Re: October 27, 2012 Public Records Request

This letter is in response to your October 27, 2012 public records request. The request was directed to the Ohio Bureau of Motor Vehicles, and has been forwarded to me for a response. You have asked for the following:

- 1) A copy of the list of prohibited personalized license plates i.e. the listing that is used as a guideline to the DMV (BMV) employee who screens personalized license plate applications for offensive or objectionable words or phrases or messages.
- 2) A copy of the internal instructions to DMV (BMV) employees on procedures for screening personalized license plate applications for offensive or objectionable words or phrases or messages.
- 3) A copy of each administrative appeal letter from A) applicants whose personalized license plate was rejected, and/or from B) motorists whose personalized license plates were reclaimed by the DMV (BMV) following a complaint from a member of the public (January 1, 2010 to the present.)

Please be advised that Ohio does not have an applicable state freedom of information law. However, your request is being processed in accordance with Ohio's Public Records Act, R.C. 149.43.

Because responsive records may contain information which is exempt from disclosure under the public records laws, the records must be reviewed by the Department's legal staff prior to being made available for inspection and copying. At this time, I do not know how long it will take to gather and review responsive documents; we will do so expeditiously, and notify you when the records are available.

In the meantime, if you have any questions or concerns regarding this matter, please do not hesitate to contact me at (614) 466-7014, or via e-mail at rmathews@dps.state.oh.us.

Sincerely,

Robin R. Mathews
Associate Legal Counsel

SETTLEMENT AGREEMENT

This Settlement Agreement ("Agreement") is entered into by and between Anthony Zucco ("Zucco") (Zucco sometimes referred to herein as "Plaintiff") and Franklin E. Caltrider, Registrar of the Ohio Bureau of Motor Vehicles ("Caltrider") and Kenneth Morckel, Director of the Ohio Department of Public Safety ("Morckel") (Caltrider and Morckel sometimes referred to collectively herein as "Defendants"). Zucco, Caltrider and Morckel, their predecessors, successors, assigns, personal representatives and agents, are sometimes referred to collectively herein as "parties."

WHEREAS, Zucco is an Ohio citizen who requested the personalized license plate "RDRGE" from the Ohio Bureau of Motor Vehicles ("BMV");

WHEREAS, Caltrider is the Registrar of the BMV, and Morckel is the Director of the Ohio Department of Public Safety. The BMV is an agency of the State of Ohio that has certain responsibilities relating to the licensing and registration of motor vehicles in the State of Ohio, and the BMV is housed in the Ohio Department of Public Safety. The BMV rejected Zucco's request for the personalized license plate "RDRGE;"

WHEREAS, Plaintiff filed a lawsuit against Defendants in the United States District Court for the Southern District of Ohio (Case No. C2-01-1270) styled *Zucco v. Caltrider, et al.* (the "Lawsuit") seeking declaratory and injunctive relief relating to the BMV's personalized license plate program and Plaintiff's request for the personalized license plate "RDRGE." In addition, Plaintiffs sought an award of costs and attorney fees;

WHEREAS, Defendants answered the Lawsuit and denied the allegations made by Plaintiff;

WHEREAS, the parties desire to avoid the expense and uncertainty of litigation and to resolve all controversies, claims, and disputes between them;

WHEREAS, This Settlement Agreement is made as a compromise between the parties for the complete and final settlement of all of their claims, differences, and causes of action which were brought, or could have been brought, in the Lawsuit;

WHEREAS, It is understood by the parties to this Settlement Agreement that the facts upon which this Settlement Agreement is made may hereafter prove to be other than or different from the facts now known or believed by either of them to be true. Each of the parties expressly accepts and assumes the risk of the facts proving to be so different, and each of the parties to this Settlement Agreement agree that the terms of this Settlement Agreement shall be effective and not subject to termination by reason of any such difference in facts;

WHEREAS, The parties agree that the terms of this Settlement Agreement bind the parties hereto, their assigns and successors in interest;

