Subject: USGS FOIA 2016-00069 - Acknowledgement and Response
Cc: GS-GIO Freedom of Information Act

This is an acknowledgement and response to your Freedom of Information Act (FOIA) request, dated February 17, 2016, received in the USGS Freedom of Information Act (FOIA) office on February 18, 2016, and assigned control number USGS-2016-00069. Please cite this number in any future communications with our office regarding your request. You requested the following information:

A copy of the USGS FOIA Case Log for Calendar Years 2014 and 2015.

We have classified you as an "other-use" requester. As such, we may charge you for some of our search and duplication costs, but we will not charge you for our review costs. You are also entitled to up to 2 hours of search time and 100 pages of photocopies (or an equivalent volume) for free. See 43 C.F.R. § 2.39. If, after taking into consideration your fee category entitlements, our processing costs are less than \$50.00, we will not bill you because the cost of collection would be greater than the fee collected. See 43 C.F.R. § 2.49(a)(1).

You have agreed to pay up to \$25.00 for the processing of your request.

Data was retrieved by USGS as part of your request, and Bureau logs for FY-2014, FY-2015, and FY-2016 are attached. They are being released to you in their entirety. The Bureau log is from the Electronic FOIA Tracking System (EFTS), which populates by fiscal year, not by specific dates.

The records search did not exceed two hours; therefore, there is no billable fee for the processing of this request.

Additionally, as part of the 2007 OPEN Government Act FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a nonexclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation.

You may contact OGIS in any of the following ways:
