VIA ELECTRONIC MAIL

FOIA No. 2020-000584

This letter responds to your recent Freedom of Information Act (FOIA) request received by the Federal Communications Commission (FCC or Commission) and assigned to the Consumer & Governmental Affairs Bureau (CGB). Your request seeks copies of complaints filed with CGB during calendar year 2020 that contain any of the following words: 1) covid, 2) coronavirus, or 3) pandemic. Your request has been assigned FOIA Control No. 2020-000584. We are responding to your request electronically.

CGB conducted a search of the databases containing informal complaints. CGB identified approximately 5,459 complaints responsive to your request. Records responsive to your request were withheld or redacted under FOIA Exemption 6. Exemption 6 protects "personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." Balancing the public's right to disclosure against the individual's right to privacy, we have determined that release of this information would constitute a clearly unwarranted invasion of personal privacy.¹ Therefore, certain personal identifying information, including the complainant's name and phone number, has been redacted under Exemption 6. We have determined that it is reasonably foreseeable that a disclosure would harm the privacy interest of the persons mentioned in these records, which Exemption 6 is intended to protect.

The FCC receives many complaints and comments that do not involve violations of the Communications Act or any FCC rule or order. Thus, a complaint or comment does not necessarily indicate any wrongdoing by any individuals or entities named in the complaint or comment.

We are required by both the FOIA and the Commission's own rules to charge requesters certain fees associated with the costs of searching for, reviewing and duplicating the sought-after information. To calculate the appropriate fee, requesters are classified as (1)

¹ 5 U.S.C. § 552 (b)(6); *see also* 47 CFR § 0.457(f).

commercial use requesters; (2) educational requesters, non-commercial scientific organizations, or representatives of the of the news media, or (3) all other requesters.

Pursuant to section 0.466(a)(8) of the Commission's rules, you have been classified for fee purposes as category (3), "all other requesters."² As an "all other requester," the FCC assesses charges to recover the full, reasonable direct cost of searching for and reproducing records that are responsive to the request; you are entitled, however, to be furnished with the first 100 pages of reproduction and the first two hours of search time without charge under section 0.470(a)(3)(i) of the Commission's rules.³ Because preparing the response to your request falls within these limits, the FCC is not charging you for processing it.

If you consider this to be a denial of your FOIA request, you may seek review by filing an application for review with the Office of General Counsel. An application for review must be *received* by the Commission within 90 calendar days of the date of this letter.⁴ You may file an application for review by mailing the application to Federal Communications Commission, Office of General Counsel, 445 12th St SW, Washington, DC 20554, or you may file your application for review electronically by e-mailing it to FOIA-Appeal@fcc.gov. Please caption the envelope (or subject line, if via e-mail) and the application itself as "Review of Freedom of Information Action," and the application should refer to FOIA No. 2020-000584.

If you would like to discuss this response before filing an application for review to attempt to resolve your dispute without going through the appeals process, you may contact the Commission's FOIA Public Liaison for assistance at:

FOIA Public Liaison
Federal Communications Commission, Office of the Managing Director,
Performance Evaluation and Records Management
445 12th St SW, Washington, DC 20554
202-418-0440
FOIA-Public-Liaison@fcc.gov

If you are unable to resolve your FOIA dispute through the Commission's FOIA Public Liaison, the Office of Government Information Services (OGIS), the Federal FOIA Ombudsman's Office, offers mediation services to help resolve disputes between FOIA requesters and Federal agencies. The contact information for OGIS is

Office of Government Information Services

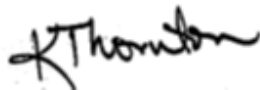

² 47 CFR § 0.466(a)(8).

³ 47 CFR § 0.470(a)(3)(i).

⁴ 47 CFR §§ 0.461(j), 1.115; 47 CFR § 1.7 (documents are considered filed with the Commission upon their receipt at the location designated by the Commission).

Ticket: # 3780305 - Defective MaxTrainer M6 Electronic Equipment in Compliance with FCC

Date: 1/27/2020 6:04:14 AM

City/State/Zip: Newberry, Florida 32669

Company Complaining About: Nautilus, Inc.

Description

Please see attached. The Company claims that its transmitting device installed in its product (MaxTrainer M6) is FCC compliant. I believe there is a transmitting issue with the device inside the machine that the FCC would need to investigate carefully before it gives its approval to the Company and its assurance to consumers. The transmitting device stopped by itself after one year. We hardly used the machine during that year. In addition, the Company does not have replacement devices ready to be installed timely (as showed in the attached document). The Company orders these replacement devices from China. The Company failed to disclose the Company in China that manufactures the electronic device. It may be manufactured at an unknown manufacturing shop. In addition, there is a high risk that the device may contain Coronavirus as it comes from China. The FCC would need to investigate the source of the electronic device and its compliant with the US standards. Again, the electronic device fails in a short period, as in my case, and as documented by other consumers on the BBB website.

Ticket: # 3785214 - CBS Detroit Publish False Story of Coronavirus in Michigan

Date: 1/28/2020 6:27:52 PM

City/State/Zip: Pittsburgh, Pennsylvania 15106

Description

Local CBS affiliate in Detroit published a news article saying officials in Michigan confirmed three dead in Michigan due to Coronavirus. The Coronavirus is causing many people to panic. I panicked when I saw three people had already died from this new and scary disease just a couple states away from me.

I repeatedly reached out to the CBS affiliate asking for verification and validity of their article. At no point did CBS respond to my multiple attempts to contact them. to be hor rifically

Ticket: # 3788431 - Chiropractor claiming to cure colds

Date: 1/30/2020 7:59:45 AM

City/State/Zip: Concord, New Hampshire 03301

Company Complaining About: Binnie Media

Description

105.5 JYY aired an ad by Crossroads Chiropractic yesterday morning around 7:15 am which contains false information regarding medical services. In the ad, a family is lamenting that the father never gets sick and when he does, he recovers faster than the rest of the household - all because he uses a chiropractor. There is a "disclaimer" at the end basically saying that your results may vary.

This is medically false. Chiropractors cannot cure or prevent colds. Even the disclaimer is false. The results will not vary. The results will all be the same - you will still be sick. Given the panic over the coronavirus, this ad is reprehensible. If someone contracts the coronavirus and uses a chiropractor instead of seeking real medical care, they may endanger the public.

The ad needs to be pulled. This chiropractor is an anti-vaxxer who has come dangerously close to advocating that on the air previously. This time, she crossed the line.

Ticket: # 3788544 - Closed captions suddenly cut off

Date: 1/30/2020 10:32:38 AM

City/State/Zip: College Place, Washington 99324

Company Complaining About: AT&T

Description

Kapp 35,kvew 42

Kerp action news channel 19

Even cnn news. What is going on??

It is not the provider (at&t cable) i believed.

Ticket: # 3795234 - Phone Incorrectly Locked to Virgin

Date: 2/3/2020 12:06:02 AM

City/State/Zip: Portland, Oregon 97230

Company Complaining About: Virgin Mobile

Description

Mayday,Mayday,Novel Coronavirus (2019-nCoV) outbreak in Hong Kong. I studying in Hong Kong as an exchange student.I need this phone to contact my family, But I cannot activate unlock my phone. Please help me!!I need this phone unlock

I 2019 purchased a used unlocked iPhone 8plus from Gazelle. , I do n't have a virgin real account,I was thinking of another vehicle that was more convenient for me in HK. It seems that because my iPhone's IMEI has entered somewhere in the Virgin system, it has become SIM locked as Virgin. I called the support hotline multiple times, but no one seemed to understand my request.

Actually, I have contacted Virgin customer service 4 times and was told that because I did not purchase a phone from Virgin, they could not unlock it. Then someone told me "Plug it into iTunes", "Contact Vendor" and "Contact Apple".

For some reason, the Virgin Mobile staff on the are totally unfamiliar with the unlock process, and trust me, I've spoken to a LOT of them, approx. 5 staff in total, each one of them tell me something different - but basically that they cannot help and try to pass me on to Apple/Carphone warehouse. Neither party are able to help, Carphone warehouse have no control over unlocking, and although Apple probably CAN do it, they refuse to, as its not really up to them.

FCC rules state that Virgin (as a network) must unlock my phone. Apple couldn't unlock them, plugging it into iTunes didn't do anything, and my vendor couldn't unlock my phone.

Finally, I contacted Gazelle, the latter was very confused about why the Virgin could not unlock my phone

The vendor (sold me a phone without a SIM without notifying me that would happen) and the entire process of the Virgin made them very dissatisfied.

I respect your work and look forward to your reply / listening to your opinion.I will again ask if you need the Virgin to do anything.

PS:I noticed this news <https://www.cnet.com/news/sprint-is-shutting-down-virgin-mobile/>

Sprint is shutting down Virgin Mobile

Customers will be transferred to Boost Mobile starting in February.

Ticket: # 3830433 - 210-493-8502 SPOOF 210-493 #290

Date: 2/18/2020 1:01:46 PM

City/State/Zip: San Antonio, Texas 78231

Description

Call came in 2 minutes after FCC 3830389. Car warranty. South Asia spoofing my area code and prefix. "Representative" voice broken by static & I asked if they have the Corona virus. Hung up after 1 min 27 sec.

Ticket: # 3840931 - Xenophobic remarks against Asians

Date: 2/22/2020 8:24:24 PM

City/State/Zip: Barranquitas, Puerto Rico 00794

Description

WTOK-FM's (HOT 102) DJ refers to BTS group members as "Lo Mein, Chow Mein, Pepper Steak, Won Ton", instead of using their names. He laughs and states that their names are too hard to pronounce. Also, he said "oh, and someone told me their manager is called Coronavirus".

Ticket: # 3843857 - Rush Limbaugh show spreading pandemic misinformation, danger to society

Date: 2/24/2020 10:11:51 PM

City/State/Zip: Kew Gardens, New York 11415

Description

The information is here:

<https://www.rushlimbaugh.com/daily/2020/02/24/overhyped-coronavirus-weaponized-against-trump/>

Rush Limbaugh is spreading dangerous misinformation about a public pandemic and needs to be taken off the air and off the internet. He will get people killed.

Ticket: # 3844624 - Rush Limbaugh Misinformation

Date: 2/25/2020 12:56:01 PM

City/State/Zip: Massena, New York 13662

Description

Limbaugh is dangerously downplaying the coronavirus as "the common cold." This is a purposeful lie that could have significant implications. It is indecent. Please order him to cease and desist with the misrepresentation of this virus.

Ticket: # 3846528 - rush limbaugh radio show

Date: 2/25/2020 11:58:39 PM

City/State/Zip: Santa Maria, California 93455

Description

radio personality and content originator has proclaimed that the corona virus is not a public health issue and no more dangerous than the common cold. This is a clear and immediate danger to the american public as mr. limbaugh is not a doctor and has no credibility as a public health official yet has a profound influence with his listeners and has chosen to negate the overwhelming and scientific evidence that this public health crisis is dangerous. i would file a formal complaint and probably will if i can come up with the 225 dollar fee. thank you for your time and consideration.

Ticket: # 3851007 - President news conference with CDC

Date: 2/26/2020 9:07:19 PM

City/State/Zip: Hebron, Indiana 46341

Company Complaining About: Not Applicable

Description

Networks CBS NBC ABC and PBS did not carry the conference on the coronavirus on 2/26/20. I was hoping to get advice from the CDC! I do not have cable.

Ticket: # 3852864 - False info

Date: 2/27/2020 1:50:01 PM

City/State/Zip: Boise, Idaho 83701

Company Complaining About: Kfi

Description

So on KFI am at about 10 40 10 45 you have a guy on there giving out medical advice who is not a doctor on the Corona virus telling people not to use certain products hes not a licensed physician and that's false information and that can be dangerous. Indeed to have a medically licensed physician giving out information.

Ticket: # 3853450 - Presidential coverage re: coronavirus of 2/26/20

Date: 2/27/2020 3:48:25 PM

City/State/Zip: Big Lake, Minnesota 55309

Company Complaining About: Windstream Communications

Description

I'm infuriated that coverage of the Presidential press conference of Wednesday, February 26, 2020, covering update on the current status and the nations readiness of the coronavirus was not covered by any local networks. It would be in the national interest.

Ticket: # 3856466 - Corona virus

Date: 2/28/2020 4:29:13 PM

City/State/Zip: Lancaster, Wisconsin 53813

Company Complaining About: Other

Description

CNN & other corporate leftists Press Are FEAR Mongering Corona Virus for political reasons, their trying to cause public panic !! FCC should shut this sick BS down now !! Our national press is over steping it's constitution protected rights !!

All news stations should be shut down on medical advise, it should only come from the CDC!! All news media is causing this chaos and down markets! Shame shame on them!

Ticket: # 3858812 - Truvata Commercail Not Appropriate For Children or ME!

Date: 3/2/2020 5:31:05 AM

City/State/Zip: Brookhaven Town, New York 11961

Description

.. The fact that CBS,, the drug companies.. would make, and Run that Truvata Commercial, (and all day)... is appalling!!!!

a commercial for GAY Transgender AIDS people to continue to have unprotected sex with less fear of spreading AIDS!!! HELLO AMERICA wake UP!!!

This is offensive to ME!!!! It clearly does not set a proper example for our young people!!! This is not something I want to see on my TV!!! Or should CHILDREN!!!! how about setting a PROPER Example Verse deviance??? (Don't we have enough issues in the USA today with the overall lack of morals or values in anyone under 35??)

Isn't that commercial all about deviant behavior on any level!!! You are telling Kids that Its Not only OK to have sex out of wed lock, well please go ahead and HAVE RISKY sex, Forget about saving trees or our planet you deviants just go have sex then some more sex with another person and on and on and on!~!! that is EXACTLY what This commercial represnets!!! Plus... who cares about Corona Virus , Global worming!!! climate change... Overpopulation, Starvation, Just go ahead and continue to KEEP having RISKY SEX!!!!!!!!!!!!

No matter your orientation? everyone should be appalled that THIS commercial is On REGULAR TV!!!!

Ticket: # 3858849 - fear mongering by NBC News

Date: 3/2/2020 8:47:55 AM

City/State/Zip: Pitcairn, Pennsylvania 15140

Description

Broadcast, while reporting on coronavirus, said something to the effect "that cases may skyrocket". This kind of hyperbole and speculation, at approx. 7 AM EST, is clearly unnecessary and could panic the public. NBC has a duty to report factually. I believe this hype is harmful and must be stopped.

Ticket: # 3863142 - False advertising.

Date: 3/3/2020 6:02:53 PM

City/State/Zip: Madison, Wisconsin 53711

Company Complaining About: Wabc Radio

Description

The on air host of the Bernie and Sid Show, WABC/AM radio NYC, stated that their one of their sponsor's product will prevent the buyer and user of this product from contracting the Corona virus. Heard on the morning show today and yesterday, 3/2 and 3/3/2020

Ticket: # 3864541 - Live captioning during Coronavirus not provided

Date: 3/4/2020 2:03:38 PM

City/State/Zip: Williamsville [buffalo, New York 14221

Company Complaining About: Nexstar Broadcasting [wivb] & E W Scripps [wkbw]

Description

This is not a one time occurrence. It is a constant problem with our local tv stations [WIVB & WKBW] in regards to not providing closed captioning during live events. I have filed complaints to theses stations only to have nothing happen. Pictures below were taken at the same time, same event but different channels.

I seek to have the FCC hammer them into the modern age of live captioning and not just what's provided for the teleprompter. The technology exist and they should not be getting away with this.

Phone number below is for text msg only. Voice calls not accepted.

Ticket: # 3865503 - US Online Pharmacy Scam

Date: 3/4/2020 6:06:30 PM

City/State/Zip: Denver, Colorado 80204

Company Complaining About: Us Online Pharmacy

Description

I wanted to report the newest scam we were getting. They called us under the vise of US Online Pharmacy trying to offer us all types of medication. this included the Covid-19 medication. They are preying on ignorance to the virus.

Ticket: # 3866136 - Disinformation about pandemic

Date: 3/5/2020 8:46:57 AM

City/State/Zip: Middlesex, New Jersey 08846

Description

On Sean Hannity's show on Fox news last night, he allowed Donald Trump to spread disinformation about the Coronavirus pandemic, including alarmingly false statistics, telling people it's just fine to go to work with this, and it's not even as bad as the flu. And Hannity never corrected him. Fox "News" need to lose their license NOW.

Ticket: # 3866211 - COVID-19

Date: 3/5/2020 10:05:28 AM

City/State/Zip: West Hollywood, California 90069

Description

Fox News spreading misinformation about the disease will worsen the pandemic. The president said, on Fox News, to “go to work” if infected. This misinformation poses a serious threat to public health. Please ACT.

Ticket: # 3866763 - Radio Complaint

Date: 3/5/2020 1:22:03 PM

City/State/Zip: Columbia, South Carolina 29223

Description

- The consumer is calling about a radio station
- She states they were making racist remarks against Chinese Americans
- It was 101.3 FM the Big DM
- They are in Columbia, SC
- It was Dee Dee Renee speaking to a Moe
- This was in reference to the Corona virus
- They asked if anyone ate at a Chinese Restaurants and how they eat dogs, cats and bats
- The consumer felt this was disgusting and racist

CTR405-phone

Ticket: # 3867007 - Corona Virus

Date: 3/5/2020 2:24:02 PM

City/State/Zip: Tucson, Arizona 85750

Description

Today on the John Jay and Rich morning show, 1.04.7 KISS FM was telling its listeners that the Corona virus is a "hoax". 1.04.7 treating this virus too lightly is just as bad as overreacting. No one (and I do mean no one) knows how this will end.

Ticket: # 3868578 - Rick Santelli

Date: 3/6/2020 10:45:49 AM

City/State/Zip: Cotati, California 94931

Description

Santelli advocated purposeful injurious and lethal harm against the entire population of the United States by giving everyone the novel corona virus. "that could result in more than 11 million Americans dead." <https://www.marketwatch.com/story/cnbcs-rick-santelli-suggests-giving-everyone-coronavirus-to-spare-the-economy-2020-03-05>

Ticket: # 3868918 - Captions Not Available

Date: 3/6/2020 12:33:40 PM

City/State/Zip: Fishers, Indiana 46038

Company Complaining About: Wthr 13 Tv Station In Indianapolis

Description

On WTHR 13 TV's recent online live news broadcast about the first coronavirus case in Indiana, there were no captions available. I emailed the station right away, but am filing this right now without waiting. It is 2020...should not even have to worry about this.

Ticket: # 3868994 - WSHB TV Station 3 No TV Signal

Date: 3/6/2020 12:56:28 PM

City/State/Zip: Maurer Town, Virginia 22644

Company Complaining About: Over The Air Broadcast

Description

- * Consumer get no TV stations signal.
- * Consumer can not get WSHB Channel 3
- * Consumer can not get the news on Corona virus and how to protect his family.

- * Consumer live in Maurer Town, VA 22644

- * Neighbors no longer can get PBS, CBS, ABC and FOX

- * After Digital TV change

- * Consumer was told by TV station WSHB on 3-6-2020 that FCC allow WAZT TV station interring with their TV station signal.

- * Consumer can not afford to pay high cable TV Bills.
- * Consumer purchase new antennas and re scan his TV and still I get no signal.
- * Consumer has called the TV station WSHB and was told by the representative hey are still working on the n signal problems.
- * The last time consumer was able to watch his TV was September 17, 2019 over the air broadcast with a antenna.
- * Consumer other neighbors have the same problem he is having.
- * No one can watch TV right. And the families can not afford high price cable TV bills.

Ticket: # 3870516 - Fraud

Date: 3/6/2020 11:18:11 PM

City/State/Zip: Dallas, Texas 75240

Description

I am writing to apprise you of fraudulent activity as related to the coronavirus outbreak. The rev. Jim Bakker, who can be seen on several religious television stations claims to have the cure for the coronavirus and is selling it for \$300 per bottle. The product he is selling, to the best of my knowledge is not approved in any way by the FDA as a treatment or cure nor has it been tested or studied for such treatment. Mr. Bakker went to prison several years ago for fraud and money laundering and know he is making unsubstantiated claims about a oroduct that is tantamount to snake oil. He is deliberately with knowledge and forethought committing the crime of fraud again and should be stopped, arressted and thrown under the jail. Here is a link to a video of him making these claims on his television show. <https://m.youtube.com/watch?feature=share&v=AAHqO736cXc>

This man isca con artist of the highest degree and his criminal activity must be stopped.

Ticket: # 3871144 - CNBC/Rick Santelli

Date: 3/7/2020 8:49:05 PM

City/State/Zip: Nokomis, Florida 34275

Description

CNBC broadcast their employee, Rick Santelli, advocating for the intentional infection of all Americans with the COVID-19 virus. This would mean the death of many millions of people. His rationale was that this would minimize the economic damage being caused by the virus.

Such behavior is, at the very least, dangerous and threatens the wellbeing of every American. To allow such advocacy on our airways is irresponsible beyond compare.

I urge the FCC to use any authority they have to restrict or remove any rights of CNBC to continue to broadcast.

Sincerely,

(b) (6)

Ticket: # 3871591 - Medicine ads claiming to prevent coronavirus

Date: 3/8/2020 5:01:22 PM

City/State/Zip: Las Vegas, Nevada 89123

Company Complaining About: Kbet Las Vegas 790am

Description

On 3.8.2020 at approx 1320pst, and on several other occasions this past week, i have heard a radio talk show host named wayne allyn root hawking a some sort of herbal remedy called "My doctor suggests". During these ads, he makes claims, some blatant and others barely veiled, that the remedy can prevent one from getting the coronavirus. KBET 790 AM

Ticket: # 3873729 - Unsolicited call claiming to be from CDC

Date: 3/9/2020 7:47:07 PM

City/State/Zip: Westover, West Virginia 26501

Description

Two calls from 312-871-4241, a few minutes apart. I ignored the first time. Second time, when I answered, caller claimed to be from the Center for Disease Control. I told them do not call and ended call immediately. CDC is too busy with the COVID-19 to be calling private citizens.

Ticket: # 3874457 - Trish Regan Fox News

Date: 3/10/2020 11:17:06 AM

City/State/Zip: Colorado Springs, Colorado 80918

Description

On 3/9/2020, Fox Business host Trish Regan made false claims regarding the deadly COVID-19 virus that is currently spreading through American and the world. She stated it was a hoax designed to impeach the president. Broadcasting false information is against FCC regulations regardless of who your boss Ajit Pai supports politically. Broadcasting false information about a deadly disease is dangerous and irresponsible and should be illegal. I urge you to do your jobs and take action against FOX.

Ticket: # 3874489 - Live captioning during Coronavirus not provided

Date: 3/10/2020 11:27:24 AM

City/State/Zip: Williamsville [buffalo, New York 14221

Company Complaining About: Nexstar Broadcasting [wivb] & E W Scripps [wkbw]

Description

This is not a one time occurrence. It is a constant problem with our local tv stations [WIVB & WKBW] in regards to not providing closed captioning during live events. I have filed complaints to theses stations only to have nothing happen. Pictures below were taken at the same time, same event but different channels.

I seek to have the FCC hammer them into the modern age of live captioning and not just what's provided for the teleprompter. The technology exist and they should not be getting away with this.

Phone number below is for text msg only. Voice calls not accepted.

Ticket: # 3875096 - FoxNews downplaying COVID19

Date: 3/10/2020 2:13:32 PM

City/State/Zip: Shepherdstown, West Virginia 25443

Description

Fox News; FoxBusiness programming dismissed COVID19 threat as a Democratic impeachment scam and thereby deminishing serious warnings and guidance to protect the public.

Ticket: # 3875237 - Covid epidemic and misinformation

Date: 3/10/2020 2:59:01 PM

City/State/Zip: Sammamish, Washington 98075

Company Complaining About: Assurance Wireless

Description

First - let me state that I live in Washington State, which is ground zero for this epidemic/pandemic. We have lost 22 souls to this viral infection, with more surly to come

I have been monitoring the information being played on TV networks, including Fox network, to compare the messaging that I am receiving here locally. Fox is a HUGE offender!

To date, they replay statements made by Donald Trump, such as t this is the 'best response ever' ; or "no one has ever been as quick to respond" ; and the worst "when the weather warms up this will go away - another month, probably by April" No corrections follow.

The First Amendment guarantees free speech, with the exception of yelling "fire" in a crowd. Trump is repeating lies, lies that can be documented by the facts. In my mind, given the gravity of this epidemic/pandemic, these lies are the equivalent to yelling 'fire'..

I decided to contact you, the FCC, at the published number 888-225-5322. I identified myself as living in Washington State, and a FOX viewer. The operator was very hostile to my questions, much less criticism. She talked OVER me, then accused ME of talking over her, instead of LISTENING. I asked that the FCC regulate the broadcasts for factual informaton. She informed me that 'facts' were opinions. NO - THEY ARE NOT.

I ended by asking her pointedly : "Do you NOT work for me, an American taxpayer?" She went totally silent (I thought for a minute that she had hung up). I followed with "who signs your paycheck?"

The answer was "the people who purchase the permits. If you are a ham radio operator, you would know that".

I apologized for being misinformed, thinking that the FCC represented the interests of the American public.

My question is WHEN did "ownership" of the airwaves transfer FROM the public to PRIVATE interests?

I have contacted both Senators Murray and Cantwell, and my locat state representatives as well, relaying the same incident and asking this same question.

I always thought I was a well informed voter, but I am deeply unsettled by this experience.

Ticket: # 3875372 - Fraud Texts

Date: 3/10/2020 3:38:10 PM

City/State/Zip: Twin Peaks, California 92391

Company Complaining About: None

Description

Texts stating that banks in the US will be closing due to COVID-19 and that I need to get money for this upcoming disaster. That this loan will give me money before the money is all gone etc. Fear mongering and scary to someone who doesn't know it's a scam.

"BREAKING NEWS! With the VIRUS OUTBREAK, banks maybe closing. Get what you can now oq21.pw/cGKJIYF8Hn UP to 5k. We can only OFFER THIS TODAY"

Received this text at 9:13 am CT from (772-812-8147

Breaking News Gregory with the Virus Outbreak.Banks maybe closing. Get what you can now (oq21.pw/cGJ3FmdOya) Up to 5K. We can only offer today.

Ticket: # 3876288 - Coronavirus misinformation

Date: 3/11/2020 8:52:16 AM

City/State/Zip: Mcdonald, Pennsylvania 15057

Description

Randy Baumann is spreading inaccurate information regarding the coronavirus. It is very dangerous and public hazard to speak on a topic without having the facts. The information that I did hear him say was that if you sneeze, have diarrhea or vomiting, then you should go get tested that they are symptoms. They are not symptoms The symptoms are fever, cough, trouble breathing. Millions (not sure if it is that many people and I am not sure of the number) of people listen to this show in the morning and listen to his words. He is spreading information causing unneeded fear and anxiety and it needs to stop. It was during his morning show from 6:00 to 10:00 a.m.

Ticket: # 3876929 - Radio Advisement COVID-19

Date: 3/11/2020 1:02:28 PM

City/State/Zip: Studio City, California 91604

Description

He is calling about Radio Station.

Shawn Hannity at 8:24 am he broadcast that 1.9 million people were going to die from COVID-19.

The US has laws against yelling fire in a theater.

Shawn Hannity is breaking those laws, and therefore IHeart radio should lose its broadcast license.

We cannot have panic in this nation.

The station it came on was 1150 AM in Los Angeles, California.

The station it came on was KEIB.

Ticket: # 3878520 - Misleading the public during a national health crisis

Date: 3/12/2020 9:09:42 AM

City/State/Zip: Naperville, Illinois 60565

Description

Fox News is repeatedly downplaying the seriousness of the coronavirus and calling it simply a political ploy against the president. Trish Regan called the seriousness about the virus that had been communicated a "Coronavirus Impeachment Scam". They have their viewership believing it is no worse than the flu. It is nearly 3 times more contagious and can spread from someone without symptoms. They are putting the public at risk, especially the Seniors who watch their program all day long.

Ticket: # 3878696 - CNN

Date: 3/12/2020 10:46:23 AM

City/State/Zip: Prineville, Oregon 97754

Company Complaining About: Cnn

Description

America cannot have emotional, hate filled news reporting in a time of pandemic. Personal feelings and emotions MUST come 2nd to citizen safety and information disbursement. Im writing to DEMAND the FCC clamp down on media hysterics and citizen manipulation for the good of all. (b) (6)

Ticket: # 3878859 - Windstream monopoly of service in Monroe, Georgia 30655

Date: 3/12/2020 11:54:40 AM

City/State/Zip: Monroe, Georgia 30655

Company Complaining About: Windstream Communications

Description

My name is (b) (6). I live in the city of Monroe, Georgia where I am forced to purchase my phone and internet service from Windstream. Just outside the city limits consumers have a choice of internet providers to choose from...ie:at&t, xfinity, etc. I am a government contractor teleworking who for the past 4 weeks dealt with limited to no internet service. I've tried resolving this issue through Windstreams policies to no avail. My complaint here is that this company is ill equipped to deal with prolonged internet service that will be required when/if businesses and schools are closed because of coronavirus. Why isn't this area (Monroe, Ga) able to have a choice for service like the rest of this county (Walton County). Windstream is incapable and unwilling to accommodate this requirement of the President and his administration for social distancing and keeping people connected.

Ticket: # 3879081 - License violation

Date: 3/12/2020 1:16:00 PM

City/State/Zip: San Juan, Puerto Rico 00902-3365

Company Complaining About: Not Applicable

Description

WLII Univision Puerto Rico channel 11 last night did not preempt their regular programming to broadcast the President's message from the Oval Office regarding the Coronavirus pandemic. In doing so, they exhibited blatant disregard for their duty to serve the public interest. They should be stripped of the license to operate.

Ticket: # 3880067 - Fox news is broadcasting misinformation

Date: 3/12/2020 5:51:40 PM

City/State/Zip: Columbia, South Carolina 29209

Description

Fox news is broadcasting misinformation, and blaming democrats for the Coronavirus.

<https://twitter.com/i/status/1237174846355841024>

Isn't this against FCC regulations, shouldn't a news agency be truthful in their reporting of issues, rather than lie to get ratings?

Fox news should be fined for this type of issues.

Ticket: # 3880078 - Issue with Payment Extension**Date:** 3/12/2020 6:01:10 PM**City/State/Zip:** North Hollywood, California 91601**Company Complaining About:** AT&T

Description

This is part of the transcript of my online chat with AT&T about my Uverse account. During the chat, I was granted an extension to April. I was provided a case number of (b) (6) I asked for a confirmation of the extension to be emailed. The chat rep said he couldn't email it but if I called 800.288.2020 and asked for someone in account receivables that they could confirm and send correspondence. When I called Accounts Receivable I was addressed by a very rude and sarcastic representative who was very snide in her comments and negligent in her desire or ability to assist. As it stands, I am in need of a payment extension to April 15, 2020. I do not have Coronavirus but I am affected by it as I'm a consultant for various event productions. A number of our events have been either canceled or postponed which in turn means we (my company) does not only lose money but I don't get paid. I really truly need your help. I know there are things that are limited in the system, but I need human apathy. Its not a large bill so I beg of you to help. This is a stressful financial hardship so I merely need a little assistance. I've been an AT&T customer for decades. I hope that loyalty means something when it comes to customer engagement. Please feel free to reach me directly at (b) (6)

Ticket: # 3880323 - Walgreen Fraud Call trying to get DOB and SSN

Date: 3/12/2020 8:18:09 PM

City/State/Zip: Everett, Washington 98208

Company Complaining About: Walgreens

Description

I got a call from a number 425-438-9380 and Caller ID Spoofed as Walgreens.

It said I had a "immunization due" which I don't but started by asking for a DOB which I didn't give.

The call came back a second time , but this time asking for last 4 of SSN. This is clearly a fraudster trying to pickup data due to the COVID 19 scare.

Scum.

Ticket: # 3880434 - Comcast commits Terminates Service during a state of emergency. Violation of Massachusetts Law

Date: 3/12/2020 9:51:17 PM

City/State/Zip: Dartmouth, Massachusetts 02748

Company Complaining About: Comcast

Description

Comcast is continuing to turn off services without giving proper notice during a state of emergency in Massachusetts from the Corona Virus.

I never received any notice for a 60 dollars bill. This is putting elderly like myself at risk and disconnected from the community.

I am requesting that the FCC fully investigate comcast and it's affiliates.

Comcast continues to exploit it's monopoly in our service area as the only internet provider.

Ticket: # 3880534 - Xfinity Data Caps during COVID-19 Crisis**Date:** 3/13/2020 1:09:37 AM**City/State/Zip:** Tuscaloosa, Alabama 35404**Company Complaining About:** Comcast

Description

I've been instructed to work from home as much as possible during the COVID-19 Crisis, but I'm concerned as a video editor at a public University that I will have to pay fees related to the data caps that Xfinity has in place. After chatting with a representative, Xfinity has no plans to relieve these data caps during a public health crisis, and in fact the representative tried to upgrade me to unlimited data with a "deal" of only \$30+/month (while also being dishonest about my current bill). I hope the FCC can intervene during this crisis and help workers like me who have no choice but to work from home during this outbreak.

Ticket: # 3880542 - News Media

Date: 3/13/2020 1:42:44 AM

City/State/Zip: Macedonia, Ohio 44056

Description

Everyday, I see our president being slandered on national news stations such as CNN, ABC, Msnbc, and CBS. When is the FCC going to do something to stop the slandering and lies of our president? With the outbreak of the coronavirus, the fake news media is causing damage to our country. Do something please...fact check, act, fine, sanction. I'd like to see these stations clean up their act or get shut down. Enough is enough.

Ticket: # 3880639 - Security, Accessibility & COVID19

Date: 3/13/2020 8:26:06 AM

City/State/Zip: Coldwater, Mississippi 38618

Company Complaining About: AT&T

Description

I wish to reopen ticket # (b) (6) As a technology/knowledge worker, I need access to high speed, wireless internet. Also, more and more essential services from central and local government are being put online. At the same time, rural internet cover is still poor or non-existent causing us to be blocked out of those services, and in some cases punished via fines for not responding to agencies that only have an online presence. If high speed, wireless internet access providers such as Comcast and AT&T would implement this service in our area, a lot of problems and inconveniences will get solved. Satellite internet at low speeds is not a help, it is a hindrance to our productivity, access, and security.

Ticket: # 3880735 - scammer

Date: 3/13/2020 9:57:00 AM

Company Complaining About: Adairsvill

Description

criminal # 2 called at 9:36 a.m. from Adairsvill 678-899-6167; these criminals have called previously from 770-769-1273; also likely was same scammer that called a few minutes earlier from 630-463-1097 with out of area ID!; when is this game of changing numbers going to be halted? it's as bad as the spread of coronavirus that the govt. continues to screw up big time!!!!

Ticket: # 3880946 - At&T harassing with Internet Installation

Date: 3/13/2020 11:28:05 AM

City/State/Zip: Mckinney, Texas 75070

Company Complaining About: AT&T

Description

My Installation was scheduled for 7th Mar , 2020. I scheduled the appointment atleast 15 days in advance. ON day of installaltion, AT & T guy said there is no fibre to my place and put installation on hold and called the tech guys. They again were unresponsive even after my repeated calls and fixed issue on tuesday. and i immediatley scheduled appointment for 13th Mar 9 AM -11 AM. When no one showed up today, i called AT&T and they are saying there is no appointment scheduled. My AT&T app was showing the appointment until i called them when no one showed up. I have been spending lot of time on calls, wasting my office hours and commute time. And still there is no installation. Because At&T is the only internet provider in my area, they are playing hard ball and unnecessarily harassing me and my family. I need it urgently because of Corona Virus, our offices are shut down. Please help ASAP.

Ticket: # 3880955 - Fox News and Rupert Murdoch Issues

Date: 3/13/2020 11:30:20 AM

City/State/Zip: Strongsville, Ohio 44149

Description

She has AT&T cable service.

She is calling about Fox News and Rupert Murdoch.

The channel is 12.10.

They are giving miss information on the COVID-19.

She would like Rupert Murdoch arrested, and Fox News taken off the air.

Fox News and Rupert Murdoch should be arrested for valuating the first amendment.

She feels they are fake news.

Date: 3/13/2020 11:44:31 AM

City/State/Zip: Mobile, Alabama 36619

Company Complaining About: Google

Description

The news media has and is causing major panic over the corona virus. They have blown it all out of proportion and causing major panic. People are going crazy and buying out all the toilet paper, paper towels and cleaning supplies. This is ridiculous. They need to stop.

[Ticket: # 3881438 - Comcast data caps while quarantined and forced to work from home](#)

Date: 3/13/2020 1:51:50 PM

City/State/Zip: Aurora, Colorado 80014

Company Complaining About: Comcast

Description

I have been working from home since the end of February and will be forced to work from home for the foreseeable future during the COVID-19 pandemic, as will everyone else in my household.

Comcast will charge \$10 per 50GB over the 250GB monthly cap. This means Comcast will profit off of disease and a national emergency. This is immoral and should be illegal.

Ticket: # 3881445 - Fox news

Date: 3/13/2020 1:53:24 PM

City/State/Zip: Kansas City, Missouri 64012

Description

Sean Hannity program has mislead his elderly viewers on the risk of pandemic virus. They are most at risk . He should be fined/taken off air.

Ticket: # 3881514 - data overage fees during coronavirus

Date: 3/13/2020 2:11:57 PM

City/State/Zip: Deerfield, Illinois 60015

Company Complaining About: Comcast

Description

Comcast/Xfinity is taking advantage of millions of customers who have been forced to work from home and have their children do distance learning in elementary all the way through college. There is an increased need for data and other companies are waiving this during this act of God. I'm asking the FCC and all appropriate agencies to step in and prevent all of us from being price gauged.

Ticket: # 3881553 - DSL Internet Outage**Date:** 3/13/2020 2:26:25 PM**City/State/Zip:** New York, New York 10013**Company Complaining About:** Verizon

Description

DSL Internet service was out since July 17, 2019. Reported on July 19, 2019 with ticket # NYBM01XU41. Temporary phone box provided by Verizon but the party does not recognize my home phone number. Internet access is not available impacting to update my online process especially in this critical coronavirus period. Every time when called, the date keep pushing out for a month and could not give me a set date.

Ticket: # 3881707 - Improper billing etc

Date: 3/13/2020 3:09:56 PM

City/State/Zip: Portland, Oregon 97201

Company Complaining About: T Mobile

Description

I switched my cell phone provider for phone (b) (6) from T-mobile to Verizon in summer of 2018, possibly July. After I switched I never received any form of communication from T-mobile regarding amounts due, etc. Conversations this morning indicate they have the correct address on file and it has not changed in nine years. I received a phone call from a collection agency about an amount of approximately \$34.00. From conversations with various T-mobile reps that amount is apparently from some \$2.00 charge plus a collection fee. I have been on the phone with multiple people this morning including two supervisors, Nico Max(sp?) and Rizizi (sp?). My phone call with Nico was cut off. Rizizi wanted my pin to access my account which I of course don't have since I haven't used it in over a year and a half. She was trying to tell me that I needed to go to my local store and show them an ID to prove who I am so they can access my account. Of course, especially given the current Covid emergency and the fact that I have wasted way too much time already, I am not going to do that. My conversations with all representatives were almost impossible to follow because of background noise, etc. I am concerned with the amount of time wasted and the possibility that a complaint has adversely affected my credit score. I am seeking to have this matter resolved, and I am seeking financial restitution in the amount of \$1,000 for the stress and my wasted time. This company should be shut down. I anxiously await your reply, thank you.

Ticket: # 3881715 - Century Link fraud

Date: 3/13/2020 3:11:33 PM

City/State/Zip: North Las Vegas, Nevada 89086

Company Complaining About: Centurylink

Description

I have been a Century Link for 3 months. I started at 40mg on a special. I had it for a month and a repairman needed to come out. They have 13 ports for the higher speed but they are bad. The repairman dropped me down without asking me to 20mgs. A week later another repairman came out and again dropped me down to 10mgs. I just called again because of the Coronavirus I may have to work at home. century link s up sale to 40mgs but then drop it to 20MGs. They state that they don't have the money to fix the ports.

Ticket: # 3881946 - Lack of close captioning

Date: 3/13/2020 4:23:24 PM

City/State/Zip: Rockville, Maryland 20852-2696

Company Complaining About: Msnbc

Description

The CNBC app on the Apple TV doesn't seem to caption all its content, especially the live one. I am currently trying to watch the 3:30 PM president news conference regarding the coronavirus, but it is not captioned. As a deaf person, I rely on captions to understand all TV and online content.

Ticket: # 3882034 - Fox Misleading Public regarding Corona Virus

Date: 3/13/2020 4:50:34 PM

City/State/Zip: Fargo, North Dakota 58103

Description

Dissemination of false news related to a health crisis

Ticket: # 3882117 - FOX "News" endangering the public / misinfo COVID-19

Date: 3/13/2020 5:19:43 PM

City/State/Zip: Clinton, Arkansas 72031

Description

Fox News has repeatedly broadcast, not just unsubstantiated, but absolutely insane conspiracy theories in attempts to mislead the American public into unfounded support of Donald Trump. They are now a source of misinformation concerning the infectious disease designated COVID-19 by the CDC.

Ticket: # 3882146 - AT&T's Data Cap

Date: 3/13/2020 5:36:36 PM

City/State/Zip: Frankfort, Kentucky 40601

Company Complaining About: AT&T

Description

AT&T has lifted the data cap on their metered, broad-band customers due to the Coronavirus pandemic and the increased number of people reliant on the network for work/ school at home; they are not releasing the cap for their rural, metered customers. AT&T claims that because their rural customers are required to utilize Fixed Internet off of their cellular towers (which why AT&T can run wired service for home phone and not broadband is a mystery to me), that said customers do not qualify for the cap or overages cessation. We, as rural customers, pay the same, if not more than our city counterparts for much less data (420 g [or less] vs 1T). AT&T is lifting the cap for customers with 1 T of data, but keeping the cap for those of us with 420 or less gig a month. Rural customers are under the same pressures with the Coronavirus outbreak and yet there is no relief for us. The overages that we will incur for broadband will make financial stability difficult, if not impossible. AT&T already has programs in place for their poor & disabled customers in cities; no such programs exist for those living in rural areas. As an aside; I live 7 miles from Frankfort, KY - the capital of Ky and I can not get 'typical' service - we are not remote country here; there are many near us suffering for this decision.

Ticket: # 3882298 - providing misinformation and slander

Date: 3/13/2020 6:57:29 PM

City/State/Zip: Needles, California 92363

Company Complaining About: Frontier Communications

Description

I filed a dispute with my internet provider several months ago regarding my bill due after being told to do so by the technical service department due to the incredibly high number of interruptions in my service. I was told not to pay \$107 of the bill until the dispute was settled which should only take approximately 30 days but instead to pay \$10 which I did. Today I was informed that they would only take \$15 off of the \$107 and that until I paid the remainder my service was being suspended at which point I asked to speak to a supervisor. That supervisor hung up on me! The scheduled technician came to my address did some outside stuff and then left and then called me a short time later informing me that he could not enter my residence because it was stamped across the top of his work order that we have that coronavirus!! That is seriously slanderous and untrue.

Date: 3/13/2020 8:22:23 PM

City/State/Zip: Cranston, Rhode Island 02921

Company Complaining About: None

Description

I received the UNWANTED HARASSINF SPAM TEXT today shown below in pdf section. It falsely advertised vaccine for Coronavirus. This is an outrage!!

I have been getting similar spam harassing texts from different numbers for 6-7 YEARS. I've been reporting and sending them to you in pdf for over a year. They continue. All are addressed to "Allie" which is not me. All have a link in them they try to get me to click on. I've NEVER clicked on any link in any text of theirs. They all advertise some prize, offer, service, gift..But each comes from a different area code and different number which I block each time. PLEASE DO SOMETHING TO GET THIS TO STOP!! They send them in the middle of the night sometimes. This is such excessive harassment. My local police and my cell phone provider told me to report this to you. I've done that for over a year and nothing stops them. Please help.

Ticket: # 3882692 - Comcast Data Limits Place Undue Financial Burden on Work From Home Customers

Date: 3/14/2020 11:25:46 AM

City/State/Zip: Carol Stream, Illinois 60188

Company Complaining About: Comcast

Description

With the spread of COVID-19, many employees, including everyone in my immediate family, are now required to work from home. Unfortunately for my profession, like many others, the prospect of working from home might be difficult due to Comcast's low data usage threshold of 1TB per month per household.

My employment requires me to work with legal video media, and I purposefully avoid working from home because to do so would put a strain on the data limits imposed by Comcast that have not been changed in the five years since they introduced data caps despite residential speeds increasing in that time. We would regularly use 75% or more of our allotted data usage before required work from home. Now, I have concerns that customers like us will be pushed up against that limit and financially penalized for it.

I do not believe it is a morally sound decision by Comcast to keep the data limits when so many of its customers are now going to be subject to data overages by forces beyond their control. AT&T has made the decision to suspend its data caps during the pandemic, and Comcast so far has not pursued similar relief action. Currently customers who incur too many overages are subject up to \$200 a month in fees, which would be four times my bill.

I spoke to Comcast a few days ago in which they verbally indicated they would not be enforcing their data caps for 60 days, but I am filing a complaint because as of March 14th Comcast has not provided anything in writing indicating as such. I do not believe it is sufficient to provide a verbal commitment, especially when they have pages of information regarding their response to COVID-19 and suspending data caps is not one of their covered topics.

Ticket: # 3882727 - False TV Broadcast information endangering the Health and Welfare of Americans

Date: 3/14/2020 12:07:45 PM

City/State/Zip: Hooksett, New Hampshire 03106-6403

Company Complaining About: Consolidated Communications

Description

Over the past few weeks, FOX News Corp. has basically been calling the Coronavirus a "Hoax"(Hannity, Ingraham, Limbaugh, et.,al), leading tens of millions of citizens to not even consider emergency preparedness, leading to mass hysteria, and the likely increased transmission of the virus to "pandemic proportions". The demographics for Fox News Corp. skews older than 60. The most vulnerable. The President's delayed actions to combat this "virus" indicates gross misconduct. He espoused the same terminology as the Fox Corp. presenters. There is a nexus. Roll the tape. It is now a National Emergency. Fox News gets it now. Too late, the horse is already out of the barn. The FCC needs to take quick action by suspending the Broadcast License of Fox News Corp. immediately. Or, at the very least, force the removal of the appropriate personnel. The FCC is responsible for the safety of the American people during these times. And yet, the FCC allowed False information to be broadcast, causing senseless loss of life, injury, illness, and untold Trillion\$ of Dollars. Inaction would be deemed a political favor. It is time to act. Commissioner Ajit Pai, this happened under your watch. Not a good look.

thanks, ...

Ticket: # 3882733 - Possible Phishing Website

Date: 3/14/2020 12:15:06 PM

City/State/Zip: Bay City, Michigan 48706

Company Complaining About: AT&T

The profile spamming it is: https://www.facebook.com/xiaolou18?sk=wall&__tn__=%2CdC-R-R&eid=ARAYIFiKKjttCJvqq1pcTvn5x9WsVRivbrqdeCH_1eL2Hso8PKmk5CoyguaPYcwxXnRjemk_q16XFD-B&hc_ref=ARSY3Jq0fXDVbipsammZ3aAUcj_SAK9bm0319jpW41vStV5fazGqnkRbMxnmuvocaJs&fref=nf

The ad: Xiaolou Yang: If you need a small amount of masks for family use, you can go to our online mask factory retail store to purchase in detailed items . The price are are affordable for everyone . Please see all the items at maskfactorystore. You can also follow our Facebook page and get a 20 Euros coupon:
www.maskfactory.store

the person claims it will take a week for the masks to reach the US.

Ticket: # 3882749 - COMCAST INTERNET

Date: 3/14/2020 12:26:05 PM

City/State/Zip: Inkster, Michigan 48141

Company Complaining About: Comcast

Description

Ive been a loyal customer to Comcast since 2016, always paid my bill. During this coronaVirus I had to spend my bill money on more food and toilet tissue cleaning products, etc. I read that all telecommunications companies would help their clients keep their services on, amid the virus, even though in a shutoff period. I am on disability and have one source of income, one times a month. Comcast would not honor the 60 day grace period when clearly we have a national emergency as President Trump declared. I am not trying to get out of paying the bill, some relief for low income would sound like common sense.

Ticket: # 3882934 - Suspicious activity on my icloud account

Date: 3/14/2020 3:51:26 PM

City/State/Zip: Clarkston, Michigan 48346

Company Complaining About: None Just Number And Location

Description

People with separate numbers keep calling and saying they are Applecare from Apple stating that there has been suspicious icloud activity on my account.

They even had someone call me has say they were from Apple and that I had called them. They left messages asking me to call (208)262-0000 which did not work.

Verizon Wireless, my phone carrier, stated this was a non-working number. Interesting that it was during the President's' speech on declaring a National Emergency for the Coronavirus.

These are all the numbers it started yesterday March 13, 2020 at 4:12pm EST (540)-889-1176; 4:27pm EST (540) 385-8696; March 14, 2020 at 1:13pm EST (540) 655-1889; 1:25pm EST (540) 698-8678; 1:45pm EST (540) 883-8709. Then I started blocking the numbers and then they started from another area code at 1:59pm EST from (248) 717-1825; 2:21pm EST (540) 307-8743; 2:32pm EST (248) 717-1480; 2:55pm EST (540)889-1176; 3:02pm EST (540) 999-9198; 3:22pm EST (540) 902-8152

Ticket: # 3882955 - Porting Number issue with Comcast Xfinity Mobile**Date:** 3/14/2020 4:30:03 PM**City/State/Zip:** Dublin, California 94568**Company Complaining About:** Comcast

Description

I was porting my tmobile cell number to comcast xfinity but it is still pending for last 5 days and number from tmobile side is not active as from tmobile it is already ported out. I am without my primary cellphone number (b) (6) for last 5 days. Comcast is keeping my primary cellphone number hostage for past days and it is really risky for me specially with the coronavirus risk in the bay area and primary contact for all my bank accounts, stock accounts, utilities etc. please look into this issue, and penalize comcast for the sham business policies and scheme.

Ticket: # 3882998 - KEEP AMERICANS CONNECTED PLEDGE (COVID-19)

Date: 3/14/2020 5:03:58 PM

City/State/Zip: Baton Rouge, Louisiana 70807

Company Complaining About: AT&T

Description

ATT IS NOT HONORING THE ABOVE PLEDGE SET FORTH BY CHAIRMAN PAI. I CALLED THEM TO INFORM THEM OF THE CUSTOMER OFFER ON THEIR WEBSITE ONLY TO BE TOLD AT FIRST THAT IT'S NOT TRUE. THEN WHEN I TOLD THEM ITS ON THEIR WEBSITE SHE SAID ITS FOR RESIDENTIAL CUSTOMERS ONLY. THEN WHEN I DISPUTED THAT AND TOLD HER TO READ THE WHOLE THING SHE PUT ME ON HOLD FOR AN EXTREMELY LONG TIME THEN CAME BACK ONLY TO TELL ME THAT ITS NOT FOR PREPAID CUSTOMERS. CLEARLY THAT IS NOT THE TRUTH NOR DOES IT STIPULATE THAT IN THE CUSTOMER OFFERS. ITS EVIDENT SHE DIDN'T WANT TO HONOR THE PLEDGE THAT WAS SET FORTH BEING THAT I AM A CURRENT PREPAID CUSTOMER AND HAS HAD THEIR PREPAID SERVICE FOR MORE THAN 10 YEARS. THE SITE INFORMATION THAT I AM REFERENCING IS about.att.com/pages/COVID-19.html. COULD YOU PLEASE ASSIST ME IN GETTING THIS 60 DAY OFFER THAT IS MENTIONED? THANK YOU

Ticket: # 3883229 - Complaint against Fox Broadcasting and Affiliates for Public Endangerment

Date: 3/14/2020 9:58:27 PM

City/State/Zip: Sunny Isles Beach, Florida 33160

Description

Dear FCC Commissioners: Surely you must be witness to and recognize the tremendous risks to human health and safety being promulgated by broadcasting misleading, erroneous and knowingly false information regarding the Coronavirus outbreak on a mass scale by Fox News and other media outlets under your purview, purely for political and commercial gain. If endangering human life is not the regulatory line which cannot be crossed, what is? If it not your role to protect the American public from abuse by those you are charged with regulating, then why should we support your taxpayer funding? (b) (6)

Ticket: # 3883236 - RE: Request received: Internet Availability

Date: 3/14/2020 10:13:24 PM

City/State/Zip: Rocky Point, North Carolina 28457

Company Complaining About: AT&T

Description

This is a follow-up to your previous request #1989082 "Internet Availability"

I've been requesting someone with some type of authority to have the internet ran to our neighborhood, but it seems no one can do anything about this, I'm officially appealing to the Federal Communication to help with this. Since this situation has been deemed a pandemic emergency, we have no internet to support or kids during the shut down of the school system here in Pender COUNTY, NORTH Carolina, the AT&T company says it would only cost 30 thousand to run the cable to our neighborhood, and that money has not been allotted for my neighbor hood, seems very funny to me that the closest neighbor that has internet is only 2000 ft from us. I'm requesting help from someone that might be able to have the funds released to supply my area with internet, can you help us?

Ticket: # 3883243 - 2nd Complaint - Direct TV / AT&T Fixed Wireless Internet**Date:** 3/14/2020 10:53:02 PM**City/State/Zip:** Shelbyville, Kentucky 40065**Company Complaining About:** AT&T

Description

Previous Ticket No. (b) (6). AT&T has a network or an over-subscription problem that they refuse to address. I had some calls from my previous FCC complaint but there has been no resolution. I also have an AT&T hotspot that utilizes their cell phone network which appears to be a completely different network. That connection is starting to take spikes as well now. (They may be trying to offload traffic from the fixed wireless network onto the cell network?) After over a month, I still have 30% packet loss which makes it impossible to stay connected to games. I may have to work remote due to Covid-19 shutdown and I need to be able to connect reliably to our corporate VPN.

This is happening in multiple areas around the country as people like me are joining their forum board trying to get help.

See thread here:

Ticket: # 3883254 - Profanity on the radio

Date: 3/14/2020 11:24:39 PM

City/State/Zip: Vail, Arizona 85641

Description

On Friday, March 13, 2020, at around 4:30pm my family and I were exposed to some profane language on the radio. The station was 104.1 fm and we were in Payson, AZ. As we scanned stations searching for music, the radio stopped on 104.1 in the middle of a conversation that seemed to be about dealing with the coronavirus. The speaker started saying that he drinks "a ton of f*cking water", I asked my wife if she heard the same thing I did, and she confirmed. We noted the station number and and scanned on quickly to avoid any further exposure for our children. I'm greatly disappointed that we had to have this happen to our young children.

Ticket: # 3883536 - Fox News

Date: 3/15/2020 3:31:32 PM

City/State/Zip: Wichita, Kansas 67207

Description

During this pandemic, and really at all times, the blatantly false information being aired on this network is not only wrong, but dangerous. For the FCC to ignore this is irresponsible. Fox should be taken off the air until some monitoring is done, and they're held accountable for the lies they're airing to Americans. What is the FCC, the supposed watchdog for media, doing?

Ticket: # 3883645 - Coronavirus predators

Date: 3/15/2020 6:22:42 PM

City/State/Zip: Cartersville, Georgia 30121

Company Complaining About: Comcast

Description

Since Corona virus is shutting our schools down, our whole street barely have any type of internet access. I am pretty sure that we would love to have some sort of access to the internet which isn't satellite.

Ticket: # 3883729 - Disconnection threats from Spectrum

Date: 3/15/2020 7:03:15 PM

City/State/Zip: Garner, North Carolina 27529

Company Complaining About: Spectrum

Description

I am being harassed about my amount due for my cable and internet service with Spectrum even after explaining that I am a student of a school that has been shut down due to the Coronavirus and going to online only as well as having a elementary aged child whose school has been shut down!! They are telling people we must apply for assistance to not be shut off under the pledge they made to not during the next 60 days although I gave them a date of payment so I can pay for food for my kid during this school shut down!! They are only giving me until the 24th of March and that is not what there website is telling customers, I am being harassed by nonstop automated calls and text messages!! During this time to add more stress is crazy and they should honor their pledge to the public!!

Ticket: # 3883876 - ATT & SPECTRUM "Low income internet approved" and "after I am DENIED"

Date: 3/15/2020 11:35:39 PM

City/State/Zip: Clarksville, Indiana 47129

Company Complaining About: AT&T

Description

RE: Low Income Internet is APPROVED & AFTER your DENIED repeatedly

I am writing for a very ill friend (b) (6) that resides at (b) (6) IN (b) (6)

(b) (6), is on SSI and elderly, and ONLY can afford analog TV, ever since cable took over 30 years ago, and he can't afford internet, or get any streaming TV service [except two channels] Andy Griffith & Fred Sandford, and his other channels are complete snow. (b) (6) has no contact to the outside world, or any actual television on what REALLY going on watching Andy Griffith re-runs, for the last five years.

(b) (6) is on SSI, low income, elderly, permanently disabled, on HUD housing, LIHEAP, FOOD STAMPS, and has to remain bed ridden, on kidney dialysis 12 hours a daily, and unable to leave his apartment.

SPECTRUM or ATT refused to make ONE acceptance to get internet installed for (b) (6) (that he qualified for) after he qualifies ATT & SPECTRUM says they don't offer low income internet in his area of Clarksville, IN 47129. (b) (6) is on SSI, HUD, LIHEAP, FOOD STAMPS, and is dying with a Kidney disease and is being denied LOW INCOME internet to stream TV....I have applied for him several times, Gary is unable and has no internet or computer.

(b) (6) has been awaiting a kidney-donor, for a kidney transplant, for 5 long-years, and he is unable to leave his home, and very depressed, while "awaiting for his kidney donor alone will depress your waiting for a kidney transplant" and all he can afford is analog TV because it's free. And he needs The Spectrum Internet Assist program that provides reliable, internet access at an affordable price for qualifying households or ATT ACCESS (are they putting the federal funding into their own pockets while they deny eligible applicants low income internet?) Can you please help my friend that is dying, to be able to watch TV, before he dies, if he doesn't get a Kidney Donor.

SPECTRUM ASSIST & ATT ACCESS HAVE BOTH DENIED GARY MANY TIMES LOW INCOME INTERNET HE QUALIFYS FOR. But SPECTRUM ASSIST & ATT ACCESS they have informed Mr. (b) (6) they will provide him FULL PRICE INTERNET at any time in his area?

PLEASE (b) (6) is on SSI and he is literally dying with a Kidney disease, and may never get a Kidney Donor now, with Coronavirus, or his medications from China ... (b) (6) is so depressed that he must sit in his apartment alone, with no TV, being permanently disabled, on SSI, on LIHEAP, on HUD, on FOOD STAMPS, on MEDICAID, and he still DENIED low income internet can you please investigate this and get this dying man television service, this is a sin to treat a person this inhumane.

Thank you for your kindness and consideration in this matter and appreciate your support.

(b) (6)

- He states they are saying the Coronavirus is a complete Hoax
- It is WNIR- 100.1 out of Kent Ohio
- He states they need to be penalized for this

CTR405-phone

Ticket: # 3884108 - Slow internet/company monopoly

Date: 3/16/2020 10:25:10 AM

City/State/Zip: Swanton, Ohio 43558

Company Complaining About: Centurylink

Description

Internet speed is 768 kb. We are unable to get internet from any other company as they state they are not authorized to service our area. Centurylink has no plans to upgrade speed in our area, which has now put students forced to online schooling due to pandemic at a disadvantage to completing assignments. By allowing other companies access to the area will force Centurylink to be competitive and increase internet speed.

Ticket: # 3884130 - Spectrum Complaint

Date: 3/16/2020 10:36:11 AM

City/State/Zip: Dexter, New York 13634

Company Complaining About: Spectrum

Description

Consumer is stating that she has poles right at her home and the consumer says that she is trying to get internet service

Spectrum says no that they can not get the service and the neighbors have the service

The consumer said that reps are always coming to her home to sign her up for service then they turn around and say no

As well the consumer is being slammed with solicitation mail but can not receive service

The consumers kids need internet service due to the fact that they are out of school due to the corona virus

Consumer wants this resolved by getting the internet set up at her home ASAP

Ticket: # 3884280 - Comcast Xfinity cable company complaint

Date: 3/16/2020 11:31:14 AM

City/State/Zip: Leominster, Massachusetts 01453

Company Complaining About: Comcast

Description

Due to the Global Pandemic of the Coronavirus my children's school has been closed for 3 or more weeks and are now having classes online daily. I am a current customer with cable and internet but my speed and connection is not working properly. The connection is very slow and keeps kicking my child off line. I have called several times to Comcast Xfinity cable company to ask for a FREE upgrade on a faster internet speed but was told they can't offer any free upgrades to EXISTING CUSTOMERS only people who don't have internet currently will get 2 months FREE service which to me is NOT FAIR and ridiculous. all I'm asking for is an upgraded speed so mu kids can do their school work without any interruptions during this NATIONAL CRISUS.

[Ticket: # 3884298 - TV commentators on Fox network endangering U.S. with false info on Corona virus](#)

Date: 3/16/2020 11:36:19 AM

City/State/Zip: Piedmont, California 94611

Description

The Fox News network is allowing and promoting its employees and guests to broadcast dangerous misinformation about COVID-19. The information directly contradicts the CDC, CMS, Dr. Fauci, and the U.S. Surgeon General. The false information they broadcast directly endangers lives and actually promotes spreading the virus.

Description

1-855-345-6507 I just received a call from that number indicating that regarding the coronavirus 19 that they had some information about me and it was very important I was to press one for an English-speaking person. I did not press Number one as indicated a Chinese speaking voice came on. The number is not a working number. I do not want an elderly person to be scammed by anything on the coronavirus as serious as it is. Thank you my phone number is (b) (6)

Ticket: # 3884418 - Radio Frequency Availability

Date: 3/16/2020 12:13:16 PM

City/State/Zip: Tulsa, Oklahoma 74102

Description

My company, The Williams Companies, is a natural gas transmission company using licensed and unlicensed radio frequencies to communicate mission critical data from our pipelines to headquarters. Our safe operation of gas pipelines requires radio data transmission. Could the COVID19 situation cause any interruption in radio transmission of data? Does the FCC foresee bottlenecks or risks to the availability of radio transmission?

Ticket: # 3884440 - COMCAST free WiFi access

Date: 3/16/2020 12:25:39 PM

City/State/Zip: Everett, Washington 98201

Company Complaining About: Comcast

Description

COMCAST announced free WIFI access in response the national COVID crisis. They only opened access to WiFi spots in public gathering places, which are all shut down in the state of Washington. They limit eligibility to certain customers, will not tell me if I am eligible, and will not disclose the conditions for eligibility. In order to gain access, I had to create an account. In order to get considered for free access, I had to give them credit card information. This predatory business practice to try to gain public support through an empty gesture is disgusting.

Ticket: # 3884525 - Keep Americans connected pledge

Date: 3/16/2020 1:10:33 PM

City/State/Zip: Albion, Michigan 49224

Company Complaining About: T Mobile

Description

Hi I just seen the keep American connected pledge on the news. So I called my provider who is through T-Mobile and they told me the only thing they would do for me was give me 10 day extra to pay my bill!! I just lost my job due to this corona virus and now I have to support my 3 kids on my last paycheck. I am very outraged right now seeing as my friends have metro by T-Mobile and they got there bills compensated

Ticket: # 3884540 - CenturyLink slow internet provisioning

Date: 3/16/2020 1:14:06 PM

City/State/Zip: Foristell, Missouri 63348

Company Complaining About: Centurylink

Description

Too Slow. Our subdivision is in the Northwest corner of St.Charles County, Missouri. Internet bandwidth is very low/slow. We currently get close to 1.5Mbps but often lower and up stream speed is much slower. With current COVID outbreak we are encouraged to work from home. Centurlink is not providing sufficient bandwidth despite having fiber at the entrance of our subdivision. Our company recommends a minimum of 30Mbps down and 10Mbps up. Fiber has been installed to the entrance of our subdivision for months, but no bandwidth increase has been provisioned. We are paying same price for 1.5Mbps as CenturyLink advertises for 100Mbps.

Ticket: # 3884597 - Charter Cut Her Services Off

Date: 3/16/2020 1:32:22 PM

City/State/Zip: Florence, South Carolina 29501

Company Complaining About: Charter

Description

Charter Spectrum disconnected her service today . The consumer is 71 years old and has Cable service through Charter Spectrum. She has TV and internet service.

She called them today to verify information, that was provided last week, by one of their reps. She believes that the customer service rep had told her that she had until the 15th or 16th to pay her bill.

When she called, Charter, a different rep advised her service was already off. However, when she turned the services on, they were still operational for a little while this morning and then services went off.

Services were working yesterday and the consumer had seen the news announcement where the telecom companies promised to keep consumers connected during the pandemic so that they would have access to news, their doctors, and public Wi-Fi, etc.

The consumer stated that she can understand about the TV service. However, she does need the internet service so that she can have access to communications with her doctor should she experience any concerns, with regard to exposure of feeling ill.

The consumer stated that she attempted to make an arrangement for this coming Friday. However, she was advised, by the IVR that she must pay approximately \$156.00 to stop the disruption of service and she now actually owes \$305.00 because her new bill just generated.

The consumer stated that Charter has told her, on various occasions, that Charter does NOT provide extensions of any kind! She sometimes needs just a few days due to being on a limited income! She has had to borrow money to extend it for just one day!

Ticket: # 3884626 - USAC Life Line Renewal Complaint

Company Complaining About: Comcast

Description

I am an Xfinity internet and TV service user since 2011. A couple of years back I decided to cancel my services because of significant hike in the monthly bill. When I reached to Xfinity store they offered me another plan where I can get TV and internet services for \$70 per month without any agreement. I can avail that offer life long without any increase in monthly bill or reduction in service. So, I accepted that plan. Now today, I got an email from Xfinity where they increased my monthly bill from \$77 to \$107. So, I reached out to them and now they are saying that the plan I am using was good for two years. The plan is ended now and as per new plan I need to pay \$107 to use same services. The other plan they offered will cost me \$72 but some of the TV services would not be available. This is not acceptable to me as I felt cheated. So, I requested to talk to the supervisor, the lady put me on hold saying that she will transfer the call to supervisor. After sometime the call got disconnected and nobody reached out to me. During the time when we all are dealing with Corona virus threat internet and TV are important medium to help our customers especially working from home. In this time this is really inhumane to increase the bill and focusing on earning more money. Especially when Xfinity committed to me that the plan I am accepting will be good for lifetime. Please help me to solve this issue so that I can help my customers and being aware about Corona virus through internet and TV.

Please note, Xfinity never informed me that my two year agreement is ending on so and so date and then onwards my bill will increase by \$30. Which clearly says that there was no agreement and the plan I accepted was valid for lifetime.

Ticket: # 3884750 - Direct TV scam disconnect charges

Date: 3/16/2020 2:19:30 PM

City/State/Zip: Los Altos, California 94022

Company Complaining About: AT&T

Description

I stopped my ATT -Direct TV services 10 days ago and was told by a representative to return equipment by April 6. I went to Fedex office today but was able to return only ATT portion of equipment, as nothing was entered for Direct TV return. Called and emailed the latter provider many times, no response. I am quarantined now due to COVID 19 and will need equipment to be picked up from home, but have no way of reaching to a person with knowledge at Direct Tv

Ticket: # 3884921 - Spectrum not helping loyal customers with bill.

Date: 3/16/2020 3:15:18 PM

City/State/Zip: Oakland, Florida 34787

Company Complaining About: Spectrum

Description

I have been a spectrum/brighthouse customer for over 15yrs. Due to the corona virus our employment will drastically change with a loss of income. Spectrum refuses to provide a change to account to help with the high cost of the service. if we take cable off they said they will increase our internet bill plus charge us an additional \$25.00 fee for cancelling the cable service. THEY WILL PENALIZE OUR ACCOUNT FOR REMOVING CABLE IN ORDER FOR US TO SAVE MONEY THEY ARE GOING CHARGE US HIGHER RATE FOR INTERNET. Not fair that we are being punished for having financial problems and needing to make changes to our bill.

Description

Fox news is spreading dangerous misinformation regarding proper personal conduct during a pandemic.

You can help solve this problem (and save lives) by stopping reckless disinformation in all its forms, but especially lies meant to support any political agenda.

Ticket: # 3885212 - Internet complaint Consolidated Communications**Date:** 3/16/2020 4:45:19 PM**City/State/Zip:** Springfield, New Hampshire 03284**Company Complaining About:** Consolidated Communications

Description

I live in Rural Springfield NH. Consolidated is the ONLY internet provider available to me. I have their most powerful service at 10mbps. This is VERY slow compared to most internet providers. Due to the current Corona virus both my college aged sons are home and need to be online all day for the completion of their college classes. This internet does not meet our needs. I called to request options. They advised they were not offering any solutions or assistance during this crisis. (unlike most other larger providers who are waiving limits, boosting service etc.) They advised my only option is to get an additional line. There will be a 19.99 installation fee and 129.00 cancellation fee if I don't keep the line for 2 years. They were not willing to waive these fees, they are not offering a discounted rate to help get us through this situation and I have to wait a full 2 weeks to get the second line installed causing great hardship to me as a full time work from home person and for both my college aged boys who would put their college grades at risk if they cannot call into their remote classes. i am beyond frustrated. This seems like unnecessary hardship being caused to a loyal customer. I am sure there is nothing you can do, but I needed to file this formal complaint as , in my opinion, what they are doing is wrong. Regards (b) (6)

Ticket: # 3885235 - Not Accessible

Date: 3/16/2020 4:51:12 PM

City/State/Zip: Orangevale, California 95662

Description

California Gov. Gavin Newsom held a press conference on March 15, 2020, to update the public about California's response to the coronavirus outbreak. The camera focused on Gov. Newsom and the interpreter next to him until it was the reporters' turn to ask questions. At that time, the camera kept moving to the reporters causing me to miss the questions and the first part of Gov. Newsom's response.

Ticket: # 3885292 - intermitent outages and slowww internet

Verizon is the DLS provider in my area and they are no longer accepting new customers. I need internet for my sons college classes due to coronavirus closures.

Ticket: # 3885313 - 8+ yr old outdated, poor quality internet service interrupting work & education during COVID-19 Crisis

Date: 3/16/2020 5:17:38 PM

City/State/Zip: Carrollton, Georgia 30117

Company Complaining About: AT&T

Description

I have contacted AT&T 2-3 times a year for the past 4 years to find out when and if there was a plan to update the services to one that would match those within the city limits as we live in a rural area. While they had no plans to make any updates, they also wouldn't allow any other company to come in and provide a service that would meet the demands of the current technology. Now we are in the midst of a crisis, our county has sent the children home with computers to log into class from home which requires a bandwidth equal to what we have. That bandwidth is taken up by ONE child logged into class, not to mention a second student or me who has to work from home and do virtual conferences. It's day 2 and my work has already been effected in addition to the education my children can not receive because of constantly being kicked out of their virtual class session due to low bandwidth.

There was a petition that circulated our town (Mt. Zion) a couple of years ago to ask AT&T to upgrade the services...but that was to no avail.

I can't lose my job and my child shouldn't suffer because a corporation is unwilling to meet the needs of its customers or relinquish the territory to another company that can. Comcast has already contacted the City Hall of Mt. Zion, I am praying that they provide a solution or that the FCC steps in and helps mediate one, because we have no idea how long these restrictions will last.

13	MYNET
17	TVSBV
18	CTYTV
19	CTYGL
20	CSBTv
21	CARPT

Ticket: # 3885731 - Corona Virus Data Cap Suspension Does Not Apply to Wireless Plans

Date: 3/16/2020 10:30:31 PM

City/State/Zip: Kaufman, Texas 75142

Company Complaining About: AT&T

Description

On March 12th, AT&T stated that they are suspending data caps for wired and fixed wireless plans to assist with customers that have to work from home because of the Corona virus. They did not include wireless plans. There are many rural and exurban customers, like myself, who use AT&T wireless as their primary internet provider for their home because that is the best option available to them. AT&T's refusal to give relief to these customers puts a potential financial burden on them, and may also impair their ability to work from home due to throttling that usually accompanies wireless plan data caps. This could jeopardize some customers' jobs.

T-mobile announced on the same day that they are removing data caps for their wireless customers in response to the Corona Virus.

Ticket: # 3885764 - AT&T U verse

Date: 3/17/2020 12:33:29 AM

City/State/Zip: Miami, Florida 33130

Company Complaining About: AT&T

Description

I have been a U verse customer for over two years now and have consistently paid less than \$100 for cable and internet services. My billing cycle ends around the 10th of every month and my bill is typically due on the 14th of every month. This month I went to pay my bill and noticed that it had more than doubled for the month of March 2020. I couldn't seem to understand why, being as though I was contracted at a set price for the term of 24 months. When I contacted customer service, after being on hold for over 45 minutes, I was told that my promotion had expired and that is why my bill had more than doubled (although my services had not once changed). I decided to cancel my services because lets be real, who wants to pay more than double for the same exact service they had been paying half the price for nearly two years. I was then told that AT&T no longer does prorating so although I was requesting to cancel my services before the billing cycle, and despite the fact that the services have already been canceled and disconnected, I would still be responsible for the final bill which was \$220. I am confused as to why I am responsible for pay for three additional weeks of service although they were canceled? As a dedicated customer, who not only has had U verse for two years, but AT&T wireless for over 15 years, it is very disheartening to not only have my bill doubled, but then be responsible for continuing to pay for a service I have already canceled. On top of that, to deal with this during a national pandemic, when I was just laid off is heartbreaking. One of AT&T's core values is to be there for consumers, and not only was the ball dropped, retention services and management did not even try to rectify for retain me as a customer. The only reason I even have U verse is because it is the ONLY cable provider accessible in my building! I plan to also cancel my wireless services being as though AT&T has showed me that I'm no longer of any value as a consumer!

Ticket: # 3885771 - Emergency Broadcasting System

Date: 3/17/2020 1:01:26 AM

City/State/Zip: Candler, North Carolina 28715

Description

I hope I am reporting this problem to the correct place.

The problem is that every time the EBS runs a test it does not play correctly on my television. The sound skips through the entire message so that you cannot understand anything that is said. Also, after the EBS message is finished and it goes back to the regular programming the sound on my television is at a lower tone until I change the channel then change it back...then the sound goes back to normal. This issue has been going on for years now and it has been getting worse over time. I did not think it a real problem, just a very mild inconvenience, until the Coronavirus happened and I thought to myself...well it might be quite problematic if the EBS does not work properly on my television! Anyway, I thank you for your time and effort in this matter, I appreciate it.

City/State/Zip: St Helen, Michigan 48656

Company Complaining About: Spectrum

Description

On Sunday our local news: 9&10News out of Traverse City, Michigan (email news@9and10news.com) reported that President Trump "lied" regarding Google providing assistance in developing a website that will aid in providing information regarding the Corona Virus. I believe this type of reporting, which is false, spreads fear and panic by undermining faith in our government. I have reached out to them regarding a public clarification, provided them a link to an article in Reuters which debunked their story and they have offered no clarification.

Ticket: # 3885967 - Don't let ISPs reinstate data caps

Date: 3/17/2020 10:47:47 AM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

This has taught us that communication companies can lift data caps and handle high network traffic without everything falling apart like what they lied to consumers about. I feel we learned the importance and how much data is really utilized for applications not just for entertainment in the future we are in now. Please don't let Cox Communications re-establish the lies surrounding data caps. As posted on their site-

"Cox is offering the following over the next 60 days, through May 15:

A \$19.99 offer for new Starter internet customers with a temporary boost up to 50 Mbps download speeds, no annual contract or qualifications to help low income and those impacted from Coronavirus challenges, like seniors and college students.

Eliminating data usage overages beginning today to meet the higher bandwidth demands. Customers with a 500 GB or Unlimited data usage add-on plan will receive credits."

This should be everyday! Epidemic or not greed is the only motivation for these poor business practices.

City/State/Zip: West Monroe, Louisiana 71292

Company Complaining About: AT&T

Description

(b) (6) I'm writing to try and get assistance with my dilemma. I have a "non-refundable" hotel booking that was purchased through Hotels.com for this upcoming Friday-Saturday (3/20-3/22/20); however, due to the Corona virus Pandemic I've been trying to call their 1-800 # multiple times a day since restrictions by the government have been ordered because of the virus and cannot get through. I have tried calling their corporate number in Dallas as well multiple times a day, I attempted to send a letter to the corporate fax and email that is posted on the corporate information website and none of it has gone through! No calls, no email, and no fax will go through! I'm trying to get a credit for a booking another time or a refund due to the current circumstances. I hope someone can assist me with this problem. I attempted to change the booking online myself, but it won't let me change the dates. I called the hotel itself and was told I have to call Hotels.com since it was purchased through them. But there lies the problem I can't get through and haven't been going on several days now. They should have something in place online for even customers like myself with a non-refundable booking to be able to change the dates, ask for a credit or get a refund due to this world event transpiring. Please help me get this resolved. Than you, (b) (6)

Company Complaining About: Vivint

Description

Vivint Wireless, Inc. d/b/a Vivint Internet in proceeding 'WC 20-77' with ID (b) (6) is canceling their wireless internet service. Coupled with the Covid19 pandemic, they are the sole internet provider available to me at the time. Without them I will lose internet and likely my job. Century link claims to neither offer the speeds I currently have nor cover my area.

Ticket: # 3886489 - ExTream Media Com \$8.59 TV Channel added without permission

Date: 3/17/2020 2:17:27 PM

City/State/Zip: Geneva, Illinois 60134-6084

Company Complaining About: Mediacom

Description

I called Media Com when I received my billing this month to question and asked them to remove an \$8.59 Sports Network Featuring the Chicago Cubs that was added to my TV lineup. They said it cannot be removed because it was added as a part of the 2nd to lowest tier package I am subscribed to other than local channels tier 1. Since no games are being broadcast anyway with the Corona Virus and I have no interest in this added channel, it does not seem right that I have to pay an additional \$8.59 monthly without any ability to cancel or remove this channel. Every month the Media Com bill goes up but this is outrageous to have to pay for something I do not want. I am asking that this channel and the charge for this channel be removed now and in the future.

Ticket: # 3886553 - Keep America Connected Pledge

Date: 3/17/2020 2:30:34 PM

City/State/Zip: Philadelphia, Pennsylvania 19131

Company Complaining About: Comcast / Xfinity

Description

During this difficult time for America concerning the COVID-19 Comcast / Xfinity pledged not to disconnect services. Although, I have confidence in the FCC's ability to stand behind its agreement Comcast / Xfinity has shown themselves to be ruthless in their business dealings with their customers. Lastly, I'm disabled living on a fixed income. I called to move the payment date to 3/27/2020 as a fail safe and they've still disconnected my services.

Ticket: # 3886569 - URGENT: World Health Organization Imposter Scam During COVID-19 Outbreak

Date: 3/17/2020 2:33:39 PM

City/State/Zip: San Gabriel, California 91775

Company Complaining About: World Health Organization (fake)

Description

On March 14, 2020 at approximately 11:15 AM, I received a call from the telephone number +1 855 345 0942. The automated system claimed to be the World Health Organization stating that I needed to go to a disease control center immediately and demanded told me to press 1 to talk to an operator and stay on the line for Chinese instructions. Instructions were then given in a Chinese language and then it automatically hung up. Upon looking up the number, it was not connected to the WHO. This is an extremely malicious scam given that they are doing it amidst the COVID-19 outbreak and needs to be stopped immediately.

Ticket: # 3886570 - Verizon Refuses to fix my Internet**Date:** 3/17/2020 2:33:45 PM**City/State/Zip:** New York, New York 10023**Company Complaining About:** Verizon

Description

Verizon FiOS is refusing to send a technician to my apartment to fix my Internet. Consequently, it's been days that I need Internet to work from home but I can't. The company is stating that due to "health reasons", technicians are not comfortable visiting my apartment because I was in Italy recently. However, my family and I came back from Europe more than 14 days ago, which is the quarantine period for COVID-19 as indicated by the CDC. Moreover, none of us (3 members in the family) has shown any symptoms.

We feel we are being discriminated on the bases that I'm from Italy and had a travel there some time ago. But the self-quarantine is over for us and we are healthy, so there is no reason why Verizon should refuse to fix our services provided that I'm still paying for it.

The person I spoke with at Verizon called me from this work number: (646) 860-52131, and subsequently from their personal phone number: (201) 694-0537. This person told me their company policy calls for 1-month quarantine, but I have reasons to believe he just made it up, since the Verizon's website says that they follow the CDC guidelines (ref. <https://www.verizon.com/about/news/our-response-coronavirus>).

My Verizon account number: (b) (6)

[REDACTED]

Also attaching some correspondence with a Verizon support person, which clearly indicates they consider me being under quarantine, which is false. When I was first contacted, I had communicated over the phone to them that , in total transparency, that I had returned from Italy weeks ago, that my quarantine was over, and no one in the family is infected.

Ticket: # 3886721 - Fake Vaccine for Covid-19

Date: 3/17/2020 3:11:05 PM

City/State/Zip: Honolulu, Hawaii 96826

Description

A Robocaller called offering me a 10% discount on a vaccine for the corona virus. They said it was available to a select group of Americans.

Ticket: # 3886750 - Service Availability and Billing

Date: 3/17/2020 3:17:44 PM

City/State/Zip: Brooklyn, New York 11206

Company Complaining About: Sprint

Description

Consumer said she has a phone with Sprint, and they shut her service off on 3/17/2020

Consumer said she is self-Quarantining herself due to the Covid-19 virus

Consumer does not understand how Sprint can shut off her service in the middle of a pandemic

Consumer just wants her service turned back on ASAP and she will work out a payment plan to pay her back balance

CTR402

Ticket: # 3886837 - Xfinity Cut Off My Needed Services During Coronavirus Time

Date: 3/17/2020 3:44:31 PM

City/State/Zip: Pittsburg, California 94565

Company Complaining About: Comcast

Description

This a complaint regarding Xfinity not ATT as you do not have a choice for them? I just recently got services so I could be informed during the Corona Virus as I'm disabled and was allowed to work from home. A rep named Mark from Xfinity was rude and was combative over a bill from over 2 1/2 years ago. I disputed the amount. He called me a Bitch and cut off my services immediately within 5 minutes. Now I have no communication to the outside world or work.

Ticket: # 3886983 - Verizon Wireless not allowing access with unlimited data plan

Date: 3/17/2020 4:19:17 PM

City/State/Zip: Boca Raton, Florida 33444

Company Complaining About: Verizon

Description

Verizon Wirelss continues to not allow me to have access to the internet inspite paying for a unlimited data. They can't continue to reduce the upload speed 15-20 hours of my day. I'm a healthcare worker working from home. COVID -19 is a pandemic and I'm in need of communication.

Ticket: # 3886985 - Phone number pretending to be pfizer

Date: 3/17/2020 4:20:01 PM

City/State/Zip: Los Angeles, California 90027

Company Complaining About: Pfizer

Description

I've been receiving calls from similar numbers over and over but this one infuriated me - pretending to be Pfizer during a pandemic. I had to report it.

Ticket: # 3887094 - Price vs Service scam**Date:** 3/17/2020 4:49:23 PM**City/State/Zip:** Clanton, Alabama 35075**Company Complaining About:** AT&T

Description

AT&T feels as though its valid, and not a scam, to charge a customer for lower quality service while another customer paying the same fee is getting better service. They take no responsibility for providing a reliable service, but instead make excuses to not repair or ensure all their customer are getting the same value of service at the same price. Charging 1 customer \$50 for 15Mbps, while another customer paying the same \$50 is getting 99Mbps.

This would be the same concept if someone went to a restaurant, and that restaurant Charged one customer \$5 for 10 chicken nuggets, but then charged the next customer \$5 for 3 chicken nuggets. Thats unfair practices and discrimination.

All customer that pay the same fee, should be getting equal service. If you can't provide a certain service to a customer, then that customer should not have to pay as much as someone getting more/better service.

AT&T Monopolies the service in rural areas, and knowing that they scam people out of money. The citizens in the area have no other providers to turn too. We live in a digital age, we must have connection to the outside via the internet to get vital information especially in this time of crisis with the coronavirus . And when that connection is unreliable, we have no other choices but to accept AT&Ts scam rates and receive unreliable service instead of having no service at all.

Three service techs told me a reliable service was available at my address, that all they needed was approval to install it. However when this request was made, it was declined. They would not offer a reason, only that they won't be making any changes to provide a reliable service.

AT&T rather keep a customer at a lower speed, as its no benefit to them to improve the speed since that customer is already paying the same for the unreliable service as they would be for the faster/reliable speed due to their current pricing scam.

Ticket: # 3887111 - 800-792-0001 CHASE BANK SPOOFER!

Date: 3/17/2020 4:57:20 PM

City/State/Zip: San Antonio, Texas 78231

Description

While people are worrying how to pay bills during the pandemic WE DO NOT NEED CREDIT CARD SCAMS. For info, see 800notes and Robokiller.

Ticket: # 3887189 - Coverage areas

Date: 3/17/2020 5:21:53 PM

City/State/Zip: Spring Creek, Nevada 89815

Company Complaining About: AT&T

Description

I live in Elko, Nevada but am FORCED to access television from the Salt Lake City, Utah area. I find it appalling that I can not get news in my own state and must watch news from a state I never go to let alone care about what happens there. NOW, we are in a serious crisis with the corona virus where I desperately want to know what is going on in my state and I can not get information. This is criminal and whoever is making these stupid rules needs to make a change. I want access to Reno Nevada channels to get local information. Salt Lake has never even mentioned that we exist yet we are suppose to be part of their territory. What a joke

Ticket: # 3887240 - Telemarketing Call -- New Twist

Date: 3/17/2020 5:39:40 PM

City/State/Zip: Oak Park, Illinois 60304

Company Complaining About: Dg (?) Maintenance Service

Description

I received a long call from a robot telling me that unless I wanted an autorenewal of my subscription for \$399, to call them back. They said they had my credit card number. At the end of the message, they said that if I have no such subscription, DG (?) Maintenance Service apologized. I did not return the call. Now that everyone is home with coronavirus issues, can you please make these calls stop?

Ticket: # 3887381 - Profanity and inciting violence

Date: 3/17/2020 6:54:41 PM

City/State/Zip: Everett, Washington 98208

Company Complaining About: K7ddw

Description

My neighbor operates an amateur radio under license number below. We frequently hear his calls on other devices and have not been able to do much to filter out the interference.

Today 3/17 My wife and I heard him using hateful profanity about the government, presumably about the current COVID situation, but we're not sure. He was talking about having a group of about 20 people to "do something about it".

My daughter hears this kind of talk over her headphones while attending virtual 1st grade and is very scared by it. I understand Part 15 requires me to accept interference, but surely this kind of talk warrants investigation.

Ticket: # 3887384 - Price gauging and false advertising by Optimum/Altice

Date: 3/17/2020 6:56:35 PM

City/State/Zip: Brooklyn, New York 11230

Company Complaining About: Optimum

Description

Madam/Sir

I want to report False Advertising and Price Gauging by Optimum/Altice telephone/internet company. My mail box is inundated by their advertising material that arrives at least twice a week. I am attaching one of those advertisements where they offer a "deal" (optimum13mar20.pdf file): Internet service \$14.99 (plus taxes) per month "up to 30Mbps internet, free smart router & modem, unlimited data, no annual contract, 30-day money-back guarantee, free installation.

I am a senior citizen who is also attending college part-time, thus, I am on a budget; this looked like a good deal. I went to a public phone in my neighborhood Tel no. (b) (6) on March 13, 2020 and called Optimum as specified on their advertisement 1-800-469-5225 (conversation ended at 1:30pm). I talked to their representative who told me her name was something like Keoly Price. She denied that an offer like this existed. I read her text from the advertisement that they had sent me and I told her that I get such advertisements continuously. Then she said that this must have expired etc. I told her that the expiry date on the card states to call by March 23, 2020. She then again said that, if this is the offer, "the final price" would be \$38.49 and 20 Mbps. I told her that this is price gauging and she then replied that this is what the governments charge (i.e. the difference of \$23.50). I told her that the government does not charge taxes that are 157% of the product. She then responded that these are not only taxes, but government fees (she could not specify what fees, or what taxes...). She was persistent and insistent about this. At this point I told her that I will complain about this to the FTC She did not seem to care.

This is not one off – I responded to same offer several months ago. I male representative replied and he gave me a similar spiel, his price he claimed was \$30. I had similar conversation with him and he started shouting and behaving abusively and I was left dumbfounded when he hung up. This is clearly Optimum/Altice operation of mass proportion and magnitude where they false advertise. Except now, they realized that many more people need internet service, because of the virus pandemic and they are jacking up prices unbelievably.

I would like FTC to impose substantial fines on this company that would make their unlawful practice stop, without a thought of repetition.

I also want them to honor the price of \$14.99 and install the service in my residence as they have advertised. Since they abused me and wasted my time and nerves, they should pay whatever taxes and fees there may be.

Sincerely yours,

(b) (6)

Ticket: # 3887546 - AT&T Fixed Wireless Packet loss

Date: 3/17/2020 8:56:14 PM

City/State/Zip: Stamping Ground, Kentucky 40379

Company Complaining About: AT&T

Description

This has been an issue prior to the COVID-19 pandemic, there are massive packet losses occurring on the AT&T Fixed Wireless network. These losses range between 2-5% in non peak (1AM-7AM) hours to 10-75% during the remaining hours. This packet loss can create performance equivalent to 1.5 mpbs. I'm providing a link to show that this is widespread across the country and AT&T is ignoring it.

<https://forums.att.com/conversations/att-internet-equipment/fixed-wireless-high-packet-loss/5e193b06758fed77cf876d2d>

Ticket: # 3887570 - No internet service since Saturday, 3/14/2020

Date: 3/17/2020 9:04:34 PM

City/State/Zip: Tucson, Arizona 85750

Company Complaining About: Centurylink

Description

We have a CenturyLink account and have been unable to connect to the internet since last Saturday (3 full days now), from our home. We are both over 65 and have been urged to remain home due to the Covid19 virus. We need our service now more than ever and are being told that there is an outage in our area and they are working on it. According to CenturyLink they care about their customers especially in this special time. Wow, that is so untrue. I cannot get anyone to tell me when we will have service again. It's creating a huge hardship for my disabled partner and me. I need the internet for work as I am not retired.

Ticket: # 3887577 - Xfinity Promised Free Usage of their WiFi hotspots due to Covid-19

Date: 3/17/2020 9:11:34 PM

City/State/Zip: Normal, Illinois 61761

Company Complaining About: Comcast

Description

Comcast/Xfinity promised free usage of their wifi hotspots during the COVID-19 crisis. Yet, when attempting to access WiFi hotspot the customer is prompted for payment. This is a reoccurring incident with those who attempted to used the Xfinity WiFi Hotspot.

I contacted Xfinity Twitter support and they were quite dismissive and didn't see the issue in the false advertising. I've attached snippets of my Twitter support conversation and images of other customers stating their grievances.

During this time of crisis a promise of free wifi hotspots is not a promise people who work from home can take lightly.

Ticket: # 3887602 - Unreasonable privacy compromise

Date: 3/17/2020 9:46:17 PM

City/State/Zip: Palo Alto, California 94303

Company Complaining About: AT&T

Description

I called AT&T to upgrade the speed of my Internet service because I have to work from home due to the corona virus crisis. AT&T conditioned the upgrade of the service on a credit check.

This is an unreasonable invasion of my privacy and I am concerned it could also negatively affect my credit score. Thus, I did not move forward with the upgrade.

I would like to upgrade my service - something I am willing to pay for - without AT&T doing another credit check on me.

I have been an AT&T customer for about 10 years and always paid my bills on time so the credit check request is baseless in addition to being unwarranted.

Ticket: # 3887603 - Electric Service Disconnection Scam

Date: 3/17/2020 9:47:24 PM

City/State/Zip: Madison, Wisconsin 53719

Company Complaining About: "potential Scam"

Description

Called and left voicemail. Claimed that electric service was due for disconnection because of failure to pay. My account is current. The state of Wisconsin has suspended disconnections beyond its usual April 15th winter moratorium for the duration of the COVID-19 public health emergency. This is a scam capitalizing on the crisis.

Ticket: # 3887687 - ISPs should not be allowed to data cap

Date: 3/18/2020 12:19:22 AM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

They know it keeps customers connected. It isn't a accurate representation of data as metered at the house (as water, power and gas) how can it be considered a utility. Please reconsider data caps as they make enough off selling peoples data without consent. Thank you!

Copied from Cox page-

"Beginning March 16, data overage charges incurred on or after 3/16 will not be billed. This will be in effect through May 15 and is a part of our ongoing effort to keep our customers connected during the COVID-19 work and school closures."

Ticket: # 3887719 - MSNBC coronavirus coverage

Date: 3/18/2020 2:37:10 AM

City/State/Zip: Boston, Massachusetts 02118

Description

I truly find MSNBC'S coverage of the coronavirus to be utterly treasonous..The American public is already being heavily affected by a virus beyond the administration's control, and to continue to incite the public and lie about the gov. Is disgusting

Ticket: # 3887729 - T-Mobile Service suspended and suspended/late fees

Date: 3/18/2020 3:33:02 AM

City/State/Zip: San Diego, California 92137

Company Complaining About: T Mobile

Description

I was under the impression that my service with T-mobile would not be interrupted due to the coronavirus situation. I was temporarily laid off until further notice from both of my jobs due to the coronavirus. I previously worked at the airport servicing Lufthansa Airlines and British Airways.

Ticket: # 3887748 - Having insurance on phone and still cant get a device

Date: 3/18/2020 6:51:43 AM

City/State/Zip: Marietta, Georgia 30061

Company Complaining About: AT&T

Description

My phone screen went out and i pay for insurance but att is saying they dont have my device so the only Thing they can do is offer a purchase to pay , i dont have money to spend hundreds of dollars then wait for them to send the moneybto ,e , we are in need due to the coronavirus. Paying for equipment insurance is no good if they still cant help you.

Ticket: # 3887772 - Corona

Date: 3/18/2020 8:35:53 AM

City/State/Zip: Wellsville, Kansas 66092

Company Complaining About: Centurylink

Description

All TV stations in this area have blown the corona virus problem way beyond a reasonably informative state--in my opinion, they are inducing undue panic! Other information that I have seen (primarily facebook posts from medical professionals--two of which I'm related to and another that I've known since she was a child) assert that corona is less deadly than influenza, yet to hear the media, this stuff is the equivalent to bubonic plague! This borders on (if not in fact is) social manipulation. All this restricts my access to normal news and information. P.S. Your menu of choices is inadequate--specifically the section on TV issues.

Ticket: # 3887787 - Public health issue Comcast uniforms

Date: 3/18/2020 8:56:03 AM

City/State/Zip: Upper Marlboro, Maryland 20774

Company Complaining About: Comcast

Description

Comcast is requiring to work during the pandemic and they have not made any changes to the work uniform. Technicians go in and out of more than 10 homes a day with no gloves, masks , protective gear, disposable shoe covers. This a public safety issue they are not requiring mandatory uniforms they are leaving it up to employees to choose whether to use gloves. Why are they not wearing mandatory uniforms. Changes of mandatory uniforms need to be met.

Ticket: # 3887866 - Fox6 Promoting Fake CoronaVirus "Cure" on Morning Show as "News"

Date: 3/18/2020 9:54:47 AM

City/State/Zip: Milwaukee, Wisconsin 53204

Description

Irresponsibly, and flagrantly violating its license to use the public airwaves, Fox6 Milwaukee interviewed a local business, "Tippecanoe Herbs" (235 S. Kinnickinnic Ave, Milwaukee, WI 53207. (414) 585-9279, tippecanoeherbs@gmail.com) about a sham tonic called "Fire Cider".

There website explicitly states on the webpage for Flame Cider (<https://tippecanoeherbs.com/collections/featured-products/products/flame-cider-1>): "Disclaimer: This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease."

Despite this, Fox new's on-location interviewer (male), claimed the product was effective and repeatedly asked the interviewee (a man with long hair) whether or not the product was effective. This man, knowing that Tippecanoe Herbs features a disclaimer for the product, not only lied that the product would provide medical benefits, but urged people to go to their website and purchase it for \$10 for each 4 ounce bottle.

Fox6, like it does every day Monday-Friday, ran this promotion repeatedly all through their morning show. I saw it between 8:15-8:30. Fox6 ran another false and deceptive promo from Tippecanoe Herbs at 8:45.

Fox6's morning show has no right to promote hucksters and fake cures for the current pandemic -- especially when that seller's own website explicitly says the product is not meant for this purpose and has never been evaluated to treat or even help fight CoronaVirus.

In fact, on-air, the representative for Tippecanoe Herbs directly stated that their store is closed -- obviously, if the "cure" or "preventative cider" did work, there would be no need to close the store. This is irresponsible journalism and criminally promotes false hopes -- actually an illegal scam.

I will attach 3 screenshots from Tippecanoe Herbs for "Flame Cider" (the entire page was captured in 3 parts). The 3rd one contains the disclaimer.

Ticket: # 3887951 - Billing

Date: 3/18/2020 10:40:41 AM

City/State/Zip: Jacksonville, Florida 32257

Company Complaining About: Metropcs

Description

Numerous times this network said not to worry about COVID-19, with one host, Trish Regan, calling it a democratic impeachment hoax. Due to their broadcasts, 100 people died and more became sick. Fine them for lying and causing public harm.

Ticket: # 3888046 - Unable to reach VRBO's customer service to resolve time sensitive matter

Date: 3/18/2020 11:16:16 AM

City/State/Zip: Fremont, California 94536

Company Complaining About: Vrbo

Description

We booked a vacation rental on VRBO. Due to the COVID-19 virus, the county we live in has been mandated to shelter-in-place. As check-in was 5 days away when we received the news, we contacted the property owner through our VRBO account to request a reschedule. Owner claims she's unable to assist in modifying the reservation and suggested I contact VRBO Customer Service (phone #1-877-202-4291). My nearly 50 attempts over the past 48 hours have been fruitless. An automated attendant informs they are unable to accept call, directs you to call back, then hangs up. No option is given to wait on hold. The other form of customer service contact VRBO offers (Chat on the VRBO website) is also not operating. I realize we are not operating in typical times amidst this health crisis, but we are at stake to lose \$1000 due to the inability to reach VRBO.

Ticket: # 3888109 - Billing

Date: 3/18/2020 11:33:36 AM

City/State/Zip: Orlando, Florida 32809

Company Complaining About: Verizon

Description

The provider Verizon, cell phone service.

The phone number (b) (6) .

The consumer was told by her carrier that she had until 3/26/2020 to pay her bill.

The consumer said that she is being told to pay \$152.58.

Also she said that they are charging her twice the \$20.00

The consumer did reach out to the carrier about the issue.

She said that they told her she would have to pay the amount she was told that she needed to.

Then the consumer said that how would she pay if the president mention about how the carrier should understand the problem that is happening with the coronavirus.

The consumer said that she kept getting different explanation about the amount she would need to pay.

Resolution

The consumer stated that she would like for the carrier to understand that she only needs to pay what she needs to which is \$110.00.

Ticket: # 3888111 - Subcontractor sent to my home without notice

Date: 3/18/2020 11:33:50 AM

City/State/Zip: Jamesville, New York 13078

Company Complaining About: Spectrum

Description

Spectrum sent a technician out to my home without notice to remove equipment that I did not request. The subcontractor walked through my entire home looking for cable boxes. He eventually removed one cable box and a router. In doing so, my home theatre system (TV and internet) was messed up. I had previously had someone working on my theatre system there and both the system as well as internet and cable were working fine. Both my husband and myself have reached out to spectrum on the phone for 2 hours per call to no avail. They put us on hold pretending to transfer us to their supervisor. This isn't the first time I have had to call my service technician for my system to fix something that Spectrum has messed up. And I have always had to pay an extra charge for this. I feel this time Spectrum should be responsible for this additional charge I have to pay and it should be credited to my account. We especially need access to the internet now because of the coronavirus and with the both the kids and I working from home. Their customer service department is laughable at best and totally useless.

Ticket: # 3888221 - Internet streaming

Date: 3/18/2020 12:04:58 PM

City/State/Zip: Wakefield, Rhode Island 02879

Company Complaining About: Cox

Description

During this pandemic, I received an email from Cox saying they wanted to help out during this crisis by offering faster streaming so that we can work better from home. They were generously offering this free deal until May 31, 2020, at which time they would charge for the service. I opted to try it, and reset my system through Cox. Once that was done, I could no longer access Amazon Prime Video. I contacted Cox and was told I now had to upgrade to an even faster speed plus rent their modem in order to get Amazon Video, a service I had always had with my original internet speed. I asked to be returned to the speed prior to their "upgrade" and was told they couldn't do that. After spending several hours with my modem's manufacturer as well as with Amazon chat, I finally got everything back to working order. What Cox did was give a "free" upgrade, then they tried to sell me bigger services to make it work!! That is gouging, no doubt.

Ticket: # 3888255 - Fox "news"

Date: 3/18/2020 12:16:42 PM

City/State/Zip: Cordova, Tennessee 38018

Description

In light of the ongoing pandemic I have paid careful attention to what Fox "news" and its correspondents are saying (reporting). The majority of what they have reported is trump rhetoric and propaganda...or outright lies about this virus. I am asking that you investigate them and, If appropriate (which I believe would be) they need to be sanctioned or face some repercussions for this reckless behavior

Ticket: # 3888256 - Fox "news"

Date: 3/18/2020 12:17:42 PM

City/State/Zip: Cordova, Tennessee 38018

Description

In light of the ongoing pandemic I have paid careful attention to what Fox "news" and its correspondents are saying (reporting). The majority of what they have reported is trump rhetoric and propaganda...or outright lies about this virus. I am asking that you investigate them and, If appropriate (which I believe would be) they need to be sanctioned or face some repercussions for this reckless behavior

Ticket: # 3888289 - Lack of captioning on TV

Date: 3/18/2020 12:25:46 PM

City/State/Zip: St. Louis, Missouri 63119

Company Complaining About: Kmov

Description

The first 2 minutes of the news broadcast on KMOV (4.1) from 10:00pm-10:02pm, on Sunday March 3rd, no closed captioning appeared during this important COVID-19 announcement. I believe the station and the captioner needs to constantly ensure the quality of captioning, for it to improve and even make technological advances to solve this problem.

Ticket: # 3888302 - ATT Fixed Wireless

Date: 3/18/2020 12:29:33 PM

City/State/Zip: Oak Ridge, Louisiana 71264

Company Complaining About: AT&T

Description

My address has not been approved to get ATT fixed wireless. I can see from my home my neighbor who is able to get it. My road is newly created, and does not show up in GPS maps yet. My children are being required to do schoolwork from home during this pandemic and internet access is required. Could you please open the fixed wireless capabilities to include more addresses?

Ticket: # 3888328 - Fox News Handing of CoronaVirus

Date: 3/18/2020 12:37:03 PM

City/State/Zip: Bluffton, South Carolina 29910

Description

Fox News has shown a complete and total lack of regard to human safety. For hours on end for several weeks this 'news' station deliberately downplayed the severity of the health crisis, telling their viewers to continue to travel, go out, and essentially ignore all warnings from other sources. Although they have changed their tune over the past 48 hours, the damage has been done - putting lives at risk!

Ticket: # 3888504 - Unwanted Calls

Date: 3/18/2020 1:25:09 PM

City/State/Zip: Long Beach, California 90815

Company Complaining About: Larry Castelli (Probably Spoofed)

Description

Continually receiving these calls that recorded messages .I always block the numbers daily , but new numbers keep showing up .

Ticket: # 3888530 - Hughesnet not providing service

Date: 3/18/2020 1:32:17 PM

City/State/Zip: Pigeon Forge, Tennessee 37863

Company Complaining About: Hughes Net

Description

My contract with Hughesnet was fulfilled in June 2019. I canceled the service in December 2019. Due to the current suggested restriction brought on by the Coronavirus, we need their internet service again. Our cell phone data works intermittently and there is no other option for the internet in this area. Hughesnet refused us service unless we signed a 2 year contract. We bought their equipment which is still hooked up.

[Ticket: # 3888544 - scam call](#)

Date: 3/18/2020 1:35:04 PM

Company Complaining About: Spectrum

Description

I would like to make a complaint about Fox News broadcasting that the current pandemic was a hoax, which put people's lives at risk.

Ticket: # 3888694 - Being trick to upgrade and pay more instead of fixing the issues.

Date: 3/18/2020 2:15:38 PM

City/State/Zip: Las Vegas, Nevada 89178

Company Complaining About: Centurylink

Description

I had issue with internet service where it goes out a lot and when I called CenturyLink they state i need to replace my modem. I received the new modem and everything was working great no issues for about 2-3 weeks and now I have no internet. When I call customer service their solution for me to get a faster speed which require me to pay a higher rate. I am out of work for a month because of the coronavirus so I am not in the liberty to make my bill higher. The customer service stated first i had a technician coming so I was transfer to technical service and speaking to them it show I don't have a appointment for a technician to come. I am getting the run around with Centurylink. I want my internet back on without upgrading I do not want a higher bill. It was working fine and now it not. I need it fix

Ticket: # 3888755 - Promoting panic

Date: 3/18/2020 2:34:41 PM

City/State/Zip: Vero Beach, Florida 32967

Description

MSNBC , CNN and Fox News are actively encouraging panic . They have plastered the airwaves with disinformation ! Overblown the threat of the Corona virus and promoted doubt in the handling of the administrations response . Can you say fire in a crowded theatre ?

[Ticket: # 3888808 - Fox News should be punished for potentially fatal disinformation campaign](#)

Date: 3/18/2020 2:54:52 PM

City/State/Zip: Somerset, Wisconsin 54025

Description

In the wake of the COVID-19 pandemic, it concerns me that Fox News had reporters explicitly telling the American people that there was nothing to worry about, no precautions should be made because it's "Just like the flu". Fox and Friends personalities were telling people it was the safest time to fly and Trish Reagan spouted off about how precautionary warnings from the CDC and WHO were attempts to "impeach the president" once again. This disinformation could have or may have actually resulted in fatalities.

Ticket: # 3888827 - Comcast Bill from 2016

Date: 3/18/2020 3:02:07 PM

City/State/Zip: Irvington, New Jersey 07111

Company Complaining About: Comcast

Description

Hello,

My name is (b) (6). I have an old comcast bill from year 2016, and comcast is not advising me of why I have a balance of \$290 that must be paid before I can get service.

In the era of the COVID-19, I am now working from home and will need internet access.

The address that was under the bill is: (b) (6) All devices were returned and the cancellation of the account was within the contract.

Ticket: # 3888839 - Disinformation and Fox News

Date: 3/18/2020 3:04:13 PM

City/State/Zip: Milwaukee, Wisconsin 53219

Description

Fox News has spent the last few months spreading incorrect information regarding COVID19. This information is dangerous and prevented people from treating the problem with the seriousness it deserves. The platform should be taken to task as they have not tried to right any wrongs or admit to their mistake.

Ticket: # 3889140 - KFBK broadcast of comments made by Mark Steyn

Date: 3/18/2020 4:31:10 PM

City/State/Zip: Sacramento, California 95821

Company Complaining About: I Heart Radio Kfbk

Description

Limbaugh guest host Mark Steyn: San Francisco faces a COVID-19 shutdown because it's "a big gay town". On March 17th the KFBK broadcast of the Rush Limbaugh show included the following: "San Francisco has just ordered everyone to shelter in place, just to say, "Stay in your apartment. Don't leave your apartment unless you need to go out to a grocery store or to a pharmacy or to a doctor's." Why are they doing that? Why is San Francisco the first to do that? Because they've got all the gay guys there. It's a big gay town, San Francisco, and they're the ones with all the compromised immune systems from all the protease inhibitors and all the other stuff. And they don't want all the gays dropping dead on the San Francisco mayor's watch. So that's why they've got all that sheltering in place there." I would consider this to be hate speech, I have called KFBK but they take no responsibility for the statement.

Ticket: # 3889152 - Television news

Date: 3/18/2020 4:34:15 PM

City/State/Zip: Clinton, Michigan 49236

Company Complaining About: Dish Network

Description

My problem is that we are in the middle of a pandemic and i can only see news from my neighboring state! I have to Google everyday to see what is happening in my state because i cannot just turn on my tv and watch my states news. This has been bothering me since i lived closer to the border, but now it's more than an unconvinced it's something that needs to change now! Give me my states news programming!!! I'm in Michigan not Ohio! I turn on the tv and Ohio is all I see

Ticket: # 3889297 - AT&T / DirectTV

Date: 3/18/2020 5:23:34 PM

City/State/Zip: Jacksonville, Florida 32277

Company Complaining About: Directv

Description

Last year I had major construction done on my home. During that time I knew that my DirectTV dish was going to have to be removed from my roof and that I would not have access to services so I called and had my account placed in suspension until August. As August came around and the construction was not completed I contacted DirectTV and requested that my account suspension be extended until the first of the following year. I was told that this would not be a problem and was given confirmation that my account was put on hold. However, a few months later in October/November I receive an email notifying me that I have a balance of almost \$400 that was past due. I contacted DirectTV and was told that my account was brought out of suspension and those fees were for my DirectTV service since the account had become active again. I explained that the account was not "active" because I had no way to receive those services since I no longer had a dish on my roof and explained that I had called to extend the suspension. After reviewing the notes I was told that 1) yes, the account was supposed to have been in suspension, 2) the account was taken out of suspension without me being notified, and therefore 3) I was not responsible for the charges that I had been billed. I was told that the balance would be cleared and I got off the phone that day with the impression that everything had been resolved. Fast forward a few weeks later and I receive a phone call stating that my account is about to be turned over to collections if I didn't pay the balance or reconnect my services. I explained the situation again and the call was escalated to an individual who identified herself as a manager. She reviewed the notes and told me the same thing that I had been told before, including that the charges would be dismissed. Fast forward a few more weeks and I receive another threatening phone call, but with the twist of extortion that my balance would be wiped clean if I reconnected my services at no additional fee. I explained that I had no way to receive services and again argued my point. I was told that my case would be escalated to confirm dismissal of the fees.

Today my husband (whose number is not even associated with the account) was contacted by a debt collector trying to collect the fees that I was told multiple times would be dismissed. I called DirectTV immediately to try to resolve this and was told that 1) it should have been explained to me that accounts cannot be placed in suspension for more than 6 months in a year and therefore the extended suspension was never possible; 2) that the people who identified themselves as a managers were not in fact managers but members of an escalation team who did not have the authority to dismiss the fees; 3) that the offer was still valid to reconnect my services but it would cost almost \$300 for the dish and installation work, which are standard fees that would have been assessed earlier as well instead of free as the previous offer had stated; and 4) that there were never any intentions to reverse the charges because AT&T feels the charges are valid since my account never should have been placed in the second suspension.

At this point I have been lied to and misled with almost every communication. I cannot in good conscience pay for services that I did not receive, had no physical way of receiving, and was told multiple times by multiple representatives of AT&T I should not have been billed for. The fact that I would receive word that this account went to collections the same day that half the country - including people in my household - have been furloughed due to corona virus is just insult to injury.

Ticket: # 3889323 - scammers

Date: 3/18/2020 5:32:23 PM

City/State/Zip: Potomac, Maryland 20854

Company Complaining About: Emedinsee

Ticket: # 3889456 - Scam Corona virus

Date: 3/18/2020 6:34:17 PM

City/State/Zip: Saco, Maine 04072

Description

I received a text from (424) 450-6127 telling me I can receive free groceries due to the coronavirus by clicking on a link. I tried to trace the number, but it isn't listed in white pages. I have sent in a long series of numbers, to the FCC, which keep sending messages to me, but in my brother's name.

Ticket: # 3889584 - Billing Issues

Date: 3/18/2020 7:29:47 PM

City/State/Zip: Denver, Colorado 80202

Company Complaining About: Sprint

Description

In August 2019 I purchased a cell phone at a sprint store that came with a promotion of free accessories like wireless charger, screen protector, and phone protector. Sprint Corporate tried charging me then corrected then charged a \$150 cancelation fee. Now sprint is threatening to disconnect service during this coronavirus. I am told to work from home and may lose my job without my cell phone as all my work is through my cell phone at home. I have never missed a monthly payment but my still get disconnected and possibly lose my job due to sprint corporate office error. I unable to reach sprint to try to rectify same issue again.

Ticket: # 3889599 - Lifeline Phone Service - Safelink

Date: 3/18/2020 7:34:36 PM

City/State/Zip: Russellville, Arkansas 72802

Company Complaining About: Safelink Wireless

Description

In speaking to this consumer regarding another matter, she mentioned that she had qualified for Lifeline service, (She has SNAP), and a while back, she had services through Safelink Wireless.

However, she lost the phone and when Safelink was contacted, no assistance was provided. Therefore, she did not pursue the matter because she could not afford to purchase a phone and let her eligibility lapse.

She stated that she is low income, receives the SNAP (Food Stamps), benefit and really needs the Lifeline service. She is disabled, low income, and has a special needs son.

Therefore, it is imperative that Lifeline assist her in re-applying and obtaining a new phone so that she can use the phone to communicate with her doctors....especially now that people are completely shut in, inside their homes due to the pandemic. She requested that Safelink immediately assist in applying for a new benefit and requested that they send her a new phone due to the fact that the old one was lost/stolen and she has not had a phone since that time.

She did not have her old phone number when we spoke. Therefore, she is requesting a new number on the new device.

Ticket: # 3889605 - ATT won't refund for internet outage

City/State/Zip: Los Angeles, California 90020

Company Complaining About: AT&T

Description

With the coronavirus outbreak, I need to work from home and having internet is a must. However, my ATT internet was down on March 16th, 2020 and when I called their technical support, I was told the earliest time they could send a technician would be March 19th 2020. So, I had to urgently purchase internet from another service provider on March 16th. But when I called to ask ATT to cancel my service from March 16th, they told me they would not be able to cancel my service until the billing cycle ends on March 24th.

That means I will have to pay ATT from March 16 -24 of 2020 even though I do not get any internet service from them. I don't think it is fair and their agent was very rude when talking to me.

Ticket: # 3889682 - Poor upload speeds

Date: 3/18/2020 8:40:52 PM

City/State/Zip: Farmingville, New York 11738

Company Complaining About: Optimum

Description

Optimum fails to deliver the quality product they promised. I am experiencing regular drops in the upload speeds, which affect my devices upon which I rely for my safety (i.e., Nest cameras at home). In addition, due to the COVID-19 pandemic, I am expected to work from home now and I am using Zoom to teach my classes. A poor upload speed might result in a disconnection in the middle of my class.

To be clear, the upload speed I should be getting is 30 Mbps and I frequently get under 0.50 Mbps (see attached).

This is simply unacceptable, especially now that Optimum raised my monthly bill by \$14 under the pretense that the raise aims to further improve the quality of their product.

Ticket: # 3889684 - International Call Fee

Date: 3/18/2020 8:42:37 PM

City/State/Zip: Davenport, Florida 33837

Company Complaining About: Sprint

Description

Was checking my bill to start managing budgets due to COVID-19 I al laid off my job until further notice and I see that Sprint is charging for international call which I never actually did. I talked to one of their representatives on chat named Catriona and explained the situation and that all call that I make international are through FaceTime using my WiFi network at home. Never was I charged for this and I have been doing FaceTime on my WiFi for about 5 months now with no issues ever. This bill went from the regular \$156 to \$400+ and when I claimed this to the representative the representative said that the other person has to be also on WiFi in order for me to not get charged with international charges. I explain that we always do WiFi and the response was "I cannot remove that charge. I can offer you \$50 voucher as a one time accommodation since this is a valid charge" even with me explaining everything Sprint still wants to charge me this outrageous amount specially on the current situation. Why was I never charged before and not I am? Representative had no answer to that and just said to me "I am sorry for the inconvenience. I am just doing my job". Please help removing this charge from my account. Never had major issues with Sprint until now.

Ticket: # 3889725 - 210-493-8167 SPOOF 210-493 #307

Date: 3/18/2020 9:29:50 PM

City/State/Zip: San Antonio, Texas 78231

Description

During this pandemic and the worry over my neighbors, I DO NOT NEED NEIGHBOR SPOOFS.
TWO TODAY WITH 210-493. STOP. STOP. STOP NOW!

Ticket: # 3889731 - Unlocking my phone

Date: 3/18/2020 9:50:02 PM

City/State/Zip: Charlotte, North Carolina 28210-2416

Company Complaining About: Boost Mobile

Description

Boost Mobile refuses to unlock the phone I purchased in December, 2019. I was with Virgin Mobile (now Boost) for several years and decided to switch carriers this year. The number was switched to the new carrier but Boost refuses to unlock my phone. Even though I own the phone, they refuse to make an exception to their "policy" requiring 12 months of service. I have been without phone service while self-isolating due to the corona virus. The customer service supervisor hung up on me.

Ticket: # 3889743 - Robo Call/ Misuse of a 3rd party phone number

Date: 3/18/2020 10:06:40 PM

City/State/Zip: Tea, South Dakota 57064

Company Complaining About: South Dakota

Description

I received a phone call from what was suppose to be from a very good friend of mine when it wound up to be a "Robo Call" from the office of Republican member for the Great State of South Dakota Dusty Johnson. It was a call stating that he was about to go live with a "Webinar concerning The Corona Virus. This is in My view is foul play and a very sneaky way to have folks listen to His views on this sensitive subject matter. Therefore I am officially submitting this official complaint on behalf of myself and My good friend. There are many other ways to spread your message other than violating the use of a 3rd parties private phone number. This goes way beyond The FCC' s policies and procedures for any Government entity to express or share their concerns or public message. Please contact the Office of Dusty Johnson and assure them that they are in strict violation off the FCC. I am looking forward to your response and learning of the measures taken on our behalf. Thank you for you time.

Ticket: # 3889812 - Dangerous Content Being Spread Regarding COVID-19

Date: 3/19/2020 1:34:52 AM

City/State/Zip: Walnut Creek, California 94596

Description

As you are aware of, the COVID-19 pandemic is claiming lives in the United States and infecting at an alarming rate - this is, in part do to dangerous rhetoric being being perpetuated from licensed media outlets. One outlet in particular, which has an alarming viewership is Fox News. Per FCC's own guidelines "Broadcasting False Information that causes substantial 'public harm' is prohibited, per https://www.fcc.gov/sites/default/files/broadcasting_false_information.pdf. One of many examples of this dangerously misleading and false coverage can be seen here:

https://www.washingtonpost.com/video/politics/how-fox-news-has-shifted-its-coronavirus-rhetoric/2020/03/17/e0f4e15d-9ae3-4779-8a6a-c4eb505e18c0_video.html

Ticket: # 3889823 - Arizona State University Knowingly Dishonoring Robotext Opt-out

Date: 3/19/2020 2:38:00 AM

City/State/Zip: Cupertino, California 95014

Company Complaining About: Asu

Description

My University, Arizona State University (ASU), runs a 'chatbot' robotext service. Although I may initially have given ASU permission to contact me, I opted out of the robotexts by texting 'STOP' over a year ago. However, I received a robotext on 03/18/2020 with the content 'Hi, it's Sunny, ASU's chatbot. I know you previously opted out, but I'm texting you in case you have questions as ASU monitors COVID-19.' The coronavirus pandemic does not overwrite TCPA laws, and this text is certainly not a confirmation of my opt-out as I received it over a year after opting out.

Ticket: # 3889838 - TV SIGNAL BROADCAST

Date: 3/19/2020 6:19:06 AM

City/State/Zip: Franklinville, New York 14737

Company Complaining About: Air Broadcast = How Can I Even Give You A Name?!

Description

Western New York State TV signals have apparently again been changed. 2 years ago the FCC ordered the Channel 4 tower change, and Channel 4 chose to keep their newer equipment, FARTHER AWAY from the rural areas that DO NOT HAVE cable communication options. Then signals changed again and we lost Channel 7. Within the last week, we were told to rescan TV signals again, and now we've lost our LAST TV CHANNEL!! W.T.H.!!! HOW do you expect those of us in rural areas to stay informed, ESPECIALLY in light of COVID-19?! PLEASE work on STRENGTHENING our area's TV signal strength instead of limiting that to urban areas which have access to other cable options!!! FYI - NOT everyone has satellite or WANTS satellite dishes!! We just need LOCAL NEWS ON A STABLE TV ANTENNA SIGNAL

Ticket: # 3889847 - Violation of captioning requirements

Date: 3/19/2020 7:41:43 AM

City/State/Zip: Corrales, New Mexico 87048

Description

Today, Wed. March 18 @12:37 P.M., the Governor of New Mexico was conducting a televised news conference on the Corona Virus situation in the state and what actions the state is taking to protect the public from this virus. KRQE-TV, channel 13 is not providing captions for this event and, when asked about them, an individual named Paul said, "There are sign language interpreters." When informed that their competitors at channel 7 and channel 4 were providing captions Paul said, I will tell my manager.

I regularly watch channel 13 (KQE) for news as they seem to be the most accurate and complete in their coverage of local news BUT there are very often no captions on the evening newscast and on the programs that follow.

Ticket: # 3889848 - Violation of captioning requirements**Date:** 3/19/2020 7:51:13 AM**City/State/Zip:** Corrales, New Mexico 87048

Description

I now also wish to file a complaint in regard to the captions on tonight's local news broadcast on KOAT - the local ABC affiliate. Their captions were covering vital information on the screen. At a point in the broadcast when they were giving telephone numbers to call for information on tests for the Corona Virus, Dough Fernandez told viewers to "call them numbers on your screen" but those numbers were not visible as they were covered by the captions. It's my understanding that captions must not cover critical information on the screen and, because of the place KOAT chooses to place their captions on locally produced news, they regularly cover weather report and other information. This has been reported to the new station manager but no action has been taken to either move the captions or have the graphics used in broadcasts designed in such a way that they are not covered by captions.

Ticket: # 3889864 - Fox news coverage of covid 19

Date: 3/19/2020 8:43:47 AM

City/State/Zip: Cincinnati, Ohio 45206

Company Complaining About: Spectrum

Description

I am a Fox news watcher. I am no longer. They have lied about covid 19. I now find out through other sources it's not a hoax and I am completely unprepared. Fox and their affiliates have not lived up to their responsibilities under their FCC license.

Ticket: # 3889865 - Misrepresentation of services, lack of communication, loss of service.

Date: 3/19/2020 8:44:39 AM

City/State/Zip: Timberlake, North Carolina 27583

Company Complaining About: Spectrum

Description

We recently entered into a contract with Spectrum to transition from Century Link DSL to Spectrum after seeing recent construction in our area. We were told that services were not available and were scheduled for an install. The install was planned for a date when we were going to be out of town so we made arrangements to have someone at the house to let the installer in and handle the situation the day of install came and went and no one ever showed up or called or in any way communicated with us. We returned home a few days later and found our previously existing service had been turned off and we had no internet. I checked around the house and no equipment had been installed on the outside of the home. I contacted Spectrum and was told it was because we were not there that they would need to reschedule the install so we did this. For the next morning the tech arrived and we were told that he was unable to install services because we were too far from the lines and that construction department would have to do a survey and see if service was available and we need to contact Century Link to get our old service back till that time. I contacted Century Link and was told they could not get us service back till Spectrum released the ported information. After three days of phone conversation with multiple Spectrum techs we still were not able to get information released but was able to get Century Link to establish new services but due to the issue we now went from 20 Meg service to 6 Meg we have been waiting for 3 months and have not heard anything from Spectrum after numerous calls. We are now having to have an additional Century Link line installed to be able to support my wife work from home and kids online learning due to Corona Virus precautions. During the initial issue my wife lost three days of work due to no service. Because Spectrum setting up a port of service before the service was confirmed installed. We would really like the Spectrum Service as it would greatly increase speed of service and availability to function in today's online based environment.

Ticket: # 3889897 - Optimum Online interrupted my service during coronavirus outbreak

Date: 3/19/2020 9:17:24 AM

City/State/Zip: Brooklyn, New York 11204

Company Complaining About: Optimum

Description

On March 19, 2020 my internet service provider, Optimum Online by Altice One, interrupted my internet service leaving me without internet for my four K-12 children that are home from school in self quarantine.

Upon calling the ISP, I was directed to pay my bill which I am unable to do due to the outbreak.

My phone number on the Optimum account is (b) (6)

(b) (6)

Ticket: # 3889999 - Spectrum internet

Date: 3/19/2020 10:37:09 AM

City/State/Zip: Columbus, Ohio 43204

Company Complaining About: Spectrum

Description

On Jan 30th I moved from (b) (6)

I logged on to my account numerous times. It said the balance due is \$0.00 so I decided to wait until I received a paper bill. So I did, the first bill they sent me was for \$227.86 plus my current monthly bill. The notice they sent me was a disconnect notice and when I called them and asked to split the bill between two paychecks they declined my request because they couldn't wait an additional 4 days after the disconnect notice. After that I was informed I would be working from home, so On Monday 03/16/2020 I paid the bill, in full, in the middle of a pandemic, I used money I could have used for food or other supplies for the pandemic. I think it is ridiculous that they couldn't work with me on the payment.

Please do something.

Ticket: # 3890005 - AT&T billing me for service that i am not getting.

Date: 3/19/2020 10:39:38 AM

City/State/Zip: Miami, Florida 33165

Company Complaining About: AT&T

Description

AT&T is billing for landline service that is not working. On 2-19-2020 i was given case# ERAM (b) (6) and was told somebody would contact me with 24 to 48 hours. This never happened. Instead AT&T increased the price of my landline phone. Every day since 2-20-20 i have spent 12 hours a day on the phone with AT&T being placed on hold and transferred all around the world with no help or resolve. DSL home (b) (6) can sometimes make outgoing calls but aprox. 90% of incoming calls can not reach me because they get a recorded message "The subscriber you have called is not in service". "FL 14956". The only numbers that can get thru are 1-800#'s and other people who have AT&T lines. I had problems in the past with this except it was in reverse where people with AT&T could not get thru. AT&T came and replaced my modem and things were OK for awhile but went worse around the beginning of the year. All this and complaints happened way before the Covid 19 crisis. AT&T customer (b) (6)

Ticket: # 3890057 - waiving of minute limitations on Medicaid Lifeline phones

Date: 3/19/2020 10:59:55 AM

City/State/Zip: Richmond, Virginia 23113

Description

Hi, we are a non-profit home visiting/telehealth provider that is working to provide virtual visits to our Medicaid families. However, the telehealth visits are using all their data and we wondered if we can have the caps lifted during the coronavirus crisis.

Ticket: # 3890200 - T-MOBILE SUSPENDED MY ACCOUNT DURING A GLOBAL PANDEMIC DUE TO 6 MONTHS OF GROSS INCOMPETENCE

Date: 3/19/2020 11:49:09 AM

City/State/Zip: Kenilworth, New Jersey 07033

Company Complaining About: T Mobile

Description

For the past 6 months, I have had AutoPay with T-Mobile. And, for the past 6 months, there has been issues with AutoPay. Every 19th of the month, the payment doesn't go through, then I have to call in and T-Mobile says they will fix everything, but they never do. Today, during a global pandemic, T-MOBILE SUSPENDED my account. When I called this morning at 6am, no one was available to take calls. When I contacted them on twitter, I was advised just to *wait*. When I called in to get this fixed, I was told to just give them my CC number and the problem would be solved.

Unfortunately, I've been down this road 5 times before and I refused to do the same thing again. I asked for reassurances and guarantees that this issue would be solved. I was given neither. Suspending accounts during a global pandemic is unacceptable. I have no phone to contact my wife or kids if something happens on the way home from work.

This is especially infuriating when you realize that this account was suspended through no fault of my own. It's not like there's insufficient funds or I haven't been hassling them for the past 6 months.

The only thing I can be guilty of is being an idiot for continuing to use T-MOBILE when they've been messing up for 6 months.

Ticket: # 3890205 - Threatening Text

Date: 3/19/2020 11:50:54 AM

City/State/Zip: San Francisco, California 94121

Description

On the morning of March 18, 2020 I received a threatening text that warned my home would be infected with the coronavirus if I did not send \$2000. My carrier is AT&T Wireless. Below is the full text:

"Hello (b) (6)

How was your day going am here to tell you that I'm coming to spread the coronavirus to your home and surrendering if you did not accept to send me \$2000 now and I will also make sure I spread it to your family also. You think I'm playing at some game? But my patience isn't limitless, if you try to tell anyone or try to make calls I will end up knowing and make sure you got this disease..am waiting for swift response within 24 hours or you go this disease thank you."

Ticket: # 3890431 - Fox News standard of practices

Date: 3/19/2020 1:11:33 PM

City/State/Zip: San Diego, California 92107

Description

I would like the agency to look into the standards of practices of Fox News! Ever since Fox News been launched they continuously air misleading information, false facts and in some cases straight out lies via their airwaves only to boost their viewership. For me personally the last drop was how they fueled and likely was the main source for the panic related to the corona virus outbreak! Their on air personals continuously lied, twisted facts and spread misleading information, that if nothing else, at least created major confusion and panic! If I started broadcasting straight out lies on the airwaves controlled by the FCC, it wouldn't take long to lose my license. How's Fox News continue to keep their?

Ticket: # 3890453 - spammer threatening me with jail

Date: 3/19/2020 1:20:21 PM

City/State/Zip: Morris Plains, New Jersey 07950-0432

Description

Mar 19 11am (est time) President Trump was giving a press conference about update on the Coronavirus. WLNI broadcasted a short segment of the press conference than when to commercial and regular programming. This does not serve the public good and use of the radio waves. Especially during a national (worldwide) crisis such as the coronavirus.

Ticket: # 3890614 - Telemarketing calls during Pandemic

Date: 3/19/2020 1:59:56 PM

City/State/Zip: Marion, Ohio 43302

Description

I am a physician with a large national healthcare company. Due to my age (73) and underlying conditions I am working from home. It is essential that I receive calls from the 3 sites that I am in charge of. This morning I have received at least 5 calls on my landline and 2-3 apiece on each on my cell phones from these people. At this time communication is essential for all of us but our lines are constantly tied up with telemarketers and scam artists. There must be something that can be done about this. Before it was a nuisance but now could be deadly. Some older Americans do not answer their phones due to this onslaught. I am certainly not a communication expert but there must be some solution to this.

Ticket: # 3890618 - Internet outage, followed by provider hang-ups

Date: 3/19/2020 2:01:04 PM

City/State/Zip: Pittsboro, North Carolina 27312

Company Complaining About: Centurylink

Description

While working from home due to the coronavirus pandemic, my DSL service (the sole option in my Chatham county area serviced by CenturyLink) suddenly went out. I immediately tried to phone CenturyLink to report the outage. I was connected to an automated service and entered my phone number and last 4 digits of SSN, as requested. The automated service disconnected my call. I called back, went through entering my phone number & SSN. The service disconnected my call again. I called back to the Customer Service number (a different number than I called the first 2 times). Again, an automated service answered. I entered my phone number & SSN and was promptly disconnected for the third time. PLEASE, we need other options for internet service in Chatham County!

Ticket: # 3890627 - Unwanted Call - Anthem Fraud Call**Date:** 3/19/2020 2:02:44 PM**City/State/Zip:** Colorado Springs, Colorado 80919**Company Complaining About:** Anthem

Description

This is the second robo call I received from caller ID Michigan number 313-451-5528 to my cell phone. The voice recording is the same voice recording used by the legitimate Anthem Blue Cross Blue Shield Company when a person calls their legitimate number. The recording says they have important information but first need to identify the person they are speaking with. They ask if this is "_____". (and they did have my first name correct). They then say to respond yes or no. Then they ask for a birthdate. This is obviously taking opportunity due to the Wuhan Corona Virus to target people. Please get this stopped immediately as people don't need any more problems of identity fraud on top of this virus. Thank you for whatever you can do.

I did call my legitimate Anthem company and the employee I spoke with verified that this caller ID number was not one of Anthem's numbers.

Company Complaining About: Optimum

Description

Optimum was consumers provider for TV, phone and internet

Her service was interrupted on 3/8. She contacted provider to have them troubleshoot. They told her the box was broken.

They told her to either return it or they could mail her a new one. She decided to cancel just the cable TV service 2 days later

She asked if someone could come out to disconnect for her but charge \$80. Consumer disconnected box herself and returned the boxes to the facility. Consumers phone service was disconnected the next day. Provider troubled shot over the phone. She was told that someone had to come out to her home to fix issue. Technician came to house today and told her someone at Optimum disconnected her phone. He did not need to be sent to fix this issue. Unnecessary tech visit during Corona Virus. She is very upset with the customer service at Optimum.

City/State/Zip: Onsted, Michigan 49265

Description

I feel strongly that fox news should be taken off the air. The last straw for me was the fact that they did not originally report responsibly to the covid19 virus. I feel that they should be held responsible for their viewers disbelief and irresponsible actions to it. They have become a horrible vessel for the news.

Ticket: # 3890985 - False Advertising / Price Gouging

Date: 3/19/2020 3:31:53 PM

City/State/Zip: New Carlisle, Ohio 45344

Company Complaining About: Spectrum

Description

Spectrum advertised the following:

“Coronavirus Internet Offer For Students - We’ll waive any installation or pre-payment fees to help get you started.” I called the number listed because I met all of the criteria. The representative shared that he checked with the GIS representative and that the installation would be covered. The representative stated that the trenching would occur on Saturday, March 21 and installation completed on Sunday, March 22. However, on March 19, I received a call that the cost of the installation would be \$3530.50 and would not occur for 49 days. I explained to the representative, Alicia, the dire need for the internet service for my children and their online learning. It is very frustrating that at this time of emergency, when my children are having to receive their education from home and are not able to access high speed internet. This is a discrimination against my children and their ability for a free public education. Also, to require such an outrageous installation cost during a National crisis is an outrage.

Ticket: # 3890993 - Suspension of Services During COVID-19 Pandemic

Date: 3/19/2020 3:32:44 PM

City/State/Zip: Elizabeth, New Jersey 07206

Company Complaining About: Optimum

Description

My past due balance is \$116.00 and my services were interrupted today. I tried calling and no one answers. automated service gives no option except to pay. their chat wont continue after signing in. I have a 5 year old daughter who has online learning due to this crisis and not able to access internet. I dont have 116 to pay today and my mom gets paid next friday which she usually helps. Resolutions would be to restore service and give us extension as stated on their page. How do they offer 60 days free service for kids but disconnect it ?

Ticket: # 3890997 - COMCAST failing Michigan citizens during Covid 19 crisis

Date: 3/19/2020 3:33:46 PM

City/State/Zip: Brooklyn, Michigan 49230

Company Complaining About: Comcast

Description

Previous issues have not been resolved with Comcast and will not be resolved until Comcast decides that it is not "too expensive" [per a February 20, 2020 letter to the Michigan Telecommunications Division] to provide Lenawee County in Michigan with the "basic tier of programming" required by the Federal Communications Commission, a "BASIC TIER that includes, at a minimum, required local broadcast television stations [per FCC "Consumer Guide: How Cable Companies Choose Channels"]]. I personally spoke with Nielsen Media about Comcast's claim that Nielsen Media defines "Designated Market Areas" as it erroneously claimed in its letter to the Michigan Telecommunications Division. Nielsen is a research firm only and all it does is provide data to Comcast. Nielsen does not define DMAs!!!

How could a TV station in TOLEDO OHIO possibly be considered LOCAL to Lenawee County in MICHIGAN? Now more than ever-- because of COVID 19-- do the Comcast customers in Lenawee County Michigan need access to LOCAL MICHIGAN CHANNELS with LOCAL MICHIGAN NEWS AND PUBLIC SERVICE ANNOUNCEMENTS REGARDING AMERICA'S WORST EVER PANDEMIC.

I am a senior citizen in the most vulnerable segment of the population, and because of Comcast, I am not able to see or hear on my TV--with the cable service I am paying \$200 a month for-- important lifesaving announcements from the Michigan Governor about MICHIGAN'S RESPONSE to Covid 19. Comcast generated a total revenue of 108.94 billion U.S. dollars in 2019, up from 94.51 billion U.S. dollars a year earlier. The company's revenue has more than tripled in the last ten years. What Comcast has done just to increase its profits, the MICHIGAN lives it has compromised just to save a few bucks is a crime against the viewing public and Comcast should be severely penalized by the FCC.

Ticket: # 3891047 - Local channels for DirecTV

Ticket: # 3891132 - Suddenlink/altice

Date: 3/19/2020 4:05:50 PM

City/State/Zip: Sulphur, Louisiana 70663

Company Complaining About: Sudden Link

Description

I contacted suddenlink/altice on 03/15/2020 to get service at my home. This is to be used for my children to pick up a k12 program, and me and my wife's access to work from home during the covid-19 pandemic. I do not want the free service I want to pay for it. Suddenlink is refusing service because I am 300' off of the road. I have a pipeline that I had to put my home past me and the road. I told the woman on the phone that I had already filled an FCC complaint a few years back. That altice contacted me with a build out cost of almost \$2700 which I could not afford in a lump payment. I asked they break that cost up over the first few payments and they never returned any further correspondence. In discussing the woman stated that due to the covid push they were waiving all install fees. She also noted that in the history to service this address the fact that per the right of way agreement suddenlink would provide service in a future date.

We can agree that asking any family to pay over \$2000 for a utility service installation that will lock me in as their customer for the foreseeable future is excessive. That's why I was ecstatic when she told me the install and build out fees would be waived. Finally since 2010 we can get service. I paid the \$117.49 to start service.

Cut to today and their installer states they will not provide service. He offered to sent it out for build out cost quote, but the woman stated those fee's are waived. How can they do this?

Ticket: # 3891194 - NO INTERNET Services

Ticket: # 3891304 - Comcast service interruptions during national state of emergency

Date: 3/19/2020 4:54:16 PM

City/State/Zip: Blue Springs, Missouri 64014

Company Complaining About: Comcast

Description

I was surprised to receive a threat of disconnect during a national emergency when the fcc said no ones internet would be interrupted. I was planning on paying my bill in full March 30th and made arrangements to do so but I want to ensure those who are truly affected by covid-19 job suspensions can remain connected and possibly find work through their internet services as was promised by the FCC. It is my understanding this is a violation of it is not then I am sorry to complain. They need to comply with this like spectrum and at&t I am paying my bill and switching providers as a result of this

Ticket: # 3891329 - No Service Spectrum**Date:** 3/19/2020 5:00:57 PM**City/State/Zip:** Raleigh, North Carolina 27616**Company Complaining About:** Spectrum

Description

- The consumer is wanting to file a complaint against Spectrum.
- The consumer states he was notified about a ball game airing on channel 388.
- The consumer was unable to view it, so he contacted spectrum about it and a representative told him that she could add that channel at no cost but would be sending him a bigger box.
- The consumer told the Spectrum representative that all he wanted was the channel and not a new box, to which the representative assured him that that was fine.
- The consumer states that this morning 3/19/20 they turned his tv services off and he is 75 and needs to keep up with the news because of the Coronavirus.
- The consumer states they turned his service off because he refused to use the big box that was sent to him, when he stated he did not want the box in the first place.
- The consumer states he should have not left and risked his health but he wants his services on ASAP.
- The consumer would like his TV back on like he had originally with his small boxes.

Company Complaining About: Cox

Description

We live on a street in which the nearest cable connection is approximately 1 mile away. We are the only street in the general area with no cable. Most residents on our street use a WiFi hotspot or have satellite internet; both very costly and not reliable. COX Cable put together a proposed estimate for running cable to 12 of the houses on our street. The 12 houses came from people that responded to a general letter asking if they would be interested in getting the service. The quote was obtained at the end of January 2020 in which the total would be \$75,318.96 or approximately \$6,276.58 per household. This is not a reasonable amount at all. We are seeking resolution to obtain a fair amount or have COX install the cable at their cost since they will be having paying customers every monthly bill thereafter. In addition, with the current situation with coronavirus, it has put a high need for internet at home with students expected to log on at home and complete assignments.

Ticket: # 3891540 - Pandemic price gouging

Date: 3/19/2020 6:37:07 PM

City/State/Zip: Plano, Texas 75094-1064

Company Complaining About: Spectrum

Description

I just received my Spectrum bill and Spectrum raised my internet price this month by \$10 per billing cycle. The Spectrum customer service representative told me Spectrum raised the internet price across the board for all legacy Charter-Spectrum customers. Spectrum is attempting to take advantage of the fact that people are stuck at home and reliant on home internet to work, go to school, etc. to gouge their customers by raising their internet price. By raising the price incrementally by \$10 most customers, overwhelmed by the current situation, probably would not notice the price increase until it is too late to do anything about it. Spectrum is exploiting their customers and should be required to honor the previous internet contract prices as well as issuing an apology to customers for their despicable practices during this difficult unprecedented crisis.

Ticket: # 3891567 - Number portability

Date: 3/19/2020 6:52:27 PM

City/State/Zip: Dallas, Texas 75217

Company Complaining About: AT&T

Description

To solve my problem, FCC must force AT&T to release my landline(wireline)existing 60+yrs from being held hostage until a unpaid balance of cramming fees is paid.After i filed 1st complaint At&t contacted us only to inform us that an unpaid balance must be paid before they release our landline number. This is in violatiin of The Telecommunications Act of 1996 - 47 U.S.C.§251 (b) (5) and 47 C.F.R.§ 52.21 (q). Mental anguish due to missed Dr.'s appts. & confirmations of scheduled urgent health screenings and exams.The public healthcare& medicare system and many other vital connections has been lost, due to the landline being the only line of communication ever used.At&t is unaffected by the consequences of holding this landline number for ransom. It's urgent that this number be returned to my elderly parents whise healthcare is suffering & mental anguish continues to build with increasing concerns especially in light of this coronavirus outbreak it is crucial that action be taken on this matter.

Ticket: # 3891595 - Internet Outage Again

Date: 3/19/2020 7:07:04 PM

City/State/Zip: Milan, Michigan 48160

Company Complaining About: Comcast

Description

Good evening as I write this complaint, I have another outage and it will be minimum of 3 to hours again. This is the second major outage in a week and with the COVID 19 outbreak Comcast in our area is ill prepared to handle this data traffic. Students will not be able and are not able to do their online course work for college/high school etc nor will they be able to handle people working from home. These outages will greatly hamper our economy even more and the FCC needs to step in and investigate.

Ticket: # 3891600 - Someone is using my name and number posing as the IRS

Date: 3/19/2020 7:07:45 PM

City/State/Zip: Mckinleyville, California 95519

Description

I have gotten 3 calls today from unknown numbers local to my area. I spoke with a person who had my first name and claimed he had missed a call from a person claiming to be the IRS offering COVID 19 relief funds.

Description

getting text from 714-803-9670 saying Netflix is going to give me 3 months free of Netflix Premium because of COVID-19

Ticket: # 3891847 - Verizon curtailing 3G service includes 911 calls

Date: 3/20/2020 1:31:12 AM

City/State/Zip: Ramona, California 92065

Company Complaining About: Verizon

Description

This may sound like a mundane complaint, but it's actually a serious issue regarding the ongoing COVID-19 pandemic, so please bear with me.

Over the last year, I've noticed poor connectivity from my cell phone. It's an older 3G flip phone, but I like it and I've seen enough smashed screens that I have not been interested in "upgrading" to a "smart" phone. My existing phone seemed to have trouble with dropped calls which were only occasional last year, but I would notice the phone getting hot in my hand, like it was having to really increase its transmit power to stay connected. Over the last 2 months though, my phone has been unable to maintain a call, text message receipt is usually significantly delayed, and sending text messages takes between 2 and 10 attempts for the message to actually go through. I thought my phone was just dying so I purchased a same model replacement from amazon, and had it activated for use on my verizon account. To my dismay, the replacement phone had exactly the same issues.

After a bit of research, I learned that Verizon has been stealthily killing off 3G service. It's actually been reported here:

<https://knowtechie.com/verizon-3g-support/>

and:

<https://money.cnn.com/2014/12/04/technology/mobile/verizon-killing-off-3g/index.html>

Under normal conditions, that's fine, although they shouldn't be degrading service stealthily. Where it gets serious is that they're degrading and dropping calls EVEN IF THE CALL IS TO 911.

With the COVID-19 pandemic escalating, if someone experiences respiratory distress and needs to call 911, verizon's action could actually cost people's lives. I know they're doing it with 911 because two days ago I thought I was experiencing respiratory distress. It seemed like it was getting worse and although it wasn't a "send an ambulance" situation yet, after my phone having been unable to hold a call to my wife earlier, I was concerned enough to at least test my ability to call 911. To my dismay, my brand new phone (albeit 3G) phone reported "signal faded, call lost" before it even connected.

Verizon is doing this deliberately and it is 100% under their control. I know this because in doing an online chat with their customer service / sales about this issue earlier this evening, they needed to send an authentication code to my phone to verify my identity. That code came through immediately. That may seem anecdotal, but over the last few days since my employer has put my department on "work from home" I've needed to log in to VPN daily. Every morning, getting the 2 factor authentication SMS message has required dozens of attempts before the code arrives in a timely enough manner for the VPN to accept my code. This morning it actually took an hour to finally get the code. But when chatting with Verizon support, their authentication code arrived instantly. And I do mean instantly. That cannot be coincidence.

This is 100% under their control, they're doing it deliberately, they have a "back door" for their own use, and it is putting lives at risk.

Please ORDER Verizon to restore full 3G service until the COVID-19 pandemic has run its course and is no longer threatening lives.

Ticket: # 3891862 - Xfinity services that were discharge through my chapter 7 bankruptcy

Date: 3/20/2020 2:05:53 AM

City/State/Zip: Midway, Florida 32343

Company Complaining About: Comcast

Description

To whom this may concern , I have gotten to this tier because of the discrepancy with an old account that I've had with Comcast that was listed under my chapter 7 bankruptcy that I've successfully received a discharge for January of 2019 . Due to the Novel Coronavirus disease and government regulations and procedures that were put into full effect . I was informed that there is an internet essentials program through Comcast that serves low income households for 9.95 monthly . Something That I was never aware of but definitely interested I immediately did my research finding out that my 3 children are needing to be homeschooled due the spreading of the virus . As I'm applying for internet essentials I discover that there's a back balance because it's giving the internet essentials team an error message . This has been going on for almost two weeks now . I spoke with billing at first they directed me to the Xfinity store so that I can take in my discharge papers for them to be scanned into the system and I can have this balance cleared up . I completed that task and when I got into the Xfinity store I was basically let down and redirected to contact the exec team . I had to educated the exec team on how filing for bankruptcy works and federal rules and guidelines that all creditors must follow when discharging a debtors balance that is not owed . First off Comcast did not show to the meeting of creditors . When I notified Comcast of my bankruptcy in 2018 they applied a credit and refused to remove services . That was their choice I explained to them I could t afford it . Come to find out recently this past week due to the Coronavirus outbreak there is a 496 dollar balance that they are forcing me to pay which doesn't exist because it's discharged . So I spoke with a Michael who created a case for a case manage whose name is Bellini who contacted me and was very rude and unprofessional not only that but this guy had no experience or knowledge with joe bankruptcy works and basically created his own interpretation on how the process works . Absolutely wrong and I explained to him that he had no jurisdiction and to waste a customers time trying to argue is bad business and Comcast real corporate team is not going to be happy by this . Not only are you making the company look terrible by breaking the law but you also make the company look terrible because they took a pledge to keep children connected to the internet for educational purposes and being evil and doing what Bellini wants to do and say has absolutely nothing to do with written law and what's right . The crazy thing about it is the balance is now zero but it is not reflecting on Comcast Internet essentials system which defeats the entire purpose . It's like I'm being told one thing for something that is the complete opposite In the system I am very upset with the level of mistreatment and dissatisfaction that I have received and it's all the lies and back and forth that are not being honored which should have been done because it's not rocket science I receive food stamps , Medicaid and my children are apart of the national free lunch program and to deny my children educational services is not something that the government are going to be excited about I just want them to do right , stop breaking the law and stop denying my children the right to learn it's bad enough we are living in fear due to this disease . But now no internet no school and no computer on top of that . It's sad

Ticket: # 3891863 - Stations delivering essential emergency information.

Date: 3/20/2020 2:18:46 AM

City/State/Zip: Cary, North Carolina 27512

Company Complaining About: 680 Wptf, Curtis Media Group, Et. Al.

Description

Why are these news/talk stations allowed to broadcast with Nielsen eCBET encoders during critical times when people like me will rely on radio to get word during times like the Coronavirus pandemic?

It may not bother most people, but there has been much discussion about how these encoders make the audio very harsh and brittle, and outright unlistenable to some people like me (See trade publication articles such as "Is Nielsen's PPM Making Radio Unlistenable?" - Radio InSights, et al.)

It would be prudent to ensure that during times where the general public needs critical information such as the current pandemic, that they can have access to current data without being subjected to barbarous elements like the constant bombardment of eCBET tones)

Thank you for your attention to this matter!

Ticket: # 3891880 - As of Early February 2020 after over a year of not having much success with AT&T repairing my land line phone line that now no longer has a dial tone

Date: 3/20/2020 5:58:10 AM

City/State/Zip: Oakland,, California 94610-1354

Company Complaining About: AT&T

Description

While preparing for an upcoming surgery on or about the beginning of February, I picked up my phone receiver to contact my surgeon for some information and discovered that there was no dial tone, thus rendering making or receiving phone calls impossible. I suspect that there might not have been a dial tone for some short period of time previous to the day and time that I discovered that there wasn't a dial tone on my line. I picked up my receiver several times on several days thereafter in order to verify whether or not a dial tone existed. It didn't exist. I previously filed a complaint to the FCC in regard to ongoing problems with my AT&T phone line given that I was having a difficult time in getting an AT&T technician to actually show up my home despite having at least 4 phone repair appointments in order to repair an earlier ongoing problem with extreme static on my phone line in January 2020 as well as filing other similar previous phone line complaints several other times as my problems with my land line phone was an ongoing issue with AT&T for well over one year for which I refused to pay AT&T for lack of usable phone service for over about 1.5 years. My refusal to pay is based on the premise of not receiving adequate/usable service during the approximate 1.5 years for which I'm being billed. It works like this. If I don't receive usable service during the period for which I'm billed, I'm not going to pay for it until I have full and complete use of my landline phone line which I've had since 1994/1995. The deal is if I pay AT&T (X= my payment) and they don't give me (Y= their service) and then follow up with not maintaining my phone line nor repairing it and being stood up by their repair technicians at least 4 times which wasted 4 of my days during a short life. It doesn't make sense to pay for inadequate service that one is receiving nor the lack of a dial tone that one isn't receiving. I discussed this problem with an AT&T representative from the office of the President in regard to not having a dial tone and thus not being able to make or receive calls on this phone line that I've had since 1994/1995. Given the fact that I'm a senior female past the age 70 along with unfortunately having several chronic illnesses. am living alone as well as have two recent surgeries and am unable to contact doctors, ambulances if necessary, emergencies, police and the fear of contracting Covid19 without having the ability to call 911 in case of emergency help which leaves me in a very perilous position in life.

I received a message from an AT&T employee who reached out to me in order to set up a phone repair appointment which was a great positive surprise for me. I set the appointment with him to have an AT& technician to come to my house on Friday 2-21-2020 between 8:00 am to 12:00 pm in order to repair the problem with no dial tone. I asked the person, named Wallace, with whom I spoke if there would be a charge for the phone repair for the Friday 2-21-2020 appointment. His reply was no, there would not be a charge. Sadly, Wallace made an error by sending out a technician to my house on Thursday 2-20-2020 which was obviously not on my scheduled appointment day, date and time. I chose Friday 2-21-2020 as my schedule on that day was open and definitely NOT THURSDAY 2-20-2020 as I had a doctors appointment early on that Thursday morning as I obviously would not be at home since I can't be in two diverse places at the same time. My subsequent conversation with Wallace on Friday 2-21-2020 was not pleasant as he decided to be difficult probably because he

realized that he made an error with my appointment day and time. He subsequently told me that since the technician came to my house and I wasn't home, I would have to pay AT&T out of pocket to repair my phone problem or else for me to hire a contractor and pay the contractor out of pocket to repair my phone line. He became sort of hostile during our subsequent conversation simply because he didn't want to feel responsible for his error with my appointment time. I did contact him very early on Thursday morning to let Wallace know that an error regarding my appointment date on his part was made and that I received a message that a technician was on his/her way to my house on Thursday morning 2-20-2020 while I was at my doctor's office for a scheduled pre-surgery appointment so that he could let the AT&T technician know that he was supposed to meet me at my house on Friday 2-21-2020. In other words he could have fixed his error and corrected his appointment error so that the technician could or would be able to come to my house on Friday 2-21-2020 from 8:00am - 12:00pm to deal with the repair while I was home and waiting for him during the time of my original appointment time and thus the no dial tone problem while not be able to use my phone would have been resolved by then so that I would have a functioning land line phone which a person my age with a handful of chronic illnesses and surgeries would be well set up to be able to be in contact if urgent or emergency help is necessary. My phone call with Wallace ended up by him angrily disconnecting our conversation by slamming his phone receiver down or simply disconnecting me. { {The only solution for which I hope to have would be to have an AT&T technician come to repair my phone line that has no dial tone for an absolutely certain appointment time, day & date for which I would certainly be at my home waiting & welcoming him or her. I really need my phone as I feel that I'm living dangerously without my landline phone as I'm not able to be in contact without it. I sense that AT&T is more or less in legal violation leaving me stranded without being able to use my phone as it's become a precarious, dangerous situation in emergencies, connecting with my doctors and pharmacies that I find frightening & unnerving.}} I also sense that AT&T is mandated to maintain their lines instead of billing me and ignoring me while I sit and twist in place with anxiety. Given that I have not been able to use my AT&T landline phone due to disabling static & now no dial tone for the majority of the roughly 1.5 years that AT& T has failed to repair. I WANT AND NEED TO HAVE FULL USE OF MY AT&T LANDLINE PHONE. I have a landline phone for the explicit reason that there are rolling power outages in the area in which I live so that I have use of my phone when there is no electric power in my area.

Please note my attached ludicrous over bloated phone bill statement and make certain that it's passed on to AT&T while they're running up my bill during the the same time that I've not been able to use my phone nor have it repaired despite my frequent requests and AT& T drags their feet in regard to repairs.

Ticket: # 3891903 - phone disconnection

Date: 3/20/2020 8:17:04 AM

City/State/Zip: Wyandotte, Michigan 48192

Company Complaining About: T Mobile

Description

My services where interrupted and I pay through the store. Since covid-19 I really have no means to pay and I cant contact my service provider and they are charging me a reconnect fee.

Ticket: # 3891944 - Internet outage

Date: 3/20/2020 9:12:08 AM

City/State/Zip: Little Elm, Texas 75068

Company Complaining About: Sudden Link

Description

Internet has been out at my house for over 24 hours now with little to no communication from Suddenlink about when the issue will be resolved. It is difficult to get someone on the phone to get information. We are in the middle of a pandemic with direction to stay at home as much as possible. I also do not have other high speed internet choices in my area and have no choice but do business with Suddenlink for internet.

Ticket: # 3891978 - AT&T Refuses Broadband Internet Service in Area they Own Exclusive Rights

Date: 3/20/2020 9:39:57 AM

City/State/Zip: Burton, Ohio 44021

Company Complaining About: AT&T

Description

I have lived at (b) (6) for over 21 years. I'm a retired military officer, and have raised four children in this internet desert. Now I have a college student displaced by Coronavirus pandemic. I need to work remotely as well. It's time for AT&T to step up and provide the infrastructure to support broadband services at my address. I have neighbors less than a mile from me who have service. Please direct AT&T to provide these services. There is no other provider in the area.

Ticket: # 3892105 - Usurious Practice**Date:** 3/20/2020 10:50:58 AM**City/State/Zip:** Eureka Springs, Arkansas 72632**Company Complaining About:** Hughes Net

Description

I, like many thousands of other Americans, am working from my home to minimize social contact during this pandemic. My internet service is delivered via satellite due to my remote location and not having access to cable or wired options. HughesNet provides my service. Two days into working from home my service stops working; I have exceeded my data allowance. I was required to purchase more data. This is an unconscionable decision on the part of Hughes knowing thousands of customers will exceed their data due to unplanned usage. They are charging \$9 for 3GB, \$15 for 5GB, \$30 for 10GB, or \$75 for 25GB. If I wish to keep my job and work I MUST pay Hughes more money. They are using our hardship to increase their profits. I only earn \$13.50 an hour before taxes. I bought 5GB and pray it will be enough though I do a lot of work online supporting marketing for a non-profit organization. I expressed my outrage and concern with my customer service rep, who was apologetic but unable to offer more assistance than enough data to go online to buy more. Shameful.

Ticket: # 3892111 - Max available speed for 7-8 years has never changed and is too slow to function in a pandemic environment

Date: 3/20/2020 10:53:08 AM

City/State/Zip: Charlottesville, Virginia 22911

Company Complaining About: Centurylink

Description

We have lived at this address for 7-8 years and have yet to get a speed increase above 7 mb/s. Have contacted them numerous times, and even asked for a time frame just about every year for upgrades and they continue to dodge the question saying "it's coming". MY family is forced to stay at home for coronavirus and we have jobs and school etc where we HAVE to work from home, and I literally can't because the speed is impossible to teleconference on or function with anyone else doing anything online. 7-8 years... And we have yet to get a service upgrade to our area because I guess they don't see it as profitable or a priority, so we have to sit here at home unable to work or function, potentially losing jobs and failing classes? Unacceptable. we are on early 2000s speeds and quality in 2020, and we cannot function.

Ticket: # 3892159 - TMobile false advertising

Date: 3/20/2020 11:10:35 AM

City/State/Zip: Dallas, Texas 75287

Company Complaining About: T Mobile

Description

I saw on the news that AT&T is offering it's customers 60 day extension to help during the COVID-19 crisis. My cell carrier is MetrobyTMobile which AT&T is the parent company. I called my carrier on 3/19/20 to request an extension due to me being laid off. I was told they are not offering anymore extensions. On 3/20/20 I was driving in my car at approximately 9am when I hear a radio ad on 97.9 that TMobile is offering a 2 month extension to help those effected by the crisis. Once again I called MetrobyTMobile. Now I'm being told MetrobyTMobile is a different company than TMobile, and they are no longer offering extensions as of 3/16/20. I was told by an in store agent that Metro was merging with TMobile hence the name change MetrobyTMobile. It doesn't make sense. I am over 50yrs old and live alone I need my phone for health reasons. I was laid off from my job due to the crisis and I having a hard time making ends meet. I just want TMobile to honor the advertisment I heard on the radio this morining because I am in need right now.

Ticket: # 3892177 - Availability of phone service during global pandemic

Date: 3/20/2020 11:21:27 AM

City/State/Zip: Clear Creek, West Virginia 25044

Company Complaining About: Sudden Link

Description

Phone, internet and TV were disconnected due to non-payment on March 20 2020 and bill isn't due until March 27 2020. Broadband and internet have been pledged by Suddenlink to not be interrupted due to inability to pay for 60 days during the coronavirus pandemic. Also during summer months due to their system error my payments were going in another individuals account for their services and my service was continuously disconnected. Was supposed to have been credited in my account for the 3 months this issue went on and that never happened. Also accrued late fees for every service during those months causing my bill to get behind. Arranged with a representative for billing date be on the 3rd day of each month due to the fact that's when I receive my social security benefits as husband and wife are both disabled. Very rude customer service during the months their system was sending my payments to someone else's account saying "maybe you should pay your bill and you'd have services". It wasn't my fault the system did that. They are the only providers in the area and I also know others the same situation happened to. But as of today and getting disconnected; bill isn't due for 7 more days and they pledged not to turn off phone or broadband due to inability to pay during this coronavirus pandemic. Called and services were supposed to be on and only service that they reconnected are internet.

Ticket: # 3892209 - Optimum will not lower my service

Date: 3/20/2020 11:31:28 AM

City/State/Zip: Yonkers, New York 10704

Company Complaining About: Optimum

Description

I have contacted Optimum several times. Their customer service department is extremely hard to communicate with as their command of the English language and understanding seems to be an issue. Once I mention I was to lower my service to an more affordable plan because COVID-19 has financially affected my family they tell me "if you paid your bill you would not have an issue" and hang up. I have made several phone calls and been disconnect each time. I feel it is absolutely a despicable business practice. I am being forced to pay for something I cannot afford.

Ticket: # 3892222 - Coronavirus Spam Calls

Date: 3/20/2020 11:35:45 AM

Company Complaining About: Map Support - Likely A Fake Company

Description

I keep receiving phone calls from a business claiming they work with Google, and using the coronavirus to sell packages of business leads.

Ticket: # 3892390 - 210-493-9399 SPOOF 210-493 #308

Date: 3/20/2020 12:33:20 PM

City/State/Zip: San Antonio, Texas 78231

Description

Seriously, is the FCC going to put a stop to these neighbor spoofs or not? These are particularly troubling during the pandemic.

Ticket: # 3892466 - Cell Phone Service

Date: 3/20/2020 12:54:16 PM

City/State/Zip: Bel Air, Maryland 21015

Company Complaining About: Boost Mobile

Description

I am writing on behalf of my 85 yr old sister who has not had cell phone service from Boost since the 14th of March. She can neither make calls nor receive them. I have tried numerous times online/chat online/telephone; and have not been able to get through. Chat has been disabled, was on telephone on-hold for over an hour. Several years ago I got her a phone in my name from Virgin Mobile. They recently merged with Boost. She has a pay-as-you-go account with about \$105.00 in it. I would like the money refunded so I can get her a reliable phone. I am aware there is a pandemic; however, that makes it more necessary to have a working cell phone.

Ticket: # 3892549 - Phone and Internet Outage/Keep Americans Connected - Children have NO Access to Complete School Work

Date: 3/20/2020 1:16:05 PM

City/State/Zip: Mesa, Arizona 85207

Company Complaining About: Centurylink

Description

The consumer has phone and internet service. However, all services constantly go out when it rains.

Today, when she contacted CenturyLink, she could not reach them. She reached a recording that states that they are trying to protect their employees and she needs to go on line to perform a chat with a representative. The first response was to go through self-help check process which did not assist in any way. When she chatted, with the rep, she advised them that she has no phone service and no internet service. They apologized and told her that she would just need to wait until this whole matter involving the pandemic is over!

She was told there was no end date and when everything settles down, they would get to it. She advised the rep, "Well, I am still expected to make my payment for no service". The rep replied, "I am sorry about that". There was not even an offer for credit. She stated that they never issue credits. Sometimes, after she does call in, the phone will start, "miraculously" start working again. However, as stated, they put her off for three months the last time this happened.

The consumer advised this CAMS that this is totally unfair, her children are now out of school and they need to use the internet and they have no access to landline service, if there is an emergency. She lives in an older part of the city and service is limited to the one provider, CenturyLink.

She stated that she has gone three months without service before, due to the poor condition of the copper wire service. They refused to look at the phone service back then and are using the Coronavirus Pandemic as further excuse not to provide services when consumers now need it more than ever.

She stated that if CenturyLink maintained/repared the lines properly, they would not have these issues with constant outages.

Ticket: # 3892567 - Internet pledge

Date: 3/20/2020 1:21:20 PM

City/State/Zip: Apple Valley, California 92308

Company Complaining About: Frontier Communications

Ticket: # 3892679 - Offensive movie

Date: 3/20/2020 1:52:43 PM

City/State/Zip: Breinigsville, Pennsylvania 18031

Description

At 10:55 am on the television network VH1 a movie titled White Chicks was broadcast. While considered a comedy, this movie does nothing but depict stereotypes and falsehoods about Caucasian people as depicted by African American actors. I find this offensive to good taste, just as equally I am offended by Caucasians depicting African Americans in blackface. Due to the Covid-19 self quarantine I now must try to explain to my 8 year old why those people were being so mean. It is unacceptable to the day's standards. While I don't think this filth should ever be aired again, I would be ok with it at times when my you g child doesn't have to be subjected to it.