WHEREAS, The parties understand that this Settlement Agreement and the Release of All Claims is a compromise of disputed claims. This Settlement Agreement is not to be construed as an admission of liability on the part of Defendants;

WHEREAS, This Settlement Agreement constitutes the entire agreement between the parties with regard to the matters set forth herein. There are no other understandings or agreements, verbal or otherwise, in relation thereto, between the parties except as expressly set forth herein;

NOW, THEREFORE, In consideration of a good and valuable consideration, including the mutual obligations and promises stipulated herein, the receipt and sufficiency of which are hereby acknowledged by each of the parties, the parties do hereby contract and agree as follows:

1. Defendants agree to assign the personalized license plate "RDRGE" to Plaintiff. Plaintiff shall be required to pay any and all current and future statutory and/or administrative fees associated with acquiring and retaining that personalized plate.
2. Defendants agree to adopt and implement the Special License Plate Screening Guidelines ("Guidelines") attached hereto and incorporated herein as Exhibit "A." Defendants, and any future employees of the BMV and the Ohio Department of Public Safety, retain the right to modify the Guidelines as they may deem appropriate.
3. Plaintiff agrees that all claims, demands, rights, causes of action, liabilities, costs, loss of services, expenses, and any and all other damages on account of, or in any way arising out of the actions or inactions of Defendants, their officers, employees, servants, or agents, during or arising out of Defendants' administration of the personalized license plate program and/or the claims raised in the Lawsuit, be released, settled, satisfied, discharged and compensated.
4. Within thirty (30) days of the execution of this Settlement Agreement, and in accordance with documentation provided by Plaintiff's counsel, Defendants shall pay Plaintiff's counsel the sum of Four Thousand Dollars (\$4,000.00) for attorney fees associated with the Lawsuit.
5. Nothing contained in this Settlement Agreement shall require or be construed to require either party to pay or reimburse the other party for any cost or expense, including, but not limited to, attorney's fees, except as expressly provided herein.
6. The parties agree that this Settlement Agreement may be altered, amended or changed at a later time only in writing and upon mutual consent of the parties to this Settlement Agreement.
7. Within seven (7) days of execution of this Settlement Agreement, Plaintiff will file a dismissal with prejudice of the Lawsuit.

8. Plaintiff agrees to execute and be bound by the attached Release of All Claims. The Release of All Claims shall be executed contemporaneously with this Settlement Agreement.
9. This Settlement Agreement shall be governed by the laws of the State of Ohio.
10. The undersigned have read this Settlement Agreement, have had the opportunity to consult with legal counsel, have executed this Settlement Agreement voluntarily, and understand all its terms. If the undersigned is signing on behalf of a principal, they have the authority to sign settlement documents on its behalf.

IN WITNESS WHEREOF, the parties hereto set their hands and execute this Settlement Agreement on the dates set forth below.

Special License Plate Screening Guidelines: Process

In reviewing requests for special license plates, the Bureau of Motor Vehicles ("BMV") will apply the substantive criteria provided below and will employ the following procedure:

1. The Special Plate Screening Committee ("Committee") shall meet to review and vote upon proposed special license plates. If the Committee votes to allow the special license plate, the special license plate shall be issued to the applicant.
2. If the Committee votes to disallow the proposed special license plate, the applicant shall be notified in writing within thirty (30) days of the Committee's receipt of the request for the proposed special license plate. The Committee's denial letter shall inform applicants of their right to appeal the denial in writing to the Registrar of the BMV. In order to trigger the Registrar's review, the applicant's appeal letter must be received within thirty (30) days from the date the Committee's denial letter is mailed. The Registrar shall issue his or her decision within (30) days of receipt of the applicant's appeal letter. If the Registrar decides to overturn the decision of the Committee, the special license plate shall be issued to the applicant. If the Registrar decides to uphold the decision of the Committee, the applicant shall be notified in writing of the reasons for the Registrar's decision. The decision of the Registrar shall be final and is not subject to appeal.
3. Nothing in these guidelines precludes the filing of a lawsuit by an applicant if the applicant wishes to challenge the decision of the Registrar.

