Data are based on a sample and are subject to sampling variabi ity. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variabi ity, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsamp ing error is not represented in these tables.

Source U.S. Census Bureau, 2006-2010 American Community Survey

Explanation of Symbols
An '**' entry in the margin of error column indicates that e ther no sample observations or too few sample
The U.S. Census Bureau co lects race data in accordance with guidelines provided by the U.S. Office of Management and Budget (OMB). Except for the total, all race and ethnicity categories are mutually exclusive. "Black" refers to Black or African American; "AIAN" refers to American Indian and Alaska Native; and "NHPI" refers to Native Hawaiian and Other Pacific Islander. The reference to "Hawa i only" indicates that these columns are only tabulated for areas in the state of Hawaii. "Balance of Not Hispanic or Latino" includes the balance of non-Hispanic individuals who reported multiple races or reported Some Other Race alone. For more information on race and Hispanic origin, see the Subject Definitions at http //www.census.gov/acs/www/data_documentation/documentation_main/.

Race and Hispanic origin are separate concepts on the American Community Survey. "White alone Hispanic or Latino" includes respondents who reported Hispanic or Latino origin and reported race as "White" and no other race. "All other Hispanic or Latino" includes respondents who reported Hispanic or Latino origin and
reported a race other than "White," either alone or in combination. To get a total for Occupation codes are 4-digit codes and are based on Standard Occupational

U.S. Equal Employment Opportunity Commission

Overview

The U.S. Equal Employment Opportunity Commission (EEOC) is responsible for enforcing federal laws that make it illegal to discriminate against a job applicant or an employee because of the person's race, color, religion, sex (including pregnancy), national origin, age (40 or older), disability or genetic information. It is also illegal to discriminate against a person because the person complained about discrimination, filed a charge of discrimination, or participated in an employment discrimination investigation or lawsuit.

Most employers with at least 15 employees are covered by EEOC laws (20 employees in age discrimination cases). Most labor unions and employment agencies are also covered.

The laws apply to all types of work situations, including hiring, firing, promotions, harassment, training, wages, and benefits.

The EEOC's Vision is:

Justice and Equality in the Workplace

The EEOC's Mission is to:

Stop and Remedy Unlawful Employment Discrimination

Read more about:

- The laws enforced by EEOC
- EEOC's charge handling process
- EEOC's outreach and educational programs
- EEOC's federal sector program
- How to contact us

Authority & Role

The EEOC has the authority to investigate charges of discrimination against employers who are covered by the law. Our role in an investigation is to fairly and accurately assess the allegations in the charge and then make a finding. If we find that discrimination has occurred, we will try to settle the charge. If we aren't successful, we have the authority to file a lawsuit to protect the rights of individuals and the interests of the public. We do not, however, file lawsuits in all cases where we find discrimination.

We also work to prevent discrimination before it occurs through outreach, education and technical assistance programs.

The EEOC provides leadership and guidance to federal agencies on all aspects of the federal government's equal employment opportunity program. EEOC assures federal agency and department compliance with EEOC regulations, provides technical assistance to federal agencies concerning EEO complaint adjudication, monitors and evaluates federal agencies' affirmative employment programs, develops and distributes federal sector educational materials and conducts training for stakeholders, provides guidance and assistance to our Administrative Judges who conduct hearings on EEO complaints, and adjudicates appeals from administrative decisions made by federal agencies on EEO complaints.

Location

We carry out our work through our headquarters offices in Washington, D.C. and through 53 field offices serving every part of the nation.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

EQUAL EMPLOYMENT OPPORTUNITY

MANAGEMENT DIRECTIVE 715

EEO MD-715

EFFECTIVE DATE: October 1, 2003

TO THE HEADS OF FEDERAL AGENCIES:

1. **SUBJECT.** Federal responsibilities under Section 717 of Title VII and Section 501 of the Rehabilitation Act.

2. **PURPOSE.** This Directive provides policy guidance and standards for establishing and maintaining effective affirmative programs of equal employment opportunity under Section 717 of Title VII (PART A) and effective affirmative action programs under Section 501 of the Rehabilitation Act (PART B). The Directive also sets forth general reporting requirements (PART C). Additional guidance and instructions for implementing the policies set forth herein will be issued separately.

3. **ORIGINATOR.** Equal Employment Opportunity Commission, Office of Federal Operations.

4. **SUPERSESSION.** This Directive SUPERSEDES EEO Management Directives 712 (dated March 29, 1983), and 713 and 714 (both dated October 6, 1987), and all related interpretative memoranda.

5. **AUTHORITY.** This Management Directive is prepared pursuant to EEOC's authority under Section 717 of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000e-16; Reorganization Plan No. 1 of 1978, issued pursuant to 5 U.S.C. § 901 et seq.; Executive Order 11748; and Section 501 of the Rehabilitation Act of 1973, as amended by Pub. L. 99-506, 100 Stat. 1807, October 21, 1986.

6. **APPLICABILITY AND SCOPE.** This Directive applies to all executive agencies and military departments (except uniformed members) as defined in Sections 102 and 105 of Title 5 U.S.C. (including those with employees and applicants for employment who are paid from nonappropriated funds), the United States Postal Service, the Postal Rate Commission, the Tennessee Valley Authority, the Smithsonian Institution, and those units of the judicial branch of the federal government having positions in the competitive service.

7. **POLICY INTENT.** The overriding objective of this Directive is to ensure that all employees and applicants for employment enjoy equality of opportunity in the federal workplace regardless of race, sex, national origin, color, religion, disability or reprisal for engaging in prior protected activity.

8. **RESPONSIBILITIES.**

a. Agency Heads are responsible for the following:
   1. Ensuring compliance with this Directive and those implementing instructions issued by EEOC in accordance with existing law and authority.
   2. Developing systems for the evaluation of program effectiveness and barrier identification and elimination; ensuring that the agency has adequate data systems for effective analyses of applicant flow, on-board workforce and personnel transactions data; providing current guidance for the development of program plans to all component and field installations; establishing agency-wide objectives and developing and submitting program plans; and preparing accomplishment reports and plan updates for timely submission to EEOC.
   3. Ensuring the accuracy of all data submitted to the Office of Personnel Management's Central Personnel Data File (CPDF), as well as all data submitted to EEOC under this Directive.
   4. Demonstrating commitment to equality of opportunity for all employees and applicants for employment that is communicated through the ranks from the top down.

b. EEOC is responsible for the following:
   1. Reviewing and evaluating the operation of all agency equal employment opportunity programs.
   2. Reviewing and approving agency EEO plans and reports and communicating the results of evaluations to each agency, and directing agencies, as appropriate, to develop additional program objectives.

3. Providing technical assistance and training to agencies.
4. Submitting an annual report on the federal workforce based upon agency reports submitted during the fiscal year, data from the Central Personnel Data File, onsite program reviews and other audits to the President, Congress and appropriate Congressional committees.

9. **DEFINITIONS.** Definitions that apply to this Directive are located in Appendix A.

10. **POLICIES AND PROCEDURES.** This Directive provides policy guidance and standards for establishing and maintaining effective affirmative programs of equal employment opportunity under Section 717 of Title VII (PART A) and effective affirmative action programs under Section 501 of the Rehabilitation Act (PART B). The Directive also sets forth general reporting requirements (PART C). EEOC will separately issue additional guidance and instructions for implementing the policies set forth herein. In addition, EEOC will provide technical assistance and training necessary to assist agencies in the accomplishment of these objectives.

11. **REPORTING REQUIREMENTS.** The reporting requirements under this Directive are set out in Part C.

12. **LIST OF APPENDICES.**

Appendix	Title
A	Definitions
B	Authorities Relevant to Federal EEO Responsibilities

13. **INQUIRIES.**

Model Agency Title VII and Rehabilitation Act Programs

I. Introduction

The United States government employs over two million men and women across the country and around the world. The ability of our government to meet the complex needs of our nation and the American people rests squarely on these dedicated and hard-working individuals. Perhaps now more than ever before – with increasing public expectations of governmental institutions – federal agencies must position themselves to attract, develop and retain a top-quality workforce that can deliver results and ensure our nation's continued growth and prosperity.

Equal opportunity in the federal workplace is key to accomplishing this goal. In order to develop a competitive, highly qualified workforce, federal agencies must fully utilize all workers' talents, without regard to race, color, religion, national origin, sex or disability. While the promise of workplace equality is a legal right afforded all of our nation's workers, equal opportunity is more than a matter of social justice. It is a national economic imperative. Federal agencies must make full use of our nation's human capital by promoting workplace practices that free up opportunities for the best and brightest talent available. All workers must compete on a fair and level playing field and have the opportunity to achieve their fullest potential.

Policies and practices that impede fair and open competition in the federal workplace cost the American economy millions of dollars each year. The most obvious costs are out-of-pocket costs borne by both agencies and federal workers in connection with workplace disputes. Perhaps less obvious – but just as expensive – are costs associated with decreased morale and productivity and the ineffective and inefficient use of human capital resources. These costs can – and should – be avoided. Agencies must make a firm commitment to the principles of equal opportunity and make those principles a fundamental part of agency culture.

Title VII of the Civil Rights Act of 1964 (Title VII) and Section 501 of the Rehabilitation Act of 1973 (Rehabilitation Act) mandate that all federal personnel decisions be made free of discrimination on the basis of race, color,

religion, sex, national origin, reprisal or disability[1] and also require that agencies establish a program of equal employment opportunity for all federal employees and job applicants. 42 U.S.C. §2000e-16 and 29 U.S.C. §791. The Equal Employment Opportunity Commission (EEOC) has adjudicatory responsibilities in the federal EEO complaints process and oversight responsibility for federal programs required by Section 717 of Title VII and Section 501 of the Rehabilitation Act generally.

This Directive, which reflects recent and significant changes in the law, including recent Supreme Court decisions, supersedes earlier EEOC Management Directives and related interpretative memoranda on this subject and provides new guidance on the elements of legally compliant Title VII and Rehabilitation Act programs. This Directive requires agencies to take appropriate steps to ensure that all employment decisions are free from discrimination. It also sets forth the standards by which EEOC will review the sufficiency of agency Title VII and Rehabilitation Act programs, which include periodic agency self-assessments and the removal of barriers to free and open workplace competition.

Additional information concerning federal sector equal employment opportunity law and programs can be found at EEOC's website at www.eeoc.gov. The EEOC will also supplement this Directive on an as-needed basis through the issuance of additional guidance and technical assistance. Questions concerning this Directive should be directed to EEOC's Office of Federal Operations.

II. Essential Elements of Model Agency Title VII and Rehabilitation Act Programs

The essential elements of model Title VII and Rehabilitation Act programs are:

- Demonstrated commitment from agency leadership;
- Integration of EEO into the agency's strategic mission;
- Management and program accountability;
- Proactive prevention of unlawful discrimination;
- Efficiency; and
- Responsiveness and legal compliance.

