RE: FOIA Request No. 13-01309-F

This is a final response to your e-mail dated April 20, 2013, requesting information pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested a copy of each written response or letter from the Department of Education to a Congressional Committee in calendar years 2012 and 2013 to date.

On April 26, 2013 you narrowed the scope of your original request to read as such: "A copy of any and all log(s) of correspondence that include letters initiated from members of Congress from 2012 through the present day to the United States Department of Education."

Your request was forwarded within the Department of Education to search for documents that may be responsive to your request.

Enclosed is a CD containing 87 pages of documents responsive to your request. The log details the correspondence's control number, the date it was received, who sent it, what office or organization they were representing, and the subject of the request.

However, certain information has been withheld according to the FOIA exemptions specified below:

- Records or portions of records relating to personal information is exempt pursuant to 5 U.S.C. § 552 (b)(6) of the FOIA. Disclosure of this information would constitute a clearly unwarranted invasion of personal privacy.
- Information located within the documents that is unrelated to your request has been withheld and annotated as "non-responsive."

Provisions of the FOIA allow us to recover the costs pertaining to your request. The Department has concluded that you fall within the category of an "all other" requester. However, the Department has provided you with these responsive documents, at no cost. The Department's release of information at no cost does not constitute the grant of a fee waiver, and does not infer or imply that you will be granted a fee waiver for future requests made under FOIA to the Department.
