Re: OJP FOIA No. 14-00273

This letter responds to your June 20, 2014, Freedom of Information Act/Privacy Act request that was received in this office on June 23, 2014, for "a printout list from the National Institute of Justice reports database of all studies conducted by the Police Executive Research Forum."

The Office of Justice Programs (OJP) has conducted a search of its records and enclosed is a copy of one document, consisting of seven pages, that is appropriate for release in full and without excisions. This completes the processing of your request by OJP.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. 552(c) (2006 & Supp. IV 2010). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

Sincerely,

A handwritten signature in cursive script that reads "Dorothy A. Lee".
