Reply to Attn. of: Office of Communications

REF: 17-LaRC-F-01126

Thank you for your Freedom of Information Act (FOIA) request dated September 10, 2017, and received in our office on September 11, 2017. Your request was assigned FOIA Case Number 17-LaRC-F-01126 and was for:

“A copy of the correspondence between NASA Langley and the producers of the award winning movie HIDDEN FIGURES (filmed in part at Langley Research Center). The subject of the requested correspondence is assistance by NASA for the movie and its filming, and arrangements for access to the NASA-Langley facilities. By producers, I mean Fox 2000 Pictures, Chernin Entertainment, and Levantine Films.”

The NASA’s Langley Research Center’s Program Office conducted a search for records using the above criteria and located responsive records to your request. Those records are attached. NASA withheld from disclosure inter-agency/intra-agency emails and records that are attorney work-product pursuant to FOIA Exemption 5 U.S.C. § 552(b)(5). NASA also withheld predecisional deliberative process documents pursuant to FOIA Exemption 5 U.S.C. § 552(b)(5). NASA also withheld information that would constitute an unwarranted invasion of personal privacy (company addresses, email addresses, phone/mobile numbers, and fax numbers) that are specific to certain individuals pursuant to 5 U.S.C. § 552(b)(6).

FOIA Exemption 5 U.S.C. § 552 (b)(5), “. . . protects inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency.”

FOIA Exemption 5 U.S.C. § 552 (b)(6), “. . . protects information about individuals in ‘personnel and medical files and similar files’ when the disclosure of such information “would constitute a clearly unwarranted invasion of personal privacy.”

Since information is being withheld, you have the right under 14 CFR §1206.700 to appeal this initial determination within 90 days from the date of this letter. Your appeal must be in writing and should be addressed to:

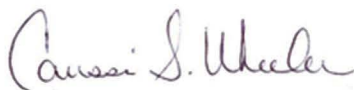

Administrator
NASA Headquarters
Executive Secretariat
MS 9R17
300 E Street, SW
Washington, DC 20546
ATTN: FOIA Appeals

The appeal should be marked "Appeal under the Freedom of Information Act" both on the envelope and the face of the letter. A copy of your initial request must be enclosed along with a copy of the adverse determination and any other correspondence with the FOIA office. In order to expedite the appellate process and ensure full consideration of your appeal, your appeal should contain a brief statement of the reasons you believe this initial decision to be in error.

For your information, the Office of Government Information Services (OGIS) offers mediation services to resolve disputes between FOIA requesters and Federal agencies. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, Maryland 20740-6001 or ogis@nara.gov.

Fees for processing your request were less than \$50 and are not being charged in accordance with 14 CFR §1206.503. I am the official responsible for this determination. If you require further assistance, please contact me at 757-864-4274 or electronically at carissa.s.wheeler@nasa.gov. You may also contact our Principal Agency FOIA Officer and Chief FOIA Public Liaison, Mrs. Miriam Brown-Lam at 202-358-0718.

Hello Eric,

The production emailed me regarding NASA's issues with the Fox Rider for the mural loan. Fox is willing to limit our rights to use the murals to be in connection with the Picture (Hidden Figures). Please take a look at the attached redline and let me know if NASA can accept. Thank you.