Ticket: # 3892690 - Spectrum Free Internet Complaint

Date: 3/20/2020 1:55:10 PM

City/State/Zip: Thibodaux, Louisiana 70301

Company Complaining About: Spectrum

Description

- Consumer has called his SAG office in Louisiana
- Because charter spectrum is offering internet for k-12 students due to coronavirus
- Called to set up the service
- He took all his information and charged him \$118.50 for the first month bill and the activation fee
- They said he would be there on Saturday to set up his service
- On Wednesday hey called they can not set up his service because of an unpaid balance
- They said he owes \$287
- They said they will cancel his order and send him a refund
- Consumer waited 2 days and did not receive a refund
- She went to the store and they said they didn't refund the money they put it towards the money he owes
- They issued a press release that they would offer the internet for students and low income free of charge
- Consumer has been low income for a year
- They took his money and did not give him a refund
- Resolution: consumer would like his refund as well as internet service as promised by the provider on national television

Ticket: # 3892716 - Pricing

Date: 3/20/2020 2:02:03 PM

City/State/Zip: Goodyear, Arizona 85338

Company Complaining About: Cox

Description

On March 8 I received an email from Cox providing a summary of changes I initiated (work order number #(b) (6)), the problem, I didn't request any changes. On March 9, 2020 I contacted Cox, I spoke with an agent in the loyalty department. This agent shared that she was uncertain as to why I received the email. After researching further, she relayed that the promotional offer I was on (when I switched to COX I was a two year promotional offer) expired, as a result, my monthly bill increased. Either she offered or I requested that the promotion be placed back on my account, either way we both were in agreement with promotional offer (confirmation number (b) (6)). She explained that I should "give it a day or two to process".

On March 19, 2020 I contacted Cox to pay my monthly bill which I assumed would be at the promotional rate including taxes and surcharges about 171.00, plus a charge for an event that was purchased, to my surprise the bill was over \$440.00, the promotion was not applied. I spoke with a representative in the loyalty department who explained that the work order was "still being processed", she explained, "normally it takes 7-10 days to process, but it could take longer if they are busy". This was understandable due to the pandemic that we are facing. She was accepting of me paying the normal rate amount of \$171.03, which I did pay. I was with the understanding that the balance would be written off once the work order completed processing.

After making the payment, I spoke with a manager in the loyalty department, Brett, I was actually trying to reach the billing department to explain to them the reason for the partial payment. I explained to him what I have documented here. He took the time to explain to me that the promotion was no longer valid, and that my monthly rate would not return to 171.00. I attempted to convey to him I was expecting my monthly rate to be reduced, as I was promised this rate, I created a family budget to include this rate. I experienced Brett to be non-empathetic and condescending. At one point during the conversation he stated, "I can promise you a Ferrari, you're not going to get it". I terminated the conversation, we were not working towards a resolution.

Today I reached out to Cox Executive Team, I spoke with Josh, I also explained the above to him. He provided me with the following options (1) I could terminate my service with Cox (2) he could work with me to find another plan, it would not be the promotion I was previously on, and the rate would be higher, and not affordable for me. However if I accepted this option he would be willing to waive the balance on my account. (3) He was willing to place me on the previous promotion for one month, to allow time for me to "think things over". I'm curious to know what has happened to doing the right thing. What has happened to providing "average" customer service forget exceptional service. I thought the "bait and hook" tactic was a thing of the past. I am requesting that Cox honor work order number (b) (6).

Ticket: # 3892738 - FCC license should be suspended

Date: 3/20/2020 2:08:38 PM

City/State/Zip: Shaker Heights, Ohio 44120

Description

Fox News has been broadcasting incorrect information regarding the severity of the coronavirus up to, and including, broadcasts as late as 3/15/2020. I do not believe this is an appropriate use of their FCC license. I would like the FCC to investigate revoking Fox News' FCC license given the incredible damage done by their irresponsible, reckless, and dangerous use of the airwaves.

Ticket: # 3892787 - Local channels and Coronavirus

Date: 3/20/2020 2:23:33 PM

City/State/Zip: Trumann, Arkansas 72472

Company Complaining About: Dish Network

Description

I filed a complaint about a year ago, that I had gotten satellite tv and had left the cable company, once I left cable and went to dish network my local channels were Memphis channels and not Jonesboro. The Coronavirus pandemic has proved my point that we need Jonesboro Arkansas channels and not Memphis Tennessee. We can't keep up with what to do in our state because we get a different state local channels. I done talked to the president of dish network and they said it was your area to change our local channels. I plead with you on behalf of my community PLEASE change Trumann Arkansas's local channels from Memphis Tennessee To Jonesboro Arkansas's local channels

Ticket: # 3892809 - Unwanted calls

Company Complaining About: Optimum

Description

I would like my cable company, Optimum by Altice to honor Chairman Pai's launch of Keep Americans Connected Pledge during the CoVid19 crisis. I am currently working from home and stand to lose my telephone, my internet and tv service if I don't make a payment by March 26, 2020 as per the cut off notice I received. This would create an extreme crisis under already extreme current conditions, taking away my ability to earn a living in the middle of this national crisis which has already placed a strain on my finances. I just need courtesy on more time to regain control. I thank you for your time and attention to this matter.

Ticket: # 3892848 - Internet Outage- Performing Maintenance**Date:** 3/20/2020 2:48:29 PM**City/State/Zip:** Chicago, Illinois 60614**Company Complaining About:** Comcast

Description

Comcast/Xfinity has had an internet outage while performing maintenance since 9 am (central), making it impossible to work from home. Unable to go into the office with the ongoing coronavirus pandemic. Original ETA was up to 1 pm (central), then ASAP. Tried to get an ETA through customer service, received a "heavy volume" notice, and then disconnected after several minutes. Given the current state of the world, pretty unacceptable to drop the internet for over half a work day.

Ticket: # 3892974 - poor customer service & run around

Date: 3/20/2020 3:26:01 PM

City/State/Zip: Alton, Illinois 62002

Company Complaining About: Dish Network

Description

I have been a dish customer for years. I put my Dish plan on hold/pause for three months and totally lost my low bill and credits. I have been on the phone to reconnect over two hours and keep getting transferred with reps telling me different stories of why my plan has gone up in price. One rep promised \$10 credits monthly for 4 months, but the next rep did not see this and said it could not be done. Then the next Rep said something different. I want my bill as low as it can be, just like before I paused. The runn around is frustrating and every rep tells you something different. I should have quit instead of pausing and I would be in a better position now during a Pandemic. I want a Low cost bill along with a 1 yr contract (not 4 months) as I ONLY ask for basic channels and the lowest package. I need a Rep that will follow through and give me their word. Not be passed around.

Ticket: # 3893053 - Spectrum (aka Time Warner Cable) Internet Services - Price Gouging

Date: 3/20/2020 3:52:19 PM

City/State/Zip: Hermon, Maine 04401

Company Complaining About: Spectrum

Description

I receive internet services (only) from Spectrum. My March 2020 invoice reflects a 30% increase in the monthly cost of this "service" (previous monthly cost was \$49.99; current cost is \$64.99). Spectrum did not have the courtesy to announce this price increase to their customers in advance.

I believe that Spectrum's internet service rate increase described above should be investigated by the FCC. It definitely appears to me that this rate increase is being done at this time in order for Spectrum to unduly profit from the United States Corona Virus State of Emergency which is forcing upon many United States workers to work from their homes (and therefore to use Spectrum's internet services).

Ticket: # 3893155 - Straighttalk Unreliable and Dishonest**Date:** 3/20/2020 4:19:17 PM**City/State/Zip:** Sanbornton, New Hampshire 03269**Company Complaining About:** Straight Talk

Description

I have had straighttalk since 03/2017. The service in my area has been pretty unreliable during this entire timeframe, making calls drop, messages not send, data not work. Anytime i have to speak to a customer rep they hardly know what im doing keep me on the phone for hours with different issues . straighttalk will not allow me and others to use our reward points. They joined the keep americans connected pledge but have refused to do anything for their customers besides lie and send us all the same useless info. i recieved a pointless update that does absolutely nothing for my financial situation during the coronavirus. They have the same auto reply to almost everyone and can never provide solutions. I have has to sit with a rep on the phone while ahe was at home with her child in the background screaming trying to get my phone number switched which took me over a day and was incorrect. Provide me with data i cannot use ,feed us with lies ,and do nothing for people for are financially unstable or not working. why pledge to something you will not follow. greedy greedy people,a greedy selfish company as well as Total free wireless eho my boyfriend and mother have. Tracfone wireless is unreliable and untrustworthy. I have lost my place of employment due to the coronavirus and i have had no income. i am on state help for food, and my phone service ends TODAY 03/20/2020 and i will be without a phone with service due to no help from straighttalk. I have a 1 year old daughter who i will not be able to communicate with when she is not physically with me or family i will be able to contact in an emergency

Date: 3/20/2020 6:56:47 PM

City/State/Zip: Stafford, Texas 77477

Company Complaining About: Verizon Wireless

Description

last month i got 2 wireless lines from verizon, after 1 month i decided not to continue with 1 line so i didn't made payment for that line, however i paid for another line which i wanted to continue with. after making payment its forcing me to make payment for the number which i dont want anymore and because of that my paid number has been stopped. i tried to contact customer support, no one is coming on phone, then i tried to solve the issue online, no one came to chat window, or theres no option given to me online where i can request to cancel my one number and continue with another. I also tried to contact retail store but they are also closed due to COVID-19. Bottom line im without phone even after making payment on time.

Ticket: # 3893449 - Internet disconnected

Date: 3/20/2020 7:02:35 PM

City/State/Zip: Temecula, California 92591

Company Complaining About: Spectrum

Description

On March 20,2020 my internet was disconnected by spectrum. Service address at [REDACTED] (b) (6) [REDACTED] for none payment. As of March 16,2020 my place of work was shut down at Harrahs Southern California. During this tough time with the state of emergency COVID19. To my understanding that to stay connected my service shouldn't be interrupted, but it did. I had to borrow money with high interest to pay for it. As I have a 3 year old grandson in the home. As spectrum stated on their website there will be no interruption during COVID19 for 60 days. I feel that they are not doing as they said they stated. As I am affected by this so how many more family will be affected by it? Please look into this. Thank you.

Ticket: # 3893458 - COVID19-special person denied COVID promo

Date: 3/20/2020 7:19:32 PM

City/State/Zip: Columbus, Ohio 43209

Company Complaining About: Spectrum

Description

When I called earlier and spoke with Paul at 6:30p 3/20/20, he said I was too late for the COVID special and the best he could do was try to refund me \$64 (that I paid for the modem kit) on my next bill.

Ticket: # 3893461 - Relay account deleted in error

Date: 3/20/2020 7:19:59 PM

City/State/Zip: Saint Paul, Minnesota 55130

Company Complaining About: Sprintip.com

Description

Hello, I have a speech disability. Recurrently, Sprintip only trains its agents to recognise deaf/blind people using its services. Recently, after identifying as speech-disabled my account was mysteriously deleted after I have used this service way back to around 2016 or 2017. I provided plenty of proof of my speech disability. I asked SprintIP.com to reinstate my access to the service due to my severe medical needs including appointments that I have to change or confirm due to the Coronavirus and clinic closures. Despite telling them how serious it is and why I need to have their error in deleting my account fixed by reinstating my access, Sprintip.com has taken no action to expedite or even resolve my request. As a result, I am unable to make and change medical appointments in the middle of the pandemic that affects medical scheduling. I have a severe disability affecting my speech which causes pain and breathing issues while attempting to speak. Sprintip receives money from the government to be a crucial accessibility aid for speech-disabled people like me.

City/State/Zip: Portland, Oregon 97209

Description

The continuing presentation of misinformation about the Covid-19 virus, by unknowledgeable and political sources, including Donald Trump, endangers millions around the world.

Ticket: # 3893718 - DMA rules effect residents during national emergencies

Date: 3/21/2020 8:46:58 AM

City/State/Zip: Millfield, Ohio 45761

Company Complaining About: Dish And Direct Tv

Description

The pandemic is highlighting the need to change the rules governing Satellite TV providers. Current DMA rules are preventing people from getting real time detailed information from their state leadership. Rural America lacks internet service, cable TV service and over-the-air broadcast reception. For example, in Athens County Ohio over-the air reception is extremely limited, Direct TV provides West Virginia stations, and luckily Dish provides Columbus Ohio Stations. In Meigs County Ohio you can receive West Virginia stations if you live on a hill top, but both Satellite providers only provide West Virginia local channels. With the move to digital over-the-air broadcast you either have a great picture or none, at least with analog you could receive a scratchy picture. This makes satellite tv even more important and residents deserve to receive local tv channels from the state that governs them, especially when we are paying for the service.

It's time to change the rules to match the needs of the people and not for the convenience of business.

Ticket: # 3893753 - Spectrum Forcing Cash Payments in Person Even During COVID-19 NY Rules

Date: 3/21/2020 10:23:24 AM

City/State/Zip: Cazenovia, New York 13035

Company Complaining About: Spectrum

Description

Two months ago Spectrum restricted my residential account to "cash only" payment status due to banking issues on my end that I accept responsibility for. This disables the ability to pay online by debit or credit card and requires payment at a Spectrum store or Western Union enabled store in person. This is not acceptable during the COVID-19 NYS restrictions now in place. I communicated my complaint with Spectrum support in a 2 hour discussion that went to higher level supervisors without success. I am a high health risk person for Coronavirus and simply want to pay my bill online and am being denied, putting me at risk. There are many other customers in this same situation. Please help. This is NOT how the Governor of NY wants me to pay my bill.

Ticket: # 3893795 - Internet Outages lasting more than 24 hours

Date: 3/21/2020 11:13:48 AM

City/State/Zip: Grapevine, Texas 76051

Company Complaining About: Frontier Communications

Description

I live in a Frontier FiOS provided service area. They reported a service outage initially but 24 hours later, my service is still not restored. Frontier claims the Service outage has been restored but my Internet service is still down. I have to go to the office to work even though due to Covid-19 concerns, my company recommends working from home. Frontier should recognize that they provide an essential (utility) service and should improve their response team to solve these problems. It is inconceivable that with today's technology, their product does not have redundancy built into it.

Ticket: # 3893863 - TV channels refusing to carry daily National Coronavirus Updates

Date: 3/21/2020 1:01:19 PM

City/State/Zip: Starke, Florida 32091

Company Complaining About: Comcast

Description

Dear FCC,

The TV networks need to be reminded that they serve in the public interest, and they do not get to pick and choose whether they will carry National emergency response information such as the Daily Coronavirus Updates. They are trying to make a political statement by refusing to carry the briefings, but these briefings are for the public's safety and protection in a time of National crisis.

Description

Ask about 15-20 minutes ago spectrum Ashtabula Ohio shut down my internet and my landline phone trying to get ahold of somebody there and I will wait my husband's company was affected by the coronavirus

From my understanding I thought that spectrum Time Warner has said for the next 60 days there would be no shut offs obviously that's not the case here at least in my house thank you I just want somebody to look into the situation I don't have cable I only have a cell phone so how am I supposed to keep abreast of all this again thank you

Ticket: # 3894007 - Corona Virus update hysteria

Date: 3/21/2020 3:13:16 PM

City/State/Zip: Magnolia, Ohio 44643

Description

While listening to mix94.1 canton, Ohio, I was feeling anxiety over the news segment. It wasn't because of what was being said, but because of the Horror film organ music that was playing in the background. I was pissed because of whoever produced this segment purposely escalated the anxiety just by the mood music that was subliminally in the background. I called the radio station to air my concern. They said they probably got from some other news service. The next day during the corona virus update, they used some sort of ghetto bass beat that was bump-bump-bump that was playing from an 80s boom-box. Is there any way the fcc can say "give us the news, no music, no background noise" and stop the drama. Thanks

Ticket: # 3894060 - Billing from phone company deferred due to CoronaVirus

I have been out of work due to CoronaVirus and cannot pay my phone bill. My service company metro pics has chosen not to give me an extension and our governor Larry Hogan said our phone Bill's would be deferred due to us dealing with the CoronaVirus outbreak.

Ticket: # 3894077 - Internet service disconnected

Date: 3/21/2020 4:30:23 PM

City/State/Zip: Baton Rouge, Louisiana 70898

Company Complaining About: Cox

Description

Cox has disconnected my internet services after it was reported on March 13th that Cox pledged not to disconnect residential services for 60 days during the pandemic. On Friday, March 20th at 11:00 pm, my service were disconnected, in direct violation of the FCC's Keep America Connected Initiative.

Ticket: # 3894098 - COVID-19 Doomsday prepping caused by local news Los Angeles

Date: 3/21/2020 4:50:55 PM

City/State/Zip: Reseda, California 91335

Description

I would like to submit this complaint on behalf of the citizens of the San Fernando Valley, before the announcements of social distancing and the information regarding the COVID-19 pandemic local news programs created a mass hysteria almost as dangerous as "War of the Worlds" radio propaganda, causing mass panic doomsday prepping. All stores are sold out of every toiletry, the food is sparse and the shelves are not replenishing fast enough nor are they stocking enough for all customers. I have been searching for 4 days to get groceries and toiletries for my family. I am a first responder EMT and I take care of my dad who is a senior citizen. I am not able to provide my family with the basic needs to sustain life. I can't even order any goods online to be shipped within a timely manner. Amazon is out of stock until May for the basic needs to survive.

This mass panic caused by the media has endangered more lives than COVID-19, their lack of responsibility in providing accurate information and source/fact checking has obviously disappeared in the news. They have completely violated my constitutional rights to life and are impinging on my God given rights. I believe every news station/corporation should be fined 10 million dollars for the disservice they have provided to the community.

Ticket: # 3894101 - Data caps during the "shelter in place/social distancing" due to COVID-19

Date: 3/21/2020 4:53:00 PM

City/State/Zip: Elberton, Georgia 30635-3862

Company Complaining About: Elberton Net (city Owned)

Description

I live in a rural area, and we have only ONE choice for internet services. They cap data at ridiculously low amounts. Now, with school children and college students needing online classes as well as smaller children at home wanting to watch Disney/Netflix, etc., the problem is compounded. Someone already asked the city-owned service to lighten the caps, but the only response was they could pay for the higher-priced program. My internet and cable provider is Elberton.Net in Elberton, Georgia. While other internet providers are offering service free for the next 60 days due to the pandemic, our provider will not budge. The President has asked us all to make sacrifices, and we are. Businesses (who will continue to get the premium we were already paying--for me \$180.00 a month with no premium channels as well as having an illness that make me more likely to contract the virus--should honor this request. I am on a fixed income, and I can't afford \$100 a month for internet only (which I would have to pay to get more data). I do have unlimited data on my cell phone, but if you smart-cast from phone to TV, it still uses the router and uses data.

If there is anything you can do--just as simple as asking them to allow 25% additional data until the crisis passes--it would be greatly appreciated.

Ticket: # 3894120 - Man on TV is saying to take Malaria med with other drug.

Donald Trump is suggesting two different pharmaceuticals to combat COVID-19 without scientific research based on heresy. My elderly neighbor believes him, this is very unsettling. Make him stop lying.

Ticket: # 3894124 - SiriusXM Does not allow cancellation

Date: 3/21/2020 5:48:02 PM

City/State/Zip: Bondurant, Iowa 50035

Company Complaining About: Siriusxm

Description

SiriusXM has a business model that assumes you're going to continue service and send you a bill for the year. It doesn't allow you the option to cancel ahead of time. When I called they were impacted by COVID-19 and there wasn't the option to cancel online or on the phone the only option I had was to continue to hold and after over 30 minutes nobody answered. They continued service is \$74.57 more a year than what they charge a new customer. I understand things are not fair but that's serious gouging and they don't even offer you a way to cancel. I would like to have my account canceled and not be charged a dime because I do not want to service any longer and have no way of canceling it because they're impacted by COVID-19. Thank you for your time.

Date: 3/21/2020 7:37:54 PM

City/State/Zip: Okmulgee, Oklahoma 74447

Company Complaining About: Sudden Link

Description

Sudden Link is my internet provider, and has been for years now. For the last four of five years (I've lost count) my internet service is lost when it rains, sprinkles, or drizzles. I've contacted Sudden Link multiple times (chronic problem) and now have tried again, and the technicians and line techs all agree that I have loss of service when it rains. However, Suddenlink is failing to correct the issue by providing a new line required to fix my internet service when it rains. This information has been explained to me in detail, and I was told that a temp line needs to be put in while a new line is awaiting. I was told a temp line could be put in about 1-3 days (Sudden Link has failed to put in the temp line) and the line does need to be replaced due to water getting in the line. I am not seeing any movement by Sudden Link after years of going round and round with them when my service is lost. I'm now being sent home by my employer due to the COVID-19 virus and need to work from home. I require internet service to do my work. Please help!

Description

We are in the midst of a national- worldwide situation with the Coronavirus. MSNBC is criticizing the current administration at every point in the process!!! The current administration is working hard to try to contain the situation- and all other parties need to be co-operating- not criticizing!! MSNBC has been and continues to be a non-supporter of President Trump. I call on the FCC to SHUT DOWN this network!!!! It is fine to dispute in normal times- but these are times where every American citizen need to be a supporter to try to defeat his virus!!!! Shut down MSNBC until they can join the team to defeat this bad situation!!!!

Ticket: # 3894436 - Toyota Tundra ad featuring two ducks, early morning fishing, bon appetit appearing every hour on kHz, abc morning news that is reporting on coronoviru

Date: 3/22/2020 12:23:11 PM

City/State/Zip: Spokane, Washington 99224

Description

Toyota Tundra ad every hour on abc tv, and the ad is bullying with two ducks, bon appetit, and "early morning fishing" verbage. We are in a coronavirus epidemic which requires the Army corp of engineer and oversight of our government so I think this Japanese ad might be offensive to all the veterans serving in the military. After all, we fought World War II, celebrated D Day in France and do not need to see a Toyota advertisement with two ducks and early morning fishing. Who are the two ducks? Steven Teraoka Spear Tower San Francisco California or Linda Denall, an agent of the Japanese on United States soil, or one of the little monsters of Steven Teraoka at the top of Nordstrom San Francisco California. Who are the two ducks? The Aflac ad on television, Linda Denall (possibly an agent of the Japanese on United States soil, or the itos planted in Fallon, Nevada during the 1950's? Its offensive and this Toyota Tundra ad is every hour

Ticket: # 3894468 - Systemic consumer exploitation without prior notification

Date: 3/22/2020 1:01:28 PM

City/State/Zip: Forest Hills, New York 11375

Company Complaining About: Rcn Corporation

Description

I have been using RCN Broadband services since early 2018. Back then I signed up for broadband + phone connection for ~\$80. Since then they have been increasing the price of the service without any prior notice. After a year, the price jumped to ~\$102. Beginning January 2020, they again pushed up price to ~\$106 and finally in the most recent March 2020 bill, there was a price hike to \$125! All this time, the price increase was allocated under "Bundled Services". I have been routinely providing service payments on autopay. While the business has the right to increase cost of services (although a 20%+ is outrageous over a span of 12 months), the consumer should also has the right to be notified ahead of time. This price hike unfortunately happened in the midst of the coronavirus crisis. I am afraid even if I want to cancel services and install from an alternative provider, it might not be possible at this time. I feel somewhat trapped under the circumstances.

Ticket: # 3894482 - cox communications

Date: 3/22/2020 1:17:15 PM

City/State/Zip: Phoenix, Arizona 85023

Company Complaining About: Cox

Description

I am emailing to let you know the pledge so many companies agreed to that they will not shut off services at this time, for 60 days due to the pandemic have been dying to you and the public.

Cox communications promised as of march 13 not to shut off services. In our area and especially my employment we were impacted since the first week of March. The choices are rent, with very little income coming into the house as no one has set up any relief for renters and we will need every penny that is not food available to keep 4 adults and 2 babies from being evicted as of the first of April. On March 14 my services were shut off on the day 2 of us were to start work from home. while 2 were looking for work as the jobs had stopped.

A call was made to cox communications and they explicitly said they are not keeping services on 60 day. During the 60 days they are willing to waive fees. After an argument and a plea they turned services back on but failed to give any other guidelines. On March 22 today they shut off services again and no one is in an office to speak to. the chat person gave me a list of qualifications I need to meet. like, services not be shut off before march 13. which I believe the 14 and the 22 are both after the 13th.

Also anyone past due before the announcement doesnt count. I was past due by 4 days. wasn't due to be shut off yet. Now this pee on is refusing to turn services back on and we cannot work or look for work and have 2 screaming toddlers home that cannot be distracted long enough to figure this out.

Ticket: # 3894666 - COVID-19 Phone SCAM

Date: 3/22/2020 6:33:49 PM

City/State/Zip: Sherman Oaks, California 91423

Description

A woman called me from (949) 431-2095, an Irvine, CA, number. She said that due to COVID-19, her timeshare resort was extending offers to stay at a resort for 18 months in the future after the virus was gone, at a really good deal. She knew my name and that I had stayed at a resort in the past. She kept asking me for my email, home address and said she would need my credit card number. I realized it was a scam when she couldn't give me a valid name of her timeshare resort. I hung up without giving her my credit care number, but others very likely are being scammed. Please disable that phone number, although they have probably moved on to a new phone number. And can you please get out the word about timeshare scams related to COVID-19? Thank you.

Ticket: # 3894673 - Threats Made To My Elderly Grandmother Using Family Members' Phone Numbers

Date: 3/22/2020 6:49:17 PM

City/State/Zip: New York, New York 10128

Description

To Whom IT May Concern,

During this pandemic, it's crucial that vulnerable people, such as my grandmother, are able to speak with their families and arrange delivery of food and supplies. Unfortunately, a person known to us has decided to spoof our family's numbers including my own and inundate my grandmother with phone calls and emails from fake email accounts. I spoke with 911 and they insisted that there is nothing they can do, even with the offender's name and address.

Please help us stop this person from harassing my elderly grandmother. I can provide more information over email or phone.

It's up to \$55,000 so just give me a call and we can go over the details. My number is (b) (6). Call is from Calhan, CO (719) 347-6923

Ticket: # 3894705 - No cell service for family practice doctor - fraudulent sale of service

Date: 3/22/2020 7:46:57 PM

City/State/Zip: Granbury, Texas 76049-8907

Company Complaining About: T Mobile

Description

As a Family Practice provider serving a medically underserved rural area, I am notifying you that there is a local cellular service provider selling services, I believe, fraudulently. Our local T Mobile store employs people who persuaded me to purchase their services along with new iPhones under the guise of 5G service. I live in a community in rural Johnson County, Texas outside of Granbury where cell service is spotty at best. Last fall, a cell tower was erected in our community, and the T mobile staff began telling customers that T Mobile owned the tower, and that on December 6, 2019, they would turn on the tower, and everyone would have 5G cell service all over Pecan Plantation. This did not happen. We have talked to the local employees, and the corporate employees, and have been advised that we do not have cell service at our home or anywhere in our community. They have also admitted they were told to tell people who live in Pecan Plantation that the tower would be T Mobile's, and we would have excellent service, but knew that was untrue as they were telling us.

In light of the current health situation with COVID-19 in our country, it is imperative that I have good cell service coverage. Both of our local hospitals are at least 30 minutes from my house and if I or one of my colleagues has to go under 14-day quarantine, we must all be able to communicate with one another in real time! I have put up with this bad service from T Mobile for 4 months, but cannot continue to do so in light of these issues. I was told they were erecting a tower near here, but with the situation in America under seige as it is right now, I don't see erecting a cell tower in rural Texas as being "essential."

I have talked to the staff at T Mobile and they have advised they will let us out of our contract, BUT we must pay for the new phones and tablet they offered us when we signed up for their services, before they will unlock them for us to go with another service (to the service that actually has service on our tower). It is my opinion that they should give us the phones and tablet and unlock them to enable us to leave since we purchased them under false pretenses in the first place. If you call their store today, they will tell people who say they live in Pecan Plantation that T Mobile owns the tower, and the resident will have good service. This sounds a lot like fraudulent trade practice to me! I think they should refund every penny we have paid for "service," pay for the phones and tablet we purchased, and unlock the phones so we can go with a carrier that will service our area. They absolutely must stop telling people who live here that they will have service when they clearly do not. We have many octogenarians whose lifeline is their phone, and they are getting ripped off in the name of profit.

I know the employees at T Mobile would want me to be transparent and honest with them if I were discussing a diagnosis with them in my clinic, and I don't think it's asking too much for them to be open and honest with me about cell service, especially when lives could depend on my ability to send and receive phone calls.

Thank you for your assistance in this very important matter.

Ticket: # 3894710 - MetroPCS shut off

Date: 3/22/2020 8:02:14 PM

City/State/Zip: Chester, Pennsylvania 19013

Company Complaining About: Metropcs

Description

I asked MetroPCS for an extension due to unemployment/coronavirus issues and they have shut off phone service. I have a legitimate need for service as do many others during this national emergency

Ticket: # 3894719 - No internet service.

Ticket: # 3894787 - Fox 2 KTVI St. Louis misleading and possibly inciting panic

Date: 3/22/2020 10:28:20 PM

City/State/Zip: Festus, Missouri 63028

Description

On 3/22/20 at approximately 9:15 PM Fox 2 KTVI in St. Louis stated that a Crystal City based contractor died from COVID-19 but failed to specify the state. The contractor was a DOD employee and based in Crystal City, Virginia not Crystal City, Missouri as the station implied. This is grossly negligent and will possibly lead to people in my community to panic and believe a local resident has died without any notification from the County Health Department that there was an active case in our county. I called the station to request a correction but they could not have seemed less interested.

Ticket: # 3894913 - Tom Barnard - KQ92 - Minneapolis St Paul

Date: 3/23/2020 8:25:30 AM

City/State/Zip: Brooklyn Park, Minnesota 55428

Description

Mr Barnard is fearmongering and spreading false information in light of this pandemic. He is saying that because of "the impeachment" no one did anything about the coronavirus. His diatribes are misleading and hateful. His behavior has deteriorated over the last several month and his racist rhetoric is problematic. The parent company, Cumulus Radio, apparently has no problem with his behavior.

He needs to be taken off the air, or at least investigated.

Thank you.

Ticket: # 3894918 - telephone Jamming

I reported to the police, but they said your agency has to investigate but did not want me to confront neighbor. the neighbor lives at (b) (6), and is recluse. we never see him. he is angry and especially at neighbors at [REDACTED] who he shares a common wall. He says they are loud, and i believe he is jamming their phone. and it affects me. the situation is worse now with the pandemic. it is hard for me to work when my phone is jammed. my cell is [REDACTED] (b) (6).

Ticket: # 3894977 - Forced service upgrades in order to increase monthly service fee

Date: 3/23/2020 9:37:00 AM

City/State/Zip: Jackson Heights, New York 11372

Company Complaining About: Spectrum

Description

Reached to Spectrum representative to clarify why my monthly service fee will increase 20% - he immediately suggested that my previous discount has expired and while the price will now be higher, they can offer a special pricing for an increase in my internet speed.

Suggesting to upgrade the internet speed or to add cable service, without being requested to do so by the customer, is clearly a mechanism that Comcast representatives are using to increase the monthly service fees.

Specifically, they would offer a different, "enhanced" product (faster speed in this case) on a special price for few billing cycles, after which the monthly fee will go up to whatever is the "official" rate; when I reach to them, I am told the same - the price cannot be reduced but they can increase the speed.

It is also notable that this is happening while I am forced to work from home because of the COVID-19 restrictions. Also, Spectrum is the only service provider in the area (Verizon has only DSL service which is too slow for a home office connection)

Please reach to me if you have any questions.

Sincerely,

(b) (6)

Ticket: # 3895021 - Unwanted text messages

Date: 3/23/2020 10:09:13 AM

City/State/Zip: Franklin, New York 13775

Company Complaining About: Unknown

Description

I keep getting scams from different adds and phone numbers, but the same context. When I block a number the next day it will be the same context but different number then I will block that number, then the next day, and so on and so on. The scam promises one thing and charges another amount, using logos like GOOGLE and VERIZON.

Ticket: # 3895034 - Interference With Text Communication

Date: 3/23/2020 10:17:01 AM

City/State/Zip: Virginia Beach, Virginia 23451

Company Complaining About: AT&T

Description

From the time I was assigned a new telephone number by ATT, I have been unable to receive text messages communication from certain family members and friends who have androids. I am able to successfully text them, however; I am unable to receive their text messages. The only way I am able to receive text messages is when they participate in group chats with me with other Apple users. This has been ongoing for some time and no one is able assist or provide me an explanation. I am a mom and disabled veteran and unable to communicate with family during a pandemic and no one can explain why ATT or APPLE will not fix the problem or provide disability accommodation communication assistance.

Company Complaining About: Straight Talk

Description

Straight Talk via Tracfone is refusing to keep service on for customers during this COVID19 crisis. After numerous contacts with them.trying to discuss this, they still shut my service off. Now I have no way to contact my elderly disabled parents.

Ticket: # 3895074 - COVID-19 phone service disconnected. False advertising.

Date: 3/23/2020 10:32:53 AM

City/State/Zip: Brooklyn, New York 11203

Company Complaining About: Simple Mobile

Description

Good morning, I have been out of work due to COVID-19. I have service through Simple Mobile, my payment was coming due 03/22/2020.

I was greatly relieved when I received a text message on 03/21/2020 with a link to the website informing customers they would have service available until 04/19/2020. This morning my service was disconnected and I am being told that I need to make a payment to restore service. This is misleading information and leaves a lot of customers thinking they will have security during this time.

Ticket: # 3895077 - Loss of TV broadcast

Date: 3/23/2020 10:33:42 AM

City/State/Zip: Onsted, Michigan 49265

Company Complaining About: Comcast

Description

I need your help once again. In February I asked for help to re instate local stations. They have said they will not be returned. I ask this time for their help to re instate the stations while the Corona Virus situation exists. We were given WTOL out of Ohio to cover Michigan local news. All we get is the Michigan death count.

Please help.

Ticket: # 3895130 - Slow Internet Speeds Marketed as High Speed**Date:** 3/23/2020 10:55:30 AM**City/State/Zip:** Danville, Pennsylvania 17821**Company Complaining About:** Verizon

Description

Hello!

I'm reaching out because I am a current university student who, because of COVID-19, has to stay home and do classwork online through platforms like Zoom. I have always known my WiFi was slow, but this became a large problem when participating in video-chat style lectures was next to impossible. I looked into my family's WiFi plan through Verizon and learned that we were paying for a plan marketed as "high speed internet" but a customer service representative informed me we would only receive about 3-7 Mbps in download speeds. Moreover, I did WiFi speed tests on several different devices and received a signal of no more than 1.5 Mbps download and no more than 0.35 Mbps upload. My understanding is that in order to be marketed as "high speed internet", a service needs to offer 25 Mbps download and 3 or 4 Mbps upload. An answer to this problem would be much appreciated, due to how hard it is to complete my classwork at this time and the lack of availability of coffee shops and libraries where I can use free public WiFi.

Best

Ticket: # 3895141 - local news

Date: 3/23/2020 10:57:56 AM

City/State/Zip: Morgantown, West Virginia 26508

Description

I live in Morgantown, WV. A few years ago you took away our access to local and state news with WBOY and lumped us in with Pittsburgh Pennsylvania local news. Going through this pandemic and not having access to our state and local news on television as well as news conferences by our governor is unacceptable as a paying Comcast customer. Fix this problem now! We know when a tornado is in Pennsylvania and not a quarter mile down the road. Ridiculous!

Ticket: # 3895258 - Abuse of private information by Google

Date: 3/23/2020 11:55:41 AM

City/State/Zip: West Springfield, Virginia 22152-3526

Company Complaining About: Google

Description

A veterinary service I regard as negligent and responsible for the death of my pet used Google to send an email blast advertising itself based on Coronavirus. I responded by my email (msn) to stop using my email address and personal info. Since then I constantly receive advs y that veterinary service on Google. Google gives one an immense runaround instead of providing a non-member access to complain about advertising abuses by its members, such as that veterinary service. That veterinary service is Nova Mobile Vet, in Lorton, Virginia

Ticket: # 3895272 - Century Link Internet Issues

Date: 3/23/2020 12:01:41 PM

City/State/Zip: Platte City, Missouri 64079

Company Complaining About: Centurylink

Description

- The consumer has internet Centrurylink.
- The consumer gets internet service about 20% of the time at most.
- The consumer states he has notified Century Link of the issue and they don't come out and fix it.
- With the pandemic going on his children are unable to get internet and its needed for any emergency situation.
- The consumer doesn't have good availability.
- The consumer states from 9pm-10am the Internet doesn't work at all.
- The consumer wants to have good internet availability at his home, as soon as possible.

CTR-415

Ticket: # 3895290 - Billing at Comcast

Date: 3/23/2020 12:11:34 PM

City/State/Zip: Salt Lake City, Utah 84104

Company Complaining About: Comcast

Description

I have been laid off at my job due to Covid-19. I have been getting all of my affairs in order to deal with this lay-off. One of the most pressing things I have been trying to deal with is my Xfinity bill, which has gone up an exorbitant amount in the last year and is currently \$89 a month and my most monetarily stressful bill. I have called and waited on hold for a total of 2.5 hours to try and see how this bill can be reduced. Today, the wait time is 3 hours. I live in an area (84104) where we have no other options for internet access or I would have canceled when the bill increased initially. I can not afford to pay this bill as it stands another month but I also cannot get anyone on the phone to see where costs can be cut from my bill. I have looked at my account on their website several times and can't figure it out there either. I need internet to apply for other jobs.

Ticket: # 3895309 - Internet speeds during COVID - 19

Date: 3/23/2020 12:19:46 PM

City/State/Zip: San Antonio, Texas 78256

Company Complaining About: Spectrum

Description

The general news has claimed that internet service providers would bump up internet speeds for no costs during the COVID crisis. Our provider, Spectrum, is charging us for this in San Antonio, TX. They are profiteering from this situation and should be giving us increased speeds at no cost. Thank you.

Ticket: # 3895328 - Suspending service during Coronavirus

Date: 3/23/2020 12:25:01 PM

City/State/Zip: Weirton, West Virginia 26062

Company Complaining About: Straight Talk

Description

Straight talk is turning people's phones off during this pandemic. Most people have lost their jobs through no fault of their own, myself included and do not have the money right now to pay. They need to be forced to keep service on during this

Ticket: # 3895407 - Disconnected Internet Services

Date: 3/23/2020 12:59:14 PM

City/State/Zip: Yemassee, South Carolina 29945

Company Complaining About: Frontier Communications

Description

To whom it concern:

Due to the Corona Virus our school had to close which leaves me to attend classes online. My services was disconnected due to non-payment in January 2020. I understand that Frontier Communications is on the list of companies that signed up to keep america connected. I'm simply asking for re-connection due to having to travel almost 60 miles to attend my online classes. Please Help!!!

Respectfully,

(b) (6)

Ticket: # 3895454 - COX Communications

Date: 3/23/2020 1:14:12 PM

City/State/Zip: Phoenix, Arizona 85003

Company Complaining About: Cox

Description

Hello, I'd like to make a complaint about COX not abiding by the "Keep Americans Connected Pledge". My apartment complex provides free internet, Tier: Business Class. In the last few days, or internet might as well be that of dial up. Some pages are now refusing to load, can't watch any thing about Trump's Addresses about the pandemic. COX has been informed several times, yet these issues remain. My connection is fine. The connection from COX is tainted. Can you help solve this?

Ticket: # 3895477 - Out of State News and Emergency Notifications

Date: 3/23/2020 1:24:00 PM

City/State/Zip: Cortez, Colorado 81321

Company Complaining About: Directv

Description

I live in the State of Colorado, but the news that I get is for New Mexico. With all of this coronavirus stuff going on, I do not get the Colorado rules and regulations regarding the coronavirus. The FCC should REQUIRE that if you live in Colorado, you should get Colorado news and notifications.

Ticket: # 3895500 - Verizon Wireless - Lack of assistance & terminating service amidst COVID-19

Date: 3/23/2020 1:34:55 PM

City/State/Zip: Allendale, Michigan 49401

Company Complaining About: Verizon Wireless

Description

Verizon is NOT adhering to their promises of "keeping America connected" with the FCC and is STILL terminating service to customers who cannot pay their bills due to the mass loss of employment. The only solution they have offered thus far is a "cheaper plan," which is also unacceptable. I currently cannot make calls or receive text messages because of this. It is an outrage that this is happening amidst this unprecedented national & global crisis.

Ticket: # 3895606 - Comcast Bait and switch

Date: 3/23/2020 2:09:40 PM

City/State/Zip: Buckley, Washington 98321-8750

Company Complaining About: Comcast

Description

The Coronavirus school shutdowns forced me into a position in which I needed to upgrade my internet so my children could go to school online. I do not personally care about television but I opted for TV & Internet combo for my in-laws. The service I received has been terrible, they have bumped up the fees twice, I still am not receiving a signal to my 2nd TV, and they want me to pay more monthly charges to to get it working. They took advantage of the health crisis to make more money. I would like my service to be provided without being gouged.

(b) (6)

Ticket: # 3895607 - Charged for entire month when cancelling on 1st day of billing cycle

Date: 3/23/2020 2:09:51 PM

City/State/Zip: Murrieta, California 92562

Company Complaining About: Frontier Communications

Description

We are moving out of our home, and need to cancel service. With everything that goes on with canceling services, and the CoronaVirus mayhem, we did not cancel the service on the last day of the billing cycle.. We called today, Monday, March 23rd, as we were not able to get ahold of anyone on Sunday March 22nd at Verizon FIOS to cancel that day, the last day of the billing cycle.

Calling in today, Monday March 23rd, we successfully cancelled service, but are being told that they will not prorate the service.

I then called back to attempt to change my services to the lowest possible levels of service to see if they would prorate that at least, they Frontier FIOS refused.

So I get to pay \$142 or so, for a month of service that I won't use. How is this even allowed to happen? I don't care if it is "Company Policy", this is an unethical business practice that the FCC should NEVER allow to happen. When someone is selling a house, moving, etc, there is many things happening, during this time, one should have to worry about these type of predatory billing practices!

This problem can be solved by Frontier Communications NOT charging for the entire month for services I will not be using.

Ticket: # 3895633 - Harrasment for payment under high pressure tactics

Date: 3/23/2020 2:18:29 PM

City/State/Zip: Mesa, Arizona 85211-1137

Description

Verizon wireless at their descreption replaced a damaged device with a Un damaged device and then requested the return of the damaged device with in 5 days. Data Transfer took longer than 5 days to complete. Verizon wireless threaten me with charging full retail for a damaged device \$1100.00 if device was not returned. Damaged device was returned and then Verizon ask me to pay the repair cost! \$299.00

I ask if they could return the damaged device after I paid the repair cost! They denied this request and said that they would be sending the repaired device to another customer at my expense! They refused to return damage device with or with out repairing it me! They began to demand \$299.00 payment by repeatedly harassing me over the voip line! Under this demanding pressure they offered me a reduction of \$100.00 off the \$299.00 which I did pay \$199.00. Since this time they have repeatedly tried to recover the full \$299.00

My regular monthly bill was agreed to be \$155.00 which constantly changes and the most recent payment was \$170.00

Verizon wireless has now sent me a letter terminating my service with the threat of collection cost unknown presently! Because of the cornavirus they have been un reachable by text or voip to manage final exit procedures and have threaten me if I did contact them!

I stated that I did not have a problem paying the \$299.00 to have the damaged device repaired if they would return repaired device back to me! They abruptly declined! I am being forced against my will to exit during a pandemic which is creating very difficult situations communicating period.

Thank you for reading my text message, any assistance on your part would be appreciated.

replacement device

Ticket: # 3895634 - AT&T overcharging for service

Date: 3/23/2020 2:18:30 PM

City/State/Zip: South Bend, Indiana 46615

Company Complaining About: AT&T

Description

My bill is \$100 more than it is supposed to be. This is a recurring issue. The only way I've been able to resolve it in previous months is via the manager in my local store. He cannot get into the account now because the store is closed due to the pandemic. My bill is due on Mar 25. I cannot afford an extra \$100... in the middle of a pandemic, no less. I have called Loyalty, no help. I've been transferred to Unified, and my call has been disconnected twice. Over an hour into this today and more than 10 hours on the phone with the company in the past 4 months, not counting time spent in the store (approx four hours).

Ticket: # 3895679 - NJ 101.5

Date: 3/23/2020 2:35:34 PM

City/State/Zip: Lake Hopatcong, New Jersey 07849

Description

Today 23 March 2020 at 8:45 am on radio station NJ 101.5 the host Bill Spadea was actively discouraging people from following national and local orders on mitigating the spread of coronavirus as well as propagating false information and conspiracy theories. This outrageous and indecent behavior poses a clear and present danger to public safety.

Ticket: # 3895721 - KACP

Date: 3/23/2020 2:46:17 PM

City/State/Zip: Kingsburg, New Jersey 07734

Company Complaining About: Optimum

Description

Consumer works in the restaurant industry.

He is currently without a job due to the coronavirus pandemic.

Optimum turned his internet service off this morning.

Consumer called the provider and they claimed they will not turn it back on until he pays.

Consumer believes this is a violation of the KACP they agreed to.

Ticket: # 3895777 - Issues with calls, false payment plan

Date: 3/23/2020 3:05:13 PM

City/State/Zip: Broomfield, Colorado 80020

Company Complaining About: Comcast

Description

This is my second complaint on this issue. It happened again and I still have not heard back from Comcast. I get 10-18 calls a day from Comcast. They blame it in the autodialer. The minute I pay my bill which has been running late due to inconsistencies with Bill as well as personal problems.

Currently a broken ankle, am already sick spouse who was tested for COVID19. I went to pay my payment arrangement and they doubled it. Yesterday the 22, I spoke to a very helpful rep who also saw that my payment kept changing and thought it was an issue as well. I can never get consistent friendly help from management and need somebody to deal with the ongoing issues with this case I've filed FCC complaints I filed Better Business bureau complaints still nobody calls back. If they could email me with a phone number I'll happily call them back.

Ticket: # 3895780 - Local news

Date: 3/23/2020 3:05:53 PM

City/State/Zip: Canadensis, Pennsylvania 18325

Company Complaining About: Directv

Description

I'm writing to complain about the lack of local news available to people living in pike county Pennsylvania. We are told that we can only have New York news channels and not local ones like Wyou, wnep, or wbre. This is a safety concern especially now with the COVID-19 pandemic. We can't turn on the tv and receive up to date information and announcements from the governor because we only have access to the New York news channels. The news that is covered and available to us pertains to a region over a hour away! When school is in session we can't turn on the news and see school cancellations for our area. We can't access weather information or warnings via the news. I'm requesting that you give access to the local news stations (WNEP, WBRE, and WYOU) to residents of pike county as soon as possible so we can be informed during this pandemic as well as after it clears up. Thank you!

Ticket: # 3895798 - Boost Mobile is not allowing me to port my phone number

Date: 3/23/2020 3:09:54 PM

City/State/Zip: Elgin, Illinois 60123

Company Complaining About: Boost Mobile

Description

I recently decided to switch from Boost Mobile to Mint Mobile, but Boost Mobile will not provide me with my account number to keep my phone number.

The account number is no longer available for me to view online, and both their online chat and phone support have seemingly been down since the Covid-19 crisis started.

With their stores all closed in my area due to the "shelter in place" mandate, I have absolutely no way to get in touch with them.

They are effectively holding my phone number hostage. My account number used to be visible on their website, I'm not understanding why they changed it so that it's no longer there.

I would like someone from Boost to contact me with my account number as soon as possible (or at least give me a method by which to submit a request for it that will eventually be addressed).

Ticket: # 3895814 - Verizon threatening to cut off services in the middle of a crisis

Date: 3/23/2020 3:14:54 PM

Ticket: # 3895866 - Communication Interference During a Pandemic**Date:** 3/23/2020 3:34:23 PM**City/State/Zip:** Virginia Beach, Virginia 23451**Company Complaining About:** Verizon Wireless

Description

From the time I filed my complaint against Verizon with your agency ((b) (6)), I have been unable to consistently and effectively communicate with Verizon Wireless customers. I feel like I have been retaliated against for reporting Verizon to the FCC and the FCC has failed to protect me from reprisal.

Verizon continues to interfere with my ability to communicate with my friends and members of my family who are Verizon customers and I am unable to receive text messages. This has been ongoing since changing my number and I have worked with both AT&T and Apple, both have determined the issue is with Verizon Wireless and possibly an internal block that is preventing my friends and family from communicating with me.

To date, I have not been advised why my number was restricted from being changed which was the subject of my first complaint with the FCC. Instead of protecting all of these communications Corporations, I wish your Agency would assist citizens who can't afford attorneys and have to rely on your integrity and due diligence to properly handle citizens concerns. No one from your agency wants to assist and everyone is too scared of Verizon to resolve my concerns. I have people who are trying to reach me and are unable. I am a disabled veteran recently diagnosed with cancer and losing my voice. Text message for me is the most effective form of communication and my ability to communicate is being prohibited. Can you please, please, please investigate this matter, I need to be able to communicate with my family during this national emergency and they need to be able to check on me as I am here alone. Thank you.

Company Complaining About: Dish Network

Description

This is a follow-up to your previous request (b) (6) "Local channel access on Dis..."

I just wanted to let you know because of the FCC's regulations on who can and cannot receive their true "local channels" during this time of chaos with this COVID 19 pandemic you have keep me from watching my local and state updates via television. We also have poor internet connection ruins in our remote area. Therefor YOU have potentially infected more people with this virus, as we are not getting information as quickly as we should be. This is unacceptable. Apparently you only care about your family's well being or you would have made some attempt to correct this before an emergency situation like this happened! I hope you are proud of your mistakes and hope you seriously consider fixing them as soon as possible. I will go as far up as I have to in order to get this changed. When all my neighbors have access to state news and all I have is PA offered, that is a HUGE issue.

[Ticket: # 3895909 - comcast price gouging during covid-19](#)

Date: 3/23/2020 3:49:52 PM

City/State/Zip: Davis, California 95618

Company Complaining About: Comcast

Description

We rented a movie last night and the rental cost was \$7.99, unusually high compared to the regular cost of \$5.99. Seems Comcast Xfinity increased fees abruptly. Please investigate. Potential class action suit.

Ticket: # 3895993 - The Internet Coverage Map is Lying!

Date: 3/23/2020 4:15:27 PM

City/State/Zip: Mebane, North Carolina 27302

Company Complaining About: AT&T

Description

AT&T has yet to comply with making 25Mbps to rural Alamance county/Pleasant Grove area (near Corbett/Byrd Rd) available. Currently, my households and many of my neighbors are only given 6Mbps DSL. There are no other options for internet in this area at all (satellite internet is not strong or even remotely reliable to work from home during the Coronavirus - I've tried every satellite option and is was too expensive and did not allow me to connect to VPN, which is necessary for my work). Can you help to enforce the 25MBps broadband speeds for my home and others? Even the NC Broadband website claims "all of Alamance county's household have access"...but this is not true.

Ticket: # 3896016 - High installation rate - Child needs access for school - Covid-19 issue

Date: 3/23/2020 4:26:08 PM

City/State/Zip: Slinger, Wisconsin 53086

Company Complaining About: Spectrum

Description

(b) (6)

Child is forced to be home and do classes on-line. Need access to cable to get school work done. Currently have dial up with Frontier which is not sufficient to support video work needed for school. Cannot afford the cost to have Spectrum installed. Looking to have Spectrum install cost reduced as Frontier said they cannot increase speed (currently getting 3 mb/sec).

Ticket: # 3896259 - Fee for calling a free conference calling provider.

Date: 3/23/2020 6:26:58 PM

City/State/Zip: Chino, California 91710

Company Complaining About: T Mobile

Description

I am being forced to telework during the on going COVID19 concerns in California.

Just this last week (March 16-20), I called my free conference call phone line for planned meetings and received notification from T-Mobile that I would be charged a \$0.01 per minute fee for calling the free conference line. I contacted the conference provider (FreeConferenceCall) and T-Mobile to verify that T-Mobile is charging the fee.

I have been using this free conference provider for over a year without any issue or charges both from land lines and cell phones. I feel it is unfair to impose these extra fees on customers paying who are already paying for nationwide unlimited calling and text services. This is especially unfair to employees working in the public sector who are trying to remain in service to support the community. Providers should not be allowed to surcharge the network when these tools are becoming the sole resource for "Shelter In Place" procedures.

No telecommunication providers should be able to charge fees to connect to in country conference line providers. If fees have been paid, consumers should be reimbursed the fees.

Ticket: # 3896277 - Coronavirus and Xfinity internet

Date: 3/23/2020 6:57:54 PM

City/State/Zip: New Carlisle, Indiana 46552

Company Complaining About: Comcast

Description

Xfinity is saying they will keep customers connected through GB h the covid-19. But twice my xfinity prepaid internet has been shut off and they will only give me 3 days credit. I tried to sign up for the internet essentials program and was told because I am an xfinity (prepaid) customer I don't qualify. I am out of work because of the coronavirus, and my kids need internet to do school work while they can't go to school. I don't think it's fair and feel I'm being discriminated against because of the service I have. All I am asking for is 1 month credit and hopefully I will be working again.

Ticket: # 3896287 - Internet Service & Bundled Billing - CenturyLink/T-Mobile No Access for Three Students during Pandemic

Date: 3/23/2020 7:08:32 PM

City/State/Zip: Arcadia, Florida 34266

Company Complaining About: Centurylink

Description

The consumer stated that she is retired and raising her three grandchildren. At the present time and due to the Covid 19 Pandemic, they are required to complete school work at home. Their family was issued ONE Chromebook, by the school because it is one per family. This requires constant access, to the internet so all three children can complete their school work. One grandchild is a Senior in high school and will be graduating at the end of the school year, the second grandchild is 15 years old, and the third is 13 years old. This means that they all receive a significant amount of work/instruction via the internet while school is closed.

The consumer stated that they can only subscribe to a speed, that is UP TO 4 Mbps. However, they get, maybe 1 Mbps. The consumer stated that after she had retired, she had attempted to telecommute from home as a paralegal to supplement her income and CenturyLink did respond several times. The consumer was told that this was not possible at her location due to the fact that they have old copper lines that are decaying and the service is limited as it is DSL service. She was told that the speed is not sufficient.

The school is closed, at the very minimum, until April. Therefore, the children cannot even pick up their school work, at this time.

Because the children have not been able to perform their school work at home, she contacted the County Commission and was advised to visit a local McDonalds and sit in her vehicle to use the Wi-Fi service or go to the local Library and use the services there. She stated that she cannot continue to sit in a hot car (They are in Florida), with three children to this. They have the one Chromebook and by the time that they all get their work completedyou are talking several hours8-10 hours or more! They have tried the Library but it is the same issue! She wants the service for which she pays - unlimited 4Mbps so that her grandchildren can complete this year of school. She stated that Fiber stops just before their side of town and it has not been brought out to their location. CenturyLink told her to call the FCC!

She stated that years ago Comcast serviced this neighborhood but no longer do they do so.

She also stated that she has checked into Satellite internet service. However, is is extremely limited in bandwidth.

The consumer has a Hot Spot, from T-Mobile. However, data is capped and she has connection problems and service constantly drops. She was going to try to obtain an extender. However, the location closest to her is now closed and this is no longer possible.

She does not want these challenges/hurdles to prevent her grandchildren from competing their respective grades or her oldest grandchild to be prevented from graduating this year.

She stated that the techs and customer service reps have been very kind, professional, and very nice. This is not the problem. She simply needs more bandwidth so that they can attain higher speeds so the children can have access during this pandemic/the time that the school is closed.

She also stated that because the services became cost prohibitive, (about \$300.00 per month), she changed her bundle. She now has phone and internet. She does pay for a bundled phone package, (Local and Unlimited Long Distance), and then the internet service is a separate package/line item in order to obtain the cheapest pricing. However, she did have a question about paying the Federal Excise Fee because she has Local and Long distance and thought that the Federal Excise tax is charged only in the event that you have stand alone local telephone service ?

The consumer asked what CenturyLink can do in order to provide access to her grandchildren for school purposes/bring updated services to their side of the road, immediately.

She asks that the FCC assist her because of the pledge taken by the telecom companies and the importance of keeping student/families connected during the pandemic.

She also asked that T-Mobile be contacted so that she can determine if they will assist her in obtaining access through the Hot Spot that she has in her possession. She also requested to know if an extender would assist her in doing so ...OR is the speed just too slow to even run the extender?

Either way, she needs one of her service providers to step up and assist in getting her grandchildren connected for the purpose of completing their school work.

Ticket: # 3896364 - Viasat Internet

Ticket: # 3896472 - Broadband Internet Access for Disabled Persons. Only individual without Internet Access in my building.

Date: 3/24/2020 12:30:58 AM

City/State/Zip: New York, New York 10128

Company Complaining About: Charter

Description

I am not a current customer. There wasn't another selection to choose besides that.

I am a registered and a protected class through the US Federal Government, as a Disabled, Low-Income persons, via United States Social Security Administration. I receive Social Security Disability Assistance, as well as Medicare, through the Social Security Administration. Besides Federal Assistance (Medicare & Social Security), I am a part of various state assistance programs via The State of New York. ? As a Disabled Individual living alone, I am part of the most vulnerable and high-risk demographic within the United States Population. I also live in one of the most concentrated population centers within the United States, where Covid 19 (Coronavirus) is spreading, New York City. ? Charter Spectrum provides internet connections to every unit in my building. Every tenant living within the structure has Wifi access, except in my apartment unit. There are three other apartment units on my floor with connections as well, so there is no issue when it comes to proximity to an internet connection within my building. There is not one other disabled individual within this building besides myself, which makes their decision not to allow internet access in my particular unit questionable. ? I am without Wifi during this life-threatening emergency, as I need to connect to my doctors virtually. My Doctors are adamant about me pursuing Charter Spectrum for access to the internet (Wifi) because I will not be able to access them otherwise, which puts me at a higher risk of sickness/death. Even without a global crisis, I am in desperate need of my doctor's care. ? Charter Spectrum committed to the FTC's program as a pledge to keep every American connected during this pandemic. They have broken their promise. Please assist me with getting connected to the internet via Charter Spectrum so I can receive the proper care I need through my Doctors. Attached to his document is proof of service, Charter Spectrum provided to every single unit in my building, except mine. You will notice on page 3, a confirmation notice from Charter Spectrum that specifically points out that Internet Connection is not available at my unit. Every single screen shot listed after my specific apartment unit will display that there is already service at the particular unit listed, because it is available.

Broadband service should be available to all, not just to select individuals because they have a higher income or the "non-disabled" portion of a community. To add, not one person in my building is classified

as low -income, or disabled, yet I'm the only unit without the internet? As a member of the disabled community, a vulnerable group of American citizens dealing with everyday life is hard as it is, and now,

dealing with Covid-19 makes it harder to operate than ever. It is unconscionable how Charter Spectrum is

handling this situation, as they are not permitting broadband internet in my apartment unit. As a person

with minimal resources, Charter Spectrum is taking advantage of their position as a commercial enterprise that answers to no one. Charter Spectrum has chosen to hand-select which units within a

single residential apartment building should get internet and which should not. Also, Charter Spectrum

happens to be the only internet service provider within my apartment building. If Charter Spectrum chooses to pursue the route of monopolizing broadband internet within New York City and the rest of the

nation, it should act more responsibly. Charter Spectrum touts how they are "there" for the people during /

Message to BBB

pypypg this crisis and beyond. They are supposedly here to serve the community and lend a helping hand,

especially during times of crisis. However, they do not assist the needs of the poor/low-income folks, the disadvantaged groups, and the vulnerable parts of the population, when we need it most.

I have enclosed a PDF which displays every single unit within my apartment building, with access to broadband internet. Page 3 displays my apartment unit (1a) proving it is the only unit in the building without cable/broadband internet.

Ticket: # 3896506 - Slowing internet during covid 19

Date: 3/24/2020 6:58:34 AM

City/State/Zip: Briarcliff Manor, New York 10510

Company Complaining About: Optimum

Description

We alway had enough internet speed until this week when all NY has been told to stay home. Suddenly we do not have enough speed to even run one device. When I called Optimum my internet provider they told me I had to pay \$30 more per month and I will lose my package deal. I have a very sick daughter at home and need FaceTime for doctors. I also work in publishing and need to code for my company Consume Reports through a vpn which I can not now access. I have often worked from home under these same circumstances and never had this kind of slowing with my download speed is at 7 and my upload is 0.2. I saw that Optimum was not on the list of companies that had vowed to keep us connected. On my call it was clear that the tech was scripted to get me to buy a much more expensive package. It is so frustrating and this is just a different kind of price gouging. I sure hope the FCC steps in to help at this time.

Ticket: # 3896513 - AT&T Availability Complaint

Date: 3/24/2020 7:44:18 AM

Company Complaining About: AT&T

Description

Hello Chairman Pai,

I hope this finds you well.

Did you know AT&T's pledge to Keep Americans Connected excludes certain plans?

My name is (b) (6) I'm a recent college grad. I work part time. AT&T's Pre-Paid plan is by far the most economical cell phone service for those of us who live paycheck to paycheck.

My service was disconnected today. I requested & was denied an accommodation because the provision outlined below is not applicable to my plan. My ask to a supervisor was for a \$45 temporary provisional credit to stay connected until Thursday 3/26/20 - my next pay day.

I know you're busy Mr. Pai. A nudge from you would undoubtedly move AT&T to do the right thing.

Thanks for your time and consideration.

Best,

(b) (6)

****AT&T Offers Added Relief for Customers****

AT&T is planning on being here to help you stay connected throughout the COVID-19 pandemic. We recognize that staying in touch with your family, friends, school and work has never been more important.

Below are a few ways we're helping consumers, small businesses, and enterprises across the country.

Consistent with FCC Chairman Pai's "Keep Americans Connected Pledge" announced today and concerns raised by members of Congress, which we share, AT&T is proud to support our customers by pledging that, for the next 60 days, we will:

- Not terminate the service of ****ANY**** wireless, home phone or broadband residential or small business customer because of their inability to pay their bill due to disruptions caused by the coronavirus pandemic.
- Waive any late payment fees that any wireless, home phone or broadband residential or small business customer may incur because of economic hardship related to the coronavirus pandemic.
- Keep our public Wi-Fi hotspots open for any American who needs them.

The coronavirus pandemic is causing many hardships. If you find yourself in financial trouble and unable to pay your bill, we're here to help you. Please contact us at 800-288-2020 for AT&T broadband, residential wireless or small business services and 611 from your AT&T device for wireless.

Ticket: # 3896515 - Hughes Net Availability Complaint

Date: 3/24/2020 7:49:34 AM

City/State/Zip: Waco, Texas 76706

Company Complaining About: Hughes Net

Description

****From:**** (b) (6)
****Sent:**** Sunday, March 22, 2020 9:58 PM

****Cc:**** bill.flores@mail.house.gov <bill.flores@mail.house.gov>
****Subject:**** Are You Honoring Your Keep Americans Connected Pledge? / I Need My Internet Service Reconnected

Re: Account Number (b) (6)

Hello,

On Thursday, March 19th, I received a letter in the mail informing me that the automatic HughesNet payment on the last day of February was not able to be deducted from my account and to call your Customer Care office at 866-347-3292. My internet service was disconnected today, Sunday, March 22nd.

I am experiencing extreme economic hardship due to my work hours being cut back to 20 hours per month starting in February because of the coronavirus outbreak. How can I have my internet service restored via the Keep Americans Connected Pledge?

Having the ability to access the internet is critical to me because the few hours I am working each week is now being done remotely. Without having internet access for my laptop, I will no longer be able to make any income at all as long as coronavirus remains a problem, which could last months.

I have spent countless hours on hold to try to speak with a Customer Service representative and have never been able to speak with a representative. I have waited on hold for 45 minutes and then had the Customer Care line push me back to the opening prompt where I have to enter my phone number and zip code to verify my account. I have also spent hours on hold for Live Chat support. One day, I posted continual screenshots on my social media accounts when your Live Chat sent me from being the 13th caller in the chat line when I logged in to the 24th in line after an hour-long wait.

I have called Customer Care at 8am, noon, 3pm, 6pm, and 10pm. I have called every single day since I received your letter and have never been able to reach a HughesNet representative. At best, I am hung up on as soon as it sounds as though I am being connected to a representative.

How can I reach you??? How can I get my internet service restored via the Keep Americans Connected pledge when it is impossible to call or chat with you?

PLEASE HELP!

I am also copying Ajit Pai, the Chairman of the FCC and Congressman Bill Flores, my local representative, to see if either of them are able to help or advise on this matter. Because it is only possible to email through the form at <https://customercare.myhughesnet.com/support.cfm?source=email>, those not directly connected to HughesNet are receiving this message via traditional email. HughesNet will also receive this in sections because of the 255 character limit on the website email form.

Thank you,

(b) (6)

****Subject:**** This provider took the FCC's pledge but is refusing service during COVID

Hi (b) (6)

My wifi provider, Consolidated Communications, despite having signed the Keep America Connected Pledge, is actively refusing me service until April 7th.

I'm located in New York, where there is a mandatory Shelter in Place. My business relies on wifi during quarantine and will undoubtedly fail without wifi from now until April 7th without connectivity.

I'm writing to you to bring awareness to the fact that this provider is not making good on their pledge during the crisis. If there's anything you can do to convince my provider (which has a monopoly on my area) to reinstate my service and abide by the pledge, I would be so grateful.

My fiance and I are hoping to avoid traveling to seek wifi but we may have to at this point.

I'm happy to discuss this matter further with you, just let me know.

Thanks,

(b) (6)

Ticket: # 3896546 - Altice One Availability Complaint

Date: 3/24/2020 8:25:36 AM

Company Complaining About: Altice One

Description

I am writing today due to my cable being disconnected for non payment. I tried to call Altice One, Long Island and I am getting disconnected from the automated system and cannot speak to a live person.

I saw on their wensite that they pledged to Keep America Connected during this pandemic. I was affected by it and I am home waiting to hear if I will be getting paid. I am a lower income household and as of right now have no money to pay Cablevision.

Can something be done to ensure that Cablevision/Altice One keeps their promise to KEEP AMERICA CONNECTED?

Your help is much appreciated.

Sincerely,

(b) (6)

Ticket: # 3896563 - No internet/cable service in our area**Date:** 3/24/2020 8:37:05 AM**City/State/Zip:** Grove City, Pennsylvania 16127**Company Complaining About:** Armstrong Cable

Description

For the past 10+ years we have requested cable/internet service in our area. We are at the point of begging and pleading for someone/anyone to listen to our concerns.

As technology improves, devices, work and healthcare providers continue to build platforms based on a higher speed internet connections, we find ourselves slaves to our current internet capabilities. In addition, our children are required to do schoolwork online, and it's becoming a struggle. And now with the recent COVID-19 outbreak, we need help more than ever.

We now find ourselves in the situation where most assume that all have a cable/internet providers. Our employers, public schools, and primary care physicians are asking - and in some cases requiring - us to stay/work at home due to the coronavirus (COVID-19) outbreak. Not possible for us.

We (including my 11+ neighbors) have reached out to Armstrong Cable (the only provider in our area) for the past 10+ years. The response is always the same... there is nothing they can do except put us on the list for future builds.

I would just ask that someone TRULY puts themselves in our shoes to try to understand, the effect that the lack of technology has on the less than 2 mi of residences you do not service.

As I had offered to Armstrong at the end of every request, if there is anything I can or should do to help the residences at the end of Gill Road, to include doing the legwork, getting petitions signed, reaching out to local and state representatives, or even just having a conversation with the leadership of Armstrong.... please let me know. We are ready/willing to do whatever it takes.

Finally, I have attach my current DSL internet speed test so you can see what we are working with. Keep in mind, most times the test provides worse results. At this speed, we barely can watch a video, send a file over 5MB, download school or work-related documentation.

In addition to DSL, I know some residences on our road use their phones as hotspots, some use HugesNet, and some just go without. Unfortunately, these are our only options. From what I understand, my internet is comparable if not faster than most.

Again, I cannot stress enough how much it would mean to the people on our road, even for you to take a hard look at the situation. And thank you for taking the time to read.

Ticket: # 3896564 - Optimum Availability Complaint

Date: 3/24/2020 8:39:13 AM

Company Complaining About: Optimum

Description

This morning I awoke to the disconnection of all service provided by Altice/Optimum, for non payment.

I've been isolated for weeks with my family due to the impact coronavirus has had in our household, No phone, no internet, no TV. I am self employed and have zero income during this pandemic. I am only able to send this email by using the little data that I have available on my cell.

I find it incredibly discouraging that corporations sign such "pledges" and then knowingly violate the terms.

I appreciate any assistance that you may provide.

My account is with Optimum by altice (b) (6)

Thank you so much for your time and please, stay well.

Company Complaining About: Spectrum

Description

****From:**** (b) (6)

****Date:**** March 21, 2020 at 5:05:17 PM CDT

****To:**** "kathleen.mayo@chartercom.com" <kathleen.mayo@chartercom.com>

****Subject:**** **Appeal for Increased Internet Speed to Work from Home and Help Support My Business of More than 200**

Kathleen,

I just called customer service to increase my internet speed (for free) but was unsuccessful.

I help run a 200 person engineering firm in Dallas, Texas. I have a high risk individual at home and with the recent pandemic, to avoid risk to my family, I am working from home.

I am grandfathered into a bundled cable/internet package that has 100 mbps internet speed. My business deals with large files, so internet speed is key, and now with schools closing (I have 4 children) the internet draw between work, online school and just trying to keep kids entertained between streaming services and tablets, has an obvious taxing effect on our WiFi network.

I currently am paying \$170ish/mo for cable/internet. I spoke with a customer service representative and then a supervisor but was told (because my plan was an old TWC plan) my only option was to repackage to a new plan that would be \$195ish/mo year 1, \$225ish/mo year 2, and then settle in at retail price of \$250ish/mo year 3.

Obviously with these trying times and unknown of where the economy is going, bearing more cost on monthly bills is a concern.

****My appeal is a simple request to maintain my current cable/internet package and simply increase my internet speed from 100 mbps to 200 mbps (Spectrum's current minimum) without increasing my monthly rate. I heard on the news that other internet providers were providing this increase in service for free to help people forced to work from home, but based on my experience, I guess Spectrum currently isn't.****

****My main objective is to be able to quickly and effectively serve my staff and clients, so I can do my part to help keep my business operating, and our company of 200 can stay employed and supporting their families.****

Anything you can do would be much appreciated.

I can be reached either by responding to this email or by cell at (b) (6)

forward to your response.

Thanks for you help in advance!

Company Complaining About: Metropcs

Description

During a global pandemic of the corona virus, metro refuses to help people with their bill. Even utility companies and landlords are stopping evictions and disconnects due to non payment but not metro. They refuse to work with customers by giving them extensions WITHOUT charging. They want to charge \$5 a DAY to extend your bill ! That is ludicrous! I've been with this company over 2 years and always pay my bill on time the one time a situation is out of my control they refuse to work with me. They should be offering customers extensions or ceasing the suspension of services for people who are affected by the corona virus! We have no control over this situation. They won't even offer any extension over 72 hours. If the utility companies, mortgage, landlords, credit cards, auto loans etc can offer people extensions free of charge why is a prepaid phone company refusing to help its customers or even offer extensions or arrangements. It's literally not too much to ask for a 30 day extension. It doesn't have to be 90 or even 60 days but give people time. I am a hard working American.

Ticket: # 3896731 - Fox News spreading misinformation about COVID19

Date: 3/24/2020 10:30:00 AM

City/State/Zip: Brooklyn, New York 11218

Date: 3/24/2020 11:36:51 AM

City/State/Zip: Hattiesburg, Mississippi 39402

Company Complaining About: Comcast

Description

Hi, I've had some very unsettling experiences with Comcast over the past week. I called on 3/19/20 to inquire about adding home phone service. Once the agent found a deal (adding phone) that was suitable according to what I could afford, she was to keep my cable package the same. Rather than keeping my cable how in tact, she had my channels disconnected and added the basic cable package without my understanding, instead in order to make me feel "okay" about the deal she presented. My family went that night without being able to watch our cable channels. Also, on March 22, I had my first auto draft taken out and it was almost double for what I was set to pay. \$81.46 was "processing" on the 22nd when I first checked. On the 23rd, I noticed that \$130 was taken from my account. I needed this money to get food for my household since me and my kids are at home due to COVID-19. I was left with only \$17 in my checking account to get food. I have been a loyal Comcast customer for many years, and I hope to be compensated or receive a good credit or an even cheaper promotion for my hardship. Thanks

Ticket: # 3896847 - HughesNet cannot provide speeds they advertise

Date: 3/24/2020 11:37:04 AM

City/State/Zip: Earlysville, Virginia 22936

Company Complaining About: Hughes Net

Description

Advertising certain internet speeds that they are unable to provide on a reliable basis. Speeds so slow at times that the internet is unusable. Attempts to address the problem are met with indifference and lack of willingness to do anything to fix the issue. They are charging large sums of money for an inferior service. Now with COVID-19, my wife is forced to work from home but cannot due to slow internet speeds.

Date: 3/24/2020 12:06:39 PM

City/State/Zip: Lakeland, Florida 33810

Company Complaining About: Charter

Description

I have been dealing with this issue since around the beginning of March. I found out that my bill, due to my own error of not looking at it, was too much and I was being billed approximately \$180.00 per month for several months. I decided at that time that I was going to be cancelling my services except for the Internet. I told the representative I would call back in a few days back on March 6, 2020. I was told at that time that I could not receive a credit for any portion unused and that it was on the bills beginning in November of the previous year. I never agreed to that, however, I relented. I called on March 17th and asked to have my services cancelled (Television and Phone) except for the Internet as of my new billing date. When I called to setup my own modem as I had found out the promised bill of \$70.00 meant that I would have to purchase my own modem and router (I was not told this originally), I was advised that ALL OF MY SERVICES were going to be cancelled. I stated this wasn't true and that everything but the Internet was to be cancelled. Later that day, I received an email at 4:20 p.M. stating that my services (all of them) were restored to the tune of \$180.00 (approximately). I called back. (Mind you, each time that I am calling wait times are extremely high with some as high as 45 minutes). As I wait, I am put through to three representatives. A total of two hours. The last representative, who handles cancellations, makes a mistake and cancels all of my services that day instead of March 24th with my new date. She even promised me \$49.99 per month for the Internet due to all of the hassle I had to endure. I really think she was high or drunk. Needless to say, my services had to be restored. On March 19th, I took all of the equipment back to Spectrum's office in Auburndale, Florida (despite COVID restrictions) and returned them. I asked the representative to ensure that everything was being cancelled EXCEPT FOR INTERNET. I was assured yes. Today, when talking to a representative (because I didn't get notice of a new bill for the Internet only), I found out that my services were not cancelled. I have waited on the phone for over 45 minutes and I am now over an hour waiting for someone else to cancel all of my services AGAIN EXCEPT FOR THE INTERNET. They don't even know that I returned the equipment even though I have a copy of the receipt right here in my hand (Cashier #00331957, Receipt 7344362, Date: 03/19/202, Time: 10:21 a.M., Serial Numbers: NQ1709813005624, CCP171122101567, CCP171124114207 & 7662D3539104816). There is absolutely no reason for any customer to go through this type of service especially a customer with health issues in which this only exacerbates their condition. Stress is not good on me and one phone call should have satisfied this condition. This is part of the reason why I am getting rid of Spectrum. They have no customer service. I didn't get the best reception with the phone or cable and they wouldn't fix the issues. They rose the bill to an astronomical amount with nothing to account for the raises including the service. Now they can't even properly close the account. I want only the Internet so that I can stream television through Firestick, monitor security systems and work from home. I had to go through all of this because if I didn't, they would charge me another full month and not give me a credit which is an unfair policy.

Ticket: # 3896959 - Use of teleprompter captioning at WSYR TV

Date: 3/24/2020 12:22:03 PM

City/State/Zip: Cicero, New York 13039

Company Complaining About: Wsyr Tv / Nextstar Broadcasting

Description

WSYR TV is no stranger to live captioning, as they use it on a local live talk show. However, they use teleprompter captioning. They had a live interview on the newscast with a doctor to answer questions about the Corona virus. The newsman's questions were captioned. The doctor's answers were not. Another video in the newscast was not captioned at all. I would like to see the FCC put pressure on WSYR TV to go to live captioning for newscasts, although Syracuse is not in the top 35 markets, and should fast-track the rulemaking being considered for all stations to live-caption.

Ticket: # 3897005 - Tennessee

Ticket: # 3897166 - Spectrum is disconnecting lines with last due balances

Date: 3/24/2020 1:34:35 PM

City/State/Zip: Los Angeles, California 90038

Company Complaining About: Spectrum

Description

We are currently dealing with a pandemic in Los Angeles, spectrum has tweeted that they will not disconnect accounts with past due balances at this time. They have done that to me as well as several other customers. They are still cutting off service to make people pay money they don't have to reconnect it. I had to pay \$49.99 to reconnect mine. I could not get anyone on the phone to assist me, or chat.

Ticket: # 3897222 - Deceptive and false claims endorsed by WNIR radio

Date: 3/24/2020 1:50:52 PM

City/State/Zip: Massillon, Ohio 44314

Company Complaining About: Wnir

Description

Not sure this allowable under FCC rules, but WNIR radio, 101.1 MHz Kent, Ohio, presents a barrage of false information concerning Coronavirus. Example: Radio host, Tim Couch keeps proclaiming influenza is far more infectious than Coronavirus and basically downplays the dangers. In fact, ALL the host are committing such falsehoods. Is this permitted as freedom of speech and not under FCC control?

Thank you

Ticket: # 3897231 - DSL

Date: 3/24/2020 1:53:32 PM

City/State/Zip: Cottonwood, California 96022

Company Complaining About: AT&T

Description

The home we purchased in August had DSL. Now AT&T refuses to reinstall DSL and says we are no longer an area of service despite our neighbors having the service. We have tried every other option. We need help and cannot homeschool our children with online because of Covid 19.

Ticket: # 3897266 - Unfair high roaming overcharge

Date: 3/24/2020 2:07:31 PM

City/State/Zip: Lawrenceville, Georgia 30043

Company Complaining About: AT&T

Description

Hi, my name is (b) (6). I was charged over \$500 for using roaming from 1/21-2/12. I had my phone on airplane mode and the cellular setting on my phone to 'roaming off'. I called customer service and they confirmed that all I had to do was put the phone on airplane mode to prevent being charged roaming. I purchased a wireless router in Philippines and used WiFi the whole time. My airplane mode was never turned off. I never got an email warning about the extra charge nor did I get a message to warn me. This is just ridiculous that us consumers can't fight these ridiculous high chargers and are just suppose to pay it. I called the billing department and she was very rude and unprofessional. She was the manager and her last name was Carter, employee number RC2905. This is a lot of money especially with today's situation with jobs and the corona virus.

Ticket: # 3897286 - Fox News telling people to go out and not social distance during PANDEMIC!!

Date: 3/24/2020 2:15:27 PM

Description

Arguably one of the biggest public health issues in the United States right now is whether the president's favorite TV channel will back his insistence on reopening the economy fast

Ticket: # 3897290 - Spectrum disconnecting during Covid 19

Date: 3/24/2020 2:16:54 PM

City/State/Zip: Redlands, California 92374

Company Complaining About: Spectrum

Description

Spectrum internet disconnected internet service and told my wife over the phone that because we had a bill due before the 16th of March that we are not eligible for covid 19 non disconnection benefits. When my wife pushed and said they promised the FCC they wouldn't disconnect service, the rep said she would submit a ticket to restore service but it wasn't a guarantee and I might get called sometime tomorrow and then they'll evaluate whether we can be reconnected or not. We are being punished for having a bill before the 16th and spectrum isn't honoring their promise to the FCC. As of now we are disconnected from internet and it's not back up.

Ticket: # 3897369 - Fox News providing false Coronavirus Covid19 information

Date: 3/24/2020 2:45:57 PM

City/State/Zip: Las Vegas, Nevada 89123

Description

Fox news cable tv channel is endorsing false information about the Pandemic. President Trump and the Fox anchors are the primary source of incorrect and life threatening information.

Ticket: # 3897419 - Unresponsive VoIP Carrier**Date:** 3/24/2020 3:06:36 PM**City/State/Zip:** Palm Coast, Florida 32137**Company Complaining About:** Intelesync

Description

We have had our VoIP phone service with a local carrier, Intelesync, for the last 4 years. We've always paid on time and are still current. About 6 months ago the provider quit answering ALL of our calls for support. I have reached out via their website filling out trouble tickets. I have texted the owner directly. I have called their offices. I have also had other staff members call doing the same. NEVER response. I have been locked out of our customer portal and our virtual phone server for months now. It has now become an emergency situation given all the changes due to the corona virus. We are a church of about 700 members and I cannot communicate these important changes with them because I cannot access our virtual phone system. The owner has locked me out of both the customer portal and the virtual server. After I went to his wife's place of employment to beg for help I get a "Letter of Intent to Disconnect!" The letter included a couple of logins to our customer portal but no logins to the virtual server. At least with a login to the portal I could send out the broadcast voice messages our Pastor was wanting me to send out. I thought things were going to work out. I sent out a couple of broadcast messages that day. The next day I logged in to send another broadcast voice message only to find out the owner had completely removed the broadcast voice app from our portal. So while I could login I could no longer use the broadcast voice app because it had been removed. This shows the extreme lengths this owner, Mike Rathburn will go to disrupt our communications that we pay for and are current to this day. I obviously am in the process of switching to a new carrier since we received his letter of disconnect but since we have never done anything to warrant this juvenile behavior, and since he refuses to give me a login to our own VoIP service I felt I had no choice but file a complaint. Intelesync and Mike Rathburn should not be allowed to be in the telecom business.

Ticket: # 3897427 - Hughesnet internet

Date: 3/24/2020 3:09:19 PM

City/State/Zip: Amarillo, Texas 79109

Company Complaining About: Hughes Net

Description

On multiple times I have tried to just cancel my subscription with Hughesnet due to inferior internet quality and pricing. They use tactics that make it near impossible to discontinue service by promising lower bills over 6 months, continue to have me on the line after multiple attempts of trying to cancel until I cave in just to get off the phone! This last month is the last straw! With the COVID-19 issue, I feel they are price gouging because my bill increased \$30 over the previous month without any notice. This company needs to be investigated over their pricing tactics and difficulty in canceling someones service upon request!

Ticket: # 3897496 - Spectrum cable/Intranet

Date: 3/24/2020 3:35:48 PM

City/State/Zip: Hurst, Texas 76053

Company Complaining About: Spectrum

Description

i Had paid \$180 toward my past due bill witch was on \$115 so i over paid used by friends Card to pay thru my phone app went thru just fine. later that evening i decided to set up auto pay for my next payment on Thursday 3/19. was due on 3/28 but as soon as the auto pay was set on 3/19 the payment had been deducted out of my account on 3/20 wasn't supposed to be paid till 3/28 i got paid 3/26 so i would have had plenty of money in the bank to pay on 3/28. but since they deducted it on 3/20 it left me with no money to purchase my prescriptions i need. I called spectrum was told that auto pay wasn't set up and they would not be able to return my money. I explained i removed Auto pay as soon as i found out that they deducted my money before it was due. again i was told nothing they can do. I feel this company is trying to collect as much as they can before the Coronavirus causes people unable to pay bills. but this was pure trying to benefit off the disaster that this virus is going to effect.

Ticket: # 3897865 - Suddenlink disconnected her Service (Bundled Services) - They Are on Pledge List to Keep Americans Connected

Date: 3/24/2020 6:23:19 PM

City/State/Zip: Bryan, Texas 77803

Company Complaining About: Sudden Link

Description

The consumer's bundled service package, with SuddenLink was disconnected on Friday, March 20, 2020. She stated that her bill was one day late. Her children have been out of school since Spring Break due to the Pandemic/Covid-19. They have not returned. Therefore, they are required to keep up with their school work while the school is closed. Suddenlink forced this consumer to pay the past due balance. She stated \$268.00 was paid to SuddenLink so they that would reconnect her services. However, she is not sure if she will be charged reconnect fees, for each of her three services along with late fees, etc. However, she did view, on the News, that the FCC obtained a pledge from the Telecom providers to Keep Americans Connected. She stated that she later viewed the webpage and the News Release, for the Pledge, was dated 03/16/2020. She was not disconnected until the 20th! Why? What does it mean to give a Pledge to a Federal Agency if you are not going to honor that Pledge. She stated that she feels this was very deceptive. When she found out about the Pledge, after paying to reconnect her services, she felt this was most deceptive and that Suddenlink is being unfair to upon customers at a very difficult time. Every school aged child needs internet access right now to complete this year's school year. There are countless posts on line about SuddenLink disconnected multitudes of people/consumers and it seems like they hurried and did this right after entering into that agreement! The consumer wants to know why they did not allow her to pay a smaller amount or extend the 60 days to her like the Pledge states because she is in a very difficult position and must feed her children, keep basic necessities connected and make certain her children have access to emergency services (phone) and internet for their school work.

Ticket: # 3897895 - DISCONNECTION OF TV SERVICE DURING COVID19

Date: 3/24/2020 6:41:17 PM

City/State/Zip: Pooler, Georgia 31322

Company Complaining About: Directv

Description

HELLO MY NAME IS (b) (6) AND I'M WRITING BECAUSE I CAN'T BELIEVE THAT DIRECT TV DISCONNECTED MY MOM'S(WHO IS A WIDOW) LIVING ON A FIXED INCOME AT A TIME LIKE THIS. ESPECIALLY AFTER WE HEARD THAT BECAUSE OF THE CRISIS SERVICE OF SUCH WOULD NOT BE DISCONNECTED.

EVEN AFTER I GOT UP THE MORNING BEFORE DISCONNECTION TO MAKE PAYMENT AND THEIR SYSTEM KEPT ERRORING OUT; IT WOULDN'T ALLOW ME TO MAKE THE PAYMENT UNTIL NOW. NOW I'M ON THE PHONE WITH THEM ON HOLD BECAUSE THEY ARE OBVIOUSLY BOMBARDED WITH CALLS DUE TO ISSUES LIKE MINE.

Ticket: # 3897917 - Misleading information to viewers on TV stations - Fox News

Date: 3/24/2020 7:06:33 PM

City/State/Zip: Orlando, Florida 32850

Description

With the growing concerns of our country and COVID-19 TV stations such as Fox News are promoting hate and fear to the American public. They are not helping anyone by what they are saying and have even stated they are not a news station however they act every bit of it daily. They should be taken off the air or state that they are not actually a news station.

Ticket: # 3897920 - Comcast failure to provide adequate signal strength

Date: 3/24/2020 7:08:09 PM

City/State/Zip: Petaluma, California 94954

Company Complaining About: Comcast

Description

Comcast has known for 2 years service in my area did not meeting specifications. I was told this by one of their own Network Engineers in Jan 2018. Comcast did not repair service and has raised our rates with substandard services. Now during the pandemic I cannot work from home because the signal is too weak for remote access. I have verified this with my router provider Arris today. I have attempted four times over two days to get help from Comcast and they fail to call back. I can get no one on the phone. I need to have this escalated and service brought to appropriate signal levels to my home. I am over 60 years old with a compromised immune system and I am now being forced to go into my office to work and expose my self to the covid virus because I need to work and Comcast is only providing substandard service which does not support remote access.

Ticket: # 3897935 - cancelling services on DirecTV

Ticket: # 3898049 - Internet service rural co and education/social distancing

Date: 3/24/2020 10:15:39 PM

City/State/Zip: Silverthorne, Colorado 80498

Company Complaining About: Hughes Net

Description

The quality and availability of Satellite internet service north of Silverthorne CO in rural CO is bad. In the midst of social distancing and covid epidemic, we are trying to work from home and our kids are trying to do online classes. Hughes Net is not supporting this effort. They say they are opening up bandwidth and reducing caps on service - but when we reached the max our plan would allow, we were told to buy more.

Ticket: # 3898071 - Insufficient ba switch for community

Date: 3/24/2020 10:59:02 PM

City/State/Zip: West Columbia, Texas 77486

Company Complaining About: Cable One

Description

For 2 years I have had Newwave communications and have never received what I have payed for. I have been told repeatedly that they are working on problem yet they have not fixed the issue. My latest Speedtest is 1.5mb and I pay for 300. I understand that the problem is worse now with Coronavirus but thus has been an ongoing problem for 3 years. Now when the network has been tested for full capacity it obviously failed horribly I.

Ticket: # 3898084 - Verizon wireless overcharging and turning phone off phone

Date: 3/24/2020 11:10:33 PM

City/State/Zip: Yucca Valley, California 92284

Company Complaining About: Verizon

Description

Verizon wireless continued to overcharge my account over a 4 month basis. I chatted online with a representative about this issue and demanded a refund. I admit I was rude to agent. They switched my phone service off without my consent immediately after I was rude to them. I now have no phone service during the pandemic. Please help

Ticket: # 3898104 - WCBU Covid19 Briefing Prematurely Cut Off.

Date: 3/24/2020 11:48:11 PM

City/State/Zip: Peoria, Illinois 61614

Company Complaining About: Wcbu

Description

On Tuesday, March 24, during the presidential corvid19 briefing that started at 16:00, WCBU prematurely interrupted the briefing at 17:00 in order to broadcast an airing of 'Market Place'. This interruption was not in the best interest of the public.

Ticket: # 3898164 - Fraud on internet services

Date: 3/25/2020 2:50:46 AM

City/State/Zip: San Diego, California 92115

Company Complaining About: Cox

Description

I paid for the 150 Mbps plan with Cox Cable internet at a premium price. However, the speed that I am constantly getting is around 10-20 Mbps, sometimes even lower than 10 Mbps. It's unethical and it's a fraud to provide a service not in par with the contract signed. I made a total of 3 attempts to reach out to them (1 via phone, 1 via chat, 1 via facebook), in which they told me it'll be fixed the next day. Then came the next day, I called them again and they said it'll be fixed the next day again. The problem is still there. My job security is at risk because I am unable to work from home during the Coronavirus "stay at home order" in San Diego area of California with an unstable internet like this.

Ticket: # 3898179 - No internet options at my house or on my street

Date: 3/25/2020 3:48:04 AM

City/State/Zip: Conroe, Texas 77306

Company Complaining About: AT&T

Description

Hello,

I put in an FCC complaint about 3 years ago, and I was never able to get internet. Now me and my brother are forced to be home because of the ongoing pandemic, and we can't do our homework. We usually go to the library or a cafe, but we can't do that anymore. It's a necessity and we're deprived of it. I can't even work from home because I can't log into a computer with internet. I'm really hoping something can be done to help this time around.

Ticket: # 3898183 - redundant final payment to Verizon

Date: 3/25/2020 4:28:45 AM

City/State/Zip: Saratoga Springs, Utah 84045

Company Complaining About: Verizon

Description

I canceled my contract with Verizon in January, following their prescribed procedure. I did not receive a final bill, but did see a debit from my bank account on February 26 for \$96.96. I called Verizon and asked about the amount. I was reassured this was a final bill. I was reassured my contract was cancelled. Today, I saw the same amount debited from my account. I have contacted Verizon, but I am also filing a complaint with your agency since I should not have to see a debit for the same amount despite my contractual closure in January. I don't want to hear Verizon's apologies or excuses, or claims of failure on my part to properly cancel the account. I intend to stop payment to Verizon tomorrow, but this creates a hardship for me since I am a teacher, and despite the soft-dismissal of my district due to the COVID-19, I still have to take time off of work to resolve an issue I already resolved in February. I have also contacted Verizon via "chat with an agent" on their website, and will follow up with a phone call to them. I need a period at the end of this problem with Verizon....

Ticket: # 3898231 - Emergency COVID 19 Work From Home But Greedy Comcast cut off my services

Date: 3/25/2020 8:46:30 AM

City/State/Zip: Atlanta, Georgia 30350

Company Complaining About: Comcast

Description

Yesterday, Comcast cut off my internet services while I was working from home. Last week, my employer sent us home for emergency work at home assignment due to my city's restriction for large crowds as we are doing social distancing to prevent the spread of the COVID 19. I had to find a second provider for my home internet, I reluctantly chose Comcast because it was the only other provider at my address I could add to my home. I started services online and did an instore pickup for the equipment, it took only a few hours to get services up. I started work Monday without problems, then on Tuesday they shut off my services sent me an email saying I chose to cancel services. I did not choose to cancel services, it was due to a \$300 bill from 2018. I had to call them 3x, after being hung up on I called a third time. During my second call, I waited so long I was able to go to a store make a payment through the machine - the store refused to help. Never got a copy of the bill or email about the collection amount. And by the time someone picked up the phone I was headed home. I was told that I would have to wait 24hrs to get my services on again. My internet is still down, I started feeling sick today. Now I am at risk of losing everything.

Ticket: # 3898250 - Unwanted calls to a business

Date: 3/25/2020 9:15:45 AM

City/State/Zip: Montpelier, Virginia 23192

Description

This phone number started calling our office on Monday every hour and it is a fax machine when we pick up and so on Tuesday I tried to call the number and you can press 1 to leave a message so I asked them to stop calling they are trying to fax to a number that is not a fax machine well then the calls started coming in more frequently and today I told them I was reporting them so now they are coming in every 2 minutes. We are a medical office and we do not have time to deal with this right now during a pandemic.

Ticket: # 3898260 - Cable bill

Description

Yes I contacted Armstrong cable. About my cable bill. Too see if I can get April's payment skipped due too common disability and corona viruses

Ticket: # 3898262 - AT&T Fiber - False Sales

Date: 3/25/2020 9:32:34 AM

City/State/Zip: St Peters, Missouri 63376

Company Complaining About: AT&T

Description

I was sold an AT&T Fiber plan while visiting Sams Club on zumbahl in St Charles, MO by someone representing AT&T. That plan included a waived \$10 equipment fee for the first year. When I received my bill it included the equipment fee. I called customer service they said there is no such waiver and they refuse to correct the issue. Furthermore, she indicated I have to visit Sams while we are on a lockdown due to the corona virus to get my issue resolved. The sales people are an extension of AT&T.

Ticket: # 3898270 - DirectTV canceled my service without notice or cause

Date: 3/25/2020 9:38:28 AM

City/State/Zip: West Haven, Connecticut 06516

Company Complaining About: AT&T

Description

DirectTV canceled my tv service on 03 25 2020 even though I paid the bill in full on 03 15 2020 during a pandemic. Despite the fact that they were notified that I was getting signal interruption on 1 tv +30 days & that they re-added previous credits, the credits were also not properly applied to the account in full on the last bill and now I have to pay a reconnect fee as well. Phone calls to ATT/DirectV have gone unanswered.

Ticket: # 3898296 - Suddenlink Communications

Date: 3/25/2020 9:59:38 AM

City/State/Zip: Bossier City, Louisiana 71111

Company Complaining About: Sudden Link

Description

Suddenlink Communications did shut off off our services during COVID-19 despite government directives AND the company itself saying they will not do shut offs! I have also had to call them regarding continued overcharging for 3 months in a row. They are unhelpful rude and do not actually follow their own written statement that they will not do shut offs during this time!

Ticket: # 3898356 - Internet bait an which or slowing down internet

Date: 3/25/2020 10:32:23 AM

City/State/Zip: Joplin, Missouri 64804

Company Complaining About: Hughes Net

Description

I'm writing this in concern of how people in congress think that everyone has Internet service in getting in touch with doctors or other agencies. Does anyone think about the homeless or rural communities that may not or do not have access to the Internet? And even if they did may not or refuse to use the Internet services, because of not knowing how! Other thing is there are other countries than provide these services for free. I myself have Hughes net and I've never had such bad Internet service as I do now! To give an example how services of Internet companies do is what is called bait and switch. My billing cycle starts on the 5th of each month and it's already slow that if I don't stay on top of it while logging on it will time out and I have to start over, even while banking online. How, when contacting the hospital, doctors, or my Veterans Administration can I stream, when it's s slow I can get a cup of coffee before logging in? By the 20th or 25th depending on usage of logging onto the Internet, we have to buy tokens, then again by the 30th. We cannot stream Apple, Youtube, Webinar, or other of these because of the buffering and stoppage. Cannot back up a recording even. Now we have 5G that gobble our data up. Since an emphasis is being placed on using the Internet during this coronavirus outbreak, how do we as a nation address this problem? Internet providers are not helping and will slow down the streaming to get a household to buy tokens or which to another plan! price gouging

Ticket: # 3898443 - Service Issues

Ticket: # 3898481 - Optimum cable phone and internet shut off

Date: 3/25/2020 11:24:03 AM

City/State/Zip: Garnerville, New York 10923

Company Complaining About: Optimum

Description

I called the cable company to restore my services I was told my balance was 311 and change I paid 312, I was then told from the live representative that the services will be back on within 2 hours and was asked a contact number to insure it. However never got a call back and services are still not restored. I emailed a complaint to the company after being on the phone with company for an hour and 22 minutes and transferred 5 times then my call was dropped. Couldn't get a live rep. After that so I sent a complaint. I received a call back from corporate saying the reason it's not back on is because I owe an additional 215 that was never told to me from 5 different people she says I'm sorry there's nothing I can do until u pay it so I asked what about the email ur company sent out to households with children during this covid 19 pandemic stating free internet and extensions so children can complete their work. She then says well u were shut off already so no it doesn't apply u have to pay the 215, I asked again can I at least get an extension being as though your employees gave me false information and not one person but 5, she said no I'm sorry. I said I can see if I made no payment but I paid what I was tol.i just wanted an extension.

Ticket: # 3898500 - Local Channels

Date: 3/25/2020 11:33:05 AM

City/State/Zip: Londonderry, Ohio 45647

Company Complaining About: Directv

Description

I live in Vinton County Ohio very close to the Ross, and Hocking county line. I am forced to take my Local Channels out of West Virginia. Why is this, I am not close to West Virginia, I am closer to Columbus. Now comes this Covid19 Pandemic, I am not able to view the Ohio Governors Live broadcast, why because WV does not broadcast them. I don't need to See what is going on in WV, I don't need to see what they are required to do in this Pandemic, I NEED TO HAVE my local Channels coming from columbus Ohio so I get the information for me and my family who live in Ohio. This is not a DIRECTV issue, its an issue caused by the FCC because of the maps that have us in a totally different broadcasting area than we should be. I am not receiving my correct EMERGENCY BROADCAST, this can cause me and my family great harm, Please fix this, allow us in Vinton County who lives near the ross, hocking county lines receive the correct broadcast for our area.

Ticket: # 3898555 - shut-off notice during COVID 19 from verizon fios

Date: 3/25/2020 11:48:08 AM

City/State/Zip: Philadelphia, Pennsylvania 19144

Company Complaining About: Verizon

Description

shut-off notice during COVID 19 for from verizon fios:

Services for your Verizon account ending in 758-0001 are scheduled to be suspended on 3/26/2020.

Please pay the past due amount to avoid suspension of your services.

We've made it easy for you to get your balance and make a payment 24 hours a day, 7 days a week. Use any of the options below to make a payment, and we will receive immediate notification.

Get Virtual Agent Assistance

Use the My Fios app - works for non-Fios customers too

Pay online at verizon.com/payonline

Pay by phone at 1.800.Verizon (1.800.837.4966) - a \$3.50 vendor fee applies

If your service is suspended, Verizon charges a restoral fee of \$50.00 per line.

If you've already made the required payment, thanks.

Ticket: # 3898611 - REFUND FOR RETURNED DEVICES**Date:** 3/25/2020 12:03:48 PM**City/State/Zip:** Baton Rouge, Louisiana 70807**Company Complaining About:** Sprint

Description

I ordered 2 cell phones from Sprint for \$197.92 on 2.25.20. I received the phones to be used with my current cell phone provider(ATT) but was told that I could only use the phones with Sprint service. Sprint send me a return package label, I sent the phones back. I have since then spoken with several Sprint representatives at least 4 times, have been sent back and forth to order support , etc. All the people I have spoken to have confirmed that they have received their devices back. But it has been a month and I have not received my refund for their phone. I am getting the run around and I shouldn't have to go through all these hoops just to get my money back. I am no longer working due to the coronavirus pandemic and I desperately need those funds back into my account. Could someone please assist me in this matter. The order number for this order is (b) (6) Attached is a copy of the payment that was taken out of my account. Thank you

Ticket: # 3898712 - Optimum Availability Complaint**Date:** 3/25/2020 12:44:18 PM**Company Complaining About:** Optimum

Description

Good morning, (b) (6) and I am an Altice USA/Optimum customer. Last week I became aware of the Keep Americans Connected Pledge launched by Chairman Pai. Upon obtaining some information, I called Altice/Optimum because I knew that I had a payment due before my services would be disconnected and I spoke to a representative by the name of Robert. I explained to Robert that my employer had no choice but to cut my hours from 35 to 20 and that I was having a financial hardship and I wanted to shut off my service so that I could make partial payments to them until my \$400+ cable bill was paid in full. On March 20th, 2020, Customer Service Representative Robert advised me that although my account was past due, due to the national emergency resulting from the coronavirus, all shut off notices had been pushed back for 60 days as part of the FCC's Keep Americans Connected Pledge and that he would make note to my file that I called but not to worry because they were doing "their part" in the crisis by helping their customers. This morning when I was getting ready for work, I turned on the television and realized that they had cut my services off. I tried calling them, but a customer cannot get a customer service rep unless their bill is paid, otherwise it will send you directly to the payment module with no way out. I had to overdraft my account by over \$200.00 in order to get the services up again, and call in an attempt to get through to a representative. This Friday, March 27th, 2020 my bank will take more than half of my paycheck to cover the payment to Altice USA/Optimum as well as their overdraft charge, unless I can come up with the money before 11pm tonite - which is impossible. I was on hold from 9:30 a.m. to 11:10 a.m. and was given the pleasure of speaking with their representative Adam who informed me that the pledge would begin on April 1st, 2020. I advised him that I had spoken to Robert on March 20th and was told differently. I also advised him that I would be contacting the FCC for further information and to advise the FCC what had happened this morning. Adam became very annoyed and told me that he had a right to talk and for me to be quiet - yes, be quiet - because I told him that not only was I contacting the FCC but that would also post on Altice USA's social media page what they did to ME.

After dealing with all of this stress this morning, I told him that I had a right not to want to talk to him any further and that since he was offering no solution or apology, I would be ending the call - and I did.

Ms. Pelkey, I write to you because if this happened to ME - after I confirmed with them on March 20th, I can only imagine what they have done to other customers these last few days. We are in the middle of a pandemic and I believe that in order for our country to be okay when the dust settles, promises should be kept, help should be given and kindness and respect should be the attitude everyone should exhibit. I know that it is asking for too much but, here i am, a single mother of a college student, trying to pay my rent - which also will be late - keep the lights on in my home and make sure I continue to set a great example to my daughter during this crisis. Unfortunately, we the American public, don't believe in big companies when promises are made for this reason.

Although, I truly believe the Chairman's idea came from a right place and for a right reason, you should realize that these cable companies have always been - and will continue to be - greedy and out for themselves. Increasing their costs to the customers while lowering their standards of service and integrity. Ms Pelkey, I urge you to read the comments on Altice USA's facebook page - look at

the comments posted prior to mine and after. This is what the cable companies are doing to their customers, as well as their employees.
Suffice to say, I am greatly disappointed.

Sincerely,

(b) (6)

Ticket: # 3898743 - Services not provided

Date: 3/25/2020 12:58:03 PM

City/State/Zip: Webster, Florida 33597

Company Complaining About: Centurylink

Description

As you know coronavirus has called for our schools to close and be in session online unfortunately there is no reliable internet available in my area when contacting centurylink they tell me they can provide tv or phone service but internet isnt available at my address this is very quickly becoming a overwhelmingly large nber of families trying to order and mantain a hot spot just for my children to be able to attend school and I'm not sure that will even support but CenturyLink was provided federal grant money for the purpose of bringing internet to our rural areas and while they are the only reliable home service available in our area they are also the only ones with capabilities to already provide it and arent doing so

Ticket: # 3898744 - fraudulent calls

Ticket: # 3898757 - Scare tactic by ATT rep to try to get me to stay with ATT

Date: 3/25/2020 1:01:53 PM

City/State/Zip: Houston, Texas 77030

Company Complaining About: AT&T

Description

While on a call with the ATT Retention Group, 3/25/2020, at approximately 10:45am (Cent), I was trying to get my bill lowered for my internet. When he offered nothing worthwhile, I said I would simply go to a competitor. At that point, he started making statements such as "No, you do not want to switch because someone from that other company would have to come into your home and might bring the coronavirus into your home. You should stay with ATT or you could die if someone came into your home and made you sick... blah...blah...blah." I stopped him short and yelled at him "Are you really trying to get me to stay with ATT by using scare tactics?!" He responded with "No, no, I just want you to be safe, so you shouldn't switch and have someone who may be ill come into your home"...blah, blah, blah. Again, I cut him off and said "Don't you even TRY to use scare tactics on me!" He responded again with the same scare tactic verbiage until I just hung up on him. I am outraged that ATT is trying to use coronavirus scare tactics to retain customers. I called back to ATT and insisted that my complaint be filed and sent to the Board and executives and I want a call back from one within 24 hours. I also let them know I would be filing this complaint.

Ticket: # 3898808 - Sprint wireless customer service

Date: 3/25/2020 1:24:35 PM

City/State/Zip: Statesville, North Carolina 28677

Company Complaining About: Sprint

Description

Sprint wireless is refusing to honor their 30 day satisfaction guarantee the way I have been told it was supposed to work. I was told 11 business days ago on march 10, 2020 that i would receive my money within 10 business days from the date of cancellation of their service. To date, on march 25, 2020 i have not received anything from them. They told me earleir today that it would be another 10 days before i receive my refund and im tired of waiting. This covid-19 stuff going around has made it difficult for my wife and i to take care of our bills since she just beat lymphoma. This needs to be resolved yesterday so that the money i paid spring can go to bills that need paid.

Ticket: # 3898881 - harangue

Date: 3/25/2020 1:48:30 PM

City/State/Zip: Kalispell, Montana 59903

Company Complaining About: Assurance Wireless

Description

My god! What an egregious use of news is going on out there. I know that if everyone in this country turned off their television sets and radios, if newspapers stop delivery tomorrow, this pandemic would disappear over night. There has to be limits! All news services make money selling soap, and all of them love superlatives—the biggest, worst, most disastrous. They are terrorizing the American public with a constant harangue—we all going to die. This has got to stop! To make money is one thing. To make it at the expense of people shooting each other is altogether a different thing. There has to be standards. Shut them down!

Ticket: # 3898884 - Not enough internet providers in rural Colorado

Date: 3/25/2020 1:49:50 PM

City/State/Zip: San Pablo, Colorado 81152

Company Complaining About: Hughes Net

Description

Hello. I live in Costilla County, Colorado and need internet for my three grandkids that live with me due to the CoVid19 virus. They need to attend school online and there are not enough internet providers in rural Colorado. Can you please help my grandchildren? Thank you

Ticket: # 3898958 - Due to the Virus issue all sporting events have been cancelled

Date: 3/25/2020 2:21:37 PM

City/State/Zip: San Diego, California 92109

Company Complaining About: Spectrum

Description

Because of the virus pandemic all sporting events have been cancelled for the foreseeable future. I pay \$113 a month for Spectrum TV Silver package that includes sports. I should be credited against my bill because there are no sports and any future bill should automatically credit me for the loss of sports in my current package.

I called Spectrum and the rep said no way. I asked to speak to a supervisor and he hung up on me. I have tried several times to reach a supervisor but they are not accepting my calls.

I chose this package because it included sports. I could care less about the rest of the channels and they don't justify the cost.

I would say sports are at least 80%+ of the package and I should receive credit commensurate to that dollar figure.

Spectrum as the provider bears the responsibility of delivering despite the pandemic.

Ticket: # 3898990 - Speed throttling

Date: 3/25/2020 2:35:11 PM

City/State/Zip: South Point, Ohio 45680

Company Complaining About: Armstrong

Description

My internet service provider called about my past due bill and said that even though they were not disconnecting my service they would be slowing my speed to their slowest tier of service. Further more to get my service back to normal I would have to pay for service not even received yet in addition to the past due balance. It was my understanding that with COVID-19 concerns this type of actions were not going to be taken.

Ticket: # 3899000 - Internet Shut Off

Date: 3/25/2020 2:37:21 PM

City/State/Zip: Maringouin, Louisiana 70757

Company Complaining About: Hughes Net

Description

He has Hughes Net for internet service. He was over his data before the Pandemic. They have shut off his internet service. He called and their phones are down. He has tried to chat but was in a line of 50 people waiting. He wants his internet restored as Hughes Net signed the Keep America Connected Pledge. ***CTR 381-Phone***

Ticket: # 3899004 - Suddenlink Availability Complaint**Date:** 3/25/2020 2:38:44 PM**City/State/Zip:** El Dorado, Arizona 71730**Company Complaining About:** Sudden Link

Description

My household is a customer of Altice Suddenlink in El Dorado, Arkansas. We have 3 school students here that were using the wifi until our service was disconnected today. I am out of a job due to the Corona virus. Our bill is about \$120 per month for internet ONLY. On their website, Altice Suddenlink boasted of signing the Keep Americans Connected pledge, which apparently was a lie. Can you do anything to help us get back online? We do not have a lot of money, and we put quite a dent in our savings by paying our utility bills.

Frankly, I'm just frustrated. Kids are home indefinitely with no internet to do their schoolwork, I'm out of a job until further notice, theres only so many creative dinner dishes you can make out of chicken patties, money's running out, can't we get a break here?

Sincerely,

(b) (6)

Ticket: # 3899045 - Sprint Availability Complaint

Date: 3/25/2020 2:53:09 PM

Company Complaining About: Sprint

Description

This memo lists out consumer protections during the Covid-19 outbreak:

<https://docs.fcc.gov/public/attachments/DOC-363033A1.pdf>

One of the protections put in place is a moratorium on disconnections. I'd like to understand whether this moratorium or other protections apply to the situation I'm dealing with. Could you help connect me to someone that can assist me with that?

Details of my situation:

- 1) On March 17 I opened a new account with Sprint and ported all 5 lines of service for my family members over to the new account
- 2) During the process of opening the account I provided my personal information, including SSN and passed a credit check
- 3) Sprint approved the account and transferred all 5 lines of service over to my new account
- 4) On March 21 I discovered that all 5 lines of service were no longer working, so I called Sprint and learned that our account had been suspended due to suspected fraud
- 5) Since March 21 I've been dealing with trying to clear the suspected fraud suspension
- 6) Initially the only options Sprint provides for clearing the fraud suspension would have exposed me the potential of being infected with Coronavirus (go into a store and allow store employees to physically handle my 3 forms of ID, or go to a public fax machine and fax copies of 3 forms of ID)
- 7) After numerous phone calls talking to people at Sprint, I finally found someone that truly understood the situation and approved a slight change to their process that would help reduce the likelihood of me being infected
- 8) Yesterday I brought in the 3 forms of ID that I was told would be acceptable, only to be told that one of the forms of ID that I was told was acceptable actually was not acceptable

Thank you,

(b) (6)

Ticket: # 3899194 - Walmart Family mobile internet hotspot

Date: 3/25/2020 3:52:36 PM

City/State/Zip: Jacksonville, Florida 32205

Company Complaining About: Walmart Family Mobile Internet Hotspot

Description

I received an email from family mobile last week that said no speed would be capped. Today they kept my feed indicating I reached my gigabyte limit. They indicated because I paid my bill prior to covid-19 I was not qualified. The email said no restrictions until May. Because of them reducing me to 2G speed I am unable to work causing hardship

Ticket: # 3899197 - Scam Coronavirus Covid-19 Call

Ticket: # 3899481 - COVID-19 Scam Call

Date: 3/25/2020 6:04:03 PM

City/State/Zip: Las Vegas, Nevada 89101

Description

I got a call at approximately 2:57 PM with CNUM 305-850-6992 with a pre-recorded message ("I am an AI") instructing me to call 971-288-1199 for information on how to protect myself from COVID-19.

Ticket: # 3899490 - Price gouging due to no competition.

Date: 3/25/2020 6:11:00 PM

City/State/Zip: New York, New York 10034

Company Complaining About: Spectrum

Description

Spectrum internet service just increased my bill by US\$10 dollars right in the middle of a pandemic, because "a promotion just expired" and then refused to make any offers to lower my bill without reducing my already miserable service. This is because my building doesn't have any other options for internet provider.

Also, they don't post the exact speed neither the exact pricing on their site, only promotional pricing.

Ticket: # 3899491 - Problem with AT&T Cell Phone Replacement

Date: 3/25/2020 6:11:25 PM

City/State/Zip: Reynoldsburg, Ohio 43068

Company Complaining About: AT&T

Description

This consumer is 76 years old and is retired from AT&T.

The consumer stated that his cellular device is defective. If he holds the phone upright, while talking, the sound drops out and the people, to whom he is talking, can no longer hear him. He stated that at first it happened every now and again - (maybe once per month). However, it has gotten progressively worse and now occurs whenever he is speaking on the phone. He has been trying to use the speaker feature to keep the sound, for his calls intact/from dropping off.

He tried contacting AT&T but encountered long hold times. Therefore, he visited the AT&T store in his area. He spoke to the CSR and arrangements were made to overnight a phone to him. He was advised, by the staff member, that he would need to pay the taxes on the replacement phone , (\$15.22). He paid this amount and this has already been taken out of his bank account. He received two text messages - confirmation for the order and then a text message indicating that the phone would be delivered and someone would come to his home to set up the phone for him. He then received a message that they would NOT be able to come inside or set up the phone due to the pandemic. He was not sure if he could call tech support on the other phone before returning it or return to the phone store yet again?

He was provided the window of time, for the delivery. When the device had not been received by 6:30 pm, he began calling to find out what happened. He called the number on the text message - no answer and then even tried sending a text. No response. At 6:30 pm he went back to the phone store and they stated that there was nothing that could be done on their end.

He tried calling customer service but was placed on hold for 45 minutes. He called the delivery number again and was advised that AT&T cancelled his order because of partial payment for the taxes only! He then spoke to Joe at AT&T but was cut off. Joe did try to call him back and the consumer had attempted to call Joe. But because of his phone, the call continued jot disconnect. He then spoke with Jennifer, a floor supervisor. She stated that because the order was placed at the phone store they could not see that order or if another order had been placed. She advised him that she did not have access to this info. He asked how this could be possible when AT&T is in the business of communications!

He stated that people have tried to help and they have been very nice. However, he needs a replacement phone. He has been to the cell phone store, now, three times without any luck. He is 76 years old and with the pandemic, this is placing him at risk. He cannot be without a phone though - he needs access to emergency services.

He respectfully requests that AT&T overnight a replacement phone to him as promised. He also requested that they coordinate, in some manner, the ability to set up/program the new phone .

ATT refuses to honor commitment and access to a Supervisor. I explained needed more time due to Corona virus, employment shut down.

Ticket: # 3899794 - unlock problem

Date: 3/25/2020 10:16:49 PM

City/State/Zip: Yemassee, South Carolina 29945

Company Complaining About: AT&T

Description

on March 23 We ended service with att and found that att had locked our 3 phones. we were left with no phone service during a pandemic . No way to contact help if needed or call our Doctor before going to the office as order by the local medical board. When we submitted the form to att to unlock the phones only one phone was unlocked on the 25th the other phones were left in the locked position. When we called to get them unlock the att rep hung up on me. This interruption caused personal loss and I feel the resolution to this issue is to 1. unlock all phones under this account. 2. a fine in the amount of 5000.00 is reasonable. To be donated to the charity of my choice.

Ticket: # 3899813 - Comcast cable company

Date: 3/25/2020 10:52:54 PM

City/State/Zip: Jacksonville, Florida 32256

Company Complaining About: Comcast

Description

I'm currently trying to set up service for my apartment. Because of the COVID-19 outbreak going on, I am forced to work from home. When trying to set up internet in my apartment, I was informed that a previous tenant who is no longer on the lease due to not paying rent and other facilities- such as internet- had a large balance and had never moved their account from our address. When approaching Comcast, they informed me that although the balance is not under my social, and not my debt; that we would have to pay off the previous tenants debt of 600+ dollars in order for me to work from home. This is ridiculous considering I can't even access basic account information.

They are putting my job and livelihood on the line due to the fact that they are wanting to hold me responsible for another persons debt. Which I believe is fraud to make payments on since it's attached to that persons social.

Ticket: # 3899831 - cutting off Presidential address 3/25/2020 6pm

Date: 3/25/2020 11:19:47 PM

City/State/Zip: Rural Hall, North Carolina 27045

Company Complaining About: Wfmy, Wghp, Wxii Greensboro, High Point, Winston Salem, Nc

Description

Right now our country is going thru a crisis and it's also global with covid-19. At 6:00pm President Trump had an address about covid-19 and after about 20 minutes the station we were watching cutoff the address and went to normal news. I feel this was a disgrace as all we have is OTA (antenna) I turned to the other 2 stations and they were not airing it. During this troubling time all OTA stations should be required to carry Presidential addresses.

Ticket: # 3899850 - Paying for 1 gig, only get 6% of it

Date: 3/25/2020 11:39:23 PM

City/State/Zip: Snohomish, Washington 98290

Company Complaining About: Wave Broadband

Description

Massive network slowdowns and only get 6% of the speed I'm paying for. Wave Broadband sent two techs, acknowledges it's their issue, but has no ETA or remedy. I need this speed to support medical device design activities to support COVID-19. I'm willing to pay for the speed; I want the speed and want the company to stop publicly advertising that they have excess capacity and a robust network to support everyone home for coronavirus. It's dishonest to customers, public health officials, and investors.

Ticket: # 3899953 - Phone Spoofing Defrauded a Business**Date:** 3/26/2020 5:41:45 AM**City/State/Zip:** Kingston, Tennessee 37763

Description

Someone is phone Spoofing my number to call in food orders at local restaurants in my county. They say they're me and order food for pickup. They say I will have it picked up and of course no one ever shows up because it's not me. Our community is on lockdown due to the COVID-19 pandemic and this is further hurting the local businesses as they are forced to throw away food.

Ticket: # 3900004 - Refusal to Offer Service in Rural Area

Date: 3/26/2020 8:52:41 AM

City/State/Zip: Muncy, Pennsylvania 17756

Company Complaining About: Comcast

Description

Due to the COVID-19 outbreak, my employer gave employees the option to telecommute or go on unemployment. Being a Health Insurance Company employee, I felt that telecommuting would be helpful to our members. I contacted Xfinity to see if they would be willing to service my address with Cable internet as that is what my employer requires for my specific job function. The representative stated that service was not available and they likely would not offer it due to the amount of time it would take to install a node closer to my address and also because it would be too expensive for the company. I was able to work from another relative's house, but I am unhappy that Xfinity would not run service to my address or offer a better solution during this national crisis.

Ticket: # 3900018 - Internet issues

Date: 3/26/2020 9:02:35 AM

City/State/Zip: Oak Park, Illinois 60302

Company Complaining About: Comcast

Description

Dear Sir or Madam, Thank you for listening. I have a huge issue with Comcast. Attached is the log of my speed per day for the last couple of weeks. The speed that I am getting is only a fraction of the 200-220 mbps that I am paying for. I work from home and my daughter does e learn now from home. We need to be able to function in our home with the internet speed that comcast is billing us for.

A representative called me and promised a \$74 credit which is what I currently owe but I did not receive the credit or an email confirmation. I have been trying to reach the representative (leaving multiple messages) and she has not contacted me back. I am not sure what is going on now. I wanted to know where my credit is and if they can send a signal and try to resolve the internet speed issue remotely. Please help!! The person I spoke with is at 866-642-4868 ext 132-3001. I understand that the pandemic has put some strains on all of us but I am paying premium price for a high internet service and I am only getting about 20-40% of the speed. In addition to the \$74 credit, the company should also reimburse me for the amount I paid on March 19th of \$36.20. In addition, going forward if they cannot resolve the speed issue, they need to decrease the bill according to the speed that I am ACTUALLY receiving. Thank you for your help. (b) [REDACTED]

Ticket: # 3900033 - receiving repeated unwanted JUNK faxes

Date: 3/26/2020 9:13:09 AM

City/State/Zip: Apopka, Florida 32712

Description

[Ticket: # 3900056 - Networks not going to cover President Trump's Coronavirus briefings](#)

Date: 3/26/2020 9:26:13 AM

City/State/Zip: Munster, Indiana 46321

Company Complaining About: Comcast

Description

NBC and PBS are stating they are not going to air President Trump's briefings on the coronavirus during a National Emergency

Ticket: # 3900072 - refusal to broadcast Federal daily briefings under Coronavirus National Emergency

Date: 3/26/2020 9:32:40 AM

City/State/Zip: Stowe, Vermont 05672

Company Complaining About: Cnn, Npr, Pbs, And Other National Broadcasters.

Description

I write to you with the greatest urgency. In fact, I am shocked and demand immediate attention to this matter. Broadcast/News providers who refuse to air critical national press briefings are posing a direct threat to the safety and security of the United States. This is total insanity and must stop immediately! Revoke licenses immediately.

Ticket: # 3900102 - Inconsistent Internet Speeds

Date: 3/26/2020 9:40:49 AM

City/State/Zip: El Paso, Texas 79924

Company Complaining About: Spectrum

Description

Let me preface by stating that I am aware that there is currently a pandemic going on worldwide, and that I expect, and accept that some services will not be performing to their peak levels.

I have had Spectrum for TV and Internet for a number of years and service for the most part has been good. Recently however, and again assuredly attributed to the ongoing pandemic, my internet service has been performing at less than 50% of it's advertised speeds.

I have been paying for Gigabyte Internet for some time (125.99, 105.99 with a 20.00 discount) and service has been very reliable. In the past 1-2 weeks however speeds have dropped consistently to those of what a customer who has Spectrum Internet Ultra (400MB) internet service.

Again, understanding that more people are utilizing the service - working from home, gaming, streaming video, etc. this is expected. What is not however expected is to be given the run around when reaching out to Spectrum to obtain support -- I understand they are understaffed and overwhelmed with all of this, but to place the blame on the customer for the issues, simply isn't right.

I have had their service long enough to know and understand the technical operations of how things work, and if Spectrum can't (temporarily) provide the level of service that I pay for, then they need to credit my account (I believe it's a 35.00 difference between Ultra and Gigabyte).

They did offer to send a technician to my home, which I refused for the reasons that I reside with my 77 year old mother, and myself and my wife are attempting to self-isolate and do not feel comfortable having a technician in the home -- the issue moreover clearly isn't something that a technician needs to waste their time coming to asses, as it's clearly a capacity issue.

Simply put, I'd like to be credited the 35.00 difference, if the issue carries into the next billing cycle, the same credit to be afforded. I do not believe this to be an unreasonable request.

Ticket: # 3900114 - Coronavirus News Briefings Not Aired in Philadelphia

Date: 3/26/2020 10:38:13 AM

City/State/Zip: Lakewood, New Jersey 08701

Company Complaining About: Optimum

Description

I have a Optimum account with the auto pay setup

I capped the auto pay at about \$3 more then my monthly charge - with a promise from customer service that if the payment will not go through I will be notified about it.

This morning I wake up and try making a outgoing call - and get a message that my phone is not working. when checking my computer I find that my account was suspended.

- 1) how were they able to close my phone account in middle of this pandemic - without a warning?
- 2) why was I not warned that my price went up and that my payment didn't go through?
- 3) after payment when i tried contacting customer service to straighten out these issues the customer service rep tells me that my service wasn't shut and I'm a liar???????????

I want a proper warning next time and my late and cancellation fees waived!!!

in addition to a commitment from Optimum to get a email/mail/phone notification before they shut my service (I know they do that for business customers)

Ticket: # 3900416 - 5G Antennas Health Concerns

Date: 3/26/2020 12:12:08 PM

Description

Hello,

I am a concerned resident of Virginia. With the COVID-19 pandemic and scare to everyone. My question, Is the new operation of the 5G antennas and towers that's been upgraded or new installed causing this pandemic. I've researched the inventors to the emissions of up to 21% more radiation they produce and they're not safe for anyone. Cause I've also researched the testing throughout 2017-2019 and many birds and animals by the 100's dying. Everytime someone turns on their WIFI, they've just contaminated themselves and anyone in that area. And Why would anyone trust anything Korea or China invents? Is this really a bio-chemical attack cause to my research this pandemic started the same day, operation of 5G world wide started up? Cause RF isn't something to be playing around with!

Sincerely,

(b) (6)

Ticket: # 3900452 - Phone minutes

Description

I am receiving bills from Coordinated Billing Service. They claim that Century Link has handed over my billing to them. Century Link has terrible customer service, especially now with the coronavirus, and I can't get them to verify the information. I found no company website for Coordinated Billing Service. I am pretty sure they are a scam, but I wanted to double check with you.

Ticket: # 3900480 - SUDDENLINK

Date: 3/26/2020 12:32:29 PM

City/State/Zip: Tyler, Texas 75709

Company Complaining About: Sudden Link

Description

DUE TO COVID-19 MY DAUGHTERS SCHOOL AND TYLER INDEPENDENT SCHOOL DISTRICT (TISD) TYLER, TEXAS SENT THIS EMAIL REGARDING INTERNET SERVICES FOR STUDENTS AFFECTED BY COVID-19:

" Altice USA recognizes the important role we play in providing our Optimum and Suddenlink customers with connectivity solutions, and we are committed to helping schools and students stay connected during this unprecedented time. For households with K-12 and/or college students who may be displaced due to school closures and who do not currently have home internet access, we are offering our Altice Advantage Internet solution for free for 60 days to any new customer household within our footprint. After your first two free months expire, you can either cancel the service (which you can do at any time) or keep it as a regular paying Altice Advantage Internet customer."

I CALLED THIS COMPANY AND THEY STATED THEY WERE NOT SERVICING MY HOME BASED ON LOCATION OF MY HOME. EVERY OTHER HOME ON MY STREET HAS SUDDENLINK INTERNET SERVICE AND THAT THEY WILL NOT SERVICE MINE.

Ticket: # 3900554 - Windstream Internet

Date: 3/26/2020 12:59:02 PM

City/State/Zip: Dilliner, Pennsylvania 15327

Company Complaining About: Windstream Communications

Description

I am paying for hi speed internet that behaves like dial up. Over the years, I have had multiple conversations with Windstream regarding the inefficiency of their service. I continue to pay for this because it is my only option. I work in clinical IT for a WVU Medicine and I am required to participate in an on call rotation to provide online support for thousands of end users. In particular, last week I was ordered to work from home during the pandemic situation. I am not comply because I cannot function at home without reliable connectivity. With the increase in internet traffic while so many are working from home and kids are being educated on line, it is impossible to connect from home at this time. I have been forced to travel to work each day and put myself and family at risk because Windstream refuses to provide a product that they sell me each month. I have attached written confirmation from a Windstream representative that clearly states that I am paying for something that does not exist. I am prepared to take legal recourse and demand a refund of the thousands of dollars that Windstream has received from me.

Ticket: # 3900568 - unauthorized payment

Date: 3/26/2020 1:05:34 PM

City/State/Zip: Laurel Springs, New Jersey 08021

Company Complaining About: Comcast

Description

I recently had a payment of \$120.0 come out of my account for my internet service without my authorization. When speaking with a rep in the customer service department he stated that my account was somehow set up for automatic withdraw and could not verify how . When checking my account on my app while speaking with the rep , the app did not show i was enrolled in the automatic debit program . I explained I have never used or signed up for automatic debit and always pay via the app. Needless to say I was not refunded the money that was taken off my card without my authorization and the rep stated there was nothing he could do even after i explained my hours at work have been cut do to the corona virus and i didnt have the funds .

Ticket: # 3900904 - Hughes Net

Date: 3/26/2020 2:56:09 PM

City/State/Zip: Walnut Grove, California 95690

Company Complaining About: Hughes Net

Description

Have made several calls to them regarding little to no data. They most certainly are taking customers payments but throttling or completely dwindling data within 1-2 day span. Especially on days when the customers have not been in their residence to use it. During this outbreak of COVID19, I have had to miss several online remote meetings of which are important as we are part of a Food Bank that feeds people throughout the Northern California Region, and other such remote meetings I have not been able to attend because Hughes Net is making false claims about their internet and locking people into 2 year contracts, and after many complaints will not give their customers the data they are paying for and charging \$400.00 to get out of contracts. This is not fair to any of their customers after numerous complaints they are doing nothing to help customers, it's not right to take consumers money and not give them what they are paying for.

Ticket: # 3900931 - Frontier Availability Complaint

Date: 3/26/2020 3:03:55 PM

Company Complaining About: Frontier Communications

Description

I (b) (6),

Account (b) (6)

On march 25, @1:40 pm.

Paid \$170.61 my frontier bill that had been passed due at the time only for \$121.40.

Bill date 1/06/2019. I wasn't able to pay the said \$121.40 so my service was turned off..

I received a bill that included a month My service wasn't even on yet I paid this bill.

Like others I was told we couldn't work due to the corona virus spread. I have my grand kid whom is in the 5th grade here and he needed to have access to the Internet. At the time of paying my bill I was told my service would be restored in 24hours. I still called to see the time it would be restored, I was then told that my service was disconnected and I had to get a new account the agent then took my personal information and gave me a (b) (6). And that my service would be restored and if I couldn't use the modem I already had I would receive a phone call with a date for them to come out.

March 26 @8:41am I called again and was given the run around when I just spent all the money I had for food for my grandson to have Internet schooling.I was told a entirely different story by agent who information under location for Lafayette In 844-320-4445 ex1121078, stating that it didn't matter that I wasn't told was I was told I owe them and I had to pay again for a new account. Which wasn't fair. He then stated why I had to pay a deposit and everybody has issues. When he was given my order number He left the call for whatever reason, and returned saying he would call me back after this issue was figured out. after I was told already I should be fine. I have accepted to call them several times..

11:47am.

12:36pm.

I was put in hold and told the very same thing again that this agent would call me back.

Its now2:20pm.

Please help me with this issue.

I received and pay my account because I needed to do what was best for my grandson .

Ticket: # 3900955 - Spectrum Threatening Service Disconnection

City/State/Zip: Clairmont, Florida 34711

Company Complaining About: Spectrum

Description

Spectrum is her service provider. She has Internet, Cable and phone bundled. Spectrum is threatening to disconnect her services but she has not received her unemployment check. Her household is economically effected by COVID-19 and she is requesting that the disconnection be postponed for at least three weeks while her household recovers from the economic loss caused by the recent pandemic.

Ticket: # 3901030 - Cox Threatens to Disconnect**Date:** 3/26/2020 3:34:23 PM**City/State/Zip:** Las Vegas, Nevada 89169**Company Complaining About:** Cox

Description

He has been forced to work from home because of the Coronavirus. He does not get another paycheck until April 10. He has requested that they give him until the 10th and agreed to make the \$100 payment. He owes a prior balance and a current balance but has not been able to work for awhile and the work is not full time. Cox told him that even if he makes the \$100 payment on the 10th they may still shut him down. He just received a text stating that they will disconnect him on April 9th. He has no option to make the payments if the employer is closed with limited hours.

Ticket: # 3901056 - Re: [FCC Complaints] Re: No closed-captioning on website video clips

Date: 3/26/2020 3:39:27 PM

City/State/Zip: Glen Burnie, Maryland 21061

Company Complaining About: Verizon

Description

This is a follow-up to your previous request (b) (6) "No closed-captioning on web..."

Thank you for taking care of this last year in regards to Dr. Oz's website videos.

Now I have another question.... social media.

Dr. Oz's videos on social media such as Facebook, Twitter, Instagram, etc.....

None of his videos has closed-captioning (CC) for the Deaf. Especially since now he's talking about the COVID-19.

Would it be possible to have Dr. Oz's videos on all social media platforms to also have CC for the Deaf?

Thank you for looking into this...

Ticket: # 3901091 - Frontier Over & Incorrect Charges

Date: 3/26/2020 3:52:08 PM

City/State/Zip: Seal Beach, California 90840

Company Complaining About: Frontier Communications

Description

My work requires work from home internet speeds that I purchased from Frontier. My speed test did not reflect what I purchased so rather than lose my job I ended my service with Frontier, returning their equipment and paying my bill in full. Thanks to Frontier I lost my job. Now two months later I'm sent a past due bill for an amount I do not owe. I coordinate my final payment when the Frontier sent me my return equipment box. Amid this Corona virus I'm am not only unemployed I'm being abused and overcharged by Frontier. I expect this to be addressed or I go directly to Leadership. And the whole time I had the account they mixed up my account information with other. I called them 30 times and each time I had to give them ALL of my correct account information for setup again.

Ticket: # 3901142 - NBC needs to have license revoked

Date: 3/26/2020 4:02:42 PM

City/State/Zip: Elmont, New York 11003

Description

FCC needs to act IMMEDIATELY to pull NBC's license to broadcast - a report today stated an NBC insider want the network to "quarantine Pres Trump" Isolate him from coverage in a blatant attempt to stop his media coverage of the work he and his team are doing regarding the pandemic WHY? because his approval rating is going up! They are trying to limit the public seeing his work. It is NOT the job of a TV network to destroy a Presidents coverage in a crisis NBC is a public service outlet not a political party THEY NEED TO LOSE THEIR LICENSE

Ticket: # 3901151 - Price gouging Increase during Pandemic

Date: 3/26/2020 4:04:39 PM

City/State/Zip: Havana, Florida 32333

Company Complaining About: Mediacom

Description

Mediacom, one of the largest internet providers in N. FL is jacking up internet fees approximately 20% during the pandemic and pushing people into a more expensive plan that most people cannot utilized. For example my data usage is less than 150Gb per month. One year ago Mediacom pushed me and others into a 250Gb plan and raised the rate \$10 from 49.99 to \$59.99. Currently they are notifying customers that we are going to be pushed into a 400Gb plan and raising the monthly charge to \$69.99/month. This is unconscionable even under normal circumstances but is even more so during this pandemic. Thank you for anything you can do.

Ticket: # 3901180 - TV Billing

Date: 3/26/2020 4:16:35 PM

City/State/Zip: Buffalo, New York 14220

Company Complaining About: Directv

Description

Consumer is stating that they reached out to there provider Direct TV to have their TV service suspended because the were traveling to another state for the winter. Consumer stated that they have done this for years with the provider without any complications. Consumer is stating that this time Direct TV did not suspend the service. Consumer stated that when she called the provider to have the service suspended, she paid the bill in full. Consumer called direct TV to have the service reconnected and they told her that she would have to pay \$398.61 to have the service reconnected. Provider told her that this was there mistake (Direct TV) they did not suspend the service for the consumer. Direct TV told the consumer that they did everything correctly and that the mistake was made by Direct TV. Consumer was told by Direct that They know that a mistake was made and with the Covid 19 they are short staffed, and they will not shut off the service. Consumer got home and the service was disconnected. Consumer is stating that Direct TV is now telling them that they will have to pay \$398.61 plus that they will be adding late charges and that they will be adding on penalties also. Consumer stated that the balance on the bill was a zero balance when they left the state. Direct TV did not suspend there service when requested and the consumer should not have to pay any money to Direct TV because they did not do there jobs. Consumer is stating that she talked to a Direct TV agent and his name is Thomas and his id is TC172J. Resolution: Consumer does not want to have her service reconnected

Consumer would like them to collect there equipment and the Consumer is again stating that they do not owe Direct any money at all.

Company Complaining About: Auto Warranty Inc

Description

Disgusting. I got laid off from my job today as well as many other Americans and people are still calling trying to steal the money that I don't even have. The people over the phone had no morals and thought that scamming people during the COVID-19 Pandemic was still acceptable.

Ticket: # 3901367 - US Cellular High Speed Internet access during Stay at home

Date: 3/26/2020 5:46:02 PM

City/State/Zip: Denmark, Wisconsin 54208

Company Complaining About: Us Cellular

Description

Because of our location, we have limited options for high speed internet. A fea montha back we decided to purchase a router from US Cellular to have internet access. At the time we needed the internet for a few things, some opted for the 25gb plan (after the use of 2t GB the internet is slowed from 4g to 2g). We called US Cellular 3 times after the pandemic started and school was closed and were assured the data cap/slow down was lifted. Here we are 25gb later and my son is unable to his school work as required. US Cellular is now claiming they only added additional GB to "hot spots" and we are out of luck unless we pay more. For the 25gb it cost is \$50 and that lasted one week! They have us over a barrel because the only plan that would maybe cover the entire month of schooling is almost \$ 300.00.

Ticket: # 3901379 - Political RoboText in Non-Emergency Situations**Date:** 3/26/2020 5:54:37 PM**City/State/Zip:** Chicago, Illinois 60651**Company Complaining About:** Mayor Of Chicago, Lori Lightfoot

Description

Today, March 26, 2020, at 3:21pm, I...as likely did ALL Chicagoans...received an unsolicited text message from the Mayor of the City of Chicago, Lori Lightfoot, regarding a message that all parks and beaches would be closed until further notice due to Coronavirus. Inasmuch as the virus is NOT an emergency in the sense that it is a shelter-in-place REQUEST; I object to the invasion of my privacy from such messaging. It is an unfortunate health issue that is plaguing the United States and other countries, at present, but not so much so that something she could have just as easily alerted the public to on the many media outlets available to her. Any part my phone service provider may have had in providing my unlisted number to her is also objected and should be included in this complaint. She is NOT the President (of whom I also object intrusion for alerts that could well be distributed via a multitude of other methods) and should not take the liberty of invading my privacy and using my private number for alerts that could well be distributed by other means. I should have the right and the option to block ANY device I bought, pay for, and own from such messages and personal intrusions....regardless of how important a POLITICIAN may think it may be!

Ticket: # 3901392 - President Trumps press conference on corona virus

Date: 3/26/2020 6:05:44 PM

City/State/Zip: Smithfield, North Carolina 27577

Company Complaining About: Wtvd Channel 11 Durham Nc

Description

They should show the public the entire press conference from the corona virus task force . Do not go to local news when this is so critical for the public interest!

Ticket: # 3901409 - Not showing all of the corona virus task force press conference

Date: 3/26/2020 6:12:32 PM

City/State/Zip: Smithfield, North Carolina 27577

Company Complaining About: Wral Tv 5 Raleigh-durham Nc

Description

They should show the public the entire press conference from president Trump and the corona virus task force. They should not cut to local news when they are telling the public such important information!

Ticket: # 3901417 - CNN unfair practice of reporting - biased news

Date: 3/26/2020 6:18:12 PM

City/State/Zip: Chicago, Illinois 60612

Company Complaining About: Comcast

Description

I have been watching CNN news reporting and if someone is trying to find what examples of bad reporting are, CNN is the treasure of those kinds of episodes. During these bad times that the United States is going through, the reporters (Brianna keilar, Sanjay Gupta) need to be respectful and mindful of the circumstances our country is in, it is unfathomable to image where we are with COVID-19. On the top of the facts, the blame should be going to China (where first case was reported 11/17/2019) that failed to alert world health organization about this potential deadly disease. United States, Italy and other affected countries are the facing consequential results of China failing to report WHO in timely fashion and alert the world community. Whereas these reporters are bashing our president and the task force (led by Mike Pence - wonderfully working towards better US) and I typically call these people real enemies of the US (back stabbers) on their own people. By cooperating with responses they should be able tone down the scare in people and provide the Americans with more positive news rendering that will be productive. REAL SHAME CNN - Brianna keilar, Sanjay Gupta (YOU ARE SHAME TO BE CALLED AMERICAN JOURNALISM)

Ticket: # 3901458 - An issue with TracFone**Date:** 3/26/2020 6:47:01 PM**City/State/Zip:** Charlotte, North Carolina 28216**Company Complaining About:** Tracfone

Description

I tried to purchahse airtime from TracFone over the phone and stopped because TracFone stated my credit card data would be retained for future transactions. Then I tried to purchase airtime on TracFonbe's website but that is not possible without purchasing a "plan". So that means I have to go to places like Walmart or Target in the middle of a pandemic. And to make matters worse I spent 20 minutes of my phone time trying to get this resolved and being put on hold.

Ticket: # 3901468 - Billing error and deceptive advertising

Date: 3/26/2020 6:50:50 PM

City/State/Zip: Winter Garden, Florida 34787

Company Complaining About: Sprint

Description

On my March Bill Sprint said I had until March 26th to pay my bill. On March 23 2020 one of my phones was disconnected. I contacted Sprint and asked was told that it was a partial disconnection for being past due. I said but it's not due until 3-26-2020 your employee told me that if the bill wasn't paid by 3-26-2020 all lines would be disconnected. I then said that Sprint had been advertising that due to the Corona Virus that no phones would not be disconnected for 60 days or 2 billing cycles. She said that was not true. Anyway she said I had to pay the past due of 165.00 to get the phone reconnected and keep my phones line being disconnected on 3-26-2020. It should be noted that I received a bill saying my account was on automatic and that it was on auto pay and 399.00 would be taken out on 4-11-20 she then said that wasn't true. Anyway I paid the amount due and service was restored but I shouldn't have had to do that.

Ticket: # 3901499 - Vulnerable Citizen with Disabilities CenturyLink Internet Termination 03262020

Date: 3/26/2020 7:26:44 PM

City/State/Zip: Phoenix, Arizona 85018

Company Complaining About: Centurylink

Description

Once again, CenturyLink fails to protect this person designated by AZ Statute as most vulnerable citizen, who has multiple life-shortening medical conditions that caused disability.

They refused to reinstate account last year after refusing to resolve past due balance consisting of penalty fees which removed me from their low income discount program. The refusal to reinstate was predicted on deception by the CSR so they could earn a new sale incentive. This was confirmed by management who refused to correct the situation. In addition, they returned every payment made; classifying it as a credit refund. This description of the refund led me to believe it was their way to correct the multiple failures and intentional lies .

In light of coronavirus, they signed the 60-day commitment to not terminate services, especially for those like me - the poorest & most vulnerable.

Ticket: # 3901501 - Inconsistency with captions on COVID updates

Date: 3/26/2020 7:28:24 PM

City/State/Zip: Sacramento, California 95831

Company Complaining About: Kcra

Description

I am deaf and live in Sacramento, CA. Governor Newsom has provided ongoing updates on COVID-19 with and without captions. It's very annoying when there are no captions and no sign language interpreters during each update. Please inform all CA stations they must consistently caption their ongoing COVID-19 updates.

Ticket: # 3901539 - Comcast not honoring what they promised**Date:** 3/26/2020 8:00:26 PM**City/State/Zip:** Catonsville, Maryland 21228**Company Complaining About:** Comcast

Description

We currently have no access to internet or cable during this pandemic. I have tried diligently to resolve our billing issues with Comcast. I was informed by an agent, who got approval from customer solutions that if I paid \$230 plus a \$100 deposit, our services could be reinstated. I was told this agent would make a note on my account to such. I was then told the next day that no note was made and the balance would be \$687 plus deposit to reinstate, I then spoke to a supervisor who informed me that they did not see a note, but if they could validate the information I was given that they would honor what I was told. I spent 13 hours on the phone with Comcast, I had another supervisor listen to the recordings to hear the agent tell me it was authorized for me to make a \$230 payment to bring my account current and \$100 deposit would be needed to reinstate my account. I then had another supervisor tell me that they would not honor the amount I was given by the agent even though the previous supervisor assured me they would honor it if it was validated. I can now not afford to have cable and internet for my children to do their school work during this time. They only offer free WiFi at an xfinity WiFi location, like a cafe which is impossible during an at home quarantine, therefore pointless. I was promised if I paid this amount my account could be reactivated and assured by a supervisor it would be honored if validated. It is unacceptable that another supervisor is now telling me that it was all incorrect information and they will not honor what they said they would.

Ticket: # 3901561 - Internet outages

Date: 3/26/2020 8:23:20 PM

City/State/Zip: Miami Gardens, Florida 33056

Company Complaining About: Comcast

Description

I am making a complaint against Xfinity due to the fact that I've been having issues with my internet going in and out I called them numerous of times and nothing is being resolved a technician came out here supposedly fixed the issue but was still experiencing this issue I called again after and I had one Representative tell me if this issue still happening they will have another Technician come out so I called again and spoke to another Representative that told me that they can not have a Technician come out due to the Covid 19 which that policy started March 24 but the first Representative did not tell me that so this last representative I spoke to I told her that I will not make no payment until they get a technician out here to fix this issue the Technician that came out his name was Nathan his lazy ass did not fix nothing

Ticket: # 3901573 - RE: [FCC Complaints] Re: Limited Speed & Cost, Router Management, Sporadic Signal Loss, Customer Service

Date: 3/26/2020 8:34:35 PM

City/State/Zip: Cross, South Carolina 29436

Company Complaining About: Home Telecom

Description

This is a follow-up to your previous request (b) (6) "Limited Speed & Cost, Route..."

First and foremost, on a personal note, the COVID-19 health crisis is presenting our world with unprecedented challenges. I would like to extend hope and well wishes to everyone affected by COVID-19 and pray for the families and colleagues of the FCC, Home Telecom to remain healthy and safe and that COVID-19 disperses quickly.

Upon review of the reply to Ticket Number: [REDACTED], the grievance is not satisfied for the following reasons:

Limited Speed & Cost

Home Telecom did not justify cost vs speed. Home Telecom did not communicate a future road map/timeline regarding new services or options for customers in my area.

Router Management

I do not think Home Telecom understands the issue from a my (consumer) perspective. Why should I have to buy another router? That defeats the objective. Does Home Telecom offer any other WiFi services? Why hasn't a Home Telecom Representative contacted me and explain my options or what technology will be available in the future?

Sporadic Signal Loss

Insufficiently addressed. No cordless phone issues, no microwave issues etc.,

Customer Service

Not once was I referred to as a valued customer and the 20-year relationship appears to be of no consequence. It is essential that all client relationships must constantly be renewed and simultaneously have the fortitude to improve the relationship.

Help Desk

Home Telecom's brief explanation is not acceptable. Their call center is forwarded to an answering service on the weekends and after-hours. The answering service clearly informs you the Help Desk will contact you to resolve your technical issues on the next business day. (Simply call and find out for yourself) Other Help Desk issues not addressed (Please review initial complaint).

Offline Security Camera

Insufficiently addressed – CSR falsehood and 3 weeks to remediate a service call not addressed and more.

Cost vs. Speed

Insufficiently addressed - Based on the reply, it is apparent that I cannot receive high speeds at this time. Again, I am asking, why am I paying the same price for the same speed for 20 years? (There is a depreciation factor).

\$45.00 Reconnection Fee - I do not think Home Telecom understands the issue. Of course, I admitted the payment was late, I stated how and why. I'm not petty to squabble over the late fee; I was merely conveying how the fee was assessed. In both occasions the delinquent payment was within 2 hours. I understand your policies and procedures. However, in the real-world things happen, there are times we fall in the confines of grey areas. Did Home Telecom take the time to consider the how and why, also did they take in account the value of my tenure as a customer for 20 years? Is the \$45.00 that serious?

Corporate Character

Home Telecom confirmed my depiction of their corporate culture, it's their way or the highway! Not once was I referred to as a valued customer and the 20-year relationship appears to be of no consequence.

Conclusion

I want to be very clear; my grievance is not personal. Unfortunately, issues, complaints and misunderstandings frequently occur in business. Does Home Telcom believe they are flawless, and refuse to look at their client's perspective? It's not what Home Telecom proclaims, it's their actions that defines them. Again, not once was I referred to as a valued customer and the 20-year relationship appears to be of no consequence throughout their response.

I waited for three weeks for Home Telecom to reach out via telephone to obtain better insight of my grievance. It would seem fruitful to extend an olive branch to seek understanding and maintain customer retention. Home Telecom immediately requested this complaint to be closed without addressing all the issues. In the past there have been occasions I filed complaints with larger organizations. They all responded rapid with professionalism. Moreover, they personally reached via telephone, they were very interested in improving the relationship, they listened, they provided suggestions and remediation. Most of all they demonstrated I was valued as a customer. They made sure their resolve was amicable. Home Telecom response did not display any sense of concern or customer appreciation.

Based on the aforementioned, Home Telecom's request to close this compliant is denied.

Respectfully,

(b) (6)

Ticket: # 3901613 - Cox Commnications - Signed Pledge to keep America connected during Covid19

Date: 3/26/2020 9:30:21 PM

City/State/Zip: Irvine, California 92620

Company Complaining About: Cox

Description

Cox Communications is proudly advertising they have joined in the pledge to keep America Connected, however I called twice to lower my cable, tv - internet - phone bill and they told me the new lower priced services are for new customers ONLY! I am 60 and currently unemployed I offered to reduce my services no premium (like HBO) by reducing to a basic client for TV Internet & Phone they were only willing to cut my bill by \$17.00 thats ridiclous when my bill is \$310.00. When asked why the much lower pricing is only for new clients the gentlemen replied that they need to make money form existing clients like me. Where I can appreciate his statement, there is profit and then there is price gauging. The population of Irvine, CA is 282,572 if 1/2 the population has the only cable company available to them (COX) 141,286 people x \$310 that is over \$43 million in monthly billings from just one city. Just offering price breaks to NEW CUSTOMERS ONLY is not within the sprit of the Pledge.

Ticket: # 3901656 - COVID-19

Date: 3/26/2020 10:17:55 PM

City/State/Zip: Girard, Ohio 44420

Company Complaining About: Spectrum

Description

To whom it may concern.

The Country is enduring a pandemic do to COVID-19. It was and continues to be a very difficult decision to close our family business for the safety of our employees, family as well as our customers. I won't go into detail what our Governor has in place for our State. With that said, why are you placing your employees at risk of exposure? Why not allow them to broadcast from home? We are all in this together so why not show the public your station is above the rest and make a stand. Working from home would require management/engineering to get the equipment needed to cast homes as well as planning and setup on your part. Other markets across the country are doing it for weather, even Al Roker has been doing weather from home. I can go on and on.

PS

WYTV Youngstown, Ohio

Ticket: # 3901678 - ABC, NBC, CBS denying public broadcast of Presidential News Briefs

Date: 3/26/2020 10:51:54 PM

City/State/Zip: Otis Orchards, Washington 99027

Company Complaining About: Abc, Nbc, Cbs

Description

I would like to file a complaint with the FCC for the networks ABC, NBC, and CBS cutting away from the daily Coronavirus Whitehouse news briefings. This does a grave injustice to disseminating information in the public interest and safety. I believe that this violates policies set in place to protect the public, especially in the time of a national emergency.

Ticket: # 3901702 - Cox Over Sold Networks in Scottsdale, AZ

Date: 3/26/2020 11:21:15 PM

City/State/Zip: Scottsdale, Arizona 85257

Company Complaining About: Cox

Description

Cox for years has been overselling bandwidth and networks in Arizona and other states hoping users are not all triggering traffic at the same time as to over charge for equipment and infrastructure cost and increase margins. With the COVID-19 issue we are working from home and now the worst scenario for Cox has presented itself where people are all trying to use a service they pay for at once but not realizing they are on an over saturated network due to Cox's greed to profit on margins without having to spend on infrastructure to support it.

Ticket: # 3901723 - Metro by tmobile

Date: 3/27/2020 12:22:44 AM

City/State/Zip: Houston, Texas 77040

Company Complaining About: Metropcs

Description

Metro by tmobile has disconnected my service despite tmobile signing the agreement set by the fcc to keep consumers connected during the covid19 crisis. Metro by tmobile needs to be held accountable and fined as well as reconnecting consumers phones without a reconnection fee.

Metro by tmobile has disconnected my service despite tmobile signing the agreement set by the fcc to keep consumers connected during the covid19 crisis. Metro by tmobile needs to be held accountable and fined as well as reconnecting consumers phones without a reconnection fee.

Ticket: # 3901736 - Daily Information from White House on Medical Pandemic

Date: 3/27/2020 12:44:31 AM

City/State/Zip: Bargersville, Indiana 46151

Company Complaining About: Antenna

Description

I had to go to youtube to find the latest information on the health crisis we are currently in. The American People have the right to know what is going on. None of the TV stations have carried the updates in the last 2 days. What is going on here? Not everyone has computer access. I would think the taxpayers of this country have a right to the latest information. This needs to be looked into. We need updates from our leaders handling this pandemic and our constitution protects our rights to have that information when available.

Ticket: # 3901738 - Inappropriate use of Emergency Alert system

Date: 3/27/2020 1:13:12 AM

City/State/Zip: Gainesville, Florida 32605

Company Complaining About: Other

Description

Alachua County, Florida 3/26/2020 at approximately 4:30pm issued an amber alert style alert Via cell phones to inform residents they have made a COVID related website. Clearly this is not an appropriate use of the Emergency alert system.

Ticket: # 3901740 - Phone Service Metro PCS

Date: 3/27/2020 1:19:56 AM

City/State/Zip: Belton, Missouri 64012

Company Complaining About: Metropcs

Description

My phone service was disconnected due to non payment due to not working from Covid19. I called the customer service line and just go re-routed to the automated line over and over again to no avail. I have been needing my phone to drive my mother to her drs appts as she just got a pacemaker, had to get a 2nd lead wire placed in it, cannot do much, is doped up, etc. This is ridiculous and uncalled for especially when I have been a regular loyal customer for x amount of years. I understand they give a 2 day extension but even then, there's no data to GPS directions to my mom's appts and I've come from a different state and don't know my way around. Not cool. Dangerous. Heartless. Pathetic.

Ticket: # 3901842 - unwanted repeat calls

Description

unwanted repeat calls -during a pandemic.

Ticket: # 3901896 - AT&T Internet services (outage for over 12 days now)

Date: 3/27/2020 9:40:26 AM

City/State/Zip: Miami Beach, Florida 33141

Company Complaining About: AT&T

Description

I am writing to file a serious complaint regarding AT&T's internet service. I am a teacher and need to teach online and I haven't been able to because my building has not had internet service for the past 12 days. My neighbors and I have called incessantly only to be told that they are "working on it" by outsourced reps who do not seem to understand the severity of the matter, especially given the fact that many of us have to work online in order to keep our jobs given the current Covid-19 situation. I particularly am a new account (I called on 3/19 to open it) and had an "initial" appointment date of 3/30 (unacceptably long) so I called again and insisted for a quicker appointment and they gave me 3/23. The tech arrived to my place and was not able to do anything because he was just told last minute that there was an "external" cable problem. The tech had my apartment and account number under another person's name; yet another unacceptable issue.

Bottom line: We still do not have internet and I am about to lose my job. I would sincerely appreciate your help. By the way, I have details about every rep I spoke to, their IDs, dates, times, approximate wait times which of 1.5 -2 hours before any rep even responded, etc. The whole thing is unacceptable. Lastly, the fact that a client cannot communicate with a "local" number is very frustrating.

Thank you.

Ticket: # 3901922 - Fox News Misinformation

Date: 3/27/2020 9:52:58 AM

City/State/Zip: Oregon City, Oregon 97202

Description

I would like to complain about the regular and consistent misinformation and lies broadcast on a daily basis by the Fox network. The “facts” they share are regularly debunked by non-partisan fact checking organizations. Their broadcast license must be revoked, particularly as they are spreading misinformation about COVID-19 that will cost millions of Americans their lives or livelihoods. Thank you for taking this seriously.

Ticket: # 3901957 - Windstream

Date: 3/27/2020 10:19:26 AM

City/State/Zip: Olive Hill, Kentucky 41164

Company Complaining About: Windstream

Description

Windstream numerous times over the last 3-6 months regarding this issue. Each time I am told to plug and unplug the line which never fixes the problem, that yes there is a problem with one of the lines, and that someone will come out in 2-3 days to work on this. Sometimes they have shown up and sometimes they do not. No matter, the problem is never resolved. I have been promised a decrease in payments due to this. This never happens. I work from home, and now with the Corona virus my husband is also working from home. Neither of us can do our jobs, both in the educational sector, due to lack of sufficient service of which I have been asking Windstream for 6 months to fix and they have not done so. I believe that Windstream is selling high speed internet in rural areas that they are ill equipped to deliver then not addressing the issues when consumers go to them with complaints. As I live in a rural area where internet companies often get additional funding, I am filing this complaint against Windstream as in my 20 years of services I have not found them to be a company that displays honesty, integrity or any concern regarding the issues their customers are dealing. If there was another source of service available for my area, I would have long ago changed my service. Unfortunately, this seems to be my only option.

Ticket: # 3902160 - Verizon will not provide service better than DSL

Date: 3/27/2020 11:58:36 AM

City/State/Zip: Meyersdale, Pennsylvania 15552

Company Complaining About: Verizon

Description

With the Coronavirus outbreak, my brother needs to be able to take online college courses, and my mother and I need to be able to work from home. There is a Verizon cell tower literally 0.5 miles away from our home, which of course has fiber running to it. Yet, after over 20 years of being their customer, Verizon refuses to provide our home with service other than DSL, even after I have called them at least 10 times and gotten brushed aside. We have tried using cell phone hotspots and the DSL connection, and they simply do not have a good enough ping for the VPN and remote tools we need to be able to use. Please provide us with cable internet or FiOS so that we can survive this crisis, as we are certainly willing to pay for it!

Ticket: # 3902231 - CenturyLink - Telephone and Internet Service Issues

Date: 3/27/2020 12:22:52 PM

City/State/Zip: Banks, Alabama 36005

Company Complaining About: Centurylink

Description

The consumer called to report issues with his home phone. He stated that his phone service is totally out. He stated that it is out more than it works. He stated that it is out for about 40 hours per month.

He stated that CenturyLink never provides any credit and he is paying the full monthly amount for about two weeks of service each month.

He asked them to review phone calls/service records/usage records, they will see how much the service has been out.

He stated sometimes it is out for a few minutes, other times for a few hours, and a lot of the time it is out for days! He subscribes to telephone and internet service/WiFi.

He stated that he feels that they simply want to rush him off the phone and CenturyLink has been totally unresponsive. He stated that there is a bad line somewhere farther down the road/service line and this issue is always outside of his home. However, they simply will not repair the line once and for all to provide the services for which he pays.

He stated that he lives in a rural area and there is NO cell phone coverage in this area. He stated that the current pandemic has now spread to his area and he MUST have access to reliable phone service.

He stated that this is not about the money and it is not a big deal with regard to providing the credit. He just wants his phone to work. He has to drive about 1/4 of a mile to one mile just to obtain access to cell phone service and he may not be able to do this going forward.

His phone has been out for two days and he was told that they will come out on Monday, March 30, 2020!

The consumer requested immediate repair of this line and reliable telephone service/the service for which he pays.

Ticket: # 3902235 - Speed Issues

Date: 3/27/2020 12:25:35 PM

City/State/Zip: White Haven, Pennsylvania 18661

Company Complaining About: Viasat

Description

Consumer is with Viasat

Consumer is not getting the speed he is paying for

Consumer is on hold for hours to speak to someone

Consumer pays \$173 a month

Consumer said for what he pays, he should get the speed he is paying for

Consumer has spoken to them multiple times about the speed issues and nothing is done to resolve it

Consumer just wants the speed he is paying for during the day, because he needs it to work from home due to Covid-19

CTR402

Ticket: # 3902239 - Price Gouging by XFINITY/Comcast

Date: 3/27/2020 12:27:14 PM

City/State/Zip: Arlington, Virginia 22205-2547

Company Complaining About: Comcast

Description

We have had XFINITY internet for several years. I am retired. Our bill for some time was \$49.99/mo. In January 2020 it was \$49.99, February 2020 \$58.28 and our March bill is \$69.99. This is a 25% increase in 60 days, during a pandemic and when we are all pressed to pay bills. Internet service providers should not be permitted to raise prices at this time and should never raise prices without notifying the customer 30-60 days in advance, so we can find another suitable ISP.

Ticket: # 3902311 - Billing Dispute with AT&T**Date:** 3/27/2020 12:58:20 PM**City/State/Zip:** Bay City, Michigan 48708**Company Complaining About:** AT&T

Description

He was previously employed by AT&T. He had television services that billed for a total of \$10.60 per month. He was laid off in December due to cut backs. He received a bill via email. The amount billed was \$269.71. He called on 03/18/2020. However, the CSR stated that she could not pro-rate the bill even though it was only 1 day beyond the billing cycle which was 03/17/2020 - 04/17/2020. He has now received a letter, stating that he would lose his concessions from his prior employment with them....this letter arrived about two days ago.

The letter is postmarked 03/10/2020 and he just received it ? There was no prior notification until this very costly bill arrived. He advised the CSR that he could not afford this amount due to the fact that he is unemployed. He asked to have the bill prorated and she apologized and stated that AT&T does not pro-rate anything! He requested to have service cancelled immediately. However, she advised him that he must go through the whole billing cycle and further advised that his billing would not stop until April 18, 2020 ...even though he was just one day into that billing cycle and they had provided NO prior notification of this huge jump in pricing or the fact that they do not pro-rate, or make payment arrangements, etc. He stated that they have his email address, he went paperless and the least that they could do was to explain the new plan rate .

She could not offer any other type of help. He was told that they cannot break it up into manageable payments and he would have to pay for the whole month.

The consumer is unemployed and now with the Covid-19 Pandemic, this puts him in a very precarious position. He has worked for 21 years, for AT&T and feels this is extremely poor treatment given his years of service to their company. He requested that they provide the requested pro-ration for his services.

Ticket: # 3902321 - Metro by T-Mobile & Coronavirus Policies

Date: 3/27/2020 1:01:50 PM

City/State/Zip: Antioch, Tennessee 37013

Company Complaining About: Metropcs

Description

My service was disconnected for non-payment. I was furloughed from my job due to the Coronavirus Pandemic and needed additional time to make payment. Despite the fact that this company entered into the Keep Americans Connected agreement with the FCC, and I made this aware to them, they refused to grant me a 30-60 day extension, as they did for customers from March 16-19 and disconnected me on the 23. Customers like myself are being lied to and deceived, and in the wake of recovering from loss due to tornado damage, and then the Covid-19 strain, we depend on the help of companies to help us in our time of need, especially if they enter into agreement to do so. I know I'm not the only customer to be treated this poorly, and the FCC needs to make Metro by T-Mobile, and their parent company T-Mobile, accountable for their actions and force them to step up. Thank you.

Ticket: # 3902358 - GROUP TEXT BEING SENT

Date: 3/27/2020 1:20:33 PM

City/State/Zip: Fresno, California 93710

Description

porno sent from livepositivelydiana@gmail.com . There are 19+ phone numbers that is shows being sent to. I have deleted these in the past but since I have so much time on my hands due to Covid I am reporting.

I don't want this sent to me. I have grandkids for goodness sake!!!

What can be done about it...hunt them down and arrest or FINE these perverted people.

Ticket: # 3902405 - AT&T Porting Issues

Date: 3/27/2020 1:38:08 PM

City/State/Zip: Lubbock, Texas 79407

Company Complaining About: AT&T

Description

He is calling about AT&T.

He said, that AT&T is charging property tax, which he does not want to pay.

So, he is changing his phone company.

He is trying to go back to Verizon.

He is trying to port his phone.

AT&T is locking his phone.

He purchases a phone through AT&T and the phone is from New Zealand.

Apple told him this information.

He tried to get in touch with AT&T and AT&T is not addressing this issue.

He is unable to take phone to store, because of the COVID-19.

He would like if AT&T would release the phone so he can port phone.

All phone is paid for.

Ticket: # 3902753 - Cable tivo signal

Date: 3/27/2020 3:44:37 PM

City/State/Zip: Wading River, New York 11792

Company Complaining About: Optimum

Description

Attempted FIVE phone calls to optimum Altice. The signal was lost to the cable card in my tivo. They cannot get the signal re-tethered. No tech support (this started before coronavirus), and customer service following a script that they cannot fix the problem! Tivo confirmed it was a cable problem. No remedy because of the pandemic dont wish to go into a cable store, nor a visit from a tech. They appear to be discouraging people from using their own boxes with tivo.

Ticket: # 3902819 - cablevision unwilling to maintain current service

Date: 3/27/2020 4:03:18 PM

City/State/Zip: Farmingdale, New Jersey 07727

Company Complaining About: Optimum

Description

to whom it may concern

On Fri Mar 27th upon receiving our monthly cablevision TV-internet bill I was alarmed as it increased by more than \$15/ Mo. we had been with this service provider for more than 20 yrs, My wife and I are both disabled, at least 60 yrs old. My wife suffers from systemic Lupus. We cannot be without the informational services of TV and internet in light of this pandemic. Upon calling Cablevision and explaining that under these current conditions we cannot afford \$15 more per. month. The person @ Cablevision was totally unresponsive and cold and callous to this. Our current bill is around \$131 per month and that is all we can afford. very disappointed in a company I was a loyal customer with for 20 years!