Special License Plate Screening Guidelines: Substantive Criteria

In reviewing requests for special license plates, the BMV shall reject any request that:

1. Contains words, combinations and/or phrases (in any language and when read either frontward or backward) that are profane (that is, swearwords or expletives), obscene, sexually explicit, or scatological; or
2. Contains words, combinations and/or phrases (in any language and when read either frontward or backward) that are so offensive that they could reasonably be expected to provoke a violent response from viewers without additional comment; or
3. Contains words, combinations and/or phrases (in any language and when read either frontward or backward) that advocate immediate lawlessness or advocate lawless activities.

In reviewing requests for special license plates, the BMV shall reject any request that contains words, combinations and/or phrases (in any language or when read either frontward or backward) that:

1. Are Profane (that is swearwords or expletives),
2. Obscene,
3. Sexually explicit, or
4. Scatological (having to do with fecal excrement);

5. Are so offensive that they could reasonably be expected to provoke a violent response from viewers without additional comment; or

6. Advocate immediate lawlessness, or
7. Advocate lawless activities.

How to determine if a plate is inappropriate

(After Quan Boyd (Chief) discussed during a meeting with Duke Hobson (Administrator) on 2/12/12)

1. Contains words or combinations and/or phrases in any language that are profane, obscene, sexually explicit, or scatological (excrement).
2. Words which are offensive that they could provoke a violent response from viewers without additional comment.
3. Words that advocate immediate lawlessness or advocate lawless activities

Voting

1. Inappropriate – entire committee must agree the plate is inappropriate **and** which rule applies.
 - a. When a decision of denial is made by the committee, Quan Boyd and Duke Hobson, with the Asst. Chief cc, will affirm or deny the decision.
 - b. If all agree, a mass e-mail is sent, to Special Plates, VIS Management, OVS Management, OPI, DTS Help Desk, Field Operations Admin, OPLATES, and the Registrar's Office (Invalid/Inappropriate E-mail)

Note: If neither is available to confirm or deny, e-mail will automatically be sent.

2. Questionable – at least one person on the committee does not agree a plate is inappropriate.
 - a. An e-mail is sent to Quan Boyd for her to rule on the plate.
 - b. Once a decision is made by Quan Boyd, mass e-mail (Invalid/Inappropriate) is sent.
 - i. If Quan Boyd considers the plate “questionable” then she will send to Duke Hobson for a decision. (This action will continue up the chain of command until a decision is made)

Appeals

1. Once a plate is denied, all customers have the option to appeal their selection in writing. This is usually done in one of three ways:
 - a. Customer e-mails an appeal
 - b. Customer faxes an appeal to 614-752-7220

- c. Customer mails their appeal to the Vehicle Information Services Section, P.O. Box 16521, Columbus, Ohio 43216
2. All appeals are reviewed by Quan Boyd and Duke Hobson. (This action will continue up the chain of command until a decision is made)

Recalls

1. The BMV reserves the right to recall a registration if one of the above inappropriate rules applies. Recalls usually happen when:
 - a. An Ohio resident emails, writes, or calls with a complaint about a plate
 - b. A customer orders a replacement for their current plate and the request appears on the Daily Requisition report.
2. The same review process is completed before a recall is initiated. All recalls are reviewed by Quan Boyd and/or Brandi Crowley, Asst. Chief and Duke Hobson. (This action will continue up the chain of command until a decision is made)

Subject: Plate request

Thank you for your concerns regarding my personalized plate request of "PC3 EFD". I hadn't considered how "EFD" could be viewed as a vulgar term. Please allow me to explain the reasoning behind this request. I am employed by the City of Euclid. There I serve as a Platoon Chief for the Euclid Fire Department (EFD). My badge number is PC3. This is the rationale for "PC3 EFD" on an Ohio license plate. I'm respectfully requesting your consideration for allowing this license plate. If you require any additional information, please let me know.