A. Demonstrated Commitment From Agency Leadership
   - This Directive requires agency heads and other senior management officials to demonstrate a firm commitment to equality of opportunity for all employees and applicants for employment. Even the best workplace policies and procedures will fail if they are not trusted, respected and vigorously enforced. Agencies must translate equal opportunity into every day practice and make those principles a fundamental part of agency culture. This commitment to equal opportunity must be embraced by agency leadership and communicated through the ranks from the top down. It is the responsibility of each agency head to take such measures as may be necessary to incorporate the principles of equal employment opportunity into the agency's organizational structure.
   - To this end, agency heads must issue a written policy statement expressing their commitment to equal employment opportunity (EEO) and a workplace free of discriminatory harassment. This statement should be issued at the beginning of their tenure and thereafter on an annual basis and disseminated to all employees. In addition, agency heads and other senior management officials may, at their discretion, issue similar statements when important issues relating to equal employment opportunity arise within their agency or when important developments in the law occur.

B. Integration of EEO Into The Agency's Strategic Mission

   Equality of opportunity is essential to attracting, developing and retaining the most qualified workforce to support the agency's achievement of its strategic mission. To this end, and in addition to the regulatory requirements found at 29 C.F.R. § 1614.102(b)(4), as interpreted in Management Directive 110 at 1-1, agencies must:

   - Maintain a reporting structure that provides the agency's EEO Director with regular access to the agency head and other senior management officials for reporting on the effectiveness, efficiency and legal compliance of the agency's Title VII and Rehabilitation Act programs. To emphasize the importance of the position, the agency head should be involved in the selection and performance review of the EEO Director.
   - Ensure EEO professionals are involved with, and consulted on, the management and deployment of human resources. The EEO Director should be a regular participant in senior staff meetings and regularly consulted on human resources issues.
   - Allocate sufficient resources to create and/or maintain Title VII and Rehabilitation Act programs that: 1) identify and eliminate barriers that impair the ability of individuals to compete in the workplace because of race, national origin, sex or disability; 2) establish and maintain training and education programs designed to provide maximum opportunity for all employees to advance; and 3) ensure that unlawful discrimination in the workplace is promptly corrected and addressed.
   - Attract, develop and retain EEO staff with the strategic competencies necessary to accomplish the agency's EEO mission, and interface with agency officials, managers and employees.

- Recruit, hire, develop and retain supervisors and managers who have effective managerial, communications and interpersonal skills. Provide managers and supervisors with appropriate training and other resources to understand and successfully discharge their duties and responsibilities.
- Involve managers and employees in the implementation of the agency's Title VII and Rehabilitation Act programs.
- Use various media to distribute EEO information concerning federal EEO laws, regulations and requirements, rights, duties and responsibilities and to promote best workplace practices.

C. Management and Program Accountability

A model Title VII and Rehabilitation Act program will hold managers, supervisors, EEO officials and personnel officers accountable for the effective implementation and management of the agency's program. In ensuring such accountability, the agency must:

- Conduct regular internal audits, on at least an annual basis, to assess the effectiveness and efficiency of the Title VII and Rehabilitation Act programs and to ascertain whether the agency has made a good faith effort to identify and remove barriers to equality of opportunity in the workplace.
- Establish procedures to prevent all forms of discrimination, including harassment, retaliation and failure to provide reasonable accommodation to qualified individuals with disabilities.
- Evaluate managers and supervisors on efforts to ensure equality of opportunity for all employees.
- Maintain clearly defined, well-communicated, consistently applied and fairly implemented personnel policies, selection and promotion procedures, evaluation procedures, rules of conduct and training systems.
- Implement effective reasonable accommodation procedures that comply with applicable executive orders, EEOC guidance, the Architectural and Transportation Barriers Compliance Board's Uniform Federal Accessibility Standards and Electronic and Information Technology Accessibility Standards. Ensure that EEOC has reviewed those procedures when initially developed and if procedures are later significantly modified.
- Be mindful of the agency's disability program obligations, including the provision of reasonable accommodations, when negotiating collective bargaining agreements with recognized labor organization (s) representing agency employees.
- Ensure effective coordination between the agency's EEO programs and related human resource programs, including the Federal Equal Opportunity Recruitment Program (FEORP), the Selective Placement Programs and the Disabled Veterans Affirmative Action Program (DVAAP).
- Review each finding of discrimination to determine the appropriateness of taking disciplinary action against agency officials involved in the matter. Track these decisions and report trends, issues and problems to agency leadership for appropriate action.
- Ensure compliance with settlement agreements and orders issued by the agency, EEOC, and EEO-related cases from the Merit Systems Protection Board, labor arbitrators, and the Federal Labor Relations Authority.

D. Proactive Prevention of Unlawful Discrimination

- Agencies have an ongoing obligation to prevent discrimination on the bases of race, color, national origin, religion, sex, age, reprisal and disability, and eliminate barriers that impede free and open competition in the workplace. As part of this on-going obligation, agencies must conduct a self-assessment on at least an annual basis to monitor progress, identify areas where barriers may operate to exclude certain groups and develop strategic plans to eliminate identified barriers. A more detailed explanation of this process follows at Part A (Title VII) and Part B (Rehabilitation Act) of this Directive.

E. Efficiency

- Agencies must have an efficient and fair dispute resolution process and effective systems for evaluating the impact and effectiveness of their EEO programs.
- Maintain an efficient, fair and impartial complaint resolution process. Agencies should benchmark against EEOC regulations at 29 C.F.R. Part 1614 and other federal agencies of similar size highly ranked in EEOC's Annual Report on the federal sector complaints process.
- Ensure that the investigation and adjudication function of the agency's complaint resolution process are kept separate from the legal defense arm of the agency or other agency offices with conflicting or competing interests.
- Establish and encourage the widespread use of a fair alternative dispute resolution (ADR) program that facilitates the early, effective and efficient informal resolution of disputes. Appoint a senior official as the dispute resolution specialist of the agency charged with implementing a program to provide significant opportunities for ADR for the full range of employment-related disputes. Whenever ADR is offered in a particular workplace matter, ensure that managers at all appropriate levels will participate in the ADR process.
- Use a complaint tracking and monitoring system that permits the agency to identify the location, status, and length of time elapsed at each stage of the agency's complaint resolution process, the issues and the bases of the complaints, the aggrieved individuals/complainants, the involved management officials and other information necessary to analyze complaint activity and identify trends.

- Identify, monitor and report significant trends reflected in complaint processing activity. Analysis of data relating to the nature and disposition of EEO complaints can provide useful insight into the extent to which an agency is meeting its obligations under Title VII and the Rehabilitation Act.
- Ensure timely and complete compliance with EEOC orders and the provisions of settlement/resolution agreements.
- Maintain a system that collects and maintains accurate information on the race, national origin, sex and disability status of agency employees. See 29 C.F.R. § 1614.601 for further guidance.
- Maintain a system that tracks applicant flow data, which identifies applicants by race, national origin, sex and disability status and the disposition of all applications. EEOC will issue more detailed guidance on collecting and maintaining applicant flow data.
- Maintain a tracking system of recruitment activities to permit analyses of these efforts in any examination of potential barriers to equality of opportunity.
- Identify and disseminate best workplace practices.

F. Responsiveness and Legal Compliance

Federal agencies must:

- Ensure that they are in full compliance with the law, including EEOC regulations, orders and other written instructions. See 42 U.S.C. § 2000e-16(b).
- Report agency program efforts and accomplishments to EEOC and respond to EEOC directives and orders in accordance with EEOC instructions and time frames.
- Ensure that management fully and timely complies with final EEOC orders for corrective action and relief in EEO matters.

PART A

SECTION 717 OF TITLE VII

Proactive Prevention of Unlawful Discrimination

I. Introduction

The United States government must ensure that all its personnel actions are "made free" of any discrimination based on race, color, religion, sex, national origin or reprisal and that each of its agencies has "an affirmative program of equal employment opportunity" for all employees and applicants for employment. Section 717 of Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000e-16. The Equal Employment Opportunity Commission (EEOC) is responsible for the review and evaluation of all federal sector equal employment opportunity (EEO) efforts.

Thus, Section 717 of Title VII requires federal agencies to take proactive steps to ensure equal employment opportunity for all their employees and applicants for employment. This means that agencies must work to proactively prevent potential discrimination before it occurs and establish systems to monitor compliance with Title VII. Agencies must regularly evaluate their employment practices to identify barriers to equality of opportunity for all individuals. Where such barriers are identified, agencies must take measures to eliminate them. With these steps, agencies will ensure that all persons are provided opportunities to participate in the full range of employment opportunities and achieve to their fullest potential.

II. Agency Self-Assessment

Agencies have an ongoing obligation to eliminate barriers that impede free and open competition in the workplace and prevent individuals of any racial or national origin group or either sex from realizing their full potential. As part of this on-going obligation, agencies must conduct a self-assessment on at least an annual basis to monitor progress and identify areas where barriers may operate to exclude certain groups. A first step in conducting this self-assessment involves looking at the racial, national origin and gender profile of relevant occupational categories in an agency's workforce. Guidance on how to group occupational categories will be provided separately. This "snapshot" can serve as a diagnostic tool to help agencies determine possible areas where barriers may exist and may require closer attention.

Agencies should be mindful, however, that statistics are only a starting point and alone rarely serve to provide a complete picture of the existence of workplace barriers. Agencies must look at statistics in the context of the totality of the circumstances. A statistical snapshot may be useful as an initial diagnostic tool, but conclusions concerning the existence of workplace barriers cannot be drawn from gross numerical assessments. Rather, the identification of workplace barriers will require a thorough examination of all of the circumstances.

The initial snapshot conducted by the agency must include, but not necessarily be limited to, an evaluation of the following data relating to the agency's status as of the end of each fiscal year:

- Total workforce distribution by race, national origin and sex for both the permanent and temporary[2] workforce;
- Permanent and temporary workforce participation rates for each grade level by race, national origin and sex;
- Permanent and temporary workforce participation rates for each of the agency's major occupational categories (divided by grade level) by race, national origin and sex;
- Participation rates in supervisory and management positions by race, national origin and sex;
- The race, national origin and sex of applicants for both permanent and temporary employment;
- The rates of selections for promotions, training opportunities and performance incentives by race, national origin and sex; and
- The rates of both voluntary and involuntary separations from employment by race, national origin and sex.

This type of information should help an agency identify any meaningful disparities and further focus its self-assessment.

In conducting its self-assessment, agencies shall compare their internal participation rates with corresponding participation rates in the relevant civilian labor force (CLF). Geographic areas of recruitment and hiring are integral factors in determining "relevant" civilian labor force participation rates. EEOC will provide appropriate civilian labor force data for use by agencies. With respect to positions typically filled through the internal promotion process or through transfers from other federal agencies, a self-assessment will involve looking at the racial, national origin and gender profile of the occupational categories and/or grade levels from which such promotions or transfers are typically made. EEOC will, from time to time, provide additional guidance on conducting the analysis.

This Directive requires agencies to collect and maintain race, national origin and gender data on employees in their permanent and temporary workforce. Such data is also required to be collected and maintained for applicants for employment. Agencies should obtain identifying information from employees and applicants by requesting voluntary self-identification. See 29 C.F.R. 1614.601. Separate guidance, including updated information on racial and national origin groupings, will be issued from EEOC concerning the collection of this data.

III. Barriers to Equal Employment Opportunity

Where an agency's self-assessment indicates that a racial, national origin or gender group may have been denied equal access to employment opportunities, the agency must take steps to identify the potential barrier. Workplace barriers can take various forms and sometimes involve a policy or practice that is neutral on its face. Identifying and evaluating potential barriers requires an agency to examine all relevant policies, practices, procedures and conditions in the workplace. The process further requires each agency to eliminate or modify, where appropriate, any policy, practice or procedure that creates a barrier to equality of opportunity.

