This is in response to your Freedom of Information Act (FOIA) request, (GSA number 210487) dated December 10, 2011, in which you requested the following:

1. Copies of records provided to Congressman Darrell Issa in response to his January 2011 request for various data concerning the administration of the FOIA.
2. Copies of any correspondence with Congressman Darrell Issa's office regarding the January 2011 inquiry or the subject of FOIA in 2011.

Please find the enclosed documents in response to your request. However, in processing your request, we have withheld personal identifying information to include home phone numbers, home addresses, personal email addresses, and the names of non-federal employees. This is done in accordance with the sixth exemption of FOIA, 5 U.S.C. § 552(b)(6) because public disclosure of this information would constitute a clearly unwarranted invasion of personal privacy.

You have the right to appeal the denial of this information. To do so, you must write, within 120 days of your receipt of this letter, to the following address:

Freedom of Information Act Office (ADE)
U.S. General Services Administration
1275 First Street NE, Room 1221A
Washington, DC 20417

Your appeal must be in writing and should contain a brief statement of the reasons why you believe the requested information should be released. Enclose a copy of your initial request and a copy of the letter. Both the appeal letter and envelope should be marked prominently, "Freedom of Information Act Appeal."

Sincerely,

A handwritten signature in blue ink, appearing to read "Rodney P. Emery", with a long, sweeping horizontal stroke extending to the right.

The Honorable Darrell Issa
Chairman, Committee on Oversight
and Government Reform
House of Representatives
Washington, DC 20515-6143

Dear Mr. Chairman:

This letter responds to your inquiry dated January 25, 2011, requesting specific information regarding the U.S. General Services Administration's (GSA) Freedom of Information Act (FOIA) program. GSA applauds recent efforts to increase Government transparency and is happy to work with your committee to increase the effectiveness of FOIA for the public. According to GSA's 2010 FOIA Report, GSA only denied (in full or partially) 263 requests out of 1622 FOIA requests processed, or about 16 percent.

The following are GSA's responses to your specific requests:

Request No. 1: "Provide your agency's FOIA log(s) for the five years preceding the date of this letter, in Microsoft Excel or similar format that allows sorting by column or information category, including at least the following information: (a) the name of the requestor; (b) the date of the request; (c) a brief description of the documents or records sought by the request; (d) any tracking number assigned to the request by your agency pursuant to Section 7 of the OPEN Government Act of 2007; (e) the date the request was closed, if it is not still outstanding; (f) whether any records were provided in response to the request; and (g) any additional identification number or code assigned to the request by your agency for internal use."

GSA's Response: The enclosed spreadsheets, by year, (Tab A) provide the requested information. As requested, a copy will be provided electronically to your staff. GSA started using the Intranet Quorum (IQ) system in late 2007 to track FOIA requests and capture the relevant information requested. Therefore, GSA is only able to provide the seven fields requested in a searchable spreadsheet format beginning with October 1, 2007. Information between January 2006 and October 1, 2007, is provided as a list, but not all of the requested information is available.

Request No. 2: "On each log provided in response to Request No. 1, identify each FOIA request to your agency that was submitted more than 45 days prior to the date of this letter and to which your agency has not yet issued a complete and final response."

U.S. General Services Administration
1275 First Street, NE
Washington, DC 20417
Telephone: (202) 501-0800
Fax: (202) 219-1243

GSA's Response: GSA currently has two FOIAs that have not been completed prior to the date of this letter. They are IQ numbers 182190 and 183228. GSA has been communicating with the requesters throughout the processing stage and the requestors agreed to negotiated timeframes. Both requests have been complex in nature in that multiple contracts and voluminous task order information was requested

Request No. 3: "For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor."

GSA's Response: Copies of the communications between the requestors and GSA are enclosed under Tab B. Please note that this information is provided pursuant to a Committee request. Some information contained in these communications is protected from public release, so the contents should not be further disclosed.

Request No. 4: "Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorney's fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation."