Sincerely,

Will Anderson

Operations

Firefighters do more than just fight fires. South Euclid firefighters provide emergency medical service, conduct fire safety education, maintain and repair equipment, inspect fire hydrants and conduct fire safety inspections.

Education

Officers are available, upon request, to speak to school, civic and religious groups about fire prevention and safety. Firefighters teach various fire safety, first aid and fire prevention courses to many groups in the community.

Subject: Vehicle Registration/NIPS

Mrs. Kee Mosley, I've read and understand your e-mail concerning my request for the plate reading NIPS. This is a nick name that I have cared most of my life, given to me by my oldest brother. I had this bike registered under this plate for almost 11 yrs till I moved to Pa. I have since moved back to Oh. and would like to re register this plate as it was for many yrs NIPS. Upon looking and investigating the word, I see no harm or inappropriate meaning to the letters N I P S . Using this word in a sentence, He nips the corner of the house with his tractor. Most of my friends and family members well know me as Nip. This plate (nips) identifies me to those who know me when i'm riding down the road. The letters are not in anyway meant to be provocatively or expletives .I believe anyone putting or seeing this in any other content has to much time on their hand. Again Nip is a nick name that I've carried for most of my life (52 yrs), everyone that knows who, any who asks what that word means is told the Truth, It is my nick name, given to me by my oldest brother. 3 motorcycles and they all cared the name nip, nips & nips2 for many .yrs Its to bad life is coming down to people reading to much into words and other things that are harmless. That's all I have to say, I'm standing with my registration for my motorcycle NIPS for now

Thank You
John L. Rothbrust

Subject: Plate Renewal

I just received a phone call stating that our request for Ohio License plate MERSH has been rejected because the plate is inappropriate. I believe we have had this tag for about ten years. We decided to request a new tag because of the age of the present bicentennial plate that is on the car. My wife's maiden name is Mershimer and her nick name, since the 1950's, is MERSH. She is 62 years old and a life long resident of the State of Ohio. She has a Master's Degree in Education from Youngstown State and has worked with educators statewide for nearly forty years. I am 67 and retired from the Columbus Division of Police. The way we are using our language today there are very few terms or names that can't be viewed as inappropriate. We have a state issued tag on another vehicle that begins with FKT. I can't tell you how many comments we have received on that tag. I guess it is all in the eye of the beholder. I would request that we be allowed to keep the tag that means a lot to my wife and that we have had for so many years. I would also advise that the present tag expires in August.

Thank you for your consideration

Re: **Ohio License Plate “SSA” – Jack Schmidt Lease, Inc.**

Dear Ms. Riggins:

I represent Jack Schmidt Lease, Inc., and I am writing with regard to a communication received by my client from the BMV pertaining to the use of the above noted special license plate. The BMV notified my client that the Ohio license plate “SSA” may be characterized as distasteful or offensive. I certainly understand, and agree with, the BMV’s need to restrict the use of special plates that broadcast inappropriate content to the public. However, in this particular case, I am hopeful that additional background information will help alleviate concerns about the continued use of this particular license plate.

Jack Schmidt, Inc. was an Ohio entity established in 1955. The company operated a franchised Oldsmobile dealership in Columbus for many decades, doing business as Jack Schmidt Oldsmobile and operating at 447 East Main Street in downtown Columbus until the Oldsmobile brand was rendered extinct by General Motors in the 1990s. In 1982, Jack Schmidt Oldsmobile, as part of its dealership business, established a vehicle leasing company named Jack Schmidt Lease, Inc. Jack Schmidt, Inc. and Jack Schmidt Lease, Inc. were owned by husband and wife Jack Schmidt and Sarah J. Schmidt, both lifelong Columbus residents.

To the best memory of my client and Ms. Schmidt, Ms. Schmidt first began using the license plate “SSA” in approximately 1962. At the time, “SSA” was an abbreviation for “Sarah Schmidt Auto”, which was a dba of the dealership in the 1950s and 1960s. Ms. Schmidt has continuously used the “SSA” license plate for approximately 50 years, has been the only person to utilize this plate and the license plate has tremendous sentimental value to Ms. Schmidt.

