Subj: MINUTES FROM NON-LETHAL WEAPONS JOINT CONCEPTS AND
 REQUIREMENTS GROUP (NLW JCRG) 97-02 MEETING ON 3 SEPTEMBER 1997

Encl: (1) Summary of Taskings and List of Attendees
 (2) JCRG Briefing Slides

1. The principals from the Non-Lethal Weapons Joint Concept and Requirements Group (NLW JCRG) met at the Headquarters Building, Marine Corps Combat Development Command, Quantico, Virginia, on 3 September 1997. MajGen. Patrick G. Howard, USMC, (Chairman, JCRG) and BGen. Robert T. Clark, US Army (Deputy Chairman, JCRG), along with the others listed at Enclosure (1) attended.

2. The purpose of the meeting was to review the status of the Joint NLW efforts since the last JCRG meeting and to gain the JCRG principal's concurrence with:

- a. the funding plan for the FY98/FY99 Technology Investment Program (TIP) and
- b. the Joint NLW POM Working Group's (PWG's) recommendation for POM-00.

This JCRG meeting was a prelude to a Joint Acquisition Group meeting on 5 September 1997 and the Joint NLW Integrated Product Team (IPT) meeting to be held on 16 September 1997.

3. Ms. Susan LeVine presented a briefing on the status of Joint NLW program, the results of the Joint Technology-Investment Proposal Review Panel, and the results of the Joint NLW PWG. Her briefing slides are at Enclosure (2). The following summarizes her remarks:

a. The Joint NLW Program has made significant progress since the last JCRG meeting:

- * The Joint NLW Directorate has been established
- * The Joint NLW Concept is ready for the NLW Executive Agent's signature
- * The Joint NLW Master Plan is in "working-level" staffing
- * Progress is being made on Joint ORDs (and in line with the Concept-Based Requirements System (CBRS))
- * The Joint TIP and the Joint NLW PWG met and prepared recommendations

b. Before presenting the recommendations of the TIP and the NLW PWG, Ms. LeVine opened the floor for general discussion on her briefing:

1) Mr. Charles Swett, OSD, asked if any of the Joint NLW ORDs had been signed. Ms. LeVine indicated that none have been signed but that the ORD for the 66mm Vehicle Launched Payloads program would consist of a change to the Army's existing ORD for the Light Vehicle Obscurant/Smoke System (LVOSS) which is currently in staffing.

2) MajGen. Howard, Capt. Bob Rieve, and Mr. Walt Streiter led a general discussion on the Joint staffing process for the ORDs. Capt. Rieve opined that there was not an approved Joint ORD staffing process other than the process for those ORDs going to the Joint Requirements Oversight Council (JROC) and that, due to the relatively low cost of the NLW programs, he doubted that the JROC and its staffing/signature process was appropriate for NLW ORDs. Each Service representative indicated that they had experience in gaining concurrences from the other Services on Service programs where there was Joint interest, but that additional work needed to be done to clarify the overall Joint NLW ORD staffing process, particularly in defining the role and responsibility envisioned for the NLW EA. Ms. LeVine accepted this comment as a tasking for the NLW Directorate.

4. Ms. LeVine then presented the results of the Joint NLW TIP and the Joint NLW PWG for the JCRG's approval. Those briefing slides are also included as part of Enclosure (2). The following summarizes her remarks:

a. **FY98 Technology Investment Program.** "Technology Investment" is one of the five major funding categories for the Joint NLW Program. While the TIP is intended to solicit input from government laboratories, civilian industry, and academia, because of time constraints for FY98 funding, the call for proposals for FY98 funding was limited to government laboratories only. Note: the NLW IPT previously approved spending \$750,000 on the TIP for FY98 and \$1,500,000 for FY99.

1) The proposals were reviewed by a panel of Integrated Product Team service representatives and chaired by the Joint NLWD. Of the 63 proposals submitted, three were selected for FY98 and FY99 funding.