GSA's Response: GSA has not been ordered by a court to pay any attorney's fees or other litigation costs incurred by a FOIA requestor.

Request No. 5: "For each Federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs."

GSA's Response: Since GSA has not been ordered to pay attorney's fees or other litigation costs, there is no applicable court order responsive to this item.

If you have any additional questions please do not hesitate to contact me. Staff inquiries may be directed to Mr. Rodney Emery, Associate Administrator, Office of Congressional and Intergovernmental Affairs. He can be reached at (202) 501-0563.

Sincerely,

Martha Johnson

251	Comments: Mr. Christopher Gunn is appealing the Agency's response to FOIA 116934. To date, Mr. Gunn has not received the information requested in his initial request, dated 20SEP2007. Upon receiving this correspondence, we obtained the aforementioned files from the FTP site. The download consisted of 24 zipped (compressed) files containing more than 145.54 MB of information. After opening just one of these compressed files, I found that it contained more lines of text than Microsoft Excel could handle. More over, many of the files contained more information than could be split between two Excel documents. Please note, Excel documents have upper limit of 65,536 lines. In our request, we specified that directing us to the Federal Procurement Data System would be unacceptable. The information provided to us, was essentially every contract action for FY 05 and FY 06. Given the volume of information provided, it is impossible for our organization to have to sift through and glean out the information request from several million lines of information. This information should be readily available to the general public. As you are aware, the Freedom of Information Act imposes upon all federal agencies an obligation to search for records that may be responsive to a request: (3)(A) Except with respect to the records made available under paragraphs (1) and (2) of this subsection, each agency, upon request for records which (i) reasonably describes such records and (ii) is made in accordance with published rules stating the time, place, fees (if any), and procedures to be followed, shall make the records promptly available to any person. (B) In making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format. Each agency shall make reasonable efforts to maintain its records in forms or formats that are reproducible for purposes of this section. (C) In responding under this paragraph to a request for records, an agency shall make reasonable efforts to search for the records in electronic form or format, except when such efforts would significantly interfere with the operation of the agency's automated information system. Warner's specific requests over the years, GSA has never provided a complete accounting of what transpired surrounding the loss. It is my understanding that the cognizant Human Resources officer, Ms. Cassandra Browner, is still on staff. Ms. Browner did not inform me of her discovery of the loss in November 2001 until the summer of 2002, when I requested that a certain document be faxed to another federal agency so that my job application would be timely and complete. It was only when I followed up a few days later, to confirm that Ms. Browner had faxed the document, that she admitted that my folder had gone missing the previous year.

394	Comments: Under the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting copies of: 1. Abstract of Offers ? Construction {Specifically: a) Unit Prices as quoted in the Schedule of Offers for all Offorers, and b) the Government Estimate.} and 2. If not included in the Abstract of Offers: The technical rating of all proposers. (Including J.C.N. Construction Co. who submitted a technical proposal but not a price proposal.) For: Solicitation # GS-01P-07-BZ-C-0013 United States Land Port of Entry Calais Maine. I am interested in the pricing and technical results because, as you are aware, my company, The Lane Construction Corporation, partnered as a dedicated subcontractor on this project with J.C.N. Construction Co, which is a Small Business Concern. We collaborated with J.C.N. and co-authored the technical proposal and had completed pricing our portion of the work and expected JC.N. to be bidding the work up until 2 days prior to the bid. Two days prior to the bid date, Steve Bennett of J.C.N. informed me that after compiling all their subcontractor quotes, our combined bid for the Calais Land Port of Entry project was going to be well over \$50 million dollars, while J.C.N. had expected the project to be around \$35 million dollars based on the size and scope of the work. As I believe you are also aware, J.C.N. felt they could not bid the work because the bid had skyrocketed past their expectations and there was way too much risk and uncertainty in the project. I am aware the project was awarded to J & J for \$48.3 million dollars, but I would also like to see the other official bids, and the results of the technical proposal ratings to know how we fared technically and how we would have fared price wise. If there are any fees for searching for or copying the records, please let me know and I will send a check. If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law. If you have any questions about handling this request, please contact me at the number or e-mail below.

