FOIA 2012-1301

February 3, 2012

Re: Request for Records Provided to Honorable Chairman Darrell Issa

I am partially responding to your Freedom of Information Act (FOIA) request dated December 10, 2011 which you subsequently re-submitted with your signature on December 19, 2011. You requested two types of records:

- 1) an electronic copy of the records provided to the Honorable Chairman Darrell Issa, whose office had in January 2011 asked PBGC for various data concerning the administration of the FOIA.
- 2) a copy of any correspondence whatsoever sent to Chairman Issa's office on the subject of the January 2011 inquiry, and any correspondence sent during calendar year 2011 to Chairman Issa's office on the subject of FOIA.

Pursuant to Item 2 of your request, I am providing a copy of PBGC's first submission, responses to Items 2-5, of Chairman Issa's request consisting of 160 pages. This information is being released in its entirety. In response to Item 1 of your request, we must review the FOIA log which consists of approximately 12,393 requester names. Any protected information will be redacted and the rationale will be explained in the final letter.

The final response will include an explanation of any exemptions used to withhold information along with an itemized statement of charges. If you have questions in the interim, please feel free to contact Ms. Betty Gamez, of my staff, at (202) 326-4040.

Sincerely,

E. William FitzGerald

Honorable Darrell E. Issa
Congress of the United States
Committee on Oversight and Government Reform
House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515-6143

Dear Chairman Issa:

I am responding to your inquiry dated January 25, 2011, requesting information, records, and explanations relating to the following five items: 1) the PBGC's FOIA log for the past five years; 2) identification of each FOIA request, made 45 days prior to the date of your letter in which a final response has not been issued; 3) all communications between PBGC and the requesters identified in item 2; 4) identification of any federal judicial action to pay attorneys' fees or other litigation costs; and 5) a copy of the court order described in item 4. To date, we have expended 74 labor hours gathering the requested information and we anticipate 300-400 labor hours will be spent to produce the remaining information. I appreciate the Committee's granting me an extension of time to respond to the entirety of the request and I anticipate sending an additional response within the next two months.

Pursuant to your request, I now am producing the following information and documents described below:

- **Response to Item 1:** Using the format you described, we are attempting to generate a FOIA log for the past five years. Our initial review of the metadata which would comprise the FOIA log reveals, within the past five years, the PBGC has received more than 24,000 FOIA and Privacy Act requests. While the PBGC uses a data and image enabled electronic FOIA case management system to maintain requests, assign tracking numbers, and process responsive documents, the output for the descriptive data you've requested, for 4 of the 6 columns—items 1a, 1b, 1c and 1e—are populated in free-form text fields and must be manually reconciled against actual case file folders to ensure the accuracy of the metadata.

Over 93% of our annual requests involve access to participant data. The PBGC mostly receives first-party and third-party Privacy Act requests, but as you know, agencies are required to also process Privacy Act requests in accordance with the FOIA to ensure the widest range of disclosure. In third-party Privacy Act requests, we enter and maintain the participants' names in our electronic FOIA system because the participant is generally the subject of these types of requests;

request queries are conducted using the participant's name. Therefore, the metadata for the requested format, described in item 1a of your letter, is commingled with the participants' name. Unlike FOIA and Privacy Act requesters' names, PBGC participants have an expectation of privacy in third-party requests and we want to make sure their names are protected and not inadvertently disclosed.

Therefore, in the interest of providing you the most accurate data possible and protecting the privacy of the participants named in our third-party requests, we need additional time to manually conduct a quality assurance review by accessing a sample of actual case file folders, for the 24,000 requests, received in the last five years, to resolve these types of input issues.

- **Response to Item 2:** The metadata revealed eight cases that were submitted more than 45 days prior to the date of this letter and a final letter has not been issued. The requests we have identified so far are attached as Enclosure 1. However, every one of the requesters listed has received an interim production of records. Initial searches for responsive documents, for these pending requests, have located over 30,000 records with an estimated minimum of 2,000 pages of responsive documents to each of the requests. Due to the voluminous nature of these requests, we have issued interim responses and have already released thousands of pages to these requesters. The remaining responsive documents are in our processing queue to be reviewed, redacted if appropriate, and released. Any additional requests, meeting this criteria, will be identified in our updated response to you.
- **Response to Item 3:** Enclosures 2A, 2B, 2C, 2D, 2E, 2F, 2G, and 2H, contain the communications between PBGC and the requesters identified in Item 2 above.
- **Response to Item 4:** The PBGC has never been ordered to pay any attorneys' fees or other litigation costs. Negative response can be found at Enclosure 3.
- **Response to Item 5:** Not applicable. Negative response can be found at Enclosure 4.

If you have additional questions, please contact me at (202) 326-4040.

Sincerely,

E. William FitzGerald
Disclosure Officer

FOIA REQUEST - VIA FACSIMILE TRANSMISSION

E. William Fitzgerald
Disclosure Officer
Pension Benefit Guaranty Corporation
1200 K Street N.W.
Washington, D.C. 20005

Dear Bill:

As we discussed this afternoon, I am requesting, under FOIA, that you provide me with records of:

- (1) settlement agreements relating to potential liabilities under ERISA Section 4062(c) that were executed by PBGC on or after January 1, 2005,
- (2) correspondence (including by email) dated on or after January 1, 2005, between PBGC and a representative of a pension plan, or of any member of a controlled group maintaining a pension plan, that references ERISA Section 4062(e), regardless of whether there is a settlement agreement or, if so, its date of execution by PBGC,
- (3) correspondence (including by email) that responds to or otherwise relates to records described in request (1) or (2), above, and
- (4) memoranda or other communications (including by email) within PBGC that relate to records described in requests (1), (2), or (3), above.

There is no need to include any records that were provided to me in response to FOIA Request 2008-4003. (Please note that, because the current request is broader than FOIA Request 2008-4003, records that predated PBGC's response to that prior request may be responsive to the current request.)

I request that, to the extent possible, you provide the requested information in electronic form. Please email the electronic file(s) to me at haroldashner@keightleyashner.com or send

Mr. E. William Fitzgerald
March 26, 2009

them to me at Keightley & Ashner LLP, One Metro Center, 700 12th Street, N.W., Suite 700, Washington, DC 20005.

I am hopeful that the information I am requesting is readily available in PBGC's records and thus will not be burdensome for PBGC to provide. (Many of the records are likely to be in case files maintained by OCC or DISC relating to ERISA Section 4062(e) enforcement matters.) However, if providing this information is likely to require significant PBGC resources or result in a significant delay, please let me know so that we can work together with a view toward narrowing the scope of the request. If some of the information is readily available and other information will take significant time to locate and provide, please provide me with the readily available information as soon as possible.

I authorize fees of up to \$500 for this request. If the fees are expected to exceed \$500, please call me at (202) 558-5150 before proceeding with the request.

Please let me know if you have any questions.

Sincerely,

Re: Freedom of Information Act Request

Dear Bill:

We are requesting the following information under the Freedom of Information Act:

For the period of January 1, 2005 to the present, all settlement agreements, Trusteeship Decision Records and supporting memoranda involving distress or involuntary terminations with respect to not-for-profit entities, including but not limited to hospitals, nursing homes, charitable organizations, or any other organization operated on a not-for-profit basis.

If possible, we would prefer to receive the information in electronic form, ideally with searchable text. We request that you provide a partial response with whatever information is available if other information will take a significantly longer time to provide. Please of course call me if providing the requested information becomes unduly burdensome, and we will be happy to discuss the scope of our request with you at that time. We authorize charges under 29 CFR 4901.31 of up to \$250. Please let me know if you have any questions or if the charges will exceed \$250.

Thank you in advance for your cooperation.

Sincerely,

Re: *Paulsen, et al. v. CNF, Inc., CNF Service Co., Inc., Administrative Committee of the Consolidated Freightways Corporation Pension Plan, Steven D. Richards, James R. Tenner, Robert E. Wrightson, Towers, Perrin, Forster & Crosby, Inc., and Pension Benefit Guaranty Corp.*
United States District Court, Northern District of California
Case No. C 03-3960 (JW)

Dear Mr. Fitzgerald:

As you may recall from our prior FOIA request, this firm represents the Defendant Towers, Perrin, Forster & Crosby, Inc. ("Towers Perrin") in the above-referenced case (the "Action"), in which the Pension Benefit Guaranty Corporation ("PBGC"), in its capacity as trustee of the terminated Consolidated Freightways Corporation Pension Plan ("CFC Plan"), was previously a named defendant.

Towers Perrin submits the following FOIA requests for documents relevant to the Action:

1. All documents that refer or relate to the valuation of the obligations of the CFC Plan at the time of the 1996 spinoff of the CFC Plan.
2. All documents that refer or relate to any of the actuarial assumptions used in valuing the obligations of the CFC Plan at the time of the 1996 spinoff of the CFC Plan.
3. All documents that constitute, evidence or refer to communications between PBGC, on the one hand, and Consolidated Freightways, Inc. ("CNF") or Consolidated Freightways Corporation ("CFC"), on the other hand, relating to the 1996 spinoff of the CFC Plan.

Mr. Bill Fitzgerald

4. All documents that constitute, evidence or refer to communications between PBGC and Towers Perrin relating to the 1996 spinoff of the CFC Plan.
5. All documents that constitute, evidence or refer to communications between PBGC and CFC relating to the CFC Plan, whenever dated, including, but not limited to, communications relating to annual PBGC premium payments and annual Form 4010 filings.
6. All documents that constitute, evidence or refer to communications between PBGC and CFC relating to the possible or actual termination of the CFC Plan.
7. All documents that constitute, evidence or refer to communications between PBGC and Towers Perrin relating to the possible or actual termination of the CFC Plan.
8. All documents that refer or relate to PBGC's determination, reflected on page 1 of the September 7, 2006 Actuarial Case Memorandum for the CFC Plan attached hereto as Exhibit A ("PBGC Case Memo"), that the Present Value of the CFC Plan's Total Benefit Liabilities, as of the Date of Plan Termination, totaled \$464,752,606.
9. All documents that evidence, refer or relate to the actuarial assumptions used by PBGC in calculating the Present Value of the CFC Plan's Total Benefit Liabilities, as of Date of Plan Termination, including but not limited to, the expected retirement age, mortality table, and discount (or interest) rate assumptions.
10. All documents that evidence, refer or relate to PBGC's determination, as trustee of the terminated CFC Plan, that it would not pursue any claim against Towers Perrin relating to actuarial services provided by Towers Perrin relating to the CFC Plan.
11. All documents that constitute, evidence or refer to communications between PBGC and any attorney(s) for, or representative(s) of, the plaintiffs in the Action.
12. An identification of the original date of hire of each of the CFC Plan participants listed on Attachment E of the PBGC Case Memo.

We would appreciate your earliest possible response to these requests as discovery is active in the case. If there is any aspect of the requests that needs clarification, please do not hesitate to contact me.

Very truly yours,

FOIA REQUEST—VIA FACSIMILE TRANSMISSION

E. William Fitzgerald
Disclosure Officer
Pension Benefit Guaranty Corporation
1200 K Street, N.W.
Washington, D.C. 20005

Dear Bill:

This is a request under the Freedom of Information Act for the following records relating to any standard termination for which a Post-Distribution Certification ("PDC") (PBGC Form 501) was filed with the PBGC on or after January 1, 2005, with an entry of 500 or more in Column (1) ("TOTAL") of Item 9e ("# of Participants or Beneficiaries"):

- (1) The PDC filed in connection with the standard termination;
- (2) Any initial determination issued by PBGC in connection with an audit of the standard termination;
- (3) Any reconsideration decision issued by PBGC in connection with a request for review of such an initial determination; and
- (4) Any email or other correspondence with the Department of Labor relating to the standard termination.

I am hopeful that the information I am requesting is readily available in PBGC's records and thus will not be burdensome for PBGC to provide. However, if providing this information is likely to require significant PBGC resources or result in a significant delay, please let me know so that we can work together with a view toward narrowing the scope of the request.

If any of the records is expected to take significantly longer than other records to provide, I request that you provide the records that are available as soon as possible rather

Re: Post-Distribution

Dear Mr. Ashner, Esq.:

I am writing to acknowledge receipt of your request dated September 22, 2009. If we find upon review that your request is complete and you have authorized any applicable fees, we will attempt to respond to your request within twenty business days of receipt. We will notify you within that period if we must extend the time limit to locate and process requested records.

If you have any questions in the interim, please call (202)326-4040.

Re: Post-Distribution Certification

Dear Mr. Ashner:

I am responding to your Freedom of Information Act (FOIA) request dated September 22, 2009, concerning the above-captioned subject. Pursuant to your request, enclosed is an excel spreadsheet listing the standard termination "for which a Post-Distribution Certification ("PDC") (PBGC Form 501) was filed with the PBGC on or after January 1, 2005, with an entry of 500 or more in Column (1) ("Total") of Item 9e of form 501. The spreadsheet lists the PBGC case number, EIN, PIN numbers, the Post-Distribution Certification (PDC) date, Plan and sponsor name, as well as the number of participants. Please note there maybe duplicate entries with this spreadsheet and the spreadsheet contained in FOIA 2009-4377.

In addition, we have expended 1 hour of search/review time and thirty minutes of computer access for processing this request. Therefore, charges incurred to date for search/review and computer access are approximately \$46.00.

We will continue to search and review documents and make additional releases as the documents become available. Our final letter will include information on any material withheld, provide appeal rights and enclose a final Statement of Charges incurred under this request. If you have any questions in the interim, please call Debbie Melvin at (202) 326-4040.

Re: Post-Distribution Certification

Dear Mr. Ashner:

This is a partial response to your Freedom of Information Act (FOIA) request concerning the above-captioned subject. Pursuant to your request, I am enclosing a CD containing the Post-Distribution Certifications ("PDC") (PBGC Form 501) with an entry of 500 or more in Column 1. This information is in PDF format. Please note we have combined FOIA 2009-4376 and 2009-4377, due to the fact that the entities in the spreadsheets previously provided to you are duplicative.

With regards to your request for *audit files, reconsideration decision by PBGC, and any email or correspondence*, our search indicates of the 66 companies listed on the spreadsheet, all but 3 involve an audit. You have authorized \$500.00 per FOIA request for search/review fees, for a total of \$1,000.00 to process both your requests. I estimate that it will take approximately 2 hours to review each file, thus we may exceed your \$1,000.00 limit. As of the date of this letter, PBGC has expended 9 hours of search/review time, and \$60.00 for computer access for processing both FOIA requests therefore; charges incurred to date are approximately \$204.00 for processing both FOIA requests.

If you choose to reformulate or reduce the number of standard termination files, please notify me in writing, stating the files you wish to eliminate. Please note that search/review fees are chargeable even if records are identified but deemed non-discloseable.

Harold Ashner, Esq.