For example, if a self-assessment revealed that Hispanics are virtually absent from the workforce in a facility, it would be logical for the agency to initially focus attention on its hiring and recruitment activities. The agency could rule out potential recruitment concerns if it determined that Hispanics were well represented among its applicants for employment. It would then be appropriate for the agency to examine all other aspects of the hiring process to identify the factor(s) responsible for the statistical disparity.

It is crucial for agencies to ensure that their barrier analyses are focused, methodical and involve the participation of all relevant agency officials. Depending on the nature of the potential problem an agency might consider the following questions:

- Are recruitment efforts resulting in a cross-section of qualified applicants? Is there a significant disparity between the proportion of a racial, national origin or gender group in the agency's applicant pools and the proportion of that group in the relevant labor markets from which applicants are drawn?
- In a workforce where employees of a particular group are virtually absent, to what extent are employment opportunities unnecessarily restricted to internal applicants?
- Have supervisors, managers and executives been adequately trained on the agency's obligations under Title VII?
- Are there decision makers whose employment decisions have excluded individuals on the basis of race, national origin or sex?
- Are there any selection criteria that tend to screen out a particular racial, national origin or gender group?

IV. Barrier Evaluation and Elimination

Once an agency identifies a likely factor (or combination of factors) adversely affecting the employment opportunities of a racial, national origin or gender group, it must decide how to respond. For example, statistical disparities are identified in an agency's auditor occupational group and further examination of the situation

reveals the following: In the past, the auditor occupational group was racially diverse, including at the higher grade levels. However, after the agency instituted a requirement that auditors must be certified public accountants (CPAs) in order to be promoted to the GS-14 level or higher, few internal candidates held CPAs and therefore did not qualify for promotional opportunities to the higher level grades. As a result, the agency recruited candidates for these positions from a local business school with a student population that primarily came from the same racial group. Over time, auditors at the grade 14 level and above did not reflect the racial diversity of auditors at the lower grade levels. Assuming the requirement for a CPA is justified by business necessity, the agency has several options to consider in designing a response to this situation. Most obviously, the agency should increase its applicant pool for positions at the grade 14 and above by recruiting at other business schools with more diverse student populations. As an additional option, the agency might take steps to encourage its own auditors at the lower grade levels to pursue a CPA.

Each agency must assess the appropriateness of any policy, practice, procedure or condition determined to negatively correlate with race, national origin or sex. In making its assessment, the agency should consider, as appropriate, the following:

- whether the agency head can do more to demonstrate to the workforce, his or her commitment to equal employment opportunity;
- whether there are budgetary or other restrictions governing a decision to limit recruitment to internal applicants;
- whether certain qualification standards are truly necessary to the successful performance in a position; and
- whether selection criteria used to assess qualifications that have been found to exclude or adversely impact a particular racial, national origin or gender group truly measure the knowledge, skills and abilities that they purport to measure, and whether alternative criteria are available that do not disadvantage any particular group.

Where it is determined that an identified barrier serves no legitimate purpose with respect to the operation of an agency, this Directive requires that agencies take immediate steps to eliminate the barrier. Even where a policy or practice that poses a barrier can be justified on grounds of business necessity, agencies must investigate whether less exclusionary policies or practices can be used that serve the same business purpose. Identified barriers that are not within the control or authority of the agency to change should be brought to the attention of the responsible entity and EEOC.

In addition to identifying and eliminating barriers, agencies may consider measures to enhance and maximize opportunities for all employees, such as:

- Identifying career enhancing opportunities such as details, developmental assignments, mentoring programs, etc. Structuring details or developmental assignments to expose a broad range of employees to a variety of positions within the agency.
- Assessing internal availability of candidates by identifying job-related skills, education, knowledge and abilities that may be obtained at lower levels in the same or similar occupational series.
- Conducting a skills-building inventory of agency employees, including but not limited to, current and potential gaps in skills and the distribution of skills. Developing an action plan to address these gaps.
- When appropriate, developing broad criteria for evaluating the knowledge, skills and abilities of applicants for particular positions that takes into account a range of experience and skills.

PART B

SECTION 501 OF THE REHABILITATION ACT

Proactive Prevention of Unlawful Discrimination

I. Introduction

Section 501 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 791, requires federal agencies to take proactive steps to provide equal opportunity to qualified individuals with disabilities in all aspects of federal employment. Congress has directed the federal government serve as a model employer of people with disabilities. Toward that end, each agency must develop and maintain "an affirmative action program plan for the hiring, placement, and advancement of individuals with disabilities" that, among other things, provides adequate employment opportunities and sets out the ways in which an agency will meet the needs of its employees with disabilities.

The mandate to serve as a model employer requires several things. First, agencies may not discriminate against qualified individuals with disabilities. But non-discrimination alone is not enough. The Rehabilitation Act also requires agencies to take proactive steps to ensure equal employment opportunity for individuals with

disabilities. This means agencies must attempt to prevent discrimination before it occurs and must establish systems to monitor their own compliance with the Act. Agencies must regularly evaluate their employment practices to identify barriers to equality of opportunity for individuals with disabilities. Where such barriers are identified, agencies must eliminate them. With these steps, agencies will ensure that individuals with disabilities are provided opportunities to fully participate in employment opportunities and achieve to their fullest potential.

II. Non-Discrimination

The Rehabilitation Act requires agencies to ensure that employment decisions are free of unlawful discrimination on the basis of disability. In 1992, Congress amended the Rehabilitation Act to incorporate the non-discrimination standards of the Americans with Disabilities Act (ADA). Under the ADA, the term "discriminate"[3] generally includes:

- making unlawful medical examinations or inquiries;
- not providing reasonable accommodations to an otherwise qualified individual with a disability unless the agency can demonstrate that the accommodation would impose an undue hardship on its operations;
- denying job opportunities to an otherwise qualified applicant or employee because of the need for a reasonable accommodation;
- using qualification standards, employment tests or other selection criteria that screen out, or tend to screen out, individuals with disabilities unless shown to be job-related for the position in question and consistent with business necessity;
- failing to select and administer employment tests in the most effective manner to ensure that when the test is administered, the test results accurately reflect the skills, aptitudes or other factors the test purports to measure, rather than reflecting the impaired sensory, manual or speaking skills of the employee or applicant[4];
- using standards, criteria, or methods of administration that have the effect of discrimination on the basis of disability or that perpetuate the discrimination of others who are subject to common administrative control;
- limiting, segregating, or classifying a job applicant or employee in a way that adversely affects the opportunities or status of such applicant or employee because of the disability of such applicant or employee;
- participating in a contractual or other arrangement or relationship that has the effect of subjecting a qualified applicant or employee with a disability to prohibited discrimination; and
- excluding or otherwise denying equal jobs or benefits to a qualified individual because of the known disability of an individual with whom the qualified individual is known to have a relationship or association.

The Rehabilitation Act also prohibits retaliation against an individual because such individual has opposed any act or practice made unlawful by the Act or because such individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under the Act.

III. Agency Self-Analysis

Each agency is required to conduct an internal review and analysis of the effects of all current and proposed policies, practices, procedures and conditions that, directly or indirectly, relate to the employment of individuals with disabilities. For purposes of this requirement, the term "employment" refers to the full range of employment decisions, including (but not limited to) hiring, advancement, retention, and other general terms, conditions and privileges of employment. The term "conditions" is intended to refer to the full range of environmental circumstances within an agency, including the physical layout and design of the structure in which the agency is located. In this regard, agencies should be mindful of their obligation to ensure that their physical structures and facilities comply with the requirements of the Architectural Barriers Act (42 U.S.C. § 4151 et seq) and relevant titles of the ADA.

The self-assessment required by this Directive is an ongoing obligation that must be undertaken on at least an annual basis. Each agency must collect[5] and evaluate information and data necessary to make an informed assessment about the extent to which the agency is meeting its responsibility to provide employment opportunities for qualified applicants and employees with disabilities, especially those with targeted disabilities.

A snapshot of the numerical representation and distribution of applicants and employees with disabilities can alert an agency to possible barriers that may impede employment opportunities for this group. However, agencies must be mindful that, while such numerical analyses can be useful as initial diagnostic and measuring tools, not all issues relating to their obligations under the Rehabilitation Act will lend themselves to such an analysis. Moreover, an agency can be liable for discrimination under the Rehabilitation Act if its practices exclude even one individual on the basis of that individual's disability. It is the responsibility of each agency to be sensitive to any employment circumstance or condition that may be relevant to its ability to meet its fundamental obligation to effect appropriate hiring, advancement and retention of individuals with disabilities, especially those with targeted disabilities.

The self assessment must encompass the full spectrum of employment within the agency and must include, but not be limited to, an evaluation of the following with respect to the agency's status at the end of each fiscal year:

- Total workforce distribution of employees with disabilities[6] for both the permanent and temporary workforce;
- Representation and distribution of employees with disabilities, by grade, in both the permanent and temporary workforce;
- Permanent and temporary workforce participation of employees with disabilities in major occupational groups by grades;
- The representation of individuals with disabilities among applicants for permanent and temporary employment;
- The representation of employees with disabilities among those who received promotions, training opportunities and performance incentives;
- The representation of employees with disabilities among those who were voluntarily and involuntarily separated;
- The effectiveness and efficiency with which the agency processes requests for reasonable accommodation under the Rehabilitation Act;
- The extent to which an agency is in compliance with Section 508 of the Rehabilitation Act's requirement to provide employees with disabilities access to information and data that is comparable to that provided to those without disabilities; and
- Information and trend data reflecting the nature, status and disposition of complaints in the administrative process (EEOC, MSPB and FLRA) and in court alleging violations of the Rehabilitation Act.

Although the census provides data reflecting the general and specific workforce participation rates of racial, national origin and gender groups, there is no comparable data currently available for individuals with disabilities. It is therefore difficult to perform a reliable statistical analysis, based on general workforce data, to determine the expected rate at which individuals with disabilities should be hired absent discrimination.

However, a review of agency annual submissions to the EEOC reveals that some agencies favorably distinguish themselves (compared to the federal government in general) through the number of employees with disabilities in their workforce. Until such time as reliable data is developed and disseminated concerning the general availability of individuals with disabilities in the workforce, this Directive recommends agencies evaluate themselves against the workforce profile of the federal government in general and that of agencies ranked highly, in this respect, in the most recent EEOC annual report on the federal workforce. All agencies, regardless of their relative standing, are strongly encouraged to effect steady and measurable progress with respect to the employment and advancement of individuals with disabilities.

In addition to the absence of reliable availability data for individuals with disabilities, any statistical analysis is complicated by the fact that disabilities are individual in nature, making gross statistical comparisons of limited value. Notwithstanding these limitations, an agency's analysis of the above information can help facilitate an assessment concerning the extent to which individuals with disabilities, especially those with targeted disabilities, are provided equal employment opportunities. Statistical information may be a useful starting point for a more thorough examination of the agency's physical facilities, electronic and information processes, personnel policies, selection and promotion procedures, evaluation procedures, rules of conduct and training systems to ensure full accessibility for individuals with disabilities.

