## SOCIAL SECURITY

January 27, 2012

Refer to:  
S9H: AH5811

I am responding to your Internet Freedom of Information Act (FOIA) request for records the Social Security Administration provided to Congressman Darrell Issa in response to his January 2011 request for data concerning SSA's administration of the FOIA.

I have enclosed a disk containing information responsive to your request. The disk includes five files:

Response letter  
Log 1  
Log 2  
FOIA Subject Matter Codes  
Pending Requests

Our response to the Congressman also included copies of acknowledgement letters we sent to FOIA requesters. I am withholding this information pursuant to FOIA Exemption 6 because it contains personal information about individuals (5 U.S.C. § 552(b)(6)). I have, however, included a copy of our template acknowledgement letter on the disk.

If you disagree with this decision, you may request a review. Mail your appeal within 30 days after you receive this letter to the Social Security Administration, Office of Privacy and Disclosure, 617 Altmeyer Building, 6401 Security Boulevard, Baltimore, Maryland 21235. Mark the envelope "Freedom of Information Appeal."

Sincerely,

Dawn S. Wiggins  
Freedom of Information Officer

**SOCIAL SECURITY**  
Office of the General Counsel

February 15, 2011

The Honorable Darrell E. Issa  
Chairman, Committee on Oversight and Government Reform  
House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman:

Thank you for your January 25, 2011 letter requesting information regarding our agency's responses to requests for information under the Freedom of Information Act (FOIA).

As you state, the FOIA is a vital tool to achieving open and transparent government. The Social Security Administration takes seriously its obligation to respond to FOIA requests timely and accurately. In the past two years, we have improved our processing times significantly. In fact, despite having one of the largest FOIA workloads in the Federal government, our backlogged initial requests dropped from 147 in fiscal year (FY) 2008 to 68 in FY 2010.

With this background, we respond to your specific requests as follows:

For item 1, we have enclosed our FOIA logs in Excel format for the preceding five years. We extracted these logs from two different tracking systems, which affects the data we are providing to you. In 2007, we implemented a new electronic FOIA system (E-FOIA) to better track our requests and improve our overall request processing time. In accordance with the National Archives and Records Administration's General Records Schedule 14, when we fully grant the request, E-FOIA deletes the request automatically two years after closing the request. Therefore, we no longer have this information in our E-FOIA log, provided at Log 2.

Both logs identify:

- a. the name of the requester;
- b. the date we received the request (our systems do not capture the date of the request);
- c. the request type (Log 1 includes subject codes which identify the request type. We have enclosed a list of subject codes);
- d. our tracking number; and
- e. the date we closed the request.

As for subcategories f. and g., we do not have an electronic means of determining whether we provided records responding to each request, nor do we have additional identification numbers or codes.

For items 2 and 3, we have enclosed a report showing each request submitted more than 45 days before January 24, 2011, for which our agency has not yet issued a complete and final response. Unless otherwise indicated on the report, our only record of communication with these requestors is the acknowledgement letter that we sent upon receiving each request. Requests we received through the Internet are identified on the report with "NEW" in the Status column. For the Internet requests, E-FOIA generates an acknowledgement. We do not have copies of these acknowledgements.

For items 4 and 5, we have no information or documents responsive to these requests, as no court has ordered us to pay any attorneys' fees or other litigation costs incurred by a FOIA requester.

I hope this information is helpful. If you need any additional information, please do not hesitate to contact me at 410-965-0600, or at [Thomas.Crawley@ssa.gov](mailto:Thomas.Crawley@ssa.gov). Staff may contact Daniel F. Callahan, Acting Executive Director, Office of Privacy and Disclosure, at 410-965-0644, or [Dan.Callahan@ssa.gov](mailto:Dan.Callahan@ssa.gov).

Sincerely,

A handwritten signature in blue ink that reads "Thomas W. Crawley". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Thomas W. Crawley  
Acting General Counsel