Date: 3/27/2020 7:43:45 PM

City/State/Zip: Bronx, New York 10473

Company Complaining About: Optimum

Description

The Optimum Sales person came to our home, gave a False advertisement of the package we would receive, And the price and it would be for life the price offered

I then asked can we receive the previous package which is the gold package with the channels Like BET Soul Videos and Music choice , cooking channel. food net etc. But we wanted No movies Like HBO, Showtime, None of that he said okay, He then asked for a social security in order to get the package Promo. SS# is private So a SS#

was given. On Thursday March 12th 2020. A Tech came to instal equipment, Horrible

Job, he hooked up the wrong phone line wrong area, Left cable wire, and staples on the floor, sharp pieces, did not explain how the service or WIFI worked at all we had no WIFI, TV was not working well, yet a relative gave him a tip big mistake. I called to speak to a supervisor they would not let me. I called to make a complaint also try to ask about getting previous channels. No respond AT ALL ! we never received a channel guide Terrible, we left verizon for Unprofessional Optimum said they would send a Tech to check out the Issue, they didn't let us know the canceled due to COVID-19 we want answers.

Ticket: # 3903183 - Over charge on bill

Date: 3/27/2020 8:04:45 PM

City/State/Zip: Chickasha, Oklahoma 73018

Company Complaining About: Sudden Link

Description

In October 2019 Suddenlink Communications changed over to a new paper bill to be easier to read. I have paid all my Bill's to them. They are saying that I missed paying my bill. I have all my cancelled checks proving I paid. They sent the new bill out a few days before it was due. I went to there office in the town I live in and paid it. They are using Wells Fargo to pick up the check's. Only it takes them 2 weeks before they get it. This makes it look like I have missed a payment. I have called and tried to explain this. The first lady barely spoke any English so she didn't understand. Called back talked to another person he said he understood what I was talking about. Fixed the bill and said I only needed to pay 130.00 so I did. They cut my service off this morning 3-27-2020. Called talked to another man he did turn my internet on and said I should have my other service back on in an hour. That did not happen. I have asked numerous times to talk to someone higher up in management and that can speak English. They avoid letting me. My television is my way of keeping up with the Coronavirus when I'm home. I have all my cancelled checks. I'm at a loss now at what to do. I do not think I should have to pay a bill that I have already paid for

Thank You,

Sa

Ticket: # 3903262 - Abusive cable comapny

Date: 3/27/2020 9:42:49 PM

City/State/Zip: Rockville Centre, New York 11570

Company Complaining About: Optimum

Description

On Monday, March 23rd, I contacted Optimum Cable and explained that I must take action to lower my cable bill. I have been severely impacted by the Covid 19 virus. I have been home sick and can not return to work in the foreseeable future. I can not take the risk of having an installer in my apartment to install new equipment so I can not switch companies wile this virus is still spreading. I am stuck in a tiny studio apartment and can not pay all of my bills, I must reduce my living expenses immediately.

Optimum was willing to reduce my service but refused to lower my bill to reflect the reduced services. I paid 169.41 on February 20th. I would be paying the same amount each month for internet only. They refuse to help me to lower my bill. I can not afford this bill. This is abusive and callous. They advertise internet service for 39.00 per month. I must reduce my service to internet only and they sould allow me to pay the internet only price they advertise.

Ticket: # 3903284 - SMS No Unsubscribe

Ticket: # 3903306 - Charter Communications & Keeping America Connected Initiative

Date: 3/27/2020 11:01:08 PM

City/State/Zip: Killeen, Texas 76549

Company Complaining About: Charter

Description

My service was disconnected due to non-payment and the company intentionally failed to tell me about their Keeping America Connected pledge after I explicitly asked what options were available for their current customers due to the coronavirus crisis. This has significantly impacted my family, as my husband and I are both out of work due to the international crisis; however, we have 3 K-12 students using the internet to attend school, so I felt as if I had no choice but to use our family's grocery money to pay the internet bill while I figured this out. It was deceitful and grossly misleading.

Ticket: # 3903315 - Sprint Admits Billing Error but Won't Authorize Employees to Fix

Date: 3/27/2020 11:38:29 PM

City/State/Zip: Azusa, California 91702

Company Complaining About: Sprint

Description

On or about February 1st, 2020, my roommate and I went to the Sprint store together. She bought some new ear buds and I bought a new tablet. There is a monthly fee for both. The salesman mistakenly put everything on my roommate's bill. When we got the bill 30 days later on or about March 1, 2020, we realized the error and returned to the Sprint store to fix it. We were there for at least two hours. The saleswoman, after what seemed like an eternity of messing about with everything, finally "fixed" the error, and assured us that the tablet purchase would appear on my bill within 5 business days. 30 days later, we get our bill and discover nothing has changed. All that time at the Sprint store, and my tablet purchase still appears on my roommate's bill. She's threatening to just refuse to pay them. I don't know what to do. We just tried to call them. They're closed now because of Covid-19. I just want MY purchase to appear on MY bill. I don't understand why this is so hard for them. Sorry I bought this stuff from them.

Date: 3/28/2020 2:17:53 AM

City/State/Zip: San Clemente, California 92674

Company Complaining About: Cox

Description

Cox cable released this notice

ATLANTA - March 16, 2020 – Following a series of announcements last week, Cox announced today additional relief offerings to support residential customers during the coronavirus pandemic.

In that notice and I quote, Pledging to support the FCC's Keep America Connected initiatives by: Not terminating service to any residential or small business customer because of an inability to pay their bills due to disruptions caused by the coronavirus pandemic."

But they are disconnecting for non payment, as a customer service rep stated to me that only applies to water, heat and electricity , not cable. But that is all Cox sells, they do not provide any other utility. Its deceptive and misleading.

Ticket: # 3903375 - Internet provider is Increasing my monthly charges over 31%

Date: 3/28/2020 3:50:44 AM

City/State/Zip: Honolulu, Hawaii 96817

Company Complaining About: Spectrum

Description

I am very unhappy especially in these hard times with Corona Virus where and many other essential services are requested over the internet.

I have only an internet subscription with Spectrum and I have not changed my service for TV and Cable TV.

I have been a long time subscriber and having my taxes and fees is price gouging and unnecessary for this essential services.

I called Spectrum billing and they said there is no complaint department and they do this just because other companies can do this.

I am not asking for anything extra and Spectrum will penalize me if I do not pay the higher fees..This gross inflation and such essential services should be less expensive not inflating especially when I am not asking any additional services.

My account number is with Spectrum.

I have called State Govt Cable Division who recommended I file complaint with the FCC.

Appreciate any assistance.

Thank you,

Description

I would like to report a censorship problem at WGAL channel 8. Whenever the President does the live Covid update someone strategically turns off the broadcast then turns it back on when they feel a certain part is over. They should not be allowed to choose what part of the Presidents emergency update I see, I would like to see it all.

Ticket: # 3903454 - ALL National News Broadcasts Blocked during Weather Emergencies AND National Emergencies

Date: 3/28/2020 10:06:46 AM

City/State/Zip: Jacksonville, Florida 32223

Company Complaining About: Cox And Gannett

Description

The Local TV Broadcast (Antenna) Channels have been acquired by Cox and Gannett Companies. Each owns two. Cox controls CBS47/Fox30 and Gannett Controls ABC25/NBC12. Each company has consolidated Local News Stations, one for each two channels. In normal Times each of the four channels broadcasts their respective network national broadcasts. During a crisis, they block National News. To exacerbate the situation, the Locally owned Station controls two Channels as well WJXT4/WCWJ17 thus one gets 5 Broadcast of simulcast Special Report. The local Station keeps channel 17 with normal broadcast at all times, and they have no National affiliation for Channel 4 - truly local. They and the PBS affiliate are the only Stations flying Strait - providing emergency notifications, local news, and special broadcasts along with great National News coverage. This Blanket shutout of National Network news ABC/CBS/NBC began with the President's first COVID briefing at 6:30 pm Eastern, and continues today. It is by design. Perform a search on the Web Page or Facebook page of each News station First Coast News WTLV12/WJXX25, or Action News Jax WFOX30/WJAX47 there are zero search results for active links to ABC World News, NBC Nightly News, or CBS Evening News. If there is a link to a story covered by those networks, it is years old and negative story towards the Network or a Network employee. Zero Covid -19 links! I cannot stress the difference between information presented during the Trump briefings and the fact checked, linked, and concise presentations of the National News Networks. Jacksonville, Florida has been in an alternate reality broadcast zone for the entire Corona Crisis. The mixed messages are astonishing. This issue first appeared during Hurricane Season, after Station Acquisitions by Communication Companies was complete. When Severe Weather approaches, each Station Owner switches to Broadcast Local Weather continuously. In effect 3 Weather Teams Broadcast on Six Channels until the threat passes. Short-term weather events this can be tolerable. Unfortunately Hurricane Season presents a similar National News Blackout that can last for weeks. Sometimes one channel will divert the National News to a Digital side channel, but rarely if at all. With the Digital side channels they control a combined 14 over the air channels. Surely they can hold up three shopping broadcasts to transmit CBS, ABC, and NBC National News during Emergencies.

IS THERE SOME MECHANISM TO FORCE THESE "NETWORK AFFILIATES" TO BROADCAST THE NETWORK NEWS BROADCAST DURING EMERGENCIES?

We are in the dark, and forced to find the broadcasts online after 24 hour delay.

Ticket: # 3903458 - overdone broadcasting of same commercials

Date: 3/28/2020 10:11:17 AM

City/State/Zip: Longville, Louisiana 70652

Company Complaining About: Gray Media

Description

KPLC-TV Channel 7 in Lake Charles, Louisiana is the only station I can get way out here in the woods. There is no cable service here. I cannot afford to add TV to my satellite internet service since I am on Social Security only. The station is my source of practical information, especially during this pandemic. It runs some misleading commercials like the "Medicare Coverage Helpline" two or three times during each local newscast. That same commercial has been going on for years. There are endless repetitions of lawyer commercials and endless repetitions of KPLC's self-promotion spots. Surely things could be changed for the better for the sake of the viewers.

Ticket: # 3903469 - AT&T is turning off poor peoples phones in the global pandemic

Description

I have been a loyal customer for 6 yrs. I lost job temporarily just like millions of other people due to covid -19. My radio turned off yesterday while I was leaving to buy food. I contacted SiriusXM to find out why it I no longer had radio,just the channel 1 advertising the service . Keep in mind my 6 month subscription isnt up until April 3rd. They told me that they couldn't turn .y radio back on unless I renewed my subscription. I cant afford any extras right now and all I wanted was the reat of my subscription which was 7 days. I wont subscribe again once I get back to work, they are thieves!

Ticket: # 3903473 - AT&T is turning off poor peoples phones in the global pandemic

Date: 3/28/2020 10:29:57 AM

City/State/Zip: Austin, Texas 78721

Company Complaining About: AT&T

Description

AT&T turned off my phone today, after I tried to reach them for 3 days and they only answered after it had been turned off. In a gd mf pandemic.

And they literally told me that they are only assisting the rich during this pandemic not the poor on prepaid plans, as I asked that question and the manager Leillen said "yes". This is a crime against humanity.

They. Must. Be. Shut. Down. IMMEDIATELY. And. Jailed. For. Crimes. Against. Humanity.

TODAY.

And EVERYONE must have phone access during a gd mf pandemic.

Ticket: # 3903498 - New Service Set Up

Date: 3/28/2020 11:06:46 AM

City/State/Zip: Simpsonville, South Carolina 29681

Company Complaining About: AT&T

Description

We ordered internet from ATT for my wife's grandmother so she wouldn't have to go to the library and risk exposure to Covid. The hardware from ATT arrived promptly but it won't connect and we can't get any help from AT&T! AT&T's help desk number hangs up on you. The account desk number has a 2-3 hour wait and I have held for hours waiting to get any assistance. They should be embarrassed about how they've abandoned their customers.

Ticket: # 3903515 - Bait and switch pricing

Date: 3/28/2020 11:42:08 AM

City/State/Zip: Cheboygan, Michigan 49721

Company Complaining About: Spectrum

Description

I received 2 mailers from Spectrum within a 4 month period advertising I would receive assist internet pricing @ 17.99 a month. After receiving the second mailer I called and ask to have services installed. The gentleman I spoke to on the phone was Ryan Hunter. He said that I don't qualify, but I could get internet @ 49.99 instead. This is bait and switch. He never asked me how much I make or any details that would disqualify me. I asked to speak to his supervisor, he declined and said he can see if he can mail out an application. He said his supervisor said no. Why are they taking advantage of this Pandemic to commit illegal trading acts? I am stuck in a monopoly of receiving internet from gangsters. Please help

Ticket: # 3903519 - news organizations cutting out on daily Presidential briefings

Date: 3/28/2020 11:45:36 AM

City/State/Zip: Shenandoah Junction, West Virginia 25442

Company Complaining About: Comcast

Description

Major news organizations-MSNBC, CNN, ABC, NBC and others have decided to cut out segments of presidential briefings re the COVID-19 crisis for they do not like what President Trump has to say. Who are they to determine in a time of a national emergency what the people may or may not hear. This isn't the America that I know. This must stop.

Ticket: # 3903521 - EMAIL ATTEMPTING TO SELL PRODUCT EVOKING FEAR OVER CORONA VIRUS.

Date: 3/28/2020 11:49:30 AM

City/State/Zip: Saluda, South Carolina 29138

Company Complaining About: Hla...this Was A Text Not A Call. Your Form Needs Updating To Include Texts.

Description

Received message 3/28/20 @10:26am Hi [REDACTED]. it's Kriss with HLA, there's 3 weird reasons Korea,s coronavirus death rate is 100X lower: <https://prospr.shop/2wDJHR> text stop 2 stop. My concern is that this text going to people with no medical background will be give false hope & cause money to be spent for trash. in appropriate advertizing.

Ticket: # 3903535 - CBS news and Sky News

Date: 3/28/2020 12:29:26 PM

City/State/Zip: Baltimore, Maryland 21230

Description

On March 20, 2020 Skynews published an article showing a video of a hospital in northern Italy with COVID19 patients. On March 25, 2020 CBS news published an article with the exact same video stating it was New York. No correction that it was Italy. This is blatantly dangerously wrong.

[Ticket: # 3903544 - CBS cut off President Trump newscast about coronavirus emergency](#)

Date: 3/28/2020 12:43:31 PM

City/State/Zip: Pitcairn, Pennsylvania 15140

Company Complaining About: Cbs News, Kdka Local Pittsburgh, Pa Station

Description

CBS denying consumers access to information about coronavirus emergency. Cut off broadcast, March 27, 2020 at 6PM while President was giving information.

Ticket: # 3903570 - T-mobile

Date: 3/28/2020 1:31:03 PM

City/State/Zip: Dallas, Texas 75217

Company Complaining About: T Mobile

Description

My cell phone service was interrupted due no no payment during this pandemic. My husband needing the phone for contact with school teachers, call T-mobile and the paid the service. I was under the impression they made a pledge with the FCC to not cut people's service off for the next 60 days, so why did I lose service, why did I have to pay during this time of crisis? When we are trying to save all the money we have for our food and essentials. I contacted T-mobile, all they did was apologize and refund the \$20 reactivation fee per line. I understand that's nice of them but now I'm \$337 short for the next two weeks!

Ticket: # 3903626 - Verizon

Date: 3/28/2020 2:30:07 PM

City/State/Zip: Edgewood, New Mexico 87015

Company Complaining About: Verizon Wireless

Description

Over a year ago I got Verizon and slowly through the months, Verizon has slowed to a crawl, but I called because of Covid-19 inability of internet access, and my internet speed was what it once was, but I was told, I would have to pay extra for it after 1 month. I am a low-income senior paying \$89.79 a month now. Now that I realize that they are intentionally slowing the internet, I am reporting it, because their answer to their slowing was for me to buy a new phone, and that should be illegal. They have also stopped me from receiving any internet for days on end, even though I need to buy Rx and groceries online, 6 days this month alone. This is price gouging, whether trying to sell you stuff you don't need or increasing price of services that were what you supposedly are paying for and should be outlawed and the company should be made to stop it legally

Ticket: # 3903659 - Company wants to turn off services after extensión was made

Date: 3/28/2020 3:22:32 PM

City/State/Zip: Miami, Florida 33177

Company Complaining About: Comcast

Description

Because of the coronavirus im not working i call to make a extensión then the company send me a letter saying that they will turn off services this company needs to be check they treat customer really bad .

Ticket: # 3903687 - Altice/Suddenlink

Date: 3/28/2020 3:46:39 PM

City/State/Zip: Conroe, Texas 77304

Company Complaining About: Sudden Link

Description

Suddenlink has always been a terrible cable provider. I have only used their service due to the fact that they have been my only option. In December, I moved into a new house. After moving I was disappointed to find out that once again I could only use Suddenlink. I began paying for their "service" in January. They sent multiple Technicians out, but could not get the cable and internet to work. I tried calling their main office but could only reach someone in India that was completely useless. I was forced to pay again in order to have yet another technician out. After 3 months, I still had no internet. This was extraordinary inconvenient as I work from home and was forced to scavenge for WiFi around town. Even without any service, Suddenlink still racked up the charges and late fees. I kept calling and calling but no one could help. I've even been to their store location several times where they told me that they can't help. I'm very surprised that the government would allow for this unethical behavior. I demand that I receive a full refund and cancellation of service. I have reached my breaking point and have decided it is better to live without internet service. March 12th, suddenlink finally was able to replace the bad led and get my internet up. After less than a week, Suddenlink disconnected my service and demanded I pay \$400 to regain the service. Even in this global pandemic, this corrupt corporation withholds my ability to stay informed. They are using this virus to force me into paying \$500 for service I never received. I will do everything in my power to prevent this company from treating any other customer this way. If this issue is not resolved immediately, I will be filing a lawsuit.

Ticket: # 3903719 - Cricket Cut Mother's Service

Date: 3/28/2020 4:00:52 PM

City/State/Zip: Sherwood, Arkansas 72120

Company Complaining About: Cricket

Description

During this COVID crisis, I'm not able to SEE my mother because she is elderly and at-risk. While on the phone with her, paying her phone bill, Cricket cuts her service on the day it's due before the day is even over. They would not answer the phone, either, when she attempted to call. She was on the phone for TWO HOURS waiting for them to answer. This is absolutely unacceptable.

Ticket: # 3903735 - AlticeOne not honoring their pledge to Keep Americans Connected

Date: 3/28/2020 4:20:36 PM

City/State/Zip: Aubrey, Texas 76227

Company Complaining About: Sudden Link

Description

AlticeOne cut off my internet when a recent payment was returned due to unforeseen circumstances. I recently had to change bank accounts due to identity theft. When that happened, my payment to AlticeOne for internet was returned. They did not notify me of the returned payment and immediately cut off my internet without giving me a chance to make a payment. The internet was disconnected during a busy work day when I was in the middle of deadlines and meetings, and the children had to submit schoolwork.

I immediately reached out to Suddenlink/AlticeOne about the problem and spent hours waiting for an online agent, who then told me I would be reconnected in 24 hours. 24 hours later, I was not reconnected and reached out to an online agent again for assistance. They told me they could not help me because their "tools" were not working, and that I was ineligible for assistance under the COVID19 pledge. So I called the customer service line. I waited an hour to speak to a human, and she said that because I had one prior returned payment, I was ineligible for the "Keep Americans Connected" pledge. She said there was no way to circumvent their system to turn my internet back on unless I paid the bill. I explained that due to recent ER bills because I was sick and had to get tested for coronavirus, I could not pay my bill until Monday (one day away). I asked for an extension and it was denied. I have cash to pay the bill, but no way to pay in store because their stores are closed.

Then I asked to speak to a manager about a human workaround for my situation. I was told they had only ONE manager for the whole United States, and they would not be available to call me back until Monday.

Meanwhile, we are stuck inside, with no TV, no internet, no home phone, and no way to do our work or school online. I am at high risk for losing my job. Because of this, I will have to go out in public to find a public free hotspot and break the local law to shelter in place.

This is the third time I have had a major issue with AlticeOne. They do not care about their customers, are severely understaffed and incapable of handling customer issues, and are relentless when it comes to their policies. The FCC "Keep Americans Connected" pledge says that they will not disconnect ANY customer. It doesn't say "if the customer has never had payment issues before".

Please keep AlticeOne/Suddenlink accountable for their actions.

Ticket: # 3903761 - Att shutting off service

Date: 3/28/2020 4:45:51 PM

City/State/Zip: South Charleston, West Virginia 25309

Company Complaining About: AT&T

Description

Att said it's not shutting off service for any att customer during the Corona virus well that is only for post pay they shut my phone off last night I am a pre paid customer and I'm also a insta cart shopper and when I called them they said pre pay dosent get the help that when you pay for 3p days of service that's what you get

Ticket: # 3903781 - Carrier (AT&T) shut off access to the phone's voice and data

Date: 3/28/2020 5:11:11 PM

City/State/Zip: San Juan, Puerto Rico 00923

Company Complaining About: AT&T

Description

On March 27th 2020, the cell phone Samsung Galaxy S10+ I bought my mother on Ebay and which I received on February 18th, was shut off from all access to voice and data. As a result, I contacted the service carrier (AT&T) via phone call and they notified me that the phone was blocked or "flagged" because it was reported to the IMEI Blacklist. I told them I could send them the order information from Ebay, but they said it is not enough. At&T suggested for me to contact the Ebay's seller directly and ask for proof of purchase (e.g. a receipt).

I proceeded to request the aforementioned to the seller, and the latest, conditioned sending the information until I send him/her a written message from AT&T's official petition. However, as mentioned before, I do not have a written request from the carrier, for the proceeding took part during a during a call. I've finally reached AT&T (after an exuberant waiting time) and they are claiming they can't send me an official communication of the situation.

I decided to also contact Ebay directly to help me contact the seller simultaneously, in order to be more effective.

Ebay is now using as a pretext their policies. Ebay's protection policies only provide protection for 30 days, and my issue is being raised 39 days after I took possession of the item; for that reason, a refund on their end is not possible (I depend on the good faith of the seller).

It is important to note that, all contracts have exceptions. Under exceptional circumstances, the terms can be flexiblelized or modified; either because one party did not comply with the terms or because the original circumstances from which the obligation was subscribed changed (e.g. illegal events, emergencies; fortuitous events or "force majeure"). This exception in Law is called the Rebus Sic Stantibus doctrine.

The extraordinary circumstances in this case include: 1) I bought (trusted Ebay) a phone listed as new from Ebay, and now it's being blocked because either the original owner (which implies the phone was not new as described) or the carrier reported it to the list. As you may know, some possible reasons why a phone ends being "flagged" or reported to such List, include: a) stolen phones, 2) lost phones, fraud, among others. Either way, Ebay allowed and did not take proper precautions to prevent a possible product of illegal activity to be listed and sold on its platform. It is also not taking effective and fair measures to resolve the issue presented.

2) This issue has the consequence of not being able to fully communicate, in an unprecedented time such as the one we're living; a Covid-19's pandemic. Many countries/ states and territories (such as mine) are currently on a 24/7 lockdown (quarantine) and Covid-19 cases are only increasing. I cannot go to a local AT&T store to try and find at minimum, an immediate solution, like getting another phone while this issue is resolved. Communication is so vital during this time, that even carriers had been ordered by the State not to cut off services to people that have not met their phone bills obligations.

The previous circumstances are exceptions to Ebay's policies. They require fair, humane and active solutions. Not mere technicalities. Specially, when I was a victim of an illegal product allowed to be sold by Ebay. Other companies, such as Amazon, take the necessary precautions by screening the items through web-sites such as checkmend, before allowing it online.

I requested Ebay to transfer my complain to the highest authorized manager possible, and I've been informed it will be transferred to the Appellate Department. However, Ebay has not provided a clear estimated time for a solution.

This issue requires pro-active decisions and a fair solution. I feel like I've been taken hostage by the seller with the withholding of the information (proof of purchase), by AT&T for rejecting to provide a written message or notification of the situation and by Ebay's pretext policies. All of this during an unprecedented crisis.

I hereby request the FFC's prompt assistance, for my mother (user of the phone) is being deprived of communication, in such vulnerable circumstances as the ones we've currently facing. Thanks and have a good one.

Ticket: # 3903782 - Carrier (AT&T) shut off access to the phone's voice and data

Date: 3/28/2020 5:13:20 PM

Ticket: # 3903793 - Spoofing

Date: 3/28/2020 5:25:52 PM

City/State/Zip: Jackson, Tennessee 38305

Company Complaining About: None

Description

I do business with Affirm, they call everyday multiple times. I explained how I wasn't working because of the Covid ban on non essential jobs cant work. I worked one day, but since Im self employed Im not sure when I will get paid. They constantly call about a payments I gave no control over not being able to pay right now.

Ticket: # 3903799 - At&t internet

Date: 3/28/2020 5:40:33 PM

City/State/Zip: Pickens, South Carolina 29671

Company Complaining About: AT&T

Description

I've been trying to get an issue resolved with at&t about my internet speeds for a couple months now. I spoke with a representative there yesterday that told me I had a line issue and she then scheduled an appointment for 3/28/2020 between 12pm and 2pm. I got a text message stating that the technician was running late and would be at my house by 4pm. It is now 5:33pm and I've not heard or seen the technician. Every time I have to have a at&t technician come to my house, they are either 3-4 hours late or they don't show up at all. I've called at&t several times to get an update on when the technician will be at my house, but I get no updates. At&t lies repeatedly about their internet speeds and they lie when a technician is supposed to come out. I've had at&t for roughly 3 years and I use it not only to homeschool my children during this coronavirus pandemic but I also use it to do virtual doctor visits because my husband and I both are disabled and rely on the internet service to do what we need to do. I have the at&t internet 25.

Ticket: # 3903807 - comcast

Date: 3/28/2020 5:45:12 PM

City/State/Zip: Jupiter, Florida 33458

Company Complaining About: Comcast

Description

comcast will not reduce my services w/o penalizing me, it literally took 48 minutes on hold to get someone who is trying to increase my service and will not take any direction.

In there times of covid virus, shouldn't the FCC be doing something to help consumers ?

Ticket: # 3903810 - apparent price gouging during coronavirus

Date: 3/28/2020 5:49:26 PM

City/State/Zip: McGraw, New York 13101

Company Complaining About: Spectrum

Description

Our telephone/internet is serviced by Spectrum out of Syracuse, NY. With no warning on any prior bill, my monthly charge this month jumped by \$30. My neighbor's bill was raised \$25. Spectrum told us both that it's because we were in promotions that ended. Neither of us were in promotions. This appears to be price gouging, pure and simple. I want my bill, and my neighbor wants his bill, to return to the price it was in early March prior to the coronavirus outbreak, and for someone to investigate the apparent price gouging of this company.

Ticket: # 3903852 - T-Mobile Fraudulent behavior and Shut down of service during Covid-19

Date: 3/28/2020 6:52:49 PM

City/State/Zip: Buffalo, New York 14211

Company Complaining About: T Mobile

Description

T-Mobile shut down all of my phone lines for "nonpayment" on 3/27/2020 and charged us for unpaid bill, as well as late fees, service restoration fee, and taxes. This is against the Federal mandate for service companies to not shut down vital services during the coronavirus epidemic. Usually we pay our bill at the T-Mobile office but they shut it down due to the virus lockdown so we were unable to pay our bill as usual. Instead of working with us to find a solution (or waiving late fees or extending the payment term as some companies have done), T-Mobile shut down all six of our lines, rendering all family members unable to communicate with each other or the outside world during the quarantine. We attempted to contact T-Mobile customer service to see if they could give us some more time or provide us with a location to make our payments to no avail. We were forced to scramble to find a way to pay the bill and fees to have our service restored. We paid our March bill of \$154.81 on 3/28/2020 through the automated phone service, but T-Mobile still refused to restore the service unless we paid the fees as well. So we made another payment of the remainder (\$138.48) to have our service restored. Customer service finally called us back but refused to address the issue, insisting that since we have made our payments, there is no issue. The customer service rep refused to respond to our questions regarding the matter of them shutting down our service during a quarantine and put us on hold, transferring us to Tech support. The Tech support agent, a Mr. Arsenio in their offshore call center, also failed to address our concerns and claimed that 1) we had 7 lines (we only have 6) and 2) the service restoration fee had not been assessed yet and would be assessed on our next bill. This is incredibly fraudulent and predatory. Not only has T-Mobile shut down our services during a time when the federal government has asked service companies to refrain from doing so, but they are now trying to make us pay a service restoration fee twice. We then learned through the Tech Support agent and his supervisor (Mr. Aljon) that T-Mobile shut down our service not only for the March unpaid bill, but also the April bill, which is not even due yet. Meaning that the total amount that we paid on 3/28/2020 was not just for March but also April. This is not what we had been told. T-Mobile coerced us into making advance payments under the guise of "late and service restoration fees" and attempted to bill us service restoration fees twice. They refused to remedy the situation or take accountability. We have text message records from T-Mobile, which we are ready to present as evidence.

Ticket: # 3903896 - Billing Issue With Spectrum

Date: 3/28/2020 8:13:38 PM

City/State/Zip: Sunnyside, New York 11104

Company Complaining About: Spectrum

Description

On March 27, 2020 I received my Spectrum bill and noted it increased significantly by \$25.53 to a total of \$196.21 compared with the last 2 months at \$170.68. I immediately called Spectrum, waited a half hour on hold, and eventually a rep explained the increase was due to an expired year-long promotional price for my cable and internet. Her explanation is false. The truth is, I called Spectrum last year to reduce high monthly charges and agreed to give up a 2nd DVR box and several channels in exchange for a price reduction. As a senior citizen locked down in my apartment during the Covid-19 crisis, needing internet and cable more than ever, I consider Spectrum's action price gouging. I asked the rep to find ways to lower my basic-service bill and she said that was not possible. Please ask Spectrum to return my rate to \$170.68, or close to it, and to stop price gouging other customers as well.

Ticket: # 3903898 - Comcast/Xfinity text messaging

Date: 3/28/2020 8:29:56 PM

City/State/Zip: Houston, Texas 77083

Company Complaining About: Comcast

Description

Out of the blue Xfinity decided to eliminate their text messaging service from home phones. This is a terrible disservice to customers like me. My cell service is prepaid, so unlimited texting from my home number was great. All of my family and friends knew to text me on my home #, not my cell #. I'm retired and this really saved me money. I'm really disappointed with this decision. Plus, they discontinued this service during the worst time, a pandemic!

Ticket: # 3903923 - Disruption of service

Date: 3/28/2020 9:18:54 PM

City/State/Zip: Ormond Beach, Florida 32174

Company Complaining About: None

Description

Orlando Florida stations keep turning off their signals. WFTV especially followed by WRDQ and WESH. Those of us on antenna wonder if it's censorship or attempts to help cable get more customers. If they could return to the airwaves we could keep upon Coronavirus alerts and the like.

Ticket: # 3903984 - Straighttalk terminating phone services during global pandemic with prejudice

Date: 3/28/2020 11:02:18 PM

City/State/Zip: Aiken, South Carolina 29805

Company Complaining About: Straight Talk

Description

After 2 years of faithful service Straighttalk has turned their backs on their consumers. After 9 calls and speaking to different csr it ended me nowhere. I told the company due to the coronavirus pandemic my job has permanently closed down, I live alone and was sick with phenomena I needed an extension until unemployment became available. I basically begged for help yet I was told that I needed to apply for government assistance. Shame on You! Over 500 cell phone companies are participating in program Keeping America Connected a pledge specifically designed by the FCC for the Coronavirus pandemic. Your parent company Tracfone has signed the pledge and is a prepaid company among others who are keeping customers service connected why are you so cold blooded to ignore the fact millions of your customers are suffering without a way to contact their families, handle business, and ect. How could you be so greedy to turn your back on us yet you lie on an automated recording saying your doing everything you can to help during this time of crisis instead your doing the opposite. I understand you really don't care about your consumers or their well-being and I plan to petition and make sure the favor is returned. I know this crisis has effected your business, and since you have chosen to leave your consumers high and dry, hopefully when congress starts to apply business loans and lifelines you will be left out and disqualified with others who are shamefully terminating peoples phone services. We as a country should not have to pay to bail your business out of trouble when the 1st opportunity you stuck the knife deep in our backs. Make this right please. Don't be so evil, greedy, and self serving by going back and restoring all the customers service you have terminated since this country was placed in a state of emergency. Do what is ethical, humane, and just plain right

Ticket: # 3903987 - Apple iPhone 10XR

Date: 3/28/2020 11:04:37 PM

City/State/Zip: Dallas, Texas 75206

Company Complaining About: Apple

Description

On Wednesday, March 25, 2020, my iPhone was stolen while I was at work. I am a Clinical Social Worker, working on the front lines with the COVID-19. I contacted Verizon, and Assurion Insurance, paid the \$200 for a replacement. Received the replacement. Attempted to login to my APPLE ID with my regular password. Apple would not allow the use of the regular password. After multiple attempts, their software was looping, asking for the telephone number, and the verification code texted to 469-816-1444, Apple locked down my iCloud access where all of my personal data, such as contacts, telephone numbers, notes with personal information on it, my banking apps with passwords that populate, etc. It was locked down for 24 hours with absolutely ZERO follow through as Apple Care at 1-800-275-2273 represented on March 27th at 4:57p. After 24 hours I attempted to reset the password, I was sent 6 verification codes, and please NOTE that APPLE NEVER GAVE ME AN OPPORTUNITY IN ITS SOFTWARE TO ENTER A NEW PASSWORD. Their website promises identity verification with a credit card, etc, HOWEVER, their software never gave me the opportunity to verify identity through any of these means. Once again, APPLE never even allowed me to enter a NEW PASSWORD. I called again on March 28, 2020, and I called a total of 6 times. 5 times out of the 6, after having been on hold for over 30 minutes I was disconnected. My Apple Case

(b) (6), I spoke with Kesha and then with her supervisor Jonathan. To the best of their knowledge, my iCloud with all of my personal data in it, is locked down for another 13 days. I paid over \$1100 for this phone, then another \$200 deductible for its replacement through Assurion. With a PROMISE from Apple that I can download all of the data from my iCloud under the email, choctawwind@yahoo.com. Apple failed to deliver, and Apple has not even given its Supervisors or Customer Service Reps the ability to intervene on this lockdown. Three different representatives, the rep from 3/25,2020 and both Jonathan and Kesha today reported that "I am so sorry, Ma'am there is nothing I can do." This is fraud, blatant misrepresentation on Apple's behalf. Their server timed out today twice today during a "verification." Kesha and Jonathan with Apple both reported that their computers, etc were very slow due to all of the Apple Stores being closed. We are talking about a multi billion dollar company, who is locking down a Social Worker's personal and professional data, amidst a National Crisis. I am a healthcare worker on the front lines with no access to telephone numbers or contact info of my colleagues or patients. I ask the FCC to appropriately intervene.

Ticket: # 3904008 - Massive ping spikes and packet loss on Cox in the North Las Vegas area

Date: 3/28/2020 11:32:29 PM

City/State/Zip: North Las Vegas, Nevada 89032

Company Complaining About: Cox

Description

Cox internet provider are over selling and over loading the nodes in which the people are using. If you go to look on their forums there has been people complaining about it for years. And it only got worse we need you guys to tell them to create more nodes or split some up. Its ridicilous I cant even go to online school especially with corona virus pandemic they needed to be on top of this. And they arent its just a massive overload on old nodes. I cant go to school, and my parents cant work all we get is lag and packet loss. Please do something about this. Smooth and lagless internet is very important in this time. Look at the screen shot i provided below. The ping to some servers are 600+... While discord, (what some of my teachers use to communicate and what I use to play video games) have a packet loss for 20+%..

Company Complaining About: Metropcs

Description

Metropcs told me they can't help me wave my bill fee which is hard for me to pay right now due to the coronavirus impact when they did a pledge to help every American I called and they told me no why is that when I heard they where so that's not ok they chosen who ever they want to chose I just in this time would like that but of help it's hard with money right now to to work due to coronavirus impact..

Ticket: # 3904084 - Verizon's intimidation tactics and ignoring a FTC identity theft report,making threats after giving a FTC identity theft report to prove my identity

Date: 3/29/2020 9:38:52 AM

City/State/Zip: Hiram, Georgia 30141

Company Complaining About: Verizon Wireless

Description

Oh yes it is sir ,the problem is you or Verizon don't want to hear it ,well make your own assumptions I know better because It does the same thing as a police report stop emailing me thinking that your going to try to intimidate someone ,look it up sir you don't know anything yall have no proof that these accounts belong to me ,I've already done sent the fcc a copy of this FTC identity theft report,Verizon needs to close everyone of these accounts and stop trying to sound like you think you know it all ,yes and yes it is the same as a police report now get over it ,don't email me trying to be mad because I called Verizon's bluff ,and the truth was told ,remember I have witnesses and calls recorded,every one I dealt with at Verizon got a copy of this FTC identity theft report,under federal law mister know it all ,you have to except this because it expresses that my identity is and was used I don't know who every trained you or if you got some education,but in fact you just don't want to admit that y'all have to stop blaming me or I could in fact also turn this over to the news media and or sue Verizon ,y'all are harassing me and I'm going to ask you nicely one time and also tell you right now I never not one damn time received any letter or notice from Verizon get that point ,don't ever make a damn assumption like that ever again ,I got calls sir where I was treated extremely bad ,put down on the phone ,I found that your own manager had lied to Dee because the witness I have and the calls recorded say other wise ,the point is you just don't like The damn truth and the facts ,I will also file a FTC complaint with this FTC identity theft report enclosed with a very bad customer service experience and one I will put on Facebook do not ever email crying like a child because Verizon got proven wrong ,either except the FTC identity theft report or you don't but the important thing like a friend that's in law enforcement explained the FTC identity theft report does the same exact thing as a police report you don't like that I filed something and proved to Verizon they shouldn't had used my identity for these accounts ,do not in any fashion ever threatened me with legal actions get your self some tissue because your threats does not work with with me ,all you can do is carry me to court I wish you would that would make for an early Christmas for Me ,this will in the near future be turned over to an investigative reporter and I know a very good reporter I could give this to ,I got many of the calls recorded and the treatment I got from Verizon ,y'all stole my identity and open these accounts in my name and I'm going to ask you one time and one time only clear these accounts up and do not send any threats through the mail or by email to me I will My right under the law In the State Of Georgia file a harassment report ,and so from this point you are on notice and Verizon Is on notice what's written in this email ,my identity was used to establish these accounts and that no one including you will ever harass me or threaten me from this point and to tell you I caught your managers and supervisors in lies and that crystal that works for the office of the president and dee ,Jeff and even merker the core credit supervisor including you and several others has a copy of this FTC identity theft report so now except that I called Verizon Wireless threats and bluff and every one including the credit bureaus has a copy that you also tell the credit bureaus that this isn't a police report you would be told other wise that's how far your education goes ,do not stalk or try to intimidate me any way or you will be sued and a report filed against you ,I have been insulted enough and let down by a company that thrives on committing fraud against its customers like me and uses every

excuse to blame me because y'all as a company failed to recognize what y'all have done to me every account you want to blame me for was opened in my name so except the fact y'all committed fraud and identity theft to me ,do not from this point send anything else regarding any harassment or any threat now you have a copy and so does Verizon I have every email I sent a copy to every one I dealt with so remember I have proof and yes Verizon it is the same as a police report you think every customer stupid law degrees is just a piece of paper to me doesn't prove your character or integrity with me ,I called Verizon's bluff so except what I sent y'all and clear this up and I'm owed a damn apology for the fraud and threats and the extremely bad very bad customer service,remember I am a veteran that's had my name used and it's took me over 10 years to recover so don't tell me or blame anything else on me ,from this point forth a phone would be only what I want and y'all owe me not me owe Verizon not do not send anything else from this point but an apology and this cleared up one more the Wes t by Verizon I will seek legal representation against Verizon understand that I'm not a customer Verizon thinks it can run over period .

Y'all threaten me and my FTC identity theft report is sufficient you and Verizon dong like the fact you have no proof and that it really bothers Verizon that a company has comitted fraud against me and used my identity to do it ,I didn't violate a damn thing I never received any order or paperwork stop trying to make a assumption about me ,do I need to go as far as to tell you that here's the choice call any law enforcement and tell them what you told me because many friends of mine would tell you ,your wrong because go on the FTC identity theft website and look at your self and what it says ,here also another understanding mr know it all when you or any one files a FTC identity theft report this can be used with law enforcement to investigate Verizon from any actions against its customers and that if you READ it states the same language as if you filed a police report,ignorance comes from being an idiot but you can't help your self ,I'm not someone that you or Verizon is going to run over from this point I'm directing this statement to Verizon you have one got in your possession so does Verizon stated that joe smith filed a FTC identity theft report against any account that Verizon has opened i my name and stop with false claims that I was sent paperwork,stop with trying to put off on me what the damage y'all have done to my life and my credit ,Equifax,Experian,Transunion has a copy of this FTC identity theft report,there remarks are to me that this is attached to my credit file and that it shows my identity was used and deliberately many time's over by Verizon and remember this who ever sent this email that I got crystal recorded stated that legal and recovery approved for the accounts be cleared up and zeroed out that the FTC identity theft report was sent to her and she said that Verizon excepted it ,so you have it on email ,no account belongs to me so get over it

Verizon has sent emails trying to threaten me after I proved that Verizon has in fact used my identity to establish accounts,I sent over to crystal one of the reps that works in the executive customer relations department a FTC identity theft report,to have and account cleared up I recorded a call where it was stated that legal and recovery excepted the FTC identity theft report that my identity was used and zeroed out the account ,I have sent this FTC identity theft report,to numerous supervisors and managers to understand my position,I have on email exactly who I sent it to ,at Almost 12 midnight I got a email in form of a threat and trying it intimidate me and trying it convince me I open these accounts and that crystal the original rep from executive customer relations knew I was telling the truth and that I'm fact a FTC identity theft report acts as a police report that it establishes damages that Verizon has caused me ,during which I had an account with Verizon and knowing the coronavirus pandemic going on

Ticket: # 3904088 - AT&T

Date: 3/29/2020 9:41:57 AM

City/State/Zip: Pope, Mississippi 38658

Company Complaining About: AT&T

Description

We lived in the city and moved to a rural area. We had ATT as our service provider and they told us we could transfer our service to the new location after we moved. They came out last October and told us we couldn't get internet here. Recently with the Covid-19 pandemic my kids and wife are not able to attend school and need internet access to complete school work. We called contacted ATT again and they said we could now get internet. We had an appointment for a service technician to come out but he never showed up. ATT has not contacted us about this issue. Please help us get internet! Thank you for your time and consideration

Company Complaining About: Bill S(omething) Ces Of Alm

Description

Robocall inviting me to at "Town Hall Meeting" to discuss COVID-19.

Ticket: # 3904126 - ViaSat

Date: 3/29/2020 10:54:44 AM

City/State/Zip: Sebastopol, California 95472

Company Complaining About: Viasat

Description

I subscribe to the highest plan ViaSat offers, which is “unlimited” but as soon as I hit a 100GB cap they throttled back my bandwidth to almost nothing. We are forced to work from Home because of COVID and we now can’t do that because of their artificial data cap. I called customer service and they just kept saying they were powerless to do anything about it. That is unconscionable. People could lose their jobs. Kids can’t do their distance learning. It’s an outrage. The plan is not truly unlimited. What they have done is misleading and deceptive.

Ticket: # 3904154 - Not keeping us connected during covid 19 state shut down

Date: 3/29/2020 12:06:31 PM

City/State/Zip: Hopkins, Michigan 49328

Company Complaining About: Dish Network

Description

City/State/Zip: Anchorage, Alaska 99504

Description

All I want is to not be blown up all hours of the night. We want nothing they offer. And they are texting a 14 year old. She has coronavirus and every time the phone goes off I freak out scared. Please help.

Ticket: # 3904200 - Connectivity during the Covid 19 pandemic

Date: 3/29/2020 1:46:50 PM

City/State/Zip: Mossyrock, Washington 98564

Company Complaining About: Viasat

Description

I live very rural and the only internet I can get is satellite. I am ordered by WA state to stay and work from home, I am over 60 and will run out of data very quickly trying to work from home. I have a low gb plan because of finances and I usually don't need more and I do NOT have cell service here. Their only solution was a 1 time offer of 5gb and delay payment of bills until May 15.

Ticket: # 3904218 - False and Misleading press briefings

Date: 3/29/2020 2:01:22 PM

City/State/Zip: Tempe, Arizona 85281

Description

President Trump is hosting and pressuring news organizations to broadcast false and dangerously misleading information during this Covid-19 pandemic. He should not be allowed to disseminate false or misleading information. People are dying and overloading our healthcare system as a result of his claims about the availability of tests to everyone who wants one, the effectiveness of treatments that have not been approved, and the level of control that the country has on this pandemic and how much care individuals need to take in preventing further spread. He should also not be allowed to attack the accuracy of our country's free press, especially with unsubstantiated attacks and alongside his dissemination of "fake news."

Ticket: # 3904265 - Complaint Against Comcast**Date:** 3/29/2020 2:52:25 PM**City/State/Zip:** North Huntingdon, Pennsylvania 15642**Company Complaining About:** Comcast

Description

Today (3/29/2020) my internet connection went out three times. I had unplug and then replug my wireless modem to get it to work. At around 2:00PM I called Comcast and asked to speak with their technical support staff. I was on hold for over 20 minutes to half an hour, and no one answered.

I need to have this internet. My employer has asked it's staff to work from home because of the coronavirus pandemic, and also I am in a county that is under a stay-at-home order because of the coronavirus pandemic (Westmoreland County, PA). So as you can see I need to have my internet for work. And it seems no one at Comcast wants to help. Thank you.

Ticket: # 3904271 - ATT Contract/Billing

Date: 3/29/2020 3:01:08 PM

City/State/Zip: College Station, Texas 77845

Company Complaining About: AT&T

Description

In February 2019 we added a line to our account and upgraded another line. The store did not get the correct phone with the correct number. Once we noticed this we did call and they told us to go to the store. we went to the store and they told us to call 611. Now i have lost my job and am no longer working out of town I am still trying to get this done and ATT is saying that they will no do this because it is past the allowed time to change. the problem is that this was their mistake from the beginning and we have tried for the last 7 months to get them to fox the problem. Now we are needing to cancel one phone line because we cannot afford it now that we are unemployed due to COVID and they are refusing to let us speak with a supervisor at this time. we have paid 73.00 for 7 months now which is over 500 dollars for a phone number that has not been used and never had a phone contract on in the first place but they added the contract to the wrong phone number. we want the phone to be corrected to the right device and the right number so that we can cancel it and be credited back for the 7 months that we have been trying to accomplish this for.

Ticket: # 3904275 - Constant Packet Loss**Date:** 3/29/2020 3:09:20 PM**City/State/Zip:** Fountain Hills, Arizona 85268**Company Complaining About:** Cox

Description

Cox sent out many technicians and each one told me our internet was looking fine with great speeds. However that's not the issue, my complaint was with how choppy the internet is with the 24/7 packet loss. I showed the last tech a packet loss test and he claimed that it was an issue with my device? I now certain it is because of an overloaded node in my area because it has gotten so much worse since the COVID-19 outbreak. I have brought my computer to my neighbor's house who also is on Cox internet and he is having the exact same issue. Cox is doing nothing about its terrible quality internet and keep trying to pin the problem on my house/devices.

Ticket: # 3904290 - ATT not honoring cancellation request

Date: 3/29/2020 3:25:17 PM

City/State/Zip: San Diego, California 92102

Company Complaining About: AT&T

Description

On March 20, 2020 I had paid my ATT next plan phone off in full, as well as ensured my wireless account bill was in good standing. Within business hours for ATT I attempted to call to cancel my service. Due to the coronavirus's impact on the country ATT had shut down their communication services and consumers were unable to attempt to call any service number as it was directly turned off and all help links regardless of mobile app or webpage led to a help splash page. It was on this page I submitted through an att form a request for service cancellation for my mobile line with the company. The company did not cancel the service and attempted to call a disconnected number 6 days after the request, not following my requested email as point of contact, and could not connect to me and continued my bill into the next cycle. I called the day after and was informed they would not honor the online service cancellation provided and they are billing me for the time ahead from March 21-April 20 for \$109.00. Based off of california SB 313 and as a resident of San Diego this is a gross injustice of my personal rights and very may well be indicative of breaking the rules and standards set in SB 313.

Ticket: # 3904310 - Montana News Stations

Date: 3/29/2020 3:42:47 PM

City/State/Zip: Troy, Montana 59935

Company Complaining About: Dish Network

Description

I usually don't complain, but since we are living in Montana ---Yaak , Montana (NW corner of Montana) and we are having this convid-19 pandemic, all the news is oriented to Washington State, Idaho or national. We are "Blind" as to what is happening in Montana and whether there are pandemic issues for Montana that we need to pay attention too. Since this a national issue what can be done to shake the tree for those (Dish and Nielson?) who are trying to keep us in the dark.

Ticket: # 3904340 - AT&T Scam Business Practice

Date: 3/29/2020 4:41:57 PM

City/State/Zip: San Jose, California 95134

Company Complaining About: AT&T

Description

This is complaint against AT&T, regarding their Scam and Business Malpractices during historic COVID-19 situation.

When a potential consumer visits AT&T.com, they will offer you different internet plans to subscribe for. Here are details:

- 1) If potential consumer likes any internet plan, website will instruct for online subscription process
- 2) During online registration process they will check your credit history , and which obviously impacts credit score
- 3) Now, when option to select installation date they will offer dates after 9th April 2020. This is tricky, AT&T will not show installation availability date until you reveal you SSN, and credit gets verified against your name

Here is my situation,

- 1) I am moving to new Apartment on April 1st 2020
- 2) Due to worldwide pandemic situation majority of people work from home. How am I suppose to work from home without internet?
- 3) AT&T customer service representatives recommend working from parking lot of Starbucks and McDonalds which is against government advisory
- 4) AT&T being one of iconic companies do not have any temporary internet use process for 9 days between April 1st to April 9th
- 5) AT&T being one of iconic companies do not have any process to ship and self- installation of internet set up

Here is the reason I feel I got scammed by AT&T

- 1) First of all companies in this world ,on their website publish that due to COVID things are not in order, and please expect delay in installation process. By not declaring this on their website, they are playing either illegal business practice or want to attract more customers
- 2) And, AT&T customer representative say that they did not recommend me to subscribe for their services because I myself visited website, and started internet subscription process
- 3) This means that AT&T intentionally doing this by not publishing correct information on their website for potential customers during this time
- 4) Now, that I feel looser because I lost my credit point due to this Scam, and I regret that

I just want to file this complaint so that no one else has to go through this scam , and loose their credit points for no reason. I feel helpless due to At&T and their customer service representatives. Anyone please feel free to pass this information to your loved ones.

Ticket: # 3904402 - Cox internet shut off during covid 19

Date: 3/29/2020 5:51:33 PM

City/State/Zip: San Pedro, California 90731

Company Complaining About: Cox

Description

I'm weitting bc cox signed that petition to not shut off utilities or charge late fees and they have shut off our cable internet and they also charged late fees in this was during the covid-19. It says right on their website that they will not shut off services due to non-payment when I called them they said they said it off due to one of my checks bounced but this was after they had already set it off so it off. They also raise the price during this pandemic inspire as I know that it illegal to raise prices during the emergency our bill was \$400 for two months let's make no sense to me whatsoever

Ticket: # 3904410 - Verizon Will Not Honor Change of Phone Plans during Covid-19

Date: 3/29/2020 6:38:20 PM

City/State/Zip: Anaheim, California 92804

Company Complaining About: Verizon Wireless

Description

On March 29,2020 around 3:15pm, I contacted Verizon through their online chat and was in contact with the representative Christopher. I informed him that I needed to change plans to save on my recurring billing since I was affected by Covid-19. I mentioned to him that I have a past due bill which does not allow me to change plans on the website. He proceeded to confirm he could not help me and deferred me to customer service. I contacted the customer service by the link Christopher sent me but it did not work and was not staffed.

Account Changes:

Ticket: # 3904437 - No internet service available - yet it is a mile up the road

Date: 3/29/2020 7:25:31 PM

City/State/Zip: Woodstown, New Jersey 08098

Company Complaining About: Comcast

Description

Comcast internet service is a mile up the road off Pleasant Hill Rd and a mile down the road at Mannington Yorktown Rd but not available to our home. We run a business and I currently have to work from home during to COVID 19 and do not have access to cable internet.

Ticket: # 3904447 - Presidential Updates - CoronaVirus Task Force**Date:** 3/29/2020 7:47:56 PM**City/State/Zip:** Atlanta, Michigan 49709**Company Complaining About:** Antenna

Description

NBC-CBS-ABC-FOX are the only stations I get with my antenna TV - NONE of them are running the President / Task Force Updates in there entirety. I want to hear from them first hand - Not second, third, & fourth hand interpretations of what the President & Task Force had to say. Also, while the President is speaking they are running re-runs and entertainment shows. Little Big Shot - America's Funniest Videos- Last Man Standing - 60 minutes - These can be aired anytime.

Antenna TV is my only access to hear the President. As a child the President was on every station when he addressed the nation - WHY IS THIS NOT BEING DONE NOW - does the media have the right to prevent the President from addressing the nation. The news stations should not have the right to interpret the President for American Citizens - we have the right to hear our President - like him or not. We also have the right to hear the Task Force first hand. As an American Citizen I want my right to hear the President/Task Force Updates first hand. And any other presentation our President presents should be shown in entirety - especially during any time of crisis to the nation. Many people are returning to antenna TV as the other types are too expensive - are we to be held in the dark????? What is are right to hear our PRESIDENT

Ticket: # 3904463 - At&t internet

Date: 3/29/2020 8:39:00 PM

City/State/Zip: Pickens, South Carolina 29671

Company Complaining About: AT&T

Description

I've been waiting for two months for At&t to fix my internet, my internet have been inconsistent with my plan and it constantly drops. I had a technician appointment scheduled for March 28,2020 from 2pm-4pm and they never showed up so at 8pm they scheduled another technician appointment for today March 29, 2020 from 4pm-8pm. I called at&t both days several times and each time they told me a different lie. My kids do online school right now because of the coronavirus and they can't do their school work like they're supposed to because the internet is not working right.

Ticket: # 3904482 - Comcast profiting from Covid 19

Date: 3/29/2020 9:36:35 PM

City/State/Zip: Mantua, New Jersey 08051-1027

Company Complaining About: Comcast

Description

We were attempting to save money on our Comcast bill because we rarely their cable. My mom passed away in 2018, and the account is still in her name. We were told that the ONLY way we could put the account in my name or my dad's name was to go to the local Xfinity store with my mom's death certificate. My dad is 72 years old, and 100% disabled Vietnam Veteran with multiple health problems. I have two chronic illnesses and presently have a suppressed immune system. Neither of us are going to risk our lives because Comcast won't let us solve this issue through mail, email, or phone. I've never had to provide a death certificate (and definitely not in person) to get a service changed to my dad's name. This is ridiculous and absurd in a time when people need to stay home.

Change the account from my mom's name to my dad's name over the phone. If necessary, we can send the death certificate electronically or through the mail. We would like to be reimbursed for the money we are being forced to pay because they are taking advantage of the Covid 19 pandemic.

Ticket: # 3904484 - intermittent internet

Date: 3/29/2020 9:48:20 PM

City/State/Zip: Beverly Hills, California 90210

Company Complaining About: Spectrum

Description

I am paying for internet from spectrum that should have a download speed of 400mps and upload speed of 20mps

for the past 3 weeks my whole neighborhood is getting very low upload speed of .75mps.

I have called spectrum on a daily basis to complain about this problem and every time spectrum sends a technician who can't fix the problem and says the problem is at the node.

when I call back and ask to talk to a manager they assure me that they will send a technician to check the node but they can't tell me when this issue will be resolved or what is wrong with the node.

my kids have school over the internet because of the covid19 issue and, can not upload their assignments because of the extremely low upload speeds.

My kids are missing school because of spectrum, and they don't have a time line of when it would be fixed.

Ticket: # 3904487 - internet issues

Date: 3/29/2020 10:03:31 PM

City/State/Zip: Beverly Hills, California 90210

Company Complaining About: Spectrum

Description

my kids have school from home due to Covid19, however they ca not attend their online classes due to extremely low upload speeds.

I pay for 400mps download and 20mps upload from spectrum however I am getting only 20mps down and .75mps upload. I have been calling them for the past 2 weeks on a daily bases with no luck. they have sent 3 different technicians who have changed my modem 3 times and all my cables all the way to the street. I was able to talk to a supervisor one time and he told me the problem is in all my neighborhood and it is at the Node. they don't know when it will be fixed and they won't tell me what is wrong. please help me because spectrum is the only option for internet in my area.

Ticket: # 3904503 - Pharmaceutical Commercials

Date: 3/29/2020 11:06:52 PM

City/State/Zip: Benicia, California 94510

Description

Every other commercial is a drug commercial. I feel the pharmaceutical companies are taking advantage of the Covid19 Pandemic and the Shelter-In-Place requirements to entice people who are afraid at this time. This is criminal and particularly for the elderly. There should be a rule they can't have commercials every other commercial. They should only be allowed once per hour during the Pandemic.

Ticket: # 3904507 - False Information on news station CNN and MSNBC

Date: 3/29/2020 11:10:57 PM

City/State/Zip: Lake St. Louis, Missouri 63367

Description

For the past few days I have been quelling fears in my family on the progress being made on the Coronavirus situation. I have two older daughters that live by themselves and they are calling about how the President is not doing anything about the pandemic. I watch the Presidents And his Coronavirus Task Force LIVE interviews and I'm getting the exact opposite message on CNN which my daughters and I watched . I have viewed CNN right after the LIVE interviews and I am seeing very misleading reports. So misleading that I find it hard to believe it's opinion, but just downright lies. It is causing panic in my family and I can't help think that this misinformation is harming others, as well. Could you please monitor these broadcasts and see if CNN is following the guidelines for being a licensed as news organizations. this Coronavirus reporting should be as accurate as possible and not political.

Thank you

Ticket: # 3904530 - Xfinity denying service

Date: 3/30/2020 12:58:57 AM

City/State/Zip: Oil City, Pennsylvania 16301

Company Complaining About: Comcast

Description

I ordered a plan through Xfinity last week and was sent a self install kit to activate my internet. Sense then they have cancelled and denied my service during a pandemic unless I pay them an additional \$350. They claim I owe a past due bill, and the past due bill they claim I owe, was already disputed with Experian, etc. And removed from my credit report. Xfinity is also denying service anyone who lives at my address, as well as anyone who moves my address. They are the only cable internet provider in my area and my family internet during this pandemic due to quarantine orders. They also never refunded my credit card and is saying my order number was cancelled. I need internet for me and my family during this time. Its crucial.

Ticket: # 3904556 - Violation or keep Americans connected pledge

Date: 3/30/2020 3:50:09 AM

City/State/Zip: Chandler, Arizona 85225

Company Complaining About: Sprint

Description

Sprint has violate their pledge to keep americans connected during the covid-19 pandemic. I am a healthcare work who on my days off is on stand by that if my work calls I have to come in. I paid them 125 dollars over half the bill and they just turned off my service and refuse to speak with me when i called them out on their violation of their pledge and advertised response. Without my cell phone I have no way to keep in contact with my work for updates or for them or anyone else to reach me in the event of an emergency.

Ticket: # 3904565 - Re: [FCC Complaints] Re: Verizon complaint

Date: 3/30/2020 6:45:04 AM

City/State/Zip: Trenton, Florida 32693

Company Complaining About: Verizon

Description

This is a follow-up to your previous request (b) (6) "Verizon complaint"

Tuesday 2/4/2020 Phone 3 (b) (6) no dial tone. Tried calling Verizon: long hold. I did not feel like wasting a whole day on holds.

Wed. 2/5/2020 . 8:52 am called Verizon: automated asked if this was about the technical problem I had. Devin 23890-

I found this in my drafts.

WE ARE STILL HAVING PROBLEMS WITH VERIZON CALLS DROPPING, so much interference that we have to discontinue the calls.

My daughter in Gainesville (also on Verizon) most of the time says she cannot hear me for the interference.

NOW my bill is NOT right and I have no way of getting it right:

When we got the ORBIC phones for 3 months our bill was to be higher then after 3 months it was either supposed to drop \$6 or \$12 (6x2 phones) plus.

I asked then for a written copy of what was agreed to and I never received it. Now I've received my 4th bill over \$106.

I called Courtney's number and evidently things have been closed out. I got Marshall at corporate offices phone line.

He saw nothing regarding what I had been told. With this COVID-19, phone connections are even more important.

Often, we're having as much trouble on Verizon cell phones as the home phone.

I AM REQUESTING MORE ASSISTANCE IN THIS MATTER since I as an individual am dismissed by Verizon.

Thank (b) (6)

Still having major problems. Today Feb. 3, 2020

We have spent a lot of time, mostly on hold, trying to get our Verizon phones working properly.

At this moment, I have been waiting over 22 minutes to get decent help.

Paul answered and he had me answer all his questions only to put me on a hold

24 min 24 sec. at 6:23 pm. Jordan on level 2 tech.

RE: Home phone (b) (6): Sunday, I made a call: we could not hear each other. Had to get a cell phone & go outside.

Then we had to text to communicate. Monday, we got a call from Ocala. I answered: no one could hear the other. I got cell phone

& we connected for a little while. I tried Verizon: on hold 6 minutes and 30 seconds while my cell phone battery drained. I came home &

twice tried Verizon 611. Nothing connected even though it seemed to ring. I called from cell phone at 5:40pm & got connected to with Paul at 6:01 pm.

I asked for tech support, but I got less than that with a lot of questions that I had to repeat answers to Jordan, level 2 tech support. Paul put me on hold at 6:07 pm.

At 6:40pm Jordan is working with me: Range extender: unplug, replug. It is searching for GPS: 6:42 pm. Range extender not working right.

ALWAYS THE EXCUSE: you are in a REMOTE LOCATION. This house has been here since 1961. We have lived in it since 1981. WE HAVE NOT MOVED.

THE HOUSE HAS NOT MOVED. EVERYTHING WORKED FINE A YEAR AFTER VERIZON BOUGHT ALLTEL.

THE LAST 3 to 4 Years with the phones have been a major problem. One tech person at Verizon mentioned Verizon has landlines.

Can we get that or who gets those? I NEED, WANT and am paying for phone service. They keep telling me they can let me out of contract

and get another carrier. THERE IS NO CARRIER AVAILABLE. IF THERE IS PLEASE LET ME KNOW. THANK YOU. (b) (6).

When a person asks for TECH SUPPORT: why will they NOT connect me with what I asked for. If I wanted sales, I would ask for sales.

My time is VALUABLE TOO.

Ticket: # 3904612 - CORONA VIRUS VIOLATION

Date: 3/30/2020 8:40:04 AM

City/State/Zip: College Station, Texas 77845

Company Complaining About: Sudden Link

Description

Suddenlink is the only cable company in town & they act like it! They offer no local number. Require senior customers to physically go to their office to exchange equipment, such as remote controls that won't operate. Corporate irresponsibility at its worst violating 'shelter in place' orders by callously putting their customers at risk, especially senior citizens. Shouldn't have to put your life at risk to obtain services.

Ticket: # 3904620 - COMCAST Price Gouging during Pandemic

Date: 3/30/2020 8:44:14 AM

City/State/Zip: Chester Springs, Pennsylvania 19425-3521

Company Complaining About: Comcast

Description

Amid this time while our small business has all employees home with full pay during the COVID-19 Outbreak, COMCAST requires us to purchase a package that is more costly than our current DATA package. If we do nothing our cost will double in one month. They do not offer similar cost package only more expensive Packages... This is straight up price Gouging.

Ticket: # 3904645 - Cell phone billing

Date: 3/30/2020 9:11:55 AM

City/State/Zip: Hagerstown, Maryland 21740

Company Complaining About: Boost Mobile

Description

We are with boost Mobile in February when we signed up we were told we could each pay our own bill on our own phone. So we did and yesterday they turned off our phones because the payment on my phone not showing up on my husband's phone. Now boost wants \$3.00 for us to talk to anyone about this problem so our phones will work again, and all of their contact site are closed due to virus. There is no other way to interact with them in this Covid 19 crisis. #2Md is under a state of emergency the Governor has made it illegal to turn off phones or any utility, yet here we sit with bill paid in full and no way to make outside calls for help. PLEASE HELP FIX BOOST MOBILE'S refusal to obey the law and count our payments ASAP. Thank you

Ticket: # 3904685 - Comcast spiking internet bill by 24% during COVID-19

Date: 3/30/2020 9:26:07 AM

City/State/Zip: Chicago, Illinois 60612

Company Complaining About: Comcast

Description

I have been paying \$95/month for my internet with Comcast and out of no where, they raised my bill from \$95 to \$118.

To make it worse, Comcast has no easy way of contacting them. I attempted to use their "chat" system which is a dead end, along with social media. The only way I was able to get in contact with support was going through one of their automated chat windows and using "cancel plan" in order to talk to a human. This is not right - and they should not be doing this to consumers. They are treating consumers like second class citizens. What is worse is there is no alternative to Comcast, which they know which makes it very difficult to negotiate anything. Internet prices should not be so exorbitantly high in Chicago.

Ticket: # 3904692 - Disruption of local channels

Date: 3/30/2020 9:28:00 AM

City/State/Zip: Murfreesboro, North Carolina 27855

Company Complaining About: Spectrum

Description

Prior to subscribing to Spectrum, I have always had access to local channels. The same was true for any periods of Disruption EXCEPT FOR NOW.

A manager told me that my local channel access was blocked. She did not specify "blocked through Spectrum"; she specified totally "blocked". This is totally unfair especially during this Pandemic!

A representative called me in response to my FCC complaint filed earlier this month but he still failed to address the problem. He said that he had reviewed the calls but he said that he could not give me the date the stated in the call by the representative in late February 2020. I do not believe him and the FCC should not believe him either.

Frankly, the only reason for Tryon and Brian's calls was my complaint to the FCC. They would not have called me otherwise. A quick and fair remedy would be to accept the \$136.02 to restore my service and prevent any and all blockage of my local channels.

PLEASE SEE THE PREVIOUS COMPLAINT under the email: (b) (6)

Thank you for your time.

Ticket: # 3904728 - Windstream internet

Date: 3/30/2020 10:00:02 AM

City/State/Zip: Lagrange, Ohio 44050

Company Complaining About: Windstream Communications

Description

Today 3/30/2020 is my childrens 1st day of online school. Because WINDSTREAM decided to turn my internet off, I now had to call windstream and be put on hold for 23 mins. When the 1st customer service lady answered she already had a horrible attitude and kept telling me my acct was off for permanent reasons. I explained to her the acct she was looking at was my previous address. We moved into our new house in September 2019. She was persistent and while I told her I would have to go and look for my bill. She got nasty and put me back on hold and NEVER CAME BACK. I then had to CALL BACK and wait another 20 minutes. Got back with customer service (Initial SJN) and explained that my children were to start online school and she asked how I wanted to pay my bill. I was told Windstream WOULD NOT disconnect during this coronavirus pandemic. They lied and did it anyway. I explained that my husband's hours have been affected and she persisted on giving her a date and bank account information. After a LENGTHY phone call that should have been just minutes, my 5 children and infant grandson had to fend for themselves while I went back and forth with Windstream customer service. HORRIBLE HORRIBLE people and as soon as this crisis is over, I will be canceling them. 6 years of service NO THANKS!!!!

Ticket: # 3904740 - Metro PCS Billing

watched news Friday morning March 27.

At end of the show they posted a phone number to text for Q&A on CoronaVirus. 310-299-9332

I sent a text. Received automated reply to click on a link from "Baron." I went to another website to check validation of the link emailed to me. It said SAFE, so I clicked.

The website asked for name, phone, address, and email.

WHAT WAS THIS SCAM ABOUT?

My sister received a BOGUS email from "me!"

Ticket: # 3904806 - Service Disconnected Despite AT&T Announcing No Services Would Be

Date: 3/30/2020 10:41:55 AM

City/State/Zip: North Hollywood, California 91601

Company Complaining About: AT&T

Description

I filed a complaint before the Coronavirus Pandemic to ask for an extension of payment on my DIRECTV services. I was granted a minimum extension. However, I received a call a few days later from the Office of the President of AT&T and was assured that during the pandemic no AT&T customer would lose their services. Well, on or about this past Friday or Saturday, March 20 or 21, my services were interrupted. During where news reporting is vital! I called customer service. Spoke with a rep located in Jamaica who indicated that on her screen it showed my services as active. So, we did a series of resets and restarts to no avail. I then asked if I could speak with a supervisor, but she explained during this time of Stay In orders for the world she didn't have the ability to transfer the call and AT&T was about to close. She gave me the number for what was to be "tech support." After being on hold at the number 866.258.8766 for over 45 minutes I finally was connected to another offshore division. I was met with rude and condescending language. I was reprimanded on having an outstanding bill. I asked to speak to a supervisor and a floor manager came on the line who was equally unprofessional if not more deplorable. I reminded her of the pandemic going on in the world and how important it was to my health, safety and well-being to be plugged into the news and any new orders about the self-isolation rules and she was heartless, callous and extremely unprofessional. I would like my services to be immediately reactivated. This has been a very emotional and painful process. I feel completely mislead and let down by this communications giant in a time of great emergency.

Ticket: # 3904822 - Rate Hike During Global Pandemic**Date:** 3/30/2020 10:51:38 AM**City/State/Zip:** Kernersville, North Carolina 27284**Company Complaining About:** Spectrum

Description

I am a long term customer of Spectrum. My bill has been consistent for years. Upon logging into my account today, I found the rate to have increased. I contacted Spectrum by phone and after waiting more than 35 minutes on the phone I was connected to a representative. When I questioned the new rate I was advised that my service was retired and that this is the new rate. They could not tell me if I was provided any warning as to the rate increase and I was not offered a grace period or adjustment. When I raised concern and requested the individual file a formal complaint, he read from a script- as I am sure they are trained to do. I am filing this complaint to voice my concerns about the timing, insensitivity and impact of this activity on the general public. While \$10 is not a big financial hit for me, retiring a long offered service and raising rates on consumers who are dependent on internet service more than ever before is like price gouging. Those of us working from home, trying to hang on to our jobs cannot afford to go without service or pursue competitor services at this time. I would like this to be reviewed and addressed by individuals empowered to make a change.

Date: 3/30/2020 12:02:48 PM

City/State/Zip: Humble, Texas 77338

Company Complaining About: Boost Mobile

Description

The consumer was blind transferred by Boost Mobile to the FCC. He and all other employees were laid off due to the Pandemic....until further notice. He has not had a paycheck for three weeks. Therefore, he requested an extension to pay his cell phone bill.

He stated that this is a prepaid service in which he is required to pay for service, the day before his refill/replenishment is due, so that it is not interrupted on the next day when the payment is actually due.

The Boost Mobile rep advised him that they would provide him just two options....go to a day to day plan OR he would be given 3 additional days to pay or the phone would be turned off.

He stated that he has no income at this time. He has filed for unemployment and he needs more time. This is his only phone service and he has no other means of communications should he become ill or need emergency services.

He requested that the carrier work with him through this Pandemic and understand that it will take him 3-4 weeks to receive his unemployment benefit.

He has been a Boost Mobile customer for many years. Therefore, he respectfully requested that they keep him connected and provide more time until he receives the stimulus payment or his unemployment benefit.

Ticket: # 3905005 - Vyve Broadband Threatens to Disconnect

Date: 3/30/2020 12:49:45 PM

City/State/Zip: Zachary, Louisiana 70791

Company Complaining About: Boost Mobile

Description

The consumer stated that she held for a very long time for Boost Mobile. She stated that she attempted 3-4 days, in a row, to reach them and has held on for as long as 3 hours, for Boost Mobile to answer the phone. At times, she has held for two hours and then been cut off w/o speaking to anyone.

She then spoke to a male customer service rep. She requested assistance for this month in keeping her phone connected. She stated that she is on mandatory, stay at home, due to the Pandemic

She provided a friend's phone number due to the fact that her service has already been turned off. She stated that service has been off for a couple days.

She stated that due to the Pandemic she is awaiting her stimulus check and her unemployment check. She is now out of work and awaiting some form of income. She needs to be able to make emergency calls beyond 911 because she is now required to stay at home. She has children at home and needs access to phone services.

Company Complaining About: Windstream Communications

Description

I receive brochures in the mail from windstream 2 to 3 times a week and I finally gave it a chance b/c in feb 2020 they ran a promo for 100\$ off bill and internet service for \$27 a month for 15 mbps.. I started their service on 2/13/20 and now they have disconnected my service and said I owe \$135+ and \$33 reconnect fee.. this is illegal to advertise for one thing then charge me a complete different amount. The corona virus has me on the phone for hours b/c their locations are closed.. I have tried to reason with them but this is very illegal.. I'm 7 weeks pregnant and I'm already beyond stressed for the health of my child while the

Ticket: # 3905305 - Paying for High Speed, getting very Low Speed

Date: 3/30/2020 2:05:36 PM

City/State/Zip: Allen, Texas 75002

Company Complaining About: Spectrum

Description

I've been with Spectrum for a few years now and I continuously see where I am paying for high speed internet, but getting very low speeds when completing speed tests. Getting ahold of them is impossible, they will not answer calls unless it is sales related. I would like to have a credit to my account prorated to the average amount of MBPS I get as vs what I pay for. They are continuously ripping consumers off, and getting away with it. With the COVID-19 crises, they are using this to not provide support to existing customers. This is not fair to the consumer when they are a paying customer and deserve much better customer service.

Ticket: # 3905318 - Oklahoma Governor - fail to provide accessible information

Date: 3/30/2020 2:12:59 PM

Description

****From:**** (b) (6)
****Sent:**** Sunday, March 29, 2020 10:54 PM
****To:**** (b) (6)
****Cc:**** Howard A. Rosenblum <howard.rosenblum@nad.org>; board@ok-oad.org; Holly Ketchum <holly.ketchum@nad.org>; Steve Hamerdinger (via Google Docs) <steve.hamerdinger@nad.org>
****Subject:**** Oklahoma Governor - fail to provide accessible information

(b) (6) –

I'm the president for Oklahoma Association fo the Deaf and is representing the Oklahomans who are deaf and hard of hearing where we advocate for equal access to communication. We have had some issues with the Governor Stitts who is aware of our complaints about not providing interpreter or captioning. We have been pushing him to provide an interpreter which he finally did provide interpreter for the press conference. We have reminded their office that they need to provide captioning or interpreters on his facebook page to explain the new mandate order, which we are confused because many deaf people does not understand English and would need to reply on American Sign Language (ASL) The deaf community members have been posting their complaints which the governors' office has already been aware of it.

I was told to contact you to share our concerns about the Governor Stitts who have continue to ignore our plea to add captioning, transcript or interpreter to his Facebook page everytime he does the video to announce the new order related to the COVID-19.

<https://www.facebook.com/GovStitt/>

Can you please advise on what we need to do as Oklahoma Association of the Deaf organization to speak for our Deaf and Hard of hearing Oklahomans who need full access to the emergency information?

Thank you

Glenna Cooper
President
Oklahoma Association of the Deaf

Ticket: # 3905383 - Scam promising \$1000s of dollars a month in income during pandemic

Date: 3/30/2020 2:33:55 PM

City/State/Zip: Boca Raton, Florida 33487

Description

Surprisingly the phone number works. 561-781-8476

Ticket: # 3905404 - account info deliberately hidden

Date: 3/30/2020 2:39:08 PM

City/State/Zip: Lawrence, New York 11559

Company Complaining About: N/a

Description

I have been attempting to reach boost mobile(now under Sprint) for over a week now to no avail in order to find my account #. I have spent over 2 hours total on hold and have not been able to speak to a live person. I understand the Covid 19 outbreak has affected everyone but they should have my account identity info on their website which they don't, they list everything else though.

Ticket: # 3905409 - Frontier DSL Internet recent issues**Date:** 3/30/2020 2:42:21 PM**City/State/Zip:** Marshfield, Wisconsin 54449-8416**Company Complaining About:** Frontier Communications

Description

My DSL internet provided by Frontier has recently started disconnecting constantly through out the day, sometimes as often as every 10-15 minutes. I've talked with Frontier tech support many times to no resolution. Most recently, I was able to talk to a local tech and e stated that the lines are old or bad, and that there was also a "Ped" (I think this is a junction point for the phone lines) underwater that was making things worse, but ultimately there was nothing he could do about it. The service has worked fine for almost 9 years prior to this so something seems to have gone wrong recently that is need of repair, but Frontier seems to have no interest in doing so.

On top the challenges this issue would normally present, it is now compounded by the needs for a stable home internet connection during this Covid-19 home isolation period. My wife and 4 children are at home all day attempting to work and do school from home which is almost impossible.

I would like for Frontier to diagnose and fix this issue.

Ticket: # 3905441 - interruption of services by Direct TV

Date: 3/30/2020 2:50:12 PM

City/State/Zip: Walnut, California 91789

Company Complaining About: AT&T

Description

I was not notified of any services interruption or past due account and suddenly DIRECT TV just interrupted my service (TV) which is the only mode of communication we can avail to get further instructions from government authorities of the present virus pandemic worldwide. Government has impose all network not to disconnect any services that has pass due amount

Ticket: # 3905443 - ISP charging modem rental fee until I return it in spite of SF Health Order C19-07 (Shelter-in-Place order)

Date: 3/30/2020 2:52:02 PM

City/State/Zip: San Francisco, California 94107

Company Complaining About: Sonic.net

Description

My ISP is charging me a monthly rental fee for a modem which they failed to provide a return label for (I contacted them asking for the label months ago). Now they finally provided the label but San Francisco Health Order C19-07 is in effect (shelter in place). ISP will keep charging me the rental fee regardless of C19-07, until I return the modem, even though returning the modem requires me leaving home, which is both hazardous for my health as well as that of the community and is prohibited by Order C19-07 explicitly.

ISP should reimburse me for first 2 months in which they failed to provide return label for modem and should freeze any further lease charges until COVID19 is over or the SF Order C19-07 is lifted and SF residents are allowed to leave their homes.

Ticket: # 3905461 - AT&T System Crash During Transaction

Date: 3/30/2020 3:00:16 PM

City/State/Zip: Westminster, Massachusetts 01420

Company Complaining About: AT&T

Description

All four people negatively affected by this incident are still working full-time during COVID-19 and rely on their phones for communication related to work. Two of which are considered essential personnel.

When attempting to create a new plan with four new cell phones at our local AT&T retailer, their Opus system crashed after having already ported in two phones from Verizon and Xfinity, locking us into a plan that we did not want and unable to get the new phones that we were attempting to purchase. Both this retailer and the supervisor at our local corporate AT & T store have said there is nothing they can do to support furthering the transaction to make the plan what it should be and to put new phones on the plan with installments. To solve this problem, AT & T needs to find a way to recreate our account and start the transaction over with the promotions that we were promised.

Ticket: # 3905540 - spectrum service of lack of service

Date: 3/30/2020 3:18:12 PM

City/State/Zip: Mount Vernon, New York 10552

Company Complaining About: Spectrum

Description

on a daily basis my tv channels go blank spectrum does not fix --will not credit account for lack of service--wait time to reach them is at least 40 mins and this was before the coronavirus--to reach a person to resolve any issue with them is an impossible task--service is beyond awful

Ticket: # 3905558 - FRAUDULENT BILLING BY LINGO

Date: 3/30/2020 3:25:05 PM

City/State/Zip: Los Angeles, California 90038

Company Complaining About: Lingo

Description

WE ORIGINALLY SIGNED WITH TNCI, IT CHANGED TO IMPACT AND NOW LINGO. THIS COMPANY IS SCAMMING CUSTOMERS BY TAKING THEM OFF AUTO-PAY AND THEN WAITING MONTHS SO THEY CAN ACCRUE INTEREST ON INVOICES.

WE HAVE REQUESTED THEY CANCEL OUR SERVICE EFFECTIVE IMMEDIATELY AND THEY TOLD US IT COULD TAKE 90 DAYS. THIS COMPANY HAS CHANGED THEIR AGREEMENT WITHOUT OUR APPROVAL.

1. THIS ACCOUNT HAS BEEN ON AUTO-PAY FOR THE PAST 10 YEARS. THEY CHANGED HANDS TO LINGO AND STOPPED THE AUTO_PAY WITHOUT ANY NOTICE. THEN THEY WAITED TILL COVID-19 TO SEND AN INVOICE FOR 6 MONTHS AS A COLLECTION NOTICE.

WE SPENT TWO HOURS TALKING TO 3 DIFFERENT PHONE NUMBERS - NONE OF THE REPS COULD EVEN FIND OUR ACCOUNT.

THIS IS THE FIRST TIME WE HAVE RECEIVED ANY NOTICE OF A DELINQUENT INVOICE OR NEEDING AUTOPAY INFO ETC.

WE DID NOT GET ANY EMAIL FROM IMPACT/LINGO PRIOR TO THIS.

WE DID NOT GET ANY LETTER FROM IMPACT/LINGO PRIOR TO THIS.

WE DID NOT GET ANY AUTO-DIAL CALL FROM IMPACT/LINGO,

WE HAVE PAID THE COLLECTION AMOUNT, WANT THE SERVICE CANCELLED AND A REFUND EVERY SINGLE "INTEREST PAYMENT". LINGO SAYS THAT IT WILL TAKE 90 DAYS TO CANCEL!!!

Ticket: # 3905561 - Metro by tmobile is not honoring the agreement

Date: 3/30/2020 3:26:01 PM

City/State/Zip: Houston, Texas 77053

Company Complaining About: T Mobile

Description

Metro by t-mobile is not honoring the agreement to not disconnect service as signed by tmobile with fcc. They also will not transfer to a manager, they placed me on hold for 5 min then transferred me back to the initial prompts when you first call. Metro by tmobile is operated by tmobile with tmobile being the parent company. This interruption during the global crisis is causing me not to be able to reach family or even recieve calls from potential employers. I have been layed off because of this pandemic and metro by tmobile refuses to assist. They keep saying they are not part of tmobile when in fact their name is Metro By Tmobile. This is unethical during a time of global disaster. Metro by tmobile needs to be held accountable and reconnect my service and tmobile also needs to be held accountable for what their company is doing to customers.

Ticket: # 3905608 - Years of Verizon Issues**Date:** 3/30/2020 3:39:37 PM**City/State/Zip:** Pittsview, Alabama 36871**Company Complaining About:** Verizon

Description

Been with Verizon for several years now because they are [unfortunately] the only "provider" for cellular service around here. I pay \$170+/month for x2 lines and have had over 15 tickets opened and most immediately closed with some BS excuse, found out recently my phone's sim disconnected from their servers on several levels, was "fixed" and now have even worse service than before. To top it all off, due to this global pandemic, they reduce their hours (because why pay employees to work at home during a recession?) and nobody answers their lines for over an hour to even get the issues diagnosed. I am working with +/- 100kbps (yes, kilobits per second - as in near dial-up speeds) and a nearly unusable service. Calls don't come in, internet barely works, and I'm left with a near \$200 brick that I'm forced to pay for and can't even cancel if I wanted to. If this isn't robbery, it's pretty damned close to it. I am not, and have not been getting the service I pay for. I have called Tech Support, Tier 2, and their Executive Customer Care teams well over 100 times in the past 2 years alone and this problem still persists despite being told "it'll be fixed" and "you should be good now". I have also been told that I am "allowed" to switch to another carrier with the caveat being there is no other carrier here. Verizon is a duplicitous company with predatory and lazy practices. I want them to fix my issues once and for all. It's been 3 years of consistent (and the same) issues!

Ticket: # 3905627 - Phone service

Date: 3/30/2020 3:47:54 PM

City/State/Zip: Lenoir, North Carolina 28645

Company Complaining About: Metropcs

Description

Metro pcs is going to turn off my phone tomorrow for non-payment during the pandemic. I have no outstanding balance.

Ticket: # 3905635 - Billing & Availability Issues

Date: 3/30/2020 3:51:12 PM

City/State/Zip: Northampton, Pennsylvania 18067

Company Complaining About: AT&T

Description

Consumer said she got to the description and it disappeared

Consumer lost her job due to the Pandemic

Consumer said she can't use her phone because they shut off her service

Consumer called AT&T and asked them to just extend her payment for a week until she gets her unemployment and AT&T refused

Consumer asked to speak to a supervisor and his name was Mr. Rosenberg

Consumer said Mr. Rosenberg said that they can't offer her the services, because her phone bill needed to be paid

Consumer told him that she was just asking for a extension to pay

Consumer just wants AT&T to tun her service back on and she promises to pay it when she gets her unemployment check.

CTR402

Ticket: # 3905642 - WAVE, TV & Internet

Date: 3/30/2020 3:53:48 PM

City/State/Zip: Concord, California 94521

Company Complaining About: Wave Broadband

Description

PROBLEMS: Frustrated with not being able to view multiple channels (2, 22, 41, 44, All the HBO feeds) and in spite of being required to rent a DVR device Arris) in order to attempt to have a clear WAVE signal reach my home, I need some focus to resolve the issues.

As a schoolteacher "sheltered-in-place" I am using extra bandwidth to teach my 4th grade students via teleconferencing so I called WAVE to get an upgrade. I called using the home phone which is VoicelP driven by WAVE.

At 09:50 am, Norma hung up on me when she secretly attempted to "hit" the line, to resolve the slow Internet, failing to recognize that her efforts would disconnect my connection. In spite of having my phone number, she never called back

At 09:54 Miguel did exactly the same thing, he arbitrarily broke the connection and never called back. Personally delayed by needing to connect with my class students I called back again and at 10:54 Norma listened enough to comprehend she could easily interrupt the signal if she "hit" the line. Knowing that my Internet usage had hit the limit she offered me an increase in usage (1-GIG) but it will require a tech to "make changes in the house wiring". I have no choice with the existing Covid-19 restrictions, my employment dictates that I continue to teach. So tomorrow I will expect a tech to remedy my Internet issue.

WAVE Phone Rep Solution: Train service reps to comprehend that their actions make unhappy customers especially when they fail to call back.

WAVE TV Solution: Replace any and all defective "feeder equipment" preventing me from receiving a consistent signal (one without the picture tiling and without dropping the sound). On March 28, 2020 we received an email declaring that as a special treat during troubled times eighteen (18) channels would be provided to all through April-19. That being said I cannot receive Channel-218, National Geographic Wild without calling WAVE again.

My local Field Technician Supervisor Leotis Jones has been superb to work with but his "penalty in life" is to receive my complaints, many of which he has no ability to control. He needs true corporate support to accomplish resolving the chronic troubles. I'm frustrated with needing to deliver to WAVE logs of details including a date, the time, the channel, the trouble when in fact they have remained a consistent problem for going on 3-years ((2, 22, 41, 44, All the HBO feeds) .

Ticket: # 3905654 - AT&T FirstNet Service Issues**Date:** 3/30/2020 3:57:53 PM**City/State/Zip:** Blue Mountain, Mississippi 38610**Company Complaining About:** AT&T

Description

My name is (b) (6) and I am the (b) (6). I am writing on behalf of our college and Tippah county due to the extended AT&T wireless outage in our town of Blue Mountain and the surrounding area. This coverage has been nonfunctional for over a week now with three previous repair dates not met by AT&T. They advised that it would be corrected last Monday, then Wednesday, then Friday and now moved to tomorrow. We still have a few students on our campus who have no way to communicate for emergencies with our campus or any health emergencies. This needs to be corrected and we need to be getting constant communications from AT&T as to why this entire region is not being prioritized. Additionally, our county is one of the highest affected counties in our state with the Coronavirus. This is a very serious issue for our college. Please advise.

Ticket: # 3905683 - KUOW Public Radio

Date: 3/30/2020 4:06:37 PM

City/State/Zip: Chicago, Illinois 60641

Company Complaining About: Kuow

Description

NPR affiliate refusing to air White House daily briefings limiting available information to the public. Direct violation of FCC contract with this radio station. This announcement (March 25, 202 at 1:44 PM) was made AFTER President Donald J. Trump Approves Washington Disaster Declaration (Issued on: March 22, 2020).

Please require KUOW to broadcast White House Coronavirus Task Force briefings until the Washington Disaster Declaration is concluded.

Ticket: # 3905685 - Suddenlink internet service

Date: 3/30/2020 4:07:33 PM

City/State/Zip: College Station, Texas 77845

Company Complaining About: Sudden Link

Description

We have had ongoing problems with Suddenlink, with no resolution. Instead of providing more service to those being impacted by COVID-19, they should first ensure that those that are paying for service continues to get the speeds they are paying for. I pay for 1 GB service, and have never gotten anything over 400 MBps service, regardless of connection type or # of devices connected. Currently experiencing speeds less than 5 MBps download and 10 MBps upload.

Those in Bryan/College Station TX have only one high-speed internet option, and it is Suddenlink (also known as Altice). Please investigate their service model and statements regarding speeds.

Ticket: # 3905746 - Connection Issues

Date: 3/30/2020 4:25:31 PM

City/State/Zip: Louisville, Tennessee 37777

Company Complaining About: Charter

Description

Spectrum/Charter is having severe connection issues the past 5 days. 10's of thousands can not get current Corona Virus information. They laughed when my wife and I called their service department after us waiting to speak with them after waiting over 50 minutes only to tell us they can not help, transferred the call , then hung up. We called back and waited another 45 minutes with no answer. Our county and city have contracted with them as the exclusive supplier. Please help. Respectfully

Ticket: # 3905768 - FCC regulations on local chanel's market share

Date: 3/30/2020 4:40:43 PM

City/State/Zip: Laurel, Indiana 47024

Company Complaining About: Directv

Description

I live in Laurel Indiana 47024, my local channels thru direct tv is in the Cincinnati Market. Currently with the Coronavirus my Indiana governor is making announcements that I do not know about. I need to see my state's news on the local level which would be out of Indianapolis. I am sure I am not the only one facing this problem. Could the regulations be changed during this time and then go back?

Ticket: # 3905774 - General Complaint**Date:** 3/30/2020 4:41:28 PM**City/State/Zip:** Louisville, Kentucky 40203**Company Complaining About:** Cricket

Description

The main problem is that I have service with Cricket Wireless. I was sent a text message that said if you are having a problem making your payment and would like to extend your payment out another 7 days that you may call 1-800-CRICKET. So I dial 611 and wait for over an hour for someone to answer. I am a faithful customer and always have been. When the rep gets on the phone she explains that I would have to pay another bridgepay. My thing is that if I have paid for one extension and all other carriers are working with their customers... what the difference. I explained to the lady that it is a national pandemic and that I just needed a little bit more time and asked for a supervisor. The supervisor said the same thing yet all other companies are not disconnecting services. This is my complaint that I wanted to make known today and I will switch services as soon as possible and bring others with me.

Ticket: # 3905799 - Vacuous Cell Phone Capacity - Unable To Work From Home!!!

Date: 3/30/2020 4:48:33 PM

City/State/Zip: Brighton, Michigan 48116

Company Complaining About: T Mobile

Description

Please light a fire under T-Mobile's back-side to deploy Mobile Cell Phone Sites, Wikipedia link below.....to have any chance of complying with the Federal and State work from home edicts, adequate cell phone service/download speeds is ESSENTIAL.....these firms pose a glaring major constraint to complying with these edicts...thereby reducing the spread and impact of COVID - 19. FCC please respond and take prompt action. Thank You (b) (6)

Ticket: # 3905815 - ATT complaint

Date: 3/30/2020 4:55:09 PM

City/State/Zip: Fountain Valley, California 92708

Company Complaining About: AT&T

Description

Phone service does not work. I have been calling in and complaining since November. It is almost completely inoperable. Calls say "can not be completed as dialed" yet ATT is charging monthly fee and is also charged \$1,378.95 to get out of contract for phone service that doesn't work on 2 lines. Every time I call for help the agents play games and blind transfer when the problem gets too hard to solve. No one will help me. They told me to go into the store for a copy of my contract which I requested during covid19 and I don't feel comfortable going in the store, they won't email it. They are saying it's a 30 month contract but in store when I signed up I was told 24 months. Also, the monthly (already filed a complaint about this) is way higher than what was originally quoted.

Ticket: # 3905823 - Billing issues

Date: 3/30/2020 4:56:52 PM

City/State/Zip: Lonoke, Arkansas 72086

Company Complaining About: AT&T

Description

I have been billed for stuff I do not have and have not had since November. I have reached out to ATT/DirecTV numerous times. I left several voicemails for the lady at the OOP that helped me with my initial issue. Her name was Racene Day. I never heard back from any of my voicemails. I also spoke with a few reps, one was finally able to get the hardware off of my account so I wouldn't be billed in the future. I was told she was sending a request for all the charges to be credited due to this issue. That was on February 20. My bill still has not been fixed. I cant pay the bill until it is fixed. I sent another message through facebook messenger on Thursday the 26th. I still have not had anyone contact me to fix this. However I am getting plenty of emails telling me my bill is late, which is ridiculous. It wouldn't be late if they would have fixed this properly in response to my complaint with yall in November. I thought it was fixed only to discover I was being charged for wired equipment which was not even what was installed in my house. I have wireless equipment. This is beyond ridiculous. If a company is going to continuously send notices about paying a bill late during a global pandemic, that is pretty crappy in itself but to continuously send them when I have tried to get this fixed numerous times without success and have not even received a call from the comoany when I messaged them on Thursday is beyond ridiculous. I need them to contact me and resolve this overbilling that is on my account as I have been requesting for them to do for months.

Ticket: # 3906025 - Why networks not broadcasting POTUS COVID19 updates

Date: 3/30/2020 6:43:50 PM

City/State/Zip: Grand Island, New York 14072

Company Complaining About: Comcast

Description

What right do TV networks have to not broadcast POTUS update on COVID19? During the time of crisis, networks responsibility is to disseminate information to the public. We, the people, should not be searching the internet for updates in our own country. This is a disgrace and these companies ought to be held accountable. I am not a republican nor a democrat - it doesn't matter in a time of crisis. TV networks suddenly decided to stop the broadcast - on what grounds? Authority? Information, and especially in time of crisis, is not a privilege - it is a right. I am writing to you because they don't publish anything and don't even re-broadcast. This is nothing but a sabotage of the country. Perhaps we should look long and hard on how these companies operate. If we have a defense production act, should we have something similar to the media? In time of crisis we should all be one. This is disrespectful to the people and a disgraceful act to the country. So in wartime, news outlet may decide that not to air important health information to the people? Does this sound criminal? These people should be removed and held accountable to the full extent of the law. Thank you for your assistance in this matter.

Company Complaining About: Sudden Link

Description

Suddenlink by altice agreed to not cut us off for 60 days during this pandemic, on the 18th of march we had an agreement of 60 days no cut off and today they cut us off. we had to borrow money as its our only means to have information and news. with out internet we can not order supplys or make tele heath calls to doctors. ask them to stop all cut off until this is over.

Ticket: # 3906049 - Amateur radio license Online testing

Date: 3/30/2020 7:02:46 PM

City/State/Zip: Mequon, Wisconsin 53092

Description

Due to the covid virus pandemic fcc should allow online testing for amateur license

Ticket: # 3906054 - Price Gouging

Date: 3/30/2020 7:09:11 PM

City/State/Zip: Kingwood, Texas 77339

Company Complaining About: Sudden Link

Description

I reside in Kingwood, TX, in an area that offers one internet provider, Suddenlink. Suddenlink has dramatically increased the rate at which they charge for the same item. No notice was provided, just an increase in the bill. At a moment like this, when my husband and I are both unemployed, him due to Corona virus, this is nothing short of criminal. I worry about how the bill will be paid. The connection speed is not in line with competitors and the increase in price did nothing to improve speed.

Ticket: # 3906084 - Service interruption

Date: 3/30/2020 7:34:33 PM

City/State/Zip: Houston, Texas 77053

Company Complaining About: Metropcs

Description

I recently switched from cricket to this company last month, no one could have expected everything would have been affected by covid19. I dont understand why the company aren't able to assist in this matter. I need my service to contact jobs and family. I cant understand why you guys wont help me. Your under the tmobile umbrella, t mobile is your parent company and your advertising when you call 611 says metro by tmobile is t mobile. You guys should atleast be able to roll over my balance to the next month as your store agents are telling us.

Ticket: # 3906090 - Service disconnected

Date: 3/30/2020 7:36:45 PM

City/State/Zip: Des Plaines, Illinois 60018

Company Complaining About: Sprint

Description

My sprint cell phone service was disconnected today because I couldn't make a payment. I called their customer service (over an hour hold). I told them I got laid off from the coronavirus outbreak and had no money right now. They said I had to pay a minimum of \$100 to be reconnected . I explained again that I had no money and I had to argue to get it re connected. They only agreed to do it after I brought up the fcc program of not disconnecting service during the emergency.

Ticket: # 3906124 - Remove Donald J Trump from Pandemic Press Briefings

Date: 3/30/2020 8:16:19 PM

City/State/Zip: Buckeye, Arizona 85396

Company Complaining About: Cox

Description

The FCC states that the Communications Act prohibits the FCC from censoring broadcast material, in most cases, and from making any regulation that would interfere with freedom of speech.

However, we must control Donald Trump in his briefings about the corona virus pandemic has endangered the health and safety of all Americans here and abroad by the following irresponsible actions:

- Setting false expectations
- Provides false, dubious or questionable medical claims
- Provides false and/or misleading statements about travel.
- Made Inflammatory statements regarding China, which incites animosity toward Chinese American citizens.
- Unsubstantiated accusations (implied and overt) that state leaders mismanaging the problem.

I request that Mr. Trump, Mr. Pence, and all other political figures be removed from these Corona Virus briefings. They should be replaced with medical and pandemic specialists.

Ticket: # 3906126 - Verizon FIOS problems and continued harrassment.

Date: 3/30/2020 8:16:42 PM

City/State/Zip: North Syracuse, New York 13212

Company Complaining About: Verizon

Description

I set up an apartment install for Verizon FIOS. The tech checked out the apartment basement, and said he had no way to get to the actual apartment. I told him I wasn't interested, but he continued to set up the modem/router in basement (not in my apartment) I called to talk to FIOS and told them I want them to have the guy leave. I wasn't interested in having the service with the router in the basement. He didn't leave, and finished setting it up. I called FIOS again, and confirmed the cancellation/disconnect and even though I cancelled, and never even had the service, they insisted I had to return the modem myself, threatening me with fees and charges.

They gave me a code to bring to UPS, I went...code didn't work. I called, they ASSURED ME THE NEW CODE WOULD WORK. It didn't work. Next time they assured me they would send me a box and packaging to bring to UPS. They failed to do so on several occasion. I went to UPS store with the correct label, absent the box. They wanted 20\$ for a box and packing, for an item that some guy left at my house without my consent. They said I could bring it to the Verizon FIOS store. I went there, a 26 minute drive, and they said they are not accepting modems due to COVID. So i went and got a box, sent the modem, and thought I was done with Verizon forever. Then today, I received a bill for 99.00\$ with no information what the charge was for, and when I contacted them, they also could not tell me. I was hung up on by a supervisor for the 2nd time, and they are absolutely no help in any way. In no way have they helped in any way during this whole process, yet they have continued to harass me with bills. Every time I have called, without fail, over twenty calls, they gave me false or incorrect info every single time. I was told absolutely no charge, and I have contacted them several times about this "mystery" charge that they can't explain, but insist they can't remove it. I am completely fed up, and I don't even want to deal with the rude and dishonest customer service.

Ticket: # 3906134 - Drastic reduction on internet speed

Date: 3/30/2020 8:25:26 PM

City/State/Zip: Pauma Valley, California 92061

Company Complaining About: AT&T

Description

AT&T slowed my internet drastically. I tried to call them, but they never answered. I was on hold for over 38 minutes and they never bothered to answer. I thought they couldn't take your internet from you during the quarantine for covid19. I live alone on Palomar Mountain in a Campground. I'm 73, have numerous health problems and rely on my tablet to order food and necessities and to check on my orders. Please help.

Ticket: # 3906165 - LONG TERM OUTAGE

Date: 3/30/2020 9:09:38 PM

City/State/Zip: Grand Rapids, Michigan 49505

Company Complaining About: Comcast

Description

January - 2 tech visits the first one cut all the ends off my lines and replaced them, the second tech replaced my drop line to the house and stated he noticed issues in it.

I had him re-check everything when he was done, and checked the signal from the modem myself, then ran a speed test and the 30mb issue continued. He blamed my modem and left the property.

Purchased a new netgear cm1000 and swapped it out on my account. Issue persisted.

Issue continued thru feb. Getting 30Mbps most days and good speed rarely when the SNR on the ofdm channel is over 20. This was annoying since im paying for gig service but i put up with it instead of opting to keep calling comcast.

3/22/20 Issue has gotten to the point where it's actually dropping my connection entirely and leaving me without internet for 6+ hours at a time sometimes. We have been using our personal hot spots with out cell carriers to get online. We are limited to 30 gb so it's difficult to keep usage low.

3/22/20 called and scheduled tech visit

3/23/20 Tech visit Jason R tech number 1599 - Agent replaced all lines inside the house and put a new splitter on the line.

Found issues on the pole and stated that he opened a ticket to have the issues on the pole looked into. He said this should only take 3 days.

3/25/20 8:54AM Talked with a tech support agent she said that said i would recieve a call to schedule another visit
never got a call

Picked up a xfi modem from the local comcast store for additional testing.

3/25/20 4:21PM Jenna Hall esclated to supervisor Scott S - Included notes about Jason R tech visit and ongoing issues since january and requested a maintainence ticket be created

3/25/20 8:19PM Cooper 1191330 - no response to supervisor email yet waiting for supervisor to make maintainence ticket. Noticed issues in the line with xfi modem. He stated that the xfi modem gives him extra diagnostic info. He provided \$40 credit for feb and said to expect a call back tomorrow. (will call tomorrow afternoon to follow up if no call recieved)

3/26/20 9AM no call back so far - still expierencing issues

3/26/20 11:13 AM Clay 1132072 she stated no maintenance ticket has been put in. She is also going to escalate this to her supervisor. She said her supervisor is unable to create a tech visit due to covid19 (i didnt even ask or want another tech visit) and a maintenance ticket is open. She gave me ticket number CR898642392 for this

3/26/20 11:29 AM call back from Clay 1132072 - She said her supervisor opened a maintenance ticket with the number 219332

3/26/20 11:46 AM Filed this txt document with FCC complaints assigned Ticket (b) (6)

3/26/20 3:44PM Randall -ev (refused to give last initial or technician number) he stated that 219332 is not a maintenance ticket number and that was the work order number that was made out on monday to have jason r come to my house. I informed randall of the filing with the FCC and he did some further investigation. He said 3-5 business days for the work order to show up in the system and no current work order is in. He said he will put detailed notes in my account about whats going on.

3/27/20 3:00 PM Call from corporate Donovan R. I explained what is going on and told him about my notes and he said he will follow up with the issue and sent me a follow up email later.

3/27/20 3:53 PM Call from local supervisor. Adam 1034 is sending jason back today

3/27/20 4:15 PM Jason arrives, replaces drop line, re-tests everything and sees the same issues continue. Puts in the work order again, this time i recieved a text about it.

3/27/20 6:37 PM Follow up voicemail with Adam 1304 requesting that he see about having maintenance put a rush on my work order since it was done incorrectly the first time.

3/27/20 6:39 PM Call to corporate, talked with John requesting that he see about having maintenance put a rush on my work order since it was done incorrectly the first time. He said he will reach out and update me with any info he gets by the end of his shift.

3/28/20 10:50 AM Text message from comcast saying maintenance is complete

3/28/20 9:56 AM call from adam 1034 local supervisor saying the issue should be fixed. The internet seemed to be working at this time and the SNR was in the 30's for the odfm downstream

3/30/20 4:44 PM Issue Returned ODFM SNR at 3.6 and modem was kicked offline.

3/30/20 5:40 PM Left voicemail with adam 1034 Local Supervisor

3/30/20 5:45 PM follow up with Meka at corporate

3/30/20 Ebony W6U billing agent said she would transfer me to tech support to have a tech come out but i never got thru

Ticket: # 3906171 - Porting number

Date: 3/30/2020 9:13:08 PM

City/State/Zip: Cary, North Carolina 27519

Company Complaining About: AT&T

Description

I spend entire day jumping hoops because AT&T was sending me to random phone numbers to call, placing on endless holds, sending me to the store and store was sending me back to customer serving. This is the established process for customers to fight porting number from AT&T post paid to AT&T prepaid. One entire day with trips to the local store in the middle of COVID19 pandemic!

Ticket: # 3906188 - Comcast Cable

Date: 3/30/2020 9:19:57 PM

City/State/Zip: Midlothian, Virginia 23112

Company Complaining About: Comcast

Description

Comcast / Xfinity raised my Cable TV, Internet and telephone by 25%

during the Corona Virus shutdown. They refused to negotiate a lower price for a senior citizen! My solution is to lower my price!

Thanks!

Ticket: # 3906198 - Undue service interruption and fees

Date: 3/30/2020 9:31:49 PM

City/State/Zip: Killeen, Texas 76549-6737

Company Complaining About: T Mobile

Description

I have read that all major cellular providers have taken a pledge to suspend service interruptions as well as late fees in the event of late payments due to the current Covid-19 pandemic crisis. T-mobile 2 days ago disconnected my service and demanded \$50 to reconnect our two lines. We were not even a month behind on our payment. This feels like an unacceptable move on their part when they are publicly stating that they will not be performing these types of actions. If they plan on going against what other carriers are doing to help out those in these harsh times of crisis, then they shouldn't be making these claims to the public. I feel this is akin to false advertising and should be investigated further. If not for myself, then for others whom may be receiving the same treatment and haven't stepped forth to file any complaints against T-mobile.

Ticket: # 3906212 - Suddenlink complaint!! Rude representative and constant loss of service

Date: 3/30/2020 9:35:44 PM

City/State/Zip: Midland, Texas 79707

Company Complaining About: Sudden Link

Description

We have had issues with suddenlink for a while now but having a representative call me and be completely rude was the last straw! Being loyal customers and putting up with the constant loss of our internet obviously wasn't enough, me and my husband just had a rude representative call us from there telling us he is cancelling our technician that was suppose to come out because we were a few days late on our bill. I have not been able to work because of COVID-19 and I tried to explain this to him and told him we would have the bill paid in 3 days. He then proceeds to say well there's nothing I can do for you until your bill is paid. We just confirmed the technician coming out 2 days ago!! Our internet constantly goes out and this has been happening for months now! We even went and picked up a new modem a couple months ago and our internet still cuts out multiple times a day, every single day. When I told the representative who had called me that we were late on our bill because of work closing due to the virus he didn't even care he just responded with "well I'm cancelling the technician coming out until you pay the bill" all this time we could have cancelled our service with suddenlink but we chose to stick with them and pay every month when our internet service constantly goes out and there is no reported outages. We have to unplug it for 30 seconds and plug it back in every single time and it still cuts out multiple times a day. So for this guy from suddenlink to be rude and cancel our technician coming out was completely ridiculous and uncalled for. Date called: March 30, 2020. Time: 7:30 pm

Ticket: # 3906240 - President Trump Covid-19 Briefings

Date: 3/30/2020 10:00:33 PM

City/State/Zip: Dallas, Texas 75219

Description

The FCC states that the Communications Act prohibits the FCC from censoring broadcast material, in most cases, and from making any regulation that would interfere with freedom of speech.

However, we must control Donald Trump in his briefings about the corona virus pandemic has endangered the health and safety of all Americans here and abroad by the following irresponsible actions:

- Setting false expectations
- Provides false, dubious or questionable medical claims
- Provides false and/or misleading statements about travel.
- Made Inflammatory statements regarding China, which incites animosity toward Chinese American citizens.
- Unsubstantiated accusations (implied and overt) that state leaders mismanaging the problem.

I request that Mr. Trump, Mr. Pence, and all other political figures be removed from these Corona Virus briefings. They should be replaced with medical and pandemic specialists.

Ticket: # 3906259 - Service Issues with Spectrum Internet**Date:** 3/30/2020 10:28:10 PM**City/State/Zip:** Los Angeles, California 90068**Company Complaining About:** Spectrum

Description

am contacting you regarding the service at (b) (6). We have 2 accounts at this address.

Residential Account

Account Number (b) (6)

Services TV, Internet, Phone

(b) (6)

Business Account

Account Number 8(b) (6)

Services Internet, Phone

Address (b) (6)

I have a complaint regarding Internet service for both accounts. Both the residential and business accounts have Spectrum's 400/20 Internet plans.

We have been having intermittent troubles with the residential service since January of this year. We have called Spectrum on several occasions which they have always resulted in dispatching a truck. When the technician arrives they do their test(s) and inform us there the trouble is elsewhere in the network and they will have to refer it to their maintenance department. They have switched out our modem and router with new equipment from Spectrum and most recently pulled a brand new line from the utility pole into our home. Unfortunately, these actions did not resolve our troubles. The service was slow at times, but for the most part useable. However, the speed test and being able to use the service reliably has never been up to par.

I work from home and require a stable Internet connection. I contacted Spectrum Business sales to inquire about a more reliable service. I ordered the Business service after being told by the Sales Representative that the business level service would get priority routing of traffic in the neighborhood. The service was installed last week and sadly the same issues occur with the business as does the residential service. The technician also advised that the residential and business services coexist on the same Spectrum equipment and business service does NOT get priority traffic over residential traffic. We now have 2 services in our home totaling almost \$400 per month and both are having the same issues with the Internet service, slow and unreliable. The whole purpose of getting the business class service was to avoid these types of issues.

The past service call, an SMB Field Supervisor (Luis Camarena) came out to discuss the issues we were having. Luis was wonderful in his empathizing, understanding, and listening skills. He tried everything he could but ultimately came to the same conclusion as the previous technicians did, the issue had to be referred to the maintenance department to resolve the trouble. I advised Luis that I had little to no faith of that actually doing anything since I have been told that by 2 previous Spectrum

technicians, but on the same hand I understand he had done all he could do. But, Luis provided me with his direct contact information and advised that he would follow up with me.

Today, I received the following email from Luis:

"Hello Joe,

Hope this message finds you well. I reached out to the local maintenance supervisor and I was informed they are aware of the issue and they are unable to provide an update at this time. According to my research, the congestion has been an issue since January. I went ahead and notated your account so we can keep those records attached. If you contact customer service they should be able to read my comments and you can request a credit. Once again, I want to apologize for all the inconvenience, and I will keep you posted as soon as I get an update."

My problem is with his statement "According to my research, the congestion has been an issue since January." Spectrum has known about this issue for 3-months now and has done nothing to resolve the issue. Now with COVID-19, the usage is putting even more of a strain on the Spectrum infrastructure. I understand that Spectrum is unable to prevent such additional traffic on the network from COVID-19 as it was unexpected. However, this issue (from your own employee) has been known by Spectrum since January 2020 months before COVID-19 even came into the picture. It is completely unacceptable for a company of your size to allow this type of customer service to occur for months without resolving the issue.

What would I like? Well, I'd like for the capacity in the area to be upgraded to sustain the customers you have or don't continue allowing new customers or upgrades until the capacity issue is resolved. After the issue is resolved I would like to discuss a monetary adjustment to our accounts for the lack of service we have been receiving.

Ticket: # 3906265 - United Healthcare phone scam

Date: 3/30/2020 10:30:29 PM

City/State/Zip: Scottsdale, Arizona 85258

Company Complaining About: United Healthcare

Description

This is the voicemail I received tonight. The person ((b) (6)) mentioned in the call is my aunt. She is not associated with my mobile number.

"Hello this is United Health Care calling for ((b) (6)) We're calling with important information related to the Corona virus so please call us back anytime 24 hours a day seven days a week. Toll free at 1-833-576-5649. Again the number is 1-833-576-5649. For the latest Corona virus updates to help you stay informed. Please visit the website on the back of your member ID card. Thank you and have a good evening. Goodbye."

Ticket: # 3906274 - False Advertising Self-Install Service**Date:** 3/30/2020 10:35:33 PM**City/State/Zip:** Dryden, Michigan 48428**Company Complaining About:** Charter

Description

Spectrum is advertising that they are offering to send equipment to customers for self-installation during the COVID-19 outbreak. I reached out because I needed to upgrade my internet speed to work from home. I and a family member are immunocompromised so having a tech come to my house is a no go. They refuse to send me a provisioned modem to self-install which they acknowledge is all I need to upgrade. I would like them to send a modem and upgrade my internet service to their Gigabit service.

Ticket: # 3906295 - Suddenlink Communications taking advantage of their customers

Date: 3/30/2020 11:22:44 PM

City/State/Zip: Abilene, Texas 79601

Company Complaining About: Sudden Link

Description

Suddenlink communications has a monopoly over Abilene, TX as the only available TV/Internet provider. They have been taking advantage over this fact for many years by upcharging their customers without any consequences since the customers can't switch providers. More recently they used this to their advantage by upcharging customers during the COVID-19 crisis. Being a college student without a job and my partner being recently unemployed I have no way to pay these extra charges. I need all the money I can get to save for supplies and to keep my power/utilities on. I think it is criminal that they changed my rates without emailing, calling or disclosing in a letter that they would increase my rate and why they were doing so. I have been a loyal customer for over a year and think I deserve better.

Ticket: # 3906392 - Billing for unreturned equipment

Date: 3/31/2020 2:21:54 AM

City/State/Zip: Tillson, New York 12486

Company Complaining About: Verizon

Description

I had a problem with my internet modem at my second home where I was not getting the advertised speed. Verizon exchanged it with another and is now asking for the return of the original one. They have stated in the online account, "Take action

If you have not already returned the Verizon-owned equipment, please do so to avoid charges of up to \$375 per unit. Find out more in Important messages at the end of this bill."

As a senior, I am self quarantining upstate at my first home and cannot get the the second home in due time because of the Pandemic. I will return the equipment, once it is safe for me to travel to my other home where the modem currently is.

I do not want to be billed for this equipment.

Ticket: # 3906396 - Packet Loss and Inconsistent Speeds**Date:** 3/31/2020 3:51:14 AM**City/State/Zip:** Las Vegas, Nevada 89130**Company Complaining About:** Cox

Description

Since 2019, I've been struggling with intermittent packet loss. Before the corona virus, it only happened around 5PM-10PM and now it's almost all day long. I call and it's either "a temporary outage," or it's "my modem." It is 100% not anything to do with my modem or cabling in my house. My signal levels are within spec. I do not have any uncorrectables. I even bought a new modem just to try it. They have an over-saturation in the area with their infrastructure. I have grown tired of this lack of consistency. Read their forums, you will find tons of complaints from people in vegas with the same problems. https://forums.cox.com/forum_home/internet_forum/f/internet-forum My theory, the cord cutters are killing their business and they prematurely upgraded people to gigablast even though their network wasn't ready.

Century link is across the street with fiber optics and will switch as soon as i can if this doesn't get fixed.

Ticket: # 3906401 - Anauthorized termination of a "Legacy" Plan with Charter Spectrum

Date: 3/31/2020 4:24:07 AM

City/State/Zip: New York, New York 10034

Company Complaining About: Spectrum

Description

Spectrum advertised for a two month free wiifii for students during the Corona virus out break in order to

facilitate the completion of required tasks given to students by educators. I agreed to this trial on March 23,2020.

After installing the wireless router with Wi Fi I noticed that I was not receiving my regular channels that Were in

my " LEGACY" package that I have had over 20 years. After spending over 12 hours back and forth with

Spectrum the customer service reps told me that they could not let me have my prior "LEGACY" package. They

claimed that I had to now choose a different package that conveniently was more expensive with less channels!!!

Spectrum is taking advantage of the students and especially the customers who have the less expensive Legacy

package. PLEASE HELP I clearly only agreed to this 2 month free trial period and clearly told them I DID NOT want any changes to my cable t.v. agreement in place.

Ticket: # 3906424 - CNN Complaint

Date: 3/31/2020 8:07:32 AM

City/State/Zip: Beaver Falls, Pennsylvania 15010

Description

This complaint against is being filed on the grounds of content made for the principal purpose of creating panic by spreading deliberate mis-information about the COVID-19 outbreak. My main concern being that there is hardly any content being produced on any progress in stopping the virus (which there is) also, there is no hard statistical data produced by to show that this outbreak is any worse than H1N1 or SARS yet continues to portray this current outbreak like it is worse than either combined. The last point I feel is particularly pertinent for while I recognize the broadcaster's first amendment rights by not showing any hard evidence this outbreak is any worse than previous outbreak I feel this is causing mass hysteria on no justifiable grounds. I gave the broadcaster until 03-30-2020 6:00 p.m. Est to respond and defend themselves and as of the writing of this they have not responded.

Ticket: # 3906432 - Cablevision Altice Availability Complaint**Date:** 3/31/2020 8:24:00 AM**Company Complaining About:** Optimum

Description

Cablevision Altice has disconnected my service and has no way of contact that is sufficient they offer a chat that goes no where after waiting on hold all day via the web service and the telephone number to contact altice is not accepting calls. I am located in suffolk county new york. i have experienced a loss of hours due to cover-19 and the program keep americans connected is not being applied as they state dthey would be in the fcc for immediate release of companies helping the americans who are struggling with hard times during this pandemic.

why are they allowed to say they are participating and turning around and doing the exact opposite and disconnecting service march 13 the notice was made public it is no where near 60 days and hey have backed out on this statement

Ticket: # 3906441 - AT&T/Direct TV

Date: 3/31/2020 8:36:07 AM

City/State/Zip: Biloxi, Mississippi 39532

Company Complaining About: AT&T

Description

My television through Direct TV was installed in 2009. As a result of COVID 19, I am at home watching it for the first time in a while. A variety of channels show a 771, 775, 721 code. On March 28, 2020, no stations are visible due to the a fore mentioned codes. When I contact Direct TV, I am told I must get an upgrade in order for the television to work properly. I am forced to accept a new two year agreement with Direct TV to maintain what I am watching. Direct TV agrees to upgrade the equipment for the first time since 2009. When the technician arrives at my home, I am told there is no upgrade possible and no new updated equipment is installed because I need to have trees cut in the backyard. The technician was present five minutes and wants me to cancel the upgrade. When I contacted ATT about the issue. I explained to the agent trees are protected by a city tree ordinance. I am told I need to pay over \$200.00 dollars if I want new equipment installed because I had already had an upgrade. Furthermore I was told if I break the agreement with Direct TV I will need to pay a fine of over \$200.00 to change the service. It seems strange to me that this issue occurred during a time of national emergency. ATT clearly demonstrated it does not care about providing satisfactory service for what I am paying for Direct TV. In addition, this company is so outsourced it is impossible to speak to the same representative that might be able to help resolve the issue with the service. Try calling 1-800-531-5000 and experience a typical phone conversation. Between the three calls, I spent a total of about four hours on a cell phone to have no resolution to the Direct TV. situation

Ticket: # 3906460 - Services from Suddenlink

Date: 3/31/2020 8:49:20 AM

City/State/Zip: Lubbock, Texas 79423

Company Complaining About: Sudden Link

Description

Suddenlink disrupted our wireless internet service suddenly, we woke up having no access to this service after making a partial payment. During this COVID-19 crisis my wife who is a teacher working from home has to have multiple meeting throughout the entirety of her day, our son who now is being homeschooled has to learn via the internet, and I am a online student. We all rely on our wireless network and Suddenlink did not provide any kind of communication or notification that our services would be disrupted, this is an especially trying time across the world and you would think that this company would at least try to accommodate those who need it the most.

Ticket: # 3906464 - Spectrum Availability Comaplint

Date: 3/31/2020 8:50:59 AM

Company Complaining About: Spectrum

Description

Hello I'm from clarksburg West Virginia and I just wanted to know if my cable company witch is spectrum is allowed to disconnect my service during this pandemic I can't call and check on family and can't watch news breaks about what's going on and what were supposed to do when the government gives us guidelines Please let me know if and what I can do about this Ty very much

Ticket: # 3906513 - Suddenlink Disconnection

Date: 3/31/2020 9:44:25 AM

City/State/Zip: St. Albans, West Virginia 25177

Company Complaining About: Sudden Link

Description

Suddenlink has stated that they signed an agreement with the FCC to not disconnect service during the pandemic. Today I woke up without internet and an 8 year old that has to do online school. My husband has lost a lot of work and we had to buy extras groceries during this time and cannot afford. Suddenlink has lied about their stance on disconnecting during this time and I have noticed other people with similar complaints.

Ticket: # 3906537 - Fox News, Friends, Hosts, and Donald Trump knowingly spread false information regarding Covid-19

Date: 3/31/2020 9:55:36 AM

City/State/Zip: Mattoon, Illinois 61938

Company Complaining About: Fox News, Friends, Guests, Hosts, Donald Trump, All Who Are Non-experts On Covid19 Knowingly Spreading False Deadly Information

Description

I IMPLORE you to IMMEDIATELY REQUIRE FOX NEWS and friends, including hosts, and Donald Trump to IMMEDIATELY RETRACT ALL PREVIOUS FALSE ARTICLES, NEWS REPORTS, AND ANY OTHER INFORMATION that they have KNOWINGLY spread Regarding Covid-19. They have all REPEATEDLY IGNORED Health experts, WHO, CDC, and other experts real information, putting every single American Citizen at serious risk of infection and DEATH. They have done this to sway public opinion using blatantly misleading statements, allowed opinions of guests and hosts who have NO EXPERTISE on Covid-19 or any other medical inclination, to become fact, using misleading tactics, wording, outright LYING, to minimized this Pandemic. All false information must be publicly retracted, All guilty parties should publicly apologize and set the record straight, and FURTHER legal action should take place, leading up to and including fines, loss of position, and jail time. This isn't about politics. It is a matter of public health, and all above parties have potentially KILLED American Citizens with their negligence. The American People DEMAND that the FCC take IMMEDIATE Action. Also. They have repeatedly SHUT DOWN public health officials, claiming Democratic interference. The CRIMINAL NEGLIGENCE OF FOX NEWS, GUESTS, HOSTS, INCLUDING DONALDTRUMP could ultimately cause the death of one of YOUR immediate loved ones... Remember that before you decide to stay quiet, and refuse to stand up for yourselves, your families, and The rest of the American People. We want REAL NEWS, ANYTHING ELSE IS DEADLY AT THIS POINT. Thank You. Bless the USA

Date: 3/31/2020 10:09:56 AM

City/State/Zip: Pitcairn, Pennsylvania 15140

Company Complaining About: Abc, Cbs, Nbc

Description

Over the air broadcast stations, ABC, CBS, and NBC need to air POTUS's briefings on Covid so citizens can get firsthand information. Citizens should get unedited and uncensored information.

Ticket: # 3906593 - moving and consolidated refusing service 2 houses down

Date: 3/31/2020 10:23:46 AM

City/State/Zip: Springfield, New Hampshire 03284

Company Complaining About: Consolidated Communications

Description

We are currently moving 2 houses away to (b) (6) and Consolidated Communications has refused to give us internet service at the new home. We are home schooling due to Corona virus and we have to have internet. There is also no cell service at the new home so we are in a bad spot. What can we do? We are canceling service at current home it makes no sense they won't turn on a house 2 down.

Ticket: # 3906628 - Viaero Wireless Availability Complain

Date: 3/31/2020 10:49:03 AM

Company Complaining About: Viaero Wireless

Description

My name is (b) (6) I have phone service thru viaero wireless they signed on to the keep Americans connected movement to keep phone service connected during this pandemic yet I'm being disconnected at noon today I live in grand island Nebraska. I tried talking to them but they stated that it doesn't apply to prepaid service members. My stepmom who has the service in her name is on disability. She gets paid on the 1st of every month so she will receive her money tonight at midnight. I told them this but they still won't listen. This keep Americans connected should include all customers. It is heartless to tell people they will still be disconnected just because we are prepaid.

Ticket: # 3906655 - Spectrum Availability Complaint

Date: 3/31/2020 11:03:58 AM

Company Complaining About: Spectrum

Description

I just woke up this morning with my primary source of news from the outside world off and last night I was reading an article about the internet provider I have signing a pledge not to shut off internet services, for those hit by covid-19.

I worked at Dream Moore resort and spa and I live just outside of pidgeon forge and within 5 miles of work, right now I don't have any work and most everything is shut down, they know this, my providers are spectrum and thankfully Verizon, Spectrum was my internet provider but now my phone (Verizon) is my only source of news, I'm just saying spectrum needs to be moved off that list of providers who took that pledge, because only thing that they sent me was a bill that I couldn't get all the money raised up to pay, now luckily I have Verizon phones and they are still working, to my shock they even have me extra data that I don't need because I have unlimited plan, and don't use it often.

But as for spectrum they lied and need to be removed from the list, and if I can I will be going to any other providers after this covid-19 is over.

Ticket: # 3906656 - Boost mobile

Date: 3/31/2020 11:04:05 AM

City/State/Zip: Manchester, Pennsylvania 17345

Company Complaining About: Boost Mobile

Description

I am a customer of boost mobile and was informed they are still forcing customers to pay their bill to continue services during this pandemic. I know other companies are giving extensions or waiving fees due to lack of employment and wanted to know what steps I could take to relieve this issue.

Ticket: # 3906677 - Internet Access

Date: 3/31/2020 11:13:54 AM

City/State/Zip: Batesville, Arkansas 72501

Company Complaining About: Sudden Link

Description

Our family had it's internet service turned off today. My wife works for the State of Arkansas DHS office and has been working from home per COVID 19 standards for their essential personal. My 12 y/o daughter is home bound because of schools closing for COVID 19 and students are required to do schoolwork from home. My two son's; who both attend Arkansas State University full time, have been forced to return home and finish their courses online. I do event management and currently have no active contracts for events because of cancellations due to COVID 19.

We asked Altice/Suddenlink; our internet provider, to give us to April 9th to make our minimum payment and get our internet access restored urgently because of the previously stated situations, but they said they could not do that currently and we would have to wait a day or so to talk with anyone else about an extension.

Is there any help or advice you can provide?

Thank you, in advance, for any help or advice that you can provide.

(b) (6)

Ticket: # 3906695 - Internet Help-PLEASE READ

Date: 3/31/2020 11:20:37 AM

City/State/Zip: Coats, North Carolina 27521

Company Complaining About: N/a- I Am Not Complaining On A Specific Company

Description

I have tried for 12yrs to get reliable internet on my rd. All roads surrounding my road have Charter & Century Link etc.. now in this COVID-19 crisis I have a middle school child & college junior home and trying to use our only very expensive source of internet which is a Verizon mifi hotspot that goes in & out of buffering and is not reliable. It is impossible for them & I have contacted Charter and other providers once again this week & I was told not at this time and it was a \$12,000 gap in the amount it would take for Charter to provide the service, however I can walk to the road they would need to run it from. I am 7 mins from a town also. I know you have many important issues to deal with now but please I am contacting you as my last resort for any possible information you may give me. I am also a County employee for 18 yrs & have reached out to my county throughout the years for help and internet grant funding projects they are working on, however nothing ever happens. I am not looking free internet services like what is being offered for school age kids during this crisis, just a chance to have it & be a reliable paying customer like the other 14 plus houses on my road. I am very confident that the other homes on my road would sign up with a company and would be permanent lifelong customers if given the chance to have reliable internet service (also we would bundle tv/phone). Please help us!!! It is needed now more than ever! My son is a Computer Science major at East Carolina University and is home doing online classes the remainder of the semester & has to have reliable internet to complete his online classes. This really makes a parent feel helpless; I have tried all aspects I know of, contacting the governor, county leaders, internet providers and NC Broadband. Please we are desperate. Please take a look for us, our address is (b) (6)

Thank you for your time!

Ticket: # 3906711 - cramming

Date: 3/31/2020 11:26:08 AM

City/State/Zip: Monsey, New York 10952

Company Complaining About: Verizon

Description

my auto payments stopped without my knowledge and they added charges to my account for a return fee and then additionally to each phone line, which is unwarranted. they sent me a confirmation text for the payments and not for the return. my spouse and i are both sick with COVID19 and the rep for verizon says that is their policy and fees are correct are refuse to accomodate.

Ticket: # 3906844 - CenturyLink Internet Service

Date: 3/31/2020 12:12:16 PM

City/State/Zip: Greenwood, Florida 32443

Company Complaining About: Centurylink

Description

The consumer has CenturyLink internet and Home phone service.

The consumer lives in rural north Florida Area and always has issues with her internet speed.

For 4 years she has homeschooled her kids paying 8meg for internet but never receives the full speed.

The consumer states that because of the COVID-19 going on, there are more kids at home and she is unable to use the internet at the 8 meg speed.

What should take 6 hours is taking 10-12 hours because the internet is not having the speeds it should and its timing out.

Centurylink has told the consumer for 4 years that they will be upgrading the internet and yet she only gets 3 meg.

CenturyLink told her this morning 3/31/20 that she must pay for another line coming in to her home in order to get good internet speeds.

The consumer wants her 8 meg that she has been paying for to actually work properly.

The consumer needs the internet for her childrens education.

The consumer should receive some sort of credit for the times she's been paying for 8 meg's but gets about 3 meg's instead.

The account is under the phone number (b) (6)

Ticket: # 3906869 - Privacy and Interference on phone and iCloud

Date: 3/31/2020 12:22:05 PM

City/State/Zip: Boston, Massachusetts 02118

Company Complaining About: AT&T

Description

Yesterday I experienced severe interference with a phone call with a Doctor. The Doctor called me, then during the call the phone went silent. After a minute, someone else spoke...and called me an inappropriate name. Then the phone was dropped. Then my phone rang again, then dropped the call. This happened six times. Then the Doctor called again, it was clear someone else was listening because I could hear them breathing and moving about. This is a serious privacy violation of HIPPA, then while on the phone, I received an alert that someone was using my iCloud account from another device. While on the phone, I changed my password immediately. This has happened before.

Yesterday, however was the worse. I have experience this interference and privacy issue before and called my carrier ATT, they have done nothing to stop it. I am filing a report because I believe my identity is potentially at jeopardy. Private medical information was shared during the call, and I had no choice to discuss with the provider my current issues, because of COVID-19. However, again this is not the first time. I would like an investigation. I understand help is limited, however, I am disabled and I have been spoofed twice. In addition, to losing accessing to two of my credit cards and late charges being made because the scammer turned off my autopay. This was before COVID-19. I need help and I believe I know the person who is doing this. There was investigation with a man in a Gloucester, who had experienced similar if not identical experiences while also in a long lawsuit. As I am. It turned out that indeed, the opposing party had tapped into his phone and was monitoring all of his conversations. I have a restraining order and the attacker who tried to kill numerous times, admitted to deleting emails in my account. How he got into my account is because he is an IT Tech and does this kind of thing. He was monitoring his mother's computer remotely while living with me, for no reason. However, with me, there is good reason. Please contact me immediately. We need to start this investigation for the sake of myself and my daughter. I believe my computer is being monitored as well. There is much more information, but justice needs to happen here, and I can no longer be a victim of his illegal activity. In addition, I have a blog that has been hacked into numerous times. I was devastated in 2016, when my abuser posted over four hundred posts within an hour time that portrayed me as every horrible thing possible. I choose not share the names. I restated my blog, to show the 10,000 viewers at one time that I had been falsely portrayed and my reputation destroyed. I have had little success, because the damage has been done. Nonetheless, the hacking continues. I have evidence of multiple logins at one time. There were 100 logins at one time. I contacted support and they couldn't help, because it was over their heads, essentially. This mass destruction of violating FCC rules is across the board. Phone and computer and blog. Again, this hacker and abuser has posted things I did not write, to make me look crazy and foolish. Please help, with this investigation, which is destroying me and my innocent daughter. My daughter's safety is at risk with an individual like this running free, doing whatever he wants because no one can catch him. Fearless and lawless. I can only pray for Justice.

I have attached pictures of these multiple logins and I have much more to share and assist in this investigation. Each times this occurs, I take a screen shot and store it in a folder. The folder has the most files than other folder in my computer. Truly, this has gone on too long and I can not isolate myself in fear. I should be able to talk on the phone in privacy. I appreciate your time and assistance. Sincerely yours, (b) (6)

Ticket: # 3906977 - At&t over charging for international calls

Date: 3/31/2020 12:53:08 PM

City/State/Zip: Burton, Michigan 48509

Company Complaining About: AT&T

Description

At&t charged my phone account 24.00 for 2 international calls that never went through. On 3/3/2020 at 9:25am my mom made a call to my aunt from Austria which was never answered. I was charged 12.00 for 4 minutes. On 3/3/2020 at 9:26am the same call was placed again and was not answered. Again they charged me 12.00 for 4 minutes. On 1/31/2020 the same call was placed and I was charged 3.00 for 2 minutes.

At&t is price gouging due to covid-19 pandemic.

Ticket: # 3907034 - Altice/Suddenlink Availability Complaint

Date: 3/31/2020 1:12:01 PM

City/State/Zip: Batesville, Arkansas 72501

Company Complaining About: Sudden Link

Description

Altice/Suddenlink has turned off our internet access and we are having difficulty working with them to extend our minimum payment due date to April 9th when my wife is paid next.

My wife is currently working remotely from home for Arkansas DHS because of new COVID 19 Essential Personnel Policies. Our 12 y/o daughter is home bound because of COVID 19 school closures and needs access to her AMI materials online. Our two son's; who are both full-time students at Arkansas State University, have been forced to return home because of COVID 19 closures and need to complete their courses online. I do event management and currently have no active contracts because of COVID 19 cancellations; which has caused a significant financial impact on our income and family finances.

We are surprisingly unsuccessful in our attempts to work with Altice/Suddenlink, considering their recent agreement with your agency to not suspend access to customers effected by COVID 19, and hope that your office can guide and/or help our family with this situation.

We thank you and your team, in advance, for any help/guidance that you might provide.

Thank You,

Date: 3/31/2020 1:12:53 PM

City/State/Zip: Oceanside, California 92057

Company Complaining About: Cox

Description

Due to the coronavirus my wife and I have been instructed by our employers to work from home. The internet is an absolute necessity for us to continue working. Our internet has been down 4 days I'm getting the runaround from Cox. I need this to be escalated to emergency status. Our jobs are threatened if we cannot complete our work due to the internet being down. I've been told by Cox the issue is several servers are down I'm not a technician however they merely need to pigtail us onto a server that is working regardless of the slower speed. Additionally we have bundled service I am without a telephone other than cell. I have a heart condition and need a lifeline. Your prompt resolution to this Fiasco is greatly appreciated.

City/State/Zip: Paramus, New Jersey 07652

Company Complaining About: Healthcare Solutions

Description

This is a follow-up to your previous request (b) (6) "Unwanted phone calls"

Hi FCC People,

I don't know what you did, but I got a relief from those idiots at Healthcare Solutions for about a month. I received 2 calls on Mar. 10 and 1 on Mar. 11. No calls from then till Mar. 27. The calls have started again. I have received 2 calls Mar. 27, 1 call on Mar. 28, 2 calls on Mar. 30, and 2 calls so far today. The last caller had the misfortune of having to listen to my ranting at his company. TOO BAD!!! In this time of dealing with the pandemic, I really don't need any more stress. I just want to be left alone. Please make these people go away.

Thanks, (b) (6)

Ticket: # 3907145 - Service Expectations**Date:** 3/31/2020 1:48:34 PM**City/State/Zip:** Morgantown, Kentucky 42261**Company Complaining About:** AT&T

Description

Multiple issues. Att cannot repair their lines and keep them actively working. Most of the phone lines are hanging out of the boxes exposed to the elements which causes interference in the signal. They offer services they are not able to provide and argue that your are eligible for things such as tv and internet, but then when set them up to be installed, the engineers and technicians say those services are not only not available, they do not exist in that area. I have had my services disconnected multiple times due to these issue but always have to come back because there is no other phone service available. The county offers services, but Att will not release the rights for us to have service through through the county. It is a monopoly the Att is taking advantage of the people that live in this rural area because we have no other options. We are forced to pay long distance charges or to have long distance service, because the long distance grids have no been updated to show the new local numbers. We are a very rural town and all wireless comes out of Bowling Green Ky with is the closest town. We have to pay long distance to call these numbers which should be considered our local numbers. It is long distance for me to call myself on my cell. Lastly, after this last ordeal with ATT I disconnected my services but due to the lack of services I had no choice but to reinstate the service so that my children would have access to a phone while out of school. We still cannot get the internet which now due to the Covid 19 is required to be able to keep up with school work. Even after paying all charges to have the phone reinstated, it still has not been turned on. Att charges for services they cannot provide as well as charges for services that didnt take place

City/State/Zip: Fleming Island, Florida 32003

Company Complaining About: AT&T

Description

Let me start by saying BRAVO on the reliability of cell and internet service in the Jacksonville Florida area during our quarantine !

On Feb 22,2019 Nichole with and unknown company selling AT&T tv/internet plans in Fleming Island Florida sat at my kitchen table discussing AT&T TV/Internet services, I wrote down and txt messaged my wife with information presented to me on price and equipment (equipment fees as well). We scheduled install appointment for 2/26/19 Internet tech showed up on 26th, he had to run a new internet line , showed me on his device 500mps data speed (which is supposed to be 1000mps (what I am being charged for), then noticed my last name was spelt wrong on account (due to the sales lady Nichole who fed me all the wrong information). Internet Tech told me he could not fix my name nor could the AT&T staff on phone I would have to go to local store).Next we have the Tv tech showed up (no equipment in hand) I had to reschedule for following week because the equipment was out of stock). I didn't complain about the 100mps internet speed on my devices at this time because another internet tech had to bury the new AT&T line before I could get actual speed test numbers.

On 3/3 a different TV tech shows up unannounced to install TV equipment. AT&T had the incorrect information on equipment for tech to install. Tech calls his boss, corrects and installs proper equipment. On 3/31 in my email, arrives \$537.45 TV & Internet Bill. 2- \$49.00 equipment charges that I was not told would not be part of the free equipment (only allowed 4 boxes, which I was even over billed because I have 5 boxes total, obviously blatant theft there for no-one paying attention), also there is 3- \$7.00 per month charges on wireless TV boxes that the sales person stated over and over there was no monthly charge only a one time \$99.00 fee for processing (fee covered all wireless TV equipment), and we get to the final part of the ordeal, a reoccurring \$154.99 +tax per month bill. Sales person Nichole stated (which I texted to my wife at that time) \$133.00 + tax per month.. Internet speed is lucky to reach 200mps speed (paying for 1000mps), I'm paying \$21.00 + tax more per month than I agreed to (\$7.00 reoccurring per box (3) per month). I called AT&T 3/31 had a great conversation with (ARAH ?) in the Philippines, she could not fix any of my issues, but she was appalled that I was billed so much for fees that I did not agree to.

I have been an AT&T customer since 2002 maybe even 1999, and have communicated directly with the executive assistant to the VP of AT&T over billing issues in the past with my cell phone. I am once again not please with the fraudulent billing practices, and poor education of 3rd party AT&T sales agents.

I look forward to speaking with someone who will correct these fraudulent charges, and investigate these poor practices. By the way this has nothing to do with the COVID 19. just so happens I now have the time to get this issue resolved.

Thank you. (b) (6)

Ticket: # 3907320 - Lack of high speed internet

Date: 3/31/2020 2:37:49 PM

City/State/Zip: Elmira, Michigan 49730

Company Complaining About: AT&T

Description

Hello, with the current coronavirus concerns the lack of reliable high speed internet in my area to allow me to work from home has bubbled up some frustrations. Broadband maps show 25mbps service is available in my area. That could not be further from the truth. We can get 1.5mb DSL. Satellite companies will not install due to being overloaded. This has been years, builds have happened around my area, companies have taken government funding yet the service does not get better. We need a big NO BROADBAND AVAILABLE hole marked on the map so it gets attention, or any other method. Thank you.

Ticket: # 3907341 - Cox Communications Disconnecting During COVID-19**Date:** 3/31/2020 2:44:32 PM**City/State/Zip:** Henderson, Nevada 89014**Company Complaining About:** Cox

Description

I read that Cox had signed a pledge not to disconnect people during the pandemic, however I have been sent disconnection notices several times. I attempted to reach out to them and when I did, they disconnected the chat to avoid having to make accommodations. I'm focused on making sure my family has food to eat - I have to shop whenever I can because the stores are so unpredictable. We need internet for school and I can't be worried about being disconnected just so they can continue trying to charge more fees. Please investigate. I need service continued and I will make payments as I can (my bill is always higher than what it should be and they can't ever tell me why).

Ticket: # 3907357 - Being charged additional money

Date: 3/31/2020 2:49:57 PM

City/State/Zip: Phoenix, Arizona 85054

Company Complaining About: Cox

Description

I did a self installation by myself and the outlet was active per the apartment manager. The outlet was working due to previous tenant.

The modem was defective and the sent out a technician to swap.

I was told by Representative that no fee would be applied due to not my fault.

The Representative put me on a package to waive any fees if any.

My son is a witness to both the Representative and the technician saying no charges. I called in today to ask why my bill was \$216 and I have only been a customer since March 1st. My first bill was \$88 with a \$10 credit.

Past due since March 26th due to loss of job from COVID-19

IM SO TIRED OF COX OVERCHARHING ME AND CONSTANTLY MESSING UP BILL.

THEY DID THE SAME THING TO MY BUSINESS ACCOUNT.

Ticket: # 3907382 - Outage lasting near 2 weeks while work from home

Date: 3/31/2020 2:54:28 PM

City/State/Zip: Mesa, Arizona 85203

Company Complaining About: Cox

Description

I have Cox Gigablast internet and after series of incidents including having to threaten a fraud investigation over a sales rep adding items to my cart and a double charge system glitch that caused my overdraft fees. Now we are during a lockdown, pandemic, which has pushed my girlfriend and I to work at home. They have had an outage in my area for going on 2 weeks with no answers time frames or fixes. They have changed the story 4 times on the cause but are hurting my employment and I have to my work station off a phone hotspot. If they didn't have a high speed monopoly here I would find someone else. But this hits my ability to work and my hours have already been halved.

Ticket: # 3907400 - No Internet Access for Three Grand Children to Complete School Work Due to Pandemic/Covid-19

Date: 3/31/2020 2:59:27 PM

City/State/Zip: Arcadia, Florida 34266

Company Complaining About: T Mobile

Description

The consumer stated that she is retired and raising her three grandchildren. At the present time and due to the Covid 19 Pandemic, they are required to complete school work at home. Their family was issued ONE Chromebook, by the school because it is one per family. This requires constant access, to the internet so all three children can complete their school work. One grandchild is a Senior in high school and will be graduating at the end of the school year, the second grandchild is 15 years old, and the third is 13 years old. This means that they all receive a significant amount of work/instruction via the internet while school is closed.

The consumer stated that they can only subscribe to a speed, that is UP TO 4 Mbps. However, they get, maybe 1 Mbps. The consumer stated that after she had retired, she had attempted to telecommute from home as a paralegal to supplement her income and CenturyLink did respond several times. The consumer was told that this was not possible at her location due to the fact that they have old copper lines that are decaying and the service is limited as it is DSL service. She was told that the speed is not sufficient.

The school is closed, at the very minimum, until April. Therefore, the children cannot even pick up their school work, at this time.

Because the children have not been able to perform their school work at home, she contacted the County Commission and was advised to visit a local McDonalds and sit in her vehicle to use the Wi-Fi service or go to the local Library and use the services there. She stated that she cannot continue to sit in a hot car (They are in Florida), with three children to this. They have the one Chromebook and by the time that they all get their work completedyou are talking several hours8-10 hours or more! They have tried the Library but it is the same issue - long waits and difficult to get done with three children needing access! She wants the service for which she pays - unlimited 4Mbps so that her grandchildren can complete this year of school. CenturyLink has responded there are no plans to upgrade this area. She stated that Fiber stops just before their side of town and it has not been brought out to their location. CenturyLink told her to call the FCC!

She stated that years ago Comcast serviced this neighborhood but no longer do they do so.

She also stated that she has checked into Satellite internet service. However, is is extremely limited in bandwidth.

The consumer has a Hot Spot, from T-Mobile. However, data is capped and she has connection problems and service constantly drops. She was going to try to obtain an extender. However, the location closest to her is now closed and this is no longer possible.

She does not want these challenges/hurdles to prevent her grandchildren from competing their respective grades or her oldest grandchild to be prevented from graduating this year.

She stated that the techs and customer service reps have been very kind, professional, and very nice. This is not the problem. She simply needs more bandwidth so that they can attain higher speeds so the children can have access during this pandemic/the time that the school is closed.

The consumer asked if there is anything that T-Mobile can possibly do in order to provide access to her grandchildren for school purposes by providing the extender and waiving the datacaps ?

She asks that the FCC assist her because of the pledge taken by the telecom companies and the importance of keeping student/families connected during the pandemic.

She also asked that T-Mobile be contacted so that she can determine if they will assist her in obtaining access through the Hot Spot that she has in her possession. She also requested to know if an extender would assist her in doing so ...OR is the speed just too slow, on CenturyLink's system, to even run the extender?

Either way, she needs one of her service providers to step up and assist in getting her grandchildren connected for the purpose of completing their school work.

Ticket: # 3907644 - Phone Cancellation in time of Crises

Date: 3/31/2020 4:10:31 PM

City/State/Zip: Bridgeport, Connecticut 06610

Company Complaining About: Voiply

Description

I have hired Voiply as my landline phone company.

According to my contract, it was unlimited local and international calls.

But because of corona virus, I was stucked overseas trying desperately to get a flight back to U.S. for me, my pregnant wife, my 82 years old mother and my 4 years old son.

So, I used the phone trying to get a flight, and then, they canceled my line, saying they've paid around \$196.00 to other companies for me to use the line 86 hours in a day.

The day has 24 hours.

I asked them to send a transcript of calls, and time of each call, and the names of the phone companies they paid on my behalf.

I offer to pay that amount, to keep my line working.

After solving that issue, and my flight, they threatened to cancel my line again in 7 days.

So, I switched to other company, because they are a company we can not trust.

When we need them, they are not reliable.

I'm looking for to get a reimbursement and compensation for the time and the hard time, my my family safety.

So, in time of crises,

Ticket: # 3907675 - Physical Store Visit Request Despite Covid-19 Isolation Orders

Date: 3/31/2020 4:21:32 PM

City/State/Zip: Far Rockaway, New York 11691

Company Complaining About: Charter

Description

I am the current Charter Communications, Inc. customer located in New York. I would like to bring to your attention recent advice of "Spectrum" employees. Supervisor "Joaquin" Badge ID 4142372 and another employee Cherish, having partial badge number 2967.

Today, I attempted to replace service from old account (Acct # (b) (6)) to new account (Acct # (b) (6)), while keeping the same equipment (Modem TWC Model DVW32CB). The representatives (both) advised that I must surrender my current modem by physically going to the store, and obtain the replacement with a new modem.

I objected to the proposal above stating that due to current isolation orders in New York (both State and City) it is dangerous and unreasonable risk. Technologically, the company can provide for switch without requiring my physical travel to your office for equipment surrender and exchange. Representatives stated that they must stick to the policy even though the policy contradicts current isolation orders.

Ticket: # 3907729 - Only one ISP available, awful speeds.

Date: 3/31/2020 4:35:41 PM

City/State/Zip: Ocala, Florida 34482

Company Complaining About: Centurylink

Description

For at least the last 3 years, and for sure more than that there has been only one wired internet service provider in my area. Despite there being a government fund to expand broadband services to rural area, there has been 0 improvement. Three streets down, there is availability from multiple providers, none of them are willing to do anything to expand into my area. As of right now I'm paying \$50/month with CenturyLink for a DSL line that provides 8Mbps down, and 0.7Mbps up. Based on FCC numbers this is under what is considered "broadband" but CenturyLink sure wants to sell it to me as if it was. This speed for a family of 4 is abysmal. I am unable to work from home, and now with COVID-19 keeping my children home, they are unable to do video classes with their teachers. My children are losing opportunity because of this incompetence and I am unable to find suitable from-home work during this time because of my inability to access quality internet.

City/State/Zip: Panama City, Florida 32409

Company Complaining About: AT&T

Description

We own a rental house at (b) (6). When we lived there, we had AT&T DSL services as that is the only provider that covers that area. Our last renters had to file a complaint with the FCC because AT&T continually told them they did not have any available service for that area which was completely false. Once our last renters filed a complaint with FCC, AT&T promptly called them and set up AT&T service. We now have new renters (3 military service members) that must have internet for work and school purposes and they are also being told the same thing by AT&T, that they can't provide them service. This is a disgrace by their company. With this pandemic going on and these service members having to deploy, internet is of the utmost importance to them. As the owners of the home, we would like to have AT&T DSL set up in our names again so that we can keep these services for as long as we own the home, so that our military renters don't have to deal with this. Please have somebody contact me ASAP. (b) (6)

Ticket: # 3907962 - AT&T promised no throttling of internet speeds, still is doing so

Date: 3/31/2020 6:07:18 PM

City/State/Zip: Arecibo, Puerto Rico 00613

Company Complaining About: AT&T

Description

AT&T Puerto Rico promised it would not throttle internet speeds after exceeding data caps. I personally spoke to their representatives and they assured me they wouldn't because of the Covid-19 pandemic so we could work from home and still generate an income for our families (I have evidence of this conversation) They still did and now I have no way of making an income for my family during this time of quarantine, since their reduced speeds are unusable for the data I need to transfer from and to work. They promised they would call me and never have. Not only that, but now they are not answering my requests for assistance anymore. During this difficult time, the least a company I pay over \$300 a month for service is extend me the courtesy of having access to what is now considered a basic human right. All we need is for them to lift the throttle of internet speeds at least during this emergency.

Ticket: # 3907967 - Local Channels

Date: 3/31/2020 6:07:45 PM

City/State/Zip: Spring Creek, Nevada 89815

Company Complaining About: Dish Network

Description

I am writing because I'm upset That I can't view news for my state on Dish Network. Dish says I have to have Salt Lake City as my local channels. They said the FCC controls this. I would like to see and hear what my state governor has to say. I want so see and hear about Nevada laws that change. I want to hear about how my state is handling covid 19. I feel Elko County Nevada has the right to have local channels that come from within our state. Please let Dish and Direct tv give us NV local channels so we can be informed by television of what's going on in our state.

Thank you.

Ticket: # 3907981 - No cc or interpreter on social media only airs for news

Date: 3/31/2020 6:14:15 PM

City/State/Zip: Redding, California 96003

Description

Social media is the primary source of news regarding COVID-19 as tv is not interested in interrupting regular programming. Most notably on facebook is where news is streaming updates with COVID-19 but it is not accessible without cc or asl interpreter

Company Complaining About: None Given, Not Applicable

Description

Many texts, each from a different number, that call me by the same, incorrect name, and say varying things like auto insurance offers, free netflix subscription, and so forth. Find out who it is, and why it's happening, and go from there.

Ticket: # 3908039 - Network Television Affiliates Censorship.

Date: 3/31/2020 6:47:40 PM

City/State/Zip: Anacortes, Washington 98221

Company Complaining About: Comcast

Description

I would like to file a consumer complaint against these 3 Network Television Affiliates in the Seattle, WA broadcasting area.

These 3 local affiliates are not showing the Presidents Coronavirus Task Force Updates. If there has not been a Coronavirus, National Emergency Declaration by President Trump, then I would like the FCC to confirm that, otherwise I would like to know why these 3 stations continue to have the 'privilege' of an FCC licence to broadcast on the United States public airways, because they are NOT carrying any of the information needed by the public during these important updates.

Ticket: # 3908073 - Rate increases & Interruption of service

Date: 3/31/2020 7:12:20 PM

City/State/Zip: Van Nuys, California 91406

Company Complaining About: Spectrum

Description

Spectrum increased my monthly rate from \$49.99 to \$59.99 WITHOUT making ANY changes to the services or speeds to my internet. My internet speed is HALF of what Spectrum's lowest speed offer is (account from Time Warner), and as of late my internet has been choppy, slow and there have been constant/daily interruptions. I've had a difficult time reaching customer service for days, and after finally reaching them I was told my bill was increased to be in accordance with Spectrum's pricing. If my internet service is NOT in accordance with Spectrum's lowest offered speed (slower by 50%), why should my bill be? Spectrum is taking cruel advantage of the pandemic to price gouge and their customer service reps are giving robotic answers without any attempts to understand or work with their customers just to end the call.

I would like my price to remain as it was.

Ticket: # 3908109 - Unwanted call

City/State/Zip: Shelby, North Carolina 28152

Company Complaining About: Metropcs

Description

Metro by T-Mobile (the only carrier doing this) is requiring customers validate an SMS message on their phone to swap devices. I get it is for security, but this is an emergency. I am on the front lines of Covid-19, as a retail worker for Walmart. I need to have my phone working, because I'm a parent. They refuse to help me, even though I can validate my name, account security pin, etc. This is extremely irresponsible, especially while we are going through a national medical crisis. Most normal carriers would have already helped me after validating said information above. I was told to go to my local store. Problem is any store within a reasonable driving distance is closed. This is wrong and it is dangerous. They refuse to give me my account number to switch to another carrier. My phone number is extremely vital. I have tried to reason with them and they refuse. This is wrong.

Ticket: # 3908204 - Refusal of service

Date: 3/31/2020 9:16:44 PM

City/State/Zip: Newport, Tennessee 37821

Company Complaining About: Newport Utilities

Description

I am being refused service due to COVID-19. I can only set services such as internet, television, and telephone services from one provider. I want to as head to the safety measures but how can I if I'm not informed. Please help!

Ticket: # 3908206 - Intermittent Packet Loss and 500ms ping spikes / jitter

Date: 3/31/2020 9:19:07 PM

City/State/Zip: Chandler, Arizona 85226

Company Complaining About: Cox

Description

Insanely high ping spikes to the CMTS and the entire cox network. Spikes as high as 500ms during 6-11pm. Intermittent packet loss and slow upload speeds. Voip, and the ability to work from home is impossible at the moment. My area has needed a node split for over a year, the Covid-19 outbreak has only highlighted the severe need for it.

Ticket: # 3908216 - I am REQUIRED to work from home but can't function w/ these speeds

Date: 3/31/2020 9:33:54 PM

City/State/Zip: Spotsylvania, Virginia 22551

Company Complaining About: Viasat

Description

I very CLEARLY discussed in depth with Viasat my reasoning for needing Internet so i could retain my job b/c i need to work from home. Base on my location i am very limited in providers i can access, and Viasat was the only one offering the speeds my job REQUIRES for me to operate appropriately. That being said i am ONLY about 10 days into service and NOT ONLY did my service drop from averaging about 16mbps download speeds to now, as of this morning running 0.9 not even 1mbps, i understand "up to 25" but there was no expectation set that despite being deprioritized After hitting 100 GB of what is SUPPOSED to be unlimited data.... am now being "prioritized behind other customers possibly"... this is absolutely unacceptable. I realize we are going thru COVID-19 but that is why it is CRITICAL to me being able to work so my FAMILY IS NOT HOMELESS after all of this is said and done. Not to mention i am paying \$150/mo to get get this "highspeed" internet as it was described.

Ticket: # 3908272 - CNN Not Airing White House CoronaVirus Briefings

Date: 3/31/2020 10:33:31 PM

Description

Cox Communication has disconnected my service due to non payment and I have read that they had pledged not to disconnect service during the Coronavirus Pandemic for 60 days.

Ticket: # 3908336 - Coronavirus - Cox cable surcharge for regional sports fees

Date: 4/1/2020 12:46:41 AM

City/State/Zip: Newport Coast, California 92657

Company Complaining About: Cox

Description

Dear FCC,

I would like to file a complaint against my cable company (Cox) because they are continuing to charge me and millions of subscribers a surcharge known as regional sports fee despite the cancelation of all sporting events due to Coronavirus. The surcharge should not be charged because all sporting events have been canceled due to coronavirus. The company is refusing to stop charging me despite the cancelation of all sporting events and it makes no sense that consumers should be paying to subsidize the increasing costs of obtaining content from regional sports networks that do not have any sports due to Coronavirus.

Why should I pay athletes who are not playing? Why should I pay sports networks that are not broadcasting any sports?

It's both a violation of contract and an unethical business practice. Any cable provider that charges this fee should be required to remove it because there are no sports being offered. I urge the FCC to take administrative action to stop this.

Thank You,

Ticket: # 3908349 - xfinity low speed and unwillingness to help

Date: 4/1/2020 1:10:33 AM

City/State/Zip: Fresno, California 93723

Company Complaining About: Comcast

Description

I contacted xfinity customer support about low speeds. I followed the steps to troubleshoot equipment. speed did not improved. told me that because of coronavirus they can not send a tech out. I agreed and asked to be upgraded on the speed for the month of April free of charged. They refused and told me that they could upgrade me and that my speed will improve but that I will be charged.

Ticket: # 3908382 - After filing complaint

Date: 4/1/2020 2:35:55 AM

City/State/Zip: Las Vegas, Nevada 89148

Company Complaining About: AT&T

Description

I filed a complaint about my AT&T service. Now that the coronavirus has shut down the stores and they shut off my online prepaid access, and because my esim was one time activation that has been deactivated, the office of the president is being extremely unhelpful. I also cannot get a refund for my \$105 of prepaid service. Their exact words are "we could but we can't authenticate your account" - dealing with the same exact person that told me my pin was the last four of my number which is incorrect. I need help getting my refund for the poor service they claim is at 100%

Ticket: # 3908400 - Billing Fees

Date: 4/1/2020 4:57:40 AM

City/State/Zip: West Chicago, Illinois 60185

Company Complaining About: 53 Bank

Description

I am currently being fined for a negative bank balance, that my bank keeps acquiring more fees to. Originally I was negative around \$100 in which I was planning on resolving, but late fees acquire after the first day of a negative balance which was more than my negative balance was. Now the bank is adding negative late fees because I cannot resolve it since they added more fees. I feel the bank is not being understanding in any way especially in the wake of covid-19, I am currently out of work and now this balance is just adding up with 53 bank acting as if they can't help. I feel they are taking from poor people who barely have anything to give in the first place. I also believe the company keeps adding fees because of the stimulus package going into effect, they are taking away from bill payments, food, lights cable etc... I know banks get bailed out, why are they not helping one of there customers ?

Ticket: # 3908424 - Emergency Alert abuse

Date: 4/1/2020 7:35:07 AM

City/State/Zip: Rockford, Illinois 61103

Description

Yesterday afternoon, around 4 PM CDT, I received an emergency alert to my cell (others in the Rockford, IL area did as well) regarding Illinois needing additional licensed healthcare workers for the COVID crisis.

NOT what that service is intended for.

This is just after having received an alert Saturday night about a tornado warning, which IS the proper usage.

While COVID is serious... use of the alert system for that announcement was inappropriate.

Ticket: # 3908430 - Altice/Suddenlink

City/State/Zip: Cross Lanes, West Virginia 25313

Company Complaining About: Sudden Link

Description

This company said they wouldn't disconnect anyone during the civic-19 pandemic but yet I was disconnected and when I went to pay my bill also went up \$20. This company needs shut down, they are criminals of the worst kind.

Ticket: # 3908448 - Metro PCS Availability Complaint

Date: 4/1/2020 8:24:09 AM

Company Complaining About: Metropcs

Description

I was informed that no companys are allowed to turn consumers phone connections off. Well unfortunately my phone was turned off on March 30,2020 even though I made an agreement to pay the other have of the bill on April 28, 2020. I was forced to pay the remaining of the bill immediately because my services was shut off.

I am no longer working because of the COVID-19 Virus and they are well aware of my situation.

Therefore I forced to use income that was for food at that time.

This was so troubling to me as I have to ration out the little money

I have left.

I hope you get this email to prevent this from happening to anyone else.

Thank You,

(b) (6)

Ticket: # 3908459 - Spectrum mobile is turning off my service even though I told them I am having hard times due to the covid-19 crisis we are

Date: 4/1/2020 8:34:09 AM

City/State/Zip: Smithfield, North Carolina 27577

Company Complaining About: Spectrum

Description

My mobile provider has said they will turn off my service 4/2/2020 even though I told them I can't pay right now because I don't have the money. I am struggling trying to provide for my family during this covid-19 outbreak and I feel they should be sympathetic to all clients who are having a hard time.

Ticket: # 3908466 - spreading false information about the pandemic

City/State/Zip: Walkerton, Indiana 46574

Description

Fox news has helped spread the virus by spreading untruths and not following what the CDC and Doctors have been telling us. They should lose their licence for aiding in the spread of this deadly virus. They are directly responsible for part of the deaths due to lying in their broadcasts.

Ticket: # 3908487 - Suddenlink

Date: 4/1/2020 8:56:47 AM

City/State/Zip: Buckhannon, West Virginia 26201

Company Complaining About: Sudden Link

Description

Suddenlink promised not to shut off services due to nonpayment during the pandemic. I paid half my bill 2 weeks ago and my services were shut off today literally over \$41.. I called the company and was very sarcastically told that their pledge did not pertain to me and my children.

Ticket: # 3908511 - Spectrum Cancellation of Internet

Date: 4/1/2020 9:15:56 AM

City/State/Zip: Myrtle Beach, South Carolina 29577

Company Complaining About: Spectrum

Description

The billing cycle from March 14-April 13, 2020. The service was canceled on March 27, 2020, due to COVID-19. The modem was returned to the Spectrum Store (in Myrtle Beach) on the 27th. Spectrum sent a bill for March 4-April 13th. Not Pro-Rated. I am requesting a refund of the entire amount or a Pro-Rated portion.

Ticket: # 3908523 - Poor connection/speed form sole provider for sub-division

Date: 4/1/2020 9:27:07 AM

City/State/Zip: Micanopy, Florida 32667

Company Complaining About: AT&T

Description

My wife could be working form home due to the Corona Virus (like all her co-workers) but our internet connection/speed is too poor. Our internet connection is via "Hot Spot" from AT&T, the only provider available for our sub-division. We pay twice as much as our neighbor who has DSL (which is not available to us because AT&T is phasing it out) and have about the same quality of connection/speed. We have talked to AT&T multiple times and their only solution is to upgrade our plan with a proposed cost of \$1,200.00 per month (yes, \$1,200 per month). AT&T informed us they have no plans to upgrade the service in our sub-division because there are not enough homes to make it cost effective.

Ticket: # 3908551 - Service Disconnect during COVID-19

Date: 4/1/2020 9:49:22 AM

City/State/Zip: Orlando, Florida 32807

Company Complaining About: Metropcs

Description

Metro by T-mobile cut phone service due to non payment and offer little to no help for their customers who had been without work or laid off due to COVID19 pandemic. They should be fined for each act of disconnection starting March 20th, 2020 to the end of the mandated shelter at home. They should not have disconnected phones at all and they should have worked with customers requesting an extension for payments.

Ticket: # 3908651 - Breach of contract, possible covid upcharge to the community

Date: 4/1/2020 10:42:34 AM

City/State/Zip: Mineral, Virginia 23117

Company Complaining About: Lake Anna Security Systems Tony Barrett

Description

I entered into a 1 year contract with lake anna security systems for endless internet on 11/25/19 at \$130 a month.

Representative I have only ever had communication with is Tony Barrett

Internet was a blessing in this rural area.

Fast forward to the week of March 16th. I noticed internet was not working. I contact Tony on 3/21 who responds that the provider can no longer keep its terms of unlimited internet due to the all the ppl at home during this time. They can only offer 25g at half the cost..do I accept? I was not happy i am in a contract i asked questions and was not given answers..only do I accept? I wait 2 days to respond. On 3/23 I responded I would accept the 25g on a temporary basis please go ahead with refreshing but please allow me 30 days to see if I want to continue the contract. 3/24 tony responds with since u did not respond I have terminated your contract (see emails) I replied I called and left voice mails I texted him saying there was a mistake I did reach out to him to accept the 25g temporarily. He would not respond. On 3/25 I attempted email phone calls and texts yet again without a response. I located the business fb page and sent a message..he read the message and promptly blocked me. I sent another text message stating I knew he saw the messages how could he refuse to acknowledge me. The only reply I got was I was not a customer any longer look for sevice elsewhere. He also sent a follow up email stating the same thing. I went to the local community on fb to ask if anyone else was experiencing this...some were..he did the same to others but did offer them a no contract option. He did not offer that to me...he later came back out to the same customer and offered unlimited at a higher cost..see attached images for reference. I and other customers are in a contract how can he break his commitment to us? How can he not respond to customer concerns? How can he upcharge during covid to others? I would like my contract fulfilled with the option to renew when the time comes due to the limited businesses that offer internet in this area. Or I would like restitution for the months he cancelled without authorization or probable cause. I tried to attach all files but was unable too. I have emails, snap shots of text fb messengers, emails, etc...

