IN REPLY
REFER TO: DTIC-R (FOIA 2020-120)

September 25, 2020

This is in response to your letter dated September 14, 2020, requesting information under the Freedom of Information Act (FOIA) (enclosure 1). Under Department of Defense rules implementing the FOIA, published at 32 CFR 286, your request was categorized as "other".

The information that you have requested, FOIA case logs 2010 through 2020, are approved for public release. Enclosures 2 through 12. They are attached.

To date, there are no assessable fees for services from DTIC. Please understand that other members of the public may submit a FOIA request for copies of FOIA requests received by this office, or the names of those who have submitted requests. Should such occur, your name and, if asked for, a copy of your request will be released; however, your home address and home telephone number will not be released. Other private citizens who have obtained your name by using such a request may contact you; however, correspondence from the DoD about your request will be on official letterhead. Please contact me at (571) 448-9702 if you have any questions. Thank you for your interest in obtaining information from DTIC.

Sincerely,

Michael Hamilton

			<p>The Board of Veterans Affairs has remanded a deceased Veteran appeal in conjunction with the CAVC for additional development to your agency. Our Veteran was stationed at Dugway Proving Grounds from March 1951 to March 1953. The Veteran has claimed that his illnesses are a direct result of certain chemical and radioactive exposure.</p> <p>In the remand, the BVA states, "assist the appellant in obtaining “original source documents” referenced by Dr. A.Y., the author of a 2006 report regarding chemical exposure at the Dugway Proving Grounds. Such documents allegedly establish that “chemical anti-crop agents [...] including tests with formulations of 2,4-D and 2,4,5-T” during the Veteran’s service at that location. These documents may be obtained from the Defense Technical Information Center,". We require a copy of this report and any documents and/or materials referenced in the report. Our Veteran has a listed US Army MOS of 1328 for Chemical Lab Tech, Chief at that time.</p>
