Office of Inspector General

---

February 2, 2006

This responds to your Freedom of Information Act (FOIA) request dated December 30, 2005, to the Office of Inspector General (OIG) for a complete list of USPS OIG audit reports created since January 1, 2000.

You requested the records in electronic format, such as email. However, you failed to include an email address. Therefore, the records I am releasing are in paper format, which you stated would be acceptable.

You stated that the USPS OIG maintains a database of audits and can select those completed during the past several years and output the results. Unfortunately, while we maintain extensive files, we have no such database. In fulfilling your request, I have relied on other responsive records.

I am attaching a variety of lists, compiled from available responsive and readily reproducible records, of USPS OIG audits issued between January 1, 2000, and December 30, 2005.

Sincerely,

A handwritten signature in black ink, appearing to read "Betsy Cuthbertson", is written over the word "Sincerely," and extends across the line for the name and title.

Betsy Cuthbertson  
Manager, Freedom of Information Act Office
