Re: Freedom of Information Act (FOIA) - 19-FOIA-00065

This is in response to your Freedom of Information Act (FOIA) Request to Court Services and Offender Supervision Agency (CSOSA) for copies of the current inventory of psychiatric drugs at CSOSA locations and a copy of orders for psychiatric drugs at CSOSA during the two most recent fiscal years. Your request was processed in accordance with the Freedom of Information Act (FOIA), 5 U.S.C. § 552.

Pursuant to your request, we conducted a search of agency records and located a total of three hundred and eighty-nine (389) pages responsive to your request. It has been determined that some portions of these records contain law enforcement personnel and third party personal privacy names. Also, it has been determined to withhold Rx numbers<sup>1</sup> from the responsive records. Two exemptions of the FOIA was relied upon to withhold this information.

The first applicable exemption, 5 U.S.C. § 552(b)(6), exempts from required public disclosure, “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” Some of the records you have requested contain “similar files” within the meaning of the above cited statutory language. In applying Exemption 6, a balancing test was conducted, weighing the privacy interests of the individuals named in a document against the public interest in disclosure of the information. The public interest in disclosure is one that “sheds light on an agency’s performance of its statutory duties.” *Dep’t of Justice v. Reporters Committee*, 489 U.S. 749, 773 (1989). CSOSA is withholding names, addresses, telephone information of RSC’s clients and private citizens. The FOIA Officer has determined disclosure of this information would constitute a clearly unwarranted invasion of an individual’s personal privacy.

The second applicable exemption, 5 U.S.C. 552(b)(7)(C) provides protection for personal information in law enforcement records, the disclosure of which could reasonably be expected to constitute an unwarranted invasion of personal privacy.

Since this constitutes a partial denial of your records request, I am providing you your administrative appeal rights in the event you wish to avail yourself of this process. The FOIA provides at 5 U.S.C. § 552(a)(6)(A)(i) (2014) amended by FOIA Improvement Act of 2016, Pub. L. No. 114-185, 130 Stat. 538 that if a FOIA request is denied in whole or in part by the FOIA Officer, the requester may file a written appeal within 90 days from the date of the denial or, if later (in the case of a partial denial), 90 days from the date the requester receives the disclosed material. Your appeal shall be addressed to the General Counsel, Court Services and

<sup>1</sup> These numbers can be linked to the individual of whom the prescription belongs and for that reason the Rx numbers have been withheld from disclosure.
