order (Includes Replacement and Lockbox Special Plates)

7. Verify the following:
 - a. That the correct application was received, i.e. special plate application, conservation or Building Bright Futures plate application. If an incorrect application was received, a return is required.
 - b. The correct fees have been received. If incorrect fees were received, a return is required.
 - c. The appropriate spacing and amount of numbers in plate, using the following guidelines:
 1. No more than two (2) numbers are allowed in combination with letters.
 2. An "O" is considered to be the number zero ("0").
 3. Dots, dashes or other special characters cannot be used.
 4. Special plates cannot begin with the letter "Z".
 5. Where several plate types share the same vehicle type, only one such plate may be assigned a particular special plate sequence. For example, a regular truck, and S truck and a special weight permit are separate plates, but are the same vehicle type. Therefore, only one of these trucks may be assigned a special plate sequence.
 6. If a special plate is requested for a plate type that includes special characteristics within the regular plate, (i.e. WD = well driller, S = special truck) these characters **must** be included in the special plate format.
 7. If the plate number contains an "I", the same combination **cannot** be issued if the "I" is replaced by a "1". For example, "EIEI0" (with the letter "I") cannot be issued with "E1E10" (with the number "1").
 8. A minimum of one (1) and a maximum of seven (7) characters are allowed, with the exceptions indicated below, however, the letters I, J, O or Z are **not** acceptable.
 9. Small case "c" is allowed on some plate types if it is not the first or last character.
 10. Asterisks indicated on the application shall represent spaces on the plate.
 11. Special number plates whether new or renewed may be issued in any combination of numbers and letters provided the total of the numbers and letters does not exceed seven (7) characters, and provided the requested combination of letters and numerals

do not duplicate or resemble a regular issue registration plate. **However**, you must **not** issue any plates which are on the “Do Not Issue” list (Attachment #2).

- a. **Effective July 2, 2004**, in addition to referencing the “Do Not Issue” list, follow the instructions indicated below to determine other plate combinations/references that should **not** be issued:

All new applications for special plates will be carefully reviewed and will be issued only when it has been established within reasonable means that the requested number of letters and/or combination of letters, numerals, characters and spaces follow the guidelines below.

- ◆ Combinations of letters or numbers that suggest, in any language, that is vulgar, derogatory, profane, racial epithets, scatological (excrement) or obscene.
 - Examples: VD, JAP, REV, GOD
- ◆ Also, not to be issued are those letters or combinations which suggest a government or a government agency, give the suggestion of a privilege not given by law in this state, or suggest the use of regulated drugs or alcohol.
 - Examples: CIA, VT, DWI, COPE, POT, DPL, FC, NYP or MD in combination with a space to indicate a title.
- ◆ Special number plates with the following combination of letters or numbers shall not be issued:
 - Combinations of letters or numbers that connote, in any language, breast, genitalia, pubic area, or buttocks or relate to sexual or eliminatory functions. Additionally, “69” formats are prohibited unless used in combination with the vehicle make, for example, “69 CHEV.”
 - Combinations of letters or numbers that connote, in any language:
 - Any illicit drug, narcotic, intoxicant, or related paraphernalia;
 - The sale, the user, or the purveyor (distributor) of such substance;
 - The physiological state produced by such a substance.
 - Combinations of letters or numbers that refer, in any language, to a race, religion, color, deity (nature or condition of being a god or goddess), ethnic heritage, gender, sexual orientation, disability status, or political affiliation; provided, however, the commissioner shall not refuse a

combination of letters or numbers that is a generally accepted reference to a race or ethnic heritage (for example, IRISH).

- Combinations of letters or numbers that form, in any language, a slang term, abbreviation, phonetic spelling or mirror image of a word described above.
 - ♦ Other plates that are **not** to be issued are those which are:
 - Against Departmental policy
 - On hold per Commissioner's office
 - On hold for person with corresponding handicapped plates
- b. The “request for special plates” form must be completed.
- c. Prior to submitting an order for special plates, all requests must be reviewed by Director of Operations and the Assistant Attorney General.
- d. When a customer, at the time of renewal, has a special plate, car or permissible truck, and requests a different special plate for the coming registration period, the fee computation will be as follows:
- e. If the requested plate is available, issue a sixty (60) day temporary plate, collect the special registration fee, and process the special plate request.
1. If on a yearly system and the requested plate is available, issue a sixty (60) day temporary plate. Collect the base plate fee plus the new special plate fee.
 2. A special plate fee will not be prorated at any time. It is an annual fee and is due whether registration plates are used for a full twelve (12) months or only for a portion of the registration period.
 3. If the registrant applies for more than a twelve (12) months registration under the staggered registration law, then it would be the special plate fee for the first twelve (12) months and an additional special plate fee for any additional time thereafter, up to another 12 month period.
 4. At all times when a special (vanity) plate is requested, a temporary plate will be issued and sent to the registrant rather than the hard plate. This will also apply at the time of renewal or if the applicant already had a valid Vermont plate on the vehicle.

