Re: 09-FOI-00020

This is in response to your letter dated November 8, 2008, which was received by the Office of Inspector General (OIG) on November 12, 2008. In your letter, you request the following information under the Freedom of Information Act (FOIA), 5 U.S.C. § 552:

- 1) a listing or printout of each DOI OIG audit report, evaluation report, inspection report, etc. which is non-public or has not been released for public use
- 2) a digital or electronic listing or database of DOI OIG audit reports from the years before 1995.

A search was conducted and enclosed are copies of a listing of nonpublic audits from 2010-2013 and all audit reports from 1978-1995. There are 72 pages responsive to your request. Two pages contain some information that is being withheld and the remaining 70 pages are being released in their entirety

Deletions have been made of information that is exempt from release under the provisions of 5 U.S.C. §§ 552 (b)(1), (b)(6), and (b)(7)(F). These sections exempt from disclosure items that pertain to: (1) national security information concerning the national defense or foreign policy, provided that it has been properly classified in accordance with the substantive and procedural requirements of an executive order; (2) personnel and other similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy; and (3) law enforcement information that could reasonably be expected to endanger the life or physical safety of an individual. Exemption (b)(1) was used to protect matters of foreign policy. Exemption (b)(6) was used to protect the personal privacy interests of individuals named in the file. Exemption (b)(7)(F) was used to protect law enforcement information that, if released, could reasonably be expected to endanger the lives of individuals.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. § 552(c) (2006 & Supp. IV (2010)). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

If you disagree with this response, you may appeal the decision by writing to the following no later than 30 workdays after the date of the final response:

Office of the Solicitor
FOIA Appeals Officer

The FOIA Appeal Officer's facsimile number is 202-208-6677. Your appeal should be filed in accordance with the regulations set out in 43 C.F.R. §§ 2.57-2.64, a copy of which is enclosed.

As part of the 2007 FOIA amendments, the Office of Government Information Services (OGIS) was created to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that OGIS does not have the authority to handle requests made under the Privacy Act of 1974. You may contact OGIS in any of the following ways:
