DTIC-R (FOIA 2014-66)

JAN 28 2014

This is in response to your email dated December 29, 2013, received in this office December 30, 2013, requesting information under the Freedom of Information Act (FOIA) (enclosure 1). Under Department of Defense rules implementing the FOIA, published at 32 CFR 286, your request was categorized as "other."

Enclosure 2 is a computer-generated bibliography prepared by matching the subject terms in your request against our Technical Report database. The bibliography may contain some documents that do not apply to the specific subject areas in which you are interested; however, to eliminate any of the key search terms could also eliminate documents that do apply to your subject area(s) of interest.

Enclosure 3 consists of a bibliography that contains unclassified descriptions of classified and/or unclassified/limited distribution documents related to your request. These documents may only be released by the controlling activity. Requests for these documents should be forwarded to the controlling activity, usually identified in the Distribution Statement field of the citation. This office upon request can research documents with no controlling activity identified. NOTE: Although some of the citations listed on the bibliography at attachment 2 may indicate that the document can be viewed and/or downloaded in full text, be advised that these citations/documents are not available to the general public through the DTIC Online Public Technical Reports database.

To date, there are no assessable fees for services from DTIC. Please understand that other members of the public may submit a FOIA request for copies of FOIA requests received by this office, or the names of those who have submitted requests. Should such occur, your name and, if asked for, a copy of your request will be released; however, your home address and home telephone number will not be released. Other private citizens who have obtained your name by using such a request may contact you; however,

JAN 28 2014

correspondence from the DoD about your request will be on official letterhead. Please contact me at (703) 767-9204 if you have any questions. Thank you for your interest in obtaining information from DTIC.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Hamilton", written in a cursive style.

MICHAEL HAMILTON

EXPORT CONTROL

The following notice applies if this bibliography includes abstracts with references marked "Export Control" EXPORT CONTROL WARNING NOTICE This document contains technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., sec. 2751 et seq.) or Executive Order 12470. Violations of these export laws are subject to severe criminal penalties. Distribution of this document is subject to DoDD 5230.25.

DOWNGRADING ACTION

The security classification of each entry in this listing is current as of the date of the bibliography. Do not downgrade or declassify individual bibliographic entries without referring to the complete and current classification authority, duration, and change markings associated with the document referenced in the bibliographic entry.

DESTRUCTION NOTICE

For classified documents, follow the procedures in DoD 5200.22-M, National Industrial Security Program Manual, Section 7, or DoD 5200.1-R, Information Security Program Regulation, Chapter VI, Section 7. For unclassified, limited documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

CONTROLLED REPORTS

You may obtain copies of controlled reports only if you are within the audience authorized by the secondary distribution markings assigned by the controlling office or if you are specifically authorized by the controlling organization. To request specific authorization, please complete a DTIC Form 55, Request for Release of Limited Document. Be sure to include all the information needed to identify the document and a justification as to why you need the document. DTIC encourages the use of the Automated Form 55 for those with access to the Internet. The Automated Form 55 can be found at: <http://www.dtic.mil/dtic/formsNguides/registration/form55.html>. For those using the paper form, please fax your completed Form 55 to DTIC.

IRD RESTRICTIONS

Independent Research And Development (IRD) information held by DTIC in its IRD Collection is Company Proprietary data and is only for the official use of DoD personnel registered with DTIC. IRD information is protected as Trade Secrets (per 18 U.S.C. Chap. 90, Sections 1839) and its further distribution is not authorized. IRD information, printed or displayed, will be safeguarded as required, to preclude unauthorized dissemination to non-DoD personnel and organizations. (Per DoD 5100.66 and DLAR 5230.3 Encl. 1 Paragraph 3F). Penalties for the unauthorized distribution of IRD information are extensive and severe. (18 U.S.C. Section 1905 and 18 U.S.C. Chap. 90, Sections 1831 and 1832)

WARNING TO CONTRACTORS

As a condition of obtaining DTIC services, all information received from DTIC that is not clearly marked for public release will be used only to bid or perform work under a U.S. Government contract or grant or for purposes specifically authorized by the U.S. Government agency that is sponsoring access. Further, the information will not be published for profit or in any manner offered for sale. Non-compliance may result in termination of access and a requirement to return all information obtained from DTIC.

ASSISTANCE

If you need assistance with the search strategy or format for your bibliography, please contact 703-767-8265/8274, DSN 427-8265/8274 or Toll Free 1-800-CAL-DTIC (225-3842), (Menu selection 3, submenu 1, Training/Search Assistance).

