Re: PHMSA FOIA Case #2013-0108

This letter is in response to your email dated April 25, 2013 requesting records from the Pipeline and Hazardous Materials Safety Administration (PHMSA) under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested copies of PHMSA FOIA Case Log from 2008 to present.

PHMSA is committed to making its records available to the greatest extent possible. We have enclosed a DVD with responsive records.

The fee for processing your FOIA request is \$25.00 for the DVD. The fee is determined in accordance with the Department of Transportation's regulation governing the implementation of FOIA. Payment is due upon receipt of the material. If remittance is not received within 30 days from the date of receipt of this letter, the Department may institute collection action pursuant to Federal debt collection statutes. These statutes provide for late charges of 3 percent per annum, penalty charges of 6 percent per annum, and administrative charges of \$12 per month that will be assessed retroactively for handling a delinquent debt owed the government.

You may pay for FOIA requests using one of two options. 1) PHMSA implemented an electronic service to help our customers submit payments to the Federal government over the Internet. The service allows customers to pay FOIA payments with a credit card over the Internet. Access is easy and the result is faster. You can access the system at the following URL: <https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=1073203>.

The FOIA section is located under the PHMSA heading; 2) Payment can also be made by check, draft, or money order payable to the "Department of Transportation" and send to the following address:

**PHMSA FOIA Collection  
DOT/FAA/MMAC  
AMZ-341  
P.O. Box 269039  
Oklahoma City, OK 73125**

Please insert "PHMSA FOIA Case # 2013-0108" on your remittance to assure correct posting of your account.

If you have questions, please contact me at (202) 366-6119 or via email at [marilyn.burke@dot.gov](mailto:marilyn.burke@dot.gov).

Sincerely,

Your correspondence does not address the willingness to pay for search and review fees per 49 CFR Part 7.41. Until we begin our search we cannot guarantee the volume or number of available responsive records. Your request is very broad and would require searching for records from the 5 field offices and numerous individuals at DOT Headquarters and will take numerous resources and

				time to process this request. If you could narrow the scope it would reduce the fees. We estimate the costs to process this is approximately \$1,000. We will place your request on hold for 15 days from the date of this letter. If we do not receive the fee authorization within the 15 day time limit we will cancel your request