5. Special plates may be issued with the same combination of initials and letters as the registration plate distinguishes the different type of vehicle.
 - Example: ALYCAT on a car, ALYCAT on a truck and ALYCAT on a trailer.
 - The exceptions to the above rule are as follows:
 - Pleasure car, antique and exhibition letter and number combinations.
 - Motorcycle and moped letter and number combinations.

6. On transfers or registration which are mutually transferable (car to truck or truck to car), if there was a special plate on the vehicle transferred from, a new special plate will be issued for the new vehicle at no fee for the remainder of the registration period, using the same initials or combinations of initials and numerals, but with or without the TRK designation as the case may be.

To be issued at no fee, the new plate must be available for assignment. If different initials or combination is desired, a new fee will be required.

Re: DMV 135471
Special Name Plate Registration
VIN / HIN 1HGCE1892SA010910

Dear Commissioner:

I am very disappointed that my application for a special name plate registration in the State of Vermont was denied by the Agency of Transportation / Dept. of Motor Vehicles. I feel we have credible basis to argue this decision, as this is the registered name of a legitimate business in the State of Montana and the State of Vermont and the name is also registered federally with the U. S. Patent Office.

The product of our business just happens to be an organic pet treat made from the recycling of Brewer's Spent Grain (barley), hence the name Brewies. We feel we should not be prohibited from using our Brewies business name on a Vermont motor vehicle license plate for our advertisement in the State and beyond its borders.

I might add that the State of Montana had no issue with this and this special name plate. Brewies is presently being displayed on a business motor vehicle in that state..

Please reconsider your position on this matter, as we would really like our business name, Brewies to appear on the Vermont license plate of our business vehicle. Thank you.

Sincerely,

Rutin could mean and does a male deer pawing the ground or rubbing his antlers on trees. The marks in the mud

Rutin is not a word ^{USED} in the dictionary or found in a dictionary.

Dear Commissioner,

I am respectfully requesting a hearing regarding my denied special plate application. My choice of the special motorcycle plate "snafu2" was denied as vulgar.

I acknowledge that the military origins of the word were based on a cynical and vulgar acronym developed in the World War II era. In the 50 plus years since, however, the acronym has morphed into a commonly used word in its own right, appearing freely in both written and conversational language.

The word snafu has three distinct definitions according to the Merriam-Webster dictionary, none of which are considered vulgar:

1. Noun – a situation marked by errors or confusion.
2. Adjective – snarled or stalled in confusion.
3. Verb – to bring into a state of confusion.

Furthermore, the reason I applied for "snafu2" was that the special plate "snafu" was already taken in Vermont. So clearly the word has been considered acceptable by the State of Vermont DMV previously. I don't understand why the rules have changed in my case.

I chose to apply for this special plate to honor my father, who also had the "snafu" plate on this motorcycle when he owned it in Massachusetts. He is unable to ride the bike now due to Alzheimer's disease, and decided to gift it to me last month. That is the only reason I am pushing the issue and requesting a hearing.

Thank you in advance for considering my request for a hearing. I look forward to speaking with you further.

Sincerely,

Thank you for giving me this opportunity for the right to a hearing. I am one of a growing number of Vermont Brewers. The Vermont Brewers Association as well as the Vermont brewer's, is a great asset to Vermont's Economy. We as brewers take our craft beer seriously. We are proud of the impact we have on tourism and on our impact on the local economy.

I was saddened to have my choice of a license plate BREW rejected.

I am also saddened that I a Vermont Brewer can not proudly place this plate on my truck and know there is a Motorcycle driving around Vermont with Brew on its license plate.

I plead with you Commissioner please allow this plate selection.

Thank You

Dear Mr. Commissioner IDE,

I am requesting a formal hearing to appeal your department's denial of a recently requested vanity plate in which I requested. I feel very strongly that if your department had even taken the time to have looked at the explanation on the request form, not just the plate request I would not be taking up your valuable time and resources as well as wasting mine. Enclosed you will find the original submission form, a new request as well as documents that show what the plate's meaning is. I live in Vermont and have all my life; I am currently finishing up a 1 year contract in Tiverton, Ontario working for Bruce Power Nuclear Power Station on their restart project as a Maintenance Specialist and will renew my contract shortly for an additional year.

