February 5, 2020

This is in response to your Freedom of Information Act (FOIA) request dated July 18, 2019 and received in this office on July 23, 2019, in which you requested a copy of the list of fields in the national database of Animal Research Facilities. Your request was assigned case number FOIA 2019-APHIS-05660-F.

On January 17, 2020, the Animal Care (AC) program office provided documents in response to a search of their files for records responsive to your request. AC searched their Animal Care Information System database and located 26 pages responsive to your request. However, information is being withheld in part pursuant to FOIA Exemption 6, 5 U.S.C. § 552 (b)(6), and FOIA Exemption 7, 5 U.S.C. § 552 (b)(7)(C). Please see the informaiton below for the justifications for our withholdings.

#### Privacy Act – 5 U.S.C. § 552(a)

The records requested are contained in a Privacy Act system of records. *See, APHIS-8: Veterinary Services - Animal Welfare.* Generally, under the Privacy Act, an agency shall not disclose information contained in a system of records, except pursuant to the written request by or consent of the individual to whom the record pertains, unless an exception applies. There are twelve exceptions under the Privacy Act to this general prohibition to disclosure. *See* 5 U.S.C. § 552a (b). One exception authorizes disclosure when the FOIA requires the release of information contained in a system of records. *Id.* at § 552a (b) (2).

As such, APHIS must release all requested records which are not exempt under the FOIA. Therefore, the records at issue have been reviewed under the FOIA. After a review of the records, it has been determined that certain information is exempt from release pursuant to FOIA Exemptions (b) (6) and (b)(7)(C).

#### Exemption 6

Exemption 6 permits the government to withhold from “personnel and medical files and similar files” information about individuals when the disclosure of

such information “would constitute a clearly unwarranted invasion of personal privacy.” We have determined that these records meet the definition of “similar” files, because they contain information pertaining to the welfare of animals.

In order to determine whether a document may be withheld under Exemption 6, an agency must undertake a three-step analysis. First, the agency must determine whether a significant privacy interest would be compromised by the disclosure of the record. Second, the agency must determine whether the release of the document would further the public interest by shedding light on the operations and activities of the Government. Third, the agency must balance the identified privacy interests against the public interest in disclosure.

In this document, we have withheld third party names.

We have determined that the individual concerned has more than a *de minimis* privacy interest in this information because the identifying information could be used to make unwanted contact or communications with individuals mentioned in the documents. Under Exemption 6, the only pertinent public interest is whether release of the information would shed light on the agency’s activities and the agency’s performance of its statutory duties. We determined that the release of the identifying information does not shed any light on APHIS activities. Therefore, the privacy interests of the individuals in the records you have requested outweigh the non-existent public interest in disclosure of the information.

### **Exemption 7(C)**

FOIA Exemption 7(C) permits the government to withhold information compiled for law enforcement purposes about individuals, the disclosure of which "could reasonably be expected to constitute an unwarranted invasion of personal privacy." Under Exemption 7, law enforcement purposes cover administrative enforcement actions. APHIS is authorized under the Animal Welfare Act (AWA), (see 7 U.S.C. 2131-2159) (1) to insure that animals intended for use in research facilities or for exhibition purposes or for use as pets are provided humane care and treatment; (2) to assure the humane treatment of animals during transportation in commerce; and (3) to protect the owners of animals from the theft of their animals by preventing the sale or use of animals which have been stolen. The pertinent regulations enforcing the AWA are found at 9 CFR, Chapter 1, Subchapter A, Parts 1 – 4. The AWA ensures that all regulated commercial animal breeders, dealers, brokers,

transportation companies, exhibitors, and research facilities are licensed or registered, and that his or her premises and any animals, facilities, vehicles, equipment, or other premises used or intended for use are in compliance with the AWA. In addition, the AWA authorizes APHIS to review and investigate and set civil penalties for alledged violations.

The responsive records at issue were compiled as part of the AWA regulatory compliance process, and were compiled for law enforcement purposes. Therefore, from the responsive records, Exemption (b)(7)(C) is also applied along with Exemption (b)(6). For the reasons also explained in Exemption 6 above, our Agency has concluded that the privacy interest of the confidential source outweighs the public interest in the disclosure.

You may contact Tamara Wade the analyst who processed your request at (301) 851-4077 as well as Ms. Bethany Jones, our FOIA Public Liaison, at (301) 851-4100 for any further assistance and to discuss any aspect of your request.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal by writing to: Administrator, Animal and Plant Health Inspection Service, Ag Box 3401, Washington, DC 20250-3401. Your appeal must be postmarked or electronically transmitted within 90 days of the date of the response to your request.

Please refer to FOIA 2019-APHIS-05660-F in your appeal letter and add the words "FOIA Appeal" to the front of the envelope. To assist the Administrator in reviewing your appeal, provide specific reasons why you believe modification of the determination is warranted.

Because the cost to process your request is less than \$25.00, the fee has been waived.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Woods".