Description

This male person called my phone claiming to be my grandson. I don't have any grandson. asking for money due to coronavirus.

Ticket: # 3908663 - Cox Billing Complaint

Date: 4/1/2020 10:48:33 AM

Company Complaining About: Cox

Description

I am contacting you to ask for assistance in dealing with an issue involving my cable company (Cox Cable in California) and coronavirus related billing issues. The cable provider charges a surcharge to subscribers, known as a sports regional surcharge, which it uses to pay sports networks and athletes for content rights. However sporting events have all been canceled due to coronavirus and I asked the cable company to stop billing me for this line item surcharge. However, they refused and want to continue charging me and millions of others for sports content that isn't airing and I feel it is both unethical and violates contract with millions of subscribers who could use the extra money in these hard times. It simply doesn't make sense to pay a surcharge to athletes and networks that have no sports airing.

Is there anything you can do to please assist me? I would appreciate any recommendations.

Perhaps, you can send a memorandum to ask all cable providers to stop applying this surcharge. I feel it's common practice and they shouldn't be charging people for content that isn't showing due to coronavirus.

I appreciate your help in assisting me through these tough times.

Thank You,

(b) (6)

Ticket: # 3908703 - Faulty Internet Service for 10 Plus Years**Date:** 4/1/2020 11:06:40 AM**City/State/Zip:** Sayre, Pennsylvania 18840**Company Complaining About:** Frontier Communications

Description

Long term Frontier Customer. Low/no internet service despite many years of paying bill. Neighbors all suffer the same complaint. Frontier techs acknowledge the service was oversold by company but their hands are tied. Additional poles/service boxes need to be installed. Frontier claims it is due to high use. 10 years! Right now it is in extreme high use due to COVID19. It has been 10 plus years of begging for help from Frontier. They are our only option on this road due to geographical conditions so they have a monopoly with their service. They claim premium upgrade will improve it. Paid the premium for several years and many neighbors paying it now. No change at all!

City/State/Zip: Charleston, West Virginia 25304

Company Complaining About: Sudden Link

Description

She is calling about Sudden Link.

She only has Internet only.

Her service went out 03/31/2020.

She called Sudden Link, because her service went out.

She called around 1:45 pm, and she was on the phone on hold for 1 1/2 hours.

Sudden Link told her someone removed the modem off her account.

The modem that she has she gave the number from on back of modem, and it did not come up in their system.

Sudden Link explain to them that they would need to send a technician out for a service call.

She explains to Sudden Link that her husband works from home and he needs this service, he is required to work from home because of the COVID-19.

Since husband cannot work from home, now he lost 1/2-day Vacation Day of work.

Sudden Link said, will be there 04/02/2020.

She would like credit for the inconvenience.

Ticket: # 3908895 - Slow Internet Speeds

Date: 4/1/2020 12:18:05 PM

City/State/Zip: Edinboro, Pennsylvania 16412

Company Complaining About: Verizon

Description

The consumer is not receiving the speeds to which he subscribes. His service provider is Verizon. He has DSL service.

A tech responded to his area, after he had called Verizon. He responded because he was advised that the consumer was experiencing problems with his phone service. The consumer advised the tech that he was actually experiencing issues with his internet speeds. At this immediate time, there is nothing that can be done to increase his speed. He stated that he would be happy with 1Mbps - at least he could access the internet!

The consumer stated that he subscribes to 1 - 3 Mbps speed. He stated that there must be something that Verizon could do to alleviate the congestion.

He stated that when he performed speed tests, over the past 2 weeks. He shows that he is receiving less than the 1 Mbps.... which is the lower end of the speeds to which he subscribes. He stated that the average speed is about .50 Mbps (He has received .30 Mbps, .60 Mbps, .50 Mbps...)

He stated that he is not able to get on the internet or use the service unless it is 2:00 am (in the morning). He stated that at this time, you can sometimes obtain 3Mbps.

He understands that many children are now out of school due to the Pandemic/Covid-19. However, he noticed issues in the evening when most people are home, prior to the Pandemic.

The consumer requested that Verizon provide additional bandwidth to supplement what they already have in place so that they can in fact obtain up to 3Mbps

Ticket: # 3909035 - Comcast / Xfinity Internet and Wifi Down

Date: 4/1/2020 1:06:21 PM

City/State/Zip: Stuart, Florida 34997

Company Complaining About: Comcast

Description

our entire neighborhood has been without phone, wifi or tv for over 5 hours. Comcast recognizes there is an issue and keeps pushing back restoration. There are no Comcast personnel on-site to fix the situation. They use the excuse of the virus. We are all trying to work from home due to the coronavirus but cannot because we have no internet/ phone. This is dangerous. They need to be forced to fix these things quickly - especially during these times.

City/State/Zip: Kingwood, Texas 77345

Company Complaining About: Sudden Link

Description

My bill was messed up at suddenlink since I removed my TV services. I called several times to try and sort it out and have had no response from billing. They have been overcharging me and then told me my bill was messed up since April 2019 and want me to pay for services from that time. I paid only because I had to because I have kids who are in online school and we really need internet during the Coronavirus crisis.

Ticket: # 3909102 - Solicitor promoting COVID 19 protection

City/State/Zip: Tempe, Arizona 85284

Description

Received a phone call promoting COVID 19 protection by using their products

Ticket: # 3909106 - Comcast requiring 60 days notice after business closed

Date: 4/1/2020 1:26:34 PM

City/State/Zip: Northbrook, Illinois 60062

Company Complaining About: Comcast

Description

I owned a small medical practice which I recently had to close in part due to COVID 19. I notified Comcast 3/30/20 and was informed I would be required to pay 60 more days of phone and internet even though I am not using their services and no longer have a business. This is \$800 I don't have to give. Please advise.

Ticket: # 3909168 - Internet Unusable**Date:** 4/1/2020 1:52:04 PM**City/State/Zip:** Tavares, Florida 32778**Company Complaining About:** Opticaltel

Description

We are filing this complaint to Inform the FCC about Opticaltel. Since Opticaltel bought FL Cable our Internet has been unusable for about 1 yr and a half or longer. We are paying for a service that is literally non-existent. We are paying around \$78 dollars for a 9 Mbps. The internet barely works at all times, it is intermittent as in completely down many times per day and then back up with speeds of 1 to 2 Mbps or less. We are living in medieval times with this Company. We have called them many times and they don't care and will do and have done nothing about it. I have asked for the highest contact available and after much working at it was told the only one we could talk to was We have been told there are over 133 people on a node that is supposed to have 30 maximum. Opticaltel is running a criminal illegal enterprise taking money from everyone with this 9 Mbps plan and providing practically zero services. I am in shock at how they have gotten away with this for so long. there has to be laws to enforce upon them to at least come close to providing usable internet. We are inquiring about what laws and actions can be taken to force them to provide the service they are charging for. They are not honoring any contract. They can not be allowed to charge for a service that they are not providing. All customers that have faced this for the last 1 and a half yrs or more are due credit for all down and unusable service time. Please let us know what the FCC can do to assist us to resolve this matter and get us usable internet to be able and conduct all personal and business-related matters. Without internet, we are cut off from the world costing all of us our time and money and causing a dangerous situation. Their service has nothing to do with COVID-19 this has been a permanent problem.

Please contact me with any questions.

We appreciate your hard work and time.

Sincerely.

Ticket: # 3909194 - Covid-19 misinformation

City/State/Zip: Norfolk, Massachusetts 01906

Company Complaining About: Comcast

Description

The consumer is getting harassed by Comcast for hundreds of dollars.

The consumer is calling on behalf of her husband (b) (6)

She's his care giver at the moment.

The consumer stated they called the consumer stating they are going to shut off their services.

The consumer was contacted by Comcast saying they had to pay \$150 or their services would get shut off so they paid.

Now this week they are contacting them to pay \$230 or they will shut it off.

The consumer should not be paying so much money every week to get her services shut off, especially right now with having sick people at home.

The consumer wants them to stop treating them badly, stop lying about their plans, stop texting and emailing him, and not shut off her services because of the pandemic.

Ticket: # 3909421 - Issue with TPx

Date: 4/1/2020 3:27:08 PM

City/State/Zip: Diamond Bar, California 91765

Company Complaining About: Tpx (frmr. Telepacific)

Description

We are a small business attempting to leave TPx due to better rates elsewhere. We initiated the process of changing providers last year, but TPx has delayed us from making the change deliberately or through their own faulty system. The Customer Service Record (CSR) that they provided to us was incorrect and when I asked them to update it since they are required to keep a correct record, they insisted that we find the corrections and submit to them. They ignored questions and requests during our good faith attempts to correct their faulty CSR and have delayed by passing us to different employees who also did not respond. Now they are further delaying the process and stating that since we are a departing customer they cannot help. This is problematic because the only thing delaying our move is their company's issues in the first place. Our costs of maintaining three providers, instead of one, are further damaging us during the COVID-19 crisis. Can you help?

Ticket: # 3909454 - Trying to obtain internet service for my son through the "connect to compete" program and Cox communication in Topeka, KS

Date: 4/1/2020 3:42:24 PM

City/State/Zip: Topeka, Kansas 66607

Company Complaining About: Cox

Description

A few years ago I tried to get internet service thru "connect to compete" and Cox communication in Topeka, KS. While making installation appt, I repeated many times that I wanted the \$10 connect to compete deal. When I hadn't received a bill, I called in expecting to make a \$20 pymt for almost 2 months of service. Instead I was told my bill was \$200+! Obviously they had not put me on the \$10 deal. So I called hoping to fix the problem. I would explain my issue and then id babe transferred to another rep. I repeated this over and over. Some of the reps would say they understood the problem but couldnt fix it. Then theyd transfer me again. I called repeatedly in hopes I'd be transferred to someone who could help. One day I spent over 2 1/2 hours on the phone, all to no avail. A couple of weeks later, my service was ended and my final bill was well over \$350, probably sent to collections, though I'm not sure. However now with the coronavirus, my son's school has been closed for the remainder of the year. They are now doing assignments via the internet. For now I have been using my "hotspot" on my phone to access this, but I do not have unlimited hotspot time. I dread my next phone bill, I can only hope I won't lose that service. I dont know how I can get internet service with this wrongful debt hanging over my head. Please help so my son doesn't fall behind. He's an excellent student and I'm sure having the service could help him, but in current times it is absolutely necessary.

Ticket: # 3909475 - Fixed wireless internet

Date: 4/1/2020 3:49:06 PM

City/State/Zip: Huron, Tennessee 38345

Company Complaining About: AT&T

Description

I have service through att as well as directv. I have contacted them via telephone and chat about getting internet. They tell me my address is not eligible for internet at this time yet I'm still paying for services I cannot receive on directv then. It is not working like it should since I can not get internet... i need them to provide fixed wireless or run fiber bc this is 2020 and my children have school work to do online due to this pandemic. It's a shame that att, as big as they are claims they can not provide my address with simple fixed wireless internet or fiber considering how much I pay for cable with it not even being able to work to its fullest potential WITHOUT the internet I can not get...

Ticket: # 3909591 - TMobile - Practices

Date: 4/1/2020 4:20:35 PM

City/State/Zip: Morristown, New Jersey 07960

Company Complaining About: T Mobile

Description

I was a long-standing customer of TMobile since 2011. In October, 2019 I ran into financial difficulty and had trouble paying my cell phone bill. The equipment had been paid in full prior to September, 2019; but they refused to release/unlock my equipment and numbers. They have since sent my account to a collection agency. I have made arrangements to pay the balance by April 29, 2020; however, they have reported it to the credit bureaus. I asked if it can be deleted after it is paid in full and their response was that TMobile cannot do that because of Federal Regulations....which I'm not inclined to believe at this time. So in the middle of a global health pandemic and our US economy teetering and I, one of millions, who has been without income for two months now is struggling to pay my bills. I am not asking for the bill to be paid; what I am asking for is that when the balance is paid that it deleted from credit report and not stay there for 7 years. TMobile should not be this arrogant in this economic climate - it's extremely unfair to all consumers to ding their credit for 7 years when the balance is paid and I do not believe "the government" is to blame for this decision. Can anything be done to help me address my concern?

While they are headquartered in Bellvue, WA (425) 378-4000 - they are not answering their phones and direct you to the Customer Service Number for current retail customer accounts.....this is not the way to conduct business. There is no way to speak with a corporate representative to escalate my concern and request.

Thanks,

████████████████████

Ticket: # 3909885 - Interrupted my service

Date: 4/1/2020 7:13:24 PM

City/State/Zip: Miami, Florida 33161

Company Complaining About: Comcast

Description

I explained to Comcast that I had paid half of my bill and that I might be a little late for the other half of the past due balance. They explained to me that I didn't have to pay and that my service is guaranteed not to be interrupted due to the virus pandemic. I went and did a payment arrangement anyways. The following day my cable service got interrupted. I called them just for them to tell me my service was interrupted for nonpayment. I explained to them that i called them several times and that they guaranteed my service would not be interrupted and the supervisor said that he sorry the agents gave them misleading information, but i need to make a payment. I explained that I requested an extension and he explained to me that was denied due to the fact that I requested it after my service was supposed to interrupted and I told him that I called days ago and he said it was processed on the 30th. I want some credit on my account due to the misinformation and for them leading me wrong and having to have my kids endure the stress. I could have paid the next day but i decided to buy cleaning and disinfectant products for the virus.

Ticket: # 3909886 - Issue with AT&T prepaid

Date: 4/1/2020 7:14:24 PM

City/State/Zip: River Rouge, Michigan 48218

Company Complaining About: AT&T

Description

Hello, I have a issue with AT&T prepaid and I am currently unable to get any response from customer service. The issue I have is the current plan I was on which is their \$35 plan was still active till April 11th. AT&T started offering a promotional plan of \$15 for current customers as a way to offer relief from COVID-19. I wanted to make a change to that plan to go in effect for the next billing cycle which begins April 12th. Yesterday March 31st I received a text from AT&T stating payment for that plan change was due. As a result my service was suspended when the current plan was still active for another 11 days. I attempted to contact customer service on social media as I am not able to call them and received no response at all from them. I would like my service to be restored for the remainder of the 11 days on the current plan and have a credit issued for my inconvenience. My account is prepaid so to my knowledge there is no account number associated with it. My wireless number is (b) (6)

Ticket: # 3909944 - Suddenlink communications

Date: 4/1/2020 7:52:01 PM

City/State/Zip: Bossier City, Louisiana 71112

Company Complaining About: Sudden Link

Description

I moved into (b) (6) on January 1, 2020. I attempted to transfer my service and was told no pedestal was installed that enables connection. I scheduled several connections with the promise I would have service, the last one being March 23, 2020. The tech informed us the pedestal was not tied in to a power source. Satellite internet will not support our security system and all that I do for work. I am an essential employee for healthcare providers. I coordinate clinics with suppliers and send them federal, state and local information concerning COVID-19. My place of employment is Access2day Health located in Bossier, LA. We have clinics throughout Louisiana, Alabama, and Mississippi. Before the pandemic we were contracting to expand to other states. My work is very important especially during these times. Internet service is an absolute must for my work and the services I provide in the healthcare industry. I implore you to reach out to Suddenlink Communications to provide an essential service to my residence. I have set up another service installment for April 6, 2020. I can NOT assist our clinics with vital information if this service is not available. T

Ticket: # 3909951 - Change local channels

Date: 4/1/2020 7:59:50 PM

City/State/Zip: Spring Creek, Nevada 89815

Company Complaining About: AT&T

Description

I live in Nevada and want to get Nevada news on Covid-19. I currently only get Salt Lake City, Utah channels. I would like to change that.

Ticket: # 3909975 - Bad packetloss and ping spikes**Date:** 4/1/2020 8:23:43 PM**City/State/Zip:** Aliso Viejo, California 92656**Company Complaining About:** Cox

Description

For almost 3 months now I have experienced packet loss and ping spikes making this internet service unusable. I had residential service and I called many times, had techs out who said they didn't see anything with my house. They replaced my tap, my drop, the lines in my house, all the connectors in my house and the issue persisted. A tech supervisor came to my house and said that he saw an issue upstream and put my house on a ping plotter test. After a while, I got an email stating that they found an oversaturation problem and there was no ETA on the fix as it could take months. He also said I would be getting 2 free months of service. However, I did not see any credits appear on my bill. I attempted to call and email the supervisor multiple times about further updates and about the credit not appearing on my bill, all my attempts were not returned.

My service started to get unusable around 3/1/2020 during the beginning of the COVID-19 issues. My packetloss got astronomical (around 5-40% loss at any given time), my ping spikes were worse and my connection would not allow me to stream, game, or do work from home. My I was not able to join Zoom/Skype sessions or use my VOIP phone as no one could understand me due to all the packet loss.

I switched over to Cox Business to get some better support. After calling multiple times and opening multiple tickets, I was finally told that my node was scheduled to be split in July and that there was nothing else they could do. I am filing this complaint to get my node split expedited as I am sure the users in my neighborhood would like to be able to get work done and entertain themselves and I'm sure if they knew the problem would be solved in 4 months that they would not want to wait that long.

Ticket: # 3910024 - Cox Speed Instability, Packet Loss, Frequent Ping Spikes**Date:** 4/1/2020 9:25:03 PM**City/State/Zip:** Rancho Santa Margarita, California 92688**Company Complaining About:** Cox

Description

I upgraded to 1000 Mbps down a week and a half ago to try and counter the issues I've been having. But even with the upgrade, I have been getting less than 10% download speeds on a daily basis, sometimes as low as less than 1%. On top of that, my house also gets very frequent latency spikes (400+ ms) and packet dropping (5-25%). I work as a video game developer, as do my 2 housemates. We not only depend on consistent pings and undropped packets, but need higher bandwidth to work in an efficient manner and I shouldn't be charged for gigabit speeds when I'm only receiving a dozen megabits per second. I've attached some simple tests from testing the closest servers I could find, with packet loss and ping spikes still showing up on pinging my local Cox servers. To solve the problem, a node split to reduce the neighborhood's load is necessary especially during the current Corona pandemic, since many of us are required to work from home and this affects our work.

Ticket: # 3910027 - Inappropriate and dangerous broadcast material

Company Complaining About: One America News Network

Description

The TV station One America News Network from San Diego CA is repeatedly inciting its viewers to ignore social distancing and flout government and state mandates in the face of the SARS-CoV-2 pandemic

Free speech, Yes. But not the advocacy of the potential deaths of hundreds of thousands of Americans if they follow the advice given in 'The Daily Ledger' and 'Tipping Point' as the one mitigating measure so far proven to be effective.

Ticket: # 3910045 - Internet options in rural Madison county FL

Date: 4/1/2020 9:59:32 PM

City/State/Zip: Madison, Florida 32340

Company Complaining About: Centurylink

Description

I live in a rural part of Madison FL. One mile off a secondary road. For years we've been waiting for some type of internet service that would be comparable to the rest of country. Currently we have limited Satellite service. During this Coronavirus, our kids have not been able to complete some education courses due to slow and sometimes no service with limited data limits. Thru the years, people living in areas like mine, have been discriminated against by the big cable/phone companies and by having high prices and low data limits from satellite providers. I ask that someone look into this and respond to my complaint.

Ticket: # 3910057 - RE: T-Mobile threat of Collection for \$457.84 due immediately

Date: 4/1/2020 10:18:19 PM

City/State/Zip: Bakersfield, California 93312-8279

Company Complaining About: T Mobile

Description

(1) I contacted T-Mobile on 1/10/2020 about 8:22PM on cancellation of more than 20 years service, for AT&T,

(2) I dropped their equipment 4G Cellspot at UPS on 1/17/2020 at 5:08 with issued Tracking number 1Z6A202Y9034817294. (Which they denied were not received).

(3) I paid \$156.00 toward bill due in January on 1/6/2020, and paid \$60.00 toward bill due February 2020 (less \$67.79), There is balance on phone purchase of \$130.00 (no contract). My outstanding balance with T-mobile is \$197.79, and am ready to pay it though I lost my job due to Coronavirus. I contacted them 1/17/2020, 1/21/2020, 2/22/2020. T-Mobile sent my information for collection dated 2/26/2020 (Convergent Account (b) (6) of amount \$457.84). At this economical and medical disaster, that is the way T-Mobile ended more than 20 years service with them.

Ticket: # 3910074 - Disconnection of Service**Date:** 4/1/2020 10:43:04 PM**City/State/Zip:** Garland, Texas 75040**Company Complaining About:** Spectrum

Description

Spectrum disconnected my service in the middle of the COVID19 pandemic on 3/26/20. This company advertises Keeping America Connected and yet they left me without access to the news to help keep me safe. This is abhorrent behavior by this company. They reconnected my service that day after I had to go into the office and they demanded full payment and rudely stated that they did not accept partial payments.

Ticket: # 3910079 - T-Mobile Threat of Collection for \$457.84

Date: 4/1/2020 10:47:56 PM

City/State/Zip: Bakersfield, California 93312-8279

Company Complaining About: T Mobile

Description

(1) I contacted T-Mobile on 1/10/2020 about 8:22PM on cancellation of more than 20 years service, for AT&T,

(2) I dropped their equipment 4G Cellspot at UPS on 1/17/2020 at 5:08 with issued Tracking number 1Z6A202Y9034817294. (Which they denied were not received).

(3) I paid \$156.00 toward bill due in January on 1/6/2020, and paid \$60.00 toward bill due February 2020 (less \$67.79), There is balance on phone purchase of \$130.00 (no contract). My outstanding balance with T-mobile is \$197.79, and am ready to pay it though I lost my job due to Coronavirus. I contacted them 1/17/2020, 1/21/2020, 2/22/2020. T-Mobile sent my information for collection dated 2/26/2020 (Convergent Account # (b) (6) 4 of amount \$457.84). At this economical and medical disaster, that is the way T-Mobile ended more than 20 years service with them.

I spoke with customer representative 3/30/2020, that my balance due is \$197.79 not \$457.84, equipment was returned, and why to conflicting Final statements and why Tmobile was in hurry to send my name to collection after more than \$20 years as a customer in excellent standing with 6 lines, and payment in time. She could not provide and answer.

Ticket: # 3910080 - Disconnection of Service

Date: 4/1/2020 10:52:07 PM

City/State/Zip: Garland, Texas 75040

Company Complaining About: Spectrum

Description

Provider disconnected my service during the middle of the COVID19 pandemic on 3/25/20, knowing that people have lost their jobs. They are advertising a slogan of Keep America Connected and cut off my service. They had been calling me via Robocalls at least 4 times a day, knowing I could not pay the full amount of my bill. Provider needs to work with Customers and not harass them during this critical time.

Ticket: # 3910115 - Suddenlink failing to provide service.

Date: 4/2/2020 12:01:47 AM

City/State/Zip: Pflugerville, Texas 78660

Company Complaining About: Sudden Link

Description

For the past month and a half I have been struggling with their service. Right after being connected I found that my speeds would jump radically from about 4% of the advertised speed up to about 50%. I called their customer support line and was told to just wait it out. I waited another day or 2 and it was still the case so I called them again and was told the same thing. The service leveled out, but never reached more than 60% of the advertised speeds. Now with this pandemic going on I am stuck at home, jobless, and forced to pay upwards of \$90 a month for a service that is too unstable to use for anything more than checking emails, and even then the load times vary drastically.

Ticket: # 3910123 - Complaint**Date:** 4/2/2020 12:29:33 AM**City/State/Zip:** Culloden, West Virginia 25510**Company Complaining About:** Sudden Link

Description

Ok I had my internet shut off couple months ago because the holidays run my money low because I am low income single parent of 3 and so i finally paid the amount due over pandemic for my kids to have internet for school ..suddenlink told me they would get it on then phone disconnected ..i called back then one said i needed to send proof of my residency which I did..then when I called 3rd time to see what was going on they tried saying I owed another bill from 2011 under another name but my ssn and wanted me too pay that amount which I told them I did not live at the residence at that time or know who a jack was ..Yet I had service at this address only for last 3 to 4 years at most

Ticket: # 3910144 - Cancellation of Service

Date: 4/2/2020 1:27:52 AM

City/State/Zip: Los Angeles, California 90037

Company Complaining About: Safelink Wireless

Description

my service was cancelled and I've been trying for weeks to get it reconnected. After asking several times, SafeLink and Universak Lifeline each referred me to the other with no results.

I am quarantined for covid, disabled and without my phone service during a time when I need continuity of service. This constitutes a serious breach of my rights and I would like justice.

Company Complaining About: Xfinity Cable

Description

I watch a movie named Maleficent for free about 2 months ago on demand. Now all of a sudden, at a time like this of dealing with the coronavirus, the movie is not free! Is this price gouging...

Ticket: # 3910160 - Re: [FCC Complaints] Re: Google keeps suggesting profane results without giving me a content rating?

Date: 4/2/2020 2:21:24 AM

City/State/Zip: Edison, New Jersey 08820

Company Complaining About: Optimum

Description

This is a follow-up to your previous request (b) (6) "Google keeps suggesting pro..."

Thank you so much. So for this Internet issue, I should contact the FTC? How about dealing with the 8 o'clock d-word situation on broadcast TV at 8 o'clock? Who should I turn to for this? Now that everyone is stuck watching TV due to the Coronavirus, not being able to escape the d-word is a bigger issue for kids and families than before.

Ticket: # 3910221 - Price Gouging

Date: 4/2/2020 7:13:21 AM

City/State/Zip: Parkersburg, West Virginia 26104

Company Complaining About: Sudden Link

Description

Suddenlink Raising Prices During Covid-19. Suddenlink has raised Bill extra 20\$. I have spoke with co-workers and their bill has also been raised. This has been done without consent or knowledge, and at the time when Families have to be at Home.

Ticket: # 3910236 - Internet service from COX is horrible

Date: 4/2/2020 8:07:20 AM

City/State/Zip: Phoenix, Arizona 85023

Company Complaining About: Cox

Description

I wake up this morning to no internet. I have issues with internet slowness or total loss of connection almost daily. This is not what I am paying a monthly service fee for. Due to COVID-19 I am working full time at home. I work in an essential industry so I cannot be without internet.

I call and get little information except 'there is an issue and we are working to resolve it'. How about if they are honest and more transparent with the truth. As a paying customer this impacts my ability to work and my company's bottom line.

Ticket: # 3910290 - Lies concerning coronavirus

Date: 4/2/2020 9:16:28 AM

City/State/Zip: Bluffton, South Carolina 29909

Company Complaining About: AT&T

Description

Fox News in general, but Sean Hannity in particular, are misrepresenting the severity of the coronavirus. My mother, who is 94 years old, believes that the virus threat is very overstated because Fox News and Sean Hannity say so. I am in complete agreement with Kara Swisher's OpEd in the NYT that the station is misrepresenting the facts. I am requesting that equal time be required on all Fox News programs to rebut their misrepresentations of the facts during this crisis.

Ticket: # 3910333 - Truthfulness on News channels

Date: 4/2/2020 9:44:21 AM

City/State/Zip: Fenton, Michigan 48430

Description

I am very concerned in the harm many News sources (especially FOX NEWS) are creating by giving false and intentionally misleading information about the corona virus as a hoax from democrats and many many many other false reports that people are actually taking as truth and risking their lives by not quarantining themselves. These intentional lies are creating the complete division of our country and incite extreme reactions from people who get all their news from one source. I believe you need to enforce, fine or put these news channels on probation until they can clean up their fact checking reporting.

Ticket: # 3910353 - AT&T experiencing extremely high pings in Atlanta area

Date: 4/2/2020 9:53:55 AM

City/State/Zip: Gainesville, Georgia 30501

Company Complaining About: AT&T

Description

Beginning yesterday evening, I began experiencing extremely high latency that consistently exceeds 1000 ms and reaches 1300 ms at times. It makes doing remote desktop and video conferencing impossible, not to mention even normal browsing is severely impaired. AT&T support insists it is coronavirus-related, but if that were the case the connection would be degraded throughout the day with so many teleworkers - it specifically happens in the evening and appears to be one AT&T router in Tucker, GA throwing an issue. The problem is not on my end and other ISPs do not appear to have a problem of this severity. Also anyone outside with traffic not routed through Atlanta doesn't have this issue.

<https://forums.att.com/conversations/att-fiber-account/unusually-high-ping-times/5e83c25cdb4b1a08b1ca261b?commentId=5e85e6b2fd08350b2ada431d>

<https://forums.att.com/conversations/att-fiber-account/there-is-a-router-12255108-that-appears-to-be-causing-north-metro-atlanta-users-problems/5e852339c17a06362fcfbad1>

Those two threads are filled with other people who are experiencing the same issue. Please do what you can to get AT&T to correct this problem. I did not have problems until yesterday evening, if this were coronavirus related it would be a problem with all ISPs and not just near Atlanta - I would have also noticed degradation over the past two weeks if it were due to the virus causing congestion.

Ticket: # 3910355 - Xfinity Comcast techs working during the Corona virus

Date: 4/2/2020 9:54:53 AM

City/State/Zip: Chicago, Illinois 60618

Company Complaining About: Comcast

Description

Xfinity Comcast continues to put there techs at risk in Chicago during the Corona virus, even after employees have tested positive for the virus. Workers should be at home with their families and social distancing.

Ticket: # 3910364 - Television Availability Complaint

Date: 4/2/2020 9:57:25 AM

Description

I live in the very southern most area of Northumberland County (approximately 2 miles north of Pillow). I love your news broadcasts and purchased an antenna to pull your signal in beautifully! I'm just wondering if you are able to include Northumberland in your broadcasts. Not so much for reporting of 'happenings' in the county (I travel mostly south anyway) but more for overall county information. Such as the pandemic info for the county.

Just wondering! Thank you 😊

(b)

Ticket: # 3910369 - Scammers pretending to be union representatives reaching out during COVID-19 pandemic

Date: 4/2/2020 9:58:57 AM

City/State/Zip: Muncie, Indiana 47302

Description

At 9:10 am on Thursday, 02APR20, I received a text message from (317) 751-5454:

"Hi XXXX. This is Sandy with ISTA. We know things are stressful right now due to COVID-19. Are you doing okay?"

I believe this is intended to elicit a "Yes" reply, perhaps authorizing billing to one's own phone service. Please contact the Indiana State Teacher's Association at (317) 263-3400 and advise, that they may reach out to their other members.

Ticket: # 3910420 - Pre-Existing Conditions & hardship from Corona Virus

Date: 4/2/2020 10:23:05 AM

City/State/Zip: Jacksonville, Florida 32221

Company Complaining About: AT&T

Description

On March 30 2020 I called AT&T to inform them that I was laid off from work

Because of the Corona Virus Outbreak and would not have any income until my Unemployment & Emergency Package was received,

they then informed my that my Cell Phone service would be interrupted and turned off, ask them if they could do anything to keep the service going and they replied we could give a \$15.00 Credit but that would not stop your phone service from being cutoff I would still have to pay the \$65.00 and to make matters even Worse Me and My Wife have Pre-Existing Conditions

NO.1 my Wife is A Kidney Tranplant Patient With other underlining Issues

NO.2 I have high cholesterol & hypertension,

I also have 1 Kidney and low Kidney Function

My Wife is also 56 and I am 59 years old and will be 60 on 06/12/2020

ATT did not Care at all about me and my wife Condition's in this Horrible Crisis that we are facing, and Me and my wife need to have cell phone service to be able to stay in contact with are doctors, I would like for them to put a 60 day moratorium on me and my wife's Cell phone service, my wife cell phone number is (b) (6), hopefully I should be able to have my Unemployment & Stimulus emergency Funds in my account to pay for the AT&T phone service, we going thru some very horrible hardship right now and we need to stay in contact with are healthcare Professionals and doctors because of are Pre-Existing Conditions.

Ticket: # 3910425 - Telephone Availability Complaint

Date: 4/2/2020 10:25:19 AM

City/State/Zip: Kidak, Tennessee 37764

Company Complaining About: Us Cellular

Description

Yes my name is (b) (6) my telephone number is (b) (6) I was going to pay a little bit on my my bill things have been quite difficult during this Corona virus time and you all have a pledge to not disconnect and my phone has been disconnected and I really am needing it at this time and I am going to pay the bill as soon as some things get caught up here with all these emergencies going on I have a sick husband and I have been having to stay home and I've only worked a little bit but I see you all have that pledge and my phone has been disconnected so I would appreciate to know what is going on thank you

Company Complaining About: Spectrum

Description

They cut me off twice after they agreed to not disconnect . I told them my business is limited due to the COVID-19 issue

Ticket: # 3910508 - unable to complete work from home service

Date: 4/2/2020 11:13:34 AM

City/State/Zip: La Crosse, Wisconsin 54601

Company Complaining About: Centurylink

Description

I am a Nurse and asked to work from home to protect myself from COVID-19 and to be available when needed on-site.

My internet is unable to allow me to do this causing hardship for me. My husband is also working from home a few days a week, and then working from home will be worse.

I was told when I called CenturyLink that our service to our home has not been updated since 1990's.

Isn't a requirement that people should be allowed at least 10mbps to each residence. My speed at highest is 4 mbps.

Ticket: # 3910522 - Fox cable news: cancel their license to broadcast

Date: 4/2/2020 11:23:43 AM

City/State/Zip: New York, New York 10016

Description

Fox cable news has breached a public trust regarding the Corona virus epidemic. It has broadcast numerous instances of misinformation by their hosts (Sean Hannity and others) and guests . The only remedy is to remove their license to broadcast and bar the Murdoch family from owning any such.

Ticket: # 3910581 - Internet Availability/ Billing

Date: 4/2/2020 11:43:22 AM

City/State/Zip: Erving, Texas 75038

Company Complaining About: Spectrum

Description

Consumer said Spectrum disconnected her internet

Consumer states Spectrum called, and you told them she does not have money to pay, she doesn't have money for food, because she is not working due to the Covid-19

Consumer has kids at home that need the internet to do their schoolwork

Consumer just wants the internet turned back on and them to work with you to get the back balance paid

CTR402

Ticket: # 3910596 - Fox news

Date: 4/2/2020 11:48:18 AM

City/State/Zip: Fontana, California 92336

Description

Fox News channel Inc should have their license revoked due to the misinformation and absurd lies being spread regarding the coronavirus.

My husband is a healthcare worker who is putting his life on the line and every day that lies are spread about the coronavirus, you are allowing more lives to be put on the line. This misinformation has been aired on many of their shows and to this day, lies are being spread about the virus and the threat is continually being downplayed. Hosts like Hannity, Carlson, Judge Pirro and the like should be taken off the air. People will continue to lose their battle against the virus if this blatant misrepresentation continues on air

Ticket: # 3910618 - Lack of Internet ATT

Date: 4/2/2020 11:55:05 AM

City/State/Zip: Port Saint Lucie, Florida 34952

Company Complaining About: AT&T

Description

We are a homeowner (one of 65) located at (b) (6) (in the St Lucie Gardens development). With the COVID-19 pandemic, this highlights the need for better broadband. Mandatory work at home means high quality broadband is required for video conferences via MS Team/Skype, Wevex and Zoom. We have repeatedly asked ATT to upgrade there broadband via land line. 3MBS ADSL service in our are is inadequate, when it works at all. The cable infrastructure with pair bonding is possible to get an acceptable 25mbps service. To do this ATT would have to upgrade the DSLAM equipment which they have refused.

I applaud Chairman Pai's initiatives during the COVID crisis. But, it does not go far enough to ensure that company's like ATT provide broadband service to there service provision areas.

Ticket: # 3910780 - Not allowed to pay bill online - forced to go out during COVID-19 pandemic

Date: 4/2/2020 12:55:40 PM

City/State/Zip: Oconomowoc, Wisconsin 53066

Company Complaining About: Spectrum

Description

Hello,

We have been Spectrum customers for the past year. Unfortunately there were fraudulent charges on our credit card and we were forced to get a new card number. We forgot to update our Spectrum AutoPay information and this resulted in our AutoPay credit card payment being declined. After this, Spectrum would not allow us to pay with a credit card. So, we were forced to enter our checking information into AutoPay, which we did. Unfortunately there was a typo in the checking account number and this AutoPay payment did not go through.

We called to try paying over the phone and/or updating our AutoPay information but Spectrum refused to allow us to do so.

They said we had to go to a bank to get a money order or go to a store and pay in person. This is all during the COVID-19 pandemic and government orders to not go out. We do not feel safe going out to do this. However, Spectrum refuses to accept any other form of payment.

We just want to pay our bill with a method that does not require us to go out unnecessarily during the COVID-19 pandemic.

Please help us convince Spectrum to allow us to pay our regular monthly bill.

We are working from home right now. If we lose our internet then we cannot do our jobs and our jobs will then be in jeopardy.

This is such an unnecessary disaster for us. We're scared to go out and scared we'll lose our internet when we depend on it most.

Thank you,

(b) (6)

Ticket: # 3910788 - billing problem

Date: 4/2/2020 12:57:59 PM

City/State/Zip: Lake Helen, Florida 32744

Company Complaining About: Dish Network

Description

I called and asked for an extension of my bill due to the covid 19 virus and explained that I was placed on medical leave due to fighting stage 3 breast cancer. I was told you will pay your bill or it will be shut off. I was only asking for an extension for time to get my unemployment. I was told that dish does not wave fees for any one that is one advance pay and if I wanted to come off advance pay i would have to close my account. I have been a customer with dish for years and should be treated with kindness.

Ticket: # 3910790 - Optimum Internet

Date: 4/2/2020 12:58:42 PM

City/State/Zip: Brooklyn, New York 11233

Company Complaining About: Optimum

Description

I am currently paying for internet service that Optimum is not providing. I pay for 300 mbps but have only received between 1 and 70 mbps. There are also long stretches of time where my internet connection goes out and resetting my functioning devices does not solve the problem. Optimum does not answer the phone, does not reply to internet chats, does not have an email address on their website, and takes several days to reply to Twitter messages with information that does not help. Internet research also indicates that it is not just me, but regional disruption in internet service and a widespread lack of addressing the problem. In light of covid-19 where we are working remotely, this means that I cannot perform my job functions while also paying for service that Optimum isn't providing and I do not have the ability to switch to another carrier in my area.

Ticket: # 3910797 - FCC DMA & COVID-19, lives at risk

Date: 4/2/2020 1:00:22 PM

City/State/Zip: Oracle, Arizona 85623-5323

Company Complaining About: Directv

Description

As I have been saying for years, the FCC Designated Market Area (DMA) regulation has been putting lives in southern Pinal County, Arizona, at risk. Had governmental action been taken years ago, residents of southern Pinal County would be seeing TV coverage of COVID-19 impacts in Tucson, 30 miles away, instead of in Phoenix, 120 miles away. Availability of stores and services in Tucson is more critical for these residents than what's available in Phoenix. The spread of COVID-19 in the Tucson area impacts these residents more than the impact in Phoenix and northern Arizona (which the Phoenix TV stations cover). ACTION REQUIRED: immediately enact an EMERGENCY DMA WAIVER to allow DirecTV and Dish TV to provide all Tucson TV stations to their southern Pinal County customers.

Ticket: # 3910827 - unwanted addition of paychannel

Date: 4/2/2020 1:07:17 PM

City/State/Zip: Port Orchard, Washington 98367

Company Complaining About: AT&T

Description

I am a direct tv or (AT&T) consumer and I received a call from direct tv salesperson on or about the 15th of March telling me that they were adding a pay channel but not being very clear on whether I had to pay anything or not and that they were just adding for free. I've tried to cancel it but the company now does not take calls or I cannot reach them online either. But, they are still charging everybody for this, but not letting anybody cancel, that must be illegal. If there excuse is the covid then why are they still up and running?

Ticket: # 3910884 - Boost Mobile Services

Date: 4/2/2020 1:25:53 PM

City/State/Zip: Mesquite, Texas 75150

Company Complaining About: Boost Mobile

Description

- Consumer had contacted Boost Mobile and asked about what type of help they are going to give since the consumer is out of work and while talking to Boost Mobile, they transferred her to the FCC without her even knowing she was being transferred.
- Consumer stating that her bill is due today Thursday April 2nd, 2020.
- Consumer would like Boost Mobile to help her with her billing issues at the time due to the Corona Virus and being out of work.

CTR395--phone

Ticket: # 3910895 - Boost Mobile COVID-19

Date: 4/2/2020 1:28:21 PM

City/State/Zip: Canton, Ohio 44706

Company Complaining About: Boost Mobile

Description

The consumer states that she had received a message from Boost Mobile about free internet gigs and hotspot available.

The consumer states she is not currently working because of COVID-19 and therefore she only had a certain amount of money left to pay her bills.

The consumer states she spoke with a supervisor from Boost Mobile and told them her situation and he said that she would receive a free month of service.

The consumer went ahead and used the rest of her money to pay the rent, and today she woke up and has no phone service.

The consumer needs her service back on for any emergency in a case she needs to reach family members.

The consumer states she was told by a supervisor she did not have to pay this months bill because of the pandemic.

CTR-415

Ticket: # 3910896 - Suddenlink Internet Service is Unreliable/Covid-19 - College Students Need Access

Date: 4/2/2020 1:28:37 PM

City/State/Zip: Saint Martinville, Louisiana 70582

Company Complaining About: Sudden Link

Description

The consumer stated that he has internet service through Suddenlink. He stated that the service is very unreliable and they have latency issues and constantly experience outages throughout his whole neighborhood. Everyone is talking about how many problems they are experiencing, with Suddenlink and how the service is extremely intermittent. He stated that his neighbor has been calling and was promised a supervisor would respond.

However, they continue to send service techs who cannot or do not correct the problems.

He stated that they just went up on his bill even though they have made no improvements and have not even addressed the constant service issues.... with regard to unreliability and the intermittent issues that are constantly being reported. He stated that they really do not care at all.

He stated that his bill went from \$59.00 to \$75.00. He stated that service is in and out. He stated that he has two college aged students. His one daughter is in school to become a pharmacist and has a test today and cannot even take that test at home.

The internet went out at midnight and has not come back on at this time. He stated that a typical day is that the service goes out 3-4 times per day...at minimum. He stated that very often, when the service goes out, it will not come back on for a day or two.

He stated today's lack of service has caused his daughter to have to travel to her cousin's house, to use the internet service there. The library is also closed and they are under mandatory orders to shelter in place unless it is a trip for essentials or an emergency.

He stated that this is totally wrong and that they want the service for which they pay. At this point, with so many students out of school and college, this is putting people at risk by having to seek services for vital assignments/tests that are being assigned by and teachers and professors.

He requested that Suddenlink repair his services and provide the service for which he pays. He is supposed to receive somewhere between 30-50 Mbps. He does not think that he even receives 5-10 Mbps, on most days!

Ticket: # 3910901 - FCC and Trump threats to revoke licenses

Date: 4/2/2020 1:30:13 PM

City/State/Zip: Hudson, Wisconsin 54016

Company Complaining About: Comcast

Description

You can't revoke licenses in battleground states for airing the truth about Trump's incompetency in regards to the pandemic. Otherwise you are just part of the dictatorship.

Ticket: # 3910910 - False information

Date: 4/2/2020 1:35:13 PM

City/State/Zip: Mckinney, Texas 75070

Company Complaining About: AT&T

Description

I was told by a co-worker that ATT was having a promotion, regarding the COVID-19 virus for those that are being forced to work from home. I called and spoke with a Representative and asked about this promotion as well as increasing my internet speed from 300 to 1000. The rep told me my rate of \$52 would stay the same for a year, even with the increase. Based off that knowledge, I went ahead with the increase. Now I'm being told by two reps from ATT that this promotion does not exist and now I will be charged \$69.99, plus prorated charges of \$17.33. I have been trying to speak with a supervisor and promised that one would call yesterday, 04/01/2020 but no one would call and I was disconnected again today waiting for one. I am definitely not pleased with the way ATT is treating me with all the stress I have to deal with right now.

Ticket: # 3910916 - Covid 19 service interrupted

Date: 4/2/2020 1:36:55 PM

City/State/Zip: Maliweeki, Wisconsin 53215

Company Complaining About: Boost Mobile

Description

My bill is due on March 31 and i couldn't pay my bill because my job had cut my hours tremulously that my boss will call me when i can work for only a few hours due to coronavirus. The media stated that all carriers will not interrupt service during this crisis. I am not able to make any calls out or use the internet. Please i need my service on so I know when my job will call me to come work and stay connect to my family

Ticket: # 3910936 - AT&T Direct TV - Misleading, Inconsistent, and Deceptive Billing Practices

Date: 4/2/2020 1:40:11 PM

City/State/Zip: City Of South Fulton (formerly: Fairburn), Georgia 30213

Company Complaining About: Directv

Description

I'm contacting you to file a complaint about AT&T Direct TV. I have experienced many inconsistencies and misleading information provided by their representatives regarding my monthly billing amount (it keeps changing), credits, and agreements that were not honored because notes could not be seen by representatives when looking at the account.

Each time I call I spend approximately 1 and 1/2 hours on the phone. The frustration is when I call back regarding a discrepancy, it appears that the representative cannot see the previous notes or the verbal agreement made by the previous representative.

With everything that is going on with COVID-19, what AT&T is doing is wrong and unacceptable. Different departments (i.e. Customer Service, Billing) are not able to see my account with the notations. I must repeat my concerns over and over. I've asked to speak to a manager or director, but I'm transferred to a different representative and it starts over with no resolution. I'm so frustrated by the ongoing inconsistencies I've experienced. I'm doing my due diligence to get to an answer with AT&T Direct TV.

AT&T Direct TV should waive fees based on instructions I was provided on March 24, 2020, directing me to call back in 2 weeks to discuss my account. My service was interrupted on April 2nd, exactly 9 days after a payment was made and a verbal confirmation that my account was noted ; to call back in 2 weeks and my service would not be interrupted. That was was not honored. Further, on April 2nd the representation advised that she did not see anything on my account regarding my call on March 24th.

Ticket: # 3910940 - Fox news?

Date: 4/2/2020 1:41:05 PM

City/State/Zip: Ronan, Montana 59864

Description

Hello, I dont understand how fox news is allowed to be called news. There is very little if any news on that station, most of it is bullshit conspiracy theories and the host options. I mean two weeks ago, Geraldo Rivera said "if you can hold your breathe for 10 seconds, then you dont have corona virus " he is NOT a doctor. The week before Devon Nunez told people to go out to eat in N.Y. during a pandemic, because he was concerned about business failing. You cant tell fire in a crowded theater, but you can tell millions of people nonsense in primetime?? Besides its NOT news on there, no wonder Americans are so uniformed. So its o.k. to put millions of people in potential danger . But if you use a swear word, you people will pull their license. W.T.F.

Description

I really need your help with an issue that I am having with ATT let me explain,
In February 2020 I upgraded my existing phone with a trade in program , the transaction was completed with a home delivery using a third party the assists ATT in that process , the delivering agent refused to take my trade in and suggested I take to ATT store which I did , the ATT store refused to take my trade in and suggested I wait for an email with a return label to ship it back , well the email never came , I reached out to ATT customer service and the agent arranged while we were on the phone for a label through email , I promptly shipped the device back with the original box and all accs. Well to my surprise ATT shipped my trade in back (No box or accs.) stating it's past the return time and will charge me for the phone (\$624.00) absolute disaster with burdens I do not need specially with COVID19 and no job .. Please advise if you can help..

Ticket: # 3911138 - Cox Internet Service**Date:** 4/2/2020 2:52:44 PM**City/State/Zip:** Peoria, Arizona 85383**Company Complaining About:** Cox

Description

We have been having connectivity issues with 20-60% percent packet loss for weeks now. A cox technician came out and told us that until cox splits the node we will continue to have issues. We have completely lost internet connection several times which is impacting our ability to work from home during the pandemic. We are being told that Cox is aware of the issue but due to internal workflows they cannot provide a date for resolution. Several technicians have been out to look at the node in front of our house (node number 03110) and they see the node experiencing jitter warnings and 9% loss. We were provided with a ticket number ((b) (6)) which we were then later told is a shell ticket with no information. We are constantly being given the run around that, yes there is an issue. But no, they aren't going to fix it for now because that would require them to run lines and split nodes. We are paying for internet speeds that we cannot achieve. We are in danger of losing our jobs because we cannot participate in calls or work from home. Our children are not able to participate in mandatory school work because of these issues as well. They are using the pandemic as an excuse for poor service issues when they could get a team out to fix the issue today.

Ticket: # 3911161 - My cell # is being spoofed 412.266.0300

Date: 4/2/2020 4:33:59 PM

City/State/Zip: Dartmouth, Massachusetts 02748

Company Complaining About: Comcast

Description

The Xfinity account was opened by my mother who passed away in May 2019. Xfinity would not let me do anything with account until contract expiration. Contract has expired and this month they raised bill to \$332.25 citing it was the end to a promotion. Due to coronavirus, I am not able to return equipment or cancel service because my children need internet for school, coupled with store closures. I would like to transfer the account into my name as a new customer and be allowed to pay new customer rates. Xfinity said they cannot do this without the return of equipment and disconnecting the service. The agent would not let me speak with a supervisor.

Ticket: # 3911785 - Cox not doing what they say

Date: 4/2/2020 7:49:47 PM

City/State/Zip: Phoenix, Arizona 85015

Company Complaining About: Cox

Description

Several months ago I logged onto my cox account. There was a message stating that I would need to upgrade my TV services or risk losing the ability to watch TV all together. They said it would be a free upgrade. I've been a long time Cox customer and before all this I was paying \$186/month for phone, cable, and internet. So I went ahead and processed it online. I assumed this process would require me to swap my DVR equipment.

But it was a much more extensive process. They said the DVR box was no longer compatible with the TV services and I would need to upgrade. Which raised my bill. and then I think I had to upgrade my internet services as well. This was suppose to be a free upgrade. They gave a promotional discount for a year, but then my prices went up again. So I called into speak with retention to see what they could do for me. The internet package I get is suppose to be 150 Mbps download and 10 Mbps upload, the preferred plan. I didn't see that on the website when I looked. The Customer service person should know these things. I told her I needed an internet package were I could get 5 Mbps upload to get a job. and I wanted my Cartoon Network, Science Channel, and HBO. The rep asks me if I use the Hispanic Tier I have had for years. I said no. As long as I have 5 Mbps upload and HBO, Science Channel, and Cartoon Network. She doesn't tell me that my internet and the package I have should include 10 Mbps upload. So she changes the service and I lose my Science Channel. Losing my Science channel isn't worth the \$7 a month that the rep said I would save. She did nothing to my internet plan. so, I called back in again and said please put my services back the way the were. The new rep now says my bill is going to be \$15 more dollars a month. So it seems like mu plan just keeps going up with less services. The new rep tells me that my services should include 10 Mbps upload and it was the service I already have. I am not working right now. I was taking care of my mother with alzheimers and had my own health problems and now this Corona virus. That is all besides the point. You prices should not go up with less services every time you call in for help. they employees should have better training so they know what they were doing since the rep messed up fine. Then just put it back like it was. They won't do that either. Not fair that the discounts are only for new customer's. I am currently waiting for a tech support person. Been on hold for 30 minutes. and I have had to call in 3 times. Been on the phone for an hour and a half. to get worse services and no services. I should have never called in to see if they could help. This is the kind of customer service a lot of bigger companies have. It has gotten real bad since you guys took away Net Neutrality. I tried to join a class action suit, but I guess I can't because I am a Cox customer. It's a shame when company's get so big they don't give a damn about their customers.

Ticket: # 3911792 - Slow internet, robot customer service, no show on tech appointment, and lying about first month free

Date: 4/2/2020 8:00:27 PM

City/State/Zip: Alameda, California 94501

Company Complaining About: Common Networks

Description

- 1) Our internet speed is the primary issue going from 542kbps to 18mbps on a GOOD hour. It crashes at least 5-10 times a day and our iPhones frequently have trouble connecting to it.
- 2) We created an appointment via common.net website to have it addressed, but nobody showed up between 3-5pm on April 2. Nobody showed up. Even worse - I called their number and was given nothing but elevator music for 10 mins then asked to leave a voicemail. Customer service is nonexistent, worse than other larger companies.
- 3) We were promised a free first month from them as advertised on social media. However, after installation my account was instantly billed.

According to yelp, all of these issues are ironically "common". I understand that COVID makes things difficult but this is unacceptable.

Please advise. <https://www.yelp.com/biz/common-networks-san-leandro>

Billing promo: <https://patch.com/california/alameda/local-internet-provider-growing-quickly-alameda>

Ticket: # 3911825 - Unknown, Overcharged Fees**Date:** 4/2/2020 8:17:19 PM**City/State/Zip:** Hattiesburg, Mississippi 39402**Company Complaining About:** Comcast

Description

I'm extremely disappointed in Comcast and the service they've delivered lately. Their agents have told me anything just to give me answers. I always specifically ask of any charges I may incur and today I surprisingly found out that I've been charged \$30 for service/broadcast fees! Double than the usual - even the agent said that! Today I disconnected cable. I will discontinue internet when I find another ISP. I need and want to be credited at least half of those broadcast fees back. I should NOT be paying \$125.49 for my upcoming payment! Charges are \$134.38 which I DID NOT agree to! I'm at home during this pandemic now and I'm counting every penny I DON'T have. Not to mention I got a modem from them this week due to working at home and had to go back to the store twice because agents didn't wouldn't enter the modem code at the store initially as they should have...time and gas wasted! I'm hoping to get my previous internet promo back this week for \$60 (\$50 with autopay/paperless billing). Today I was told that promo was no longer available. I know Comcast has the capability to give me the discount. I want Comcast to rectify this entire situation. Again, I'm gravely disappointed. Thanks.

Ticket: # 3911894 - Price Gouging during Pandemic

Date: 4/2/2020 9:34:54 PM

City/State/Zip: Winter Garden, Florida 34787

Company Complaining About: Spectrum

Description

Price hikes during a national emergency. Really? Shameful Spectrum!

Ticket: # 3911929 - Slower than Dialup, way over priced

Date: 4/2/2020 10:16:10 PM

City/State/Zip: Bogue Chitto, Mississippi 39629

Company Complaining About: Viasat

Description

Before COVID-19, I complained to Viasat about their service and got brushed off. I filed a complaint with the FCC and was contacted by Viasat and told to cancel my internet if I didn't like it. I tried contacting them again about it and was told to refer to the email telling me to cancel.

I pay \$210 a month, for two years, for 100mb/s download speed and unlimited data. I was told of the "soft cap" of 150gb, and told they would prioritize data during heavy traffic. I was not told that most of the day is considered heavy traffic hours. Nor was I told that I would be limited to less than 0.5 mb speeds. I feel price gouged for having the misfortune to live in a rural area.

Now, with the crisis of COVID-19, my internet has become almost unusable. It was slow even before my data limit was reached. I cannot stay in contact with people, I cannot watch videos or streaming services, I cannot play games. Sometimes I cannot even load webpages. Social media is hard to even keep up with now because of the poor speeds. Where I previously would try to use internet in the late mornings and early afternoon, it stops working around noon now and isn't usable again until 1AM. I am still in disbelief that these kinds of business practices are condoned. I have paid such a large portion of my income every month for internet I can hardly use. I have been limited in my abilities of what I'm able to do or access. Working from home would be impossible. Trying to earn my degree online like I wish would be impossible. All I ask is my money's worth. I'm tired of being brushed aside.

Ticket: # 3911930 - Coronavirus 'treatment' TV ad

Date: 4/2/2020 10:18:26 PM

City/State/Zip: Riverside, California 92503-4349

Description

I'm horrified. Just saw on TV, on a Spanish channel this ad offering "treatment for the Coronavirus" with a "stem cell enhancer" they are selling for \$80 a bottle with 60 pills. Among many misleading statements about the coronavirus they underscore that it affects "older people" because "their cells cannot recover quickly enough" and "their stem cells decay with age and cannot repair the damage caused by the virus," but their product 'is the only stem cell therapy and will help. The ad only mentions the product called "Madre Cell Plus" and asks to call the number 800-896-2103. I called and a recorder, in Spanish, identified themselves as "Salud de America Organic Solutions," said they were receiving "too many calls" but they has registered my number and an "especialista de la salud" (or "health specialist" in English) will call me back later. I searched the name of the company and found their website as "todosaludentv.com, an AOS corp", there's apparently no website for AOS. I also found their president to be Leslie Mota, and their address 7500 NW 25th St, Ste 240, Miami, FL 32122. I also found other numbers related to Ms Mota and the company: 786-524-6058, 786-318-9713, and 786-278-7455.

They must be stopped, and even more, for the misleading information they give, I believe they could even be accused of terrorism, and/or spreading panic, like I've seen others being charged for similar reasons.

Ticket: # 3911941 - calls to Ban presidenetial updates

Date: 4/2/2020 10:26:46 PM

City/State/Zip: Saint Robert, Missouri 65584

Company Complaining About: Msnbc And Cnn

Description

You need to ensure that the AVAILABILITY of accurate and timely information regarding COVID-19 is managed. It is not only concerning but it is also feeding the belief that COVID-19 is not 'a big deal' when national news agencies like MSNBC and CNN are calling to ban the Presidential updates. THIS IS DANGEROUS!!!!

Ticket: # 3911948 - Interference

Date: 4/2/2020 10:37:55 PM

City/State/Zip: Las Vegas, Nevada 89131

Company Complaining About: Cox

Description

I am experiencing high ping times, jitter, and packet loss causing intermittent connectivity issues. I have contacted Cox multiple times and have had multiple techs come out only to use COVID-19 as an excuse to not come in and never resolve the issue. I work from home and have been unable to do so due to my unreliable internet connection and this is causing me to lose revenue. I need this resolved as soon as possible before I lose my job, which is unacceptable given the current situation going on in the world.

Ticket: # 3911953 - Spam/Terrorist call

Date: 4/2/2020 10:51:17 PM

City/State/Zip: Norwich, Kansas 67118

Company Complaining About: Unavailable

Description

Phone call came up as Unavailable in the caller ID. I don't answer these. They left a message. The message was coughing (see attachment). With covid19 being so contagious, even though I know you can't catch it via the phone, isn't this a terrorist threat? Don't know what you can do about it, but the video with # is attached.

Ticket: # 3911960 - Xfinity Comcast Complaint - Billing & Unburied Cable**Date:** 4/2/2020 11:03:43 PM**City/State/Zip:** Park Ridge, Illinois 60068**Company Complaining About:** Comcast

Description

Although I made a timely electronic payment on March 5th, payment was not posted to my account. I called Comcast to provide proof of payment from our bank account. Comcast said they can only accept proof of our payment via facsimile. We told Comcast that we do not have a fax at home, and since we under an order to shelter in place, we cannot leave our home to send a fax to Comcast. We offered to send proof of payment via US Mail, email or encrypted email but we were advised by Comcast that the only secure method Comcast has available for transmission of proof of payment is via fax.

The only other alternative that was offered was to have our bank fax the information directly to Comcast. We we were asked to call the bank with the Comcast representative on the line and ask the bank to fax the information to Comcast. This required us to log into our bank account over the phone, input our secure account information (with the Comcast representative on the line) and wait on hold with Citibank (over 2 1/2 hours on hold with no answer from Citibank) to give the Citibank representative Comcast's fax information. According to Citibank, our payment was correctly posted but rejected by Comcast, so Citibank has now resubmitted payment to Comcast.

It is shocking to us that Comcast has no other method available for receiving secure customer billing communications other than fax, and that Comcast is not taking measures during this pandemic to adapt its normal customer service procedures. We do not think it is appropriate for customers to be required to leave their homes to locate a fax machine while under shelter in place orders and think the FCC should be aware of this inflexibility.

Unfortunately this is not the first disappointing experience that we have had with Comcast. In late Summer 2018, local utilities performed a project at the request of our city to add or bury utility lines. As homeowners, we were advised that this work would be conducted in an easement in our backyard, but we did not request or desire that the work be performed.

The project required digging in our backyard so that each of the utilities could install their line. At the end of the project there was an exposed cable running through our yard (over 150 feet) and over our fence. We were also able to trace the exposed cable through at least 5 neighboring backyards.

I called Comcast (as well as our city and several other utilities) at least 15 times in 2018 and 2019 to re-install the cable properly to finish the project. Our backyard was dug up three times, causing damage to our landscape lighting lines and several shrubs and small trees. Over and over, Comcast would say that they were coming out to install the cable and then close the ticket without burying the cable. At one point I made an appointment for Comcast to come out, and we waited for 12 hours to ensure that we could talk directly to the tech, and Comcast never showed up. When I called the following day to ask why Comcast missed the appointment, I was advised that Comcast had been out to our house had been out and the ticket closed that day. We advised Comcast that the tech never came into our back yard because we had watched the front and back yard the entire day.

When we finally were able to talk to a Comcast tech in our yard, he admitted that they should have used an orange cable to bury and not the black cable. Yet after all these months the cable is still unburied, running through our yard and over our fence.

Comcast should complete this project correctly and bury the cable.

Ticket: # 3912082 - No cc or interpreter on social media only airs for news

Date: 4/3/2020 7:36:52 AM

City/State/Zip: Redding, California 96003

Description

Social media is the primary source of news regarding COVID-19 as tv is not interested in interrupting regular programming. Most notably on facebook is where news is streaming updates with COVID-19 but it is not accessible without cc or asl interpreter

City/State/Zip: Gaithersburg, Maryland 20878

Company Complaining About: Nbc

Description

I am a deaf person and have always accessed my news with NBC. However, in recent week - captioning has not been consistently working with NBC. It is off more than on. This is a critical time to have steady access to updates and I wish to inform you that NBC has not been on top of this!

Ticket: # 3912116 - Comcast cut a fiber line off of my house without my permission

Date: 4/3/2020 8:32:38 AM

City/State/Zip: Andover, Massachusetts 01810

Company Complaining About: Comcast

Description

I recently had Comcast internet installed at my house. However, during the installation, the Comcast technician cut the Verizon fiber line off of my house without my permission. I had intended to try both services, but am now unable to do that. With the Covid-19 crisis, I cannot even get Verizon back to my property to fix the damage. In addition, the fiber line appears to just be hanging from the poles and is dangerously low in some spots.

Date: 4/3/2020 8:58:32 AM

City/State/Zip: Manassas, Virginia 20112

Company Complaining About: Verizon

Description

On March 25th Verizon suspended my internet and tv services with no notice for non payment. I restored my service within minutes, but am being charged the restore service fee. They have not provided to their customers a # to call til after they suspended my service, of course you cannot get through. I am high risk do virtual dr visits with drs weekly. Wasn't til I posted on their facebook page they provided the phone number. I received email within seconds of suspending informing me I was suspended nowhere in that email did it offer any information regarding assistance during this Coronavirus.

Ticket: # 3912140 - Inappropriateness on Amateur Radio**Date:** 4/3/2020 9:08:01 AM**City/State/Zip:** Freeport, Maine 04032

Description

Radio user W1ROM and friends of his dominate a local ham radio repeater where they make sexist comments, pass conspiracy theories, and generally create an environment that's not conducive to kids, minorities, and women interested in Amateur Radio. On 04/03/2020 at approximately 830 am, W1ROM and W1QUI were overheard speaking about the COVID-19 virus and how people are going to get sick of the lock down. Both started discussing Timothy McVeigh and how they were admirers of his and at some point, someone is going to do something similar. I caught the tail end of this conversation on a recording. As an federal law enforcement officer, I'm shocked to see this behavior so blatant on the radio, however given this constitutes free speak, I'm unable to investigate further. These users do, however violate the terms of Amateur Radio use. I am making this complaint as a private citizen and not as a representative of of the FBI.

Repeater where conversation was heard:

Ticket: # 3912146 - DANGEROUS RHETORIC AND PROPOGANDA

Date: 4/3/2020 9:10:19 AM

City/State/Zip: Hudson, New Hampshire 03051

Description

A radio host in Boston named Jeff Kuhner on WRKO radio (680 AM) is dispersing blatantly false information regarding the current COVID-19 pandemic. He is using his platform on the radio to encourage his listeners to not cooperate with the local and state government orders for closures and social distancing. He is willfully and negligently promoting conspiracy theories which are dangerous to the uninformed and whipping up his listeners in a such a way, which has become a threat to public safety withing his listening audience. His opinions are being facilitated as factual, and dangerous.

Ticket: # 3912152 - Comcast Internet

Date: 4/3/2020 9:19:07 AM

City/State/Zip: Miami, Florida 33131

Company Complaining About: Comcast

Description

The consumer is calling to file a complaint against Comcast, whom she has internet, TV and phone services with.

The consumer states that last night she got paid and she looked at her account this morning and saw that her automatic payment to Comcast was removed from her account but yet she had no services.

The consumer then called Comcast and they said that it takes 24-48 hours for it to go through so she just had to wait.

The consumer states that she has never had this issues, every time the payment came out it did everything at once and she always had service.

The consumer states they need to stop doing this bad unfair treatment to their consumers.

The consumer states she wants her services that she is paying for on immediately especially during this difficult time. (COVID-19)

Ticket: # 3912177 - Cable bill

Date: 4/3/2020 9:46:31 AM

City/State/Zip: Pontiac, Michigan 48341

Company Complaining About: Comcast

Description

Xfinity has shut my cable services off. I was informed that I have to pay the entire bill in order for the services to be turned on and they are giving no payment arrangement at all. Due to the pandemic money was spent on food and other necessities I. The home including medication. I did not know my services were being disconnected especially during this time. I would like my services back on and given time to pay my cable services. Xfinity has kept the internet on which is great but I am being charged for that and they fell to tell me that my cable can be shut off and you have to pay the full bill to have it back on. They did not tell the media the truth or it's customers. This is unethical.

Ticket: # 3912191 - ATT Uverse Internet service is unusable in the evenings.

Date: 4/3/2020 9:58:40 AM

City/State/Zip: Suwanee, Georgia 30024

Company Complaining About: AT&T

Description

My AT&T UVerse fiber internet becomes unusable in the evenings. For the past 3 nights. Speeds are intermittent from .2Mb/s to 20Mb/s, ping times are extremely high, 1000ms+.

I have spent an evening two nights ago on endless calls with ATT support, all but one of the guys wanted to troubleshoot my Wifi settings and reset my modem . I see many others have the exact same complaint in the ATT forums. The support people I spoke to refused to look at the forums or listen to what I see in the traceroute data and I could make no progress with their support. Just useless.

I understand the the workforce has been hampered by COVID-19, but not being able to get a single competent person on the phone that will listen is frustrating. I actually did have one smart guy on the phone, but all he could do is quickly realize the problem is not my wifi settings and redirect me elsewhere.

Ticket: # 3912234 - Deceptive Payment Practices Comcast Cable

Date: 4/3/2020 10:26:18 AM

City/State/Zip: Peoria, Illinois 61604

Company Complaining About: Comcast

Description

I have cable service with my local provider Comcast. My account number is (b) (6). I have a past due amount on my cable billing that led to a temporary disconnection. On 4/3/2020 approximately 7:30AM I was told to pay \$246.89 to restore my service.

After making payment successfully by debit card through the automated system, I called back to make sure cable would be restored. The representatives named Everton badge ID 3630590 and supervisor Leandria Smith badge ID 3578366 informed me that I would need another \$289.32 to restore service.

I informed both that I had not made the mistake or made up an amount and frankly can barely afford the payment I made due to our Covid 19 crisis. They said that there was nothing they could do.

My Franchise Authority is City Of Peoria, Illinois 61602 FCC Unit Is IL0109

I need help restoring service until I can garner financial relief.

Ticket: # 3912262 - unable to contact someone to cancel DirectTV

Date: 4/3/2020 10:43:34 AM

City/State/Zip: Humboldt, Tennessee 38343

Company Complaining About: AT&T

Description

I would like to cancel Direct TV but the only way to do it is on the phone. Because of the COVID-19, there does not seem to be any one available to answer the phone. I would like to cancel via email or online but that is not an option. My account is paid through April 7, 2020 but I do not want to be charged past that date. Thank you.

Ticket: # 3912311 - Account difficulty after father passed away.

Date: 4/3/2020 11:01:07 AM

City/State/Zip: Twin Falls, Idaho 83301

Company Complaining About: Sudden Link

Description

My dad died just before the CoronaVirus pandemic shut down travel and I could not get from Idaho to West Virginia to his funeral. Now, trying to close his accounts, I am not an authorized user on Suddenlink's account and they will not talk to me without verifying his death by submitting a Death Certificate in person at a SuddenLink Office. I am 8 1/2 hours driving away from the nearest Suddenlink Office in Idaho during a stay at home order and the amount of gas and time would be well more than 2 months of internet service. They have hung up on me several time and won't make an exception to their policy during this difficult time. I cannot pay his bill as his accounts are frozen where the automatic payments are coming from and I have no money because of Covid-19 financial issues. If they would accept his online obituary as other companies have done, we could talk to them and arrange payment for his account but we have been hung up on several times.

Ticket: # 3912367 - Comcast disconnecting t.v. during Coronavirus

Date: 4/3/2020 11:33:16 AM

City/State/Zip: Coconut Creek, Florida 33073

Company Complaining About: Comcast

Description

I spoke to a Comcast agent in late March concerning my services. I was told by the agent that due to the Coronavirus that Comcast was keeping all services running until mid May. Today I awoke to my tv service not working. I called Comcast and was unable to get any help from an agent or a supervisor. I called the corporate phone number and was told that no one had the authorization to make any changes. Comcast has gone back on its agreement with me concerning my services. In today's environment having access to the News is Life or Death! The death toll In this country is rising daily and not having access to that news places my family and myself at major risk. Please help us!!!

Ticket: # 3912405 - no service on us cellular cell phone

Date: 4/3/2020 11:47:25 AM

City/State/Zip: Farmville, North Carolina 27828

Company Complaining About: Us Cellular

Description

I believe It has happened about 6 times in the last 6 months I am a medical courier transporting blood, blood plasma now covid 19 samples from hinterland hosp labs to state labs, UNC core lab Duke etc It is critical that my phone work, several times during busy weekend and when they Have fires I believe my phone is getting blocked ou by Farmville Fire Dept. The Kicker my neighbor Is the fire chief!

Ticket: # 3912432 - poor services

Date: 4/3/2020 12:00:17 PM

City/State/Zip: Lawton, Oklahoma 73501

Company Complaining About: Norton Lifelock, Inc.

Description

I have a subscription to and have been attempting to contact NORTON LIFELOCK, INC. using their customer services number to renew my membership, and was on hold for an hour and the system disconnected, again for over two (2) hours, I hung up. Their website indicates online chat is not available; site indicates because of the current pandemic. This is such poor services for one of the best rated internet security services. On their phone services, there is no way to leave a voice-message with your name, number for a return call. This situation is very disappointing, that their technology should be better equipped to handle their customers at this time.

Ticket: # 3912453 - Invalid message going out in place of "busy signal"

Date: 4/3/2020 12:07:04 PM

City/State/Zip: Greenwood, Arkansas 72936

Company Complaining About: Cox

Description

Callers receive a message instead of a busy signal that says " The number you are calling is not accepting calls at this time".

This issue is the result of a change Cox made to their system. I have been a loyal customer for almost 20 Years and would not be looking to leave if they could fix this issue. We have lost business as a result of customers thinking we closed due to the corona virus as a result of this message going out. I have had 2 other phone companies troubleshoot the issue with Cox and it is a Cox issue.

Anyone who you ask about a "working" phone number will tell you, the call should either go thru and be answered or ring "busy" and that is all I am asking for. My service has worked this way thru Cox for almost 20 years, and now it doesn't. If they can not fix it, then I believe they are in breach of contract, which states their responsibility to provide service, which is implied "working" service.

Ticket: # 3912462 - forced programming

Date: 4/3/2020 12:11:07 PM

City/State/Zip: Auburn, Alabama 36830

Company Complaining About: Dish Network

Description

I live in Auburn, AL, in between Montgomery, AL and Columbus, GA. We use Dish Network for our TV programming (we live in a low elevation and cannot receive broadcast TV channels). The FCC has assigned us to Columbus, GA for all local channels through Dish Network (and I'm sure other TV service providers too). This is a problem now because we need to get COVID-19 updates about our state, AL, not GA, and the Columbus stations are primarily covering related issues in GA. Also, Alabama's PBS stations are offering educational programming to assist with our schools being closed, and all we get for local PBS is the GA PBS station on Dish. I contacted Dish and they said that the FCC has set it up this way and they cannot therefore change our local programming to Montgomery, AL. I'm not faulting Dish in this; I just need your help to fix it.

Ticket: # 3912605 - Verizon Wireless Disconnected Service

Date: 4/3/2020 1:01:49 PM

City/State/Zip: Memphis, Tennessee 38126

Company Complaining About: Verizon Wireless

Description

He is calling about Verizon Wireless.

This is his cell phone.

This is his business phone.

Verizon Wireless disconnected his service, there was a problem on their end.

Verizon Wireless wanted to charge him \$7.00 to talk with someone.

His phone was disconnected for not paying the bill, which was only 3 days late.

His service should have not been turned off, because of COVID-19.

Ticket: # 3913143 - No means of cancelling service with AT&T Wireless

Date: 4/3/2020 4:06:40 PM

City/State/Zip: Morris, Minnesota 56267

Company Complaining About: AT&T

Description

With the COVID-19 issues AT&T Wireless now provides NO means to cancel service. Their phone line texts a broken link that will supposedly allow cancelling service. When an operator finally answers the operator consistently denies having any ability to cancel wireless service.

An order should be issued to AT&T to immediately provide every user with online means to cancel any service. Alternatively they can simply stop billing for their services. This business of refusing to allow users to cancel service is absolutely absurd.

Ticket: # 3913199 - Telemarket call

Date: 4/3/2020 4:22:02 PM

City/State/Zip: Shirley, New York 11967

Company Complaining About: Credit Card Servicess

Description

In the mist of the COVID-19 pandemic, and as there is a “no telemarketing calls” EO, I recorded one form “Credit Card Services,” offering to lower my interest rates.

This number is also registered to a corporation, so there is no way they could have MY information

Ticket: # 3913226 - Broadband Access

Date: 4/3/2020 4:30:55 PM

City/State/Zip: Stanfield, North Carolina 28163

Company Complaining About: Spectrum

Description

Cable provider is Spectrum; previously Time Warner. AT&T provided DSL 10 years ago, but new residences have degraded service and only dial up is currently available; Cable internet was installed up to two houses down on our street, and cable companies have consistently refused to install any further down the street. At this time, we have subscribed to Hughesnet, but service is so bad that no streaming or consistent connection can be maintained. While this has been a nuisance up to now, it is creating a significant hardship due to increased dependence during the coronavirus. Is there anything that can be done to bring cable internet to the rest of our street (Rushing Rd., Stanfield, NC)

Ticket: # 3913262 - Repeated calls

Date: 4/3/2020 4:45:06 PM

City/State/Zip: Woodbine, Maryland 21797

Company Complaining About: Bethesda Maryland On Id

Description

This number keeps calling me. Theyve called me all day. I have received six or seven calls from this number and they are claiming to have a coronavirus cure.

Ticket: # 3913274 - Internet Reliability/ Billing

Date: 4/3/2020 4:46:57 PM

City/State/Zip: Stansbury Park, Utah 84074

Company Complaining About: Comcast

Description

I have had issues connecting to WIFI, and constantly being booted off my WIFI from day 1. I have spent many hours calling, emailing, and sitting through tech visits to fix the problem. Meanwhile they never provided a reliable internet yet increased my bill without proper notice. Additionally when I called I was talked to like I was the problem. This is more than frustrating when considering my kids now need a reliable internet for schooling, and my wife and I work from home due to the Coronavirus pandemic.

City/State/Zip: Lake Forest, California 92630

Company Complaining About: County Of Orange

Description

Ever since the COVID-19 has started, The County of Orange has failed to caption live on social media. This is not acceptable since there is a huge population of deaf and hard of hearing (especially the senior citizens who do not know sign language). We are missing the very vital information on the updates on Coronavirus pandemic.

Ticket: # 3913337 - Added Internet Charges During Coronavirus Shelter in Place Orders

Date: 4/3/2020 5:10:45 PM

City/State/Zip: Rockwall, Texas 75032-7544

Company Complaining About: Sudden Link

Description

Suddenlink Communications is using the coronavirus to financially take advantage of the circumstances by forcing us to buy added internet capacity. I already have a 100mb service which is well above the minimum and serves us well, but due to family being stuck at home the usage is slightly exceeded. They will waive one overage fee, but will enact a \$15 added charge for 50mb extension. This is not in the spirit of addressing the coronavirus challenges we all face for a limited time and this is the basis of the complaint. They should not be allowed to take advantage. This overage will also undoubtedly occur again since we will be forced to shelter in place longer. After shelter in place orders are removed, this overage is not expected to continue. I tried to contact them but having trouble getting through due to their reduced hours of operation and overloaded phone calls.

Ticket: # 3913366 - PUBLIC network failing to broadcast Presidential briefing on Coronavirus

Date: 4/3/2020 5:30:03 PM

Description

Comcast is making customers wait up to 2 hours to speak with a representative and they have removed their phone number from their websites. How is this even legal? I understand there's a pandemic but it just seems ridiculous.

Ticket: # 3913384 - Local TV forcing me to download theirapp

Date: 4/3/2020 5:39:56 PM

City/State/Zip: North Fort Myers, Florida 33917

Description

Wink TV channel 11 Fort Myers Florida is forcing people to download their app so they can watch the coronavirus taskforce with President Trump the doctors and all the experts

Ticket: # 3913394 - Altice's Suddenlink cut off Internet Service For Being Past Due /Covid-19 - Violated their Pledge

Date: 4/3/2020 5:45:29 PM

City/State/Zip: Gurdon, Arkansas 71743

Company Complaining About: Sudden Link

Description

The consumer stated that on 03/31/2020 her children notified her that the internet was not working. She stated that they had NO access at all. They did have a bill that was due. However, because of the Altice Keep Americans Connected pledge, to the FCC Chairman, they knew that they would be okay for 60 days! They thought perhaps, that there was an area outage and called Altice. However, when they called Altice, they were told that their bill was over due. The bill had been due 03/25/2020. The billing period was from 03/14/2020 - 04/13/2020! This was clearly after the date of the announcement by the Chairman, at the FCC, that stated companies understood and gave their pledge to keep Americans connected. The consumer stated that because their children MUST complete their daily assignments, they chose to pay Altice on that day. Especially because there was an insistence to do so! Mrs. Golden stated that there was no way that their children would not be counted as having completed their work! She has three children of her own and two staying with her that also need to complete their work! She stated that she wrote a "hot check" after being told that she must pay \$125.00 to reconnect the service and had a total due of \$262.46 ...(sort of implying that she needed to make full payment)! Her husband authorized a payment for the total due so that there would not be a question of it being turned off again. They know that their bank will charge them \$31.50 each time that check is presented. They have no money right now. She feels that their bank may run it through a third time and this will get paid at that time because her husband will get paid on 04/09/2020. The consumer wanted to know what would happen due to this flagrant disregard for upholding their pledge and intimidating them in this way to make the payment so her children could complete their school work? She requested that they make this right due to this disregard just a couple of weeks after making this pledge. She stated that they would at least like their bank fees to be covered! She knows that they wrote the check, but Altice gave them no choice and they did NOT honor their pledge to the FCC! Any additional consideration would be greatly appreciated as they are feeding 5 kids at this time(due to the 2 that stay with her at this time) and she has lost her employment due to the Covid-19 situation. Her husband is currently working but money is tight and they are doing the best that they can.

Ticket: # 3913409 - Experiencing multiple month long bouts of packetloss with no fix

Date: 4/3/2020 5:54:04 PM

City/State/Zip: Centerton, Arkansas 72712

Company Complaining About: Cox

Description

Been dealing with inconsistent internet even during non-peak hours. I've ran speedtests, reset modem, called and got the same answer as everyone else. This has been going on a couple of months before the Covid pandemic and no fix yet. This includes packetloss, high ms, and not getting the advertised download/upload speed that we are paying over 300\$ a month for.

Ticket: # 3913411 - Irresponsible broadcasting by NBC

Date: 4/3/2020 5:56:40 PM

City/State/Zip: Cheney, Washington 99004

Company Complaining About: Nbc

Description

FCC licensing for NBC and its affiliates should be revoked! It's unconscionable [OBJ] during a time of national emergency, that they would not broadcast the [OBJ] Coronavirus Task Force briefings [OBJ]. This irresponsible and callous disregard for the safety of U.S. citizens in my opinion is treasonous! [OBJ]

Ticket: # 3913413 - Optimum (AlticeOne) failing to provide paid for services

Date: 4/3/2020 5:58:37 PM

City/State/Zip: Ringwood, New Jersey 07456

Company Complaining About: Optimum

Description

Optimum Online is failing to provide the network connectivity speeds and reliability for which we have subscribed for. They are entirely unreachable and unresponsive via customer support mechanisms yet continue to take payment. These symptoms are only exacerbated by the fact that the majority of their customer base are now working from home during the ongoing pandemic. No comments or direction have been provided by the company to this effect.

Basic network testing has ruled out all internal wiring and indicated that the issue is not caused by or in any way the responsibility of the customer. Connection speeds are less than advertised. Connections will fail outright for indeterminate amount of times at random intervals.

Ticket: # 3913437 - AT&T

Date: 4/3/2020 6:12:02 PM

City/State/Zip: Lubbock, Texas 79410

Company Complaining About: AT&T

Description

Phone and internet service has either been cut off or not working for my 82 yr old mother. I held for AT&T for 4 hrs 13 mins and no answer. My Mom lives alone and they have put her life in danger with this. She has fought with them since Nov and they will not resolve her issues. Now that we are in a pandemic we are hard pressed to get new services at this time. They need to get this matter resolved immediately!!!!

Ticket: # 3913441 - Unreliable Internet service and lack of response from Suddenlink

Date: 4/3/2020 6:15:04 PM

City/State/Zip: Prosper, Texas 75078

Company Complaining About: Sudden Link

Description

We have had continual issues with the ISP since we had our service installed in September 2019. When it was first installed the employees blamed it on their new Altice One system and the company controlling everything, which took about two months to finally get resolved. After that we have had issues with the internet and TV service continually dropping. Since the middle of March we have had numerous issue and every time we call Suddenlink we get the recording that says there is a known issue in the area and service would be restored in about 4 hours. Then would we like a call when service would be restored, but would never get that call. If we could get through to a person we would get told that they are aware of the issue and were working on restoring service, but could take up to four hours. If you ask to speak to a manger we would get told a manger was not available. They would say the would enter a request to have a manger call but could take up to 48 hours to get a call back. The final straw started this past Friday the internet went out at about 2:00 PM and we had no service and this continued until the pushed out a software update on Sunday night. When we woke on Monday we had service until about 3:00 PM when it went down again and was not restored until around midnight. We then had service until about 9:30 on Tuesday morning and was not resolved when I went to bed on Wednesday at 2:00 AM. On Wednesday and Thursday the same thing happened the service went down at about 9:30 AM and was not restored until sometime after 3:00 AM. On Friday, April 3rd it went down again at about 9:30 AM and was finally restored at 3:00 PM. Since the restoration time until 5:00 PM we have not gotten a call that it was restored. On Friday, March 27th, Monday, March 30th, Tuesday, March 31st, Wednesday, April 1st, and Thursday, April 2nd we have requested a manger to call us back we were told the same thing it will take up to 48 hours to get a call back. I understand the pandemic is causing a lot of adults to work from home and kids to use the internet for school but what was frustrating was the service issues did not affect everyone in the area it seemed random and when we would call suddenlink we got excuse after excuse with no help. Suddenlink would not even supply me proof of the service outage that I could send to my employer. The lack of service has resulted in a large expense to finally purchase a hotspot and pay for internet service through the hotspot.

Ticket: # 3913475 - Comcast is a Joke

Date: 4/3/2020 6:27:00 PM

City/State/Zip: Lawrenceville, Georgia 30044

Company Complaining About: Comcast

Description

Comcast's whole organization is a joke. They promise customer's things they can never deliver on. They sell you on one price and then the bill never reflects that. They charge stupid fees hoping you won't catch it. My services have been disconnected even after the agreement with the FCC to not disconnect services due to the COVID epidemic. I am allowed to work minimal hours and have to do so from home and our internet has been downgraded to the point I cannot even get my laptop to connect and stay logged on. Their customer service representatives do not care about their customers and will say whatever it takes to get the customer off the phone. Comcast is the only cable provider in my area and they monopolize on people due to knowing this. They know people do not have multiple choices for services and they take advantage of this.

Ticket: # 3913505 - Bundled Service

Date: 4/3/2020 6:57:25 PM

City/State/Zip: Poughkeepsie, New York 12601

Company Complaining About: Optimum

Description

Tomorrow will mark the 11th day my father has not had access to internet, phone, or cable. We had called last week to schedule an appointment. It turns out that his cable was "bleeding" and a technician would need to come out. We were told that we would have to wait a week and given the appointment of Thursday April 2. The technician never arrived and my father was told that due to the corona virus they would be unable to come for an upwards of another 2-3 weeks. I placed a complaint earlier with the FCC (b) (6). A representative from Optimum did call, and I was promised a call before 6pm, which I never received. To add insult to injury my father did see an Optimum technician who was unable to help because my father wasn't on his work list. My father is 72 and has asthma. Please Help!

Ticket: # 3913520 - Verizon Wont Cancel My Service

Date: 4/3/2020 7:16:37 PM

City/State/Zip: Fort Lee, New Jersey 07024

Company Complaining About: Verizon

Description

I called Verizon Small Business on 1/6/20 to cancel service (Acct (b) (6) Receive a bill after that and called on 1/17/20 spoke to Mrs. Washington (order # NJ (b) (6)) who said lines were never disconnected. Spoke to Timothy Hoey on 2/27/20 who stated lines were never disconnected and I was due a \$240.97 credit. Never received the credit. Called Verizon today no answer due to Coronavirus. On line Chat with Bill said lines were never cancelled and "it would all work out" but I am being billed \$56.17 monthly for phone lines I don't have with Verizon.

Ticket: # 3913525 - Internet Billing

Date: 4/3/2020 7:23:01 PM

City/State/Zip: Edmond, Oklahoma 73012

Company Complaining About: Cox

Description

Sorry, this is going to be more than 3 - 5 sentences. This is the second complaint in three months of billing. The last one I had was for \$80 in overage charges for internet, which was credited by COX. I was appreciative for the credit, but the problem is still unresolved in my mind. I have asked on multiple occasions for the explanation of where the usage is going, but no one can explain this. All they want to do is sale me an upgrade when I call in. I don't want to spend another \$50 a month for unlimited. If they can't tell me where the usage is going, why should I have to pay for it? And I will explain this as I go, which is the rest of my complaint. After the last overage charge, which all of sudden just started getting charged for overages, and they can't tell what it is being used on, I downloaded some software in my router that would allow me to track ALL data going out of my router, by each device. I have been monitoring it every month and it resets on the day of the month my data resets. Now I know it isn't exactly going to match COX cables records, but it gives me an idea of what devices are using what data and I can control those devices. The last bill I showed to be 100G short of my data plan, but COX billed me for 200G over. Again, not an exact science, but at least I can tell where my data is going and COX can't. This is still very frustrating, because all they want to do is bill me \$50 a month more for unlimited data. When I called and inquired about my bill today, I was on hold for 45 minutes to get to a customer support agent, and on the phone for 50 minutes to get the following accomplished: First my COX bill was past due, that is our problem and I will resolve that with who pays our bills. Second, I have been asked, the many times I have called in, for a customer PIN. I receive paperless billing, so the PIN is marked out on the bill for security purposes I guess. No one can tell me my PIN or even help without the PIN, so that in itself can cause other delayed issues. I was told today that I would have to turn back on my Paper billing (which costs more money for the company and wastes paper for the environment) in order to start receiving my PIN. This is the craziest thing I have heard. Next after we provided mother's maiden name, had to spell it, give our last address, last four of the social, etc etc, we were able to get help this ONE time. As I tried to explain to the rep that we have had this problem before, he said he would give me credit for half of the overages, but still can't tell me why I was charged or where the data was used. Basically, just trust us, you used that much data. When I explained that I had been monitoring it since, he had no answer for that either. Still had to pay for half, and was instructed that the next 60 days were free because of the COVID-19. The last thing was the next bill was even higher, when I inquired about it, I was told there was a \$75 charge for a technician to come to my house and fix a slow internet problem, which was COX's problem, not mine. When I tried to explain that I have been paying for the in home service for years, he looked it up and said that he indeed did find the plan on my account so he could credit my next bill as long as I paid this one. When I asked if I was being charged the extra \$75 because of my overdue account, he replied with this explanation. It shows the technician sent a notification to COX to bill and the "system" must not have caught the fact that I had the in home service plan. So I then commented, "do I have to monitor my bill to make sure that you are charging me what is correct every month, because the "system" doesn't always catch the correct billing?" That just seems very wrong and a very wrong response. On his part and mine. Which brings me back around to my original problem. If COX can't give me usage detail to show what devices are using what services, then they shouldn't be allowed to charge me overages. I want detail billing information because I am showing

that I didn't use that much and you are saying I did. Just like you billed me extra for the technician, when it was a COX problem, AND I have been paying all along for the service for in home care. If COX can't catch that on my bill, how can I be sure that what I am being billed is what is really being used without any type of records or detail usage. If I can monitor it by device, website, service, upload and download, then why can't that be on my bill? If it can't, then the answer shouldn't be to pay more for unlimited data, that should be provided as standard, period!

I actually called back in to disconnect my service, but was put on hold again and I didn't want to wait for another 45 minutes. So I went to their website and waited online for 30 minutes to talk to a representative, and as you guessed it, I was told she couldn't disconnect my service online, I would have to call in to do that. But.... she could upgrade my service if I wanted to do so.

Ticket: # 3913545 - Unacceptable Service**Date:** 4/3/2020 7:46:11 PM**City/State/Zip:** Spokane, Washington 99224**Company Complaining About:** Comcast

Description

Since the COVID-19 issue, the service has dropped out between 5 and 10 times every 15 minutes between the hours of 11 AM - 7 PM (About 3 weeks now). If the service doesn't cut out in a whole, it drops to between 0.14Mb/s - 20Mb/s for 20 - 40 minutes, when I have a 500Mb/s package. I understand network congestion but this is not what I am paying for. I have spoken with customer service multiple times after having spent a total of around 5 hours on hold. They keep saying they are escalating the ticket / request / issue and that a supervisor or technician will look into the issue and get back to me. No supervisor or technician has called me back. Nothing has been done to rectify the issue. I have tracked the IP of the system causing the latency and data drops on their system and even explained it to them-- but nothing has been resolved. I am having difficulty working among other home functions with this issue. They just have zero interest in helping me, a paying customer. This even after the fact that they signed me up for video services without me expressing any sort of authorization to do so. In fact I explained to the representative that I wanted no changes on the account when I was talking to her. They also threatened to have me ejected / escorted off the property when I told them that the Broadcast Fee and Regional Sports Fee was not a tax while at their location when they told me it was a tax. Their phone system just hung up on me for the 8th time tonight.

Ticket: # 3913565 - Comcast not providing Internet during the COVID-19 pandemic

Date: 4/3/2020 8:04:32 PM

City/State/Zip: Oakland, California 94619

Company Complaining About: Comcast

Description

Hi,

Today is the 14th day that me and my neighbors don't have internet. We keep calling Comcast, and they either read off a script, or say they would investigate the issue and would get back to us; they never do. I have complained to the office of Tom Karinshak, and the issue is not resolved. I know for a fact that a few of the neighbors have had Comcast technicians in their houses, and they still don't have internet, since the whole neighborhood is affected. We are supposed to shelter in place and work from home. In my case, I'm trying to see patients via video visits from home, to prevent patients from leaving their homes. Can you ask Comcast to stop ignoring the issues and give us internet? Also since I'm a patient care provider, is there any other public WIFI that I can use for patient care? Comcast public WIFI does not work. Thank you.

Ticket: # 3913567 - Unwanted call - coronavirus scam

Date: 4/3/2020 8:06:01 PM

City/State/Zip: East Meadow, New York 11554

Description

My parents received a call from a “pharmacy” offering free delivery on their medications. Just needed their medical insurance info, and address. The pharmacy didn’t have a name, or a phone number. They were offering the services “in this time of crisis, so people stay safe during coronavirus pandemic”.

Ticket: # 3913581 - Cramming / throttling

Date: 4/3/2020 8:11:57 PM

City/State/Zip: Stockton, California 95202

Company Complaining About: Verizon

Description

I have a health problem and depend on Verizon to communicate with my doctor during Covid 19 and other times. My throttled internet interferes with my ability to file with the IRS or EDD and prevents me from having an income. I have a grandfathered plan with Verizon.

Without my consent , Verizon has bundled \$15 monthly for international calling to Mexico and Canada. I never consented to this. Furthermore, I was promised unlimited high speed data with no data caps for hotspot or phone.

Today a representative, Rain, at around 2pm acknowledged that my data has been capped and my plan swapped for the newer capped data program.

Even capped we are suppose to get an additional 15 g high speed on top of our regular data. I have used 22g which would mean I am only regularly given 7g of high speed data. This is not the plan I was promised at \$80 a month.

I would like a refund of the \$15 a month I didn't consent to as well as the difference between promised services and actual services

Ticket: # 3913605 - Cox internet outage (extreme packet loss)

Date: 4/3/2020 8:32:45 PM

City/State/Zip: Southington, Connecticut 06489

Company Complaining About: Cox

Description

Our internet connection from Cox Communications has been experiencing an outage for a week. Multiple speeds tests everyday during the outage have shown extreme packet loss which has caused the internet connection to become basically unusable most of the day. My family is not able to work from home because of all this and our VoIP phone has not been working properly either (which is a safety issue). I have contacted Cox numerous times through various channels but all they do is apologize for the inconvenience and continuously refuse to provide any real answers as to what they are doing to fix our internet connection. Please help as we can not continue on during this pandemic without a reliable internet connection.

Ticket: # 3913632 - FOX News put public health at risk

Date: 4/3/2020 9:07:40 PM

City/State/Zip: Irving, Texas 75039

Description

FOX News called the Coronavirus a 'Hoax' and then lied about calling it a Hoax on public airwaves. Fox News also brought in 'experts' that called the Virus 'at worst a flu'. FOX News has repetitively shown a disregard for the public trust and safety by misleading and lying to the public during "News" broadcasts and should have its broadcasting licenses revoked permanently. This should be equally enforced across all broadcasters. It's time for the public trust to be restored in media.

A formal complaint will follow if an adequate response is not delivered by the FCC.

Ticket: # 3913635 - lies from At&t automated message

Date: 4/3/2020 9:09:50 PM

City/State/Zip: Fort Worth, Texas 76140

Description

Given the coronavirus pandemic and its impact on American society, [[Company Name]] pledges for the next 60 days to:

- not terminate service to any residential or small business customers because of their inability to pay their bills due to the disruptions caused by the coronavirus pandemic;

- waive any late fees that any residential or small business customers incur because of their economic circumstances related to the coronavirus pandemic; and

- open its Wi-Fi hotspots to any American who needs them.

Att has lied to customers(prepaid and postpaid) and have intentionally disconnected Barabara Bratstad during the Covid-19 pandemic. Her phone number is. (b) (6) This is her "only" phone she has in her home. It is a smartphone only without any home service.

I listened to recorded message from calling Customer Service at the following number....800-331-0500.

After waiting for 120 (one hundred twenty) minutes, I spoke to Raul(he refused to give me his location) he pushed me off to another department. Raul(employee#zdnc76) refused to resolvethis issue and tranferred(without my permission) to another department when y call got disconnected. I used to be an at&t customer but they have terrible customer service so I dropped them.

A Past Art Customer

(b) (6)

Ticket: # 3913643 - Incompetent Support and no service for multiple days

Date: 4/3/2020 9:21:22 PM

City/State/Zip: Prosper, Texas 75078

Company Complaining About: Sudden Link

Description

I'm a network engineer, and it's embarrassing that SuddenLink can't get this resolved. Our whole neighborhood in Prosper, TX has been suffering from constant outages for weeks now. With the COVID stuff going on a lot of us are having to work from home so this has been very disruptive. AT&T is the only other option for us, but they are much slower. Having 2 choices when one of them is incompetent and the other is too slow is not going any good for consumers.

Ticket: # 3913664 - Sprint transferred my number and is not able to activate it

Date: 4/3/2020 9:54:51 PM

City/State/Zip: Kirkland, Washington 98034

Company Complaining About: Sprint

Description

I placed a new order with Sprint on 2nd April. Order # [REDACTED] (b) (6)

I got a call on April 3rd asking me the details about account number and pin from carrier.

I was asked to turn off my cell and switch it after 10 minutes at around 12:06 PM on April 3rd.

I kept trying, but nothing worked. My service from my previous carrier was deactivated and I was not able to call anyone nor Sprint.

I tried chatting, and at 6:00 PM I was able to reach someone. Spent several hours and they asked me to switch on and off, but nothing has worked. I got transferred to another rep who asked me the same questions. During this COVID time, my family has not been able to contact me and it has put me on risk when I have not been able to contact anyone nor go out. Sprint has not been able to help me. They ask me to call customer service and I cannot call since there is no network on my phone.

Chat attached.

Ticket: # 3913683 - CNN is knowingly Broadcasting False News about Covid-19

Date: 4/3/2020 10:51:00 PM

City/State/Zip: Cypress, Texas 77433

Description

CNN is knowingly broadcasting false information about the President of the United States informing the citizenry of the effects and Government assistance in fighting the Covid-19 virus. They have also made claims of the origin of the virus having been started by the US Military. They make these statements with no evidence to support their claims. CNN is broadcasting this information with the sole intent of harming the President of the United States and placing fear into the populace of the American people.

I feel CNN is intentionally broadcasting false information about the President of the United States and this is due cause for the FCC to revoke their broadcasting license.

Ticket: # 3913704 - WSCG antenna tv

Date: 4/3/2020 11:16:17 PM

City/State/Zip: Statesboro, Georgia 30458

Company Complaining About: Wscg Tv

Description

Without notice WSCG TV out of Baxely GA dropped 7 of their antenna tv channels 34.6 through 34.12 received in Statesboro GA and 34.1 to a religious only channel. Thus loosing 8 channels right at a time when everyone is under "stay at home" orders due COVID-19. Am a Sr with limited income. Why is antenna TV so UNRELIABLE. Again low income gets the rip :(:(:(

Ticket: # 3913708 - North Atlanta AT&T Internet Throttling

Date: 4/3/2020 11:25:53 PM

City/State/Zip: Suwanee, Georgia 30024

Company Complaining About: AT&T

Description

Working from home out of the northeast metro Atlanta area and experiencing outrageously high latency on Uverse. Pings sometimes exceed 1000ms. Contact with AT&T support has not helped at all, and this has persisted for nearly a week. I am assigned to a critical project designing COVID response policy for the state of Georgia, and I cannot do my job with this internet quality. Please open an investigation and expedite the service for this matter.

Ticket: # 3913713 - commercial starting panic in Oregon

Date: 4/3/2020 11:31:45 PM

City/State/Zip: La Pine, Oregon 97739

Description

A commercial with Oregon' state seal on it in stark yellow background & blackletters asking WHO DID YOU KILL TODAY/DID YOU ACCIDENTLY KILL SOMEONE TODAY, messages of that sort re: the coronavirus & the need to stay home. It is the most terrifying & panic stimulating thing I have EVER witnessed on tv & more disturbing is that it is actually from the State of Oregon. These commercials need to be addressed swiftly & removed IMMEDIATELY. WE HAVE MENTAL HEALTH PROVIDERS DOING TELE-CONFERENCE SESSIONS TO AVOID PANIC & THESE PEOPLE ARE FOSTERING PANIC. This is obscene in the extreme

Company Complaining About: Comcast

Description

TV disconnected 4/3 fir past due payment due 4/2 despite making payment 4/3 8:00 am. Comcast pledge during pandemic to keep customers connected. They expect my service will be restored 5/13.

Ticket: # 3913768 - Poor internet performance

Date: 4/4/2020 2:03:30 AM

City/State/Zip: Scottsdale, Arizona 85251

Company Complaining About: Cox

Description

My internet connection has become unusable for VOIP calls. This is an important area for me as I need to be able to work from home during the COVID pandemic. Packet loss is as high as 20% in the middle of the day. A technician was sent out and confirmed the issue was with Cox's network.

Ticket: # 3913772 - MLB Early renewal

Date: 4/4/2020 2:27:15 AM

City/State/Zip: Costa Mesa, California 92626

Company Complaining About: AT&T

Description

AT&T is starting to charge me monthly payments for MLB package that is suspended for COVID-19. Why are they allowed to charge me for something that has been suspended? This is worst possible timing to be charged for something we are not currently getting.

Regards,

(b) (6)

Ticket: # 3913787 - Cox Internet

Date: 4/4/2020 4:50:29 AM

City/State/Zip: Las Vegas, Nevada 89133

Company Complaining About: Cox

Description

Cox is currently blaming the Coivid pandemic for the reason many are experiencing constant packet loss when this is not exactly the case. Many have had packet loss issues before this and all Cox has done is give people the runaround saying that they are looking into things or even claiming that they see no issues on their end. Being forced to expand and fix their infrastructure and not have so many customers on one node could help this issue for many.

Ticket: # 3913846 - Price gouging

Date: 4/4/2020 9:20:31 AM

City/State/Zip: Centerville, Ohio 45458

Company Complaining About: Spectrum

Description

Spectrum, without notice, raised my internet by \$10 a month during pandemic. My work hours have been cut, kids home schooling due to school closures. This is so unethical of Spectrum. They know there are no viable internet options in our area. This is a monopoly. I have tried to contact them twice in 2 days, can not get ahold of anyone.

Ticket: # 3913881 - Complaint**Date:** 4/4/2020 10:32:51 AM**City/State/Zip:** Pontiac, Michigan 48341**Company Complaining About:** Comcast

Description

My complaint is against Xfinity cable services. Although they have agreed to keep the internet and phone on for old customers at a low price and new customers are free for 60 days, they fail to tell the customer that cable will be disconnect if you have a past due bill and shut off. It was stated by infinity that no service will be off. I did not find this out until my service was cut off and in order to get it on I would have to pay the past due amount. Due to the slowness of the internet because of the new speed that Xfinity placed on the services I found it difficult to connect to my job, my daughter had a hard time completing her school as well as my granddaughter had a hard time with her school work. I was also told by Xfinity that customers were placed on the package because of the virus. This was a good jester but they did not say that you would loose your cable if you did not pay your bill. My cable was shut off on 4/3/20 in the mist of the pandemic and Xfinity had no empathy. I paid \$484.00 to get my services back on becaus e I have a granddaughter, daughter and myself who use entertainment to keep some normalcy in our life and stay current. I paid because they refused to work out any plan that allowed me to pay half or at a later date while the internet is on for 60 days at a low price. This was stressful and I stayed on the phone talking to supervisors and reps from 7am through 5pm then throughout the night. Earlier one rep felt so sorry for us they gave a \$129 credit which was suppose to show within the hour but it did not. I was told the services will be on in four hours then 24 hours once the payment clears. I spoke to reps and the service was still not on. One rep stood out more than others because they to,d me that I really paid a lot of money to get the services on and I should not have too and it is still not on. She felt bad for me. I told her that this was too help me in the days to come for supplies and Xfinity did not care nor did they tell the truth about the new package they put everyone in. I did not get a notification of their new package at all and I am sure it did not include any choices for me or the fact that if you are on the package you will loose cable, we will not work with you with the billing and you services will be off unless you pay it all. I just want to say my services is still off. I know the times have changed and businesses are suffering and changing due to the pandemic. This is the time to truly work with customers and this did not occur. I did not have \$400 to give to Xfinity but they did not care. We have family movie nights, we laugh and cry and pray due to the virus and the effect that is pit has on everyone. We are stressed and sad and straying as strong as we can and then you have a company such as Xfinity who does not have seem to care about their customer in a time like this. They gave enough to appear to care but they fell to tell the full truth. This was very stressful and I am livid with their unethical protect which is costly so so much not just financially but emotionally. I need assistance with this issue and would like to know what can be done

.

Ticket: # 3913893 - Sprint lock network my phone

Ticket: # 3913901 - Overcharged and equipment non-return fees

Date: 4/4/2020 10:45:01 AM

City/State/Zip: Gillette, New Jersey 07933

Company Complaining About: Directv

Description

I have 2 issues with DirectTV. After very poor service for long I cancelled my service on March 23rd after three days of calling with no answer. I live in NJ and in COVID-19 context I was instructed to discard the equipment by the ATT customer service.

Problem 1: On March 31st I was charged \$ 156.98 cents for the next service cycle because ATT says I cancelled within the billing process. I am being charged for a service I cancelled on time

Problem 2: I received a letter after I discarded my equipment that if I will be charged non return fees. In my case \$135 for DVR and \$135 for 3 standard receivers. Total \$270.

I not only want all my money back but kindly ask ATT to be penalized in an exemplary way so they stop abusing the customers and taking advantage of a Pandemia for them own business selfishness.

Thank you

Ticket: # 3913911 - ASPCA commercial

Date: 4/4/2020 11:05:52 AM

City/State/Zip: Orlando, Florida 32832

Description

The recent increase in the number of ASPCA commercials is uncalled for, especially in the current climate of COVID-19. These commercials are incredibly long, upsetting, largely untrue, being aired very frequently and are strictly for the purpose of upsetting consumers.

Ticket: # 3913914 - Help with exorbitant WOW early termination fee

Date: 4/4/2020 11:09:35 AM

City/State/Zip: Columbus, Ohio 43221

Company Complaining About: Wow

Description

WOW promises reliable service, but had one outage (often multiple days at a time) per quarter in the 3 quarters prior to stop use of their service. This was 1.25 years into a 5 year contract and they wanted almost \$6000 in cancellation fees, despite failing to provide the reliable service they promise. They reduced to just under \$3000, which is still too much. This was for service at a Supercuts hair salon we closed in May to focus on our other salon. In times of COVID19 and trying to keep our business viable, WOW needs to step up as all other vendors have done... they need to eliminate this fee and stop trying to collect another \$325.26. We've already paid ~\$1100 for service we don't receive while trying to resolve this.

Ticket: # 3913917 - Suddenlink outages / speed

Date: 4/4/2020 11:14:46 AM

City/State/Zip: Prosper, Texas 75078

Company Complaining About: Sudden Link

Description

Suddenlink customer service is non exisitent. The dependability of their service of consistently paid-for rates is low (even before Covid19 quarantine system strain). We pay for 200 mbps and get 6 mbps during high volume times; it is not consistent/ we drop conference call connections via the computer and can't get work done/ boys being homeschooled can't complete tests as service is interrupted/too slow/non existent; and at night time it'll jump to approximately 100-180 mbps (non peak times). We do not get what we paid for.

Ticket: # 3913922 - Issues with Sprint customer service

Date: 4/4/2020 11:34:49 AM

City/State/Zip: Wheaton, Illinois 60189

Company Complaining About: Sprint

Description

Due to the COVID crisis, I am having a hard time upgrading a phone. I tried ordering online but the terms wanted me to return my old phone which is paid for and I want to keep my phone. I called telesales they wanted to charge me a \$50 down payment for a phone that is free online and \$20.84 per month. I tried using the chat feature the individual was completely lost. I am trying to order a phone and have it shipped to my mom. This is the hardest process ever. When I initially purchased her the phone she was with me. We are now in different states she is in need of a phone because the one she has is not working.

Ticket: # 3913926 - Spectrum Billing/Service COVID-19 Callousness

Date: 4/4/2020 11:46:23 AM

City/State/Zip: San Diego, California 92122

Company Complaining About: Spectrum

Description

I spoke with Spectrum and explained the dramatic impact it had on my family and our financial situation related to COVID-19 and they canceled my service March, 2020. I begged the representative on behalf of my sick family to please not cancel us at the moment I needed a little more time, we've lost our work, that I need this service that I have for real time CA state E911 services and contact for my k12 school aged children with our school district, for actively sick individual's in my household. The fact they would do this proves they will do whatever they can to tuck families like us under the "oops they died w/o March internet COVID-19 mass grave rug". while we're not even going to have APR 1 rent stemming from our state Governor announced state of emergency that was in full effect. I'd like for them to have to answer for their brazen callousness and lack of compassion to behave like this and operate with an FCC license/s Carrier class licence/s. They almost got away with treating a Vet and his sick family like this during our crisis while they begged and got pillow funds for executive pay days while we the customers in the crisis bit the bullet.

Ticket: # 3913928 - Verizon

Date: 4/4/2020 11:46:47 AM

City/State/Zip: Raymond, Nebraska 68428

Company Complaining About: Verizon

Description

4-1-2020. Verizon has called us hardship. We got out bill 3-4-2020 and paid it 3-4-2020.

This has been going on since 2016. We were even driving our payment into Lincoln.

This is getting old and wondering if they are forcing us to not use checks anymore.

We've been told by postal they leave in bins and get to them late. WE ARE NEVER LATE ON BILLS.

WE PAY THE DAY THEY COME. Now we are going through covid AND chemo treatments and this is Not what we need.

Ticket: # 3913964 - Internet

Date: 4/4/2020 12:28:06 PM

City/State/Zip: Maplewood, Minnesota 55109

Company Complaining About: Centurylink

Description

I have contacted this company numerous times due to the fact that I can't work because of what's going on with this COVID-19 but they don't wanna seem to work with us I have a 12-year-old child in the house that has to do online class and they don't care 99% of the time my Internet does not work and they tell me that I'm supposed to have 80 gigs or whatever it is of Internet and I don't have anywhere close to that every time my son tries to do anything at times out constantly and all I get is harassment and games with this company.

Ticket: # 3913974 - Internet service termination

Date: 4/4/2020 12:33:27 PM

City/State/Zip: Waterbury, Connecticut 06705

Company Complaining About: Frontier Communications

Description

This is related to the COVID-19 Internet Access (Keep America Connected Pledge), I have internet residential service thru Frontier Communications, but can not pay the bill due to job hours cut due to the virus related crisis, I was told by Frontier that the service will be disconnected if payment is not made and will also charge fees, it will be disconnected in April 30th 2020 per my request.

Ticket: # 3913982 - Hacking

Date: 4/4/2020 12:35:05 PM

Company Complaining About: Pinget Textfree

Description

My phones, tv's, computers and tablets are being hacked. My body has been attacked and I'm sitting in doors with no back during this coronavirus outbreak. Every website I go on my door is hacked. Every tv show I watch I'm being lied that I didn't because my electronics are being held captive. This has been going on years.

Ticket: # 3914022 - Comcast cable service

Date: 4/4/2020 1:08:39 PM

City/State/Zip: Eastpointe, Michigan 48021

Company Complaining About: Comcast

Description

Was told by comcast rep i wouldnt experience any cable or internet interruptions during pandemic we are experiencing worldwide, instead my cable and internet was disconnected, was told be tech support it was a area outage and given ETA on reconnect by 10 am, just to be told by next representative that in fact my service was disconnected because my bill was due, called on March 31,2020 and told by rep they were placing a 30 day hold on my account due to losing employment due to pandemic and still had service disconnected. This is the worst time ro do this to a customer who has been with the company for 11 years on top of raising my bill and not giving me a clear explanation on why. Will never recommend this company to anyone..poor customer service skills and communication. I am a single mother and cannot afford to pay this high bill. I needed internet and cable for my child to do homework and have something to watch while we are quarantined but now no food because i had to instead pay this outrageously high bill when i was told i would have a hold on internet amd cable. Such liars and they dont value your time or patronage, thanks comcast for not being there for your customers during this crisis.

Ticket: # 3914031 - Hughesnet Not Supportive During Pandemic**Date:** 4/4/2020 1:14:31 PM**City/State/Zip:** Cord, Arkansas 72524**Company Complaining About:** Hughes Net

Description

Hughesnet internet speed is terribly slow. They stated they will not reduce speeds during this 2020 pandemic. Our children need to do school. They are having a hard time uploading, downloading, and submitting assignments. This is ridiculous as our internet speeds are BELOW dial up. We have paid money every month for 18 years and they can't even support us during this time of need! The network is overloaded and they need to stop worrying about their pockets and reevaluate the needs of paying customers at this crucial time in our world!

Ticket: # 3914060 - Xfinity ignoring my family during crisis

Date: 4/4/2020 1:35:47 PM

City/State/Zip: Pulaski, Virginia 24301

Company Complaining About: Comcast

Description

Woke up with internet but no tv. Not even local news. Apparently Xfinity changed our account to a coronavirus plan which only includes very limited internet service because of non payment however me and my wife have been out of work due to this pandemic. I wouldn't be as concerned but my elderly mother in law lives with us and she isn't tech savvy so without regular tv news she isn't able to stay up to date with covid19 updates. I tried to reach out to Xfinity and was on hold forever so I request a callback and upon answering the callback I have still been on hold for over an hour and counting. I think it's ridiculous they can't provide an extension until stimulus checks are received since people can't work or at least answer the phone!!!

Ticket: # 3914075 - Windstream is Failing to meet my service expectations**Date:** 4/4/2020 1:59:39 PM**City/State/Zip:** Warner Robins, Georgia 31088**Company Complaining About:** Windstream Communications

Description

I had new service installed here on 03/26/2020. I choose the 200 Mbps for this address because we have a lot of devices in our home and not to mention children whom need internet access due to all the Covid-19 school closures. I need this to be at the speeds I am paying for like now. Three of my kids have mandatory assignments and my husband is also working from home. This was on a Thursday, I waited for my husband to get home and we conducted a few speed tests. We were constantly getting around 45 to 49 down and around 39 to 47 up. I tried to call them Friday, but after 45 minutes on hold I had to hang up. I was not sure if any one would be available to assist my over the week end so I called Monday. I was on hold for an hour and a half before I got someone on the phone. Almost 3 hours later in total, they determined that it seemed to be a modem problem and they would have me one by 04/02/2020, Thursday. Also they mentioned it would be better to try that first because they could send me that our quicker than getting a technician here. I was like okay ill wait and see if that helps first. I thought the lady mentioned getting an email confirmation on the shipment of the modem but not completely sure. Thursday got here and I had no modem, no remarks, emails text or anything so I called Windstream back that afternoon. I explained that I was supposed to be waiting for a modem and had no idea if it was actually coming or not. The lady I spoke to on Thursday said they were on back order and that she would over night me one and that I should receive it on Friday or no later than today 04/04/2020. I did not receive it yesterday so I called tech support today to see if I could get an updated delivery time and the only thing they could tell me was that they saw where one had been ordered and that because it was a weekend they could not get updates on tracking information. I have never had major issues with Windstream in the several years I have been a customer. However I do not feel they are doing all they can do in resolving my issue. So far the only thing they have offered in 25 bill credit for next month, and deduction for the 9.99 modem rental for next month, and told me I could call when (and If) my issue gets resolved to receive a bill credit for the time I have not had my speed I should have. Not sure what else I can do. They do not understand my urgency in getting it fixed and have not offered any other service or technical assistance such as scheduling a tech to come to the address to see if any other issues may be involved. So not I am still waiting on a modem that I have no idea when I may or may not receive to figure out if that is the problem or not, and hopefully not have to start all over again with another 3 hour call for something I should have been getting in the first place. I feel the tech should have been more helpful because I specifically asked him if all was good and made sure my account here was set up for the 200 Mbps speed and he said it would be fine. However it was not the case and I have spent a lot of extra unnecessary time back and forth with different people and no resolution. Thank you for your attention.

Ticket: # 3914095 - no service available after years of trying

Date: 4/4/2020 2:25:20 PM

City/State/Zip: Corinth, Kentucky 41010

Company Complaining About: Cincinnati Bell

Description

we have been told that the internet service is coming to our area last year we were giving the month oct of 2019 and after 3 weeks of them putting it out we call and ask where has the service been and they said there is no funding for fiber. we have a household of about 25 devices and since the covid-19 we have online schooling that is hard to do on slow satellite internet i have tried everything and i saw that on the fcc map of broadband it shows we have that service at my location which is false so i was wondering how we could get these services brought to our area

Ticket: # 3914135 - Spectrum is pillaging consumers with rate increases during pandemic

Date: 4/4/2020 2:48:53 PM

City/State/Zip: Northfield, Ohio 44067

Company Complaining About: Spectrum

Description

I received my internet bill this month from Spectrum and it increased \$10 per month (\$120 a year). No reason given except "your promotional rate has ended". I did not have a promotional rate. This is corporate greed and pillaging consumers during a pandemic crisis as they are most certainly aware that most jobs and education have moved to the internet. Please help we the consumers.

Ticket: # 3914157 - Billing

Date: 4/4/2020 3:20:28 PM

City/State/Zip: Naperville, Illinois 60540

Company Complaining About: Comcast

Description

I am wrongfully being charged for using data on my cell phone when I'm utilizing our WiFi. Last month there were wrong charges for data and after calling we only received a \$40 credit. This month after calling again I was told that the charges were correct and was told that I could get a \$20 credit which hasn't shown yet. The charges both times were in excess of \$80. I am a stay at home mother and along with this pandemic I have not been anywhere in quite some time and my phone stays connected to our WiFi that xfinity also charges too much for. I should NOT be charged for data when my phone is utilizing our WiFi.

Ticket: # 3914167 - Coronavirus/ sprint

I've been detecting a FBI van 2.4 and 5 WiFi broadband signal on my sensitive electronic devices. If it's kids in the neighborhood, their parents or the management company needs to send out a notice so it will cease and desist. My mother also has had issues watching the news on her computer lately about COVID.

Ticket: # 3914358 - Lack of Communication**Date:** 4/4/2020 8:32:01 PM**City/State/Zip:** Santa Barbara, California 93105**Company Complaining About:** Cox

Description

Cox has provided no communication as to what they plan to do to fix the very poor service I and many others are receiving during this time. To be clear, there have been issues before the COVID incident.

At this time, I can't even take a VoIP call for work at home. My company uses a SIP Soft Phone which uses the internet. Every single call my customers are saying, I can't hear you, the phone is breaking up. This is because there is packet loss, high latency and high jitter. The Cox server in my area is not set-up to report packet loss, which seems very strange. This is a key piece of information when troubleshooting internet issues. Cox must include packet loss on their servers. Right now I have to test the Cox server for speed and another ISPs server for packet loss.

I am currently getting very slow speeds and packet loss. I can't use the internet for VoIP calls or online games, the one thing I do for fun at home I can't do because of this service.

Cox has consistently danced around when the issue would be fixed and even that an issue had occurred or is occurring. When they finally "fixed" the problem, it wasn't, but they would say it was. Then after a day they would say its a planned outage, then it would be unplanned.

Paying Cox customers demand communication as to what they are going to do to fix the internet in our area. Customers may need to work from home for the next several months. This is unacceptable service. As Cox has a monopoly in the Santa Barbara area they seem content to not do or say anything. This is unacceptable.

Ticket: # 3914408 - Comcast/xfinity services

Date: 4/4/2020 9:23:40 PM

City/State/Zip: Malden, Massachusetts 02148

Company Complaining About: Comcast

Description

My neighbor, a new customer to xfinity was acquiring internet. As a result the technician installed their internet and in doing so he disconnected MY cable and internet connection. I know this is not the worst thing that could happen but due to the fact that the tech had completed his job no one was able to come out to me. I was on the phone with customer service for 1hr and 15mins. To which the solution is that I have no internet or cable until a tech can see me on the following day between 2pm and 4pm. I feel since it was their error the tech should have been sent back to fix his error. Instead I'm now without any services during a pandemic for 24hrs at least. I feel this inconvenience and a \$10 credit is an insult. Needless to say I'm not happy especially because this error disrupted my services while I'm forced to stay home.

Ticket: # 3914415 - Broadcasting False Information: COVID-19

Date: 4/4/2020 9:34:16 PM

City/State/Zip: North Hollywood, California 91601

Description

<https://www.fcc.gov/consumers/guides/broadcasting-false-information>

Fox News violated the Consumer Protection Act by disseminating damaging misinformation regarding the coronavirus pandemic.

Ticket: # 3914434 - ILLEGAL and UNAUTHORIZED TRANSACTIONS

Date: 4/4/2020 10:19:57 PM

City/State/Zip: Torrance, California 90505

Company Complaining About: Spectrum

Description

On April 2, 2020 I made a MANUAL payment of \$50 to Spectrum/Charter Communications, yet when I reviewed my bank account transactions on April 3, 2020 I noticed Spectrum/Charter made an UNAUTHORIZED deduction of \$104.74 using the same card information I manually input for the \$50 transaction. In total Spectrum/Charter Communications deducted \$154.74 from my account.

On April 3, 2020 at 5:20pm I contacted Spectrum/Charter Communication's Customer Service Center where I stayed on the phone for a total of 2 hours and 22 minutes getting bounced around from agent to agent explaining what happened and asking for refund. At about the 2 hour mark I was transferred to a manager where he informed me that Spectrum does not provide refunds, only credits to the account if there was an "over payment", complete disregard to the gravity of the situation that I presented to him, let alone a disregard for the \$104.74 that was illegally deducted from my account.

To this day Spectrum/Charter Communications has not refunded me, explained how or why an unauthorized charge was made, nor addressed the grave security issue at hand.

I as many Americans during this time am out of work and am doing the best I can during this COVID19 crisis. I do not have the luxury to be ok with a company taking advantage of this Crisis by way of "money grab" schemes or "security issues" when I have rent and other bills to pay.

Ticket: # 3914454 - False advertising with Cox cable

Date: 4/4/2020 11:02:32 PM

City/State/Zip: Macon, Georgia 31216

Company Complaining About: Cox

Description

Cox communication advertise they would not cut anybody's cable or internet off during this pandemic no matter what the problem is well Saturday night cox cut my cable off. Cox communication said this would last through may 15,2020

Ticket: # 3914465 - Corona Virus Failure to Cover by CNN / MSNBC and other major networks

Date: 4/4/2020 11:39:09 PM

City/State/Zip: Mechanicsville, Virginia 23116-6563

Company Complaining About: Comcast

Description

In the time of a national emergency / worldwide emergency, how can it be that major networks refuse to cover the Presidential Coronavirus Briefings. This decision is negligent and should not be permitted. Their choice should be to show the national emergency briefings, or choose to be off the air with a banner indicating that they can tune into channels ***, ***, *** to see the briefing.

These stations should stay off the air, if they choose not to broadcast the briefings, for the entire duration of the presentation.

Please let me know what can be done to fix this politically biased broadcasting in a national emergency.

Ticket: # 3914467 - No Internet as paid for

Date: 4/4/2020 11:57:11 PM

City/State/Zip: Miami, Florida 33155

Company Complaining About: Broadband Mdu

Description

I haven't had Internet for the past 5 days, it came on only today for a few hours and now I have none in the midst of this pandemic. The Internet service is paid in advanced, my building, Soleste Twenty2, owned by RKW Residential does not allow other Internet Service Providers in the building, and the Internet company, Broadband MDU, is not providing me the service they said I would get, I have ZERO internet right now and I have pictures to prove it. Help me please! We need to have options in this building and we need to have other options for Internet in the building.

Ticket: # 3914491 - Cox Internet packet loss and high ping/latency issues

Date: 4/5/2020 12:20:06 AM

City/State/Zip: North Las Vegas, Nevada 89032

Company Complaining About: Cox

Description

Major issues with cox with packet loss and latency issues since this whole coronavirus crises. Have gone through multiple troubleshooting recommended by cox to remedy this issue with no luck at all. Have reached out to cox via phone and rep would not be of any help at all and the live chat support has been no help at all either telling me to just upgrade my current plan which is high as it is and Im using direct ethernet no wifi on my PC. Overloaded nodes/ infrastructure cant handle all these people staying home?

[Ticket: # 3914516 - Cox communications violated covid-19 initiative agreement to not interrupt services](#)

Ticket: # 3914570 - Internet provider subscription rates

Date: 4/5/2020 7:28:51 AM

City/State/Zip: Kernersville, North Carolina 27284

Company Complaining About: Spectrum

Description

In the midst of the coronavirus pandemic my internet provider, Spectrum, raised my internet subscription rate from \$49.99 per month to \$59.99 per month, and that was considered a gift by them. We have already given up cable TV because the price for basic service is too high. However, we cannot give up their internet service because they are the only provider. I believe it is time to make the internet a utility so that any price increases need to be justified and be approved by regulators. Or the monopoly that Spectrum now enjoys and takes advantage of, should be done away with by allowing competition. This has to stop.

Ticket: # 3914595 - Not getting the internet speeds I pay for

Date: 4/5/2020 8:57:56 AM

City/State/Zip: Walton, New York 13856

Company Complaining About: Frontier Communications

Description

I live in rural upstate ny. Since the pandemic it has been very hard getting my daughters homework done or watching Burnalong which is my hospitals replacement for the gym I used to go to. Frontier communications is our only option around here and they are very uncaring to my plight. We have a substation a half mile down my road but they refuse to hook us to it. Instead we are hooked up to one that is almost three miles away. This has been an issue for years!

Ticket: # 3914597 - Avoiding my issue come to fruition

Date: 4/5/2020 9:28:37 AM

City/State/Zip: Saint Johns, Michigan 48879

Company Complaining About: Frontier Communications

Description

My previous complaints with Frontier Communications avoiding me and my issue with them not willing to connect me to the Broadband network that is 300ft to the North of me vs my "High Speed" internet that I SOMETIMES receive from the node that is 4 mile to the south of me is now a MAJOR issue! Now that we are in a pandemic, my wife and I are forced to work from home. She is having issues enough just running her software with the garbage connection that we have. Me on the other hand can't even VPN into my office in order to operate my CAD software. Which is forcing me to take time of, file for unemployment and receive the tax payers money that could very easily and much preferably go to others in need. All because Frontier refused to address my issue months ago and danced around my request to connect me to a broadband connection that is so close that I can see it from here. Step up and force them to connect me. Stop taking their word and do your job with your power of the FCC and have them deal with this!

Ticket: # 3914613 - trump daily covid-19 broadcasts

Date: 4/5/2020 10:15:14 AM

City/State/Zip: Herndon, Virginia 20171

City/State/Zip: Machesney Park, Illinois 61115

Description

Fox News needs to be shut down. It claims to be a news network but is a propaganda engine for Rupert Murdoch and the insane agenda of GOP. Please protect our country and do what is right.

Ticket: # 3914659 - WGAL reporting false and misleading information

Date: 4/5/2020 11:45:11 AM

City/State/Zip: York, Pennsylvania 17403

Company Complaining About: Wgal

Description

WGAL keeps reporting false and misleading news stories. On three different dates and stories, WGAL tv 8 has given false and misleading information about the coronavirus. Two were reports about the governors press releases not reporting correctly what they said but false and misleading information and one was about the state trout season not being reported correctly. I have contacted them each time and they still continue to report false and misleading information to cause panic and fear. To do limit of 3 to 5 sentences, I can provide more information upon request.

Ticket: # 3914661 - Windstream constantly drops out

Date: 4/5/2020 11:46:12 AM

City/State/Zip: Frederick, Pennsylvania 19435

Company Complaining About: Windstream Communications

Description

Our internet connection is constantly dropping out multiple times a day.

Every time we call they make another excuse as to why it doesn't work. This was acting up before the covid19 pandemic dropping out with nothing even connected to the internet. When told a manager would call back a week later still no call back, then the last call they hung up on us.

Ticket: # 3914679 - Spectrum increased prices for internet

Date: 4/5/2020 12:12:10 PM

City/State/Zip: Northfield, Ohio 44067

Company Complaining About: Spectrum

Description

Spectrum increased prices mine was 49.99\$ for 100 mbps and than my internet went down, i called them to say whats going on so they said i will have to buy the standard subscribtion to get 100 mbps and i m student i have to study from home. They charging me 69.99\$ instead of 49.99\$ and i cant even change my wifi in this pandemic time.

Ticket: # 3914716 - AT&T Billing Error

Date: 4/5/2020 12:45:15 PM

City/State/Zip: Lancaster, South Carolina 29720-0247

Company Complaining About: AT&T

Description

AT&T Mobility has threatened to turn my account over to a collection agency for charges I DO NOT OWE. I cancelled my service/returned the phone within a few days of ordering. I have had 3 telephone conversations with customer service. Each time the rep has said I am correct, it's their error and they will fix it. Now, in the middle of a pandemic, they are threatening me despite the fact this their error and they don't seem capable of fixing it...a disgrace!

Ticket: # 3914721 - ST-Mobile service disconnection during pandemic

Date: 4/5/2020 12:46:55 PM

City/State/Zip: Easton, Pennsylvania 18045

Company Complaining About: T Mobile

Description

Had made arrangements to pay March bill. Daughter pays bill and due to pandemic has been out of work. Service was shut off and only reconnected after me, her mom, having to pay bill.

Ticket: # 3914755 - DISTORTED AND MISLEADING NEWS

Date: 4/5/2020 1:08:45 PM

City/State/Zip: Los Angeles, California 90033

Company Complaining About: Spectrum

Description

During this difficult time of pandemic confusion, an essential weapon to combat this is to be well informed. However, here in Los Angeles, the local news has given distorted and misleading news resulting in public chaos and rebellion among the Angelenos. Recently the Mayor issued a moratorium order that says landlords cannot evict any tenant for no pay during this crisis, tenants have up to 12 months to pay backed up rent, tenants are still responsible for paying their rent. Unfortunately, the news most of the hispanic population heard was "don't pay your rent" you are not obligated to pay your rent"

This caused confusion and raised friction between tenants and small landlords.

Channel 34 based their propaganda on a false statement so people could tune in to see their version of the news. They only up to today have interviewed angry tenants adding commotion to the already confusing situation.

Ticket: # 3914775 - Billing increase related to COVID data usage

Date: 4/5/2020 1:21:23 PM

City/State/Zip: Sunbury, Ohio 43074

Company Complaining About: AT&T

Description

Our understanding was that AT&T was going to waive any fees associated with data overages. Living in the country, we rely on the hotspot data as our only source of wifi for telecommuting and attending school during COVID. These additional fees are very expensive and we will most certainly encounter them as long as COVID continues. We were told by AT&T that all data overages from March-May would be refunded but this has not happened. Please help us coordinate this refund for March and future months of refund with AT&T. Thank you.

Ticket: # 3914777 - Cannot cancel my services

Date: 4/5/2020 1:22:23 PM

City/State/Zip: San Francisco, California 94117

Company Complaining About: Comcast

Description

I have attempted to cancel my internet services with Comcast/Xfinity for a month. The only option for cancelling is calling their 800 number. I have never recieved a call back. I have emailed and no reply. I attempted to chat with an agent and they are not accepting any online chat services.

I cannot cancel my plan! the fees are racking up and I am unable to pay due to the COVID19 pandemic. I lost all three of my jobs in one week and can not afford Comcasts services any longer.

Ticket: # 3914800 - Over Charged

Date: 4/5/2020 1:58:59 PM

City/State/Zip: Fort Bragg, California 95437

Company Complaining About: Comcast

Description

In February, I was told we were about to use all of our data through Comcast. At that point, I switched off all streaming devices, and only used the internet to contact customer support. While chatting with customer support about my problem, I received another notification that I had used ANOTHER batch of data, and would be charged \$10 to cover it, I requested it be looked into why our data usage was not being calculated properly and nothing was done. Now, in March in the midst of a global pandemic after millions of people have lost their jobs, they've tacked on another \$60 charge. I've reached out to customer service multiple times, and am told there's no one available to help me due to Covid-19.

Ticket: # 3914826 - unwanted call

Date: 4/5/2020 2:24:40 PM

City/State/Zip: Yakima, Washington 98908

Description

A foreign number called at 5:00 AM in the morning . I did not answer it but feared it was one of my children who might have the Covid-19 virus. These jolts from sleep are bad for my heart.

Ticket: # 3914836 - Optimum turning off my Internet

Date: 4/5/2020 2:49:02 PM

City/State/Zip: Southampton, New York 11968

Company Complaining About: Optimum

Description

I am 72 years old, retired, living on Social Security, and had been driving Uber part-time. I have medical issues, irregular heartbeat and hi blood pressure. Optimum will not put my internet or TV on during this COVID 19 crisis, despite their website says they will not turn off customers. Please help me so I am not out of communication, except for my cell phone. My bill was late because of my medical issues. I have a letter from my doctor. Help me please.

Ticket: # 3914886 - Xfinity lying to the FCC, Congress, The executive Branch and the media regarding turning off services.

Date: 4/5/2020 3:37:30 PM

City/State/Zip: Dartmouth, Massachusetts 02748

Company Complaining About: Comcast

Description

Telling the media and FCC that they would not be turning off Services when in fact they are turning off services due to nonpayment or severely downgrading services and there have been reports that the 25 megabits promised is more like 2-5 megabits in actuality

Comcast is also preventing school age children access to the internet, while telling congress and the FCC they are doing the opposite to avoid an order from the federal Government to keep services on. Even if they keep the services on, with a severe downgrade, if several students in the same household are streaming their teachers, there is not sufficient bandwidth for the household.

This action is deliberate and malicious, because they know full well that the family will have to pay the full price, to maintain service during the national emergency, as well as to keep families entertained to get through the COVID 19 National Emergency.

It's a threat because it could condone families and children going over to other homes, which would spread the disease.

I received a notice which is attached to this email that Xfinity is turning off my service due to nonpayment during a state and National emergency.

Xfinity has vast resources and instead it's endangering the lives of Millions of Americans by sending threatening letters Turn off notices, instead of sending letters stating what they have told the media and the FCC.

Comcast's has a duty and an obligation to Retain services at the same level as prior to the national emergency. There is absolutely no excuse for this attempt to maximize their profits and in doing so jeopardized the lives of Americans.

Lives must be put before profits.

Ticket: # 3914896 - Fake COVID-19 text

Date: 4/5/2020 3:51:00 PM

City/State/Zip: Dallas, Texas 75238-1533

Description

I was texted by 317-660-2218 telling me that "Someone who came into contact with you tested positive or has shown symptoms for COVID-19 & recommends you self-isolate/get tested. More at COVID-19anon.com/alert"

Ticket: # 3914945 - SpitwSpots Homer-Soldotna lying about internet speeds

Date: 4/5/2020 4:52:57 PM

City/State/Zip: Kenai, Alaska 99611

Company Complaining About: Spit Spots

Description

i a paying for limitless 50mbps internet from a company named Spit Spots based out of Homer Alaska. After getting my router replaced and numerous interactions with their IT departments they informed me that every speed test online was inaccurate, and i was infact getting 3X the speed i was paying for. i atttched the email they sent me as well as 3 different speed tests (including one on their own customer portal) showing that im getting 1/5 the speed i paid for and they advertised. once again, they sent me a (presumably) fake readout of my bandwidth showing almost 150 mbps while i cannot test above 20-25 mbps and my downloads consistently run at less than 1mbps. when i tried calling again they said the issue had been dealt with, per the email with the fake attatchment.

on 4/5/20 i was contacted by an upper level it member and they once again informed me that speed test sites are inaccurate due to the coronavirus epidemic, and he can see that i am getting the maximum 50 mbps, but there is no way to verify it on my end. he claimed that even the pass through shown by my router (max at 25 mbps) is inaccurate. he said there was nothing they were planning on doing as the issue was corrected.

all attached images were taken on 4/5/20 after my final interaction with IT.

Ticket: # 3914947 - Communication does not work. Unlock device.

Date: 4/5/2020 5:00:53 PM

City/State/Zip: Bear, Delaware 19701

Company Complaining About: Boost Mobile

Description

Good afternoon, the company does not respond to its customers. They wanted to give me 2 months of free maintenance. But they closed all messages on social networks. When you call the company do not pick up the music plays for 2 hours. Chat on the site does not work is disabled. SPRINT head office says that it is a subsidiary and that they cannot access the account by phone number and PIN code.

My connection does not work and the phone is locked. I bought it at full cost for \$ 699, taking into account the sale and discounts, it came out cheaper to me.
But he is blocked Boost Mobile

In this situation, they simply do not respond, abandoned customers to their fate. Since they can not cope with the load and because of the situation in the world of economic and pandemic.
The service in the settings of the WI FI phone calls does not work gives a server error SPRINT

An additional SIM card in the eSIM phone cannot be installed error. Most likely due to phone lock. But this is a violation of the law because I can't even use an additional virtual SIM card as another operator can provide temporary eSIM connection

Please help me unlock the device and provide compensation from them in the form of free maintenance as a compliment.

I've been trying to contact them for 2 weeks, but they constantly write that our lines are overloaded and our support is disconnected. model IPHONE 11

City/State/Zip: Hobe Sound, Florida 33475

Company Complaining About: Comcast

Description

Fox news channel has knowingly broadcast false information about the current pandemic. The incorrect information being broadcasted puts the general public in danger and jeopardizes the health of all individuals. Fox news should be forced to provide a retraction and broadcast corrected information.

Ticket: # 3915032 - Suddenlink disconnection

Date: 4/5/2020 7:59:33 PM

City/State/Zip: Bryan, Texas 77807

Company Complaining About: Sudden Link

Description

Suddenlink promised to not disconnect overdue accounts due to Covid but are anyway. I contacted them on 04/03 and was told they would manually reconnect in 24 to 48 hours. It's been 72 hours now and still no internet. I contacted them again tonight and was told by chat they were unable to help me and to call the customer service number. I called and was rerouted to the main menu three times before being hung up on. This is not the first issue with them. They over charge and then give the run around when you try to get them to correct it. The service goes down all the time whether you've paid or not. We have no other option in my town so we're stuck with them. I'm tired of this and they've gotten away with it for too long.

Ticket: # 3915107 - over billed, threatening collection, not allowing internet connection until resolved

Date: 4/5/2020 10:48:01 PM

City/State/Zip: Truckee, California 96160

Company Complaining About: Sudden Link

Description

Placed service on "seasonal hold", paid seasonal rate. Charged full rate, went to office 3 times then told to call. Called & told to write a letter, got no response. Not allowing me to have internet and preventing me from complying with COVID-19 work at home requirements until bill is satisfied.

Ticket: # 3915127 - Cox instability

Date: 4/5/2020 11:33:54 PM

City/State/Zip: Scottsdale, Arizona 85257

Company Complaining About: Cox

Description

We have had connectivity and speed issues with COX for a while, but now with COVID and trying to work from home, this is enough. My wife is not able to work from home because of the constant slow speed. We are paying over \$100 for what Cox sold us as gigabit service, but we range anywhere between 300 (max) and 90 MBS. Nowhere near the 999 MBS sold to me by Cox. Never once have we reached over 300, but now we can't work from home and are facing unpaid ferlow because we can't work. We are paying for something we aren't getting. Terrible and shouldn't be allowed.

Ticket: # 3915134 - Giving false harmful medical information

Date: 4/5/2020 11:43:35 PM

City/State/Zip: Madera, California 93637

Description

Marc ranted the media was Democrats and lying. He said "chloroquine, a drug you can get over the counter has been proven to be effective against COVID-19. The media was lying the it did not wok. It's TRUE! ." Then he went on to say Dr Fauci lied that chloroquine was not good. Marc did not know the difference between chloroquine and hydroxychloroquine nor did he mention the couple that took chloroquine and husband died.

Ticket: # 3915145 - Cox Internet Shut Off During Pandemic

Date: 4/5/2020 11:57:52 PM

City/State/Zip: Jenks, Oklahoma 74037

Company Complaining About: Cox

Description

Cox shut off our internet about 20 minutes ago. They took the pledge to not do so during the COVID-19 crisis. Also, their offices are closed, so we have no recourse.

Ticket: # 3915171 - Horrible internet connection**Date:** 4/6/2020 1:52:16 AM**City/State/Zip:** Las Vegas, Nevada 89178**Company Complaining About:** Cox

Description

I have cox internet and while I'm aware that their systems are most likely overloaded due to more people being home and online I have been experiencing issues with them for years, not just within the past month since things have shut down.

I have called dozens of times and have had about half a dozen techs out to my house only to be told everything is "fine" or it's something I am doing wrong. I pay for internet speeds up to 300mbps but I am usually lucky to get up to 100, lately it's been sub 50 during peak times. I am almost positive it's because Cox failed to install additional infrastructure before providing service to new neighborhoods, such as the one I am in. My speeds have always been worse in the evenings when everyone is home and online. So basically their system is overloaded and they won't build more infrastructure to fix the problems, they simply continue blowing me off by telling me there is no issue or that it's something I am doing.

I would be more likely to believe that it was an issue on my end if the issues were constant but they are always worse in the evening, which I have told their tech support. During the day and very late at night I have way less issues. After a month of constant phone calls complaining about my speeds almost nightly I finally had one tech admit they were having issues with the node my home was connected to and when the node was fixed things should clear up. Things did clear up somewhat but then covid-19 hit and I'm back to awful speeds.

If they can't handle having all of their customers on at once then they need to build more infrastructure to handle it. I am sick of fighting with them and if there was any other option other than CenturyLink in this area I would switch but unfortunately there seems to be an internet monopoly out here and as of now Cox seems to be the lesser of two evils. The internet has gone down twice in the last two days. I am paying way too much money to deal with this many issues.

Ticket: # 3915172 - Wing telecommunications

Date: 4/6/2020 1:53:04 AM

City/State/Zip: Abilene, Texas 79605

Company Complaining About: Wing

Description

I have an unlimited talk, text and data service plan with wing. I paid my bill early and I'm I'm disconnected still.. I have a severe autoimmune disease and we're in the middle of a global pandemic. I need all forms of communication open, and I must be able to reach my medical care team, as well as my relatives in any given moment. Death doesn't wait for them to decide whether or not they want to fix my service

Ticket: # 3915200 - Fox News spreading lies in a nation that is in crisis

Date: 4/6/2020 5:52:47 AM

City/State/Zip: Bronx, New York 10471

Description

Dear FCC,

I respect the constitution of the USA, however when a news out has focused in spreading lies and spreading misinformed opinions to the vulnerable public who believes an opinion is a fact is dangerous. Trevor Noah put together a video where Fox News reporter underestimate the severity of the Covid19. It is fully irresponsible for a network TV to spew lies in a national pandemic crisis. They should be taken off of the air because their actions are criminal and will lead to death. Also, networks who televise the White House briefings should be fined as well because what comes out of the White House is criminal and negligent to the rest

Of the population. The only one speaking to the public should be Dr Fauci. Who is the key reputable person and scientific sound. A president that tables and has not factual and sound proof and just to talk and thank himself in a national emergency is not acceptable. You as a reputable company that fines offensive language , what the president says should be banned. His racist remarks, degrading, xenophobic remarks are unacceptable.

Here is a link to what Trevor Noah was making fun of Fox News reporters but it simply tells a diffeystory of what is being said to the public and misleading. In these times of crisis, as an organization you should change your policy to hold and provide the truth to the people not garbage that certain networks are given to the people of the USA. Please take a look at Trevor Noah' Heroes of the Pandumbic on YouTube.

Ticket: # 3915203 - CNN US Broadcast License

Date: 4/6/2020 6:22:37 AM

City/State/Zip: Scottsdale, Arizona 85254

Description

I'm very concerned that CNN is reporting fake news on Covid-19 in an attempt to destabilize Trump presidency. The FCC should revoke license, enforce minimum journalistic standards, invoke domestic terrorism statutes or file libel lawsuit

Ticket: # 3915230 - AT&T Fixed Wireless

Date: 4/6/2020 8:13:11 AM

City/State/Zip: Hope Hull, Alabama 36043

Company Complaining About: AT&T

Description

After finally being able to have access to wireless services in my area, I expected to receive it in a fair and equitable way, without being subjected to price gouging. With the challenges of COVID 19, me and my children need more data for work and school from home. I am paying the same amount for wireless service as other customers not living in rural areas but have limited access while they have unlimited access. This is very unfair and unethical given the current circumstances.

Ticket: # 3915277 - Sprint Billing issues

Date: 4/6/2020 9:16:01 AM

City/State/Zip: Bronx, New York 10451

Company Complaining About: Sprint

Description

The consumer has Cell phone service with Sprint.

The consumer stated that she had an amount that was past due, but paid it on March 25th which was for the month, and they went ahead and charged her again on March 27th.

The March 25th payment was a verbal agreement and the representative told her that she wouldn't get charged until the following month.

The consumer states that she spoke to Sprint and they told her she had to call their refund department, so she did but no one answers the calls.

The consumer states the representative from Sprint told her she must show a prove of her bank statement showing that they took that money from her account.

The consumer states she shouldn't have to give them a statement if it was her money and she had already paid the month bill.

The consumer states that because they did a double charge she also got an overdraft fee because she only had the sufficient funds available because she is being affected by the COVID-19.

The consumer does not want her services turned off because she was also told that if she doesn't provide the statement they will cancel her services.

Ticket: # 3915372 - Spectrum Availability Complaint**Date:** 4/6/2020 10:19:21 AM**Company Complaining About:** Spectrum

Description

I send you this letter with regards to spectrum. I read over your the letter regarding communications with FFC. I wanted to let you know as a consumer I would hope that a company who signs off on keeping their customers from getting shit off during this pandemic would be held to a standard of compliance to their word. My partner was a customer of spectrum up until March 27,2020 when they shit us off. I want to explain we were a month behind on our bill. There were circumstances that challenged me to get this bill paid. I called to get the bill paid they not only were charging me for the month I owed but for a month ahead and then told me that I was not guaranteed to not have to pay an additional month due to them shutting us off. I explained I needed the internet for my children's education they were very uncooperative. Not willing to work with us and even billed us for equipment return on the same day for an additional \$120. Giving not time to return the equipment. While offering free service to people who have ere not their customers to begin with. I'm struggling using my internet from my phone so my children can get an education. I'm reaching out to you to ask what should I do? Who should I reach out too? I am very upset it's been a struggle even to this point. Please respond at your earliest convenience. I hope you are in good health and remain safe.

Sincerely

Ticket: # 3915378 - Turning off cable & internet during the pandemic on a senior citizen

Date: 4/6/2020 10:22:24 AM

City/State/Zip: Ormond Beach, Florida 32174

Company Complaining About: Spectrum

Description

I am quarantined in SFL and have been here for close to 14 days, I will not be home to Ormond until 4/12. I have not been able to go to work and was notified that my services at home in Ormond Beach FL have been disconnected. Regardless of my age (66) I will need to know what is going on with the pandemic as well as my work but without internet or. I am behind 1 month of course now coming up on 2 but have received lovely emails from all other utilities that they will wave late fees and payment until this passes and a disconnection notice from Spectrum.

Ticket: # 3915406 - AT&T Availability Complaint**Date:** 4/6/2020 10:36:54 AM**City/State/Zip:** Mt. Aukum, California 95656**Company Complaining About:** AT&T

Description

I recently came across your recommendations for wireless carriers to offer help during the Covid 19 pandemic. My daughter purchased a home 2 years ago at (b) (6) and the DSL contract of the seller was not allowed to be renewed by the buyer (my daughter). Their reason for dropping DSL was they were not supporting it anymore? I've contacted ATT (Gregg at office of the President 602 824 4498) with inquiries and help with nothing so far. My question is the DSL came over the phone line form a DSLAM somewhere within around 18000 feet and worked adequately for the previous owner. The phone line is still in place and it's possible the DSLAM or similar hardware is still in place ? If so during this crisis why can't it be put back on line so people, children out of school can still participate in their education. Wireless service is minimal an ironically communities within a mile or so have access to high speed internet either U-verse or some form of fibre connection.I am the her father living in a similar situation in Mt Aukum Ca with no wireless service .

Ticket: # 3915427 - Number porting

Date: 4/6/2020 10:47:12 AM

City/State/Zip: Richmond Heights, Ohio 44143

Company Complaining About: Ooma, Inc

Description

Consumer was porting his business internet phone from Ooma, Inc. to AT&T.

AT&T brought his number over as business and told consumer he has to wait 1 year to go residential.

They then advised consumer they could bring it over as residential and they cancelled his business number. Consumer contacted provider and they advised him they would have it back in 24 hours.

That was 3 weeks ago. Consumer states that this has been going on since 2/26/20. Provider gave him 2 temporary number for 24 hours . Provider was then told that they cannot provide him with his number he has had for over 60 years. Consumer works with hospital equipment and it is imperative that they return his number during this Covid-19 pandemic. Consumer wants provider to return his number ASAP.

Date: 4/6/2020 10:47:27 AM

City/State/Zip: Buffalo, New York 14216

Company Complaining About: Spectrum

Description

i called spectrum because i noticed they still had old address listed on online bill even though it was transferred november 4th 2019 even showing this in their system. bill stated usual \$65.86 charge but there was \$10.00 tacked on with no explanation. Also I was told since spectrum took over they would not charge \$10. modem fee which Im still paying.

I called They told me since my bill was still in time warner system is why im still being charged \$10.00 modem fee. This is not true bill says spectrum since it switched. They then said additional \$10.00 fee was due to promotion ended. i was not on promotion. talking to multiple reps and 2 hours on phone they blamed me for not upgrading plan from a time warner one to a spectrum plan. even though was never told it was my responsibility. its only in their power to how they generate bills. spectrum took over several years ago. they stated they could send me a new modem to get better speed. i have no issue with my speed. they said even with new modem my \$10 fee would not be dropped because they upped price by \$10, and added additional \$10 so I would not save any money yet bill still would go up. I find spectrums timing of doing all this very shady. more people are stuck home and there giving double talk when they are taking advantage of the coronavirus by increasing bill and changing bill break down to give them more money. im disabled and they offer no discounts. after I spoke to rep i can not access my account they blocked me.

Ticket: # 3915456 - Via Sat/Exceed Data Speed Complaint**Date:** 4/6/2020 11:01:12 AM**City/State/Zip:** French Village, Missouri 63036**Company Complaining About:** Viasat

Description

Hello my name is (b) (6) I live in rural Missouri I have via sat / exceed they have been jipping us on service speed for two years with their service but that's all I can get. But during this covid-19 problem we called and asked them to take off the Caps because our internet runs so slow as usual that my daughter who is in college can not do her homework they more or less told us too bad there is nothing we can DO. So I'm wondering if there is any way that you can help US. There are a lot of people getting jipped by ViaSat originally but now it's worse since we can't leave and my daughter has to do college through the internet thank you

After explaining I was furloughed from my job without pay I was repeatedly asked for a payment. I've never experienced such an insensitive act during this difficult time. The agent Nica deleted our chat before I was able to screen shot the other messages. I even offered proof I was laid off. Yet she still pushed for a payment. I've been a customer for 10+ years. I could not get back through to report the call.

Ticket: # 3915615 - Optimum Equipment Billing Complaint**Date:** 4/6/2020 11:48:11 AM**City/State/Zip:** Edison, New Jersey 08820**Company Complaining About:** Optimum

Description

It is related to the optimum cable service. The inventory system for the equipment returned from the customer has been in errors. The errors show that customers have not returned equipment when customers have returned all the equipment.

And, the errors cause the corporate to send debt collection service, Sunrise Credit Services, to harass customers with a nonexistent debt for falsely accused unreturned equipment.

Here is one of the cases. A service provided to the customer, Mr. (b) (6) having a residential property located at (b) (6), was started around August 2008 and was canceled in November 2019. The customer returned the cable modem and the cable box in

December 2019. All the final billing was paid off. The account shows clear and no balance due.

In March 2020, the customer received phone call and letter from Sunrise Credit Services to collect the cost of the unreturned cable box and/or modems. The customer contacted the customer service of optimum and the customer service was not able to identify what exactly equipment was not returned initially. And, finally, the customer said a router was not returned. The customer service insisted the customer show the return receipt that was provided when the equipment was returned. The customer said that the return receipt was issued in December 2019 which has been three months so he didn't retain it. If optimum contacted the customer earlier, like a month right after the return, he might still keep it. Furthermore, the optimum service was installed since 2008. At that time, optimum provides only a cable modem and a cable box. No such router was in the part of the equipment provided to the customer. Therefore, the accusation of the unreturned router was false.

The customer service insisted the customer to the local store to find out what happened amid the fact that New Jersey is under the stay-home order that restricts unnecessary travel for nonessential business. The customer service wants the customer to explain the error created by the company's own fault and to prove a nonexistent accusation in person to the local store while COVID-19 is rising in the State of New Jersey and while the governor has ordered residents not to go out.

Between the customer canceled and returned the equipment in November and December of 2019, there was no single contact from optimum to ask the customer if the equipment was really returned. And, suddenly optimum sent a debt collector to harass the customer by calling in the night and mails in threat.

Optimum's customer service and the logistic technician shall have known that the service installed in 2008 had only cable modem and cable box. NO router was provided in the package. See optimum's own installation guide before the era of Altice service. It apparently shows that router is an option provided by the customers themselves (https://www.optimum.net/assets/pdf/user-guides/en/Plug_and_Play_Guide.pdf <https://urldefense.proofpoint.com/v2/url?u=https-3A__www.optimum.net_assets_pdf_user-2Dguides_en_Plug-5Fand-5FPlay-5FGuide.pdf&d=DwMFog&c=y0h0omCe0jAUGr4gAQ02Fw&r=J2OyWssD9dKIRV1_EJBkXO7RjGGg4jbuqM2aNZBZnmw&m=-xPiInuPfQcMeP7bW7VjrqlVh4wcvywxZQsEbmyif80&s=1X67adM5UbfEakCYZ0ltVcaXwhN-rizbF8V4DQWgwCU&e=>, pages 4 showing no router in the installation package, page 7 showing that a "personal router" can be installed, page 9 showing router (if you have one).

Optimum has practiced a deceiving business that slaps customers with credit collection by an error that it created. Optimum could have contact customers earlier to find the missing link in its error, but it didn't. It simply finds a convenience to throw a threat of a debt collection to the customer betting on the customer who did not retain a receipt issued three months ago. And, this false accusation will bring its more revenue to cover the cost of its own lousy business practice.

An investigation needs to be conducted immediately. Customers will pursue justice through customer advocacy groups, FCC, as well as the Attorney General of the State.

(b) (6)

Date: 4/6/2020 12:46:09 PM

City/State/Zip: Miami, Florida 33176

Description

Dear Sir/Madam,

Attached, please find an Injunction Order entered by Judge Lawrence King of the Miami-Dade County 11th Circuit Court. This order concerns the property at (b) (6) 33031.

My firm represents US NEW ERA INTERNET CORP., which provides internet access to approximately 170 households and businesses throughout certain remote and unincorporated municipal areas within Miami-Dade County. We filed a motion for an emergency injunction against Defendants' SKYNET360, LLC and its owner JOSE CAMARILLO, who also use the subject tower, because they are using Electromagnetic Interference (EMI) devices on the tower to interfere with my client's internet signal to its customers. The Court granted the emergency motion on April 3, 2020 and entered the attached order. The injunction order commands for the immediate removal of the EMI devices from the tower.

The purpose of this message is to request your assistant in the enforcement with the Court's order. The affected households and businesses need your immediate action in order to resume their normal internet access, which is especially important in the midst of the global pandemic. Please contact me immediately to discuss this matter so that we may work together to resolve it.

Ticket: # 3915905 - Hughesnet satellite internet access for small businesses

Date: 4/6/2020 1:29:36 PM

City/State/Zip: Quemado, New Mexico 87829

Company Complaining About: Hughes Net

Description

Hughesnet has published a policy that prioritizes educational and business collaboration software because of COVID-19, but in doing so it has reduced access for small businesses and self-employed people who do not use such software. At this time, working online is nearly impossible via Hughesnet. Hughesnet should optimize all business access, not just some of it. If Hughesnet cannot or will not do so, then small businesses and self-employed users should not have to continue to pay for full service.

Ticket: # 3915967 - Data cap during COVID 19.

Date: 4/6/2020 1:50:08 PM

City/State/Zip: Pflugerville, Texas 78660

Company Complaining About: Sudden Link

Description

As part of the response to COVID 19 by my Internet company, having signed the "Keep Americans Connected Pledge", Suddenlink Inc (a division of Altice Mobile USA, a signee of the Pledge) is still adhering to their data cap policies on their lower tiered plans. I've been asked to upgrade from the 100Mbps 250GB data cap plan, to a higher tier plan with unlimited data for \$40 more, making my bill rise to over \$100. This plan is a 400Mbps, unlimited data plan. I have exceeded my data cap by over 50GB as of this complaint, with two middle schoolers at home and now I have been forced to work from home because of COVID 19. A fee of \$15 for every 50GB overage will be applied for my account. In addition, fee of \$25 will be applied to upgrade my equipment, if I agree to upgrade. This notice of my overage is the first time I've been made aware.

I believe this to be unreasonable, unfair and an egregious attempt to collect more money from customers during a time of crisis. This is the only Internet company I have access to, which is also a concern, as I have no other choice of Internet company. Currently I am still employed, yet I do not know if this will change. I appreciate your looking into this matter.

Ticket: # 3916019 - Spectrum tv & Internert provider

Date: 4/6/2020 2:05:00 PM

City/State/Zip: Fontana, California 92336

Company Complaining About: Spectrum

Description

I called the billing department about the charges for the receivers boxes they rent on a monthly basis \$7.99 each. Due to the recent pandemic situation and my wife me unemployed, I decided to request a credit or pro-rated billing, for th receiver boxes I returned on April 5, 2020. Per their policy, they said they have change to a monthly subscription service, which will hold truth on services they provide, tv, internet and phone. However, a "rental fee" on equipment should not be in my opinion a subscription. I asked her to please consider the current situation and pandemic crisis we are currently living in this trying times. She explained that a policy is a policy and that there is nothing she cab do to reduce the billing charges. The CSR lady is Carlo ID #142015, was just very firm in holding the policy in place and not being flexible, nor was she lenient in the current unemployment situation myself and the rest of the population.

Ticket: # 3916026 - internet service equipment

Date: 4/6/2020 2:07:39 PM

City/State/Zip: Fontana, California 92336

Company Complaining About: Spectrum

Description

I called the billing department about the charges for the receivers boxes they rent on a monthly basis \$7.99 each. Due to the recent pandemic situation and my wife me unemployed, I decided to request a credit or pro-rated billing, for th receiver boxes I returned on April 5, 2020. Per their policy, they said they have change to a monthly subscription service, which will hold truth on services they provide, tv, internet and phone. However, a "rental fee" on equipment should not be in my opinion a subscription. I asked her to please consider the current situation and pandemic crisis we are currently living in this trying times. She explained that a policy is a policy and that there is nothing she cab do to reduce the billing charges. The CSR lady is Carlo ID #142015, was just very firm in holding the policy in place and not being flexible, nor was she lenient in the current unemployment situation myself and the rest of the population.

Ticket: # 3916043 - Incorrect info on Google about our business

Date: 4/6/2020 2:15:14 PM

City/State/Zip: Buchanan, Michigan 49107-1311

Company Complaining About: AT&T

Description

This is Respiratory Home Care and Convalescent Supply, Inc. in Buchanan, Mi. Someone has posted a picture of our business on Google and has it listed as permanently closed. We are having clients call us to find out what is going on. We are assuring them that we are alive and kicking. We have had no luck with Google to get this information taken off their website. The only phone number we have found for Google is: 1-866-246-6453. This call center is closed due to the Covid19 crisis. All we are asking is that this be taken off Google and a public apology be issued. Thank you.

Ticket: # 3916075 - Comcast Services COVID-19

Date: 4/6/2020 2:32:40 PM

City/State/Zip: Jackson, Michigan 49201

Company Complaining About: Comcast

Description

- Every month she had contacted in February 2020 Comcast to get an extension on her billing since her unemployment was a different date and paid the March bill in February. Unemployment ran out in March 2020. Called March 21st, 2020 and stated that they would not disconnect consumer while she called in each month for an extension.
- On April 1st, 2020 she called back and was unable to talk with a rep and had to text message. Texting a gentleman Gudiemhar he did cancel payment on April 3rd, 2020, that consumer asked for waiting to cancel the payment after receiving the Stimulus check in the next couple of weeks and hold on the account April 17th, 2020.
- Gudiemhar stated on text "No worries as the situation with the Corona virus continues to evolve has made a pledge to keep to the Americans connected as part of that pledge we have stop disconnecting consumer of nonpayment and having reactivated customers with this status with the systemic process so they will not experience any interruption with service. Any customer who service was soft disconnected and then restarted would receive an email letting them know that their services has been temporarily reactivated. "
- Today Monday April 6th, 2020 the consumer cable was disconnected. Spoke with Alex and nothing that they can do only when they can pay the entire bill of \$342.00.
- Spoke with supervisor Anna and tried to reconnect the service but Anna stated that it would not let her reconnect the service until the payment it paid in full.
- Consumer would like this issue resolved by having her services turned back on due the COVID19 - and only pay for 1-month services for March and when she receives her the stimulus check will pay for April billing.

Ticket: # 3916179 - Long Distant provider Issues

Date: 4/6/2020 3:02:26 PM

City/State/Zip: Norco, California 92860

Company Complaining About: AT&T

Description

Consumer said she has AT&T

Consumer said she always called her cell phone and friends cell phones and never needed a long distant carrier

Consumer called AT&T and they said she should have had a long-distance provider all along

Consumer said go back on her phone records and they could see she always called these numbers before and never needed a long distant carrier

Consumer said what they are doing is wrong in the time of the Covid-19 Pandemic

Consumer now has to worry about an extra \$30 month for long distance that she does not have since she is laid off because of the Crisis.

Consumer just wants AT&T to reduce the long-distance amount to a more reasonable amount, since she never had to have long distance before or put it back to the way it was, because she feels this is price gouging

Ticket: # 3916299 - I'm a teacher receiving 1/10th of internet speed that I pay for

Date: 4/6/2020 3:47:21 PM

City/State/Zip: Charlotte, North Carolina 28270

Company Complaining About: Spectrum

Description

I would like to file a complaint regarding my Spectrum internet service. I am a teacher and I am very frustrated that I can not teach my classes well via videoconference due to the fact that I am not receiving the internet services that I pay for. I originally had an internet contract with Time Warner before they merged with Spectrum. Since the merger, my bill has increased several times without any notice while my actual service has deteriorated. With Time Warner I was charged 14.99 per month. With Spectrum, my bill was raised to 19.99 without notice. Then in Feb. 2019 it was raised to 24.99 per month without notice. In Nov. 2019 it was raised to 27.99 per month, again without notice. I purchase 20 mbps because that's what I can afford, but I consistently only receive around 2 mbps on average. I have contacted Spectrum, and each time they just try to force me to pay for a more expensive package. Immediately after I contact customer service my speed may increase for a day, but then it drops back to 2 mbps. A tech came to my home Friday, April 3 and affirmed that the modem and other equipment is in proper working order. Spectrum continues to try to upsale their own equipment as well, and will not do anything else to help. The response is to try to upsale equipment and more services. Due to the current pandemic I don't even know if I'll be able to pay next month's bills. To be told that the only option is to buy more service is audacious. Why would I purchase more from a company that isn't giving me that service that I already pay for now? I don't need a megapackage of 200 mbps internet. I just need the 20 that I am paying for and not receiving in order to teach my classes via one device. I would like to consistently receive the 20 mbps speeds that I am paying for. Receiving 1/10th of what I am paying for is unacceptable and frankly insulting. At this point, I suspect that Spectrum is purposefully slowing my service to try to force an upsale. I am disappointed that this is how Spectrum treats its customers during a global pandemic. My students are the ones who are hurt by their greed.

Ticket: # 3916300 - Comcast fraudulently took money from my account

Date: 4/6/2020 3:47:33 PM

City/State/Zip: Riverdale, Georgia 30296

Company Complaining About: Comcast

Description

Comcast took money out of my account, when I called to make a payment arrangement due to financial issues due to COVID-19. I have correspondence from Comcast admitting they took money from my account. They have done nothing to help me resolve this issue. I have been inconvenienced by having to replace my card, and be without access to a debt card for over 5 days.

Ticket: # 3916302 - keep america connected & cable disconnected 2 times in 2 weeks

Date: 4/6/2020 3:47:37 PM

City/State/Zip: Yonkers, New York 10704

Company Complaining About: Altice

Description

I have now been disconnected twice from my internet and cable tv services in spite of the "Keep Americans Connected" agreement. I have been forced to stay on hold up to an hour, and have to argue with staff regarding this agreement, that none of them are aware of. So Altice is violating their own agreement.

As I am now calling for the second time, in my attempt to be reconnected yet again, I am encountering difficulties with the support staff who is NOT aware of this agreement, and is in disbelief when I direct him to their own website <https://www.optimum.com/coronavirus>. My service remains disconnected for the second time, and I am told that I MUST wait 2-4 hours for them to be reconnected. The support person during the call was NOT compassionate or even apologetic during the entire conversation, and I am wondering whether or not my service will actually be restored in that timeframe, as he did not sound encouraging.