I am suspending processing of both requests until I receive a written statement indicating how you want to proceed. My final letter will include information on any material withheld, provide appeal rights and enclose a final Statement of Charges incurred under both requests. FOIA REQUEST - VIA FACSIMILE TRANSMISSIONE. William Fitzgerald
Disclosure Officer
Pension Benefit Guaranty Corporation
1200 K Street N.W.
Washington, D.C. 20005

Dear Bill:

As I discussed this morning with Debbie Melvin of your staff, I am requesting, under FOIA, that you provide me with records of refunds of, or credits for, PBGC premiums based on *amended* premium filings for post-2003 premium payment years, where the refund or credit amount exceeded \$25,000. This would *not* include records of any refunds or credits that are based solely on a large plan's reconciliation of an *original* final filing for a premium payment year with its "estimated" flat-rate filing for the same premium payment year. This also would *not* include records of any refunds or credits that are based solely on a large plan's reconciliation of an *original* variable-rate reconciliation filing for a premium payment year with its "estimated" variable-rate filing for the same premium payment year. Please note that this is a request for an update to FOIA Request No. 2008-4004.

Please include the name and EIN/PN of the pension plan, the premium payment year for which the refund was issued or the credit was taken, the information reported on or with the amended filing (including the explanation supporting the amended filing), and any correspondence relating to the refund or credit request between PBGC and representatives of the plan or controlled group maintaining the plan.

I request that, to the extent possible, you provide this information in electronic form (preferably Microsoft Access). Please email the electronic file(s) to me at haroldashner@keightleyashner.com or send them to me at Keightley & Ashner LLP, One Metro Center, 700 12th Street, N.W., Suite 700, Washington, DC 20005.

I am hopeful that the information I am requesting is readily available in PBGC's records and thus will not be burdensome for PBGC to provide. However, if providing this information is

Mr. E. William Fitzgerald

likely to require significant PBGC resources or result in a significant delay, please let me know so that we can work together with a view toward narrowing the scope of the request. In addition, if some of the information (e.g., a listing of refund or credit amounts with the identification of the plan and plan year involved) is readily available and other information (e.g., correspondence relating to a refund or credit request) will take significant time to locate and provide, please provide me with the readily available information as soon as possible.

I authorize fees of up to \$250 for this request. If the fees are expected to exceed \$250, please call me at (202) 558-5150 before proceeding with the request.

Please let me know if you have any questions.

Sincerely,

Re: Overpayment on Amended Premium Filings

Dear Mr. Ashner:

I am responding to your Freedom of Information Act request regarding the above-captioned subject. Pursuant to your request, I am enclosing a CD in Microsoft Excel format containing the amended premium filings data with the EIN, PN, plan number, the PYC, PYE and the amount of overpayment for post-2003.

In addition you requested the underlying "correspondence relating to the refund or credit request between PBGC and representatives of the plan or controlled group maintaining the plan." Please note that the search for these records would require a manual review of both paper and electronic files. Therefore, the search and review for the requested documents would involve approximately 325 files, with the minimum estimate of one hour (at \$16.00 per hour) per file. Thus, based on the amount of material encompassed with your request, I estimate the cost for search/review would be approximately \$5,200.00 which exceeds the \$250.00 limit stated in your request. To date PBGC has expended \$81.23 for processing this request.

At this time we are suspending our search for additional records until you advise me in writing if you are willing to incur fees in excess of \$250.00. Please note that search/review fees are chargeable if records are identified but deemed non-disclosable.

Sincerely,

FOIA REQUEST - VIA FACSIMILE TRANSMISSION

E. William Fitzgerald
Disclosure Officer
Pension Benefit Guaranty Corporation
1200 K Street N.W.
Washington, D.C. 20005

Dear Bill:

As I discussed this morning with Debbie Melvin of your staff, I am requesting, under FOIA, all PBGC premium filing information (to the extent available in PBGC records) for single-employer plans as entered on estimated, final, variable-rate reconciliation, or amended forms for flat-rate, variable-rate, or termination premiums (or in the analogous electronic fields) for all post-2003 premium payment years.

I request that you provide this information in electronic form (preferably Microsoft Access). Please email the electronic file(s) to me at haroldashner@keightleyashner.com or send them to me at Keightley & Ashner LLP, One Metro Center, 700 12th Street, N.W., Suite 700, Washington, DC 20005.

Please note that this request seeks to update the information you provided in connection with FOIA requests 2007-1687 and 2008-4005. If possible, I would prefer that you provide me with a single electronic file that contains both the new information and at least the information that was previously provided and falls within the scope of the current request.

I am hopeful that the information I am requesting is readily available in PBGC's records and thus will not be burdensome for PBGC to provide. However, if providing this information is likely to require significant PBGC resources or result in a significant delay, please let me know so that we can work together with a view toward narrowing the scope of the request.

Mr. E. William Fitzgerald

I authorize fees of up to \$250 for this request. If the fees are expected to exceed \$250, please call me at (202) 558-5150 before proceeding with the request.

Please let me know if you have any questions.

Sincerely,

Re: Freedom of Information Act (FOIA) Requests

Dear Mr. Ashner:

This letter is to acknowledge receipt of your three FOIA requests dated April 29, 2010, requesting premium filings, refunds or credits and total amounts of employer and employee contributions. Pursuant to your request, we are in the process of preparing the data and will attempt to respond in approximately 10 business days.

If you have any questions in the interim, please contact Debbie Melvin at 202-326-4040.

Sincerely,

Re: Premium Filing for all Post 2003 Payment Years

Dear Mr. Ashner:

This is in response to your Freedom of Information Act (FOIA) request concerning the above-captioned subject. Please be advised that the Pension Benefit Guaranty Corporation (PBGC) is able to use the same query which was used for FOIA 2008-4005 to produce the data for the 2004-2007 plan year filings. This segment of the request would take approximately one to two hours, resulting in a fee of approximately \$130.00. With regards to the 2008 plan year, PBGC introduced a new filing format. It is estimated that it will take roughly five hours to write a query to extract this data; this does not include additional processing time. Therefore, the total amount to process this request will exceed your authorized fee limit of \$250.00. In addition, the processing time to include the 2008 data will take an additional two weeks.

Please notify me in writing how you wish to proceed with the processing of this request.

Sincerely,

Original Signed

Bill & Debbie,

Re the FOIA request asking for premium filing information in e-form, please accept this as authorization to increase the fees from a maximum of \$250 to a maximum of \$500 so that you can go ahead and have the programming work done. Thank you very much.

Harold

**Re: Request for Information Regarding the Delta Pilots
Retirement Plan Under the Freedom of Information Act**

Dear Mr. FitzGerald:

This correspondence concerns the Delta Pilots Retirement Plan (the "Plan"). Recently, the Pension Benefit Guaranty Corporation ("PBGC") began issuing final benefit determination letters in connection with its review of the Plan. Miller and Chevalier Chartered represents a group of participants in the Plan. We have been in contact with Mr. William Condrón, who is copied on this correspondence, in connection with establishing the parameters of a consolidated appeal for participants who wish to challenge their final benefit determinations.

In order for participants to be able to meaningfully review their benefit determinations, we are requesting additional information from the PBGC. Mr. Condrón has stated that your office will be handling these requests. Because we have agreed with Mr. Condrón that the consolidated appeal will be due November 18th 2010, we respectfully request that you process our information request as quickly as possible (and if possible, we request expedited treatment). If you anticipate that this request will not be processed within 20 days, please let me know as soon as possible, so that I may seek an appropriate extension from Mr. Condrón.

First, we are requesting that all participants receive a benefit statement worksheet (an example of which is enclosed) along with their benefit determination letter. Additionally, through this letter, we are requesting, under the Freedom of Information Act and its implementing regulations, copies of the following:

- 1. The Administrative Record of the PBGC's benefit determinations under the Delta Pilots Retirement Plan.**
- 2. Documentation of the precise methodology implemented by the PBGC in determining benefit determinations under the Plan. Such**

documentation should include all assumptions that the PBG used and the source of each data point in each final benefit determination.

3. All Plan documents, actuarial valuations, correspondence, policy statements and interpretations, and administrative materials relied upon in making benefit determinations under the Plan.

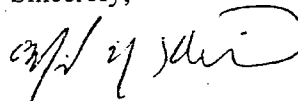

If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform me of the basis for the claimed exemption, and furnish me with copies of those portions of the document that you determine not to be exempt. My consent to such deletion at this time is designed to facilitate your prompt response and in no way waives my right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information.

In compliance with applicable regulations under "Commercial Use Requester," we promise to pay reasonable charges for search, copying and review costs.

We authorize fees for this request up to a maximum of \$500.00. Please inform me if the estimated fees will exceed this limit before processing my request.

If you have any questions about this request, I may be reached at: (202) 626-5937.
Thank you.

Sincerely,

Michael N. Khalil

Dear Mr. Khalil:

This is a partial reply to your Freedom of Information Act (FOIA) request, dated May 20, 2010, concerning the above-referenced subject. I am making a partial disclosure of records (67 pages) that have proven to be responsive to Item 3 of your request.

Enclosed is a copy of the Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010.

It was necessary to withhold a small amount of personal information on individual participants from this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

We are continuing to search for additional records encompassed by your request and will provide you with any disclosable portions of those documents as soon as possible.

If you have any questions in the interim, please contact me at 202-326-4040.

Dear Mr. Khalil:

This is a second partial reply to your Freedom of Information Act (FOIA) request, dated May 20, 2010, and your follow-up letter dated September 8, 2010, concerning the above-referenced subject. I am making a partial disclosure of records (237 pages) that have proven to be responsive to Item 3 of your request.

Enclosed is a copy of the entire Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. This release includes the 67 pages you received in our response dated June 21, 2010.

It was necessary to withhold a small amount of personal information on individual participants from various attachments to this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. Re: May 20, 2010 FOIA Request for Information Regarding the Delta Pilots Retirement Plan, FOIA 2010-2844

Dear Mr. FitzGerald:

On May 20, 2010, Miller and Chevalier Chartered made a request for information related to the Delta Pilots Retirement Plan (the "Plan") under the Freedom of Information Act ("FOIA"). Specifically, we requested: (1) the administrative record of the PBGC's benefit determinations under the Plan; (2) documentation of the precise methodology implemented by the PBGC in determining benefit determinations under the Plan, including "all assumptions that the PBGC used and the source of each data point in each final benefit determination"; and (3) all Plan documents, actuarial valuations, correspondence, policy statements and interpretations and administrative materials relied upon in making benefit determinations under the Plan.

On June 21, 2010, your office made a "partial reply" to our FOIA request, in which you disclosed a copy of the Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. In your partial reply, you stated that you "are continuing to search for additional records encompassed by [the] request, and will provide you with any disclosable portions of those documents as soon as possible." On September 23, 2010, your office made a second partial reply to our FOIA request, supplying a number of attachments to the actuarial case memo supplied in the first partial reply. To date, we have received no additional disclosures or communications regarding our request.

As we mentioned in our previous correspondence and conversations, we have requested this information in connection with our representation of a group of participants in the Pilots Plan who are seeking to appeal their final benefit determinations. Working with Mr. Condrón, we have established the parameters of a consolidated appeal for participants who wish to challenge their final benefit determinations. Under these parameters, the consolidated appeal would be due on November 19, 2010. **A key factor underlying this timetable was our understanding that our FOIA request would be processed in a timely fashion so that**

December 15, 2010

Page 2

participants could meaningfully review their benefit determination and make informed decisions in the appeals process. Our current deadline is February 18, 2010. As we have yet to receive any additional information responsive to our request, we do not believe that the February 18, 2010 deadline is viable. So that we may file the consolidated appeal in as timely a fashion as possible, we would again reiterate our request that you provide the final release of responsive documents. To be clear, we would expect this response to include, at a minimum:

all information related to the valuation of the Plan's assets and liabilities, including any audits of such information, all documents related to valuation considered or produced by the Financial Operations Division, as well as any third party data relied upon by the PBGC;

copies of the original pension benefit calculations done by Delta for the participants in the plan, showing the details of the calculations such as determination of average monthly earnings, credited service and money purchase plan offset as well as the portion of the benefit payable through the qualified plan, bridge plan and supplemental plan; and

the calculation details for any subsequent changes in the pension benefit made by Delta or the PBGC to reflect adjustments to the Section 415(b) limits under the Internal Revenue Code or to correct any errors that may have been made in the original calculations;

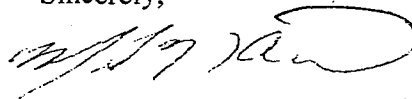

all information related to the 4022(c) allocation under this plan, including all information discussing or concerning PC5a allocations;

all information related to source and extent of PBGC recoveries as to this plan;

all Plan documents relied upon by the PBGC. For your convenience, we have included pages four thru six of the Actuarial Case Memo, listing all of those documents which were relied upon by the PBGC.

Thank you for your attention to this request. If you have any questions, I am at your disposal, and may be reached at (202) 626-5937.

Sincerely,

Michael N. Khalil

5. Plan Benefit Formula Summary

The retirement program for Delta pilots consisted of a combination of defined benefit ("DB") and defined contribution ("DC") plans. The total normal retirement benefit is the greatest of the following three benefit amounts:

- **F AE Formula Benefit:** 60% of Final Average Earnings ("FAE") less a Social Security offset, which is 50% of the Primary Social Security Benefit (see section 26, *Primary Social Security Benefit (PSSB)* for more information), all multiplied by the ratio of years of credited service divided by 25 (maximum ratio of 1.0).
- **Delta Minimum Benefit:** career average-type formula for pilots who were also participants in the Delta Air Lines Employees' Retirement Income Plan and the Delta Air Lines Employees' Variable Annuity Retirement Income Plan as of February 1, 1972 (see section 9 of the Plan Summary for a full description of this benefit).
- **Northeast Minimum Benefit:** career average-type formula for pilots who were also participants in the Northeast Airlines Retirement Plan, the Northeast Airlines Cooperative Supplementary Retirement Plan for Pilots, the Northeast Airlines Fixed Benefit Retirement Plan for Pilots, or employees of Northeast Airlines on July 31, 1972 (see section 9 of the Plan Summary for a full description of this benefit). Northeast Airlines was purchased by Delta in 1972 and former pilots became participants in the Delta plans on August 1, 1972. The Northeast Minimum Benefit is only available if the participant retires at normal retirement date.

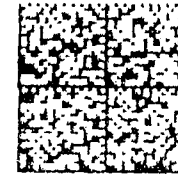

The benefit paid from the Delta Pilots Retirement Plan ("Retirement Plan") depends on and is coordinated with the benefits payable from two non-qualified DB plans and a qualified DC plan, each of which terminated on or before DOPT. The Delta Pilots Supplemental Annuity Plan ("SAP") was a non-qualified DB plan that provided benefits not payable from the Retirement Plan due to earnings that exceeded the IRC §401(a)(17) limits. The Delta Pilots Bridge Plan ("Bridge Plan") was a non-qualified DB plan that provided benefits not payable from the Retirement Plan due to benefits that exceeded the IRC §415(b) limit. To determine the Retirement Plan benefit, a participant's earnings are limited by §401(a)(17), and the resulting benefit is then limited by §415(b). The Delta Pilots Money Purchase Pension Plan ("MPPP") was a qualified DC plan consisting solely of employer contributions and was used to offset the

MEMORANDUM

TO: The File

FROM: Betty Gamez

SUBJECT: Notes of Bill FitzGerald's Meeting with Bill Condrón and Telephone
Conversation between Bill Condrón, Bill FitzGerald and Michael Khalil
Re: FOIA 2010-2844 and 2011-1303

DATE: December 21, 2010

On December 21, 2010, Bill FitzGerald met with Bill Condrón to discuss Miller & Chevalier's FOIA request and an extension for the Delta Pilots appeal deadline. During that meeting, it was clarified that FOIA 2011-1303 dated December 15, 2010, is not a new request, but a follow up of the still pending FOIA request dated May, 20, 2010 (FOIA 2010-2840). Bill F. asked Bill C. to call Michael Khalil to inform him that the deadline for his appeal will be extended based on that fact that not all BDLs have been finalized and the volume the FOIA request.