Proposal	FY98	FY99	Developer
Spider Fiber Entangler	\$74K	\$223K	NSWCDD
NL EM Pulser	\$200K	\$200K	NRL
Odorous Substances	\$135K	\$175K	ERDEC
TOTAL	\$410K	\$598K	
Excess	\$340K	\$902K	

2) The JCRG members concurred with the selection of the three proposals and, after discussion on possible options for allocating the excess TIP funding, decided to recommend approving \$50,000 for drafting a Broad Area Announcement (BAA) to industry for additional proposals. Ms. LeVine expressed the NLW Director's concern over obligation and expenditure of the FY98 funds if the remaining \$290,000 was held until late in the fiscal year. Three options (contained in briefing slides) were discussed. During discussions, sufficient interest in pursuing work in the NL Layered Defense for Force Protection and the Long range delivery of NL payloads led the JCRG members to recommend to the JAG that the remaining \$290,000 be held until the results of the BAA were available. If the JAG felt it was necessary to commit these funds at this time, the JCRG members agree that funding experiments at the two battlelabs (focused on long range/layered defense, possibly with UGVs and/or mortars) was the preferred option, with further definition to be provided by the battlelabs on these experiments.

3) **Decisions** . To summarize, the following decisions were made by the JCRG on the Technology Investment Program:

- a) Approve funding for the three proposals selected by the TIP.
- b) Approve funding \$50,000 to draft BAAs to industry for NL Layered Defense for Force Protection and Long Range Delivery of NL Payloads.
- c) Hold the remaining \$290,000 until results of BAA are evaluated. Fall-back position is to provide funds to the two battlelabs.

b. **Joint NLW POM-00**. Ms. LeVine informed the JCRG principals that the Joint NLW PWG developed the Joint NLW POM-00 based on the annual funding levels contained in PBD 719 (escalated by 2.4% inflation for FY04 and FY05) built around seven areas:

- * EA/Directorate Support
- * Service Project Management Support
- * Modeling & Simulation
- * Experimentation
- * Technology Investment
- * Service Tech Base & Acquisition Programs (12 programs)
- * New Initiatives (5 programs)

1) A detailed funding breakout by program/by fiscal year was presented to the JCRG principals. In addition, Ms. LeVine provided two pie charts showing the relative percentages of funding to each of the seven general areas and the breakout of programs within the Technology Base area. See briefing charts at Enclosure (2).

2) **Decision**. All Services concurred with the proposed Joint NLW POM-00.

6. **Taskings**. See Enclosure (3).

7. **Other topics.** MajGen Howard called for other discussion items. There were none so the meeting was adjourned.

SUSAN LEVINE

Director, Non-Lethal Coordination Cell

SUMMARY OF TASKINGS

1. MajGen Howard tasked the NLW Director to continue to work on defining the process for staffing and approving of Joint NLW ORDs.

LIST OF ATTENDEES

Marine Corps

MajGen Patrick G. Howard, DCG MCCDC
Col James P. O'Donnell, Head Requirements Division, MCCDC
Maj James E. Budway, MCCDC, Req Div

Army

BG Robert T. Clark, HQ TRADOC, Ft. Monroe, VA
Mr. Walt Strieter, HQ TRADOC, Ft. Monroe, VA
Mr. Sam Schiro, USAIC CDS, Ft. Benning, GA

Navy

Capt. Robert Rieve, USN, Expeditionary Warfare Division, CNO (OPNAV N851)
Mr. Kelly Donegon, CNO (OPNAV N851)
LtCol. Don House, Office of Program Appraisal, (SecNav OPA)

Air Force

Col Dennis D. Miner, HQ USAF/XORBP
Maj Buzz Sawyer, HQ USAF/XORBP

Special Operations Command

LtCol Joe Tyner, USAF, USSOCOM, SOJ5-0

USACOM

Maj A. Taylor, USACOM, J3

Joint Non-Lethal Weapons Directorate

Mr. Terry Wright, Deputy Director, Joint NLW Directorate
Ms. Susan LeVine, Head, Joint NLW Program Coordination Cell
Mr. Kevin Stull, Joint NLW Program Coordination Cell

Office of the Secretary of Defense

Mr. Charles Swett, SOLIC (Policy)

