**DEPARTMENT OF DEFENSE
OFFICE OF FREEDOM OF INFORMATION
1155 DEFENSE PENTAGON
WASHINGTON, DC 20301-1155**

MAR 17 2017

Ref: 16-F-1713

This is the final response to your enclosed August 22, 2016, Freedom of Information Act (FOIA) request, a copy of which is attached for your convenience. We received your request on September 12, 2016, and assigned it case number 16-F-1713. We ask that you use this number when referring to your request.

The Defense POW/MIA Accounting Agency (DPAA), a component of the Office of the Secretary of Defense (OSD), conducted a search of their records systems and provided the enclosed one document, totaling 27 pages, determined to be responsive to your request. Linda Hoover, Director of Special Staff, an Initial Denial Authority for DPAA, has determined that information which has been redacted from the document is exempt from release pursuant to 5 U.S.C. § 552 (b)(6), which pertains to information the release of which would constitute a clearly unwarranted invasion of the personal privacy of individuals. In addition, there was no link to the site page for "Document Search." This listed section has been removed from the most current website, and is no longer available.

In this instance, fees for processing your request were below the threshold for requiring payment; however, fees may be assessed on future requests.

If you are not satisfied with this response, you may contact our OSD FOIA Public Liaison, Jim Hogan, at 571-372-0462 or by email at OSD.FOIALiaison@mail.mil. Also, please note that the Office of Government Information Services (OGIS) offers services to requesters who have disputes with Federal agencies. You may contact OGIS if you have concerns about the processing of your request. Their contact information is provided below:

Office of Government Information Services National Archives and Records
Administration
8601 Adelphi Road-OGIS
College Park, MD 20740
E-mail: ogis@nara.gov
Telephone: 202-741-5770
Fax: 202-741-5769
Toll-free: 1-877-684-6448

You have the right to appeal to the appellate authority, Ms. Joo Chung, Director of Oversight and Compliance, Office of the Secretary of Defense, by writing directly to ODCMO Directorate for Oversight and Compliance, 4800 Mark Center Drive, ATTN: DPCLTD, FOIA Appeals, Mailbox# 24, Alexandria, VA 22350-1700. Your appeal must be postmarked within 90 calendar days of the date of this response. Alternatively, you may use the OSD FOIA request portal at <http://pal.whs.mil/palMain.aspx> or email your appeal to osd.mc-alex.odcmo.mbx.dfoipo-foia-appeals@mail.mil. If you use email, please include the words "FOIA Appeal" in the subject of the email. Please also reference case number 16-F-1713 in any appeal correspondence.

If you have any questions about the foregoing, please do not hesitate to contact, the Action Officer assigned to your request, Sean Porter at sean.m.porter27.ctr@mail.mil or (571) 372-0421.

Sincerely,

The image shows a handwritten signature in black ink. The signature is written in a cursive style and appears to read "Stephanie L. Carr". To the left of the main signature, there is a small, stylized initial or mark that looks like "for".

Stephanie L. Carr
Chief

Enclosures:
As stated

Single List Of The Missing - By Conflict

The Defense POW/MIA Accounting Agency (DPAA) is committed to maintaining centralized, validated, widely accessible data concerning all missing service members and civilians who fall within the scope of our mission. We have built a consolidated list of the missing, which includes DoD accounted-for individuals. This list preserves structural compatibility with, and linkage to, legacy data systems, to allow for migration of data from those systems without loss of data or still-used reports and metrics.

The list provides authoritative data to inform ongoing case analysis, family and public interests, and Agency strategy.

This site points to the underlying DPAA data for all the individuals associated with our cases both resolved and unresolved. If you click on the conflict headings you can access the underlying data in a list or data table views.

We have created multiple standard views to allow you to see the list by branch of service or by state.

We are developing additional tools to interact with this data as new software solutions are brought online for stable editing and data analysis. Expect to see better data integration and data quality improvements as we move toward a modern Master Data Management platform.

To better understand the columns of data in this version and the sources of the data please read the Single List of the Missing and DoD Identifications word document at the bottom of the page.