7. TERMS AND CONDITIONS

1. NASA loans the Equipment in "as-is" condition with no expressed or implied warranties of any kind.
2. NASA retains title to all Equipment.
3. Borrower shall be responsible for all costs associated with disassembly, assembly, shipping, receiving, handling, packaging, and storing of the Equipment, including the costs to return the Equipment to NASA. The Borrower shall be liable to NASA for any damage or loss occurring while the Equipment is in transit.
4. The Borrower shall inspect and inventory the Equipment on loan and report the results in the NASA POC in Section 2b on receipt, annually during the term of the loan, and upon the expiration or early termination of the loan.
5. Borrower assumes full responsibility for the care, protection, use, and liability of the Equipment while on loan, shall not permit its use for other than the purpose of this loan, and shall return the Equipment to NASA in as good condition as received, except for normal wear and tear.
6. Borrower shall not loan, transfer or redeliver the Equipment to any third party.
7. Borrower shall not relocate the Equipment from the location identified in Section 2b without providing advance written notice to NASA.
8. Borrower shall comply with all legal requirements arising in connection with this loan.
9. Borrower shall not modify or alter the Equipment unless approved in writing by NASA.
10. Borrower shall grant NASA access to the Equipment immediately upon request.
11. Borrower shall immediately report all losses, damage, or destruction of the Equipment to the NASA POC in Section 2b within 3 business days of the Borrower's discovery thereof. In the event any of the Equipment is lost, damaged, or destroyed, the Borrower will, at NASA's option, either replace or repair such Equipment, or pay to NASA an amount of money sufficient to compensate for the loss, damage, or destruction. Borrower acknowledges that this amount may exceed the value of such Equipment listed in this document because NASA may incur other expenses as a direct result of replacing destroyed or lost Equipment.
12. The parties shall not add equipment to the list in Section 5 without revisiting the formal loan process for review and approval.
13. All communication under this loan agreement shall be in writing.
14. NASA reserves the right to recall the Equipment for its own use, or the use of another, or to withdraw the Borrower's authority to use the

RIDER TO PRODUCT LOAN AGREEMENT

Rider to Loan of NASA Equipment dated as of March 18, 2016 between TWENTIETH CENTURY FOX, a division of Twentieth Century Fox Film Corporation ("Borrower") and NASA LANGLEY RESEARCH CENTER ("Lender") in connection with the theatrical motion picture currently entitled "HIDDEN FIGURES" ("Picture").

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Borrower and Lender agree as follows:

Paragraph 14. The phrase "or to withdraw the Borrower's authority to use the Equipment" is hereby deleted.

The following paragraphs are hereby added to the Agreement:

A. **GRANT:** Lender hereby approves and grants to Borrower and its successors, assigns and licensees, the non-exclusive right to use, display and reproduce the three (3) NASA commissioned artwork murals as shown on Addendum "A" attached hereto and by this reference made a part hereof ("Product(s)"), and all brand names, trademarks, tradenames, service marks, logos, symbols, images, trade dress and/or copyrights associated with the Product(s) (collectively, "Mark(s)"), in the Picture (including film clips therefrom and any and all prequels or sequels thereto and remakes thereof) (collectively, "Rights"), in connection with the advertising, promotion, publicity and exploitation thereof, in any and all media, whether now known or hereafter existing, throughout the universe, in perpetuity. Borrower is not required to use the Product(s) in the Picture.

B. **LENDER REPRESENTATIONS AND WARRANTIES:** Lender represents and warrants that (a) it is the sole owner of the Product(s) and of all rights necessary to grant to Borrower the Rights herein granted; (b) no other consents or approvals are required in connection with such Rights as contemplated by this Agreement; and (c) it is not necessary for Borrower to pay any amount to any person, firm or corporation (including without limitation Lender) in order to enable Borrower to enjoy the full rights to use the Product(s) as described herein.

C. **RIGHTS:** All rights of every kind and nature whatsoever in and to all still and motion pictures and sound recordings made hereunder in connection with use of the Product(s) by Borrower (whether or not any part hereof is actually utilized in the Picture or not), shall be and remain the sole and exclusive property of Borrower, including, without limitation, the perpetual and irrevocable right and license to use and re-use said photography and/or said sound recordings in connection with the Picture (including clips therefrom, prequels, sequels and remakes), and in connection with, advertising, publicizing, exhibiting and exploiting the Picture, in any manner whatsoever and at any time by all means, media, devices, processes and technology now or hereafter known or devised in perpetuity throughout the universe. Neither Lender nor any other party now or hereafter claiming an interest in the Product(s) and/or interest through Lender shall have any right of action against Borrower or any other party arising from or based upon any use or exploitation of said photography and/or said sound recordings. Borrower acknowledges that it has no ownership interest in the Mark(s) except to include it in the Picture and as otherwise provided herein. Nothing contained in this Agreement shall be construed as granting to Lender any ownership, license(s) or permission(s) whatsoever in connection with any commercial use of the Product(s) in connection with the Picture, including without limitation, the title of the Picture, any character name(s), any actual name(s) and/or likeness(es) of any individual(s) rendering services of any kind on the Picture, or any other images, associations, and/or references.

