E-mail delivery

This letter is both an initial and final response to your e-mailed letter of April 24, 2016, in which you made a Freedom of Information Act (FOIA) request for “a copy of the ‘card’ catalogue holdings database for the CSB Library.”

Your request was received by this office on April 25, 2016, and assigned file number **R16-030**.

Attached to the e-mail containing this letter, please find, in .pdf (Adobe) format, a document listing the CSB library’s card catalog entries. The library’s holdings are identified according to the Library of Congress classification system.

About ½ of the CSB’s collection is located in our Denver office as noted in the list.

The most cost-efficient method of producing this list resulted in some of the entry titles getting cut off. To find out the entry’s missing words, try typing the listed entry excerpt into the search engine of the following website: www.worldcat.org. We apologize for the inconvenience.

There is no FOIA processing charge for this FOIA request.

If you believe that this (substantive) FOIA determination was made in error, you may submit an administrative appeal. Such an appeal must be made in writing and sent within 30 days of your receipt of this letter. An appeal should include a copy of your initial request; a copy of this letter; and a statement of the circumstances, reasons, or arguments supporting your position. To ensure proper handling, you should mark an appeal letter and its envelope as a “FOIA Appeal.” FOIA appeals should be submitted to:

Chemical Safety and Hazard Investigation Board
ATTN: Office of the General Counsel/FOIA Appeals
1750 Pennsylvania Ave, NW, Suite 910
Washington, DC 20006

**U.S. Chemical Safety and
Hazard Investigation Board**

If you have any questions, feel free to call me at: 202-261-7619.

Sincerely,

A handwritten signature in cursive script that reads "Michele Bouziane".

Michele Bouziane
FOIA Officer