On the same day, Bill Condrón called Mr. Khalil to clarify that letter dated December 15, 2010 from Miller & Chevalier is in fact a refinement of their original FOIA # 2010-2844, to assure that all requested documents are provided in the final disclosure. Bill C. informed Mr. Khalil that based on the volume and complexity of the FOIA request and that not all BDLs have been finalized, he will grant an appeal extension.

After the holidays, Bill Condrón will consult with Michelle Chase for an estimate of final disclosure; and with BAPD for an estimate on completion of the final BDLs. Based on those estimates, Bill C. will call Mr. Khalil to notify him of the new filing deadline, which will be 30 to 60 days after final disclosure.

Bill:

FYI only.

I sent this note to Mike Khalil today and a very similar one to the ALPA (active pilots) legal team.

I told Mike (and ALPA) that I would be at a minimum pushing back the 18 Feb appeal filing deadline by 4 weeks and that I would set a new date in early January.

I would like to get your best estimate of what remains to be done on the disclosures for both Mike Khalil and ALPA the week of 3 January. I will also be seeking to get updated information on the non-QDRO BD issue dates from Nicole Williams. I believe there are 200 BDs left to issue.

Subject: I intend to Further Extend the Delta Pilots Filing Deadline

Mike:

Just a quick update on the last work day before the Christmas holiday. I received my copy of the 15 December letter you sent to Mr. FitzGerald. As you know from our discussion earlier this week (with Bill FitzGerald and Betty Gamez on speaker phone), your requests are being worked on. The amount of disclosures requested in this and other high profile cases just simply takes time to complete. Bill's primary assigned person will be back after the holidays and that should help.

In the week of 3 January, I am going to try to pin down Nicole Williams' TPD Team and Bill FitzGerald's Disclosure team to get an update on where they stand on final (non-QDRO) BD completion dates and all final disclosures.

I will then discuss with you and make a decision on what is the appropriate and fair filing deadline. The current deadline in 18 February. Based on my knowledge today that all the BDs are not issued nor are all the disclosures made. Thus, I will move the 18 February deadline further out.

I don't want to set another day this moment, as it creates a lot of administrative work for Debbie Limerick on my team. At a minimum, the February 18th date, will be pushed back 4 weeks. Hopefully, the TPD and Disclosure Division will have good news and it will not be difficult to arrive at a final and firm date in early January.

Mike – I appreciate your excellent communications with my team. If you have any questions, do not hesitate to call me.

I wish you a very merry Christmas and New Year's Holiday.

Dear Mr. Khalil:

This is the third partial reply to your Freedom of Information Act (FOIA) request, dated May 20, 2010, and your follow-up letters dated September 8, 2010 and December 15, 2010, concerning the above-referenced subject. Pursuant to your request, and the signed authorization for 1,274 participants, I am making a partial disclosure of 2,711 pages that have proven to be responsive to item 3 of your request.

Enclosed are copies of the following actuarial, assets and plan documents:

- Actuarial Case Memo dated March 24, 2010 (364 pages)
- Delta Pilots Retirement Plan documents 1966 through 1996 (774 pages)
- Bargaining Agreement Documents (544 pages)
- Delta Air Lines Inc Form 10K (Annual Report) (337 pages)
- Plan Asset Audit Memorandum dated December 21, 2006 (504 pages)
- Stipulation and Agreement of Settlement dated May 19, 2005 (52 pages)
- Consent Order dated December 13, 2005 (9 pages)
- Terminated Plan Recovery Valuation documents and attachments (127 pages)

It was necessary to withhold a small amount of personal information on individual participants you do not represent from various attachments to this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

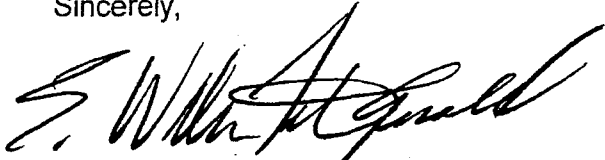

We are continuing to search for and review additional records encompassed by your request and will provide you with any disclosable portions of those documents as soon as possible. To date the estimated fees in processing this request is \$1,163.20.

Actuarial Case Memo for: Consolidated Freightways Corp Pension Plan
 Case Number: 19861000
 Date of Plan Termination: March 31, 2003
 Valuation Interest Rates: Annuity: 5.10% for 20 years, 5.25% thereafter
 Immediate Lump Sum: 3.75%

TPD-6 reviewed and accepted the Buck Consultants, LLC valuation of this PBGC-trusted pension plan using ACT. Unless this memo states otherwise, the valuation relied on audited plan and participant data. The present values of termination benefits as of the Date of Plan Termination (DOPT) are:

(1) No.	(2) Group	(3) Present Value of Title IV Benefits at DOPT	(4) Present Value of Unfunded Non-Guaranteed Benefits	(5) Present Value of Total Benefit Liabilities (3) + (4)	(6) Present Value of 4022(c) Benefits	(7) Present Value of Termination Benefits (3) + (6)

FBGC Case Number 19861000

1. Relevant Dates/Termination Information:

Notice of Determination (NOD): April 28, 2003
 Notice of Intent to Terminate (NOIT): January 30, 2003
 Proposed DOPT Contained in NOIT: March 31, 2003
 Date of Trusteeship: May 19, 2003
 Recoupment/Recovery Start Date: March 31, 2003

The plan administrator issued a NOIT in this case. Accordingly, the first date on which overpayments are subject to recoupment/recovery is March 31, 2003, the later of the proposed and final DOPT.

2. Participant Count Reconciliation:

Because the data base was updated several times after Richard Holbrook published the Participant Data Audit on December 7, 2005, the final data base does not match the Participant Data Audit. We reconciled the participants to the final data base. The participant count in this report differs from that in the final data base in the following respects:

a. Summary of Changes:

Participant Type	Participant Audit Report	Final Data Base	Adjustments	Final Count
Retirees and Beneficiaries	1,803	1,804	-1	1,803
Separated Vesteds	3,810	3,811	-33	3,778
Active Vesteds	92	92	-2	90
Active Non-Vesteds	39	39	0	39
Separated Non-Vesteds	0	0	0	0
TOTAL	5,744	5,746	-36	5,710

b. Retirees/Beneficiaries in Pay Status:

1,804 In final data base
 - 1 We deleted a record for (b)(6)-Personal Privacy, an alternate payee not in pay status as of DOPT (see 20.h).
 1,803 Total in valuation

c. Separated Vesteds:

3,811 In final data base
 - 12 We deleted 12 separated participants determined to be non-vested (see Attachment A).
 - 21 We deleted 21 alternate payees not in pay status as of DOPT (see Attachment B)
 3,778 Total in valuation

PBGC Case Number 19861009

d. Active Vested:

92	Reported in Audit
- 2	We deleted 2 alternate payees not in pay status as of DOPT (see Attachment B)
90	Total in valuation

3. Pre-DOPT Retirees / Pre-Termination Plan Liability:

- a. We did not have sufficient data available to calculate benefits for any participants who retired within one year of DOPT. Therefore, we accepted all retiree benefits in pay-status before application of PBGC limits. We changed the benefits of the 161 retired participants affected by the maximum insurance limit and the one participant affected by the phase-in. We also changed the benefits of three alternate payees of participants affected by the maximum insurance limit.
- b. The seven terminated vested participants in the table in Attachment C were past Normal Retirement Date on DOPT but had not yet gone into pay status. They will not receive pre-termination plan liabilities. Their benefits will be actuarially increased to DOPT to reflect late commencement.
- c. There was a pre-termination liability of \$125,323.26 due to the recalculation of employee contribution refunds made in the period from January 1, 1988 through DOPT for 121 participants who had not retired as of DOPT (see 5.b and Attachment G).

4. Plan Documents:

The plan documents are listed in the table in Attachment D.

5. Interpretations of Note:

- a. The plan's basic benefit formula is the sum of the following four components:
 - (i) 1.1 percent of final average compensation up to covered compensation (using the standard IRS definition) times benefit service up to 35 years;
 - (ii) 1.4 percent of final average compensation in excess of covered compensation times benefit service up to 35 years;
 - (iii) 1.4 percent of final average compensation times benefit service in excess of 35 years;
 - (iv) For participants who became participants before January 1, 1990, 0.5 percent of average compensation times benefit service earned before January 1, 1988.

For participants who became participants before January 1, 1990, the benefit is not less than:

- (i) 1.5 percent of final average compensation times benefit service;

FBGC Case Number 19861000

- (ii) Less the lesser of (A) 1 2/3 percent of Social Security PIA times benefit service up to 30 years, or (B) 50 percent of Social Security PIA times the ratio of benefit service to date over benefit service projected to age 65, or (C) 50 percent of the amount in (i) above;
- (iii) Plus 0.5 percent of average compensation times benefit service earned before January 1, 1988.

These benefits are subject to the following adjustments:

- (i) For participants who elect a refund of their employee contributions plus interest, the accrued benefit is offset by the employee-funded benefit (see 5.b);
- (ii) For participants who did not roll over their Common Stock Fund account balance to this plan, the accrued benefit is offset by the actuarial equivalent of the Common Stock Fund account balance on December 2, 1996 (see 16.b);
- (iii) For Emery Plan participants before January 1, 1990, the accrued benefit cannot be less than Emery Plan accrued benefit on that date offset by the Emery purchased annuity or Emery union offset;
- (iv) For Purolator Hourly participants who became participants before January 1, 1991, no benefit service is earned before January 1, 1989, and the accrued benefit during the period before January 1, 1991 cannot be less than \$11 times benefit service in that period.
- (v) Former participants in four multi-employer plans whose union sponsors were decertified have offsets from these multi-employer plans;
- (vi) Seven top executives are eligible for lifetime supplements under the Qualified Supplemental Executive Retirement Plan (see Section 8).

In general, the records for implementing these special provisions are not available. As described in Section 20, we have had to rely on the accrued benefits provided by the third party administrator with little ability to check the accuracy of these calculations.

- b. Employees were required to contribute to the plan as a condition of participation before January 1, 1984. Participants who contributed to the plan retain their accumulated employee contributions until they terminate employment, at which time they have the option of leaving their contributions in the plan or receiving a distribution of their contributions with a concomitant reduction in their monthly benefits. Effective at the beginning of the 1988 plan year, the Pension Protection Act (PPA) changed the minimum ERISA standards for calculating interest on mandatory contributions and for determining the portion of a participant's benefit attributable to those contributions. The plan administrator continued applying the pre-PPA rules through DOPT. We made the following adjustments in response:

PBGC Case Number 19861000

Participants who retired before DOPT and who received a refund of employee contributions after January 1, 1988 should have received a larger refund, because the PPA interest rates exceed five percent in all years since 1988. However, the offsets to their benefits attributable to their contributions should also have been larger, resulting in lower monthly amounts. The higher refund amounts and reduced monthly benefits are considered actuarially equivalent to each other. As a result, we did not recalculate their contribution refund amounts or adjust their monthly amounts in pay status.

For participants who did not retire before DOPT and who received a refund of employee contributions after January 1, 1988 but before DOPT, we recalculated their refund amounts by backing out interest starting January 1, 1988 at the 5 percent rate used by the plan, and adding back interest at 120 percent of the federal mid-term rate in effect for the first month of each plan year, as required by PPA (see Attachment G). We also recalculated the portion of their benefits attributable to employee contributions by dividing the new refund amount by an annuity factor deferred with interest only to expected retirement date based on, for terminations before January 1, 2000, PBGC lump sum mortality and interest rates, and thereafter the GAM 83 unisex mortality table and 30-year US Treasury bond rates. These participants will receive their additional refund amounts due with interest. For those already retired when this valuation was performed, we adjusted their monthly amounts in pay status to take into account the change in the portion of their benefits attributable to employee contributions.

For participants who did not retire or receive a refund of employee contributions before DOPT, we calculated their refund amounts and the portions of their benefits attributable to employee contributions according to PPA methods as described above. For valuation purposes, we assumed they would all elect to receive contribution refunds after DOPT. Attachment H shows the revised refund amounts for the 68 participants known to have received refunds after DOPT.

- c. The plan provides four types of subsidy for participants who terminate employment while eligible for normal or early retirement, i.e., at age 65 or later (Section 4.2), or at age 55 or later with at least 10 years of vesting service (Section 4.4).

Participants with less than 20 years of vesting service are eligible for subsidized early retirement factors which provide unreduced retirement at age 65 and 55 percent of the unreduced benefit at age 55 (vs. 51.68 percent for vested terminated participants).

Participants with at least 20 years of vesting service are eligible for subsidized early retirement factors which provide unreduced retirement at age 62 and 66 percent of the unreduced benefit at age 55.

Participants whose age and service at retirement total at least 85 (the "rule of 85") are eligible for unreduced retirement regardless of age. There is no other eligibility requirement for this benefit, such as layoff, disability, shutdown or employer consent. Participants who are eligible for immediate early retirement but whose combined age and service is less than 85 at termination of employment can become eligible for this benefit by deferring retirement until the required age is reached. For example, a participant who terminates employment at age 55 with 28 years of vesting service can become eligible for rule-of-85 retirement by deferring retirement until age 57, when the sum of age and service is 85. Rule-of-85 retirement is treated as a modification to the early retirement schedule and is not otherwise separately valued.

PBGC Case Number 19861000

For participants who elect a J&50%S or J&100%S annuity, form conversion factors are increased by 5.56 percent for J&50%S, but not greater than 0.99, and 6.97 percent for J&100%S, but not greater than 0.98, if the contingent annuitant is the participant's spouse.

Participants not eligible for normal or early retirement on termination of employment, including those age 55 or over with five but less than ten years of vesting service, are considered vested terminated participants. Their benefits are governed by Section 6.02. Under the plan, they cannot become eligible for the subsidies. However, under PACS, participants eligible for normal or early retirement with non-spouse beneficiaries receive the J&S subsidy, since PBGC optional J&S forms are actuarially equivalent to the normal married form, which includes the subsidy.

6. Accrued-at-Normal Limitation:

The plan did not provide any benefits that exceed the Accrued-at-Normal Limitation.