D. **CONFIDENTIALITY:** Lender (or any employee and/or agent of Lender) agrees not to, at any time, disseminate, publish, state or in any manner disclose any information of any kind dealing with the filming of the Picture.

E. **MISCELLANEOUS:** Lender may not terminate or rescind the permission granted to Borrower hereunder. In the event of any claim by Lender against Borrower, whether or not material, Lender shall be limited to Lender's remedy at law for damages, if any, and Lender shall not be entitled to enjoin, restrain or interfere with use of the Product(s) as provided in this Agreement or with the advertising, publicizing, exhibiting or exploitation of the Picture. This Agreement may be freely assigned and licensed by Borrower in whole or in part to any party (including any person or entity which produces the Picture for distribution by Borrower).

By signing in the spaces provided below, Lender and Borrower accept and agree to all the terms and conditions hereof.

Katrina,

Our Legal team reviewed the loan document. Please see attached Rider for the mural loan. Per Angela in legal, we need a grant of rights to put it in the film. Also, the only change regarding Paragraph 14 is removing the phrase "or withdraw Borrower's authority to use the Equipment" Once the murals are in the film, they can't rescind the rights to use them in the film.

Let me know if you have any questions.

Thank you,

Chloe

Katrina,

Our Legal team reviewed the loan document. Please see attached Rider for the mural loan. Per Angela in legal, we need a grant of rights to put it in the film. Also, the only change regarding Paragraph 14 is removing the phrase "or withdraw Borrower's authority to use the Equipment" Once the murals are in the film, they can't rescind the rights to use them in the film.

Let me know if you have any questions.

Thank you,

Chloe

NASA agrees to the request to delete paragraph 14 of the Loan's Terms and Conditions. That provision can be lined through and initialed by the signatories. However, our Office of Chief Counsel did a very careful review of the Rider Agreement and NASA cannot agree to the terms on the Rider. The Rider expands the Borrower's (20th Century Fox) rights extensively regarding the use of any recordings of the images of the Lanske woodcarving Murals. The Rider allows the Murals to not only be used in this movie "Hidden Figures", but also without limitation in any future endeavor that 20th Century Fox chooses. This liberal use of the Murals will decrease their value and create unlimited risk on how they might portrayed, used, or associated with NASA. Therefore NASA cannot agree to the terms on the Rider.

I recommend to proceed with the original loan and, as stated, the deletion of line 14.

Once all signatures are obtained, Langley will ship the property. Please be reminded the borrower is responsible for all shipping charges associated with the loan.

Hi Katrina,

Checking in with you once again to see if there are any updates?

Please let me know what the status is before the long weekend. We will have to get this shipped out as early as possible next week.

Thanks,

Chloe

Katrina,

Our Legal team reviewed the loan document. Please see attached Rider for the mural loan. Per Angela in legal, we need a grant of rights to put it in the film. Also, the only change regarding Paragraph 14 is removing the phrase "or withdraw Borrower's authority to use the Equipment" Once the murals are in the film, they can't rescind the rights to use them in the film.

Let me know if you have any questions.

Thank you,

Chloe

Hi Chloe,

I hope that you received my voicemail on your cell # earlier today. I have attached our NASA Loan Agreement to this email that states the terms and conditions of loaning the Lankes (3) murals to Twentieth Century Fox. Our Exhibits Manager, Meghan Guethe, has completed the form based on the information that we had. So, please carefully review all sections before signing and emailing it to us. Also, please let us know if there are updates to the document required or if you have any questions.

