This letter is regarding to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of August 18, 2019, assigned #19-01086-FOIA, for:

“The CDC/ATSDR FOIA Office provides monthly reports to CDC/ATSDR Management on FOIA Administration, FOIA Requests, and FOIA backlogs. I request a copy of the most recent five such monthly reports.”

A responsive record in the form of two Excel spreadsheets is being released to you in part. After a careful review of all data, some information was withheld from release pursuant to 5 U.S.C. §552 Exemption (b)(6).

EXEMPTION 6

Exemption 6 protects information in personnel and medical files and similar files when disclosure would constitute a clearly unwarranted invasion of personal privacy. The information that has been withheld under Exemption 6 consists of personal information, such as names of private citizens, laboratory sample numbers, and other private information. We have determined that the individuals to whom this information pertains have a substantial privacy interest in withholding it.

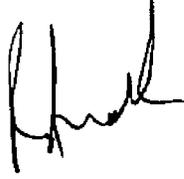

In addition, please be informed that our FOIA office does not furnish a monthly report to management; instead, we post our monthly statistics on our FOIA website found at <https://www.cdc.gov/od/foia/resources/references.htm>.

You may contact our FOIA Public Liaison at 770-488-6277 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal by writing to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S.

Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue, Suite 729H, Washington, D.C. 20201. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be postmarked or electronically transmitted by November 26, 2019.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Andoh', written in a cursive style.

Roger Andoh
CDC/ATSDR FOIA Officer
Office of the Chief Operating Officer
Phone: (770) 488-6399
Fax: (404) 235-1852

| 19-00229-FOIA | 1/23/2019 | Fultz, Diane | Atlee Hall, LLP | All raw data, testing results from patient isolates, testing results from Sorin 3T heater-cooler units, and any results from comparison testing between the machine isolates and patient isolates from Penn Presbyterian Medical Center in Philadelphia, Pennsylvania. (Date Range for Record Search: From 07/01/2015 To 12/01/2017) |

FOIA Log January 1 2019 - March 31 2019

| FOIA Log- January 1, 2019-March 31, 2019 | | | | |
|--|---------------|------------------|--|--|
| Request ID | Received Date | Requester Name | Organization | Request Description |
| 19-00231-FOIA | 1/10/2019 | Hagemann, Hannah | The Monterey County Herald | Pursuant to the federal Freedom of Information Act, 5 U.S.C. 552, I request the following information: all documents, budgets, studies, reports related to the health risks of continued, multi-year exposure to wildfire smoke. I would like to receive the information in electronic format. I would like to receive the information in electronic format. I am making the request as a reporter and student currently studying at the UC Santa Cruz Science Writing Graduate program; this request is made as part of newsgathering and not for commercial use. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. I ask that you waive any and all applicable fees associated with this request. Through this request, I am gathering information on firefighter health and safety. Release of this information is in the public interest because it will contribute significantly to the public understanding of government operations and activities, particularly on the realm of firefighter health, and the health risks of continued exposure to wildfire smoke. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed \$100. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I will also expect you to release all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I also ask that you provide expedited review of this request which concerns a matter of urgency. The information sought relates to a currently unfolding story, specifically, that the first study investigating the respiratory health of forest firefighters is happening now. Second, delaying release of the information harms the public interest in knowing what actions are being taken to understand the health risks of firefighters' exposure to wildfire. Third, the request obviously concerns federal government activity, as the request seeks information on funding, research, and correspondence related to understanding the health risks of firefighting. I certify that my statements concerning the need for expedited review are true and correct to the best of my knowledge and belief. If you deny expedited processing, I expect to receive a response to the request within 20 business days, as the statute requires. |
| 19-00236-FOIA | 1/15/2019 | Karimi, Adrian | Ladah Law | Any documents regarding beef E.coli or Salmonella outbreak in Nevada (Date Range for Record Search: From 07/01/2018 To 12/11/2018) |
| 19-00243-FOIA | 1/17/2019 | Thomason, Aspen | Waldon Adelman Castilla Hiestand and Prout | respective copies of employment records for individual |
| 19-00244-FOIA | 1/16/2019 | Yu, Scott | Darsana Capital Partners | copy of data referenced in speech on E-cigarettes (Date Range for Record Search: From 1/1/2018 To 9/30/2018) |