The Joint NLW Directorate

USMC as Executive Agent

NLW Management Structure

NLW Organizational Structure

Directorate Responsibilities

- Perform day-to-day Activities for EA
- Manage Joint Funding Lines
- Liaison w/DoD, OGAs, and foreign governments
- Publish Master Plan
- Assist in POM Development
- Monitor Execution of DoD NLW Program
- Monitor Service-unique Programs
- Promote Exchange among Services

Director, Joint Non-Lethal Weapons

FY97 Program Highlights

- Directorate Standup
- Kick-off of Technology Investment Program
- User's Conferences
 - Foams
 - Ground Vehicle Stoppers (10-11Sept)
- Service War College Projects
- Website
- POM-00 Development

Director, Joint Non-Lethal Weapons

FY98/99 Program Budget

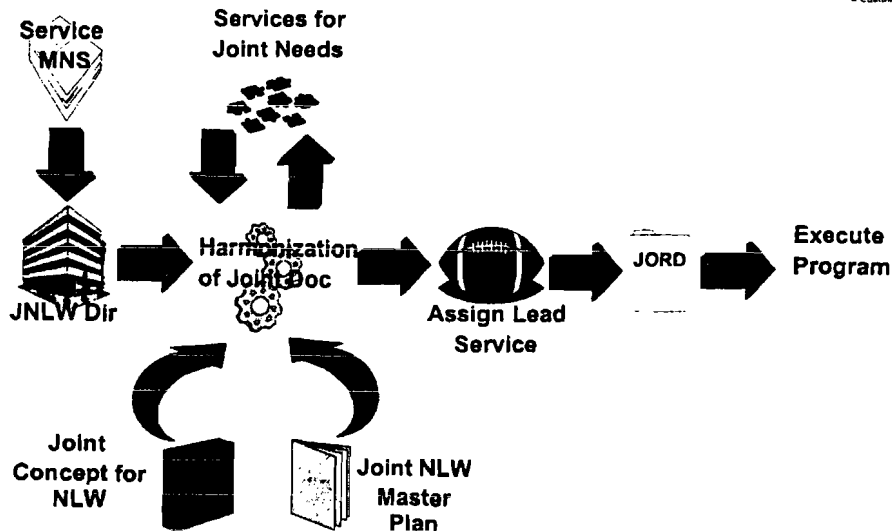

Activity	FY98	FY99
Directorate	964	964
Experimentation	1000	1400
Modeling & Simulation	1100	1540
Technology Investment	750	1500
Service RDT&E Programs	12993	18111
TOTAL	16807	23515

CONCEPT-BASED REQUIREMENTS PROCESS

"Guiding Principles"

- ★ Leverage High Technology
- ★ Enhance Operations
- ★ Augment Deadly (Lethal) Force
- ★ Provide Rheostatic Capability
- ★ Focus on Tactical Applications
- ★ Expeditionary
- ★ Acceptable
- ★ Reversible Effects

Director, Joint Non-Lethal Weapons

The Joint NLW Concept "Core Capabilities"

- Counter-Personnel
 - Crowd Control
 - Incapacitate Individuals
 - Deny Access
 - Clear Facilities/Structures
- Counter-Materiel
 - Area Denial (land, sea and/or air space)
 - Disable/Neutralize Equipment or Facilities