All the best,

This is a way larger measurement than we thought! It doesn't appear this way from the picture; But just to be clear, here is a real diagram of what we are talking about (as opposed to my tiny post it drawing). Please confirm that this is still correct based on this much better diagram.

Hi Meghan and Venita!

I would love to get some additional info to our freight company so we can ship these in the next week.

Some questions I have for you:

-You mentioned that the artwork sizes are 74" wide x 75 " tall. Does this include the wheels? Will need the overall height and width with the wheels if its not included in the aforementioned measurement.

-Does the artwork have to be transported on the wheels? How is it attached to the wheels and if possible, are we allowed to remove it from the wheels to place where we need it to go once it gets here?

I spoke to our freight company today and would really like to get them this info as soon as we can.

Thanks!

Chloe,

After conferring with our transportation group, it is our opinion that this move would need to be a freight move. The murals are each 74 inches wide by 75 inches tall and on wheels and are not crated.

RIDER TO PRODUCT LOAN AGREEMENT

Rider to Loan of NASA Equipment dated as of March 18, 2016 between TWENTIETH CENTURY FOX, a division of Twentieth Century Fox Film Corporation ("Borrower") and NASA LANGLEY RESEARCH CENTER ("Lender") in connection with the theatrical motion picture currently entitled "HIDDEN FIGURES" ("Picture").

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Borrower and Lender agree as follows:

Paragraph 14. The phrase "or to withdraw the Borrower's authority to use the Equipment" is hereby deleted.

The following paragraphs are hereby added to the Agreement:

A. **GRANT:** Lender hereby approves and grants to Borrower and its successors, assigns and licensees, the non-exclusive right to use, display and reproduce the three (3) NASA commissioned artwork murals as shown on Addendum "A" attached hereto and by this reference made a part hereof ("Product(s)"), and all brand names, trademarks, tradenames, service marks, logos, symbols, images, trade dress and/or copyrights associated with the Product(s) (collectively, "Mark(s)"), in the Picture (including film clips therefrom and any and all prequels or sequels thereto and remakes thereof) (collectively, "Rights"), in connection with the advertising, promotion, publicity and exploitation thereof, in any and all media, whether now known or hereafter existing, throughout the universe, in perpetuity. Borrower is not required to use the Product(s) in the Picture.

B. **LENDER REPRESENTATIONS AND WARRANTIES:** Lender represents and warrants that (a) it is the sole owner of the Product(s) and of all rights necessary to grant to Borrower the Rights herein granted; (b) no other consents or approvals are required in connection with such Rights as contemplated by this Agreement; and (c) it is not necessary for Borrower to pay any amount to any person, firm or corporation (including without limitation Lender) in order to enable Borrower to enjoy the full rights to use the Product(s) as described herein.

C. **RIGHTS:** All rights of every kind and nature whatsoever in and to all still and motion pictures and sound recordings made hereunder in connection with use of the Product(s) by Borrower (whether or not any part hereof is actually utilized in the Picture or not), shall be and remain the sole and exclusive property of Borrower, including, without limitation, the perpetual and irrevocable right and license to use and re-use said photography and/or said sound recordings in connection with the Picture (including clips therefrom, prequels, sequels and remakes), and in connection with, advertising, publicizing, exhibiting and exploiting the Picture, in any manner whatsoever and at any time by all means, media, devices, processes and technology now or hereafter known or devised in perpetuity throughout the universe. Neither Lender nor any other party now or hereafter claiming an interest in the Product(s) and/or interest through Lender shall have any right of action against Borrower or any other party arising from or based upon any use or exploitation of said photography and/or said sound recordings. Borrower acknowledges that it has no ownership interest in the Mark(s) except to include it in the Picture and as otherwise provided herein. Nothing contained in this Agreement shall be construed as granting to Lender any ownership, license(s) or permission(s) whatsoever in connection with any commercial use of the Product(s) in connection with the Picture, including without limitation, the title of the Picture, any character name(s), any actual name(s) and/or likeness(es) of any individual(s) rendering services of any kind on the Picture, or any other images, associations, and/or references.