Welcome to the DPAA East Knowledge Base Wiki!

[View All Knowledge Base Wiki Pages](#)

What is a wiki library?

Wikiwiki means quick in Hawaiian. A wiki library is a document library in which users can easily edit any page. The library grows organically by linking existing pages together or by creating links to new pages. If a user finds a link to an uncreated page, he or she can follow the link and create the page.

In business environments, a wiki library provides a low-maintenance way to record knowledge. Information that is usually traded in e-mail messages, gleaned from hallway conversations, or written on paper can instead be recorded in a wiki library, in context with similar knowledge.

Other example uses of wiki libraries include brainstorming ideas, collaborating on designs, creating an instruction guide, gathering data from the field, tracking call center knowledge, and building an encyclopedia of knowledge.

What is this library for?

This Wiki is intended to be a single repository for DPMO to share work related information, instructions, lessons learned, tidbits of wisdom, etc. A couple of examples: [URL's are wrapping in my Outlook](#), [how do I fix that?](#) or [My email signature is double spaced, how can I fix that?](#)

Who can use this library?

This library is for all DPMO. Everyone has permissions to add/delete/edit pages. The idea behind a wiki is for everyone to be able to contribute information and ideas. If you see a mistake in a set of instructions that I have published to the wiki, you have the permissions to correct that mistake or simply add to my instructions to assist in clarity. There is no one Content Owner within this wiki; everyone is the Content Owner.

How do I edit content on a page?

To edit this page, click on the **Edit Page** icon at the top of the page. To see all available commands, click on the **Page** tab. When you are editing, you can type text onto the page or insert tables and pictures. To stop editing, click the **Save** button at the top of the page. If you leave the page while editing, you will be prompted to save your changes.

How do I add a new page?

There are two main ways to create a new page in your wiki library:

1. Create a link to a page which does not exist and then click on it to create the page:
This is the recommended way to create a page because it is easier for people to find the page when another page links to it. Links to pages that do not yet exist have a dashed underline.
2. Create a page that is not linked to any other:
In the **Site Actions** menu, click **New Page**. This will ask you for a name and then create that page in the current wiki library.

How do I create wiki links?

You can link to another page in this wiki library by enclosing the name of the page in double brackets. When you type `[[`, the wiki will suggest page names that start with what you've typed. You can select one of these pages using the arrow keys or the mouse, or you can type in a new name. If you type in a new name, it will make a link to a page which has not yet been created. Links are finished by typing `]]`. If you are linking to a page in a subfolder or an item in another list, you can press tab to add the selected suggested item to your link without closing the link.

You can link to many objects in SharePoint, not just pages. Here are some examples of links:

`[[Dogs]]` : A link to a page named Dogs in the same folder.

`[[Animals/Dogs]]` : A link to a page named Dogs in a subfolder called Animals.

`[[List:Announcements/Welcome]]` : A link to the item called Welcome in the Announcements list on this site.

To create a link to a page and have the link display different text than the page name, type a pipe character (|) after the page name, and then type the display text. For example, type [[Home|Home Page]] to create the link labeled Home Page that points to the page named Home.

To display double opening or closing brackets without making a link, type a backslash before the two brackets. For example, \[[or \]].

How do I see all the wiki pages in the library?

You can manage the pages in your wiki library by clicking **View All Pages** on the **Page** tab of any page in the library.

How do I restore a previous version of a page?

If you need to restore a previous version of a page, click **Previous Versions** in the **Page** tab at the top of the page. You can then click on any of the versions in the quick launch to view the page as it existed at that time. If you want to restore to a version, select it and click **Restore this version** in the toolbar.

Mission: Outreach & Communications conducts all interactions with Congress, family members, family advocacy groups, veterans service organizations, and the public to cultivate and maintain favorable relationships with external non- govt stakeholders.

Hello this is a test.

This is achieved through the dissemination of current and accurate updates for individual cases, and information that fosters awareness and understanding of the DPAA mission, processes and initiatives that lead to case resolution.