These stores, known as Base Supply Centers (sometimes as JWAD) by military personnel and as GSA Stores by civilian personnel exist in cities from Portland, ME to Honolulu, HI. These supply stores serve as alternatives to GSAadvantage.gov as they offer regularly bought office supply items which can be purchased with a government-issued purchase card, applicable to orders not exceeding \$3,000. I am not clear as to whether or not civilian federal employees and military personnel are referring to the same facilities or not. I have had customers tell me these facilities exist and I would like to obtain contact information for these stores so that I may pursue any business opportunities if indeed any opportunities are present.

688	Comments: This is a request under the Freedom of Information Act (FOIA), 5 U.S.C. Sec. 552a, as amended. Your agency maintains a considerable volume of data. I am requesting a database on CD of all electronic records your agency maintains which include the Federal Employer Identification Number, also known as the FEIN, EIN, TIN, or Tax ID, exclusive of any Social Security Numbers (which we understand are confidential). In addition to the FEIN, we request the corresponding entity's name, address, and (if available), phone number and industry code (preferably NAICS, although SIC will do). No other information from your records is necessary. We understand that the FEIN, unlike a Social Security Number, corresponds to a business rather than an individual and as such is not considered private information. Many government sources at both the state and federal level make this data element available on a number of publicly disclosed forms and data sources.

690	Comments: Requesting expense records for Department of Defense employees and contractors. If these records are interpreted as "Classified" then that information can be given directly to the Richmond office of the Federal Bureau of Investigation and Congressman Bobby Scott as already mandated by the National Security Act of 1947. Please supply me with records of property that was either rented or purchased by Department of Defense employees and contractors in the metro Richmond, Va. area for the following addresses and time periods: 1) 43 00-4400 block of "Huguenot Road" from January 1985 until December of 1986. 2) 1801, 1901, 2000 "Dabney Road" from January 1991 until November of 1993. 3) 8500 block of "Mark Lawn Drive" from July 2001 until October 2002. I am not asking for any classified details but merely a ?yes or no? response: ?Did DOD employees or contractors use taxpayer funds to rent or purchase these properties? It should be noted that your response may be used in an Article Three court case involving potential criminal acts by DOD employees/contractors and you should answer as truthfully as possible in this matter. For background: This process started on January 14, 2008 and was ignored by the Pentagon Comptroller. The second FOIA request was addressed directly to Secretary of Defense Robert Gates' office on February 5 and Will Kammer of the DOD Freedom of Information Office responded back on February 26 directing me to your office at GSA. It should be noted that harassment followed these FOIA requests by persons with DOI) stickers displayed on their windshields which could be considered criminal retaliation for a U.S. citizen using a legal federal statute designed for U.S. citizens.

700	Comments: Appeal the denial of records for the lease located in Region 7,,GS-07B-14452. This is an appeal pursuant to the Freedom of Information Act, 5 U.S.C ?552 et seq. ("FOIA") from the December 3, 2007 FOIA Response of Scott Armey, Regional Administrator (the"FOIA Response") of the General Services Administration ("GSA"). Mr. Armey denied in part this Firm's October 3, 2007 FOIA request for documents to the Social Security Office (located at 7324 [Arena Two] Southwest Freeway, Suite 500, Houston, Harris County, Texas 77074) regarding lease #GS-07B-14452 (the "FOIA Request"). (True and correct copies of the FOIA Request and the FOIA Response are attached hereto as Exhibits A and B, respectively.) As set forth below, the Firm appeals GSA's partial denial of its FOIA Request on the grounds that the FOIA exemptions upon which GSA relies have no application to the instant FOIA request, and GSA failed to comply with its obligation under FOIA to identify with specificity the documents it has withheld. The undersigned further reserves the right to supplement this appeal following an appropriately detailed response to the FOIA Request by GSA.

