Subject: Maine vanity plate information
Cc: "Arnold, Thomas"

This is in response to your October 27th letter requesting information on Maine BMV's vanity plate process. Specifically, you asked for our list of prohibited plates; a copy of internal instructions for vanity plates; and recent correspondence regarding rejected or recalled plates.

In Maine, a registrant may make a vanity plate request either in person at a BMV branch office, or online through our website. If the request is made in person, the BMV service representative will check the request on the computer system for availability. The request also is checked against the prohibited list. If the plate is unavailable or on the list, the registrant is advised that the plate is unavailable, and asked to select another. If the service rep is unsure as to the appropriateness of the request, they will call the BMV registration section's plate clerk for advice. The plate clerk uses her experience or checks with her supervisors to make a decision.

The plate clerk reviews online requests. The online system rejects unavailable plates. Once a request is approved, a plate order goes to the plate shop. The list is reviewed by the Bureau Director's secretary, and inappropriate plates may be stopped or pulled. The Bureau Director has the final say regarding the appropriateness of a vanity plate.

I have attached the list of prohibited plates. This list originally was obtained many years ago from several other states, and has been added to since. Maine would consider reviewing and reconsidering any particular entry, should someone make a request.

I also have attached a PowerPoint presentation used to train staff. Aside from the law, there is not a great deal of written instructions relative to vanity plates.

Also attached is some recent correspondence between the Bureau and various vanity plate requestors. We do not keep a record of all vanity plate communications.

If you have any questions, do not hesitate to contact me.

VANITY PLATES

**POLICIES &
PROCEDURES FOR
BRANCH OFFICE STAFF**

29-A MRSA Section 453-A

(effective 9/13/03)

3-A. Restrictions. The Secretary of State, in the Secretary of State's discretion, may refuse to issue a vanity plate that:

- A. Consists of or comprises language that is obscene, contemptuous, profane or prejudicial;
- B. Promotes abusive or unlawful activity;
- C. Falsely suggests an association with public institutions; or
- D. Is duplicative.

Vanity Plate Policy

Established by the Attorney General's Office-1991

1. The Secretary of State, in his or her discretion, may cancel, refuse to issue, or refuse to reissue a configuration of letters, numbers, or characters (including foreign words) that a reasonable person would believe is in whole or in part:
 - A. **Offensive;**
 - B. **Inappropriate;**
 - C. **Misleading; or**
 - D. **Duplicative**
2. A configuration is "offensive" if it has a connotation of:
 - A. **Obscenity;**
 - B. **Contempt;**
 - C. **Profanity; or**
 - D. **Prejudice**
3. A configuration is "inappropriate" if it promotes the abuse of alcohol or the use of illegal drugs.
4. A configuration is "misleading" if it falsely suggests the public official use of a motor vehicle.

The subjective intent of the applicant is not dispositive of the Secretary's determination.

VAN TEST

MANDATORY!!!

- **Determine availability**
- **Determine if acceptable**
- **Determine number of characters allowed for class code**
- **Determine spacing allowed**
- **Duplication (especially for Lobster and Black Bear specialty plates)**
- **Cousins**
- **Miscellaneous warnings**

VAN TEST MY-PL8 (PC) <F1>

Van Test will not only allow the user to determine if the sequence is available for issuance, it will also assist in determining whether or not the plate is an acceptable configuration. An unacceptable configuration may be because the plate sequence has been deemed inappropriate or simply because the vanity configuration is not a valid “vanity” sequence.

Please be sure your staff is trained to test a sequence with the requested spaces, dashes and/or ampersands (&) requested by the customer. By doing so, the user will receive an error message if the length of the sequence is too great for that particular class of vanity plate.

Inappropriate Vanity Plate

When testing a vanity plate, the user may receive a message stating:

VAN TEST H8-BMV (PC)

THE CLASS CODE IS VALID FOR (CLASS CODE) AND VANITY PLATES ARE ALLOWED.

THE PLATE IS NOT AVAILABLE.

1 ERROR WAS FOUND, THE VANITY PLATE IS UNACCEPTABLE.

*****THE FIND PHASE IS CANCELLED*****

***“Your vanity plate is inappropriate.
You should be ashamed....”***

When a customer’s plate is considered inappropriate, please use caution when telling them it’s not available for issuance.

We suggest that you simply state:

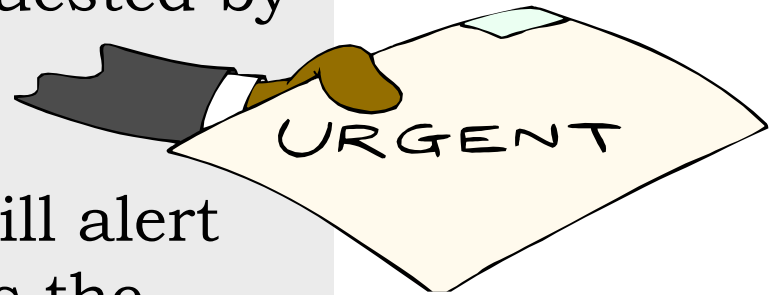

“That plate sequence is unavailable. Do you have another choice you would like to try?”