I am absolutely amazed Mr. Commissioner with the State running such a deficit that either one of us as well as many others within your department will be tasked to gather for a hearing on this matter. I also feel strongly enough in regard to having to leave my job and drive 12 hours each way as well as suffering additional financial loss for lost time at work that I will also be sending a copy of this correspondence to our Honorable Governor for review. As we are looking at larger and larger deficits and job loss in our State; I truly feel this is a travesty to waste the time and resources to move forward with this. I also would like to include a quote from you Sir from your Website: ***"We understand that we may be the part of state government that you are most likely to interact with. We take our customer service responsibilities very seriously and if for any reason your experience is less than satisfactory, please let me know."***

I will say this again that I am truly less than satisfied with the service from your department and I am letting you know, that being said I feel the wrong decision has been made and that is why I am willing to move forward with this. Furthermore if the Honorable Governor see's that your Department has the available as well as additional resources to pursue this with an actual hearing maybe, just maybe we as Vermonter's as well as Leaders in Vermont will see where possible Budget cuts can be made. Thanking you in advance for your Time and Consideration in this matter.

Regards,

Dear Commissioner Ide:

Enclosed is my application for a vanity plate and the cover letter denying it.

I am writing you to have the denial removed. I believe the reason for denial is not only incorrect, it is weird at best, and by implication, frightening at worst.

ALQUDS is the vanity plate I applied for. As I stated on the application, ALQUDS is the Arabic word for Jerusalem. The letter and markings on the application say this vanity plate was DENIED DUE TO POLITICAL AFFILIATION.

Arabic is a language spoken by millions of people in this world. It is not a political affiliation. "Jerusalem" is too many letters for a vanity plate, yet I believe that would have been allowed, not denied. Since I knew I could not have an 9-character plate that said Jerusalem, I went with the other local language in that city, which is Arabic. ALQUDS is how Jerusalem in Arabic transliterates into English script.

I lived in Jerusalem/ALQUDS for many years, and I want to honor that with my license plate. Probably no worse a reason than the reasons behind many vanity plates on the road. I hope you will honor my request. I would hate to think that any Vermont policy would say Arabic = political. That would mean we were in a whole lot of trouble, in my opinion.

Thank you very much for considering my appeal. I look forward to hearing from you and getting my license plate!

Sincerely,

Dear DOE Special Plate Registration:

Please consider this letter a request to arrange a hearing in regards to the denial of my special plate request. 102316. Although I understand that individual requests for the type of conference may not always be accepted, I would like to request a phone or Skype conference in order to avoid taking off from school (for, I admit, an overall silly reason of plate name).

I have included my daytime landline phone above as it is likely the easiest from which to get in contact. My cell is 802-683-5547.

Thank you for considering my request.

To Whom This Might concern

My application for a special plate has been denied. IT was deemed to be a reference to a intoxicant or drug, or I might be a purveyor of drugs.

I am a 70 year old Jewish man. Who doesn't do drugs. Nor have I ever done drugs. Born 10/17/41

Growing up in The Bronx,

Hebrew name "Hashel," was not the easiest. My mother would yell out the Third floor window, for me to come in, or stay out of the street. She cut, "Hashel" short and called me Hash. My mother is 95, born 1/29/17, and although she is still alive. I would

Like the plate "Hast" to remember her
always. I didn't ask for a 2nd or 3rd
choice, as I only want that plate.

I am requesting a Telephone Hearing
on the hope that you will issue me
the plate i have asked for.

RE: Special Plate Denial – Hearing Request

Dear Commissioner Ide:

This letter serves to formally request a hearing regarding the recent denial of our special license plate application for our horse trailer. As you may recall, per your letter dated March 2, 2011, our request for the plate "MAITAI" was denied on the basis that it is a reference to alcohol.

I am grateful for your time, and look forward to discuss this matter further with you.

To whom this may concern,

My plates were denied due to the decision of it being in a vulgar nature. I would just like to take the time to explain what it means. TRTFO was an abbreviation of a song that my mom used to sing to me when I was young. TTFFO was also abbreviated to be used at the Relay For Life Cancer walk (The Race To Fight On). This abbreviation means alot to me more so now that my mother passed away from liver cancer in 2007. I would be estatic to have these license plates in remembrance of my mother. She always said that she would get them herself and before she could she passed away. I decided I was going to do all the things my mom wanted to do but never had the chance to accomplish and this was one of her top ones. This abbreviation is not in a vulgar maner just a silly song remembrance and a cancer walk quote.I chose to appeal this to explain more about the meaning in hopes that the denied fact will be turned over and approved.