1163	Comments: Ms. Kathleen Kingsley has informed me that while she is looking into the records of the Pension Bldg for the months of November and December 1971 to ascertain who rented the offices on the first floor during that time, that you may be contacting me per the Freedom of Information Act in order to obtain these records. I am doing a research on a legal case and discovered that a case was held in the Pension building in November and December of 1971 on the first floor. I have further ascertained that the D.C. Superior Court did not move into the Pension Bldg until 1972 through 1979 from the old City Hall. It is very important to my research to find out who rented offices during those two months of November and December in 1971 on the first floor of the Pension Bldg at 401 F Street NW DC. I do not need schematics of the floor or a drafting sheet of the floor, but it would be nice to find out which office followed which office so that I can mark them off on a sheet of paper as to who rented those offices. Squares drawn on a blank piece of paper with no's on them will suffice as offices. or if I could be told what number began and what number ended for offices on the first floor. I have to match the office with the lessee in some manner in my research. I hope that you will accept this as an electronic FOIA request for a copy of those records or the name of the organization, corporation, association, or individuals who rented offices on the first floor of the Pension Building in November and in December of 1971 and that you will accept my signature on this email as an electronic signature on a FOIA request for this information. please let me know.

RSA Ch. 123:2 exempts the land and buildings here from state, county and local property taxes, I'd also like to know what, if anything, is paid to the state, county +/- or city in lieu of taxes plus water/sewer bills, etc., like some non-profits pay. 5* And finally for now, this additional* question, since I've had to type this up, rather than have had a copy of my original letter merely relayed over to you for an answer: of what the rental fees are for each rental unit, \$_____ x #___ = \$_____ total for both buildings, plus the square footage for each, to find out the cost of \$_____ per square foot, and to WHO is your landlord-receiver of these payments, and on what basis? yearly, quarterly, or do you charge for payments by the month, and if so, when usually due? The first of every month? Also a copy of the audit of these payments having been received in compliance with the law. Yours truly, - - - - - Joseph S. Haas, P.O. Carol Shea-Porter is looking into this, and so a cc: To Federal Rep. Paul Hodes too who is your Federal Rep. in Concord.

1444	Comments: Our bank, First Southern National Bank (FSNB) in Statesboro, GA, is looking at financing a secondary lien on the Federal Building located at 320 Main St, McAllen, TX. I obtained your name from the lease agreement provided by our client, The McAllen, LLC, and wondered if you had some information concerning the property. Specifically, I am interested in finding out if an Assignment of Rents and Leases had been recognized by GSA from the primary lienholder, First National Bank in McAllen, TX. It is my understanding that Texas law does not allow for multiple Assignments of Rents and Leases to be recognized on a single property. If GSA does have record of a previous Assignment being recorded, then we (FSNB) will not pursue the Assignment. However, if there is not a current perfected Assignment of Rents and Leases on the property, then prudent underwriting guidelines will guide us to pursue one. I'm not sure if you would have the information that I have requested above, however any help on this matter would be appreciated.

90	Comments: I am requesting the following information under the Freedom of Information Act. I would like to have access to two permits issued for two separate demonstrations at the pentagon. 1. the Levitate the Pentagon March, which occurred on and around October 21st, 1967. David Dellinger was the demonstration coordinator with the National Mobilization Committee to End the War in Vietnam. from what i understand from newspapers written at the time, the GSA negotiated the permit with the demonstrators regarding the routes for their march, use of the North parking lot near the Pentagon for sit-ins and vigils, what buildings they were and weren't allowed to enter, timeframes, and repercussions for violating terms of the permit. Harry R. VanCleve was the GSA employee connected to the permits as mentioned in the New York Times (oct 18, 1967). 2. the second demonstration was on March 17, 2007, also to the pentagon. the organization coordinating the march was the ANSWER (Act Now to Stop War and End Racism)coalition. Brian Becker was the national coordinator for ANSWER at the time, and the main demonstration sponsor. i appreciate your help in finding these documents. being able to read them directly would go a long way towards helping me conduct my research, rather than relying on the media's interpretation of the events. please feel free to contact me if i need to provide more or clarifying information.