The whole purpose of this agreement was to not have to endure this type of crisis, or being treated like a dead beat.

Ticket: # 3916314 - HughesNet satellite internet

Date: 4/6/2020 3:49:19 PM

City/State/Zip: Hot Springs National Park, Arkansas 71913

Company Complaining About: Hughes Net

Description

This is my third complaint against HughesNet. They claim they tried to reach me but all I received were two incoherent broken-up voicemails that they made during normal working hours for me.

They sent a letter telling me I should purchase a higher costing plan to solve my slow speeds and non-working internet. I find this insulting due to the fact that they have repeated this several times and it hasn't answered my questions at all that I asked about multiple times such as why does my data disappear even when not at home, why is it constantly buffering while attempting to stream. Why is it always fuzzy and pixelated and why can't I upload or download anything. This company misleads rural area customers. One look at social media pages dedicated to their horrible product and service proved I'm not alone in this complaint. HughesNet has offered nothing during this pandemic and as a teacher I cannot work from home at which has caused me hardship from my administrators. I've had to go out to use other WiFi putting myself in danger even though I continue to pay HughesNet for nothing. Please stop this untrustworthy company.

Ticket: # 3916336 - internet & TV service

Date: 4/6/2020 3:54:53 PM

City/State/Zip: Mt. Washington, Kentucky 40047

Company Complaining About: Spectrum

Description

I have two homes, one in Florida and one in Kentucky. Before returning to Kentucky I returned my Spectrum equipment via UPS and the tracking number says that it arrived 4/2. Spectrum says that I would have to pay for Kentucky Equipment up front because they do not see the equipment as being received or I can pay for the equipment they don't see as having arrived. I have made several phone calls including a department called Debt Validation that does not answer after 30 minutes on hold (promised 20 minutes). This problem seems unsolvable for anyone I can get on the phone at Spectrum. I can't send an e-mail or copies of my UPS delivery notice all while waiting on hold and listening to their message about what an important customer I am and how committed they are to providing me service. I understand that businesses are hurting for help during Covid19 but it seems as if they aren't set up to solve the problem in good times either.

Ticket: # 3916433 - AT&T cannot locate phone I returned

Date: 4/6/2020 4:32:37 PM

City/State/Zip: Aiea, Hawaii 96701

Company Complaining About: AT&T

Description

Aloha. I upgraded my phone on 3/2/2020 and upon receipt of the phone realized it was the wrong one. I was instructed to use the return shipping label and send through USPS. The phone seems to be untraceable as of 3/14 when it left USPS and handed off to Newgistics, the 3rd party returns agent. No one seems to be able to locate this phone. I have filed a claim with USPS and AT&T -- no answers, no action -- but a lot of run around and differing information by AT&T customer service. It's a horrible process and extremely frustrating. Searching the internet, it seems this is a very, very common issue and customers are subjected to a process that just does not work. I understand COVID has delayed shipping and hindered staffing, but why can no one locate the package? Do these phones get stolen in transit and that's why there are so many similar complaints????

[Ticket: # 3916454 - Texas news in a Texas County instead of having Louisiana news shoved down our throats](#)

Date: 4/6/2020 4:38:47 PM

City/State/Zip: Diana, Texas 75640

Company Complaining About: Etex

Description

I live in Harrison County, Texas and my family and I have only Louisiana news stations. During this Covid-19 we Texans need Texas news so we can stay up-to-date on what is going on so we don't break the new orders the governor issues and we don't know about.

Ticket: # 3916488 - ATT Uverse service

Date: 4/6/2020 4:51:52 PM

City/State/Zip: Rayville, Louisiana 71269

Company Complaining About: AT&T

Description

I've had had ATT Uverse 12mb since 2014. I experienced an issue of speeds dropping to 2-3MB in early March. Tech dispatched and he called me stating that he had fixed the service. However, he downgraded my service to 6mb service with no approval or knowledge from me. ATT refuses to upgrade back to what I signed up up stating they now can no longer provide 12mb service even though they did for 6 years. My wife and I both are working from home with the pandemic and 5-6mb just doesn't get is what we need to get our jobs done.

Ticket: # 3916495 - Service disconnected during COVID-19

Date: 4/6/2020 4:54:03 PM

City/State/Zip: Thomasville, North Carolina 27360

Company Complaining About: Straight Talk

Description

I have Straight Talk wireless service my phone was disconnected I was trying to call before it was cut off to see if they was going to signing of the pledge to keep Americans connected during covid-19 since their corporate TracFone Wireless signed it they said they cannot keep my phone on even though I explained to them that I have a 5 month old foster child and a three-year-old with disability and it was my only means to order groceries and to do his teletherapy and order his meds we have been confined to the house since it all started due to his lung failures in the past with just a cold. And I was self employed but now I cant work and I can't afford to cut my phone on or pay my lights and water and possibly fixing to lose our home as I cant pay my property taxes. The screenshots are in providing below are from the Straight Talk website which states TracFone is their corporate office which is their mother company also the person I was chatting with when I asked them for their corporate phone number or email address this is what she told me she could only give me the mailing address of her corporate office which is TracFone Wireless so if that's the case I want to know why my phone service was disconnected during the covid-19 crisis after I explained to multiple customer service representative about my situation and that was my only means of communicating with anyone and order my groceries online and getting my son's meds.

Ticket: # 3916536 - They are pretending to help customer affect my the Pandemic but they reduce the level of service. They automtive system only route to payment module.

Date: 4/6/2020 5:08:13 PM

City/State/Zip: Brooklyn, New York 11226

Company Complaining About: Optimum

Description

They have been Monopolizing New York City for over a decade. Where it's there way or the high way but you are still responsible for the bill whether services are actually working or not. They know there is no other provider that you can go to because they also have long standing agreement with Landlords. I have an 11 year child that is not able to go to participate in school work. I called serval times today and they disconnect the calls once you but your phone # or account # but only after seeing if you endure the wait time of 50plus minutes. Please help. If you dont disconnect before billing period start you are liable for the bill whether you received the service or not. I attempted to do so before the billing cycle ended and some how they didn't process it until I was liable for the bill. there representatives can see that I call to disconnect service but it wasn't done until I owe them for services never received. They are now using the Pandemic to pretend to help customer affect but in actuality it more of the same. They are robbing there customers and the Government. Win-Win for them. Please Help

Ticket: # 3916564 - Assist Wireless Changed His Replenishment Date - thereby leaving him w/o data

Date: 4/6/2020 5:27:14 PM

City/State/Zip: Lawton, Oklahoma 73505

Company Complaining About: Assist Wireless

Description

Since July 2017, the consumer has been a Lifeline customer of Assist Wireless. He stated that he is disabled and he needs his phone and the service provided. He is totally home bound. He stated that he does have a compromised immune system and he did not have access to his services.

His data normally downloads, to his phone, on the 2nd of each month. He stated that this month, his phone reset, as usually done...BUT, all data was cleared. Normally, once the replenishment, for that month are downloaded, his phone resets to show him the new balances. This time, he received no replenishment even though the phone reset. He had a some data left over on the 2nd, when they cleared the phone. He had about 1100 megabytes. The consumer called Assist Wireless because he did not receive his replenishment. He was then told that his downloads would now occur on the 9th of the month due to that fact that he had changed his plan. The consumer advised the rep that he had NOT changed his plan and had not changed it in 4 years.

He requested to be transferred to resolve this issue. He ended up on hold for a long time and ended up hanging up after too much time passed.

He called the retention and escalation center for a solution to carry him through to the 9th of this month. He stated that he was hung up on and then attempted again but by that time, the office was closed. He stated that he went the whole weekend without the phone and was not able to order his groceries/essentials on line.

He received no assistance when calling Assist Wireless. Nor, did they provide an interim resolution that would carry him through the weekend and on through this new date, for replenishment, (the 9th of each month)

He stated he knows he is using more data, (right now), compared to his normal use because he is disabled and must order essentials (food, medicines, etc.) on line, because of the pandemic/Covid-19. He stated that he has had to make several calls for items that are in short supply such as toilet paper, paper towels, etc.

He has not had data since April 2, 2020 ...which may not seem like a long time. However, when you are dependent upon this data to order service and necessities on line, this is inexcusable. The consumer is very conscientious about managing this data so he is able to take care of himself and needed supplies. Therefore, when Assist Wireless just wipes it out and puts nothing in place or provides something in the interim creates a grave circumstance for him.

Ticket: # 3916597 - Service and trying to get help**Date:** 4/6/2020 5:41:13 PM**City/State/Zip:** Georgetown, California 95634**Company Complaining About:** Verizon

Description

I live at (b) (6) and I have had issues with Verizon wireless who I pretty Chinese every month lease \$150 a month for their service for unlimited and I cannot get service sometimes like I can I'll get two bars maybe for like 2 minutes and then I will go away or if I move my phone like five feet away I'll get one bar maybe but then I'll start something and it and then or lose connection I'll have to start the whole thing over I've called many many times last year I called and they sent me a an extender box which I needed Wi-Fi to activate but I don't have Wi-Fi so obviously they don't really know what I'm going through they don't and when I do try to get help I'll be trying to do their their automatic person and then I'll wait for I'll be on hold for a while I was just on hold for a half an hour just before I file this complaint and then they had hums it hangs up on me it's like what the heck and as well as when I go on their lot online and try to go through their troubleshooting thing I get disconnected I'm so tired of them trying to I just buy it you know by pass suite my problems under the rug I am frustrated I can't get anything done especially I can't even go anywhere now because of the coronavirus think I need food service out here and they will not provide it for me or even work with me so please help. (b) (6)

Ticket: # 3916673 - Fraudulent Billing and insistence on paying in order to keep service on

Date: 4/6/2020 6:26:45 PM

City/State/Zip: Spokane, Washington 99205

Company Complaining About: Centurylink

Description

I have been a loyal Century Link customer for several years. I have not had any issues previous to this. We bought a new home and needed service to be moved. This was December 12, 2019. I called CL spoke to a representative who told me that I merely needed to plug in the old modem (which I owned-not rented) in order to connect service at the new address.

This representative was incorrect. We ended up having to install new service and purchase a new modem. We arranged this and on two different dates the CL failed to show up or call which further extended our time without connection. We were told that we would receive a \$100 gift card as an "apology" for this issue. This was not given to us nor annotated when I called about it.

Also, upon installation we were incorrectly billed for TWO modems at \$150 each when we only needed and received ONE. I called on numerous occasions only to be treated extremely rudely, dismissed, hung up on, transferred to new extensions with no notice and put on hold for inordinate amounts of time by representatives who failed to resolve the issue. I would get so overwhelmed that I would have to 'take a breather' from the situation. During this time period, I was being charged late fees and losing hours of work time being on the phone with CL.

This began in January when I first noticed the discrepancy until today April 6th. I spoke with a representative today. After approximately 30 minutes of wait time, he told me that a resolution was found. Resolution being that I had to pay the ENTIRE amount of the bill (which included \$150 for the modem I NEVER ORDERED OR RECEIVED and another \$15 late fee) and then he would give me a confirmation for a "credit" of \$150 that I would receive in two billing cycles which amounts to TWO MONTHS!!!

This was in order to keep my service ON. I work from home, therefore rely on internet connection. The representative acknowledged that 1) I had been a loyal customer with no previous issues of this nature, 2) that I had called multiple times and "no one would help" - his words, and 3) that I was being required to pay \$150 + late fee for an item I never purchased. Irregardless of these factors I was told that he could not authorize an immediate credit.

I paid the amount in order to keep my service on and stop late fees. I will not receive reimbursement for the money that I consider was fraudulently required of me to pay for two months. I am a mother working from home during the COVID19 pandemic and this behavior is absolutely grievous! I shopped other local ISP's and found that I could not afford to initiate service with them, and would not have the service I needed to work for a relatively long amount of time. I feel that I had no choice but to pay.

The resolution I seek is for Century Link to admit this fraudulent and careless pattern of business and IMMEDIATELY return the \$150 and late fees that I was charged.

Ticket: # 3916678 - MetroPCS illegally locked my phone and refuses to acknowledge/fix problem

Date: 4/6/2020 6:29:30 PM

City/State/Zip: Escondido, California 92033

Company Complaining About: Metropcs

Description

On 4/2/20, MetroPCS locked my phone when we went to another carrier. I did not buy the phone from Metro and owe no money to Metro. I bought the phone directly from Apple. Metro denies they locked me out but both Apple & T-Mobile say Metro carrier locked my phone and sent me proof using the IMEI #. I called MetroPCS THREE times but was not able to get their help. I was forced to abandon my phone--during a pandemic. I'm writing to the company to demand payment for the phone they basically stole. I'm contacting you because if MetroPCS is doing this to me, they are more than likely illegally locking others out of their phone, too, and their customer "service" is so impressively bad, there's no way for a customer to get relief.

Ticket: # 3916741 - Spectrum Acct (b) (6)

Date: 4/6/2020 7:15:36 PM

City/State/Zip: El Paso, Texas 79907

Company Complaining About: Spectrum

Description

Spectrum internet has been charging me for 100mb of service while only providing 23 MBs at most. I began calling to advise of intermittent issues in of 2019. I was told they needed to push updated or change settings. A technician came out to my home in January because they had accidentally disconnected my service. The technician said everything was working properly and left. Due to the COVID-19 effect on school learning, I discovered I was not getting the speed for which I had been paying due to an outdated modem/router. I went to a local office to exchange the equipment and was told Spectrum had sent a letter with the bills in January that some customers may need an upgrade to their equipment to support their speed. This is the same month a technician came to my home and told me my service was fine. I was first offered a 25 dollar credit and did not accept. The supervisor offered only \$10.83 credit. I have been paying \$69.99 per month for an internet speed I have not been receiving.

Ticket: # 3916779 - Disconnected in COVID 19

Date: 4/6/2020 7:44:25 PM

City/State/Zip: Mastic Beach, New York 11951

Company Complaining About: Optimum

Description

I am affected by covid19 as is the entire nation. I currently work from home have requested assistance from optimum 2 days ago. I was assured then I would not be disconnected. However, my services have been suspended in the middle of me working remotely. I have contacted optimum and have been hung up on, told i would receive a call back and now there is no way to even get through the automated service because a message to call back later comes on.

Misleading information about the pandemic.

Ticket: # 3916832 - Comcast/Xfinity scam

Date: 4/6/2020 8:38:42 PM

City/State/Zip: West Palm Beach, Florida 33415

Company Complaining About: Comcast

Description

Hello,

I would like to file a formal complaint on Comcast/Xfinity. We were called by a sales representative which offered to upgrade our internet speed, add Streampix, and home phone line (which we stated we didn't need) while still receiving all of our current cable channels for only an additional \$9.00 per month. Since my husband is now working from home and my daughter has to do homeschooling due to the Covid 19 outbreak, we thought upgrading our internet service would be a good idea especially for the price. The next day we had no cable channels (only local channels) and the internet kept kicking us off. I called Customer Service to explain the situation and they apologized, however, also stated that they couldn't provide the package the sales rep sold us because it would cost more, I then requested that they restore my previous package but they said that I was grandfathered into that package which is no longer available. They proceeded to advise me for the same channels and internet I previously had it would cost me an additional \$65.00 per month. I was obviously not please and spoke with several reps and managers to try to rectify the problem that they created. I was transferred several times and hung up on in the process, I was advised a manager would return my call however never received a call back until I refused to hang up until I spoke with one, he called me back once the rep released her call. Sam (manager) was a little bit helpful, we spoke for 2 hours he provided a package and a credit to bring me back to the original amount of my bill. When we went to watch TV we were missing several channels, he stated he needed about 2 hours but promised that he would call me back, he never did so I called him back on his direct line and left a voice message to return my call. he never called back so i called again, no answer so I called customer service again and explained what had happened. I then spoke with a rep who transferred me to the retention department and spoke with John who pretty continuously told me that the channels I was asking for I never had and and pretty much called me a liar after I continually told him I know what channels I had. He then stated the best he could do was to give me a package which was \$62.00 more a month and a 1 time credit to bring me back to what my normal bill of \$108.12 but only for 1 month. I asked for his manager and he said she would call me back, I said i didn't trust a call back and would wait. John that said she became available and was transferring me to her (his Manager)he transferred me to a phone that continually rang then hung up on me. I called back yet again and the rep transferred me back to customer service without telling which had over an hour wait time. I called back and finally spoke with a rep (Jay Darden) who listened to me and showed compassion and empathy for my extremely frustrating experience. She was able to get me a package with the same channels and similar price as my previous bill and Starz Movie Channel as a courtesy due to the inconvenience. I spent over 10 hours trying to resolve this issue and spoke with 7 reps and 3 managers all who tried to upsell me instead of rectifying the situation that their company caused, with the acception of Jay Darden regular rep with no authority who managed to fix my problem in less than 10 minutes. I feel as if they are purposely trying to upgrade services to customers who are paying on packages that are no longer in the best interest of Comcast/Xfinity, then purposely do not provide what they agreed to so that the customer can call in and be told that they must have a different program package which of course cost more money. The customer service was absolutely HORRIBLE (with the acception of Jay Darden). I am in quarantine and am sick. My husband works from home and my daughter does her

schooling at home due to the Covid 19 outbreak, so we need the service, otherwise I would have cancelled the service. I feel they are using this to their advantage and preying on people during such difficult times. If I hadn't continued to call they would have charged me more money and only had given me local channels. Had I not known better, they would have fooled me into paying over \$750.00 a year for less channels because they all continued to lie and say that's the best they could do. This is unacceptable and I can't imagine how many people they do this to and get away with it. They are completely taking advantage of people. I have been a customer for over 10 years and this is how they treat me, I can't imagine what they do to newer customers or the elderly. I appreciate your time and hope that something can be done to avoid this from happening to more people.

Thank you!

Ticket: # 3916836 - T-Mobile Security Breaches**Date:** 4/6/2020 8:43:33 PM**City/State/Zip:** Bellevue, Washington 98009**Company Complaining About:** T Mobile

Description

On March 25, 2020 I received a letter from T-Mobile, stating that they are terminating my cell service FOR COMPLAINING THAT I AM BEING HACKED. Not only did they terminate my service, but they gave me less than a week to obtain new cell service during a time that almost all of metro Seattle, and its cell phone stores, are shut down due to the coronavirus.

I have sent emails, used the online customer service chat feature, called customer service – yet nobody can help me. Almost 1 year ago, on March 20, 2019 at 12:30pm, “someone” walked into a T-Mobile store in Bend, OR (I was in Bellevue, WA at the time) and asked for access into my account. They were denied, but at 4:31pm, they returned and were “given a bypass code” by a customer service agent. T-Mobile denies this, but I have an approved recording from a T-Mobile supervisor on the phone stating that this was what was given. The Bellevue Police then issued a request for the surveillance footage, but the legal department sent them an email stating that it had “disappeared”.

In addition to the Bend, OR account breach, I’ve had mobile trackers put on my phones, and numerous other long-standing issues with my T-Mobile devices. I have spent hundreds of hours trying to get back into hacked accounts and I have spent hundreds of hours crying, stressing and upset. I have had 2 companies almost destroyed due to my hacking issues, oftentimes due to issues that have happened through my T-Mobile phones via business apps put on their devices.

Ticket: # 3916841 - Covid-19 Stimulus Check Text message

Date: 4/6/2020 8:48:48 PM

City/State/Zip: Negreet, Louisiana 71460

Company Complaining About: Consumer Cellular

Description

Received a text message that we needed to contact a certain web site to get our stimulus check. the phone number the text was sent from was 206-774-6732. I deleted the text message and didn't go to the site, I'm sure it was a scam as the number was from Seattle, WA.

Ticket: # 3916849 - CBS repeatedly blatantly lying about COVID-19

Date: 4/6/2020 8:57:20 PM

City/State/Zip: Oroville, Washington 98844

Description

CBS has repeatedly, blatantly lied about coronavirus to sensationalize a serious situation. The VERY example of yelling fire in a crowded theater!

First by taking footage from an Italian hospital and portraying it as a New York hospital! Second, putting up a crying woman falsely portraying a nurse who quit over lack of proper equipment.

CBS needs to lose their broadcasting license for the good of the American people!

Ticket: # 3916883 - Cannot process order online to transfer my phone number from my father's account to my own prepaid AT&T account from a postpaid AT&T account

Date: 4/6/2020 9:15:39 PM

City/State/Zip: Longview, Texas 75601

Company Complaining About: AT&T

Description

My father and I have spent hours on the phone trying to move my phone number from his post paid account to a prepaid account, with no resolution. We have been on hold multiple times for hours, hung up on, given a phone number that isn't in service along with several other instructions that still have not fixed the issue. The last instruction I was given by ATT rep at the store was my father and I both must come to the store, which cannot happen due to shelter in place order in Longview and my father lives in Louisiana and Governor Abbott has restricted travel from that state into Texas. I was told the rep at the store couldnt do anything over the phone they are required to scan our drivers license. I dont understand what is the difference between talking to them and customer service on the phone. I do not feel I or anyone should risk their health being exposed to coronavirus, and I am very hopeful that ATT will compensate my father and I for the exorbitant time spent on this. And that the will make huge strides to make concessions to help customers in this time of national emergency who are no doubt facing some of the same issues.

Ticket: # 3916908 - Cox Communications not helping

Date: 4/6/2020 9:34:46 PM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

Cox Communications is helping this pandemic in no way they are only following the 60 days as forced to. As they get enough of a cash grab from data caps that are not regulated in any way. While ISPs like spectrum are offering free access to internet and WiFi actually making an impact not to mention these ISPs give back everyday by not enforcing data caps. Still is to many families with no internet access if anyone is having outages there is no excuse for this because as they try justifying it as money they need to put back into the network (which obviously has not happened). Please stop data caps altogether.

As I was forced to make a payment Cox gave the warning of this

"You chose to pay less than the amount due on your TV, Internet & Telephone Statement. We can process this payment, but please note it won't delay pending service disconnects or further collections activity. Change payment amount."

Ticket: # 3916923 - Spectrum Business Internet Service**Date:** 4/6/2020 9:57:32 PM**City/State/Zip:** Birmingham, Alabama 35204**Company Complaining About:** Spectrum

Description

Due to the State of Alabama Shelter in place order that was issued for April 2020 with regard to the COVID-19 pandemic. I paid my internet bill for three months in advance. Since I am required to stay away from my office as a non- essential business, I requested that Spectrum suspend my service and/ or apply my advance payments once we are able to return to work. They gave me two options as follows:

1. Relinquish my rate of \$125.00 that I have held in good standing since 2012 and accept a new current rate of \$225.00 for the exact same service that I am paying for right now, or;
2. Cancel my account completely and be eligible for new customer pricing which they can't say anything definitive other than it will be more expensive and additionally, I would lose my telephone and fax number that I have had since 2012 and is on my letterhead, business cards and outdoor signage.

Needless to say neither of these options seem fair to me or representative of the business relationship that I have had with the company since 2012. I cannot afford to pay for a service that I can't use or access especially while I am unable to work or earn an income. I was told today that there was no one else I could speak to and they all follow this policy.

Ticket: # 3916952 - comcast billing

Date: 4/6/2020 10:30:01 PM

City/State/Zip: Jacksonville, Florida 32226

Company Complaining About: Comcast

Description

comcast turn off my service during covid 19 and my bill was \$303 nearly \$100 over my month bill at a time like this

plus comcast failed to resolve the past complaint and lied about reaching me then closed the case

comcast charged me \$5.99 a month for a wire service that was free for over 13 months

comcast continues to charge current customers unnecessary billing due to the lost of many customers

comcast failed to advertise the option to not pay for boxes when the app is available for smart tvs

comcast is the bully of cable service and it's ridiculous

with the same line up and now i'm sitting with no service after paying \$303 for this horrible services while stuck in the house for covid 19

Ticket: # 3916978 - Suddenlink Issues

Date: 4/6/2020 11:06:15 PM

City/State/Zip: Conroe, Texas 77304

Company Complaining About: Sudden Link

Description

Good evening. I am being forced to file another complaint with suddenlink after their latest stunt. After getting a call from them about the previous complaint. They essentially informed me that I would have to pay the entire \$480 balance and then they would review and refund me for the 3 months I had no service. I informed them that I will not pay them another dime until they refund me the amount I was already tricked into paying when they said that I had to pay for January's late charges in order for them to come out and fix it. I was foolish enough to believe them as I was desperate to working internet. They sent out a tech who once again unable to fix it. For three months I had absolutely zero WiFi or cable. I called multiple times and had several technicians out to no prevail. All the time suddenlink continued to charge me and rack up late charges. Once they finally were able to change out the ped and provide the service I desperately needed. They cut it off and demanded I pay all of the charges. I refuse to be walked all over. They are now trying to leverage me into paying nearly \$500 by using this pandemic. That was my last straw. They have until Wednesday before I begin legal action. They are putting my families life in danger as I'm forced to leave quarantine to do my work and provide for my family. This is now personal. Please do what you can to prevent this company ruining others lives.

Thank you,

(b) (6)

Ticket: # 3916982 - Unable to get service and number ported.

Date: 4/6/2020 11:08:49 PM

City/State/Zip: Amarillo, Texas 79109-4519

Company Complaining About: Sudden Link

Description

Suddenlink has not been able to get me phone service even though the billing statement shows it. Evidently Suddenlink has tried to port the line and failed repeatedly.

I have called and talked to 9 different Suddenlink representatives starting March 6, 2020.

Today is April 6, 2020. So for about a full month I've been trying to get phone service from Suddenlink. I have had this phone number since 1993.

I also use it for a home based business. However, It is not a business phone. Between Covid and Suddenlink, my business is really hurting. I have not had a dial tone for 5 days.

All my cards and signs have the phone number I have used for 27 years. Now they don't seem to be able to get it going even though AT&T told me, (after running a check), that Suddenlink owns the number.

I really need some help with this. I need phone service with the old number.

Ticket: # 3917003 - Wechat is blocking messages in group chat

Date: 4/7/2020 12:14:22 AM

City/State/Zip: Walnut Creek, California 94597

Company Complaining About: Wechat

Description

We use wechat app to communicate with a group of weekend hiking friends. Since covid-19 crisis started, some friends who created wechat account in China can not receive our messages anymore. Also we are not able to add new people anymore to this group. All of group users live in the US.

Ticket: # 3917011 - Optimum.com cancelled services during COVID-19

Date: 4/7/2020 12:46:30 AM

City/State/Zip: Suffern, New York 10901

Company Complaining About: Optimum

Description

To Whom It May Concern, Optimum Online (former Cablevision) disconnected my small business services yesterday at April 6, 2020 due to unable to pay. As a restaurant owner, I am struggling to keep up. Optimum has performed price gouging. We were paying for the service at 125. They have increased the charges to 230 stating all our discounts were deducted. I am getting less than 60Mbps server, 1 fax line and 2 lines. A service I used to pay 125 was increased to 230. Optimum kept charging me extra fees and raised by fees to 492 for 2 months of service. Now, they disconnected my service when FCC has provided a legislation not to disconnect services for 60 days. The agent kept prompting me he will give lineage until May. But failed to restore my services until I paid them. They kept disconnecting my phone service until I paid my full balance. At this tough moment, I had to borrow funds just to keep afloat. I feel this is unfair as they are not abiding to FCC legislations related to COVID-19 disconnections. This prompted me to file a formal complaint. Thanks

Ticket: # 3917021 - Price gouging , theft

Date: 4/7/2020 1:05:25 AM

City/State/Zip: College Station, Texas 77845

Company Complaining About: Sudden Link

Description

Suddenlink turned my internet off, paid the bill.....not once but twice.....then was charged another \$10 to "activate" my account, after numerous recorded phone calls and getting the run aroundguess what it's still not on. Shame on Suddenlink to take advantage of people during this time" coronavirus", barley can find anything on the shelves,money is tight right now and not only did you price gouge but are charging my for services I can't even use!!!!!!

Ticket: # 3917034 - Viasat Internet

Date: 4/7/2020 2:05:50 AM

City/State/Zip: Jayess, Mississippi 39641

Company Complaining About: Viasat

Description

I have Viasat satellite internet I live in a rural area viasat and Hughes net are the only providers available I'm paying 200 a month for 25 gb viasat is aware most customers were only getting 3gbps because they have had more traffic due to covid but still expect customers to pay for services not received I haven't paid my bill because I haven't been able to get someone on the line they have put a block on streaming or any type of video satellite internet should be covered under the FCC because we are being taken advantage of my mother has heart failure her appointment are now being done on video chat which is impossible with viasat there lowest price plan was 70 a month which I increase to 200 plan after covid

Ticket: # 3917035 - ATT not providing adequate service to fixed wireless customers

Date: 4/7/2020 2:20:01 AM

City/State/Zip: Mascot, Tennessee 37806

Company Complaining About: AT&T

Description

My att fixed wireless internet has been out for almost a week from a failure at the tower. Customer service lacks the ability to check on tower status and make sure repairs will be done. They can only submit tickets to another department for a repair order, which are being automatically closed as soon as they are submitted. Neither the customer service, nor the repair technicians seem to have the capacity to make sure repairs will be carried out and can give no timeline in when they will have a team repair the tower and restore internet to my area. I teach college classes and due to the coronavirus outbreak, I have to teach from home, which I can not do without internet. This is affecting me, my neighbors, my students, and is costing me money, but ATT can not provide adequate support for fixed wireless customers, their staff do not even seem to be trained on this platform. One addendum, ATT has wired infrastructure for DSL in this area, and my house even has a line run, but they refuse to allow this service as an alternative.

Ticket: # 3917039 - Cell Phone service

Date: 4/7/2020 2:39:53 AM

City/State/Zip: Miramar, Florida 33025

Company Complaining About: Metropcs

Description

I have Metro by T-Mobile (b) (6) I have had my phone for over a year just fine. Now in the middle of the Covid -19 They said my phone doesn't work with my data plan. I'm a senior left stranded without data service and unable to contact them...HELP, in the middle of a pandemic !!!

Ticket: # 3917051 - I'm a victim of spoofing (according to CenturyLink).

Date: 4/7/2020 3:03:36 AM

City/State/Zip: Chambersburg, Pennsylvania 17202

Description

I have contacted CenturyLink several times about this. They state there is nothing they can do about this. I must either change my phone number or use *60. I have had my number for almost 20 years. not changing it now. As for *60, this won't work because there are new people calling every business day thinking I am a lab, and they are asking for their Covid-19 results. I am not always home to sue *60, and my voice mail machine erased messages that were on it; due to this, do not know.

Ticket: # 3917097 - Unfair Charges**Date:** 4/7/2020 8:32:17 AM**City/State/Zip:** Hacker Valley, West Virginia 26222**Company Complaining About:** Frontier Communications

Description

We have internet here in the mountains of Webster County, and due to the terrain, the internet is presented through the telephone line. It is slow, but understandable. I pay a big price for this service \$92.00. With the COVID-19 issue and pupils being home doing work on-line, I can access my internet maybe 2 hours a day. I contacted Frontier about reducing my bill during this time to half, but they have refused. There is no other choice here; so they have a corner on this market, and believe it is wrong to charge the amount they are charging, for 1/4 the service. Is there some guideline they should be following in this circumstance? Thank you. (b) (6)

Ticket: # 3917191 - Scam lawsuit intimidation call

Date: 4/7/2020 9:56:51 AM

City/State/Zip: Allison Park, Pennsylvania 15101

Description

My family received an apparent, Stimulus Check?, scam lawsuit phone call on our landline saying that we had a court injunction against us, and that we needed to call within three days or a court order would be issued against me. I assumed with the U.S. federal government about to begin sending out CARES Act payments of \$1,200 for individuals (within \$99,000 tax bracket via 2019 1040 IRS tax form, \$2,400 for married couples filing jointly under \$198,000), and \$500 for every eligible child under 16, via the IRS direct deposit starting April 15th that this was a phone scam attempting to phish for unsuspecting citizens.

The phone call ID said Camden/Wymng, DE at 4:06 pm (time stamp) with the number 1-302-202-5746. My family lives in Allison Park, PA. I suspected it was a scam because if I was under any court order to appear at a magistrate's court, I would expect a court subpoena would be issued and mailed to my home address, and I would not be getting these court calls by phone. I believe the scammers just assumed that since we have a landline, we also have three cell phones, that we were just poor enough to be scammed or intimidated into picking up the phone. Could you please investigate the phone number? Thanks for supporting families during the COVID-19 crisis and providing a complaint form for families to protect themselves and others against scammers.

Ticket: # 3917240 - Frontier Communications - Late fee

Date: 4/7/2020 10:21:27 AM

City/State/Zip: Collinsville, Connecticut 06019-3405

Company Complaining About: Frontier Communications

Description

My billing due date was March 25, 2020. I placed my bill in a USPS box in Granby Connecticut on Friday March 20th before the pick up time of 4:30. I received my bill 03/06/2020 and it had a late fee of \$7. I called Frontier and the blamed it on the coronavirus slowing mail delivery. They would not remove the late fee. I then ask to have my long distance cancelled and they refused to do so.

City/State/Zip: Long Beach, California 90808

Description

Fox News has, for years, been deliberately disseminating false news to support republican talking points and this republican president. Blatant partisanship should be banned by a company given a public license to make a zillion dollars for serving a public "good". And now, they spread false news about Covid-19 that surely has, or will, lead to deaths. "Opinion" correspondents are not immune to ethical behavior. But this is more than ethical lapses, their conduct is treasonous. Time and date below are not responsive to this problem. It is a constant violation.

Ticket: # 3917404 - ATT Directv Overcharge & No Way to Speak to Customer Service Have to Pay All to keep TV

Date: 4/7/2020 11:39:47 AM

City/State/Zip: Hickory, North Carolina 28601

Company Complaining About: Directv

Description

Sometime around the middle of March 2020 I received an email from AT&T saying that my Directv Auto Pay would be deducted from my bank account on March 20 as it always is. The amount was \$64.20 more than it should have been so I called customer service right away. At that time I was told I had a promotion that had expired. I pleaded with AT&T to let me keep my promotion because I am a 60 year old disabled veteran and a long time customer who could not afford the extra \$64.20 a month so they let me keep it. A few weeks later on March 20th when the money came out of my bank account, they had taken the whole \$148.72. I only found out because I was at the grocery store and my card was declined. They had left me with just \$15.04 in my bank account and I still had days to go before getting paid. As mentioned, I was in the line at the store with a weeks worth of food due to this pandemic and the people I deal with on a daily basis at my local grocery store had to put it all back. This is a whole other issue but - we have not been able to log in to our AT&T My Blue (Directv) account for a very long time and had no way (or no reason) to confirm that the auto pay was going to be correct before being deducted on March 20th. We mistakenly had believed AT&T would do as promised and would be taking the regular amount (\$84.52), or something close to that, out of our account. My wife called AT&T immediately and was transferred numerous times - each time having to go through the entire situation again. The whole process took nearly 4 hours. Finally, she was able to get someone to confirm that our promotion had indeed continued and the bill should have been close to, or exactly, as it had been which was \$84.52 a month. Still, they said they could not return the money into our account. So - finally after numerous calls she was given to a supervisor (Kay) who transferred her to the collections department who supposedly could help. Please keep in mind, as previously mentioned, we can't log in to our account throughout this entire process.

After another extremely long hold time (due to the virus) my wife spoke with the person in collections who assured her he COULD not assist in this matter and told her she would have to call our bank to get the money back. My wife called Wells Fargo right away who very kindly said they would return our money and put a stop payment, at no charge to us, on that exact amount only. She confirmed with the bank that should AT&T try to get the correct amount, they would be able to; they just could not get the incorrect overcharged amount. We were finally refunded the money 11 days later on March 31st. Now - AT&T is sending threatening emails saying they are going to suspend our service if we don't pay the whole amount. Please note that we have only been able to log in to our account one time due to the fact that AT&T has our old service accounts from another town and many years ago showing as Disconnected when we try to log in. We have tried everything we can think of to log in to our current account.

So - my wife called the AT&T Customer Service late on the night of April 6th and of course, could not actually get through to a person. The automated message told her that she could not speak to anyone until we paid the entire \$148.72. They will not even speak with us. We can't even chat until we pay. We are truly stressing out over all of this at a very difficult time in our lives (and everyone's

lives) and are afraid to have a Spectrum worker come into our house to hook up new service. While we understand that AT&T cannot suspend our service for 60 days due to the pandemic, we are trying very hard to pay our bills on time and really need help with this. We have done everything we know to do - and way more. We have spent many hours on this situation and are really hoping this will in some way help us to keep our tv service while just paying the promised \$84.52 which we set aside already to pay our Directv bill. We do not trust that if we pay the entire \$148.72 now that AT&T will give it back next month and as mentioned and we could not pay that much right now if we wanted to. As stated previously, we have no way to monitor this situation due to the inability to log in or speak to someone. Thank You.

Ticket: # 3917435 - Optimum Services

Date: 4/7/2020 11:53:32 AM

City/State/Zip: Bronx, New York 10467

Company Complaining About: Optimum

Description

- Consumer had contacted Optimum to have them install their services. On Sunday March 22nd, 2020 between 11:30 - 2:30 but they never showed and Optimum changed the appt to Monday March 23rd, 2020 without notifying.
- Consumer called Optimum on Tuesday March 24th, 2020 to have her service cancelled Confirmation # 8160621 spoke with Michael. Michael stated that she would receive her refund \$59.00 within 2-business days, which she has not received.
- Each time consumer calls Optimum they keep her on hold and then the automated system would hang up but when she able to talk to rep they always had an excuse about why they couldn't do certain things due the Corona Virus.
- Consumer would like this resolved by having her money refunded to her for \$59,00 back on her Visa Card.

Ticket: # 3917456 - CBS Telling false fraudulent stories during a pandemic.

Date: 4/7/2020 12:01:52 PM

City/State/Zip: Issaquah, Washington 98027

Description

Stories about hospital rooms being packed and no where to put new patients in NY. All of those were debunked as that Hospital was in Italy. Now a nurse who claimed she was forced to work in a covid 19 ICU and nurses are going in with no PPE's (Personal Protective Equipment) when you walk into any hospital or look at first responders they are all wearing PPE's. With all this misinformation the FCC needs to step in.

Ticket: # 3917575 - Suddenlink placing employee and customer health at risk

Date: 4/7/2020 12:38:34 PM

City/State/Zip: Truckee, California 96161

Company Complaining About: Sudden Link

Description

We recently contacted Suddenlink about upgrading our internet service. We also have landline service through them. I spoke to several technicians, all of whom said to purchase a certain kind of modem. Immediately after installing the modem, our phone line died. Nor did our internet service improve. After multiple additional contacts (hindered by a system that would not connect us to assistance), Suddenlink said the problem must be with our line or equipment and sent a tech who had to come into the house. He was not supplied with gloves or a mask. It turns out this was unnecessary. Our line and equipment were fine, but we learned that 1) phone service can only be provided through a Suddenlink-owned modem and 2) that the grade of service we subscribed to is not actually available in our area, although Suddenlink markets it heavily. None of the many people we spoke told us either of these things until it was time to get someone to the house. It appears that Suddenlink is cutting corners in employee training as well as marketing services that are not available. This is leading to unnecessary service calls that, during a pandemic, place both their employees and customers at risk. I am absolutely livid that Suddenlink would impose public health risks to save a little money on training and/or to make money by selling services that they cannot provide. At a minimum, Suddenlink needs to properly train its call center employees, stop selling services they do not provide, and appropriately equip their local technicians. However, given their consistent disregard for customer and community safety, I think they should have their ability to operate as a telecom provider suspended.

Ticket: # 3917589 - Elderly Consumer has Health Issues - No working Phone Services

Date: 4/7/2020 12:43:55 PM

City/State/Zip: Tampa, Florida 33610

Company Complaining About: Charter

Description

This consumer is elderly and has no home phone service. She stated that the phone service is with Charter Spectrum. Charter has still not repaired the problem ...even after 3 1/2 weeks. She cannot go outside because she has health issues and has sheltered in place due to COVID-19. She has had problems for 3 1/2 weeks. They sent the tech out, she has spoken to 4 supervisors. He advised her that the problem is with the party that she is calling. She stated that Charter recently performed an upgrade (about 1 month ago). She stated that two years ago, she had changed her phone number. However, the system was showing her old telephone number used two years ago, whenever she called anyone. (It was showing up on the called party's caller ID as well). She stated that the phone had reverted to the phone number that she had about 2 years ago, before changing it with Spectrum.

Her voicemail has been out for 3-4 days. She stated that she is constantly receiving the error message "no route found".

It appears that somehow, her old number (b) (6), was activated. She asked Charter why they were trying to put her old number back in place. She asked why the people calling her cannot reach her either (they receive the error message, "no Route Found") - the tech told her that is because it has been pulled out! She asked him to repeat this info and he quickly became very quiet!

She stated that if she calls from any other phone line, the call goes through. However, if she uses Charter's phone service, she receives error messages "No route found" or Network Difficulties. She stated that this makes it apparent that this is a problem with her phone service, with Charter and they have not been honest about the problem.

She stated that her calls, to businesses, complete as expected. However, when she attempts to make calls to friends, children, and other people, the calls do not complete. (They appear to be all local calls or in state calls).

She stated that the calls worked fine all weekend. However, as soon as Monday of this week began, she was right back to not being able to make in state calls again.

She requested that Charter immediately repair this issue and provide appropriate credit. They continue to try to tell her it is a problem with T-Mobile/MetroPCS and to call them (this is the provider for some of the people to whom she is placing calls). However, she does not understand why her old phone number is now showing up on other person's caller id, to whom she placed the call(s)!

Ticket: # 3917593 - COVID-19 help with charges

Date: 4/7/2020 12:45:10 PM

City/State/Zip: Cedar Rapids, Iowa 52404

Company Complaining About: Mediacom

Description

I am a small business owner that operates 3 hotels that has cable service from Mediacom. We have been a Mediacom customer since I bought these hotels. The earlier owner too have been with Mediacom. Due to the ongoing COVID-19 situation, the hotel occupancy has been severely impacted. I requested Mediacom via email on 3/22/10 ((b) (6)) business_support@mediacomcc.com) to reduce the room count temporarily for 90 days to help us cut down cost due to the unprecedented situations and even gave examples of what other cable companies have done to help hotels around the nation. They have been unwilling to reduce the room count and have offered to shutdown services at the entire hotel. They know that is not feasible and we will not take up that offer since few rooms are still used by guests. In these trying times we expect these big corporations to be accommodating to help keep our doors open and staff employed. The behavior from Mediacom towards long time client that has multiple accounts with them is disappointing

Ticket: # 3917652 - RE: [FCC Complaints] Re: Radio Tower Light Health Complaint

Description

This is a follow-up to your previous request (b) (6) "Radio Tower Light Health Co..."

Please respond, I would like that specific strobe light changed out or blocked from hitting my homestead. I need help doing so.

What else may I do to get this moving? Now that I am home all day in the Pandemic Restriction it is even more of an issue.

If you can tell me the contact information for that tower that would help but need intervention here. Have tried city and county officials.

Please advise.

Sincerely,

(b) (6)

Have you checked this out ?

Need a response.

I want that strobe light changed back.

I may have to call my congressman.

Sincerely

(b) (6)

City/State/Zip: Lutherville, Maryland 21093

Description

The Fox News Channel has consistently broadcast false and misleading reporting masquerading as news for decades. Obviously this could be considered protected speech in most cases, but with COVID-19 pandemic information, this false information is getting people killed. If ever there was a time to enforce regulations against false information or hoaxes, I believe this is it.

Ticket: # 3917722 - Issues with very intermittent internet service

Date: 4/7/2020 1:31:13 PM

City/State/Zip: Hurricane, Wv, West Virginia 25526-8500

Company Complaining About: Sudden Link

Description

About 3 months ago I had very intermittent Internet service through my ISP, SuddenLink. I was experiencing around 30% up time and 70% downtime.

When I informed them via a phone complaint they let me rent a new modem (which did not help), then sent out a technician, who explained the company was updating their system state-wide. The issue seemed to resolve on its own in about 6 weeks.

About 2 weeks ago this same issue started again- very intermittent internet service. I've called the company 8 times in the last week, many times needing them to call me back due to their very busy call lines; sometimes they would return my calls, most times they would not.

I pay over \$100 a month for high speed service through this company, and rarely am able to get on the internet for more than 15 minutes at a time at this point.

They said a technician would arrive today (04/07/2020); so far the tech is 2 hours past the arrival window (8am to 11am - it's currently 1:15pm). I'm unemployed due to COVID, and having internet is critical for my husband's job - which is our only income currently. Thank you for your time and understanding.

City/State/Zip: Curwensville, Pennsylvania 16833

Company Complaining About: Hughes Net

Description

Purchased Hughes net after being told by their salesperson the internet service they provided would be better than what I have. It was a nightmare and I never recieved the service I paid for. Now I am being penalized \$400 to terminate this terrible service. They did not deliver on their end and now during this Pandemic I have to pay this in order to cancel and find a different provider.

Ticket: # 3917764 - Continued Internet Issues

Date: 4/7/2020 1:48:47 PM

City/State/Zip: West Branch, Iowa 52358

Company Complaining About: Mediacom

Description

We have had continued Internet issues with Mediacom and currently are in the middle of an outage. I am a teacher that needs the internet to run my classes, due to the coronavirus closures. Something needs to be done about this corrupt company that is allowed to do whatever they want because they are a large corporation.

Ticket: # 3917812 - Shutting me off in the middle of a pandemic

Date: 4/7/2020 2:02:24 PM

City/State/Zip: Saint Joseph, Missouri 64503

Company Complaining About: Sudden Link

Description

They sent me a bill on the 5th of March saying my bill was due on the 25th for \$104. I thought they were keeping america connected for 60 days during the pandemic. We are a family of 7 with 5 children 3 school age. When they shut my services off without any notice it really pit us in a major hardship. Our only source of income has been out on halt. Then this happens and instead of trying to help me they forced me to pay the 104 dollars and then for 5 day my phone wouldnt work. We called every day sometimes multiple times waiting for hours and hours. We spoke too many people over the week one told me she needed to send a tech out that might cost me \$60 then another said she was gonna get it fixed internally and call us back but she never called back amd the phone still didnt work. One of the ladies was talking about compensating us for our trouble but she never called back too finish the call. Then we finally got a guy who had a ticket made and it was fixed within the hour. But this guy would not provide any compensation for us at all just flat out refused. I had to sit at a wifi spot at a gas station for hours trying to get ahold of suddenlink because they disconnected my phone. Almost 3 years with them and ive never been shut off. I feel like a very valued customer. They treat people like this in Saint Joseph because they have a monopoly on the internet here. What could be done is someone aknowledge that they shouldnt have shut us off in the middle of the night in a pandemic. Or compensation like one of their reps said she was gonna do.

Ticket: # 3917897 - Boost Mobile COVID-19

Date: 4/7/2020 2:40:41 PM

City/State/Zip: Gastonia, North Carolina 28052

Company Complaining About: Boost Mobile

Description

The consumer states that because of COVID-19 pandemic the consumer is not working currently and therefore is unable to make her phone payment.

The consumer called Boost Mobile and the representative said they couldn't do anything and to call us.

The consumer wants an extended time to get the payment and then keep her services on but they already went ahead and canceled her service.

The consumer doesn't think this was an appropriate thing to do during this difficult time.

The consumer would like if you could give some sort of credit for the time she had no service and was unable to make calls to her family in this difficult time.

Ticket: # 3918004 - Still being charged for services I am unable to use

Date: 4/7/2020 3:18:29 PM

City/State/Zip: New York, New York 10009

Company Complaining About: Verizon

Description

Due to the pandemic, I have not been to my apartment since the week of march 9th 2020. I have been in Manhattan since the initial NYC lockdown. The only option Verizon is offering is to suspend my services due to "vacation". This is not a vacation, this is far from one. There is not consideration here no sympathy for what is happening to everyone. This is not a choice! If i suspend the services I will still be charged taxes and surcharges and when this is all said and done and we are safe to return to normalcy I will be charged \$50 dollars. I do not understand this one bit. And I am almost certain all massive companies will get their fair shares once this is all said and done.

Ticket: # 3918068 - Complaint Against Charter Cable Internet Service, Whittier, CA

Date: 4/7/2020 3:41:58 PM

City/State/Zip: Whittier, California 90603-2608

Company Complaining About: Charter

Description

Yesterday afternoon (April 6), I was informed that Charter Cable (Spectrum) was raising my contract pricing for Internet and phone service by \$15 per month. I certainly would expect that in good times, but I have a problem accepting the fact that they are doing so during this particular period, during the coronavirus pandemic.

During normal times, I could contact their retention group and threaten to take my business elsewhere. In this case, however, their competitors will probably not be interested in my business, because they are short-staffed and I would have to wait some time before I would be able to install somebody else's equipment.

Luckily, after a 45-minute wait, I finally got through to a retention specialist who was willing to put me on a special program that would increase my payments by only \$5 per month. And yet, I have a difficult time believing that any business would try to raise their prices during this period--- especially a business that has a monopoly in the areas that it serves and a business that knows that most of us right now are just trying to keep in place what they have. We either need more competition for cable services, or we should force them to hold down their prices during this period when people are being laid off their jobs right and left. Personally, I think that their actions border on criminal.

Ticket: # 3918076 - Internet staying down for days at a time

CTR 392-phone

Ticket: # 3918132 - Coronavirus Scam by Frontier**Date:** 4/7/2020 4:02:11 PM**City/State/Zip:** West Covina, California 91790**Company Complaining About:** Frontier Communications

Description

I had a 2-year promotion with Frontier, where I was paying \$128.00 per month until 10/16/2019. On 10/4/2019, before the end of my promotion, I called Frontier to ask if I can either update my plan to lower my bill to a reasonable cost or if I should switch to another provider. They told me that they would be able to help me by removing some of my services to lower the cost of my monthly bill. The final agreement was that I was to pay \$104.00 for the span of one year, to which I agreed. However, after six months during this coronavirus global pandemic, I received a bill for \$172.47. I then proceeded to call Frontier on 3/10/2020 and spoke with a Frontier representative, Sam. He told me that my deal was only for a span of 6 months. I told him that I had never heard of a deal that only lasted 6 months, considering that deals are always for one or two years. He then proceeded to say that Frontier will pull my call record from that day (10/4/2019) to see what the deal I got was; six months or one year and, for now, to just pay what I was currently paying, \$106.00. I agreed, saying that this was fair and he asked me to call Frontier after one week. On 3/20/2020, I called Frontier and I spoke to another representative, Nikka, and her supervisor, Michael, to ask them what had happened; the answer was nothing. Now they keep sending me bills which are shown in what I have attached. For this month, my bill was \$240.02.

I am wondering as to how the government and divisions such as the FCC are designed to help the people from being scammed by companies, such as Frontier, but is letting the scamming occur, especially during this current global crisis. I have two children who are both full-time college students and everything for them has switched to remote learning. The stay at home order in the state of California and the switch to remote learning for my children, has made it so that internet is a necessity and in this circumstance, more of a necessity than food and water.

Today (4/7/2020), I called Frontier and I cancelled my services, but I could not even finalize my bill. I simply just want this company to leave me alone, so that I can live. The stress of this entire situation is about to kill me, not the coronavirus.

Attached are my last three bills. You can see how vastly different in cost they are.

Ticket: # 3918139 - Optimum COVID-19

Date: 4/7/2020 4:03:42 PM

City/State/Zip: Hoboken, New Jersey 07030

Company Complaining About: Optimum

Description

The consumer is calling to file a complaint against Optimum whom she has Internet, TV and phone services with.

The consumer states that she had been calling Optimum for the past 2 weeks because she was trying to make her payment online because of COVID-19.

The consumer states that she was unable to make the payment online because it kept asking for a code that she had no clue what it was.

The consumer was finally able to contact Optimum about making a payment on the phone but it was already to late because they shut all of her services off.

The consumer states that they had no right to do that because every time she tried to call no one would answer.

The consumer states that out of respect Optimum should not have shut her down because she is trying to make business and she has 5 accounts with them and was making an effort to reach out.

The consumer states she never got a notice about them shutting her down.

The consumer states she would like some sort of compensation because she lost business because of this issues and wants Optimum to understand what they are doing is wrong.

CTR-415

Ticket: # 3918143 - Cramming**Date:** 4/7/2020 4:06:09 PM**City/State/Zip:** Fairfax, Virginia 22032-1810**Company Complaining About:** Verizon

Description

At about 12:00PM April 6, 2020 my VerizonAOL email account stopped functioning on my PC, iMac, iPhone, and Android phone. I spent the next four or 5 hours trying to reestablish connection with my VerizonAOL account. Although I did not know it at the time (because I could not access my email via any of my devices, at or about 5:30 PM, my account received an email from "AOL Member Info <AOLMemberInfo@comms.aol.net>," offering me a "gift for being a member" and telling me that I could "try it now" for "free." The bottom line is that I was being offered the opportunity to download the AOL Desktop Gold webbrowser that would provide me with: "*Enhanced Security: Let AOL help protect you from hackers and identity thieves with anti-key logging, screen grab protection, and anti-phishing features. *Customizable Web Experiences: Enjoy shortcuts to all your favorite websites right from the toolbar. Plus, swap out whatever you don't need easily. and *Live Support: If you ever have questions or need support with AOL Desktop Gold, live AOL experts are available to help 24x7 by phone or chat." At about 6 PM, I went online to my VerizonAOL account, where I could access email (send and receive) without difficulty. I looked for the "Help" desk and ran across information on the VerizonAOL website also indicated that VerizonAOL was requiring me to change my password to one that VerizonAOL generated for me, and informed me that my use of email clients other than AOL Mail would require me to use two step verification. I dutifully generated the VerizonAOL password, and used it appropriately to reestablish email service on my four devices. Use of the generated password worked with ONE EXCEPTION. My iMac (using the Outlook for Mac email program) began receiving, but would not - and will not - send email. I then, again, sought out the VerizonAOL "Help" desk, which is where I found that in order to get tech support I would have to sign up for a \$4.99 per month "Help" service. I find this to be outrageous for two reasons: 1. VerizonAOL is owned by Verizon, from which I purchase cell phone, land line, TV, internet, and email services for about \$350 per month; and 2. Verizon, and its subsidiary VerizonAOL, appear to be taking advantage of the need for email communication during the CORVID-19 crisis to sell its VerizonAOL troubleshooting services. ESSENTIALLY, VerizonAOL is attempting to CRAM another charge onto my monthly bill by effectively denying me service for which I pay handsomely, and the charging me to fix a problem that VerizonAOL created. I have tried to contact VerizonAOL, but there is no answer, and the website informs me that COVID-19 prevents it from using email and chat for contact. HELP, PLEASE

Company Complaining About: Cox

Description

Over the last 6 months I have been paying full price for internet service that is of terrible quality. When I call Cox Customer Support, I get the same basic troubleshooting questions and reboot options, all of which do not work, and in order to get further assistance I am told to pay a \$10/month fee for Cox Complete Care, a service that still gets me nowhere.

I am currently paying hundreds every month for internet service that is advertised with speeds of 300mbps download and 30mbps upload. What I am getting is EXACTLY half of those speeds and often times my internet drops completely or never surpasses 10mbps download OR upload speeds. If they are throttling or limiting bandwidth due to COVID-19, they have not been transparent with their customers regarding the matter and still get away with charging people full price for less than half of the internet speeds they advertise.

Cox Customer Service often gives me the runaround and blames my internet connection on my hardware when they cannot come to a reasonable conclusion as to why my internet is so bad. The last technician to come into my home a couple months ago to check connection was very rude and told me my connection problems lie within my internet router. I bought a brand new router for \$100 and still have terrible internet.

I have asked Cox multiple times for them to send out a technician to my neighborhood to check on the nodes and wires OUTSIDE of my house (without having to come into physical contact with anyone) and they have declined my request every time due to COVID-19. At this rate I am convinced that Cox has oversold their internet service to my neighborhood, overloading all internet nodes/wires within my vicinity and still charging me full price for internet they know is not good quality.

I need Cox to stop falsely advertising their internet speeds and I need them to reimburse/refund me for the months that I have paid for bad quality internet. This issue has been happening long before COVID-19.

I would like my money back for the months that I have not received the internet speeds I've been paying for, and I would love to get the full 300mbps download speed and 30mbps upload speed. If they cannot provide me with those speeds, I would like them to explicitly tell me (both in writing and verbally) so I can downgrade my internet service and stop paying so much money for a falsely advertised service

Ticket: # 3918362 - internet availability

Date: 4/7/2020 5:26:49 PM

City/State/Zip: Carthage, Missouri 64836

Company Complaining About: Viasat

Description

She lives in a rural area. She has called CE Network and Pixius to install internet.

Both carriers refuse to service her home. They are servicing other homes in her area. Viasat is the only other choice and they do not provide quality internet.

She said rural area is suppose to be serviced also especially with Covid 19 going around. She was told by CE Networks and Pixius. CE told her they could service her for \$199 installation \$69.99 a month. Called them back and scheduled installation and some one else said he was out setting up a customer. he would not answer or set it up. Finally got a reply that said they are not taking on new customers.

Ticket: # 3918380 - DSL cut off when ported telephone number away from Frontier

Date: 4/7/2020 5:37:45 PM

City/State/Zip: Hayesville, North Carolina 28904

Company Complaining About: Frontier Communications

Description

I reported to Frontier that I was porting my telephone number to Ooma so that my DSL would not go out as recommended by Ooma before ordering the port to Ooma and was assured my DSL would not be turned off. It was turned off. Because of that not only do not have internet, phone, or television since they all run through the internet. April 2nd was the port out. I still do not have service even though talking to many at Frontier including the President of the company's secretary. My husband and I are over 70 years old and need the phone in case of emergency, especially during this pandemic. Getting my modem and router back up would solve the problem.

Ticket: # 3918408 - Cox Communications is still disconnecting Consumer Services even after signing the "Keep Americans Connected" Pledge

Date: 4/7/2020 5:50:19 PM

City/State/Zip: New Orleans, Louisiana 70126

Company Complaining About: Cox

Description

Cox communications is continuing disconnections even after signing and agreeing to abide by the "Keep America Connected Pledge." Myself as well as several other citizens of New Orleans are being disconnected due to the inability to pay bills due to lack of income during the Corona Pandemic.

Date: 4/7/2020 6:54:53 PM

City/State/Zip: Bellingham, Washington 98225

Company Complaining About: Comcast

Description

KIRO7, KOMO and KONG are not airing the Presidential addresses concerning Covid19, they are showing regular daytime programs like Judge Judy. The public needs to be informed!

Ticket: # 3918502 - Billing increase

Date: 4/7/2020 7:03:16 PM

City/State/Zip: Sagamore Hills, Ohio 44067

Company Complaining About: Spectrum

Description

I subscribe to Spectrum cable and internet services. I received a 10.00 increase in my bill without any notification. This is shameful especially during a pandemic situation such as we are experiencing.

Ticket: # 3918503 - No Landline (POTS) Telephone Service**Date:** 4/7/2020 7:03:36 PM**City/State/Zip:** Fallbrook, California 92028**Company Complaining About:** AT&T

Description

Again, I have NO Landline (POTS) telephone service as it rained here once again. Every time it rains this occurs. This is not new technology; Alexander Graham Bell invented it in 1876. One would expect after 144 years AT&T would have learned how this basic technology works. This is the fourth time since late November 2019 that this has occurred. My wife and I are seniors and have medical issues that require us to communicate with our doctors, especially now during the Pandemic.

Ticket: # 3918507 - Turning off internet service during Covid crisis

Date: 4/7/2020 7:10:44 PM

City/State/Zip: Pottsboro, Texas 75076

Company Complaining About: Vyve Broadband

Description

My internet was shut off on 4/7/2020 when we called them they said we were late on our bill and informed them they signed the FCC Pledge they said well that dosnt mean they will keep it on. We called them on 3/27 and informed them we had been laid off due to virus. When we called them the 2nd time to complain they said they turned it back on and somehow the "computer system" messed up even though they showed up unemployed due to the virus and our call of 3/27

Ticket: # 3918511 - Service disruption during pandemic

Date: 4/7/2020 7:12:23 PM

City/State/Zip: Tarentum, Pennsylvania 15084

Company Complaining About: Comcast

Description

Comcast has disrupted our services on a paid in full account during the paid for period during a pandemic after pledging to not disrupt services. Comcast disrupted our services due to an account that was 4 years old from a prior address. We have had services for the entire 4 years with Comcast with no notification that there was an outstanding balance on the old address. Comcast waited for a pandemic to ensure that we were not able to address this the day it happened as they disrupted services 15 minutes prior to the special departments closure. The disruption has limited access to news and cut off all access to child's educational materials.

Ticket: # 3918518 - Internet being throttled during Covid-19 emergency

Date: 4/7/2020 7:17:47 PM

City/State/Zip: Hondo, Texas 78861

Company Complaining About: Viasat

Description

We have our internet through Viasat and they have admitted to us that they have been throttling us back during this time. I called them on March 26th to ask what we could do because my husband couldn't work from home because of our unreliable internet and they explained there was nothing they could do because we had already used our 60 GB of priority data there was nothing they could do.

Ticket: # 3918532 - The lack of availability of the COVID Press Conference ..ABC, NBC, CBC failed to provide

Date: 4/7/2020 7:25:11 PM

City/State/Zip: Springfield, Virginia 22150

Company Complaining About: Local Air News From Antennae And Cable News Stations

Description

Complaint for major networks and cable news. We have a state of Emergency. Less fortunate Americans are the most affected by the virus and can't afford cable. There is absolutely no reason that all of the major networks or at least one of them are not providing the full coverage of the Pres/VP COVID19 Press conference. Some stations start the conference then annoyingly cut it off part way through. I have Cox cable but they have not allowed it free on the paid stations either. This is not acceptable especially when we hear how badly it is affecting the Black Community.

Ticket: # 3918669 - Spectrum shuts off our internet during Pandemic

Date: 4/7/2020 10:12:20 PM

City/State/Zip: Crestline, California 92325

Company Complaining About: Spectrum

Description

We are longtime Spectrum internet customers. We live in a rural mountain community. Our ability to make any phone calls is dependent on Spectrum internet service. Spectrum turned off our service at 3:00 a.m. on Sunday, April 05 because they hadn't received an overdue payment - which was paid on the morning of Friday, April 03. We had to call them from town and beg to have our internet turned on. Finally, internet service was restored in the afternoon of Monday, April 06.

Ticket: # 3918670 - price gouging by Comcast/Xfinity

Date: 4/7/2020 10:17:23 PM

City/State/Zip: Abingdon, Virginia 24211

Company Complaining About: Comcast

Description

I am writing in regard to a previous complaint ((b) (6)). Since corresponding with you regarding a rate increase for my Comcast Xfinity monthly bill in February, the company has now retaliated as I will explain below. I need to know who controls Comcast, who is their governing body, as they are not only price gouging me in a time when we have a pandemic but they are in breach of my 2-yr. contract with them for which they impose a \$200 penalty on me if I break it. In February my bill was increased by \$5.15 which amounts to \$65.65 increase for the year. After I contacted FCC, my April bill was increased by \$10.42 amounting to \$125.04. Comcast has doubled the increase. This is not justified and especially a greedy and unacceptable retaliation in light of the pandemic and economic problems. I need you to take action re this. When I contacted Comcast via telephone, I was told by the representative he could not offer any help so I asked to speak to someone higher up and I was disconnected. When I tried more than once to call back, I was not able to even get to an agent. I want a refund for the overcharge for the months of February and April. The amount of a refund I want for these two months is \$15.57. I also want Comcast to furnish the name and address of the agency that oversees them and governs their rate increases. I read that you can investigate companies who are guilty of the above and I am requesting FCC to do a formal investigation of this company. What is happening to me is happening to lots of other families and someone needs to put a stop to this price gouging. Thank you.

Ticket: # 3918698 - Cable regional sports fee

Date: 4/7/2020 10:52:41 PM

City/State/Zip: Glenmoore, Pennsylvania 19343

Company Complaining About: Comcast

Description

Comcast refuses to remove my regional sports fee even though I'm not receiving any regional sports during the pandemic. I feel as I'm being forced to pay for a service I'm not receiving.

Ticket: # 3918702 - Internet Issues**Date:** 4/7/2020 11:00:33 PM**City/State/Zip:** Temperance, Michigan 48182**Company Complaining About:** Buckeye Broadband

Description

I continue to have the same issues with my Internet service...loading and buffering issues...speed issues...etc. Our entire community has been having these issues. This has been going on for over two years. I have already made complaints to Buckeye Broadband and to the FCC. Buckeye refuses to come to my home to fix the issues. I have screenshots, through their online chat, of them refusing to come to my home. I asked them NUMEROUS times to send someone out here to check all of the OUTSIDE lines and equipment in my area...from pole to pole. They refuse! I can email these screenshots to you if necessary. Now Buckeye is trying to blame these issues on the COVID19 virus and it being utilization issues. Really? FOR TWO YEARS? COVID19 has not been around that long.

PLEASE DO SOMETHING!!!!

Ticket: # 3918750 - Rate of increase

Date: 4/8/2020 2:10:08 AM

City/State/Zip: East Greenbush, New York 12061

Company Complaining About: Spectrum

Description

My current internet provider Charter Communications/Spectrum increased my service rate without notification during our international pandemic. My previous rate was the same for three years after being raised twice. I find it nauseating that they decided to raise it again now. I contacted there customer service and they stated that I am still lucky not to be paying there full retail price. There is not another comparable provider in my area so Spectrum is Monopolizing and I do not have any other choice but to give in.

Ticket: # 3918772 - Designated Market Area

Date: 4/8/2020 4:19:41 AM

City/State/Zip: Palestine, Texas 75803

Company Complaining About: Youtube Tv

Description

Hi;

If I contacted the wrong department, please direct me to the correct department.

I am using Youtube TV as my provider.

I live in Palestine, Zip Code 75803, maybe 40 miles South from Tyler Tx. Even less to a Zip Code that covers Tyler. Youtube TV puts me in the Dallas Tx market area that is 120 miles NW. I have ask to be in the Tyler viewing and market area,

This is Youtube TV answer:

—
For clarification, 75803 only has a single market area which belongs to Dallas/Fort Worth Area. I just wanted to make it clear that this is not a system generated assignment of your markets but it is actually assigned by the FCC to Networks and this has something that we can't change.
—

I do not go to Dallas and Dallas does not cover news for my area. I would like to be in the Tyler Tx viewing area for shopping and news as Tyler covers my town. Local emergency notices for weather, storms, traffic and now with this pandemic outbreak it would be very helpful and essential.

The Tyler TV stations carry the same network shows. The only different is local news and local market advertisement.

I understand Designated Market Area concept but, does all this sound silly to you? Wouldn't you think the markets in Tyler Tx would want me to watch local advertisement?

Why am I put in a viewing and market area that does not serve me? How can I be included in a market area that serves me?

Your understanding in this matter would be greatly appreciated.

If I contacted the wrong department, please direct me to the correct department.—Thanks;

—(b) (6)

Ticket: # 3918782 - Service

Date: 4/8/2020 6:08:52 AM

City/State/Zip: Leavenworth, Kansas 66027-0044

Company Complaining About: Freedompop

Description

I bought LTE SIM Kit - 3-in-1 - Voice/Data Bundle last year and i never able to get it working until 9 months later. When I called 855 703 5785 the first time to get my phone configured, a live person told me they could not help me since I bought the basic 3-1 SIM, not the entire phone package. They only refer me to their website. If I want additional help, I will have to pay additional fee.

To add another additional problem, I had to reinstall their apps on my android phone. When I tried to use the apps, it prompted me for user name and password. Well, I didn't know so I clicked on both apps on the android and at desktop "forget my password" I been waiting for them to send me a reset link since April 5, 2020. I been clicking multiple times each day and they still did not send me reset link. I even checked my SPAM folder to ensured it did not go there. I able to login to my account from the desktop due to cache credential and I can't submit a ticket because it prompts me to enter my password, which I have no idea.

During the pandemic crises, I can't call out since their apps is not working and I have lost all hope to get my phone working. Before, my apps were working on my android phone, I received their email and text and their message stated "do not rely to this message" and I even reply to them to see, and they didn't reply. I even called their phone number (855 703 5785) and this time you cannot get a live person, I only can get a recording message to directed me to their website to look up for support information. If I push any other provide menu options, it just hangs up.

Before pandemic crises hit, I very seldom use the phone until now. I am fairly old and live by myself, this is reason I need to get their apps working so I can make a nonthreatening emergency call. When I got my apps working after 9 month later, I primary been using with WIFI so it does not eat up my times. I do understand I only paid for their basic service. I feel, if they sold their product, they should still provide a basic support so I can get their SIM working conjunction with their apps so, I can least make a call and nothing else. I am NOT asking how to use android. I feel, why sell their product if they are not willing to provide a simple basic support to get their apps working on my android.

Ticket: # 3918824 - Altice optimum tv and INTERNET

Date: 4/8/2020 8:48:24 AM

City/State/Zip: Lake Grove, New York 11755

Company Complaining About: Optimum

Description

Altice shut off our services. We now have now way of watching the news updates for this pandemic and we also now HAVE NO INTERNET FOR OUR SON WHO IS HOMESCHOOLING. When you try to speak to someone they put you on hold for hours and then the system hangs up on you. You cannot get through to ANY OFY to correct the issue meanwhile they are not suppose to shut anyone off.

Ticket: # 3918893 - Attempted billing for services not rendered

Date: 4/8/2020 9:24:43 AM

City/State/Zip: Tarpon Springs, Florida 34689

Company Complaining About: AT&T

Description

After losing my job I requested to put my Directv account on hold and ATT wants to charge me \$7 for no service. As a 23 year customer I was insulted and disconnected service. They are thieves and are not supporting their customers in this critical time in our country. I lost my job to Covid-19. Please do something! This is wrong!

Ticket: # 3918916 - Dove Body Wash

Date: 4/8/2020 9:42:18 AM

City/State/Zip: Springfield, Missouri 65804

Description

Woman with a double mastectomy disrobes to show scars during Primetime network programming in a commercial for Dove Bodywash.

Extremely inappropriate, poorly conceived and using the covid-19 timeframe to release this highly controversial topic. They certainly lost me as a customer, I am just furious that common decency seems to be eroding at a rapid pace. The very manner in which the woman throws open her robe in front of the camera is, in its self, an action that should not be considered ok!

Ticket: # 3918948 - Spectrum Internet increasing bills... I have school age children

Date: 4/8/2020 10:04:41 AM

City/State/Zip: Waldoboro, Maine 04572

Company Complaining About: Spectrum

Description

They won't honor the reduced rate they keep mentioning after I fill forms out and am approved because I am a "Current Customer" however I am a customer that was brought from another company Time warner cable and have NO contract with Spectrum. They also are delivering slower speed to me as I am not a Spectrum customer... I get less than 30mbps. Their service is 100 mbps for \$44.99. They want me to cancel service for 30 days and then they will honor price of \$22.99 for the package of 30mbps. This month they increased my bill from \$49.99 to \$59.99. I want them to honor the package I qualify for... I can't cancel service as I have school age children and a medical need for my Type 1 diabetic daughter and due to Covid-19 I cant switch to another company. Her doctors review her blood sugars and insulin intake and make adjustments from this and only way to get the info and graphs is via internet access.

Company Complaining About: Boost Mobile

Description

Due to covid 19 and being out of a job I can't pay my phone bill.

Ticket: # 3919041 - SIMPLE Number Porting Delayed 17 days

Date: 4/8/2020 11:08:28 AM

City/State/Zip: Celebration, Florida 34747

Company Complaining About: Spectrum

Description

On March 23, 2020 I requested our ONE phone number to be ported from Spectrum Business to Vonage Business. This request was rejected on the grounds that the address of record did not match the address of the port request. I noticed that the Suite number "G" was missing from the form -- DESPITE both Vonage and Spectrum having my correct and complete address which has not changed in 9 years AND is the same one used by the USPS.gov address and zip-code verification website. I entered "STE G" and submitted the form. This second submission was again REJECTED on the same grounds as the first rejection. The only other anomaly I notice is that the Zip Code is 5 digits while on my Spectrum statement it is a Zip+4. A representative from Vonage's number-porting department stated that in his experience missing the 4 from the Zip+4 does not typically cause a port request to reject. So, he had me provide a copy of a recent Spectrum statement and his department will DISPUTE the rejection. The thing that INFURIATES me the most is what the representative said next. He stated that the zip-code is only the FIRST STOP in address verification AND even if the Zip-code passes verification, they may then turn to a second field and either PASS or REJECT based on this second field. So, if one by one the Street number AND the street direction AND the street suffix AND Address Line 2 AND the City AND the State AND the Country should happen to FAIL, each and every failure would require a separate rejection, re-submission and re-test. AND this is only the address. There are other considerations that can cause a reject. For example, not having provided a PIN number which I did not have handy on 3/23 but which I promptly called Vonage to inform them of the PIN number on 3/24 and then confirmed with Spectrum that the PIN number WILL be required to complete the port request. At that point, the Spectrum rep was not able to make note of the fact that I do know and have provided my PIN number because it would be subject to the AUTOMATED process which doesn't allow for the insertion of the PIN number until the request actually rejects for exactly that reason. In the PRE-COVID-19 world, none of this would be an issue because we simply would have continued using the old phone system until the port was complete; however, because of the situation, we have all of our therapists working from home providing mental health therapy via telehealth and using the new phone system seamlessly to the patients who when they call our main phone number, the calls are forwarded to the new phone system. Where we have a MAJOR ISSUE and one that could have disastrous implications when dealing with an already fragile subset of the population is that since the number port has not completed, our OUTBOUND caller ID is some random number our patients are not familiar with and would have every reason to NOT ANSWER. Vonage explained that until the number port is not complete, they are prevented BY LAW to provide an outbound caller ID for a number they do not own. So there is my complaint. Anything you can do to speed up this process would be greatly appreciated.

Ticket: # 3919042 - Cox Keep Americans Connected Pledge

Date: 4/8/2020 11:08:48 AM

City/State/Zip: Virginia Beach, Virginia 23462

Company Complaining About: Cox

Description

The consumer states that she has bundled service with Cox Communications.

The consumer states that they were to follow the pledge and not disconnect her services.

The consumer states that last night at 11pm all of her services were shut off.

The consumer is home schooling her kids and she is working from home so these services are necessary, especially internet.

The consumer states she had to call and make an online payment to get her services restored this morning.

The consumer believes that this was a bad response to the issue going on with COVID-19.

If you could somehow credit her for the time being that she had to miss time from work to get her services restored that would be appreciated.

Ticket: # 3919107 - Disconnected for no reason, then charged for reconnection and reduced service speed

Date: 4/8/2020 11:38:54 AM

City/State/Zip: Bahama, North Carolina 27503

Company Complaining About: Frontier Communications

Description

During this COVID-19 situation Frontier disconnected my service on March 16th, 2020 without reason (I am on an auto-pay service) the day my son was to begin his mandatory home schooling in Durham County. It took two days to get my service reinstated and I received a bill to reconnect service \$30.00 they disconnected without reasons. They then cut my internet speed by 1/3 and refused to put it back to the speed I had for the previous two years. Frontier is billing me for a "Broadband Max" package that is not available on their website which is nearly double the price (39.99) of the current packages for my location (24.99) but refuse to give me the same package that is available to my neighbors. I was told by a service rep "I can cancel and request new service but with COVID-19 we won't be out to turn you back on for months [laughs]".

Ticket: # 3919141 - Service issues with new provider

Date: 4/8/2020 11:54:08 AM

City/State/Zip: Apollo Beach, Florida 33572

Company Complaining About: Frontier Communications

Description

Have had Spectrum for years. Frontier Rep sells us on converting with promises of saving money and better service (technical and modem speed). Frontier Rep tells us Frontier handles the switch from Spectrum to Frontier. One month into our new internet provider, internet goes down on 1/26/20. Call for technical support and they say everything is fine and we have internet yet we can not ring in any food/drink orders nor process payment. Frontier promises to have a tech out 27th or 28th (which is not acceptable as business is interrupted). I had a hunch that Spectrum had just turned our service off. Hunch was correct and after payment to them, internet was back on in 5 minutes. Frontier never sent anyone out. Called Frontier sales rep to complain about the situation. Later in February, phone service stopped. Now guest cannot call. Found out our phone was ported from Spectrum to Frontier successfully and I must pay Frontier (internet & phone) to get phone service turned back on. Paid \$186.52. Two business days later, phone was back on. Complained to Frontier Rep about this situation. Internet was down again 4/7/20. Did not bother calling Frontier, called Spectrum. Internet was restored. 4/8/20 called Frontier to find a solution for this saga. Pay the full 546.22 and they will restore service and we are in a binding contract. I explained that Frontier should have made sure we were up and running successfully and to date, they have never sent a technician out to check on our complaints. They wont help until I pay full amount. Meanwhile, I have been paying Spectrum monthly for internet service. Now with COVID-19 going on, we have been closed since 3/20/20 and it is imperative this issue gets resolved prior to re-open, including having our phone back (same number).

Ticket: # 3919142 - Optimum/altice disconnecting services during coronavirus for non payment

Date: 4/8/2020 11:54:08 AM

City/State/Zip: Greenwich, Connecticut 06830

Company Complaining About: Optimum

Description

Hi, just want to let you know that Optimum/Altice is disconnecting services to customers for non payment during coronavirus pandemic even after they pledged not to do so. It just happened to me and happening to many. Just check the Twitter feed under optimum/ service disconnected. They lied and to make matters worse, you can't call them or chat with them. I think they are doing this on purpose!! They made the pledge as a PR stunt and behind the scenes disconnecting everyone for non payment during these times. The company is a scam and liars. It's illegal what they are doing. The FCC should investigate them, and they purposely make it impossible to contact them for that very convenient reason. Worse service ever and more importantly, absolute liars!!! Please contact them, as they are doing this to everyone behind their backs!!!

Ticket: # 3919159 - Fox News culpability in COVID 19 Health Crisis

Date: 4/8/2020 11:59:09 AM

City/State/Zip: Clarksville, Tennessee 37043

Description

Fox News Network repeatedly reported COVID 19 a false narrative of propaganda that the virus was a "hoax," a Democratic tactic to undermine the President, and posing little to no risk to the American people. The firing of a single employee for this behavior does not erase the networks culpability of false reporting. I urge you to investigate the networks repeated false reports that put the American public at risk and increased the spread of the disease as a result of their disinformation campaign. You do not need my submission of attachments, there are too many to submit.

Ticket: # 3919160 - Internet access

Date: 4/8/2020 11:59:21 AM

City/State/Zip: Northport, New York 11768

Company Complaining About: Optimum

Description

I am a optimum customer. I am supposed to be getting internet but lately because of covid 19 service is very very slow. I tried calling optimum many times and it hangs up on me after telling me to figure out my problem on their site. Their site just gives me opportunities to get better service by paying 39.99 a month. This is price gouging to the fullest extent. I am paying them a lot of money every month for internet that is NOT working and they want to charge me an extra 40 dollars a month for "faster internet"

Ticket: # 3919225 - Service COVID-19

Date: 4/8/2020 1:23:26 PM

City/State/Zip: Bethlehem, Pennsylvania 18018

Description

I was getting one of these calls every day before the coronavirus shut down. It seemed there was a different number every day. The calls stopped but started again today. I can't imagine this is an essential service and now I have the time to do something about it.

Ticket: # 3919431 - unwanted call

Date: 4/8/2020 1:36:24 PM

City/State/Zip: Fayetteville, Georgia 30215

Company Complaining About: Unknown Name

Description

Caller continues to call during pandemic to solicit burial insurance.

Ticket: # 3919441 - Internet disconnection during Corona Virus

Date: 4/8/2020 1:39:51 PM

City/State/Zip: Pompton Lakes, New Jersey 07442

Company Complaining About: Optimum

Description

I lost my job due to the corona virus and applied for unemployment. I spoke to Optimum and they, like every other creditor told me not to worry about it. Today, April 8, 2020 they shut my service again and i have been trying to call them for over 4 hours and they disconnected my call. It was automatic disconnection as the recording said they are experiencing high call volume and go to their website for all issues. I have no internet to go to a website. Please help me! Thank you

Ticket: # 3919495 - Billing fraud

Date: 4/8/2020 1:54:18 PM

City/State/Zip: Ozark, Missouri 65721

Company Complaining About: Sudden Link

Description

I closed my Suddenlink Branson account, access code 2583, in Nov 2019. I was not issued a refund for overpayment so I contacted Suddenlink on 1/11/20, and was told I had a credit of \$119.94. I was told this would be issued back to me. I assumed it would be credited to my new ozark account access code 7023 opened in Nov 2019. I did not see it appear on my statement so I continued paying my monthly bills as I received them. I later received forwarded mail from the 2583 account with a debit gift card in the amount of 119.94. I assumed this was my refund. I began receiving bills for the old account still being sent to the old address for 119.94. I called Suddenlink and they stated it was an error and the account would be closed out and I did not have a balance due, as of 3/3/20. I received another bill for 119.94 three weeks later with a pay date of April 10th. I also received a referral to collections requiring payment of the debt before April 10th. I contacted Suddenlink again and was told this time that I had been issued a transfer to my new account, and a gift card on the same date 2/4/20. I was also issued a late fee for the transfer being put into my account on the 4th when it was due on the first. I had been paying the bills as I received them and did not see that an amount was due.

I was told that I would have to pay the 119.94 even though the issue was a Suddenlink billing error, and even after I was told the billing error had been resolved and the account had been closed. Jason C. ID# LM4, manager, advised me to pay the bill using my debit gift card issued by Suddenlink on 4/8/20. I paid the amount using the refund card that was issued to me.

To summarize, Suddenlink's errors result in a financial profit to the company. Accruing late fees for "debts incurred by "employee error", result in profits for the company. If Suddenlink does this for each customer at least one time during a contract they can make significant profits. I also have not received a 50\$ amazon gift card as promised for signing another Suddenlink contract for my new address. Suddenlink employee incompetence causes benefit for the company and they do not provide the services promised. I had an internet and tv outage lasting well over a week and a half earlier this year and received no partial refund for the loss of service. Suddenlink has profited from the confusion they caused. No customer could possibly understand the billing requirements when so much chaos and confusion is caused. That is in addition to all of the chaos caused by CoVid and many of us working extra hours and long days. It has been nearly impossible to reach an agent and I had to take 2 hours off of work to do so today!

Ticket: # 3919496 - receiving repeated unwanted JUNK faxes

Date: 4/8/2020 1:54:41 PM

City/State/Zip: Apopka, Florida 32712

Ticket: # 3919523 - Continued Disregard for Customer Service resolutions**Date:** 4/8/2020 2:01:26 PM**City/State/Zip:** Chicago, Illinois 60617**Company Complaining About:** Comcast

Description

I have been waiting weeks for Andrea B. from Xfinity corporate office to respond. The last conversation we had I was told she would get back in touch with me regarding her crediting the account for a months worth of installation charges and that she would be reaching out to the other department to ensure that the credit for internet services would be credited back to the account for the promotion that was offered for the unfortunate pandemic event we are undergoing. When I called into the office today I was told that Andrea closed the case complaint out without ever reaching back to me at all. I as well emailed her with no reply. I have as well been having ongoing issues with Xfinity mobile with them billing me for mobile services I have never used. Im being billed for a phone that hasnt even been on since two weeks after it was ordered never made a call or used any data. Im being billed for home security and I haven't even been able to use the alarm due to a sensor issue for months now. i dont even arm or disarm it so at this point i just want to cancel all services and they should waive whatever fees there are less the actual charges i need to pay for services when i did use them.

Ticket: # 3919544 - Equipment

Date: 4/8/2020 2:07:54 PM

City/State/Zip: Cameron Park, California 95682

Company Complaining About: Verizon

Description

Verizon Wireless. I placed an order for a new phone for my daughter on 4/02/2020 to replace a damaged phone. She is on my Verizon account. I live in CA and she lives in NJ. The phone was ordered via on-line chat; however the agent put in an incorrect/undeliverable address for shipping. As of today, 4/07/2020, this issue has still not been resolved & we are unable to order a new phone for her until the other one is returned and "cleared out" of their system. I have spent literally six hours on-line and on the phone trying to resolve the issue and have asked multiple times to escalate my issue to a manager to resolve it, which has been refused. The option offered today is to order a new phone on a different line, then try to 'switch things around' once she receives the phone. Please assist. She is working from home, with a toddler, in the epicenter of a pandemic and needs a phone asap.

Ticket: # 3919573 - I believe my internet is being throttled by Verizon Fios

Date: 4/8/2020 2:15:28 PM

City/State/Zip: Syracuse, New York 13219

Company Complaining About: Verizon

Millions of Americans are home working now due to COVID pandemic. And my internet is barely working and my company is frustrated. And is asking all of us working from home our internet speeds. We are trying to diagnose what is going on. I am informely filing a throttling complaint.

Ticket: # 3919587 - Spectrum Billing

Date: 4/8/2020 2:19:49 PM

City/State/Zip: Cincinnati, Ohio 45246

Company Complaining About: Spectrum

Description

The consumer is 82 years old and in January 2020 she called Spectrum to add cable (she already had Internet with them) since she got her SS check they said it would be \$60.

The consumer agreed and said she could afford it but then she got a bill for \$149 and she kept calling them and they don't tell her what it's for.

On Sunday the consumer borrowed money to pay Spectrum and no one wanted to take her money and she called back and now its \$190 she owes.

Now the consumer called today and they changed her bill again.

The consumer states that they don't return her calls and they shut off her TV and internet

The consumer also want her internet on because she doesn't have internet availability and with COVID-19 going on she needs this.

The consumer needs the internet because she pays for her medicine online.

The consumer was told the internet was \$22 and the TV would be \$60 so she is not going to pay \$190 she will pay \$82 for the services if they turn them back on.

On sunday when the consumer went to the store and the representative about early 20s with tattoos told her to "get the h*ll out of my store" simply because she said how could he raise the prices in one day and if she came back he would call the police.

Description

Hello, I'd like to report the following website and individuals:

www.nextdoor.com/MaeligMorvan<reply+GQ4DKNBWGUZTAX3QOJXWI5LDORUW63S7KBGV6MJRGEZDEMBZHE3DMXZTGA3TQNBUGFPQ====@reply.nextdoor.com> for violating my constitutional/civil rights, freedom of speech/expression, and for censoring/removing the content I had published on an electronic message board for neighbors regarding an unsafe behavior by a postal worker. He was constantly coughing & sneezing, wiping his face with tissue and hands, while NOT wearing a mask! And then handling mail: packages and envelopes! I felt this was inappropriate and potentially dangerous behavior especially during a pandemic crisis we're in and wrote about it. The post was deleted due to being "judgmental", using punctuation, and not providing a solution. All of the claims completely bizarre! The reality was that the website and its administrators/leads wanted to keep the issue hidden from the public and attacked me for reporting it! That is outrageous and quite unacceptable! The website and individuals should be sanctioned for their discriminatory behavior! I'd like FCC to get involved in resolving this situation successfully and let me know the result! Thanks.

Date: 4/8/2020 4:17:48 PM

City/State/Zip: Hensley, Arkansas 72065

Company Complaining About: AT&T

Description

I traded 3 iPhone 7 plus on 11/2/2019. TJ the representative told us since the phones are in immaculate condition, we would receive a 200.00 credit per phone. As of 4/8/2020, I've yet to receive the monthly adjustment to my account for the trade-ins. I've been calling and calling customer service to get this issue resolved, however since this was done in the stores (closed due to COVID19) no one can help me. I was told on 3/31/2020 I would receive a 10 per line credit for my account due to my issues. The representative stated since I have 5 lines on my account, I would receive a 50.00 credit. If I had 1 line, I'd receive a 10.00 credit. I received my bill today which reflects only a 10.00 credit. The representatives today are now telling me the rep from 3/31 gave the incorrect information. ATT continues to lie to their customers. No one supposedly listens to the recordings. When we ask for a supervisor, we are given to another representative stating they are a supervisor which is a lie. One impersonator said: my co-worker, I mean employee. A supervisor does not mess up like that.

Company Complaining About: Comcast

Description

I spoke to a representative regarding my past due bill. I explained to the representative My income has been affected due to covid 19. The representative explained that I needed to make a payment of \$ 190 and my service would not be disconnected. I made a payment after speaking to a representative for 190. After making the payment my cable was disconnected one day later. I spoke to a manager and was told I needed to make another payment. They did not honor there word and this is deceptive practice

Ticket: # 3920059 - Spectrum COVID19

Date: 4/8/2020 4:51:10 PM

City/State/Zip: Charlotte, North Carolina 28217-7926

Company Complaining About: Spectrum

Description

She has service with Spectrum but her phone service is not working properly. The phone does not ring on her end but if someone calls they can hear the ring. She has went through troubleshooting steps with Spectrum but the issues persist. She needs the service as she is stuck at home because of COVID-19 and is elderly. She was told that the tech would come out but would not have gloves or a mask. She is afraid of getting exposed to COVID-19 and has not consented to a tech coming to her home without wearing protective gear. She feels she is being forced to choose between exposure to the virus and having access to needed services that she pays for. She is upset because the company is not willing to protect their customers or the techs. She is African American and the news has already stated that people of her race are disproportionately at risk. She is also requesting a credit for the time out of service.

Ticket: # 3920094 - Suddenlink internet service Charleston and Sissonville WV

Date: 4/8/2020 5:02:40 PM

City/State/Zip: South Charleston, West Virginia 25309

Company Complaining About: Sudden Link

Description

Today Suddenlink cut off my service over a disputed \$60 fee for an appointment they say I did not cancel (in January). I did cancel it because I was aware that \$60 would be charged if I did not cancel. I have called and written to dispute this with a supervisor or billing person, but no one responded ever. It is impossible to get past their boiler room staff with their scripts. They gave me no notice of suspending my service (now in corona virus time.) They are the only available internet service in my area, and can thus abuse customers. I had to pay by charge card immediately today to get my service back. I would like to get my \$60 back.

Ticket: # 3920122 - Credit deception and unable to confirm/alter plan

Date: 4/8/2020 5:15:22 PM

City/State/Zip: University Place, Washington 98466

Company Complaining About: Comcast

Description

I was told my Comcast bill would be \$138 plus tax. It is \$198. I have not been able to get a person on the phone or on chat. I have been wanting to modify or cancel my contract. Since then I have also lost my job because of Covid, and can't get anyone on the phone. The agent who was in charge of my account I would be given \$150 in credits last month. That has not materialized. I am unsure how to proceed.

Ticket: # 3920168 - Internet availability

Date: 4/8/2020 5:52:03 PM

City/State/Zip: Parsonsburg, Maryland 21849

Company Complaining About: Comcast

Description

Comcast refuses to extend cable internet to my neighborhood. We have been trying for 3 years and they won't relent. I work for a public utility and as such am an essential employee. My company is setting up our employees to work from but I am forced to report to the office due to lack of internet. To be clear, I don't live in the middle of nowhere. I am 100 yards from a major highway (Md route 50) and 2 miles from a major college (Wor-Wic Community College). By not having internet my children are forced to go to their 75 yr old grandmother's (who has Comcast) to do their online schoolwork putting her at risk of catching the virus. From what I understand we are in Comcast's service territory, they just refuse to bring internet down our street. It's available on other streets within walking distance from our house, just not our neighborhood of approximately 20 houses. On the road leading to our neighborhood are several businesses including a towing company and a brewery/restaurant. There are plenty of potential customers for Comcast to serve, they just CHOOSE not to serve us. And since they have a MONOPOLY we can't appeal to other companies to help us out of this dilemma! PLEASE help us! It's 2020 and I can't get cable internet in my home!! How ridiculous does that statement sound to you??????? We were willing to live with this until this pandemic hit, but now working from home is integral to my family's safety! I need cable internet to be able to do the job I do....satellite/hotspot/wi-fi etc won't work. Comcast's monopoly in our area is putting my family's safety at risk! I'm BEGGING them to give them my money and they refuse to take it!! PLEASE HELP!!!

Mr. Vega,

It is disheartening that you do not have first hand knowledge of the signature program or FAN foundation account numbers. I am on the phone with Josh ID J911N. He has accessed my account and assured me that the cost of the elite plan and the cost of our current plan is the same after all discounts. He said this without being prompted about a signature account. His customer service skills and ability to be a human with common sense. He said there will be no prorated charge. The change will be effective immediately. He indicated there will be an email that generates after he saves and closes the account. I received an email that gave me a link to click to see the changes. I clicked and did not get a response from the website or the terms and conditions. Josh said he does not know if we will get anything in the mail in 14 days or less, and that the email should have all the information. He talked with his back office and the manager said he would push out a letter confirmation. I went and logged in without using the link and found a way to look at the account. I've made a screenshot of the account. It is a very high quality photo that is not blurry at all. It shows clearly that the price of \$130 includes the discounts. It is very sad that you, as "the highest person" do not have this basic information at your disposal.

He let me know also that all calls are recorded. The only people that can access those are the back office. You told me it was random that they are recorded. The information you provided me was misleading if not totally

false. I feel that you played a terrible game trying to not help me as much as possible.

Your customer service skills are abhorrent. You do not wish to help a customer. Your only concern is ATT and protecting ATT. You acted like a robot. You displayed total lack of understanding and went as far as to blame me for your company's total lack of proper handling of this situation. You indicated that if I want to file a complaint against you that it would come directly to you and that you would review with "your team" and they would get back in touch with me. I am submitting this formal complaint against you for you to take to your team and review, so they can contact me and let me know that you have been retrained.

Here it is.

I am issuing a formal complaint against you Jaime Vega for your total disregard in resolving the issue. You did half of your job by issuing a credit. The other half was to change my plan and you were unable to do so because you would not promise any pricing other than what was on your screen. You claimed to not know what a signature discount is. You claimed that you were unable to find out what it is. Even after I prompted you to simply GOOGLE it you wouldn't. You also do not know what a FAN is. A first level person at ATT that does not know what a Foundation Account Number is has either never been to training, or never paid any attention. The only other conclusion is that you were being OBTUSE. If you don't know what that means please google it. It would explain exactly why you are the worst candidate for a position of any power. I appreciate that you may be stressed by COVID. Maybe that is why you were unable to deal with the issue. Maybe you are new? Maybe you are working from home with limited resources. Maybe you are incompetent without "your team" sitting beside you holding your hand.

Whatever your issue, it needs to be resolved properly by someone who has the ability to teach you. That does also require the ability for you to learn. I hope you have that ability, or find it quickly.

As you stated. "You will receive a response from the team within 48-72 hours after submitting your complaint."

I await the phone call.

Company Complaining About: Sudden Link

Description

The consumer stated that her service has been out 03/29/2020. Phone, Internet, Cable TV.

She called Suddenlink on 03/29/2020. However, when she just called back in to ask how much longer, she was told that it was never reported. The consumer stated that she has a log of dates and times when she called so she feels that SuddenLink is playing games with the people in this area.

She stated that multiple people have also filed complaints with the FCC. Her sister-in-law reported that her was service out and Suddenlink continues to insist on sending techs to the homes when they know it is in their own equipment. They are just stalling for time and creating more frustration for consumers. The techs show and state that the issue is NOT inside and they must send a bucket truck....thereby putting you on hold once again....while you have no services.

The consumer stated that her children must have the internet to complete their school work, daily due to the Covid-19 Pandemic. However, they have no phone service, no internet. The also do not have cable TV service.

She requested that SuddenLink immediately repair the services in this area and provide the services for which she pays. She also requested full credit dating back to 03/29/2020 when services first went completely out.

Ticket: # 3920273 - Lack of Service

Date: 4/8/2020 7:01:04 PM

City/State/Zip: La Habra, California 90631

Company Complaining About: Frontier Communications

Description

Frontier provides incredibly slow and terrible copper wire 3mbps service for my home. That is all they provide. They will not upgrade the lines to provide 25mbps or more. This is 2020, I shouldn't be restricted to these ridiculously low speeds at the same cost of a 25 Mbps service everywhere else. In the midst of covid, livelihoods are being hampered here with our jobs

Ticket: # 3920281 - Price Gouging

Date: 4/8/2020 7:09:01 PM

City/State/Zip: Dayton, Ohio 45424

Company Complaining About: Spectrum

Description

20% price increase

can't drop internet because college coarse's were mandated to online because of Ohio's stay at home order during the pandemic. Was told the increase was justified for the delivery of services.

Stop the price gouging and facilitate real competition in this monopolistic setting or bring in real regulation and over site.

Ticket: # 3920303 - AT&T Issue

Date: 4/8/2020 7:27:31 PM

City/State/Zip: Fort Mill, South Carolina 29715

Company Complaining About: AT&T

Description

After multiple visits and calls I still have not received the money for the four phones I traded in. Four iPhone 8 Plus phones in excellent condition. This guaranteed that my four new phones Iphone 11 would be free. This has been going on since December with AT&T and now the store manager who assured me he would correct this is not returning my calls and the local store is closed because of Covid 19. AT&T continues to overcharge me every month by \$98.36. This is unacceptable

Ticket: # 3920307 - Internet is being throttled by optimum

Date: 4/8/2020 7:28:56 PM

City/State/Zip: Bronx, New York 10457

Company Complaining About: Optimum

Description

I have speed test from different sites with different numbers. I have had this issue for more than just a year or COVID 19 with optimum. websites like twitch wwenetwork netflix buffer constantly. always told to reset router and it never fixes the issue .mind you earlier today il had an issue with my internet. checked with my local friend to see how his service is. it was not as bad as mine but the moment i tweeted about it mine magically started working like normal. and it isnt my house hold because i dont live in a building and im the only one using the services in the house. My point is were paying for 100Mbps and only getting 0-2.8Mbps and it isnt right.

Ticket: # 3920316 - Disconnected Service

Date: 4/8/2020 7:39:09 PM

City/State/Zip: Culpeper, Virginia 22701

Company Complaining About: Verizon

Description

1. Verizon said they would not disconnect services for those impacted by COVID-19, but mine is disconnected.
2. I'm an essential employer and Verizon said they would direct more network service to those of us that are essential, my internet has been slower.
3. I made a payment yesterday, sacrificing buying groceries and necessities because I need the internet for my job. My internet is still not on and now Verizon wants another payment from someone named Brittnay (not my name). I've been with Verizon for over a decade. This is disheartening, I'm an essential employee and employer who has been financially impacted and this is how I'm being treated.
4. I do not know why, but my Verizon Fios account is not linked to my Verizon Wireless account still. I have called about this numerous times. I have had my service suspended when I actually made my payment on time and one in advance, but you all had the payments sent to the wrong account. Fix this problem, turn on my service, speed up my internet, and please be understanding during this tough times.

Ticket: # 3920329 - xFinity

Date: 4/8/2020 7:53:20 PM

City/State/Zip: Covington, Georgia 30016

Company Complaining About: Comcast

Description

xFinity has cut my service off April 5, 2020 and enrolled me in a plan xFinity's assistance plan until May 13, 2020. I made payment of \$200.00 and still unable to have my service restored. No cable connection to my television, no ABC, selected channels like Hallmark, Lifetime, things I don't watch. This is censorship and selected service. On the website and a text message from Xfinity requesting an additional \$40 -\$74 whereas representatives is seeking \$130. I'm a high-risk person this COVID-19 pandemic. My account was supposed to be internet plus cable for one price but I'm paying separately for each service. Each time I call xFinity, I get representative from the Philipppians. xFinity has reduce my steaming services and cut my broadband to 25Mbps and uploading. I'm not getting the xFinity blast with 150 Mbps, I'm being required to pay. How can I get my service back on to stay inform of COVID-19 and get a reasonable monthly bill?

Ticket: # 3920357 - Monitoring data used myself and not accurate to what is metered

Date: 4/8/2020 8:29:47 PM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

I been monitoring data since before the pandemic and there seems to be inaccuracy to what is "metered" to what I am actually using. Please explain how this is allowed?

Ticket: # 3920426 - xFinity

Date: 4/8/2020 9:22:55 PM

City/State/Zip: Covington, Georgia 30016

Company Complaining About: Comcast

Description

Ticket: # 3920464 - ISP (Cox Communications) Overloaded

Date: 4/8/2020 10:15:34 PM

City/State/Zip: Cave Springs, Arkansas 72718

Company Complaining About: Cox

Description

My ISP (Cox Communications) is having an overload of residential accounts bogging down their servers due to the COVID-19 Pandemic, however, I am still paying full price for a service that is not able to meet the demand. Cox Communications shod drastically reduce customer's bills, or reimburse customers for far slower than usual internet speeds.

Ticket: # 3920466 - Charging of services not used

Date: 4/8/2020 10:22:42 PM

City/State/Zip: Cookeville, Tennessee 38501

Company Complaining About: Spectrum

Description

I called Spectrum today to cancel my services for April 14th. They claim I have a subscription since last summer and I have to pay for the whole month. I have had the service since summer 2016 and never signed up for a subscription. They are refusing to prorate my termination of services. However, they still prorate new services. I would like my last bill to be prorated given I never signed up for a subscription, there is a global pandemic resulting in layoffs making payments difficult, and they have made other policy violations (e.g., longer dates before disconnection) but not one for the subscription policy to help those affected by the global pandemic and coronavirus.

Ticket: # 3920476 - TDS Fiber 1 Gig Issue**Date:** 4/8/2020 10:33:50 PM**City/State/Zip:** Knoxville, Tennessee 37934**Company Complaining About:** Tds

Description

I have TDS Telecom at our home and I've been paying for Fiber 1 Gig for the last few years, but they are throttling me down to 8mbps, which is not even 1% of what I'm supposed to get and what I'm paying for. This has been going on for months, if not years. What do I need to do to get help? Any wisdom and/or insight to help me out would be great. I can't connect to my servers oversea, let alone to those in NY. With the COVID-19 we are forced to work from home, and I can't because I can't get TDS to provide me with enough speed even though I have FIBER and I'm paying for 1 Gig. Please help us out. I'm loosing a ton of income because I can't even work.

Be safe!

Thanks,

NS

Ticket: # 3920480 - Denial of service and providing non-functioning equipment

Date: 4/8/2020 10:43:15 PM

City/State/Zip: Hanover, Pennsylvania 17331

Company Complaining About: Comcast

Description

Xfinity has decided my address is UNSERVICEABLE during a national pandemic where school-aged children require internet access for their education.

They then pushed my family off to Comcast Prepaid Services with a Cambodian number to contact. They have since sent me TWO defective used routers and refuse to let me PURCHASE a new one through them or purchase one which is compatible on my own.

Ticket: # 3920491 - AT&T Yahoo Email

Date: 4/8/2020 10:56:32 PM

City/State/Zip: San Antonio, Texas 78261

Company Complaining About: AT&T

Description

Password was not changed and cannot access email. Performed password change as we have done in the past, but then diverts to att.com instead of att.net. Now cannot even access att.com and we are stuck in a loop. No customer service due to Covid-19 and no way to resolve so our email is unavailable during this scary time. We have successfully performed password changes and updates in the past and something is clearly broken. My fear is that att.net has been severely compromised or hacked during this crisis and att has no resources or way to contact outside the automated fake chat assistants that keep me in a perpetual loop where we cannot resolve. I understand that Covid-19 is straining business continuity plans, but to have no connectivity to a major communication channel like email, not to mention a major utility like AT&T is only adding to our fear and isolation during the shelter in place happening now. The irony is I will be unable to even check the status of this complaint as we are unable to access our email account and cannot contact AT&T to resolve. I assure you this is not user error as we access our email account regularly and it was working perfectly as of yesterday and no changes to our email account was initiated. Very scary to think that a national infrastructure provider is so severely crippled that paying customers cannot conduct normal business. AT&T and other telephone, internet and cable providers are well known for their lackluster customer service, but this seems extreme and my hope is the FCC will investigate this potential hack or total lack of business continuity on the part of AT&T.

Ticket: # 3920495 - Unwanted Calls**Date:** 4/8/2020 11:02:53 PM**City/State/Zip:** Lenox, Michigan 48050-2303

Description

For over two or three months now I'm receiving calls from someone I don't know. I think they use two numbers. 313-603-4295 & 313-284-6469. I'm getting two and three calls a day. Vulger from a male and female. They know our first names , I was told on one call my wife tested positive for covid 19. Can someone stop these morons? Please I wsed AT&T's *57 and was told they got a comfirmed trace, I don't know who to call now. My Phone says Unknown Caller.

Ticket: # 3920587 - COVID-19 Cox Communications Disconnection Due to Non-Payment

Date: 4/9/2020 2:36:04 AM

City/State/Zip: Irvine, California 92603

Company Complaining About: Cox

Description

Our Internet and television services with Cox Communications were disconnected due to non-payment on April 8th despite the fact that I had confirmed the day before with their customer service that service would not be disconnected since Cox had signed a deal with the FCC not to disconnect customers that have been impacted by COVID-19. Cox Communications is not honoring their deal with the FCC.

(b) (6) ..houston tx (b) (6)

Ticket: # 3920624 - Internet Service Improvement Request**Date:** 4/9/2020 6:57:43 AM**Company Complaining About:** Frontier Communications

Description

My name is (b) (6). My wife and I along with our 3 little kids reside on a farm in rural Bowerston, Ohio. We are in desperate need of better internet and or cell phone service in our area. Bowerston is a great place to live with a low population density, great local school system, beautiful lakes for recreation and fishing all surrounded by rolling hills of farmland. The only problem is that those hills create areas of no cell service and the low population density doesn't make it worth it for a telecommunication company to install cell towers or provide internet service to us. We rely on a landline because there is no cell service in our home or surrounding property. We currently have satellite internet through Frontier (terrible company but the only option in our area). My current upload speed is less than 1 mbps. It's pretty much impossible for my kids to do any homework that's required of them during the pandemic. It's ridiculous and I'm frustrated beyond words that in 2020 we can't be connected friends, family and online learning during this isolation.

I know the FCC has received funds from the Federal Government recently and you're working towards bringing internet to rural America but I need a timeline. Telling me it's coming is not good enough.

Thanks for your time,

(b) (6)

Ticket: # 3920630 - Boost Mobile Availability Complaint**Date:** 4/9/2020 7:13:04 AM**City/State/Zip:** Ludington, Michigan 49431**Company Complaining About:** Boost Mobile

Description

Boost Mobile has stated on their website that due to the pandemic, they are waiving reactivation fees for customers and then denying customers that credit. They state that a customer doesn't "qualify" but can't tell you why AND there is no mention of needing to qualify on the website. Since my communication with them, I have also been locked out of my account. I am still able to use my service, I am unable to log in to check my account status. This is despicable.

Description

Komo News 4 in Seattle I know for a fact is not verifying their resources (about the Coronavirus) before they put it on the air. They are just reporting on everything they hear. I'm a Edward R. Murrow School of Communication Alumni, and I know they are not doing their research, they are just making the community more paranoid. I will continue to research this and report back to you, but please let them know that they should not report on everything they hear...they don't even have a works cited page for their reports. Please help this over media response to the Coronavirus. (THINK ABOUT IT KOMONEWS.COM IS NOT A .ORG)

Ticket: # 3920669 - Coast to Coast AM had guest claiming MLM products can treat and prevent COVID 10

Date: 4/9/2020 8:24:05 AM

City/State/Zip: Rochester, New York 14617

Company Complaining About: Na

Description

The shows first half had guest Dr. Joel Wallach. This guest has a product line youngevity which sell supplements using an MLM format. On last nights show, both Wallach and Noory claimed multiple times that Wallach's products could prevent and treat COVID 19. The link to the show is <https://www.coasttocoastam.com/show/2020/04/08>

Ticket: # 3920671 - Boost - Keep America Connected - COVID 19

Date: 4/9/2020 8:26:01 AM

City/State/Zip: Muskegon, Michigan 49444

Company Complaining About: Boost Mobile

Description

She was speaking to the Boost and they disconnected her. Her bill was paid in full on March 13. She kept attempting to speak to Boost but they disconnected her this morning.

Boost told her they could do nothing that she had to ask the FCC to give her number to the Keep America Connected - COVID 19 fund to keep her service on. She has been laid off.

Resolution the caller seeks is for Boost Mobile to turn her service back on per Keep America Connected. ***CTR386-phone***

Ticket: # 3920683 - Deceptive and Unlawful Media Reporting

Date: 4/9/2020 8:47:24 AM

City/State/Zip: New Braunfels, Texas 78130

Company Complaining About: Cnn, Abc, Cbs, Fox All News Media

Description

Why are media outlets presenting false and misleading information on the current Health conditions? Blaming every death on the COVID-19 is ridiculous! As the oversight for these misrepresentations, the FCC becomes complicit for its failure to inform these agencies of false and misrepresentation. Specifically, reporting on events or scenarios without any Bonafide factual support! This is out of control.

These reports (to numerous to place in this complaint) contain or have direct result across this country! Deceptive and unlawful reporting; Emergency conditions and Public Safety; Media General reporting.

Ticket: # 3920688 - False and Dangerous Information Causing Harm and Possible Death

Date: 4/9/2020 8:59:40 AM

City/State/Zip: Antioch, California 94509

Company Complaining About: Other

Description

For many months the Fox Business News channel, including radio, and internet has been spreading false news and promoting actions and activities that could be harmful to US citizens. During the onset of the current COVID-19 epidemic they have been documented and recorded as promoting unsafe and dangerous recommendations to the American public. In the past FCC would not allow anyone to disseminate such harmful and dangerous information and should make an example of FOX Business and censor or shut them down. If social media platforms have been charged with stopping mis-information then the FCC has an obligation to do the same on public television.

Ticket: # 3920704 - Billing

Company Complaining About: Hughes Net

Description

My internet service is spotty and slow. I have tried contacting a representative via, email, chat and calling to cancel my service and they will not answer or speak to me. My service has been this way before the pandemic and I have tried contacting them before the pandemic. I want to cancel my service and shouldn't have to pay a cancellation fee as their service is horrible.

Ticket: # 3920846 - Dish Network Availability

Date: 4/9/2020 10:41:34 AM

City/State/Zip: Crawfordville, Florida 32326

Company Complaining About: Dish Network

Description

- Asking about outdoor and indoor antennae.
- asking who could give some type of word or push to get Dish Network to be sign up for the "Keep Americans Connected Pledge" and resolve his current issue.
- Consumer is self-employed and has not been working and has gotten behind in his billing.
- The consumer stated that he is being told he needs to pay \$109.00, which the consumer does not understand why.
- The consumer said that his monthly bill should be around \$60.00.
- The consumer stated that he did reach out to the carrier about the issue. He stated that he was given a extension to pay his bill.
- Consumer would like this issue resolved by having Dish Network to be a little compassionate about the service due to the Corona Virus.

Ticket: # 3920980 - Verizon issues with my billing

Date: 4/9/2020 11:38:37 AM

City/State/Zip: Buffalo Grove, Illinois 60089

Company Complaining About: Verizon Wireless

Description

Every month i get a different charge and/or balance amount. I have tried calling several times but either get disconnected or nobody can answer my questions. I have been a long time customer with Verizon and I don't like being treated like this. I am a widow living on a single income and with the coronavirus, I am unable to work. This needs to be fixed right away

Ticket: # 3921007 - Dangerous medical advice offered by Joel Wallach

Date: 4/9/2020 11:46:01 AM

City/State/Zip: Santa Barbara, California 93105

Description

Joel Wallach is a monthly guest on the Coast to Coast with George Noory late night radio show. It is quite obvious from the regular appearances, commercials, etc that this is either an undisclosed paid promotion or Noory is part of this scam. Normal advice given to callers such as "eat a stick of butter like a candy bar" will cure ALS is bad, but during this current pandemic, what Wallach is saying is very dangerous. Among the things said or implied in last night's program:

Covid19 is caused by preexisting conditions that can be cured by his suppliments.

Colloidal silver sold by his company and sprayed on your tea will "kill the (coronavirus) bug"

The regional differences in cases of Covid19 are directly related to the amount of gluten eaten there.

His new product consisting of ground up chicken eggs that have been injected with viruses have antibodies that can "kill many different viruses".

This quack is an ongoing problem with C2C and the pathetic callers getting terrible advice about terminal illnesses is mild compared to the dangerous things he says about Covid19.

Ticket: # 3921012 - Number Portability Issue with Windstream Enterprise**Date:** 4/9/2020 11:47:11 AM**City/State/Zip:** Kutztown, Pennsylvania 19530-9461**Company Complaining About:** Windstream Communications

Description

I have been trying to port a telephone number from Windstream Enterprise to Service Electric Cable Vision for the past month. SECV has told me that they have tried to port the telephone number on several different occasions. The telephone number does not have a pin associated with it. The first time SECV tried to port the number, we did it without submitting a pin. Windstream rejected the port saying that they needed the pin. We tried submitting the porting request with a pin that is listed on the bill. Windstream rejected that request. I believe SECV tried submitting requests a second time, again without the pin and again with the pin. All were rejected by Windstream.

I called Windstream and spoke with a gentleman about the situation. After giving Windstream all of the account information, the gentleman told me the following information: He said that the pin that is listed on the bill is NOT a pin associated with the telephone number - the pin listed on the bill is to set up an account on Windstream's web portal. The gentleman said that he reviewed the account for the telephone number and that THERE IS NO PIN ASSOCIATED WITH THE ACCOUNT. The gentleman at Windstream told me that NO PIN IS NECESSARY WHEN APPLYING TO PORT THE TELEPHONE NUMBER.

The gentleman from Windstream also looked further into the situation and told me that Windstream has not received ANY porting requests from Service Electric Cable Vision. He said that SECV must be using a third party to request the portion. He said that Windstream does not have an interconnection agreement with SECV. He said that I should tell SECV to resubmit the porting request without a pin, but that I should also give SECV the following information: that the telephone number we are trying to port is a toll guided number. He told me that in addition to the telephone number that we are trying to port, I should also give them the toll guided number that is associated with the number we are trying to port.

I spoke with SECV and gave them all this additional information and asked them to resubmit the request to port the telephone number. SECV has told me that they have resubmitted the information twice now and it has been rejected both times.

Without any other recourse, I am filing this complaint with the FCC. My name is Kathy Kemp. I have been doing all of the above for my 80 year old mother. The account with Windstream is in the name of (b) (6) (Windstream also said to always submit the information EXACTLY as shown on the bill - hence the all caps). Please be aware that my father, (b) (6) passed away in August 2019. Both Windstream and SECV have my Power of Attorney papers in their files.

Today, Thursday, April 9, 2020, I contacted the FCC by telephone and spoke with Brianna, who professionally and politely helped me with information on how to file this complaint. I thanked her, but I hope you will also notify her superiors of how helpful and compassionate she was in dealing with me.

Please understand the circumstances on why it is so important that we need to port my mother's telephone number: She is 80 years old. She has had the same telephone number for the past 60 years. She also suffers from short term memory loss and the beginning of dementia. She has no problem remembering her telephone number of 60 years! She has had to leave the house that she lived in for the past 60 years and move into an apartment. And all of this is happening in the midst of the Covid19 pandemic, when we are all supposed to be staying at home. The lack of her not having a landline phone has meant that I have had to make trips to check on her rather than calling her on the telephone.

SHE NEEDS TO HAVE THE SAME PHONE NUMBER SHE HAS HAD FOR THE PAST 60 YEARS AND THAT NUMBER SHOULDN'T HAVE TAKEN MORE THAN A MONTH TO PORT.

I'm sorry, I really don't understand what the problem is with porting this telephone number. She's lost her husband of 62 years. She's had to leave her home of 60 years. And now she's been without a phone for a month. What is the problem here? Windstream, are you so greedy that you can't leave go of one phone number of an 80 year old woman with the beginning of dementia? Have you no morals or compassion?

When the FCC serves this complaint on Windstream Enterprises, I expect a telephone call from the president of Windstream Enterprises to explain to me what the issue is. So to the President of Windstream Enterprises, my name is [REDACTED] I expect a call from you within 24 hours of your receipt of this complaint.

If Windstream passes the buck (again) to SECV, I also expect a telephone call from the president of SECV to explain to me what SECV is doing to help with this phone porting situation. SECV came and installed cable tv and internet in my mom's apartment (Thank You!), now I need you to install the phone service that you assured me a month ago would be installed within 7-10 days.

So again, for the President of SECV, my name is (b) (6) [REDACTED] and my telephone number is [REDACTED] (b) (6)

I'd say Thank you to end this complaint, but that would imply that Windstream Enterprises and SECV have accomplished the porting of this telephone number and that simply hasn't happened.

Ticket: # 3921015 - Illegal billing

Date: 4/9/2020 11:47:22 AM

City/State/Zip: York, Pennsylvania 17403

Company Complaining About: Directv

Description

Directv keeps refusing to credit / remove the amounts that are in bankruptcy and credit back what was paid that is in bankruptcy. Many messages have been left with there bankruptcy dept and no one has called us back. For the 2nd day in a row, the service has been turned off. This company is violating bankruptcy law. You can not collect on a debt in a bankruptcy. They are also violating state / federal law by turning off the service during the covid-19 when no one is working.

Ticket: # 3921016 - Payment Arrangement/ Covid 19

Date: 4/9/2020 11:47:27 AM

City/State/Zip: Little Rock, Arkansas 72205

Company Complaining About: Comcast

Description

I have made payment arrangement for full payment of past due balance for April 17, 2020. I received a text that because of Covid 19 they will suspend the cable portion of the services but not the internet and change the charge of the internet to \$14.95. I immediately called and advised of payment arrangement and that I did not agree to the price change. I was told that it was because of Covid 19. I told them it was not affecting me as of yet but if it did in the future then maybe I would need that. I asked if I could terminate my services since they changing the contract and pricing. I was advised they would charge me the termination fee.

Ticket: # 3921044 - AlticeUSA/Suddenlink

Date: 4/9/2020 12:00:05 PM

City/State/Zip: Magnolia, Arkansas 71753

Company Complaining About: Sudden Link

Description

Considering we are in a pandemic, Suddenlink continues to cut off people's services, and I know I'm not the only one. They signed and agreed to keep Americans connected during this time. Unfortunately, they like to gouge people's money and still disconnect them when they agreed not to. There will be attachments to prove everyone's documented complaints.

Ticket: # 3921086 - Complaint Against Cox Communications AZ

Date: 4/9/2020 12:17:04 PM

City/State/Zip: Peoria, Arizona 85383

Company Complaining About: Cox

Description

Continued and consistent known outages since Mid-March 2020 in our Rock Springs Community. Cox is utilizing a split node with another community and Cox will not run a separate node line which is resulting in no internet due to packet loss. This node is over-utilized at 100% and cannot provide service. Approx. 20 calls have been made by me reporting no internet access. They do not have an ETA for resolution and at times, their recording says there is a known outage and then the call is disconnected, all with no resolve. The internet, which we currently pay \$130 per month is unusable for work purposes. It is imperative that Cox fix the known issue as we need internet to perform our work duties since we are Work at Home employees. It also keeps my children from completing their online work assigned by the school district, as AZ has suspended in person school. While this pandemic is unexpected, this has been a known issue with Cox and by Cox for quite some time.

Ticket: # 3921122 - Frontier

Date: 4/9/2020 12:29:02 PM

City/State/Zip: Hillsboro, Oregon 97123

Company Complaining About: Frontier Communications

Description

She has Internet with Frontier. She has wanted to file 100 complaints because the issues with the service has been ongoing. She is having issues with the internet connection. She can be watching something and gets a notification that the internet connection was lost. This happens on three of her connected services. It goes in and out intermittently for days at a time. She has reported this to the company but they say they don't see drops on her end so everything is fine. She has been on the phone with an agent when its gone out and they say they don't see anything. She gets no credit for the time out of service and there has been no diagnosis or planned resolution to the connection.

They also have a system that is supposed to read her router but there system that does this has been down since January 1st. She feels its unfair for her to pay full price for services that do not work work.

She wants to also note that they are one of the only companies not committed to Keep America Connected during the pandemic.

Ticket: # 3921207 - No Phone Service**Date:** 4/9/2020 1:03:01 PM**City/State/Zip:** Chicago, Illinois 60652**Company Complaining About:** AT&T

Description

I have been an AT&T customer for approximately 15 years. My cell phone broke on Friday 4/3/2020. I attempted to purchase a new phone online but was unable to because their system wanted to send a verification to my broken phone. I attempted to reach customer service via phone, online chat, and Facebook private messenger and was either met by hold times exceeding 2.5 hours and/or representatives that would abruptly disconnect the call. Two days later, I finally reached a customer service agent via the online chat that placed the phone order to be delivered the following day. The Enjoy (AT&T delivery service) driver pulled up, removed the phone from his trunk, sat back in the car for 10 minutes and then drove off. Moments later I received an email saying that my phone could not be delivered due to an AT&T system issue. I have been charged for a phone that do not have and am paying for service that I do not have and have yet to be able to contact anyone at AT&T to resolve this issue. I am immunocompromised and have a child with a disability and no means of communication and it is 100% unsafe for me to travel to a cell phone store during a pandemic. I would like this situation resolved immediately.

Ticket: # 3921290 - Vice President Pence's Office

Date: 4/9/2020 1:25:36 PM

City/State/Zip: Lititz, Pennsylvania 17543

Company Complaining About: U.s Government

Description

I would like to file a complaint against Vice President Pence's office for limiting access to Federal employees during the National emergence of the COVID-19. He has blocked top CDC officials from appearing on CNN until they agree to cover his entire news conference. Independent verification of facts should be allowed by all networks. As such, every network should be allowed to interview all top CDC officials during this time. Please see: <https://www.cnn.com/2020/04/09/media/pence-office-tv-bookings-coronavirus/index.html>

Ticket: # 3921298 - cable payment

Date: 4/9/2020 1:28:30 PM

City/State/Zip: Loganville, Georgia 30052

Company Complaining About: Comcast

Description

Xfinity has block on my account for payment type only can payment at store with cash. Store is closed due to covid19. They will not extend payment until store reopens. Closest store is 40 miles one way.

Ticket: # 3921302 - Spectrum Service

Date: 4/9/2020 1:31:37 PM

City/State/Zip: Weaverville, North Carolina 28787

Company Complaining About: Spectrum

Description

The consumer has a complaint against Spectrum whom she had TV, Internet, and phone services with.

The consumer just moved into a new home and is 72 years old and lives alone.

The consumer states that she just found out that Spectrum cannot get service to her because her home is too far away from the power source, but yet the neighbors across the street have Spectrum services.

The consumer wants equal grounds with her neighbors that are getting your services.

The consumer wants Spectrum to come out and make service available in case she has an emergency and to stay up to date on the virus (COVID-19).

Ticket: # 3921335 - Billing Dispute

Date: 4/9/2020 1:42:20 PM

City/State/Zip: Ossining, New York 10562

Company Complaining About: Optimum

Description

My wife and I cancelled on 2/28/20 and have receiving bills from optimum. She's a frontline healthcare worker and my whole household including my 3 kids just recovered from COVID-19..I've called multiple times and she has while at work trying to save dying and sick patients. These people keep lying and making things up. They are trying to keep us and force us to pay these bills but I had Verizon since 2/28/20. We have a lot of proof!

Ticket: # 3921349 - Unwarranted Increase and Price-Gouging**Date:** 4/9/2020 1:46:16 PM**City/State/Zip:** Lufkin, Texas 75904**Company Complaining About:** Sudden Link

Description

My household subscribed to Internet services with Suddenlink Communications in August of 2019 at the rate of \$54.99 (\$61.19 after tax). We were initially told this rate was good "for life" on the day we subscribed, so long as we continued our services and used auto-pay to pay our bill. In February 2020, our bill increased to \$71.94 without warning. We had not authorized any changes to our services and called to inquire about the increase. We were informed that the lower rate (\$61.19) was only good for 12 months but that due to some clerical error we were overcharged. We were not offered a refund for the overages but were told that the bill would reflect the correct charges (\$61.19) on our next statement in March. When March's statement arrived, it had increased further to \$96.38. This time the Suddenlink representative told us that Trump and the FCC had passed new regulations requiring Internet Service Providers to charge a one-time, annual fee so that they could avoid data caps. Given that we are facing a pandemic, we did not research much into the claim and took Suddenlink's word on the increase. Once again, the representative told us that our bill would go back down to \$61.19 on the next statement. Our most recent statement just arrived for April 2020 and now the bill is up to \$109. 56. I called Suddenlink and after waiting patiently on hold, was told by a representative that Suddenlink is no longer offering "special discounts" to existing customers. We were never informed that we were receiving any special discounts. It appears that Suddenlink is cleverly offering "free" Internet services to students during the COVID-19 pandemic and passing on the cost to existing customers by increasing our bills. I myself am a student (nursing major) but do not qualify for the promotion as it only applies to new customers. Suddenlink is using a global pandemic to price-gouge and deceive customers. It's unethical and unacceptable.

Ticket: # 3921379 - Cox will not rectify node capacity issues

Date: 4/9/2020 1:57:09 PM

City/State/Zip: San Marcos, California 92069

Company Complaining About: Cox

Description

On 3/30/2020 - I reported an issue that had been observed for approximately 2 weeks. I reported packet loss upwards of 31% and extremely high jitter. This effected my ability to make phone calls through VoIP. Also, download/upload speeds were a fraction of what my advertised speed should have been.

on 3/30/2020 - Cox responded asking me to unplug my modem and Coax for 3 minutes then plug back in. This did not resolve the issue.

Communication continued back and forth (all communication has been attached). They also decided to send out two technicians to my location to check the cable, connections and modem. Neither technician found any issues and both reported probable node capacity issues. Regardless of testing results pointing to a capacity issue on Cox's network, they will not provide an explanation or ETA of resolution. They continue to charge me for services that are unable to provide me a way to effectively communicate during this pandemic.

There are multiple customers within this region and multiple other regions reporting the same exact issues. Cox needs to communicate to their customers that they are experiencing capacity issues and what their plan is to resolve it. For those impacted, those accounts should be compensated until services are restored to an acceptable level.

Ticket: # 3921390 - UNIVISION 2020 ELECTION INTERFERENCE

Date: 4/9/2020 1:59:03 PM

City/State/Zip: Marietta, Georgia 30067

Description

I would like to report UNIVISION-Univision is a North American Spanish-language free-to-air television network that is owned by Univision Communications.

Univision is spreading false news against the government hindering the government's ability to accomplish anything effective.

In addition, they are using negative propaganda and trying to influence the upcoming 2020 election.

Univision is encouraging voters not to pay attention to sources of information and vote against Donald Trump over the COVID-19. Falsely reporting information with the purpose of changing the results of the 2020 election.

They are creating fear and alarming the public in order to get a Democrat elected.

Reporters are advising the public not to vote for Republicans (Donald Trump) and vote for the most eligible candidate (Joe Biden). No less than foreign interference since they are a Spanish-owned network.

Your prompt response and resolution would be highly appreciated.

Ticket: # 3921391 - Harrassing phone calls

City/State/Zip: Lake Jackson, Texas 77566

Company Complaining About: United Health Care

Description

Phone call with a robot asking for personal information. Supposedly United Health Care. Call was said to be giving helpful information about Covid-19.

Ticket: # 3921411 - Internet Speed/Price**Date:** 4/9/2020 2:03:23 PM**City/State/Zip:** Princeton, West Virginia 24740**Company Complaining About:** Sudden Link

Description

This is my second time filing, because I am under the impression that Suddenlink considers my issue resolved, when it is far from it. Over a year ago, they gave us the false claim "lifetime deal" of \$80 a month for 1GB of download speed internet. Since then, our internet has never been what it was advertised to be, in fact, it averages out to 7Mbps when we are paying for 1000Mbps. On top of this false advertising and failure to provide even one hundredth of the internet speed promised, every month, they attempt to hike our price up for no true reason. \$99, then \$105, then \$115. When I call customer service to dispute these monthly upcharges (ranging from \$10-\$20) every agent gives me a different made up reason for the increase, I actually had one agent flat out hang up on me. Luckily, I have started recording my phone calls between myself and their customer service reps, as well as the corporate office number that they emailed me. I've also screenshotted our daily internet speeds. While battling these charges, I also convinced them to finally send a technician, who upon arriving discovered that the problem appeared to be a local tap or cable issue, according to him. He promised it to be fixed and we should be receiving our 1Gig internet speeds by next week. That was months ago, and there were no changes whatsoever. After continuing my dispute, I received an email from Suddenlink stating that they have adjusted my bill for my troubles. It was adjusted to \$25 for this month rather than the usual \$80, followed by the empty promise of keeping my internet running and strong throughout the current COVID19 pandemic, but heres where it gets even fishier. I call to check my bill again a week later out of curiosity, and they hiked the bill up to \$80 before I paid the \$25!. That fake price reduction was all for show, or to entice me to drop my claims against them. Being the only internet provider in my area, I have no choice other than them, and they know this. I have failed my college classes because of this internet speed, I have missed shifts for my job which requires me to be online constantly. Internet is not an option for my household, it is a necessity, and I will continue to progress my levels of legal action against these acts until I am both reimbursed for all these months I have been paying for the most powerful internet plan and getting not even a tenth of their cheapest plans speed, and until I receive the internet speed I have been paying for the past year.

Ticket: # 3921464 - Ads on TV by Hidalgo County HHS on Covid 19

Date: 4/9/2020 2:23:45 PM

City/State/Zip: Rio Grande City, Texas 78582

Description

TV stations in the Rio Grande Valley are running false information in commercial from Eddie Olivarez HHS director in Hidalgo Co, TX. The number of deaths he reports are way below actual deaths and he says it is no more dangerous than the Flu. Nonsense. This is dangerous and promotes a laissez faire attitude about the virus. I want it stopped

Ticket: # 3921469 - AT&T False Charges

Date: 4/9/2020 2:25:51 PM

City/State/Zip: Hampton, Georgia 30228

Company Complaining About: AT&T

Description

Hello,

I recently had a disgraceful experience with AT&T who charged me for international calls made during the Covid Pandemic AFTER I had been assured via AT&T in person that I was placed on an international temporary pass so I could contact the embassy. I have written transcripts via email from AT&T directly assuring me of the problem and now they are refusing to keep likely in an attempt to gather as much funds as possible due to the numerous customers probably incapable of paying due to the outbreak.

Ticket: # 3921506 - DirectTV

Date: 4/9/2020 2:44:23 PM

City/State/Zip: Bloomingdale, Ohio 43910-7828

Company Complaining About: Directv

Description

DirectTV is still charging a regional sports fee, associated with live local sports, during the Federal Stay at Home order to all of its customers. I contacted them in March about the fee and the representative was quite surprised when I indicated that no sports were being played due to COVID19. Granted, it's a nominal fee of \$9.99/month, but how many customers are they collecting this from during the pandemic? How many of their customers are currently not working and can't afford these exuberant bills?

Ticket: # 3921762 - Verizon Communications Inc has "price gouged" my FIOS TV account during covid19 "State of Emergency"

Date: 4/9/2020 4:09:44 PM

City/State/Zip: Severna Park, Maryland 21146

Company Complaining About: Verizon

Description

Verizon Communications Inc has "price gouged" my FIOS TV account during the Maryland coronavirus19 "State of Emergency".

Tim D. (1 833-888-6121 prompt 1 extension 4440614) called me to discuss renewal of my contract. During the phone call Tim D. discussed the information he had from accessing my account information and from that he knew the daily amount of time that my wife and I use the Verizon FIOS TV, and the amount of time my wife and I watch the Verizon FIOS cable channels. Tim D. indicated the new contract would be entitled to continuing the "\$25.00 monthly Agreement Incentive", and that monthly Agreement Incentive discount would show up on the order confirmation summary, which would be received by mail in several days. And that new order would show the net monthly amount would be \$89.00 (\$114.00 less \$25.00 = net monthly of \$89.00.)

However, when that Verizon order summary was received, it showed that Tim D. (1 833-888-6121 prompt 1 extension 4440614) removed the monthly agreement incentive that I was entitled to. (see attached order summary)

Pricing Gouging customer FIOS TV accounts has become a common practice of Verizon. A common way Verizon "price gouges" is by making incentive agreements by telephone and then removing those incentive agreements from the order when Verizon sends the order summary to the customer by mail.

Ticket: # 3921767 - DIRECT TV BILLING AND NO CUSTOMER SERVICE HELP

Ticket: # 3921991 - Spotty Internet Service and Refusal to help

Date: 4/9/2020 5:33:35 PM

City/State/Zip: Woodville, Texas 75979

Company Complaining About: Hughes Net

Description

I have services with Hughes Net Internet. Since this whole COVID 19 thing started my internet only works about 25% of the time. I have tried calling, and they hung up on me. I chatted in, waited 2 hours in a que for them to tell me that it wasn't working because I was using a FireStick, and not a SmartTV. Umm, the internet wouldn't even work for me to download a file on my laptop the day before. It is not the devices.

I ask for help, they refuse to troubleshoot. I just want to end services, since I am paying for something I am not getting. 75% of the time, it'll say "Connected with Issues/Problems" when I use my HughesNet services. I don't want to pay to close out a contract. They are not providing services, they have broken their end of the contract. Service has been poor since I started, but has gotten worse during this pandemic.

Company Complaining About: Sudden Link

Description

I was disconnected without notice during the pandemic, when I called and made the payment and asked them they said they had an agreement with the FCC not to disconnect and it was a system glitch it took 2 hours on hold. Its been 10 hours and still no phone. The provider is Suddenlink in Payson Az 85541

Ticket: # 3922090 - Service disconnected during pandemic

Date: 4/9/2020 6:18:46 PM

City/State/Zip: Wellington, Florida 33414

Company Complaining About: Comcast

Description

We fell behind on our february and march payment and the April bill is not due until the 23rd if the month. However today comcast decided to disconnect my service when I called and explained that everyone in the house hold had been layed of and we focused our money on getting supplies and food since there is 4 kids that live in the house hold instead of making a payment with comcast since we read in the news they signed an accordance to not disconnect peoples service during the pandemic we figured we would lay as soon as we could. I explained to the rep and supervisor Georgia that we could make a pmt for one month tomorrow and see how we could make a payment plan for the rest and was told that I had put up the full past due amount of \$430 in order for them to put my full service back. I was asking for them to give me free service just for them to work with us. We have 4 kids one who is 14 months. We are doing our best and I'm so dumb founded at how during a time like this comcast would be unwilling to work with someone who is trying to pay the most they can given the circumstances. Let's not forget the fact that the supervisor Georgia claimed they don't have permission to do anything like that and when I asked to speak to someone who does she said she was the highest level, then after arguing she said that even if she transferred me to someone higher I would get the same answer and was left on hold.

Ticket: # 3922146 - Complaint

Date: 4/9/2020 7:01:48 PM

City/State/Zip: Corydon, Indiana 47112

Company Complaining About: AT&T

Description

This is a NATIONAL EMERGENCY!! We are confined in our homes. We want & have the right to updates!

Ticket: # 3922147 - Tv& internet from at&t

Date: 4/9/2020 7:02:07 PM

City/State/Zip: Port Orange, Florida 32127

Company Complaining About: AT&T

Description

I am a senior citizen living in Port Orange when I first arrived here almost a year ago I was looking for an internet service as well as TV I got in touch with a phone number from a Google search it ended up being a third party selling both spectrum AT&t and so on anyway they kept on giving me prices and the best thing was AT&t fastest internet service for 2 years they told me at that time that my bill would be with tax and everything \$114 and some change I said good that sounds good go for it the bill that came the first time was at \$114 my second bill came in and it was \$124.11 I called AT&t to find out what what's going on I was told that the service that I got I was being charged \$8 and something I believe it was \$8.49 for a regional sports fee I don't watch the sports I told them that they insurance told me that because of what I was getting that that was a automatic fee hi insurance as well then put me down to the one that doesn't have the price they told me well if you go to that then you're going to lose the promotion and it'll end up costing you more so I said okay leave it what else am I to do I couldn't cancel them I was already obligated anyway just recently I got a bill telling me that I have a bill for \$140.83 when I got this bill I have been going crazy trying to reach the correct department in order to resolve it they're telling me that from my automatic payments because that's how I pay that I was also charged from my last bill \$5.58 when they automatically take out my money so that confused me then I'm being charged \$5 for pay paperless Bill building \$5 for auto and paperless I don't understand it I tried to get some confirmation like why are you charging me for me helping you by you getting your money on time and by not having to send bills out made no sense to me I call up I get one's apartment it tells me I belong in another department they send me to another department and they tell me I'm in the wrong department they play ping-pong with me I'm going from one to the other I'm on hold for over an hour and time I realized that the coronavirus is here and I realize that that there's a shortage but I called early in the morning and when I do get somebody it's always the wrong somebody then when somebody called me back and I tried to call them back I had an issue they didn't know who I was talking about and they're saying that they didn't promise but I didn't talk to anybody to get any promises I'm very frustrated I don't know why I'm crying paying for a sports fee I'm an elderly person I don't want the sports fee it was snuck on me through a third party they didn't tell me about it they didn't tell me about all the issues that I would have I call up about my internet and tell them that how come I got to slow internet they told me I have excellent I'm the only one using it why I'm always getting a slow connection is beyond me I'm very very frustrated I want them to cancel me I want them to give me back my money and I want them to come take your equipment I don't like their customer service I don't like being made to be a pawn back and forth back and forth back and forth I'm not an idiot I know they want me to get frustrated and just say I forget about it well I can't I live on my social security I'm retired and I don't like being made a fool out of if there's any way that I can be helped fine I appreciate it I don't know what to do I just want them to let me out of the contract give me back all the money for Aldi's crap that they put me through and they should get a better way of dealing with people when they call it this is not just during this time that I've done this it's all the times when I've called up and yes I'm one of those people that got frustrated by being on the phone for an hour or more I have better things to do with my life hopefully this can be resolved and I can go about my business too bad these billion dollar companies treat people so badly thank you

Ticket: # 3922180 - DirectTV Supports Lies and Collections

Date: 4/9/2020 7:49:51 PM

City/State/Zip: Upland, California 91784

Company Complaining About: Directv

Description

I canceled our DirecTV service 6 months ago and was told during 4 separate calls they'd send a box to us to ship the equipment back. After receiving a letter saying I was being sent to collections last week I called again and spoke to a supervisor who apologized for the misinformation, and that I needed to go to a UPS store. After explaining that my wife and 2 year old are high risk for Covid19 and I can't leave the house he told me I wouldn't need to send the 6 year old boxes back for 90 days (late June). It's been less than a week and I now have creditors calling me.

They need to send the box as promised and stop the creditor calls and not damage my near 800 credit score.

Ticket: # 3922199 - optimum WiFi issues

Date: 4/9/2020 8:06:25 PM

City/State/Zip: Manalapan, New Jersey 07726

Company Complaining About: Optimum

Description

I have been internet-less for a week during this pandemic while the company has assured its number one priority is keeping their customers connected. I have called them numerous times a day and am left on hold, not speaking to a human being, for hours at a time. I've reached out to their sales team where they aren't able to even transfer me to a manager because they are "busy". They transferred me to numbers that would either tell me that they are experiencing high call volume and would hang up or would be on hold for hours more with no one available and once, even sent me to a different company, Spectrum.

Ticket: # 3922206 - KOMO news spreading bogus medical claims

Date: 4/9/2020 8:15:07 PM

City/State/Zip: Everett, Washington 98208

Description

KOMO news at 5:00pm Omni April 9th broadcast. Story about a doctor claiming to have a treatment to stop people from needing a ventilator as a result of contracting COVID19. No medical studies are being run, no trials are in process. KOMO 4 news claimed it is a trial and people should request it. Stop this fake prpnoction of something that doesn't exist, there a hundreds of doctors that have theories about what drugs may help in this fight, none have been approved for general use, only a coup,e have been put into a clinical trial and just a handful have been approved for compassionate use.

Ticket: # 3922232 - Internet rate increase - "promotional roll off"

Date: 4/9/2020 8:43:26 PM

City/State/Zip: Kihei, Hawaii 96753

Company Complaining About: Spectrum

Description

Spectrum increased the monthly rate on internet this month (April 2020) by \$10.00 a month during the global pandemic and stay at home orders by . I spoke to the Spectrum representative and she stated that "the rate increase was a promotional roll off".

Rate of my internet service - Extreme Internet (provided by Oceanic Time Warner pre-merger with Spectrum): \$31.99 / month as of 6-5-2019.

Spectrum rate for the same Extreme Internet: \$69.99/month. That is a \$38.00 increase over time!

Ticket: # 3922250 - Why networks not broadcasting COVID19 updates from the White House

Date: 4/9/2020 9:05:40 PM

City/State/Zip: Grand Island, New York 14072

Company Complaining About: Comcast

Description

Please look into the broadcasting practices of NBC and CBS carriers. Both do not broadcast White House updates on COVID19. At a time of a crisis, a TV station/carrier should not make a determination on what citizens can watch. I don't have a political affiliation, but in this case it is obvious bias. Both broadcast NY Governor's update to the last second. Both broadcast County Executive's updates to the last second. Both are democrats. But both do not broadcast POTUS updates. And if they do, it is for a brief time and back to commercials. Viewers are told to watch online the rest. If citizens don't know how or don't have access – what happens next? TV carriers decide should people watch the President's update or not? Who gave them that amount of power? Why can't FCC stop this practice?

Thank you

Ticket: # 3922266 - Harrassment by repeat robocalls

Date: 4/9/2020 9:28:46 PM

City/State/Zip: Royal Oak, Michigan 48073

Company Complaining About: Ssi

Description

Caller ID always says 'SSI' I have received as many as 3 calls in an hour (have never answered). 'SSI' so far has used six different numbers. This is plain harassmt while we follow Covid-19 'stay at home' orders. This has been going on for weeks and is getting worse.

Ticket: # 3922332 - Internet Issues. High Packet loss and inconsistent internet connection and speed.

Date: 4/9/2020 10:55:29 PM

City/State/Zip: Chandler, Arizona 85225

Company Complaining About: Cox

Description

Getting massive packet loss pinging any domain such as google.com. Speedtest on Cox official website shows im getting 31.7 Mbps download speed on a 150 Mbps plan. Speed test also shows 332ms of jitter showing that the connection is extremely unstable. Have had issues with this even before the COVID-19 pandemic that is adding additional strain onto the network.

Ticket: # 3922394 - Inconsistent and low bandwidth with no credit from Cox

Date: 4/10/2020 12:29:47 AM

City/State/Zip: Phoenix, Arizona 85023

Company Complaining About: Cox

Description

We were paying for Cox service of 150 Mbps, which has been extremely unstable even before the Coronavirus pandemic. We have since upgraded to their "GigaBlast" service and are still seeing extremely unpredictable drop-offs in download and upload speeds. I asked Cox support for a credit for the lack of service and they refused to do so. Since we work from home, our internet connection is vital for conducting business. If we aren't going to receive what we are paying for then Cox should offer a credit for that lost service.

Ticket: # 3922444 - disconnected

Date: 4/10/2020 5:53:31 AM

City/State/Zip: Lufkin, Texas 75904

Company Complaining About: Sudden Link

Description

I was disconnected yesterday, I could not get through to customer service on the phone long wait. I contacted them through chat. They said they sent it through 3 different times and that I would be reconnected between 2-4 hours, but I never was. Mind you first chat was at 8 am. Lat perso I spoke couldl not tell me why I was disconnected eventhough they said that they would not disconnect anyone during covid19. They would not credit my account for the inconvenience. My daughter could kot go to school. I was not able to continue trying to file unemployment.

Ticket: # 3922447 - Shut off during pandemic

Date: 4/10/2020 5:58:41 AM

City/State/Zip: Camp Verde, Arizona 86322

Company Complaining About: Sudden Link

Description

SuddenLink shut off my phone, internet, and tv 3 days after the president of my United States said NO business can shut down services. SuddenLink left me without total communication with the outside world while I was self quarantined in my. Home. The only way I could get communication back was to pay a service fee of 65 dollars that I was currently argueing with Suddenlink about. The service tech came to my home, told me "what you see is what you get", then put me down for a "no show" on my end. I told Suddenlink that they are going to have to take me to court and have the tech lie on the stand before I will pay the fee.

Ticket: # 3922469 - Price increases and disconnects during pandemic

Date: 4/10/2020 7:59:46 AM

City/State/Zip: Abilene, Texas 79603

Company Complaining About: Sudden Link

Description

Suddenlink/ altice in texas raised prices in March 2020! During a time when they were presenting keep America connected publicly . They were disconnecting customers and raising prices. Price gouging. They are a monopoly and the FCC continues to allow them to operate as one. This is your offense as much as it is theirs.

Ticket: # 3922485 - Fox news

Date: 4/10/2020 8:34:19 AM

City/State/Zip: Sugar Grove, Virginia 24375

Description

Fox news has always lied. lying about the covid 19 virus has endangered the lives of an unknown number of americans. My understanding is that they are only licensed for "entertainment" yet they report on news. They need to be taken off the air. Thank you.

Ticket: # 3922520 - Fox "News"

Date: 4/10/2020 9:08:00 AM

City/State/Zip: Centerville, Massachusetts 02632-2153

Description

Something must be done about Fox News. Their disinformation campaign regarding COVID-19, and many other issues, are literally killing people. Is there no regulation for stations pretending to be legitimate news outlets but are only pushing a dangerous far right agenda? If not, there needs to be accountability. Too many people take them seriously and are dying because of it. Just hold them accountable!

Ticket: # 3922525 - Xfinity

Date: 4/10/2020 9:12:32 AM

City/State/Zip: Sunrise, Florida 33313

Company Complaining About: Comcast

Description

Xfinity comcast disconnected our services including I internet during the pandemic time
Convid 19 I have 6 kids at home who need to be my husband and have lost our jobs and cannot afford to pay our bill. They are also billing me higher than usual after I discontinue alot of there services. I call them to ask what was the problem they told me in other to put back on my services I need to pay them \$580 I do not have that type of money
When I call and tell them what happen they say I have to pay or ni services and they also lie and tell me i have internet witch is a lie attach you will find the proof off no internet

Ticket: # 3922551 - Hughesnet

Date: 4/10/2020 9:36:51 AM

City/State/Zip: Delanson, New York 12053

Company Complaining About: Hughes Net

Description

I have attempted to disconnect service every day this week. Every time the automatic system realizes that I am trying to cancel services, they disconnect the call. Every time I choose a different option to try to speak with someone, they say they cannot do cancelations and tell me to call back later. They refuse to have an online option to cancel. In addition, I was charged an additional fee because of the Coronavirus for NO change in service, which goes against the contract.

Ticket: # 3922586 - High Latency, Packet Loss, and Slow Speeds**Date:** 4/10/2020 9:55:47 AM**City/State/Zip:** Omaha, Nebraska 68135**Company Complaining About:** Cox

Description

For the past 6 weeks I experienced high latency (spiking into the 300+ms range), 10%+ packet loss, and my 'gigablast' speed dropping all the way down to 200mbps. I had 3 techs come to the house and none of them could find an issue. Finally a tech admitted that with Covid-19 they are seeing too much bandwidth usage and my only solution is to wait out the virus. I was paying \$144/mo and getting a fraction of my services... they only offered me a 'courtesy' \$15 credit and I've cancelled. It is unacceptable to oversell your services and under-deliver because of an unwillingness to build out proper infrastructure.

Ticket: # 3922591 - Rate Increase for Spectrum Internet Services**Date:** 4/10/2020 9:57:12 AM**City/State/Zip:** Kernersville, North Carolina 27284**Company Complaining About:** Spectrum

Description

I was surprised to discover my monthly internet charges increased from \$65.66 to \$76.66 through Spectrum for April. Some of my friends and family members have also been hit with this rate increase and none of us were notified in advance. Is it a coincidence that that this rate increase coincides with the covid-19 pandemic when so many of us, at least here in North Carolina are dependent on our internet service for work, personal communications, tele-health, applying for unemployment, etc....? I am very fortunate that I have so far maintained employment and can afford this increase, but for so many others, this has just added insult to injury. Please investigate the timing of this rate increase. I have attempted to contact Spectrum but unable to get through via phone or chat.

Ticket: # 3922616 - Constant lies and misinformation emanating from FOX News

Date: 4/10/2020 10:12:07 AM

City/State/Zip: Louisville, Kentucky 40243

Company Complaining About: AT&T

Description

(b) (6) The constant lying from FOX News endangers the American people with regard to COVID 19. How can they continue to get away with such despicable and dangerous behavior?

Ticket: # 3922619 - Lifeline

Date: 4/10/2020 10:12:39 AM

City/State/Zip: Anchorage, Alaska 99508

Company Complaining About: Alaska Communications System

Description

- The consumer is calling about Alaska Communications System
- She only has a landline
- She has been dealing with since December 2019
- She states she is on the Lifeline Program
- She states they sent her an application to renew
- She states they sent her a letter that she was not approved
- She reached out to the carrier and they advised they did not receive her application
- They sent her another application
- She states she received a letter that she was approved
- The carrier promised her a \$25 credit on her bill
- She states she has not paid her bill that was due on 4/9/2020
- She states she never received the credit and they are not giving her the Lifeline Discount
- She reached out to the carrier
- They can not assist her due to them working from home due to COVID-19
- She states they reached out to her twice
- The consumer reached back out to them
- The carrier advised if they can not reach out to her on 4/21/2020 she will lose her Lifeline discount
- She states they need more verification from her
- The consumer is afraid they will cut off her service during this pandemic
- The consumer wants her Lifeline credit applied to her bill
- She also wants final approval for her Lifeline

CTR405-phone

Ticket: # 3922635 - Spectrum easy move and surprised bills

Date: 4/10/2020 10:24:03 AM

City/State/Zip: New York, New York 10001

Company Complaining About: Spectrum

Description

I moved and nothing would change-customers continue paying their bills and my service was fairly new-June 2019 Their tech arrived and the internet service was activated however the tv service was not, he stated for some reason your modem isn't powering on which was false, he left and came back minutes later, in the end he left me without tv service and a big mess as he didn't tack the cable-left a mound on the floor. I had no choice but to call Spectrum female rep stated she couldn't find my account then she was gone no words etc...the next thing hear is a rep from their Sales Dept his name Gideon and that's when i realized i was being deceived. My bill changed and their were charges for services that were not provided. I visited their store 4x three in Manhattan and one in Brooklyn all to no avail and there were many phone calls made by my son and I who has access to my account and i was transferred back and forth and waited and waited and i had to hang up. Two store reps agreed with me as to the charges and after they helped i'm assuming their superiors decided to override their entries. They're charging 49.99 for the tech visit yet i had no tv service and they're charging 9.99 for the self installation-that's right I did the installation and they also decided to raise my tv and internet bills. I also emailed a vp of customer service initials RO? I received one response and never heard from RO again. I even informed RO that i'm ill with the Corona Virus but...I'm also disabled and i find it quite disgusting and deceiving to go through such lengths in obtaining more money from their customers, I guess one lawsuit wasn't enough for them. One rep promised me free wi-fi as compensation but that was obviously overridden as well and another said don't pay these bills until...however i've been making partial payments. Thank you.

Ticket: # 3922637 - Fox news dangerous misinformation

Date: 4/10/2020 10:25:51 AM

City/State/Zip: Laguna Niguel, California 92677-1515

Description

Fox News has long history of presenting conspiracy theories in their opinion segments as if they were "news". Fox News' current misinformation campaign about the Corona virus pandemic is costing American lives. This is unacceptable.

Ticket: # 3922655 - Cancellation fee

Date: 4/10/2020 10:37:44 AM

City/State/Zip: Corinth, Mississippi 38834

Company Complaining About: Hughes Net

Description

I cancelled my internet service and was under the impression I wouldn't be charged the \$400 early termination fee. They took it out of my account yesterday. This was the only money that I have left while this pandemic is happening. I wasn't notified my email or the postal service from HughesNet that this was happening.

Ticket: # 3922674 - Optimum - Price Gouging and Inaccessabilty

Date: 4/10/2020 10:48:11 AM

City/State/Zip: Clifton, New Jersey 07012

Company Complaining About: Optimum

Description

FINALLY got thru to customer service -- promotion ended, my bill increased and I was told they have no current promotions. I asked for an extension on promo. just to get thru pandemic. No luck. Disgusting that they are allowed to gouge us with ridiculous rates/increases, no effective cust. service during this horrific period. I would like an extension of my previous promotion at least for 6 months.

Ticket: # 3922698 - Presidents Daily Briefings not aired by 3 main channels CBS, ABC, NBC & loss of signal during standard shows

Date: 4/10/2020 11:01:44 AM

City/State/Zip: Pittsburgh, Pennsylvania 15208-2436

Company Complaining About: Antenna

Description

1. CBS, ABC, NBC have stopped airing President Trumps Daily Briefings. I do NOT have cable, but I do have an antenna. Isn't it my constitutional right to hear the President speak, & please force stations to air the actual Presidential daily briefings in light of this COVID-19 Pandemic. 2. Commercial signals on CBS, ABC, NBC show STRONG signal strength, however, the news and shows have intermittent consistent LOSS of signal strength, which shows a major discrepancy here.

Ticket: # 3922750 - Harassment Calls, Emails, and Txts from 216-503-5245

Date: 4/10/2020 11:20:42 AM

City/State/Zip: Twinsburg, Ohio 44087

Company Complaining About: Reliance First Capital

Description

A company named Reliance First Capital will not stop. In essence, they relentlessly contact me over five times a day through every communication channel they have of personal data.

I believe this company to be a predatory lender that reach out to vulnerable people, harassed, and taken advantage of due to the Coronavirus pandemic.

Contacted by phone again this morning, I asked the business to remove my data from their list; the caller blatantly replied, rejected my request.

Ticket: # 3922751 - Sudden Link internet

Date: 4/10/2020 11:20:49 AM

City/State/Zip: St Joseph, Missouri 64507

Company Complaining About: Sudden Link

Description

Consumer's internet was turned off and because of covid-19, she called Sudden Link and was told she would get a 60 day extension

Consumer's internet was turned back on for about 10 days and then shut off

Consumer called Sudden Link and was told a request was never given

Consumer wants her internet service turned back on, given the 60 days that she was told she could have, and any current and past fees waived

Ticket: # 3922759 - XFINITY horrible service and charge

Date: 4/10/2020 11:24:48 AM

City/State/Zip: Loxahatchee, Florida 33470

Company Complaining About: Comcast

Description

Called Xfinity around 10:50 am on 04/10/2020. Spoke to a representative who was not very helpful. I advised him that I used to pay about \$158. Now my bill is close to \$200. The representative told me at first it was due to government taxes and my box rentals. That didn't add up to the bill amount. He had to ask a supervisor to find out why my bill had gone up since January 2020. The offer had expired. I asked how they can help since many have lost their jobs during this difficult time with the coronavirus. We cannot afford this new high bill. He said there were NO OFFERS for me. I asked for a supervisor. He came back and said supervisors are not available since they are with other clients. This makes no sense!!! Poor customer service and horrible that a large company like Comcast cannot provide any offer during this pandemic. I need a supervisor to speak to and assist a long time customer.

Ticket: # 3922814 - Spoofing of Business Number

Date: 4/10/2020 11:42:12 AM

City/State/Zip: New Rochelle, New York 10801

Description

Ticket: # 3922867 - Billing

Date: 4/10/2020 11:59:22 AM

City/State/Zip: Nacogdoches, Texas 75964

Company Complaining About: Boost Mobile

Description

I called my cell phone provider(Boost Mobile) to see about a getting help with paying my bill since I have been furloughed due to the pandemic. On March 9th the employee told me that the computer automatically said I did not qualify for a bill credit nor could he give me the qualifications I had to meet. He instead told me to call the FCC and after I call them I would become eligible for bill credit. I called the FCC on March 10th and was informed that Boost mobile was not supposed to be directing their customers to them for bill pay assistance and that they had done this several times. I called Boost mobile after that to see what else I could do to no avail.

Ticket: # 3922873 - Xfinity Non Customer Friendly

Date: 4/10/2020 12:02:31 PM

City/State/Zip: Berwyn, Illinois 60402

Company Complaining About: Comcast

Description

I have a problem with Xfinity customer service. During this time of needed...they are choosing NOT to work with customers. I have been a customer for over 4 years..and this TOTALLY NOT CUSTOMER FRIENDLY. Due to this covid19 crisis we are on lockdown and finance are a little less...we need our services more than ever. They have been poor with communication and accurate info. Please contact me back regarding this. Thanks in advance. I need my services back on..especially now..they should be willing to work payment out with customers.

Ticket: # 3922883 - Porting Issue Coupled with Availability Issue

Date: 4/10/2020 12:04:52 PM

City/State/Zip: Seattle, Washington 98112

Company Complaining About: Ting

Description

I have been using the Ting service and tried to change service to T-Mobile in January this year. Despite coordinating with both Ting and T-Mobile to provide the information needed and to get a new SIM card (two, because the first one didn't work), my number still has not been ported. I was told I need to go to the store but given COVID that isn't an option for me. In the meantime I'd continued to use Ting but for the past week, I have had no cell service with them so am entirely reliant on services that are wifi enabled. As you can imagine, this is not ideal if I do want to leave my house! I've spoken with both Ting and T-Mobile customer agents for hours and still not been able to resolve the issue. I'm paying both companies for service and receiving no service.

Ticket: # 3922887 - Verizon Wireless - Keep America Connected

Date: 4/10/2020 12:05:38 PM

City/State/Zip: Avita Sprints, Louisiana 70420

Company Complaining About: Verizon Wireless

Description

Verizon Wireless - no internet and they say they can't assist her. She is saying they are throttling her Jetpack. She tried to get on line this morning and had nothing. She has to work from home due to the COVID 19. Resolution the caller seeks is more internet available to her so she can work from home.

Ticket: # 3922898 - Comcast Internet

Date: 4/10/2020 12:10:06 PM

City/State/Zip: Kennett Square, Pennsylvania 19348

Company Complaining About: Comcast

Description

We updgraded from Comcast's 100 mbps offering to the 200 mbps offering to accomodate increased traffic for working from home during Covid19. Since upgrading the speed has not increased at all, and regularly runs at 10-15 mbps. When I asked for a refund, Comcast told me that I should "wait until this all settles down" and then call back. When I pointed out that this could last several more months, they said they couldn't do anything.

Ticket: # 3922918 - Boxes ordered never received**Date:** 4/10/2020 12:22:16 PM**City/State/Zip:** Jax, Florida 32226**Company Complaining About:** Comcast

Description

I called Comcast between 04/02- 04/04 requesting 2 wireless boxes. I was told by the female agent to expect the boxes by 04/09 and gave me order number (b) (6) and this call needs to be pull. as of 04/10/2020 no boxes and I am on the phone with Comcast/xfinity being told this order number is from February which is totally deceptive of the female agent who provided this order number April 2020 and gave me 1-800-742-5877 to call to pick up my old boxes . Xfinity has bad business practices for a company who charges way over the competitor prices I expect quality customer service for every dime I pay you late or on time either way I pay monthly and extra fee if a day and restoration if disconnected therefore I want the customer service that I pay for and not anything less. Why was I lied to and why was I given a Feb order number in April. Pull the call from April my facts are supported. Xfinity is a deceptive company and I want the quality service you need to give as high as your plans are . Now I am being told I have to pay for the return of the old equipment this is absolutely insane and Xfinity better not charge me for boxes I cant return due to covid 19

Ticket: # 3922919 - Internet Speed not staying stable during Novel Coronavirus (COVID-19) pandemic.

Date: 4/10/2020 12:22:22 PM

City/State/Zip: Oceanside, New York 11572

Company Complaining About: Optimum

Description

Before everyone was home I had perfect speeds.. Over the 200 mbps I'm subscribed to. As of now, the speeds have been extremely inconsistent. All directly connected to the One Box &, not over wifi. Sometimes only maxing out at 8mbps. Running another speed test a few seconds later I then get again over 200. I was told by an Altice employee that my RF and the drop look ok, & the modem is operating within specs. Yet, I am still unable to receive consistent speed. Leading me to believe that either Optimum oversubscribed my Node or there is some type of hardware problem on the outside equipment that needs to be looked at. This is the time when internet stability is most needed. We communicate & stay socially connected through the Internet. If we don't stay connected this way we won't be able to social distance. Altice charges every customer a "Network Enhancement Fee" mine is \$3.50. This should have been used to make sure their network could handle this type of stress. They are also planning rolling out 1 Gig speed over their coax network using the DOCSIS 3.1 system. How could current / new subscribers trust that (Altice) Optimum is going to provide 1 Gig speeds (940/50Mbit) if they can't even provide the minimum speed package of 200mbps consistently.

Ticket: # 3922931 - Comcast disconnecting service during Pandemic

Date: 4/10/2020 12:26:50 PM

City/State/Zip: Mobile, Alabama 36608

Company Complaining About: Comcast

Description

I was told by an xfinity rep that my cable service would not be disconnected due to nonpayment due to the pandemic which caused a huge financial change. On 4/9/2020 I woke up to my services shut off. I was told they will cut my tv services back on when I pay the bill. If it wasn't for the stay at home order and the pandemic then my bill would have been paid.

Ticket: # 3922956 - Misinformation from Fox News is harming its viewers and the general populous

Date: 4/10/2020 12:37:36 PM

City/State/Zip: Loveland, Colorado 80538

Description

ONGOING PROBLEM starting in early Feb.

- Downplaying the severity of COVID-19
- Giving false facts about COVID-19
- Pushing a drug that has not been proven to cure COVID-19
- Multiple instances of misinformation in relation to COVID-19's spread, transmission rate, mortality rate.

Ticket: # 3923017 - Billing Issues

Date: 4/10/2020 12:53:30 PM

Ticket: # 3923024 - Fox news is deliberately giving viewers wrong information on COVID-19, causing American deaths

Date: 4/10/2020 12:53:51 PM

City/State/Zip: Glendale, Arizona 85304

Description

Fox news is deliberately giving viewers wrong information on COVID-19, causing American deaths. Not retracting statements from their 'experts' that COVID-19 is just like the seasonal flu, like that we should all be going outside even though our local and state authorities are telling us to stay home etc.

Ticket: # 3923027 - TV/Internet Fraud/Price Gauging/dishonesty from COMCAST

Date: 4/10/2020 12:54:11 PM

City/State/Zip: Mt. Airy, Maryland 21771

Company Complaining About: Comcast

Description

REGARDING COVID19 I'm writing regarding my current tv/internet/phone service Comcast. I want to file a complaint regarding the experience I have had and what they are doing to people during this PANDEMIC. I called Comcast yesterday for two reasons, to make a payment arrangement until I get my unemployment due to being laid off due to virus and technical support because some of my channels we're missing and my internet has slowed down. I got a lady on the phone (I have names of all people and times in which I talked to them) she advised that due to my bill being late they won't shut my service off but they will slowly start taking channels from me due to being late. I was upset and stated, what do you mean, so you're charging me the same amount? She repeated the same statement, I asked for a supervisor and she gave me another rep. I spoke with another guy who advised the same thing. I was not happy and demanded to speak with a supervisor. I ended up speaking with a supervisor on the phone for one hour and five minutes who advised that Comcast sent customers a letter to their mail, and to the Comcast email that if bills weren't paid they were automatically putting customer down to another plan that will take away some channels. I advised him while looking through my personal email that I never received an mail, that I don't go on Comcast website nor pay my bills that way, and I never received a letter in the mail. I demanded to know how they could get away with charging people what they sign up for as I was told that I already have the basic package. I don't have anything but basic due to living affordably and I'm in healthcare and work all of the time. I don't spend money on a bunch of channels that I'm not home to watch. Another note the first lady had made the statement that Comcast will start taking channels away and she gave the example CNN. I had asked her what if I watch CNN and this is a time in which we need all the news we can get with whats going on, she said nothing. After speaking with the supervisor for a lengthy time he went over the bill what they would charge etc. I asked him directly, are the going to take anymore channels from me and he stated, "NO". He lied, I got up this morning and sure enough it's bad enough I only have basic cable and now they have suddenly taken at least 6 more channels from me, I'm still going through the channels. I don't get channels anyhow that are great but I can't get a few that I even watch. So now I have a supervisor lying to me, and he told me that all changes we're made on my account on April 8, so nothing else would be messed with. I already told him that I'm on a tight budget but I have a package that is affordable and who is Comcast to state to people if they are a little late getting unemployment that they can't pay their bills. They have basically punished consumers for being a little late oh but they are doing a favor by keeping our services on. Who are they to say that I can't pay my bill, and you mean to tell me at a time like this, they can't let people be a little late? Not to mention if I hadn't have called in I would have never known and thought it was a technical issue.. I've had several problems with Comcast since I lived at this address in which the signal is bad, they don't know what's wrong, they will turn your services off without warning if you simply just forgot about your bill. Twice I had got out of the hospital with an illness and literally forgot to pay and they just turned my things off, no warning. I have hundreds of recorded phone calls with them in which I said, I don't do comcast email, send me a text, my email, or mail and now in this horrific nightmare that we are all living, they have to stress people out and not just do like the rest of the world and take a slight loss meaning hey people are going to be a little late, it's life. I have now told every single family member, friend, and neighbor what they are doing and if you can't help me,

I'm going to talk to someone legally when this is over, and I hope that Comcast loses alot of business over this, this is horrible to do to people when right now, television and internet, is really ALL WE HAVE! I have no idea what my bills will look like and I'm not letting them get away with price gauging myself, my family or friends because they want to be greedy in a time of crisis. If you can't help me, please advise me as to who can. Yesterday I was told by Comcast that their corporate offices we're closed, second rep told me that. I lost my LMN channel among others one week ago. I was told by supervisor that all changes and channels they took from me was officially now taken away on April 8th, and he ensured that nothing else would be taken away. I woke up this morning and now I have no FOX news, HGTV, among others . I took a chance and called corporate, they we're in fact open. I spoke with a corporate employee. I explained everything to them and they advised that I was given miss information and they took away channels as of this morning, April 10th. I advised that I have had channels taken away all week and now they took away my FOX news channel. I'm so disappointed in this company and I will not stay with them.

