REPLY TO
ATTENTION OF:

June 9, 2009

Information Systems Management
Branch

This is in response to your Freedom of Information Act (FOIA) request, U.S. Army Special Operations Command (USASOC) Case #07-65. You requested an electronic copy of our FOIA Case Log for FY 2002 to 3rd quarter FY 2007 (June 3, 2007).

The U.S. Army Special Operations Command conducted a thorough search for records responsive to your request and located case logs for two separate categories; Army FOIA requests and Joint Services FOIA requests. Enclosed is a redacted copy of the electronic documents. Please disregard FOIA Case #07-31(J) since the enclosed records pertain to both FOIA Cases #07-65 and #07-31(J).

The Office of the Secretary of Defense has designated Headquarters, U.S. Special Operations Command, its components' headquarters, and theater Special Operations Commands as "sensitive units" as defined by 10 USC 130b. The code (10 USC 130b) precludes release of personally identifying information in units that are sensitive, routinely deployable, or overseas. Personally identifying information regarding any person's name, rank, duty address, official title, official email address, and phone numbers contained in the requested documents is being withheld under Exemption 3 of the FOIA (5 USC 552(b)(3)) and Exemption 6 of the FOIA (5 USC 552(b)(6)). Information is also being withheld pursuant to Exemption 6 of the FOIA, because disclosure of this information would constitute a clearly unwarranted invasion into the individual's privacy interests.

This is only a preliminary decision. We are referring your request to the Office of the Judge Advocate General, Attention:

DAJA-AL, 1777 N. Kent Street, 10th Floor, Rosslyn, VA 22209, for a final determination and direct reply to you.

There is no charge for processing your request.

If you have any questions concerning this response, please write to the address above and refer to USASOC Case #07-65.

Sincerely,

A handwritten signature in dark ink, appearing to read "David W. Treese". The signature is fluid and cursive, with the first name "David" being the most prominent.

David W. Treese
Chief Information Officer/G-6
