VIA EMAIL AND U.S. FIRST CLASS MAIL

Dear Chairman Issa:

I am writing in response to your letter dated January 25, 2011, sent via email on January 27, 2011, in which you request the following information, records and explanations:

1. Provide the Federal Mine Safety and Health Review Commission's ("FMSHRC") FOIA logs for the five years preceding January 25, 2011.

Please see the attached logs for fiscal years 2006 through 2011 to date. Included in the email is the electronic version of the logs in Microsoft Excel format. Attached to this original letter sent by U.S. Mail is a hard copy of the logs, as well as a compact disk containing the logs in Microsoft Excel format.

2. On each log provided in response to Request No. 1, identify each FOIA request that was submitted more than 45 days prior to January 25, 2011 and to which FMSHRC has not yet issued a complete and final response.

All FOIA requests submitted more than 45 days prior to January 25, 2011 have been fulfilled with a complete and final response. Thus, FMSHRC has no FOIA requests that fit this description.

3. For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor.

Because FMSHRC has no FOIA requests that fit the description in Request No. 2, this question is not applicable.

Chairman Darrell E. Issa
February 11, 2011
Page 2

4. Identify any federal judicial action in which FMSHRC, within the five years preceding January 25, 2011, has been ordered by the court to pay any attorneys' fees or other litigation costs incurred by a FOIA requestor.

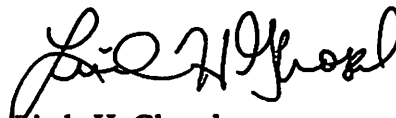

FMSHRC has not had any involvement in any federal judicial action concerning FOIA matters in the past five years preceding January 25, 2011.

5. For each federal action identified in response to Request No. 4, provide a copy of the court order.

Because FMSHRC has not been involved in any federal action identified in Request No. 4, this question is not applicable.

If you have any further questions, please do not hesitate to contact me.

Sincerely,