They are ripping customers off with never giving clear communication, taking away channels and not notifying but we are still paying for them. To take away any news, local, FOX, or CNN should not have been allowed due to this PANDEMIC THAT WE ARE ALL GOING THROUGH. I advised corporate that I will not stay with a company that makes me feel like they are ripping me off after this is over. Someone needs to look into what they are doing. I'm going to be forced to pay my past due amount of a lousy 155.00, I will take the only money I have before they even allow unemployment to kick in just to pay my past due amount, greedy company. I also want to tell you that as of last night my bill was 302.12 with 155.00 past due. When I went into pay my past due now all of a sudden my total bill is 312.12. Now all of a sudden my bill goes up again, but I was told they are not charging late fees disconnecting people????? I called back to corporate and they stated bill still shows 302.12 for balance but their automated is saying, 312.12??? Thank you.

Ticket: # 3923077 - False reporting causing public panic

Date: 4/10/2020 1:09:13 PM

City/State/Zip: Southern Pines, North Carolina 28387

Description

Recently many news organization have been show Hart Island in NYC which has long been used to bury the homeless and unclaimed of NY. Many American are not aware of Hart Island and the media is portraying it as mass graves specifically for covid19 patients. This must stop!

Ticket: # 3923095 - Comcast Service issues/Termination of Service

Date: 4/10/2020 1:16:54 PM

City/State/Zip: Toms River, New Jersey 08755

Company Complaining About: Comcast

Description

- The consumer was referred to us to file a complaint against Cox Communications.
- The consumer said they disconnected her services for nonpayment of total of around \$340.
- The consumer said her husband called and they also told him they can pay whenever they can but if they can't pay by May, they will try to figure something out for them.
- The consumer said today was when they disconnected her services and when she called to address the issue, they told her she must pay her bill and they will provide her services back.
- The consumer called about 2 weeks ago to let them know they were unable to pay their bill due to COVID-19 and they told her she did not have anything to worry.
- The consumer use to have the whole bundle with them.
- The consumer wants them to honor what they told her and wants them to connect her services back.
- The consumer and her husband have not been able to work for 45 days due to the COVID-19 and she also said where they live is the highest rate in NJ.

On Good Morning Arizona this morning, they actually interviewed a supposed physician who informed the viewers that the President's COVID-19 team's instructions to prescribe Hydroxychloroquine & Z-Pack to those affected by the virus was wrong and that he wouldn't recommend it.

HOW CAN THESE SHILLS BE ALLOWED TO BE ON AIR DIRECTLY DISPUTING THE INSTRUCTIONS BEING GIVEN WORLD WIDE.

It's time the FCC do their job and pull the license of every station that is out to disrespect the President on a daily basis.

DO YOUR JOB!!!

Ticket: # 3923309 - Expedite prosecution of solicitors disrupting Virtual Health Service Providers

Date: 4/10/2020 2:24:07 PM

City/State/Zip: Downingtown, Pennsylvania 19335

Company Complaining About: Conshohocken

Description

Is there any way to expedite desist actions against unwanted solicitors disturbing virtual medical care?

My wife, Dr. (b) (6) been on-call performing emergency and high-priority virtual office visits with patients since the onset of the COVID-19 non-essential medical restrictions.

She is on-call 24x7 for these services and MUST respond to each and every call. Her phone is listed in the "do not call" registry for both Federal and Pennsylvania, yet she often finds herself disrupting patient interactions with unwanted solicitations - which is impacting ability to provide medical services.

This has been hard enough for her to adapt to

Ticket: # 3923316 - Fraudulent activity regarding AT&T Fiber Internet

Date: 4/10/2020 2:26:18 PM

City/State/Zip: Raleigh, North Carolina 27615

Company Complaining About: AT&T

Description

On February 20th, 2020, I contacted AT&T and reported fraudulent behavior on their part and they admitted to the actions. The incident was noted as report number 2(b) (6). They assured me that all service charges would be dropped, however they told me that they could not help me with an issue regarding the return of the customer premise equipment (router) that had been erroneously sent to my address. Now I have received a final bill for \$340 for the non-returned equipment. I am currently living 3000 miles from the address where the router was sent and I am unable to get home due to COVID-19 restrictions. ATT has offered no help in this matter and is threatening to send my bill to collections.

Ticket: # 3923328 - False Promises

City/State/Zip: Columbus, Ohio 43204

Company Complaining About: Sprint

Description

I switched from Verizon to Sprint because Verizon was over charging us after upgrading. Sprint had promised to buy us out of our Verizon contract as well as buyback our phones. Sprint never processed our buy out for the Verizon contract. I now have a \$2,412.02 bill for Verizon and no job due to Covid-19.

Ticket: # 3923340 - Comcast Xfinity during COVID 19

Date: 4/10/2020 2:34:08 PM

City/State/Zip: Munhall, Pennsylvania 15120

Company Complaining About: Comcast

Description

During COVID 19, Comcast has promised customers that their late fees will be waived and services will not be suspended because of inability to pay during the virus, I was even told personally by an Xfinity chat agent that I had nothing to worry about, as I have until May. to catch up on the balance due Chats with customer service are also recorded, so there is proof of this conversation. Despite this promise, which Comcast also touted publicly last month, my cable along with other customers, was suspended two days ago. I had to use my last 171.00 in my bank account to pay my past due amount. I am a gig worker who still has no access to unemployment benefits as Pennsylvania is yet to release the form for gig workers online. Comcast has threatened to shut off my cable again on the 11th if I don't pay another 171.00 that was due on the third. When I have confronted Comcast about the promise they made not to suspend services, they only apologize and repeat that phone and internet is not suspended. They are forcing customers into slow internet plans without customers permission, instead of waiving suspensions until May. This is false advertisement and also created false hope for customers. Comcast made a promise during this pandemic and they need to keep it. Many articles online feature Comcast's promise to not suspend services. They never mentioned suspended cable services. How does Comcast expect payment when most Americans are not working? Comcast refuses to turn cable services back on unless payment is made. That is completely irrational during this time, and again, Comcast made an original promise not to cut off services. Yet I paid to keep my services on, and am facing another shut off on the 11th, according to Comcast.

Ticket: # 3923381 - Refusal of Internet

Date: 4/10/2020 2:42:03 PM

City/State/Zip: Fairview, Tennessee 37062

Company Complaining About: Comcast

Description

I have absolutely no access to high speed internet through any company and Comcast serves in my area but will not run lines to my house when I can literally see the lines at the end of the road during this pandemic people are forced to work from home but that requires certain internet speeds which Comcast would be able to provide therefore if they brought service to my house the problem would be solved

Ticket: # 3923393 - Slow Internet

Date: 4/10/2020 2:46:37 PM

City/State/Zip: Fairview, Tennessee 37062

Company Complaining About: AT&T

Description

I have had this company for years now and they refuse to offer speeds in my area of more than 1.5 MBps download and .5 upload as a pandemic is currently happening and forcing people to work from home would need to get this address and the systems upgraded like they should have been years ago to get this issue fixed they would need to run lines and give acceptable speeds as of todays times now

Ticket: # 3923424 - Irresponsible radio program - re: Covid-19

Date: 4/10/2020 2:57:27 PM

City/State/Zip: San Francisco, California 94117

Description

Early this morning I tuned in to listen to Coast to Coast AM since I could not sleep. They boast that their listenership is in the millions of people nationwide. They had an Osteopath on the show who was so irresponsible. She was questioning if Covid 19 wasn't actually just the flu. She questioned why people are not allowed to gather, worship, or work. The show was irresponsible on such a profound level and I feel that the station and producers should be held accountable. What if people listened to her and carried on as if this virus wasn't an issue. They would be putting their own and other peoples lives in danger. Most everything she said was a conspiracy theory.

There is a lot of crazy stuff that is on this radio show, but this was outright careless and irresponsible.

The doctor is an osteopath (a branch of medical practice that emphasizes the treatment of medical disorders through the manipulation and massage of the bones, joints, and muscles), with no expertise in infectious diseases.

Please listen for yourself -

Ticket: # 3923602 - Internet access on and off for several days

Date: 4/10/2020 3:56:59 PM

City/State/Zip: Rolling Hills Estates, California 90274

Company Complaining About: Cox

Description

Within these couple days COX internet service off intermittently once off will take day to back on. If is traffic issues they need to expand the server right away. We pay premium for their service and this is pandemic time the internet connection became very important issues.

Ticket: # 3923619 - Internet disconnection by Spectrum during Covid-19

Date: 4/10/2020 4:02:17 PM

City/State/Zip: Los Angeles, California 90056

Company Complaining About: Spectrum

Description

Since March 9, 2020 Spectrum stopped charging my autopay credit card for my internet service. Then I started getting automated calls from Spectrum saying I have not paid my bill. I then proceeded to pay my bill manually with the same credit card and the payment wouldn't go through, then I tried using another card but same result, I verified it wasn't an issue with my cards as they worked with other merchants. I spoke with Spectrum after waiting on a very long hold and they said they don't understand why my card is not being accepted but not to worry as they will not disconnect service due to nonpayment during Covid-19. Then today on April 10, 2020, after the due date of my second monthly bill payment, they yet again did not charge my autopay credit card and disconnected my internet service without any notice. After I called them, an automated message said my service has been disconnected due to nonpayment, even after they confirmed with me earlier that they will not disconnect service during this time.

Ticket: # 3923626 - Verizon Wireless Unavailable (Phoenix Area)

Date: 4/10/2020 4:02:50 PM

City/State/Zip: Glendale, Arizona 85308

Company Complaining About: Verizon Wireless

Description

Verizon wireless has been down for a couple hours now (time 12:58 PM GMT-7) in the entire Phoenix/Metro Area.

Having verizon wireless come out and actually provide reliable phone service during a pandemic would be a good place to begin.

Ticket: # 3923640 - car warranty expired

Date: 4/10/2020 4:06:46 PM

City/State/Zip: Belding, Michigan 48809

Company Complaining About: None

Description

no my car warranty didn't expire... again.... for the 2nd time today and the third time this week. Please drop a bomb on this call center that is still open and making calls during a worldwide pandemic. The are a non-essential business that needs to be wiped of the earth for the sake of all Americans.

Ticket: # 3923698 - Suddenlink

Date: 4/10/2020 4:22:39 PM

City/State/Zip: Coal City, West Virginia 25823

Company Complaining About: Sudden Link

Description

Due to the COVID-19 pandemic I have been laid off. I am waiting for unemployment to start. This has been explained to Suddenlink however my internet has been turned off twice in one week for a bill of only 200\$ regardless of the FCC pledge that they signed with the FCC and I have kids in school and multiple MD telehealth visits that I need to do due to having a chronic illness. I spoke with a customer service agent today who said that she had reactivated my service and it wouldn't be disconnected again but it still hasn't come back on, that was over an hour ago. She was rude when I asked why she couldn't send a signal to reset it and said she would call me back in 10 minutes and I haven't heard from her.

Ticket: # 3923789 - Covid 19 lack of action from Dish Network

Date: 4/10/2020 4:47:51 PM

City/State/Zip: Coeur D Alene, Idaho 83814

Company Complaining About: Dish Network

Description

This company (Dish Network) during the Covid 19 crisis has taken the stance that they are a company and there fore they are more special than any other company out there as well as the general public. There stance is to do nothing to assist companies or the general public by doing deferral of bill payments, as well as applying late fees to there billing. How inconsiderate of this greedy big company, how unfeeling, what a total lack of showing corporate responsibility. I'm also sure they are considered an essential service. There are many businesses and individuals suffering out there during this time of crisis and they have the effrontery to threaten people with shut off as well as late fees. Absolutely disgusting. they should be offering at least a 60 day deferral with no late fees or penalties. I am a VP of my company, I would like to speak with someone of the same decision making powers I have been entrusted with, being shunted off to several menial supervisors is unsatisfactory to say the least.

Ticket: # 3923809 - Internet Intermittently Comes On**Date:** 4/10/2020 4:57:54 PM**City/State/Zip:** Clayton, California 94517**Company Complaining About:** Comcast

Description

To whom it may concern,

I have contacted Xfinity Customer Service more than 3 times to have spoken with them about internet speed / intermittent connection issues. Every time, the only help I get is troubleshooting tips such as rebooting the router / modem and send a field representative out to check my cables and connections inside the home. I was sent a field representative twice in a 2 week period. 1st time was on Friday March 27th which the guy came and checked the connection on the street and have advised that the distribution block / node has been overloaded and told me that he cannot fix the internet issue as he has to put in a service order to have someone else come fix it.

Over that same weekend, I noticed on my online account that there was going to be maintenance performed between 12am - 4am on the 31st and i figured that it was probably the service order that the technician has put in. The next day on April 1st, what an April's fool joke. The internet has gotten worse and had the same intermittent connection issues so I called Xfinity again and spoke with someone, again went through the same troubleshooting that they have advised to go through which is to reboot the modem and router and from there, it took almost form 12pm - 6pm for the modem to find a connection and establish an IP Address. They also sent another technician again to check the wires in my house and on the street with the same answer that the previous tech from the last week has mentioned and that he has to put in a service order for someone to fix it. The rep on the phone on April 1st gave me a credit to my bill. The technician who came that day said that the issue cannot be resolved by the customer service reps and this is something internal that they have to deal with. The technician said he connected his own equipment and the he is picking up intermittent signals as well. He also said that the line on the outside of the house should have multiple channels that internet can get through, however, there is only one channel that it is picking up. The technician also provided me with his supervisor's name and phone number and advised me that I should contact him in a few days and ask about the service order status. I left a voicemail for the supervisor and have provided my name, service address, and phone number but have not received a response. I have also called a 2nd time after 1 week and still with no response and no one picks up the phone.

It has now been nearly 3 weeks since this incident started and have not been able to get my issue with internet resolved.

There are two issues here, the lack of getting a solid internet connection and two, the inability to reach even one third of the speed that I am paying for. Currently, I am paying for 1 gigabit/sec internet and the max speed that I have received during non-peak hours has been 250 megabits/sec. Along with this is the intermittent connection which the internet is disconnected and reconnected during both peak and non-peak hours.

As of the current time that I am writing this complaint through the FCC website, we are on COVID-19 lockdown on these unprecedented and difficult times, I need to be able to have a solid connection that does not fail.

I am also out of luck as I live in Clayton, CA, there are only 2 companies that offers internet which is COMCAST and AT&T. As a consumer, I am at a disadvantage as AT&T only offers a speed of 1.5Mbps which is even slower than the LTE speeds that I get from my phone and I am unable to even

use my phone as a hotspot to gain internet access to work from home because we have do not have good cellular service in the area.

Ticket: # 3923816 - Phones shut off/overcharging

Date: 4/10/2020 4:59:27 PM

City/State/Zip: Globe, Arizona 85501

Company Complaining About: AT&T

Description

On March 12, 2020, AT&T shut my phones off after automatically withdrawing the full payment from my bank account. In order to restore service I was forced to pay an additional amount. After doing so I asked them to refund my 3rd payment as it was an unnecessary charge, they refused. I contacted my bank for a refund. Now today, April 10, 2020, I was under the impression that phones would not be shut off due to the inability to pay, due to layoffs from covid-19, and both phones have been shut off. The man I spoke with at AT&T blew me off and told me there wasn't anything I could do about it, customer service is not one of their concerns. I'm wanting to know what, if anything, I can do.

Thank you.

Ticket: # 3923868 - Direct Tv ATT

Date: 4/10/2020 5:18:17 PM

City/State/Zip: Miam Lakes, Florida 33014

Company Complaining About: AT&T

Description

On March 2, 2020 I called Direct TV and advised them that I wanted to cancel my service as I was going to be out of the area for 6 months. The Rep that I spoke to (Frieda??) advised me that I could put the account on hold up to 6 months and pay approximately \$9-\$10 a month plus taxes. I agreed to this as I have been a customer of Direct TV since 2005 and have my cell, internet and home service with ATT as well. I called to make a payment today and was told I was past due for \$79.33 and my total amount due was \$321.88. What? I immediately paid the \$79.33, even though, I lost my job on March 16 due to COVID-19. I spoke to an agent, Daniel - DV437E and explained my conversation on March 2 with another Direct TV agent. Daniel advised there was no mention of my call "in the system". So basically, I thought my service was on hold and in fact because the agent didn't mark the system and terminated the service I must pay until April 18, 2020. I asked him how I would know about a 6 month hold if I didn't speak to them, however he would not adjust the charges. He did good be me a \$80 credit and sad I would be charged \$135 a day per piece of equipment if it was retuned in 60 days. I again explained that I had no funds to pay as I lost my job due to Covid 19 but he was unrelenting. Poor service and feel Direct TV is taking advantage. Service should have been placed n hold 3/2/2020 but because THEIR REP didn't enter our conversation in the system I am discriminated against

Ticket: # 3923911 - Windstream oversold/can't support customer bandwidth load.

Date: 4/10/2020 5:47:20 PM

City/State/Zip: Judsonia, Arkansas 72081

Company Complaining About: Windstream Communications

Description

Windstream has had this area exclusively for over 16 years. Sold us 3mb/s download, with 1 mb/s upload and has never upgraded this area the 16 years they have had it. Attached is 2 documents of speed tests my son had done over the past many years. It establishes a gross inconsistent and under par connection in speed, latency, and service. Our internet stability is grossly under par as well. We loose connection every day 1-5 times a day, for anywhere from 1 to 4 minutes at a time. A tech has admitted on the phone that there are 26 customers in this area, and they only support a total bandwidth of 6mb/s download. They are the only provider other than satellite, and we need to have a wired connection for weather purposes as this area is prone to tornado weather in spring. Due to no real competition in our area they continue to put off upgrades, while telling us we are scheduled for upgrades. We have contacted the Arkansas Consumer Protection Agency and they gave them and unsatisfactory response. They said that due to no growth in our area they have no plans of upgrading our area. They have lied to us, continued to collect our money monthly for a internet connection and customer base they can not support. All while refusing to upgrade the area to a bandwidth that can support their customer base. There are many families in this area who's children are now at home due to COVID-19 that cannot do the online learning that needs to be done. The Governor has closed all schools in Arkansas for the rest of the year. Our school White County Central is doing online learning and we can not complete tasks, and assignments online requiring us to upload video, and audio recording due to lack of bandwidth and proper service. We can not use hot spots in this case either due to no cell signal in the area that our house is. Please help resolve this issue, we have no one else to turn to.

Ticket: # 3923916 - Spam texts for COVID-19 supplements

Date: 4/10/2020 5:53:26 PM

City/State/Zip: Eagle Creek, Oregon 97022

Description

Receiving scam texts regarding unwanted sales items. This could be solved with text authentication software on the service provider infrastructure

Ticket: # 3923940 - Xfinity

Date: 4/10/2020 6:19:35 PM

City/State/Zip: Rockford, Illinois 61108

Company Complaining About: Comcast

Description

At the beginning this month I contacted Xfinity asking to push my payment until the 14th. The agent who I spoke to told me I had until the 10th. On April 9th I came home for work and turned on my tv. It was frozen. So, I disconnected the box to reboot it. Still frozen and the remote was not working. I called Xfinity and spent 10-15 minutes trying to get to a human being. I asked for tech support because I thought it was a tech issue. Another 10 minutes before I was able to speak to a human. She was extremely rude and really did not listen to my issues. Anyways, she mentioned my payment being due on the 10th. She said they were running diagnostics and it should be fixed in an hour. If they couldn't fix it they would call me back. No, call and this afternoon when I came home I had some weird tv on and my remote was still not working. Called Xfinity again, made my payment, and asked to speak to tech support which took several minutes to get to tech support. Usually, if I forget to pay, my cable is turned on immediately. SO, I definitely thought it was some tech issue. Once again a very rude and condescending customer service person. She told me it was not a tech issue it was because they put me in a soft disconnect and it would be 24 hours before my cable got turned back on. They told me they did this to help me. Explain how this helps when we are being told to stay home and get do much to entertain ourselves and tv can be a good escape. Also I was told my payment was due on the 10th and this soft disconnect was put in place on the 9th. I explained this to the rude person and she told me I needed to be professional and she will see what she can do. Her supervisor told her there was nothing they could do. I explained everything again and wanted an explanation that if my payment was due on the 10th why was I placed on a soft disconnect on the 9th and further why didn't the tech support person tell me this. No answer. I had to argue with her to speak to her supervisor. John the supervisor was came on and was laughing as if this was a joke. I asked to speak to his boss and he told me I couldn't. Had a little argument and then I hung up. I told him I would be contacting the federal government and he thought this was funny. Anyways, I went online and called the corporate office. I spoke to a friendly person and she tried to help me, but once again I was told this was to help me. I asked her how this would help me when in normal times my cable would be turned back on immediately. Now being confined. I also said I should have been given a choice because I would have chosen to keep cable on since I could get internet via my phone. But we did this to help and you could always try streaming. This does not help me and I feel Xfinity is using this pandemic crisis to take advantage of their customers while trying to play the nice guy. I think what they did was wrong especially since my payment was due on the 10th and I was disconnected on the 9th. But we will take the disconnect fee off your next bill. I shouldn't even have a disconnect fee since my payment was due on the 10th and they disconnected me on the 9th. Xfinity never treats its customers in a good way and now I think they are trying to take advantage and use this crisis to their advantage.

Ticket: # 3923980 - News Blackout of National Coronavirus Briefing

Date: 4/10/2020 6:54:31 PM

City/State/Zip: Lexington, Kentucky 40515

Company Complaining About: Nbc, Cbs, Abc, And Fox Affiliate

Description

Local stations are no longer airing the national corona virus briefing in our area. I do not have cable and rely on an antenna to bring in television signals. We get hour-long briefings from the governor, but recently they have stopped providing national briefings from Washington. These companies are failing in their obligation to provide equal access to information shown on their airwaves. They should not have the ability to censor critical information from national sources on something this important. I would like an investigation of why citizens in my area are not able to view national press briefings.

Ticket: # 3923987 - Rush Limbaugh is endangering the public

City/State/Zip: Clarendon Hills, Illinois 60514

Company Complaining About: WIs 890

Description

Rush Limbaugh is directly contradicting Government Medical Experts with his advice on Covid-19

Ticket: # 3923998 - Slow Internet Speeds

Date: 4/10/2020 7:08:59 PM

City/State/Zip: Santa Barbara, California 93111

Company Complaining About: Cox

Description

Even before the Coronavirus overload, my internet speeds were never as high as the number I was paying for (300Mbps). At the most, it's half of that, but most of the time it's around 50-70Mbps. Video doesn't stream well, it's compressed and blocky. This has been going on for months, but now with the virus keeping people at home it's gotten much worse.

The trouble is, I've been paying \$100/ month for speeds that I never get to use!

This is a monopoly.

Ticket: # 3924033 - Internet Speed and Connectivity Availability of Options in Rural America

Date: 4/10/2020 8:03:07 PM

City/State/Zip: Tool, Texas 75143

Company Complaining About: Centurylink

Description

It seems that landline phone companies want to draw money from USF and other tax payer funded programs to expand internet service and upgrade their networks, without actually doing either one.

I bought my house in 2009. CenturyLink is the landline telephone/DSL service provider. As such, they are the only option for service at my house. The speed of service, less than 1Mbps, that they offered me in 2003, is the same exact speed of service that I get now, 11 years later.

Sources online, indicate that CenturyLink has no intentions to upgrade their network for Residential service, instead opting to focus on Business service. In fact, one technician for CenturyLink informed me that if anything happens to the phone lines to my house, they would not repair or replace the lines and I would be without service options from CenturyLink.

In light of the COVID-19 outbreak, and Stay at Home Orders, working from home has become the norm, yet I am unable to effectively do so because of the slow and unstable internet connection provided by CenturyLink. When running a speedtest, I barely achieve 1 Mbps download speeds with a direct connection from my computer to the modem/WiFi Router which was supplied by CenturyLink. Using the WiFi to run the same speedtest, my speed dramatically drops to .25-.50 Mbps. This is not an exaggeration. For this "service", I pay \$55 per month! On top of that, the internet connection oscillates on and off throughout the day and night. The connection drops and resets, further complicating my ability to work from home, and my kids ability to homeschool.

Searching online, there are a number of service providers available to my address, according to various websites, however when I enter my address, they all say that they are unable to service my address. I have reached out to my local cable company, SuddenLink, placed orders three separate times over the past 11 years, only to have those orders cancelled before the installation date because they do not service my address. They don't service my address, yet their lines run across my backyard!

Over the past 20 years, we are no closer to having reliable, stable, and fast internet service in rural America. That is a sad situation considering all of these companies are dipping into tax payer funded programs to do just that! What oversight is being maintained to ensure that companies that are receiving tax payer monies are actually following through on program requirements? What oversight is in place ensure that tax payer funded programs are actually used to provide access to rural America? Please help! This should be a priority!

Ticket: # 3924095 - Bill

Date: 4/10/2020 10:20:21 PM

City/State/Zip: Chicago, Illinois 60617

Company Complaining About: Comcast

Description

Hello I am filing a complaint against xfinity Comcast

I was told in march due to me being laid off that I would get 60days of internet free and also to disable my auto pay so they would not auto charge I did jus that I was charge anyway and was told that I have to will pay I spoke with someone after the chat and was definitely told the same thing but tonight when I called to check I was told different and I have yo pay or my service will be interrupted which is not fair and being lied to by the CSR and the reason being that the service was 60days free was of this covid19 I am laid off no unemployment or anything rite now

Ticket: # 3924141 - Cox Internet High latency and Packet loss

Date: 4/10/2020 11:55:57 PM

City/State/Zip: Rancho Palos Verdes, California 90275

Company Complaining About: Cox

Description

Cox refuses to admit that their nodes are over-saturated due to the recent COVID-19 stay-at-home order. They say that it must be a problem on my side with my equipment; however, many others in my neighborhood are dealing with the same issue. I cannot play any online video games as my ping fluctuates too much nor can I download video lectures for my online classes. Cox needs to make internet free for all until this situation is over, and inform every customer that the issue is on their end.

Ticket: # 3924165 - Xfinity/Comcast misleading information during pandemic

Date: 4/11/2020 12:30:47 AM

City/State/Zip: Powhatan, Virginia 23139

Company Complaining About: Comcast

Description

I spoke with an agent in the middle of March when the coronavirus situation first started because our finances were already tight and then the economy basically stopped. More than one agent told me it was fine I didn't have to pay they understood, I would have 60 days to pay and that I would need to have made a payment by May 12. Today I was working from home and I got kicked off the internet. So I was on with an agents for 2 hours and finally found out that Comcast disconnected my service for nonpayment, but then told me it is not disconnected just on a xfinity assistance plan. I asked was I notified and was told they just automatically did it. So they slowed the internet where I keep getting kicked off work and our television is not working. All of this while being stuck in the house during a pandemic. I will have to find the other transcripts. But I was lied to and I am sure other people were also. And they had the nerve to say they were doing me a favor. And said if I want my full service back I would have to pay \$605. Multiple reps lied and I was never notified about any changes to my account. This is a disconnection. Which they said they would not do. And they are taking a 302.24 payment from me and wouldn't cancel it. I know I am behind but I always find a way to catch up. And I thought I had more time. We are down 1 1/2 income.

[Ticket: # 3924182 - i keep getting disconnected from the internet](#)

Date: 4/11/2020 12:51:41 AM

City/State/Zip: Columbia, South Carolina 29229

City/State/Zip: Canby, Oregon 97013

Company Complaining About: Boost Mobile

Description

My name is (b) (6) and my Boost Mobile phone service has been cut off because of not being able to pay. I cannot pay my phone bill right now cause my hours have been severely cut due to the Corona Virus outbreak. I need this phone, it is my lifeline, without it, my work will not be able to get a hold of me. Also I need to call TurboTax and IRS to get my taxes figured out. Without this phone, there is a very good chance that I will get fired. I've tried to file a complaint but no option for this.

Ticket: # 3924237 - Lost Samsung Galaxy S10 by a guy at the bus station

Date: 4/11/2020 5:24:10 AM

City/State/Zip: Tempe, Arizona 85281

Company Complaining About: Simple Mobile

Description

A person has stolen my phone from the Los Angeles Bus Station. I am a student at Arizona State University and I was returning back to Arizona when I realized that my phone was lost. It was switched off and I was not able to track it down. I was on a bus with no means to track it down or report it. This incident took place on April 10th at around 1330 hours MST.

The last location I could see was at 5131 Hollywood Blvd at 1231 hours. I have attached a screenshot of what I could see on Samsung's Find My Mobile platform. Kindly contact me on my email as I don't have any other help here and I am an international student and the coronavirus situation is just making it worse for me.

Thank you so much.

Description

On the 04-10-2020 My device stop working. I called T-mobile and they were not trying to help me. I been paying for insurance for about two years and that was the type of help I get. The cellphone just stop the apple logo was going on and off. I do not want a fix phone that is going to be open and mail during this COVID-19. I need my phone for work and to be in contact with my doctors I have a heart condition. they asked me for the serial number of my cellphone, this cellphone has been with me for about two years and I do not have the box and it is the iphone x and it does not have anything on the back of the phone. As a resolution I am looking to have a upgrade on my plan and i am okay with paying the difference or to have the same model of iphone in a brand new device.

Ticket: # 3924405 - Suddenlink cable service Mammoths lakes CA

Date: 4/11/2020 12:44:14 PM

City/State/Zip: Bakersfield, California 93306

Company Complaining About: Sudden Link

Description

Suddenlink recently raised their basic cable rate to \$100 during the corona virus lockdown. This gouging during a national pandemic. The average national rate is \$67 dollars and there is no competition in Mammoth Lakes as satellite is not a viable option due to snow rendering the dish useless. This is a second home for me and I have not even been allowed to go up there due to the lockdown, paying \$100 for cable I can not even use is ridiculous so I was forced to cancel the service. The complex next to us was given a bulk price that they claimed we were not eligible for due to already having enough subscribers in our complex. This is a blatant example of a monopoly taking advantage of the general public if there ever was one, yet nobody seems interested in enforcing the antitrust laws in place.

Ticket: # 3924432 - lack of service basic internet service during Covid Crisis

Date: 4/11/2020 1:12:18 PM

City/State/Zip: Bronx, New York 10456

Company Complaining About: Optimum

Description

My carrier had me pay amount of \$705.00 on my bill from Feb.-March 2020. I had to take a day off, stand in the cold weather because only 1 customer was let into their store at 961 e. 176th st. Bronx, NY. I paid in cash \$350.00. On april 2,2020, I had to return to said store and was told I was disconnected, and had no choice but buy a new modem and router. I was charged \$113.49. I was told I had to install it myself. I went home and did so and DID NOT RECEIVE ANY SERVICE OR THE ITEMS DID NOT WORK. I will have to file a charge dispute with my bank MCU in Brooklyn, Ny. I want my money refunded because the items I paid for did not work. I will dispute the charge with my bank and will seek a refund. I was also denied services during the Covoid-19 pandemic as i am a New York state resident and a New York City resident. This denies me any accesss to information because of no services from March 1 until present April 11, 2020. I have to use my cell phone for information and read a news paper for information. I made a good faith effort to pay back the past due amount and purchase the new modem and router which did not work. Optimum also rarely took my constant phone calls for technical assistance. And I was harrassed by a creditor calling me in March 2020.

Ticket: # 3924458 - billing issue

Date: 4/11/2020 1:44:23 PM

City/State/Zip: Tolland, Connecticut 06084

Company Complaining About: Comcast

Description

My recent comcast bill included a charge of 11.85 for local sports in addition to the ridiculous broadcast fee of 14.95; the latter is to provide local channels (which can be obtained free) . Due to the corona virus, ALL SPORTS have been canceled. The only sports I can view now are reruns of previous broadcasts. I contacted Comcast and inquired as to why I was still being charged for a service that was clearly not being provided. Their response was that they were being charged by the providers of such coverage and were passing that charge on to customers. I was also told that they were negotiating with the providers. REALLY!!!!!! I understand paying for a service; don't understand paying for reruns that have already been purchased by comcast and paid by customers in the past. I request that Comcast immediately stop this practice and issue refunds to all customers .

Ticket: # 3924460 - Optimum by Altice,Optimum Online refused to turn on my tv and online services after payment during a stay at home directive.

Date: 4/11/2020 1:46:33 PM

City/State/Zip: Brooklyn, New York 11235

Company Complaining About: Optimum

Description

On April 10-during a stay at home New York City directive due to coronavirus pandemic-Optimum by Altice tv,Optimum Online said: my only option to reconnect my turned off tv and crucially needed Internet services is to go outside to a bank ATM and pay \$295.20 immediately. I risk safety of myself and family during a deadly virus pandemic feeling forced going outside at a bank ATM among other people to deposit \$300 and pay \$295.20. After making \$295.20 payment to OPTIMUM my tv and crucial internet services still remained totally off.

The next day Optimum said I still needed to pay an extra \$281.98 to have my tv/internet services turned back on. Optimum needs to practice better transparency with their customers and have sensitivity during a global crisis.

Ticket: # 3924463 - Filing Complaint Against VeriZon Wireless

Date: 4/11/2020 1:51:25 PM

City/State/Zip: Chino Hills, California 91709

Company Complaining About: Verizon

Description

Due to COVID-19 both my wife & I have lost our job. We have been told by VeriZon Wireless we must have a Debit Card on our account else we will be charge an additional \$30 per month. I stated we are OK to leave a Credit Card on the account for Auto Payment by the stated if we do so we will be charged additional \$30 per month. Again we told them we are OK with Auto Payment with Credit card not Debit Card. We are having no money in our checking/saving account. And we will be penalized by our bank.

The other issue we have is with VeriZon Wireless poor Service in Chino Hills area.

In area we live the service is very poor and we get constant drop.

Please help us resolve this issue with VeriZon Wireless.

Thank you

City/State/Zip: Massapequa, New York 11758

Company Complaining About: Optimum

Description

Optimum bill went from \$149.81 to \$171.03!! With all that is going on in this world, this greedy corporation is part of the reason our economy is in the toilet. With businesses closed, unemployment, sickness and death from COVID-19, and they raise rates??? My husband is a NURSE!! We have ONE, yes ONE TV! We should be getting cable for free!!! Absolute NERVE!!! And you CAN NOT get through to them on phone!!

Ticket: # 3924542 - Phone, internet, and television service out for over a week

Date: 4/11/2020 3:41:02 PM

City/State/Zip: Fultondale, Alabama 35068

Company Complaining About: AT&T

Description

I'm writing because While we are dealing with the Covid-19 pandemic my mother lost her phone, internet , and television service for over a week. I personally called ATT repeatedly trying to get her help. My mother is 83 and her Life alert was connected to her phone and she doesn't has a cell phone. I explained that my mom is alone and handicapped and she really needed her phone. Multiple people made promises and my mother still had to wait over a week for service.

Ticket: # 3924575 - Internet is unreliable and frontier refuses to fix it.

Date: 4/11/2020 4:19:00 PM

City/State/Zip: Crossville, Tennessee 38572

Company Complaining About: Frontier Communications

Description

About 3 weeks ago we we had several tornados and storms. The internet now intermittently drops any where from 5 mins to 1 hour. With the recent pandemic, this dropping in service is causing an unstable connection to VPN required for work. I have contacted tech support several times. They said it was the modem and then sent me a new modem, it didnt work. I called back and they said it was because too many wireless devices were attached to the network, which i disabled all wireless devices and just had one that was hard wired in. Then it became that this unstable connection is due to only having 9MBS speed. I explained that we had several storms, explain it worked fine until these storm. The error log from the modem it self, when the internet stops working, says "2020-04-11T14:22:10-05:00 L3 dnsmasq[2750]: no responses from nameserver '74.40.74.41'" I offered to email this to them however they kept saying it was my devices issue. I spoke to a "Manager" named Omar and he "agreed" to send a tech but then hung up on me about about 45 mins or telling me it was my fault. Frontier in my area has a Monopoly on the internet with no competition, and because there is no competition they refuse to work on their infrastructure in the area resulting in the customers being held hostage without any voice. The FCC needs to step in and hold them accountable. I have attached the modem logs of the errors, the one that frontier refuses to look at insisting the issue is my fault.

Company Complaining About: Spectrum

Description

Hello. My internet price with Spectrum went up overnight 30%. They claim that a promotional term has ended, but I live in NYC, and it's the middle of a pandemic. If I wanted to change service to get a lower price, I couldn't. It's unethical to enforce terms during a window of time that people lack choices.

Ticket: # 3924640 - Comcast Xfinity Internet

Date: 4/11/2020 5:43:25 PM

City/State/Zip: Atlanta, Georgia 30349

Company Complaining About: Comcast

Description

Comcast Xfinity has a promotion for Performance Starter Internet for new customers. I have never been a customer of Comcast before. With the COVID-19 Virus upon us I thought it was good time to get Internet Service for my household. It is just my wife and me. Their plan for \$20 for 25 mbps is perfect for the two of us. We need Internet access and this will fit our budget.

Comcast wants to do a Bait and Switch to us for a more expensive plan. They say we are a past customer and want money up front to get their service as well.

I contacted a person in a chat with Comcast Xfinity Customer Service named Thomas on Saturday, April 11, 2020. He clarified that we were eligible for the \$20 Starter plan. I have it in his chat. Thomas also said there will be no charge for installation because of COVID-19.

When we try to sign up, they tell us we have to pay \$50 up front and other fees.

This is obviously Bait and Switch on Comcast Xfinity's part.

I am not and have never been a customer of Comcast Xfinity. We are eligible for this and we want this service.

Order Comcast Xfinity to live up to their advertisement and give us the service and all that comes with it for the advertised price of \$20 per month and no cost for installation. Xfinity chat is attached.

Ticket: # 3924673 - Regarding Spectrum Internet Service

Date: 4/11/2020 6:25:13 PM

City/State/Zip: Fullerton, California 92831

Company Complaining About: Spectrum

Description

The account was under my aunt name and I've been paying under her name, but she recently moved out. I called and ordered new service under my name and asked them to schedule the last day of current service to be the day that my new service was starting but they cancelled the service immediately. I called back to extend the current service (which has been paid for already) and they transferred me around with no solution and I was on hold for one hour and seventeen minutes for nothing. With coronavirus my family is stuck at home with no Internet service.

Ticket: # 3924696 - Disconnections during pandemic information should be public announcement

Date: 4/11/2020 6:59:22 PM

City/State/Zip: Las Marias, Puerto Rico 00670

Company Complaining About: Consumer Cellular

Description

I was not aware until today, that Consumer Cellular had decided to disconnect customers during the pandemic for non-payment. I was not aware until today, that Consumer Cellular had decided to disconnect customers during the pandemic for non-payment. I received a disconnection notice by text and email. Consumer Cellular is a good company with good customer service, that is why I like it. But this should be an immediate public announcement. Not by personal text or email. Most of your customers are seniors in nursing homes or hospitals. Seniors are affected the most during this crisis. Here in Puerto Rico there is an order to continue utilities and telecommunications during the pandemic.

AT&T, Verizon, Liberty, Sprint, and T-Mobile made a public announcement that all services will not be disconnected, for non-payment during the pandemic. Consumer Cellular websites advises only the steps it will take to protect its employees, and new hours of operations. There is no information regarding, what Consumer Cellular is doing for its customers during the pandemic. Advise the public that there will be disconnections and collection activity for non-payment during the pandemic. Please update this information on your company website immediately, Thank you.

Ticket: # 3924714 - AT&T Landline Service

Date: 4/11/2020 7:15:21 PM

City/State/Zip: Castaic, California 91384-3216

Company Complaining About: AT&T

Description

The AT&T landline has been intermittent for years. When it rains, we have no service whatsoever. I have filed numerous outage reports and AT&T has not addressed the issue. The only means of calling 911 or form of verbal communication is via our AT&T landline. I live in a rural area with very few households and there is no cell service because of the terrain. Internet service is via satellite. However, WiFi calls are not viable; example: I can hear the other person, but they cannot hear me. Currently, the Los Angeles area has had weeks of rain. We have been in the midst of the Covid-19 stay at home orders. Two of my neighbors are elderly, one just had surgery, and I am a transplant patient. It is especially important during this time that we be able to contact our physicians and emergency services. The cable into our canyon needs to be replaced, but AT&T has been unwilling to do so. They patch areas they find and close the ticket, which does not address the problem. This is a health and safety issue.

Ticket: # 3924740 - My Next Door Neighbor using a powerful WiFi Network that disturbs my sleep for the past 6 months.

Date: 4/11/2020 8:17:11 PM

City/State/Zip: El Cerrito, California 94530

Company Complaining About: Comcast

Description

My next door neighbor is deliberately using a very powerful WiFi system that disturbs my sleep any time during day and night. I removed my WiFi system sufficiently out of the house but I could not sleep. I went to the library (before the coronavirus) and was able to sleep ok for about an hour. In order to solve this problem, one has to check the signal when I cannot sleep at night and then determine if the intensity of the signal is within or without the recommended standard. Can you suggest a practical solution because sleep is an important privacy issue in California or any other state.

Ticket: # 3924772 - Suspended wireless phone services during crisis

Date: 4/11/2020 9:14:10 PM

City/State/Zip: Clay, Michigan 48001

Company Complaining About: Metropcs

Description

Metro by T-Mobile promised not to suspend any consumers service during the covid 19 outbreak. They also promised other services that weren't given to my husband and I. Our bill was due on March 26th 2020 and our service was suspended on March 27th 2020. They promised two months of service free which should have started on March 27th 2020 but like I said our service was suspended. My husband called Metro by T-Mobile on March 17th 2020 that's when they promised us our service would not be suspended and offered us the two months of service for free his number is (b) (6) [REDACTED] [REDACTED] When our service was suspended we got a 24-48 hour extension to come with the payment or we would lose service again. We should have got what was promised to us.

Ticket: # 3924792 - Fixed wireless internet

Date: 4/11/2020 10:18:45 PM

City/State/Zip: Jonesville, Louisiana 71343

Company Complaining About: AT&T

Description

I have had bad internet connectivity with AT&T's Fixed Wireless Internet since May of 2019. I have made many requests to have AT&T to fix the problem. They have sent many technicians to my house. Each tech says there is nothing wrong with my equipment, that the problem has to be with the AT&T tower. I have seen the techs send in trouble escalation tickets several times. And was told that I would just have to wait until a tower engineer could find the problem. As of April 11 2020 they have not fixed my internet connectivity problems. In fact, it is worse now. My connectivity is so bad that I can not run a speed test to see how bad it has gotten. All I do know is, that it won't even load emails. At&t gives me the run around and just sends an installation technician to my home. Which doesn't fix the problem. The problem isn't with my equipment. Its with AT&Ts fixed wireless network. I need someone to help me get AT&T to take the problem seriously and not just transfer me around on the phone to different phone jockeys that can't do anything. My son can't even do his school work as the internet won't work right. Its a bigger deal than ever since covid19 has the schools closed and his class does classes and work online.

Ticket: # 3924805 - Raising Monthly Bill

Date: 4/11/2020 10:45:33 PM

City/State/Zip: Covina, California 91723

Company Complaining About: Spectrum

Description

Spectrum Cable, Internet has sent a letter that our monthly prices is going up. I have called and been transferred to 3 departments including a Supervisor Chayane after 1 hour 45 minutes on the phone they will not lower the bill or at least keep the same pricing until we are able to return to work during this Covid19 crises. We cannot cancel due to we need Internet now days to apply for anything is strictly online. Cable is needed to even view regular channels to keep up with government updates daily. Spectrum does not care if we cancel and would not transfer us up to a Manager. Please help us.

Ticket: # 3924819 - Cellphone service going to be shit off

Date: 4/11/2020 11:10:02 PM

City/State/Zip: Bloomington, Indiana 47403

Company Complaining About: Boost Mobile

Description

My family has been impacted by the Covid-19 pandemic and we have no money. Boost Mobile will not keep our service on unless we pay our bill or \$3 a day. This is not an option and other cellphone companies are helping their customers at this time. What can be done to help me and my family at this time?

[Ticket: # 3924833 - AT&T refusing to provide crucial personal information required to switch providers](#)

Date: 4/11/2020 11:31:22 PM

City/State/Zip: New York, New York 10026

Company Complaining About: AT&T

Description

AT&T is refusing to provide me with my personal prepaid account number which is crucial for being able to switch providers. They say it's they're new covid19 policy and that I can try again in a month.

Ticket: # 3924834 - Failed Installation Leads to COVID-19 Risk

Date: 4/11/2020 11:31:26 PM

City/State/Zip: Bothell, Washington 98012

Company Complaining About: Frontier Communications

Description

Over two weeks ago we scheduled to have our FIOS internet installed by Frontier today between 11AM to 4PM today, Saturday, April 11. Our landlord waited on sight for the technician; no one arrived nor contacted us.

We have our cleaners scheduled to sanitize the home on Monday because my wife is recovering from cancer. Our movers will deliver our belongings on Tuesday.

Ticket: # 3924871 - emergency billing for Coronavirus (COVID-19)

Date: 4/12/2020 1:14:22 AM

City/State/Zip: Bayamon, Puerto Rico 00959

Company Complaining About: Boost Mobile

Description

Yesterday, Saturday, I contacted customer service because I have no way to pay the monthly payment. Because we are quarantined and all offices are closed. I really fear that my mobile service will be cut. The person who treated me told me that I do not qualify for credit this month, in full emergency for this virus. I really need your help.

Ticket: # 3924873 - Closing service area effective 4/30/2020

Date: 4/12/2020 1:15:56 AM

City/State/Zip: El Paso, Texas 79928

Company Complaining About: Vivint

Description

Current customer of Vivint internet. They have sent letter stating that they are closing this device area. I have called to explain I am currently teleworking for State of Texas HHSC and my children on SISD remote learning academy due to the pandemic. They said there is nothing they can do and service in our area will end at the end of the month, regardless of the pandemic and situation. Over 250 or more residents in this area will be losing service of which some are educators and all the school districts are closed due to the pandemic. Please help to have Vivint continue servicing this area until we are safe to return to work and school. Thank you please call or email to confirm this was received. It is urgent matter due to the pandemic.

Ticket: # 3924891 - Horrendous Upstream/Upload Performance

Date: 4/12/2020 2:13:10 AM

City/State/Zip: San Marcos, California 92078

Company Complaining About: Cox

Description

I contacted the company about a week ago due to poor performance. The representatives attempt to solve the problem was to increase my speed package. Costing more money per month. this didn't solve the problem. I'm getting horrible upstream/upload performance to the point I can't enjoy the internet. I understand that covid is increasing demand. But this is far from being unprepared to handle the demand.

Ticket: # 3924903 - CBS NEWS

Date: 4/12/2020 2:35:10 AM

City/State/Zip: Snohomish, Washington 98290

Company Complaining About: Verizon Wireless

Description

They have reported a claim about the Coronavirus without having a correspondent on board the USS Theodore Roosevelt! They heard a rumor and all the sailors need mo on board is some Tylenol and multivitamins to fight it. Distribute Multivitamins and Tylone to beat it. That's what I distributed to my 76 year old Dad and he recovered in a week. Let's knock this shit off if you can read between the lines!

Ticket: # 3924949 - Fox News

Date: 4/12/2020 8:00:37 AM

City/State/Zip: Ligonier, Pennsylvania 15658

Company Complaining About: Comcast

Description

I do not believe Fox News programing should be spewing false information and propaganda about anything in the news, especially the coronavirus. They are spreading deadly false information which will lead to people dying. With their collusion with Donald Trump and his corrupt administration, the outcome of this lie fest is can be nothing short of catastrophic. An outlet that bills itself as a news outlet MUST be made to tell only the truth, no matter where the information originates. Lives are more important than ratings. Ideally, removing Fox News from programing would be great. Censuring them would be pointless. Best remedy would be charging them with a criminal offense. Second degree murder charges for the lives that were lost because of their lies, or criminal homicide or negligent homicide would be just fine as well. Get these buffoons off the air!

Ticket: # 3924961 - Internet Downtime

Date: 4/12/2020 8:49:29 AM

City/State/Zip: Rockford, Illinois 61109

Company Complaining About: Comcast

Description

For the last month there has been massive downtime all over the united states from comcast and their internet service. I should not have to deal with this situation with as much money as I pay to them for service. It's not my fault there is a pandemic and they did not prepare their network for the issues that would arise from that.

They have obviously oversold their bandwidth to customers because they never figured that everybody would be online at the same time. I would like a credit for the past month and a half of service on my account. The service goes down about 3 or 4 times every hour for at least 10 minutes every time. You cannot play games online or watch any entertainment online because the internet is unstable.

Ticket: # 3924964 - Internet Service Shutoff During Coronavirus**Date:** 4/12/2020 9:03:13 AM**City/State/Zip:** Bridgeport, Connecticut 06606**Company Complaining About:** Optimum

Description

Until about the last two weeks of March 2020, I was a 5 year, Cablevision Altice, internet customer. I tried to call them when I realized that my service was interrupted, but at the time, the company phone line was set up with an automated message, redirecting customers to their website (which I had no access to). In response, I bought the equipment to the nearest location, so I wouldn't be stuck with an even higher balance. No one at the location mentioned anything about keeping customers connected, as part of the pledge. I want to know how the FCC can help me and others like myself to get internet access at this time. I live in Bridgeport, CT.

Ticket: # 3924983 - Drop channels that lie consistently!

Date: 4/12/2020 10:22:11 AM

City/State/Zip: Discovery Bay, California 94505

Company Complaining About: Comcast

Description

Fox channel should be banned from the airwaves and cable. Fox lies so consistently that it is literally a soviet style propaganda organization. It in all it's iterations needs to be banned. It's charter is literally to spread hate and division, which it is entirely successful at. It has been detrimental to our country in so many ways for decades. Unfortunately, it is now wholesale increasing the COVID-19 death toll in our country due to it's wanton misinformation about the pandemic, or as they called it until recently, the Democratic "Hoax".

Ticket: # 3924985 - Charge for service after cancel

Date: 4/12/2020 10:32:47 AM

City/State/Zip: Euclid, Ohio 44117

Company Complaining About: Spectrum

Description

Tv and internet with Spectrum since 1995 Due to continual rate increase even during pandemic moved elsewhere. When I canceled service effective 4/8/202 I was advised have to pay thru 4/30/202 as I have a subscription and was billed already for 4/1-4/30. Bill received day before canceled service but not due til 4/18. I attempted to reach them before receipt of bill & was put on hold in excess of an hour each time which was impossible to do during work. I advised willing to pay 4/1-4/8, they stated unacceptable full payment was due. Not right to have to pay for service when do NOT have any longer

Ticket: # 3924989 - Comcast

Date: 4/12/2020 10:41:58 AM

City/State/Zip: Swartz Creek, Michigan 48473

Company Complaining About: Comcast

Description

We talked to comcast friday and paid 100 dollars of past due amount. Set up an arrangement with the lady on the phone to pay the remainder of past due the following monday. She said it was set and no worries of service being shut off. Here it is easter sunday and services are shut off. Now we are told we ate on their "plan" where you pay a monthly fee and not have late fees added on ? Everybody is off work during this pandemic and we are doing the best we can with what we have. Unemployment is overloaded and checks are not getting out like they should. Comcast has a monopoly on the area and there are no other service providers. They are constantly throttling the service. Everybody I talk to has had problems with them. Something needs to be done. We were just informed that all of their customers were put on this "assistance program" without anybody's knowledge.

Ticket: # 3924991 - Billing issue during coronavirus pandemic

City/State/Zip: Abbeville, Georgia 36310

Description

FOX is willfully and maliciously spreading misinformation concerning the covid-19 virus. They are recklessly endangering the people who watch their programs. Is it possible to require they tell the truth?

Ticket: # 3925121 - Re: [FCC Complaints] Re: EMERGENCY issue

Date: 4/12/2020 1:40:05 PM

City/State/Zip: Gaithersburg, Maryland 20882

Company Complaining About: T Mobile

Description

This is a follow-up to your previous request (b) (6) "EMERGENCY issue"

T Mobile never sent us a written copy. They have not taken off the charges. They are fraudulently charging us and taking money out of our account. All the charges I said previously still are there and they are not charging me interest and late fees. You need to tell them to take the charges off NOW, otherwise they need be forced to get kicked out of business. This is a crime they are committing by just charging us wrongfully for things we never used! Their bill arrived late and they still have not acknowledged it and taken responsibility and still charge us 5 dollars late fee. I paid two cycles in one and have maintained a VERY good relationship with terms of payment and they just keep taking advantage of us. We have been Tmobile customers since 20 years. Also, we have 6 lines with them. Last time they waived any fee was 2017 and they are lying to me that they have reached maximum number of waivers they can offer. I am not seeking anything unreasonable. Everything that happened was Tmobile's fault, yet they are charging me for it. We have lost our jobs amidst covid and still nothing at all. Felicia just called and she refused to accept any responsibility whatsoever and refused to credit my account whatsoever. This is not how you treat customers.

Ticket: # 3925190 - Verizon Incorrect Billing from 2013

Date: 4/12/2020 3:11:36 PM

City/State/Zip: Denton, Texas 76208

Company Complaining About: Verizon

Description

I returned all the TV/Cable equipment related to my 2013 Verizon account. Verizon provided the UPS return postage kit and confirmed receiving it. Yet they have not notified Frontier Fios that I do not owe \$1,350 for their property.

Verizon and Frontier Fios' lack of communication, incorrect billing, and cohesion, is causing me to suffer without essential services presently.

Instead of trying to help or offer provisions during Coronavirus 19, its representatives are retaliating against me for my dissatisfaction and mistreatment.

Verizon needs to provide Frontier with tracking proof they got that old equipment. I do not owe any amount from 2013. Correct my credit report with all 3 bureaus, proof of credits (and receipt

Ticket: # 3925256 - Comcast during pandemic

Date: 4/12/2020 5:16:42 PM

City/State/Zip: Roseville, Michigan 48066

Company Complaining About: Comcast

Description

I am a low income disabled household. Comcast prebills and charges late fees and shut down service but continues to charge at the premium not you spent a week without cable-and slower than usual internet but pay full month charges w late fees reconnect fees and now it's during a pandemic they 'claim' to leave on-demand online but if ur behind on payments the on-demand doesn't work but I'll be charged for it, if I give my box back I get early termination fees and if I don't I'm charged a premium for no service. They win always and it's a month in advance. Always to be settled in the following months bill.

Ticket: # 3925293 - Att prepaid account

Date: 4/12/2020 6:56:29 PM

City/State/Zip: Crawfordsville, Indiana 47933

Company Complaining About: AT&T

Description

I pay my bill with autopay w a my card online. My card was billed on march 27th 2020 and Thursday april 9th it was disconnected foe non payment. That was not 30 days as my plan says. Ive tried contacting att and no response. For the prepaid accounts not being treated the same as the the account holders forbtthe coronavirus is ridiculous and stressful.

Ticket: # 3925324 - Intermittent internet issues and decreased speed

Date: 4/12/2020 8:36:47 PM

City/State/Zip: Chandler, Arizona 85286

Company Complaining About: Cox

Description

We pay for a 300 mps download and 30 mbs upload plan and we initially were having a lot of issue with packet loss and over the last couple of months our speeds have decreased significantly. There are times I am only getting 5mbs download and even less upload on speed test when connected directly to the modem. I work from home and now since COVID 19 and these speeds are not acceptable. Cox did post that they were upgrading the network in our area last week and I was told that should have been completed last Wednesday but it seems to worse now than ever. They appear to be throttling my service.

Ticket: # 3925327 - Please explain why my wifi has been spotty for months

Date: 4/12/2020 8:52:29 PM

City/State/Zip: Gainesville, Florida 32607

Company Complaining About: Cox

Description

Hello, I am a student and amidst the COVID19 and even a bit before that I have been struggling with connectivity issues. My boyfriends laptop and mine will run slow but on my iphone, I can't even access emails or send pictures on imessage. Reliable internet is vital for a student in this pandemic, I cannot even attend zoom meetings or load my school emails on my laptop during 70% of the day. I'm not sure what can be done to aid me other than dealing with the issue cox has concerning saturated nodes.

Ticket: # 3925336 - Outages

Date: 4/12/2020 9:12:36 PM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

In reference to article-

<https://www.wtnh.com/news/health/coronavirus/wethersfield-residents-report-phone-outages-during-pandemic-say-cox-communications-isnt-helping/>

How can you allow data caps as a way to help congestion when they can't even keep the phone network online during a pandemic as they say "data caps help pay for maintenance and upgrades" what pandemic shows they really don't care about the customer if they did they would start by permanently remove data caps for everyone. As it can't be metered by any device in the house it shouldn't even be called a utility. Cox Communications refused to help. They are forced to at freeze data caps under the pressure.

I like to quote from this article-

"The condo owners have asked COX Communications to provide temporary cellphones until the issue is resolved. The company has reportedly said no."

Ticket: # 3925338 - Billing

Date: 4/12/2020 9:20:00 PM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

In reference-

<https://www.13newsnow.com/article/life/dominion-cox-columbia-will-not-disconnect-customers-coronavirus-pandemic/291-af613b6d-b816-487e-8da8-ffbbb061860e>

"Cox Communications, Dominion Energy, and Columbia Gas all announced they are suspending service disconnections for people who cannot pay."

Official website says-

"Thanks for hanging in there with us during these unusual times. We are here to help, and we're responding in a number of ways to keep you connected to what matters most. Read about our response efforts and access online resources to help manage your services."

They need to be put in their place.

Ticket: # 3925339 - Spectrum Mobile during pandemic (keep Americans connected)

Date: 4/12/2020 9:21:45 PM

City/State/Zip: Hampden, Maine 04444

Company Complaining About: Spectrum

Description

charter spectrum agreed to the KEEP AMERICANS CONNECTED during the pandemic. Spectrum Mobile disconnected service on 03/22/2020 (approximately) . I was finally able to get it turned back on approximately on 03/25/2020. I have spoken with spectrum billing supervisors many times. they have confirmed they will shut the phones off again on or about 04/22/2020 again. there attitude is use a web app and sorry about your luck. so much for charter spectrum signing the keep Americans connected pledge.

Ticket: # 3925347 - Price gouging during a state of emergency, Setting a contract I never agreed to

Date: 4/12/2020 9:47:29 PM

City/State/Zip: Fairfax, Virginia 22032

Company Complaining About: Cox

Description

I had a two-year contract where my bill for cable and Internet and phone was \$150 a month. It ended March 2020. I have tried to renegotiate and the people were rude and literally yelled at me for wanting free stuff. When I called again they said my contract was redone until March 2021 and I should renegotiate then. The new contract is \$200 a month and they said I was already getting \$2500 discount a year so I shouldn't complain. I did not authorize this contract and I do not accept it. I told them they should put me back to my old contract until they can renegotiate a new one that we can both agree to. At This time I can't just jump companies so they are keeping me hostage and making me pay 50% more I didn't agree to and they haven't even discussed the terms of the contract. One sales person suggested that he cut a lot of services for us so that they would only increase the bill less. The staff are unreasonable and their terms are illegal. I did not agree to the contract that they say ends in a year. I want them to put me back on my previous contract until we are in a time and space when I can negotiate a new one With reasonable costs or I can move to another company Which I can't right now because of the stay at home rules. They are using the Covid situation to price gouge.

Company Complaining About: Spectrum

Description

I require high speed internet (50 MB+) for my job with FCA Group. Sepctrum is the only provider that offers this speed in my neighborhood (Windsor Place) in Winston-Salem, NC. They have increased my bill by \$10 per month every 18 months with no additional speed and no expiring promotions. This last increase came amid the COVID-19 so if there WERE another provider, I would have to allow a stranger into my home to activate another service. Spectrum has confirmed that they will not make any adjustments to my bill. I would like the FCC to review these unnecessary increases and support my claim to keep my bill the same or offer a competitive service.

Ticket: # 3925383 - Total Wireless Consumer Complaint**Date:** 4/12/2020 10:46:22 PM**City/State/Zip:** Bella Vista, Arkansas 72714**Company Complaining About:** Total Wireless

Description

My elderly parent is on my plan and have had this service for several years. He lives two hours away and today I could not reach him. When I logged into my account I learned that his phone was no longer compatible and service no longer working & he must get a new phone. I received no notification. We are in the middle of a pandemic & they cut his service without warning. That is criminal. They need to be fined. He has no service until I can buy a new phone & get it to him. I pay the bill and they did not text or email me. No notification what so ever.

City/State/Zip: Willingboro, New Jersey 08046

Company Complaining About: Comcast

Description

Fox News, should lose their broadcast license. They shouldn't be allowed to tell out right lies and spread disinformation. Their calling the corona virus a "HOAX" from January 2020 through March 2020 has cost lives. Their callous disinformation and outright lies have caused actual deaths. Who is going to stop them? Do your job. If you aren't going to pull their broadcast credentials, at least fine them in the BILLIONS of dollars. The FCC must do something. Hopefully these covid19 deaths will sue Fox News out of existence. Do your job. Shut them down.

Ticket: # 3925577 - Viable internet access

Date: 4/13/2020 9:29:35 AM

City/State/Zip: Laurel, Delaware 19956

Company Complaining About: Verizon Wireless

Description

To Whom it May Concern;

We are in a pandemic and internet is essential! I am single mother of two children in college and I cannot bring them home as my internet service will not support their online classes nor the basic communication required during this crisis. I would like to file a formal complaint about my current provider, Verizon, and internet access in general.

I pay Verizon \$409.50 a month for only 100gb. I have to keep a safety mode on because if I go over the 100gb they charge an additional \$15.00 per 1gb. Not only is this outrageous, our internet slows down so much that you cannot even check emails. Furthermore, they allow you to carryover any unused data from the previous month but you have to use your 100gb before that kicks in. I reached out to Verizon to inquire what they could do to help customers during this pandemic and asked if they could at least make the data unlimited during this difficult time for all. I was told that there was nothing they could do for me. Then I get a text saying that they are giving all Verizon wireless customers 15gb at no charge. This prompted a second call asking them to allow me to keep my carryover data (46gb) and they said NO. Interesting that they can give everyone additional data but would not let me have what I already paid for. This is unacceptable!!

Internet access has been frustrating and I have looked into two other options in my area. Bloosurf, who just started to provide service in our community, and Comcast who has had service close to me for 20 years.

I have talked with Bloosurf and actually had an appointment set up for March 23 but they cancelled that day. It was rescheduled for April 13 and they cancelled again with no idea of when they could reschedule. Also, with talking to their representative, I was told that their nearest tower is 7 miles away and that they were not even sure that their signal would be strong enough to provide adequate, reliable service. I will continue communication with them but I am NOT optimistic.

I have been reaching out to Comcast since I moved into my home in 2000. They provide service in my area, two miles in one direction and three miles in the other. Each time I get the same response.

1. Not enough homes in the area:

What exactly does that mean??? Over the years there has been development and I would say/guess that there are at least 200 potential customers. I love Delaware and support that the state promotes chicken farming, farming and land conservation but you cannot have it both ways. It is completely unfair that people like myself are penalized by not providing the essential service of internet access in these areas.

2. Franchise agreement:

Again, what does this mean??? When I asked Comcast they would not reply. Therefore, it is my guess that Comcast will not provide service because Verizon has Control over the area. I do not pretend to know how any of this works, but I do realize that it is unacceptable!

3. Distance is to far from the main box:

I have received various explanations regarding this over the years. I have been told that it is to far from the main source to run the cable and that it is just to expensive. Which is it??? The last time I spoke with Comcast, summer 2019, I was told that they could provide service if I paid the \$250,000.00 for them to run the cable. Unbelievable!!! Without a doubt, I am sure that over time, Comcast would recover their cost and or receive a tax benefit. There is NO Excuse!

I work in the medical profession so I cannot stay home. However, In lieu of the "Stay home" order something needs to be done. It would be a relief and comfort, While I am working, if I could bring my children home, knowing there are safe. We are in a national/worldwide crisis and having internet access is not a luxury But an ABSOLUTE essential!

I have made phone calls to our government representatives and I participated in a town hall meeting with senator Coons. Very informative in that I learned that the state of Delaware will be receiving 1.25 billion dollars to help during this difficult time. Perhaps some of that funding can be used to provide internet access to everyone in my situation. In a country as advanced and sophisticated as ours, there is no reason why everyone, especially when access is so close, does not have unlimited, viable internet service. Plain and simple, it is wrong and not fair. The government has got to stop helping and protecting the large corporations and start taking care of its citizens!

I look forward to hearing from you soon. Thank you and be safe!

Ticket: # 3925583 - Fox News

Ticket: # 3925657 - Comcast terminated service during pandemic

Date: 4/13/2020 9:55:00 AM

City/State/Zip: Oakland, California 94611

Company Complaining About: Comcast

Description

Hello,

Though this was merely a billing oversight on my part that has been resolved through payment, Comcast terminated my internet service during the pandemic on 2020-04-13. This is an action that I believe Comcast pledged not to enforce during the health crisis. This did not negatively impact me beyond temporary inconvenience, however it could harm others. Comcast must be made to live up to its word. People cannot be cut off from global communications during this dire situation.

Thank you.

Ticket: # 3925658 - Xfinity misleading sales/retention practices**Date:** 4/13/2020 9:55:04 AM**City/State/Zip:** Jacksonville, Florida 32256**Company Complaining About:** Comcast

Description

On 4/6/20 I contacted Xfinity to see if they could offer any assistance with billing due to Covid19 crisis. My income has been significantly reduced. I was offered a reduction as explained because I was a loyal customer. There would be absolutely no change in my services. I would continue to receive the exact same package. During my call I got rep to confirm this no less than twice. I agreed to the reduced price with the understanding I would lose nothing. The next day I lost perhaps 100+ channels and was left with only a handful. In addition 1 of my 2 tv's had been deactivated. I've called several times to get the problem corrected. Xfinity refuses to give me back my previous service. Says it's not available. But they can sell me services at considerably more than I was paying to get me close to the services I previously had. So instead of saving money it will cost much more. I was paying approx 135. Now I believe to get the news and entertainment channels I was accustomed to plus my other TV back it will be approx \$200. This is clearly their fault and seems fraudulent by offering one thing and delivering another. Especially at a time when corporate America is working with their customers due to Covid19. As usual, when I request my problem to be escalated, promised calls from managers go unreturned (I received a couple from low level personnel with unacceptable solutions but each promised call backs which never came). Also seems odd that I found a new customer package advertised online that has all of my channels available for less than I was paying. They don't seem to want to talk about that when I bring it up. They should be accountable for their actions. I want the tape of the call. I want to be made whole and returned to my previous or better service at no additional cost.. I want a credit for my inconvenience and hours to get this taken care of. I want a discount during covid. I would like the FCC to investigate this practice of misleading "upselling"

Ticket: # 3925664 - Fox news is endangering lives with their fake news entertainment

Date: 4/13/2020 9:56:31 AM

City/State/Zip: Marinette, Wisconsin 54143

Description

Fox news repeatedly downplays the global pandemic, including calling it a Democratic hoax. My own brother believed them, and we got into an argument about him not coming from Ohio to Wisconsin to visit our parents over it.

I understand that they are supposed to be "entertainment" but when they push their fake journalism like it's real, it has potential for deadly consequences!!!! Please make them cease the fake news stories if they are jeopardizing lives!

City/State/Zip: Englewood, Florida 34224

Description

FOX NEWS repeatedly for a month or more lied and called COVID 19 a "Hoax" that deceived the public. There are still many Fox followers who do not believe the virus is real. Tom Cotton tried to spread the conspiracy of china doing this to us. Fox news says they are for 'entertainment'. This is not entertainment it is murder!

Ticket: # 3925851 - Fake Fox News has to go during the Pandemic.

Date: 4/13/2020 10:50:18 AM

City/State/Zip: Indianapolis, Indiana 46222

Company Complaining About: AT&T

Description

Since Fox News is not governed by the FCC it should be not deemed Essential during this Crisis and made to shut down like all other Non Essential businesses. I feel that Fox News has played a part in the spread of the Virus and is of no use since it is considered entertainment and doesn't have to tell honest news. This should really be looked at and considered because the only way that we are going to eradicate the Coronavirus is social distancing, self quarentining and listening to the real experts like Dr. Fauci and not Sean Hannity. Hannity and the whole crew over at Fox should be brought up on misleading the American people charges because people died after listening to them say that this Virus is a Hoax.

Ticket: # 3925861 - Fox News Covid 19 response

Date: 4/13/2020 10:52:28 AM

City/State/Zip: Austin, Texas 78744

Description

Fox News has repeatedly engaged in campaigns of disinformation over the years, and none is so egregious as the response to Covid-19. Their downplaying if the crisis has put countless lives at risk, especially because older Americans, who are at greater risk, make up a large portion of their audience. Please, hold the cable news industry in general, and specifically Fox News, to a higher standard of integrity. They are killing gullible people.

Ticket: # 3925872 - Fox News endangered US citizens by calling COVID-19 a 'hoax' for partisan-political purposes

Date: 4/13/2020 10:54:44 AM

City/State/Zip: Aurora, Colorado 80013

Description

Fox News endangered American citizens lives by downplaying the seriousness of COVID-19 for partisan-political purpose. While accountability within the government has not seemed to be a priority in the last few years, we, as citizens of the United States, need to draw a line in terms of how much we are willing to let our news media purposefully mislead people to their own peril, politicizing what was a public health issue. This decision by Fox no doubt led to additional infections and deaths, as the issue is seen as a political one among those influenced by Fox News.

[Ticket: # 3925874 - FOX news lying about the COVID 19 and putting the country in danger](#)

City/State/Zip: Carnegie, Pennsylvania 15106

Description

Fox news spread false information about covid19 and practiced medicine without a license.

Ticket: # 3925970 - Fox News and the Virus

Date: 4/13/2020 11:24:47 AM

City/State/Zip: Falmouth, Massachusetts 02540

Description

The people at Fox continue to downplay the seriousness of the coronavirus, without documentation. How many people died as they believed Fox and continue to go out and mix with people

Ticket: # 3925995 - Misinforming the public

Date: 4/13/2020 11:29:45 AM

City/State/Zip: Junction, Texas 76849

Description

Fox News Channel is continuously and blatantly and potentially knowingly misinformation the public about the current pandemic among other issues. This is a danger to every Americans health and wellbeing. They are putting Americans at risk everyday.

Ticket: # 3926016 - Worst Customer Services/New Services**Date:** 4/13/2020 11:34:49 AM**City/State/Zip:** Independence, Missouri 64055**Company Complaining About:** Comcast

Description

Comcast corporate office has the worst customer service representative. I established services for internet and cable May 27th and never got my services connected. I was assigned a corporate case representative who followed up with me once in a 3 week period. I followed up with her several times and spoke with other corporate reps who refused to help me. Even though I knew my case workers name, had her extension number and a ticket case number, that the rep refused to help me and directed me to all the main line. I am a single mom with three kids at home who really needed reliable internet and cable. It been extremely hard for me with the COVID-19 outbreak and trying home school and rf never imagined I would be treated this way. It left a bad taste in my mouth and will always remember this experience.

Ticket: # 3926021 - Fox News and Covid-19

Date: 4/13/2020 11:36:17 AM

City/State/Zip: Knoxville, Tennessee 37921

Description

Fox News compounded the detrimental effects of the novel coronavirus in the United States by parroting the president's lies and misinformation about the virus. This video clearly documents the evidence related to this claim. https://www.youtube.com/watch?v=5DmW_H4U-MI Fox News should be held accountable.

Ticket: # 3926034 - COVID-19 Television Briefing Indecency Complaint

Date: 4/13/2020 11:39:11 AM

Description

I would like to know how it is right for this administration to use broadcast television as a campaign rally when it is supposed to be a nightly informational program for the American people about the Covid19 virus.

If one keeps track of the questions and answers there is too much that is not about the virus.

Ticket: # 3926074 - Internet rate change during Pandemic 3923403

Date: 4/13/2020 11:49:25 AM

City/State/Zip: Mount Holly, North Carolina 28120

Company Complaining About: Spectrum

Description

I have internet only thru Spectrum. About 4 years at the rate of \$69.99/month. This month it is suddenly \$79.00/month. No change in service. No way to contact Spectrum. Calls are disconnected due to Pandemic, "chat" is not enabled with a human. Internet is an essential service most especially right now. I feel they are taking advantage of the Pandemic to raise rates and preventing challenging the rate change by being non-contactable.

Ticket: # 3926099 - Fox News spreads lies that killed people.

Date: 4/13/2020 11:54:37 AM

City/State/Zip: West Palm Beach, Florida 33411

Description

I filed this FCC Complaint against FOX NEWS, for lying & calling COVID 19 a "Hoax" that deceived the public. Even today they still tend to change the facts in order to fall in line with the trump administration.

Ticket: # 3926101 - Fox News is not reporting facts on COVID

Date: 4/13/2020 11:54:59 AM

City/State/Zip: Holmes Beach, Florida 34217

Description

I am terribly upset that the coverage by Fox News related to COVID-19 is not based on science and facts. Their coverage is costing lives. There are many people who believe the misinformation constantly out out by this organization. There is liability here. Fox News is misinforming America. There has to be a way to legally address this travesty. Require you their information to be science based. Not "Trump" based.

Ticket: # 3926124 - Fox News Disinformation

Date: 4/13/2020 11:59:49 AM

City/State/Zip: Denver, Colorado 80210

Description

Fox News repeatedly called COVID-19 a hoax causing immense and irreparable damage to the American people that could have lead to people not taking expert advice seriously and then harming themselves, their families and countless others.

Ticket: # 3926126 - Coronavirus misinformation

Date: 4/13/2020 11:59:58 AM

City/State/Zip: Vass, North Carolina 28394

Description

Appalled that Fox News, despite official government reporting and a wealth of evidence convinced many of us the COVID-19 was a hoax, and a political fairytale. Our LIVES are very much at stake and your network LIED to us in order to cover up for Trump. SHAME ON YOU

Ticket: # 3926139 - Blackout of needed news outlets

Date: 4/13/2020 12:03:31 PM

City/State/Zip: Ada, Oklahoma 74820

Company Complaining About: Cable One

Description

Living in rural Oklahoma (Ada, Okla.), the FCC rules require my network programming (ABC, NBC, CBS and FOX) stem from north Texas -- a market that includes only small stations with limited resources.

This is particularly a challenge during tornado season but is now mitigated somewhat by the many ways we can be notified of warnings. However, with the COVID-19 situation, it is disappointing to not have access to Oklahoma City-based stations that provide more fulsome news on all-things Oklahoma-related.

Ticket: # 3926146 - AT&T Complaint**Date:** 4/13/2020 12:06:46 PM**City/State/Zip:** Norcross, Georgia 30093**Company Complaining About:** AT&T

Description

My name is (b) (6).

My Complaint is against AT&T over Billing and Internet Speed. I have been a customer constantly since 1979 with same phone number.

My problem is with phone and internet. I had to hassle with ATT because I only wanted Phone and Internet did not want TV in package. I had to squabble with ATT about not wanting TV and was I not offered a package for phone and internet. After difficult communication we agreed to a phone and internet package. This lasted for year then a representative with ATT offered to better the package with a lower rate, which I accepted. However, the representative failed to make me aware that those rates were only good for a year. At the end of that year the bill went up higher. I found that I had to call in every year to reset my plan and bill. I also had to argue over not adding TV to the package. This went on for a number of years and then I was put through the retention department which lowered the package but I still had to call in every year. This year I was unable to reach anyone by phone so I did the live chat. I have a copy of the chat. I was promised phone and internet for 52.99 plus taxes and this would be remaining as long as I was a customer of ATT. Then I received my bill this month for Feb 29 to March 28 and it was 71.77. On the bill it states that my phone promotion expired and my bill went up 7.97. I was also promised my internet speed would not be slowed. In the past my speed sometimes would be so slow I could not watch my movies. If I called in and complained the problem would improve for a while. So I have been calling in and complaining over speed for sometime now. With the Covid19 and having school online it has been a problem too. I have custody of my granddaughter and she has difficulty with the internet connection and speed at times when trying to complete her work online. I have spent so much time calling in each year trying to negotiate a plan and amount that fit my budget and once set still spend from 3 to 6 months trying to get ATT to keep their agreement only to repeat this cycle again each year. This year they will not honor it again and I have a copy of the conversation where I was promised the 52.99 and they have again lowered my speed too. I am only asking that they be held accountable for what they promise their customers and quit saying one thing and delivering something different. The ATT Chat is below from this year 2020.

AT&T: Hi, I'm AT&T's automated virtual assistant. How can I help you today?

Me: it says live chat can I chat with an representative

AT&T:

So I can assist you further, please select a product I can help you with:

- AT&T Internet
- AT&T Digital Phone

Me: AT&T Internet

AT&T:

Got it! For AT&T Internet help, you can get started with these top links:

- See your bill
- Make a payment
- Use Troubleshoot & Resolve for internet issues

- Get help signing in or accessing account
- See more options

Me: See more options

AT&T:

Check out these other options for AT&T Internet:

- Find your Wi-Fi info
- Check your internet speed
- Resolve email issues
- Set up or update AT&T Mail

Still have a question? No worries – you can chat with someone who can help.

AT&T:

On this page you can see your overall balance, and how much each line on the account was billed.

You can also view the paper bill format if you prefer!

Have another question? Ask away!

Me: chat with representative

AT&T:

Let me get you to a specialist. Please tell us your first name.

Me: Linda

AT&T:

Thank you. You will now be connected to a specialist for account support.

We are now transferring you.

Agent Joy enters chat

Joy: Hi! Thank you for contacting AT&T. My name is Joy and I'm happy to help :)

Joy: Hello Linda :)

Me: I hope you can, I have tried calling in for help and received frustration

Me: It is time for me to set up my payments for the next year

Joy: I am here to help and will do my best to feel you better.

Me: I usually get sent to the retention dept

Me: I have been with ATT for 40 years with same number

Me: I would like it lower but keeping it the same would be good

Joy: Just wanna make sure, you chatted in to lower the bill.

Joy: Am I correct?

Me: No, each year since I made a mistake and listened to a representative that got me to change my plan and since that time I have to call in every year to reset my plan for the next year

Me: yes I would like it lowered but keeping it the same would be good

Joy: I totally understand that one. You mean, you don't wanna make any changes over a year and would prefer to keep the service as is and better if be lowered. correct?

Me: yes but make sure no changes are made it is not the best sometimes internet really slow but do not want anything changed

Joy: Great! Got your concern, Linda.

Joy: No worries! I have checked that the account is not under contract and I guarantee to you that moving forward, no changes will be made on the account. And also, I will make sure to notify you for

promotion update that the account can take advantage, and you will be just the one who can decide to make changes.

Joy: How does that sound?

Me: how much will it be monthly

Joy: As per checking here, it is \$52.99 before taxes and fees.

Me: Okay, then I will have to contact you next February to do this again?

Joy: No. You don't have to do it Linda. Everything will keep remain and nothing is changed.

Me: Thank you. That really sounds good. Have a blessed weekend

Joy: I am happy I was able to assist you to the best of my ability by explaining the billing amount and keep it moving forward. Have I done that for you?

Me: yes you have

Joy: Great!

Joy: Once again, my name is Joy. Thank you for doing business with AT&T. You do have a wonderful day :)

Joy: Linda, please do me one last favor. Please help me press the [X] button at the upper right corner of the chat window.

Joy: Thank you so much for the cooperation, Linda.

Joy: Have a blessed weekend, as well♥

Ticket: # 3926224 - Boost Mobile issues

Date: 4/13/2020 12:30:15 PM

City/State/Zip: Deluthe, Minnesota 55802

Company Complaining About: Boost Mobile

Description

Consumer had Virgin Mobile but was changed to Boost.

Consumer claims his text and internet service was shut off today 4/13/20 and is paid up for 4/17/20.

Consumer has a disabled son at home.

He needs his service to get information to and from the teachers for his son.

Consumer called proactively to let them know he wouldn't be able to pay on the 17th until he got his stimulus check from the government.

Due to COVID-19 he is unemployed and is so frustrated with the service from Boost.

Consumer needs his service to be restored as he needs the service for his disabled son.

CTR404-phone

Ticket: # 3926239 - Faster internet speed

Date: 4/13/2020 12:34:48 PM

City/State/Zip: Bates City, Missouri 64011

Company Complaining About: Centurylink

Description

We barely get 1.5 mg, but within a mile they are receiving much higher internet speeds. With the current situation of covid-19 and many working from home a reliable internet is a need.

Ticket: # 3926253 - State Government Tracking and Use of Cell Phone Data**Date:** 4/13/2020 12:36:46 PM**City/State/Zip:** Silver City, New Mexico 88062**Company Complaining About:** Other

Description

New Mexico Governor Michelle Lujan Grisham announced a program today to use cell phone data to determine if New Mexicans are following social distance policies. I am incensed by this breach of privacy. As a law-abiding citizen, I feel I am being spied on. Additionally, will this be stopped when the pandemic is over and how will we know? How is it that the Federal government can't get cell phone data to solve murder cases but apparently New Mexico has a company that will provide it with cell phone tracking and data for this use?

Ticket: # 3926288 - Internet provider taking advantage of coronavirus situation

Date: 4/13/2020 12:48:26 PM

City/State/Zip: Jacksonville, Texas 75766

Company Complaining About: Sudden Link

Description

Home due to Covid-19 restrictions. Internet usage increased. Was charged \$150 data cap overage. Called provider. No explanation other than they can give me unlimited for extra \$\$\$. No idea that there was limit on internet usage.

Ticket: # 3926289 - internet speeds far below advertised

Date: 4/13/2020 12:50:11 PM

City/State/Zip: Independence, Kentucky 41051

Company Complaining About: Spectrum

Description

My Spectrum bill arrived today and it had gone up \$20 per month. They couldn't give an explanation better than "bringing their legacy accounts in line with current rates" (which is BS and frankly, price gouging) in the middle of a global pandemic. While on the phone with them I asked what the line item "promotional discount: ultimate 200 upgrade" was on my bill and I was told that for however many years I've been with BrightHouse/TWC/Insight/Spectrum I've been paying for 200mb and never come anywhere CLOSE to those speeds.

Ticket: # 3926312 - Coronavirus

Date: 4/13/2020 1:00:01 PM

City/State/Zip: Trumbull, Connecticut 06611

Company Complaining About: Spectrum

Description

How dare you call Covid-19 a hoax? You call yourselves responsible journalists? Each and everyone of you should have your certification withdrawn for deceiving the public. I will NEVER watch Fox news again.

Ticket: # 3926384 - Fox News Misinformation

Date: 4/13/2020 1:24:04 PM

City/State/Zip: Pelham, New Hampshire 03076

Description

Fox news has repeatedly, dangerously downplayed the Covid-19 virus even calling it a hoax, and instructing people to disregard stay at home request.

Ticket: # 3926394 - Changed plan and bill stayed the same

Date: 4/13/2020 1:27:35 PM

City/State/Zip: New York, New York 10128

Company Complaining About: Verizon

Description

I have been paying \$54.99 for years for my plan. I recently was charged \$101 and was told the promo was done and now my bill will be \$101/month. I called Verizon and asked if there were other promotions going on (obviously upset that my bill DOUBLED). I was told, for MORE speed, I could pay \$56/month and that my new router installation fee would be waived. I agreed and made an appointment for installment. I asked the representative if they would honor this payment even if the installer had to cancel (due to coronavirus) which I was told YES. (seems obvious since I am now paying \$101 for terrible speed and will pay half for more speed). After the installer had to cancel, I realized my bill did not change. (even though I followed all instructions to change the plan on my Verizon app). When I called, I was told there was nothing they could do, and I would have to continue to pay \$101 until further notice. This seems ridiculous to me- paying that much money for a plan with terrible speed, when I could pay less for more speed. I spoke to at least 6 different representatives- none were helpful and all said nothing can be done.

Ticket: # 3926435 - Fox News intentionally lying

Date: 4/13/2020 1:39:13 PM

City/State/Zip: San Diego, California 92114

Company Complaining About: Fox News

Description

Sean Hannity and Laura Ingram and Lou Hobbs have all lied and downplayed the Covid19 pandemic. They should be forced to come clean and apologize and report the truth.

Ticket: # 3926496 - Service Issues

Date: 4/13/2020 1:57:18 PM

City/State/Zip: Port Charlotte, Florida 33952

Company Complaining About: Directv

Description

- The consumer is calling about Direct TV/AT&T as his carrier
- He has been a loyal customer for 12 years
- He states they cut off his service
- He states he is out of work due to COVID-19
- He feels this is wrong
- He reached out to the carrier, but he is on hold with them
- The consumer wants the rules changed for the pandemic
- The consumer wants his services restored

CTR405-phone

Ticket: # 3926551 - Cox Cable

Date: 4/13/2020 2:21:28 PM

City/State/Zip: Gilbert, Arizona 85296

Company Complaining About: Cox

Description

My internet speeds have dropped to 20mbps since corona virus. I am paying for gigabit speeds. I know that the usage has gone up since lots of people are working from home... however to go from 1 gigabit speeds to 100mbps is laughable. It shows that COX cable has a very dated and insufficient infrastructure.

My issue can be solved if COX cable would put some of their greed towards upgrading infrastructure.

My issue can also be solved if COX would reimburse my money since their internet is almost unusable at this time.

Ticket: # 3926554 - Fox News

Date: 4/13/2020 2:21:42 PM

City/State/Zip: Hastings, Michigan 49058

Description

Fox News is claiming that the coronavirus is all a hoax. This is a lie and encourages Americans do not follow the mandated quarters from the government. As a healthcare worker on the front line caring for sick people, I find this disruptive it's disgusting.

Ticket: # 3926623 - Covid-19 Media Coverage Request

Date: 4/13/2020 2:41:38 PM

City/State/Zip: Metamora, Michigan 48455

Description

I don't know if you might have even thought about this, but all of this television and radio coverage about Covid-19 is creating a real panic.

What's happening is that (and you all ready know this) people are panic buying just about everything in their path to be able to hold out against our state's orders to stay inside (Michigan).

Nobody wants the governor to declare martial law, but I feel that unless people STOP hearing how bad it is - this is what is going to happen.

I am 61 and on disability. It's no big deal until you try to get to the store on the 3rd of the month AFTER all of the shelves are TOTALLY EMPTY!

Many other things are being effected and there is absolutely NO need for this!

MAY I PLEASE SUGGEST THAT YOU (OR THE PERSON IN CHARGE), PLEASE ORDER TELEVISION AND RADIO STATIONS TO (AT LEAST) EASE THEIR COVERAGE OF THIS PANDEMIC!

PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE,PLEASE!

Thank you!

Ticket: # 3926735 - Optimum Availability Complaint

Date: 4/13/2020 3:03:38 PM

City/State/Zip: Garnerville, New York 10923

Company Complaining About: Optimum

Description

(b) (6)

This morning at 10:10 while my daughter was in the middle of an online class Optimum Shut our services off for Non Payment.

With being out of work I was assured by the Governor's office and school district that Optimum signed the pledge and this would not be an issue.

I will be switching to Verizon once this is pandemic is over and I'm back to work and Verizon workers are allowed back into homes to install. That does not help us now.

I'm so disappointed and frustrated.

I'm on hold with Optimum now but it is telling me I have over an hour hold time.

Please see the attached photo showing they have BRICKED all my services.

Thank you

(b) (6)

Ticket: # 3926753 - Abuse of Amber Alert System**Date:** 4/13/2020 3:10:30 PM**City/State/Zip:** Lander, Wyoming 82520-9022**Company Complaining About:** Union Wireless

Description

I have two cell phones with Union Wireless - one for me and one for my wife. I also have a phone with Verizon Wireless. On Friday, April 9th, an Amber Alert was issued at 12:25 p.m. and went out over the radio. I received the first Amber Alert on my phone half an hour later. My wife came home at 5:00 p.m. to pick me up and at 5:20 p.m. all of our phones were going off with an update to the Amber Alert. The Amber Alert was cancelled by the Wyoming Highway Patrol at 22:00 or 10 p.m. to those of us on a 12-hour clock. Union Wireless continued to send out emergency alerts on our phones AFTER THE ALERT WAS CANCELLED. An alert went out at 12:54 a.m. on Saturday, April 10th and again at 5:26 a.m. and that's when my wife called the issuing Sheriff's Department in Riverton Wyoming along with the Wyoming Highway Patrol and National Weather Service Office. Nobody answered at the weather service and both the Sheriff's Office and Wyoming Highway Patrol said the alert was cancelled the previous evening and that it was up to Union Wireless to quit sending the alerts to all of their customers. My wife has been working 80-hour weeks due to Coronavirus and this was our chance to sleep when Union Wireless failed to cancel these alerts. This is an abuse of the system. We both continued to receive Amber Alerts at 8:54 a.m and again at close to 11:00 a.m. on Saturday and that's when my wife took our phones - all of them - and disabled the Emergency Alerts. The next time a kid goes missing, thanks to Union Wireless, I will not be alerted because they have made a choice to abuse the system.

Ticket: # 3926757 - Pull Fox News' FCC Broadcasting License--PLEASE

Date: 4/13/2020 3:10:56 PM

City/State/Zip: Escondido, California 92025

Company Complaining About: AT&T

Description

This "entertainment network" (vs. News Network) consistently communicates LIES & FALSE information about the Trump Administration. This network LIED to its viewers regarding the current, deadly COVID-19 Pandemic, putting millions of viewers lives at risk with misinformation on the critical need to isolate at home.

Please investigate & REVOKE THEIR FCC LICENSE---THEY SHOULD NOT BE ON THE AIR.

Thank You. (b) (6)

Ticket: # 3926794 - Verizon Price Gouging on Internet Service

Date: 4/13/2020 3:24:07 PM

City/State/Zip: Severna Park, Maryland 21146

Company Complaining About: Verizon

Description

Verizon Communications Inc has "price gouged" my account during the Maryland coronavirus19 "State of Emergency".

Tim D. (1 833-888-6121 prompt 1 extension 4440614) called me to discuss renewal of my internet service contract. During the phone call Tim D. discussed the information he had from accessing my account information and from that he knew the daily amount of time that my wife and I use the Verizon FIOS internet. Tim D. indicated the new contract would be entitled to continuing the "\$25.00 monthly Agreement Incentive", and that monthly Agreement Incentive discount would show up on the order confirmation summary, which would be received by mail in several days. And that new order would show the net monthly amount would be \$89.00 (\$114.00 less \$25.00 = net monthly of \$89.00.)

However, when that Verizon order summary was received, it showed that Tim D. (1 833-888-6121 prompt 1 extension 4440614) removed the monthly agreement incentive that I was entitled to. (see attached order summary)

Pricing Gouging customer accounts has become a common practice of Verizon. A common way Verizon "price gouges" is by making incentive agreements by telephone and then removing those incentive agreements from the order when Verizon sends the order summary to the customer by mail.

Ticket: # 3926824 - FOX News Deceptive and Misleading Coverage of COVID-19 Has Led to Unnecessary sickness, suffering an death.

Date: 4/13/2020 3:32:17 PM

City/State/Zip: Ypsilanti, Michigan 48197

Description

The Fox News Channel, across its many hosts, shows and special reports have deliberately misled the American people about the seriousness, severity and timing of the COVID-19 threat. The lapses have places hundreds of thousands of Americans at risk from the virus who could have otherwise taken preventative measures to protect themselves, their families and their business.

FOX operates under the licensure of the FCC and is subject to all rules and penalties as such. My remedy it that FOX run a 30 second spot twice an hour for the next 90 days admitting their wrong doing and apologizing to the American people. The Company and its management team should also be subject to any and all civil and criminal penalties available to the federal, state and local governments as well as individual citizens. The first amendment does not protect slander, libel or the equivalent of shouting fire in a crowded theater, nor does it protect commercial speech in this manner. Following the 90 days mentioned above, FOX News should be suspended from broadcasting for 60 days, the equivalent time period for which they were deliberately broadcasting misinformation about COVID-19.

Ticket: # 3926829 - Local channel availability

Date: 4/13/2020 3:33:54 PM

City/State/Zip: Tipton, Michigan 49287

Company Complaining About: Dish Network

Description

I live in Michigan, but can only get local channels from Ohio, without paying for extra streaming services. The need to know what is happening in my state, at this time, is crucial during this pandemic. I do not work, shop or vote in Ohio. My demographic is in Michigan, not Ohio. Please, allow satellite services, such as Dish Network, to offer local channels from the state which people reside.

Ticket: # 3926846 - fox news lie about covid

Date: 4/13/2020 3:37:57 PM

City/State/Zip: Knoxville, Tennessee 37924

Description

Fox news called Covid a hoax and I am mortified for the misrepresentation and misinformation they are spreading about this pandemic. They're literally going to kill off their viewers with their callous carelessness. Fox needs to be held accountable. Science is not opinion.

Ticket: # 3926851 - local channels

Date: 4/13/2020 3:39:46 PM

City/State/Zip: Milford, Pennsylvania 18337

Company Complaining About: Dish Network

Description

I live in Milford PA and we do get NY stations still want these but we used to get Scranton stations they are closer to and broadcast PA news . The only thing the new York stations report on is the weather sort of. with the current covid19 It would have been much better to get the PA news

Ticket: # 3926887 - CODIV-19

Date: 4/13/2020 3:52:33 PM

City/State/Zip: Poughkeepsie, New York 12601

Company Complaining About: Metropcs

Description

The consumer spoke to a representative from California that doesn't understand English.

Once the consumer spoke to a representative that was american, He said that they are giving customers a 2 month extension but they have to disconnect him in order to do that.

He told the representative to right that down on his chart so he wouldn't get billed.

Once that happened he could never get through to a representative because he ended up getting billed.

The consumer was forced to pay the bill even though they said they would do an extension.

The consumer is unemployed because of COVID-19.

Only people he can talk to is people from the philippines and they have no idea what he is talking about.

The consumer wants a credit to his account because MetroPCS forced him to pay and now he doesn't have the funds to pay other needs.

Ticket: # 3926901 - Suddenlink imposing data caps on most internet service tiers in effort to raise prices - only internet company available in my area

Date: 4/13/2020 3:56:38 PM

City/State/Zip: Kingwood, Texas 77339

Company Complaining About: Sudden Link

Description

I've had to continuously move up to different pricing tiers of internet service due to data cap. I have no use for the extra speed... but Suddenlink does not have unlimited data caps outside of their premier speed levels of services. When I signed up for internet it was unlimited, there is no competition in my area. During the Coronavirus outbreak where usage has increased Suddenlink continuously sends e-mails warning me about high data usage and asking me to upgrade. I've needlessly "upgraded" my services for data usage. Internet is a utility; and as a utility they should not be able to limit the supply of internet to its customers. This is just shady business practice.

Ticket: # 3926942 - FOX NEWS lying

Date: 4/13/2020 4:08:15 PM

City/State/Zip: Scotts Valley, California 95066

Description

FOX NEWS should be taken OFF THE AIR for knowingly lying about the Corona Virus. They've put millions of people lives at risk. You guys limit airing if people swear or show too much nudity, the least you can do is STOP PROPAGANDA STATIONS. FINE \$\$ for every LIE!! EVERY. SINGLE. ONE.

Ticket: # 3926950 - SMS from Bernie 2020 staffer for non-campaign related actions

Date: 4/13/2020 4:09:15 PM

City/State/Zip: Dunmore, Pennsylvania 18510

Company Complaining About: Bernie 2020

Description

I've never signed up for any communication from the Bernie 2020 campaign, never donated, never supported, nothing. Got a message from a staffer about unrelated issues, AFTER Bernie already dropped out. So, it's clearly not campaign related. How they did get my private information when I never had any connection to the campaign?

Here is the SMS text:

Hi John, it's Chris with Bernie 2020! LA multimillionaire and private equity investor Joel Freedman bankrupted Hahnemann Hospital last summer, closing down an historic, safety net hospital. Now, as our city faces the coronavirus pandemic, we are in desperate need of hospital beds and treatment centers. Joel Freedman is putting thousands of lives on the line — Will you sign our petition calling on him to put Hahnemann Hospital to public use and stop profiting off of this crisis?

Ticket: # 3926967 - Frontier communications

Date: 4/13/2020 4:14:44 PM

City/State/Zip: Fort Wayne, Indiana 46808

Company Complaining About: Frontier Communications

Description

I thought the FCC was having internet providers not do disconnects during the coronavirus. If that's the case, Frontier communications is still disconnecting internet service though online schooling is a requirement in my city currently.

Ticket: # 3927022 - HughesNet will not allow me to cancel my internet service

Date: 4/13/2020 4:29:37 PM

City/State/Zip: White Stone, Virginia 22578

Company Complaining About: Hughes Net

Description

I have been unable to cancel my internet service with HughesNet despite having called its service number (866-347-3292) several times. I enter the appropriate answers in its telephone system, and each time the recording says HughesNet is struggling to keep up with the coronavirus and can't help me at this time. I am told to call back at a later time. I have also tried to log onto my account at HughesNet but have not been able to do so, despite my providing my SAN number on its website. I can't even leave my name and a call-back telephone number.

Ticket: # 3927027 - Sprint Billing

Date: 4/13/2020 4:31:24 PM

City/State/Zip: Chicago, Illinois 60607

Company Complaining About: Sprint

Description

Consumer called Sprint to inquire about Sprint's COVID-19 relief for there customers.

Consumer stated that Sprint is only offering extensions.

Consumer also stated that she can get an extension before the COVID-19 pandemic so this is unacceptable.

Consumer wants to know if Sprint is receiving money from the government for COVID-19 pandemic.

Consumer is not currently working and is worried that her service will be cut off after the COVID-19 pandemic because of the extensions allotted from the carrier.

Consumer feels that something else should be done by Sprint other than offering extensions. She is worried that she will not be able to pay her past bills because she is not currently employed.

Description

I've been having internet issues since feb 8 (before covid). I've been told everything under the sun but no one can fix my internet issues.

Ticket: # 3927069 - Internet, TV, and phone suspended during pandemic

Date: 4/13/2020 4:42:36 PM

City/State/Zip: Neptune, New Jersey 07753

Company Complaining About: Optimum

Description

My internet TV and Phone service was suspended this morning April 13 for overdue payment. I previously learned that all access would not be suspended during the national health crisis. I am also still paying for HBO which is supposed to be free for a limited time. I then was restored service after I called and paid my bill for \$300 plus dollars. I am completely confused why this is allowed and why I am being forced to abridge so that I can try to work from home during this and for my children to continue homeschool.

Ticket: # 3927094 - Comcast issues

Date: 4/13/2020 4:52:13 PM

City/State/Zip: North Chesterfield, Virginia 23234

Company Complaining About: Comcast

Description

Consumer is frustrated with Comcast.

When she calls they never give the correct information.

Consumer found an old account on her credit report.

Consumer called to confirm everything was OK and the CSR was unable to find anything else.

Consumer paid off the account.

In 11/19 consumer moved into a new place and was planning to set up service.

In 2/20 consumer received a call from Comcast claiming it was urgent.

Her service was shut off.

Consumer called the retention department and was told there was an old account in which she owed \$700.

6 months earlier she was not told about the bill after repeatedly contacting them.

Consumer is still without service.

She has repeatedly tried to contact the provider but is given the run around.

Consumer needs to work from home due to COVID-19.

She called and spoke to Joe who has been working with her and he told her to sign up for the essentials service for internet.

Consumer did what she was supposed to do but was told she had to call again and has essentially put back in a circle.

Consumer then saw a note on her door from a Comcast rep who was there to pick up the equipment.

Consumer has one week to get her internet service up and running so she can keep her job.

Consumer needs to be able to get internet service so she can work from home.

Consumer wants the charges to be written off due to the run around she has been given.

Description

I'm filing this claim to report Fox news for calling Covid 19 a "hoax"

Ticket: # 3927201 - Frontier Internet Availability

Date: 4/13/2020 5:30:26 PM

City/State/Zip: Moreno Valley, California 92557

Company Complaining About: Frontier Communications

Description

The consumer has internet service with Frontier.

The consumer got service from Frontier at his new home and they had to dig up and install a new line.

They had working internet for one day and then for the whole month it was not working.

The consumer spoke to Frontier multiple time and they thought it was the router so they sent a new one, but it was not the issue.

The consumer is not going to pay for service he is not receiving.

Now they told him that a technician will be out to fix the issue this week.

The consumer wants Internet availability especially now with the COVID-19 going on.

The consumer is fine with paying but he won't pay full price to receive 1 day of service.

City/State/Zip: Glasford, Illinois 61533

Company Complaining About: Glasford Telephone Company

Description

I have phone/internet thru Glasford Telephone (no other option) Because of COVID I am working from home. I called to bump speed. Was told bill would go from \$105.92 to \$122.61. I said ok. I received the bill and they added another charge for telephone service which is already covered in the \$122.61. They billed me \$158.46. They know I have no other options in this area. There honestly was no change in speed either. This is unacceptable to overcharge because they know you have no other choice. They quote one price and jack bill up when you get it.

Ticket: # 3927306 - Overcharging

Date: 4/13/2020 6:24:02 PM

City/State/Zip: Springfield, Oregon 97477

Company Complaining About: Comcast

Description

Just saw our Comcast bill and I noticed that they billed us \$9.99 for the Sports package, even though there are NO live events, and they billed us \$6.10 for the Regional Sports fee, even though there are no HS, or pac12 College games. I called them and after 1 hour, 2 minutes, and 42 seconds on hold, they acknowledged that we should not have been billed for either of these items since the COVID pandemic ended all sporting events. I asked them why they hadn't removed these items proactively and "Joel" didn't know but said there was no plan to do so. So if you are a

Comcast customer paying extra for the sports pkg, you might want to give them a call.

Ticket: # 3927343 - Fake news and disrespectful reporters

Date: 4/13/2020 6:44:23 PM

Company Complaining About: Comcast

Description

I spoke to a representative from Comcast when I was laid off due to the covid 19 pandemic. I was told I wouldn't experience service interruption for 60 days , it hasn't even been 60 days yet and my services has been shut off . I contacted them and they demanded 600\$ in full to restore service . I tried to make a partial payment but was denied . What a way to treat customers during a world wide pandemic that is affecting us all in some kind of way .

Ticket: # 3927424 - Boost mobile will not give me my account number!

Date: 4/13/2020 7:44:06 PM

City/State/Zip: Lansing, Michigan 48912

Company Complaining About: Boost Mobile

Description

I have tried to get my account number from my current mobile phone carrier, Boost Mobile, for over a month to no avail. Can't get anyone on the phone, chat system does not respond to my need, the complaint Chat says "can I transfer you to someone who can help with that," i say yes transfer me, then a message says due to COVID -19 there is no one available. The Chat also says if you dial #150# your account number will pop up...wrong - you get the "the number you have dialed cannot be..." I have also emailed the corporate office in Australia. No response yet!

I understand COVID -19 has forced many changes in our society, but surely someone should be able to give me my account number, or at least take a message and call me back?

PLEASE HELP! I only completed the red asterisks sections because I had too.

Ticket: # 3927425 - Hughes Net

City/State/Zip: Oakland, Maryland 20155

Company Complaining About: Hughes Net

Description

Hughsnet has put me in a contract agreement that I did not agree with through this pandemic. I needed a extension and they only gave 30 days that makes me responsibly for all cost and fees with it. I said no because the extension needed to be longer then they lied saying it was already done. I have no way to pay this bill because of this virus and need out of my contract with no cost and with no help from them for payment arrangements.

Ticket: # 3927455 - Re: Request received: Why networks not broadcasting COVID19 updates from the White House

Date: 4/13/2020 8:04:49 PM

City/State/Zip: Grand Island, New York 14072

Company Complaining About: Comcast

Description

This is a follow-up to your previous request (b) (6) "Why networks not broadcasti..."

Hello,

Just wanted to update you on this matter.

I was able to speak with WKBW (ABC affiliate) on the reason of not broadcasting or cutting short White House Task Force (WHTF) update on COVID-19. The News Director explained it as an "editorial decision". On my reasoning that such decision is called censorship, the answer was "watch it online". After over an hour long conversation and News Director adamantly defending their action, he informed me that ABC sends daily emails in which they inform their affiliates if they will carry WHTF update or not. The station then is looking for streams to broadcast the update. The other explanation was that it is too lengthy. And the briefing format is awkward. And it is in the prime time which cuts in the local news. In the time when the country is in distress, TV broadcasting is ought to bring the government updates to the citizens. Telling people to watch online – what about part of the population that doesn't have access to the internet? What about the elderly who are not versed with the technology? There was no answer about such discrimination. On a question of the FCC licensing obligation when the country is under the state of emergency, the answer was "ABC must know what they're doing and get away with it"

My call to the local NBC affiliate for the same subject, ended with "we will forward your comments to the editorial decision makers". The same reasoning – "editorial decision" was stated as well.

There was no change in behavior from both stations. One cannot defend the denial of broadcasting federal update on the urgent matter by "editorial decision". This is nothing but sabotaging our country, especially when we are under the state of emergency.

I am asking FCC to take immediate action and correct this behavior.

Thank you,

(b) (6) ur

Ticket: # 3927460 - Verizon and Other ISPs not Installing or Maintaining Service during Pandemic

Date: 4/13/2020 8:16:02 PM

City/State/Zip: Falls Church, Virginia 22043

Company Complaining About: Verizon

I am unable to have Internet service installed at the residence I am moving into during the month of May. I need Internet to do my job. I am a college student graduating at the end of the month of April. I have already accepted a job offer and thankfully will still be starting despite the pandemic. My spouse and I both require Internet to perform our job duties from home!!!! This is UNACCEPTABLE. PLEASE ENFORCE ISPs AND MAKE SERVICE INSTALLATION & MAINTENANCE MANDATORY

Ticket: # 3927466 - ISP's are not Installing During COVID

Date: 4/13/2020 8:22:58 PM

City/State/Zip: Detroit, Michigan 48214

Company Complaining About: Verizon Wireless

Description

I am moving for an essential job in the DC area. I contacted Verizon today to install internet in my rental and have been told no one is installing internet until November. They are not able to turn on the internet because there is an old cable in my rental. My first thought was is this a joke? This is 2020, internet is considered essential right? After more research I found it is considered a luxury in the eyes of the law. Now more than ever, people are depending on the internet to stay connected and complete their work. The fact that all ISP's are no longer installing internet and the government decides to turn a blind eye is simply disgracing. Please require ISP's to install internet. It's 2020.

Ticket: # 3927475 - Complaint against Fox New Channel for lying and being deceitful about the coronavirus.

Date: 4/13/2020 8:35:23 PM

City/State/Zip: Spring Hill, Florida 34608

Description

Fox News channel has lied about the coronavirus/ covid-19 and continues to lie. For example it has stated it was a hoax, that the democrates created it, that it is the chinesse virus, etc. Have lied on so many different topics on the virus. We have over 20,000 American who have died of this in a span of a month and they continue to give false/inaccurate information. They have a duty to give correct information. Hold them accountable and please remove the word "News" from their title. Also do not allow them to give news if they are not being responsible and are misinforming people intentionally.

Ticket: # 3927483 - Unauthorized account activity in corona virus crisis time

Date: 4/13/2020 8:45:27 PM

City/State/Zip: San Diego, California 92120

Company Complaining About: Cox

Description

Whom may concerned

I have Cox Cable service over the year. Today I noticed that \$95.00 was charged to my business checking account. I called the company and they told me that I changed my payment option to easy pay on April 06, 2020. Which I didn't. I was having kind of difficulty paying my bills before the Corona Virus hit the economy. I was always making the payment with debit cards with link to my other account. Then the Customer representative said I choose easy pay (automated payment) pay option last time I make arrangements for my payment which was one month ago (my best knowledge). I believed They are switching accounts of the customer right before Federal Disaster Financial Assistance is the deposit to consumer accounts. FYI

Ticket: # 3927494 - Fox news

Ongoing lies and misinformation.

Ticket: # 3927515 - Internet Services - Plan pricing**Date:** 4/13/2020 9:21:25 PM**City/State/Zip:** Long Beach, Arkansas 90803**Company Complaining About:** Spectrum

Description

I am a current Spectrum customer and have my internet services through this company. I work for United Airlines, and on 3/19/2020 I was informed by my employer of an indefinite salary reduction due to decreased work schedules in response to the current global pandemic. I then contacted Spectrum and spoke with Christina (supervisor) and asked her if I could be put on the promotional rate of \$49.99 offered to new customers, since my regular Spectrum rate at the time was \$69.99. I explained that I have a son currently attending CSULB who needs internet services in order to proceed with his semester now that it is completely online, as well to keep up with all the online work from my employer. I also asked if there would be any way that my account could be changed to their current student rate, since my son is a student. She told me that putting me on a promotional rate or changing my account to a student rate would not be possible and that my rate would remain at \$69.99. To help me out, she would give me an one time credit in the amount of \$10.00, which will not help me in my extended situation, but still, I accepted her offer, since that was the only thing she was willing to offer me. Since I still had to make the ends meet on my new financial situation, I came across a company called Billshark, which promised to help customers to get bills lowered, and I filled an online application to have them request a lower rate from Spectrum since I was unable to negotiate that rate on my own. On 4/3/2020 I received an email from Spectrum advising me of a new promotional rate of \$49.99 on my services, the same promotion that Christina refused to provide on 3/19/2020. Rather than working with me to change my rate, Spectrum only changed my account to the promotional rate after intervention from a third party, leaving me with an invoice in the amount of \$96.00 to Billshark. This additional expense during this time of financial crisis could have been prevented if Spectrum worked directly with me on 3/19/2020 when I spoke with Christina.

Today I received a call from Rodney Lawrence from Spectrum, in response to a previous complaint I made to the FCC, and I explained to him that a third party was able to negotiate my plan after I asked Spectrum for the same negotiation and that request was denied by Spectrum's representative Christina on 3/19/2020, Rodney said that I should have requested Spectrum (or Christina) to transfer me to the disconnections department in order to get the promotion. I explained to him that as a customer, I was not advised by Christina or any other representative to ask to be transferred to disconnections, or else I would have asked for that department, and again Rodney refused to give me a credit for Spectrum's unwillingness to work with me, stating that Spectrum has nothing to do with that. It's Spectrum's responsibility to work with customers, since they are the provider and they are not taking responsibility on their actions.

Description

I live in clovis California and I live with my mom and her boyfriend. My mom is almost 70. 1951. So pretty close. And her bf is a yr behind her. They are fox news addicts. I have to watch it with them. I am 37. During dinner every night they religiously watch hannity at 6 during dinner and a show or 2 around that time. Usually Laura. I had to literally take there keys away from them and tell them they could or should not being going out. Both r not in good shape. If they were to get covid-19 I am 99.9% sure they would not make it. I almost had to call the police when I took there keys. Please stop calling this like u have. In the last wk I believe there has been 150 more cases. We are over 200 now. I will not lose my mother .. i hope you stop this and let me have my family back. Because of hannity especially i can not talk to them about anything. It's all fake fake fake. I have never been so far from my mother and her bf now has put so much hate in this house. We dont have dinner together anymore. This is not what god would want. You say your religion is good. God does not hate like this. God loves. I hope you truly fix this. I have to deal with this every night. You are tearing this world apart . Mostly family's that dont agree with another. Let alone giving miss information. Please stop. Facts only for my mom! I love my mother and do not want to fight with her or lose her.

Thank you

Ticket: # 3927584 - Billing

Date: 4/13/2020 10:51:35 PM

City/State/Zip: San Diego, California 92123

Company Complaining About: Verizon Wireless

Description

I have spoken with Verizon during this time of need and have asked them to reduce my bill while I'm not utilizing my "Unlimited Data". The issue lies within the fact that my current plan is grandfathered which means that if I lower my plan to something cheaper, I will not be able to reenroll when the COVID era is over. I would simply change plans if I was in a current plan but I would very much like to keep the benefits of the plan I have now, once I'm able to use data and live a normal life again. This catch 22 creates a conflict of interest and a competitive advantage for Verizon and they are unwilling to accommodate me for a couple months. I haven't asked for free bills, what I have asked for is to be compensated in some form or fashion while we're all going through this. I have read of numerous other carriers who are reducing bills and giving credits whereas Verizon seems to not be addressing the issue. It's extremely disappointing and I will probably look elsewhere when this is all over. This is not a customer service issue, this is a Consumer Rights issue that I plan on taking up with them for as long as it takes.

Ticket: # 3927589 - Suddenlink Internet Speeds**Date:** 4/13/2020 10:55:58 PM**City/State/Zip:** Sophia, West Virginia 25921**Company Complaining About:** Sudden Link

Description

For the past few weeks, our internet has been *awful*. At first it was constantly cutting out, then we got a new (lower quality) router which hasn't been cutting out but has been managing no more than 10 Mbps, usually down in the 2-5 range. Not to mention that the reason we had the good router to begin with was because we were paying for a 1 Gbps plan that representatives recently said doesn't actually exist. So not only were we paying for something that doesn't exist, but we are also paying for speeds that are barely enough for low quality Youtube videos, and during a global pandemic, this is unacceptable.

Ticket: # 3927590 - Att made damage to my property

City/State/Zip: Marietta, Georgia 30067

Company Complaining About: AT&T

Description

Hello my name is (b) (6) I have issue with ATT they lay down internet line across my lawn today and after they left I discovered they mess up my grass and broke my sprinkle line now I have mess front of my home . I called them and they keep transfer me and they told me they don't do repairs on water sprinkle lines.

I already paid last year they did similar issue on my other sprinkle. I am getting upset how come they can get accountable for this.

So I am reaching to you see if you can help me or lead me to right direction. With all the covid issues I am trying not to go anywhere. I will appreciate it if you could help me

City/State/Zip: Los Angeles, California 90006

Company Complaining About: Spectrum

Description

I am very angry at my tv provider, i cancelled to on April 7th and wasn't even informed about the charges i was going to be receiving if i cancelled 2 days after my new billing cycle began! Apparently its a new rule they have which is why they should inform their customers when they call to cancel! We are trying to cut down on our bills in the middle of this pandemic crisis and they should be ashamed of stealing from people at times like this! I will not pay 30 days of service for only 2 days that i used of the cycle! Its a steal!!! Its inhumane!! Please help! I am in desperate need right now! Thanks for listening! I just wish to be only charged for 2 days of service. Not pay \$107 for a 2 day service. Please help!

Ticket: # 3927623 - Internet Disruption and Disconnection.

Date: 4/13/2020 11:48:51 PM

City/State/Zip: Nashville, Tennessee 37211

Company Complaining About: AT&T

Description

AT&T disconnected my internet on March 14 after I had called and Upgraded my plan this cost me a whole week of work because with the effects of COVID-19 I have to work from home and my 5 year old lost a whole week of virtual learning. They said they would restore my service on March 18, 2020 and one showed up neither did they. I ended up returning their equipment and got internet with a different service company so I don't continue to miss work. I want to make it clear that I have never missed a single payment for my services I have been a customer for over 8 years with At&T and have heard wireless, directv and internet. I find this strange and ill. I'm asking my one week missed work week be paid by AT&T now I'm behind on my mortgage because of this action. I paid \$70.00 connection fee for new service that I otherwise would not have paid.

Ticket: # 3927630 - False Information / Bias in Broadcast News (CNN)

Date: 4/13/2020 11:54:10 PM

City/State/Zip: Aliquippa, Pennsylvania 15001

Description

On April 13th, the federal government's coronavirus task force gave a nationwide briefing on the ongoing public health emergency, as well as its effects on the U.S. and global economies. The briefing included a review of the government's efforts at combatting the spread of COVID-19, as well as continued efforts to that effect. In addition, the task force discussed economic stimulus efforts relating to the lockdown affecting most of the nation. On CNN's broadcast feed, a number of false and misleading statements were made concerning items addressed by President Trump. While broadcast journalists have a broad latitude to work under FCC rules, intentional bias is prohibited. Furthermore, broadcast journalists are prohibited from airing false information - particularly, when that information pertains to the health and safety of the public. The statements published by CNN contain false information that jeopardizes the public health by making them question the federal government authorities in a time of great crisis. Additionally, the statements serve to impugn our leadership and parrot criticisms made by Chinese state media (which is under ongoing investigation by the FCC).

Date: 4/14/2020 1:54:49 AM

City/State/Zip: Fall River, Massachusetts 02720

Company Complaining About: Comcast

Description

I live in Fall River, Massachusetts. I have Comcast Cable television. I am unable to view Boston's NBC, ABC, or CBS affiliate stations. Any attempt to do so redirects to the local Rhode Island stations. Fall River lies geographically closer to Providence, RI and Comcast has blocked access to Boston Stations apparently because of "Markets" but Information from Rhode Island stations is useless to assisting us with Vital, State Specific news Especially during the current Pandemic. The residents of Fall River need to be able to hear OUR Governor and Emergency management personnel, Rhode Island cannot help us.

Ticket: # 3927693 - Optimum cable are thieves and scams

Date: 4/14/2020 2:07:12 AM

City/State/Zip: Totowa, New Jersey 07512

Company Complaining About: Optimum

Description

This cable company has been over charging me every month and they had shut off my cable last night April 12 th 2020. As of March 16th no cable company was allowed to shut off cable because of the coronavirus lockdown and they shut mine off and demanded 260.00 to have it back on. There is no way to get in contact with them and when we finally do, they hang up. I would like some type of refund since I'm not working. Thank you.

Ticket: # 3927694 - Coronavirus Scam by Frontier: Part 2**Date:** 4/14/2020 2:10:03 AM**City/State/Zip:** West Covina, California 91790**Company Complaining About:** Frontier Communications

Description

Today I was contacted by the Frontier representative who has been handling my first FCC claim, Michelle (b) (6). In response to Frontier's investigation of the issue, she said that Frontier has now adjusted the overcharge of \$240. Frontier admitted that the overcharge was a system error on my account; the PDF attached displays evidence of Frontier saying this in their response email. However, they are now asking me for \$110. I then proceeded to ask what the \$110 charge was for, and she told me it was a service charge for the month of April, from 4/1/2020 to 4/30/2020. Michelle then continued to tell me that Frontier's policy does not allow her to charge partially, and that their policy does not allow her to make adjustments.

I said, you can not enforce your policy in this situation, because it is a special circumstance where I did not choose to cancel my services, rather, I was forced by Frontier to cancel on 4/7/2020. When I had previously contacted them in efforts to fix the overcharge on my bill, they then forced me to cancel by leaving me no choice: either to pay the overcharge for the entire month of April, or cancel, during this current coronavirus pandemic.

Frontier made a billing mistake that forced me to cancel my account on 4/7/2020 (cancellation (b) (6)). Now they are finally admitting to that mistake, but still want me to pay for the entire month of April. If it was not for them making the mistake and not listening to me when I tried to tell them about it, I would still have my services with Frontier. They now want me to pay for the entire month of April when I should only be paying for the services I had from 4/1/2020 to 4/7/2020 when they were the ones who created this entire problem in the first place. If I pay them this charge, I will be paying for two separate providers, which is not fair. Today I received an email from Frontier saying that they have shipped me a box to return my equipment and to send it back as soon as possible. How am I supposed to be paying for a service that I do not even have equipment for. They want to charge me, but at the same time they shipped me a box to return my equipment.

Everytime I deal with Frontier regarding this problem, I feel like they have no idea what is happening currently in America. They are just working remotely from home and getting their salary at the end of the month. Most Americans have lost their jobs during the coronavirus pandemic and are waiting for government assistance. Like I had said in my previous claim, all I want is for Frontier to leave me alone. I have enough financial problems and stress. I just want the FCC to stop these communication companies from deliberately scamming people legally, especially during this current crisis. I have two full time college students who are now remote learning. Nowadays, the internet has become more essential than food and water.

Ticket: # 3927702 - Keep customers connected pledge

Date: 4/14/2020 2:48:15 AM

City/State/Zip: Surprise, Arizona 85379

Company Complaining About: Sprint

Description

Hello. I have Sprint cell phones and service and they signed the keep customers connected pledge and tonight they shut my phone and my two kids phones off for being 1 month behind. On their Facebook under visitor posts I am not the only one they have shut off for not being able to pay due to being out of work due to covid-19. Now I have no way to communicate with drs, my kids teachers, friends and family. I am out of work right now and don't have \$300 to pay for my cell phones. We should not be shut off since they signed the pledge but Sprint is shutting off anyone who doesn't have the ability to pay due to this pandemic. It's not fair at all. We need to be able to communicate while we are in a stay at home order and most of us can't work and awaiting unemployment and the stimulus money. I am in tears as this is our only means of communication since I don't have a home phone. We only use cell phones. Please help us.

Ticket: # 3927832 - Canceled lifeline phone

Date: 4/14/2020 9:33:12 AM

City/State/Zip: Parkers Lake, Kentucky 42647

Company Complaining About: Life Wireless

Description

I had lifeline phone service through Life wireless and despite the FCC ruling that said that they could not cancel lifeline service or require recertification during the CORONAVIRUS pandemic they canceled my service in March 2020. After being on hold unsuccessfully multiple times over a period of days I had the opportunity to go online and was no longer able to get into my Life Wireless account even to purchase minutes as the recording on my phone tells me when I try to make a call. I sent an email and after several more days they responded that they would have to speak to me. When I eventually got through they said that they sent paperwork for me to confirm my address that they never received back. I ask them to verify the address they sent it to and resend it since I never got it and they said they couldn't because my account could not be reactivated. Furthermore they said that they were not accepting new applications and that there was no way I could get service through them. In the rural Ky town of Stearns I am having difficulty finding another lifeline carrier to work with my phone and area. During this time of social distancing this has been a terrible burden to have my phone service disconnected as soon as it begins.

Ticket: # 3927894 - unfair practices

Date: 4/14/2020 10:07:00 AM

City/State/Zip: Helthrope, Maryland 21227

Company Complaining About: Comcast

Description

I am filing this complaint in regards to cable shut off without notice. (b) (6) currently owes a balance of \$575.91 with a past due amount of \$283.90. I have tried contacting customer service on the 4th of April 2020 at approximately 0927 hours eastern time to work with a customer service rep to try to resolve this issue in a fair way. I have sent a check out in the amount of \$283.90 via U.S.P.S Saturday 4/11/2020 to bring the past due amount current. My complaint is during this time of crises with the corona virus and jobs being shut down is to have some decency and warn us before just shutting off services or in other words down grading services so that they don't break the law. With this down grade we do not have access to normal news networks. I have talked to the rep and I have asked them to give her 1 more week since my check is in the mail to keep the normal service up and running and if my check does not get there then shut it off, but to have decency during this time and under these circumstances to give there customers some lead way. By doing what they have done and not able to work out an arrangement with me over the phone not only shows where they stand with there customers but also shows there greed and how they truly feel about there customers. During normal circumstances I can understand but what I do not understand as a business when over half the country is out of a job how they can not work with there customers in a more reasonable way. I would like them to restore my full service and if my check does not arrive within the week then take other measures and for them next time to warn us before they shut it off .

Ticket: # 3927933 - Re: Request received: Russia pushing fake news using public airways

Date: 4/14/2020 10:25:56 AM

City/State/Zip: Bozeman, Montana 59715

Description

This is a follow-up to your previous request (b) (6) "Russia pushing fake news us..."

Hi,

I am following up on emails i sent in 2018 (below), but also due to concerns that given Broadcast Licenses are not being held to their responsibility to enhance the public good and understanding. Worse, Broadcast Licenses are being used to promote public harms, falsehoods, misunderstanding and hate. For example: false information about corona virus has cost many lives and our economy.

I write with little hope that you care or will do anything, but to register that the public good and public understanding is supposed to be the purpose of broadcasting licenses on public airwaves.

(b) (6) Family Nurse Practitioner

just FYI, have not heard what action FCC has initiated to ensure those granted licenses on public airways are in compliance with licensing regulations and their duty to provide a public good and serve the public interest.

I am concerned that at least some public airways are now used to promote and disperse information and opinions which cannot be supported by data or factual evidence, &/or a political agenda counter to the public good.

I realize the FCC may now be governed by those who have been part of the co-opting of our democracy through their ties to Verizon, Koch industries, the Mercers and the "right's" desire to amass power through divide and conquer politics, however, I hope for the sake of your children's' future or whatever is best in you, that you might consider how we might go the way of Rwanda or the third reich if hate based lies are allowed to continue on PUBLIC airways.

The public is generally misled because MOST still believe the Fairness Doctrine is in force and so if that is all they hear on their rural station it must be true!

Naive yes, but predicated on past regulations that gave them the precedent to trust their radios!

Ticket: # 3928250 - Charter Spectrum Customer Service and Payment Processing Problems/Disconnection of ALL Services - Covid-19

Date: 4/14/2020 12:18:22 PM

City/State/Zip: Morganfield, Kentucky 42437

Company Complaining About: Charter

Description

The consumer stated that she has TV, Internet, and Phone services through Charter Spectrum. She is a handicapped and disabled senior citizen.

The consumer stated that she and a lot of people, in her area, have a problem with a payment location, for Charter Spectrum. This location is in Henderson, KY ... on Klutey Drive. She stated that the people in this store are extremely rude and unhelpful. She stated that they will not take debit cards, they will not take a money order, they do not take checks, etc. They demand cash for every payment. She stated that there are no Kiosk machines in this location so she refuses to pay them in cash because there is no record/receipt provided, by this staff.

She stated that when she in the store, she provided them with a money order. They told her that they only take cash. She left her money order on the counter and advised the customer service rep that she considered her account paid and began to walk out. The customer service rep then immediately changed her mind, she then accepted that payment!

She stated that there was an elderly man that came in and wanted to pay with his debit card, they refused his card. His only transportation was the city bus and the bus had already left. He had to wait over an hour for another bus.

She stated that these people are very mean and extremely rude at this location.

She stated that last month, it took two money orders for them to record her payment. She mailed the money order on the third, when she received her social security. Charter called her on the 17th of March and stated that they had not received her payment. She went to the bank. The bank reissued the money order but charged her \$25.00 to stop payment on the money order. She mailed this payment on the 17th of March. On the 18th, they tried to process the first money order. The bank refused this money order because it had been reported as lost or stolen. She stated that Charter does not have their act together at all. She stated that they then disconnected her service and they should have had notes that showed they took too long or lost the first money order. They then processed the second money order on March 28, 2020. They called her to let her know about a \$25.00 charge for the cancellation of the first money order. She stated that she told them that this was their fault and it is a money order that was submitted by a reputable bank and it is not her fault that they did not timely process the first one. They then waived the \$25.00 fee.

She stated that she mailed a money order on April 3, 2020 and sent it certified mail that would be delivered on April 6, 2020. It required Charter's signature. She did not receive the return signature card back. Her service was disconnected on April 9, 2020. She stated that even though they gave

the FCC Chairman a pledge to keep phone and internet services running, due to Covid-19, she had NO services, at all.

She called Charter on the 10th of April. She stated that the woman rep on the phone was very mad and unkind and asked why in the world she would send her payment to them with a signature required. She advised her that this is the only way that she can prove that it was mailed to them!

She stated that she can get her bill one day and then receive the late notice the next day. She receives her Social Security at the beginning of the month and she mails her payment on the 3rd of every month. She is not certain how to work with Charter or their staff because traveling 23 miles to the store location, mentioned above, has not helped at all. Mailing the payment does not result in the payment being posted on the day it is received...even though it is a money order.

She does not have a debit card so this is the mechanism that she has to pay her bills. - Money orders or Cash!

The consumer also stated that at 2:00 am, her TV service went out again! She called them once again. She stated that they rebooted the box. They called her back at 6:30 am and asked if she still needed a tech to respond. She advised them that the service was back up.

She stated that she does not mind going to the Henderson, KY office but that they need to make big changes there for all of the consumers in her area because these people do not care and they are very nasty!

Ticket: # 3928280 - Rate Increase

Date: 4/14/2020 12:31:10 PM

City/State/Zip: Seal Beach, California 90740

Company Complaining About: Spectrum

Description

I just received my Spectrum bill and noticed a \$10 increase. I contacted Spectrum and was informed they increased their internet service in February to cover their costs. We are in the middle of COVID-19 pandemic and this increase could not have come at a worse time! I am currently unemployed (as most people) and need the internet to file for unemployment and apply for jobs. I do not understand how Spectrum justifies a rate increase when their service remains the same! Service hasn't improved! Unfortunately, consumers are left with NO CHOICE then to pay for increases if they need internet service and they take full advantage of this!

Company Complaining About: AT&T

Description

This month we have been without telephone or internet for 2 full days. Not having cell phone coverage, we are seniors helpless as to no alternatives. The rest of the days our internet service is as slow as "dial up" DOS used to be. Eat breakfast while loading.

They have excuses, however they also are in the business and have to meet minimum standards and reliability as well.

During this phony Pandemic, business has been hit very hard and adjusting with the help of taxpayers, to make it.

AT&T does not adjusting, just sends their bills and makes no adjustments for the failure to perform.

This is nothing new to me and AT&T has become a bloated public company with tentacles in other "competing" fields.

Why they continue to exist in this state is curious. Is there monitoring and oversight?

Ticket: # 3928441 - Early termination fees for poor service

Date: 4/14/2020 1:28:33 PM

City/State/Zip: Fayetteville, Georgia 30214

Company Complaining About: AT&T

Description

DirectTV is charging me early cancellation fees because I want better service, a competing company, Comcast, has gigabit internet service while DirectTV has just 18 mbps down, I wanted better service and this was the maximum they had available, and now they are charging me to go to another company. Adrian, the supervisor, has stated that there is more that she could do, but there At&T has a strict policy of not letting people out a contract. I only wanted to get rid of the internet service, not the entire service. Lastly, we are in the middle of a pandemic and AT&T is continuing predatory practices that will only exacerbate this crisis and further disenfranchise consumers struggling during time of crisis by locking those consumers into predatory contracts and denying their consumers better service, because they would make more money from the early termination of their contracts.

Ticket: # 3928457 - Emergency Communications Negligence During a Global Pandemic

Date: 4/14/2020 1:34:22 PM

City/State/Zip: Santa Cruz, California 95062

Company Complaining About: AT&T

AT&T has not yet repaired a severed fiber-optic cable after twelve days of postponing my need during a global pandemic. This is causing me stress and anxiety, panic attacks from fears of losing employment, inability to connect with loved ones and Zoom groups, and lack of being able to support a traumatized friend who lost a boyfriend this last Friday from COVID-19 related suicide.

Ticket: # 3928466 - AT&T Wireless service --AT&T says they are "unable" to cancel my service b/c of COVID

Date: 4/14/2020 1:36:05 PM

City/State/Zip: Birmingham, Alabama 35212

Company Complaining About: AT&T

Description

I called AT&T to cancel my prepaid phone service and shut down the phone number. After 2 hour hold, a supervisor said that at this time, b/c of COVID, they "don't have the tools to suspend or cancel service." The supervisor (Claudia--ID#CS050G) gave me an alternate route so that I'm not paying the \$ every month, but that is not the same as canceling service which should be my prerogative. I went to my online account for this phone and there is nowhere on the website to cancel the service (confirmed by Claudia). This seems to be a case where a company is holding a consumer hostage, and that should never be the case. No matter how many "supervisors" I spoke with, no one seemed to have the authority to cancel my service as requested. NOT COOL! Please note this complaint is against the Prepaid division of AT&T. It is not for my home phone or my regular cell phone.

Ticket: # 3928498 - Billing account transfer interference

Date: 4/14/2020 1:44:19 PM

City/State/Zip: Kansas City, Missouri 64131

Company Complaining About: AT&T

Description

I have spoken to AT&T numerous times over the last week in an attempt to have my account billing responsibility transferred to allow for porting to another provider. First I was advised that we had to do this online through 2 different sites (ATT.com/tobr and ATT.com/supersede & /Accept) both failed. On my fifth call I was advised that an indicator would not allow my transfer with out a change order. I waited over an hour to speak with someone to get this indicator removed. We then were referred back to the website which allowed us to complete only half of the transaction. We received an error stating they were unable to complete the request and to again call 800 331 0500. Then we were advised a trouble report would be filed only to get the same response. They were unable to complete the request, please call. After numerous calls they then advised it because the office handling these transferred was closed due to CoVid 19 response. I feel that we should still be able to change carriers even it takes longer, especially when we are trying to be proactive to manage our funds. I do not understand how it allows for competition to close these departments and not allow consumers to chose their carrier.

Ticket: # 3928640 - Local television channels

Date: 4/14/2020 2:21:01 PM

City/State/Zip: Cassopolis, Michigan 49031

Company Complaining About: Midwest Connections

Description

I live in southwest Michigan, am a Michigan resident, and I am forced to use South Bend, Indiana for my local channels. It has always been problematic and annoying, but now it creates legal and health issues. It is very difficult to get the latest information concerning COVID19 closures, lock downs, and other pertinent information through watching television. My local stations, that the FCC FORCES me to watch, are from Indiana. The vast majority of their reporting is about and for Indiana residents, leaving us Michigan residents in the dark. Obviously, we can get information through other sources, but this shows how archaic, out of date, and unnecessary your rules are on who gets what for their local channels. I am a Michigan resident, I want Michigan stations for my local channels. And please don't feed me any lines about weather alerts, etc. Your lack of concern for timely COVID19 news proves that you already know that local channel driven information is not vital in the least. Please relax your old fashioned rules pertaining to local channels and let people choose who they want through satellite, cable, fiber to home local channel selections. Thank you.

Ticket: # 3928653 - No Internet Service at Home during Covid-19.

Date: 4/14/2020 2:24:18 PM

Description

My mother died about 9 months ago. She gave me her cell phone. It paid for, no contract or anything owed. I have tried getting network unlock code. Att denies because it hasn't Ben active. I'm on a low income and can't afford to buy one. I have two kids and need this phone due to covid crisis. I have a life line Sim but no phone to put it in.

Ticket: # 3928735 - Directv won't give me local news channels / Pandemic info

Date: 4/14/2020 2:42:11 PM

City/State/Zip: Onsted, Michigan 49265

Company Complaining About: Directv

Description

Direct TV refuses to give me local Detroit , Michigan news channels . I live in Michigan and they give me Ohio news. Per FCC agent , they are authorized through significantly viewed stations list. They still refuse. I was instructed to file a complaint if they refused. I need Michigan information during this pandemic .

Ticket: # 3928786 - AT&T/Directv

Date: 4/14/2020 2:59:44 PM

City/State/Zip: Gilbert, Arizona 85298

Company Complaining About: Directv

Description

I had a service call to fix receivers that weren't working. The service ticket was incorrect and the tech had to call in to get it corrected before he could connect the replacement receivers. I now discover that AT&T/Directv have put me into a 2 year contract without my knowledge or acceptance. I'm also paying for MLS subscription with no actual programming since the season has been indefinitely suspended due to covid-19. I want the MLS charges refunded/stopped and I want the contract voided because I was never told about it and certainly never agreed to it.

Ticket: # 3928815 - Complaint against Fox News

Date: 4/14/2020 3:07:54 PM

City/State/Zip: Pasadena, California 91106

Company Complaining About: Charter

Description

The coronavirus plague is killing thousands of Americans daily. Scientists, doctors, and official health organizations told us from early January that this pandemic was serious and that the best way to prevent deaths was to test and isolate, the sooner the better to prevent spread.

Fox News hosts like Sean Hannity, Laura Ingraham, and Rush Limbaugh, dismissed the seriousness of COVID-19 and told their audiences that news coverage of the virus was hysterical and aimed at hurting Trump politically. This misinformation lead millions of Americans to avoid isolating, allowing the virus to spread, and leading directly to the horrifying death rates we are currently seeing countrywide.

We cannot allow networks that call themselves news providers to spread deadly false information that threatens the health and safety of the entire nation. Regulations must be created to punish people and networks who mislead the nation.

Ticket: # 3928833 - frequent internet outage, frequent lag spikes, wildly inconsistent bandwidth

Date: 4/14/2020 3:18:07 PM

City/State/Zip: San Diego, California 92103

Company Complaining About: Cox

Description

i called to inquire if there was internet outage in my area of San Diego (Bankers Hill), as my wife and i are required to work from home during COVID-19 outbreak... frequently i get MUCH less than advertised speed of 150mbps (some days it crawls at 5mbps (if that) and maybe a good day is almost 40mbps) and the ping is awfully inconsistent (9ms to spikes of 600ms). I spoke with neighbors and read other forums in my area and consistent issue is node for our neighborhood is inadequate, too congested to support us (4000 residents per sq.mile). FIX IT!! What are we paying \$150-200/mo for???? CSR said she will note my account but that all i can do is keep track of account outage and follow up with them. That's my job????? It shouldn't take a pandemic to force them to equip/set an infrastructure adequately that supports their claim of "gigablast speeds!!!!". I realize others may live in an area where they may not suffer the same congestion, but it's ridiculous to EVERY OTHER DAY have outages with no update from provider about provisions being put in place, or discounts/suspension of fees due to known inadequacies. Terrible communication from a company that is in the broadband communication business. Note: Prior pandemic, I experienced wildly inconsistent bandwidth while direct hardline, and no other devices or services running. I've had COX before, and lived in an area where service was remarkable which is why I stayed a customer this long, but this neighborhood I've moved into is poorly supported and it's hurts productivity for those of us who are students and work from home.

Ticket: # 3928885 - Cox Communication lies

Date: 4/14/2020 3:31:09 PM

City/State/Zip: Benson, Arizona 85602

Company Complaining About: Cox

Description

2 issues. First, we were paying for an internet speed that we were told we were getting, but we were not.

Second, we were told due to the COVID-19 outbreak and the stay at home order in AZ that we had 90 days to return the equipment when we changed service. Then, less than 2 weeks later, we get a bill for the equipment and then a phone call (after we broke the stay at home order to take it to a UPS store since they wouldn't cover shipping from home) threatening to turn the service back on if we didn't replace it.

Ticket: # 3928976 - Bundle

Date: 4/14/2020 4:01:26 PM

City/State/Zip: Fairfield, California 94533

Company Complaining About: Comcast

Description

She states that she called Comcast and ask them to change her service by downgrading her services due to the pandemic. She states that they called her back and told her that if she downgrades her bill will be the same, there will be no deduction in the bill. She states that she made a payment of \$100.00. She states that is all she could afford while we are in this pandemic and that the bill was \$223.00 for the past due. She also states that there was some conversations between her and Comcast . She got a call stating that she needed to pay \$123.00. On the 11th she was totally disconnected from all three services.

Ticket: # 3928977 - Wave G Taking Advantage of COVID-19

Date: 4/14/2020 4:01:46 PM

City/State/Zip: Seattle, Washington 98101

Company Complaining About: Wave Broadband

Description

Recently, Wave G informed me that they are increasing my internet bill by \$20/month. This was explained as the "ending of a promotion", but there was no indication when originally signing up with them that this was a promotion nor has this been listed on any of the bills received over the past year. On top of this, the way I was informed was via a small footer on a digital only version of the bill, which was hidden away and not easily accessible.

Ticket: # 3928982 - Comcast / Xfinity

Date: 4/14/2020 4:02:49 PM

City/State/Zip: Norcross, Georgia 30092

Company Complaining About: Comcast

Description

Hi, Comcast refuses to fix my internet connection. This problem is outside my home, not inside my home. In my opinion they're taking full advantage of Covid-19 by not fixing it aggregate bandwidth is reduced and ther hours saved on repairs would have to be incredible . I've called the 8 times. They won't fix it.

Ticket: # 3929002 - FCC agreement providing internet during pandemic

Date: 4/14/2020 4:08:14 PM

City/State/Zip: College Station, Texas 77840

Company Complaining About: Sudden Link

Description

Suddenlink has determined that while they have signed the agreement with the FCC to continue providing internet service during the pandemic, it only pertains to those infected with the coronavirus and not those affected and having to work from home. Service was disconnected and not going to be restored until payment made on the account.

Ticket: # 3929006 - Vulgar Language Used during Broadcast

Date: 4/14/2020 4:08:58 PM

City/State/Zip: Monroeville, New Jersey 08343

Description

Myself and My family are following the Covid-19 Pandemic Rules set forth by our local government, I have on Mike Missinelli Show on 97.5 the Fanatic in Philadelphia. My daughter was subject to a guest he had on the air, a supposed comedian who managed to use to F words and the male genitalia word twice. Their producer who is responsible for making sure such language doesn't make the air, Tyrone Johnson, lets the multiple profanity's on air!! I am outraged and demand the FCC look into this.

Ticket: # 3929040 - Metro PCS kept my money

Date: 4/14/2020 4:18:01 PM

City/State/Zip: Decatur, Georgia 30034

Company Complaining About: Metropcs

Description

I added a line through Metro PCS. not knowing that the very next day my hours will be cut in half I call Metro disconnected the line and was not giving any of my money back I call Metro PCS customer service again explain to them the situation and they told me that I would receive a full refund on Tuesday April 14th 2020 I did not receive the the refund that I was promised by Metro PCS customer service of \$66 this all happened during covid-19 and there is a stay-at-home order I was told by the company customer service that I would receive a full refund on a recorded line and when I call back they told me I had to go into the store in order to get a refund I feel like I've been baited and switched and if companies simply taking my money at this point I didn't even have the extra line 24 hours

Ticket: # 3929058 - Television Stations refusing to broadcast a president's COVID updates informing the Public

Date: 4/14/2020 4:20:37 PM

City/State/Zip: Jetersville, Virginia 23083

Company Complaining About: Tv Antenna

Description

I am a concerned citizen and was totally surprised how local TV stations WTVR Richmond, VA and WRIC Richmond, VA have chosen not to broadcast President Trump's COVID updates. I don't care what any one's political preference is however the Television stations have misinformed the public. There are many people who don't have high speed internet and rely on antenna TV / local channels who cannot afford Internet or are elderly. All citizens should be entitled to hear the President of the US and make those decisions for themselves. This is a very serious illness and has the potential for economic effects. No TV station should decide for the citizens and make that decision not to air. On top of that FOX 35 Richmond was the only station that would air it. However nationwide as soon as President Trump called out the media for their out and out lies with video proof on TV, Fox and any station that broadcasting nationally, cut the broadcast off. I was lucky enough to have my phone, but what about elderly or others who may that option? Who are the TV stations to decide for the people who they should hear updates from. This man is the President of the United States. This is disgraceful.

Ticket: # 3929067 - Fox News

Date: 4/14/2020 4:22:32 PM

City/State/Zip: Albuquerque, New Mexico 87109

Description

The misinformation about the Covid-19 virus put out by Fox News has endangered thousands of American lives and has cost some their lives by down playing the severity of the virus.

Ticket: # 3929093 - Cannot Pay bill or get anyone to assist

Date: 4/14/2020 4:29:16 PM

City/State/Zip: Bells, Tennessee 38006

Company Complaining About: AT&T

Description

This issue has been occurring for more than 2 years and now is exacerbated by COVID-19. We have multiple login's and UserID's for our ATT, AttCellular, and DirecTV accounts. When one is updated, the other two stop working. We have been customers for more than 20 years, and now are completely unable to pay our bill as the phone lines will not take automated payment calls and we are unable to login to any of our three accounts for home phone, cellular phone or satellite television services. This type of inattention to our issues is unacceptable as we have called multiple times and have spent countless hours on hold for no successful or permanent resolution.

Ticket: # 3929203 - Cox Communication High Speed Internet issues**Date:** 4/14/2020 5:11:26 PM**City/State/Zip:** Peoria, Arizona 85383**Company Complaining About:** Cox

Description

We have been experiencing Cox internet issues for at least 6 months but the last 2-3 months have gotten worse. The last month has been especially bad with covid-19 stay at home orders. At this point my wife is unable to do her online video teaching through the VIPKids app. This is hurting us financially as you only get paid if you teach. It is also hurting her reputation and her prospects for future teaching (since she is known as having an unusable video connection). I work for a major bank and have extreme issues with losing the network during important meetings or just doing my database work in general. We also are trying to do online learning for our school due to covid-19 shutdowns and now we are having major issues with getting assignments turned in on time and can't do any video conferencing with teachers or fellow students.

There is frustration in not being able to watch Netflix TV online for the family but the biggest concern is working from home and online schooling. We pay almost \$110 a month for the top tier and this service has been bad for months and we are not receiving the service that we pay for. We understand our neighborhood has a major capacity issue with the node and I am opening this complaint because we in our family are in desperation mode and hope this will move Cox to fix the node quickly.

Ticket: # 3929261 - Cox Internet is s cam

Date: 4/14/2020 5:37:34 PM

City/State/Zip: Mesa, Arizona 85202

Company Complaining About: Cox

Description

Cox has been having issues that makes the internet useless during this pandemic and the issues were even around before it. They overcharge and overpromise and we the people must pay a high price for these services. Here in AZ there is no other competition for internet as the "competitor" has barely any resources or support from the AZ Gov. We are tired of this and need to have better services provided to us.

Ticket: # 3929381 - ATT Extortion

Date: 4/14/2020 6:38:55 PM

City/State/Zip: Delray Beach, Florida 33484

Company Complaining About: AT&T

Description

I have a go phone from AT&T which still has \$250 worth of minutes which I normally can roll them over each year as I have done for years past. I called today to roll over my existing minutes and was told because of the Coronavirus the representative could not roll them over but wanted me to pay \$25 to have them rolled over. He was not able to explain to me why I had to pay.

Ticket: # 3929423 - T-mobile

Date: 4/14/2020 7:10:29 PM

City/State/Zip: Marietta, Georgia 30067

Company Complaining About: T Mobile

Description

T-mobile has placed (b) (6) into a collections agency by the name of Amsher Collections Services for a kickbox in the amount of 132.57\$ The kickbox was returned on 10/14/2019 by (b) (6) to the UPS Store #1690 at 849 Hospital Drive, Douglasville, GA 30314-2412 at 12:58pm. The kickbox was received and signed by an individual on T-mobile dock on 10/16/2019, according to UPS. The initials are hard for me to read, however, I have enclosed proof by a document that I received from the UPS. The account number for the debt placed in Amsher Collection Services for this dispute is: (b) (6)

T-mobile was provided the Tracking #: 1(b) (6) CARRIER AND SERVICE: UPS GROUND WEIGHT: 2.20000LB. I provided T-mobile the tracking number over a month ago which they claim that they are unable to locate the kickbox. The tracking # was provided by me during a telephone call. (b) (6) does not owe \$132.57. If the box was misplaced on their dock, it is not his responsibility, it is the sole responsibility of T-mobile. (b) (6) is in danger of being placed into the credit bureau for no apparent reasons. I (b) (6) who is the authorized person on his tmobile account has spoken to Amsher Collection Service today and I was informed that they can not tell what the charges are for due to the pandemic of the COVID 19 and them working from home and not having access to the tmobile account itself. I find this very hard to believe. If the collection agency is pursuing the account then they should know what the charges are for. The address during the time of service was: (b) (6). Since then we have relocated.

Ticket: # 3929509 - Misleading information

Date: 4/14/2020 8:41:09 PM

City/State/Zip: Chicago, Illinois 60659

Company Complaining About: Xfinity

Description

I spoke to costumer service representative about disconnecting my service due to covid 19 I can no longer afford since no one in my house has a job right now and I collect social security. They waived my fees and my balance was told to be \$0.00 . Now they sent me a bill bigger than what I was paying \$644. They refuse to honor their word.

Ticket: # 3929530 - routine maintenace during business hours during covid at home

Date: 4/14/2020 9:02:44 PM

City/State/Zip: Irvine, California 92612

Company Complaining About: Cox

Description

COX set up a "routine scheduled maintence" In my neighborhood today while working at home quarantined. They took down the internet all day and it is still down at night after they all left. They will not answer the phone when i call they just play a recording saying to call back another time. There is no way to get any resolution they took my company completely offline with no warning.

Ticket: # 3929546 - Internet Disconnection 4-14-20

Date: 4/14/2020 9:19:27 PM

City/State/Zip: Wichita, Kansas 67212

Company Complaining About: Cox

Description

My family woke up this morning to know Internet. Cox communication had disconnected us for non payment. My son is on line schooling. My Legally Blind and Deaf sister that I'm a caregiver to Streams books on line to read to her. We have been told in the past we qualify for exemptions due to my Sisters disability. Cox Communication turned us off at midnight. 4-14-20 during Covid Virus. I live on my sisters income as her Caregiver. The month of April Kansas took out insurance money of \$400 for BACK PAYMENT ? I will be handling that on another complaint. But during the Pandemic no internet for my son or sister. I had to make a PAY AGREEMENT for April 28? Can this be true?

Ticket: # 3929552 - 98% STATIC!

Date: 4/14/2020 9:22:28 PM

City/State/Zip: Ocean View, Hawaii 96737-6810

Description

FOR 12-DAYS THE RADIO HAS BEEN 98% STATIC! I DO NOT HAVE ANY SMART DEVICES & MY DESKTOP COMPUTER HAS NO SPEAKERS! HOW CAN I HEAR THE NEWS REGARDING COVID-19 IN MY AREA IF THE RADIO STATION ISN'T WORKING PROPERLY?!

Ticket: # 3929562 - Re: Failure to broadcast National Network News at 5:30 pm

Date: 4/14/2020 9:37:09 PM

City/State/Zip: Las Vegas, Nevada 89149

Company Complaining About: Cox

Description

All of the local networks, ABC, NBC, CBS, are allowing a lengthy broadcast by the NV State Governor Sisolak to start at 5:10 pm on the local news broadcasts and run over and displace the national nightly news at 5:30 pm, on all three networks. Because the three networks are allowing Sisolak to spill over the national news at 5:30 pm, and they continue with this pattern of behavior day after day, I am making a complaint to the FCC against the three networks for violation of the must-carry rules of the Communications Act. As a cable subscriber, I am entitled to be able to view the national network news.

It is important to note that part of the deal that local broadcast stations make with the Federal Communications Commission is they must prove they are performing some public service in order to continue operating. This includes showing a minimum amount of children's educational programming, as well as agreeing to disseminate information to benefit the public such as that provided by the news. When broadcasters fail to uphold their end of the bargain, the FCC can subject them to fines or revoke their licenses.

It is important for members of the public to be able to see the national news, especially in this time of a national emergency and the threat to national security from the pandemic.

Ticket: # 3929569 - Billing

Date: 4/14/2020 9:45:18 PM

City/State/Zip: Eureka, California 95501

Company Complaining About: Sudden Link

Description

As COVID-19 shelter in place began, I realized my Internet use was spiking due to both my partner and myself working from home and teleconferencing several hours/day. Online, I increased my internet package with Suddenlink as recommended. Advertisement at the time reflected an approximate \$30 increase. My bill today is \$152 whereas last month was \$88. When attempting to explore the discrepancy with a Suddenlink agent I was unable to actually get any response even though I was connected to a agent via their Chat option online

Ticket: # 3929599 - Spectrum Cable and TV service charges after cancellation

Date: 4/14/2020 10:07:15 PM

City/State/Zip: Valencia, California 91354

Company Complaining About: Charter

Description

Charter has raised prices unreasonably, I had to cancel, cannot afford charges. Now Spectrum expects payment for equipment and service after the account had been closed/equipment returned and the no service rendered. Instead of contacting me to resolve my account sent it to Sunrise Collection. This was March 2020 I attempted to call them, could not get through Due to Covid 19, they refuse to adjust the account/help reverse ding to my credit. They care nothing about their customers.

Ticket: # 3929600 - Comcast could not complete my service plan change BUT they refused to put us back on our old plan

Date: 4/14/2020 10:08:40 PM

City/State/Zip: Columbia, Maryland 21045

Company Complaining About: Comcast

Description

I requested the Comcast Triple-play service because I was trying to lower my monthly bills, and because 3 different Comcast agents suggested this plan as a good option. However, I knew Comcast was having trouble porting my home phone number, which I insisted on keeping as part of the change.

I received a statement in the mail today indicating that all of my services, including internet and cable were about to be dropped. I called Comcast and told them "never mind" about switching to the triple play, and that I cannot be without internet since we are in COVID-19 isolation and my husband and I are rely on the internet to work, and our children rely on it to take college/high school classes.

Here's the big problem. Even though Comcast could not complete my triple play request, the agent said returning to my old plan was not an option. Instead, she offered me a similarly priced package that has fewer TV channels, and does not contain HBO and sports channels that I previously had.

I'm angry out of principal. Comcast was unable to process the request that their agents recommended to me....but when they are unable to hold up their end of the deal to port the phone number, they force me switch to a new plan and I end up getting less for the same price. How can this be okay? Comcast bullied me into taking a different plan because our family cannot afford to lose internet during the COVID-19 pandemic. Our incomes depends on us being able to work from home. I would like for Comcast to revert us back to my old plan at the price I was paying. Alternatively I would be very satisfied if Comcast was able to switch us to the triple play plan, but ONLY IF they can port our home number. Thank you for your time!

Ticket: # 3929612 - Xfinity

Date: 4/14/2020 10:29:40 PM

City/State/Zip: Bolton, Massachusetts 01740

Company Complaining About: Comcast

Description

Can you please investigate why xfinity charges every cable tv customer a mandatory \$8.95 per month regional sports fee? Is this legal? I never watch sports and find it illegal enough that I am required to pay this fee!! And now with the corona virus there are no sports so how do they get away with it!!!?????

Ticket: # 3929648 - NBC news providing biased coronavirus information

Date: 4/14/2020 11:17:22 PM

City/State/Zip: Woodland Hills, California 91365

Company Complaining About: Nbc

Description

NBC news is ignoring President Trump's coronavirus task force experts on its nightly news. Experts such as Dr Birx, Dr Giroir, Dr Fauci are being ignored on nightly NBC news shows. For instance Dr Giroir presented a plan today to re-open the country, but that was ignored. Additionally Treasury Secretary Mnuchin has been ignored when discussing the Payroll Protection Program. This is misinformation, lying by omission.

Ticket: # 3929667 - Payment Issues with Verizon during COVID-19**Date:** 4/15/2020 12:07:51 AM**City/State/Zip:** Jamaica, New York 11432**Company Complaining About:** Verizon Wireless

Description

I am a long time customer of Verizon. I am contacting you to complain about the completely callous and insensitive position I was put in today. This morning, I had found out that my Verizon line had been cut without being informed. When I called customer service to know why this had happened, the representative I had spoken with informed me that the line had been cut due to a build up for the past two months bill, March and April. As you very well know, these past two months have been very difficult for many people due to the current pandemic that we are undergoing. My wife and I are unable to work right now due to this outbreak. When I spoke with the representative about my dilemma, she informed me that I had no other option. I either had to pay my bill or have no connection. Even though I kept saying that we didn't have the money, she consistently asked how much could we pay. We were forced to pay \$100 with my wife's credit card. Even after we paid, we still had no connection. I called a second time to complain about why I didn't have any connection and the second representative that I spoke with forced me to create a payment plan, even though I had repeatedly stated that my wife and I have no job at this time and will not be able to pay. However, I had to create a payment plan regardless of this. I understand that I have to pay my bill and I have every intention of doing so, however I am complaining about the disgusting position I was put in. I am infuriated to see Verizon doing absolutely nothing for people who have no money or options due to this current situation, such as myself, and are instead trying to force me to pay money that I don't have. With a crisis like this it is important for people to be able to help each other and rely on one another. However, Verizon is being greedy and inconsiderate of our situations. This has been especially difficult for me because I have a son in the healthcare field currently working at a hospital and I was unable to keep in touch with him today while he is at the hospital. The complete lack of humanity that Verizon has shown me today is atrocious and inhumane and something needs to be done about this. I have no money to pay my rent or other bills, but I am being forced to pay \$100 just to be able to talk to my son working with COVID-19 patients.

I attempted to contact Verizon at first, however, their call center is currently over flown due to the current situation and they have no other viable form of communication.

Ticket: # 3929704 - Dropped calls

Date: 4/15/2020 2:06:39 AM

City/State/Zip: Memphis, Tennessee 38106

Company Complaining About: Sprint

Description

I'm having dropped calls. Called Sprint was transferred to Tech department without knowing phone was refreshed. Transferred to supervisor (was really nice, apologized because it was really noisy because she was home) She explained a tower had an issue and Sprint was having some sort of financial issue with a 3rd party to repair it and suggested I use wifi-calling which I pay 60.00 a month through another provider so why would I want to use my wifi for Sprint because they can't repair thy own property. I pay \$154.55 a month. I'm home due to Covid-19 and need to use my phone without it hanging up. It is not another providers problem to fix Sprint's problem at my cost. I don't understand how the FCC allows this behavior to continue. I pay for a service and I expect to be able to use it. I do know every service has issues but that is not my problem. If a tower is broken that is Sprint's problem. I have spent thousands since 2013. I just want to be able to use my phone. I shouldn't have to file a complaint with the FCC Sprint should be able to handle complaints themselves however you never hear back from anyone. The same problem all the time the tower is down. As a customer "What am I suppose to do?" The supervisor I spoke to was Cathy at 3:07pm central time, the next rep was Matt and he was offshore so I doubt that's his real name that's a whole other problem. Something has to be done. What do I do start a petition? Go to my Congressman? I'll be awaiting a respond. Thank you.

Ticket: # 3929719 - Service interruption

Date: 4/15/2020 3:20:45 AM

City/State/Zip: Allentown, Pennsylvania 18102

Company Complaining About: Sprint

Description

Sprint is shutting off phones during this covid 19 pandemic

Ticket: # 3929778 - Billing

Date: 4/15/2020 8:14:33 AM

City/State/Zip: Houston, Texas 77007

Company Complaining About: Comcast

Description

I was told by combat my service would not be interrupted for 60 days due to the pandemic.....im trying to save my company and its 9 employees from losing their homes. Well with no notification my service was disrupted, my bill was increased significantly and now I cannot make the payment via automated or through the call center. They are requesting go into a location risking my health to do so. Appalling.

Ticket: # 3929871 - Equipment

Date: 4/15/2020 9:52:32 AM

City/State/Zip: Bronx, New York 10454

Company Complaining About: T Mobile

Description

Consumer is having problems with T-mobile. Consumer states that she used to be part of the T-mobile network but since she was constantly with no service she was force to change of provider, consumer states that she got a promotion where she got two Iphones and one galaxy device for free. Both of the Iphones were paid off within a month but the galaxy was a free phone. Yesterday that she try to make the pre-paid payment they were unable to add air time to the device because T-mobile has blocked the phone. Consumer wants her device to be unlock IMMEDIATELY. Consumer states that she will not pay anymore fees. Consumer wants to know why they block her phone during this pandemic going on. (Spanish assistant needed)

cox disconned my elderly mother internet services doing a pandemic as she is sheltering in place, with prior payments arrangement already set up.

during this pandemic, her cable bill have almost doubled.

Ticket: # 3929974 - Need faster speed

Date: 4/15/2020 10:50:48 AM

City/State/Zip: Lithia Springs, Georgia 30122

Company Complaining About: AT&T

Description

Currently ATT is the ONLY internet provider in my subdivision. With them being the only provider myself as well as other have made a request the ATT provide a faster service. The only speed available is Internet Basic 1.5 with up to 1.5 Mbps download. With the current pandemic situation many are forced to work from home including myself. This speed is not fast enough to allow me to work from home effectively without endangering my job because of performance. I have called ATT on many occasions requesting faster speeds and every time I call I have been told they are working on installing faster speed.

Ticket: # 3929977 - Complaint against my cell phone carrier

Date: 4/15/2020 10:51:38 AM

City/State/Zip: Birmingham, Alabama 35234

Company Complaining About: MetroPCS

Description

My phone company is metro pcs. My complaint against this company is, doing this crisis(coronavirus pandemic) only after a day not even 24hrs of my due date--my services were disconnected. I have always paid my bill on time; and i was looking for an extention. I only wanted ask them about an advertisement that supposedly would lower your bill because of their merging with another company. Instead of being gracious doing this time--they decided to turn their customers services off, WOW. Making it difficult to call my doctors office ,PS..I was going pay the bill. I thought it was some what expected of companies to be descent at this time. Please advise me on this. Thank you

Company Complaining About: Directv

Description

DUE TO COVID-19 DIRECTV & AT & T ALERTED CUSTOMER'S THAT THEY EXTENDED SERVICES AND WOULD NOT CANCEL SERVICES DUE TO CUSTOMERS BEING LAID OFF , EVERYONE WAS TO BE GIVEN 60 DAYS TO PAY THEIR BILLS, MY SERVICES WERE CUT OFF DUE TO NON PAYMENT. ANY HELP IN THIS MATTER WOULD BE APPRECIATED,

Ticket: # 3930189 - No internet

Date: 4/15/2020 11:57:22 AM

City/State/Zip: Pendergrass, Georgia 30567

Company Complaining About: Comcast

Description

I moved to a new development home and there is no service for internet. Comcast service in my area and I called Comcast but told me they will not provide service. I rented a house one block away from my new home and it was Comcast. I don't understand why i can not get service. My kid goes to school and need internet. Please help me since we have to stay home because of this pandemic how will my kid go to school?

Ticket: # 3930212 - Sprint Keep America Connected - Covid 19

Date: 4/15/2020 12:01:39 PM

City/State/Zip: Bronx, New York 10469

Company Complaining About: Sprint

Description

Sprint Issue; They gave him to the 23rd of this month to pay his bill or they would shut it off. He is a senior citizen; without his phone he would simply die. They say that his bill is behind and he said that he does not have the means to pay them due to the Covid-19. His bill was not paid in full as of March 13. He has no income; he does not get SS and he was working prior to this part-time. Resolution the caller is seeking is for Sprint not to turn his phone off. ***CTR386-phone***

Ticket: # 3930216 - ongoing internet outages - known node issue N28

Date: 4/15/2020 12:03:02 PM

City/State/Zip: Elkton, Maryland 21921

Company Complaining About: Comcast

Description

I have had intermittent internet outages and drastically reduced internet speeds for 10 days. Comcast support refuses to acknowledge the issue and has wasted my valuable time in resetting modem and blaming my equipment. Two different field service technicians have come to my house (Kyle) 4/8 and (Bryan) 4/14. Both technicians told me there were node issues in my area and one even showed me his phone with the top ten problem nodes; my node, N28, was at the top of the list. IF the technician knew about this issue on 4/8, why is Comcast refusing to address the issue? On 4/14, technician Bryan told me that his area supervisor, Chris, was notified as well. Bryan told me that Comcast "comes out to fix the node, they think they have it fixed, they leave and the node goes down again and they aren't aware until customers complain".

The local comcast service team is aware of the issue but Comcast support agents still refuse to document and address the issue properly, take valuable time wasted by resetting modems. Bryan gave me his card and asked me to update him later the same day. I have texted him screen shots yesterday and today showing xFinity speed tests indicating my internet is completely down. But still no follow up from any Comcast employee. Both technicians confirmed that this issues is not related to the current pandemic.

Comcast should research the issue, communicate the problem to it's customers and let us know a timeline for resolution.

This is unacceptable service from Comcast.

Ticket: # 3930245 - Requesting refund of \$43.08 plus \$8 OC fee from ATT for removing funds from wrong account

Date: 4/15/2020 12:13:44 PM

City/State/Zip: Flagstaff, Arizona 86005

Company Complaining About: AT&T

Description

1. Due to the coronavirus, I switched payment method for my ATT prepaid phone service, well in advance of the April 14, 2020 scheduled withdrawal, removing the original payment method.
2. I received a "Success" Pop up verifying the new payment method. To my dismay, payment was taken from the original account. I notified ATT , but the billing manager did not resolve the problem. He stated I had to cancel my account and re-enroll for the new payment method to work. I went online again and did so.
3. But how do I know this error will not happen again? An ATT rep needs to email me to verify my checking account number has been removed and this mistake will not happen again.
4. I am requesting a refund of \$43.08, the \$8 overcharge fee from the bank and an old-fashioned apology.