FOIA Log January 1 2019 - March 31 2019

| FOIA Log- January 1, 2019-March 31, 2019 | | | | |
|--|---------------|-----------------------|---|--|
| Request ID | Received Date | Requester Name | Organization | Request Description |
| 19-00245-FOIA | 1/4/2019 | Freudenthal, Emmanuel | - | respective copy of the following records: 1 - Any photos taken during the mission to transport Ebola blood samples from Liberia to the US towards the end of 2016. This includes photos by employees as part of their work on this official mission, or photos by third party contractors. 2 - Any contracts or agreements with Phoenix Air to supply their services for the mission to transport Ebola blood samples from Liberia to the US towards the end of 2016 (signed by any institution such as CDC, DTRA, NIH, etc). I'm sure you'll have a copy of that. 3 - Any contracts or agreements with Sandia that you have at hand from 01 July 2013 and today regarding their work in Liberia (signed by any institution such as CDC, DTRA, NIH, etc). I'm sure you'll have a copy of that. 4 - Any Chain of Custody documents signed for the shipping of any Ebola blood samples from Liberia to the USA between 01/01/16 and 31 December 17. The staff responsible for the sample management at the CDC and NIH will have a copy of that. 5 - Any documents with information linked to blood samples that were transported from Liberia to the US from 01/01/17 to 01/11/17 (e.g. the name of the patient, their origin, their gender, their clinical signs etc). I do not require individual documents as I understand that the private information of patients cannot be disclosed. Please feel free to redact that personal information from any documents that contain lists. In case there are many documents that pertain to single individuals with the sample templates, then please provide one of each of the types of documents as a template. 6 - The agreement between Liberia and the US (signed by the Ambassador of the US in Liberia) signed around September 2016 for the transport of Ebola blood samples from Liberia to the US. 7 - Any inventory of Ebola blood samples held by the US that were brought from Liberia, including samples held at Fort Detrick and Rocky Mountain Lab. |
| 19-00246-FOIA | 1/16/2019 | Johnson, Rachel | FOI Services | respective copy of the disclosable portions of all research and related data, the youth use of e-cigarettes |
| 19-00253-FOIA | 1/18/2019 | Galka, Margaret | - | any documents containing information and/or communications related to the following: (1) The Sterigenics facility in Willowbrook, Illinois; (2) the ATSDR letter health consultation related to Ethylene Oxide and Cancer risk in the Willowbrook, Illinois area; (3) ATSDR assessment(s), research, or analysis related to human or animal exposure to ethylene oxide between 1980 and 2018. |
| 19-00256-FOIA | 1/16/2019 | Szapocznik, Jose | University of Miami Department of Public Health | 4 requests regarding CDC's MAI grantees (Column C-E): 1. Grantees' approved proposal 2. Grantees' approved budget 3. Grantees' yearly narrative report 4. Grantees' yearly expenditure report |

| 19-00301-FOIA | 1/3/2019 | Lauber, Sean | - | I'm an embryologist who is often asked about success rates. I would like to request ART (assisted reproductive tech) information for 2016. Specifically: 1) Live birth rates for PGS cycles across age groups (<35, 35-37, 38-40, 41-42, >42). Please separate rates for single and multiple embryo transfers if possible. 2) Live birth rates for transfer of Day 3 cleavage stage embryos across age groups (<35, 35-37, 38-40, 41-42, >42). Please separate rates for single and multiple embryo transfers if possible. 3) Live birth rates for transfer of Day 5 blastocyst stage embryos across age groups (<35, 35-37, 38-40, 41-42, >42). Please separate rates for single and multiple embryo transfers if possible. This data is not available in the provided final spreadsheet for 2016 (link: https://www.cdc.gov/art/artdata/docs/excel/FINAL-2016-clinic-table-dataset.xlsx). If you had a more updated master data sheet I'd gladly work with that (and would prefer this if available, particularly if it's easier for you to provide). I do not need live birth rates included so long as I can use the raw data (number of transfers, egg retrievals, live births, etc) to generate the rates myself. Whatever is easiest. Thank you! |
| 19-00302-FOIA | 1/3/2019 | Porter, Wesley | - | data on the rate of occurrence of Carpal Tunnel Syndrome by occupation |
| 19-00303-FOIA | 1/4/2019 | Ford, J. Ben | Marsh, Rickard, & Bryan, P.C. | respective certified medical records for individual |
| 19-00304-FOIA | 1/4/2019 | Keys (#22458017), Clay | - | copies of the following FOIA requests and response # 15-00508, 15-00072, 15-00230 FOIA |
| 19-00305-FOIA | 1/4/2019 | Nielsen, Peter | Faegre Baker Daniel, LLP | respective copies of individual information related to a possible multistate outbreak of Salmonella Typhimurium linked to chicken salad produced at Triple T Specialty Meats, Inc. in Iowa and sold at Fareway Stores in Iowa, Illinois, Minnesota, Nebraska and South Dakota |