7. Maximum Guaranteeable Benefit:

The maximum insurance limit for participants retiring on a straight-life annuity at age 65 is \$3,664.77. This amount was adjusted for ages under or over age 65, as well as for other benefit forms. Because the plan's normal single form is SC&C and contributions were last made in 1983, no participant has any additional liability due to the refund of accumulated employee contributions on death after retirement. Thus, we did not adjust for the post-retirement refund at death of accumulated employee contributions reduced by benefit payments. The table in Attachment E lists the 211 participants whose benefits exceed the Maximum Guaranteeable Benefit. The DOPT listings provide details of their benefit calculations. In both the table and listings, the Maximum Guaranteeable Benefit is shown before the offset for refund of employee contributions where applicable, but the Title IV and termination benefits are shown after the offset.

8. Phase-In Limitation:

Amendment No. 7, effective November 8, 2001 and adopted November 17, 2001, transfers a portion of the benefits under the Supplemental Executive Retirement Plan (SERP), a separate non-qualified plan, to this plan. These benefits are paid as lifetime supplements to eligible participants. The eligible participants and their supplement amounts are listed in a schedule attached to the amendment. This benefit increase is subject to the \$20/20% phase-in. Because all but one eligible participant have benefits exceeding the maximum insurance limit both before and after the increase, their benefits are not affected by the phase-in. The remaining participant is (b)(6)-Personal Privacy. Her plan benefit in pay status, \$1,428.74, is reduced to \$1,225.34 as a result of the phase-in. She does not recover any portion of her benefit loss due to the allocation of recoveries. The DOPT listings provide details of her benefit calculation.

Some participants with benefits in PCS as a result of the maximum insurance limit have increases in the IRC Section 415 benefit limit and/or the IRC Section 401(a)(17) compensation limit subject to phase-in. For these participants, we calculated the total PCS benefit but did not distinguish among the benefit based on the five-year-old limits and increases due to later changes to the limits, since no benefits in PCS are payable either from plan assets or recoveries.

9. Substantial Owners:

The auditor did not identify any substantial owners.

PBGC Case Number 19861090

10/12/06/09:13:12

10. Asset Allocation:

- a. The plan had no liabilities in PC1 because there were no voluntary employee contributions.
- b. The plan had liabilities in PC2 because there were mandatory employee contributions before January 1, 1984. Plan assets of \$220,229,205 cover all liabilities in PC2, \$9,272,262.
- c. A PC3 allocation was needed because there are participants with benefits exceeding the maximum insurance limit. We calculated the PC3 liability as follows:

For participants who retired or beneficiaries who went into pay status more than three years before DOPT, we used their total plan benefits.

For the 54 participants eligible for PC3 who are not in the above group and whose benefits are affected by the maximum insurance limit, we calculated benefits as of three years before DOPT by hand using the best available data.

For other participants eligible for PC3 who terminated employment more than three years before DOPT, we used the accrued benefit as of termination of employment and applied the early retirement and form of payment factors as of three years before DOPT.

For other participants eligible for PC3 who terminated employment within three years of DOPT, we adjusted the accrued benefit as of termination of employment using the ratio of benefit service three years before DOPT over benefit service at DOPT and the ratio of the National Average Wage in 1995 through 1999 over the National Average Wage in the five calendar years preceding DOPT and applied the early retirement and form of payment factors as of three years before DOPT.

On this basis, plan assets net of PC2 liabilities, \$210,956,943, cover 95.53 percent of liabilities in PC3, \$220,835,556.

- d. PC5 and PC6 allocations were not needed because plan assets did not cover guaranteed benefits.

11. 4022(c) Allocation:

- a. The total Unfunded Non-Guaranteed Benefits (UNGB) was \$24,445,813. Of this amount, we valued:

\$2,326,722	in PC3 as a result of the maximum insurance limit
\$21,796,710	in PC5 as a result of the maximum insurance limit
\$36,190	in PC5 as a result of the phase-in; and
\$285,191	in PC6 as a result of benefits of active non-vested participants.

- b. PBGC issued the Notice of Determination (NOD) on April 28, 2003. Since this occurred after December 17, 1990 and Unfunded Non-Guaranteed Benefits (UNGB) exceeded \$20 million, we considered this a non-SPARR Plan for 4022(c) benefit amounts. The Actual Recovery Ratio, which is equal to the value of PBGC's recovery, \$22,463,321, divided by the total UBL, \$244,523,401, is 9.19%.

PBGC Case Number 19861000

- c. The 4022(c) amount is \$2,246,218. This amount covered 96.54 percent of the benefits lost in PC3 as a result of the maximum insurance limit.

12. Normal and Early Retirement Dates:

- a. The Normal Retirement Date (NRD) is the first day of the month coincident with or next following the participant's 65th birthday.
- b. Because the plan's Date of Plan Termination was on or after June 1, 2002, PBGC used the Earliest PBGC Retirement Date (EPRD) rules as set forth under PBGC Reg. §4022.10 to determine the earliest date that a participant could begin to receive benefit payments from PBGC. The plan offers early retirement at age 55 with five years of vesting service. The plan did not provide a consensual lump sum option prior to early retirement age. Therefore, EPRD for this plan is the plan's earliest retirement date.
- c. The plan's provides unreduced retirement under the following circumstances: (i) at age 62 with 20 years of vesting service; or (ii) when the sum of a participant's age and vesting service equals at least 85, but not before age 55.

13. Expected Retirement Age:

The company filed for bankruptcy under Chapter 11 of the Bankruptcy Code on September 2, 2002, and was in the process of liquidating its assets on DOPT. We applied Table 2C to determine the expected retirement age for participants who terminated employment one year or more before DOPT. When using Table 2C, we used the Earliest PBGC Retirement Age (EPRD) in lieu of the plan's earliest retirement age because DOPT was on or after June 1, 2002. The expected retirement age for participants who terminated employment within one year of DOPT was their earliest retirement age.

14. Valuation Form of Annuity:

The automatic form of annuity for single participants is a Five-Year Certain and Continuous (5C&C) Annuity; the automatic form of annuity for married participants is a Joint and 50% Survivor Annuity (J&50%S). If payments to the participant and, where applicable, the contingent annuitant are less than employee contributions with interest on the date of retirement, the balance is payable as a lump sum. When data were unavailable, we assumed that participants were married with females four years younger than their male spouses. For payment of lump sums, we assumed participants and their spouses were the same age when data were unavailable.

15. Vesting:

- a. The plan provided a five-year cliff vesting schedule. For participants who last worked before January 1, 1989, the plan provided a ten-year cliff vesting schedule.
- b. To calculate vesting service, the plan used the ERISA elapsed time rule with rounding to the nearest month.

FBGC Case Number 19861000

16. Offsets to Plan Benefits:

- a. The auditor did not identify any purchased annuities or partial lump sum payments.
- b. Before December 2, 1996, the plan had a floor-offset arrangement with the Consolidated Freightways, Inc. Common Stock Fund. Under this arrangement, a participant at termination of employment had the option of either rolling the Common Stock Fund balance into this plan or receiving a distribution of the Common Stock Fund account. In the former case, the participant would receive his full plan benefit, but not less than the actuarial equivalent of the Common Stock Fund account balance. In the latter case, the participant's benefit would be offset by the actuarial equivalent of the Common Stock Fund account balance. On December 2, 1996, the Common Stock Fund was terminated, and participants were given the option of rolling the Common Stock Fund account either into this plan or the 401(k) plan, with the same consequences as above. The table in Attachment F shows the 544 participants whose benefit is offset because they elected to roll their Common Stock Fund accounts into the 401(k) plan.

17. REA/Death Benefits:

The plan provided a Qualified Pre-Retirement Survivor Annuity (QPSA) equal to the survivor portion of a J&50%S annuity, payable on the later of the participant's earliest retirement date or death. For participants who became participants before January 1, 1989, and for all active participants eligible for normal or early retirement, the QPSA is not reduced for early retirement or form of payment, except that the 50 percent factor is reduced by a half percent for each year in excess of five the spouse is younger than the participant, and increased by a half percent for each year in excess of five the spouse is older than the participant. The plan documents include a charge for coverage for inactive participants but not active participants by reducing the accrued monthly benefit according to a schedule in Appendix A of the plan. We have seen no evidence, from either the electronic data base or printed benefit calculations of pre-trusteeship retirees, that the QPSA charge was actually applied to any participant. Nevertheless, because the plan documents provide for a charge to offset the QPSA cost before DOPT, we did not include the value of the QPSA in the liabilities for separated vested participants, but we included the value of the QPSA in the liabilities for active participants.

18. Expense Loading:

The expense load was calculated as follows:

- (1) Number of participants = 5,710
- (2) FVPBL without load = \$460,105,562
- (3) Initial Annuity Interest Rate = 5.10%
- (4) $p = 1\% + [(3) - 7.50\%] / 10 = 0.76\% = 0.0076$
- (5) Amount of load = $10,000 + [(2) - 200,000] \times (4) + 200 \times (1) = \$4,647,282$
- (6) Loading percentage = $(5) / (2) = 0.0101 = 1.01\%$

20. Data Issues:

- a. The sponsor used a third party administrator, Synhrgy, to maintain plan data and to calculate benefits. Neither the sponsor nor Synhrgy maintained paper files specific to the pension plan. For nearly all purposes, they relied on the electronic data base maintained by Synhrgy. Although this data base was undoubtedly populated with data from other sources, such as personnel and payroll records, no permanent copy of these source documents was retained. Therefore, we relied almost exclusively on the Synhrgy electronic data base for the data necessary to complete the valuation.
- b. We provided Synhrgy with a list of the data elements PBGC needed to complete the valuation. Because the Synhrgy data base does not include calculated fields such as service, average compensation and accrued benefit, PBGC asked Synhrgy to calculate accrued benefits for all participants in their data base as of the earlier of termination date or DOPT. On the basis of this calculation, Synhrgy provided PBGC with a data base according to its specifications. This data base became the basis for the final PBGC data base.

FBGC Case Number 19861000

c. We identified several apparent deficiencies in the data base provided by Synhrgy:

We were able to duplicate the average compensation from the basic compensation data for only about half the participants. In nearly all other cases, the calculated average compensation is less than the amount shown. We believe this is because the basic compensation data provided does not include all elements of compensation used in calculating the average. We accepted the Synhrgy average compensation amounts.

For participants who became participants before January 1, 1988, the plan provides the greater of the benefit under the step-rate TRA formula and the PIA offset pre-TRA formula. We identified 93 participants whose accrued benefit is based on the offset formula but whose offset is zero. Fifteen of these participants were receiving long-term disability benefits as of DOPT. These participants' benefits were probably calculated incorrectly. Most of the others transferred between union (non-covered) and non-union employment. We were unable to draw any conclusions about these participants' benefits. We provisionally accepted the accrued benefits for all 93 participants.

d. We were unable to obtain any clarification of these data discrepancies from Synhrgy due to two circumstances: the unfortunate death in an automobile accident of the account executive assigned to this plan; and the purchase of Synhrgy by Mercer Human Resources Consulting.

e. We are aware that, for some participants, their accumulated employee contributions (see 5.a) and Common Stock Fund accounts (see 16.b) are combined in the data base in the employee contributions field. We accepted the data as given pending further investigation by the FBA.

f. (b)(6)-Personal Privacy was hired November 29, 1994 and terminated employment November 12, 1999, one day before he became vested under the terms of the plan. Nevertheless, the plan administrator treated him as vested, and we decided to treat him as vested as well.

g. (b)(6)-Personal Privacy according to the data base, was hired August 3, 1980 and terminated employment September 6, 2002, but had only 1.1667 years of vesting service and an accrued benefit of \$103.04. His file shows he terminated employment January 25, 1997 with a vested monthly benefit of \$1,619.21. His file does not indicate he was rehired, but we assume he was and earned an additional 1.6667 years of service before terminating employment for the second time on September 6, 2002. We decided to treat him as vested and recalculated his benefit by hand using the best available data.

h. (b)(6)-Personal Privacy alternate payee of (b)(6)-Personal Privacy is in the data base twice, as an alternate payee in pay status and as the alternate payee of an active participant. Because neither she nor the participant was in pay status as of DOPT, we deleted both records.

i. (b)(6) Personal Privacy according to the data base, was hired September 3, 1985 and terminated employment May 12, 1990, with 4.6667 years of vesting service. A letter in her file dated June 21, 1990 from the pension administrator indicates she transferred to non-covered employment on May 12, 1990. Her actual termination date is not known, but since the plan administrator put her into pay status after DOPT, we assume she is vested.

j. (b)(6) Personal Privacy was originally hired in a non-covered position on August 3, 1994, and transferred to a covered position on June 9, 1996. In the data base, both his benefit service and vesting service are 4.3333 years. We assume the 4.3333 years represents his covered employment after June 9, 1996, and that he earned an additional 1.8333 years of vesting service during his non-covered employment from August 3, 1994 to June 9, 1996. The sum of his vesting service during these two periods of employment is sufficient to make him vested.

United States District Court, Northern District of California
Case No. C 03-3960 (JW)

Dear Mr. Fitzgerald:

As you may recall from our prior FOIA request, this firm represents the Defendant Towers, Perrin, Forster & Crosby, Inc. ("Towers Perrin") in the above-referenced case (the "Action"), in which the Pension Benefit Guaranty Corporation ("PBGC"), in its capacity as trustee of the terminated Consolidated Freightways Corporation Pension Plan ("CFC Plan"), was previously a named defendant.

Towers Perrin submits the following FOIA requests for documents relevant to the Action:

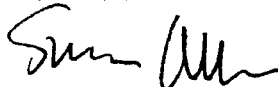

1. All documents that refer or relate to the valuation of the obligations of the CFC Plan at the time of the 1996 spinoff of the CFC Plan.
2. All documents that refer or relate to any of the actuarial assumptions used in valuing the obligations of the CFC Plan at the time of the 1996 spinoff of the CFC Plan.
3. All documents that constitute, evidence or refer to communications between PBGC, on the one hand, and Consolidated Freightways, Inc. ("CNF") or Consolidated Freightways Corporation ("CFC"), on the other hand, relating to the 1996 spinoff of the CFC Plan.

Mr. Bill Fitzgerald
June 17, 2010
Page 2

4. All documents that constitute, evidence or refer to communications between PBGC and Towers Perrin relating to the 1996 spinoff of the CFC Plan.
5. All documents that constitute, evidence or refer to communications between PBGC and CFC relating to the CFC Plan, whenever dated, including, but not limited to, communications relating to annual PBGC premium payments and annual Form 4010 filings.
6. All documents that constitute, evidence or refer to communications between PBGC and CFC relating to the possible or actual termination of the CFC Plan.
7. All documents that constitute, evidence or refer to communications between PBGC and Towers Perrin relating to the possible or actual termination of the CFC Plan.
8. All documents that refer or relate to PBGC's determination, reflected on page 1 of the September 7, 2006 Actuarial Case Memorandum for the CFC Plan attached hereto as Exhibit A ("PBGC Case Memo"), that the Present Value of the CFC Plan's Total Benefit Liabilities, as of the Date of Plan Termination, totaled \$464,752,606.
9. All documents that evidence, refer or relate to the actuarial assumptions used by PBGC in calculating the Present Value of the CFC Plan's Total Benefit Liabilities, as of Date of Plan Termination, including but not limited to, the expected retirement age, mortality table, and discount (or interest) rate assumptions.
10. All documents that evidence, refer or relate to PBGC's determination, as trustee of the terminated CFC Plan, that it would not pursue any claim against Towers Perrin relating to actuarial services provided by Towers Perrin relating to the CFC Plan.
11. All documents that constitute, evidence or refer to communications between PBGC and any attorney(s) for, or representative(s) of, the plaintiffs in the Action.
12. An identification of the original date of hire of each of the CFC Plan participants listed on Attachment E of the PBGC Case Memo.