Thank you,

(b) (6) widow

P.S. ATT, please secure/update your computer system. I don't want my checking account number stolen by the Russians if they hack you. Kindly make sure my checking account number has been completely removed from your system.

Ticket: # 3930319 - Internet and cable

Date: 4/15/2020 12:43:37 PM

City/State/Zip: Willis, Texas 77318

Company Complaining About: Sudden Link

Description

My family and I have been having issues with our internet and cable for months now at our second home in Willis, Texas. Now I understand that everyone is busy ever since Covid-19 started but we have been having issues with our cable and internet being out long before Covid-19 even started here in the United States. Suddenlink always tells us they have sent someone to go fix it and either they say they have gone to fix it or just don't show up. I feel like they are lying to us at this point and it is completely unacceptable along with it wasting our time going up there just to see if they fixed it. We are very unhappy customers and we aren't able to change our provider up there because suddenlink is the only provider there!!

Ticket: # 3930358 - Unsolicited robocall at 2:30 in the morning

Date: 4/15/2020 12:56:41 PM

City/State/Zip: Lore City, Ohio 43755

Company Complaining About: San Antonio Texas

Description

During this corona virus pandemic I received a robocall about student loans at 2:30 in the morning!!!!
A phone call at 2:30 in the morning during a pandemic I woke up immediately fearing someone had died!!!! Robocalls should be illegal and this particular one WILL HAVE CONSEQUENCES! I am filing suit against the company who used this number for some stupid student loan SPAM!!!!

Ticket: # 3930427 - Unwanted calls

Date: 4/15/2020 1:24:22 PM

City/State/Zip: Arlington, Massachusetts 02474

Company Complaining About: None

Description

I received a call from 401.636.5491. The caller did not introduce their company rather they immediately announced that they were reaching out to me to confirm the results of my covid19 test. I asked for a callback number and name of the caller and was informed that I could not call the party back and they would not provide their name unless I provided my name and date of birth to confirm my identity. It's worth noting that the caller did not address me by name at the start of the call, I did not take (nor has anyone in my household taken) a covid 19 test and my return call to the call number resulted in an automated message indicating voicemail had not been set up for the caller. Please investigate as I think this is a phishing scam.

[Ticket: # 3930436 - Cox Communications/Pandemic](#)

Date: 4/15/2020 1:25:45 PM

City/State/Zip: Manchester, Connecticut 06042

Company Complaining About: Cox

Description

Cox communications shut off my internet on April 15th, 2020. The account was past due 30 days. They are a signatory of the pledge to keep America connected during the pandemic. I reached out to them a week in advance to let them know, and I was still shut off. I had to pay past balance for reconnection during pandemic.

Ticket: # 3930526 - Xfinity

Date: 4/15/2020 1:51:11 PM

City/State/Zip: Chicago, Illinois 60620

Company Complaining About: Comcast

Description

Xfinity/Comcast has interrupted tv service for all past due customers due to this pandemic to protect themselves. Why? Whose gonna protect the customers? They are not making any exceptions to work with the customers. Even after they send letters stating differently.

Ticket: # 3930530 - Verizon Wireless Availability Complaint**Date:** 4/15/2020 1:52:54 PM**Company Complaining About:** Verizon Wireless

Description

Verizon has disconnected my cell service (on Easter Sunday) during this Coronavirus crisis. I previously had payment arrangements which failed for a number of reasons, including my not being able to work for several months due to a medical emergency. (Admittedly, I fell behind prior to the start of the virus. Verizon's argument is because my account is more than 150 days past due. I have had my account for several years.) Once I was ready to work, I started to work on collecting payments due to me as well as attempting to obtain temporary financing; unfortunately, the Coronavirus crisis kicked in and I am struggling to get by until the current stay-at-home order is lifted (May 20th).

I am still under medical care with my cardiologist and neurologist, and have attempted to work something out with Verizon to no avail. So in addition to having no cell service to stay connected with friends, I am unable to call my doctors or pharmacy. Would you point me in the right direction for assistance with this issue please?

Thank you in advance.

Regards,

N. (b) (6)

[REDACTED]

Ticket: # 3930551 - Verizon Availability Complaint

Date: 4/15/2020 1:59:59 PM

Company Complaining About: Verizon

Description

On March 13, 2020, Verizon agreed to participate in the 'Keep Americans Connected Pledge' due to the Covid-19 pandemic crisis.

On March 17, 2020 - my Verizon FIOS internet service was disconnected and I was unable to make arrangements.

Since it was disconnected, I have been continually asked in March and April, to return my equipment even though NYC has been under a strict stay at home order and I am unable to leave my home. I, like a majority of Americans, am suffering an economic hardship. Not having internet service during this time, has been detrimental to my day to day life under quarantine with a 3 year toddler. I am unable to access basic information such as staying informed with news about this pandemic, unable to provide entertainment options for my son, unable to stay connected with family/friends through videochat, and incapable of doing research or applying for any work from home opportunities. I am requesting, in good faith, for Verizon to restore my service for the timeframe by which Verizon agreed to under the national pledge. As a participant in the Lifeline program, it is unjustifiable that Verizon would agree to such a pledge but not honor for customers who are facing even more dire circumstances in comparison to others. The Bronx is one of the areas most severely affected by the pandemic in NYC.

I understand that a previous balance of \$173 was due on my account and I am willing to make arrangements.

My Verizon account number ends in:

(b) (6)

I can be reached at (b) (6) to further discuss.

Thank you, I hope to hear back from someone soon.

Sincerely,

(b) (6)

Ticket: # 3930567 - optimum/altice bill

Date: 4/15/2020 2:04:17 PM

City/State/Zip: Hopewell Jct, New York 12533

Company Complaining About: Optimum

Description

I had a problem with my TV/Box...so I called optimum. No one told me that it would be an \$80 charge to come out. I only found this out when I received my bill. I have spent hours trying to contact them. I also waited for the call back system...nothing.

There is no way to get a hold of them. Their customer service is horrible, and with COVID 19, I can't afford to pay an additional \$80 on my bill. I am trying to keep my service on because my kids are schooling from home and require the internet use. I also want to state that during this pandemic cable is doing nothing to be helpful.

During this strange time everyone is home, maybe they could provide some free services to assist the people struggling.

Ticket: # 3930633 - Spoof call

Date: 4/15/2020 2:23:31 PM

City/State/Zip: Peoria, Illinois 61615

Description

Caller ID said Ameren Service 309-693-4755 Robison call. The robo said due to the Covid19 your credit cards are delaying payment - I hung up. I notified Ameren that there phone number was being used with a spoof.

Ticket: # 3930637 - Constant Packet Loss, Latency, and Poor Download Speeds.

Date: 4/15/2020 2:24:59 PM

City/State/Zip: Surprise, Arizona 85387

Company Complaining About: Cox

Description

I've had issues with constant packet loss, poor download speeds, and random ping spikes for a year now using COX as my ISP. I had a maintenance guy come out to take a look at what could possibly be causing this. I finally have information that a node is being heavily congested, and they tell me it's going to be split soon. I've had this issue for a year now, and still nothing is fixed. Now connectivity is even worse since everyone is at home working because of COVID 19. I've read the forums on COX's website, and multiple people are having the same issue before the COVID 19 quarantine. COVID 19 has now exacerbated a pr-existing problem that should have been fixed a long time ago. And now apparently my promotional rate has ended, so they're asking for more money when I'm not even getting what I pay for.

Ticket: # 3930699 - Spectrum Monopoly

Date: 4/15/2020 2:46:11 PM

City/State/Zip: North Hollywood, California 91606

Company Complaining About: Spectrum

Description

Hello,

Spectrum has recently raised rates in our area which I have no other choice to accept as they are the only service provider in our area. If there were other options I would pick that but given Covid I work from home and must have internet, but there are zero options.

Ticket: # 3930701 - Cox Communications Availability Complaint

Date: 4/15/2020 2:46:58 PM

Company Complaining About: Cox

Description

Hello, today I had to call Cox Communications at approximately 3.00pm due to a surcharge on my internet account (b) (6). I contacted them because my account had a surcharge due to being unemployed after my workplace closed due to Covid-19. They told me I should start making payment arrangement or pay the total figure or my account would be disconnected.

According to a document issued by the FCC on 03/13/2020, where it lists the telephone and communications companies, including Cox. It is read that the users of these services would not be disconnected due to the coronavirus pandemic.

How can I make payment arrangements if I have no money or a known date of when I am returning to work. I understand that Cox is within its rights to charge for the service it offers and it is my duty to pay it, but these are exceptional times. There is also the possibility for that company to access financial aid packages to help them. I have been out of work for almost a month and unemployment hasn't payed me yet, even though I applied 3 weeks ago.

I would like the report this since I am not be the only person in Las Vegas exposed to this arbitrariness in times of pandemic, for most of us the casinos is our source employment and all of them closed 3/17/2020. WE ARE NOT ON VACATION. There are thousandths of people without jobs, no unemployment, barely enough money to keep food on the table. The last thing we need is for companies to pressure us.

I would like for the FCC to make sure the companies on the agreement are keeping their promise. Thank you.

Ticket: # 3930760 - Boost Mobile Availability Complaint

Date: 4/15/2020 3:03:59 PM

Company Complaining About: Boost Mobile

Description

Ticket: # 3930789 - Internet Outage

Date: 4/15/2020 3:13:25 PM

City/State/Zip: Denver, Colorado 80204

Company Complaining About: Centurylink

Description

I have spent countless hours trying to fix my internet connection. I spoke with customer service, and they sent me a new modem, which didn't do anything. I set up a tech visit and the problem was solved in five mins. Apparently it was a back-end issue that had nothing to do with this household's actions. I want to be compensated for poor customer service and loss of internet for approx. a week during a pandemic when I am forced to work from home, which I could not do. I contacted customer service and accepted a \$25.00 refund; however, I do not trust their agents, therefore I am filing this complaint to ensure the refund is processed correctly and as soon as possible.

Ticket: # 3930792 - No action from Spectrum

Date: 4/15/2020 3:14:53 PM

City/State/Zip: Odessa, Florida 33556

Company Complaining About: Spectrum

Description

Even before the Corona Virus situation, I experienced slower than expected speeds from Spectrum. I am currently paying for 100Mbps down and 10Mbps up. I generally receive less than 25 Mbps down. Spectrum's response was that it was on our end, but I have heard from several neighbors that they experience the same issue.

Ticket: # 3930907 - Service

Date: 4/15/2020 3:45:48 PM

City/State/Zip: Miami, Florida 33165

Company Complaining About: Vonage

Description

Consumer states that during this pandemic Vonage has interrupt her landline service due to non-payment, when the FCC pledge prohibit providers to do that on top of that this is a medical facility that should not have to go through this. Dr.Nieto should not have to be calling to restore the service of the facility for \$25.00. Consumer does not want this to happen again.

Ticket: # 3930951 - Cable channel availability in-state vs out-state

Date: 4/15/2020 4:02:48 PM

City/State/Zip: Onsted, Michigan 49265

Company Complaining About: Comcast

Description

My wife and I are Michigan residents and customers of Xfinity/Comcast. We only receive Ohio newscasts out of Toledo, OH with our current subscription. Now, more than ever, with the Coronavirus Pandemic, we need a news source that is pertinent to the state that we live in, Michigan and unacceptable that we don't have a Michigan news source. It's beneficial and appreciated that we have the OH news given our proximity to Ohio. Reality, we should have both, not 3 news station from Ohio and zero from Michigan, rather, 1 or two from both Ohio and Michigan.

Ticket: # 3930968 - Comcast Problems

Date: 4/15/2020 4:08:17 PM

City/State/Zip: Brownstown, Michigan 48183

Company Complaining About: Comcast

Description

Having issues once again with Comcast. I've filed complaints against them before. They are currently saying more money is owed to keep my services at what we pay for. A payment arrangement had already been made and we paid for April already. Now they took away my high speeds and cable package. I genuinely believe they are doing this to scam people during the covid crisis by throttling their speeds because they just can't handle the server pressure. But whatever, I guess that's my opinion. Regardless, I need this issue fixed. Thanks.

Ticket: # 3930997 - Spectrum Keep Americans Connected

Date: 4/15/2020 4:15:50 PM

City/State/Zip: Raleigh, North Carolina 27609

Company Complaining About: Spectrum

Description

The consumer states that she is having issues with her cable provider Spectrum.

The consumer states that she has called all her other utilities and they have been working with her on her payments,

She states that Spectrum has increased her bill from \$139 to \$246 now this month.

She states that she has called and spoken to them about the issue and they say they won't allow a waive or extension and its because she had a promotion with Time Warner.

The consumer states that with COVID-19 going on they should understand that there is no income coming in to pay these bills and especially if they keep increasing them.

The consumer states that she had to pay the \$246 that she should be using for other necessities.

She states that its awful that everyone but Spectrum is being understanding.

City/State/Zip: Auberry, California 93602

Company Complaining About: AT&T

Description

For months now, making and receiving phone calls is very frustrating. I have complained to AT&T for 10 years. The service has gradually worsened. Im paying for a service I cant use, no connection, dropped calls, ect. With the Covid19 everything is done from home. Cant even keep reception to check bank account, Doctor calls, very stressfull and upsetting

Ticket: # 3931014 - OPTIMUM CARELESSNESS

Date: 4/15/2020 4:20:34 PM

City/State/Zip: Brooklyn, New York 11212

Company Complaining About: Optimum

Description

For 6 weeks straight every day, I have been trying to call/contact Optimum, to downgrade my plan to just internet..

I even went by the optimum location on 1095 E. 45th St, in Brooklyn. A worker came out and said they were closed.

Since, I lost my job due to Covid19, I have been out of work.

I've been trying to contact Optimum through all methods, ie phone calls, chat, went to the Optimum store, with absolutely no success.

I have a bundle plan with Optimum, (TV, phone and internet).

Since I've been out of work, I've been trying to contact them to downgrade my plan to only internet.

First, Optimum raised my bill to \$150.00, than \$173.00, now it's \$198.00 almost \$200.00 a month.

They know they can get away with this, because they are the only service provider in the area.

I've been trying to call them to let them know I cannot afford to pay this high bill.

I am disabled and on disability, and struggling just to put food on the table for my family.

I only need the internet to stay in touch with my family.

I lost my mother on 9/24/2019, and lost my brother on 3/19/2020.

I do not need the TV and phone.

Please, please, if you can find it in the goodness of your heart, please help me, please..

Thank you and God Bless You,

Ticket: # 3931060 - Invalid Charges on XFINITY Bill, Company Refuses to Rectify

Date: 4/15/2020 4:31:19 PM

City/State/Zip: Wheaton, Illinois 60187

Company Complaining About: Comcast

Description

When I logged in to pay my bill on April 8, I saw that XFINITY began charging me for unreturned equipment that I did not know I needed to return (it was a defunct router, and I returned it immediately once I saw). I called XFINITY to rectify the situation and they said they would back out the charges, and while I waited a couple days for this to happen before paying, my bill deadline passed, and they applied a \$10 late fee that they said it was "not possible" to remove. This is in bad faith; the reason the payment was late was because I was waiting for them to revise the bill amount to remove charges, and I refuse to believe a cable company is incapable of reversing a late fee.

In addition, my phone service had not been working properly, and on March 15 I called XFINITY support about it. We refused a technician service due to COVID-19, and the representative said that they understood, and that XFINITY would temporarily stop charging for phone service until the issue was resolved. However, XFINITY has continued to charge me for home phone and now refuses to pause the charges, despite the fact that we do not have a working phone.

The situation could be rectified if XFINITY removes the \$10 late fee, applies a \$24.67 credit for one month of phone charges, and puts a temporary stop on the \$24.67 monthly phone charges until it is safe for a technician to visit and remedy the phone service.

Ticket: # 3931087 - Regional sports fee

Date: 4/15/2020 4:37:42 PM

City/State/Zip: Tacoma, Washington 98446

Company Complaining About: Comcast

Description

Consumer's bill includes a regional sports fee of \$6.95.

During the COVID-19 time frame there are no sports on TV.

Consumer called to have the fee removed, but they refused.

Consumer has basic TV and internet service.

Consumer would like the charge to be removed.

Company Complaining About: Comcast

Description

This is a pandemic we are currently unemployed due to this and Comcast is shutting down our Cable TV. Are you kidding? They are a billion dollar company and they should be offering delayed payments or offer a couple of months of free service! If we had the money we would pay obviously but we can barely put food on the table! Kick people when their down is their motto! Even mortgage companies utility companies are trying to help but not Comcast! They should be ashamed of themselves! Please do something People should not have to lose anything because of what's going on. There is enough stress now!,,

Ticket: # 3931222 - inadequate customer service and failure to render services

Date: 4/15/2020 5:39:37 PM

City/State/Zip: Austin, Texas 78727

Company Complaining About: AT&T

Description

Since the stores are closed due to covid 19 I attempted to request a sim thorough website. The website is cluttered and filled with user create content not maintained by ATT but no easy way to get a sim without purchasing a new phone. Chat is broke. Attempting to chat results in no one is available messages. I contacted BBB to get external pressure to get a sim and ATT repr Kendrick Cowan reached out. He initially mailed a ESIM card to my address on file which I acknowledged and let him know that it would not work with my temporary phone. By time, he got a around to forcing me to call in with no phone I had got my phone back from apple. Now the esim he sent me was unusable. I kept choosing to acgtivate my number but it wouldn't work no 911 or 611 access. No cell access whatever. Att has completely and c ontinuously dropped the ball using the covid 19 pandemic to their favor. I had expressed that I taken a new job and was living in a area, Austin Tx, with some of the strictest rules and I had no friends or family within 300 miles yet ATT left me hanging with no phone or way to reach emergency yet continuing to charge me \$100+ for phone service. It was only after the reps repeated failure to help me activate my phone with my number that he fell back on I need to find access to a phone because of security. ATT always uses security as a way to run credit for devices against customers wishes or way to dismiss the customer. below I havae listed my grandmothers number which is also a number on my account because I have NO ACCESS to a phone due to ATT negligence.

Ticket: # 3931277 - Discrepancy in billing - mistaken international call

Date: 4/15/2020 6:10:25 PM

City/State/Zip: Williston Park, New York 11596

Company Complaining About: AT&T

Description

My 83 year old mother is part of our AT&T Wireless plan. She made a mistake and called her brothers in Italy using her cell phone. She was worried for their health due to COVID. We were charged over \$280.00 for these calls in March. Again this was a mistake. I spoke to an AT&T Customer Service rep - Jessie (located in the Philippines) on 4/15. She could not/would not relieve these intl charges because the system would not allow her to do. This is NOT a pattern for my elderly mom. She has not made international calls - you can look at the history of her calls. This was a human error due to her being frightened and concerned for her brothers in Italy. I was on hold with AT&T for over 45 minutes. I asked to speak to a supervisor, only to be transferred to "intl billing" where I was placed on hold for another 45 minutes until I finally hung up without this issue being resolved. Please help!

Ticket: # 3931316 - Internet shut down without notice - 17617 Hudson Dr. Victorville, CA 92395

Date: 4/15/2020 6:29:56 PM

City/State/Zip: Victorville, California 92395

Company Complaining About: Spectrum

Description

To Whom this May Concern

I am writing to report abusive service by my internet provider; Spectrum:

Account (b) (6)

Service Address: (b) (6)

A little business history before I go on with the issue. I have two service accounts with Spectrum one is residential address indicated above, the second service is a business account at my business location in Apple Valley, California. Two months ago I have changed providers at my business location since Spectrum service kept getting interrupted and was inefficient.

I have been a Spectrum customer for at least 2 years for this resident address and have never missed a payment except in February 2020. However as soon as I realized that I missed a payment once I received the March statement on March 31, 2020. I mailed a check in for the balance due (including feb and Mar) on April 1. Forward a week later, I got a call ask form Spectrum asking for payment, I gave them all the payment information as to check number, amount, and mail out date. Not to mention, all of this happened during the height of Corona Pandemic. Two days later, noticed my internet service has been turned off by spectrum. I called Spectrum back to see what do I need to do to get my service back up, as My children are in need of internet service in order to continue on-line class due to Corona-pandemic shut down and self isolation in place. Anyhow, the service representative said they would turned back on in five-minutes. I asked how long will it stay on? She replied that they won't turn it off for any reason going forward due to corona-pandemic. I took her word for it and everything seem to work until three day later. Now it's April 15, the internet was turned off again. Of course each time I have to call spectrum again and each time I call it's different representative in a different department and I have to repeat my situation over and over before they can try to help me and they are not very competent each time. I finally asked and got a supervisor on-the-line, they claimed I have an overdue balance (apparently the check we mail out have yet to clear from bank). So, I gave them my credit card to charge to get the service back on. They said it will be up in 30 mins. Two hours later there is still no internet service, I called again. Going thru the same explanation all over, the representative said the order is in place will be up in 10 mins. Five hours later, still no service.

I don't know if this has anything to do with retaliation from switching different providers at my business location or not. Regardless, this kind of service is unacceptable, I did not receive a written shut-off notice or any adequate notice before they turn off my service without my knowledge. This is clearly abuse of service knowing that it is an essential to have internet service during this Corona-pandemic time.

I hope this can spark an investigation and prevent big business corporation from abusing consumers.

Ticket: # 3931321 - Verizon Wireless disconnection fees

Date: 4/15/2020 6:31:29 PM

City/State/Zip: Valley Stream, New York 11581

Description

Verizon charged me over 30 times for reconnect fees

They will not refund the charges and if I do not pay the disconnect my lines again. I have a disabled son and my mother is 92years old.

We all have corona virus and they will not help refund the fees

They charged me \$1000 in fees

And I need help with a refund.

Ticket: # 3931358 - FCC rule

Date: 4/15/2020 6:44:57 PM

City/State/Zip: San Manuel, Arizona 85631

Company Complaining About: AT&T

Description

During this Covid-19 we have no internet or news of what it going on. The Phoenix stations don't have anything on for our area. We are over 120 miles from Phoenix and only 35 from Tucson. What sense does this make. NONE. Let us at least chose which metropolitan news and television programing we use.

Ticket: # 3931359 - Billing issues

Date: 4/15/2020 6:45:03 PM

City/State/Zip: San Mateo, California 94401

Company Complaining About: Comcast

Description

I was contacted by Comcast Business about whether I was open for business during COVID19. I informed them that I was not. They stated to call 1-800-391-3000 for a special credit on my account for this time. I contacted them in early April. But I still kept receiving past due notices. I contacted Comcast business about the issue and I got Leonard on the phone who when I explained the situation he stated I was past due on my account. I asked for a supervisor and he put me back into the call queue. The next agent was Damian who stated the same thing and stated I missed a payment in February then he stated I received a credit for March and April. I asked to speak to a supervisor he stated I didn't need one and refused to give me a supervisor. I called the corporate office in Philadelphia and a Tom got on the phone from escalations but then my phone died. I called back and got a rude woman security guard person, who argued with me that there was so such department as escalations department. I called again to find that office closed because eastern time. I called the West Comcast Escalations team and Rudy answered and he stated he was going to send me back to the same Comcast business agents who were rude and refused to give me a supervisor and didn't resolve the issue. He refused to send me to the business escalations team because there was no ticket number. I asked him if I need to make a complaint to the FCC to speak to the escalations team to the issues wiht the account and the agents resolved and he said yes.

Ticket: # 3931377 - Local Stations Carrying Daily Presidential Briefings (DPB)

Date: 4/15/2020 6:55:48 PM

City/State/Zip: Sanford, Florida 32771

Company Complaining About: Spectrum

Description

Please check into the cessation of the local carriage of DPB during this COVID-19 outbreak. In our Orlando Market, several, if not all, Television stations are not consistently carrying the DPB's real time which is vital information and part of the FCC mandate of Public Service Information as part of their licensing renewal requirements. One station WESH TV cut away with broadcast of MSNBC panel who debated that the DPB was propaganda. THIS SHOULD CEASE IMMEDIATELY!

Rec'd a voice msg. on my cell phone from Devon @ 410-680-3370, stating he can now enroll me in the a hardship program & asked that I call back @ 949-681-9785 & Ref. Case ■ (b) (6) ■ so he can place me in another new program. I have never inquired about such a program. This is a scam.

Ticket: # 3931520 - Re: Request received: Local News during COVID19 pandemic

Date: 4/15/2020 9:32:00 PM

City/State/Zip: Allen, Kentucky 41601

Company Complaining About: Directv

Description

This is a follow-up to your previous request (b) (6) "Local News during COVID19 p..."

I have attached a copy of the DMA that I could find and circled the area I live in. My issue is, if I travel 15 nautical miles or 21 driving miles I would be able to get Kentucky news. This has been an issue for me with the current pandemic and I am going to explain my reasoning.

1. I have a 20 month old daughter and elderly parents, I did not have Facebook during the initial phase of the pandemic as I gave up all my social media for lent. Therefore, I was not up to date on the guidelines the Kentucky governor was announcing at 5pm each day because my news stations are coming from West Virginia and they only air their governor speeches. My parents also have satellite television and hence they do not receive Kentucky news either.
2. I am not sure why we have to be penalized for leaving near the state border by not receiving our state news stations
- 3 if I changed my service address to a friends house 18 miles away I would be able to get Kentucky news and not have to relocate my residence. How screwed up is that and how is that even possible, but it is.
4. I should not have to file a complaint with the FCC or change my service address (without moving my residence) to get my state news
5. I am not sure who Nielsen Company is and why I have to sacrifice my news because of the viewing area and the population
6. I should have the option as to which state I want to have my news broadcasted from in these circumstances

Please let me know if you have any questions and I look forward to hearing from you.

Live today like there is no tomorrow!

Ticket: # 3931566 - Spectrum TV

Date: 4/15/2020 10:12:27 PM

City/State/Zip: San Diego, California 92111

Company Complaining About: Spectrum

Description

I needed to lower my cable costs due to being unemployed by the Covid Crisis and asked to change my Spectrum to go to internet only. The cable company cut my services on the day I requested to change but billed me for the entire month without giving me service and without telling me that is how they operate. This is against the law and totally unacceptable.

Ticket: # 3931609 - HughesNet Refusal to Discontinue service**Date:** 4/15/2020 11:03:55 PM**City/State/Zip:** Ocala, Florida 34480**Company Complaining About:** Hughes Net

Description

I have been trying to discontinue my service with HughesNet which they have told me via e-mail that I have to speak to someone in their Account Management Department in order to do. Once I dial the number they provided 866-347-3292 and select the account management option menu, then select disconnect my service, an automated message says that they are short on representatives and cannot take my call at this time. I sent an e-mail before they would have billed me last from their website which there is of course no record of and to which they did not respond. I also spent several hours (2 each occasion) on hold during the week of April 1, 2020. They have a chat service and I waited for over 2 hours on hold without reaching anyone. I called again this evening and got the same automated disconnect I received earlier this month. My next move is to hire an attorney since it is obvious to me that they have no intention of allowing customers to disconnect their service while they can blame technical difficulties on the COVID-19 situation.

Date: 4/16/2020 3:17:13 AM

City/State/Zip: Madera, California 93638

Company Complaining About: Comcast

Description

I had to make changes to my cable due to covid19 and then realized I made a mistake and went to call back and no answer only automated service they give options to have an agent call back and it said an agent will get in contact within the next few minutes all day went by so I tried again the next day same thing so I had to call from my business phone that's not associated with the service and go through the steps to crest new service to get hold of someone long story short they will not help you unless you are calling to start service I think it's wrong especially with what the world is dealing with right now

Ticket: # 3931713 - Coronavirus Cable Disconnection Xfinity

Date: 4/16/2020 6:18:53 AM

City/State/Zip: Guilford, Vermont 05301-8501

Company Complaining About: Comcast

Description

We received various letters indicating new customer deals, waivers of fees and penaltys for our Xfinity/Comcast cable. We received a disconnection notice during the Coronavirus pandemic and they disconnected cable with a letter that suggested we'd have a reduced cable package until the demanded amount for \$450 arrived. In fact the cable was simply disconnected and I had to called them to inquire about junk mail indicating some kind of deal that I didnt qualify for and to mention the pandemic may cause financial strain and requested a search for further deals or discounts etc.

Ticket: # 3931747 - Internet Speed Throttled During Pandemic**Date:** 4/16/2020 8:44:39 AM**City/State/Zip:** Culloden, West Virginia 25510**Company Complaining About:** AT&T

Description

I live in a rural area and the only way to get internet is through an AT&T hotspot that is attached to my mobile phone bill. This plan is older and was grandfathered into the "unlimited" plan. My download speeds typically range from 8Mbps to 35 Mbps. Over the last week my download speed have been 1.4Mbps exactly every time. I have tested it more than 20 times. When I call AT&T, I am told that its just network congestion. I can see that being the case if it wasn't exactly the same speed every time no matter what time of day or night it is.

Ticket: # 3931790 - Fox News hosts endangering health and welfare--encouraging violation of laws.

Date: 4/16/2020 9:35:25 AM

City/State/Zip: Eugene, Oregon 97404

Description

Revoke Fox's broadcasting license for endangering health and welfare as well as encouraging people to violate laws and ordinances.

From an article by Sanjana Varghese.

As social distancing and lockdown measures are extended in many countries, people are starting to get frustrated. In some instances – instead of staying inside, or writing to their representatives – people are starting to defy lockdown and hold physical protests.

Fox News hosts are among those encouraging people to carry out physical protests against stay-at-home orders, potentially endangering the lives of countless others.

In Michigan, a mass protest was organised in defiance of the governor's stay-at-home orders. Recent figures put the number of deaths in Michigan at 1,900.

Laura Ingraham, a prominent host on FOX news, tweeted in approval and suggested that the same may start to happen in other states.

Initially, protesters were supposed to create traffic gridlock and hold signs from their cars, but a group gathered on the steps of Michigan's city hall. They said that the damage caused by the economic impact of stay-at-home orders was greater than the damage caused by Covid-19.

Other Fox News hosts, such as Jeanine Pirro, expressed similar sentiments on TV, saying that health officials had "overblown sentiments" and that the American spirit would not 'take it'. She also said that what had happened in Lansing, Michigan, would start to happen all over the country. On the Fox news website, coverage of protests featured prominently.

Ingraham, Pirro and a number of other Fox News hosts were calling for stricter lockdown measures and more guidance from central government towards the end of March, although they appear to have changed their mind after a few weeks. There's little evidence to suggest that any states in the US have reached a peak in Covid-19 cases.

Other prominent personalities in right-wing media have expressed frustration at public health measures – pro-Trump commentator Candace Owens tweeted in anger after being asked to wear a mask in a supermarket (she also said that she had been going every day).

Ticket: # 3931806 - Spoofing harrasment

Date: 4/16/2020 9:42:23 AM

City/State/Zip: Safety Harbor, Florida 34695

Description

A disgruntled ex girlfriend is spoofing numbers and sending me on long wild goose chases all over the county. I am a mobile mechanic and work on people's cars at their houses. I'm already behind on Bill's mostly because of Corona virus bar tenders and waitress customers and can't waste time anymore. Can you get in contact with her to either scare her enough to stop or bring charges? I have all the evidence I need in my phone.

Ticket: # 3931826 - Optimum

Date: 4/16/2020 9:52:50 AM

City/State/Zip: Brentwood, New York 11717

Company Complaining About: Optimum

Description

After signing the "Keep America Connected" agreement due to covid-19. Optimum disconnected my services because I couldn't pay due to my company shut-down. I called and they did nothing. It's still off and we can't even run business from home.

Ticket: # 3931861 - Service COVID-19

Date: 4/16/2020 10:05:57 AM

City/State/Zip: West Palm Beach, Florida 33415

Company Complaining About: Comcast

Description

(b) (6) is having a problem with Comcast. On the 04.04.2020 Consumer called Comcast because she was interested on getting Internet service besides her cable service. Consumer states that she spend five hours on the phone with the representative and they were unable to install the internet service. Consumer was upset because she was not able to get the internet and on top of that the representative did something to the account that even the TV went off. Consumer wants to be able to have internet during this period of time. She wants to be connected to know what is going on with the outbreak of the COVID-19.

ctr408.phone

Ticket: # 3931886 - Billing/Service (COVID-19)

Date: 4/16/2020 10:21:19 AM

City/State/Zip: Woonsocket, Rhode Island 02895

Company Complaining About: Cox

Description

The provider Cox Communication, internet service.

On 4/15/2020 around 11 o'clock at night the consumer service was disconnected.

The consumer stated that she been affected by the COVID-19.

She mention that she paid \$143.00 so that she could have her service restore.

The consumer said that she did this because she knew that her children needed the internet service.

The consumer did reach out to the carrier about the issue.

Resolution

The consumer basically said that it's not okay that if they knew about the pledge of COVID-19 why would they disconnect her service. She mention that she needed to pay with the last amount of money she had because she knew that her children needed the service to do school work.

ctr 388-phone

Ticket: # 3931968 - ATT Billing Fraud Overcharge

Date: 4/16/2020 11:00:59 AM

City/State/Zip: Atlanta, Georgia 30328

Company Complaining About: AT&T

Description

When I got the wireless service from ATT they had offered me a buy 1 iphone get 1 iphone discount - contractually , which would take off \$23 on my bill, if I maintained two phone lines with them. This was correctly applied for over an year.

But in Bills Feb10-Mar 9 2020 and Mar10-April 9 2020 they decided to cancel the discount and over charged me by \$23 each month (total \$46). I have added last 3 bills as reference in attachments.

On calling customer service on 4/16 10:00 am , i spoke to a customer agent named cody, who told me after 40mins that somehow my Iphone buy 1 get 1 discount was tied to my internet and since i decided to cancel my internet service I was no longer eligible for wireless discount.

This is fraudulent because the discount was related to me getting two iphones and maintaining the line with ATT - "Discount was titled Buy 1 get 1 Iphone Free" and has nothing to do with who provides my internet.

I want FCC to look into these fraudulent practices by ATT of hiking bills on customers especially during the COVID pandemic and times of financial hardship.

Ticket: # 3931989 - No Human Side to Comcast Billing

Date: 4/16/2020 11:06:32 AM

City/State/Zip: Seekonk, Massachusetts 02771

Company Complaining About: Comcast

Description

I spoke with two customer service representatives trying to set-up a payment plan for my past due balance. I was told I was a "high risk" household. Although I have had problems with making payment over the year due to documented unemployment, I was trying to set up a payment plan to pay down the balance. Over the past year, I have seperated from my husband and lost my job. I have three young children and this has been a rough year. I am finally back to work and trying to get payments down. However, with COVID 19, as a teacher, I am unable to utilize the prepaid services as they are not enough to support distance learning. I was told I am unable to get services back on without paying the full \$1900, 900 from my husband and many late fees. I am surprised that COMCAST will not allow a large downpayment along with monthly payments set up in order to get services back. There seems to be NO human side to Xfinity. Every other utility company works with customers EXCEPT Xfinity. Their response was that Pre-paid does this. However, it does not as prepaid service is SUPER slow and does not lend itself to the situation at hand.

Ticket: # 3932036 - Comcast raised my rate from \$54.99 to \$84.99 during a pandemic

Date: 4/16/2020 11:28:53 AM

City/State/Zip: Inver Grove Heights, Minnesota 55076

Company Complaining About: Comcast

Description

Without notice, comcast raised my internet rate from \$54.99 to \$84.99 without notice and they have removed the ability to contact a live person. I was able to get a rep by saying I wanted to cancel but they seem to have charged me for a separate internet service. I would like my internet back down to what it was, because that is messed up. Internet needs to be an affordable utility

P.S. I have been calling At&t many times to solve this overcharge but because of the Covid-19 situation I have not been able to get through the line.

Ticket: # 3932095 - Spectrum - Price Gouging

Date: 4/16/2020 11:47:29 AM

City/State/Zip: New York, New York 10030

Company Complaining About: Spectrum

Description

Spectrum provides internet service in my area (Harlem, NYC). I believe they are the only internet service provider in the area. Given their monopoly, they are now price gouging consumers who need internet service in the midst of COVID-19. I pay \$45.99 for internet service which I need now more than ever to work remotely. I checked my March/April 2020 bill and now Spectrum is charging me \$60 for internet service despite the fact that internet service has actually deteriorated. The speed is slow and sometimes unstable. What justifies a nearly 50% increase in the price during these uncertain times? I am being charged more for the same service. What additional benefit am I getting? Why are they allowed to rip consumers off like this? This is especially unconscionable given that having internet at home is an absolute necessity for those of us who still have jobs and are able to work remotely.

I called Spectrum on 4/15/2020 to request a reduction for the cost of internet, ie. a return to the pre-COVID-19 rate of \$45.99. I explained that I never agreed to pay the new increased price of \$60 when I signed up for internet service nearly a year ago. The Spectrum representative refused to reduce my bill. Spectrum also indicated that the initial price offered was a promotional price only. However, this was never indicated to me when I signed up for the service and nowhere on the bill does it state that the price of \$45.99 is promotional only. This is text book bait and switch and quite frankly unconscionable business practices. They should not be allowed to have a monopoly and they should not be allowed to price gouge, especially during a public health crisis. Please fix this!!

Ticket: # 3932102 - Cricket Wireless

Date: 4/16/2020 11:48:18 AM

City/State/Zip: Miami, Florida 33176

Company Complaining About: Cricket

Description

On April 15, 2020, I deleted a phone # in my call log by accident. This pandemic has made me very edgy. The # was for masks for the elderly. I immediately called Cricket so they could provide me with the #. I gave them the 915 area code because that is what I recalled. They told me I had to hire a lawyer and get a subpoena. This is my own # ! Courts are closed! They refused to assist. I was left stranded with no help to get masks. In a crisis like this, protocols can be relaxed. I still need that #!

[Ticket: # 3932137 - Verizon turned off phone after sending an e-mail stating they would not.](#)

Date: 4/16/2020 11:58:36 AM

City/State/Zip: Aurora, Colorado 80010

Company Complaining About: Verizon Wireless

Description

Verizon has turned off both my phone and my daughter's after sending an e-mail stating they would keep people connected during this time. They only would turn my service on if I paid \$298 which I can not due because I am not working due to covid 19. My daughter uses the phone for remote learning.

Ticket: # 3932140 - Lost of KCRA

Date: 4/16/2020 11:59:26 AM

City/State/Zip: South Lake Tahoe, California 96151

Company Complaining About: Spectrum

Description

Almost two years ago spectrum took KCRA off their line up for CALIFORNIA residents in South Lake Tahoe. We have been through some devastating fires and now this devastating pandemic that is affecting the whole world. It is imperative that us California citizens living in Southlake Tahoe get California news on what's going on with this devastating life-threatening disease COVID-19. Please I'm asking for your help to make this happen for us in Southlake Tahoe California. Thank you 🙏

Ticket: # 3932152 - Internet shut off during covid, unsatisfactory service, prices

Date: 4/16/2020 12:03:53 PM

City/State/Zip: Seattle, Washington 98122

Company Complaining About: Comcast

Description

I lost my job to covid and the day after a second late payment was missed my internet was shut off and I was unable to use essential communications. Additionally, as I have been trying to contact anyone at Comcast, I realized my rate was increased from 39.99 to 66.95 after moving units during an emergency flooding in my current apartment building. The service is generally unacceptably slow and far lower than the advertised speed (verified with speed test) to the point where I can sometimes not access email without a minutes long wait. Just unacceptable practices and unaccountable and unreachable service to the customer. I feel swindled.

Ticket: # 3932245 - Comcast shut off internet

Date: 4/16/2020 12:29:30 PM

City/State/Zip: Katy, Texas 77449

Company Complaining About: Comcast

Description

Consumer claims her internet service was shut off.

She cannot believe they did this during the pandemic.

Consumer claims their service was reconnected recently in April under her husband's name.

She had a past due debt with them and they sent the debt to collections and cut her off due to them being at the same address.

Consumer called Comcast and they said they shut it off because it is service at the same address.

Consumer claims the account that is in her husband's name (Steven Munsey) is being paid and not in her name.

Consumer would like the internet to be reconnected due to the pandemic because her husband needs to file for unemployment online.

Ticket: # 3932457 - Spectrums - Escalating Internet Pricing**Date:** 4/16/2020 1:36:08 PM**City/State/Zip:** West Hollywood, California 90038**Company Complaining About:** Spectrum

Description

I have been a client of Spectrum (formerly TWC) since 2015 for Internet including personal WIFI and I own my modem router. Between Feb and March of this year they raised my monthly rate from \$49/month to \$59/month with no advance warning. I was told my promo-ended. I am not on any promotional offer; I am a long-time client. They are currently offering 'new customers' \$49/month for Internet. My rates went from \$34/month increasing to the current rate \$59, with no attempt to offer senior discounts. The fact that they did this during a pandemic to a senior on SS, shows this company has no scruples. I do not think I am alone here. Since they do not value a long-time customer's needs, I will most likely take my business elsewhere. Both AT&T and Comcast offer reduces rates for the same if not equivalent service.

Ticket: # 3932502 - SPORTS SURCHARGES

Date: 4/16/2020 1:51:01 PM

Company Complaining About: Cox

Description

HOW CAN COX COMMUNICATIONS CHARGE US A SPORTS SURCHARGE WHEN WE DON'T HAVE ANY SPORTS GOING ON DURING THIS VIRUS CRISIS??? TO ME THIS IS UNETHICAL WHEN WE ARE SUPPOSED TO BE TRYING TO HELP EACH OTHER THRU THIS PANDEMIC? THEY ARE CHARGING \$8.53 PLUS TAXES!

I DON'T UNDERSTAND HOW THEY CAN ADD THESE CHARGES IN THE FIRST PLACE WHEN THEY ARE SUPPOSEDLY IN THE TV PACKAGE ALREADY. PLUS AND ADDITIONAL \$13.95 FOR BROADCAST CHARGES? PLEASE AT LEAST EXPLAIN WHY THEY ARE ALLOWED TO DO THIS? AREN'T THEY UNDER YOUR SUPERVISION?

Ticket: # 3932585 - Slow and unstable internet connection.

Date: 4/16/2020 2:20:23 PM

City/State/Zip: Linden, New Jersey 07036

Company Complaining About: Comcast

Description

I've been having connectivity issues with my internet since March 28, 2020. The connection is slow and unstable (keeps disconnecting). I have the 1000 MPS plan and I pay \$105 per month. I've called Comcast several times to get this problem fixed. They told me they need to send out a technician to my house to solve the problem, but they can't do that at the moment because of COVID-19. Now I have to pay a bill for a service I am not even able to properly use at the moment. Bill is due April 26th, 2020.

Ticket: # 3932602 - Significantly slowed internet speeds

Date: 4/16/2020 2:24:40 PM

City/State/Zip: North Providence, Rhode Island 02904

Company Complaining About: Verizon

Description

Verizon Fios gigabit connection advertises 980/980 upload download speeds. Last two weeks I have been tracking speeds at various hours, mostly off peak (2-5am) and have gotten on average 42-60 up/down. Verizon has been contacted and refuses to do anything to actually solve the issue, saying it is UP TO those speeds, and there is nothing they can do to fix it. I believe Verizon is using the global pandemic as an excuse to throttle internet speeds.

Ticket: # 3932612 - availability DATA

Date: 4/16/2020 2:28:05 PM

City/State/Zip: Hesperia, California 92345

Company Complaining About: Sprint

Description

for past 7 years, and 3 different iphones (4,5,7) i have no Data, no internet, no siri, problems with connection, safari search does NOT work, i power phone off to get to work again, and next day or few hours later, same problem. Every time i call to complain, they say towers out in my area. that means to me, for the last 7 years i have been paying for intermittent service? or Sprint i lying to me, unless they can prove towers have been out every other week for 7 years??? they tell me clear browser history, they "reset on their end" every excuse except WHY i'm paying for no service. i have contacted BBB on them in 2012/2013 and feel this is reprisal and has been for years, when i have 202 people at my house 3 of which have i7 and Sprint can access internet while i can not, tells me they are DELIBERATELY shutting down my Grandfathered in "free data" plan. to resolve problem Sprint needs to pro rate me for last 7 years they deliberately shut my service off and most recently during world wide pandemic be held accountable for their criminal actions.

Ticket: # 3932672 - Verizon Wireless billing me without activating my account

Date: 4/16/2020 2:51:36 PM

City/State/Zip: Bothell, Washington 98012

Company Complaining About: Verizon Wireless

Description

I signed up online for verzion wireless service for a piece of equipment that I already own (Jetpack hotspot). The instructions I received showed that I would be getting a SIM card in the mail, and I needed to activate it before getting service with Verizon Wireless. The SIM card never arrived, but I am now be billed for service that I cannot use. Also, I called today to simply cancel my account with Verizon Wireless because it has been too much trouble. However, they are unwilling to cancel my account until I physically walk into a store (in the midst of the Coronavirus Pandemic) and show my ID to them to confirm my identity. The ONLY THING I want to do is cancel my account, but they WON'T LET ME!!

Ticket: # 3932682 - Providing false advertising for help with service during the COVID-19 crisis

Date: 4/16/2020 2:55:09 PM

City/State/Zip: Milwaukee, Wisconsin 53206

Company Complaining About: Boost Mobile

Description

In the message played during the wait to speak to an agent it states: To visit the Boost Mobile website. On their it states it can help in some cases, but when I called they told me, that through a computer generated lottery I was unable to receive help. I asked how was that determined and they stated if they helped everyone they would run out of money. I asked how come they chose to help others and not me and they kept repeating it was all computer generated. I don't think it is fair to choose who gets help, because we all need help right now.

Ticket: # 3932693 - Internet

Date: 4/16/2020 2:59:22 PM

City/State/Zip: Manteca, California 95336

Company Complaining About: Comcast

Description

Contacted Xfinity after they cut off my cable. Paid them \$228.58 on April 10 next due on April 23 for \$164.29. I thought the cable company wasn't supposed to cut off our cable because of Covid-19. I'm on disability and my husband lost his job. So we are counting on our stimulus checks.

Thank you hope to hear from you soon.

Ticket: # 3932751 - Phone internet service is slow

City/State/Zip: Chincoteague Island, Virginia 23336

Company Complaining About: Verizon

Description

Our business is temporarily closed due to the Coronavirus. We asked Verizon to suspend six of our lines until we reopen. They said that after 30 days, we will still have to pay half price for these lines. We don't think we should have to pay for lines we've had disconnected, but they said to complain to you. So here we are.

Ticket: # 3932782 - VERIZON WIRELESS

Date: 4/16/2020 3:22:58 PM

City/State/Zip: Staten Island, New York 10314

Company Complaining About: Verizon Wireless

Description

On 4/15/20, Verizon Wireless sent text and 2 secs later cut off my phone service stating non-payment during pandemic, which is against the law per Governor Cuomo. Payment was already pending. Luckily had landline so resolved immediately.

4/16/20 they did the same thing. This time, they would not connect you with a representative unless you paid a \$7.00 fee, which I will NOT PAY. Your only choice was internet. Again, told them they have now been paid and by law, you cannot cut off someone's phone service during this time. They immediately reconnected me.

This situation is absolutely appalling and caused me much anxiety during this stressful time. Verizon Fios told me if you don't call, you will not get extension. I would like two month's free of Verizon due to the anxiety they caused me for nonsense when a bill was already paid. If this was done to a senior citizen, or someone who had no other access but their cell phone, it would be horrible. Many people today do not even have landline. Verizon Wireless was absolutely appalling!

And I NEVER RECEIVED THEIR PAPER BILL EITHER!

Ticket: # 3932791 - Data Limit During Pandemic

City/State/Zip: Catawissa, Pennsylvania 17820

Company Complaining About: Sprint

Description

Called about the data limit I currently have and it being removed during this pandemic. Their fix was for me to purchase another phone line for my kids to be able to do online school. Fix would be remove broadband data limit or do what is posted on FCC website of doubling the data allotment.

Ticket: # 3932806 - Internet

Date: 4/16/2020 3:32:25 PM

City/State/Zip: Clarksville, Ohio 45113-9306

Company Complaining About: Frontier Communications

Description

For years we have had bad internet service and it continually gets worse. We are paying for 6 megabytes and they have us capped at 3 megabytes and Frontier said they cant do anything about it and we dont have a choice. We have spent hours on the phone with their technical people to try to resolve this to no avail.

The only answer we get is "we're sorry". My wife is trying to work from home during COVID-19 and can lose her job if the internet doesnt improve. This was a terrible company when it was General Telephone and it is terrible as Frontier. And we are paying for something we cant even use. The internet drops out 5-6 times per hour for a few minutes each time, yet we have to pay full price for the service that we can barely use. We have never been offered a discount or any other compensation. Anything you can do to help us resolve this issue would be greatly appreciated.

Ticket: # 3932810 - Verizon appears to be shutting down 3G support during Coronavirus

Date: 4/16/2020 3:33:17 PM

City/State/Zip: Leesburg, Virginia 20176

Company Complaining About: Verizon Wireless

Description

I live in Lucketts Virginia, and am currently required to stay at home [COVID]; my phones are an important lifeline, no landline service here. During the last week, Verizon appears to be changing the configuration of its' 3G service and removing functionality - calls dropping, texts not going through, and strange unsigned certs being pushed by the tower, even as I am on a hill and can literally see multiple cell towers from different parts of my yard. It seems Verizon is shutting down 3G, at a time when I can't readily engage with them on a way forward. FWIW, typing this off a 802.11 tethered device that is ALSO connecting to cell towers, it is 4G and has no problems, but it is not the phone # I use to talk to people or that people, including my medical care providers and employer, would use. Please ensure Verizon does not phase out 3G support during a crises! PS - I would like to talk to Verizon but they don't have a viable way to reach them if one's Verizon phone keeps going down...

Ticket: # 3932811 - Internet interruption of service

Lockport, New York

Ticket: # 3933057 - Cox: High Packet Latency effecting service

Date: 4/16/2020 4:56:42 PM

City/State/Zip: Phoenix, Arizona 85018

Company Complaining About: Cox

Description

Cox blaming covid for 24/7 high ping and latency in my neighborhood, and effecting my home. I've had their engineers at my house checking levels/signals, my pole and my neighborhood node. They confirmed seeing spikes in the signals.

I worked with their level 1, 2, 3 support engineers, netops engineer and 2 field specialists to only be told it's essentially congestion they can't fix because the node is overloaded. This could be partially true, but I've been logging the issue with extensive logs showing that this problem is 24/7 and suggests a bigger problem. Cox has refused to do anything further. Because of their regional monopoly I have no access to viable alternatives in my area.

Ticket: # 3933059 - Price Gouging for Internet Service during a Pandemic

Date: 4/16/2020 4:57:27 PM

City/State/Zip: Branson, Missouri 65616

Company Complaining About: Sudden Link

Description

Suddenlink, our Internet provider has raised prices by over 22% during a pandemic when most of the country is unemployed. This is price gouging. They have no explanation except to say it was decided in January and we were notified of the increase, yet I cannot find the information anywhere. I've called three times to get this resolved and each time was promised a supervisor would call me back, yet none have.

Ticket: # 3933149 - Suddenlink raising bill nearly 30% without notice or explanation for essential healthcare worker during pandemic

Date: 4/16/2020 5:40:25 PM

City/State/Zip: Mckinleyville, California 95519

Company Complaining About: Sudden Link

Description

We have been Suddenlink customers for over 9 years. This month, our bill increased 30% with no explanation. We know they're offering similar service to new subscribers at around half the price we're paying per month. My wife called their support number to try to rectify this, waited on hold for well over an hour (they have a very limited window of time to speak to a live person, in the middle of the work day of course). The person she spoke to tried to upsell a more expensive plan and wouldn't lower our bill. When she asked to speak to a supervisor he refused. When she asked to speak to another rep he refused. When she complained their support rep **BEGAN REPEATEDLY PUSHING PHONE BUTTONS AND EVENTUALLY HUNG UP ON HER**. He called back shortly after and I tried to take over the call, admittedly very angrily after the way my wife was treated. He would only talk to her and did the same thing again, pushing buttons and hanging up. He called back again, and she asked for a supervisor to file a complaint. He refused. She asked again to speak to another rep, but he refused. Same thing again, pushing buttons and hanging up. I'm a healthcare professional. I work in a hospital impacted by COVID-19. I need internet service so I can access the hospital network remotely in an emergency. This is not the time to price gouge longtime customers while luring new ones with lower rates.

Ticket: # 3933166 - At&t Direct TV billing

Ticket: # 3933233 - Optimum/Altice Bait and Switch

Date: 4/16/2020 6:31:24 PM

City/State/Zip: Stratford, Connecticut 06614

Company Complaining About: Optimum

Description

So I have an original complaint about my internet service dropping a few times a day. The tech that came to my house to look at my services recognized that when he checked the speed at the coaxial cable that comes into my house (not the router) that I am not receiving the speeds that I am paying for and have been paying for since August 2019. I have the workorder from the Tech stating I am not getting what I am paying for. My one complaint has now turned into two. It is my observance that the speed issue is a Bait and Switch. Michael Cobain (michael.cobain1@alticeusa.com and 631-846-5317) was tasked to help me with my complaint through their Executive Customer Complaint Office and after 4 days of looking for a resolution has stated that he does not have a resolution for: 1. My internet dropping which has been dropping since Pre-Covid 2. The fact that I am not getting the speeds I am and have been paying for I find this type of business practices unacceptable as I am also finding through a town Facebook group that they are having the same issue with this company. I would like an investigation into this companies business practices.

Ticket: # 3933234 - Suddenlink Service Disconnection Due to Non-Payment During COVID-19 Pandemic After Promising to Maintain Services

Date: 4/16/2020 6:31:24 PM

City/State/Zip: Belle, West Virginia 25015

Company Complaining About: Sudden Link

Description

Suddenlink disconnected my internet in March 2020 due to non-payment. I was aware that Suddenlink promised to not disconnect customers due to non-payment during the pandemic, so I called Suddenlink and was on hold for over an hour at that time, and a representative stated that they would restore services, which they did. Today, which is less than one month later, my internet was disconnected again. And when I called this time, two different representatives stated that I would need to make a payment in order to restore services due to some convoluted explanation involving a "30 day bucket" and a "60 day bucket" while also stating that they indeed are not disconnecting customers due to non-payment during the pandemic (while also confirming that my internet was disconnected due to non-payment, which is obviously a contradiction). I ended up having to pay 2 month's worth of Suddenlink charges (\$237.46) in order for my services to be restored. I am self-employed and I need my internet in order to earn money. And because of the pandemic, money has been limited and the amount that I had to pay Suddenlink was over half of all the money that I had left to survive (unemployment assistance for self-employed individuals is still not available in my state yet). After making the payment to restore my internet, I visited Suddenlink's Facebook page just to see if anyone else had reported a similar issue and I found comment threads on their Facebook posts full of customers complaining about being disconnected, even after being told by Suddenlink that they would not be. Suddenlink's behavior during this pandemic is detestable and they do not deserve to be in business any longer as they do not serve the public good and are conducting predatory business practices

Ticket: # 3933237 - Qlink - Lifeline Service Shutoff

Date: 4/16/2020 6:31:55 PM

Company Complaining About: Qlink Wireless

Description

I am a 69 year old man living on social security retirement. I am also a SNAP and Medicaid recipient. On the Saturday before Easter, April 11, Q-Link shut off my service without notice. Today is Wednesday, April 15, and my service is still shut off. My service with Q-Link began last August, but they chose to ask me now to reverify my eligibility for the Lifeline program. I submitted several current documents as requested, and, also edited information I initially gave them, like adding my phone number which I, of course, did not have at the time of my application last August. By editing my account information, that apparently began a new application process which prompted Q-Link to cancel my original account and begin the process of applying for a new account. Q-Link cancelled my service during a pandemic on the Saturday before Easter was unbelievably cruel and beyond inexcusable. I have no idea if my service will ever be restored.

Ticket: # 3933302 - Billing Increase during pandemic

Date: 4/16/2020 7:26:24 PM

City/State/Zip: Fountain Valley, California 92708

Company Complaining About: Spectrum

Description

Spectrum internet raised our monthly bill by \$10. We are not getting faster internet service or anything, it is the same internet we've had for the past few years, and they raised the price again. They raised it before, but to raise it again \$10 during the pandemic when we lost our jobs is outrageous.

Ticket: # 3933323 - Unwilling to assist in canceling account

Date: 4/16/2020 7:39:06 PM

City/State/Zip: Modesto, California 95356

Company Complaining About: AT&T

Description

Ticket: # 3933414 - Optimum Outage

Date: 4/16/2020 8:33:47 PM

City/State/Zip: Brooklyn, New York 11226

Company Complaining About: Optimum

Description

Optimum internet service has been out for days across the tri-state area, as well as where I live in Brooklyn, NY. We have repeatedly tried to contact their customer service with no success. During this pandemic both my roommate and I work from home, we continue to pay our WiFi bills, and we have no access to another internet service in this apartment, so we cannot switch. Optimum has seemingly done nothing to address this crisis, and if it were not for hundreds of comments online from consumers with the same experience I would have no way of knowing whether this was an individual problem, since the company has not acknowledged it on their website or through a communication to their customers. For lack of options I am filing a formal complaint because I feel that without regulation, this will continue to be an issue for customers reliant on a company which has a near monopoly on internet provision in this part of the city.

Ticket: # 3933425 - Billing Complaint**Date:** 4/16/2020 8:38:33 PM**City/State/Zip:** Cincinnati, Ohio 45219**Company Complaining About:** MetroPCS

Description

I contacted Metro PCS regarding some billing matters.

I was offered a deal for 60 days at \$15.00 plus tax. The day I contact MetroPCS and advised them that I wanted to inquire about other plan options during Covid19. I was advised during the call that I could pay for the \$30.00 plan and not have to pay until April 26, 2020. I then suggested to the representative that I would like to go back to my original plan of \$60.00 per month since I will have until April 26, 2020 to pay. I then asked the representative what would be my new balance. He advised me that he would my new bill will be \$97 and change. I told him that could not be true considering that I have not used any of the service yet. He essentially charged me for the difference for the \$30.00 plan plus the \$60 plan. I requested to speak to the supervisor after a back and forth. The supervisor told me that I would have to pay for the changes even though I had not concluded the call or used the services. She was adamant and told me that I had no choice but to pay the charges. I was outraged and told her that I already paid \$18 and asked about changing my services only to be charged for inquiring about changing my services. The \$18 that I already paid should have been deducted from my new charges.

To remedy this matter I am requesting that my bill be reviewed and the appropriate charges be adjusted. I do not believe I should have to pay for the \$30 plan. I made a payment of \$60 to offset any expenses in the interim.

Please investigate this matter. Customers should not be forced to pay services they have not used. It is the customers account and the wireless carriers will allow customers to direct the affairs of their accounts.

Ticket: # 3933429 - Verizon phone(the device) display issues

Date: 4/16/2020 8:40:39 PM

City/State/Zip: Fort Myers, Florida 33967

Company Complaining About: Verizon Wireless

Description

During this pandemic, my phone screen started to malfunction screen split top/bottom reversed with green horizontal lines throughout. Therefore making any emergency or other calls an extreme problem. Home alone with health and physical issues and can't make emergency call if needed. Verizon rep and mgr that I was dealing with issued refurbished replacement at no cost to me and sent in writing with mail date 4/11. When called rude mgr stated he wouldn't of handled that way. So isolated, in more ways now, please help.

Ticket: # 3933448 - Facebook Two Factor Authentication**Date:** 4/16/2020 8:58:35 PM**City/State/Zip:** Philadelphia, Pennsylvania 19116**Company Complaining About:** Facebook

Description

On April 1, 2020, I logged out of my Facebook account via the app on my smart phone. I went to log back in and was asked for a 6 digit code that would be sent to my phone via SMS. The message told me the code would take some time. I never got the code. I proceeded to google and ask Facebook how to resolve and none of this was helpful, because the system keeps stating it is sending a code to my phone has not happened. I get emails and text about everything else BUT the Two Factor Authentication SMS code I need to get back into my account. I went as far as to look up people at Facebook to email, for assistance I sent the same email to six people at Facebook twice no one reached out. I then took my concern to the BBB I included pictures verified my Facebook account name, email address and phone number and Jesse from Facebook sent the same generic information the first response and then on the response I got this evening he/she told me they will not be able to answer anymore question via the BBB but have not contacted me outside of the BBB. I offered to send a copy of my Drivers License or what every they need to help me regain access to my account. My issue is with this pandemic going on Facebook is how I stay connected with my family and friend around the world. I got a notification recently that I have 88 notification waiting. I need assistance accessing my account.

Ticket: # 3933457 - Keep America Connected COVID-19- Data Cap for WIFI

Date: 4/16/2020 9:09:03 PM

City/State/Zip: Collins Center, New York 14035

Company Complaining About: Verizon Wireless

Description

I live in a more rural area where high speed wfi is not available except for a MI-FI Verizon Box which has a data cap. This has made it almost impossible to work from home and service my speech.language, feeding and swallowing clients as an SLP, plus having to have my children try to access school resources. The data cap could be lifted during this time.

Ticket: # 3933510 - Unable to get internet service

Date: 4/16/2020 10:15:16 PM

City/State/Zip: Richmond, Indiana 47374

Company Complaining About: Frontier Communications

Description

I am a physician and have a farm just outside of Richmond, Indiana. I need reliable internet service as part of performing my duties; especially now as healthcare is relying more heavily on computer/virtual interactions with patients and other health care workers due to Covid 19. My neighbor across the road as well as next to me both have Frontier as a service provider. I've called them and they said they can't provide service to me. I requested to speak to a supervisor and they said someone would call me back. That has been a week ago and no one has called me. Your assistance in resolving this matter is greatly appreciated.

Ticket: # 3933554 - Cox Communications Inc Consumer Fraud**Date:** 4/16/2020 10:56:28 PM**City/State/Zip:** Scottsdale, Arizona 85251**Company Complaining About:** Cox

Description

Cox communications is engaging in fraudulent business activities. Their infrastructure has not been maintained in order to keep up with demand. They have received bailouts in the past, lobbied at the state level in AZ to prevent competitors from entering the market, and maintain a geographic monopoly throughout the state. How can this company be allowed to charge patrons for services that they can not (and will not because it's not cost effective) provide? Every customer experiencing internet connectivity issues is being told it's due to high demand, but how can they sell internet data packages when their current infrastructure can not allow all of said customers to receive the services for which they are paying? This is all side from the current Covid-19 pandemic. For 6 years I have experienced complete outages, speed drops, packet loss in excess of 60%, and latency valves measured in seconds. Cox Communications is going to drag out their inability to provide the services their customers pay for by blaming it on increased traffic during the pandemic. If they are operating under the assumption that customers and governing agencies will accept this during this pandemic and then hope in the near future the "traffic" decreases as the country returns to prior usages, this is an unacceptable business practice and should not allowed to continue. Cox Communications must be regulated and ordered to fix these solutions that are absolutely within their power to fix.

Ticket: # 3933565 - Fraudulent internet service

Date: 4/16/2020 10:59:54 PM

City/State/Zip: Henderson, Nevada 89012

Company Complaining About: Cox

Description

I have a business internet connection with Cox Communications that I pay \$110 per month including a rental modem. Recently when I started working from home due to Covid-19, I noticed that my internet service was poor. I did multiple speeds tests through Cox's website and noticed my speed was more than 90% lower than what I was paying per my bill. When I called Cox, they claimed the issue was my modem (less than a year old) and insisted I was receiving full speed, but refused to send out a technician or show a speed test that I was receiving the bandwidth per my bill. I asked multiple times for a supervisor or a credit and the best they would do was offer to send out a new modem and not deal with the fact that since I moved in December of 2016, they cannot prove I received the business internet I paid for.

Ticket: # 3933579 - Lost landline number

Date: 4/16/2020 11:15:15 PM

City/State/Zip: Noblesville, Indiana 46062

Company Complaining About: Frontier Communications

Description

I am with Frontier for internet and my landline. I was told by them that my number is gone and that I can not get it back. They can not give me a landline number, until after the Pandemic. I want my old number back, my account was (b) (6) I do not want to wait that long. Please help me.

Ticket: # 3933598 - Billing/Inconsistencies

Date: 4/16/2020 11:36:21 PM

City/State/Zip: Bartlett, Tennessee 38134

Company Complaining About: Comcast

Description

I contacted Comcast on 4/7/2020 to add voice to my services so I can begin working from home. I have been with Comcast for 5 years and I unfortunately expected this to not be as easy as it seemed. The young lady offered me a new plan with a 2 year agreement total after taxes and fees \$163. The day after I received a box with a new modem and a new small cable box. I waited until 4/13 and I reached out to Comcast to see why I had a new modem and only one box when I have 2 boxes in my home and why I needed to change equipment. Due to the process that Comcast has implemented with Covid 19, I was able to contact no live person and was only repeatedly sent a link to chat with someone online. This became VERY frustrating. After going back and forth with a rep that was not understanding what I needed, I was FINALLY able to have a live person call me. This person told me I needed to speak with activations to finish what the rep on 4/7 started but she assured me she would call me back so we can get the issue with the equipment resolved. While speaking with activations he stated that the previous person "screwed up" how she put my order in on 4/7 and it had to be fixed. He asked was my plan \$184 after taxes and fees I informed him no and went to the order that I signed and gave him the \$163 amount. He told me the dept was closed and my issue couldn't be resolved and I promised another callback. 2 days later after receiving no callback and still not having voice services I called. While on the phone with the new person who helped me alot with getting my voice services going, I receive ANOTHER email from Comcast stating my estimated bill would be \$245 and the charges were broken down far from what was signed on 4/7. I am so frustrated as I type this because at this point I am not sure what has happened to my account but I really wish I could get another service to work but I cannot in my area. With everything that is going on right now, the last thing I can do is receive a huge bill from Comcast when my initial point was to decrease my bill from paying \$220/month because I could no longer afford it. I cannot pay almost \$300 to Comcast not even one time as my hours have been reduced due to Covid19 and I am only trying to maintain services so I can pickup some services from home and continue to care for my child and bills. I am exhausted with Comcast, their billing issues, lack of consistency, horrible communication and there is no reason why a company that causes such frustrations should have thought to route all incoming calls to an online chat. This is a nightmare and I am scared to see my new bill especially after failures to follow through with callbacks, and the major inconsistencies with what I am being told.

Ticket: # 3933604 - Service disconnection

Date: 4/16/2020 11:53:39 PM

City/State/Zip: Pahrump, Nevada 89060

Company Complaining About: Rise Broadband

Description

I did not give permission and have parental block

Ticket: # 3933651 - Earthlink Turned Off My Internet During Pandemic**Date:** 4/17/2020 1:55:53 AM**City/State/Zip:** Chesapeake, Virginia 23324**Company Complaining About:** Earthlink

Description

My internet was turned off. I received an ebill on 04/15 just as I usually do. This time I missed the notice. My internet has been out for two days, which means I can't use my telephone. I'm a senior and disabled. I was shocked to find out that they took the FCC pledge to "Keep Americans Connected." They turned off my service around April 16. I just paid them on 04/17, hoping they will put my service back on. They didn't show me any leniency. They're customer service was not contacted because they are not capable of taking care of any situation. I included of picture of the bill to show that there's no mention of a pledge or working with anyone during the pandemic.

Ticket: # 3933673 - Massive Packet Loss // Speed Throttling

Date: 4/17/2020 3:33:45 AM

City/State/Zip: Aliso Viejo, California 92656-4812

Company Complaining About: Cox

Description

Cox is throttling my connection to Twitch.tv while live streaming. While streaming, approximately every 7-10 minutes. During this time frame, Cox will induce massive packet loss, essentially making it impossible to upload any content, and then slowly reintroduce a connection. I have contacted support, spoken to the supervisor, and spoken to the tech they sent out who blamed it on congestion from the Coronavirus. This does not seem reasonable, as even streaming at 2 AM during little traffic still induces this issue. Also, Cox states in section C1 of their "Internet Service Disclosures" that "Cox does not shape, block or throttle Internet traffic or engage in other network practices based on the particular online content, protocols or applications a customer uses or by a customer's use of the network." Graphs and traceroutes (a common troubleshooting command) to help display my issue.

Ticket: # 3933679 - Missing Parts and Billing

Date: 4/17/2020 4:30:06 AM

City/State/Zip: Jax, Florida 32226

Company Complaining About: Comcast

Description

on a 2nd request for wireless boxes xfinity sent me aa box with the wrong power cord and now has no way to send another one

on top of i have not had service in my master bedroom since 4/13/2020 no one available on chat i called the rep could not help but then told me to go to a store when they are all closed

xfinity has no way to fix their mistake and has yet to send me the correct parts

absolutely unbelievable no available rep by chat and over 40 minutes on the phone the agent could help fix a issue comcast created.

comcast has no continuity and they are adding stress to a customer during a pandemic and stay at home without service this is unreal. they charge too much not to have quality service

after paying a \$303 on 4/6 my cable doesn't work then billing me another \$200

Ticket: # 3933682 - Unreliable mobile wireless Phone and internet

Date: 4/17/2020 5:51:22 AM

City/State/Zip: Hillsboro, Texas 76645

Company Complaining About: At&t

Description

In our area Hillsboro , Texas, we rarely get the internet speed we pay for. With COVID, the network is useless. In fact, the day before our Federal Income Tax was due for submission the system became so slow all our page loads were timing out. I contacted ATT and was told as always, "we know we have a problem, but can't tell you when it will be resolved. ". This happens often. Telephone and messaging is rarely reliable with missed and dropped calls. One recommendation they make is to go somewhere else in town for a better signal.. maybe. As a disabled person, especially now during covid I have no options. ATT will not respond, even with their knowledge I am disabled. I have no options but to hope someone reads it. Thanks for all you do!R/S, (b) (6) no options, Texas

Company Complaining About: T Mobile

Description

My sons services was interrupted for 5 days and we where unable to get a hold of him. My son does not live with me and this is a safety issue you. He was forced to pay his bill that just came due on march 23 and a bill that was not due for April 23, My son was layed off do to covid 19 and t-mobile offered to do a data cap to lower bill 50% percent off and charged late fee and restoral fee do to services being restored which should not have been interrupted and should not have been charged these fees and should not have been made to pay 2 months of bills at one time. I feel like t mobile did not keep up their end on the agreement that they signed on March 13 "Keep America Connected".

Ticket: # 3933844 - phone service

Date: 4/17/2020 10:04:27 AM

City/State/Zip: Tulsa, Oklahoma 74133

Company Complaining About: Windstream Communications

Description

We have been without phone service since March 20th. We were without service for 2 and a half weeks earlier in the year and the line was full of static when it was "fixed". When the line went down again in March I called for service and was told it was an area thing and could expect resolution by April 4th at the latest. Nothing was ever done I received no notification and when I called in after that date the ticket was still open and I could not get a reason why no one was taking care of our situation. I have called multiple times, been put on hold for 20 minutes, lied to by the rep and still have no phone service. We are in an area where there are no alternatives (rural), and our ability to have cell consistency is out the window with this Covid 19 issue (every one tying up lines). Our security system is tied in to the Phone line, so we have no security or smoke detectors that are functioning. I am beyond exasperated! I need my phone lines fixed, we have been customers of Windstream for 20 years and pay our bills. This treatment of a customer is what I imagine socialism looks like. One option and therefore no one is in any hurry to take care of you, or worse yet even cares!

Ticket: # 3933864 - Pandemic cancellation

Date: 4/17/2020 10:13:30 AM

City/State/Zip: Columbus, Ohio 43227

Company Complaining About: AT&T

Description

Due to covid19, I transitioned to work from home. Required internet speed was 30mbps and according to AT&T customer service, I had the fastest speed that was available in my area which was only 25 mbps. As I work on the phones this was not enough to take calls for my job and I had no choice but to break my contract. I agree to the term fee for the cable but not for the internet. This was not something that was expected to happen. I would like a refund as I have paid the bill so it would not show on my credit. I switched to a carrier that had faster speed for my area of 100mbps. I have provided proof of the speed requirement and the bills.

Ticket: # 3933870 - Spectrum Email Suspended

Date: 4/17/2020 10:16:43 AM

City/State/Zip: Weeki Wachee, Florida 34613

Company Complaining About: Spectrum

Description

The consumer states that she has Landline, Internet, and TV services with Spectrum.

Spectrum suspended both her and her roommates emails because they moved location.

The consumer states she thought it was odd that they suspended her email at this time during this pandemic.

The consumer just wanted her email restored and if you want her to change her information after the pandemic she will gladly go with another email company.

Ticket: # 3933935 - 101.5 Morning Mess Phoenix Arizona - COVID Fraud Call

Date: 4/17/2020 10:50:18 AM

City/State/Zip: Mesa, Arizona 85201

Description

I was listening to the radio on my way to work and the Morning Mess aired a lady, who admittedly stated she's unemployed, not a doctor who has written THOUSANDS of fake COVID 19 positive test results as a doctor for people.

This should never have been aired, they were laughing about it all in the name of ratings. Whomever decided this should be aired needs some consequences. Legally they should have reported this immediately, and they won't. They also advertised about it on Instagram, screenshots attached.

Ticket: # 3933948 - Boost Mobile Billing

Date: 4/17/2020 10:56:29 AM

City/State/Zip: Philadelphia, Pennsylvania 19133

Company Complaining About: Boost Mobile

Description

- consumer stating that she went on line to pay her phone bill and her bill was \$45.00 but she could only paid \$42.00 on April 10th, 2020 and Boost Mobile said thank you through a text message and then on April 11th, 2020 consumer realized that Boost Mobile shut her phone off for only \$1.83.
- consumer had to go out even with the Corona Virus mandate to stay inside consumer had to go out and try to locate \$2.00 to finish paying her bill so she was able to have it turned back on.
- consumer very upset over this uncaring situation that Boost Mobile showed the elderly consumer.
- Consumer is upset over Boost Mobile not giving her a courtesy call to let her know about \$1.83

Company Complaining About: Viasat

Description

ViaSat is the only provider in my area and they are horrible. We have horrible service and they don't send adequate techs to resolve issues. During this pandemic crisis, they are making it impossible to follow the CDC and government regulations regarding containing the spread of the virus as we are faced with having to return to the office to perform basic duties as essential workers.

Ticket: # 3934024 - Late fee

Date: 4/17/2020 11:32:28 AM

City/State/Zip: Bloomingdale, New Jersey 07403

Company Complaining About: Optimum

Description

I was told by representative "Raymond" on 3/25/2020 that late fees would be waived until May 13, 2020 due to COVID-19. My bill, which was issued on 4/15 shows a late fee of \$10.00. I called on 4/17/20 and rep. "Jack" said that because I was past due, he could not do anything about the late fee that was wrongfully assessed on 4/15.

Ticket: # 3934034 - Report a number that keeps calling my employer

Date: 4/17/2020 11:34:25 AM

City/State/Zip: Hamlin, New York 14464

Company Complaining About: Unkown

Description

The phone # 760-748-4126 keeps calling my place of employment 6 times a day everyday now for this past wk after being told repeatedly to stop calling and that due to covid19 I'm not even there and not to call for me again

Ticket: # 3934042 - Spectrum Phone Issues

Date: 4/17/2020 11:38:29 AM

City/State/Zip: Kettering, Ohio 45429

Company Complaining About: Spectrum

Description

The consumer is legally blind and she has both parents with dementia.

The consumer states that she has Time Warner and they were always very understanding and whenever they phone issues, they would come out and fix the issues.

If they couldn't they would always give them a credit to their account.

The consumer states that she called Time Warner (whenever they were going to become Spectrum) and asked specifically if they had to do anything or if she would just automatically getting transferred, since she can't see any notices.

The consumer states that she called Spectrum because she has ongoing phone issues where her calls get disconnected.

They told her they would send someone out to fix the modem.

The consumer states that her mom would go out back and noticed once they left that a wire was sticking out and not connected to anything.

The consumer then noticed that her phone wasn't working at all because people would ask her why they wouldn't answer the phone.

The consumer asked another technician that had came out to fix the modems if they were with Spectrum and they would tell her that she is.

For about 3 months shes been in and out of the hospital and couldn't deal with Spectrum.

Another technician said that she was not on a Spectrum plan but a Time Warner plan instead.

The consumers mom called them 7 times on Monday and they were of no help.

The consumer needs to talk to a technician and she gets disconnected and they never call them back.

The consumer always gets disconnected from doctors offices and pharmacies and other important calls.

There is also a lot of interference.

She states they are paying \$50 more then what they would pay years ago for a Time Warner plan which is still what they have.

She will not be paying \$50 extra for a Time Warner Plan that she is receiving only about 30 mgb.

The consumer needs her phone working since everyone at her home is sick and during this pandemic is necessary.

The consumer states they never let her upgrade to a better plan with more mgb and she needs a good working phone that receives no interference.

Company Complaining About: Cox

Description

Hi, I was laid off due to corona virus pandemic. Cox stated they would not be disconnecting service during this time and have pledged to work with the fcc by not disconnecting people. As of today they disconnected my service. I still haven't even received unemployment because the nv unemployment portal is atrocious.

Ticket: # 3934085 - Covid 19/Internet Outage - CenturyLink Consumer Cannot Work From Home

Date: 4/17/2020 11:53:39 AM

City/State/Zip: Ponifer, Colorado 80433

Company Complaining About: Centurylink

Description

The consumer called to file a complaint about her internet service.

The consumer stated that she has had a complete outage, for internet service, since yesterday, 04/17/2020. When she called CenturyLink to remedy the issue, she was advised that this involves a permanent exhaustion of available services. They would not issue a repair ticket. CenturyLink advised her that there is nothing that they can do about this. She lives in a mountain area, of Colorado. She has been told that this area is fed by copper service. However, there are about 200 homes in this subdivision! They have refused to upgrade the network/system.

She stated that her services had consistently gone out, prior to this outage. She stated that she had been calling about every two weeks with issues. Now it is out entirely. They will do nothing for her/to remedy the outage.

This consumer works from home and has now lost two days of work time.

Ticket: # 3934086 - Internet Billing

Date: 4/17/2020 11:54:07 AM

City/State/Zip: Olive Branch, Mississippi 38654

Company Complaining About: Comcast

Description

My Xfinity bill is \$300 I'm being charged for an unlimited plan and data overage fees for the same bill. When I switched to my unlimited internet plan I asked several times if there would be any fees other than my regular monthly fees and was told no every time. All I want is the data overage fees to be removed for that month. This is all going on during the covid pandemic while I have reduced hours so a \$300 bill where there shouldn't be one is killing me.

Ticket: # 3934139 - Boost Mobile COVID-19

Date: 4/17/2020 12:13:18 PM

City/State/Zip: Shorewood, Wisconsin 53211

Company Complaining About: Boost Mobile

Description

The consumer states that she has a cell phone with Boost Mobile.

The consumer states that she called Boost Mobile because she is currently not working because of COVID-19 and therefore is not receiving income to pay her bills.

Boost mobile was of no help and told her to contact us.

The consumer needs her cell phone turned on in case of any emergency.

The building where she lives has a contract with Optimum she called optimum and they told her that she had a previews balance and in order to get internet she will have to pay that remain balance. Consumer is stating that she never had internet before with optimum that was probably the last family who was living there. Consumer needs the internet for the education of his child. Consumer states that she has prove of the previews addresses where she used to live.

ctr408-phone

Ticket: # 3934244 - Service

Date: 4/17/2020 1:06:25 PM

City/State/Zip: Riviera Beach, Florida 33404

Company Complaining About: Comcast

Description

I have been a customer of Comcast for about 25 years. I don't make complaints but I felt that I need to file a complaint for all customers. I have not had any problems with internet services and overage since I had Comcast. In the last month I was informed that I was going over with the internet. Like I said I have never had any concerns regarding billing issue with the internet. I was informed on March 26, 2020 that I had went over on the internet. I really didn't understand. The agent informed of some changes that was made on your behalf and I needed to upgrade to a different modem. I requested the modem. The problem I am having is the overage came up to the amount of 170.00. I then ask what would the price be for unlimited internet because that's what I initially had. She informed about 50.00 a month additional. I informed her I would have rather paid 50.00 instead of 170.00. That makes no sense for me to waste money. My mother just past away the end of last month. Money is tight now and we all are going through some things with the pandemic going on now. I was told that a request will be inputted to credit me the 170.00 to my account. On March 26, 2020 I paid 400.00 to you for my bill. I just received the next bill for 444.00. I can afford to pay out 800. for a month an 1/2 of service. I only have basic channels. That does not make sense. I was forced to cut my cable service off due to the amount. I only have internet service with you now. I will try to make a effort to change all of my business to another company that will assist me better. That what I get for being a LOYAL CUSTOMER.

Ticket: # 3934252 - Surprise massive Spectrum internet price increase during pandemic

Date: 4/17/2020 1:08:17 PM

City/State/Zip: Apex, North Carolina 27502

Company Complaining About: Spectrum

Description

I am a public school teacher and customer of Spectrum Internet with its "Ultimate 200" upgrade plan (200-300 mbps), which is now a basic requirement for me to conduct online teaching sessions from my home. I opened my internet-only Spectrum bill today to find a shocking 33% price increase for absolutely no change or improvement in my service. This attempt at gouging is happening during our COVID-19 pandemic and makes me feel as if I have just been billed \$100 for a 4 oz. bottle of hand sanitizer.

Since December 2015 I had paid Time Warner \$35/month for this exact same package. Upon Spectrum's absorption of Time Warner by September 2016, Spectrum immediately jacked the price to \$50/month - a 43% increase overnight. This was followed only 1 year later (2017) with another 10% price increase for the exact same service, far outstripping the rate of inflation. Another 9% increase (to \$60/month) followed again one year later in 2018. Now, only 18 months after the last egregious hike in Spectrum internet rates, I am facing a whopping 33% increase from \$60/month to \$80/month.

I am facing a very uncertain economic future as an elective language teacher following this semester, and this outlandish rate increase will cost me an extra \$240 per year for what is considered a basic level of internet service required to conduct my profession from home, whether I full-time teach or contract tutor.

Thank you for your attention to this matter.

Ticket: # 3934275 - Comcast /Xfinity

Date: 4/17/2020 1:16:25 PM

City/State/Zip: Chester, Pennsylvania 19013

Company Complaining About: Comcast

Description

April 2, 2020 I was informed my service was disconnected because of outstanding charges and until I paid my service would not be restored. I paid 300 however the issue wasn't because of an outstanding bill, the cord on the box was broke. The representative gave false info. On April 14 my service was disconnected again for 100 outstanding. Xfinity is giving false information to all of their customers and they also announced that they would not interuppt service due to pandemic. Their practices are deceiving and I shouldn't have to pay restoral fees. I have been a customer for over 10 years. I would like answers.

Ticket: # 3934298 - Unacceptable Internet Speed**Date:** 4/17/2020 1:23:41 PM**City/State/Zip:** Equinunk, South Carolina 18417**Company Complaining About:** Verizon

Description

Since March 31, 2020 my internet speed has been consistently below 1.0 mbps. I am paying for 3 mbps. I am unable to do basic functions such as sending emails and downloading forms. From what I understand, my line is connected to a network with 10 other customers, however the utility is only providing a total of 6 mbps to the group of 10. Clearly this is not enough to support everyone especially now that many are working from home due to COVID-19. I have contacted Verizon almost every day since March 31. I have had multiple tickets opened and closed, and I today I was told that this is the best I can expect because there is too much traffic on the lines and the lines aren't robust enough to support the users. This is unacceptable. Verizon needs to add services to accommodate the increased traffic.

Ticket: # 3934370 - Comcast Account, Dirty Billing Practices**Date:** 4/17/2020 1:52:29 PM**City/State/Zip:** Orange Park, Florida 32065**Company Complaining About:** Comcast

Description

I received an email today advising me my services would be downgraded for payment due to Covid 19. I am told this was not done yet but my system has been running slow for last two weeks. The company has downgraded my service but charging me for the fastest services. I was also told that if I paid 106 by Sunday - they will not shut the service down to a slower speed. This company is threatening to do all of this in a middle of a pandemic! Can you explain how a company can be so cruel and still be in business? I cannot afford to have my service slowed down due to the fact everyone is at home now. We are working from home and my kid is going to school from home. I have spent hours logging in and out of the computer trying to get it to run right but I have been informed it is the internet speed and not my company's server. This is a disgraceful company. I called to address this issue and the representative hung up in my face. I then called back and was told to speak to technical support - I waited for two hours for assist but no one picked up then release the line again in my face.

Ticket: # 3934421 - Service/Billing

Date: 4/17/2020 2:13:28 PM

City/State/Zip: Bronx, New York 10469

Company Complaining About: Optimum

Description

She has a bundled plan.

Optimum is her carrier.

She is having problems with her billing.

Her bill was raised \$10.00 for one month.

She had to pay \$129.00

The next month it was raised another \$10.00.

Now she has to pay \$139.00.

Without notice.

Resolution:

Explain why her bill was raised \$10.00 twice in two months.

Everyone is raising prices at this bad time of the pandemic.

She feels since she has filed a complaint that is why they raised her rates back to back.

Company Complaining About: Mrs.

Description

I just heard a radio commercial regarding COVID-19 symptoms and a "new treatment" using Ketamine. My God! That's a horse tranquilizer and a highly controlled medication used to euthanize smaller animals. First, it's preying on vulnerable people during very difficult circumstances. Second, KETAMINE!!!!

Ticket: # 3934505 - Verizon Fios customer service rep performed deceptive practices

Date: 4/17/2020 2:42:18 PM

City/State/Zip: North Potomac, Maryland 20878

Company Complaining About: Verizon

Description

After I contacted Verizon to see if, during these times of coronavirus, the company would be able to lower my cable bill, the Verizon representative told me that the company would be able to lower my monthly bill by about \$2, increase my internet speed, and increase my number of channels. In the online chat with Verizon, I told the representative that I didn't have a prior bill in front of me and asked the representative if there would be any negative changes at all if I agreed to the new contract -- if I would lose any channels or services -- and was told no, there would be no negative changes; I assume Verizon saves these chat transcripts. Once I agreed and the chat ended, however, I received an email that said I no longer would have DVR service and everything I had on DVR would be deleted. I contacted Verizon, explained the situation to a manager, and was told that it was MY fault -- that I should have noticed, when looking at the new deal, that something was missing -- and that I had three options: revert my contract to the old channels but pay considerably more than I had before, keep the new deal and lose my DVR, or pay for DVR (and the cable deal I'd struct would go from paying \$2 less a month than before to paying \$10 more a month than before.) She told me it isn't possible to go back to the same deal at the same rate I'd had earlier today, and that supervisors couldn't help me and she could not transfer me to one -- it would take three to five business days for a supervisor to call me and that person wouldn't be able to help me either.

Ticket: # 3934518 - Fast internet

Company Complaining About: Spectrum

Description

FOX NEWS is reporting false information and supporting the FAKE President of the USA. Donald Trump, by opening the country, is signing my death warrant. Is murder legal now? If not, then allowing FOX & Trump to air the lies is murder. Stop letting MURDER happen. Stop allowing TRUMP & FOX to air ANY TV at all, ban them for false advertising on COVID19.

Ticket: # 3934561 - Pricing abuse from internet monopoly during Covid-19 pandemic

Date: 4/17/2020 3:02:30 PM

City/State/Zip: Smithville, Missouri 64089

Company Complaining About: Spectrum

Description

Time Warner Cable/Spectrum internet offers the only reasonable option for high-speed internet in Smithville, MO. Their website offers no information about full-price monthly internet plans. Searching by address only shows you the price with a 2-year contract.

From 10/28/2016 to 04/13/2020 my bill has risen from \$59.99 to \$99.99. (No change in service provided) The largest jump occurred on 04/13/2020 when the bill rose from \$79.99 to \$99.99.

Time Warner Cable/Spectrum has abused its power as an internet monopoly, forcing a price increase during the time when families can not afford it.

Ticket: # 3934620 - 17% Rate Increase during the CoVid pandemic is unconscionable!

Date: 4/17/2020 3:24:25 PM

City/State/Zip: New York, New York 10025-6815

Company Complaining About: Spectrum

Description

I just received a 17% rate increase. Inflation is virtually non-existent and Spectrum is taking advantage of its oligopolistic if not monopolistic position in our building ... The rate increase is couched in sheep's clothing ... My rate went from \$137.09 to \$160 .77 per month in the midst of an international pandemic ... a national crisis and a local devastation of death and hospitalizations. The fake 'discount expiring' game of the cable company is shameful There is a pandemic and to increase pricing during such a terrible time is un-American to say the least.

Company Complaining About: Cox

Description

Cox internet is slow and almost unusable from jitter and packetloss due to congested node. Due to the Corona Pandemic, more users are on during the day. Cox has oversold the node causing oversaturation, and has not presented any plans to fix the issue, such as building a new node.

Ticket: # 3934878 - Channel 26-8 complaint

Date: 4/17/2020 4:54:12 PM

City/State/Zip: Las Vegas, Nevada 89122

Description

At around 1:30-1:45 pm, channel 26.8 (dtv movies +) aired music videos that talked about the corona virus. The videos used racial slurs and conspiracy theories that the virus was produced as a biological weapon.

Ticket: # 3934899 - Billing (COVID-19)

Date: 4/17/2020 5:06:28 PM

City/State/Zip: Jacksonville, Florida 32218

Ticket: # 3934995 - spectrum internet

Date: 4/17/2020 5:52:59 PM

City/State/Zip: Beverly Hills, California 90212

Company Complaining About: Spectrum

Description

Without warning, Spectrum billed me ~30% higher. Due to coronavirus, I need affordable internet to do my job. There is no way of contacting someone in person on the phone or through chat about this.

Ticket: # 3935004 - AT&T Non-Compliance with Keep Americans Connected Pledge

Date: 4/17/2020 5:57:42 PM

City/State/Zip: Texarkana, Texas 75501

Company Complaining About: AT&T

Description

I am an AT&T prepaid costumer, and although AT&T is a signatory to the Pledge, they are terminating service for prepaid customers who are unable to pay due to COVID-19 financial hardship. They should either honor the pledge without exception, or be removed from the list of participating companies. That is all I want.

Ticket: # 3935017 - Xfinity Internet Slower Than What I am Paying for

Date: 4/17/2020 6:03:38 PM

City/State/Zip: Chicago, Illinois 60640

Company Complaining About: Comcast

Description

I pay for 200mbps from Xfinity, however by their own speed tests, the internet speed rarely rises above half that. This issue has only become worse since the COVID-19 pandemic, and Xfinity has done nothing to remedy the issue. Frequently now the internet with stop working entirely for periods of 5-15 minutes and still Comcast claims no issues or outages have been identified.

Ticket: # 3935026 - Constant Robo Calls

Date: 4/17/2020 6:10:33 PM

City/State/Zip: Ft. Eustis, Virginia 23604

Description

This govt registered phone number receives many, upwards ten per day, nuisance "robo" calls per day. making matters worse the phone is being legitimately used in support of COVID19 support operations in NYC/NJ area.

Ticket: # 3935067 - High Latency Spikes with Cox Communications**Date:** 4/17/2020 6:38:27 PM**City/State/Zip:** Newport Beach, California 92660**Company Complaining About:** Cox

Description

For the past couple of months, I've had issues with high latency spikes on Cox even with a wired connection which makes hobbies like gaming and live streaming nearly impossible. It seems to be at its worst during prime hours of the day where most people would be using the internet and it has gotten much even worse since the COVID-19 pandemic. This makes me believe that the node that I am on is congested and is not enough to keep up with the demand of my neighborhood. During the night the latency settles and multiplayer games are playable, however, for the vast majority of the day, it is not.

Having no other ISP in my area that can offer the speeds I receive with Cox, I am asking that they install another node for my neighborhood, or whatever the solution may be so that I can use my internet without the latency issues plaguing my experience constantly. This is especially important to me considering I make some of my income from livestreaming, something that is extremely hard to do with the issues I'm experiencing.

I've attached a photo of the program PingPlotter running on my network, pinging google.com and returning extremely high latency spikes every few seconds.

Thank you

Ticket: # 3935112 - Threats of Disconnection during COVID19

Date: 4/17/2020 7:20:49 PM

City/State/Zip: Garland, Texas 75040

Company Complaining About: Spectrum

Description

Prior complaints of Ticket (b) (6) have been ignored by Spectrum. They are violating their commitment to Keeping America Connected repeatedly. I am being harassed by autodial Robo calls every other day, threatening emails, and letters threatening disconnection and disruption of services during this pandemic.

Ticket: # 3935119 - Billing Dispute/ Mis Informed.

Date: 4/17/2020 7:25:22 PM

City/State/Zip: Palmdale, California 93552

Company Complaining About: Verizon Wireless

Description

I called to let Verizon know I was laid off from work, a female rep stated she was going to code my account with Covid relief and she made it clear my next bill was going to be due June 2, 2020 and that my bill was going to be \$371. As of April 17, 2020 and I'm already getting bills from Verizon for over \$800. I called wanting to resolve my issue on 4/17 and after being on the phone for over an hour and getting blind transfer from different reps, a lady by the name of Lily advised me I was misinformed. She stated there was nothing she can do for me. If I were of been giving the correct information due to my financial situation I would of cancel my service, instead Verizon lied to me for me to continue my service with them and continue to bill me after I called them to let them know of my financial situation.

Ticket: # 3935195 - Unacast.com

Date: 4/17/2020 9:09:57 PM

City/State/Zip: Evansville, Indiana 47715

Company Complaining About: Unacast

Description

This company has been tracking phones all across the US. What gives them the right to do so? They are in clear violation of our 4th amendment rights. Cease and desist.

Ticket: # 3935196 - intermittent internet spectrum

Date: 4/17/2020 9:13:38 PM

City/State/Zip: Frisco, Texas 75033

Company Complaining About: Spectrum

Description

Spectrum recently raised my monthly fees for Internet service and advertise 200MB down and 10MB uplink, but had to call three times to get fixes. Been frustrated with Intermittent Internet and its causing issue with my work as well as my daughter online class due to covid19. I've been calling Spectrum tech support and no good answer, they keep telling me that service in my area is overload but no concrete answer on when it's going to fix. I'm paying for services that i'm not getting help.

Ticket: # 3935212 - False, Misleading, misrepresented facts regarding public safety.
The criteria available to me below do not allow addressing this topic directly

Date: 4/17/2020 9:43:17 PM

City/State/Zip: Rio Verde, Arizona 85263

Company Complaining About: Cnn

Description

The US Corona Task Force held a public presentation to direct and provide information and assurance to the population of the United States today April 17, 2020. That presentation provided a scientific and professional guidance and information regarding testing, disease propagation and controls to be implement during specific phases of the next steps in dealing with the Corona Virus Pandemic. The protocols, mechanics, testing methods, availability and sources of that capacity were specific and well presented by Medical Professionals from the NIH, CDC, the Task Force and FEMA. Other professionals also provided much needed guidance for the general population as well as local Governance required to complete this desperately needed effort to save lives and protect the health of Americans. As a Scientist I found it well thought out, mathematically accurate, a ;logical use of test resources and scientifically based.

CNN, Anderson Cooper and Reporter Acosta, immediately following this presentation/dissemination of technical guidance and information then proceeded to:

- 1) Misrepresent and misconstrue facts, test capabilities, protocols and applications
- 2) Misrepresent facts of testing implementation
- 3) Misrepresent Facts of requirements for implementation of the "re-entry" plan
- 4) Misrepresent facts regarding the technical support of local governments by the NIH, CDC, and other Federal Agencies to proceed through these next phases safely
- 5) Affirmatively declare knowledge of President Trump's mental health and motivations

These misleading and misrepresented facts and positions will cause:

- 1) A lack of confidence by local Governance in the re-entry protocol
- 2) A lack of proper engagement by local Governance with Federal Agencies having correct expertise, supplies and other resources.
- 3) A lack of confidence by the Public in both local and Federal Governance in containing and managing the health and safety of the Public .
- 4) Loss of life and serious health impacts on the men, women and children of this country
- 5) Loss of resources to correct these false and misleading statements and assertions.
- 6) Again resulting in the potential (and likely actual) loss of life.

Please hold the CNN Corporation and Specifically Mr. Anderson Cooper and Mr. Acosta accountable for their misrepresentation and false assertions.

Said responsibility could consist of formal censure, criminal penalties, or civil actions removing them from positions of trust for which they obviously have little regard.

Evidence for these occurrences can be found on review of the Friday, April 17, CNN Cooper Anderson report @ 5:00 PM Pacific Time and the Corona Task Force Briefing of Friday April 17, 2020 either CNN or FOX news archives.

Thank you for your patience and time in the review of this rather lengthy note

(b) (6)

Ticket: # 3935219 - Spectrum charging for services customers aren't able to get

Date: 4/17/2020 10:00:44 PM

City/State/Zip: Lutz, Florida 33558

Company Complaining About: Spectrum

Description

I live in a new community called Birchwood Preserve in Lutz, FL (33558) and it's nearing its completion stage of homes to be built. Recently many neighbors in our community have been having major bandwidth issues. With service dropping off throughout the day. At first, we thought it was related to our set-up and the recent corona virus at home policies keeping everyone at home. However, Spectrum has now admitted that the infrastructure itself isn't set-up to support our community. Several members of our community are paying to have speeds that they are not getting. Spectrum has a monopoly in our neighborhood and there are no other providers so they are unwilling to fix it. Is there anything we can do to get the service we need?

Ticket: # 3935224 - 2020 election

Date: 4/17/2020 10:13:18 PM

City/State/Zip: Mesa, Arizona 85207

Company Complaining About: Out Of Country

Description

This is my analysis of the 2020 election

The Demoncraps have been rigging election since the 60's when they killed one of the own, JFK. And the 2020 election has been in planning since 2016 and will do ANYTHING to get back in control to destroy the USA

The caravans are not about asylum, amnesty or immigration.

They are for the 2020 election and to overload the system meanwhile. Why else would states give drivers licenses to illegals who walked here and don't own a car but will have an ID to vote.

They have tried impeachment and failed

They tried the Russian collusion and failed

They have tried scandals and failed.

They blame everything on Trump and failed.

Now they have created a pandemic virus that has literally shut down the world and should we get it under control, they will reignite it by November. Why? So people cannot go vote and have to mail in their votes which will disappear and be replaced by DNC votes. Can anyone name just one good Demoncrap that has America first? JUST ONE?

If done electronically, Zuckerberg has controls of millions of devices across the USA followed by Google, Twitter and other social media. You may think you voted on line but it never went anywhere.

There will non stop fake news on Fake Book, fake polls, fake, fake, fake.

Zuckerberg will be shadow banning millions of people. By shadow banning is you voice your opinion and post on your page and yes it is there but nobody else see it

"We The People" need to take control even if it means taking it to the streets. Control of voting stations. Weeding out illegals, etc

The 2020 election will be the MOST RIGGED election in USA history and the USA knows that Trump is the only pro American candidate putting America first

Ticket: # 3935235 - Spectrum Internet

Date: 4/17/2020 10:46:13 PM

City/State/Zip: Lutz, Florida 33558

Company Complaining About: Spectrum

Description

I live in a new community called Birchwood Preserve in Lutz, FL (33558) and it's nearing its completion stage of homes to be built. Ticket: # 3935265 - City municipality channels

Date: 4/17/2020 11:42:51 PM

City/State/Zip: Clearwater, Florida 33761

Company Complaining About: Spectrum

Description

Spectrum will not supply availability to our local municipality channels which are free to customers. For some reason, our particular Condo Association is not given these free channels along with all other customers. In order to get these free channels, they insist I would have to change things that would remove other channels and/or pay more for things like cable boxes, etc. I have already missed our city's election information and am now missing important Covid19 information through the city. I cannot see why (under any circumstances) they cannot include the free city channels offered to everyone.

Ticket: # 3935305 - service turned off owe 123.66 balance

Date: 4/18/2020 1:41:45 AM

City/State/Zip: Absecon, New Jersey 08201

Company Complaining About: Comcast

Description

Today 4/17/2020. My husband turn on the tv just to find no service. I called comcast and they say at 1st for me to reset tv, after 15mins. she would text back which never happen. I called by and another person explained that I was in payment assistance and that had suspended my svcs. for a passed due amount of 123.26, but i still had a outstanding balance of 27,41. Plus I had a coming bill of 150.70. I asked how she said that is my bill for May 13 and due on June 6th. Now due to my husband having cancer and covid 19. We are very tight for money, as most american know. This is why mortgage companies, car companies and other's are deferring payments, until we survive covid 19, but not xfinity/comcast.

In order for me to get my tv back on i had to paid \$150.70, now mine you I did send 175.00 on my bill and that was after paying for my essential bills which I had to make parital payments. I feel like i was forced to spend money that i don't have for a nonessential entertainment that I don't have doing to crisis. Like i said my husband have cancer and all he is able to do is sit and watch tv. I had to charge a credit in order to pay the fee,which I would have paid at the end of the month when I got paid. I am the only one working in the household and like I said life has really changed since my husband is unable to work and i work very little due to covid 19 and taking care of him. I really want to change my service and go with other services that is much cheaper by as you know comcast is the only broadcast in the area. If you look at my records you can see that my husband and I have always paid our bill, but have fallen on hard times. Comcast seems to always do things like this and I really can't wait until something new come in to offer us. If any one would have told me that comcast of all people wouldn't help in a crisis like this covid 19 I wouldn't believe it. I have internet service , cell phone and tv. I have called for my payments to be lowered and alter my services only to find that it keep going up. I am so disappointed with the service til I am looking for something else before my next bill come in because everyone I know is so unhappy with xfinity.

Please respond to my letter. No way I can keeping in a time like this and you don't defer or other people payment relief and continue to skyrocket the bills.

Thank you

Ticket: # 3935369 - Drive-In Theater - FM Station

Date: 4/18/2020 9:00:27 AM

City/State/Zip: Uvalde, Texas 78801

Company Complaining About: Hangar 6 Air Cafe / Skyway Entertainment Group

Description

There has been a drive-in movie theater open in the past week and from what I can tell they don't have an FCC license to operate their FM sound system after searching all current FCC licenses in our area. The owner has several FCC licenses for aircraft, however, there isn't one for him personally, the Hangar 6 Air Cafe, or Skyway Entertainment Group, the company in which he is operating the drive-in theater under. The theater was broadcasting on 89.3 on April 14, 2020, and it could be heard loud and clear over ½ mile away.

Please look into this violation, as the owner is known to commonly circumvent the law and do things in a shady fashion to make a buck.

Here is their web site outlining the drive-in theater, which on a different note, is most concerning during the COVID-19 situation.

Ticket: # 3935405 - Suddenlink disconnected internet service coronavirus essential employee

Date: 4/18/2020 10:25:48 AM

City/State/Zip: Scott Depot, West Virginia 25560

Company Complaining About: Sudden Link

Description

I recently moved into a new home in late March. I purchased Suddenlink cable tv and internet service. Everything was working ok until Thursday the 16th of April. My internet would not work. After troubleshooting and multiple calls and chat with Suddenlink customer support, I found out the company had deactivated my internet access. They could not tell me who did it, as I had just had the service installed and did not remove it. I am an RN and also in school to advance my degree, internet is essential to my Covid response with work emails. I will be 4 days without service they disconnected without my consent before a tech can come reinstall the service at the outside box.

Ticket: # 3935446 - Price Gouging

Date: 4/18/2020 11:30:03 AM

City/State/Zip: Vail, Arizona 85641

Company Complaining About: AT&T

Description

How can ATT (DirecTV) get away with billing folks full price during this pandemic when there are no live sports anywhere in the world, no live daytime and nighttime shows.....just reruns. They charge me a "regional sports fee" when no regional sports are being played at all. They charge me rental fees for cable boxes that cost them only a few bucks to make but they rent them to me from now until the end of time. That's paramount to paying off a car loan but still making monthly payments to the bank because of their corporate greed. They charge me for a protection plan that supposedly offers me free upgrades but there are no upgrades available. It's corporate greed at it's finest and either Congress or the FCC needs to put a stop to it, pandemic or not. This is ridiculous!!!

Ticket: # 3935515 - Internet Access and Regulation**Date:** 4/18/2020 12:55:43 PM**City/State/Zip:** Pittsburgh, Pennsylvania 15222**Company Complaining About:** Comcast

Description

The internet, something we all use every single day. Whether it's for work, school, or fun, the internet has become a big part of believes lives in the past decade. Recently, the world has started to rely on the internet due to a global pandemic. So, why is it that Net Nuetrality isn't a priority? Why do we believe we don't need it? Everyone is using the internet to work on classwork, to do their job from home, and to communicate with loved ones during this time. Internet should be accessible and affordable for everyone. We need regulation to make sure that everyone has equal access to the internet. Especially since internet is now a necessity if you want to be able to be apart of and work in today's society. No one should have to pay more than others to aces the same things. Please regulate the ISP's to make ensure fair and equal access.

Ticket: # 3935519 - robocalls from spoofed numbers

Date: 4/18/2020 1:07:28 PM

City/State/Zip: Canton, Mississippi 39046

Description

Since the beginning of 2020, I have been receiving phone calls on my cellular phone from numbers I do not recognize. Presumably, these are marketing calls. All of the numbers are presumably spoofed, and presumably they are all robocalls. The frequency of the calls has varied. For most of January and early February, the frequency was one call per day, though it increased to three per day at times. There have also been short periods where I received no such calls, perhaps as a result of my reporting the incidents. In general, the frequency has dropped from that Jan/early Feb high, which I am pleased about. However, the calls have not stopped.

Many of the spoofed numbers were registered for Greenville, MS. However, I have also received calls from Coffeetown, Booneville, Hollandale, Tupelo and Winona. For a brief period, calls came in from out of state as well. The out-of-state calls coincided with the period in which the coronavirus pandemic first began to get serious attention in the United States. Those have since stopped. The call I am reporting in this complaint was identified as coming from Winona, MS.

Most of the time, I do not answer the calls. When I do however, there is generally only silence for a few seconds, and then the call is dropped. At times, I have tried to return the call to make sure it was not legitimate. When I call these numbers back, one of two things usually happens: the number has been spoofed, and I get the true user of the number, who has nothing to do with the call, or the number doesn't exist at all.

In 2019, I was unscrupulously and intensely harassed for months by robocallers selling health insurance. Because I have not answered most of the calls in 2020, and they do not generally leave voice messages, I do not know they are selling health insurance, though my former experience suggests that it is likely. In two cases, a message was left, and, you guessed it, they both featured an automated voice soliciting me to buy health insurance. While the voice messages allow me to be more specific in my complaint, the practice is, in general, even more egregious, because it can quickly clog up my mail box. I have also been compelled to put my phone on Do Not Disturb in order to maintain any peace of mind.

I adopted the policy in 2019 of reporting EVERY SINGLE incident to the FCC. After months of effort, those calls were eventually almost completely eliminated. Unfortunately, however, 2020 has seen a return of these disruptions to my day and attempts to defraud, and it looks as though I can expect it to continue. I intend to continue my no tolerance policy toward the perpetrators of these actions by reporting this and all such incidents to any reputable authority I can find. These people are criminals who make a living through fraud, and who show a total lack of regard for the right to privacy and peace of mind. It is my hope that I will not only ultimately succeed in stopping the calls to myself, but that these criminals will be located and punished.

Ticket: # 3935522 - FRAUD UNWANTED TEXTS CONSTANTLY FOR YEARS!!

Date: 4/18/2020 1:10:33 PM

City/State/Zip: Cranston, Rhode Island 02921

Company Complaining About: None

Description

I received ANOTHER Fraud Text. I have been receiving these texts from the same sender but from DIFFERENT NUMBERS EACH TIME for 5-6 YEARS!! ALL are addressed to "Allie" (not my name). ALL say they have a "prize, offer, gift, money, Covid-19 product"...ALL have a link in the texts they want me to click on (I NEVER have). I keep blocking each number that each text is sent from for 5-6 years. But they have endless numbers to use because these texts continue. 4/17/20 Fraud Text at 8:48 AM came from 657-397-9046. It said there was a \$120 gift and package from Amazon Rewards. The link in that text was: d2ecv.info/B6n8ez5xlw
The copy of that text is below in pdf.

I can no longer afford to keep the entire package due to loss of job due to coronavirus. I tried to negotiate with Verizon to only keep the internet . They said ok but early termination would be applied . I need to figure out how to do this.

Ticket: # 3935551 - Sprint Threat of disconnecting services

Date: 4/18/2020 1:47:53 PM

City/State/Zip: Fresno, California 93706

Company Complaining About: Sprint

Description

With keep america connect sprint has pledge not to disconnect services, but have received 3 notices regarding disconnecting. I contacted sprint and they told me I must set up a payment arrangement to secure connection. My bill was due on 4/5/20 and am now passed due. My husband has been furloughed since 3/18/20. I tried explaining due to Covid 19 we have lost a large sum of our income. He has yet to receive payment from edd. I went ahead and set up an arrangement to pay in 2 weeks to secure my connection, but what if I cant pay? I would of broken my promise, then what? Why pledge when they are still requiring payment to secure! The msg I recieved via text to go to sprint.com/covid-19 for more info.

Ticket: # 3935552 - Spectrum complaint

Date: 4/18/2020 1:48:11 PM

City/State/Zip: New York, New York 10025

Company Complaining About: Spectrum

Description

Approximately three weeks ago, i filed a complaint regarding Spectrum cable. despite an executive order by the governor, spectrum cut off my service....after i was held hostage to a \$166 payment for access to the outside world and was assessed a late fee (which was ultimately removed notwithstanding the fact that the late fee amount assessed was double the amount of the automated line). after going back and forth with spectrum executives once they received news my complaints of ongoing service issues and violations of executive orders, after speaking with ray smith of the executive office on april 14, who refused to give me retroactive credits until such time i allowed a technician into my dwelling to review the issues. right after my call and my refusal and automated calls stating that a payment was past due (even though a payment was made two weeks earlier because i had no other access to the outside world and news) given the covid 19 situation because i live with a cancer diagnosis and autoimmune disease, all of a sudden i began to have even more problems whereby cable and internet was not working. last night, the cable went out again which i thought was a technical glitch but now after spending a couple of hours trying to resolve the situation, i now have to wait for a technician tomorrow for access to news. i find the timing of this situation highly suspicious and inappropriate given the dire health situation going on in new york. all of a sudden when i am refused retroactive credits for services that i have been paying for and not receiving and being told that i can not get them until a technician is allowed into my dwelling, the cable miraculously goes out and only a technician can fix it. On Friday morning, at 8am I was awoken by an automated call confirming my appointment. Minutes later, I received another automated call after being told previously that there was no outage in the area that the outage in the area had been fixed and to check whether service had returned. Then I received an automated call for payment and an email (for services that I have not been receiving). A technician came out and yet no one from Spectrum will apply retroactive credits or respond to communications. On Sunday (today) again, at 8:13 am, I received an automated call from Spectrum about an appointment followed up by another call at 9:29 am about an outage in the area that was fixed (so many outages). Spectrum's unfair, ongoing violations of business practices, misrepresentations and harassment must be investigated. Nor should I be held hostage for access to the news and information and harassed for payments for services that I am NOT receiving.

Ticket: # 3935615 - spectrum speed failures

Date: 4/18/2020 2:36:43 PM

City/State/Zip: Hawthorne, California 90250

Company Complaining About: Spectrum

Description

Hi. I am an essential worker who edits stories for nbc national news... now from home. We upgraded our services prior to the mandatory stay at home order... to 940mbps speeds so I can continue to put out national news stories daily. Spectrums lines are completely saturated with users and the free wifi plan to kids that the government is paying for..... I live a 1/2 mile from 6 schools. My internet speeds are a 1/6 of what is contracted under the gig plan. Spectrum's commercial states that Spectrums network was built for times like these.... I disagree and the 20 +hours on the phone and multiple appointments at my house is alarming due to covid. MAintaining their infrastructure and adding nodes to their local neighborhood hubs/nodes would help.... .

Ticket: # 3935630 - COX CABLE: Bait & Switch on Contract Pricing

Date: 4/18/2020 3:08:56 PM

City/State/Zip: Rancho Palos Verdes, California 90275

Company Complaining About: Cox

Description

Good day,

Cox Cable Loyalty Department basically told me "Too Bad". Not sure why they have a Loyalty Department as they do nothing to resolve conflict or retain the customer's business. As new options for cable customer crop up, I foresee Cable Companies continue loss of customers to those other options.

Issue: I am on a limited budget and can barely afford the basic cost of the package which was approximately \$125/month with taxes for TV, Internet, and Phone service. I take extensive notes and compared their 1 and 2 year Contract options. I opted for the 2 year contract to lock in the cost. However, at the start of year 2, the bill rose by \$20 + Taxes. I called several times and the last agent said she would escalate to management to review the audio tape of that conversation to see if the "price increase" was accurately disclosed to me and I accepted. I was told it would take a few days. A week or so later I called back to be transferred to the loyalty department who told me they would not be reviewing any audio tape.

With the last rep, I reviewed the "T&Cs" of the contract. Neither she nor I could find any language referring to a price increase of \$20 in Year 2.

Therefore, this is a highly dishonest practice by Cox Cable. It is Bait and Switch. What is the point of locking a customer into a price "contract" when you will not honor the price for the time commitment?

I then asked to be released from the contract and the Loyalty Department denied me and said they would charge me the hundreds in termination fees. So, they uphold some of their contract for the benefit of themselves and not the customer.

Therefore, I request Cox Cable to reimburse me the overage paid since January 2020 and to return the price back to the contract cost. As this affects thousands of customers in their deceptive practices, I will be referring this to the District Attorney of Los Angeles to investigate further. This is why customers no longer trust "Corporate America" as "Corporate America" seems to have centered their business model around profits and deception instead of the long term benefit of customer satisfaction.

Second Issue: I do not watch Sports Channels as do so many other customers. Most likely the majority. As Cable Costs continue to rise, the Cable Companies want to pass and spread out those costs to all their customer base to pay. Not only are we paying for the increase cost for not watching any of the channels, but they also charge a surcharge called "Regional Sports Surcharge" which in my case is another \$8/mo or \$96 plus taxes per year. As Cable/Internet have become a "Life or Death" type of instrument, I again feel that Cable Companies can do whatever they want. I would like the FCC to look into this as will I with my state government. How many children in this COVID

environment cannot do their schoolwork because their parents cannot afford these ever increasing bills? It will get to the point that a significant portion of the population will not be able to afford any of it - similar to medical insurance - and they will go without. Cable Providers have a Corporate and MORAL responsibility to provide services at the best possible rates. Let the SPORTS fans pay the higher costs. Would they like it if I made them pay for multiple "SEWING" channels, as an example, that they have no interest in watching. COX CABLE - take responsibility and be a leader in best business practices....not "Switch & Bait" and not "Extortion" in paying extra for SPORTS channels that most of us do not have an interest in watching. Thank you.

Ticket: # 3935672 - Verizon Wireless

Date: 4/18/2020 3:51:57 PM

City/State/Zip: Chambersburg, Pennsylvania 17201

Company Complaining About: Verizon Wireless

Description

Verizon Wireless will not help me to keep an active line even though I have no ability to pay during Covid-19. I have not yet received my stimulus nor have I received child support due to father having just been furloughed, I have no money at the moment and Verizon pledged to not disconnect lines. My problem could be solved if Verizon would honor what they've said.

Ticket: # 3935728 - Cox Internet in Phoenix AZ

Date: 4/18/2020 4:34:44 PM

City/State/Zip: Phoenix, Arizona 85023

Company Complaining About: Cox

Description

We've been with Cox for 15+ years, and over the last 3 years or so their internet quality has gone down to the point where it is unusable. We are seeing ping spikes throughout the day, as well as download speeds of 0.01 mbps when we are paying for 150 mbps. I have contacted Cox dozens of times and each time I complain, they tell me my modem is bad despite the fact that I've replaced it several times with modems that they recommended. When I tell them that I have already replaced my modem, they tell me they'll see what they can do, and suddenly my internet starts working again for a week before it all collapses again. I have never dealt with such a blatantly fraudulent company, they don't even try to hide the fact that they lie rather than actually addressing customer issues. I am now stuck doing my schooling at home because of the coronavirus situation, and our internet has been down for the last week. I missed an exam because I couldn't access the internet. I cannot even study at this point. Something needs to be done about Cox in Phoenix, AZ.

Ticket: # 3935772 - Spectrum raised the price of service during pandemic and made me cancel

Date: 4/18/2020 5:36:45 PM

City/State/Zip: Hacienda Heights, California 91745

Company Complaining About: Spectrum

Description

I was a customer of Spectrum for 2 years (account (b) (6)) My name is (b) (6) (b) (6) The company raised my rate in the middle of pandemic. I tried to negotiate so that I can keep for at least two more months my old rate. Marcos and a supervisor named Rebecca forced me to cancel or pay the new amount. I asked to freeze my rate for at least two months so I can get time to safely change providers. My wife is sick with lupus and at high risk of infection. I am putting her in danger by bringing a tech at home from another company. Spectrum agents are heartless and do not care about customers. Spectrum did not give me any options but to raise my price more than 25%. Now I do not have internet except for my phone. And I am looking for a new company.

Ticket: # 3935800 - COVID-19 Antibody Testing Ad

Date: 4/18/2020 6:07:19 PM

City/State/Zip: Highland, California 92346

Company Complaining About: Kfi Am 640

Description

KFI AM 640 has aired a commercial advertising covid 19 antibody tests that are not FDA approve several times today. This borders on a hoax, and I believe that the FCC should be made aware of this advertising. Currently, the FDA has issued guidance against advertising covid 19 antibody tests. At the very least the commercials are questionable. Not an availability issue, please forward to the appropriate parties.

Ticket: # 3935837 - AT&T Uverse Internet

Date: 4/18/2020 6:56:18 PM

City/State/Zip: Travelers Rest, South Carolina 29690

Company Complaining About: AT&T

Description

In early March before this Covid 19 was in full swing I called to get AT&T internet service installed at my home. A AT&T Uverse Tech came to my house the Saturday after the call and upon meeting him at the door he was quite rude and asking me why did I not just use a hot spot to get the same service because all I would be getting is 5mbps. I told him I needed a dedicated line because I've had a hotspot it wouldn't do what I needed since I work for a bank in the mortgage industry. He moves to the back of the house and unplugs everything in the phone box on the side of the house then moves up the driveway and opens the main line box that is next to the driveway and unplugs most of the wiring in it and leaves it open. He proceeds across the road and gets in the box of the neighbors for about 30 minutes and leaves with out letting me know anything and leaves the box on the house and the one next to my driveway open. I called which takes for ever and tried their online chat which you can't connect to half the time. When I did get to talk with some one multiple times they said they scheduled some one to come out and then they never showed up. When I call to talk to some one they keep telling me that the tech is working on their end but I tell them once they are done on their end nothing will work at the house because it's disconnected behind the house in the telephone box and the main box next to he driveway is open as well. I have photos of both. I would like to get this resolved. My job wants us to work from home but due to this I can't .

[Ticket: # 3935926 - Cox is giving awful internet service](#)

Date: 4/18/2020 8:13:40 PM

City/State/Zip: Mesa, Arizona 85201

Company Complaining About: Cox

Description

Cox internet connection is giving huge amounts of jitter and packet loss specially during congestion due to COVID-19

Ticket: # 3935955 - Prorate

Date: 4/18/2020 8:41:18 PM

City/State/Zip: Denton, Texas 76210

Company Complaining About: Charter

Description

Charter billing practices are completely unfair. Due to COVID-19 I had to make cuts so I cut off my TV early in the pay period. In fact there are still 10 days left as I write this. I called last week. Charter no longer prorates the bill. Ok but they also cut off your TV the minute you call them. So I am basically paying them for nothing. It is not fair to the consumer. I called they would only give me a 20 dollar discount when it should of been at least 50 dollars. If they are not going to prorate they should be required to at least keep services on till the end date. Not cut you off minute you call or go back to prorating the bill. I am sure there is nothing that can be done and I will not be going back to them for the TV service and if they didn't have a monopoly I would go elsewhere for internet. I have always paid my bill every month. The manager I talked to was also rude and started raising his voice thus making me raise my voice back. So not happy why I am writing this. These are difficult times and feel they should do more to help their customers.

Ticket: # 3935959 - T-Mobile Prepaid

Date: 4/18/2020 8:48:13 PM

City/State/Zip: Brooklyn, New York 11202

Company Complaining About: T Mobile

Description

URGENT: T-Mobile continues not to process payments for my T-Mobile account. I tried again yesterday to make a payment. Whichever card I use, they claim the card is no good. However, the cards work perfectly fine anywhere else. Each time, offshore representatives and supervisors engage in highly inappropriate and often cynical statements, inquiries and demands. Each time, I can see that T-Mobile successfully placed multiple holds on my accounts. Following multiple complaints over the past year and a half filed with the FCC about this and related issues (e.g. cutting off service in spite of successful payment), the T-Mobile Executive Response Team told me abruptly earlier this year that they would no longer investigate the matter and I should find a different phone provider. The T-Mobile store, where I tried to pay when it was still open, then told me that my number (after almost ten years of being a faithful prepaid client) is marked as no longer active and that they would not be able to accept payment without giving me a new number. In view of the current COVID19 lockdown, I risk losing all phone and internet connection to the outside by APRIL 23 if the matter is not successfully resolved before. Thank you for your IMMEDIATE ATTENTION to the matter.

Ticket: # 3935969 - Verizon disconnected my services

Date: 4/18/2020 9:01:39 PM

City/State/Zip: Portsmouth, Virginia 23703

Company Complaining About: Verizon

Description

My services was disconnected due to non payment and they asked for a cash payment. With coronavirus shutdown no place was available. I paid with my debit card and they wanted me to wait 10 days for my services to be restored. They completely terminated my services and I had to set up new services. It was a huge inconvenience because my services was out for a week and I had kids that had classwork to do for school. Services under my husband name (b) (6) (b) (6). They said they wasnt disconnecting services to adding late fees due the pandemic.

Ticket: # 3936022 - Scam calls, texts

Date: 4/18/2020 10:50:40 PM

City/State/Zip: Sandpoint, Idaho 83864

Company Complaining About: Carry-zero-stress.com

Description

A persistent scam operation intended to milk people "stressed" by Coronavirus.

I get these every day.

Do something, please.

Ticket: # 3936027 - Comcast unfair data caps

Date: 4/18/2020 11:04:04 PM

City/State/Zip: Seaside, California 93955

Company Complaining About: Comcast

Description

We spent 300 hundred dollars on overaged fees for internet with Comcast. On top of the 80.00 a month. They shutdown our internet while in the Coronavirus epidemic so we payed them in full. \$450.00 to turn on the internet, our kids have online schooling due to our epidemic and they won't turn our internet on. Always excuses with Comcast they have tons of them. They also have really bad billing schemes, please investigate them fully. Data caps at 1tb a month is not realistic cap for any family. You'll always go the data cap. Please help with senseless greed from Comcast

Ticket: # 3936033 - Spectrum surprised me with 20% rate increase during pandemic

Date: 4/18/2020 11:13:27 PM

City/State/Zip: Greenfield, Wisconsin 53228-2005

Company Complaining About: Spectrum

Description

My March 22 Spectrum internet bill had a surprise increase from \$50 to \$60. Out of all the times in the world to raise my internet, they pick the week after I lost my job due to the coronavirus??? I'll concede they have the right to raise their rates, but their insensitivity is truly off the charts! I called customer service to ask them to hold off on the increase until I can at least get back to work, and they said no, the rate increase would stand. I wrote a letter to Charter Communications corporate, but did not hear back from them.

Ticket: # 3936050 - Internet outage

Date: 4/18/2020 11:42:53 PM

City/State/Zip: Bullhead City, Arizona 86442

Company Complaining About: Sudden Link

Description

I have been without internet since 4/12 I have had 2 guys come of from Suddenlink that couldn't fix my issue both stated that someone else needed to come out because it was something that had to do with the outside lines. The one guy that came out yesterday 4/17 stated someone would be out to fix it on either 4/17 or 4/18 and of course no one showed up. We called guy who then stated he didn't know why other than maybe they don't work weekends. I am at the point now that I'm getting know where with this company, they tell me different things while still taking my money and no resolving my no internet issue. I work from home and now have kids that are home school due to covid-19. All I want is for someone to fix my issue as I have been without internet for almost 7 days as of tomorrow. Again my job depends on me working from home and I feel like I'm stuck as they are the only provider in my area. Please help me if you can I'm beyond stressed out with this company and the lack of compassion they have for us customers in this most difficult time. I would really appreciate any help you guys can help with this issue getting taken care of.

Ticket: # 3936061 - Cox cable/ disconnect

Date: 4/18/2020 11:54:23 PM

City/State/Zip: Narragansett, Rhode Island 02882

Company Complaining About: Cox

Description

In 4/18 at 11:00am my service was disconnected for being 100.00 delinquent on last months bill. Currently bill isn't due for several days. Shameful give the covid situation. Disconnected over 1/2 a bill being late! Cox cable should be fined for this behavior. Greed!! Shameful!! I paid the 100.00 to have my service restored. Wasn't offered any help or options. I've lost my jobs due to covid-19.

Ticket: # 3936142 - Turning off phone in my business during COVID 19 required closure

Date: 4/19/2020 9:19:59 AM

City/State/Zip: Philadelphia, Pennsylvania 19106

Company Complaining About: Comcast

Description

My business is in Philadelphia Pa. I am a small business owner, senior, with a boutique. We were closed mandatory by the city of Philadelphia on March 17,2020.

Within is days, it became clear that this would be a longer closure than I would be able to afford the bills. I was able to turn off every utility, work with my landlord, and cancel things that would cost me money I could not pay.

Comcast at first refused to do so , on 3/20. They told me I had a contract to fulfill , and I would not be able to turn it off. I told the that would be impossible, and that it would be fine if they just froze it then. They said that option did not exist, if I turned it off I had to pay the duration of the contract, if I left it on there would be monthly billing.

I opted to turn it off, and hope to be able to resolve this at some point.

Today on 3/25, I was sent a bil in the amount of \$1134.26 for the full contract. I had a credit for prepaying the previous month of \$153.26

It is not my fault the government of the US forced me to close.

I would like those charges removed and a ful refund of \$153.26 returned to me

Further for some reason. they are demaning I return the equipment or get an additional charge. Since My business has to be closed obviously that is not possible.

These people are treating a small business owner in an unacceptable manner.

When and if I am allowed to reopen. I would never want their services

Please resolve

Ticket: # 3936145 - Local tv station availability in South Carolina

Date: 4/19/2020 9:21:17 AM

City/State/Zip: Bamberg, South Carolina 29003

Company Complaining About: Directv

Description

In the lowcountry of South Carolina we do not receive any SC tv stations, but only Ga stations. Our elderly population who do not have access to cell phones or computers cannot get any SC information concerning the COVID 19 virus or severe weather. A Columbia or Charleston station would be ideal. Please reconsider your decisions for the Directv customers in SC.

Ticket: # 3936181 - Virgin Mobile & Boost merger

Date: 4/19/2020 10:45:54 AM

City/State/Zip: Southington, Connecticut 06489

Company Complaining About: Boost Mobile

Description

Virgin Mobile migrated customers to Boost. I had a pay as you go plan and now a phone that does not work. My 40 hr job has changed to 20 hrs because of the COVID virus. I cannot afford a new phone at this time. On 4-2-20 I asked Boost for the money in my account(\$106)to be refunded since I can't use the phone and I had no say in the merger. The coverage is also poor in my area. I have not heard back. I could really use this money to pay bills.

Ticket: # 3936190 - Sprint fails to provide service

Date: 4/19/2020 10:55:04 AM

City/State/Zip: New Orleans, Louisiana 70115

Company Complaining About: Sprint

Description

Since the merger with T-mobile, Sprint (my carrier) has not provided service. I have had more days with no service (with stints like 10 days no, one day good, then 7 days down again). With COVID I have not way to terminate and move to another carrier. This is a fundamental failure and public health emergency. I cannot make or receive calls.

Ticket: # 3936222 - Verizon - cut service on phone that is paid in full.

Date: 4/19/2020 11:40:05 AM

City/State/Zip: Goshen, Indiana 46526

Company Complaining About: Verizon Wireless

Description

My sister is in the hospital. I paid her phone bill last week. The next day, they cut the phone off. Then I was told they needed more money (which is ridiculous) we've overpaid them already. They acknowledge all of the payments but won't turn on the phone because we did not know her PIN number (which she also does not know. We tried our best but, because I am not her, I cannot get them to turn on the phone. They even admitted they should not have cut off the phone because of the Coronavirus crisis. This is very serious. Her name is (b) (6), Indiana. I am (b) (6)

Ticket: # 3936225 - Internet and TV disruptions

Date: 4/19/2020 11:44:16 AM

City/State/Zip: Hamden, Connecticut 06517

Company Complaining About: Frontier Communications

Description

Due to Covid-19 I started working from home 3/27/20. Starting 4/18 and today 4/19 my internet & TV service started dropping then coming back. I contacted my provider Frontier Communications to ask if they could temporally give me more data (I have 6mb), they said they could but it would change my plan which would be an increase in price. I had been grandfathered in a lower plan due to an issue I had with Frontier some time ago. When I'm working I do not have any other devices on; I don't even have a smart phone! I would like to keep Frontier as a provider but will discontinue my loyalty with them if this can not be resolved. Thank You

Ticket: # 3936235 - ATT not allowing number to be Ported over

Date: 4/19/2020 11:53:20 AM

City/State/Zip: Clovis, California 93619

Company Complaining About: AT&T

Description

I am 1st responding physician, trying to port my CRITICAL number over to FIRSTNET however getting the run-around and no help. Spent 20+hours doing this with my husband (also 1st responding physician). They holding my line hostage and blaming "processes". No respect for current pandemic and need for health care.

Ticket: # 3936282 - pernicious misinformation

Date: 4/19/2020 1:19:02 PM

City/State/Zip: Sparta, New Jersey 07871

Description

Fox News is perpetually broadcasting misinformation (promoted as facts) on COVID19 (a deadly virus) to a their tv audience. Fox bills itself as "News" in their description though they include entertainment in the descriptor. This misinformation is pernicious, impacting all of society, not just their audience as the actions of their viewers threaten all of us as they "liberate" themselves to spread the disease. Elderly listeners (a good portion of their audience) are, as you know, particularly vulnerable. This cannot stand. Freedom of speech ends at the threshold of menace to life and limb. It is beyond indecency and immorality because it has a deadly impact.

Ticket: # 3936289 - Solicitation calls

Date: 4/19/2020 1:26:23 PM

City/State/Zip: Cannon, Kentucky 40923

Company Complaining About: Portfoliorecov

Description

I receive 1-5 calls a day from "PortfolioRecov". A credit collector or that's what they are trying to get my information. My credit score 750 plus and only have a small mortgage payment. I am not behind on anything, never filed a bankruptcy etc. I am a retired, disabled senior citizen and they are getting to me in addition to Covid-19. Help! They are still calling. Please contact them to cease these calls. They have several different numbers. I let all my calls go to answering machine but it wakes me up at night when they call. All times of day and night.

Ticket: # 3936348 - ATT internet

Date: 4/19/2020 3:03:11 PM

City/State/Zip: Mcneil, Arkansas 71752

Company Complaining About: AT&T

Description

For the address 2540 US-79 internet has been down for 2 weeks (that is supposed to be provided by AT&T) all bills have been paid. There is no reason why the internet shouldn't be working, and when I tried calling AT&T's number I couldn't get a hold of a representative. This is really causing a lot of problems with the corona virus going on at the same time because online college is impossible while I am without internet.

Ticket: # 3936354 - Internet

Date: 4/19/2020 3:10:41 PM

City/State/Zip: Newark, New York 14513

Company Complaining About: Hughes Net

Description

Hi, my address is (b) (6). I currently have HughesNet Satellite internet. It is very slow. Spectrum internet stops less than 1/2 mile from my house. I am the only house on this one part of Fairville Station Road. What can be done to get this run to my house? I mean, less than 1/2 mile. It is ridiculous that I even have to write about this. In this day of age everyone should be connected. Especially in New York State and its population. Why would Spectrum just stop where they did? It makes no sense. And then, they run down another road that is even more rural than my house. It is NOT fair. This whole Covid thing is bad and having to stay home and not be connected is very tough. Please help. Thank you, (b) (6)

Ticket: # 3936379 - 33% price increase in less than 3 months

Date: 4/19/2020 3:46:45 PM

City/State/Zip: Statesville, North Carolina 28625

Company Complaining About: Spectrum

Description

Spectrum jacked up my Internet bill by another \$10 per month. No explanation, nothing. They just did it. I called customer service and asked about it and they wouldn't do anything...Told me to hang on and they'd transfer me to "retention", but I waited another 20 minutes on hold and finally got frustrated and hung up.

It must be nice to increase their take by 33% anytime they want...It had gone up by \$5 in February to \$49.99 and now here in April it is \$59.99.

It seems wrong that they can go up so much in such a short amount of time.

In February when it went up by \$5, it said it was because my promotional pricing was ending. That was fine with me, since they said on the bill that "As a valued customer, we have automatically extended you a new preferred rate" and I assumed I would be kept at that new pricing for at least a year before any further increases. However on my last bill I found out rudely that was not the case.

Is there any regulation on these telecoms regarding how much they can randomly increase prices and how quickly? It would seem there isn't.

It is also aggravating that starting about 3 years ago, it all became "one size fits all" in terms of speed tiers.

I don't want or need 100 Mbps service. I only need 20 to 25 Mbps to do everything I need, yet Spectrum will not offer a lower priced package to me.

In any event, it just seems completely unfriendly to consumers that companies can basically just charge whatever they want anytime they want without regards to the economic uncertainty many consumers are facing brought on by the Covid-19 virus.

This is not a good time for them to be raising rates, especially jumping 33% in only a few months.

Thank you.

Ticket: # 3936468 - Unfair and Deceptive Practices**Date:** 4/19/2020 5:12:37 PM**City/State/Zip:** Winlock, Washington 98596**Company Complaining About:** Hughes Net

Description

I have been a HughesNet Customer for many years and have experienced a number of internet speed issues as well as equipment issues over the years. I have called HughesNet repeatedly. They have changed out my modem several times and have had to re-position my satellite and even replace faulty parts on my satellite. I continued to run speed tests using Speedtest.net, Testmy.net and even speed tests using the Hughesnet online account speed test per the request of HughesNet. After years of issues, I decided to cancel my account. Hughesnet asked for another chance. I gave them one last chance. I saw my speeds go from 25-30 Mbps all the way down to 1.7 Mbps. I have records of downloads, speed test logs and even tickets opened with Customer Service. After cancelling, it was explained that I would get a final bill. I get online billing and have not been able to access my account even after changing my password twice. I have taken pictures of screenshots to prove I have done this. Hughesnet has somehow blocked me from access to my account with all of my billing records and even speed test results besides the ones I took screen shots of. Today, 4/19/20, I spoke with Nick after receiving a Collections notice from Hughesnet. I asked Nick to escalate this to a manager and he only said I could speak to "someone higher than a supervisor or a manager" and gave me the number to the collections company. When I cancelled my account, they told me I would have to return equipment AND told me I would get a final bill. I told them I should not have to pay a final bill when I couldn't even get internet service from them and they could not fix the issue. I never rec'd a final bill in writing, I never rec'd a phone call and now I receive a collections notice in the Amount of 101.76. I explained to Nick I could not return the equipment because we have had bad weather. HughesNet is asking me to get a ladder, get on top of my 2 story home and remove the radio from the satellite. I am not familiar with this equipment, they sent me instructions. I have apparently leased this equipment. It is standard to return leased equipment but I had no idea I am supposed to dismantle equipment on the actual satellite, unscrew equipment and take it off of the satellite in order to return in. I have no idea if this satellite has power to it or if it is dangerous. I am willing to return the equipment but I am not willing to put myself at risk for equipment that HugesNet owns and that I have been leasing and that they are responsible for. They charge me for a professional to come out and install it but now want me, with no professional satellite install or uninstall experience, to take parts off of it on the roof and return it. I am not trained nor am I certified to perform this type of work and I am not sure how they can expect me to perform this service on this piece of equipment and then threaten to fill me if I don't get it back to them within 21 days. I was told during my cancellation call to call HughesNet in order to dispute my final bill and when I called, they have extended wait times due to Covid 19. I've tried to do this online, but now they won't allow access to my account. I do not feel I should have to pay for inadequate service. They advertise the Service as HughesNet Gen 5 with speeds to 25 Mbps. I understand I may not get 25 Mbps, but 2 Mbps, or 1.7 Mbps or even 10 Mbps is more than 50% less than what they advertise. They tell me it can be weather related. I have called when the sky is clear. They have told me the bandwidth is limited due to high volumes. That is unacceptable. They have pointed me to another satellite and then tell me about the weather again because "it is cloudy in Oregon" and I say I am in Washington and it is a 100% clear day. HughesNet has not been 100% transparent about their service that they continue to advertise on T.V. and online. This is a violation of the Open Internet Order. There is an apparent lack of bandwidth, lack of transparency, or their

satellite waves are basically overloaded. I am requesting my account be credited for my final bill. I am requesting that my account be removed from collections. I am requesting that HughesNet send a technician to my house and professionally remove their equipment from my roof to ensure it is removed properly and does not get damaged in the process. Lastly, I am a small business owner, internet is crucial to my business. I cancelled my service prior to the Covid 19 pandemic and am not navigating uncertainty in the marketplace and trying to save our small business. For Hughesnet to not notify me in writing or by phone and to send me to collection in the midst of this National Crisis is disgusting. I am working on some programs with our Mayor, my Representatives and even the Governor and will highlight this experience with them as well.

Ticket: # 3936470 - Lack of internet access

Date: 4/19/2020 5:13:29 PM

City/State/Zip: Pollock Pines, California 95726

Company Complaining About: AT&T

Description

Hello I am a high school counselor struggling to meet the needs of my students during this covid 19 pandemic. I currently have to work from home but no internet providers will access my neighborhood. There are a number of students who are experiencing the same challenges. How can I get a ISP to expand into my neighborhood? It is severely limiting the education of my students and affecting my work also not being able to access any type of internet.

City/State/Zip: Brooklyn, New York 11229

Company Complaining About: Optimum

Description

My ISP Optimum has been charging me for service that keeps going out. I have called multiple times and received excuses such as sometimes the speed drops, there's an outage in your area, your device is outdated, or too many people are using the service at the same time none of which is true and I've checked with my neighbors to prove it. Tech support don't know anything about their product and send technicians to check but the technicians don't even bother. The first time the tech guy came he argued that there was nothing wrong with my service because the lights were on on the modem and claimed the modem was old so he replaced it for a newer version and left. The second time after there was still no internet he connected to a speed test and it worked but it was 195Mbps slower and they said sometimes it drops a little and I should wait until it fixes itself but refused to actually do anything about it claiming he didn't bring any equipment with him. Third day there was still no internet service on any device I had another tech guy scheduled to come by and they canceled the appt without telling me after I waited for more than 2 hours. The excuse was they don't have enough technicians to help me with my problem. When I contacted the ISP they said the reason was because the technician canceled because of the corona virus as their excuse implying I had it which isn't true they just didn't want to actually check what was wrong. I've not had internet almost the entire month and after spending a total of 9hours on hold with multiple support ppl one of whom said they'd transfer me but hung up after making me wait an hour I dont think its fair for me to pay the internet part of my bill. This is over the course of 2 weeks and I've had one hard drive get corrupted due to this internet cutting out in the middle of an update. Optimum told me the only thing I can do to fix the internet issue is to upgrade my plan for faster internet speed even tho I don't get what I already pay for. My bill for internet alone is over \$60. The only ISP that's in my area and cheaper is verizon fios but I can't get it until they install it in the building I live. There are no other competing ISPs making it impossible for me to switch when I need this internet for my job. I want my service restored and a refund for this month along with reimbursement for my hard drive which cost \$90 and is barely 6 months old. These people have been wasting my time and money simply because they're too stubborn and lazy to actually do their job and check what's wrong with their cables blaming my equipment and devices before they even get here and trying to get me to pay them to actually do something when its supposed to be free since I have service insurance.

Ticket: # 3936681 - Subliminal Infrasound messagingwith malintent.

Date: 4/20/2020 3:36:10 AM

City/State/Zip: Wytheville, Virginia 24382

Description

During a segment covering the current Covid-19 pandemic with Anderson Cooper, a high volume infrasound heartbeat is broadcast in the audio feed. The sound is broadcast below 20Hz and can only be heard with the use of headphones or high quality speakers. These frequencies, sometimes called "fear frequencies", are known to cause feelings of dread, anxiety, and panic attacks in humans even when they are not audibly heard. It is evident that CNN added the sound in an effort to further scare the public during this global crisis, which is reckless, dangerous, and blatantly reminiscent of terrorism. A public apology, punitive actions and further investigation is clearly warranted.

For Immediate Release:

CHAIRMAN PAI LAUNCHES THE KEEP AMERICANS CONNECTED PLEDGE

Pai Calls on Broadband and Telephone Service Providers to Promote Connectivity for Americans Impacted by the Disruptions Caused by the Coronavirus Pandemic

WASHINGTON, March 13, 2020—Yesterday, in multiple phone calls with broadband and telephone service providers and trade associations, Federal Communications Commission Chairman Ajit Pai emphasized the importance of keeping Americans connected as the country experiences serious disruptions caused by the coronavirus outbreak. And in order to ensure that Americans do not lose their broadband or telephone connectivity as a result of these exceptional circumstances, he specifically asked them to take the Keep Americans Connected Pledge.

The Keep Americans Connected Pledge reads as follows:

Given the coronavirus pandemic and its impact on American society, [[Company Name]] pledges for the next 60 days to:

- (1) not terminate service to any residential or small business customers because of their inability to pay their bills due to the disruptions caused by the coronavirus pandemic;
- (2) waive any late fees that any residential or small business customers incur because of their economic circumstances related to the coronavirus pandemic; and
- (3) open its Wi-Fi hotspots to any American who needs them.

Less than 24 hours after the Chairman's calls, the following companies have already told Chairman Pai that they are taking the Keep Americans Connected Pledge and will implement it as soon as possible: ACIRA – Powered by Farmers Mutual Telephone Company & Federated Telephone, Allstream Business US, AlticeUSA, Antietam Broadband, Atlantic Broadband, AT&T, BBT, BOYCOM Vision, Burlington Telecom, Cable One, Central Arkansas Telephone Cooperative, CenturyLink, Charter, Cincinnati Bell, Citizens Connected, Comcast, Consolidated Communications, Cox Communications, Digital West, East Ascension Telephone Company, Education Networks of America, Emery Telecom, Farmers Telecommunications Cooperative, FirstLight, Frontier, Google Fiber, Grande Communications, Granite Telecommunications, Great Plains Communications, GWI, Hiawatha Broadband, Hill Country, IdeaTek Telcom, Inteliquent, Lafourche Telephone Company, Lakeland Communications, Long Lines Broadband, Mammoth Networks/Visionary Broadband, Mediacom, MetTel, Nex-Tech, Ninestar Connect, Northwest Fiber, Orbitel Communications, Pioneer Communications, Premier Communications, Range Telephone Cooperative, RCN, Reserve Telephone Company, Sacred Wind Communications, Shawnee Communications, Socket Telecom, Sonic, Sprint, Starry, TDS Telecom, TelNet Worldwide, T-Mobile, TracFone Wireless, Uniti Fiber, US Cellular, Vast Broadband, Verizon, Vyve Broadband Investments,

Waitsfield and Champlain Valley Telecom, Wave Broadband, West Telecom Services, Windstream, and ZenFi Networks. And the trade associations ACA Connects, Competitive Carriers of America, CTIA, INCOMPAS, NCTA—The Internet and Television Association, NTCA—The Rural Broadband Association, USTelecom, and WISPA have all endorsed the pledge.

“As the coronavirus outbreak spreads and causes a series of disruptions to the economic, educational, medical, and civic life of our country, it is imperative that Americans stay connected. Broadband will enable them to communicate with their loved ones and doctors, telework, ensure their children can engage in remote learning, and—importantly—take part in the ‘social distancing’ that will be so critical to limiting the spread of this novel coronavirus,” said Chairman Pai. “That’s why I’m asking all broadband and telephone service providers to take the Keep Americans Connected Pledge. I don’t want any American consumers experiencing hardships because of the pandemic to lose connectivity.

“I applaud those companies that have already taken the Keep Americans Connected Pledge. They are stepping up to the plate and taking critical steps that will make it easier for Americans to stay connected during this pandemic and maintain much-needed social distancing. I urge other companies to join them. This may be a difficult time for our nation, but if we all work together, I am confident that we can rise to the challenge.”

In addition to the Keep Americans Connected Pledge, Chairman Pai commended companies that have already taken additional steps to ensure that Americans, especially low-income American families and veterans, remain connected. He exhorted those companies with low-income broadband programs like the Connect2Compete program to expand and improve them (for example, by increasing speeds to 25/3 Mbps and expanding eligibility) and those without to adopt such programs. He also called on broadband providers to relax their data cap policies in appropriate circumstances, on telephone carriers to waive long-distance and overage fees in appropriate circumstances, on those that serve schools and libraries to work with them on remote learning opportunities, and on all network operators to prioritize the connectivity needs of hospitals and healthcare providers. Chairman Pai also continued the Commission’s ongoing discussions with service providers regarding their efforts to ensure that changes in usage patterns occurring during the pandemic do not impair network performance, as well as their plans to ensure network resiliency.

Ticket: # 3936759 - Optimum Availability Complaint

Date: 4/20/2020 7:32:21 AM

Company Complaining About: Optimum

Description

Good Morning/Afternoon....I hope when you receive this letter you and your family are safe and surviving this covid 19 pandemic. I am a mother, Ms. (b) (6) whom has twin 14 year old boys whom are autistic and use remote learning which is critical for them, especially now. I am an optimum customer who is affected by this covid 19. I am not employed and I do live check by check, and always pay the minimum amount on my optimum bill. Unfortunately, my service maybe cutoff on April 18th Saturday, and I am hoping you or anyone can help me to keep my service on until I receive a stimulus check so my sons can continue their remote learning, My phone number is [REDACTED]. I am with optimum in the Bronx location. I need someone to reach out and help if they can. Thank You.

Ticket: # 3936760 - Spectrum Availability Complaint

Date: 4/20/2020 7:36:50 AM

Company Complaining About: Spectrum

Description

I am a resident of Lancaster California.

I would like to inform you I have been disconnected by Spectrum internet service for no payment. I understand that we are in a tragic time with covid -19 and to my understanding the company signed a no shut off agreement for this crisis.

This message is for you records ad to what is happening to individuals who has not paid. I also tried to call the company prior to make sure no disconnected will happen but they refer customers to go online only...when you go online you can't make payment arrangements or even say you are affected by covid-19 or anything of that nature. Even the chat is robot with just basic info. So I assumed the company will not shut my home off because the is of paying is not priority considering the country circumstances. BUT no, today I am take the time to write you to inform you off the signing of the keep America connected has failed!

Thank you for you time in reading my concern

Respectful yours,

(b) (6)

Ticket: # 3936789 - Altice Availability Complaint

Date: 4/20/2020 8:37:55 AM

Company Complaining About: Altice

Description

We woke up to disconnected internet services. My son has a video call with his 4th grade teacher and can't go online. I called Altice (866-200-7273) and the automated system said service was cancelled due to nonpayment.

I connected with a representative at Altice and he ("Victor") insists the service has to be disconnected first then the account information gets sent to a department that reconnects, and it's not going to be connected right away. I told him about the pledge their company agreed to "Keep America Connected" during COVID-19 (link below). He told me to look at their website for their policy and this is how it works.

Please help! Our lives depend on internet. We were going to place a grocery order today as well.

Thank you,

(b) (6)

Ticket: # 3936798 - sports surcharge fee when no sports are taking place

Date: 4/20/2020 8:43:49 AM

City/State/Zip: Allentown, Pennsylvania 18104

Company Complaining About: Service Electric

Description

I have service electric cable TV and have been back and forth with their "sports programming fee" that they are charged and must pass along to their customers. However, it has now been 34 days and they don't seem interested in contacting the CEO or president to get on the broadcast idiots to waive their fee while there are NO SPORTS taking place. I have informed that I am not paying \$ 7.25 a month to have networks that are running reruns of 20-30 year old sporting events that can be seen for free on you tube. Sports programming fee is for SPORTS being broadcast LIVE and not 30 year old reruns. No one at the company seems interested in getting this waived while this pandemic is going on, so I am turning to you to complain about the company not interested in their customers and the programming channels raking in money illegally. Thank you.

Ticket: # 3936813 - service shut down during COVID19

City/State/Zip: Glen Cove, New York 11542

Company Complaining About: Optimum

Description

I am a small business and Optimum has turned off our telephone AND internet due to non payment - 2 months behind, due to COVID-19 We were under the impression that our account would be extended atleast 30-60 days during this time, but no - our account was suspended and turned off anyway!! Had to pay balance in full, since customer service hold time was over 1 hour and needed our phone and internet system up and running.

Ticket: # 3936841 - Boost Mobile COVID-19

Date: 4/20/2020 9:13:04 AM

City/State/Zip: Queens, New York 11377

Company Complaining About: Boost Mobile

Description

The consumer states he has cell phone service with Boost Mobile.

The consumer states he is at the epicenter of COVID-19 in New York.

The consumer states that the only way to pay his cell phone bill was to go to the store, but he can't leave since they have a stay-at-home order.

The consumer states that he is also not working currently.

The consumer got an extension from Boost Mobile last month to pay his bill and he requested it for this month as well since things don't seem to be getting any better.

The consumer was told they would shut his services off tonight at midnight.

The consumer needs his services for any emergency, and all he needs is an extension, he will pay everything when he gets back to work.

City/State/Zip: Rochester, New York 14622

Company Complaining About: Hughes Net

Description

I recently upgraded my HughesNet plan for our seasonal cabin in Branchport NY. Due to the recent corona virus I need to work remotely. I work for a Healthcare Company and our IT dept requires we use VPN. Much to my surprise on Fri 4/17 I discover VPN is NOT supported by HughesNet. The first rep I spoke to told me that and that I needed Business HughesNet to use VPN. She transfered me to the business reps who told me that the business service is the same technology as the resi service and she was incorrect. He transferred m back to residential cust care to talk about a credit or refund and said he would bypass the "que" as I was already on the phone over 30 minutes at that time. I was again put on hold and finally hung up. 3 calls, 2 disconnects. I tried this morning Monday 4/20 in a chat. The agent did not seem to know what he was talking about either. I fonally asked to speak to a manager. He said I needed to call customer services to do that. 3 calls. First call spoke with an agent...then she never came back on the line. Second call call just sat there. This company clearly has no idea what they are doing.

Ticket: # 3936856 - Complaint Against Verizon**Date:** 4/20/2020 9:21:42 AM**City/State/Zip:** Mc Lean, Virginia 22102**Company Complaining About:** Verizon

Description

We have a small restaurant. Our business was severely affected by the pandemic. In order to save the business, we tried to cancel/suspend non-essential services. One of them in TV package from Verizon. When we contacted them to suspend the TV service for 3 months. They refused. They told us either we cancel the whole service including phone and internet and pay the balance of our contract or stay with our contract. Basically, we have no option. We need the phone and internet service to run the business. Meanwhile, we are paying for TV service that we don't need since there are no customers. We have force majeure situation. We need your intervention on behalf of restaurants to waive TV fees for 3 months.

Ticket: # 3936917 - Optimum Availability Complaint

Date: 4/20/2020 10:02:09 AM

Company Complaining About: Optimum

Description

April 1, 2020 I paid optimum \$202.50 to stay in good faith with them to keep my services connected during this pandemic. I was told after I made that payment, my services would remain on until May 3rd. Till I can make another payment. I am on SSI and mostly bed bound. On April 17, 2020 Optimum shut off all my services. When I called the representatives they are still requesting more money right away and charging late fees. I read your fcc.gov statement on how Alltice was one of the cable networks that agreed to keep connectivity available, but they are not holding up to their agreement. Any help you can assist me with would be greatly appreciated. My cell phone number is as follows (b) (6) and email address is above. Thanks in advance.

Sincerely,

(b) (6)

Ticket: # 3936979 - advertising by Spectrum during COVID-19

Date: 4/20/2020 10:25:23 AM

City/State/Zip: Odessa, Florida 33556

Company Complaining About: Spectrum

Description

Spectrum slogan..."Guaranteed to keep you connected when it matters most" is NOT what your company is doing!! FREE two months free service is not what you are doing. Helping loyal customers keeping the internet in their house for their children's school is not the case. Such a farce not helping parents at all. Offering to defer payments of \$79.99 for three month then collecting \$239.99 when you might still be out of work and looking for a job is NOT helping! Possibly lowering my daughter's bill \$20.00 might help tremendously since you will not give her 30 days for free. Unfortunately she needs internet for schooling and unfortunately Spectrum is the only internet where she lives. If she stops her internet he daughter will not be able to go to school because libraries are close that have free internet!!! VERY inappropriate slogan to publish on TV.....NOT THE CASE AT ALL!!

Ticket: # 3937005 - Consolidated Communications Availability Complaint

Date: 4/20/2020 10:36:43 AM

Company Complaining About: Consolidated Communications

Description

Consolidated Communications gave no notice to customers of the KEEP AMERICANS CONNECTED PLEDGE DURING THIS CORONA VIRUS pandemic. I'm a customer of Consolidated Communications with a senior in high school and a third grader. I was not aware that you had to sign up for this KEEP AMERICANS CONNECTED PLEDGE until April 2nd 2020; and that you're only given 17 days to be able to call and sign up for this pledge between March 13th and March 31st. So i missed the cut off

A a company with millions of customers millions of low-income customers like myself was only given a 17 day window to learn about this pledge and make a phone call to waterlogged call centers that we kept getting booted off of due to high call volume and never got to SIGN UP for the KEEP AMERICANS CONNECTED PLEDGE.

NOW I HAVE LATE FEES, EXTRA CHARGES FOR EXTRA DATA USAGE FROM AT HOME REMOTE LEARNING USE AND A CANCELLATION OF SERVICE NOTICE....WHEN I THOUGHT IT WAS AN AUTOMATIC THING BUT REALLY ONLY GIVEN 14 DAYS TO LEARN ABOUT AND BASICALLY BEG FOR SOMETHING THAT OTHER COUNTRIES DEEM ESSENTIAL AND DONT CHARGE FOR AT ALL.

HOW AM I SUPPOSED TO KEEP MY SENIOR CONNECTED SO SHE CAN FINISH HER GOVERNMENT CLASS WHICH IS REQUIRED BY THE STATE SO SHE CAN GRADUATE???????

SINCERELY,

A CONCERNED AMERICAN CITIZEN-

City/State/Zip: Lexington, Kentucky 40502

Company Complaining About: Windstream Communications

Description

Hello, contractors from our ISP Windstream mistakenly severed our internet connection last week while working on a nearby pole. It has been 3 days and we still have no internet. I've called many times but they're not escalating the outage and said they would NOT come sooner unless we were already paying for a business account. This is completely unacceptable in this time of lockdown from Coronavirus, especially for an outage caused by the ISP themselves. This is a complete outage not a weak signal. If anyone could please help me put pressure on this selfish company to get our internet back?

Ticket: # 3937136 - Altice Cuts off small businesses during COVID

Date: 4/20/2020 11:24:57 AM

City/State/Zip: Glen Cove, New York 11542

Company Complaining About: Altice Cablevision

Description

I have an animal hospital in NY. Called ALTICE to defer payments during COVID due to lack of revenue. Impossible to reach them. They shut me off today and I had to use the RENT money to pay them. They pledged NOT TO CUT OFF ANY residential or small business customers during the COVID crisis. They LIED!!! They should be held accountable!!

Ticket: # 3937162 - Bill Dispute

Date: 4/20/2020 11:30:33 AM

City/State/Zip: Brooklyn, New York 11210

Company Complaining About: Optimum

Description

At the initial time of obtaining my service there was a promotion going on where my bill would be 79.99 for life and If I signed on I would get a free amazon card. I never received the free amazon card. On April 17, 2020 I paid my cable bill in the amount of 250.00 of my outstanding balance. the bill only required me to pay 174.00. My service was still interrupted. now during COVID-19 I was under the impression that services would not be cut off during the pandemic. i called to get some clarity about my bill numerous times and did not get through. My final phone call I got through with an agent by the name of Mark in which I started explaining my issue to. During the conversation and him talking over me, he hung up on me. That was very disrespectful as well as poor customer service. i know these are trying times for everyone but I should be able to get through and dispute my bill. I spent money that I didn't have just to try and keep my cable on. Imm also being charged for three boxes but two was only set up.

Ticket: # 3937197 - Optimum has charged late fees during COVID-19

Date: 4/20/2020 11:41:44 AM

City/State/Zip: Brooklyn, New York 11225

Company Complaining About: Optimum

Description

Optimum has charged me 20\$ late fees after 5 days. I read that they signed the pledge to waive fees. My husband lost his job and I am working with reduced hours. \$20 goes a long way during this time. I called customer service and they said the system will not let them remove the fees. They charge \$10 after 1 day. We have paid late fees before with out a problem, despite only paying a day late. This is uncalled for. Please help.

Ticket: # 3937206 - Hughes Internet**Date:** 4/20/2020 11:44:10 AM**City/State/Zip:** Columbia, Tennessee 38401**Company Complaining About:** Hughes Net

Description

Sending a copy to US Senator Marsha Blackburn and TN Gov. Bill Lee

I employ around 200 employees. Since Covid 19 surfaced, I made it mandatory for any employee that could work from home to do so. I also started working 1/2 of the work week from home and the other 1/2 at our factory. I live in a rural area and my only choice for internet was Hughes. My service has been terrible. I feel they are deprioritizing almost all sites. However, it seems they must prioritize www.speedtest.net. When talking with their customer service, they tell you to go to speedtest.net and perform a speed test. They then tell you there is nothing wrong with your service. I took it upon myself to go to ATT and Verizon's speed test to test my theory. Well, apparently I was right, my speeds were very similar between ATT and Verizon but they differed completely with Hughes. Hughes advertises 25mbs down and 2mbs up.

Hughes Speed test result with www.speedtest.net

Latency 968ms 26-30mbs download 0.20- 0.26mbs upload

Verizon & ATT online speed test results

Latency 880ms 2-4mbs download 0.20- 0.24mbs upload

Hughes and many internet providers have received Federal Grants to provide RURAL areas with rural internet speeds (min 25mbs). I also performed the exact same test at my neighbor that has Hughes and we have the same results. I am making a video and providing the video to US Senator Marsha Blackburn and to TN Gov. Bill Lee along with my complaint concerning Hughes. When talking to Hughes, customer service told me I am in a 2 yr contract and only fulfilled 1yr. If Hughes can correct the problem, I have no problem continuing. If not, I am forced to tether my Verizon phone and pay a much higher amount. Need help!

Ticket: # 3937226 - COX Internet

Date: 4/20/2020 11:54:56 AM

City/State/Zip: Mesas, Arizona 85202

Company Complaining About: Cox

Description

Before Covid 19 and the increase in internet traffic I had issues with lots of down time and poor speeds despite paying their high rate. I've called them, replaced my router and modem, checked the wiring, and still have large chunks of the day at high traffic times that I can do nothing other than partially load webpages sometimes. Streaming, web conferences for work, or gaming for personal use is out of the question.

Cox has increased rates and oversold their services to the point it's pretty much unusable, yet they're still charging obscene rates are the only provider in my area so they have an almost monopoly at this point. There's nothing I can do on my end to fix this.

I've had many issues with them from them locking me out of my account when I moved and forcing me to pay my bill without seeing it first and overcharging me over \$100 in the process before giving me access to see the bill in question to Poot customer service and performance. I just want internet that doesn't have 40% packet loss 75% of the day.

Ticket: # 3937609 - Unexplained bill changes

Date: 4/20/2020 2:09:58 PM

City/State/Zip: Greenville, North Carolina 27834

Company Complaining About: Sudden Link

Description

Our internet was accidentally canceled by the company. When we called, they said we requested a cancellation, which we did not. They remedied the issue and restarted our internet. We then see a few days later that they not only reactivated our internet, but added phone service to the bill. We called and remedied that, and it was removed, and we were told we would not be billed for it. Now, we get our bill in the mail, a bill that used to be 69.99, and it is now over \$100 dollars. Either they are charging us for the phone service we did NOT request, or they are randomly canceling account to make them new customers, so they can charge more during the pandemic. We have attempted to reach the company through several avenues to remedy this, and have not received any contact. We have already filed a price gouging complaint with our state.

Ticket: # 3937893 - Programming is clear danger to public health.

Date: 4/20/2020 3:37:55 PM

City/State/Zip: Twinsburg, Ohio 44087

Description

Over the last few days as I have gone out to shop for necessary supplies, I typically listen to our local news/talk radio station WTAM 1100 AM, a Clear Channel station because I enjoy listening to news and some of their talk programming. During this COVID 19 crisis they have most recently been more and more irresponsible in their programming. They have made LITTLE or NO EFFORT to try and learn from experts and then responsibly report what been going on with our STATE GOVERNMENT action related to the pandemic, but instead just repeating and reinforcing the ignorance of their typical callers. Our actions and results in Ohio have been recognized around the world in the reporting I have heard (national new stations, BBC news, PBS etc...) but this station and is probably prevalent throughout their system, chooses to follow and report the ridiculous, unsubstantiated OPINIONS of the Republican Party and especially their far right supporters. They are CLEARLY endangering the health and safety of our entire state by their ignorance and laziness to face the truth and reality of the current situation. I demand that their actions during this critical health emergency be addressed immediately and closely reviewed and appropriate action taken when their license renewal is reviewed. Thanks.

Ticket: # 3937933 - Sudden Link internet, cable and phone service

Date: 4/20/2020 3:49:45 PM

City/State/Zip: New Bern, North Carolina 28562

Company Complaining About: Sudden Link

Description

All my services were lost with Sudden link one week ago today. I have spent countless hours on the phone , in there phone tree and being out sourced over seas, and I have been unable to speak with anyone local. When I have asked to speak with a supervisor I was told on two separate occasions I COULD NOT. I have had service with Sudden link for almost 18 years and have always had difficulty with intermittent outages which is to be expected. I have never been treated with such disregard. Unfortunately in a small town in Eastern NC I do not have many options. What has made this an even bigger problem currently is that I am trying to work from home due to the Corona virus but I am unable to access the internet for one week. I even called the corporate office and entered my information and was immediately placed back into the horrible circular phone tree!! I have no other options as most businesses with internet access where I could get coffee and work are closed. PLEASE OFFER SOME HELP OR RECCOMENDATIONS as to how to deal with this horrible company!!

Ticket: # 3937947 - Suddenlink rip off

Date: 4/20/2020 3:52:03 PM

City/State/Zip: Georgetown, Texas 78628

Company Complaining About: Sudden Link

Description

Suddenlink is the only internet provider available in my area, and for many surrounding areas. They are a monopoly, you have no other choice but to use them. They without notice up charge your bill with no notice, and no real explanation. They don't offer contracts so when your deal is up they jsut charge you a ton more money. And you can't get out of that rate unless you cancel with them for an entire month. I was already over paying for the bare minimum internet speed, then they scammed me into upgrading and now I'm paying 100\$ for internet they're offering currently for 55\$. And I recently lost my job because of Covid and they raise this rate with absolutely no notice.

Ticket: # 3938036 - Billing for services that i was not aware of

Date: 4/20/2020 4:23:38 PM

City/State/Zip: Monsey, New York 10952

Company Complaining About: Verizon Wireless

Description

To whom it may concern,

I ordered service but recived an e-mail that it was not able to be added to my plan. I did not read the second sentence that a new plan would be created. I was not aware of the costs of the new plan until i recived the subsequent statments. I called to cancel but was told i could not have a refund retroractively. I stated there was no usage on the line and again i was not aware of the plan being activinatd.

I did mention that I did not mind keeping the phone as a spare..... even though when i did try to call and return the phone it was impossible to get a rep on the line due to the Corona virus.

I am requesting a refund of \$128.69 + \$10.84 + 10.06 for services not used and not clearly described that i would be charged these fees.