Space (+), Dash (-), Ampersand (&)

When using **VAN TEST**, it is important to test the sequence with the space, dash and/or ampersand requested by the customer.

By doing so, the computer will alert the user if the length exceeds the maximum amount of characters allowed for that class code.

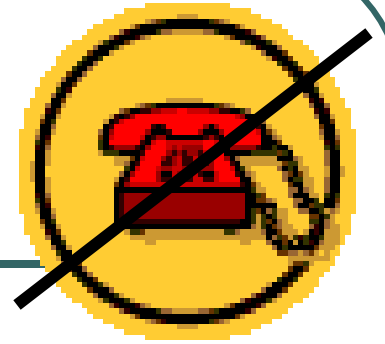

Authorization of Vanity Plate

**Do I need to
call the Main
Office for
approval or
can I approve
the vanity
plate myself?**

You do not need to call if:

The vanity plate sequence falls into one of the following categories:

- **Common Names**
- **If the same sequence is already taken in another class code (exception Lobster & Black Bear specialty plates)**
- **Person's or people's initials (verified)**
- **Make and/or year of car**
- **Fictional characters, i.e. SPNGBOB, MEDUSA, LIONKNG**

For All Other Sequences, You Must Call the Main Office for Approval

My customer would like the vanity plate LOVPL8S (PC). VAN TEST shows that it's available. Can I please have approval for this plate?

It's that time of year again!

Vanity plates for Christmas EFFECTIVE 11/02/2007 – 12/05/2007

- ☆ Confirm availability and acceptability following the established VAN TEST and approval process
- ☆ **RESERVE** the plate – **VAN RESERVE GIFT4U (PC) <F1>**
- ☆ Validate the application and write in the upper left hand corner that it is a **“Christmas Gift”**
- ☆ If the plate is to be sent to the gift-giver, please use that address on the application
- ☆ Attach a copy of the registration to the application
- ☆ Do not update the registration
- ☆ Send to the attention of the Initial Plate Clerk

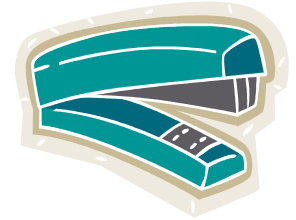

CHRISTMAS ORDER

General info: The plates will be sent out a week before Christmas to either the recipient or the gift-giver. If the registration expires any time but December, January, February or March the initial plate will be entered on the registration a few days before Christmas. If the registration is due during one of the above months a letter of authorization will be issued with the plates directing the recipient to go to a Motor Vehicle Branch Office or the Town Office to have them placed on their registration at the times of re-registration. The letter of authorization is validated with the \$15.00 initial plate fee. It will also say that the initial plate will be up for re-issuance if not used within 6 months.

Miscellaneous Comments

- **Validation of Form:** Be sure to validate the form in a spot not to interfere with writing. Also, do not validate on the tear-off portion of the application. The tear-off is removed and discarded prior to filing the application.
- **Staples or Paperclips????** We prefer that you hook the application and registration together using a paperclip. It is very time consuming and cumbersome to have to remove staples from over 300 applications each week.
- **Always update the registration!!!** Vanity plates are the one exception to the “if it’s not on the system, you have to hand-type the registration and/or not update it until the prior registration hits the system.....” If the registration is not updated, we cannot order the plate.
- **“When will I receive my metal plates?”:** Please advise customer that they will receive their plates in **3-5 weeks**. Always issue the temporary plate for a **60** day period.

RE: Maine Vanity Plate UR AP NS (PC)

Dear Registrant:

This letter is regarding the vanity plate **UR AP NS (PC)** which was issued to you. The Bureau of Motor Vehicles has determined this plate is inappropriate. Therefore, this vanity plate is no longer available or allowable. At this time, we would like to offer you the opportunity to obtain a different vanity plate combination.

If you would like to request a new combination of letters, words or numbers, we would be happy to review your request. To make a request, please complete and return the enclosed application or call 207-624-9191. If your selection is available and allowable, we will issue this new set of plates at no additional fee, for the remainder of your current registration period.

If you do not want to request a new set of vanity plates, please let us know and we will issue you a set of number plates.

If you do not respond by November 9, 2012, a number plate and registration will be issued to you replacing your current vanity plates.

We apologize for any inconvenience or disappointment this may cause you.

Sincerely,

Nikki Bachelder
Secretary to the Director
Vehicle Services

RE: Maine Vanity Plate SCK FCK (MC)

Dear Registrant:

I have replaced SCK FCK (MC) with a motorcycle number plate because you have not selected another vanity plate. The plate SCK FCK (MC) is no longer valid.

Please find plate 735 JC (MC) enclosed along with an updated registration and sticker.

I have requested a refund for the \$25.00 vanity plate fee. A check will be forthcoming in 4-6 weeks.

Sincerely,

Nikki Bachelder
Secretary to the Director
Vehicle Services