We would appreciate your earliest possible response to these requests as discovery is active in the case. If there is any aspect of the requests that needs clarification, please do not hesitate to contact me.

Re: Consolidated Freightways Corporation Pension Plan
Pension Benefit Guaranty Corporation (PBGC) Case No: 19861000

Dear Ms. Allison:

This is a partial reply to your Freedom of Information Act (FOIA) request, dated June 17, 2010, concerning the above-referenced subject. I am making a partial disclosure of records (98 pages) that have proven to be responsive to Item 1, Item 2, Item 3, Item 5 and Item 6 of your request.

Enclosed are copies of the following:

1. Participant Data Report dated December 7, 2010,
2. Plan Document Audit dated October 12, 2003,
3. Summary Plan Description, Distributed March 2003
4. Cover Letter and Trusteeship Agreement dated March 21, 2003, and
5. Consolidated Freightways Corporation: Request for Waiver dated March 28, 2003.

It was necessary to withhold a small amount of personal information on individual participants from this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

Susan Allison, Esquire

FROM: Michelle Chase

SUBJECT: I telephoned Susan Allison, Esq. @ 310-785-5303 to secure a fee confirmation letter as the last fee authorization letter was for \$500.00 and to date the fees exceed that amount by \$400.00. Susan was not in; therefore I left a detailed message asking for a fax fee authorization and provided our fax number. I recommended the amount of \$2000 and informed her that once that amount was reached, I would telephone her again for further authorization. I also left her my telephone number if she felt the need to call.

Dear Ms. Allison:

This is a fourth partial reply to your Freedom of Information Act (FOIA) request, dated June 17, 2010, concerning the above-referenced subject. I am making a partial disclosure of records that have proven to be responsive to Items 8, 9, and 12 of your request.

I am enclosing a second CD which contains 3,000 pages of the Actuarial Case Memorandum attachments. This CD is in Adobe Acrobat format and is password protected. Michelle Chase of my staff will contact you with the password.

It was necessary to withhold personal information on individual participants from various attachments to the Actuarial Case Memorandum. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page. To date, we have expended a total of 82.5 hours in search/review time and have provided 189 (hard copy) pages. As per regulation, the first 100 pages of duplication, as well as the first two hours of search time are provided without cost to you. The estimated fee as of this date is \$1,103.40.

Ms. Gamez,

Attached is a new version of our First Request for Disclosure, including the agreement to pay all reasonable fees. Also, please note that I slightly changed the document format requested to include a request for a computer load file, if you are able to produce in TIF images. As you may know, this is the standard format for EDD production in federal district court litigation.

When we receive docs in this format, we load into databases stored behind multiple firewalls. My office has managed documents in extremely large cases. We have document management protocols that have been approved by adverse parties including, inter alia, IBM, AmeriTrade and Novell. There is NO chance that this information accidentally gets out on the Internet. If your office would like any part of this information to be protected by a confidentiality agreement, I am happy to do that.

Thanks,

Kevin McBride

Dear Mr. McBride:

This is a partial reply to your Freedom of Information Act (FOIA) request, dated November 4, 2010, concerning the above-referenced subject. Pursuant to your request, I am making a partial disclosure of records (2,074 pages) proven to be responsive to Items 2 through 5 of your request. Enclosed is a CD containing copies of the following documents in PDF format:

- Item number 2 – copies of all plan documents, including Plan Amendments and Agreements between United Air Lines, Inc. and the Air Line Pilots in the service of United Air Lines, Inc. as represented by the Air Line Pilots Association International. These documents were forwarded to the Pension Benefit Guaranty Corporation by the prior plan administrator.
- Item number 3 – a search of agency records failed to locate any Plan Summaries for the above-caption plan.
- Item number 4 – a copy of PBGC's Operating Policy Manual as of October 1, 2010.
- Item number 5 – a copy of PBGC's Actuarial Technical Manual as of October 1, 2010.

Please note that while preparing this release, we determined that portions of these documents were deemed non-disclosable. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time.

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

FOIA REQUEST—VIA FACSIMILE TRANSMISSION

E. William Fitzgerald
Disclosure Officer
Pension Benefit Guaranty Corporation
1200 K Street, N.W.
Washington, D.C. 20005

Dear Bill:

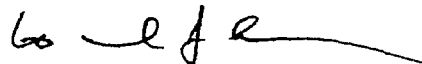

This is a request under the Freedom of Information Act for a copy of all Trusteeship Decision Records that were dated on or after January 1, 2010, along with: (1) any memorandum relating to the Trusteeship Decision Record, such as a memorandum to the Trusteeship Working Group; and (2) any minutes of any related meeting of the Trusteeship Working Group.

I request that you provide this information, if possible, in electronic form, preferably as a searchable PDF file. Please email the electronic file to me at haroldashner@keightleyashner.com or send it to me at Keightley & Ashner LLP, One Metro Center, 700 12th Street, N.W., Suite 700, Washington, DC 20005.

I authorize fees of up to \$250 for this request. If the fees are expected to exceed \$250, please call me at (202) 558-5150 before proceeding with the request.

Thank you in advance for your prompt response.

Very truly yours,

Harold J. Ashner

Re: Request for Records Provided to Honorable Chairman Darrell Issa

This is the final response to your Freedom of Information Act (FOIA) request dated December 10, 2011, which you subsequently re-submitted with your signature on December 19, 2011. You requested two types of records:

- 1) an electronic copy of the records provided to the Honorable Chairman Darrell Issa, whose office had in January 2011, asked PBGC for various data concerning the administration of the FOIA.
- 2) a copy of any correspondence whatsoever sent to Chairman Issa's office on the subject of the January 2011, inquiry, and any correspondence sent during calendar year 2011, to Chairman Issa's office on the subject of FOIA.

On February 3, 2012, I issued a partial response to your request and only responsive to Item 2. In that response, I disclosed 160 pages of documents PBGC provided in response to Items 2-5 of Chairman Issa's request.

PBGC responded to Chairman Issa's request in two parts: 1) On February 15, 2011, we responded to Items 2-5 of his request; and 2) On April 15, 2011, we responded to Item 1. PBGC's response to Item 1, of the Chairman's request, consisted of a sanitized FOIA log covering three years, 2009, 2010, and 2011, (up to the date of the Chairman's letter). Since more than 93% of PBGC's annual requests involve access to participant data, we made every effort to comply with the Privacy Act to protect against the prohibited disclosure of personally identifiable information (PII) collected and maintained in a system of records by replacing participant names with: "Participant¹." Unlike FOIA and Privacy Act requesters' names, PBGC participants have an expectation of privacy in third-party Privacy Act requests. In our letter to Chairman Issa, dated February 15, 2011, we asked him to continue the confidential treatment of any participant name we may have inadvertently overlooked.

¹ In third-party Privacy Act requests, PBGC populates the "request description" data field with the participant's name and pension plan in its electronic FOIA system because the participant is generally the subject of the request. The participant's name along with the pension plan name constitutes personally identifiable information which is prohibited from disclosure without an individual's consent.

Nonetheless, any inadvertent disclosure would have been an authorized disclosure established by the Privacy Act which provides for disclosures of records "to either House of congress, or, to the extent of matter within its jurisdiction, any committee or subcommittee of any such joint committee."² However, an inadvertent disclosure of information to you, is prohibited by the Privacy Act and would constitute a breach of PII. Therefore, to ensure the protectible interests of PBGC participants, we again reviewed the FOIA log which consists of approximately 12,393 requester names to assure that no participant related information was disclosed.

In this response, I am enclosing the FOIA log on a CD, in Excel format, containing information relative to FOIA requesters, representing fiscal years: 2009, 2010, and 2011 (up to the date of the Chairman's letter). Also enclosed is subsequent responses to Items 2 and 3 of the Chairman's request (82 pages).

In order to protect the personal privacy of plan participants, it was necessary to withhold a small amount of information from these records. One exemption of FOIA was relied upon to withhold this information.

The applicable exemption, 5 U.S.C §552(b)(6), exempts from required public disclosure, "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." The records you have requested contain "similar files" within the meaning of the above-cited statutory language and the PBGC's implementing regulation (29 C.F.R. § 4901.21(b)(4)). Disclosure would constitute a clearly unwarranted invasion of personal privacy.

PBGC's regulation provides at 29 C.F.R. § 4901.15 (2010) that, if a disclosure request is denied in whole or in part by the disclosure officer, the requester may file a written appeal within 30 days from the date of the denial or, if later (in the case of a partial denial), 30 days from the date the requester receives the disclosed material. The appeal shall state the grounds for appeal and any supporting statements or arguments, and shall be addressed to the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, N.W., Washington, D.C. 20005. To expedite processing, the words "FOIA appeal" should appear prominently on the envelope and on the request.

Please note, thirty hours were spent in reviewing and redacting the enclosed FOIA log. However, due to the extended time needed to accomplish this task, and delay in responding to your request, I am waiving the \$ 480.00³ charge associated with processing this request.

Sincerely,

E. William FitzGerald
Disclosure Officer

Pension Benefit Guaranty Corporation

1200 K Street, N.W., Washington, D.C. 20005-4026

April 15, 2011

Honorable Darrell E. Issa
Congress of the United States
Chairman, Committee on Oversight and Government Reform
House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515-6143

Dear Chairman Issa:

Pursuant to my letter to you dated February 15, 2011, I am providing an updated response to your inquiry, dated January 25, 2011, requesting information, records, and explanations relating to five items. Previously, we provided you with an abbreviated response to items 2 and 3; and we fully responded to items 3 and 4. We have expended 689 labor hours compiling the requested information for Item 1 (FOIA log) which does not include the 74 hours we previously reported. Cumulatively, we have expended a total of 763 labor hours to fully respond to your request.

Our initial attempt to generate a FOIA log for the past five years, in response to Item 1, was unsuccessful and did not contain the descriptive data you requested, for 4 of the 6 columns—items 1a, 1b, 1c and 1e. Instead, the FOIA log revealed the need to manually reconcile nearly 24,000 FOIA and Privacy Act requests against actual case file folders because parts of the information, you requested, had not been electronically maintained since it was not required for reporting purposes by either of the statutes, has never been an annual reporting requirement to the Department of Justice, and had not been requested in more than 5 years. Until now, PBGC had only received two FOIA log requests, 2001 and 2005 respectively.

In an effort to be responsive to your request we took the following action: 1) manually checked the accuracy of the metadata by confirming/entering the actual requester name; 2) redacted PBGC participants' names to ensure their expectation of privacy in third-party requests; and 3) modified the agency's use of the electronic FOIA system's "Requester" and "Request Description" fields. Based on the foregoing information, I am providing the supplemental information and documents described below:

- **Tab 1: Response to Item 1-** As outlined in our previous submission, and attached as enclosure (1), the PBGC received nearly 24,000 FOIA, first-party and third-party Privacy Act requests over the past five years. Tab 1 provides a FOIA log (CD in excel format) containing 12,393 requests, representing fiscal years: 2009, 2010 and 2011 (up to the date of your letter). In an effort to continue providing timely responses to incoming FOIA and Privacy Act requests, coupled with the amount of effort already expended, it was determined neither 2007 nor 2008 would be included. Records for fiscal year 2007 have been destroyed in accordance with our records

retention schedule. Fiscal year 2008 represents the highest volume to date, with 7,358 requests received; these case files are scheduled to be destroyed in six months. Therefore the effort required to obtain relevant information from the case files and enter it into the eFOIA system would take approximately 300 additional labor hours—making the total effort more than 1000 hours. However, we believe the volume of information provided in the log, 12,294 requests, provides an accurate snapshot of the PBGC's compliance to the FOIA and Privacy Act in terms of timely responses and "presumption in favor of disclosure" mandated by the President.

We have made every effort to comply with the Privacy Act, our implementing regulations, and OMB guidelines to protect against the prohibited disclosure of information which has been collected and maintained in a system of records as well as personally identifiable information (PII) as defined by OMB. To this end, we have attempted to replace participants' names with: "Participant." We may have inadvertently overlooked a participant's name and thus would ask that you please continue the confidential treatment of this information while in the possession of your committee.

- **Item 1a & Item 1c:** Item 1a requests the name of the requester and Item 1c requests a brief description of the documents/records sought. In Privacy Act requests, we enter and maintain the participants' names in our electronic FOIA system's "Requester" field despite the fact the request is from a third party. In the "Request Description" field, we include the name of the Pension Plan along with the participant's name. This allows us the ability to query requests using these two factors. In order to provide the descriptive factors described in Item 1a and Item 1c, we expended a tremendous amount of effort manually reviewing each case folder, performing data entry activities in the aforementioned FOIA system fields, and reviewing/redacting participant names for more than 7,500 requests. Since the participant's name when combined with the pension plan name meets the threshold described in OMB's definition of PII¹, this information has been replaced as described above.
- **Item 1b:** This item requests the date of the request. This information has been provided as requested.

¹ **Personally Identifiable Information (PII).** The term "PII," as defined in OMB Memorandum M-07-16-16 refers to information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual. The definition of PII is not anchored to any single category of information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. In performing this assessment, it is important for an agency to recognize that non-PII can become PII whenever additional information is made publicly available — in any medium and from any source — that, when combined with other available information, could be used to identify an individual.

- **Item 1d:** This item requests any tracking number assigned to the request. This information has been provided as requested.
- **Item 1e:** This item requests the date the request was closed. We have provided a “Response Date” and a “Completed Date.” The response and completed dates are the same when there is only one agency response. However, when interim responses are made, the response date is populated with the date the first response is made but the completed date is not populated until the final agency response is issued. All interim responses are maintained in the eFOIA system. However, the incremental response dates are not captured in a reportable free form text field.
- **Item 1f:** This item requests whether any records were provided in response to the request. More than 96% of requested information is disclosed in full. However, in addition to a denial, there are times when actual records are not released. Some examples include when a duplicate or unperfected request is received—they are administratively closed; misdirected correspondence that is neither a FOIA nor a PA request. Although not required by the FOIA, but as an effort to provide access, we answer inquiries regarding pension benefit questions; we often provide responsive pension related data within the body of our final letter, e.g. income verification requests and responses to requests when participants are preparing a Qualified Domestic Relations Order. In these instances, we had not tracked and maintained these types of disclosure. As a quality assurance measure, we manually reviewed more than 4,000 requests to determine if the requested information was disclosed within the body of the letter or denied.
- **Item 1g:** The PBGC only uses one tracking number which has been provided in Item 1d.
- **Tab 2: Response to Item 2-** We previously reported eight open requests that were submitted more than 45 days prior to the date of your inquiry and a final letter had not been issued. Since our initial submission, six of the eight previously reported requests have now been closed. We have identified an additional 5 requests that meet the specified criteria and they can be reviewed within Tab 2². For each of the requests listed, an interim production of records has been issued. Due to the voluminous nature of these requests and the need to retrieve records from Iron Mountain, the National Records Center and/or NARA, it was necessary to issue interim responses to meet the statutory time limits. Tab 2 demonstrates we have already reviewed thousands of pages, to locate responsive documents, and have made interim releases to these requesters. In some instances, the remaining responsive

² The majority of the cases identified are from attorneys representing PBGC participants and/or using FOIA as an informal discovery tool. In an effort to avoid inadvertent disclosure of participant data, all enclosures to incoming letters, containing participants' names, have been omitted.

