RE: Request for Records – Copy of the Freedom of Information Law log (listing of requests) for the NYS Public Service Commission for years 2013, 2014 and 2015.

This is our final response to your request received on September 16, 2015 asking for the record(s) described above. Enclosed you will find the requested records. Redactions have been applied to certain portions of the requested records in accordance with Public Officers Law (POL) §87(2)(b), where disclosure would constitute an unwarranted invasion of personal privacy under POL §89(2); where information is protected from disclosure under POL §87(2)(g)(ii), as it consists of inter-agency or intra-agency materials which are not instructions to staff that affect the public; and, where it is not responsive to the subject request.

I hereby certify, pursuant to Public Officers Law §89(3) that, insofar as you reasonably described the records, no other records responsive to your request could be found after diligent search of records maintained by the Department. We trust this material is responsive to your request. To the extent this response denies you access to any records, you may seek a review of this decision pursuant to POL §89(4)(a) by filing a written appeal within 30 days of the date of this letter with Kathleen H. Burgess, Secretary to the Commission, at the above address.

Sincerely,