The license plate was originally registered to Jack Schmidt, Inc. The license plate was eventually registered to Jack Schmidt Lease, Inc. On behalf of my client, I am respectfully requesting that the BMV reconsider the allowance for the use of the license plate.

Please do not hesitate to contact me at your earliest convenience if you need additional information or if you have any questions. Thank you for your consideration.

With regards,

David A. Brown

Attn: Special Plates Committee

Ref: Plate NEUTR EM

Dear Special Plates Committee,

I am writing in the hopes you will reconsider your previous decision as to my special plate NEUTR EM.

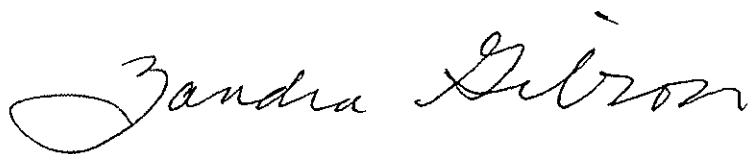

I was contacted that my plate would be approved if on a Pet Friendly license plate – I would love to do that but unfortunately it is too many letters. I tried several other options: NEUTR M, SPAY NTR, NEUTER, FIX EM, SPAY EM – but these are all already taken.

As you can see from the photo above, my license holder does show that my license plate is in reference to pets. I realize in the big picture, my personalized license plate isn't as important as people losing their jobs, or going hungry – trust me – I get that. I try to make a difference everyday and I feel that my NEUTR EM license plate even in a small way helps do that. I definitely appreciate that there is a screening process so that not just anything can be put on a personalized plate, but am so confused as to why NEUTR EM can't be used when thousands of dogs and cats have to be euthanized yearly in the state of Ohio. I have requested the new plates RES Q PET but each time I think of that plate I realize that if more people would "NEUTR EM" there would be less pets to rescue.

As you can tell, spaying and neutering is my passion. I do so hope you will consider allowing my NEUTR EM Plate to be reissued to me.

If I can answer any question, I can be reached at 937-613-6060. Again, thank you for your time and consideration in this matter.

Making a difference,

Car: any vehicle on wheels. Hopefully the big wigs dont find this to be vulgar. If they dream that up then give me a refund because I will just get a regular plate. To the Registrar of Motor Vehicles and the Special Plates Committee,

This is a letter of appeal for a decision made by the Special Plates Committee for a motorcycle special plate. I would like to have this decision reconsidered. I have been denied a special plate with the letters 'KZMAZ' and I would like to know why the Bureau of Motor Vehicles and the Special Plates Committee have made this decision and I would like to have the decision reconsidered and overturned. I am not using my special plate request as a forum or an avenue to promote any messages or any causes which may be distasteful or otherwise offensive. I do not understand how someone's given family name can be viewed as having the 'potential perception of inappropriateness'.

My plate request was two-fold: an abbreviated version of the name of a leather goods shop in Western Australia and an homage to a girl that I know from a popular website called Facebook. Included with this letter is part of her page from Facebook and the information for the leather shop. She has relatives with the same family name and they do not find their family name to have the 'potential perception of inappropriateness' in any way. To say that their family name has the 'potential perception of inappropriateness', I find to be ridiculous and offensive in itself. I can not understand why the Bureau of Motor Vehicles and the Special Plates Committee would not allow me to promote the leather shop using an abbreviation of their name. Also, I do not understand why you would not grant the family's name. So I have to ask, how is it that the Bureau of Motor Vehicles and the Special Plates Committee finds these things with a 'potential perception of inappropriateness' in any way? Is it that the family's name is of a different race or descent or is the culture in question? I surely would hope that this is not the case, in this day and age. I believe that that would be a form of discrimination. I may be wrong. Is it a problem with abbreviated names of leather shops in Western Australia? I really do not understand and I am bothered by this special plate request denial.

