GOVERNMENT OF THE DISTRICT OF COLUMBIA  
DEPARTMENT OF PUBLIC WORKS

Office of the General Counsel

October 14, 2008

On September 30, 2008, I received your letter, pursuant to the District of Columbia Freedom of Information Act ("FOIA"), wherein you seek the information enumerated below. Kindly be advised that documentation responsive to your FOIA was requested from the following entity within the Department of Public Works--the Department's The Parking Enforcement Management Administration, Parking Control Branch (PCB"). PCB enforces parking regulations through the issuance of notices of infractions to vehicles that are in violation of posted signs, meters, or city-wide regulations which do not require posting. I asked that they search their files for records responsive to your request.

Kindly find listed below the Department's responses to your request:

**1. A copy of Section 10 of the Parking Control Officer Training Manual.**

See Attachment A.

Kindly be advised that FOIA permits public bodies to charge requesters specified fees based on the category of the request. Public bodies may charge search, review and duplication costs for commercial requests; duplication costs for request from representatives of the media and requests for education and scientific organizations; and search and duplication costs for all other requests. D.C. Official Code §2-532; 1 DCMR §408.1. I have determined your request falls under the category of "other requests", and therefore, the Department will charge for search and duplication costs.

The search fee is calculated based upon the number of quarter hours that agency personnel expended searching for records responsive to your request. A search performed by clerical personnel is charged at a rate of \$4.00 per quarter hour; a search performed by professional personnel is charged at a rate of \$7.00 per quarter hour; and a searched performed by supervisory personnel is charged at a rate of \$10.00 per quarter hour. The first hour of search time is free. 1 DCMR § 408.1. One supervisory staff

The search fee is calculated based upon the number of quarter hours that agency personnel expended searching for records responsive to your request. A search performed by clerical personnel is charged at a rate of \$4.00 per quarter hour; a search performed by professional personnel is charged at a rate of \$7.00 per quarter hour; and a search performed by supervisory personnel is charged at a rate of \$10.00 per quarter hour. The first hour of search time is free. 1 DCMR § 408.1. One supervisory staff expended one hour searching for responsive records. Since the first hour is free; the agency can not charge you for the search time.

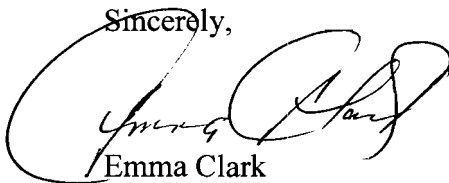

The fee for duplicating the responsive records is \$.25 per page. 1 DCMR § 408.1(c). The Department has located 30 pages of responsive records. Therefore, the duplication fee is \$7.50 (30 x \$.25 = \$7.50). Copies of the responsive records are enclosed.

Therefore, the total amount the agency expended on personnel time and copying the requested documentation is \$7.50. Kindly make you check payable to the D.C. Treasurer and submit to me at the below listed address:

FOIA Officer  
Department of Public Works

If you deem this response to be a denial of your request, you have the right to appeal to the Mayor, or you may seek judicial review in the Superior Court, pursuant to D.C. Official Code § 2-537 (2001) and 1 DCMR § 412. If you elect to appeal to the Mayor, your appeal should be in writing, should include a statement of the arguments, circumstances, or reasons in support of the information sought by your request, and should include copies of your original FOIA request and of the public body's written denial letter issued to you, and should reflect that you have served a copy of your appeal on the public body.

Sincerely,

Emma Clark  
FOIA Officer

## **Ticket Writing**

### **A. Violation Codes (DCMR)**

The District of Columbia Municipal Regulation (DCMR) Title 18 is the legislative document that explains the different types of parking violations. You will get an opportunity to review each one so that you can become thoroughly familiar with the regulations you must enforce — in some situations you will have to be able to explain the reason you are writing a ticket. The formal name for the tickets you will be writing is Notice of Infraction (NOI).

Violations are identified by a three-digit code. Sample electronic and handwritten tickets for each violation and the DCMR regulation are included in this chapter. Based on the type of violation, these codes are listed by category in the DCMR Violation Table which begins on page 2 of this chapter.

DPW FORM 52 MAR. '00

Code 011 - Curb, more than 12 inches from

Regulation: 2400.2

(According to the District of Columbia Municipal Regulations Title 18 for Vehicles and Traffic)

"A person shall stand or park a vehicle on a two-way street with the right-hand wheels of the vehicle within 12 inches of the curb or edge of roadway. On a one-way street, a vehicle may be parked in the same manner as on a two-way street or may park with the left-hand wheels of the vehicle adjacent to and within 12 inches of the left hand curb."

Reason for Regulation:

The purpose of this regulation is to cause motorists to park their vehicles as close to the curb as possible. This prevents parked vehicles from extending into or impeding the flow of traffic in lanes adjacent to parked vehicles.

## Code 022 – Taxicab Stand

### Regulation: 2409.3

(According to the District of Columbia Municipal Regulations Title 18 for Vehicles and Traffic)

“No person shall stand or park a vehicle other than a taxicab in a cab stand; provided that a driver of a passenger vehicle may stop momentarily in a stand as long as stopping does not interfere with any taxicabs about to enter the stand.”

### Reason for Regulation:

*The purpose of this regulation is to keep the taxicab stand clear of parked vehicles so as to provide legal space for taxi operators to pick up and drop off passengers at the curb.*

## Code 055 – No Parking Anytime

### Regulation: 2401.3

(According to the District of Columbia Municipal Regulations Title 18 for Vehicles and Traffic)

"In locations where the no parking anytime regulation is posted, no person shall park a vehicle. However, a commercial vehicle may occupy the area designated as no parking anytime for the purpose of and while actually engaged in loading and unloading."

### Reason for Regulation:

The purpose of this regulation is to accommodate commercial vehicles when loading zones in a block are all occupied. This helps to prevent trucks from double parking, parking abreast and obstructing the free flow of traffic.

Code 057 – No Parking, specific hours

Regulation: 2400.4

(According to the District of Columbia Municipal Regulations Title 18 for Vehicles and Traffic)

“In locations where the no parking specific hour regulation is posted, no person shall park a vehicle. However, a commercial vehicle may occupy the area designated as no parking specific hours for the purpose of and while actually engaged in loading and unloading.”

Reason for Regulation:

The purpose of this regulation is to accommodate commercial vehicles when loading zones in a block are all occupied. This helps to prevent trucks from double parking/parking abreast and to avoid the obstruction of the free flow of traffic.

**Regulation: 2409.3**

(According to the District of Columbia Municipal  
Regulations Title 18 for Vehicles and Traffic)

“No person shall stand or park a vehicle other than a  
bus in a bus stand; provided that a driver of a  
passenger vehicle may stop momentarily in a stand  
for the purpose of and while actually picking up or  
discharging passengers, as long as such stopping does  
not interfere with any bus about to enter the stand.  
The prohibition against parking or standing at such  
stands shall be in effect at all times, unless the  
restriction periods have been otherwise designated  
and signs posted accordingly.”

**Reason for Regulation:**

The purpose of this regulation is to permit buses access  
to the curb to pick up and discharge passengers without  
obstructing traffic flow. Some buses are equipped with  
special lifts to accommodate handicapped passengers.  
If a bus zone is in effect during the a.m. or p.m. rush  
hour only, no enforcement shall occur during non-rush  
hour times.