Thank you so much for your time.

Sincerely

Re: Appeal of Refusal to grant Volunteer Registration Plate

Dear Commissioner Ide:

This is an appeal from the refusal of DMV personnel to issue a Volunteer Registration Plate during registration of VDART's Companion Animal Mobile Response Trailer (CAMET).

1. Background

The Vermont Disaster Animal Response Team, Inc. found it necessary to appeal an initial denial of an exemption to the motor vehicle purchase and use tax under 32 V.S.A. Section 8911(3), which exempts from the purchase and use tax motor vehicles owned or leased by religious or charitable institutions.

On December 15, 2010 you granted the petition for exemption and we sincerely thank you for that action.

On December 30, 2010, I, as the Board Chair of VDART, Inc. went to the Springfield DMV office to register the trailer. I was told by the window personnel, in consultation with both his supervisor and their reported discussion with [REDACTED] of your office, that the issuance of the "Red" Volunteer Plate would not be possible. Apparently, I had incorrectly assumed that the eligibility for exemption from the purchase and use tax also covered that plate. The tax exemption was accepted without issue based on your letter. Incidentally, your personnel were very cordial and attempted

to resolve the matter. They indicated that it might be necessary to contact the Legislature for eligibility. However, the only available remedy was to register the trailer with a regular one year registration which I did (plate # AMR 355). The cost difference is \$31.00 per year for the regular trailer registration vs. \$10.00 for five years with the volunteer plate.

Upon returning from Springfield, I contacted [REDACTED] with whom I had prior contact over the purchase and use tax issue, for clarification. She discussed the matter with [REDACTED] of your Legal department. When she called back, she reaffirmed the denial of the Volunteer Plate on the grounds that, as opposed to the American Red Cross (that I know uses them on its trailers and vehicles) which responds to disasters along with the fire and police, and that VDART, Inc was not a response organization.

I explained that this was an incorrect assumption with the analogy that VDART, Inc. is to animals what the Red Cross is to humans vis-à-vis mass care and sheltering. If the Red Cross is called out to establish a major shelter, it is very probable that VDART will be called out to provide the animal co-shelter. (More specifically in this case: ARC Shelter Trailer with cots and blankets to VDART CAMET trailer with crates, feeding and sanitation equipment.) In fact, there is a signed MOU with the Vermont Agency of Agriculture, Food and Markets (VAAF), describing VDART, Inc.'s role during a major emergency affecting animals and their need for care under State Support Function 11 of the Vermont State Emergency Operations Plan. A copy of this MOU is attached to this letter and incorporated by reference.

Extensive supportive materials were transmitted to you previously during the appeal of the purchase and use tax issue. In support of that application, Vermont Disaster Animal Response Team, Inc. attached the following: a brief overview of the corporation, its IRS 501(c)(3) exemption letter, its Vermont sales and use tax exemption certificate, its taxpayer identification number notice, its Certificate and Articles of Incorporation, and its Bylaws.

The purpose of this letter is to appeal the refusal of DMV to issue a Volunteer Plate to VDART, Inc. for registration of its vehicles.

2. Argument/Legal Support

Title 23, Vermont Statutes Annotated

§ 376. State, municipal, fire department and rescue organization motor vehicles.

(c) The registration fee for registration of a motor truck, trailer, ambulance, or other motor vehicle, owned by a volunteer fire department or other volunteer fire fighting organization or other organization conducting rescue operations and used solely for fire fighting or rescue purposes, shall be \$10.00 in lieu of fees otherwise specified in this chapter. A motor vehicle or trailer registered under this section shall be plainly marked on both sides of the body or cab to indicate its ownership. (emphasis added)

It is the contention of VDART, Inc. that its status is that of an organization conducting rescue operations (mass care – sheltering of animals) and therefore meets the intent of this statute. (Note: This is not a request for a safety/service organization agency titled plate such as the EMS, Vermont Emergency Radio Operator and others have – there was some confusion at the DMV office.)

It is generally accepted in emergency management that an estimate of 30 to 40% of people who should seek shelters (with the Red Cross or others) will not do so because they will not leave their animals. The Red Cross can take only "service animals" into their shelters. Also, some who do go to shelters may be expected to "sneak back" into the danger zones to check on their animals. This puts both them and those who have to get them out at potential risk.