Collecting and Maintaining Information About Disability

Meeting the standards of the self-analysis under the Rehabilitation Act necessarily requires an agency to obtain and maintain information regarding whether applicants and employees have disabilities. Such disability-related information is considered to be "medical information," the collection and maintenance of which is restricted by law. Agencies must adopt procedures to ensure that all disability-related "medical" information is collected and managed in accordance with the law's requirements.

Collecting Disability-Related Information

The Rehabilitation Act restricts how agencies may collect disability-related "medical" information[7]. Individuals with disabilities may be identified in one of the following ways:

- Agencies may use information obtained from Standard Form 256, the "Self-Identification of Handicap" form (SF 256) issued by the Office of Personnel Management, or other information that individuals choose to disclose about the existence of disabilities. See 29 C.F.R. § 1614.601(f).
- Agencies tracking applications from individuals with disabilities, or considering the use of excepted appointing authorities or other special programs, may invite applicants to indicate if they have the types of disabilities that are covered by the program at issue.

Whenever an agency invites an applicant or employee to provide information about his/her disability, the agency must clearly notify such individual that: (a) response to the invitation is voluntary and refusal to provide the information will not subject the individual to any adverse treatment; (b) the information will be kept confidential and used only for affirmative action purposes; and (c) individuals may self-identify at any time during their

employment and failure to complete SF 256 or to respond to pre-offer invitations will not excuse the agency from Rehabilitation Act requirements.

Confidentiality of Disability-Related Information

All medical or disability-related information must be kept confidential in accordance with EEOC regulations. Under these regulations, such information must be collected and maintained on separate forms, kept in separate files and treated as confidential medical records. 29 C.F.R. § 1630.14(b)(1).

For affirmative action purposes alone, medical and disability-related information may be disclosed to managers and others involved in a selection process, as well as to those responsible for affirmative action, where the information indicates that an applicant may be included under excepted appointing authorities or eligible to receive other affirmative action benefits. Moreover, disability-related information may be used to manage, evaluate, and report on EEO and affirmative action programs; data from SF 256 may, for example, be provided to those who will generate the statistics necessary for the workforce analyses required by this Directive.

All persons to whom information is disclosed for Rehabilitation Act program purposes must be informed about the restrictions placed on use of the information and instructed not to disclose it further than necessary to satisfy those purposes.

IV. Barriers to Equal Employment Opportunity

Where an agency's self-assessment indicates that qualified individuals with disabilities may have been, or may currently be, denied equal access to employment opportunities, the agency must take steps to identify the potential barrier. Workplace barriers can take various forms and sometimes involves a policy or practice that is neutral on its face. Identifying and evaluating potential barriers requires an agency to methodically examine the full range of policies, practices, procedures and conditions in the workplace. The process requires each agency to eliminate or modify, where appropriate, any factor that negatively correlates with disability.

Investigating potential barriers requires an agency to identify all policies, practices, procedures and conditions that may be relevant to the potential concern identified by the self-assessment. It is crucial for agencies to ensure that their investigations are focused and methodical. Such investigations should involve the participation of all relevant agency officials. Depending on the nature of the potential problem identified, an agency might consider the following questions:

- Are the agency's recruitment efforts resulting in sufficient numbers of applicants with disabilities, especially targeted disabilities?
- Are there opportunities to re-survey the agency's workforce at least every other year to maintain accurate and updated statistics on employees with disabilities?
- Is the physical structure and layout of the agency facility in compliance with applicable accessibility standards?
- Even if the agency is in compliance with accessibility standards, are there other physical barriers that remain?
- Is there evidence in the workplace of actions or practices reflecting myths, fears and stereotyping regarding individuals with disabilities?
- In a workforce where employees with disabilities are virtually absent, to what extent are employment opportunities restricted to internal applicants? Could hiring be expanded to include external candidates?
- Has the agency adequately trained its supervisors, managers and executives on the requirements of the Rehabilitation Act, including the duty to provide reasonable accommodations to otherwise qualified individuals with disabilities?
- Does the agency have an adequately funded and effective procedure for providing reasonable accommodations to employees with disabilities?
- Are there particular decision makers or groups of decision makers whose employment decisions consistently exclude qualified individuals on the basis of disability?
- Do selection criteria tend to exclude individuals with disabilities, in general, or to exclude a person with particular types of disabilities? If so, are these standards necessary to the successful performance of a particular job? Does the selection criteria at issue truly measure the knowledge, skills and abilities it purports to measure and are there alternative criteria that would serve the same purpose?

V. Barrier Evaluation and Elimination

Once an agency identifies a barrier to equal opportunities for individuals with disabilities, it must decide how to respond. Each agency must assess the appropriateness of any policy, practice, procedure or condition determined to negatively correlate with disability.

Where it is determined that a barrier to equal employment opportunity is not job-related and consistent with business necessity, this Directive requires that the agency immediately take steps to eliminate the barrier. Even

where a policy or practice can be justified on grounds of business necessity, agencies must investigate whether less exclusionary policies or practices can be used that serve the same business purpose, including the provision of reasonable accommodation. Identified barriers that are not within the control or authority of the agency to change should be brought to the attention of the responsible entity and EEOC. Any barrier associated with myths, fears or stereotyping must be eliminated immediately.

Where, as a result of its self-assessment, an agency determines that merely eliminating a barrier would not adequately address the harm caused by the barrier, it must then consider other neutral alternatives to remedy the lingering effects of the problem.

In eliminating barriers, agencies should pay special attention to ensuring their reasonable accommodation procedures are effective and in compliance with applicable executive orders and EEOC guidance.

Establishing Written Procedures For Reasonable Accommodation Requests

Agencies are required to establish and publicize specific written procedures for the prompt and efficient resolution of requests for reasonable accommodation.[8] Such procedures should address the scope of the agency's obligation to provide reasonable accommodation and the types of accommodations that must be considered. In addition, the procedures should address at least the following:

- the personnel whom employees, selectees or applicants should initially contact to request a reasonable accommodation;
- the personnel forms, if any, that an individual may be asked to complete in connection with a request for an accommodation;
- the circumstances in which supervisors or others should initiate inquiries about the need for accommodation;
- the personnel and/or offices that must approve an accommodation request;
- the amount of time decision makers have to answer requests for accommodation;
- an explanation of when decision makers may request documentation of the existence of a disability or the need for an accommodation;
- the resources, including technical assistance, available to decision makers to gain information about possible accommodations for particular disabilities;
- the ways in which accommodations can be funded or effected;
- the documentation, if any, that must be maintained concerning the consideration and disposition of requests for accommodation; and
- the process, if any, that individuals may follow to appeal denials of requests for accommodation or for specific accommodations.

In drafting procedures, agencies should ensure that requests for accommodations are handled expeditiously by knowledgeable personnel. Procedures should maximize the agency's ability to provide reasonable accommodation to all individuals who require accommodation. For example, agencies might consider establishing a central pool of staffing slots to provide readers, interpreters and personal assistants to individuals with disabilities throughout the agency or agency component.

VI. Setting Goals

The steps described above -- conducting work force analyses, reviewing agency policies, practices and facilities, and fulfilling obligations to people with disabilities under the Rehabilitation Act -- should enable an agency to make substantial progress in promoting the employment of qualified individuals with disabilities. However, such efforts may well be insufficient to provide the adequate employment opportunities that are required by the Rehabilitation Act for individuals with disabilities. Indeed, Congress anticipated that the federal government, as a model employer of individuals with disabilities, would take additional steps to include individuals with disabilities at all levels of the federal workforce.

This Directive requires agencies with 1,000 employees or more to maintain a special recruitment program for individuals with targeted disabilities and to establish specific goals for the employment and advancement of such individuals.[9] For these purposes, targeted disabilities may be considered as a group. Agency goals should be set and accomplished in such a manner as will effect measurable progress from the preceding fiscal year.

To accomplish established goals, agencies should, as appropriate: 1) engage in outreach and targeted recruitment; 2) take advantage of excepted appointing authorities;[10] 3) create training and development plans for individuals with disabilities; and 4) take disability into account in selection decisions where an individual with a disability is otherwise qualified with or without a reasonable accommodation. To achieve maximum impact through their Rehabilitation Act program, agencies are required, under this Directive, to give special attention to those with targeted disabilities in each of the activities discussed herein.

PART C

EEOC OVERSIGHT AND TECHNICAL ASSISTANCE

FOR MANAGEMENT DIRECTIVE 715

(PARTS A & B)

I. REPORTING

This Directive requires each agency to report annually on the status of activities undertaken pursuant to its equal employment opportunity program under Title VII and activities undertaken pursuant to its affirmative action obligations under the Rehabilitation Act. Agency reports must also include a plan that sets forth steps it will take in the future to correct deficiencies or further improve efforts undertaken pursuant to this Directive. Additional instructions regarding the format and content requirements of reports will be issued separately and may be modified on a periodic basis as needed. Agency reports must be submitted to the EEOC annually and should include (but not necessarily be limited to) the following:

- The name and location of the agency or reporting component;
- The number of permanent and temporary employees employed;
- The name of the head of the agency or reporting component;
- The name, title, grade and qualifications of the principal EEO official(s) responsible for overseeing the program and preparing the report;
- Copies of relevant EEO policy statements issued or reinforced during the previous fiscal year;
- A narrative description of the agency's mission, mission-related functions, and a copy of the agency's organizational chart;
- A description of how the agency's Title VII and Rehabilitation Act programs measure up against the essential elements of a model program described in this Directive;
- A description of activities undertaken during the preceding year in connection with the self-assessment and barrier identification and elimination under Parts A and B of this Directive;
- A description of action items and plans to be implemented or accomplished by the agency during the upcoming year in connection with carrying out its responsibilities under this Directive;
- A description of action items and plans to provide maximum opportunity for employees to advance to their highest level of potential under Parts A and B of this Directive;
- Data required in connection with Form 462 reporting; and
- Other information, in such format as EEOC may prescribe, required in the instructions supplementing this Directive.

Reports filed by agencies pursuant this Directive will be evaluated for clarity and content by EEOC. EEOC will approve or disapprove specific plans as appropriate. In addition, EEOC will periodically conduct evaluations and program reviews to more closely assess whether the program elements of this Directive are being met and will be available on an ongoing basis as issues arise for agencies to consult with in facilitating program improvements.

There are many consequences associated with an agency's failure to fully implement effective EEO programs, including the out-of pocket costs that will be borne by the agency in connection with workplace disputes, especially after the passage of the No Fear Act, and the very real costs associated with decreased morale and productivity resulting from the ineffective and inefficient use of human capital resources. Moreover, where annual reports or information otherwise obtained by EEOC suggest that an agency is giving insufficient attention to its obligations under this Directive, EEOC will inform the President and appropriate Congressional committees.

II. TRAINING AND TECHNICAL ASSISTANCE

The EEOC is available to provide training and technical assistance to facilitate agency compliance with this Directive. Information may be obtained by contacting EEOC as follows:

- (800) 669 - EEOC (the telephone information hotline)
- (202) 663-4599 (the Office of Federal Operations)
- www.eeoc.gov (EEOC's website)

Agencies may also contact the EEOC by regular mail addressed to:

```
Director, Federal Sector Programs
Office of Federal Operations
Equal Employment Opportunity Commission
1801 L Street NW
```

Washington, D.C. 20507

III. PROGRAM EVALUATIONS BY EEOC

EEOC may conduct evaluations of federal agency EEO programs to ensure compliance with this Directive, other policy guidance issued by EEOC and the statutes and regulations that EEOC enforces.