Director, Joint Non-Lethal Weapons

Documentation Update

- ✓ **Joint NLW Concept**
 - ✓ **Ready for EA Signature**

- ✓ **Joint NLW Master Plan**
 - ✓ **In Working Level Staffing**

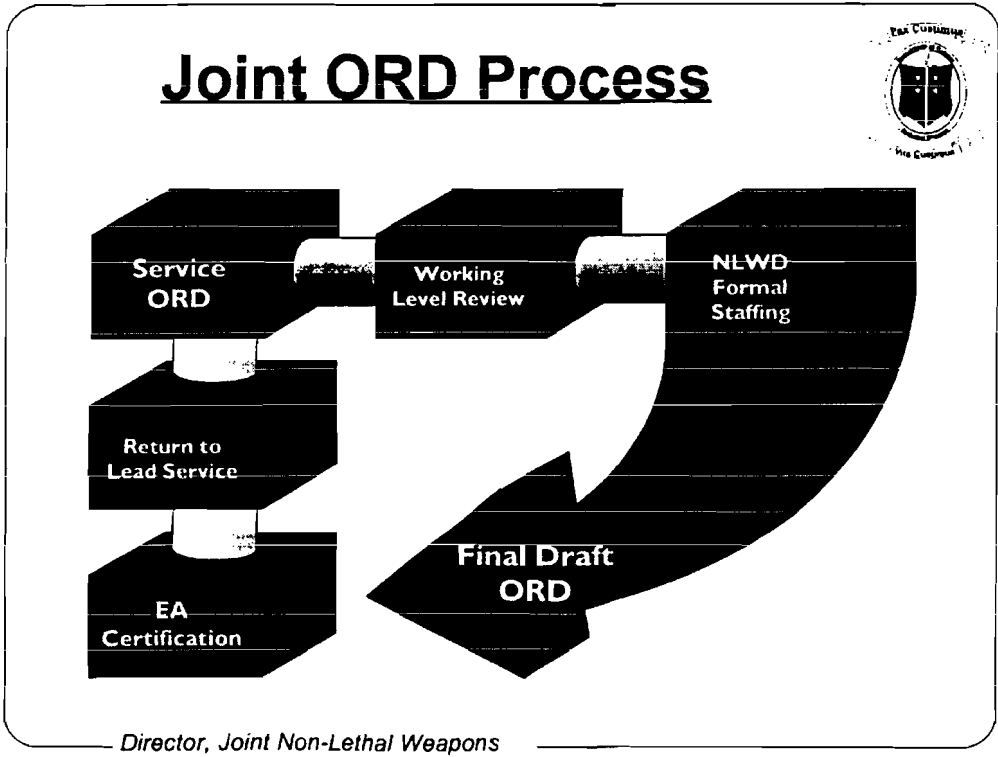

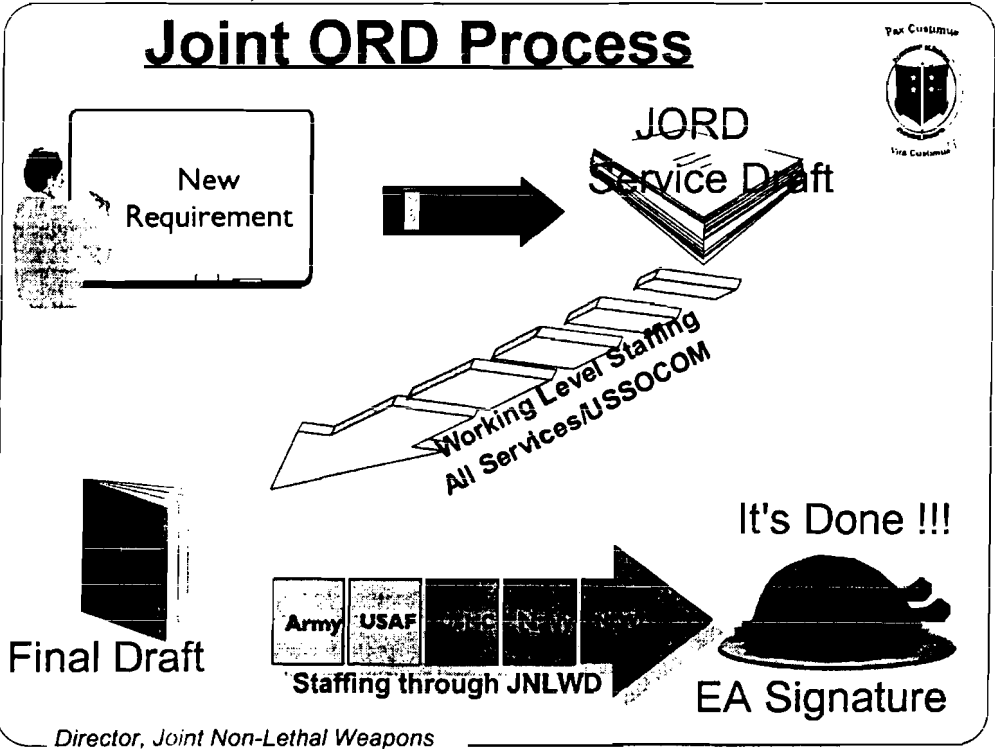

- ✓ **Joint Operational Requirement Documents**

Director, Joint Non-Lethal Weapons

JORD Status

JCRG Priority	Program Title	Lead Service (ORD only)	Comments
1	NLCrowd Dispersal	USA	ORD in progress, due 1QFY98