The Vermont Disaster Animal Response Team, Inc. is a tax-exempt charitable organization under 501(c)(3) of the Internal Revenue Code. It is classified as a public charity, with a charitable and educational purpose. Vermont Disaster Animal Response Team, Inc. is also a Vermont non-profit corporation and has been classified as a public benefit corporation under Vermont law. The purpose of the corporation is "to provide a coordinated effort in preparing for, preventing, responding to, and recovering from any emergencies affecting animals. The Corporation will work to increase the capability of community coordinated response to animal emergencies on local, regional, state and federal level in order to best serve the welfare of animals." It provides a broad range of public benefit to all Vermonters in times of emergency, providing the vital service of rescuing animals which serve as a food supply, working animals, pets, etc.

3. Conclusion

For all the above reasons, we ask that you reconsider the denial of issuance of a Volunteer plate and grant the appropriate eligibility status to Vermont Disaster Animal Response Team, Inc. enabling it to receive same.

Sincerely,

Subject: Humanity Towards Others

Dear Ms. Smith,

I am receipt of your letter dated February 26, 2010 regarding my personalized license plate "Ubuntu". The Department of Licensing had plenty of time to review this request and in fact approved and issued these plates to me in March 2008. These plates were issued to me based on the information I provided at the time i completed the application and I will restate now.

Archbishop Desmond Tutu defines this word as, "A person with Ubuntu is open and available to others, affirming of others, does not feel threatened that others are able and good, for he or she has a proper self-assurance that comes from knowing that he or she belongs in a greater whole and is diminished when others are humiliated or diminished, when others are tortured or oppressed."

On June 18, 2009, in her swearing-in remarks as U.S. Department of State Special Representative for Global Partnerships, Elizabeth Bagley discussed ubuntu in the context of American foreign policy, stating that "In understanding the responsibilities that come with our interconnectedness, we realize that we must rely on each other to lift our world from where it is now to where we want it to be in our lifetime, while casting aside our worn out preconceptions, and our outdated modes of statecraft."

I have attached a clip of former president of South Africa and Nobel Peace Prize winner, Nelson Mandela, explaining the true meaning of "Ubuntu". [http://en.wikipedia.org/wiki/Ubuntu_\(philosophy\)](http://en.wikipedia.org/wiki/Ubuntu_(philosophy)).

I find it somewhat cynical that the Personalized License Plate Review Committee would find some sort of negative connotation to the word "Ubuntu", in light of the overwhelming, worldwide positive feeling that the word evokes. "Humanity Towards Others" and "I am because we are" are philosophies and ideas that uplift the human spirit and yet this committee seems to wish to eliminate its inspiration. After an extensive web search of this word "Ubuntu", I cannot find a single sexual reference of any stature. As far as your statement in the first paragraph of your letter that this plate can be sexually suggestive in nature, please provide me with the basis for this conclusion.

At this time, I respectfully decline to return my personalized plates. Please feel free to contact me at (425) 985-1497.

Sincerely,
Gordon Thomas

ATTENTION: Billie, Supervisor, Personalized Plate Section

This letter is to request reconsideration of our application for a personalized plate stamped: "THE BOP." My wife and I were greatly surprised to learn today in a conversation with Dale that the Department considered THE BOP offensive. It is the acronym of our police consulting business, and is used commonly in our business meetings and marketing. No one, young or old, has ever indicated it has an offensive meaning.

After the discussion with Dale, we went on-line to *wikipedia.org*, and entered "BOP." It was only then that we learned of the 35 entries for the term, there is **one** slang entry meaning "whore." Considering wikipedia can be edited by virtually *anyone*, we question the reliability of the use and the extent of common knowledge of BOP meaning "whore." We also noted it is the name of an American magazine for teens - which certainly means it has Federal Government approval as it is distributed openly in the mail.

We certainly appreciate your responsibility to avoid issuing license plates which would offend the decency of the common public. We ask for reconsideration on the basis that THE BOP would not be considered offensive by the common public. Those who would give THE BOP an "offensive meaning" are few, and they have contorted the three letters into a meaning within their criminal society which would not be known to the common public. The practice of taking innocent words and creating a "double meaning" known only to other criminals is common as a shield to prevent detection. My wife and I are members of the "senior community" and the plates, THE BOP, on our Ford Explorer should certainly allay **any question** of sinister meaning to anyone.

Sincerely,

ROGER BAKER

Subject: Personalized Plate Rejection Appeal

Hi Dawn,

First off thank you for giving me the opportunity to appeal WADOL's rejection of our personalized plate.

