Reference: F-2014-02121

This is a final response to Item 1 of your 5 July 2014 Freedom of Information Act (FOIA) request for **“a copy of each FOIA request letter submitted by Jeffrey Scudder during calendar year 2012, and any associated enclosures.”** As you will recall, in our 16 September 2014 letter, we informed you that we had already begun processing a request for this information in connection with an earlier FOIA request received prior to yours. We cross-referenced your request to the earlier one in order to send you any records that were found to be releasable.

As a result of our searches undertaken in connection with the earlier request, we located three documents, consisting of 83 pages, that we determined were releasable in segregable form with deletions made on the basis of FOIA exemptions (b)(1), (b)(3), and (b)(6). Copies of the documents and an explanation of exemptions are enclosed. Exemption (b)(3) pertains to information exempt from disclosure by statute. The relevant statutes are Section 6 of the Central Intelligence Agency Act of 1949, as amended, and Section 102A(i)(1) of the National Security Act of 1947, as amended. As the CIA Information and Privacy Coordinator, I am the CIA official responsible for this determination. You have the right to appeal this response to the Agency Release Panel, in my care, within 45 days from the date of this letter. Please include the basis of your appeal.

We responded regarding Item 2 of your request on 16 September 2014.

Sincerely,

A handwritten signature in cursive script that reads "Michael Lavergne".

Enclosures

Explanation of Exemptions

Freedom of Information Act:

- (b)(1) exempts from disclosure information currently and properly classified, pursuant to an Executive Order;
- (b)(2) exempts from disclosure information, which pertains solely to the internal personnel rules and practices of the Agency;
- (b)(3) exempts from disclosure information that another federal statute protects, provided that the other federal statute either requires that the matters be withheld, or establishes particular criteria for withholding or refers to particular types of matters to be withheld. The (b)(3) statutes upon which the CIA relies include, but are not limited to, the CIA Act of 1949;
- (b)(4) exempts from disclosure trade secrets and commercial or financial information that is obtained from a person and that is privileged or confidential;
- (b)(5) exempts from disclosure inter-and intra-agency memoranda or letters that would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) exempts from disclosure information from personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of privacy;
- (b)(7) exempts from disclosure information compiled for law enforcement purposes to the extent that the production of the information (A) could reasonably be expected to interfere with enforcement proceedings; (B) would deprive a person of a right to a fair trial or an impartial adjudication; (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy; (D) could reasonably be expected to disclose the identity of a confidential source or, in the case of information compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source ; (E) would disclose techniques and procedures for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or (F) could reasonably be expected to endanger any individual's life or physical safety;
- (b)(8) exempts from disclosure information contained in reports or related to examination, operating, or condition reports prepared by, or on behalf of, or for use of an agency responsible for regulating or supervising financial institutions; and
- (b)(9) exempts from disclosure geological and geophysical information and data, including maps, concerning wells.

Dear Coordinator:

Under the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting Electronic copies of 133 Studies in Intelligence (SII) articles listed in the accompanying pages.

Background – The 133 articles have either been released in sanitized versions or are somewhere in the redaction and release process. In the past three years the Agency made PDF copies of all SII articles ever written. These are excellent quality copies and in electric PDF form can be searched. I would like to get the requested articles from the newly scanned files in electronic form.

The accompanying pages list 133 articles; their name, year, volume, issue along with CADRE case and document number where available.

The newly scanned versions of these documents are stored in HR/Center for the Study of Intelligence and in IMS/Historic Collection Division servers. As I am familiar with these documents I am more than willing to help in locating requested documents.

If there are any fees for searching for, reviewing, or copying the records, please notify me before processing if the amount exceeds \$200.00. Per 32 CFR Parts 1900, 1901, 1907, 1908, and 1909 the cost for a CD is \$20. One DVD's should be enough to store all 133 documents and I assume the cost for a CD or DVD is the same.

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law.

If you have any questions about handling this request, you may telephone me at [redacted] or at my work [redacted] e-mail at [redacted]

(b)(3)

Dear Coordinator:

Under the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting Electronic copies of the Studies in Intelligence (SII) articles listed in the accompanying pages.

Background – In the 1990's a considerable number of SII articles were released to NARA. Due to the capability of copying technology at that time these documents are very poor quality and some are near impossible to read. In the past three years the Agency made PDF copies of all SII articles ever written. These are excellent quality copies and in electric PDF form can be searched. I would like to get electronic copies of these articles.

The accompanying pages list 1,572 articles; their name, year, volume, issue as well as the current release status along with CADRE case and document number where available. As you can see all of these requested documents have either been released to NARA, listed on CIA.gov, published in an unclassified edition of SII, or a combination of the three. As such, there should be no need to perform any review and redaction on the documents.

These documents are stored in HR/Center for the Study of Intelligence and in IMS/Historic Collection Division servers. As I am familiar with these documents I am more than willing to help in locating requested documents.

If there are any fees for searching for, reviewing, or copying the records, please notify me before processing if the amount exceeds \$200.00. Per 32 CFR Parts 1900, 1901, 1907, 1908, and 1909 the cost for a CD is \$20. Three DVD's should be enough to store all 1,571 documents and I assume the cost for a CD or DVD is the same.

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law.

(b)(3)

If you have any questions about handling this request, you may telephone me at [redacted] or at my work [redacted] e-mail at [redacted]

(b)(3)

Jeff Scudder

(b)(6)

Sincerely,
Jeff Scudder