| 19-00550-FOIA | 3/11/2019 | b6 | - | Hi, I'd like copies of all studies you have on the effects of Jet fuel, Jet Exhaust, Motor Vehicle Gas on people working in environments where they're used, stored, maintained, exposed to, etc... I ran a flight deck on a helicopter carrier and for two years and daily was exposed to long periods of jet and motor gas fuel by vapor and directly on my skin in closed spaces, on the flight deck, as well as to exhaust from jet engines directly and indirectly as residue on the ship. At that time I developed symptoms, which I didn't discover until recently were consistent with exposure to these fuels and exhaust. The symptoms being neurological damage, autoimmune disease, headaches, audio dyslexia. I've come across some studies which support the claim I'm making to the VA. But I'm looking for more studies to support my claim, which have stronger validity for the VA. Thank you, b6 (Date Range for Record Search: From 01/01/1979 To 03/08/2019) |
| 19-00551-FOIA | 3/8/2019 | Shrader, Tom | - | records regarding the database of health facilities in the United States showing their infectious disease rates/ info. |

| 19-00597-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | line lists of all E. coli PFGE results in PulseNET that are indistinguishable to those of client's isolate (probably STEC case in NY) (Date Range for Record Search: From 1/1/2018 To 12/30/2018) |
| 19-00598-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | records related to "sub-cluster" restaurants affected by E. coli outbreak (April June 2018) linked to romaine lettuce produced in Yuma, Arizona |
| 19-00599-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | all record related to the outbreak of Salmonella Typhimurium associated with chicken salad and sold in Fareway stores between January and March 2018 |
| 19-00600-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | line lists of Listeria monocytogenes genotyping results in PulseNet database that are indistinguishable to the genotyping results for client's isolate (South Carolina) |
| 19-00601-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | line listing of all Salmonella PFGE results in the PulseNet database that are indistinguishable to PFGE results of client (Washington State) |
| 19-00602-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | line listing of of all E.coli PFGE results in the PulseNet that are indistinguishable to PFGE results of client's isolate (linked to April 2018 outbreak at Dartmouth Hitchcock Medical Center) (Date Range for Record Search: From 1/1/2018 To 3/8/2019) |
| 19-00603-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | line listing of all E. coli PFGE results in PulseNET that are indistinguishable to those of client (Kentucky) (Date Range for Record Search: From 1/1/2018 To 3/12/2019) |
| 19-00604-FOIA | 3/21/2019 | Passater, Michelle | Marler Clark Law Firm | line lists of E. coli serotype O26 PFGE results in the PulseNet database that are indistinguishable to those of client's (Washington state) (Date Range for Record Search: From 1/1/2018 To 3/12/2019) |
| 19-00605-FOIA | 3/29/2019 | Silva, Jorge | Silva and Silva, PA | medical records for individual and records related to Elizabethkingia Meningosepticum and South Miami Hospital |
| 19-00606-FOIA | 3/21/2019 | Fernandez, Luis | FF Health | Hello, in 2016 the CDC ART summary changed how they reported some historical information in the attached. I am trying to put together a historical report on ART in the US and need a few data points that have changed in the reporting. Specifically - IVF %, GEST %, and PGD % changed in 2016 to be all cycles instead of just frozen cycles. Is there historical data for all cycles at each clinic (or ideally frozen and fresh separately)? Also, prior to the 2011 report frozen and egg banking cycles by clinic is not included in the spreadsheet data file, but is shown in the national report. Would it be possible to receive historical data for frozen and egg banking cycles by clinic and by age group prior to 2011? Thank you (Date Range for Record Search: From 01/01/2000 To 01/01/2016) |
| 19-00607-FOIA | 3/22/2019 | Roberts, Heather | - | Requesting any and all records regarding Hep and other investigations for the following locations: HIDDEN COVE HIDDEN COVE E HIDDEN COVE W SWISS VILLAGE WINTER HAVEN FLORIDA HEP A POSITIVE RESIDENTS (Date Range for Record Search: From 01/01/2018 To 03/22/2019) |