I am appealing to your committee for the rejection of the plate we ordered "FMLYJLZ". I would like to describe the meaning of this plate and hopefully it will be more clear that our intent is not to be offensive. My Fiancé just purchased this car in honor of our upcoming marriage and blending families. It is something we hope will be a great project for our family. My name is Julie. Since I was a young child I have been called Jules by most of my friends and family. Dave (my fiancée's) friends and family have elected to call me Family Jules. We thought it would be a fun name for the car. This is a very old car, a 1936 ford coupe, not a fancy muscle car being driven around with thumping music by a 20 yr old kid. There is lots of work for us to do as a FAMILY to fix it up. Someday it will belong to our kids making the plate even more meaningful. I would like to say that I have talked to many dol employees and also other people, professional and not and everybody thinks that is a great name for our car. Not one person has hesitated or taken offense. This is also the name of a TV show on a network anyone can watch. I think not approving this plate is taking censorship too far. There is a neighbor with a plate that reads FNBEAST. Are you to tell me that is not offensive and FMLYJLZ is? I do not understand the reasoning behind that at all.

Please reconsider our request, we appreciate your time and welcome your phone call should you want to speak with us further. Thank you for your reconsideration, and thank you Dawn for presenting this. If I could email doughnuts to your meeting I would :)

With sincere appreciation,

David and Julie Becker (yes, same last name not married yet) :)

RE: Letter dated 01/28/2011

Re: Complaint regarding my WA State issued personalized Plate – FUBAR

In 1975 Personalized Plates, or Vanity Plates were authorized by the legislature and were made available to the public. These plates could contain between 2 to 7 numbers or letters in any combination that did not conflict with existing plates.

I applied for and received my personalized plate in 1976 and have had it for 36 years. I believe in 1981-1982 I applied for and got the personalized Plate FUBAR TOO for my wife's Fiero Pontiac and the state issued that plate.

To my knowledge there has never been a prior complaint and for someone now to take offense seems a little odd.

As with any acronym it can have multiple meanings and taken different ways by different people. When I first ordered this plate it had the meaning of **Fun, Unique, Beautiful And Rare** That was my personality at the time.

I've had this plate on many different 4X4 trucks and it meant **Found Under Bushes And Rocks**.

I also understand that it could mean **Fouled Up Beyond Repair**, or **Fouled Up Beyond All Recognition** or **Fouled Up Beyond All Reality**.

Stanley Tools uses that term to mean "Functional Utility Bar" the DEC Computer company uses the term to mean "Failed UniBus Address Register" I've seen taverns with this name, as well as different businesses.

When I originally applied back in 1976 there was never any thought about vulgarity, being obscene or any malice or intent.

Etymology and History:

FUBAR is slang (mangled German) for the word "Furchtbar," which means terrible or horrible -- the opposite of "Wunderbar." Furcht means fear, literally translated, and the "bar" is added to make it an adverb or noun, as the case may be. "Wunderbar" translates literally into wonderful. Furchtbar is an idiom and translates to mean, terrible, or horrible

I would hope that you would reconsider the revocation of my personalized plate based on one persons opinion and or interpretation of it's meaning.

Thanks,

Hello there, I am writing to try and reverse a disputed personalized license plate. The plate in question is PHO CAT. The reasoning behind this is I own, and have for the last 17 years a large gaming company in this state called Cat Daddy Games. I am also partnered with a corporation that owns several Pho Noodle soup restaurants in Indiana. Because of the games company name, our employees often refer to themselves Cat's so, you might have a Game Cat, or a workout Cat etc... This being the case for me it made the most sense to have a plate called PHO CAT. It is my understanding that this has been denied due to the fact that the word CAT translates into something pornographic or sexual in the Vietnamese language. I have a problem with this on several different fronts. First, I can find no such reference to a translation in any Vietnamese dictionary. I have spoke to the owners of the PHO restaurants about what sort of negative impact putting the word CAT after PHO would entail and they are all in agreement that it would be a far stretch to make it be used in some sort of vulgar meaning. Second, this is not a direct translation. I would understand if I had a specific word that translate directly like a curse word or something employing a negative slur but that is simply not the case here. In fact, I believe putting my last name HOWE on the plate would be far more offensive to a larger magnitude of people than this would ever be. Please take a second to review this with your panel and reconsider allowing me to have this plate.

Thank you for your time,

Hello my name is Russell E Sturm I have submitted to get a personal license plate with the name PORK I have had that plate before in the late 70's when first got my drivers license now that I'm 52 years old I would like to get it back if possible. I have had that nickname over forty years and to this day I still have friends call me by PORK.