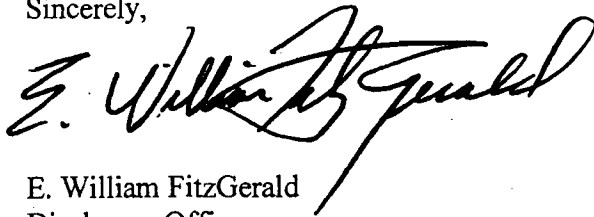

documents are in our processing queue to be delivered, scanned, reviewed, redacted if appropriate, and released.

- **Tab 3: Response to Item 3-** Enclosures 3A, 3B, 3C, 3D, 3E, 3F, 3G, and 3H contain the communications between PBGC and the requesters identified in Item 2 above.
- **Tab 4: Response to Item 4-** Not applicable. The PBGC has never been ordered to pay any attorneys' fees or other litigation costs.
- **Tab 5: Response to Item 5-** Not applicable.

In an attempt to avoid creating a backlog, the Disclosure Division staff worked numerous hours in excess of their normal work schedule, including weekends, to compile the information and provide it in the format you requested. It is important to note we project to receive approximately 7,600 requests for fiscal year 2011, an all-time record. We are committed to continuing to meet our statutory obligations and maintaining a transparent environment consistent with our Privacy Act obligations.

If you have additional questions, please contact me at (202) 326-4040.

Sincerely,

A handwritten signature in black ink, appearing to read "E. William FitzGerald". The signature is fluid and cursive, with the first name "E." clearly visible at the start.

Re: Distress Termination Filings

Dear Mr. Cohen:

This is in response to your Freedom of Information Act (FOIA) request dated August 6, 2009, and our subsequent telephone conversation on August 21, 2009. During this conversation you amended your request to include only distress termination filings involving tests 3 and 4 for FY2006 thru FY2009. In addition, for these filings you desire to have copies of correspondence as outlined in your request. Finally, we will exclude distress termination filings involving bankruptcies. Pursuant to your request, I am making a partial release of Form 600 and Form 601's for the 5 cases identified for the year 2009. These are the best copies available from our files.

We are still in the process of locating and reviewing attachments and other responsive documents, and will provide the disclosable portions of those documents as soon as possible.

In those instances where material is withheld, our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges will also be included in our final determination, it will outline duplication and search costs associated with your request. If you have questions in the interim, please contact Michelle Chase of my staff at 202-326-4040.

Mr. Jeffrey B. Cohen, Esquire

Re: Distress Termination Filings

Dear Mr. Cohen:

This is the second partial reply to your Freedom of Information Act (FOIA) request dated August 6, 2009, for copies of distress termination filings involving tests 3 and 4 for FY2006 thru FY2009, as well as copies of correspondence as outlined in your request, excluding distress termination filings involving bankruptcies. We previously provided you with Form 600 and Form 601's for 5 cases identified for the year 2009, totaling 29 pages.

At this time, I am enclosing Form 600 and Form 601's for 2 additional cases identified for the year 2009, as well as Form 600 and Form 601's for cases identified for the years 2008 and 2007. These records total 49 pages. These are the best copies available from our files.

We are still in the process of locating and reviewing attachments and other responsive documents, and will provide the disclosable portions of those documents as soon as possible.

In those instances where material is withheld, our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges will also be included in our final determination, it will outline duplication and search costs associated with your request. To date, we have spent a total of 23 hours of search/review time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

Re: Freedom of Information Act Request

Dear Bill:

We are requesting the following information under the Freedom of Information Act:

For the period of January 1, 2005 to the present, all settlement agreements, Trusteeship Decision Records and supporting memoranda involving distress or involuntary terminations with respect to not-for-profit entities, including but not limited to hospitals, nursing homes, charitable organizations, or any other organization operated on a not-for-profit basis.

If possible, we would prefer to receive the information in electronic form, ideally with searchable text. We request that you provide a partial response with whatever information is available if other information will take a significantly longer time to provide. Please of course call me if providing the requested information becomes unduly burdensome, and we will be happy to discuss the scope of our request with you at that time. We authorize charges under 29 CFR 4901.31 of up to \$250. Please let me know if you have any questions or if the charges will exceed \$250.

Thank you in advance for your cooperation.

Sincerely,

Re: Trusteeship Decision Records

Dear Mr. Keightley:

I am responding to your Freedom of Information Act request dated February 26, 2010, concerning the above-captioned subject. Pursuant to that request, please find enclosed a partial release of PBGC records, including: Trusteeship Working Group memorandum, trusteeship agreement and, if available, executive summary document. These documents appear to be responsive to your request.

As of the date of this letter PBGC has expended 9 hours of search/review time. Therefore, charges incurred to date for search/review are approximately \$144.00. We will continue to review documents and make an additional release as the documents become available. Our final letter will include information on any material withheld, provide appeal rights and enclose a final Statement of Charges incurred under this request. Re: **Request for Information Regarding the Delta Pilots
Retirement Plan Under the Freedom of Information Act**

Dear Mr. FitzGerald:

This correspondence concerns the Delta Pilots Retirement Plan (the "Plan"). Recently, the Pension Benefit Guaranty Corporation ("PBGC") began issuing final benefit determination letters in connection with its review of the Plan. Miller and Chevalier Chartered represents a group of participants in the Plan. We have been in contact with Mr. William Condron, who is copied on this correspondence, in connection with establishing the parameters of a consolidated appeal for participants who wish to challenge their final benefit determinations.

In order for participants to be able to meaningfully review their benefit determinations, we are requesting additional information from the PBGC. Mr. Condron has stated that your office will be handling these requests. Because we have agreed with Mr. Condron that the consolidated appeal will be due November 18th 2010, we respectfully request that you process our information request as quickly as possible (and if possible, we request expedited treatment). If you anticipate that this request will not be processed within 20 days, please let me know as soon as possible, so that I may seek an appropriate extension from Mr. Condron.

First, we are requesting that all participants receive a benefit statement worksheet (an example of which is enclosed) along with their benefit determination letter. Additionally, through this letter, we are requesting, under the Freedom of Information Act and its implementing regulations, copies of the following:

1. **The Administrative Record of the PBGC's benefit determinations under the Delta Pilots Retirement Plan.**
2. **Documentation of the precise methodology implemented by the PBGC in determining benefit determinations under the Plan. Such**

documentation should include all assumptions that the PBG used and the source of each data point in each final benefit determination.

3. All Plan documents, actuarial valuations, correspondence, policy statements and interpretations, and administrative materials relied upon in making benefit determinations under the Plan.

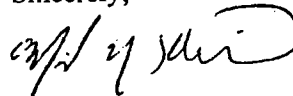

If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform me of the basis for the claimed exemption, and furnish me with copies of those portions of the document that you determine not to be exempt. My consent to such deletion at this time is designed to facilitate your prompt response and in no way waives my right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information.

In compliance with applicable regulations under "Commercial Use Requester," we promise to pay reasonable charges for search, copying and review costs.

We authorize fees for this request up to a maximum of \$500.00. Please inform me if the estimated fees will exceed this limit before processing my request.

If you have any questions about this request, I may be reached at: (202) 626-5937.
Thank you.

Re: May 20, 2010 FOIA Request for Information Regarding the Delta Pilots Retirement Plan, FOIA 2010-2844

Dear Mr. FitzGerald:

On May 20, 2010, Miller and Chevalier Chartered made a request for information related to the Delta Pilots Retirement Plan (the "Plan") under the Freedom of Information Act ("FOIA"). Specifically, we requested: (1) the administrative record of the PBGC's benefit determinations under the Plan; (2) documentation of the precise methodology implemented by the PBGC in determining benefit determinations under the Plan, including "all assumptions that the PBGC used and the source of each data point in each final benefit determination"; and (3) all Plan documents, actuarial valuations, correspondence, policy statements and interpretations and administrative materials relied upon in making benefit determinations under the Plan.

On June 21, 2010, your office made a "partial reply" to our FOIA request, in which you disclosed a copy of the Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. In your partial reply, you stated that you "are continuing to search for additional records encompassed by [the] request, and will provide you with any disclosable portions of those documents as soon as possible." On September 23, 2010, your office made a second partial reply to our FOIA request, supplying a number of attachments to the actuarial case memo supplied in the first partial reply. To date, we have received no additional disclosures or communications regarding our request.

As we mentioned in our previous correspondence and conversations, we have requested this information in connection with our representation of a group of participants in the Pilots Plan who are seeking to appeal their final benefit determinations. Working with Mr. Condon, we have established the parameters of a consolidated appeal for participants who wish to challenge their final benefit determinations. Under these parameters, the consolidated appeal would be due on November 19, 2010. **A key factor underlying this timetable was our understanding that our FOIA request would be processed in a timely fashion so that**

December 15, 2010

Page 2

participants could meaningfully review their benefit determination and make informed decisions in the appeals process. Our current deadline is February 18, 2010. As we have yet to receive any additional information responsive to our request, we do not believe that the February 18, 2010 deadline is viable. So that we may file the consolidated appeal in as timely a fashion as possible, we would again reiterate our request that you provide the final release of responsive documents. To be clear, we would expect this response to include, at a minimum:

all information related to the valuation of the Plan's assets and liabilities, including any audits of such information, all documents related to valuation considered or produced by the Financial Operations Division, as well as any third party data relied upon by the PBGC;

copies of the original pension benefit calculations done by Delta for the participants in the plan, showing the details of the calculations such as determination of average monthly earnings, credited service and money purchase plan offset as well as the portion of the benefit payable through the qualified plan, bridge plan and supplemental plan; and

the calculation details for any subsequent changes in the pension benefit made by Delta or the PBGC to reflect adjustments to the Section 415(b) limits under the Internal Revenue Code or to correct any errors that may have been made in the original calculations;

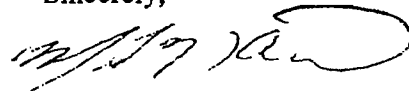

all information related to the 4022(c) allocation under this plan, including all information discussing or concerning PC5a allocations;

all information related to source and extent of PBGC recoveries as to this plan;

all Plan documents relied upon by the PBGC. For your convenience, we have included pages four thru six of the Actuarial Case Memo, listing all of those documents which were relied upon by the PBGC.

Thank you for your attention to this request. If you have any questions, I am at your disposal, and may be reached at (202) 626-5937.

Sincerely,

Michael N. Khalil

5. Plan Benefit Formula Summary

The retirement program for Delta pilots consisted of a combination of defined benefit ("DB") and defined contribution ("DC") plans. The total normal retirement benefit is the greatest of the following three benefit amounts:

- **FAE Formula Benefit:** 60% of Final Average Earnings ("FAE") less a Social Security offset, which is 50% of the Primary Social Security Benefit (see section 26, *Primary Social Security Benefit (PSSB)* for more information), all multiplied by the ratio of years of credited service divided by 25 (maximum ratio of 1.0).
- **Delta Minimum Benefit:** career average-type formula for pilots who were also participants in the Delta Air Lines Employees' Retirement Income Plan and the Delta Air Lines Employees' Variable Annuity Retirement Income Plan as of February 1, 1972 (see section 9 of the Plan Summary for a full description of this benefit).
- **Northeast Minimum Benefit:** career average-type formula for pilots who were also participants in the Northeast Airlines Retirement Plan, the Northeast Airlines Cooperative Supplementary Retirement Plan for Pilots, the Northeast Airlines Fixed Benefit Retirement Plan for Pilots, or employees of Northeast Airlines on July 31, 1972 (see section 9 of the Plan Summary for a full description of this benefit). Northeast Airlines was purchased by Delta in 1972 and former pilots became participants in the Delta plans on August 1, 1972. The Northeast Minimum Benefit is only available if the participant retires at normal retirement date.

The benefit paid from the Delta Pilots Retirement Plan ("Retirement Plan") depends on and is coordinated with the benefits payable from two non-qualified DB plans and a qualified DC plan, each of which terminated on or before DOPT. The Delta Pilots Supplemental Annuity Plan ("SAP") was a non-qualified DB plan that provided benefits not payable from the Retirement Plan due to earnings that exceeded the IRC §401(a)(17) limits. The Delta Pilots Bridge Plan ("Bridge Plan") was a non-qualified DB plan that provided benefits not payable from the Retirement Plan due to benefits that exceeded the IRC §415(b) limit. To determine the Retirement Plan benefit, a participant's earnings are limited by §401(a)(17), and the resulting benefit is then limited by §415(b). The Delta Pilots Money Purchase Pension Plan ("MPPP") was a qualified DC plan consisting solely of employer contributions and was used to offset the

**Re: Consolidated Appeal for Delta Pilots Retirement
Plan Participants**

Dear Mr. Condrón:

This letter follows up on your conversation with Tim O'Toole last week regarding the establishment of a consolidated appeal process for participants in the Delta Pilots Retirement Plan (the "Plan"). Recently, the Pension Benefit Guaranty Corporation ("PBGC") began issuing final benefit determination letters in connection with its review of the Plan. As Tim mentioned, Miller and Chevalier Chartered represents a group of participants in the Plan.

We have requested, and the PBGC has agreed to, the contours of a consolidated appeal (the "Consolidated Appeal") for participants who wish to challenge their final benefit determinations. Pursuant to this agreement, the PBGC will grant to each member of the Consolidated Appeal an extension of the 45-day deadline for filing an appeal of the final benefit determinations up to and including November 18, 2010. However, it is our understanding that the date for filing the Consolidated Appeal is contingent upon the bulk of the benefit determinations being completed approximately two months before that date, so that the participants will have had a reasonable time to review the calculations and prepare their appeal; as such, the November 18th deadline may be subject to further extension.

It is also our understanding that, in order for a participant to be part of the Consolidated Appeal, we will notify the PBGC within 45 days of receipt of the benefit determination of our intention to include that participant in the Consolidated Appeal.

In order to facilitate the participants' ability to meaningfully review the final benefit determinations, we have made a request to William Fitzgerald, the PBGC Freedom of Information Act Officer, for all information that the PBGC has relied upon in arriving at Delta Pilots Plan participant's final benefit determination; including all actuarial assumptions, reports,

benefit worksheets and Plan interpretations. Additionally, we are requesting that all participants receive a detailed benefit statement worksheet (an example of which is enclosed as attachment A) along with their benefit determination letter. We assume that these requests will be fulfilled in plenty of time to allow us to prepare a timely consolidated appeal; if they are not, we may seek to extend the November 18th deadline for that reason as well. We emphasize that it will be impossible to meaningfully assess the issues to be raised in any administrative appeal without receiving complete information about how each benefit determination was calculated.

