Records Release Office

OCT 27 2014

This responds to your Freedom of Information Act (FOIA) requests dated, February 20, 2014, for a copy of each FOIA request received by the Army Corps of Engineers and February 22, 2014, for a copy of the FOIA Case Log for the Army Corps of Engineers for the years 2005 through the present.

Enclosed is the releasable document responsive to your request. Where boxed-in and noted within the documents, information has been withheld that is exempt from the mandatory disclosure provisions of the FOIA under exemptions (b)(6) and (b)(7)(C).

Exemption (b)(6) applies to information about individuals in "personnel, medical files and similar files," when the disclosure of such information would constitute a clearly unwarranted invasion of personal privacy.

Exemption (b)(7)(C) applies to information contained in records compiled for law enforcement purposes, any release of which could reasonably be expected to constitute an unwarranted invasion of the privacy of any individuals who were mentioned therein, or who conducted and/or supervised the conduct of an inquiry and investigation.

This action constitutes a partial denial of your request. As the Initial Denial Authority (IDA), I partially denied your request. You may appeal this denial decision in writing within 60 days from the date of this letter. If you decide to appeal, please address your appeal through this office (ATTN: SAIG-ZXR), The Inspector General, 1700 Army Pentagon, RM 1E132, Washington, DC 20310-1700, to the Office of the General Counsel, Department of the Army. That office has the appellate authority for Army Inspector General initial FOIA determinations. In any such appeal, you should also provide a copy of this letter, along with sufficient justification upon which the Office of the General Counsel may base a decision.

There are no fees assessable for the processing this request. If you have any questions concerning this response, please call (703) 545-4591. Please refer to Case Number 14-507 should you call this office.

Sincerely,

Enclosure

The state of their relations while married is highly relevant to the case. Defense, pursuant to the Rule for Court-Martial 701(a)(2), has requested a copy of this IG investigation. I anticipate that while this document may be material to the preparation of CW2 (b)(6),(b)(7)(C) defense, it will likely not be admitted at trial itself. One of the biggest problems with advising FRGs is that they don't think they will get in trouble when they do things wrong so they don't ask for or listen to legal advice. It would be helpful to have examples of investigations into misconduct. Are you aware of any investigations relating to FRGs and/or private organizations?