EXPORT CONTROL

The following notice applies if this bibliography includes abstracts with references marked "Export Control" EXPORT CONTROL WARNING NOTICE This document contains technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., sec. 2751 et seq.) or Executive Order 12470. Violations of these export laws are subject to severe criminal penalties. Distribution of this document is subject to DoDD 5230.25.

DOWNGRADING ACTION

The security classification of each entry in this listing is current as of the date of the bibliography. Do not downgrade or declassify individual bibliographic entries without referring to the complete and current classification authority, duration, and change markings associated with the document referenced in the bibliographic entry.

DESTRUCTION NOTICE

For classified documents, follow the procedures in DoD 5200.22-M, National Industrial Security Program Manual, Section 7, or DoD 5200.1-R, Information Security Program Regulation, Chapter VI, Section 7. For unclassified, limited documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

CONTROLLED REPORTS

You may obtain copies of controlled reports only if you are within the audience authorized by the secondary distribution markings assigned by the controlling office or if you are specifically authorized by the controlling organization. To request specific authorization, please complete a DTIC Form 55, Request for Release of Limited Document. Be sure to include all the information needed to identify the document and a justification as to why you need the document. DTIC encourages the use of the Automated Form 55 for those with access to the Internet. The Automated Form 55 can be found at: <http://www.dtic.mil/dtic/formsNguides/registration/form55.html>. For those using the paper form, please fax your completed Form 55 to DTIC.

IRD RESTRICTIONS

Independent Research And Development (IRD) information held by DTIC in its IRD Collection is Company Proprietary data and is only for the official use of DoD personnel registered with DTIC. IRD information is protected as Trade Secrets (per 18 U.S.C. Chap. 90, Sections 1839) and its further distribution is not authorized. IRD information, printed or displayed, will be safeguarded as required, to preclude unauthorized dissemination to non-DoD personnel and organizations. (Per DoD 5100.66 and DLAR 5230.3 Encl. 1 Paragraph 3F). Penalties for the unauthorized distribution of IRD information are extensive and severe. (18 U.S.C. Section 1905 and 18 U.S.C. Chap. 90, Sections 1831 and 1832)

WARNING TO CONTRACTORS

As a condition of obtaining DTIC services, all information received from DTIC that is not clearly marked for public release will be used only to bid or perform work under a U.S. Government contract or grant or for purposes specifically authorized by the U.S. Government agency that is sponsoring access. Further, the information will not be published for profit or in any manner offered for sale. Non-compliance may result in termination of access and a requirement to return all information obtained from DTIC.

Report Date: Jan 1972

Abstract: (U) The study problem is centered on identifying existing requirements for a U.S. Army helicopter pilot's personal defense weapon and determining what weapon will best satisfy recognized needs. The purpose of the weapon is determined to be for defense, survival and psychological security. Physical and performance criteria identified in the study dictates that the weapon must be a pistol. An evaluation is made of various pistols to determine the best available weapon capable of fulfilling the requirement. The 9mm Colt Model 1971 is selected. A discussion and evaluation is made of ammunitions and marksmanship techniques that could improve the weapons effectiveness and hit probabilities.

Report Date: 09 Jun 1978

Abstract: (U) This paper attempts to consolidate and categorize the extensive literature available that relates to US Army military hand guns, and to provide analysis of that information for future studies and decisions. The literature search reveals that the usefulness of sources listed in priority is as follows: Defense Documentation Center, Air University Index, gun enthusiast magazines, and Readers' Guide to Periodical Literature. Recommendations include questions for future efforts in the following areas: commercial hand guns, M1911A1 modifications, training, hand gun design, bullet design, manufacturing, multi- projectiles, machine pistols, costs, and microballistics.

Abstract: The Appendix contains complete descriptions of most of the R and D tasks performed by LWL during its 12 years of existence. A listing of GNI tasks is included. A listing of all tasks, grouped by Branch is also included. The individual task sheets give the task number, title, level of funding, inclusive performance dates, major contractors (where such information was readily available), and a description and results of the work performed. These sheets are arranged in the same order as the preceding task listing, and the only tasks not included (identified by an asterisk on the listing) are those that were terminated for various reasons after they were funded but before any substantive results were achieved.

Date of Publication:15 Jul 1963

Abstract: Project AGILE performs research and engineering support for the military and paramilitary forces engaged in or threatened by conflict in remote areas of the world. Its activities are oriented toward the requirements of the local forces in these areas, while the Service research and development agencies are primarily concerned with the requirements of the U.S. forces. At the present time, Project AGILE is providing research and engineering support for the forces engaged in Vietnam and to the Ministry of Defense in Thailand. Preliminary discussions with the U.S. officials in other countries to explore the feasibility and desirability of R&D support for those forces have been approved by OSD and State and are under way.