APPENDIX A

DEFINITIONS

The following definitions apply to this Directive:

- **Applicant:** A person who applies for employment.
- **Applicant Flow Data:** Information reflecting characteristics of the pool of individuals applying for an employment opportunity.
- **Barrier:** An agency policy, principle, practice or condition that limits or tends to limit employment opportunities for members of a particular gender, race or ethnic background or for an individual (or individuals) based on disability status.
- **Disability:** For the purpose of statistics, recruitment, and targeted goals, the number of employees in the workforce who have indicated having a disability on a Office of Personnel Management Standard Form (SF) 256. For all other purposes, the definition contained in 29 C.F.R. § 1630.2 applies.
- **Civilian Labor Force (CLF):** Persons 16 years of age and over, except those in the armed forces, who are employed or are unemployed and seeking work.
- **Employees:** Members of the agency's permanent or temporary work force, whether full or part-time and whether in competitive or excepted service positions.
- **Employment Decision:** Any decision affecting the terms and conditions of an individual's employment, including but not limited to hiring, promotion, demotion, disciplinary action and termination.
- **Feeder Group or Pool:** Occupational group(s) from which selections to a particular job are typically made.
- **Fiscal Year:** The period from October 1 of one year to September 30 of the following year.
- **Goal:** Under the Rehabilitation Act, an identifiable objective set by an agency to address or eliminate barriers to equal employment opportunity or to address the lingering effects of past discrimination.
- **Major Occupations:** Agency occupations that are mission related and heavily populated, relative to other occupations within the agency.
- **Onsite Program Review:** Visit by EEOC representatives to an agency to evaluate the agency's compliance with the terms of this Directive and/or to provide technical assistance.
- **Reasonable Accommodation:** Generally, any modification or adjustment to the work environment, or to the manner or circumstances under which work is customarily performed, that enables an individual with a disability to perform the essential functions of a position or enjoy equal benefits and privileges of employment as are enjoyed by similarly situated individuals without a disability. For a more complete definition, see 29 C.F.R. § 1630.2(o). See also, EEOC's Enforcement Guidance on Reasonable Accommodation and Undue Hardship under the Americans with Disabilities Act, No. 915.002 (October 17, 2002).
- **Relevant Labor Force:** The source from which an agency draws or recruits applicants for employment or an internal selection such as a promotion.
- **Section 501 Program:** The affirmative program plan that each agency is required to maintain under Section 501 of the Rehabilitation Act to provide individuals with disabilities adequate hiring, placement, and advancement opportunities.
- **Section 717 Program:** The affirmative program of equal employment opportunity that each agency is required to maintain for all employees and applicants for employment under Section 717 of Title VII.
- **Selection Procedure:** Any employment policy or practice that is used as a basis for an employment decision.
- **Special Recruitment Program:** A program designed to monitor recruitment of, and track applications from, persons with targeted disabilities.
- **Targeted Disabilities:** Disabilities that the federal government, as a matter of policy, has identified for special emphasis in affirmative action programs. They are: 1) deafness; 2) blindness; 3) missing extremities; 4) partial paralysis; 5) complete paralysis; 6) convulsive disorders; 7) mental retardation; 8) mental illness; and 9) distortion of limb and/or spine.
- **Technical Assistance:** Training, assistance or guidance provided by the EEOC in writing, over the telephone or in person.

APPENDIX B

AUTHORITIES RELEVANT TO FEDERAL EEO RESPONSIBILITIES

A. AUTHORITIES RELEVANT TO TITLE VII

STATUTES

Section 717 of Title VII of 1964, as amended, 42 U.S.C. § 2000e-16, requires that personnel actions be free from discrimination on the basis of race, sex, color, national origin and religion and that agencies establish affirmative programs of equal employment opportunity.

Section 715 of Title VII establishes the EEOC as the lead agency for "developing and implementing agreements, policies and practices designed to maximize effort, promote efficiency, and eliminate conflict, competition, duplication and inconsistency among ...various departments, agencies and branches of the Federal Government responsible for the implementation and enforcement of equal employment opportunity legislation, orders, and policies...."

Section 703(k) of Title VII sets forth the criteria for establishing a claim of unlawful adverse impact.

REGULATIONS

29 C.F.R. §1604 Sets forth policies and principles governing discrimination on the basis of sex.

29 C.F.R. §1606 Sets forth policies and principles governing discrimination on the basis of national origin.

29 C.F.R. §1607 Establishes policies, principles and procedures for determining when a "selection procedure" has an unlawful impact on the hiring, promotion, or other employment opportunities of members of any race, sex, or ethnic group.

29 C.F.R. §1608.4 Governs affirmative action in the private sector and requires that an affirmative action plan or program under Title VII contain three elements: a reasonable self analysis; a reasonable basis for concluding action is appropriate; and reasonable action.

29 C.F.R. Part 1614 Sets forth policies and regulations to effectuate the Government's obligation to promote equal employment opportunity and to prohibit discrimination in employment because of race, color, religion, sex, national origin, age or disability.

29 C.F.R.§1614.601 Requires each agency to establish a system to collect and maintain accurate employment information on the race, national origin, sex and disability of its employees. 1614.601(b) states that data on race, national origin and sex should be collected by voluntary self identification. Subsection (e) states that an agency shall not establish a quota for the employment of persons based on race, color, religion, sex, or national origin. Subsection (g) states that an agency shall report to the Commission on employment by race, national origin, sex and disability in the form, and at such times, as the Commission may require.

29 C.F.R.§1614.602 Requires that each agency report to the Commission complaint processing information. Subsection (c) states that each agency shall submit annually for the review and approval of the Commission written national and regional equal employment opportunity plans of action. The plans shall be in a format prescribed by the Commission.

29 C.F.R. §1690 Sets forth procedures for the prescribed coordination between the EEOC and other federal agencies having responsibility for enforcement of statutes, regulations, Executive Orders and policies which require equal employment opportunity without regard to race, color, national origin, sex, religion, age or disability.

EXECUTIVE ORDERS

Executive Order 11478, as amended (1971)- Reiterated the policy of the federal government to provide equal employment opportunity on the basis of merit and fitness and "without discrimination because of race, color, religion, sex, or national origin. To promote the full realization of this policy, the Order requires, inter alia, that agencies and departments establish "continuing affirmative programs" to ensure that equal employment opportunity is an "integral part of every aspect of personnel policy and practice in the employment, development, advancement, and treatment of civilian employees in the Federal Government."

Executive Order 12106 (1978) - Amended Executive Order 11478 to include, in its coverage, non-discrimination based on age and disability. The Order further transferred federal equal employment opportunity enforcement authority to the Equal Employment Opportunity Commission and made the EEOC responsible for "directing and furthering" the implementation of equal employment opportunity policy.

Executive Order 12067 (1978) - Effected the transfer of the functions of the Equal Employment Opportunity Coordinating Council to the EEOC and delineated the EEOC's responsibility for "develop[ing] uniform standards, guidelines, and policies for promoting and furthering equal employment opportunity in the government.

B. AUTHORITIES RELEVANT TO REHABILITATION ACT

STATUTES

Section 501 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 791, requires each covered agency to establish an affirmative action program plan for the hiring, placement, and advancement of individuals with disabilities. Section 501(g) of the Act incorporates the legal standards of title I of the Americans with Disabilities Act (42 U.S.C. § 12111 et seq) for complaints alleging "nonaffirmative action employment discrimination" and the provisions of sections 501 through 504, and 510, of the ADA (42 U.S.C. §§ 12201-12204 and 12210) "as such sections relate to employment."

Section 508 of the Rehabilitation Act requires agencies to provide federal employees with disabilities access to information and data that is comparable to the access provided to federal employees without disabilities.[11]

The Architectural Barriers Act, 42 U.S.C. § 4151 et seq is enforced by the Architectural and Transportation Barriers Compliance Board and requires that buildings and facilities be accessible to people with disabilities if they were constructed or altered by or on behalf of the federal government or with certain federal funds, or leased to the government, after 1968.

REGULATIONS

29 C.F.R. Part 1614 Sets forth policies and regulations to effectuate the Government's obligation to promote equal employment opportunity and to prohibit discrimination in employment because of race, color, religion, sex, national origin, age or disability.

29 C.F.R. Part 1630 Regulations implementing the equal employment provisions of the Americans with Disabilities Act.

5 C.F.R. § 213.3102(t),(u) OPM special appointing authority governing employment of individuals who are mentally retarded (t) and those with severe physical "handicaps"(u).

5 C.F.R. § 213.3102 OPM special appointing authority governing persons with psychiatric disabilities. Under this provision such employees may be converted to competitive status after completion of two years of satisfactory service in their excepted positions.

5 C.F.R § 213.3202(11) OPM special appointing authority for employment of readers, interpreters, and personal assistants for employees with disabilities.

5 C.F.R. § 315.709 Authorizes employees with severe physical disabilities and mental retardation to convert to competitive status after completion of two years of satisfactory service in their excepted positions.

EXECUTIVE ORDERS

Executive Order 13078, as amended (2000) – Established the National Task Force on Employment of Adults with Disabilities (now called the Presidential Task Force). The purpose of the Task Force is to implement a national policy to effect gainful employment of adults with disabilities, including employment in the Federal Government.

Executive Order 13145 (2000) – Prohibits discrimination in federal employment on the basis of genetic information.

Executive Order 13163 (2000)– Promotes a policy to increase opportunities for individuals with disabilities employed at all levels and occupations in the federal government.

Executive Order 13164 (2000) – Requires agencies to establish written procedures to facilitate the provision of reasonable accommodations under the Rehabilitation Act.

---

[1] It should be noted that federal employees and applicants for employment are also protected from discrimination by the Age Discrimination in Employment Act of 1967 (ADEA) and the Equal Pay Act of 1963.

[2] In the past, EEOC has only required consideration of temporary employees in connection with agencies' Rehabilitation Act programs. However, as the nature of federal employment changes and more employees occupy temporary positions, an examination of Title VII data relating to temporary employees, where they comprise a significant portion of an agency's workforce, may assist an agency in identifying any meaningful disparities resulting from barriers to equality of opportunity. It is recognized that temporary employees will not experience the same career progression as the permanent workforce, and certain data, such as promotion rates, may not be relevant to temporary employees. EEOC will issue more detailed guidance to agencies concerning Title VII program treatment of temporary employees.

[3]See 42 U.S.C. § 12112(b).

[4]It is permissible for a test to measure sensory, manual or speaking skills where such skills are necessary for the performance of an essential function of the job for which the test has been designed.

[5]See 29 C.F.R. § 1614.601 for further guidance. In addition, EEOC will issue more detailed guidance on collecting and maintaining applicant flow data.

[6]Agencies should separately identify applicants and employees with targeted disabilities. Targeted disabilities are those that the federal government, as a matter of policy, has identified for special emphasis. Targeted disabilities (and the codes that represent them on Standard Form 256) are: 1. deafness (16 and 17); 2. blindness (23 and 25); 3. missing extremities (28 and 32 through 38); 4. partial paralysis (64 through 68); 5. complete paralysis (71 through 78); 6. convulsive disorders (82); 7. mental retardation (90); 8. mental illness (91); and 9. distortion of limb and/or spine (92).