Indigo Engineering Group has been contracted to provide a Geotechnical / Environmental Investigation and Report for a proposed project in the Anacostia River near The Yards development in SE DC, being managed by Forest City. The project involves constructing floating docks, fixed piers and existing bulkhead adjustments (existing bulkhead concrete pile cap elevations run from +3.5 to +7.5) in the Anacostia River as part of The Yards development project in SE DC near the new Nationals Baseball Stadium. The Yards is the development immediately west of the existing Navy Yard. Indigo Engineering Group has been tasked with doing some research and investigation related to the soils in this area in order to identify any geotechnical issues that may impact the proposed work. We are trying to get information regarding any boring logs, dredging information, existing bulkhead design/plans, and related reports at The Yards, as well as any other pertinent information that would help us to determine what types of soils are present and what considerations need to be taken when constructing the new pier system.

In keeping with the new administration's stated intention to improve government transparency, the public should have access to information about how the .gov top-level domain is administered and utilized by public officials. Though I understand that such requests have been refused in the past, I would point out that .gov Web sites are publically accessible and that .gov registration information is available on an individual basis through the GSA's Whois service. The aggregation of this information should not change its nature. Moreover, lists of .gov addresses from several years ago are currently available online.

438	Comments: January 26, 2009 FOIA Officer Information Management and Administrative Policy Division General Services Administration 1800F Street, NW, Room 7123 Washington, DC 20405-0000 FOIA REQUEST - Fee waiver requested Dear FOI Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. ? 552, I request access to and copies of I need to know the date when President Obama resigned his Senate Seat and ceased collecting his salary? Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. I need this information for no personal or business profit. President Obama's Senate office wrote me a rather insulting, dismissive letter saying he no longer represented the citizens of Illinois and I'm interested if he was still collecting a Senate salary at that time. Ifhe was it certainly indicates an ethical and possibly a criminal issue which would certainly be in the public interest to pursue. Thank you. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. J, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your reply

780	Comments: FOIA inquiries regarding the African Burial Project. Specifically: 1. I would be grateful for copies of amendments to GS-02P-93-CUC-0071 subsequent to modification PA33 on June 29, 2007. Has that contract ended? What is its total cost to date? 2. In a letter to me of July 13, 2007, GSA reports that the total amount of the John Milner Associates contract to date is \$7,458,566.68. Can you tell me the current figure, and can you, please, tell me how much of this is for OPEI and OPEI-related services? 3. I here request copies of Michael Blakey's Progress Reports to GSA, and reactions and/or responses to these Reports by GSA officials. If other contractees wrote Progress Reports, I would be grateful for these documents and GSA reactions. 4. E-mails from Dr. Jerome Rose to Mr. Peter Sneed, September 8 and September 21, 1998. 5. Letter from GSA's Robert Martin to Michael Blakey, December 23, 1998.

1153	Comments: Info: I am an individual seeking information for personal use and my request is for records that pertain to a particular lease contract between the General Services Administration / Public Buildings Service and a vendor, Archstone Communities LLC. According to information I retrieved from the Federal Procurement Data System website (www.fpds.gov), the ?Award ID? of this contract is GS02B2291008213, and it was signed / effective on 07/01/2008 and completed on 09/30/2008. The Federal Procurement Data System website indicates that the ?Principal Place of Performance? for this particular lease contract was New York, New York, 10017. However, the website for Archstone Communities (www.archstoneapartments.com) indicates that their company does not own any property for lease in the 10017 zip code. Therefore it appears that the information recorded as the principal place of performance for this lease contract indicates a location other than that of the actual property leased. I am requesting only the records needed to positively identify the location (State, City, and Zip Code) of the actual space leased under the terms of this particular contract.