D. **CONFIDENTIALITY:** Lender (or any employee and/or agent of Lender) agrees not to, at any time, disseminate, publish, state or in any manner disclose any information of any kind dealing with the filming of the Picture.

E. **MISCELLANEOUS:** Lender may not terminate or rescind the permission granted to Borrower hereunder. In the event of any claim by Lender against Borrower, whether or not material, Lender shall be limited to Lender's remedy at law for damages, if any, and Lender shall not be entitled to enjoin, restrain or interfere with use of the Product(s) as provided in this Agreement or with the advertising, publicizing, exhibiting or exploitation of the Picture. This Agreement may be freely assigned and licensed by Borrower in whole or in part to any party (including any person or entity which produces the Picture for distribution by Borrower).

By signing in the spaces provided below, Lender and Borrower accept and agree to all the terms and conditions hereof.

It would most likely be 2-4 of us out there filming/photographing. Let us know any questions you have or any other information we could provide.

I hope this email finds you well. Thank you again for the photos of the tracking control room-- they helped tremendously in our re-creation of it and helped us add that extra layer of detail that we needed to make it real.

I wanted to introduce you to Chris Ledoux, who is our VFX Supervisor on the film. Chris would like to come to the Cape next week to photograph the launch pad and some general exterior shots for reference since we have to recreate a good portion of this in the film. Are any of you available to meet with Chris and show him the launch pad to photograph?

Chris, I will let you take it from here.

Chloe, here are some images hot off the press. I'll be sending in batches due to the amount/size. Image numbers are ordered by the following: Right board, left board, back row left to right consoles, right side plot boards and console, front row right to left consoles, left side console, overview of the entire room. Hope this helps. Thanks.

Good Morning!

Hope you are having a good one thus far.

Just wanted to say thank you again for doing this and reaching out. To reiterate our needs, we will need a clear picture of the information on the left panel that isn't shown in your image. If we could also get clear images/closer shots of each plotter on the far right (that is visible in the picture you sent). Knowing what buttons are around are key for us.

Speaking of buttons, can you also send us a variety of close up shots of the console buttons especially on the left side where the 2 rows of black bars/buttons are for our reference?

Any images are appreciated since we are pressed to do it right and get all of the details as well!!

Thank you again,

Chloe

Subject: Hidden Figures - NASA murals on loan

Hello Eric,

The production emailed me regarding NASA's issues with the Fox Rider for the mural loan. Fox is willing to limit our rights to use the murals to be in connection with the Picture (Hidden Figures). Please take a look at the attached redline and let me know if NASA can accept. Thank you.

Best,

Per Eric's conversation with Angela, NASA has accepted the terms. Please see the attached agreement for signature. Since I am not sure who signs this, please help in getting it signed and back to me. Once we have signed it, I will send you a copy of the fully executed agreement for your records.

Venita, can we ship the murals this week?

Thanks!

The Rider expands the Borrower's (20th Century Fox) rights extensively regarding the use of any recordings of the images of the Lanske woodcarving Murals. This liberal use of the Murals will decrease

their value and create unlimited risk on how they might portrayed, used, or associated with NASA. Therefore NASA cannot agree to the terms on the Rider.

I recommend to proceed with the original loan and, as stated, the deletion of line 14.

Once all signatures are obtained, Langley will ship the property. Please be reminded the borrower is responsible for all shipping charges associated with the loan.

Our Legal team reviewed the loan document. Please see attached Rider for the mural loan. Per Angela in legal, we need a grant of rights to put it in the film. Also, the only change regarding Paragraph 14 is removing the phrase "or withdraw Borrower's authority to use the Equipment" Once the murals are in the film, they can't rescind the rights to use them in the film.

Let me know if you have any questions.

Thank you,

Our Legal team reviewed the loan document. Please see attached Rider for the mural loan. Per Angela in legal, we need a grant of rights to put it in the film. Also, the only change regarding Paragraph 14 is removing the phrase "or withdraw Borrower's authority to use the Equipment" Once the murals are in the film, they can't rescind the rights to use them in the film.