[7]See 29 C.F.R. pt. 1630 app. §§ 1630.13, 14. In most cases, the Rehabilitation Act bars disability-related questions until after an agency has made a conditional job offer to an applicant and requires that any inquiries of employees be job-related and consistent with business necessity. The Commission has recognized, however, that employers may extend invitations to self-identify for purposes of their affirmative action programs. See EEOC ADA Enforcement Guidance: Preemployment Disability-Related Question and Medical Examinations (10/95) at p. 12.

[8]See Executive Order 13164 (July 26, 2000). See also EEOC Policy Guidance on Executive Order 13164 (October 20, 2000).

[9]The Rehabilitation Act requires each Federal agency to submit to the EEOC for review and approval "an affirmative action program plan for the hiring, placement, and advancement of individuals with disabilities." The statute makes clear that EEOC is to approve these plans only after it "determines...that such plan provides sufficient assurances, procedures and commitments to provide adequate hiring, placement, and advancement opportunities for individuals with disabilities." 29 U.S.C. § 791(b).

[10]There are excepted appointing authorities that apply only to those with targeted disabilities. See 5 C.F.R. §§ 213.3102(t), (u); 213.3202(k) (1996). Agencies should follow the requirements of those authorities, which are enforced by the Office of Personnel Management, in assessing whether a particular individual with a disability is eligible for an excepted appointment.

[11]National security systems, as defined in the Clinger-Cohen Act, 40 U.S.C. § 1452 are exempt from these requirements. See 29 U.S.C. § 794d(a)(5).

Harassment

Harassment is a form of employment discrimination that violates Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967, (ADEA), and the Americans with Disabilities Act of 1990, (ADA).

Harassment is unwelcome conduct that is based on race, color, religion, sex (including pregnancy), national origin, age (40 or older), disability or genetic information. Harassment becomes unlawful where 1) enduring the offensive conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive. Anti-discrimination laws also prohibit harassment against individuals in retaliation for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or lawsuit under these laws; or opposing employment practices that they reasonably believe discriminate against individuals, in violation of these laws.

Petty slights, annoyances, and isolated incidents (unless extremely serious) will not rise to the level of illegality. To be unlawful, the conduct must create a work environment that would be intimidating, hostile, or offensive to reasonable people.

Offensive conduct may include, but is not limited to, offensive jokes, slurs, epithets or name calling, physical assaults or threats, intimidation, ridicule or mockery, insults or put-downs, offensive objects or pictures, and interference with work performance. Harassment can occur in a variety of circumstances, including, but not limited to, the following:

- The harasser can be the victim's supervisor, a supervisor in another area, an agent of the employer, a co-worker, or a non-employee.
- The victim does not have to be the person harassed, but can be anyone affected by the offensive conduct.

Employer Coverage

15 or more employees under Title VII and the ADA, 20 or more employees under the ADEA

Time Limits

180 days to file a charge
(may be extended by state laws)

Federal employees have 45 days to contact an EEO counselor

For more information:

- Title VII of the Civil Rights Act
- The Age Discrimination in Employment Act
- The Americans with Disabilities Act
- Policy & Guidance
- Statistics

- Unlawful harassment may occur without economic injury to, or discharge of, the victim.

Prevention is the best tool to eliminate harassment in the workplace. Employers are encouraged to take appropriate steps to prevent and correct unlawful harassment. They should clearly communicate to employees that unwelcome harassing conduct will not be tolerated. They can do this by establishing an effective complaint or grievance process, providing anti-harassment training to their managers and employees, and taking immediate and appropriate action when an employee complains. Employers should strive to create an environment in which employees feel free to raise concerns and are confident that those concerns will be addressed.

Employees are encouraged to inform the harasser directly that the conduct is unwelcome and must stop. Employees should also report harassment to management at an early stage to prevent its escalation.

Employer Liability for Harassment

The employer is automatically liable for harassment by a supervisor that results in a negative employment action such as termination, failure to promote or hire, and loss of wages. If the supervisor's harassment results in a hostile work environment, the employer can avoid liability only if it can prove that: 1) it reasonably tried to prevent and promptly correct the harassing behavior; and 2) the employee unreasonably failed to take advantage of any preventive or corrective opportunities provided by the employer.

The employer will be liable for harassment by non-supervisory employees or non-employees over whom it has control (e.g., independent contractors or customers on the premises), if it knew, or should have known about the harassment and failed to take prompt and appropriate corrective action.

When investigating allegations of harassment, the EEOC looks at the entire record: including the nature of the conduct, and the context in which the alleged incidents occurred. A determination of whether harassment is severe or pervasive enough to be illegal is made on a case-by-case basis.

If you believe that the harassment you are experiencing or witnessing is of a specifically sexual nature, you may want to see EEOC's information on sexual harassment.

Overview

Laws

Regulations

Guidance

Memoranda of Understanding

Discrimination by Type

Prohibited Practices

Retaliation

All of the laws we enforce make it illegal to fire, demote, harass, or otherwise "retaliate" against people (applicants or employees) because they filed a charge of discrimination, because they complained to their employer or other covered entity about discrimination on the job, or because they participated in an employment discrimination proceeding (such as an investigation or lawsuit).

For example, it is illegal for an employer to refuse to promote an employee because she filed a charge of discrimination with the EEOC, even if EEOC later determined no discrimination occurred.

Retaliation & Work Situations

The law forbids retaliation when it comes to any aspect of employment, including hiring, firing, pay, job assignments, promotions, layoff, training, fringe benefits, and any other term or condition of employment.

Employer Coverage

15 or more employees under Title VII and ADA

20 or more employees under ADEA

Virtually all employers under EPA

Time Limits

180 days to file a charge *(may be extended by state laws)*

Federal employees have 45 days to contact an EEO Counselor

WASHINGTON, D.C. 20507

EQUAL EMPLOYMENT OPPORTUNITY

STANDARD FORM 100, REV. January 2006, EMPLOYER INFORMATION REPORT EEO-1

INSTRUCTION BOOKLET

The Employer Information EEO-1 survey is conducted annually under the authority of Title VII of the Civil Rights Act of 1964, 42 U.S.C. 2000e, et. seq., as amended. All employers with 15 or more employees are covered by Title VII and are required to keep employment records as specified by Commission regulations. Based on the number of employees and federal contract activities, certain large employers are required to file an EEO-1 report on an annual basis.

See the Appendix for the applicable provisions of the law, Section 709(c) of Title VII, and the applicable regulations, Sections 1602.7-1602.14, Chapter XIV, Title 29 of the Code of Federal Regulations. State and local governments, school systems and educational institutions are covered by other employment surveys and are excluded from Standard Form 100, Employer Information Report EEO-1.

In the interests of consistency, uniformity and economy, Standard Form 100 has been jointly developed by the Equal Employment Opportunity Commission and the Office of Federal Contract Compliance Programs of the U. S. Department of Labor, as a single form which meets the statistical needs of both programs. In addition, this form should be a valuable tool for companies to use in evaluating their own internal programs for insuring equal employment opportunity.

As stated above, the filing of Standard Form 100 is required by law; *it is not voluntary*. Under section 709(c) of Title VII, the Equal Employment Opportunity Commission may compel an employer to file this form by obtaining an order from the United States District Court.

Under Section 209(a) of Executive Order 11246, the penalties for failure by a federal contractor or subcontractor to comply may include termination of the federal government contract and debarment from future federal contracts.

1. WHO MUST FILE

Standard Form 100 must be filed by —

(A) All private employers who are: (1) subject to Title VII of the Civil Rights Act of 1964, as amended, with 100 or more employees **EXCLUDING** State and local governments, primary and secondary school systems, institutions of higher education, Indian tribes and tax-exempt private membership clubs other than labor organizations; OR (2) subject to Title VII who have fewer than 100 employees if the company is owned or affiliated with another company, or there is centralized ownership, control or management (such as central control of personnel policies and labor relations) so that the group legally constitutes a single enterprise, and the entire enterprise employs a total of 100 or more employees.

(B) All federal contractors (private employers), who: (1) are not exempt as provided for by 41 CFR 60-1.5; (2) have 50 or more employees; **and** (a) are prime contractors or first-tier subcontractors, and have a contract, subcontract, or purchase order amounting to $50,000 or more; or (b) serve as a depository of government funds in any amount, or (c) is a financial institution which is an issuing and paying agent for U.S. Savings Bonds and Notes.

Only those establishments located in the District of Columbia and the 50 states are required to submit Standard Form 100. No reports should be filed for establishments in Puerto Rico, the Virgin Islands or other American Protectorates.

2. HOW TO FILE

NOTE: Submission of EEO-1 data through the *EEO-1 Online Filing System* or as an electronically transmitted data file is strongly preferred. See paragraph 6, "EEO-1 Alternate Reporting Formats."

Single-establishment employers, i.e., employers doing business at only one establishment in one location must complete a single EEO-1 online data record or submit a single EEO-1 paper report.

Multi-establishment employers, i.e., employers doing business at more than one establishment, must complete online: (1) a report covering the principal or headquarters office; (2) a separate report for **EACH** establishment employing 50 or more persons; and (3) a separate report (Type 8 record) for each establishment employing fewer than 50 employees, OR an

Establishment List (Type 6 record), showing the name, address, and total employment for each establishment employing fewer than 50 persons, including a Type 6 employment data grid that combines all employees working at establishments employing fewer than 50 employees by race, sex, and job category. For the EEO-1 online application, keyed employment data automatically transfers to the overall Consolidated Report.

The total number of employees indicated on the headquarters report, **PLUS** the establishment reports, **PLUS** the list of establishments employing fewer than 50 employees, **MUST** equal the total number of employees shown on the Consolidated Report.

Employment data for multi-establishment companies, including parent corporations and their subsidiary holdings, must report all employees working at each company establishment or subsidiary establishment. For the purposes of this report, the term **parent corporation** refers to any corporation which owns all or the majority stock of another corporation so that the latter relates to it as a subsidiary.

3. WHEN TO FILE

This annual report must be filed not later than September 30. Employment figures from any pay period in July through September may be used.

4. WHERE TO FILE [Paper EEO-1 form(s) ONLY]

Mail one copy to the address indicated in the annual survey mailout memorandum.

5. REQUESTS FOR INFORMATION AND SPECIAL PROCEDURES

An employer who claims that preparation or the filing of Standard Form 100 would create undue hardship may apply to the Commission for a special reporting procedure. In such cases, the employer must submit **in writing** a detailed alternative proposal for compiling and reporting information to: **The EEO-1 Coordinator, EEOC-Survey Division, 1801 L Street, NW, Washington, DC 20507.**

Only those special procedures approved **in writing** by the Commission are authorized. Such authorizations remain in effect until notification of cancellation is given. All requests for information should be sent to the address above.