1307	Comments: This is a request under the Freedom of Information Act, 5 U.S.C. ? 552. I am trying to determine how much many child support debtors are held by the CCR controlled by GSA. Specically, I am requesting copies of: 1. The CCR extract data and history of Maximus, Inc from 1999 to present. Maximus, Inc is a federal contractor that administers and is paid by SSA Title IV-D funding to help provide state and local governments federal welfare programs. Allegely, Maximus, Inc was ordered by a judge to pay back \$25 million of funds misused by employees. We are esspecially interested in Maximus, Inc activities in San Diego County. We would like to get all extract history and grant or contract award history to shed light on these issues. 2. Request the name of the reporting agencies that provided the data for inclusion into CCR. 3. We would like to know what the flow and how data is gathered for inclusion into CCR. 4. We would like to know mechanisms that CCR uses to prevent Debarred or Blacklisted contractors are identified in CCR. 5. Request the name of the person, job title, phone number, extension, dept, and personal e-mail address of the person responsible for CCR FOIA disclosures.

In addition, I am requesting the same for the GS14 FEB position that I was determined to be not qualified." The following information was provided in a 21SEPT2009 email: Approximately twelve days ago, I received a FEDEX shipment from Chris O'Brien in HR regarding my FOIA request. The shipment did not contain what I requested nor an explanation of what was not provided. It did not contain the agency's last annual regional diversity report as requested. Also, the package contained what appeared to be a rather unofficial looking copy of quarterly diversity statistics which appeared unidentified/unlabeled. Also, while I realize that HR produces this report for management, I asked for copies of any applicable emails concerning this report or issues associated with this report which there were none. Since this answer to my FOIA was incomplete, I was wondering if you might expedite any applicable follow-up answer.

The media reported the following: "The General Services Administration has issued a Request For Quotation for cloud storage, Web hosting, and virtual machine services." See for example: http://www.informationweek.com/news/government/cloud-saas/showArticle.jhtml?articleID=218900541 Media articles point to a scribd.com link which carries a portion of the RFQ. Downloading that portion of the RFQ from scribd.com requires registration with scribd.com. That is not an appropriate requirement for accessing government materials. I wonder if you can provide me with either a copy of the referenced RFQ, or a link where I can download it from the GSA website.

A copy of the FOIA request(s) and submission(s) were forwrded in the form of a CD-ROM (Files 15?A0012 and 15?A0013). NIST referred the document to GSA for review and consultation prior to its response to the FOIA requesters. There are two (2) separate lawsuits filed on May 28, 2009 and June 15, 2009 for the records which GSA, Public Buildings Service Region 2, Real Estate Acquisition Division/Judiciary Branch (2PRJ) has in its possession. NIST would like an expedited review of the documents and GSA/Region 2's response to NIST regarding GSA/PBS's views on the application of any FOIA exemptions. Response should be made to Catherine S. 1373	Comments: I am requesting copies of two current government contracts currently held by The Rendon Group in Washington, DC. Specifically, this FOIA seeks: 1. Copies of the original contracts GS-10F-0144L and GS-23F-0405K. The Freedom of Information Act directs that expedited treatment should be provided when a request is "made by a person primarily engaged in disseminating information" and there is an "urgency to inform the public of actual or alleged Federal Government activity." 5 U.S.C.A. ? 552(a)(6)(E)(v)(II). Clearly, The Associated Press is a news organization "primarily engaged in disseminating information," and an "urgency to inform" exists because (1) the information relates to a currently unfolding story, (2) delaying release of the information harms the public interest, and (3) the request concerns federal governmental activity. Al-Fayed v. CIA, 245 F.3d 300 (D.C. Cir. 2001). The Rendon Group is actively assisting U.S. military authorities engaged in combat and reconstruction operations in Afghanistan. The Associated Press and other media outlets have written previously on The Rendon Group's work for the government and are continuing to follow the company's performance of these contracts. Therefore, I am requesting this FOIA submission be processed in an expedited manner to continue reporting on a subject of interest to American taxpayers.