Let me know if you have any questions.

Thank you,

All,

Per Eric's conversation with Angela, NASA has accepted the terms. Please see the attached agreement for signature. Since I am not sure who signs this, please help in getting it signed and back to me. Once we have signed it, I will send you a copy of the fully executed agreement for your records.

Venita, can we ship the murals this week?

Thanks!

NASA agrees to the request to delete paragraph 14 of the Loan's Terms and Conditions. That provision can be lined through and initialed by the signatories. However, our Office of Chief Counsel did a very careful review of the Rider Agreement and NASA cannot agree to the terms on the Rider. The Rider expands the Borrower's (20th Century Fox) rights extensively regarding the use of any recordings of the images of the Lanske woodcarving Murals. The Rider allows the Murals to not only be used in this movie "Hidden Figures", but also without limitation in any future endeavor that 20th Century Fox chooses. This liberal use of the Murals will decrease their value and create unlimited risk on how they might portrayed, used, or associated with NASA. Therefore NASA cannot agree to the terms on the Rider.

All,

Per Eric's conversation with Angela, NASA has accepted the terms. Please see the attached agreement for signature. Since I am not sure who signs this, please help in getting it signed and back to me. Once we have signed it, I will send you a copy of the fully executed agreement for your records.

Venita, can we ship the murals this week?

Thanks!

Chloe,

NASA agrees to the request to delete paragraph 14 of the Loan's Terms and Conditions. That provision can be lined through and initialed by the signatories. However, our Office of Chief Counsel did a very careful review of the Rider Agreement and NASA cannot agree to the terms on the Rider. The Rider expands the Borrower's (20th Century Fox) rights extensively regarding the use of any recordings of the images of the Lanske woodcarving Murals. The Rider allows the Murals to not only be used in this movie "Hidden Figures", but also without limitation in any future endeavor that 20th Century Fox chooses. This liberal use of the Murals will decrease their value and create unlimited risk on how they might portrayed, used, or associated with NASA. Therefore NASA cannot agree to the terms on the Rider.

I recommend to proceed with the original loan and, as stated, the deletion of line 14.

Once all signatures are obtained, Langley will ship the property. Please be reminded the borrower is responsible for all shipping charges associated with the loan.

Our Legal team reviewed the loan document. Please see attached Rider for the mural loan. Per Angela in legal, we need a grant of rights to put it in the film. Also, the only change regarding Paragraph 14 is removing the phrase "or withdraw Borrower's authority to use the Equipment" Once the murals are in the film, they can't rescind the rights to use them in the film.

Let me know if you have any questions.

Mary, Bill and Bert,
Logistics does not pay to ship property. These costs must be paid by the borrower or by the program initiating the property loan. You guys will need to work out these details and provide Venita with a WBS. It is my understanding that one of you are initiating a request for programmatic re-use of the 3 remaining panels, for the purpose of loan to 21st Century FOX Studios. This will result in the property being pulled out of the logistics disposal process and added to one of your property accounts. Whom-ever (not logistics) is loaning the property to the Studio will need to work out how they are paying for the packing/crating/shipping. Funding (perhaps reimbursement from the Studio) must be spelled out in the loan agreement between the Studio and the Program that initiates the loan.

I had let Chloe know that one panel was transferred to a school and she did indicate that was a problem. I think the only thing Venita will need is a WBS from you guys to charge the shipping to unless you are having the film group cover all that. I can try and work this some today but with next week being my last, it is going to be a push to get them out the door before I leave.

Venita,

Please let me know what I can do to help facilitate this move. They start filming next week and will start working on the sequence utilizing the panels in April.

Bob,

Sorry for the confusion and thanks again for the help today.

The plan moving forward is to have Mary Gainer Hurst work with logistics at Langley to pull all 4 murals out of the disposition pipeline for programmatic purposes (for the Office of Communications) and then work the needed loan paperwork with 20th Century Fox for use in the movie in April/May. They'll return them to Langley after that. We should probably hold off on a disposition decision until after we get the murals back. Interest in them may change after the get some Hollywood exposure...