6. EEO-1 ALTERNATE REPORTING FORMATS

EEO-1 reporting is an electronic, online application. Pursuant to the Government Paperwork Elimination Act of 1998, we **STRONGLY** recommend that EEO-1 reports be submitted via the *EEO-1 Online Filing System*, or as an electronically transmitted data file. A copy of the **prescribed** EEO-1 data file format is available at the website address in the survey mailout memorandum; or by calling the telephone number or writing to the address in the survey mailout memorandum. *Paper EEO-1 forms will be generated on request **only**, in extreme cases where Internet access is not available to the employer*. An EEO-1 report submitted on paper must be prepared following the directions in paragraph 2, "HOW TO FILE".

7. CONFIDENTIALITY

All reports and information from individual reports will be kept confidential, as required by Section 709(e) of Title VII. Only data aggregating information by industry or area, in such a way as not to reveal any particular employer's statistics, will be made public. The prohibition against disclosure mandated by Section 709(e) does not apply to the Office of Federal Contract Compliance Programs and contracting agencies of the federal government which require submission of SF 100 pursuant to Executive Order 11246. Reports from prime contractors and subcontractors doing business with the federal government may not be confidential under Executive Order 11246.

8. ESTIMATE OF BURDEN

Public reporting burden for this collection of information is estimated to average three and five tenths (3.5) hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. A response is defined as one survey form. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to:

The EEOC Clearance Officer
Office of the Chief Financial Officer and Administrative Services – Room 2100
1801 L Street, N.W.
Washington, D.C. 20507

AND

Paperwork Reduction Project (3046-0007)
Office of Management and Budget
Washington, D.C. 20503

The full text of the OMB regulations may be found at 5 CFR Part 1320**. PLEASE DO NOT SEND YOUR COMPLETED REPORT TO EITHER OF THESE ADDRESSES.**

EEO-1 Terms Applicable To All Reporting Formats

Type of Report (Status Code)

1– Single-establishment company

Multi-establishment company
2– Consolidated Report (Required)
3 – Headquarters Report (Required)
4 – Establishment Report (50 or more employees)
6 – Establishment List (Option 1)
8 – Establishment Report (less than 50 employees) (Option 2)

Company Identification

Refers to the company name and address of the headquarters office of the multi-establishment company (Report Types 2 and 3); or the establishment name and address.

Employers Who Are Required To File

Questions 1, 2 and 3 **MUST** be answered by all employers. If the answer to Question C-3 is "Yes", please enter the company's Dun and Bradstreet identification number if the company has one. If the answer is "Yes" to question 1, 2, or 3, complete the entire form. Otherwise skip to Section G.

Employment Data

Employment data must include **ALL** full-time and part-time employees who were employed during the selected payroll period, except those employees specifically excluded as indicated in the Appendix. Employees must be counted by sex and race or ethnic category for each of the ten occupational categories and subcategories. See Appendix for detailed explanation of job categories and race and ethnic identification.

Every employee must be accounted for in one and **ONLY** one of the categories in Columns A thru N.

Occupational Data—Employment data must be reported by job category. Report each employee in only one job category. In order to simplify and standardize the method of reporting, all jobs are considered as belonging in one of the broad occupations shown in the table. To assist you in determining where to place your jobs within the occupational categories, a description of job categories is in the ***EEO-1 Job Classification Guide*** or you may consult the "EEO-1-Census Codes Cross Walk" on the Commission's web site. For further clarification, you may wish to consult the Alphabetical and Classified Indices of Industries and Occupations (2000 Census) published by the U.S. Department of Commerce, Census Bureau.

Establishment Information

The major activity should be sufficiently descriptive to identify the industry and product produced or service provided. If an establishment is engaged in more than one activity, describe the activity at which the **greatest** number of employees work.

The description of the major activity indicated on the Headquarters' Report (Type 3) must reflect the dominant economic activity of the company in which the greatest number of employees are engaged.

Remarks

Include in this section any remarks, explanations, or other pertinent information regarding this report.

Certification

If all reports have been completed at headquarters, the authorized official should check Item 1 and sign the Consolidated Report only. If the reports have been completed by the individual establishments, the authorized official should check Item 2 and sign the establishment report.

APPENDIX

1. DEFINITIONS APPLICABLE TO ALL EMPLOYERS

a. "Commission" refers to the Equal Employment Opportunity Commission.

b. "OFCCP" refers to the Office of Federal Contract Compliance Programs, U.S. Department of Labor, established to implement Executive Order 11246, as amended.

c. "Joint Reporting Committee" is the committee representing the Commission and OFCCP for the purpose of administering this report system.

d. "Employer" under Section 701(b), Title VII of the Civil Rights Act of 1964, as amended, means a person engaged in an industry affecting commerce who has fifteen or more employees for each working day in each of twenty or more calendar weeks in the current or preceding calendar year, and any agent of such a person, but such term does not include the United States, a corporation wholly owned by the government of the United States, an Indian tribe, or any department or agency of the District of Columbia subject by statute to procedures of the competitive service (as defined in section 2102 of Title 5 of the United States Code), or a bona fide private membership club (other than a labor organization) which is exempt from taxation under Section 501(c) of the Internal Revenue Code of 1954; OR any person or entity subject to Executive Order 11246 who is a federal government prime contractor or subcontractor at any tier (including a bank or other establishment serving as a depository of federal government funds, or an issuing and paying agent of U.S. Savings Bonds and Notes, or a holder of a federal government bill of lading) or a federally-assisted construction prime contractor or subcontractor at any tier.

e. "Employee" means any individual on the payroll of an employer who is an employee for purposes of the employer's withholding of Social Security taxes except insurance sales agents who are considered to be employees for such purposes solely because of the provisions of 26 USC 3121 (d) (3) (B) (the Internal Revenue Code). Leased employees are included in this definition. Leased Employee means a permanent employee provided by an employment agency for a fee to an outside company for which the employment agency handles all personnel tasks including payroll, staffing, benefit payments and compliance reporting. The employment agency shall, therefore, include leased employees in its EEO-1 report. The term "employee" SHALL NOT include persons who are hired on a casual basis for a specified time, or for the duration of a specified job (for example, persons at a construction site whose employment relationship is expected to terminate with the end of the employee's work at the site); persons temporarily employed in any industry other than construction, such as temporary office workers, mariners, stevedores, lumber yard workers, etc., who are hired through a hiring hall or other referral arrangement, through an employee contractor or agent, or by some individual hiring arrangement, or persons **(EXCEPT** leased employees) on the payroll of an employment agency who are referred by such agency for work to be performed on the premises of another employer under that employer's direction and control.

It is the opinion of the General Counsel of the Commission that Section 702, Title VII of the Civil Rights Act of 1964, as

amended, does not authorize a complete exemption of religious organizations from the coverage of the Act or of the reporting requirements of the Commission. The exemption for religious organizations applies to discrimination on the basis of religion. Therefore, since the Standard Form 100 does not provide for information as to the religion of employees, religious organizations must report all information required by this form.

f. "Commerce" means trade, traffic, commerce, transportation, transmission, or communication among the several States; or between a State and any place outside thereof; or within the District of Columbia, or a possession of the United States; or between points in the same State but through a point outside thereof.

g. "Industry Affecting Commerce" means any activity, business or industry in commerce or in which a labor dispute would hinder or obstruct commerce or the free flow of commerce and includes any activity or industry "affecting commerce" within the meaning of the Labor Management Reporting and Disclosure Act of 1959. Any employer of 15 or more persons is presumed to be in an "industry affecting commerce."

h. "Establishment" is an economic unit which produces goods or services, such as a factory, office, store, or mine. In most instances, the establishment is at a single physical location and is engaged in one, or predominantly one, type of economic activity. (definition adapted from the ***North American Industry Classification System - 2002***).

Units at different physical locations, even though engaged in the same kind of business operation, must be reported as separate establishments. For locations involving construction, transportation, communications, electric, gas, and sanitary services, oil and gas fields, and similar types of physically dispersed industrial activities, however, it is not necessary to list separately each individual site, project, field, line, etc., unless it is treated by you as a separate legal entity. For these types of activities, list as establishments only those relatively permanent main or branch offices, terminals, stations etc., which are either: (a) directly responsible for supervising such dispersed activities; or (b) the base from which personnel and equipment operate to carry out these activities. (Where these dispersed activities cross State lines, at least one such "establishment" should be listed for each State involved.)

i. "Major Activity" means the major product or group of products produced or handled, or services rendered by the reporting unit (e.g., manufacturing airplane parts, retail sales of office furniture) in terms of the activity at which the greatest number of all employees work. The description includes the type of product manufactured or sold or the type of service provided.

2. DEFINITIONS APPLICABLE ONLY TO GOVERNMENT CONTRACTORS SUBJECT TO EXECUTIVE ORDER 11246

a. "Order" means Executive Order 11246, as amended.

b. "Contract" means any government contract or any federally-assisted construction contract.

c. "Prime Contractor" means any employer having a government contract or any federally-assisted construction contract, or any employer serving as a depository of federal government funds.

d. "Subcontractor" means any employer having a contract with a prime contractor or another subcontractor calling for supplies or services required for the performance of a government contract or federally assisted construction contract.

e. "Contracting Agency" means any department, agency and establishment in the executive branch of the government, including any wholly-owned government corporation, which enters into contracts.

f. "Administering Agency" means any department, agency and establishment in the executive branch of the government, including any wholly-owned government corporation, which administers a program involving federally-assisted construction contracts.

3. RESPONSIBILITIES OF PRIME CONTRACTORS

a. At the time of an award of a subcontract subject to these reporting requirements, the prime contractor shall inform the subcontractor of its responsibility to submit annual EEO-1 employment data in accordance with these instructions.

b. If prime contractors are required by their Contracting Officer or subcontractors by their prime contractors, to submit notification of filing, they shall do so by ordinary correspondence. However, such notification is not required by and should not be sent to the Joint Reporting Committee.

4. RACE AND ETHNIC IDENTIFICATION

Self-identification is the preferred method of identifying the race and ethnic information necessary for the EEO-1 report. Employers are required to attempt to allow employees to use self-identification to complete the EEO-1 report. If an employee declines to self-identify, employment records or observer identification may be used.

Where records are maintained, it is recommended that they be kept separately from the employee's basic personnel file or other records available to those responsible for personnel decisions.

Race and ethnic designations as used by the Equal Employment Opportunity Commission do not denote scientific definitions of anthropological origins. Definitions of the race and ethnicity categories are as follows:

Hispanic or Latino - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin regardless of race.

White (Not Hispanic or Latino) - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Black or African American (Not Hispanic or Latino) - A person having origins in any of the black racial groups of Africa.

Native Hawaiian or Other Pacific Islander (Not Hispanic or Latino) - A person having origins in any of the peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Asian (Not Hispanic or Latino) - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

American Indian or Alaska Native (Not Hispanic or Latino) - A person having origins in any of the original peoples of North and South America (including Central America), and who maintain tribal affiliation or community attachment.

Two or More Races (Not Hispanic or Latino) - All persons who identify with more than one of the above five races.

Instructions for assigning employees into the race/ethnic categories:

Hispanic or Latino - Include all employees who answer YES to the question, "Are you Hispanic or Latino". Report all Hispanic males in Column A and Hispanic females in Column B.

White (Not Hispanic or Latino) - Include all employees who identify as White males in Column C and as White females in Column I.

Black or African American (Not Hispanic or Latino)- Include all employees who identify as Black males in Column D and as Black females in Column J.