14	Under Barrel Tactical Payload Delivery System	USA	ORD in progress

Technology Investment Program

- **Objective:**
 - ▶ Stimulate government laboratories, industry, and academia in generating new technology solutions to meet current or future nonlethal mission needs and requirements
- **Approved funding (per IPT 97-3)**
 - ▶ FY98: 750K
 - ▶ FY99: 1500K
- **Process:**
 - ▶ Call for Proposals
- **Joint Service Review Panel makes recommendations for JCRG/JAG approval**

Director, Joint Non-Lethal Weapons

Technology Investment Recommendations

- **63 Proposals Received**
- **Joint Service Review Panel**
 - USMC: Mr. Larry Willard (MCCDC)
 - USAF: Capt Marchessault (SAF/AQPS)
 - USSOCOM: Mr. Randy Murphy (SOAC)
 - USN: CAPT Rieve (N851)
 - USA: Mr. Schiros (DBBL)
- **Panel Recommendations**
 - **Fund the following proposals:**

Proposal	FY98	FY99	Developer
Spider Fiber Entangler	75	223	NSWCDD
NL EM Pulser	200	200	NRL
Odorous Substances	135	175	ERDEC
TOTAL	410	598	
Excess	340	902	

JCRG DECISION REQUEST

■ Approval For Funding 3 Technology Investment Proposals:

- | | | | | |
|-----------|-----|--------|-----|-----------|
| ▶ USMC | ___ | Concur | ___ | Nonconcur |
| ▶ USA | ___ | Concur | ___ | Nonconcur |
| ▶ USAF | ___ | Concur | ___ | Nonconcur |
| ▶ USN | ___ | Concur | ___ | Nonconcur |
| ▶ USSOCOM | ___ | Concur | ___ | Nonconcur |

Residual Recommendations

- Of \$340K remaining:
 - ▶ Use \$50K of FY98 Funds to thoroughly define and draft BAA requirements for potential FY99 funding
 - NL Layered Defense for Force Protection
 - Long range delivery of NL payloads
- Use remaining \$290K of FY98 funds for one of the following proposals:

Director, Joint Non-Lethal Weapons

Tech Investment Program

Residual Funds Re-allocation:

- **Proposal A - Fund AMC under USMC lead for a specifically focused project to develop a NLW APL Alternative (NAAPL)**
- **Proposal B - Fund a joint Army/USMC effort to enhance/sustain NLW sets**
- **Proposal C - Fund experiments at both labs for next two TIP projects**

Director, Joint Non-Lethal Weapons

Joint NLW POM-00

Joint NLW POM-00

- USD(A&T) Directed USMC to establish an "M" line for Joint NLW RDT&E Funding
- Accordingly, the Joint NLW RDT&E P.E. must be POMed by the USMC
- Joint NLW POM-00 profile must be submitted by 19 Sep 97 to USMC (P&R) for inclusion in USMC POM-00 Core
- A JCRG/JAG POM working group convened 21-22 August to assemble the Joint NLW POM-00 submit
- Completing the Joint NLW POM-00 submission now will allow the Services ample time to work procurement tails, as applicable

Director, Joint Non-Lethal Weapons

POM-00 Timeline

- 1 Aug Kick-off briefing presented to JCRG/JAG Working Group
- 1-15 Aug Services prepare initial cost/schedule estimates for initiatives
- 12 Aug DC/S P&R Brief on POM-00 Formulation Process
- 18 Aug Service input due
- 21-22 Aug JCRG/JAG POPM Working Group
- 3 Sep JCRG Review
- 5 Sep JAG Review
- 16 Sep IPT briefed on "DRAFT NLW POM-00"
- 19 Sep DC/S PP&O submits "DRAFT NLW POM-00" to DC/S P&R after briefing the NLW EA