Thanks,

Bill & Bert (et all),

As you may not know, these 4 murals were excessed, screened as artifacts for donation, and two were requested and allocated. Your action will require Logistics to pull these out of disposal (away from the allocated recipients). We can accommodate your request to loan these, however, need to better understand your intention for final disposition once the loan is over. Are we infer that you want these returned to your permanent custody here at HQ when the filming is completed, or did you intend for these to go back to LaRC for disposal? It is not possible to give these back as NASA property to the original artists family.

Feel free to call me or Mike Eaton at your convenience.

Hello Venita,

Loaning the murals (NASA property) to the film makers is just that - a loan using a NF893 (either from LaRC or from HQ). Upon return of the murals to NASA, the thought of given the murals to the family must be assessed by legal. I do not know of a policy that would allow a direct transfer from the film maker to the family.

Hi Chloe,

The mural was in building 587 and was designed by a somewhat famous artist, J.J. Lankes. I have a complete write-up on the artist and the murals at http://crgis.ndc.nasa.gov/historic/NACA_Memorial_Aeronautical_Laboratory#Aeronautical_History_Murals. The murals had been on loan as Bill mentioned until returned over a year ago. At that point, they went into non-climate controlled storage for excess. One panel has been picked up by a school in Virginia Beach. The remaining are still in the warehouse here. At this point, you may be able to work with Headquarters to obtain them – that would be their call.

J.J.'s granddaughters stay in touch with me. If you want to use the images of the murals, it would probably be best to contact them as a courtesy. I know they would be thrilled to hear that they may be used in a movie. Let me know and I will provide their contact information and an introduction.

Water testing was done in our tow tanks (<http://crgis.ndc.nasa.gov/historic/720>). The only photo I have though is after one of our famous floods - <http://crgis.ndc.nasa.gov/historic/File:Flood2.jpg>. The capsule photo that Bill sent the link on is a model test in our Full-Scale Tunnel.

Chloe,

Last I heard the mural(s) still exist and are on loan from Langley Research Center to a local organization.

Lots of details in the cover story from our quarterly newsletter a couple of years ago: <http://history.nasa.gov/nltr31-2.pdf>.

Hi Bert and Matt,

We found an image somewhere on the NASA Langley site, attached, of a mural at Langley during the 60s. For some reason I can't find it again to see who the artist is but there is a good chance that Wynn wants to recreate it!

I was wondering if we could get Clearance to do so?

Thank you,

Chloe

Hello Eric,

The production emailed me regarding NASA's issues with the Fox Rider for the mural loan. Fox is willing to limit our rights to use the murals to be in connection with the Picture (Hidden Figures). Please take a look at the attached redline and let me know if NASA can accept. Thank you.

Hi Mary.

I don't think it's a problem, but you should contact ACC/PA to coordinate (DSN 574-5471). Let me know if you have any additional questions.

Hi Mike,

I am going to have a group visiting the morning of October 13th. They are interested in buildings associated with the women computers and NASAs Space Task Group. I would like to take them to buildings 580 (maybe not the inside since

it has been redone) and 587 - the rotunda area and at the front door with the NACA information. The group is working on a possible movie based on the book by Margot Shetterly who has been working on this project with me for several years. They just want to get a feel for what the buildings were like during this time period.

Is this something that you would need to coordinate or can I take them into the two areas of 587 as long as they do not take any photos?

Thanks.

Dear Mary,

It's taken me three weeks to write to you (unacceptable!!) to say thank you for that remarkable tour of the NASA facility. It was inspiring and so interesting for our film research. You may hear from me in the future. I hope you don't mind if I pester you with questions.

Also, will you guide me to the place on the website where I can find that fantastic photo of Howard Hughes, et al. at NASA? I loved that!

Thanks again for all your great good efforts on our behalf.

Best regards,

Donna