152509	FOIA Request	08/26/2009	Mrs. Kelly Edwards	2A New York	1-Full Denial	12/31/2009
1386	Comments: Request information (such as contracting officer, contracting duties, contracting price, contracting end date, length of contract, and contract up for bid dates) for the following companies working on the Marshalling Contract: Bordentown, (Auction) NJ Manhiem, (Auction) Newburg, NY Mainmobility, Clarence, NY Liberty Collision , Syracuse, NY Supplemental request submitted on 9/28/09: I am requesting the totals for vehicles sold per contract, contract award amount for each contract, and the cost of repairs on used vehicles/ turn-ins for each year of the above contracts. Also, I would like a copy of all names and amounts of unsuccessful bids on these contracts. Are the new and used vehicle marshallings done on the same contract? For example, Main Mobility has \$145 for new cars and \$170 for used cars. Are those two separate contracts or one contract? Third supplemental request received on 11/16/09: This is my clarification, as per your request, for FOIA # 152509. To simplify matters, could you please give me the original completed award contract for new car marshalling zones 1 and 2 for years 2008 and 2009, used car marshalling zones 1 and 2 for years 2008 and 2009, sale vehicles for zones 1 and 2 for years 2008 and 2009 even if they are done in a different geographic zone. We want the amount spent/budget for body and mechanical work performed for years 2008 and 2009 for sales/auction vehicles zone 1 and 2, even if performed in a different geographic zone. As vehicles may be turned in at one geographic zone, repaired and auctioned in different zones, please provide me with the budget for 2008 and 2009 for all transportation costs. Please make sure we are corresponding about GSA marshalling zones 1 and 2, not ARRA marshalling, as I did receive a blank ARRA for Bordentown and Manheim

1472	Comments: This letter constitutes an administrative appeal under the Freedom of Information Act (FOIA), 5 U.S.C. 552, of the determination by the General Services Administration, Greater Southwest Region with regard to a FOIA request filed August 14, 2009. By letter of August 24, 2009, GSA denied a subsequent review and release of material that was withheld from the initial release of the contract between the Recovery Accountability and Transparency Board and Smartronix, Inc. In his letter, George Prochaska argued that the information was protected under Exemption (b)(4) of the FOIA. I request that the GSA reconsider the broad application of Exemption 4 to the responsive document.

1489	Comments: Approximately twelve days ago, I received a FEDEX shipment from Chris O'Brien in HR regarding my FOIA request. The shipment did not contain what I requested nor an explanation of what was not provided. It did not contain the agency's last annual regional diversity report as requested. Also, the package contained what appeared to be a rather unofficial looking copy of quarterly diversity statistics which appeared unidentified/unlabeled. Also, while I realize that HR produces this report for management, I asked for copies of any applicable emails concerning this report or issues associated with this report which there were none. To help clarify the latter part of my request, I am looking for each quarterly copy of Region 5's diversity statistics for the past two years and any communication associated with the distribution of such quarterly reports (i.e. emails distributing the reports, staff minutes which reference these reports, etc.). Since this answer to my FOIA was incomplete, I was wondering if you might expedite any applicable follow-up answer.

