REPLY TO  
ATTENTION OF:

**FEB 20 2009**

Freedom of Information/  
Privacy Office

This is in response to your Freedom of Information Act (FOIA) request of September 6, 2008, for a copy of all technical reports and studies at the National Ground Intelligence Center (to include predecessor agencies) that are more than 40 years old (and less than 50 years old) but is still identified as classified national security information and supplements our response of September 18, 2008.

As noted in our letter, the search has been completed with another element of this command and the records lists have been returned to this office for our review and direct response to you.

We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958, as amended. As a result of this review, information has been sanitized and three pages are denied in their entirety, as the information is currently and properly classified **SECRET** and **CONFIDENTIAL** according to Sections 1.2 (a)(2), 1.2 (a)(3) and 1.4 (c) of EO 12958, as amended. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b) (1). It is not possible to reasonably segregate meaningful portions of the withheld pages for release. The records lists are partially releasable and are enclosed for your use. A brief explanation of the applicable sections follows:

Section 1.2 (a) (2) of EO 12958, as amended, provides that information shall be classified **SECRET** if its unauthorized disclosure reasonably could be expected to cause serious damage to the national security.

Section 1.2 (a) (3) of EO 12958, as amended, provides that information shall be classified **CONFIDENTIAL** if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 1.4 (c) of EO 12958, as amended, provides that information pertaining to intelligence activities, intelligence sources or methods, and cryptologic information shall be considered for classification protection.

Information has been sanitized from the records that are predominantly internal in nature, the disclosure of which would significantly risk circumvention of agency regulations or statutes. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(2).

Since the release of the information deleted from the records would result in an unwarranted invasion of the privacy rights of the individual concerned, this information is exempt from public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(6).

The withholding of the information described above is a partial denial of your request. This denial is made on behalf of Major General David B. Lacquement, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You have the right to appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this letter. After the 60-day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts.

During the processing of your request, we have determined that the assessable cost for the attached list of record titles will exceed our automatic fee waiver threshold of \$15.00. Regulatory guidance requires us to notify you of the likely cost and obtain assurance of full payment.

Total File List/Approx # of Pages = Total Pages – 100 x .15 = Approx Cost

630 record titles/25 pgs ea. (630 x 25 =15,750 - 100 = 15,650 x .15 = \$2,347.50)

630 record titles/20 pgs ea. (630 x 20 =12,600 - 100 = 12,500 x .15 = \$1,875.00)

Please let this office know in writing the titles you want and your willingness to pay.

If you have any questions regarding this action, contact this office at 1-866-548-5651, or email the INSCOM FOIA office at INSCOM\_FOIA\_ServiceCenter@mi.army.mil and refer to case #759F-09.

Sincerely,

Susan J. Butterfield

Director