Finally, we have also included a list of Plan participants whom we currently represent. See attachment B. We would request that as final benefit determinations are completed for these individuals, that the PBGC copy this firm on all correspondence, including final benefit determination letters, related to any of these individuals.

Thank you for your courtesy and consideration with respect to this matter. Please let me know if we have misunderstood any of the terms of the consolidated appeal. If you have any questions about this request, I may be reached at: (202) 626-5937. We appreciate your assistance in this matter.

Sincerely,

Michael N. Khalil

Dear Mr. Khalil:

This is a partial reply to your Freedom of Information Act (FOIA) request, dated May 20, 2010, concerning the above-referenced subject. I am making a partial disclosure of records (67 pages) that have proven to be responsive to Item 3 of your request.

Enclosed is a copy of the Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010.

It was necessary to withhold a small amount of personal information on individual participants from this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

We are continuing to search for additional records encompassed by your request and will provide you with any disclosable portions of those documents as soon as possible.

If you have any questions in the interim, please contact me at 202-326-4040.

Dear Mr. Khalil:

This is a second partial reply to your Freedom of Information Act (FOIA) request, dated May 20, 2010, and your follow-up letter dated September 8, 2010, concerning the above-referenced subject. I am making a partial disclosure of records (237 pages) that have proven to be responsive to Item 3 of your request.

Enclosed is a copy of the entire Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. This release includes the 67 pages you received in our response dated June 21, 2010.

It was necessary to withhold a small amount of personal information on individual participants from various attachments to this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

We are continuing to search for additional records encompassed by your request and will provide you with any disclosable portions of those documents as soon as possible.

Mr. FitzGerald:

I am writing to request the files of the benefit plans listed below from the Pension Benefit Guaranty Corporation (PBGC) under the Freedom of Information Act (FOIA). My name is Eric Loi and I am a Staff Attorney to the Pension Rights Center. The Pension Rights Center is a nonprofit organization dedicated to protecting and promoting the retirement security of American workers and their families. We represent the interests of workers and retirees participating in retirement plans and we greatly value the PBGC's contribution to the retirement security of defined benefit plan participants.

We are concerned with a recent trend of defined benefit plans asserting that they are church plans, and then opting out of ERISA Title IV insurance coverage by requesting a refund of premiums paid to the PBGC. I am requesting files and documents from the PBGC relating to the nine (9) benefit plans listed below that have paid premiums to the PBGC for termination insurance and later received a refund of such premiums based on the fact that the plan is a church plan as defined under Section 414(e) of the Internal Revenue Code.

For the plans numbered #2-#9 below, I am including the plan name and employee identification number (EIN) of each plan sponsor as it was provided in the EXCEL spreadsheet "CHURCH PLAN REFUNDS PAID" that the PBGC previously provided the Pension Rights Center on May 4, 2010.

1. Employees' Improved Retirement Plan of the Hospital Center at Orange, EIN 221658917
2. St. Francis Health Care, EIN: 730700090
3. Alegent Health Retirement Plan, EIN: 470757164
4. Mercy Hospital at Buffalo, EIN 160756336
5. Central Iowa Health System, Inc. Pension Plan, EIN: 421189791
6. Columbia/HCA Healthcare Corp, EIN: 741287016
7. Neponset Valley Health System, EIN: 043397716 and/or 042584592 (There are two different entries for this plan name with two different EINs.)

Ms. Camilla Brown:

I am writing to amend my previous June 17, 2010 Freedom of Information Act (FOIA) request, FOIA 2010-3415. Please amend FOIA 2010-3415 to include a request for the files of the benefit plans listed below. For the plans listed below, I have included the plan name and employee identification number (EIN) of each plan sponsor.

1. Employee Benefit Plans of the United Way and Its Member Agencies, EIN 510065685
2. Saint Peter's University Hospital Retirement Plan, EIN 221487330

As I have mentioned before, we are concerned with a recent trend of defined benefit plans asserting that they are church plans, and then opting out of ERISA Title IV insurance coverage by requesting a refund of premiums paid to the PBGC.

I am entitled to these documents pursuant to the FOIA. I will accept these documents in electronic format, (disk, USB device, or emailed to eloi@pensionrights.org), or in paper form. Re: Church Plans

Dear Mr. Loi:

I am responding to your Freedom of Information Act request dated June 17, 2010, which you amended on August 11, 2010, and October 13, 2010 concerning eight specific church plans:

1. Catholic Charities
2. St. Peters University Hospital Retirement Plan
3. Employees Improved Retirement Plan of the Hospital Center at Orange
4. Saint Francis Health Care
5. Kenmore/Mercy Hospital at Buffalo
6. Central Iowa Health Care Systems
7. Columbia/HCA Healthcare Corporation, and
8. Fiddler, Gonzalez & Rodriguez

I am making a disclosure of records responsive to items 1, 4 and 8. Please note that while preparing this release, we have determined that some portions of these documents were deemed non-disclosable in part. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges, outlining fees for processing your request will also be sent. To date, we have spent nine hours of search/review time in the processing of this request. Search/review time is \$16.00 per hour and copying fees are \$.15 per page. As discussed in our telephone conversation, your fee assessment will be 50% of the total amount of fees incurred in processing this request.

We are continuing to review records responsive to items 3, 5, 6 and 7 and will provide you with any disclosable portions of those documents as soon as possible:

With regard to item 2, Saint Peter's University Hospital Retirement Plan, EIN 221867330, a thorough search of agency records did not produce any documents concerning (1) a refund request(s), (2) a request to cancel coverage or (3) information regarding approval/denial or (4) Internal Revenue Service approval documents for this plan. This search revealed documentation through 2010 indicating that St. Peter's University Hospital has been paying premiums to the Pension Benefit Guaranty Corporation (PBGC). Saint Peter's University Hospital Retirement Plan was not listed in spreadsheet listing plan names, EIN numbers, case identification numbers, effective date of plan coverage and the determination date, or "opt out" date provided to you in our response dated August 2, 2010.

If you have any questions in the interim, please contact me at 202-326-4040.

Sincerely,

Re: Freedom of Information Act Request
Delta Pilots Retirement Plan
Plan Sponsor -- Delta Air Lines, Inc.
PBGC Case No. 20544100
DOPT: September 02, 2006
Date of PBGC Trusteeship: December 31, 2006

Dear Bill:

Thank you for your prompt attention to my previous FOIA requests. After a careful review of the Actuarial Case Memo, could you please respond to these additional requests on behalf of the Air Line Pilots Association.

1. Please provide copies of the documents listed on Attachment A to this request.
2. In an email dated February 21, 2008, Susan Strassman attached a letter that the PBGC sends to pilots as they approach their Normal Retirement Date. See attachment B for a copy of this letter. Please provide the current version of this letter and confirm that it is still being sent to pilots approaching their Normal Retirement Date.
3. Please provide information related to ACT (which I believe stands for Actuarial Calculation Toolkit software) referred to in the first sentence of the first page of the Actuarial Case Memo. This should include the ACT manual, instructions, installation programs and instructions, spreadsheets, configuration files, mortality and interest rate database, participant database (sanitized by removing social security numbers and names) and anything else necessary to run the ACT software used by Bolton Partners DC, Inc. to process the Delta Pilots Retirement Plan termination. It is anticipated that such software will run on a PC using a Microsoft operating system. It is my understanding that this software and data has been provided in response to at least one previous FOIA request related to another terminated plan. PBGC's response to that FOIA request said in part, "... a search of agency records has located a program called Actuarial Calculation Toolkit (ACT) and this appears to be the software program that falls within the scope of your request. After review of the software, I have decided that it would be disclosable under the FOIA."
4. Please provide the PBGC Inspector General report which reviewed the PBGC's procedures with respect to the UAL plan which is referenced in the attached July 20, 2010 PBGC letter to Representative George Miller.

Please send your responses to me at the following address:

Captain Kevin Powell, Chairman
Retirement and Insurance Committee
Delta Air Lines Master Executive Council
Air Line Pilots Association, International
100 Hartsfield Centre Parkway, Suite 800
Atlanta, Georgia 30354

If you have any questions, feel free to contact me at 404-763-5180.

Thank you for your prompt consideration of this request. As mentioned in my previous fax, I have approved payment of up to \$500 for copying and research fees to cover expenses of all of my requests to the extent such fees are not waived or reduced as requested.

Sincerely,

Captain Kevin Powell

According to our records, you are now eligible to begin receiving your pension benefit. We have enclosed an application for you to complete and return to us no more than 90 days before you want your PBGC benefit to start. Also enclosed is a copy of the benefit determination letter that was sent to you previously.

PBGC offers several benefit forms from which you may choose. The enclosed information ("Your Benefit, Your Choice") describes the benefit forms and gives an example of each. We have also included a retirement estimate, which shows the amount of your benefit in each form.

You and your spouse, if you are married, should review the information very carefully before you choose a form of benefit. If you would like a retirement estimate for a J&S benefit with a beneficiary who is not your spouse, please contact us.

Within 90 days of receipt of your application, we will advise you of the amount of your benefit and when the payment will begin. The Honorable George Miller
Chairman

Dear Chairman Miller:

I am writing in response to your December 14, 2009 request that our office review the circumstances surrounding the Pension Benefit Guaranty Corporation (PBGC) handling of the 2005 termination of United Airlines' (UALs) pension plans. Your request was based on your concern that the interests of airline workers and retirees, including UAL workers and retirees, be protected as far as is practical. I want to thank you and the committee members for the opportunity to provide assistance on this matter and for your patience.

Specifically, you requested the PBGC-Office of Inspector General (OIG) to:

- Determine whether worker and retiree interests were protected to the extent practical in this case and in PBGC's termination processes in general; and
- Verify that PBGC properly executed its own protocols and that those protocols remain sufficient to protect the interests of current and future beneficiaries.

Background

Under the Employee Retirement Income Security Act of 1974 (ERISA), PBGC insures benefits in certain defined benefit pension plans sponsored by private sector employers. ERISA authorizes PBGC to initiate the termination of a single-employer pension plan when certain conditions occur, such as if the plan will be unable to pay benefits when they are due or the plan's future liabilities are reasonably expected to cause an unreasonably increased long-run loss to PBGC.¹ When a pension plan is terminated, PBGC is charged to continue an uninterrupted stream of benefits to participants, in accordance with the ERISA limitations.² PBGC receives no tax revenues; it is funded

¹ ERISA section 4042(a)(2) and (a)(4); 29 U.S.C. § 1342(a)(2) and (a)(4).

² ERISA section 4002(a)(2); 29 U.S.C. § 1302(a)(2).

The Honorable George Miller

through premium payments, interest on its investments, the remaining assets from pension plans that are terminated, and recoveries from the companies formerly responsible for the plans. The assets of terminated plans are pooled in a trust fund. PBGC pays guaranteed benefits to participants in underfunded plans that terminate. Premium payments deposited in PBGC's revolving fund help make up the difference in the terminated plan's underfunding.

With respect to the four pension plans sponsored by UAL,³ PBGC instituted proceedings to terminate each of the pension plans. At that time, PBGC estimated the cumulative underfunding of the four UAL-sponsored pension plans to be more than \$10.4 billion, i.e., the plans had only \$6.8 billion in assets to pay about \$17.2 billion in promised pension benefits. Under ERISA, PBGC determined that \$13.8 billion of benefits were guaranteed. Of that amount, about \$7 billion was unfunded.⁴ The money to pay those guaranteed benefits that were not funded by UAL is coming from PBGC's funds. At the beginning of fiscal year when the UAL plans were terminated, PBGC's own deficit was \$23.5 billion.⁵

Protection of Worker and Retiree Interests

We observed from our review that PBGC officials and staff took actions and performed administrative steps that protected the worker and retiree interests. The Corporation has established procedures for termination and trusteeship of single-employer pension plans. These procedures include detailed administrative processes for PBGC's determination whether the statutory termination criteria are met for a single-employer pension plan to be terminated in either a plan sponsor-initiated distress termination or a PBGC-initiated termination.

We saw evidence that PBGC personnel determined the applicable statutory criteria, and took other actions to terminate each of the four pension plans of United Airlines and for PBGC to become trustee for each of the plans. These actions included:

- Analyzing and documenting whether the plans should be terminated and, if so, on what date.
- Subjecting the analyses and termination recommendations to multiple, higher-level reviews.
- Issuing Notices of Determinations for each of the defined benefit pension plans to the president of United Airlines.

³ United Airlines sponsored 4 single-employer plans covering (1) pilots, (2) ground employees, (3) flight attendants, and (4) management, administrative and public contact employees.

⁴ Termination and Trustee Decision Record for each of the 4 UAL plans.

The Honorable George Miller

Page 3 of 6

- Placing notices in major newspapers so that participants and beneficiaries had notice the plans would not continue.
- Becoming trustee of the defined benefit plans.

We further noted that a Court Order was issued to terminate the Pilots' Plan, documenting the court's approval of PBGC's termination decision and accepting the proposed termination date. The Order was upheld on appeal. PBGC's actions were also upheld in challenges to the Ground Plan and the Flight Attendants Plan. Nothing came to our attention to cause us to believe that PBGC did not perform all of the required measures and steps outlined in its termination process. However, we did not complete an audit of the termination process. If we had done so, other matters might have been disclosed during the course of our review.

PBGC also took steps intended to protect the rights of the workers and retirees in United's pension plans by contracting for analyses and calculations in support of PBGC's decisions, including:

- Financial and investment advisors to provide support in analyzing UAL's business plan for emerging from bankruptcy, their financial forecasts, capital structure, and the company's ability to obtain exit financing while maintaining pension plans;
- Contractors to conduct various actuarial analyses of the UAL pension plans; and
- Contractors to perform audits intended to establish the fair market value of plan assets at the date of plan termination.

Other than our concerns with the plan asset audit process and the participant data audit processes, as noted below, nothing came to our attention to cause us to believe that the outside contractors, including the investment advisors and actuaries, did not perform their analyses and calculations as required in their respective contracts.

Plan Asset Audits. Our review showed that the auditors charged with conducting the plan asset audits for the four UAL plans did not exercise due professional care in their work. Further, we found that PBGC did not comply with its own protocols in conducting plan asset audits of the four UAL defined benefit plans, in part because PBGC did not properly oversee the work and failed to identify or follow-up on errors and omissions in the work.

We determined that the issues surrounding the inadequate plan asset audits were so significant that additional, more detailed evaluation is warranted. As a result, within the next month, my office will issue a formal evaluation report including findings and recommendations for necessary improvements in PBGC's oversight of the plan asset audit process.

The Honorable George Miller
July 20, 2010
Page 4 of 6

We have briefed PBGC officials on the results of our work to date addressing UAL plan asset audits. PBGC officials agree that our preliminary findings are serious and have committed to doing the additional work necessary to definitively determine any effect on the benefits of UAL workers and retirees. PBGC officials believe the need for changes to benefits is unlikely.