FOIA Log January 1 2019 - March 31 2019

| FOIA Log- January 1, 2019-March 31, 2019 | | | | |
|--|---------------|--------------------|----------------------------|--|
| Request ID | Received Date | Requester Name | Organization | Request Description |
| 19-00621-FOIA | 3/27/2019 | Vance, Robert | - | Any correspondence (written, electronic, or otherwise) communicated between Centers for Disease Control and Prevention and 1) Rockland County, NY; Bergen County, NJ; Putnam County, NY; Orange County, NY; and/or Westchester County, NY health departments, 2) New York State Department of Health, 3) any other U.S. Department of Health & Human Services agencies or offices (to include, but not be limited to CDC divisions and offices regarding a) any discussion of any genetic testing of specimens taken from Rockland County individuals infected with any Measles genotype and the outcome of any such genetic testing, b) any correspondence related to Rockland County, NY mentioning or related to Measles genetic testing or testing results, Measles genomic testing or testing results, Measles strain testing or testing results, Measles vaccine strain, Measles-like illness, Measles-like symptoms, Atypical Measles, Measles wild-strain, and/or wild Measles. (Date Range for Record Search: From 1/1/2018 To 3/27/2019) |
| 19-00622-FOIA | 3/27/2019 | McLauchlan, Robert | - | documents regarding nitrosamine contamination of sartan containing medicines; nitrosamine N-nitroso-N-methylamino butyric acid (NMBA) contamination of generic medications; and contamination within generically produced medications |
| 19-00623-FOIA | 3/27/2019 | McKeel, Daniel | - | the following: 1. A letter by NIOSH Director John Howard transmitted to Theodore ("Ted") Katz, the designated federal official (DFO) for the Advisory Board on Radiation and Worker Health (ABRWH), appointing him as Acting (interim) Board Chair. Mr. Katz has served in this role following the death of James Melius, the former ABRWH Board Chair who died Jan. 1, 2018. A permanent new ABRWH Chair has not been appointed by President Trump in the intervening 15 months. 2. The official letter appointing as new ABRWH Chairman Dr. James Melius, MD, PhD to replace the former ABRWH Chair, Dr. Paul L. Ziemer, PhD, who was appointed by President George W. Bush. Dr. Melius' appointment as Chair occurred early (exact date unknown) in the 2008-2016 Obama Presidency. 3. Any letters to Dr. Paul L. Ziemer informing him about his replacement, Dr. James Melius. Presumably, such a letter would have been transmitted about the same time to Dr. Ziemer as the appointment letter to Dr. Melius. |
| 19-00624-FOIA | 3/28/2019 | Cuccias, Matthew | FOIA Professional Services | a copy of the winning Grant Application that was submitted for the following funded grant from the Center for Disease Control and Prevention: (a) Grantee Protect Title: STD AAPPS Focuses on Sur. Monitoring of Screening Rates; (b) Grantee Name: AL. State department of Public Health; (c) Award Number: NH25PS004326-04-02 |
| 19-00625-FOIA | 3/28/2019 | Passater, Michelle | Marler Clark Law Firm | line listing of all E. coli PFGE results in PulseNET that are indistinguishable to those of client (New York) (Date Range for Record Search: From 1/1/2018 To 12/30/2018) |
| 19-00626-FOIA | 3/28/2019 | Passater, Michelle | Marler Clark Law Firm | line listing of all Salmonella Typhimurium results in PulseNET that are indistinguishable to those of client (Iowa) (Date Range for Record Search: From 1/1/2018 To 12/30/2018) |

| Request ID | Received Date | Requester Name | Organization | Request Description |
|-------------------------------|---------------|--------------------|---------------------------------------|---|
| 19-00828-FOIA | 5/28/2019 | b6 | - | 1. During the three-way conference call between NIOSH, my lawyer, and me on April 17, 2019, the NIOSH representative spoke about and quoted from a letter that NIOSH allegedly sent to me (b6) in February 2016. I never received any such letter. Please send me a copy of it. 2. Prior to the conference call on April 17, 2019, I provided evidence to NIOSH through my lawyer that Building 30/45 (Aliases: 3045; 45A; Lab Machine Shop; Laboratory Machine Shop; Rust Engineering Building; Maintenance Building) at the Feed Materials Production Center (Fernald) was heavily contaminated with uranium and thorium throughout the facility up through 1989. I would like NIOSH to provide me with copies of all of the documents/reports/letters (preferably signed, dated documents) that NIOSH reviewed and accepted as providing them with adequate evidence that the radiological contamination throughout Building 30/45 (Aliases: 3045; 45A; Lab Machine Shop; Laboratory Machine Shop; Rust Engineering Building; Maintenance Building) was cleaned up prior to January 1993 to the point where this building could be safely entered by a person who was not wearing any type of protective clothing or protective apparatus (i.e., wearing street clothes). Please be sure to include the final DOE and/or DOE contractor/subcontractor report on radiological cleanup of this building and any final report on cleanup of this building that was provided to the regulators between 1989 and January 1993. 3. The NIOSH representative spoke about alleged radiological sampling and monitoring that was performed every week throughout Building 30/45 (Aliases: 3045; 45A; Lab Machine Shop; Laboratory Machine Shop; Rust Engineering Building; Maintenance Building) during 1993. I would like copies of all documents associated with radiological sampling and monitoring throughout this building for the week of July 23, 1993, through the week of October 4, 1993. To be as precise as possible, I would like copies of the radiological sampling/monitoring reports and associated documents for this building for each of the weeks during the time period I have indicated." |
| 19-00829-FOIA | 5/30/2019 | Grantham, Stan | Warshauer Law Group, PC | Documents pertaining to stand-up type Forklifts (Date Range for Record Search: From 01/01/1999 To 05/30/2019) |