I have also included the original letter sent to me about the denial. Therefore, I respectfully believe that the decision of the Bureau of Motor Vehicles Special Plates Committee and its decision of the 'potential perception of inappropriateness' should be reconsidered and overturned and that my request for the special plate with the family name 'KZMAZ' be granted. Thank you for your time and for the reconsideration.

Plate Request 84HO

I received a letter of inappropriate request notice of denial form in the mail and could not figure out the reason for the denial. After having many friends and family look at why I would receive this we still are not sure why. The car these plates are going on is a 1984 Hurst/Olds. The H is for Hurst and the O for olds. There were 3500 of these cars built in 1984 and that is why I have requested the 84HO plates. You can use a search engine to see the car in question if needed. My intentions are pure and if there is something I am missing I do apologize. Please let me know if the denial will stay in affect so I can try a different avenue for plates.

RE: Plate Requested EFF BOMB

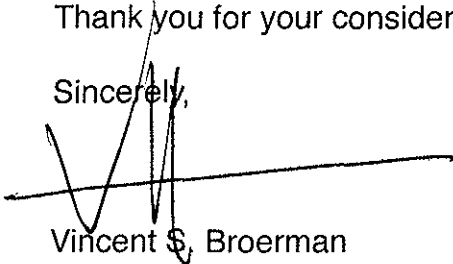

I previously requested the above mentioned special plate for a vehicle I recently purchased. A search was conducted by a representative at the Ohio BMV office located in Milford, Ohio. I was told the plate was available.

The request was reviewed by the manager at that location. I was asked the meaning of the tag. I explained EFF refers to the car, which is a Ferrari. BOMB refers to the car being a brilliant red color. At that time the request was approved and a temporary EFF BOMB tag was issued and is currently presented on the vehicle.

As a result, I respectfully ask the Special Plates Committee to reconsider its position rejecting the request and uphold the decision of the manager who previously approved the plate. I believe concerns of "potential perception of inappropriateness" are unfounded when the plate is installed on this particular vehicle - a red Ferrari.

Thank you for your consideration.

Klemigan & D. Hobson - appeal denied.

ATTN: Devon Riggins, Pamela Jackson, Brenda Berger

To Whom It May Concern,

*plt to be sent back.

This letter is in regards to the correspondence I received from the Ohio Department of Public Safety regarding the specialty plates I have been using on my vehicle for the past 10 months. I respectfully disagree with both the assumption/conclusion and the action directed by ODPS in the letter and would like to begin an appeals process to come to a more reasonable agreement. Please accept this letter as a formal request for an appeal against the recall request by the Ohio Department of Public Safety regarding the license plate "ZMBEKLK". I assume henceforth the meaning of this license plate is translated correctly by the average person as "Zombie Killer". Thank you for continuing to read the following:

These plates were ordered last year on oplates.com and the online order went through without incident. Please bear in mind that I've had these license plates on a vehicle in front of the public for almost a year and never has this been an issue until now. Friends, family, and even complete strangers give kudos and thumbs up for such a creative license plate. To this day, with the exception of your letter, I have yet to interact or observe anyone who has disapproved of the license plates or their meaning, whether directly or indirectly.

By the ODPS's own admission in the letter I received, while common sense and social norms filter out the blatant obscene and improper; the viewpoint of the "average person" is used in cases such as these where a meaning does not so clearly fall into those categories. Yet having these plates in operation for almost a year with no complaints, except for the one you recently received, would prove that the average person does not have a problem with them or these alleged complaints would have started much earlier and be more numerous. It should be noted that the objector in this case, license plate EZT-1100, Black Dodge Ram, has been witnessed harassing other motorists along the Sunbury road stretch between 161 and Countyline Road for the last 12 months, both with aggressive driving and outright yelling/profanity. While that may seem irrelevant, bear in mind that I would hope you and I (average people) would see that this person is by no means average. If they are, I shudder to think the kind of society we have found ourselves living in. Even still, I don't understand how a single complaint or even a handful of complaints can be defined as what an "average person" would think when any one vehicle is regularly seen by hundreds if not thousands of average people every day.