Thank you

(b) (6)

Ticket: # 3938123 - AT&T internet

Date: 4/20/2020 4:51:16 PM

City/State/Zip: Charlotte, North Carolina 28269

Company Complaining About: AT&T

Description

April 6, 2020 I placed an order to terminate my device with AT&T and DirecTV due to relocating to an area they do not service. I set the disconnect date for 4/29/2020. I noticed on 4/13/2020 I did not have internet service. There has been a large storm in our area so I called AT&T to check on my service, where an automated line informed me of an outage in our area. I requested a text message when service was returned. I called multiple times that week to check on service and continued getting the outage automated system. On 4/18/2020 I called and spoke to a representative who said it was a technical issue and placed me on hold where I was hung up on. At that point I had been on the call for 30 minutes. On 4/20/2020 I called AT&T and requested to speak to technical support. After speaking to 3 people the tech informed me my service was disconnected on 5/15/2020 and there was no way to pull up my account. I was then transferred back to sales where I was told I would have to start a new service contract to have internet at my current location until 4/29/2020, but that would not be an option because it's only for 2 weeks. I repeatedly asked to speak to a manager but after 2 hours and 14 minutes in the call with 5 representatives I had enough. I was informed due to short staffing holding for a manager would be a long wait and they still could not find my account. I cannot get internet elsewhere because the Spectrum is not doing home installs due to Covid-19. My daughter is home from school and we are now relying on a jet pack from Verizon so she can get her homework done. The internet should have been disconnected on 4/29/2020 the same as my DirecTV.

Ticket: # 3938141 - Cox Communications Cleveland plan on reinstating overages after they started the lies

Date: 4/20/2020 4:59:35 PM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

The internet is vital especially during this time. They plan on re-enforcing data overages? Why? Not like the money is actually going towards fixing outages and upgrades.

"We've got you covered. Beginning March 16, 2020 through May 15, 2020 data overage charges will be paused. Customers with Unlimited or 500GB data add-on plans will receive credits for their add-on plan for two bills. During this time we have suspended sales of our data plans. We want to help make sure you have the resources you need to remain productive during the coronavirus work and school closures."

Ticket: # 3938243 - Charter Service Cancellation**Date:** 4/20/2020 5:53:43 PM**City/State/Zip:** Boone, North Carolina 28607**Company Complaining About:** Charter

Description

On 4/20/20, I contacted Sheila at approximately 1:17 P.M. EDT to request that our internet service be cancelled on May 1st, 2020 because we are moving to an area that is outside Charter's service. I requested that our bill for 4/20 - 5/1 be pro-rated to which Sheila said no. I then asked her if she would need our new address to forward our next bill. She replied no and I told her I would feel better if she took it because we receive paper bills. Sheila then insisted she didn't need it and then proceeded to terminate our service while my wife was performing her job from home due to the Covid-19 outbreak. When I asked Sheila to correct the problem she could not. I then asked to speak to a supervisor and was told there was no supervisor. Then she said there was. Then she said I know what I'm going to do I'm going to transfer you to account set-up. Before I could respond, she transferred me to Jim in Video Repair who apologized and re-connected our internet. When asked if our cancellation showed, Jim said it did not and that he could not perform this task. He then transferred our call to the cancellation dept.. Rakia (sp?) in Retention then answered and said she would need to transfer us to someone in the Retention Dept. I asked why, when she was in Retention, she would need to transfer our call to the department she was in and she said it was a different dept. but when asked what department it was she said it was Retention, which was the department she had just said she was in. I then said that I was tired of being transferred around and that I would like to speak to a supervisor. She then said I could and transferred us to Jason, also in Retention, who, when asked, stated that he was not a Supervisor. He then told me that Sheila had cancelled our account and that Jim had done a self-install as reflected in a text we received that stated we would be charged \$74.99 for the installation of a service we were already receiving. Jason then said he was chatting with his supervisor about having our service re-instated since we have had an account with Charter for 7 years. He then put us on hold for an hour. After a total call time of 3.5 hrs with my service end date of 5/1/2020 still not established and with a new charge of \$74.99 on my account in addition to a growing suspicion that I was being made the brunt of a few idle employees' joke, I hung up and decided to request a call back via the FCC.

Resolution:

We would like the \$74.99 self-installation charge removed from our bill and we would like the billing period from 4/20/2020 to 5/1/2020 to be pro-rated due to the passive aggressive way in which our request to terminate service was handled that lead to a loss of 3.5 hours of productivity on what should have been a rudimentary task.

Ticket: # 3938256 - Spectrum "Free Trial" Trap

Date: 4/20/2020 6:05:19 PM

City/State/Zip: Los Angeles Ca, California 90042

Company Complaining About: Spectrum

Description

I'm a long term customer of Spectrum's (via the Time Warner Cable merger) and I signed up for a free trial for Spectrum's streaming TV service.

Before the trial ended, I attempted to cancel and found that I can't cancel online...or via Spectrum's customer support chat...or via an email request.

I called repeatedly but got messages warning me that there were very long hold times. This extended into the COVID-19 crisis when the hold time increased to hours and hours.

When I finally got through to a billing on 4/20/2020 after about 20 minutes on hold, I was told billing couldn't help me and needed to transfer me to a "specialist." This "specialist" was from the retention department - and it took another 20 minutes on hold to get to him, and a further 20 minutes of long pauses, stalling and stonewalling to cancel the unwanted service.

When I asked to be credited for the unwanted service I'd paid for already because it was impossible to cancel, the rep told me he couldn't help me, that I needed to talk to billing but that he couldn't transfer me and that I'd need to call back and wait all over again. Then when I asked for a supervisor he threatened me with sitting on hold again for an extended period. Finally, he told me he'd be muting me, which he did, not calling a supervisor to the line at all.

Ticket: # 3938263 - robocalls from spoofed numbers

Date: 4/20/2020 6:07:58 PM

City/State/Zip: Canton, Mississippi 39046

Description

Since the beginning of 2020, I have been receiving phone calls on my cellular phone from numbers I do not recognize. Presumably, these are marketing calls. All of the numbers are presumably spoofed, and presumably they are all robocalls. The frequency of the calls has varied. For most of January and early February, the frequency was one call per day, though it increased to three per day at times. There have also been short periods where I received no such calls, perhaps as a result of my reporting the incidents. In general, the frequency has dropped from that Jan/early Feb high, which I am pleased about. However, the calls have not stopped.

Many of the spoofed numbers were registered for Greenville, MS. However, I have also received calls from Coffeetown, Booneville, Hollandale, Tupelo and Winona. For a brief period, calls came in from out of state as well. The out-of-state calls coincided with the period in which the coronavirus pandemic first began to get serious attention in the United States. Those have since stopped. The call I am reporting in this complaint was identified as coming from Greenville, MS.

Most of the time, I do not answer the calls. When I do however, there is generally only silence for a few seconds, and then the call is dropped. At times, I have tried to return the call to make sure it was not legitimate. When I call these numbers back, one of two things usually happens: the number has been spoofed, and I get the true user of the number, who has nothing to do with the call, or the number doesn't exist at all.

In 2019, I was unscrupulously and intensely harassed for months by robocallers selling health insurance. Because I have not answered most of the calls in 2020, and they do not generally leave voice messages, I do not know they are selling health insurance, though my former experience suggests that it is likely. In two cases, a message was left, and, you guessed it, they both featured an automated voice soliciting me to buy health insurance. While the voice messages allow me to be more specific in my complaint, the practice is, in general, even more egregious, because it can quickly clog up my mail box. I have also been compelled to put my phone on Do Not Disturb in order to maintain any peace of mind.

I adopted the policy in 2019 of reporting EVERY SINGLE incident to the FCC. After months of effort, those calls were eventually almost completely eliminated. Unfortunately, however, 2020 has seen a return of these disruptions to my day and attempts to defraud, and it looks as though I can expect it to continue. I intend to continue my no tolerance policy toward the perpetrators of these actions by reporting this and all such incidents to any reputable authority I can find. These people are criminals who make a living through fraud, and who show a total lack of regard for the right to privacy and peace of mind. It is my hope that I will not only ultimately succeed in stopping the calls to myself, but that these criminals will be located and punished.

Company Complaining About: Comcast

Description

My budget is very tight in this COVID situation so I've been reviewing all of my bills. I reviewed Xfinity internet and I am in shock by the charges they have been adding without my consent. I am being charged for their modem/router (returned it and have my own for 2yrs+), and I'm being charged for cable tv access (haven't had cable in 5+yrs and use OTA). It is impossible to reach a person for help in resolving these egregious and outlandish charges! And on top of that, the website won't let you change your options without talking to a customer service agent!! I am aware of the disruption as we all work from home but this is a company that is simply shameful and I believe they are preying on consumers for their own profit.

Ticket: # 3938285 - refunds not given

Date: 4/20/2020 6:21:08 PM

Company Complaining About: Optimum

Description

I have been having trouble with Cabelvision TV since Jan with many weekly complaints. I finally got a supervisor on phone approx 3 weeks ago to cancel my account when she talked me into keeping internet. During that conversation I was told I would be getting credits for the time lost for no TV service and I would be pro rated for downgrading my service. Each time I call I get the run around, someone from another country and they keep telling me a supervisor will call me back and they dont. Ive been hung up on twice. Today they cut off my internet service with NO warnings. They are still charging me last months bill. I cannot get anyone to resolve this for me. I cannot have my internet cut again, I am a nurse working from home and I am a student taking classes online due to COVID 19. I sent a partial payment today just to have my service restored, but my bill isnt correct and I need help to resolve this before the next bill is due. How can they hang up on people, disconnect service with no warning? BTW, they cut service off for a 45.00 bill. Terrible. Evertime I ask for the persons name or ID number they refuse to give it to me and today the lady hung up when I asked. Ive never experienced such unprofessionalism from a large company like this. Please help me to resolve this matter.

Thank you,

Ticket: # 3938313 - Xfinity problems

Date: 4/20/2020 6:48:07 PM

City/State/Zip: San Francisco, California 94103

Company Complaining About: Comcast

Description

I am a senior citizen and have tried for two days to reach a live person at Xfinity through their web site, chat service and telephone to no avail.

I have several issues I need to discuss with a representative:

- how to set up an online ID at their site
- getting a reduced price because of COVID-19 quarantine and reduction of income
- receiving a voice remote control device to access all the channels
- learning what new free movie and entertainment options are now available, only through use of the voice remote

How can you assist me these problems of talking or chatting with an Xfinity operator? Advice needed, please.

Thanks.

Ticket: # 3938335 - ISP Increased Rate During Covid-19 Pandemic

Ticket: # 3938446 - Facebook Employee is Harassing Me; cannot reach anyone at Facebook to address it

Date: 4/20/2020 8:34:57 PM

City/State/Zip: Sacramento, California 95864-5024

Company Complaining About: Facebook

Description

A woman named (b) (6), whom I do not know, read an article published by KOS re protesters decrying U.S. coronavirus lockdowns that I forwarded to my own Facebook page. She wrote an insulting personal comment to me by name and posted it on my page. I did not answer her. She then began sending it to other Facebook pages that I have. I deleted them too, with reply of any kind to her. Notwithstanding my effort to delete her without comment, she continues to get through to me with the same insult, informing me that she works at Facebook so I can't get rid of her. Her name is (b) (6). She has Facebook pages. Here is one of her URLs:

[https://www.facebook.com/search/top/?q=\(b\) \(6\)&a=SEARCH_BOX](https://www.facebook.com/search/top/?q=(b) (6)&a=SEARCH_BOX). I have tried to reach some help at Facebook to stop her but am unable to reach anyone. I have spent 2 hours trying to find an office at Facebook where I can file my complaint. No such office is reachable. I find the tone of (b) (6), by telling me I cannot escape her, to be threatening. (b) (6) apparently lives in California, as do I. I am concerned with (b) (6) behavior toward me and, based on her behavior, feel I may be in danger from her. She is obviously angry with me though I have never spoken or communicated with her in any way and the KOZ article was not about her. I am known in a variety of places as a public advocate for equality and justice. I am not a marcher, do not use antagonistic language of any kind, and did not use any toward her. I also did not write the KOZ article but simply forwarded the article that I read and agreed with to my own page. The only people I emailed the article to directly were friends with whom I am in daily direct contact, no strangers. I will continue to delete pages sent to me with comments by (b) (6). I hope you can get her to stop.

Ticket: # 3938574 - Xfinity/Comcast Internet Service**Date:** 4/20/2020 10:46:20 PM**City/State/Zip:** Sandy Springs, Georgia 30328**Company Complaining About:** Comcast

Description

Dear FCC,

I am a current customer of Xfinity-Comcast for the last 11 months. Out of those 11 months, for 5 months, my internet and concurrently, tv service has not been problematic. The wifi constantly drops which means no internet service and since the tv gets the feed from the wifi signal, no tv as well.

Over the 11 months, I've contacted Xfinity 24 times, including 16 times in March 2020 to discuss their non-service. This does not include the hours of troubleshooting done independently. They've sent technicians and outside maintenance to check connections. However, it is always the same result, the signals drop and no service. Last month I was told I would get a new modem and it never came. When I called, I was told it was not even ordered but a tech was scheduled (without my knowledge) to come out on April 12th. No one showed. I've been forced to use free hotspots and my mobile hotspot for wifi but this does not address the tv. In addition, due to the pandemic, I am now working from home and cannot have sensitive data transmitted over free hotspots. Finally, I am being billed for Internet speeds of 150 mbps. However, the speed in reality on a good day only reaches 76 mbps.

I would appreciate any assistance in receiving the service I am being billed for and credits for the months the service was not operable. Not just \$58 they offered in February when they are billing me \$144. I want the issue fixed and my internet speed boosted. If this cannot be done, I would appreciate your help in having Xfinity waive the early termination fee so I can go to another provider. I've attached a history of my contacts to support, a chat message indicating a new modem would be sent and it wasn't even ordered, and a screenshot of my current internet speed vs what I am being billed for. Thank you in advance for any assistance you can provide.

Thank you

Ticket: # 3938588 - Slow internet service

Date: 4/20/2020 10:56:30 PM

City/State/Zip: Grand Bay, Alabama 36541

Company Complaining About: Centurylink

Description

Our internet provider, Century Link, only offers a speed of 4mbps in our neighborhood which is ridiculously slow in modern times. I have had techs come out to check setup and lines, I have called and I have been in contact with them via private message. They continue to tell me there is nothing they can do. We have no other realistic option for internet, and when forced to work from home during the pandemic but not able to be productive due to slow speeds, this is affecting my job. This company is content with leaving things as they have been for 20 years with no plans for improvements or upgrades. They need to increase the speeds or if their current lines cannot handle increased speed, spend the money to run fiber optic cables. We are not far down the road from the nearest line and with the amount that everyone who had them is paying each month, they should have more than enough profit to meet the needs of their customers.

Ticket: # 3938664 - Cox Overselling Nodes for Internet / MASSIVE PING SPIKES and PACKET LOSS

Date: 4/21/2020 3:58:14 AM

City/State/Zip: Newport Beach, California 92660

Company Complaining About: Cox

Description

We're paying upwards of \$100 a month just for internet service on a shared 1.2G down/107.6M up pipe. My node has 500 modems on it. It took me four months of calling and tech visits to get a supervisor to put my house on a ping plotter test. I was having packetloss and latency way before COVID19. Finally, I was able to get some answer that "we've found the issue is due to oversaturation. There is no ETA for a fix. Could be weeks, or it could be months". 500 modems sharing 1.2G down/107.6M up. At full volume, that is 2.4M down/.21M. Cox is the only provider having these egregious ping spikes and upwards of 40% packetloss. Yes, other ISPs are having slowdowns during prime time but nothing like what Cox customers are seeing. During the weekdays from 9am-10pm I have 20-40% packetloss CONSTANTLY.

Ticket: # 3938666 - Flight cancelled stranding in Taiwan

Date: 4/21/2020 3:59:07 AM

City/State/Zip: San Jose, California 95131

Company Complaining About: N/a

Description

I DON'T KNOW WHERE TO FILE CLAIM. PLEASE DIRECT ME TO THE CORRECT PLACE.
THANK YOU IN ADVANCE

Flight no. CI004

Confirmation no. KLDX9W

Return flight from Taipei Taiwan to San Francisco, CA

Customer name: [REDACTED]

(b) (6)

Original trip was 3/10/2020-4/9/2020.

Due to the COVID-19 crisis, I was informed by travel agency that China Airline has cancelled flights in April on 3/31/2020 to postpone my flight in May. I agreed to postpone due to understanding the difficulty flying internationally during this pandemic. Therefore, I asked my company for an additional one month off and postponed my flight to 5/4/2020.

Yesterday, 4/20/2020, I received another notice from travel agency that China Airline has once again suspended flights in May...

I'm only visiting elderly parents in Taiwan for one month and needing to go back to San Jose, CA for work! I'm almost used up all my travel money. Sadly, China Airline cancelled commercial flights and converted to cargo flights and stranding customers in foreign country without providing return flights by other airline company. Taiwan government has not restricting international flights to North California nor the US government restricting flights from Taiwan. China Airline CANNOT suspend flights last minute causing customer's inconvenience. They should provide full refund and compensate the differences for customer to purchase another airline company's ticket; AND/OR compensate short of income due to stranding in foreign country.

Related Topics

- Coronavirus pandemic
- Asda is cancelling a quarter of orders with clothing suppliers despite seeing record food sales during the coronavirus pandemic.

The supermarket chain has also told suppliers that it would only pay for part of such cancelled orders. A spokesperson for the supermarket said that Covid-19 had "had a significant impact" on the fashion industry.

According to reports in the Sunday Times, the move has angered suppliers as the range is still on sale.

One supplier told the newspaper that the "behaviour is totally unacceptable".

They added that it was "ridiculous" for the firm, which is owned by US retailer Walmart, "not to pay for orders".

☐ Government extends furlough scheme to pay staff

☐ Green's retail empire could close over 100 stores

Asda told the BBC that suppliers will be paid 30% of the order value for those that have not yet been finished, and half for those that have. That rises to 60% for manufacturers based in Bangladesh. It has committed to paying the costs within seven working days, as well as agreeing suppliers can resell items or donate them to charity.

"We have longstanding and valued relationships with our suppliers, and want to help them weather this crisis," the Asda spokesperson added.

'Severe downturn' in clothing demand

The move comes as the chain has seen a surge in demand for groceries as UK consumers are staying at home amid lockdown measures.

The supermarket says its warehouse and in-store colleagues are focused on "getting food onto our shelves for essential retail".

launched a recruitment drive for 5,000 temporary staff in an attempt to keep up with demand

Meanwhile it has invested in additional storage space for products that it says it is struggling to sell due to the coronavirus pandemic.

The supermarket said that it had seen "severe downturn in the demand for clothing", along with disruption caused by factory closures.

Other retailers such as Primark have recently opted to cancel orders with their suppliers too.

High Street chain New Look informed its suppliers earlier this month that payment for stock already sitting in its shops or distribution centres would be delayed "indefinitely".

Unreasonable demands

Garment manufacturers based in Asia recently told the BBC that they had seen unreasonable demands from big clients, mainly in the US and UK.

"Some brands are showing a true sense of partnership and high level of ethics in trying to ensure at least enough cash flow to pay workers," said Amit Mahtaney, the chief executive of Tusker Apparel Jordan.

"But we've also experienced demands for cancellations for goods that are ready or are work in progress, or discounts for outstanding payments and for goods in transit. They are also asking for a 30 to 120-day extensions on previously agreed payment terms."

After growing criticism, some brands such as H&M and Zara-owner Inditex committed to pay in full for existing orders from clothing manufacturers.

If the above is true then the George website should take of ethical trading and sustainability claims as there actions mean they are breaking all their claims!!!!

Ticket: # 3938844 - constant internet issues and no response from optimum

Ticket: # 3939042 - cell phone bill payments and COVID-19

Date: 4/21/2020 11:31:44 AM

City/State/Zip: Clarksville, Indiana 47129

Company Complaining About: Boost Mobile

Description

Millions of us rely on our cell phones for communication between our family, work and friends. Especially during this time when many of us such as myself are not working and can not even anticipate when we will go back.

Cell phone companies, ei Boost Mobile and/or Sprint have not specified any type of payment plan that will help those of us who depend upon our cell phones.

I have tried contacting Sprint and Boost mobile but there is no one working in customer service.

I believe that Sprint Corp. office needs to be contacted and they need to establish a blanket agreement regarding some type of help or delay of payments without our services being disconnected and then when able to pay our bill, not being charged for reconnection fees.

Thank you,

(b) (6)

Ticket: # 3939191 - Inappropriate Termination of Service

Date: 4/21/2020 12:26:26 PM

City/State/Zip: Santee, California 92071

Company Complaining About: Freedompop

Description

Services were terminated apparently due to a Terms of Service violation. My usual lines of contact stopped working, so it took a BBB complaint to get an answer from the company. The complaint was decided with no resolution, and correspondence on the issue was returned. All I want is to have services restored, plus accrued rollover, but this termination has caused me to lose income and prevents me from providing the services I otherwise could've during the COVID-19 pandemic. See the attached files for the specifics, including a complaint to the FTC.

Ticket: # 3939193 - Service COVID-19

Date: 4/21/2020 12:26:37 PM

City/State/Zip: Philadelphia, Pennsylvania 10143

Company Complaining About: Comcast

Description

Consumer is having problems with Xfinity. On the 04-19-2020 consumer notice that his service was off. Consumer made a payment on the providers app that should had restore the service within five minutes of the payment. An hour past and (b) (6) had no service then he called consumer service and they told him that he was place in a program in order for him not to get late fees in his account he was place in this program without authorization. He was not able to be remove out of the program but they told him that after four hours his service should be back on. Consumer waited six hours and the service never came back. Consumer called again and he was begin transfer to the technicians to restore the service they told him that it could take from 4 to 36 hours to have his service restore, then they started asking him for the payment of the month and that was the only way that they could restore the service within an hour. Consumer explain to her that the family was not working due to this pandemic outbreak but the technician supervisor would not help him. Instead he was begin rude and ignorant telling him that the only services she has to keep up is internet and phone that she did not have to restore the service of cable. Consumer watches his local channels for information and he will not be able to watch them.

Consumer wants his service restore immediately and also wants a credit into his account because of this inconvenience that he is going through with his family. Consumer has the obligation to provide food to his family and keep them connected with everything that is happening in his local areas. Consumer also notice that he already has late fees for the next month in his account, the reason why he was place in this program is to avoid this fees and he already have them in his account.

Ticket: # 3939357 - Verizon

Date: 4/21/2020 1:29:30 PM

City/State/Zip: Lagrange, Ohio 44050

Company Complaining About: Verizon Wireless

Description

I have diligently made payment arrangements with Verizon for years. I have also been a customer for close to 10 years. While during this Covid 19 issue, we were ASSURED THAT VERIZON COULD NOT SHUT OFF THE PHONES. Especially since I have diligently made payment arrangements during this time. With my children at home, loss of money and trying to make arrangements to feed my family, VERIZON DID JUST THE OPPOSITE AND TURNED OUR PHONES OFF. When I called and spoke to financial services, she asked me "HOW I WANTED TO PAY MY BILL" When I mentioned to her that I was under the impression that Verizon would not disconnect our phones, she said she would wave the \$7 charge for ME TALKING TO HER???? I stated to her that THEY ARE NOT TO CHARGE ME THE \$30 PER PHONE to be reconnected. She stated it's only \$20 per phone and she would NOTE IT. I asked her what she meant by noted. She said I would have to call back and talk to Financial Services and dispute it. I stated, BUT YOU ARE FINANCIAL SERVICES??? She couldn't explain why I would have to call back, just that I would have to AFTER MY phone was turned back on. ABSOLUTELY UNACCEPTABLE... Verizon needs to be held accountable for doing this stunt to people who are literally days away from being on the streets to NO FAULT OF THEIR OWN along with their children

Ticket: # 3939360 - Spectrum Availability

Date: 4/21/2020 1:31:14 PM

City/State/Zip: Fairfield, Ohio 45014

Company Complaining About: Spectrum

Description

The consumer states that he was renting a condo from 2017-2018.

He had Spectrum Internet services with them when he was renting.

The consumer saw that the condo was for sale, so he decided to buy it.

Now the consumer called Spectrum to try and set up Internet Service for his kids who need it right now and they are denying the transaction.

Spectrum representatives state that his address is blocked from receiving service because the previous renter (not him) had a due balance to them.

They told the consumer that he must off their balance in order for him to get Internet service at his location.

The consumer doesn't think its fair that he must pay off someone else's debt in order to get service for his child.

The consumer needs internet service for his child to go to school online due to COVID-19.

Ticket: # 3939489 - Cable ISP Extortion and Performance Degradation**Date:** 4/21/2020 2:12:14 PM**City/State/Zip:** Palestine, Texas 75801**Company Complaining About:** Zito Media

Description

In my area there is only one high-speed cable provider, and they are providing severely sub-par performance. I never get my advertised speeds, there are bandwidth caps, and lately there has been "unsolvable" latency issues. Their service was originally very usable, but they routinely tell me technicians will come and then never send anyone. I would also like to state this has been going on for well over a year, and was a problem well before the COVID-19 pandemic.

Ticket: # 3939535 - Disconnection during crisis

Date: 4/21/2020 2:23:45 PM

City/State/Zip: Connelly Springs, North Carolina 28612

Company Complaining About: Spectrum

Description

Spectrum has promised to not disconnect anyone during the COVID19 crisis. I will attach the information from them as well as the communications they have sent. My services were disconnected and they would not reconnect the services without payment. As someone who works from home right now because my job is essential this is very upsetting. It prevented me from working.

Ticket: # 3939609 - robocalls from spoofed numbers

Date: 4/21/2020 2:47:27 PM

City/State/Zip: Canton, Mississippi 39046

Description

Since the beginning of 2020, I have been receiving phone calls on my cellular phone from numbers I do not recognize. Presumably, these are marketing calls. All of the numbers are presumably spoofed, and presumably they are all robocalls. The frequency of the calls has varied. For most of January and early February, the frequency was one call per day, though it increased to three per day at times. There have also been short periods where I received no such calls, perhaps as a result of my reporting the incidents. In general, the frequency has dropped from that Jan/early Feb high, which I am pleased about. However, the calls have not stopped.

Many of the spoofed numbers were registered for Greenville, MS. However, I have also received calls from Coffeetown, Booneville, Hollandale, Tupelo and Winona. For a brief period, calls came in from out of state as well. The out-of-state calls coincided with the period in which the coronavirus pandemic first began to get serious attention in the United States. Those have since stopped. The call I am reporting in this complaint was identified as coming from Aberdeen, MS.

Most of the time, I do not answer the calls. When I do however, there is generally only silence for a few seconds, and then the call is dropped. At times, I have tried to return the call to make sure it was not legitimate. When I call these numbers back, one of two things usually happens: the number has been spoofed, and I get the true user of the number, who has nothing to do with the call, or the number doesn't exist at all.

In 2019, I was unscrupulously and intensely harassed for months by robocallers selling health insurance. Because I have not answered most of the calls in 2020, and they do not generally leave voice messages, I do not know they are selling health insurance, though my former experience suggests that it is likely. In two cases, a message was left, and, you guessed it, they both featured an automated voice soliciting me to buy health insurance. While the voice messages allow me to be more specific in my complaint, the practice is, in general, even more egregious, because it can quickly clog up my mail box. I have also been compelled to put my phone on Do Not Disturb in order to maintain any peace of mind.

I adopted the policy in 2019 of reporting EVERY SINGLE incident to the FCC. After months of effort, those calls were eventually almost completely eliminated. Unfortunately, however, 2020 has seen a return of these disruptions to my day and attempts to defraud, and it looks as though I can expect it to continue. I intend to continue my no tolerance policy toward the perpetrators of these actions by reporting this and all such incidents to any reputable authority I can find. These people are criminals who make a living through fraud, and who show a total lack of regard for the right to privacy and peace of mind. It is my hope that I will not only ultimately succeed in stopping the calls to myself, but that these criminals will be located and punished.

Ticket: # 3939610 - Xfinity COVID-19

Date: 4/21/2020 2:48:15 PM

City/State/Zip: Wellington, Florida 33414

Company Complaining About: Comcast

Description

The consumer states she has Xfinity and President Trump said that services

They turned off her TV services and they slowed down her internet.

Her son is using the internet for school work since school is canceled at the time due to COVID-19.

The consumer states that she called wanting to cancel service so that she could go with another provider that won't do this.

Now they told her that if she wants to cancel service she must pay off the remaining balance.

The consumer states that she would like for Xfinity to restore her services and allow her a credit for the time she didn't have service.

The consumer states that her phone bill and electric was never cut off, she was given an extension just like Xfinity should be doing since the President did order for all services to stay working.

If you guys aren't willing to do that, it makes the consumer want to go ahead and cancel services without having to pay the balance because it makes her feel like you guys are a bad company not allowing an extension like the rest of the providers are.

Ticket: # 3939636 - Spectrum Rate Increase

Date: 4/21/2020 2:55:08 PM

City/State/Zip: Allegany, New York 14706

Company Complaining About: Spectrum

Description

Spectrum is raising rates on customers during the COVID pandemic. I have multiple accounts with Spectrum and they have all gone up during the pandemic. I have called spectrum for help with this and they have stood firm in the fact that they are raising my rates and there is nothing that they or I can do about it. I would get another provider, but they are a monopoly and there are no other internet providers in this area.

Ticket: # 3939660 - Re: [FCC Complaints] Re: Comcast/xfinity illegally charging me/still no resolution

Date: 4/21/2020 3:02:30 PM

City/State/Zip: Chicago, Illinois 60611

Company Complaining About: Comcast

Description

This is a follow-up to your previous request #3880808 "Comcast/xfinity illegally c..."

The attached letter is not truthful. I am consistently being lied to by Xfinity. They NEVER told me I had to instinctively "know" where Pods go. I have no idea. Apparently, either does Tiffany, the author of the letter. (I called her 10 minutes ago and she said she doesn't know where the Pods go).

I was specifically told the Pods would help. And they very well may help. But I need help how they work.

Q. Why didnt Xfinity hard wire the cable when they sent the service technician out?

A. I was told by the Xfinity technician to use the Pods because maybe the Pods would work.

But I need to download something to make the Pods work. Tiffany doesn't know what to download. If she doesn't know what to download and doesn't know how her own Pods work, then why is she calling me? I have no idea why she calls me, expecting me to know how to install pods when she doesn't know herself.

Then I told her to have someone else call me, she told me that nobody knows how the Pods work and nobody at Comcast will tell me.

So, evidently, the Pods don't work so they need to have someone hard wire the cable. But she won't send someone during the pandemic. Fine, I told her she can't keep charging me for a TV that doesn't work. Then she told me to return the box. Well, if Xfinity can't hard wire during a pandemic, how am I supposed to return equipment during a pandemic?

Please help.

Ticket: # 3939693 - ISP issues while working from home due to COVID-19

Date: 4/21/2020 3:11:09 PM

City/State/Zip: Laguna Niguel, California 92677

Company Complaining About: Cox

Description

Due to Covid-19 I am working from home. My internet service provider, Cox Communications, has been unable to provide stable internet services. Since the shelter in place, my wife and I have been working from home and have had constant disconnection. We have a high-speed package and are not satisfied with our service. Contacting Cox, they have not provided any support from their end, but based on what I'm reading from other customers, the nodes in our area are over-used and the infrastructure needs to be updated by Cox.

Ticket: # 3939710 - Charter Spectrum Disconnected their Services due Poor Customer Service & Lying about her Bill/Rate COVID19

Date: 4/21/2020 3:15:41 PM

City/State/Zip: Muskego, Wisconsin 53150

Company Complaining About: Spectrum

Description

Please NOTE: Her husband is a FIRST RESPONDER ! He is a Cardiac Nurse at Forefront! He MUST have access to internet. He is a Supervisor as well! Her daughter is trying to complete this semester of college and she MUST have internet service to so.

****Services were terminated during "Covid-19 - Keep Americans Connected" Pledge, by Charter Spectrum.**

Her bill is \$600.00 per month now.

The consumer stated that every time that she talks to someone at Charter Spectrum, they have a different story. She was paying a little over \$220.92 per month. She has on line billing . Right now Charter has cut her services off. 2/29/2020. She called Spectrum to add a cable box . The rep advised her that it would cost \$11.75 to add to add the cable. However, then the rep stated that she noticed that the consumer was an old TWC customer and that she could switch their services over to Charter. She advised her that she would lose her old email address. The consumer stated that the bundled price was \$159.99 (Plus taxes, fees, and surcharges).

The consumer stated that she needed time to think about this because she did not want to lose her email address. The consumer stated that there was NO disclosure about losing her current pricing or even any mention of increasing her price.

The next day, she went to a Spectrum store to obtain an additional cable box, (her elderly mother is now living with them). they experienced several issues in connecting it and needed a tech to respond to connect the box. The tech had to install a triple splitter to make the internet work again. That same evening, at 10:00 pm, she received an automated email that stated it was a confirmation for change of service and going forward, her new bill would be \$373.88 (This is an increase of \$152.96)!

Since it was 10:00 pm, the next day she called customer service, again due to this confirmation increasing her bill. Coincidentally, this email expired on the FIRST of the month, (March)which was the day before. She had just spoken to customer service on the 29th of the month, for February!! There was NO mention of "MORE than doubling their bill, to \$373.88!!! This is extremely predatory, not to mention deceptive and, it is no wonder that the reps go out of their way into deceiving current customers with old pricing plans, from TWC, to switching over to Charter's bundles! There was NO NEW equipment involved, she simply added a cable box. This box was quoted as being an additional \$11.75 per month BUT the very next day, they more than doubled her bill ??

On March 2, 2020, she had called again and requested a manager. The manager confirmed the same story... that the TWC bundle expired and that she MUST pay the increased bill and they could

do NOTHING about the Time Warner Bundle being removed. She was told that she could make payment arrangements but that they would do nothing about this and she could speak with "Customer Solutions". Apparently, they are empowered to do a little bit more than regular customer service. The woman in Customer Solutions explained that she would pro-rate the bill for her.

She discussed packages with this new rep. However, she has 30-40 less channels, the internet speed is very slow and much worseNOT better like it was explained by this same rep. They have the confirmation number for the new monthly bill going forward:

(b) (6) .

She stated that her new amount, at this point is \$201.36. Her bill is \$590.16!!! Their last bill for \$220.92 was due yesterday ! However, she was told to wait for the April bill because it would be reissued for the middle of the month and this rep was going to pro-rate this bill.

Now, all of a sudden, they are demanding the extra \$373.89 PLUS, they are charging her LATE fees of \$9.66 - They are demanding that this full amount be paid. She could have paid her amount, that was due...yesterday - that amount was \$220.92!

Please NOTE: Her husband is a FIRST RESPONDER ! He is a Cardiac Nurse at Foreddert! He MUST have access to internet. He is a Supervisor as well!

First of all, the bill was NOT late, Charter has the "Keep Americans Connected Pledge", with the FCC ., that they did NOT honor. They added LATE fees, in spite of this promise that is also in place during Covid-19. Her Husband MUST have internet as explained above, Her daughter is trying to complete this semester of college and she MUST have internet service to so, the consumer did NOT pay the bill on the advice of the rep that last assisted her! AND , The consumer is NOT working, now! Plus, this consumer was deceived so that she would give up her old/grandfather plan so that they could double her bill!

While she was speaking with the rep on March 2, 2020; the woman representative, advised her that the new (without taxes and surcharges would be \$206.61 with a new charge of \$5.00 for WiFi! She also explained that the old bill would pro-rated but could not provide a number because billing does this function. This same representative stated to her, "Now, you need to go back to the Spectrum store and switch out your router and the DVR but not the cable boxes" ! No reason was provided! (The consumer stated that the plot thickens)!

The consumer did this and went back to the same store. One of the ladies behind the desk advised her that she did NOT need to do this and stated that there is no need and the same equipment is used. The lady at the store was the most credible and reliable person, in Charter, thus far.

On March 5, 2020, she received an email notification that \$373.89 is now due on March 18, 2020...even though, she had been advised on March 2, 2020 to NOT pay the bill until it was pro-rated and straightened out.

On March 6, 2020, the consumer called again. She advised the rep, (Grace), that she was only supposed pay \$201.36 but was advised, on march 2, 2020 to wait for the April bill. She was placed on hold and when Grace returned, she advised the consumer that she was over the limit for the back

date charge. She stated that it will take 5-7 days for Charter to revise the bill. She stated that there is a pending amount of \$373.89 for an auto charge. The consumer advised her that she cancelled that pending amount until the bill was rectified.

The rep suggested that she download the Spectrum Mobile app and once this was done, the charges would refresh and she would see the new corrected charge on her account (it would be pro-rated).

The consumer checked the app and checked it all of the month of March. On March 25, 2020 the app still was not accurate. The consumer called back in and spoke to CSR rep, Bill. He stated that on April 1, 2020, a new bill will start and new charges will be reflected on April 10, 2020! She did mention that she had about 30-490 channels and that the internet definitely did not improve as promised.

She then received a paper statement AND an online statement \$590.16.

Last night, her bill was due. She called them at 6:30 pm and spoke with Sabrina. Sabrina stated that NO ONE, not even managers are authorized to pro-rate bills! Sabrina stated that a manager would call this consumer with 24 hours. This never happened. Today, (April 21, 2020), at 11:30 am, their services were totally disconnected.

She has never received the call from the manager.

This consumer mentioned, to me, that it is imperative that they have internet service. She stated that she is extremely disappointed in never receiving a straight answer from anyone at Charter, other than the lady in the store about the equipment. She stated that she is extremely upset at their deceptive and predatory practices, lying about pricing, and completely ignoring customer service. She stated that she HAS to have internet and wanted to make the FCC aware of these violations but she would be obtaining internet service elsewhere because they are required to have it for her h

Ticket: # 3939712 - spectrum internet

Date: 4/21/2020 4:09:38 PM

City/State/Zip: Hawkins, Texas 75765

Company Complaining About: Sudden Link

Description

We have been without internet service since April 12th, our power was out from then until April 13th around noon. Despite my efforts to get someone out to fix it, they believe it is a router issue and scheduled us for Thursday the 23rd to have a technician come look at my router, which isn't a router issue because my neighbors haven't had service either. We have called multiple times and have been told it was an outage and then when our address was looked up we were told it was not an outage after many calls. They said if it's a major problem then it could possibly take another week to fix after they come look. This is unacceptable and not being taken seriously by anyone. I was even told at the end of the week, it's an outage that hasn't been reported by anyone and I have been calling all week already reporting it. Also, waiting for a call back to get this fixed sooner which was supposed to take 15-30 min, almost 24 hours ago now. This description ask for the bare minimum to be described so there is so much detail being left out, including all issues and the need for internet for home schooling due to Covid-19.

Ticket: # 3939901 - Sprint- Misrepresentations/Locking Out Pins/Making it Difficult for Customers to Transfer

Date: 4/21/2020 4:12:58 PM

City/State/Zip: Plano, Texas 75023

Company Complaining About: Sprint

Description

A year ago, I misplaced a phone that I have had with Sprint for 4 years. When I reached out to them last summer, they said I had no insurance and the phone was too old to replace. I actually remembered I had insurance, but they said I did not at the store. I found the phone, so I was able to resume with my existing device and my contract had expired, so I was free to leave at any time. At some point, without my notice I was billed for services I don't recall ever requesting. the highest level billing for services not needed fell in the \$82 dollar range for data (I only found that out after two weeks dealing with customer service this past month). I had previously asked for a lower amount and was never told I was being charged at the highest rate. This past month while trying to work, my phone became unable to dial out on, so I cannot use my keypad. I have spent two weeks trying to get Sprint to give me accurate data about my data plans, about phone plans, and about replacing the phone. During one call, a woman said I had insurance all along and she would replace the old phone (something they refused to do last summer). But I wanted to upgrade. She failed to provide me with that information. I then ended up in a period of two weeks speaking to various customer reps, so-called supervisors and other departments. None of them revealed that I was paying \$82 a month which is why my phone is so expensive. They also kept finding ways initially to not give my Pin over the phone even though it was hard for me to retrieve via text, so I could transfer to a new provider. Apparently, you need the pin to transfer your phone number. Because of difficulties and different information given from multiple carriers on how to preserve my phone number, I finally accepted I would have to stay with Sprint to get a new phone in during Covid. I have been on the phone with them for 7 hours in one day. They will have one associate agree to a plan: \$20 a month, a service fee of \$40, and then they will send it to someone else to sign-up who says that plan will not work and then they send them back to another sales rep to re-do the deal over again and to reveal more expenses and information. I did this twice today. Finally, after having to go higher in proposed payments, I was sent to finalize a deal and the representative said he could not finalize it because I could not touch my cell phone screen to finalize the deal. I then said, I was done and needed to speak with a supervisor. I asked him to send an email confirming that no new contract was entered into because he could not finalize the transaction, and he did not send an email to confirm that.

Sprint is providing different quotes on the sales desk and then sending the person over to another party for sign-up who switches the terms. They are not creating fair reporting of all of the available data plans and have in the past year made it unclear to know if I have insurance and what it covers and have been unclear on the costs of billing, insurance additions, phone cost, contract terms, etc. And they are unable to replace broken phones in any other way other than touching the phone itself. They cover their trail by having one associate agree to a plan and then sending it to another person to finalize it who then changes the terms and adds on new information. The supposed \$40 plan I was promised was only if I agreed to auto-pay, and I will never agree to Auto Pay with Sprint because of numerous trust issues. But that should have been disclosed by all sales reps.

I am also an existing customer of years, and they are unable to timely handle phone replacements or information regarding placements when in fact these phones are part of someone's livelihood. I have spoken to at least 25 customer service reps, supervisors etc, in the past two weeks via chat and phone only to continue to be transferred with no conclusion. I still do not have a phone and when I was close to re-signing with them to get the phone. The customer service person was unable to finalize the deal because they do not know how to activate phones without touching them or to get the appropriate supervisors involved to ensure the customer has access to a phone when it is not working.

They make numerous material misrepresentations to keep someone on the phone and then transfer the party to a new associate to close the deal under different or adjusted terms.

I also asked about an advertised no-contract solution that would let me buy the phone outright and pay only \$35 dollars a month with no contract. When I asked a sales rep about it, she did not respond or even consider the possibility of giving me the advertised rates. Then the rates she gave were adjusted by the person trying to finalize the sale and I had to be sent back to another sales associate so they could adjust it again. None of them honored or even considered the attached form when I said I would buy the phone outright with no contract.

They also try to derail the customers from getting clarity at higher levels. When initially asking for supervisors, I would be sent to someone who still couldn't do anything. And then to another person. When asking for the address of the corporate legal department, they sent the following response:

Lana G.: Were already cooperating with my supervisor about your concern, checking all the notations on your account made by the previous representative who helped you.

You: Do you have their address though?

Agent stopped typing

Ticket: # 3939905 - Poor customer service and billing

Ticket: # 3939923 - Verizon Wireless Complaint**Date:** 4/21/2020 4:17:44 PM**City/State/Zip:** Old Greenwich, Connecticut 06870**Company Complaining About:** Verizon Wireless

Description

Hi,

My name is (b) (6) and I am a long-time Verizon Wireless customer. For the longest time, Verizon was an outstanding, customer-oriented firm. It took a global pandemic for them to show their true colors. If I could leave Verizon I would but I am stuck with them until I pay off my phones.

My complaint revolves around my being charged \$20 re-connection fees for my 4 lines. I paid my bill on Feb 25 for \$501.15. I was told I was going to be charged a reconnect fee of \$20 per line on Feb 25th. I then spoke with an assistant who promised me the fee would be waived. In April I was in fact charged the \$80 in reconnect fees. The woman in the finance department that I spoke with on April 9th told me that I was out of luck in having the fees waived. I paid \$425.83 on April 9th which included the fees. I had to get out of my death bed with the Covid-19 virus to speak with Verizon. Question: How does the FCC allow Verizon to charge outrageous reconnect. It's criminal. Why did Verizon tell me they would waive the fees when they did not. Every firm that I have been dealing with recently has been so kind as well as flexible. Why does Verizon get away with this nonsense? How many reconnect fees has Verizon charged during this pandemic to its thousand and thousands of customers. They are shameful firm.

Ticket: # 3940092 - Cable TV

Date: 4/21/2020 5:02:41 PM

City/State/Zip: Hialeah, Florida 33015

Company Complaining About: Opticaltel

Description

I had basic cable because in order to have Wi-Fi you have to get cable service. Due to COVID-19 the company claims they had to remove channels from the basic package to increase the speed of the internet which still doesn't work. However I contacted them regarding removing several channels and can my bill be lowered since I no longer have channels available to me that I was paying for before. They advised "this is the way it is" and in order for me to get the channels I had before, I have to upgrade the service. I've already made a complaint regarding the Wi FI service, but I don't think I should have to pay more for something I had already had.

Ticket: # 3940107 - Home schooling due to COVID 19

City/State/Zip: Somerdale, New Jersey 08083

Description

Because of COVID regulations, when I blew my tire out today and called 911, they were unable to help me and could not put the spare on because DOT is not running. This is absolutely ridiculous. I know COVID is dangerous but precautions could be taken when helping individuals stuck on the side of the road. We are already in enough despair...to be told by 911 "we can't help you right now" does a lot to your trust in the state. DOT could be requiring the 6 feet rule for anyone they help or setting up a plastic "wall" between themselves and the person in the vehicle to ensure medical safety. I hope NJ. considers this for our next pandemic because this is not consistent with "essential" at all.

Ticket: # 3940175 - Replacement Lifeline phone does not work. Assurance Wireless refused to send paid for phone to me or communicate with me since March 9, 2020.

Date: 4/21/2020 5:50:54 PM

City/State/Zip: San Francisco, California 94102

Company Complaining About: Assurance Wireless

Description

Assurance Wireless sent a defective phone to replace my old lifeline phone that broke. They collected a \$5.00 replacement charge and sent me a phone that never worked with a battery that won't hold a charge. For over a month their phone number (888 321-5880) was busy day and night. When I was finally able to charge their defective phone for 48 minutes and get through to 611, I waited on hold for 38 minutes and when a man finally answered He said "Hello, Hello. I can't hear you and slammed his phone down and disconnected my call.

With no working phone I had no internet. When I finally got online on a borrowed computer the Assurance Wireless website as not working.

Assurance Wireless neglected to provide me with a working Lifeline phone two weeks before the Covid 19 virus interfered with communication so they can't blame it on Covid 19 problems.

Assurance Wireless has the worst phones and the worst customer service in any phone company I have ever dealt with. They should be fined or sanctioned or run out of business.

Assurance Wireless was the only free Lifeline phone provider in the area when I got service years ago and they tell me I can't keep my phone number if I change companies.

I have been going through medical procedures and looking for housing and I NEED a Lifeline phone NOW.

Please, please help me get a Lifeline phone that actually works with a battery that will charge and hold the charge.

I'm begging FCC for help.

Ticket: # 3940189 - Spectrum

Date: 4/21/2020 5:59:24 PM

City/State/Zip: Van Hornesville, New York 13475

Company Complaining About: Spectrum

Description

Spectrum raises its rate after a year.... I have no other carries to switch too so this means spectrum is basically a monopoly. During covid 19 I asked that they not increase Bill as my husband basically lost his job. They refused and it made employment and schooling more difficult to afford.... I am not rich and cannot compete with their unfair but necessary practices

Ticket: # 3940224 - Billing

Date: 4/21/2020 6:18:59 PM

City/State/Zip: Baltimore, Maryland 21202

Company Complaining About: Verizon Wireless

Description

I spoke to an Australia today. Who is in Business care. She is an Business Care Customer Service Rep for Verizon Wireless. She was very unprofessional today. I got mad due to her unprofessional behavior and thinking everything was a joke. I am very angry very frustrated and mad. I am pissed No one is helping me with my account. I have been adversely affected by the COVID 19 Pandemic. I need my lines back on and available. I need help. I am unable to use the lines. Due to no staff. Australia A Business care Customer Care Service Rep. got cussed out. Due to her being very unprofessional and thinking everything is a joke. I am just been switched around from one person to another. No one is taking my situation. They think everything is a joke. Check the notes from Tuesday April 21 2020 and you will see I have been calling these people for hours and no one has been professional enough to help me out. They want me to pay for lines. I am not using there are 8 to 9 lines I am not using. Which I was going to use in March. I am unable to use the lines due to the Covid 19. These 8 to 9 lines are for staff. I dont have any staff at this time. I wont have staff until September 2020.

I am simply requesting a credit for the lines not used and I am. requestion that lines be suspended for 90 days. I am also asking for assistance with payment arrangements. So I can pay this down. Due to the Pandemic I am unable to pay everything in full. I was put on a payment arrangement. Which I honored. I paid Verizon Wireless \$395. Feb 28. They were suppose to put me on another payment arrangement. They never did.

April A Business Care Customer Service Rep was rude and hung up on me. This is very depressing and STRESSFUL. I need help. Australia lied and said a supervisor was going to call me and no one never called me Please do something. I have been on the phone with them for 5 to 6 hours off and on and people have been hang up on me and not wanting to listen to my frustration.....

Ticket: # 3940284 - Wave Broadband Connectivity Problems**Date:** 4/21/2020 6:46:09 PM**City/State/Zip:** Duvall, Washington 98019**Company Complaining About:** Wave Broadband

Description

Our internet service with Wave drops every day, usually 2-3 times a day, for periods of an hour or more. When we do have connectivity, we experience degraded speeds. This is despite Wave sending our frequent newsletters touting the fact that they have “prepared” for situations such as the current pandemic. For my remedy, I would like them to spend the money to address infrastructure shortcomings in this town and provide contractually obligated services that we pay for.

Ticket: # 3940291 - Economic discrimination & monopoly pricing

Date: 4/21/2020 6:52:27 PM

City/State/Zip: Hillsboro, Oregon 85396

Company Complaining About: Cox

Description

COX HSI's pricing structure is gamed to force fixed income customers with lower tiered basic internet to subsidize customers with higher tiered service.

.e.g. 30Mbps essential service costs \$66 USD per month whereas 150Mbps service costs \$80 USD per month.

Since $30 \text{ Mbps} * 5 \text{ times} = 150 \text{ Mbps}$

either basic 30Mbps internet should cost $\$80/5 = \16 USD per month or

150Mbps internet should cost $\$66 * 5 = \330 per month.

Cox seems to be unfairly shifting the burden on users on lower tiers especially customers on low & fixed income.

If water & or power utilities operated using this same model it would be illegal & discriminatory. Significantly disadvantaging lower income users for substantially less service use.

this needs to be addressed. customers should not be forced into subsidizing consumers that consume 5 times the bandwidth & capacity of the network. It's fundamentally unfair & its a form of theft.

This is made worse by the fact that COXHI has a complete monopoly in my community with no other options.

Finally given that internet has now become an essential service in light of COVID-19 lock down & economic fall out, this situation is rapidly becoming a matter of life & death for many lower tier & fixed come customers.

Ticket: # 3940410 - COVID 19 Commercials - Affecting me mentally!

Date: 4/21/2020 8:54:42 PM

City/State/Zip: Indiaianpolis, Indiana 46219

Description

Can you please change or stop these commercials? The music is now starting to affect me mentally! This is excruciating to hear day after day! We do not need any more reminding of this. It was ok in the beginning, but now I feel like I am drowning with these daily reminders! Thank you for listening!

Ticket: # 3940441 - Covid-19

Date: 4/21/2020 9:17:44 PM

City/State/Zip: Houston, Texas 77083

Company Complaining About: Assurance Wireless

Description

Assurance Wireless Street Vendor Unmasked and Attracting Crowd:

On April 21, 2020, at 12:15 pm, I was on Tres Lagunas Drive, near the intersection of Bellaire Blvd., Houston, Harris County, Texas 77083. I saw an Assurance Wireless Safelink vendor set up, on a county tree lawn, next to a bus stop. He was attracting a crowd from the bus stop. Neither the vendor nor the members of the crowd, were wearing masks. All were clustered around the set up table breathing on each other. Assurance Wireless is violating: 1) closure of non essential business by sending out street vendors, 2) social distancing orders, and 3) CDC guidelines, by blatantly placing himself and others at risk of infection. Assurance Wireless being a major Safelink provider is using the pandemic to attract customers on the street. Assurance Wireless needs to be fined and all applications submitted by street vendors, during this pandemic, should not be processed to discourage continuation of this unsafe business activity.

Ticket: # 3940456 - Latency spikes, low speeds

Date: 4/21/2020 9:30:53 PM

City/State/Zip: Scott Depot, West Virginia 25560

Company Complaining About: Sudden Link

Description

I have experienced slow internet speeds (150 mb/s) and significant latency/ping spikes since February 2020, while subscribing to a Gigabit package. I have had two technicians come out, one in February, and one in March. The first technician changed all the plugs on the cable wires in the house, and said this is all he can do. This did not improve the situation. The second technician came in March and checked his work, took pictures of our wiring, and stated there is no problem with the wiring inside the house. He said he was supposed to send this to his supervisor, and someone should reach out. No one reached out. I have connected my device(s) via ethernet to the cable modem, and this does not resolve the issue.

I called Suddenlink after no one reached out, and they said someone would call me last Monday (4/13). I never heard from them either. I believe the node is oversold in my area since February, and given the coronavirus situation, the internet speeds have gotten worse and worse to the point of being unusable. The speeds improve between 2 AM - 6 AM, leading me to believe the node is overloading.

Please have a qualified level 3 technician or area supervisor take up the issue, as this is very frustrating to have two technicians come to my home who had little to no idea as to what to do. I called requesting this two weeks ago, and never heard back.

Ticket: # 3940462 - Spectrum TV DVR Billing During COVID-19

Date: 4/21/2020 9:36:14 PM

City/State/Zip: Hillsborough, North Carolina 27278

Company Complaining About: Spectrum

Description

First of all, this is my second Spectrum FCC complaint and probably should have submitted another with my first experience with them. My wife is a nurse at Duke Hospital on MICU which is the main unit for COVID-19 cases. We are trying to social distance as much as possible due to state regulations, for our own safety, and even more importantly the safety of others due to my wife's work situation. I wanted to return our DVR cable box to reduce our bill due to myself taking a pay cut at my own employment. I called asking if I could be sent a box and return it by mail from my home so we would not have to go out into public. I was told I would have to take it to the nearest Spectrum store or UPS store to mail it. We tried to limit going out as much as possible other than my wife going to work, so we finally made it out on 4/9 to return the cable box at a Spectrum store. I was told to contact customer service to make sure those charges were removed from our bill. I waited on chat for 1 hour one day last week and never got anyone, 30 minutes on the phone today (4/21) only to be disconnected from the agent immediately because they said they could not hear me, then connected on chat to one agent (Julia) who said she was trying to remove the charges on my next bill and was getting errors and then was disconnected from her due to "inactivity", then have the next chat agent (William) tell me the charge could not be removed on my 4/25 payment and would have to wait until my 5/25 payment instead because the 4/25 payment was for service from 4/7-5/6 even though I returned it on 4/9 within 2 days of 4/7 and could not be prorated. I even mentioned the agent right before him telling me she was trying to remove the charges and was not questioning it and he said he saw no notes on my account of that. I asked to speak to supervisor or help due to our unique situation and the general unique situation of COVID-19 and was offered no recourse and feel this was extremely frustrating, disappointing, and insensitive when we are seeing so many companies give back as well.

Ticket: # 3940526 - Local channels on satellite tv

Date: 4/21/2020 11:19:29 PM

City/State/Zip: Chappell, Nebraska 69129

Company Complaining About: Dish Network

Description

I personally think it is wrong that some Nebraska residents are not allowed to have Nebraska local channels and can only receive Denver Colorado local channels. This especially upsetting at this time with Covid-19 going on. I as a Nebraska resident have to depend on Facebook to find out Nebraska news on what is going on in my state from local stations that post on Facebook. Something need to change, cause I don't care what is going on in Colorado and would rather know what is happening in my own state. At least give Nebraska residents a choice of local channels instead of forcing us to have the ones we have.

[Ticket: # 3940535 - Cox Communications still terminating service despite claiming otherwise](#)

Date: 4/21/2020 11:33:37 PM

City/State/Zip: Fort Walton Beach, Florida 32547

Company Complaining About: Cox

Description

Gulf Coast, Florida. Cox Communications is claiming that due to Coronavirus they will not be terminating service due to nonpayment. Unfortunately, they still are terminating services for many. Contacting customer support is ineffectual.

Ticket: # 3940558 - ISP not delivering speeds promised

Date: 4/22/2020 12:28:31 AM

City/State/Zip: Las Vegas, Nevada 89131

Company Complaining About: Cox

Description

I currently am a customer with Cox, However, since the whole coronavirus has begun they have struggled to provide the speed at which they promised. I am paying for Cox premium where I should receive 150 download and 50 upload speed. Although I am getting consistent packet loss, extremely high ping. I feel it is extremely unfair that they charge such high prices while not being capable of handling this. Whether the coronavirus is a thing or not they should at least lower payments since the speed is being reduced so heavily, or something along those lines until they can handle giving the speeds promised. I have tried multiple times to contact them and the excuses started off with it being my equipment, I replace the equipment and still had the issue after this. I contacted them again and the cox technician came out and just blamed it on the coronavirus. Below I have attached two images showing ping tests to two different game servers that I actively use so that it cant be claimed that it's just the game servers.

Ticket: # 3940578 - FunPlus Mobile Games

Date: 4/22/2020 2:01:33 AM

City/State/Zip: Orem, Utah 84058

Company Complaining About: AT&T

Description

Hi, I was brought here by a YouTuber named Upper Echelon Gamers, who recently covered a Beijing company named FunPlus and their misleading advertisements across YouTube and Twitter. He covered two games specifically, "Kings of Avalon" and "Guns of Glory." These two games have been found to directly mislead consumers by stealing advertisement footage from other games to market themselves. Some of these games include "Verdun", "The Legend of Zelda: Breath of the Wild", "Ancient Cities", "Age of Empires 2", "Stranded Deep", and more over the last 2 years. Both games have millions of downloads on both the Apple App Store and the Google Play Store, and have grossed tens of millions of dollars in microtransactions through leading consumers by these false ads. On top of this, they are both laden with bot-generated "customer reviews" to create a false sense of positivity when both games are simple clones of other original titles. I don't know if you'll look into this but if you do, it would be greatly appreciated. Stay safe during this COVID-19 pandemic, and thank you for your time.

P.S. I wasn't sure how to fill out the "TV" section of this form as it is a problem on the internet, so I just put options in the form so it could be submitted. However my name, address and phone number are correct. Thanks again!

Ticket: # 3940588 - Out of state television stations during COVID-19

Date: 4/22/2020 2:39:08 AM

City/State/Zip: Eastanollee, Georgia 30538

Company Complaining About: Youtube Tv

Description

I live in Toccoa Ga. living in Toccoa ga, my television service requires me to have South Carolina television stations. The problem is I can't get much news for my state about the COVID-19 virus, nor can I watch the press conferences by our governor. During this pandemic it is very important to have access to local news from my state. For the safety of all in my area and for up to date laws local stations in our state is suggested. Please fix this during this time of pandemic so we can all be safe a able to get correct information in order to do that.

Thanks,

(b) (6)

Ticket: # 3940600 - Suddenlink by Altice refusing service

Date: 4/22/2020 4:16:26 AM

City/State/Zip: Amarillo, Texas 79103

Company Complaining About: Sudden Link

Description

First, please view the Facebook page at <https://www.facebook.com/mysuddenlink/> to view the thousands of unsatisfied customers.

I am referencing account number (b) (6) (I have full authorization on the account as well). Suddenlink by Altice has signed the "Keep Americans Connected" pledge, but has done quite the opposite. You can confirm by their Facebook page that it is not just my account.

A little over a month ago, I had called to ensure my account would remain active since I had been working two jobs and I lost one entirely due to Covid, and my income was significantly reduced for my other job due to Covid. I was assured that no disconnections would take place as a result of the pledge that was signed. However, two days later my service was still disconnected while I was working. I lost the only job I had left that day. I called and argued. It was reconnected with apologies and promises to keep it connected. However, two days later it was disconnected again while my daughter was attending her Zoom class, and it was disconnected daily for almost three weeks right after she would start her Zoom classes. This put her behind in her school work. So, if you're keeping score, Suddenlink cost me a job, and has also cost my daughter countless hours in school and could potentially cause her to repeat this grade level due to attendance. All of this was done by a company who promised to keep us all connected because we are all struggling right now.

Every day when I called about the disconnect, I was ridiculed and bullied about the past due amount. I was left in tears every single time. It was humiliating. My kids had to watch me admit daily that I had no money and needed help, only for it to fall on condescending ears. I finally gave in to the bullying and paid the majority of the past due amount in cash on April 17 (despite the fact that I have no job now and have no idea when I will be back to work so I needed every dime I could keep to provide groceries for my three children), and I was finally placed under protected status until May 13. However, here we are on April 22 and my service is disconnected again. The first representative I spoke to refused to reconnect my service, stating that she did not have to reconnect because she was not the one who disconnected the service. That is exactly what she told me. She called herself by name (I honestly could not understand her name) and said verbatim, "Ma'am, [name] did not disconnect your service, so [name] cannot reconnect your service. You will have to pay the past due on your account. How can I reconnect your service if you won't pay the past due amount?" She went on to tell me that the pledge only counted if accounts were not in a past due status. SERIOUSLY??!!

I was also informed during my first call a month ago that the protected status included a 50% bill reduction for the next six months, which was a courtesy they were providing all their customers. However, they are now refusing me this courtesy as well.

I have no other options for service at my address. I have called other companies and scheduled installation appointments, and they all said that the Suddenlink wiring does not allow for use of their

service. I literally have no other options for internet service for my job or my kids' school work, and Suddenlink is simply bullying me instead of trying to help me. I need results ASAP because this is pathetic!!!

Ticket: # 3940689 - Comcast

Date: 4/22/2020 8:33:22 AM

City/State/Zip: Media, Pennsylvania 19063

Company Complaining About: Comcast

Description

Comcast is calling me harassing me for a 100 bill that I owe them at my 2nd house and I am unable to travel during this pandemic, to get my bill. They have called me 40 times about this bill. Are they kidding---for 100 dollars, I told them I would pay them when I am able to travel to get my bill. Something should be done about this company.

Ticket: # 3940692 - Frontier Availability Complaint

Date: 4/22/2020 8:38:00 AM

Company Complaining About: Frontier Communications

Description

I hope all is well with you and your loved ones. With the health and economic pandemic, most internet providers are providing relief for students. Spectrum, Charter, and Suddenlink are granting students 60 days free internet.

Unfortunately, Frontier Fios is my only option for internet service. They are contracted to Providence Place Apartments. I have been pleading with them to work with me on my balance due and late fees since February 23, 2020. After no relent and concern for my Son's education, they told me to pay \$288.28 to restore internet and phone services.

Well March 31, I called Frontier and kept them on the phone, while paying the amount they quoted.

They still refuse to atleast connect us freely to the end of school semester, knowing how essential the internet is during COVid 19. My child needs to keep up with his Honor/AP courses. I am seeking employment. I also have a 3 year old Son.

This is a matter of survival for my sons any me. Frontier is being difficult during this disaster. Instead, they should be willing to help and not fight low income customers. We need the internet.

Your response is appreciated.

Thank You,

(b) (6)

Ticket: # 3940721 - Boost Mobile Availability Complaint

Date: 4/22/2020 9:11:53 AM

Company Complaining About: Boost Mobile

Description

Boost Mobile, a division of Sprint, who signed the Keep Americans Connected pledge, is now claiming that it ONLY applies to post paid accounts and not PrePaid accounts... They are refusing to allow us to stay connected during this pandemic, when we are both out of work, and have NOT received any money from the US CARES act as of yet.

This will immediately put 4 disabled children out of their distance learning effective immediately, and they will not be able to continue their schoolwork.

The Boost rep, who barely speaks English, started to yell at me that I needed to get the FCC to coordinate if I want them to adhere to this pledge.

Please Assist, this is an emergency..

(b) (6)

Ticket: # 3940736 - Century Link Internet Availability Complaint**Date:** 4/22/2020 9:27:20 AM**Company Complaining About:** Centurylink

Description

I am a high school senior and there are two issues with internet service that I would like to bring to your attention because these problems greatly affect internet service availability for many people and the situation has been greatly exacerbated with the pandemic.

The pandemic has made it more and more obvious that internet access is no longer a luxury in our life. It is essential to every individual and family in our nation. With this in mind, I believe high speed reliable internet services is as necessary as other utilities such as electricity, telephone service, etc. There are pockets of areas in Highlands County Florida, as well as other parts of our nation, that have no internet service or subpar service due to archaic laws that prevent competitors from entering the market.

I live in a rural area of Highlands County Florida served only by Century Link. Although there is considerable population in my neighborhood, Century Link refuses to run High Speed fiber optic cable and, due to some sort of exclusive rights, no other provider can provide service to our area of the county. This includes the local cable company who offers a much better quality internet service than Century Link. It is my understanding, from a Century Link employee, that Century Link has a contract that precludes any other provider from installing their own cable and other providers who want to service this area must lease access from Century Link. This requirement makes providing services too expensive and keeps competition out. We have contacted all providers within our area and none of them have any plans to expand to this area. Our only alternative for internet service is a satellite service, which is unreasonably expensive and does not offer sufficient upload speeds.

The fastest download speed I am able to receive is approximately 6 Mbps while I pay for at 8-10 Mbps (which is the top download speed they offer). An even more serious issue is the slow upload speed. Century Link's upload speed at my location is .03 Mbps. The internet is a necessity for my virtual schooling. This slow upload speed causes tremendous delays in uploading my schoolwork and seriously hampers my ability to submit schoolwork.

Please look into these problems and force Century Link, as well as all other internet providers, to provide high speed internet services for everyone or force them to allow competition to enter the areas where they have exclusive rights.

Thank you,

(b) (6)

Ticket: # 3940760 - spectrum/charter disconnecting internet access during pandemic

Date: 4/22/2020 9:39:33 AM

City/State/Zip: Menomonee Falls, Wisconsin 53052

Company Complaining About: Spectrum

Description

The company Spectrum/Charter is disconnecting customers during Pandemic crisis impacting customers ability to work from home. Spectrum/Charter has previously promises to comply with President/Government guidance on *not* disconnecting customers.

Payment was sent in in timely manner yet spectrum/charter is not processing payments in a timely manner.

Spectrum/Charter is disconnecting customer without notice and failing to keep their commitment to keep customers online.

Ticket: # 3940795 - Suddenlink - Altice Service Disruption - No Assistance Provided

Date: 4/22/2020 10:05:51 AM

City/State/Zip: Charleston, West Virginia 25314

Company Complaining About: Sudden Link

Description

I called on 4/16/20 to move my internet service to our new address effect 5/1. The morning of Saturday 4/18 I noticed the service was off. I called Suddenlink and was on the phone for close to an hour only to be told "it's our process to have your service disconnected for a few days before the new service starts". I ask the gentleman to go ahead and turn my service back on only to be told he couldn't and that I needed to speak to the retention department which opens in an hour. I called back and finally got to the retention department. This went on for four days during which we had to adults working from home and 3 children going to school remotely all due to the COVID19 outbreak. I spent over 6 hours on the phone with Suddenlink. Horrible customer service and a complete inability to simply flip a switch to turn back on services that should have never been turned off. I've asked to speak to a supervisor three times and was told each time that one is not available and that they would call me back. They never called back once.

Ticket: # 3940802 - Equipment Charges

Date: 4/22/2020 10:09:31 AM

City/State/Zip: Charlotte, North Carolina 28226

Company Complaining About: AT&T

Description

Due to COVID19 I have to work remotely. I inquired about restarting my services and was told about charges I knew nothing about. I was disabled and diagnosed with a medical condition that had me in hospitals for several months. I need someone to look into this account because I dont agree with these fees. I also never received the \$100 gift card I was promised.

Ticket: # 3940806 - Unwanted Calls Complaint

Date: 4/22/2020 10:12:18 AM

Description

I don't quite know who to talk to about this because of so many directions that are given on site. I'm 65 and sometimes it confuses me so let me explain very quickly. For over a year I have been getting calls from the same Robo automated phone calls. They always call me Kerri. That is not my name. And I block numbers every time I get one. But how can they get new numbers continuously to text me from. They're all new and they still continue to badger me. They even have use the coronavirus to get money from me. Here are two pictures of the latest ones that they have sent me.

Ticket: # 3940836 - SafeLink Porting/COVID-19

Date: 4/22/2020 10:29:09 AM

City/State/Zip: Bogart, Georgia 30622

Company Complaining About: Safelink Wireless

Description

He is calling about Safelink Wireless.

On 04/20/2020 he called SafeLink Wireless to have services turn on.

Safelink Wireless did not turn his phone on.

SafeLink Wireless transfer him to TruConnect.

TruConnect sent him a sim card to activate phone.

When he put the sim card in it did not work.

So, he cannot use his phone until SafeLink Wireless unlocks his phone.

He would like this to happen since the COVID-19 is going on.

CTR414-phone

Ticket: # 3940859 - Optimum disconnected services

Date: 4/22/2020 10:37:39 AM

City/State/Zip: Brooklyn, New York 11233

Company Complaining About: Optimum

Description

Consumer has a bundle with Optimum.

She has MS, a brain tumor and asthma.

She needs to be able to telehealth with her provider and use her phone in an emergency.

She has been unable to make a payment due to the COVID-19 pandemic.

Consumer was provided a brief extension but the services have now been cut off.

As soon as she receives her stimulus payment she intends to make a payment, but needs her services restored as soon as possible for her health and safety.

CTR404-phone

Ticket: # 3940935 - Poor customer service; uanble to offer assistance during a crisis

Date: 4/22/2020 11:06:43 AM

City/State/Zip: North Venice, Florida 34275

Company Complaining About: Comcast

Description

I contacted comcast support this morning for assistance in paying my bill during the covid-19 crisis as i have been out of work for over a month. Not only were they unwilling to offer any assistance (they said my cable would be turned off), but the customer service agent hung up on me.

Ticket: # 3940987 - Spectrum

Date: 4/22/2020 11:26:53 AM

City/State/Zip: Waterford, New York 12188

Company Complaining About: Spectrum

Description

For comparison sake I tried to set up a new account with spectrum in Waterford NY and I was told that I could only get a promotion rate (which would go up every year \$15-20). I was told that I could not pay for a basic contract. This does not seem legal to me. Not to mention spectrum is charging a fee for sports broadcasting (which we do not have during COVID-19 as there are no sports) and our bill went up \$10 from last month (there's a nice 'hope your doing well during the COVID-19 crisis). I do not feel as though I should contribute to the 172.4 million settlement Spectrum had to pay NYS for slow internet service.

Ticket: # 3941025 - AT&T WILL NOT ANSWER MY CALLS

Date: 4/22/2020 11:43:50 AM

City/State/Zip: Buffalo Grove, Illinois 60089

Company Complaining About: AT&T

Description

AT&T came to my house to switch out the cable box, but this box is faulty and WILL NOT WORK. I have been trying to call them to fix it but NO ONE will answer my phone calls. I understand with COVID-19 that things are tough but I'm paying good money and not getting any service. that is not fair and needs to be addressed ASAP

Ticket: # 3941034 - No Internet

Date: 4/22/2020 11:49:03 AM

City/State/Zip: Granville, Illinois 61326

Company Complaining About: Frontier Communications

Description

Consumer states he's losing signal

He's internet is not working

Carrier came out and provided a modem a few weeks ago and he continue to have problems

This problem been going on be for the Pandemic

Consumer states he reached out to Carrier concerning this matter.

He continue to have problems.

Ticket: # 3941039 - AT&T Internet Billing

Date: 4/22/2020 11:51:00 AM

City/State/Zip: Brooklyn, New York 11203

Company Complaining About: AT&T

Description

On 3/17 she called AT&T to order Internet services to get services at her daughters home so her grandchildren to do distant learning during COVID-19. She paid \$19.95 on 3/17 to initiate service and they agreed to install services within 3 days. But the tech never came and continued to postpone. She never got service from AT&T so she called to have the service cancelled on 3/21. On 3/25/20 her daughter contracted with Optimum for services on 24th. AT&T charged her \$67.75 on 3/25, \$39.99 on 4/2 and \$67.75 even though she has never had services. She called yesterday and they said there is no bill with the company.

She is requesting that the billing issues be resolved

Ticket: # 3941044 - Lines down, missed service calls, refusal to speak to person's case manager

Date: 4/22/2020 11:52:36 AM

City/State/Zip: Gallipolis, Ohio 45631

Company Complaining About: Sudden Link

Description

Individual with disabilities reported cable outage a week ago. Scheduled technician came and then said he would be back but did not return. Called and rescheduled another technician but both scheduled times were missed and no show. Called customer service to reschedule appointment for 3rd time and was denied access to the account despite reporting the access code, all needed information, and notifying the customer service rep. that the person has Intellectual Disabilities. I was told there was no supervisor available for me to speak with. There are physical cable lines down in the individual's yard. I explained the situation to the customer service rep and was told I would need a letter written and signed by the individual to speak with them about the account and it would need to be submitted at the physical location which is currently closed (due to COVID-19 restrictions). Repair of the cable lines and a credit to the person's bill would correct the problem. Also, a way to access the account as an agency working for the individual rather than each case manager having to submit a physical letter.

Ticket: # 3941156 - No service/ COVID-19/ Health

Date: 4/22/2020 12:35:23 PM

City/State/Zip: Water Mill, New York 11976

Company Complaining About: Optimum

Description

Consumer has been with no service for about two months. Consumer has made several intents on contacting the company to have his problem fix, but it seems they do not care. Consumer is over 75 years old and his wife also. Both they have heart conditions that needs to be in constant communication with their care givers. Provider keep telling them that they will fix the problem but they never do. The problem is the junction box that is it outside and it needs to be replace when consumer service determinate that it was the box they promise to (b) (6) that an outside company will show up to fix the problem within 24hrs, this never happen and they have been with a very poor service for two months INTERNET and PHONE during a pandemic outbreak. This is unacceptable consumer wants the service fix immediately, Consumer will not pay for this month if his service is not fix by the end of the cycle, consumer wants a credit into his account for the past month that his service was very poor. They have already show five times to the address two on march and three in April but when they do they make the call to his landline the one that is off service because of this problem and since his phone out they leave and never do their work. He has call consumer service to ask the to just show up because the phone is out and his cell has bad reception and when he calls consumer service there is a three hours wait this is ridiculous

City/State/Zip: Glen Allen, Virginia 23060

Company Complaining About: Verizon

Description

Consumer has recently had a job transfer and is being required to set up a work from home office due to the COVID 19 virus. Consumers contacted the company and were told they could not install at this time by order of the FCC. The consumers request the company install the internet at their location so that they can work from home as required by their employers. Order # (b) (6) has been placed but they refused to do the installation. ***CTR412-phone***

Ticket: # 3941270 - Billing Discrepancy**Date:** 4/22/2020 1:16:14 PM**City/State/Zip:** Miami, Florida 33182**Company Complaining About:** AT&T

Description

At a time that many customers are overwhelmed with financial hardship due to COVID-19, the provider is advertising on social media and other platforms that they are helping their customers impacted by the virus. Unfortunately, this has not been my experience with my wireless service. On 4/14, I called AT&T Mobility customer service department and spoke with a very friendly and sympathetic rep, Janeese. I explained to the rep that we were erroneously charged for my last installment for my iPhone. Our wireless account had a Next iPhone 4Q17 TV promo applied for my phone line: (b) (6). My last installment had a balance of \$23.13, which their system charged me. Their rep confirmed that the error was indeed on their end and assured me that she manually entered a credit of \$28.88 which included their late fee of \$5.75. She advised that this credit would be applied to our account in no less than 72 hours. On 4/15, due to our financial hardship, I deducted the \$28.88 from my payment since the credit was scheduled to be applied to our account. Needless to say, it never posted and I continue to receive reminders that \$28.88 is still outstanding. I reached out to their social media team and was advised that customers must submit a waiver request for late and overage fees. However, it is deceptive that AT&T did not disclose this initially. Meanwhile, there are many customers irate because they continue to incur fees and continue to post their experiences on social media. With all due respect, the phone rep should have disclosed that the provider is requiring for their customers to request a waiver to have these fees waived. I submitted the waiver via my online account. Moving forward, yesterday I chatted with a rep, Roxxie who only added insult to injury. She was more interested in having me change my current plan than to assist me with my missing credit. It has been my experience that this provider's customer service is hit or miss. I had no choice but to end the chat when I realized that I was truly wasting my time. This is a matter that should be resolved easily with my first phone call which lasted 45 minutes. Then I spent another 30 minutes on chat to receive no assistance. Due to the array of issues that I have experienced with this provider, I am requesting that this matter is not forwarded to Ms. (b) (6). She only assists me when matters are escalated to your agency. There is no reason why I should have to speak with her on the phone when this involves a credit that was never posted. I have also emailed the Office of the President of this matter to receive no assistance. I always provide detailed explanations regarding my complaints therefore a phone call is not warranted. Please be advised that due to this ongoing pandemic, my wireless service has been affected therefore email is the best way to contact me. I will be enclosing all supporting chats, emails and screenshots. Thank you for your assistance.

Ticket: # 3941364 - T-Mobile Charging for Free Conference Call.com Service**Date:** 4/22/2020 1:45:06 PM**City/State/Zip:** Oklahoma City, Oklahoma 73131**Company Complaining About:** T Mobile

Description

I have an unlimited plan with T-Mobile. Due to the Pandemic, my company has been forced to move many employees to their homes, working remotely. They chose an inexpensive Conference Call Service, FreeConferenceCall.com to communicate with groups. Upon dialing in, I'm told that I will pay 1 cent per minute to use this service, despite the fact that T-Mobile advertises my plan as unlimited. It is a 712 Area code, which is inside my Unlimited US calls plan. I will be spending hours on this service over the coming months, probably dozens of hours, racking up charges from T-Mobile that they didn't tell me about prior to signing up. I'm sure it's in the fine print somewhere but to me, unlimited US calls should be unlimited.

Ticket: # 3941405 - Billing Issues**Date:** 4/22/2020 1:54:46 PM**City/State/Zip:** Palmdale, California 93552**Company Complaining About:** Verizon Wireless

Description

Verizon rep contacted me today 4/22/2020 stating he only listened to the last call I made to Verizon where conveniently they explain everything correctly, but failed to listen to the first call i made where I was misinformed and lied to about my bill. Verizon needs to listen to the first call where a representative coded my account with a Covid-19 relief, Rep repeatedly stated my next bill will be \$371 in June 2. its mid April and Im already getting billed for over \$800.

Ticket: # 3941421 - Regional Sport Network Fees

Date: 4/22/2020 1:59:13 PM

City/State/Zip: Pasadena, California 91107-1321

Company Complaining About: AT&T

Description

I am being charged \$9.99 for Regional Sport Fees and yet there are no sports being broadcast due to the Covid-19. WHY? They say it is mandated by the FCC.

Ticket: # 3941506 - Poor internet service

Date: 4/22/2020 2:25:30 PM

City/State/Zip: Los Angeles, California 90065

Company Complaining About: Spectrum

Description

With the pandemic and all of us and our children at home, working internet is imperative. Currently my internet is so bad that my child cannot get online to do his schoolwork, and my family cannot attend video calls. My provider, Spectrum, says the local node needs to be upgraded, but they are prioritizing fixes based on the number of complaints an area is putting in. Internet is a utility, not a privilege. They need to fix this problem right away.

Ticket: # 3941510 - AT&T Wireless

Date: 4/22/2020 2:28:26 PM

City/State/Zip: New York, New York 10031

Company Complaining About: AT&T

Description

I transferred my family plan to AT&T and was promised a credit of \$700 via a promotion of turning in an old IPHONE 8 in December 15, 2019. To this date, I haven't received the credit and when I escalated the billing issue to a manager, JoshDuran #JD133P, I was told "I traded in a cracked phone and was trying to figure out a way to get credit for it" before he even asked me what was the issue. I requested another manger - his he told me the only way to resolve the issue was to go to the store, mind you, there is a pandemic going on right now with COVID19. Further more there was nothing he could do for me and at most I would get a \$40 credit. This isn't what I agreed to when I turned in the phone and Josh was rude and unhelpful. He further stated that I couldn't speak to his manager, that he identified as Robin Ramos due to COVID19 and to call back customer service when it was over. I want the \$700 credit agreed to when I turned in my phone and an apology for Josh rude and unprofessional customer service.

Ticket: # 3941552 - AT&T Wireless Internet Overage charges

Date: 4/22/2020 2:42:31 PM

City/State/Zip: Muldrow, Oklahoma 74948

Company Complaining About: AT&T

Ticket: # 3941652 - Xfinity by comcast

Date: 4/22/2020 3:16:21 PM

City/State/Zip: Chestnut Hill, Massachusetts 02467

Company Complaining About: Comcast

Description

During this COVID epidemic, many have been asked to work from home using Zoom and other platforms to conduct meetings, give presentations and continue their work. Unfortunately I have been using Xfinity as this is one of the only services in my area. It is not reliable and has gone in and out despite having paid 100 dollars per month for service and despite their being on demand service available but for additional costs. I cannot stay home if I have no service and I don't feel bad about going in to work since Xfinity cannot provide the service I need to do my job.

Ticket: # 3941682 - Cox Internet

Date: 4/22/2020 3:22:11 PM

City/State/Zip: Las Vegas, Nevada 89121

Company Complaining About: Cox

Description

I've been having inconsistent internet speed, high jitter, and intermittent packet loss that's been gradually getting worse over the past weeks. Multiple support agents have told me that the issue is probably with my equipment which is only 1.5 years old, despite the fact I've seen many complaints online recently about the same issues within my local area. It would be my guess that the nodes are overloaded and not enough was invested into the infrastructure, so they are unable to handle the traffic caused by the influx of users due to the COVID-19 quarantines.

Ticket: # 3941968 - Optimum Internet (Brooklyn specifically)

Date: 4/22/2020 4:44:15 PM

City/State/Zip: Brooklyn, New York 11237

Company Complaining About: Optimum

Description

I have been having major issues with my provider optimum. not only do they have a monopoly on internet services in my area (for some reason they're the only provider) they have made no concessions for me regarding covid 19 and have also increased my bill without my consent to 69.99 from 49.99. new customers can even get in at 39.99 now. their customer service takes forever and is useless. they expect you to pay more monthly to "save money", and refuse to offer me more affordable internet, and make even seeing the options absurdly complex. I expect to be treated well as a long time paying on time customer and there service is spotty, and their customer service even more so. I want to have another option for internet in my area, or be refunded the amount I've overpaid to date (150\$ or so) and have them lower my bill permanently to the rate they advertised of 39.99

Ticket: # 3942066 - No Provision for Canceling Service

Date: 4/22/2020 5:30:21 PM

City/State/Zip: Fairhope, Alabama 36532

Company Complaining About: Spectrum

Description

We have month to month service for our son at college. When he was sent home due to the pandemic, we tried to cancel our service. Every phone number is a dead end. Hours of hold time and then they hang up on us. We need access to a method to cancel service with Spectrum and believe that we are being illegally prevented from canceling service.

Ticket: # 3942132 - Internet connectivity and speeds

Date: 4/22/2020 6:02:21 PM

City/State/Zip: Leander, Texas 78641

Company Complaining About: Sudden Link

Description

On more than one occasion I have had internet connectivity issues and speed issues with my provider (suddenlink). I have called customer support multiple times and always get told they can't do anything more than send a tech out. Once the tech comes out I get told it was an easy fix and I'm back up and running for a couple of weeks until it all goes downhill yet again. The process starts over. Every time a tech comes I'm forced to pay \$60 because somehow the issue is ALWAYS something they don't cover. Not sure how they don't cover their own equipment or wiring they do to the box outside. I've fought them multiple times on these charges and still have to pay or get shut down. After calling yet again today (during the covid-19 pandemic, when my children and I are all having to work from home) I get told there is nothing they can do besides send a tech and that would take a few days. So what am I supposed to do now? They don't care about their customers or how bad their service is. All they want is my money.

Ticket: # 3942155 - Internet service disruption during Covid-19 lockdown

Date: 4/22/2020 6:13:48 PM

City/State/Zip: Brooklyn, New York 11221

Company Complaining About: Optimum

Description

Overcharged bill and disruption of service during covid-19 pandemic

My internet provider Optimum disconnected me from Internet access and overcharged my bill.

04/21/2020 - No internet connection from 00.00 am to 12.00 pm. I made a call to customer service to find out the reason. I was notified that it happened due to no payment on the account.

I did not pay my bill, because I filed a claim due to extra charges on my bill.

My claim was based on the following questions from the document "billfile 1":

The charge from 02/22 - 02/29 -\$21.66 - I disagree to pay because I did not have Internet access.

02/26 missed serv appt - \$80.00 - I disagree to pay due to incorrect information

And from the document "billfile 2":

02/29 - service call fee - \$80 - I disagree to pay due to the equipment malfunction, resulting in no Internet access

03/18 Late fee - \$10 - I disagree to pay due to wait time on the investigation with "billfile 1".

The timeline of events:

02/21 - installation of the equipment, however no internet access

02/25 - day of scheduled appointment to fix the issue (document of scheduled appointment attached), no one arrived between the scheduled time. I made three phone calls on 02/25/2020 at 5pm, 5.45 pm and 6.30 pm. I was notified that due to poor weather conditions (rain) the technician is not able to come. No internet access.

02/29 - scheduled appointment to fix the issue, Router was changed, No internet access.

03/05 - scheduled appointment to fix the issue, Modem was changed, resulting in Internet access.

The claim was made and the assistant notified me that the investigation about the extra charges would happen and I will receive an email during the following week. However, I never heard back from the Optimum and contacted them myself through the phone. I received the explanation that the billing department was still working on it (mid March 2020). I contacted the customer support multiple times (end March 2020 and early April 2020) to understand the investigation process. I received the explanation that during the COVID19 situation there is a shortage of staff to handle my problem and I have to wait longer.

I attempted to contact the billing department three times in early and mid April 2020, which were not successful due to phone line overload and web-site waiting times. First time, I was notified that the billing department only operates during specific hours. Second and third times, I was waiting on the online support chat during those hours for a long amount of time to be connected to the representative and received the "end of chat session" after 30 minutes waiting time.

However, today 04/21/2020 after my service was cut off, the representative told me again that the investigation needed about my extra charges and I must pay the amount despite the investigation process. I expressed that it was a severe disadvantage not to have Internet access. The Internet service was resumed. I mentioned that I am ready to pay my monthly charges but not extra fees. I

also asked if I could get reassurance about the investigation, because the previous month when I filed the claim, I only had verbal confirmation about it. I was denied. I am a student and the additional stress of having my internet service disrupted has affected my ability to conduct my studies efficiently and disadvantaged me. I also feel that Optimum is taking advantage of the Covid-19 pandemic to pressure me into paying money that they have overcharged me with the insinuated threat of having my service disconnected. I want all of these charges removed and I want to be compensated for the stress and time spent trying to resolve this issue by having my internet service credited for three months.

Ticket: # 3942202 - Suddenlink raised rates twice since Covid-19 start

Date: 4/22/2020 6:45:49 PM

City/State/Zip: Rockaway Beach, Missouri 65740

Company Complaining About: Sudden Link

Description

Suddenlink has raised my rates twice now since the start of covid-19. The first time they raised the rate from \$77.49 a month to \$97. I called to find out why this was changed without any notice to myself and they said that rates were just going up but that they would give me a special offer of \$87 a month and a \$10 credit for that month so that I'd have one more month at \$77 before going up to \$87. So naturally I expected to see a bill of \$87 this month. To my dismay I got a bill for \$138.78!!! They stated that I owed \$10 from last month and that my new monthly bill would be \$113 a month plus fees! This is absurd. They're clearly abusing a horrible situation for financial gain. Someone needs to force them to honor their word and previous billing agreements. You can't tell someone their bill will be one amount and then charge a completely different price. I need the internet as my job requires me to work from home now, therefore I can't afford to switch.

Ticket: # 3942206 - Verizon Wireless

Date: 4/22/2020 6:47:24 PM

City/State/Zip: Loveland, Colorado 80537

Company Complaining About: Verizon Wireless

Description

I have two complaints, customer service representative and service change.

I was on hold with a service tech for 1 hour and 26 minutes, 20 minutes into the call he (he said his name was August) went dark, no announcement, alert the line went dark, didn't hang up and didn't go to hold music.

I called on another line to complain about August, I talked to a service tech and a supervisor leaving the other line going.

Talking to the supervisor about August and my service problem. When the supervisor put me on hold to transfer me to tech service August came back on the line and told me he had been listening to my conversation with the supervisor.

So my first complaint is about their service tech August.

Second complaint, I up graded a phone several months ago, Verizon changed my service plan from which included mobile hotspot to a plan that does not have mobile hotspot. I didn't authorize or know of the service change, now Verizon is telling me to have the mobile hot spot I will increase my bill.

My Verizon bill is already over \$200.00 a month, especially today with Covid -19 I can take on any additional billing.

Ticket: # 3942217 - Unlocking my phone

Date: 4/22/2020 6:52:13 PM

City/State/Zip: Laramie, Wyoming 82072

Company Complaining About: Straight Talk

Description

I bought 2 phones from Walmart locked to straight talk network as gifts for my family back in Egypt. I did not know how bad it is to buy locked phones at that time.

I called the company multiple times to ask for unlocking them but they have a condition that states that unlocking can't be done unless I use their network for at least one year. I offered to pay money to get them unlocked since it is very difficult to get them back especially under the COVID-19 conditions, unfortunately they totally refused. I asked for any solution to this but they keep telling me that only using the phones in the US for 12 months is my option.

I am submitting this complain if you kindly can help me find a solution since it is really very difficult to get the phones back.

Thank you in advance.

Ticket: # 3942294 - Verizon Store During COVID-19 Crisis

Date: 4/22/2020 7:54:17 PM

City/State/Zip: Poolesville, Maryland 20837

Company Complaining About: Verizon Wireless

Description

1. I made an appointment at the Germantown Verizon Wireless store where Gerald was the manager present during my visit.
2. I had previously attempted to contact customer care however was unsuccessful after repeatedly going thru telephone prompts.
3. Verizon's policy on the website was Prepaid devices unlock within 60 days.
4. My prepaid phones have been with Verizon for nearly 1.5 years.
5. Was told at the store that they do not unlock prepaid phones.
6. I showed them their own policy from the website. They said I need to contact customer service. They would not attempt to help me contact them together only suggest that I give 1800VERIZON a call.
7. They mentioned they could not even call customer service and that the store was there only for sales and that I would have to try to continue my Verizon call outside the store as there are other customers they have to help (I was the only one there and no one was at the door).
8. I was finally able to contact verizon wireless myself but I had to go thru SALES and had to explain the sad story to a very nice lady who was able to finally transfer me to technical services.
9. I wasn't able to get thru to customer care because a) my prepaid account was closed as soon as I ported my # to another carrier b) they would not let me continue because I didn't have a current account.
10. I ported my # because i assumed the phone was already unlocked due to what I mentioned in #3. Also see attached pdfs.
11. I am an essential employee. I do not understand why the Verizon store is open if it is only there for SALES as the employee stated, especially in this COVID-19 environment.

Ticket: # 3942311 - Confidential complaint against Republic TV broadcast into USA

Date: 4/22/2020 8:04:51 PM

City/State/Zip: Folsom, California 95630

Description

Dear Sir/Madam,

During these times, when the world is facing this horrific pandemic, one channel from India is spewing venom against Catholicism from Italy, and Islam. I would request you to stop broadcast of this channel in USA.

Ticket: # 3942386 - Comcast internet essentials**Date:** 4/22/2020 9:23:18 PM**City/State/Zip:** Portland, Oregon 97216**Company Complaining About:** Comcast

Description

I have been paying \$9.95 for comcast internet essentials for some time now. My account is set up for autopay on the 7th of every month. This month comcast pulled \$69.95 out of my account with no warning or reason why. I began calling comcast at approximately 9:30 am and it is now 5:50 pm and I have still not been able to get anywhere with comcast. The first 7 calls never made it beyond the automated system that continuously hangs up without providing any reasonable help. Attempt number eight lead me to a person that refused to offer any help and couldnt even be bothered to listen to me speak. I was forced to talk extremely slow and precise just to have her tell me I am the cause of this problem and she will not help. She then transferred me to the internet essentials line where the guy there also informed me that there isnt anything he can do other then open my account and look at it. She he transferred me back to billing where a guy told me he understands why I am upset and he will help me. At this point i say thank you and am greeted by the sound of him hanging up. The next 4 or 5 calls were all disconnected by the automated system yet again. The next person I was able to speak with also hung up on me when I stated I wanted this fixed today. The next 10 calls never made beyond the automated system. So I tried going through their phone app and was linked up to someone named charles Huber and was not given any other options or choices to find my actual account. So I opened the chat line and again I was met with lies and handed off from one person to another. My last attempt was when an agent finally called me back. She didnt fix the fact that I now have no access of any sort to my own account but did acknowledge that she has to search for mine because the account that now comes up from my phone number automatically links to this C [REDACTED] (b) (6) [REDACTED]. The building I live in was just built 2 years ago. I am the very person to live at this address, yet I cant access my account. This last person informed me that all she can do is put a credit in my account so that I wont have to pay anything for next few months but she can not refund the money they stole. I never recieved the same story or reasons for this mishap from anyone I spoke with. Each person had something similar to say but the months of the supposed over usage never lined up. And to make matters worse, my daughter was with me from December through January and we both made sure to keep an eye on the usage. I assure you, we did not go over our usage. And as for February, we were rarely home so there is no way we could have gone over. And with internet essentials being for low income households, we had specifically asked for a shut down of service should we go over. We were informed that it isnt possible to go over the usage with internet essentials due to the nature of the program itself. We were monitoring our usage to see if it would be a good fit for my daughter and her families needs. I wasn't able to get anywhere productive by any means with any of the employees I was finally able to speak with. Comcast has set up their automated system to deter anyone from being able to speak to a single person and will instead hang up on you for asking to speak to an agent. During one of my calls, I informed the agent that I was speaking with that I want to speak with a manager. I was told there are no managers available and when I persisted they hung up on me and it was at this point that my ability to access my own account was stripped from me and I now can only see the Charles Huber account that was apparently disconnected back in 2018. I have been lied to, pushed around, laughed at, called a liar, hung up on, my account has been tampered with, and they have stolen money directly from my checking account with no explanation and have left me no other option then to file a complaint about today's

experiences. I had the money in my account to cover the normal \$9.95 for my usual bill. I did not have anything extra in my account. We are in this covid scare. My daughter is 6 months pregnant and had to wear a heart monitor for an extended amount of time while, at the same time, my grand daughter's father was in the hospital for two and a half weeks. All of my extra funds went to helping my daughter and her family stay safe and healthy. I do not have the extra income to cover the mistake comcast refuses to reverse. Every attempt I made to help comcast right their wrong doings was met with deaf ears and disrespectful unprofessional behavior before hanging up on me. Now I dont know what else to do other then to send this complaint to you. Thank you for allowing me to tell my story.

Ticket: # 3942447 - Indecency-promotion of drugs leading to deaths

Date: 4/22/2020 10:14:38 PM

City/State/Zip: Roseville, California 95747

Description

Fox News, the President of the United States, have and still continue to advocate chloroquine and hydroxychloroquine as treatments for COVID-19, resulting in death and illness as reported in numerous media outlets. This ongoing activity knowingly spreads false information to the general public using FCC-regulated platforms, and by imminent threat to the general public represents both indecency and possibly criminal conduct.

Ticket: # 3942469 - Disconnect

Date: 4/22/2020 10:46:30 PM

City/State/Zip: Macon, Georgia 31216

Company Complaining About: Cox

Description

It happened again cox communication shut off my cable and internet when a rep. Told me cox want cut my service because of the corona virus but cox did it again. My question is do they know what on there web page, you can't say this and screw the consumer.I have 60 days to may 15,2020

Ticket: # 3942573 - Termination of services

Date: 4/23/2020 4:46:39 AM

City/State/Zip: Gilbert, Arizona 85296

Company Complaining About: Cox

Description

Cox communications was notified by me that I was impacted negatively by the Corona virus crisis and was losing hours and pay and had to work from home. My 3 children had to school from home as well. And they terminated services at midnight and refused to fix the issue and advised I had to call the next day to solve the issue.

Ticket: # 3942582 - Taking advantage of rural consumers

Date: 4/23/2020 7:43:21 AM

City/State/Zip: Hookstown, Pennsylvania 15050

Company Complaining About: Viasat

Description

Viasat has suspended my service through the pandemic twice. Their pricing is not inline with other ISPs for speed tiers and service is unreliable. Federal investment in broadband networks for rural communities to provide competitive choice.

Ticket: # 3942614 - Local DirecTV stations

Date: 4/23/2020 8:43:12 AM

City/State/Zip: Gillett, Pennsylvania 16925

Company Complaining About: Directv

Description

We live in Gillett Pa, 5 miles from the New York border and 13 miles from where WETM-TV is broadcast in New York; however, DirecTV says our local NBC station is WBRE-TV in Wilkes Barre, PA. Depending on which way you drive, it is between 88 miles and 130 miles and a 2+ hour drive either way. Their news is not our local news and all of our so called local channels are from the Wilkes-Barre area. During this pandemic, we can't even get the information relevant for us as to the number of cases here, where testing is, etc. I have complained for years to DirecTV and their answer has always been it is regulated by the FCC. All I want is to be able to now what is going on in my own community and not 2 hours away. I don't understand why we can't get the closest stations for our local stations. Thank you.

Ticket: # 3942630 - Refusal to return returned check fee

Date: 4/23/2020 9:09:30 AM

City/State/Zip: Pflugerville, Texas 78660

Company Complaining About: Sudden Link

Description

In March 2020 I was charged a \$30 returned check fee by Suddenlink communications for an alleged attempted draft which occurred in January 2020. Since becoming aware of this charge I have attempted to resolve it with Suddenlink to no avail. I currently have documentation from my bank, indicating there was no record of an attempt to draft and that the account had sufficient funds, that I have been trying to submit to Suddenlink; however, they refuse to accept this documentation by fax or email instead requiring that I submit it in person at a location. The location nearest me has been closed due to COVID-19 therefore leaving me with no options to recoup my funds that were illegitimately removed from my account.

Ticket: # 3942645 - Optimum billing dispute

Date: 4/23/2020 9:22:35 AM

City/State/Zip: Paterson, New Jersey 07522

Company Complaining About: Optimum

Description

Consumer stated her service was turned off on 4/17/2020

Consumer made the payment but carrier will not reconnect her service because it's in her son's name and she does not know his SS#.

Consumer stated due to the Pandemic she thought they were not suppose to turn the service off

Consumer would like the service re-connected

Ticket: # 3942682 - Century Link Issues/COVID-19

Date: 4/23/2020 9:48:19 AM

City/State/Zip: Okeechobee, Florida 34972

Company Complaining About: Centurylink

Description

She is calling about Century Link.

She is getting poor internet service through them.

She does not have internet service, because of service.

She has called Century Link, many times and they have not been documenting calls.

She was supposed to get a modem, that was supposed to be at her house 04/22/2020 and they had no record stating her conversation about modem.

She called today and had to give updated address again.

She cannot do anything without internet, like order from pharmacy, groceries, check status of COVID-19.

She needs her computer also to do online studies.

Company Complaining About: AT&T

Description

My kids are limited to satellite internet. Which they try to charge us \$150.00 for 14 Mbps. Even without this pandemic it's hard to get the kids internet for school.

Ticket: # 3942899 - fraudulent billing charge

Date: 4/23/2020 11:33:13 AM

City/State/Zip: Marblehead, Massachusetts 01945

Company Complaining About: Comcast

Description

On March 20 a technician arrived at my home as my internet was intermittent and I was having difficulty working at home during Covid 19. His visit failed to fix the problem. The next day my internet and phone went out completely. No service. 2 more technicians arrived the next day and a pole truck to repair a faulty connection at the pole. Comcast credited me \$30 for my inconvenience, and later on my April 15 bill, charged me \$40 for one of the service calls to repair the pole connection. The billing service representative told me due to COVID19 restrictions, they may only credit \$20 towards the \$40 charge. No authority to remove it during the crisis.

This charge was never disclosed to me and the problem was on the pole.

Ticket: # 3942910 - ATT Cell Phone Throttling in Emergencies

Date: 4/23/2020 11:35:37 AM

City/State/Zip: Holly Ridge, North Carolina 28445

Company Complaining About: AT&T

Description

I am an ATT prepaid cell phone customer with unlimited service and has automatic recurring monthly payments. About 3 months ago I was injured in an emergency in my home. I managed to crawl to my cell phone and dialed 911 (7) times before losing consciousness with no success. I kept getting an error in service message saying the call could not go through. It was several hours later that my partner found me on the floor and called EMS 911 from his own phone and I was taken via ambulance to the ER with back and tailbone injuries.

When I later called and complained to ATT they told me that it shouldn't have happened and offered no explanation or assistance regarding my service saying the call was not able to go through.

A month later I was on the highway and in need of my cell phone service and this time my phone was turned off by ATT. When I called Att and complained that I was on the highway with my child and needed my phone service they claimed I had used all my data and needed to pay for a new month in order to have service reinstated because just having your wifi on wasn't enough. When I asked several times for them to explain they finally said that you have to also press the mobile data button on my device in order for it not to use my data while I'm using my home wi fi service.

In other words they are charging people for using their phones even while the person is on their own home wi fi and not telling people to turn off the data and turn on wifi so it doesn't use up both. I'm paying for home wifi through another company. ATT has no right to use my data and my personal wifi that is through another company especially if I am paying monthly for the service to each company. Last month I was charged double because they again shut off my phone early claiming I used all of my data so I had to pay early again and lose the autopay discount. Which means if you pay your bill early you pay basically double. So my normal bill of 35 was 70. The pandemic had just started so I kept my phone on with ATT reluctantly because everything is closed and I am disabled with an immune condition.

Today my phone was shut off again. I called to complain and was told if I was unhappy with my service to go to a different phone carrier and then hung up on. I can't call anyone to do that because my phone is off. So of course I just paid double to have my cell phone turned back on to contact FCC. We are in lockdown in a pandemic and I needed to use my phone this morning to secure an apartment and couldn't because of their throttling nonsense eating up my monthly payments.

I have sustained injuries, been neglected in emergency situations because of ATT throttling. I am disabled being discriminated against because I can't afford their expensive contracts.

I no longer wish to be a customer and now that my phone is on I can call a different company to try and have service changed but we're under lockdown so I can't go to a store otherwise I would not be a current customer. They are dangerous crooks.

Ticket: # 3942919 - Data caps removed in UK yet still allowed in the US

Date: 4/23/2020 11:40:00 AM

City/State/Zip: Broadview Heights, Ohio 44147

Company Complaining About: Cox

Description

"All providers will remove all data allowance caps on all current fixed broadband services."

Why can't we!???

Ticket: # 3942924 - Sprint Billing Issues**Date:** 4/23/2020 11:41:23 AM**City/State/Zip:** Fort Worth, Texas 76134**Company Complaining About:** Sprint

Description

Sprint is charging her \$262.69 for the month of April.

Her account is unavailable at the moment because of non-payment.

When trying to pay the monthly bill from February-March she wasn't about to get money to pay \$90.66 so she was calling them to see if they could extend the time of payment due to COVID-19.

Instead they told her that her bill was now \$262.69 because they are charging her for April.

Consumer asked why are they charging her for April if the month isn't even over.

Then they said that because whenever she signed the contract she signed that her bill would add the charges she never paid when porting her number over.

The consumer states she did pay an amount to start services and they made her sign a paper that was in English.

She told the representative that she wouldn't sign it until she was told in Spanish what the contract said.

Never was she told anything about an increase in payments every month, she was told her bill would be \$90.66 a month.

The representative never went into depth on the contract, the translation was very short.

She spoke to another Sprint representative that states that for the February payment she never paid, but yet the consumer states that she did and they are telling her that she paid for something else.

The consumer wants to know why are they charging her before she even got the service ? they said they are charging her for April when the month hasn't even ended and now her account is inactive.

The consumer needs a clear and understanding explanation, and to be clear on contracts whenever someone Spanish speaking doesn't understand English and then lies to her about what the contract says.

City/State/Zip: Bay Saint Louis, Mississippi 39520

Company Complaining About: AT&T

Description

I Have Proceeded With Regards To Ending My Mobile Phone Service With AT&T And Applied For Cellular Phone Service With Another Company. I Am Very Much In Dispute Of My Remaining Charges With AT&T There Wireless Services Are Very Unaffordable. Additionally, When My Wireless Services We're Active With AT&T I Contacted Them Several Times Every Single Month To Submit My Feedback About Recommending Lower More Affordable Wireless Plans And I Truly Tried To Select A More Affordable Wireless Plan And Unfortunately There Are None. Additionally, I Also Notice There Are Several AT&T Wireless Customers Whom Are Also Experiencing Many Issues With The Monthly Cost Of There Wireless Services. I Am Requesting For AT&T To Help Resolve This Remaining Balance I Have Associated With My Wireless Account. There Should Truly Be More Options To Remove This Remaining Balance I Spent A Lot Of Time Trying To Lower My Bill With AT&T And There Are No Options. I Have Experienced Several Issues With This Company And There Should Truly Be Some Type Of Resolution. I Remember Speaking To A Representative As There Were So Many I Spoke With When Calling AT&T. One Particular AT&T Representative Stated He Notated My Account Because I Am Truly Being Affected By These Very Difficult Economic Times With Reference To COVID-19. Everyone Is Being Affected By COVID-19 And Everyone Is Experiencing Truly Difficult Financial Hardships Due To This Pandemic.

Company Complaining About: Cox

Description

I currently am a customer of Cox communication. My children are now doing Chromebook work at home due to covid. I called and talk to someone about possibly lowering my bill or even discounting it. It was rejected but yet the school staff are assuring me that free or reduced internet is being offered. Cox says new customers only. This is so unfair and ridiculous to treat their already customers this way. I need any help you can provide. My name is (b) (6)

Thank you 😊

Ticket: # 3943096 - Straight Talk Equipment

Date: 4/23/2020 12:41:39 PM

City/State/Zip: Allegan, Michigan 49010

Company Complaining About: Straight Talk

Description

The consumer has a phone she purchased in March with Straight Talk.

She has been having issues with her phone since she received it.

She has been on the phone with Straight Talk and they don't fix the issues that she's having with the phone.

They want her to send the phone back in order to receive another working phone.

During this time with COVID-19 going on she can't been without a phone because she has underlying conditions and its very unsafe since she is also 6 years old.

She states that Straight Talk will not give her a refund because of their 30 day policy even though she was told by more than one representative that she could since it occurred since the minute she received the phone.

The consumer states this is not a billing issue because she has auto pay.

She purchased an upgraded phone that she is to receive today.

Every time she calls Straight Talk the system checks her phone and they tell her the issue has been resolved but it has never been resolved.

She had to leave her home to find a phone to make a call because at times she wouldn't have any service.

The consumer wants to receive a refund for a phone she got from Straight Talk that did not work since the day she received it.

She understands its past 30 days, but if they would have answered her calls and actually told her that it wasn't working properly she wouldn't have gone over the 30 days.

The consumer should have been able to swap her phone out and was told she could but she had to return it first in order to get one back.

She lives at home alone and can not go without a phone, how on earth does that sound logical, shes 64 years old with underlying conditions.

Ticket: # 3943163 - Local tv station refusing waiver for network distance channels through Directv

Date: 4/23/2020 1:00:24 PM

City/State/Zip: Victoria, Texas 77905

Company Complaining About: Victoria Television Group, Victoria, Tx Kavu/morgan/murphy Media

Description

We have had a waiver since 1994. Directv dish pole blew down and cut connection. Directv installed new system. We LOST waiver. KAVU, Victoria, TX refused to approve new waiver. We can't get local channels through Directv via antenna and only access networks is via antenna with no ability to record. No cable access in our rural area so Directv does not conflict with competition. We are retired, age 70's, restricted to home due to coronavirus. Solution: KAVU re-evaluates and approves our waiver. We have called and emailed Rebecca Sarlls at Victoria Television Group but no response.

Ticket: # 3943220 - Comcast Xfinity Customer Service**Date:** 4/23/2020 1:20:54 PM**City/State/Zip:** Philadelphia, Pennsylvania 19131**Company Complaining About:** Comcast

Description

From the day my internet was set up in December 2018 it has not been anywhere near the speed it should be (literally 2 or 3 mbps download and upload). I've called off and on for months when my internet would be unbearably slow or just cut off completely. The rep would do a reset and eventually it would work ok, one rep even convinced me I should just pay for a higher speed and maybe that would help. Not until this previous Mid-March did a technician come out and determine the wiring in my apartment needed to be fixed because it was installed incorrectly before I even moved in. I was then out of internet completely for two weeks waiting to hear back when someone would come to fix it and calling over and over to speak with supervisors having to use all the data from my personal hotspot on my cell phone to work from home during this pandemic. After all of this a credit was never offered but I've gone through multiple calls submitting survey after survey in hopes of speaking with someone who at least acted like they cared to help make this experience right. Almost every customer service rep made it harder especially the last one I spoke to on 4/19 who refused to allow me to speak with a manager after waiting a week for one to call me back. Apparently, someone called, did not leave a message, never called back and put a \$40 credit on my account without explaining a thing to me. No apology for that either. She (Shirley) said my ticket was closed, she couldn't create a new one and her lead (Karen) who wouldn't speak to me said there was nothing else they could do but add up the amount of days I was without internet and give me \$33 even though I've been paying for this internet for over a year (bill increased after year 1) and have NEVER had the correct speed until this past month. On top of all of this every time I called, I had to explain again all of these issues from the beginning. The notes on my account were never accurately written because even more confusion came with each call. The most concerning part of all of this is during this crisis when having internet is so crucial and needing to make sure money is used wisely, no empathy was seen from this company.

Ticket: # 3943280 - bait and switch tactics

Date: 4/23/2020 1:33:17 PM

City/State/Zip: Sunland, California 91041-4084

Company Complaining About: Frontier Communications

Description

On 3/27/20 at approximately 10:41am I spoke with Frontier Communications concerning the increase of my Frontier bill from \$35.88 to \$50.88 for basic internet only. I explained to the representative that I was on the California Lifeline program and since the Corona Virus outbreak-quarantine I have had financial difficulties. During our conversation the representative stated that he could reduce my bill to a monthly amount of \$34.74 plus tax and gave me a confirmation number (#(b) (6)) to verify the reduction of my bill. On 4/21/20 I received my new Frontier Communications bill and it did not reflect the amount of \$34.74 plus tax as previously agreed upon on 3/27/20. On 4/21/20 I spoke with four Frontier Communications representatives and each stated that they could not honor the agreed amount that I was initially promised on 3/27/20. I'm on social security and the lifeline program and have been struggling since the Corona Virus outbreak-quarantine. It seems extremely unethical and unjust for a corporation to take advantage of a low-income elderly person by using bait and switch tactics. I am asking for this corporation to honor the monthly amount of \$34.74 plus tax as initially agreed upon.

Ticket: # 3943282 - False billing practices

Date: 4/23/2020 1:33:45 PM

City/State/Zip: Fairmont, West Virginia 26554

Company Complaining About: Verizon Wireless

Description

I have my main phone number and several lines all of which are to have unlimited plan associated with them. I also have a corporate discount of 20%. However I am continuously being billed at variable amounts due to overages (eg \$286 one month, \$225 another). This is not right and I feel they are capitalizing on a bad situation to take advantage of the public. Please address this.

I have tried to call Verizon wireless on multiple occasions, and have never been able to contact them-
-they state that due to Covid they have less staff, but wait times exceed 40 minutes on multiple occasions.

Ticket: # 3943338 - Internet Ping/Bandwidth issues**Date:** 4/23/2020 1:46:28 PM**City/State/Zip:** Milford, Connecticut 06460**Company Complaining About:** Optimum

Description

For weeks now I have had problems with my Bandwidth and ping on my internet. We have had 4 people working from home since COVID-19 started but only very recently it seems like our internet has slowed down by a lot. Also, I have had my ping spiking to 100-300ms almost all the time when trying to do anything online that strains my internet such as video streaming or playing an online multiplayer game. We have just upgraded from 100Mbps to 400Mbps but our speed hasn't changed in the slightest and I firmly believe Optimum is throttling our internet service so we all can't get the full use out of the wifi even when we are paying a lot for such poor and unreliable internet service. I have to wait until 11pm/midnight just to get some things done that I want to do during the day. My internet speed should not be changing because of the time of day that is just absolutely unacceptable and the fact that I can't use internet during my time where I am being forced to stay inside is cruel beyond belief.

Ticket: # 3943350 - SPRINT SHUT OFF EVEN THOUGH THEY SIGNED PLEDGE

Company Complaining About: Cox

Description

I've been paying for gigablast speeds for over a year and nothing seems to be getting better. I understand that with the way things are right now with the pandemic that speeds may be a lot slower than usual. But this has been an ongoing issue for months now. I have all necessary equipment to run the gigablast speeds, 3.1 docsis modem with 32x8 channels, 10gig ready router. multiple calls with cox and they say nothing should be slowing me down. but yet I have never seen my speeds go over or near 700mbps. I'd say I get an average of 500mbps which is just a little over half of the 940mbps they advertise.

In attached file you can see that speed tests were done at different times of the day. I am paying \$120 a month for this "gig"ablast service and not once have I ever been able to enjoy the full speeds that I pay for.

Ticket: # 3943486 - Metro PCS COVID-19

Date: 4/23/2020 2:27:26 PM

City/State/Zip: Staten Island, New York 10306

Company Complaining About: Metropcs

Description

The consumer is having issues with Metro PCS her phone provider.

The change was made on your account, your next payment due will be \$55 on the 3rd to T-Mobile.

The consumer doesn't have T-Mobile.

She bought the phone last month and paid \$55 what it should be on the 3rd of every month for \$55 because its due the 4th.

Now they are trying to charge her more money.

On the 5th they shut off both her and her husbands phone, even though they payed yet they are telling them that they didn't pay.

So she called them and made a \$100 deposit to turn the phone back on and they never took the payment out of her account.

The consumer has lung issues, and she is currently sick and they insist on changing her contract to \$75.

He refuses to take the pin number that she was given when she was trying to figure out what was going on.

She is very upset and wants a refund for the time she is going without her phone even though she made a payment.

The date of payment is the 4th.

If they are going to be playing games with her she doesn't want the phone or anything to do with this company.

She spoke to representative named Julio or Juan.

Ticket: # 3943507 - Inaccurate Pricing

Date: 4/23/2020 2:35:19 PM

City/State/Zip: Louisville, Kentucky 40218

Company Complaining About: Directv

Description

I have been with AT&T for 3 years. My bill is never consistent. The latest bill during the covid-19 crisis went up \$26.00. AT&T explained a promotion ended. A promotion must end every month because my bill changes every month. Also every time it rains I lose coverage.

Ticket: # 3943577 - Billed for Whole Month Without Warning

Date: 4/23/2020 2:58:13 PM

City/State/Zip: Hanscom Afb, Ohio 01731

Company Complaining About: Spectrum

Description

I was charged a full month for 5 days of service. Spectrum gave me no warning and the disclaimer they read to me over the phone still wouldn't have given me enough information to make a decision on.

I cancelled my service well in advance of the April 9th date and hence they had sufficient time to prorate my bill. (Spectrum didn't tell me the day I called in but they have the records.) I was given no warning that I would be billed a FULL MONTH and that they were unable to prorate. They also told me their policy had recently changed - again I was not given this information over the phone when I cancelled my service. "Monthly billing" to me sounds like I'll be receiving a bill monthly and that I'm required to pay monthly -- not that I need to double check my billing dates before cancelling because they are unable to prorate.

This address is on a US Military installation - and as such - frequently has people moving in and out - especially beginning in the spring. This year, COVID did not stop us from the military moving us. FAILURE TO DISCLOSE THIS AT TIME OF CANCELLATION is taking advantage of the customer.

Spectrum's policy and failure to disclose this has cost us significantly. For 4 days of service, we had to pay \$125 PLUS internet and TV in our new location.

We are asking for a fair rate for internet service and fair warning about their policy. I would like to be refunded for the days for which I did not use.

Ticket: # 3943580 - Service/Disable/COVID-19/Termination

Date: 4/23/2020 2:59:00 PM

City/State/Zip: Utuado, Puerto Rico 00641

Company Complaining About: AT&T

Description

Consumer is having problems with AT&T. Consumer states that he is disable and he cannot get out to make a payment into his account of emergency because he is unable to move and he does not have access to his account from home. Consumer called consumer service and he asked them to make an extension into his service because of the pandemic and the order to stay. The extension that he is asking will be until the 04-29-2020. Consumer cannot mover and he is afraid of staying with no service. He has a pre-paid plan and the person who spoke to him was been disrespectful. Consumer needs Spanish assistant. Consumer works for the government in PR he gets pay the 15th and the 30th of each month.

Ticket: # 3943590 - Comcast Billing Complaint

Date: 4/23/2020 3:03:34 PM

City/State/Zip: Cheltenham, Pennsylvania 19012

Company Complaining About: Comcast

Description

Why is Comcast/Xfinity still charging late fees in spite of the fact that they signed an FCC pledge to waive them during the pandemic? See the link below. I can't get any answers from them on phone or online chat about the late charge on my bill for phone/internet service. I am bringing this to the attention of the national media and the FCC commissioners. Comcast needs to be outed for being a greedy liar! 🙄

Description

This is a follow-up to your previous request (b) (6) "Reasonable Accommodation pe..."

Thank you so much. As I forewarned you, the DOJ came back to me stating that they don't have to resources to assist me. So, I'm back asking you to honor my civil rights under title 2 of the ADA. Optimum has misled you stating 24/7 chat availability. I will add their digital chat facility. In addition Patrick Drahi's Altice is a multinational entity with clearly too much media control. As I advised you before, they had previous to his purchase of Optimum communicated with me via email. Taking away this service is a violation of the ADA. Replacing it with 24/7 digital chat is insulting. The phone is never answered. Nothing to do with covid 19. I have a defective dvr i can't return. Their stores are closed. I can't communicate with them. This is absurd. Revoke their licenses to serve the U.S. public based upon their actions. Thank you. a customer of optimum since their 1st license was granted by you..... philip tunis, 23 pine ridge road, rye brook, ny 10573

Hi! I'm Allie, your Virtual Assistant. How can I help you?

i need to return a dvr. where should i send it You 15:42

Sure! You can return equipment to a store or by mail. Click below for more information:

- Find Optimum Stores
- Equipment Shipping Instructions

Allie 15:42 Optimum Store 609 Center Avenue Mamaroneck, NY Temporarily Close You 15:43 Thanks for the inquiry. I'm not certain what you need help with. Please rephrase.

Here are some related items:

- How do I find an Optimum Store?
- I want to know if there is an outage in my area
- I want to check if you provide services in an area.

Allie 15:43 all of your stores are closed. so i just have to keep paying forever? You 15:44

Sorry, I didn't get that. Please try to limit your questions to one sentence so I can better understand you.

Here are some related items:

- I want a label for returning an item.
- I made a payment and want to know when my service will be switched back on.
- My internet is not working.

Allie 15:44 your 24/7 chat is with a computer, no human beings! You 15:44 Thanks for the inquiry. I'm not certain what you need help with. Please rephrase.

Here are some related items:

- I am unable to make or receive phone calls.
- I need to know when my payment will process.

- I want information about the free Altice T10 tablet

Ticket: # 3943963 - Homebridge- refused VRS

Date: 4/23/2020 5:01:22 PM

City/State/Zip: Ewa Beach, Hawaii 96706

Company Complaining About: Homebridge

Description

Consumer is Deaf and uses video relay service (VRS) to access the telephone network and 911 emergency calling.

On April 9 and 11, 2020, consumer tried to contact his mortgage servicer, Homebridge, to request mortgage relief due to the Coronavirus pandemics. The consumer was transferred multiple time and finally connected to a supervisor - who informed the consumer that the VRS interpreter was required to disclose their name - and without the VRS interpreter's name, they could not continue the call. Purple VRS had to explain the specific role of VRS and where an ID number was sufficient. Homebridge refused to accept the ID number. The consumer states that Homebridge does not appear to understand what VRS is all about. Homebridge states that its policy requires them to have the VRS interpreter's names to protect the consumer's privacy, and refuses to speak to the consumer otherwise.

Description

Frontier has disconnected my service. I was in the impression that no carrier are allow to disconnect phone and internet during this pandemic. My internet was interrupted Monday April 20. The balance is 108.00 I told Frontier to please wait and the customer service said no. I am waiting for my stimulus check to come. Please help me because I don't understand if the FCC said regardless of not able to make payment that the service will stay on.

Ticket: # 3944042 - False and or misleading medical claims by World News Tonight

Date: 4/23/2020 5:41:05 PM

City/State/Zip: Stillwater, Minnesota 55082

Company Complaining About: Dish Network

Description

On the March 22nd World News Tonight. Terry Moran and David Muir engaged, on air, in the practice of medicine. They discouraged the use of HydroxyChloroquine, with misleading and or false representation of a VA study.

They failed to mention the drug combo was given late in the treatment for Covid-19 and neglected to mention that when provided early it has a very good success rate

They are not doctors, they are not licensed to give medical advice in any form and to even try to couch it under the guise of journalism

People will die because of their reporting, there will be some who will hesitate to receive this treatment early enough

Ticket: # 3944070 - Complaint about offer**Date:** 4/23/2020 5:58:21 PM**City/State/Zip:** Tampa, Florida 33612**Company Complaining About:** Spectrum

Description

I ordered internet services on 3/13/2020 with an install of 3/17/20. I was told that Spectrum was offering 2 FREE months of Internet service and waiving installation fees for households with school aged children needing internet access. I received my first bill today and called to inquire as to why I was receiving a bill with a balance due of 184.01. I called to ask why I was not receiving the offer and the recording referred me to spectrum.net/covid where I found info on the promotion again as well as the requirements to be eligible. It stated you must have not ordered the service in the past 30 days and have school aged children or a teacher in the house which I do. I ordered 3/13/20 but did not receive the service until 3/17/20 which was during the time the offer was valid. It was not stated that I had to order through a certain site or number but stated call, I have included a screen print of what was said and offered.

Teaching and Learning From Home

In addition, beginning March 16 for 60 days, Spectrum is offering households with teachers, or students in Pre-K to 12 or college, who need remote education, two free months of internet and WiFi at any service level up to 100 Mbps for new customers. To qualify, you must:

Have not subscribed to our internet services within the past 30 days AND

Have a student of qualifying age at your service address with remote education needs OR

Have a teacher with remote education needs living at the service address.

This discount will be applied as a credit for your first two months of internet services. We'll waive any installation or pre-payment fees to help you get started.

Call (855) 243-8892 to sign up for this offer.

I meet all eligibility and am requesting this offer be applied to my account. At this number the young lady first stated there was only an extension being offered to keep services on until June 13 when I pulled up the above info and read it to her she still insisted I was not eligible. I explained that according to the information provided I should be.

Ticket: # 3944094 - Comcast is misleading customers

Date: 4/23/2020 6:08:32 PM

City/State/Zip: Santa Rosa, California 95405

Company Complaining About: Comcast

Description

Comcast is stating they will not disconnect services to their customers as part of the Coronavirus virus. However, I was told that cable tv was not considered "essential" service so they would disconnect customers who had a past due payment. Watching news is essential to keeping up to date on coronavirus updates, rules, and other information. You can't watch tv without cable, direct tv, or other services. Antennas won't work. In my state of California I found out on tv that my county was now requiring masks. If I didn't have tv I would not have known this information and could be fined or imprisoned. During this time of crisis I would like you to require Comcast to maintain cable services to customers. I have enclosed a letter I sent.

Ticket: # 3944134 - Really IRATE @ repeated call from this so-called 'company'

Date: 4/23/2020 6:18:09 PM

City/State/Zip: Woodbine, Maryland 21797

Company Complaining About: Baltimore Md

Description

This is ridiculous, I have asked this company to stop calling me now for the 15th time, maybe more. They will not put me on there do not call list, actually call me more when I ask him to stop, and either cussed me out when I asked him about there do not call list or they will just hang up loudly in my ear. I must keep my phone on 24 Dash seven Dash 365 as I work in emergency services, especially now with coronavirus. I do not know what else to do, yet this number keeps calling me repeatedly starting at 6 AM sometimes all the way throughout 11:30 PM. I thought this kind of thing was supposed to stop, not to get worse?!?!

Ticket: # 3944150 - False advertising/misrepresentation of Coronavirus response

Date: 4/23/2020 6:24:22 PM

City/State/Zip: Santa Rosa, California 95405

Company Complaining About: Verizon Wireless

Description

My service was disconnected despite Verizon's claim that they will not disconnect customers' service due to the Coronavirus. The representative said that wasn't true and insisted I gave her a payment. I spoke to another representative who said you had to qualify for the program. She ended up hanging up on me. I spoke to a manager who did schedule a payment. He said that Verizon's Coronavirus no disconnection policy was to allow people to call you but that you couldn't call out on your phone. Please make Verizon honor their no disconnection policy they have publicized.

Ticket: # 3944244 - Disconnected Service in Brooklyn April 23rd

Date: 4/23/2020 7:06:26 PM

City/State/Zip: Brooklyn, New York 11215

Company Complaining About: Verizon

Description

My service was disconnected despite the pledge not to shut down services in New York City. In the evening on April 23rd. Completely out of nowhere.

It is insane. Without prior notices or anything. In the middle of the pandemic.

Ticket: # 3944279 - Phone & internet issues

Date: 4/23/2020 7:39:50 PM

City/State/Zip: Vega Alta, Puerto Rico 00692

Company Complaining About: Claro

Description

Several times i have contacted Claro to report issues with the internet & phone and yet i haven't been able to solve the issue. For most part of the contract the phone hasn't work and the internet has been confronting issues. In this month i haven't had internet the whole month, i have tried contacting several times technical service and yet no resolution. I was able to contact someone today to cancel then the contract they advise this can only be done in an office, right now due to the covid-19 no offices are open and they are still charging me monthly service fee for an inefficient service. The employee hung up on me. I want to cancel the contract but i don't want to be penalized for their negligence. My work depends on the internet service. I know other persons that have been able to cancel the service without going to an office.

Ticket: # 3944303 - poor cell phone service

Date: 4/23/2020 8:06:12 PM

City/State/Zip: Coal Dale, Colorado 81222

Company Complaining About: AT&T

Description

Cellphone service provided by AT&T is so poor that we were unable to complete a teleconference for health care during our COVID 19 stay-at-home period.

Ticket: # 3944306 - ATT is refusing to fix the cell tower

Date: 4/23/2020 8:08:03 PM

City/State/Zip: Jacksonville, Florida 32207

Company Complaining About: AT&T

Description

The cell tower at Caljon Road in Jacksonville, FL 32207 has not been working for 4 days. I have two accounts on 3 cell phones and all do not have service. Sometimes ATT says the problem is the cell tower and sometimes they say the tower is fixed. In any case, we still don't have service in our area. The ATT service representatives are very difficult to access to make outage reports and the website is frequently wrong. Their website forces me to install the ATT app to chat with tech support for cell service (and without cell service I had to go out (COVID -19) to obtain a signal to download the app. The agents are argumentative causing me to file this report to get service. Please contact ATT and demand the repair. Thank you!

Ticket: # 3944353 - Price Gouging by Spectrum

Date: 4/23/2020 8:54:41 PM

City/State/Zip: Raleigh, North Carolina 27613

Company Complaining About: Spectrum

Description

As soon as the COVID crisis struck, Spectrum increased the cost of internet from 49.99 to 59.99 which they falsely claim as a "promotional discount" even though it is a price increase. They also falsely claim "bundled services" when we are receiving only one service. Everyone in the neighborhood has been price gouged in this same way and we have no other provider in the area we could switch to.

Ticket: # 3944364 - At&t exagerating data usage

Date: 4/23/2020 9:17:49 PM

City/State/Zip: Nampa, Idaho 83686

Company Complaining About: AT&T

Description

I have a unique data plan in which I receive 46 gigabytes of data per month. Using my phone as a wifi hotspot my data plan is essentially my home internet. In the past If I had spent 4+ hours per day of 360 or 480 video quality I barely would use 25 - 30 gigabytes of data per month. The last week starting April 16th I have somehow been using almost 1 gigabyte per day. I have actually been very busy during this pandemic mainly working on my parents ranch 3 or 4 days per week. I stay overnight at their house using their wifi - not my data plan. And I have been watching videos at either 240 or 360 video quality. I do not download or listen to music. I do not play video games or watch porn. Yet, somehow according the At&t I am using almost 1 gigabyte per day of data! I am NOT embellishing my story. Something is going on with At&t. They are charging me \$15 per day of going over my data plan - which is 46 gigabytes per month. In fact, according to At&t I reached 46 gigabytes a little after April 15th. That's over 2 gigabytes per day! There have been times in the past I have binge watched netflix for 6 hours/day, 5 days/week and barely reached 30 gigabytes in 1 month. And yet 3 to 4 days per week I am using my parents wifi and somehow I used 46 gigabytes in 15 days? As of now, April 23rd, I have been charged over \$100 for data overage. I have contacted At&t in the past about sudden abnormal usage and they do not help. I am pretty sure they will not help now.

Ticket: # 3944385 - Packet Loss - Contacted Numerous Times

Date: 4/23/2020 9:38:51 PM

City/State/Zip: Oceanside, California 92058

Company Complaining About: Cox

Description

I have contacted Cox Communications numerous times about an inconsistent internet speed and packet loss that is occurring all throughout the day and it is difficult to do anything when we are paying so much for our service. They asked me if we have an old router but I just updated it and never had this issue before COVID-19 and stay-at-home orders were implemented. They know about this and tell us to "reset our router" and "reset our modem" and if that doesn't work, oh well! Please fix this issue sometime soon.

Ticket: # 3944412 - Suddenlink Bilk Suddenly Higher

Date: 4/23/2020 10:02:10 PM

City/State/Zip: Lufkin, Texas 75904

Company Complaining About: Sudden Link

Description

I got an email earlier today about getting a billing statement from Suddenlink. When I checked it, I was shocked to see that the amount due was \$254. Our bill was initially only \$50 a month, and we received no warning that the billing amount was increasing. Even considering missing a bill payment, our bill would still be over \$50 higher than it was. As I only work part time, I would have a lot of trouble keeping up with the payments, especially with COVID-19. In addition, our service has continuously been spotty. Our internet routinely stops working without reason.

Ticket: # 3944443 - Optimum/Altice

Date: 4/23/2020 10:42:39 PM

City/State/Zip: Lakewood, New Jersey 08701

Company Complaining About: Optimum

Description

Problems due to COVID19 are understandable but this has been taken to the extreme. Despite numerous promises to improve internet speed, Optimum has not pulled through. I have 4 children on distance learning due to the virus, and I myself am teaching classes remotely. My students are complaining about my online classes because my internet is so slow it gets interrupted so often. I've called and called and despite all the promises in the world, Optimum continues to do nothing. Please help.

Company Complaining About: Wireless Caller

Description

Received call from 3108769852 10:52pm 4/23/2020

Recording said it is an AI and asks if you are concerned about my investments during Covid19
on 4/21/2020 4:48pm same number but within normal business hours

Ticket: # 3944521 - Disconnect

Date: 4/24/2020 5:06:53 AM

City/State/Zip: Las Vegas, Nevada 89121

Company Complaining About: Comcast

Description

Cox is falsely advertising that they joined the " keep America connected " initiative and wouldn't be doing disconnection during covid-19 however they disconnected me today so not my kids can't do they're school work. That false advertising and had I known they were still doing disconnection I would have not paid rent. Worst part is I'm a single mom of 3 special needs children who require school and now don't have access for to

Ticket: # 3944549 - Threat to national health and safety

Date: 4/24/2020 7:53:39 AM

City/State/Zip: Bakersfield, California 93303

Description

Fox News Network and numerous hosts/commentator continually broadcast information that is either false and/or biased in manners that place their viewers' health at risk, including ridiculing and/or minimizing the coronavirus pandemic effects and airing unfettered claims by President Donald J Trump that may place the national health at risk. Fox News Network, including anchors/hosts Tucker Carlson, Laura Ingraham, Sean Hannity, Tammy Bruce, Tomi Lahren, William Bret Baier, Maria Bartiromo, Heather Star Childers and Geraldo Rivera should be held to account and be required to correct misinformation that may threaten the health and safety of Fox News Network viewers and their families.

Ticket: # 3944565 - COVID2019 false info

Date: 4/24/2020 8:17:42 AM

City/State/Zip: Winston-salem, North Carolina 27104

Description

I am distressed that networks are broadcasting unsafe information regarding COVID2019 which can result in death if listeners follow the unscientific suggestions voiced by politicians, talk show hosts, faux experts. Since so much is unknown at this time, only scientific facts should be allowed such as from NIH or CDC.

Ticket: # 3944575 - Raising my bill during a pandemic crisis

Date: 4/24/2020 8:36:45 AM

City/State/Zip: Jarrell, Texas 76537

Company Complaining About: Sudden Link

Description

Suddenlink raised my bill from 61.33 to 93.41 for no reason during this difficult time. I called and was told that they are working on something to help at this time, but couldn't give me a date. They are taking advantage of people's need for internet right now. It is shameful. Please help. Thanks

Ticket: # 3944640 - Verizon Fios

Date: 4/24/2020 9:17:38 AM

City/State/Zip: Bronx, New York 10473

Company Complaining About: Verizon

Description

(b) (6) We have received this Ticket. In response I have spoken to a verizon representative. The conversation we has was about keeping the bill under \$200.00 a month and Lifeline would be added to the actual bill as a discount, based upon our low income and senior citizen having a fixed income any , reductions would help especially since the COVID-19 . However It would help to have regulatory rates implemented for verizon to offer their customers. ridiculous, charges from set top boxes, to programing fee's Broadcasting fee's taxes. after you are told what you will pay, then those other fee's apply. If we can receive the channels we want and service, there should be a set fee in place for us not to pay a very high price . However in the past no one ever contacted us in the past based upon our service and what package we were receiving that we could pay less. It was always a promotion the speak of then rates go up after two years. And we always spoke to a person from another country regarding our bill. We received a recent bill. Why isn't their Representatives in the USA to take calls. And We hope third party companies won't receive our phone number and have all sorts of Robocalls. If all Agreed we can come back to verizion.

Ticket: # 3944662 - Frequent, repeated unwanted calls

Date: 4/24/2020 9:25:54 AM

City/State/Zip: Philadelphia, Pennsylvania 19106

Description

Continual calls to an Urgent Care center in Philadelphia., only beeps repeatedly when picked up. Consider how disruptive it is during our current pandemic. I see multiple complaints have already been filed against this number. Please pursue some kind of action to put this issue to rest quickly so we can focus on helping our community during this difficult time. Thank you in advance for your help in this matter.

Ticket: # 3944666 - Availability/Billing during Covid-Pandemic

Date: 4/24/2020 9:33:41 AM

City/State/Zip: Lancaster, Pennsylvania 17603

Company Complaining About: Comcast

Description

Consumer has her card on file with Comcast

Consumer said she woke up this morning to her service being shut off

Consumer said they shut off her TV and cut her internet speed in half

Consumer said she has been behind a month

Consumer is trying her best to pay, but she is without work due to the Pandemic

Consumer was told by a Comcast rep that now that she is being a 2 months, they cannot help her

Consumer was told by the rep that leaving her service on during the Covid-Pandemic would hurt them more than the consumer

Consumer said she spoke to a rep in March and he told her he could give her 10 days to pay the bill and she told him she didn't need 10 days, but if she needed them 10 days she could call back in and get them

Consumer told the rep that and she said there was no record of him saying that

Consumer then told her to listen to the recording, because all calls are recorded

Consumer was told she needs to pay \$278.00 before May 1st and if she didn't pay it before the first she would have to pay the whole amount of \$628.48 to get her services restored

Consumer just wants her service turned back on ASAP and work with her until next week, until she can pay her bill

Ticket: # 3944723 - Lack of Internet Service - Despite Coverage on FCC Fixed Broadband Deployment Map

Date: 4/24/2020 10:11:30 AM

City/State/Zip: Perkiomenville, Pennsylvania 18074

Company Complaining About: Verizon

Description

My address is currently located within Verizon's coverage on the FCC Fixed Broadband Deployment Map and there is a Verizon Franchise Agreement on file with my township, New Hanover, Montgomery County, PA stating Verizon will provide service to my house by 2015. Verizon has refused to provide service stating they will not provide service outside their territory and in another independent incumbent local exchange carrier (ILEC's) territory. However, on the FCC Fixed Broadband Deployment Map my address is clearly in Verizon's territory. Given this pandemic it is even more important that residents can rely upon the FCC to advocate for residents and ensure that franchise providers are meeting the needs of the their designated area. Providing service to us is necessary for us to be able to earn a living and educate our two school age children.

Ticket: # 3944787 - Continued-Internet Throttling, IllegalBilling Attempts minimal to no service, harrasment and planned data interruption and resending scheme

Date: 4/24/2020 10:40:54 AM

City/State/Zip: Morriston, Florida 32668

Company Complaining About: Hughes Net

Description

Continued-Internet Throttling, Illegal Billing Attempts minimal to no service, harassment and planned data interruption and having re-sending scheme to force over data usage and metering Illegally. Since report has gotten worse and this has been going on since we signed up for the service. This is an Illegal bait and switch service to get customers to pay for throttled services. Day hours absolutely throttled and slowed to a stop. Please see more speed tests from the beginning of last month. Service runs below 1 Megabyte at 0.25. Listen service agreement states 25 Megabytes / second. 1/625 of a Megabyte is what we get since sign up. All of this on purpose during the COVID-19 Scare to interfere and try to get people to pay more money for the same non-functional system. Company boldly tries to stop service in the middle of an FCC Complaint and has no respect for the authorities, customers, and regulations and or lack thereof when it comes to them. The company along with others is taking full advantage of customers since Net-Neutrality was removed, is spitting in the face of customers and regulators. They should be fined heavily for this Illegal behavior until they learn their lesson. If the service cannot be any faster we should not have to pay for it.

Ticket: # 3944814 - Comcast Billing Issues

Date: 4/24/2020 10:57:29 AM

City/State/Zip: Middlefield, Connecticut 06455-1062

Company Complaining About: Comcast

Description

She is calling about Comcast.

She has the bundle package.

They raise her bill.

Her bill was \$150.00.

March and April bill is \$191.81.

She would like to know why her bill is going up.

She is unable to contact Comcast because of this COVID-19.

She has been to the office and they cannot help her.

Only can make payments there nothing else.

Ticket: # 3944886 - Broadstar Internet Company disconnected Service**Date:** 4/24/2020 11:23:10 AM**City/State/Zip:** Sunrise, Florida 33323**Company Complaining About:** Broadstar

Description

BroadStar suspended/Disconnected my Internet Service on April 23,2017 due to lack of partial payment that was due on April 15,2020 as a payment arrangement. I was informed no disconnection would take place no matter what due to COVID-19. We are locked into Broadstar Service at this complex and cannot take advantage of the free 2 month Internet program by Comcast or AT&T Access program in this time of need for my Son's e-learning program at Sawgrass Elementary. I have lost income earning due to COVID-19 and struggling to make essential payments. The company would not turn back on the Internet until I borrowed money to make the half payment yesterday and the remaining balance is due on April 3,2020. I was not given any notice that my services were going to be suspended and have no way of receiving aid for a \$68/month payment that is absolutely needed for Distance learning for my Son in Grade 1.....

Ticket: # 3944903 - Refusal to communicate

Date: 4/24/2020 11:28:00 AM

City/State/Zip: Celina, Texas 75009

Company Complaining About: Sudden Link

Description

We have 3 children who are home and on elearning platforms due to COVID-19 and Suddenlink has refused to communicate updates about our service being transferred to our new home. Despite repeated confirmation and requests, their outright refusal to be communicative is affecting my children's inability to continue class work and complete assignments. They do not seem to care about providing any service to anyone

Ticket: # 3944904 - Another Price Increase from Charter Spectrum /Covid-19

Date: 4/24/2020 11:28:14 AM

City/State/Zip: Rensselaer, New York 21244

Company Complaining About: Charter

Description

Stated that Charter is raising their prices, with no notification and stated that Charter is raising rates at a time that people are working from home/during the Pandemic. He stated that this is gouging during a crisis.

He stated that he attempted to call Charter to discuss this issue. However, he was placed on hold for a very long time and then the phone disconnected. He stated that no one appears to be answering the customer service lines during the Covid-19 or the wait times are totally unacceptable.

Ticket: # 3944929 - Unwanted call

Date: 4/24/2020 11:34:35 AM

City/State/Zip: Modesto, California 95355

Description

Call from a supposed Student Loan Forgiveness company. I have not applied for any and as far as I know currently all student loans are currently suspended due to Covid-19. No reason for them to be calling me especially multiple times at once. Got 6 call within minutes of each other.

Ticket: # 3945025 - Hardly ever get internet speed I am paying for

Date: 4/24/2020 12:02:34 PM

City/State/Zip: Rotonda West, Florida 33947

Company Complaining About: Comcast

Description

1. Paying for 100 MBPS Internet
 2. Was getting that for probably a month or two, when I stopped checking.
 3. Sometime after that, I checked multiple times and speeds vary anywhere between 35 and 75ish (MBPS); leaning more towards lower speeds in the 60 MPS area.
 4. I have my own Xfinity approved Modem which is remotely provisioned by them.
 5. I called them and they are "unable to do anything until the COVID 19 stay at home is lifted"...
- Please note 3 days ago I saw a comcast truck at neighbors and in fact my GF had similar issues (15 miles away) and they had both a technician and his supervisor there trying to figure it out. So why the excuse when in fact they are doing troubleshooting ?
6. They do not have my modem router provisioned correctly OR there is an issue on my house drop or on the trunk which they can troubleshoot.
 7. I am an engineer for 35years and know this is a line of crap by xfinity.
 8. Their tariffs should be reviewed and suspended based on their lack of customer service and potential fraud in arbitrarily reprovisioning modems to slow down. This is ongoing for MONTHS!

Ticket: # 3945069 - Price Increase

Date: 4/24/2020 12:13:00 PM

City/State/Zip: Hannibal, New York 13074-2205

Company Complaining About: Spectrum

Description

As noted above my issue is a price increase during a pandemic when people are out of work, children need the internet to connect with teachers. I bundle my services so I supposedly had a discounted rate. When my bill was raised in my October 2019 bill I was told at that time there was no discounts available, so why am I getting an increase? Would like an answer.

Ticket: # 3945074 - Trump Advocates Behavior That Will Kill Americans

Date: 4/24/2020 12:13:44 PM

City/State/Zip: Redlands, California 92374

Company Complaining About: Frontier Communications

Description

On April 23, 2020, during the President's daily coronavirus briefing, President Trump advocated that people should insert germ killing lights into their bodies and inject disinfectants into their bodies. These statements are irresponsible, and will lead some innocent Americans to believe these statements as valid health advice, resulting in great bodily harm and/or death. The President's false statements that hydrochloroquine is proven to be an effective treatment have already cost Americans their lives. Please stop the President from speaking at these health briefings before more lives are lost.

Ticket: # 3945165 - Spectrum Billing

Date: 4/24/2020 12:38:52 PM

City/State/Zip: Cameron, North Carolina 28326

Company Complaining About: Spectrum

Description

The consumer has an account with Spectrum whom she has Internet, Spectrum Voice and Cable with them.

Whenever COVID-19 started both her and her husband were unemployed so they starting planning ahead and called Spectrum to get rid of her cable services with them to cut some expenses.

On March 28th they canceled their TV service and was told to just return the equipment and they're next bill would be \$79.00 instead of the \$236.00.

Now the consumer just received a bill in the mail for \$236 instead of the \$79 that she was told she would receive.

She called them and they told her that because it was 4 days into the cycle she must pay the full month.

She did return the equipment and they did receive it.

She shouldn't be billed because she called and they told her they wouldn't bill her and she didn't even have the equipment those 4 days in the cycle because it was already being shipped back to them.

The consumer would like a credit or refund for the amount she was billed for TV services she never received because she didn't have the proper equipment to receive the services.

Ticket: # 3945445 - Unsolicited multiple marketing calls a day from the same number

Date: 4/24/2020 2:04:21 PM

City/State/Zip: Tampa, Florida 33624-1183

Company Complaining About: Scam Likely

Description

(863)260-7341 keeps calling multiple times daily and it appears to be a marketing call about consumers and COVID 19 (could be a scam) and you can not call the number. Would like to find out who the call is actually coming from and how to stop them. I have blocked the number, but they are still leaving a multitude of messages daily. My phone number is also on the DNC list.

Ticket: # 3945447 - Spectrum raises price when there is no alternative

Date: 4/24/2020 2:04:46 PM

City/State/Zip: Kew Gardens, New York 11415-2815

Company Complaining About: Spectrum

Description

Spectrum just socked us with a \$10/mo, COVID-19 bill increase while proclaiming their understanding for the difficult economic conditions. We have been loyal customers for many years with never a late payment. Through government actions the income that we received from bank CD's has virtually disappeared. My wife and I are both approaching our 80's and now we must rely almost entirely on Social Security and small Navy pension. We are forced to examine all expenses for maximum value and we find that Verizon FIOS guaranteed 100 mbps service, is available for \$34.99/mo to retired military members (\$5.00 discount off the regular price). This is a 33% speed improvement over what we now get with Spectrum at their new higher price of \$59.99/mo.

Spectrum hit us with this higher bill just when Verizon announced that they will not be doing new installs until November. We sent a letter (US Post) to the Spectrum president Thomas M. Rutledge expressing our displeasure for this exploitative action but neither he nor his minions saw fit to reply.

We would like to keep the \$49.99/mo rate until we are able to get service from another provider should that be necessary.

Ticket: # 3945510 - Phone Access/Account and Order (ATT)

Date: 4/24/2020 2:23:56 PM

City/State/Zip: New York, New York 10010

Company Complaining About: AT&T

Description

I have spent 12 hours on the phone in contact with about 30 different people all while losing 2 full days of work- not one person at ATT was able to help in anyway shape or form for about 50 hours combined wasted time. My phone randomly broke and I have no access to use it as the screen is completely black/yellow; therefore I cannot make calls or receive messages or do anything for that matter. Days and days have gone by where they refuse to let me access my account by confirming information (they only let me confirm via phone call/text) but I cannot get that as my phone is broken- I offered my social, address, pin, and any personal information they have on file. Finally, I canceled my ATT account and opened a new one after 4 days- with this I placed an order for a new phone(new account number and new phone number). 24 hours later ATT emails saying the order was canceled because I did not accept the terms and conditions (meanwhile I very much so did- this was confirmed on the phone with ATT agent and confirmed in pictures attached here). So my order was canceled, for no reason and no one at ATT could tell me why or how this happened- I was never notified before the cancellation email. I am here now 5 days later at square one, with no phone or help during a global pandemic- they are now trying to locate my new information and cannot seem to figure that out either(I have been hung up on about 10 times in the past week). ATT agents actually told me to go out in New York City (where I live) during COVID-19 to go to a store to solve this. I am currently still in process of trying to get this figured out but have not been able to do so with any of the people I have spoken to(even today)-and this is by no means acceptable in terms of what I was told to do, how the situation has been going, my current status, and the wasted time and money I have spent.

[Ticket: # 3945612 - Trump COVID remarks on 4/23/20](#)

Date: 4/24/2020 2:58:47 PM

City/State/Zip: Bozeman, Montana 59715

Description

Trump suggested that disinfectants used internally might be beneficial to combat the coronavirus in the body. He is the president of the USA and now says he was being sarcastic. He was NOT. And in his office he doesn't have the opportunity to be sarcastic in this crisis situation. Stop airing him on TV crisis briefings.

Ticket: # 3945717 - dispute declined with verizon

Date: 4/24/2020 3:30:58 PM

City/State/Zip: Portsmouth, Virginia 23703

Company Complaining About: Verizon Wireless

Description

On april the 6th 600 dollars was taken from me. I wasnt supposed to pay my bill until that next week because i told the agent i was affected by covid 19. So i asked for a refund and was given a confirmation number. A few days later i call to check on my refund they told me that it was declined and to go through my bank. So i disputed with the bank for 7 to 10 business days and they told me that i had to call verizon back. So i filed another dispute with verizon and now i have to wait another 7 days.

Ticket: # 3945889 - Stop 5G installations across the country, very dangerous for people and pets!

Date: 4/24/2020 4:26:43 PM

City/State/Zip: Nesconset, New York 11767

Company Complaining About: AT&T

Description

I was told by mobile carrier that I needed to contact our LOCAL POLITICIANS and FCC to STOP 5G Cell Tower Installations. My neighbor who works for a major cell phone carrier put it this way, FAMILIES WILL BE COOKING SLOWLY LIKE A MICROWAVE IN THEIR OWN HOMES! THE RF RADIATION COULD BE REALLY REALLY REALLY ETC BAD... HIGH COMING INTO YOUR HOUSE! 1G, 2G, 3G and 4G use between 1 to 5 gigahertz frequency. 5G uses between 24 to 90 gigahertz frequency. Within the RF Radiation portion of the electromagnetic spectrum, the higher the frequency the more dangerous it is to living organisms.

IN ADDITION, EACH MOBILE CARRIER WILL INSTALL THEIR OWN 5G CELL TOWER. SO THAT COULD MEAN SINCE WE HAVE FIVE OR MORE CELL COMPANIES, YOU MIGHT HAVE 5 IN ONE NEIGHBORHOOD. SOOOOOOO SCARY! 24 to 90 gigahertz frequency TIMES that by 5, YIKES! This FILM RECEIVED FIVE BEST DOCUMENTARY AWARDS! BASED ON ACTUAL RESEARCH FROM EXPERTS! Watch now: Take Back Your Power 2017 >

<https://www.takebackyourpower.net/> Worth the WATCH/ RESEARCH!

THIS WOULD BE THE NEXT BIGGEST SILENT KILLER IN THE FORM OF CANCER, AUTISM, STERILIZATION, HEART PROBLEMS, DIABETES, ALZHEIMER, FLU LIKE SYMPTOMS (LIKE THE #CORONAVIRUS Hmmm!), AND LET US NOT FORGET SURVEILLANCE AND MUCH MORE...SCARY!!!

Ticket: # 3945955 - SuddenLink Billing

Date: 4/24/2020 4:48:51 PM

City/State/Zip: Mineola, Texas 75773

Company Complaining About: Sudden Link

Description

The consumer has Internet and Cable services with Sudden link.

The consumer states he paid his February bill and then he got his March bill which he wasn't able to pay the bill so April 9th they shut his service off.

The consumer is disabled and he was spending more money on other necessities like food and toilet paper because everybody was hoarding items.

He states that his bill also kept being increased for a reason he doesn't know of.

No he owes a bill for March but now they are charging him a full month of April and they are changing him for May too.

Whenever he calls Sudden link about the issue, Joe a representative said that that's the way they do things and that it.

His bill should only be \$187 and now its \$500 and something dollar.

The consumer knows that Sudden Link should be keeping their customers connected because of COVID-19 and the pledge that was signed.

The consumer should not be billed for service he is not receiving.

The consumer would like his bill adjusted to the correct amount, and he shouldn't have had his services shut off.

CTR-415

Ticket: # 3945996 - HughesNet complaint

Date: 4/24/2020 5:08:18 PM

City/State/Zip: Casco, Wisconsin 54205

Company Complaining About: Hughes Net

Description

We have had difficulties with slow/unreliable service since we started using this company. We have made repeated calls. Now with the COVID-19 issues, we have NO service. A customer service rep on the 30th of March suggested that we needed to increase our "unlimited" plan up to 30 gigs of HIGH SPEED instead of 20 so we wouldn't get throttled so quickly. I authorized that but we still have NO SERVICE. April 1st our account balance was supposed to start over with the additional amount. We have less than 1 Mbps per minute. On April 3rd, I took screen shots throughout the day showing from 715 kbps to 917 kbps ALL the way up to 2.1 Mbps at one point! Not one website works at that speed. I am unable to do any type of continuing education to take advantage of this time. We are unable to do any work or even to file for Unemployment compensation via the internet. I have attempted to call (4 different numbers) repeatedly. After automated system explains issues due to COVID-19 and says that there may be wait times in excess of 20 minutes, it verifies my info and then says it has found my account, at which point it says "Sorry, we are unable to take your call at this time, please try again later" and hangs up on me. This leads me to believe that my account has been flagged or blocked somehow. Then I have attempted 4 separate emails which they have not responded to. I looked at their Facebook page and apparently a lot of other customers are also experiencing these same issues. I have had to get another service in order to do anything internet related. I realize it is a difficult time for everyone, but if they can't provide ANY level of service to your customers, then may I suggest they stop charging them for what they are unable to provide? Other services are increasing their level of service at no charge due to the need for internet service for homeschooling and business, etc. and the one that we replaced HughesNet with seems to be working just fine!

Now we have finally been able to reach a representative at HughesNet and closed our account. They have said we have not fulfilled our 2 year contract and they will charge us \$300. Then they offered a \$100 discount BUT I refused as they are the ones who failed to provide service and broke the contract. Now they have charged our account \$295.

They need to remove all charges from our credit card and send the box they promised over a week ago so we can return their equipment so we don't get charged \$400 for the parts we are no longer using. They NEED to respond to customer complaints and resolve the issues with their company. They NEED to provide the service that customers have paid for! There is a ton of info from other customers who have ALL experienced the SAME difficulties that we have had. Facebook groups have been set up to start a class-action lawsuit against HughesNet.

Ticket: # 3946134 - COX INTERNET

Date: 4/24/2020 6:13:00 PM

City/State/Zip: Tucson, Arizona 85706

Company Complaining About: Cox

Description

I have been struggling A LOT with my ISP which is COX. There has been horrible latency spikes and a lot of packet loss. From what i read online i'm not the only one in the Tucson/ Arizona area having these problems. It's embarrassing how i'm paying to get 1gb of internet speeds while cox is only providing up tp 200mbps. This isn't something that started to happen because of the corona virus it goes way back to around 3-4 months. Ive been reading a lot about node split and hoping to get this issue resolved ASAP!

Ticket: # 3946152 - FOX NEWS COMPLAINT

Date: 4/24/2020 6:20:05 PM

City/State/Zip: Bronx, New York 10472

Description

For over 9 days, from April 11 to April 20, Fox News hosts, Laura Ingraham, Sean Hannity, and Tucker Carlson encouraged the use of hydroxychloroquine as a treatment for COVID-19. It was mentioned on the network 87 times. They are not doctors and should not be promoting the use of pharmaceutical that was not approved by medical professionals. They instead took Trump's talking points and put the lives of millions of Americans at risk. Sanction FOX NEWS!

Ticket: # 3946158 - Suddenlink Internet

Date: 4/24/2020 6:21:03 PM

City/State/Zip: Kingwood, Texas 77345

Company Complaining About: Sudden Link

Description

Suddenlink is the internet provider for zip code 77345. I am paying for 1Gbps bandwidth and am getting 200Mbps AT BEST whether I'm wireless 5G or direct LAN connected to the router. They have been overcharging me since October 2019 and have not resolved the issue. They are using the Covid issue as an excuse to overcharge customers and not resolve issues.

There is no competition for them in my area, they have a monopoly.

Company Complaining About: Verizon

Description

On April 21st, I cancelled my TV service with Verizon. I kept my internet service, which was to be upgraded for a higher speed. I was sent an email link to confirm my transaction, which was for \$-29, as I was supposed to be credited for service I had already paid for. Three days later, they said my TV service was still active and they could not cancel it due to COVID. They then would not provide me the same \$-29 bill that was on their website, and said I was provided the wrong information and there is no record. They are intentionally delaying cancelling this service so they can continue charging me and using COVID as an excuse. They need to cancel my TV service, and credit me for service charged after April 21.

Ticket: # 3946232 - Disconnection Notices Continuing Despite Pledge

Date: 4/24/2020 7:10:12 PM

City/State/Zip: Aliso Viejo, California 92656

Company Complaining About: Cox

Description

Cox continues to send out disconnection notices, make collection calls, and not notify customers that they have pledged with the FCC to not disconnect anyone during the pandemic. Even their app shows "to avoid disconnection" next to past due balances.

Ticket: # 3946317 - Cox Communications new "Ultimate Internet 500"

Date: 4/24/2020 8:36:01 PM

City/State/Zip: Buckeye, Arizona 85326

Company Complaining About: Cox

Description

I ordered Cox's Ultimate Internet 500 online from the website where the "All-in pricing" listed the upgrade as only \$5 more a month on my current bill for a 12 month promotional period. After the promotional period ends, the All-in pricing list on the website stated my bill would only increase by \$2.50 for a total of \$7.50 more a month after the promotion ended. I received an email to call COX, I was transferred to 6 total people, was disconnected once. I was told to purchase a new Cable modem (SB8200), and I had time to drive to Best Buy and curbside pickup while on hold. Another tech told me they could not place it on my account and I couldn't get the upgrade I signed up for even with this modem the previous tech told me to buy. Four hours on the phone, I was transferred to the Loyalty department where they canceled my original order and created a new one without any identifying information. I understand that Technicians cannot arrive due to COVID to install a fiber modem. I want my service to be turned on for the 500 MB I signed up for knowing that my fiber to coaxial box on the wall is only capable of 300 MB (as stated by a COX tech). Once a tech is available, they can install the fiber modem to enable my 500 MB.

Ticket: # 3946363 - COX COMMUNICATIONS

Date: 4/24/2020 9:31:18 PM

City/State/Zip: Las Vegas, California 89123

Company Complaining About: Cox

Description

Cox being one of the ISP's in Las Vegas has been definitely good pre-COVID19 but they themselves have not kept everything up to date from still letting new customers coming in and not doing NODE splits. Pushing out NODE Splits for areas that are HIGHLY congested would definitely help everyone out who has now started working at home and for people who actually pay for speed to which it definitely overpriced. It's ridiculous that an ISP like this is not helping out the people for moderate/high speed internet but are there to scrounge up more money and to lie to their loyal customers that their servers can withstand the amount of traffic but brushes it off with a router restart.

Ticket: # 3946458 - Cable package

Date: 4/25/2020 12:56:47 AM

City/State/Zip: Maynardville, Tennessee 37807

Company Complaining About: Comcast

Description

Contacted comcast to discuss how we are over paying for the services and they pass me to the customer retention team. Guy claims that we are going to get a better rated and keep current package. Found out today comcast lied. They canceled part of my package. The customer rep Also mentioned how Nobel comcast was that they were giving every one a full month free during the pandemic. He said you will not get a bill this month. Guess what another lie took it out of my account. Signed up for a lying company I want out of this deal scammers. Change your name to Concast.

Ticket: # 3946529 - Covid 19/technician not wearing safety mask or gloves**Date:** 4/25/2020 9:24:06 AM**City/State/Zip:** Sharon Hill, Pennsylvania 19079**Company Complaining About:** Comcast

Description

On Thursday, April 23, 2020 I called into Xfinity at 855.757.7372 and spoke to operator, Carlos. Carlos helped me with my questions regarding the setup of my wifi service at home. Carlos set up a technician to complete the setup at my home. My appointment was for Friday, April 24, 2020 between 12pm and 2pm. Before hanging up with Carlos, I requested/stated to Carlos that due to Covid19 if a technician has to come into the home, that they must wear safety gear, a mask and gloves.

On Friday, April 24, 2020 around 12 pm in the afternoon, I received a telephone call from Xfinity confirming my appointment between 12pm and 2pm. The recording also states that if anyone in the home has experienced symptoms due to Covid19 that they should reschedule their appointment. When the technician arrived to check the internet cables, my fiancé and myself noticed that he WAS NOT wearing

a mask or gloves and wreaked of cigarette smoke. Upon opening the door, my fiancé and myself were fully covered with a mask and gloves and the technician was not. The technician wanted to drill a hole for services before checking the previous cables. We shared that there was previous cables for service, then he proceeded to look around the rear of the home for cable wires. We also showed him the previous cable wire in the basement. My fiancé inquired a second time, asking the technician where is his mask and gloves, the technician said, "the mask and gloves were in the truck." I asked the technician is everything ok once he finished, he came back into our home to check the lights on the prepaid tower and I said, "let me check while you are here". He replied, "that he will be outside in the truck smoking a cigarette and to give him a thumbs up signal." I gave him the thumbs-up signal.

The wifi signal is working fine, its' the issue of spreading germs during this serious pandemic Covid 19 quarantine. I nor my fiancé wants to come in contact with a carrier of this deadly germ. The coronavirus cannot be detected visually, it could attach itself to hair, clothing, spread by droplets of saliva or nasal body fluid. Our concern, why does Xfinity allow their employees to work without covering themselves, it is not sanitary or safe!!!!

Ticket: # 3946553 - Removed Services

Date: 4/25/2020 9:50:15 AM

City/State/Zip: Atlanta, Georgia 30344

Company Complaining About: Verizon Wireless

Description

I have a phone that has malfunctioned phone I have had service with Verizon for 5 years but when a new service was added to my account on March 14 they removed my insurance with out my approval. So when when called in at the end march about the account. I was notified I did not have insurance on my account on any of my lines on April the 10 is was added back to my account I didn't approve the removal. And now I'm stuck with a phone witch is malfunctioning on my account and there refusing to replace the phone until I pay the past due balance. The phone would have been replaced prior to account being past due but Verizon removed my insurance. I couldn't take it into to a store there closed because of the pandemic. The phone does not power on and it's over heating on the charger

Ticket: # 3946558 - Inappropriate Content for Children During Children's Program

Date: 4/25/2020 10:03:56 AM

City/State/Zip: Rochester, Michigan 48306

Description

CNN played some disturbing commercials including one with a person barely cling to life, gasping for air, on a ventilator, and saying people are going to die of COVID-19. This should NOT have been shown during a program geared toward children. My children are disturbed and terrified from seeing this?

Ticket: # 3946561 - Re: Request received: unwanted calls, number spoofed

Date: 4/25/2020 10:06:47 AM

City/State/Zip: Waynesburg, Pennsylvania 15370

Description

This is a follow-up to your previous request (b) (6) "unwanted calls, number spoofed"

I complained almost a year ago.....the calls have only increased in number!

It's illegal, it's an invasion of privacy to even have to listen to the phone ring! ...from unwanted/unsolicited calls.

It's illegal to pirate a private phone number for spam use!

I realize the supposed pandemic situation currently, but this is not a new problem.

(b) (4)

Ticket: # 3946563 - WiFi Fee

Date: 4/25/2020 10:15:57 AM

City/State/Zip: Plano, Texas 75074

Company Complaining About: Frontier Communications

Description

1) Currently I do not use WiFi device as my house is fully wired with Ethernet cable. I do not need and I do not want a Wi-Fi device in my house as all my communication needs are done via cable and I have concerns regarding effects of WiFi radiation at high frequencies. Frontier Communication charges WiFi device rental fee.

Frontier did not informed me of a need and did not attempt to deliver any such WiFi equipment during subscription process. Frontier technician was paid for wire installation with no additional equipment required. When I asked Frontier Technician he agreed I don't need WiFi device because fiber optic equipment installed in my house provides Ethernet socket which I use as only connection required in my house. I use internet only via Ethernet cable and I don't want to be charged for a service I don't want to have. Repeated attempts to resolve this issue by phone or chat were diverted due to corona virus situation.

2)Repeated attempts to pay bill online ended with technical errors in payment system. I made multiple attempts to contact Company to solve this issue but due to COVID-19 situation company was not reachable. Company though charged late payment fees which shouldn't be charged due to this unusual situation which impacted all nation. To avoid eventual collection or new late payment fees I was forced to use telephone payment system which costs as well additional fees.

Summary of request:

1) Wi-Fi service/equipment charges- to be voided because such service and equipment was never provided and used.

2) fix online payment system and refund extra costs incurred due to online payment system malfunction materialized in pay-by-phone payment processing fee and late payment fees.

Ticket: # 3946570 - Spectrum/charter shut my internet access off after promising not to

Date: 4/25/2020 10:19:44 AM

City/State/Zip: Mansfield, Ohio 44903

Company Complaining About: Spectrum

Description

My name is (b) (6). I recently lost my. Job due to covid19 and was told to ignore any disconnection notices about not being able to pay for internet service. They have broken there promise to me and America as we go through this crisis together and remotely disconnected my internet service while we're under quarantine did they not sign an agreement to keep Americans connected during this crisis of unforeseen events? I thought that with the billions of dollars and the Monopoly they have on the market they would be able to afford to honor there promise to me and Americans all across the United States affected by this. They are not honoring there word and I'm sure I'm not the only one affected what am I supposed to do when I run out of data provided by lifeline through my phone.