157847	FOIA Request	12/01/2009	Mr. Eric Brooks National Labor Relations Board Union	5A Chicago	2-Partial Denial	12/09/2009
261	Comments: "This letter is to request a Vaughn index in connection with your November 3, 2009 partial denial of the National Labor Relations Board Union's October 2, 2009 request for information under the FOIA. (The NLRBU's request for information and your partial denial of the request are attached to this e-mail communication.) The NLRBU sought the following information that was denied by GSA: The NLRBU also requests copies of all communications with the National Labor Relations Board (NLRB) concerning the potential relocation of the NLRB Minneapolis office from its current location at 330 South Second Ave., Suite 790, Minneapolis, MN, since January 1, 2006. Finally, the NLRBU requests copies of GSA communications [sic] reflecting communications with the NLRB, including notes, memoranda, data, and e-mail discussions, concerning the potential relocation of the NLRB Minneapolis office from its current location, since January 1, 2006. Your November 3 partial denial of the Union's FOIA request withheld all communications between the NLRB and GSA. Your stated rationale for withholding those communications was as follows: That information is not releasable under the fifth statutory exemption of the 1701A, 5 U.S.C. 552(b)(5). This exemption permits an agency to withhold information such as "inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency." Under 5 USC 552(b)(5), the limitations on disclosure turn on a two-part determination - that the material constitutes inter-agency or intra-agency communications and that such materials would not be routinely available by law to a party in litigation with the Agency. In order to evaluate why each document is putatively exempt from disclosure we need a detailed listing providing the following information: (1) the nature of the document, communication, or thing (i.e., a description of whether it is an e-mail, memorandum, letter, report, meeting notes, record of telephone conversation, etc.); (2) the person(s) to whom the document or communication is directed (including all parties who received copies of the document); (3) the drafter or author of the document or communication; (4) the date of the document or communication; (5) the general subject matter of the document or communication; and (6) the nature of the privilege claimed and how it applies to the specific item at issue.

Assuming ordinary, not most favored prices, to be open market commercial prices, and the vendor honest and sincere, the applicant might well have opted not to designate his fair and open market prices as secret; 2) in the alternative, a copy of the vendor's notation barring release in the case there is such designation permitting the agency's withholding the completed CSP-1 Form; 3) a copy of each report submitted by Ward Diesel Filter Systems and its alter ego companies which reports a price reduction, or sales less than Federal Supply Schedule with dates, but redacting those portions deemed to be sensitive or confidential in your interpretation of the FOIA; 4) In the alternative, a statement that there were no price reductions reported during the term of the contract and its renewals; 5) as well as the previously requested but unfulfilled production of correspondence with Ward detailed in the first paragraph.

800	Comments: Requester Mr. Martin Lubovski, President Products Engineering Corp. (PEC), "PROTEST" the award of E&R Industrial on NSN 5210-00-241-3599 and have filed a GAO Protest to this award. Request to see the Engineering Department's report and testing records where GSA evaluated the item that E&R offered. PEC also request GSA identify whose item E&R Industrial is offering. PEC want to know the details of how the evaluation was done to determine that the item met the IPD and all specifications as to accuracy compliance and country of origin, etc. In September 2009 on another bid, PEC was told the evaluation process may take up to two (2) weeks and do not believe enough time has passed to conduct a proper evaluation. PEC has protested the award of this item to other companies on other occasions in the past and the products were later determined not to meet the specifications. PEC does not believe the E&R Industrial item meets all of the specifications and are requesting copies of all evaluation and testing done prior to the award under the Freedom of Information Act. We are the US manufacturer of this item and have supplied this item to GSA consistently for many years. We have been manufacturing squares since 1960 and have been a valued supplier to the GSA for over 40 years.

Dear Ms. Guidos:

Thank you for your Freedom of Information Act (FOIA) request, dated November 2, 2010, in which you requested "the following information pertaining to the above-referenced contract:

- Total RFP
- RFP Sections L and M
- Source Selection/Decision Documents

Enclosed is a copy of the requested information. However, the Source Selection/Decision Documents, Source Selection Debriefing Slides, Pre-/Post-Neg. Bus. Clearance Memo. and Abstract has been withheld pursuant to 5 U.S.C. § 552 (b)(5), as these are pre-decisional agency record.

This constitutes a partial denial under FOIA. You may appeal this decision to the General Services Administration no later than one hundred and twenty (120) days from receipt of this decision by writing to the following address:

Freedom of Information Act
Executive Secretariat Division (ADE)
General Services Administration
1800 F Street, NW, Room 3116
