Re: Freedom of Information Act Request – Tracking No. 827046

This is the final response to your Freedom of Information Act (FOIA) request dated March 21, 2017.

You have requested the following documents, records, or information:

MSHA internal intranet pages:  
Main page for "Work Resources"  
Main page for "Program Areas"  
Main page for "Tools"

We conducted a thorough search for the records and are providing all the documents you requested.

If you need any further assistance or would like to discuss any aspect of your request please do not hesitate to contact Belinda Taylor at 202-693-9608 or the DOL FOIA Public Liaison, Thomas Hicks, at (202) 693-5427 or by email at [hicks.thomas@dol.gov](mailto:hicks.thomas@dol.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Syed Hafeez", with a stylized flourish at the end.

Syed Hafeez  
Director, Program Evaluation and Information Resources

Enclosures

You can now file your MSHA forms online at [www.MSHA.gov](http://www.MSHA.gov). It's easy, it's fast, and it saves you money!

## Work Resources

MSHAnet > Work Resources > Work Resources

With everything that goes into your job, we thought it would be easier to put all of your work-related resources on one page. In "Work Resources," you can find policies, supervisor's resources, travel information, forms, office services and just about anything else related to performing your job at MSHA.

### About MSHA

Our leadership team, budget, strategic plan and employee viewpoint survey results

### Budget & Finance

Budget and performance, financial management, conference planning and approval

### Management Services Division

Office locations and information on property, space, and fleet management

### IT Operations & Support

Information technology products and support services

### Reporting & Data

Monthly data reports, Part 50 reports, and the MSHA Reports Center

### Acquisition Management

Policies, guiding principles, and internal procedures of MSHA's acquisition management system

### Conference Planning

Find relevant documents, policies, and procedures for planning travel and conferences, and download a range of conference approval templates.

### Federal Employee Viewpoint Survey

The Federal Employee Viewpoint Survey (FEVS) is a tool that measures employees' perceptions of whether, and to what extent, conditions characterizing successful organizations are present in their agencies.

### Library Resources

Access the world's largest mining library where you'll find almost 120,000 print and audio-visual items of historic and current value, in addition to mining-related artifacts.

### Security & Emergency Management

What to do in an emergency, visitor access, ID cards, medical emergencies

### Acronyms and Abbreviations

The ABCs of MSHA

### Directives

Find a directive, learn how to write a new directive

### Forms

Standardized forms from MSHA, DOL, OPM, and elsewhere

### Records Management

Informative records management resources and current trends in Federal Records Management

### Travel

eTravel, Per diem and POV mileage rates, discount lodging, travel regulations, and much more

Overview

Office of the Assistant Secretary for Mine Safety and Health

Administration and Management

Office of Assessments

Coal Mine Safety and Health

Educational Policy and Development

Metal and Nonmetal Mine Safety and Health

Program Evaluation and Information Resources

## Program Areas

MSHA**net** > Program Areas > Program Areas

### Administration and Management

The Directorate of Administration and Management (A&M) plans and directs all MSHA administrative and management services.

### Metal and Nonmetal Mine Safety and Health

Metal and Nonmetal Mine Safety and Health enforces the [Mine Act](#) at all metal and nonmetal mining operations in the United States.

### Program Evaluation and Information Resources

Program Evaluation and Information Resources (PEIR) is composed of 4 major branches:

### Coal Mine Safety and Health

Coal Mine Safety and Health enforces the [Mine Act](#) at all coal mines in the United States. Enforcement activities include:

### Office of Assessments

Office of Assessments, assesses and collects civil monetary penalties for violations of the Mine Act and of mine safety and health standards.

### Standards, Regulations, and Variances

The Office of Standards, Regulations, and Variances (OSRV) guides all of MSHA's rulemaking activities from the pre-proposal stage to publication of the final rule.

### Educational Policy and Development

The Directorate of Educational Policy and Development (EPD) plans, monitors, and evaluates MSHA's education and training programs, which promote safety and health in the Nation's mining industry.

### Office of the Assistant Secretary for Mine Safety and Health

### Technical Support

The Directorate of Technical Support provides engineering, scientific, and technical expertise to other MSHA program areas. Technical Support conducts in-mine studies to maintain the health and safety of miners, participates in accident investigations
