RE: FOIA Request No. 13-01309-F

This is an interim response to your e-mail dated April 20, 2013, requesting information pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552. You requested a copy of each written response or letter from the Department of Education to a Congressional Committee in calendar years 2012 and 2013 to date.

On April 26, 2013 you narrowed the scope of your original request to read as such: "A copy of any and all log(s) of correspondence that include letters initiated from members of Congress from 2012 through the present day to the United States Department of Education."

Your request was forwarded within the Department of Education to search for documents that may be responsive to your request.

Enclosed is a CD containing 246 pages of documents responsive to your request and provided in their entirety.

- 12-01807-F OLCA (120 pages)
- 13-00727-F OLCA (60 pages)
- 13-00968-F OLCA (66 pages)

The logs detail the correspondence's control number, the date it was received, who sent it, what office or organization they were representing, and the subject of the request."

At this time, the Department is continuing to process your request and your FOIA request case file remains open. It will not close until the Department provides you with a response regarding outstanding responsive documents.

Provisions of the FOIA allow us to recover the costs pertaining to your request. The Department has concluded that you fall within the category of "other use requester." However, the Department has provided you with this information at no charge. The Department's release of this information at no cost does not constitute the grant of a fee waiver, and does not infer or imply that you will be granted a fee waiver for any additional records that we may locate.

FOIA Request No. 13-01309-F

Additionally, our final release letter will contain information related to your appeal rights of the agency's decisions, and will include applicable invoices for the entire set of responsive documents.

If you have any questions, please contact [the FOIA Service Center (FSC) at (202) 401-8365 or EDFOIAManager@ed.gov.]

Sincerely,

A handwritten signature in black ink, appearing to read "Arthur Caliguiran", with a long horizontal flourish extending to the right.

FOIA Request Information Sheet

You are being provided a list of records responsive to your FOIA request. You may review the list and advise us which documents you would like to receive a full copy of. You may call Heather Watroba at 202-401-0020 to advise, or fax her back a copy of the list with the items of interest checked to 202-401-1438.

The record layout of the list is as follows:

| Name | Tracking Control Number | Incoming/Outgoing | File Code | Date of Incoming |
|--|------------------------------------|--------------------------|------------------|-------------------------|
| Subject of letter | | | | |
| Additional authors or concerned parties | | | | |

Incoming/Outgoing designates whether it was an incoming letter from the person listed in Name, or whether it was an outgoing letter initiated by the Department of Education (such as a letter forwarding a report).

The "additional authors" field lists other writers when more than one person signed the letter or when more than one person was the addressee on an outgoing letter from the Department. If only one person signed the letter, that author's name is repeated in the "additional authors" location on the report.

Note that this listing is a printout of the tracking system only. If a letter was assigned for direct reply to an office outside of the Office of Legislative and Congressional Affairs, it is unlikely that OLCA would have a copy of the incoming letter and in no case would it have a copy of the response. Please also note that, although a letter is still listed in the tracking system, the Department may no longer have possession of the actual file as it may have been destroyed or transferred to the National Archives consistent with government records retention policies. Be aware that requests for full copies of documents will likely involve substantial additional search and review time beyond that already incurred. Note also that documents contained on the list are still subject to review and may be withheld consistent with appropriate exemptions under FOIA.

The attached is a complete listing from our tracking system of documents requested in accordance with the government records retention policies. All requested records were included on the list.

If your request was for a specific individual and also requested letters from members of the individual's staff, you will need to provide those specific names you wish us to query.

FOIA Request Information Sheet

You are being provided a list of records responsive to your FOIA request. You may review the list and advise us which documents you would like to receive a full copy of. You may call Heather Watroba at 202-401-0020 to advise, or fax her back a copy of the list with the items of interest checked to 202-401-1438.

The record layout of the list is as follows:

| Name | Tracking Control Number | Incoming/Outgoing | File Code | Date of Incoming |
|--|------------------------------------|--------------------------|------------------|-------------------------|
| Subject of letter | | | | |
| Additional authors or concerned parties | | | | |

Incoming/Outgoing designates whether it was an incoming letter from the person listed in Name, or whether it was an outgoing letter initiated by the Department of Education (such as a letter forwarding a report).

The "additional authors" field lists other writers when more than one person signed the letter or when more than one person was the addressee on an outgoing letter from the Department. If only one person signed the letter, that author's name is repeated in the "additional authors" location on the report.

Note that this listing is a printout of the tracking system only. If a letter was assigned for direct reply to an office outside of the Office of Legislative and Congressional Affairs, it is unlikely that OLCA would have a copy of the incoming letter and in no case would it have a copy of the response. Please also note that, although a letter is still listed in the tracking system, the Department may no longer have possession of the actual file as it may have been destroyed or transferred to the National Archives consistent with government records retention policies. Be aware that requests for full copies of documents will likely involve substantial additional search and review time beyond that already incurred. Note also that documents contained on the list are still subject to review and may be withheld consistent with appropriate exemptions under FOIA.

The attached is a complete listing from our tracking system of documents requested in accordance with the government records retention policies. All requested records were included on the list.

If your request was for a specific individual and also requested letters from members of the individual's staff, you will need to provide those specific names you wish us to query.

FOIA Request Information Sheet

You are being provided a list of records responsive to your FOIA request. You may review the list and advise us which documents you would like to receive a full copy of. You may call Heather Watroba at 202-401-0020 to advise, or fax her back a copy of the list with the items of interest checked to 202-401-1438.

The record layout of the list is as follows:

| Name | Tracking Control Number | Incoming/Outgoing | File Code | Date of Incoming |
|--|------------------------------------|--------------------------|------------------|-------------------------|
| Subject of letter | | | | |
| Additional authors or concerned parties | | | | |

Incoming/Outgoing designates whether it was an incoming letter from the person listed in Name, or whether it was an outgoing letter initiated by the Department of Education (such as a letter forwarding a report).

The "additional authors" field lists other writers when more than one person signed the letter or when more than one person was the addressee on an outgoing letter from the Department. If only one person signed the letter, that author's name is repeated in the "additional authors" location on the report.

Note that this listing is a printout of the tracking system only. If a letter was assigned for direct reply to an office outside of the Office of Legislative and Congressional Affairs, it is unlikely that OLCA would have a copy of the incoming letter and in no case would it have a copy of the response. Please also note that, although a letter is still listed in the tracking system, the Department may no longer have possession of the actual file as it may have been destroyed or transferred to the National Archives consistent with government records retention policies. Be aware that requests for full copies of documents will likely involve substantial additional search and review time beyond that already incurred. Note also that documents contained on the list are still subject to review and may be withheld consistent with appropriate exemptions under FOIA.

The attached is a complete listing from our tracking system of documents requested in accordance with the government records retention policies. All requested records were included on the list.

If your request was for a specific individual and also requested letters from members of the individual's staff, you will need to provide those specific names you wish us to query.