With regards to the actual content of the license plate, from a satirical view, these plates are in jest and a reference to current pop culture. Zombies are currently fictitious by nature although the CDC has recognized the possibility of a zombie-like outbreak (admittedly not anywhere near as extreme, accurate, or gruesome to the depiction of zombies in print media and film) to which they have listed guidelines on their website. As a result, I ask that common sense prevail in this instance and agree that such license plates are not actually offensive to the average person.

In closing, I would like to humbly submit this alternative resolution to the ODPS. 1.) That I be allowed to finish the term for which I paid for these plates (October 25th) and 2.) That I not be asked to surrender said plates to the Ohio Department of Public Safety now or at any time in the future. In return, at the end of said term, I will voluntarily choose new vanity plates and not renew the current plates in question. Thank you so much for your time reading this letter and for the wise judgment I hope you would apply to this process.

Sincerely,

Brady Berlin

Special Plates Committee:

I do wish to appeal the decision to your Special Plates Committee. I wish to make the following statement.

I have no idea what you are talking about when you say you don't want to provide motorist with a forum or an avenue for promoting a message or cause which may be distasteful or offensive.

My wife just passed away after 42 years of marriage.

We had a dog named Stud and 69 was a unit I was in the Military. It was the 69th Field Artillery.

I am 64 years old. I have no idea what you mean when you say I am trying to promote a message that is distasteful.

I spent 20 years in the Military defending our rights for this country. More and more our rights are being taken away from us.

We are starting to become a Communist Country and I am starting to regret defending this country for 20 years.

I go to Mass every Sunday and I am not on the far right. I believe in the Peoples Rights.

We have too many people on these so called Committees that is far right and religious that want to take our rights away from us and want us to live like they do.

Maybe there should be a committee that tells us what to name our dogs.

Maybe the Military should start using certain numbers for their units.

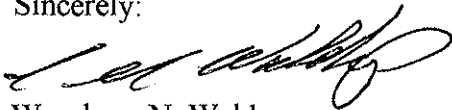

Yes, I am a Vietnam Veteran and 100% disabled through the VA (Veterans Affairs) because of Vietnam Service.

There is probably no since in appealing your decision because we know the appeal will be denied by the same Committee that denied me in the 1st place.

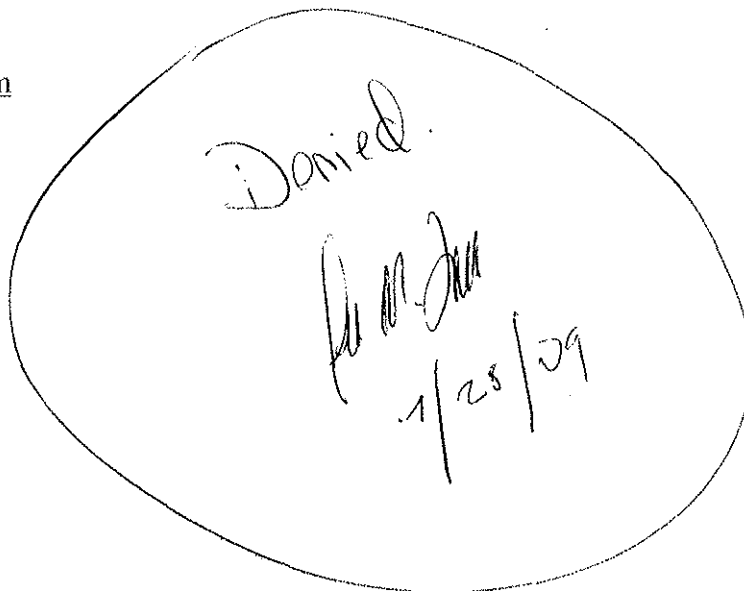

I worked for the Veterans Service Commission for 21 years at the Veterans Memorial.