Participant Data Audits. Our limited review of these audit reports disclosed that PBGC did not validate certain electronic records to manual source documents. We continue to work to understand whether PBGC was able meet its audit objective through alternative audit tests and will report our conclusions as part of the evaluation report noted above.

Communications with UAL Workers and Retirees

PBGC answered questions, addressed concerns, and explained the federal pension program through meetings with multiple groups of UAL pension participants and beneficiaries, and through responses to many individual letters and mass mailings. OIG received nine complaints through its Hotline, which OIG referred to PBGC for response and follow-up. During the course of this review, we learned that PBGC did not provide answers to the complainants we referred because, to PBGC's view, there was no reason to issue responses to each member of the group who had written the same letter, because the organization had already received one or more responses. Although we had requested, in writing, that PBGC advise us of the actions taken in response to the complaints we referred to them, PBGC did not do so and we did not become aware that the complaints had lingered without being answered until we began our work to respond to this Congressional request. We intend to include a copy of this letter in a future response to each of the nine complainants.

Adequacy of Established Protocols

During our review, nothing came to our attention to cause us to believe that PBGC's established protocols are not adequate to protect the interests of current and future beneficiaries, as long as PBGC ensures careful execution of the protocols. However, we did note that the Corporation does not have formal procedures that mandate documentation of discussions and negotiations between PBGC and plan sponsor officials. As a result, various aspects of the UAL settlement discussions were not documented, with a resulting limitation on our ability to conduct aspects of our review. Because litigation and other settlement discussions are fluid, we concluded that, while prescriptive protocols may not be appropriate, creating a contemporaneous record of settlement discussions would create a complete record of the government's actions for the particular matter and would also preserve the facts from fading memories, differing perceptions, and lost knowledge when staff leave PBGC. Based on our review, we concluded that PBGC officials should develop and implement protocols for all meetings or discussions with plan sponsors that, at a minimum, require all meetings or discussions with plan sponsors be documented.

Actions in Response to OIG's Review of UAL's Claim Sale

Finally, as part of our work to respond to your questions, we followed up on our report, *Review of PBGC Claims Sale*, (No. 2006-11/PA-0029, August 31, 2006). This report evaluated whether the process followed by the PBGC in hiring Deutsche Bank to market and sell PBGC's rights to UAL securities upon UAL's emergence from bankruptcy was reasonable in light of PBGC's governance and industry standards for institutional investors. While the report noted that "the Sale was perceived in the market as successfully executed," in general, the report found that PBGC failed to share useful and timely information within PBGC and with the Board of Directors. OIG's recommendations addressed PBGC's investment policy, governance, and standard documentation.

At our request, PBGC provided an update on May 20, 2010 to report activities that addressed the findings and recommendations. We were unable to independently validate the effectiveness of these actions with respect to PBGC claims sales as only one additional claim sale has occurred. However, PBGC officials reported taking the following corrective actions:

- Written Weekly Significant Activity Reports sent to the Board Representatives each Friday afternoon. This confidential weekly report includes briefings on any significant developments in active cases or litigation matters occurring in the past week, or expected in the following week.
- Bi-weekly Significant Case Update meetings, in which the Insurance Programs Office (IPO) provides in person updates on the recent and upcoming significant events in IPO to the PBGC Director, the Deputy Director, the Chief Financial Officer (CFO), the General Counsel, the Chief Operating Officer, and department directors in the departments affected by the cases.
- Large case working group meetings, which are interdisciplinary meetings of agency managers and staff involved in the agency's planning and preparation for large plan termination and trusteeship.
- Bi-Weekly meetings between the General Counsel and the Chief Counsel and their senior officials to discuss matters of mutual concern, including but not limited to the potential for pre-emergence transactions. Since the UAL claims sale, the Corporation reports that it has more clearly defined the roles of the two legal offices in a written document. The Corporation states that this, together with their regular coordination, has resolved the structural issues about their roles raised in our report.

The Honorable George Miller
July 20, 2010
Page 6 of 6

- Written 30-60-90 reports prepared every other month by each Chief-level officer for the Director. These privileged and confidential reports describe anticipated events and significant activity that is likely to occur in the 30-day, 60-day, and 90-day time-frames. For this purpose, and for the briefing book prepared for each meeting of the Board of Directors, IPO prepares a Significant Case memo, which updates the status of active cases and litigation matters.
- An integrated, multi-disciplinary approach for evaluating potential preemergence transactions, including meetings at the earliest possible point between the CFO organization (especially the Corporate Investments Department), IPO and OGC.

PBGC officials stated that while PBGC claims sales are rare, the findings and recommendations in our report continue to be helpful as they prepare for the possibility of similar transactions in the future. Based on our review of documentation submitted by PBGC officials, there has been improvement in communications between the departments. Though PBGC did not implement some of our recommendations, the Corporation has established protocols and processes that reduce the likelihood of future communications breakdowns similar to those that occurred during the UAL claims sale.

We appreciate the opportunity to assist your Committee as you address these important issues and would be happy to provide a detailed briefing for your staff, at your request. Alternatively, please feel free to have a member of your staff contact me at , if there is additional information that we can provide.

Respectfully Submitted,

Rebecca Anne Batts

PBGC Case No. 20544100
DOPT: September 02, 2006
Date of PBGC Trusteeship: December 31, 2006

Dear Bill:

Thank you for your prompt attention to my previous FOIA requests. After a careful review of the Actuarial Case Memo, could you please respond to these additional requests on behalf of the Air Line Pilots Association.

1. Please provide copies of the documents listed on Attachment A to this request.
2. In an email dated February 21, 2008, Susan Strassman attached a letter that the PBGC sends to pilots as they approach their Normal Retirement Date. See attachment B for a copy of this letter. Please provide the current version of this letter and confirm that it is still being sent to pilots approaching their Normal Retirement Date.
3. Please provide information related to ACT (which I believe stands for Actuarial Calculation Toolkit software) referred to in the first sentence of the first page of the Actuarial Case Memo. This should include the ACT manual, instructions, installation programs and instructions, spreadsheets, configuration files, mortality and interest rate database, participant database (sanitized by removing social security numbers and names) and anything else necessary to run the ACT software used by Bolton Partners DC, Inc. to process the Delta Pilots Retirement Plan termination. It is anticipated that such software will run on a PC using a Microsoft operating system. It is my understanding that this software and data has been provided in response to at least one previous FOIA request related to another terminated plan. PBGC's response to that FOIA request said in part, "... a search of agency records has located a program called Actuarial Calculation Toolkit (ACT) and this appears to be the software program that falls within the scope of your request. After review of the software, I have decided that it would be disclosable under the FOIA."
4. Please provide the PBGC Inspector General report which reviewed the PBGC's procedures with respect to the UAL plan which is referenced in the attached July 20, 2010 PBGC letter to Representative George Miller.

Please send your responses to me at the following address:

Captain Kevin Powell, Chairman

If you have any questions, feel free to contact me at 404-763-5180.

Thank you for your prompt consideration of this request. As mentioned in my previous fax, I have approved payment of up to \$500 for copying and research fees to cover expenses of all of my requests to the extent such fees are not waived or reduced as requested.

Sincerely,

Captain Kevin Powell

Re: Delta Pilots Retirement Plan – Case No: 20544100

Dear Captain Powell:

This is a second partial reply to your Freedom of Information Act (FOIA) request, dated May 27, 2010, and your follow-up letter dated September 3, 2010, concerning the above-referenced subject. I am making a second partial disclosure of records consisting of 237 pages that have proven to be responsive to Item 1 of your request.

Enclosed is a copy of the entire Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. This release includes the 67 pages you received in our response dated June 21, 2010.

It was necessary to withhold a small amount of personal information on individual participants from various attachments to this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

We are continuing to search for additional records encompassed by your request and will provide you with any disclosable portions of those documents as soon as possible.

If you have any questions in the interim, please contact me at 202-326-4040.

Sincerely,

Dear Captain Powell:

I am responding to your Freedom of Information Act (FOIA) request, dated May 27, 2010, and your follow-up letter dated September 3, 2010, concerning the above-referenced subject. I am making a disclosure of the twenty-seven page Pension Benefit Guaranty Corporation (PBGC) Office of Inspector General Final Report, titled "Review of PBGC Claims Sale" and dated August 31, 2006.

Please note that while preparing this release, we have determined that some portions of this document were deemed non-disclosable in part. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges, outlining fees for processing your request will also be sent. To date, we have spent 1 hour of search/review time in the processing of this portion of your request, and have provided 27 pages. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

As discussed in our telephone conversation, and pursuant to your written authorization, we are proceeding with the creation of a dummy data base containing input of plan provisions for Delta Pilots Retirement Plan. We are also continuing to search for documents outlining the methodology used by Delta and will provide this information as soon as possible.

If you have any questions in the interim, please contact Michelle Chase at 202-326-4040.

Re: May 20, 2010 FOIA Request for Information Regarding the Delta Pilots Retirement Plan, FOIA 2010-2844

Dear Mr. FitzGerald:

On May 20, 2010, Miller and Chevalier Chartered made a request for information related to the Delta Pilots Retirement Plan (the "Plan") under the Freedom of Information Act ("FOIA"). Specifically, we requested: (1) the administrative record of the PBGC's benefit determinations under the Plan; (2) documentation of the precise methodology implemented by the PBGC in determining benefit determinations under the Plan, including "all assumptions that the PBGC used and the source of each data point in each final benefit determination"; and (3) all Plan documents, actuarial valuations, correspondence, policy statements and interpretations and administrative materials relied upon in making benefit determinations under the Plan.

On June 21, 2010, your office made a "partial reply" to our FOIA request, in which you disclosed a copy of the Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. In your partial reply, you stated that you "are continuing to search for additional records encompassed by [the] request, and will provide you with any disclosable portions of those documents as soon as possible." To date, we have received no additional disclosures or communications regarding our request.

As we mentioned in the May 20, 2010 request, we have requested this information in connection with our representation of a group of participants in the Pilots Plan who are seeking to appeal their final benefit determinations. Working with Mr. Condrón, we have established the parameters of a consolidated appeal for participants who wish to challenge their final benefit determinations. Under these parameters, the consolidated appeal would be due on November 19, 2010. **A key factor underlying this timetable was our understanding that our FOIA request would be processed in a timely fashion so that participants could meaningfully review their benefit determination and make informed decisions in the appeals process.** As we have yet to receive any additional information responsive to our request, we do not

believe that the November 19, 2010 deadline is viable. So that I may better evaluate the situation, please provide me with an update on the status of our FOIA request as soon as possible, including your estimation as to when you anticipate the final release of responsive documents. To be clear, we would expect this response to include, at a minimum:

all the attachments and appendices referred to in the case memo (but not included in your partial disclosure);

all information related to the valuation of the Plan's assets, including all documents related to valuation considered or produced by the Financial Operations Division, as well as any third party data relied upon by the PBGC;

copies of the original pension benefit calculations done by Delta for the participants in the plan, showing the details of the calculations such as determination of average monthly earnings, credited service and money purchase plan offset as well as the portion of the benefit payable through the qualified plan, bridge plan and supplemental plan; and

the calculation details for any subsequent changes in the pension benefit made by Delta or the PBGC to reflect adjustments to the Section 415(b) limits under the Internal Revenue Code or to correct any errors that may have been made in the original calculations.

Thank you for your attention to this request. If you have any questions, I am at your disposal, and may be reached at (202) 626-5937.

**Re: Consolidated Appeal for Delta Pilots Retirement
Plan Participants**

Dear Mr. Condron:

This letter follows up on our recent conversations regarding the viability of the timeline of the consolidated appeal for participants in the Delta Pilots Retirement Plan (the "Consolidated Appeal"). We had previously agreed that the PBGC would grant to each member of the Consolidated Appeal an extension of the 45-day deadline for filing an appeal of the final benefit determinations up to and including November 19, 2010. As you know, this timeline was expressly based upon certain assumptions, including the expectation that our requests for information necessary to complete meaningful reviews of the benefit determinations would be processed in a timely fashion. As I have mentioned in our conversations, we have not received the information we require in order to execute a meaningful appeal. As such, we hereby request an extension of the deadline in which to file the consolidated appeal.

The participants' ability to meaningfully review their benefit determinations is fundamentally dependent upon the disclosure of information about how those determinations were made. As per your instructions, we directed our requests for this information to William Fitzgerald, the PBGC Freedom of Information Act Officer. Specifically, we requested: (1) the administrative record of the PBGC's benefit determinations under the Plan; (2) documentation of the precise methodology implemented by the PBGC in determining benefit determinations under the Plan, including "all assumptions that the PBGC used and the source of each data point in each final benefit determination"; and (3) all Plan documents, actuarial valuations, correspondence, policy statements and interpretations and administrative materials relied upon in making benefit determinations under the Plan.

To date, despite our comprehensive request, the only information we have received from the PBGC has been a partial disclosure of 67 pages, made on June 21, 2010, consisting of the

PBGC's Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. In the partial disclosure, Mr. FitzGerald stated that his office was "continuing to search for additional records encompassed by [the] request, and will provide you with any disclosable portions of those documents as soon as possible." To date, we have received no additional disclosures or communications regarding our request. While pertinent to our request, the Case Memo does not satisfy our request for information. In fact, the partial disclosure did not even include the attachments and appendices upon which the Case Memo relies, and without which, no meaningful examination of the Memo is possible.

After I expressed these concerns to you, we had another conversation in which you indicated that you followed up on my concern with Mr. FitzGerald, who told you that he expected to release another partial disclosure to us shortly. Unfortunately, we still have not received any additional disclosures.

We have discussed the possibility of your office granting us an additional extension until January 2011. Assuming that our information requests are resolved promptly, we believe that this extension would be sufficient; however, if there continue to be delays on the part of the Disclosure Office to our requests, we reserve our right to seek further extensions. Thank you for your courtesy and consideration with respect to this matter. If you have any questions about this request, I may be reached at: (202) 626-5937. We appreciate your assistance in this matter.

Sincerely,

Re: Delta Pilots Retirement Plan – Case No: 20544100

Dear Mr. Khalil:

This is a second partial reply to your Freedom of Information Act (FOIA) request, dated May 20, 2010, and your follow-up letter dated September 8, 2010, concerning the above-referenced subject. I am making a partial disclosure of records (237 pages) that have proven to be responsive to Item 3 of your request.

Enclosed is a copy of the entire Actuarial Case Memo for Delta Pilots Retirement Plan dated March 24, 2010. This release includes the 67 pages you received in our response dated June 21, 2010.

It was necessary to withhold a small amount of personal information on individual participants from various attachments to this document. One exemption of the FOIA was relied upon to withhold this information. Our rationale for withholding certain material will be explained in our final determination letter and you will be given appeal rights at that time. A Statement of Charges outlining search/review and copying fees associated with processing your request will also be sent at that time. Search/review time is \$16.00 per hour and copying fees are \$.15 per page.

We are continuing to search for additional records encompassed by your request and will provide you with any disclosable portions of those documents as soon as possible.

If you have any questions in the interim, please contact me at 202-326-4040.

Sincerely,

Original Signed

E. William FitzGerald
Disclosure Officer