The reason I have applied is he hasn't renewed it and its 60 days over so its open game. The reason they gave me is its not nice word, so why do you have on any motorcycle. I would hope you would reconsider and let me have it please.

Russ Sturm

if not please refund my money and make sure you don't give it the motorcycle either and all the rest that have it too.

Dear Sirs,

some college friends and i have began a chevrolet nova club called nova university, simply college buddies that are restoring some old nova's. we thought it would be fun to use our initials and then nova u to personalize each of our cars. my plate # would be runovau, frank underwood's would be funovau and so on, your dept. decided that my plate is misleading or offensive. please reconsider for this club is just starting to grow and we are all excited to get it going. i assure you that any of the plates that we apply for are not intended to be

misleading or offensive in any way. we are just some old college buddies out for a little fun with our cars while making each car personalized to it's owner.

Thank-You, Roger Ulm

Licensing,

2-9-10

I just received this notice (enclosed) advising me about the license number DBACHRE.

The money was returned, approx. \$50 for the special plate.

→ DBACHRE (debauchery) was rejected by your licensing department as a viable or admissible plate message.

I received notice of your decision for my submission about 5 or 6 months ago I believe. I was then given a new license instead of DBACHRE because of some mix-up by your agency. My license request must have been initially accepted and then someone in higher authority (not god) must have then 'looked' at it again and said no to my absolutely genius imagination!! Was it denied so that it could be used by someone with connections? That's what I thought of first, that was my initial reaction. I don't trust the State at all!

I used to do that

→ 'Debauchery' has been somehow connected with 'unseemly sexual activity'. I have never thought of it that way. Debauchery always meant to me, leading one astray, or going out and drinking or carousing (sic²), but without the end result or intention to have a sexual liaison. And come to find out, it also means to take the 'bark' off of a tumber or log. Being an ex-logger and sawmill worker, for my Dad, years ago, I thought the meaning of debauchery was near perfect for a license plate for me. Your agency in the end rejected it without explanation and without the ability to appeal your decision, which is wrong.

If DBACHRE is available now I believe I should have 1st 'dibs' on it as I was, I'm sure, the originator of it. Let me know, as I believe that the plates were even made and just not sent because of some 'puritanical' objections. Amazing!!! RKB.

Dear Ms Smith & Committee

On February 24th 2010 I submitted a request for a special license plate from the Department of Wildlife (the one with the Bull Elk on it). I also requested it to be personalized. My original request was to have "FULUBUL" put on the plate. I am an avid outdoorsman and love to archery hunt for Bull elk every year. I also belong to multiple internet forums where others like myself can discuss everything from elk hunting, conservation and everything outdoors. Everyone on these forums has a name they go by and most have something to do with elk. My name on these forums is FullaBull which is just a whimsical play on words to say I love hunting for bull elk. This request was denied because I was told that it could be taken the wrong way. I asked about the person who has a personalized plate with "FULABUL" on it and was told that Bul was the person's last name which made that ok...?

So, I decided I would change my request and asked if I could have "ELKNUT" instead. This is a very well known name in elk hunting circles as it is the name of an internet company called Elknut Productions which sells products to help elk hunters. The person who owns the company lives in Idaho and has "ELKNUT" as his personalized plate. I contacted Paul (the owner) and asked if he would mind someone in Washington having ELKNUT on their plate as well and he said he would love to see that. So I made that my request.

I then received a call saying that "ELKNUT" might also be taken the wrong way. I asked how and I was told this might look like I was speaking about elk's testicals...???

A license plate with a Bull Elk picture on it and the letters "ELKNUT" says exactly what it means, someone who is nutty (synonyms- batty, silly, mad, wacky, foolish) when it comes to elk. I did not ask for "ELKNUTS" or "ELKSNUT", yes, even I would agree that might be taken the wrong way.

I am writing to ask that you please reconsider my personalized plate request for "ELKNUT" to be put on the special "Bull ELK" WA. Dept. of Fish and Wildlife plate.

Thank you for your consideration.

Best Regards,

Fred Talbot

Dear Mr. Toni Smith:

This is my response to the notification regarding a complaint made about my personalized license plate, "JUGALET."

The allegation is that my plate is in some way associated with or related to illegal activities.

I want to start out by introducing myself to you and the Department. I am a mental health advocate with a degree in Law and Justice. I work all over Pierce County, driving my car to crisis outreaches 40+ hours per week. I am a law abiding citizen and I have devoted the last 15 years of my life to helping others.