We had a Committee that I worked for and Judge Bessey of the Common Pleas Court made them stop judging appeals because they denied the case in the 1st place. How can it be fair when you judge the case and turn around and judge the appeal?

Bureau of Motor Vehicles – Registration Special Plates

I am writing this request to appeal the recent denial of my Special license plate request. I requested the plate "SHROOMS". Please let me explain my request: I have been selling mushrooms for 32 plus years and own a mushroom farm which buys and sells mushrooms throughout the Midwestern part of the country. My wife and I tried every scenario for "Mushrooms" or "The Mushroom Guy" (which is my email address) online to check for availability. However, with the limitation for only 7 letters allowed it limited my choices. I understand your position not wanting any inappropriate plates issued and I could not agree more but I can assure you, this request is completely and totally legitimate. I have enclosed a brief history of my company along with a brochure we use for new or potential customers and a business card.

I would very much like to have the "Shrooms" plate but, if that is not possible I would be willing to change to "MUSRM GY" (Mushroom Guy – my email address).

There is urgency getting this issue solved as I currently have temporary plates with "Shrooms" and these expire on July 29th. Please notify me with your decision ASAP. You can call me at (614) 580-3942 or email me at themushroomguy@aol.com.

Market *Fresh* Farms

Market Fresh Farms (MFF) was formed in the fall of 2003 to serve a specific customer base, the Wholesale Food Service market. MFF has always believed this portion of the mushroom business was tremendously under served and could be our opportunity to be successful for many years to come. Although MFF is a young company, the partners together have over 100 years of experience at every level of the mushroom industry.

MFF is 50% grower owned, and that grower base provides the mushroom supply necessary to service our specific market. We felt the Wholesale Food service market was ignored both in quality and priority due to larger mushroom shippers desiring the retail consumer sale. These shippers take their best product and position their sales effort toward the consumer retail package. MFF in turn, makes #1 priority of the bulk, sliced, and Wholesale food service market place.

In the fall of 2006, MFF broke ground on our new 13,000 sq. ft. processing, warehousing and distribution facility. Our processing and distribution facility is managed by John D. Ruggieri. Mr. Ruggieri's family has been actively involved in the mushroom business since the early 60's. John has been with MFF since our inception and became a principal partner in 2005. The MFF sales and marketing efforts are managed by William W. Rouse. Mr. Rouse has been involved in various facets of the mushroom industry since the early 70's. Bill is the founding partner of MFF.

Early in MFF's history the commitment was made to assemble the finest transportation system in the industry. MFF services an approximate 1500 mile radius of our base facility. We believe in our vision that the finest product available is effort well spent only if our quality product arrives in great condition on time every day. We truly believe the success that MFF has experienced to date is a direct result of our on-time transportation team.

In spring of 2007 Market Fresh Fruit and Produce (MFF&P) was formed. MFF&P is a wholly owned subsidiary of MFF. MFF&P serves two specific needs for our customer base, the first being a consolidator and distributor of all East Coast fruits & vegetables throughout the entire local growing region in season. Secondly, during the winter season we offer all types of stone fruit, pineapples and grapes from various South American points of shipment. MFF&P offers access to virtually every label available throughout the Southern Hemisphere for the South American winter season with local port of entry pickup daily.

We at MFF and our subsidiaries are proud of the team that we have assembled for the exciting opportunities yet to come. We will continue to work for our customers as hard as we are able and strive to reach our goals of not only meeting but exceeding their expectations every day.

Subject: Appeal of the Denial to Issue Personalized Plate

To Whom It May Concern:

I recently received a letter from your office regarding the selection of the word "FALICE" on a personalized plate. Despite how you might read or interpret it is my legal middle name. It is pronounced FAL - Leese and contains the spelling of the name of my maternal great grandmother, Alice. The choice was not made without considerable thought.

I have enclosed a copy of my birth certificate. I would hope you would reconsider. In the event my request is denied (I can't not have my name on my plate), I would request a regular plate be issued, and the balance of my money be refunded.