I was shocked and offended that someone would make a complaint about my plate. I have had the plates for a few years now and I have never had a problem with them or with others regarding them. They are symbolic only to a select pool of music lovers.

JUGALET is simply the name given to fans of an underground Christian record label (Psychopathic Records). The term JUGALET is in no way associated with illegal activity.

Please let me know if you need further information regarding my plates.

Sincerely,
Lisa Kleiner

Dear Ms. Toni Smith:

I apologize for not being able to respond sooner for the recent notice that I had received regarding the personalized plate, "PUINSAI", on my vehicle. After reading about the complaint, I would like to say Thank You for giving me the opportunity to provide an explanation as to why I had chose this phrase. I am originally a resident from the State of Hawaii and had given the vehicle to my eldest sibling to utilize as a primary vehicle. Growing up, throughout our teenage years, my brother constantly wore this brand name of clothing and always used this word whenever he made fun of me. It was his unique way of saying, "whatever," and to me, it was sort of his nickname. So, upon giving my brother this vehicle, I thought that it would be a nice gift and gesture to have his plate personalized with his most frequently used word and nickname. I'm sorry to hear that it had given someone the wrong impression; however, it was not the intention as to why it was chosen. Please feel free to contact me at (253)970-9994 or email Semana2266@hotmail.com if you have any further questions regarding this issue. If it is at all possible, I would appreciate it if you could update me on the outcome of this review. Again, thank you for this opportunity, your time and consideration.

Sincerely,

Maggie Semana

Subject: RE: license plate "SHGNWGN"

I am writing in response to a letter was sent to me by the review committee. The letter requests that I provide a further explanation as to why I chose this personalized license plate "SHGNWGN."

As a child this is what I use to call the Mystery Machine. The van belonged Shaggy and for some strange reason this is what I started calling it when I was about 5. I have called it the Shaggin' Wagon ever since then and my kids do to and they are 6, 8 and 10 years old. It's just what we call it and we don't consider it to be anything offense and we didn't think it would cause a problem, especially after we found out that it was already previously issued in the state once before. Please feel free to call me with any other questions (480) 516-3525.

Thank you!

Per your open records request, we are providing a current list of the potentially objectionable or misleading personalized license plates. The plates on this list are not necessarily prohibited, but would prompt review to determine if they meet the criteria of "offensive to good taste or decency, or which would be misleading." s. 341.145 (7), Wisconsin Stats. Please be aware that this list changes, new phrases are added when identified, and entries once considered as potentially objectionable may be removed if reviewed and it is determined that they should no longer be on the list.

Also included are the internal procedures used by processors for reviewing personalized plate messages, copies of the applicable statutes and transportation rules and a copy of the current application for personalized plates.

You also requested copies of administrative appeal letters, which are not available, since Wisconsin Statute 341.145(7) states "all decisions of the department with respect to personalized registration plate applications shall be final and are not subject to judicial review under ch. 227", thus there is no administrative appeal process.

These records are being forwarded at no cost to you. Please feel free to contact me if you have further questions or concerns at jill.reeve@dot.wi.gov.

RE: Public Records Request

Your recent public records request was forwarded to me for response.

- 1) I am not comfortable providing our list of prohibited personalized license plate combinations. The list contains common 3 and 4 letter words or abbreviations that should not be spoken in mixed company. Our policy is to deny any combination that spells, connotes, abbreviates, or otherwise stands for language that is obscene, vulgar, indecent, or pruriently suggestive. You may construct your own list, which will be similar to our list, by listing these types of words.
- 2) Our internal instructions and formal policy can be found on the back of our application:
Only capital letters and Arabic numerals shall be used. No other symbols or characters will be allowed. A maximum of four (4) letters or combination of four (4) letters and numbers may be requested. The letters and numbers will be the same size as on regular license plates and will be arranged in a straight horizontal line. Any combination that spells, connotes, abbreviates, or otherwise stands for language that is obscene, vulgar, indecent, or pruriently suggestive will not be allowed. No four (4) character combinations can contain more than a total of three (3) W's or three (3) M's. No combinations consisting of a number or numbers followed by a single alphabetic suffix will be issued. No combinations consisting entirely of numbers will be issued as a personalized prestige license plate unless the beginning digit is a zero (0). In addition, no combination shall duplicate a currently issued plate or conflict with a series of letter and number combinations on a regular issue license plate.
- 3) There have been no appeal letters from applicants whose personalized plate was rejected or motorists whose personalized plates were reclaimed since January 1, 2010.

If you have any other questions, please feel free to contact me.

Sincerely,

Debbie Lopez