Native Hawaiian or Other Pacific Islander (Not Hispanic or Latino) - Include all employees who identify as Native Hawaiian or Other Pacific Islander males in Column E and as Native Hawaiian or Other Pacific Islander females in Column K.

Asian (Not Hispanic or Latino) - Include all employees who identify as Asian males in Column F and as Asian females in Column L.

American Indian or Alaska Native (Not Hispanic or Latino) - Include all employees who identify as American Indian or Alaska Native males in Column G and as American Indian or Alaska Native females in Column M.

Two or More Races (Not Hispanic or Latino) - Report all male employees who identify with more than one of the above five races in Column H and all female employees who identify with more than one of the above five races in Column N.

As to the method of collecting data, the basic principles for ethnic and racial self-identification for purposes of the EEO-1 report are:

(1) Offer employees the opportunity to self-identify

(2) Provide a statement about the voluntary nature of this inquiry for employees. For example, language such as the following may be used (employers may adapt this language):

> "The employer is subject to certain governmental recordkeeping and reporting requirements for the administration of civil rights laws and regulations. In order to comply with these laws, the employer invites employees to voluntarily self-identify their race or ethnicity. Submission of this information is voluntary and refusal to provide it will not subject you to any adverse treatment. The information obtained will be kept confidential and may only be used in accordance with the provisions of applicable laws, executive orders, and regulations, including those that require the information to be summarized and reported to the federal government for civil rights enforcement. When reported, data will not identify any specific individual."

5. DESCRIPTION OF JOB CATEGORIES

The major job categories are listed below, including a brief description of the skills and training required for occupations in that category and examples of the job titles that fit each category. The examples shown below are illustrative and not intended to be exhaustive of all job titles in a job category. These job categories are primarily based on the average skill level, knowledge, and responsibility involved in each occupation within the job category.

The Officials and Managers category as a whole is to be divided into the following two subcategories: Executive/Senior Level Officials and Managers and First/Mid Level Officials and Managers. These subcategories are intended to mirror the employer's own well established hierarchy of management positions. Small employers who may not have two well-defined hierarchical steps of management should report their management employees in the appropriate categories.

Executive/Senior Level Officials and Managers. Individuals who plan, direct and formulate policies, set strategy and provide the overall direction of enterprises/organizations for the development and delivery of products or services, within the parameters approved by boards of directors or other governing bodies. Residing in the highest levels of organizations, these executives plan, direct or coordinate activities with the support of subordinate executives and staff managers. They include, in larger organizations, those individuals within two reporting levels of the CEO, whose responsibilities require frequent interaction with the CEO. Examples of these kinds of managers are: chief executive officers, chief operating officers, chief financial officers, line of business heads, presidents or executive vice presidents of functional areas or operating groups, chief information officers, chief human resources officers, chief marketing officers, chief legal officers, management directors and managing partners.

First/Mid Level Officials and Managers. Individuals who serve as managers, other than those who serve as Executive/Senior Level Officials and Managers, including those who oversee and direct the delivery of products, services or functions at group, regional or divisional levels of organizations. These managers receive directions from the Executive/Senior Level management and typically lead major business units. They implement policies, programs and directives of executive/senior management through subordinate managers and within the parameters set by Executive/Senior Level management. Examples of these kinds of managers are: vice presidents and directors, group, regional or divisional controllers; treasurers; human resources, information systems, marketing, and operations managers. The First/Mid Level Officials and Managers subcategory also includes those who report directly to middle managers. These individuals serve at functional, line of business segment or branch levels and are responsible for directing and executing the day-to-day operational objectives of enterprises/organizations, conveying the directions of higher level officials and managers to subordinate personnel and, in some instances, directly supervising the activities of exempt and non-exempt personnel. Examples of these kinds of managers are: first-line managers; team managers; unit managers; operations and production mangers; branch managers; administrative services managers; purchasing and transportation managers; storage and distribution managers; call center or customer service managers; technical support managers; and brand or product mangers.

Professionals. Most jobs in this category require bachelor and graduate degrees, and/or professional certification. In some instances, comparable experience may establish a person's qualifications. Examples of these kinds of positions include: accountants and auditors; airplane pilots and flight engineers; architects; artists; chemists; computer programmers; designers; dieticians; editors; engineers; lawyers; librarians; mathematical scientists; natural scientists; registered nurses; physical scientists; physicians and surgeons; social scientists; teachers; and surveyors.

Technicians. Jobs in this category include activities that require applied scientific skills, usually obtained by post secondary education of varying lengths, depending on the particular occupation, recognizing that in some instances additional training,

certification, or comparable experience is required. Examples of these types of positions include: drafters; emergency medical technicians; chemical technicians; and broadcast and sound engineering technicians.

Sales Workers. These jobs include non-managerial activities that wholly and primarily involve direct sales. Examples of these types of positions include: advertising sales agents; insurance sales agents; real estate brokers and sales agents; wholesale sales representatives; securities, commodities, and financial services sales agents; telemarketers; demonstrators; retail salespersons; counter and rental clerks; and cashiers.

Administrative Support Workers. These jobs involve non-managerial tasks providing administrative and support assistance, primarily in office settings. Examples of these types of positions include: office and administrative support workers; bookkeeping; accounting and auditing clerks; cargo and freight agents; dispatchers; couriers; data entry keyers; computer operators; shipping, receiving and traffic clerks; word processors and typists; proofreaders; desktop publishers; and general office clerks.

Craft Workers (formerly Craft Workers (Skilled)). Most jobs in this category includes higher skilled occupations in construction (building trades craft workers and their formal apprentices) and natural resource extraction workers. Examples of these types of positions include: boilermakers; brick and stone masons; carpenters; electricians; painters (both construction and maintenance); glaziers; pipelayers, plumbers, pipefitters and steamfitters; plasterers; roofers; elevator installers; earth drillers; derrick operators; oil and gas rotary drill operators; and blasters and explosive workers. This category also includes occupations related to the installation, maintenance and part replacement of equipment, machines and tools, such as: automotive mechanics; aircraft mechanics; and electric and electronic equipment repairers. This category also includes some production occupations that are distinguished by the high degree of skill and precision required to perform them, based on clearly defined task specifications, such as: millwrights; etchers and engravers; tool and die makers; and pattern makers.

Operatives (formerly Operatives (Semi-skilled)). Most jobs in this category include intermediate skilled occupations and include workers who operate machines or factory-related processing equipment. Most of these occupations do not usually require more than several months of training. Examples include: textile machine workers; laundry and dry cleaning workers; photographic process workers; weaving machine operators; electrical and electronic equipment assemblers; semiconductor processors; testers, graders and sorters; bakers; and butchers and other meat, poultry and fish processing workers. This category also includes occupations of generally intermediate skill levels that are concerned with operating and controlling equipment to facilitate the movement of people or materials, such as: bridge and lock tenders; truck, bus or taxi drivers; industrial truck and tractor (forklift) operators; parking lot attendants; sailors; conveyor operators; and hand packers and packagers.

Laborers and Helpers (formerly Laborers (Unskilled)). Jobs in this category include workers with more limited skills who require only brief training to perform tasks that require little or no independent judgment. Examples include: production and construction worker helpers; vehicle and equipment cleaners; laborers; freight, stock and material movers; service station attendants; construction laborers; refuse and recyclable materials collectors; septic tank servicers; and sewer pipe cleaners.

Service Workers. Jobs in this category include food service, cleaning service, personal service, and protective service activities. Skill may be acquired through formal training, job-related training or direct experience. Examples of food service positions include: cooks; bartenders; and other food service workers. Examples of personal service positions include: medical assistants and other healthcare support positions; hairdressers; ushers; and transportation attendants. Examples of cleaning service positions include: cleaners; janitors; and porters. Examples of protective service positions include: transit and railroad police and fire fighters; guards; private detectives and investigators.

6. LEGAL BASIS FOR REQUIREMENTS

SECTION 709(c), TITLE VII, CIVIL RIGHTS ACT OF 1964, AS AMENDED

Recordkeeping; reports

Every employer, employment agency, and labor organization subject to this title shall (1) make and keep such records relevant to the determinations of whether unlawful employment practices have been or are being committed, (2) preserve such records for such periods, and (3) make such reports therefrom as the Commission shall prescribe by regulation or order, after public hearing, as reasonable, necessary, or appropriate for the enforcement of this title or the regulations or orders thereunder. The Commission shall, by regulation, require each employer, labor organization, and joint labor-management committee subject to this title which controls an apprenticeship or other training program to maintain such records as are reasonably necessary to carry out the purposes of this title, including, but not limited to, a list of applicants who wish to participate in such program, including the chronological order in which applications were received, and to furnish to the Commission upon request, a detailed description of the manner in which persons are selected to participate in the apprenticeship or other training program. Any employer, employment agency, labor organization, or joint labor-management committee which believes that the application to it of any regulation or order issued under this section would result in undue hardship may apply to the Commission for an exemption from the application of such regulation or order, and, if such application for an exemption is denied, bring a civil action in the United States District Court for the district where such records are kept. If the Commission or the court, as the case may be, finds that the application of the regulation or order to the employer, employment agency, or labor organization in question would impose an undue hardship, the Commission or the court, as the case may be, may grant appropriate relief. If any person required to comply with the provisions of this subsection fails or refuses to do so, the United States District Court for the district in which such person is found, resides, or transacts business, shall, upon application of the Commission, or the Attorney General in a case involving a government, governmental agency or political subdivision, have jurisdiction to issue to such person an order requiring him to comply.

TITLE 29, CHAPTER XIV CODE OF FEDERAL REGULATIONS

NOTE: A few aspects of the following regulations will need to be revised to conform with the EEO-1 Report to be used beginning with the 2007 reporting period.

Subpart B—Employer Information Report

§1602.7 Requirement for filing of report.

On or before September 30 of each year, every employer that is subject to Title VII of the Civil Rights Act of 1964, as amended,

and that has 100 or more employees, shall file with the Commission or its delegate executed copies of Standard Form 100, as revised (otherwise known as "Employer Information Report EEO-1"), in conformity with the directions set forth in the form and accompanying instructions. Notwithstanding the provisions of §1602.14, every such employer shall retain at all times at each reporting unit, or at company or divisional headquarters, a copy of the most recent report filed for each such unit and shall make the same available if requested by an officer, agent, or employee of the Commission under the authority of section 710 of Title VII. Appropriate copies of Standard Form 100 in blank will be supplied to every employer known to the Commission to be subject to the reporting requirements, but it is the responsibility of all such employers to obtain necessary supplies of the form from the Commission or its delegate prior to the filing date.

§1602.8 Penalty for making of willfully false statements on report.

The making of willfully false statements on Report EEO-1 is a violation of the United States Code, Title 18, section 1001, and is punishable by fine or imprisonment as set forth therein.

§ 1602.9 Commission's remedy for employer's failure to file report.

Any employer failing or refusing to file Report EEO-1 when required to do so may be compelled to file by order of a U.S. District Court, upon application of the Commission.

§ 1602.10 Employer's exemption from reporting requirements.

If an employer claims that the preparation or filing of the report would create undue hardship, the employer may apply to the Commission for an exemption from the requirements set forth in this part, according to instruction 5. If an employer is engaged in activities for which the reporting unit criteria described in section 5 of the instructions are not readily adaptable, special reporting procedures may be required. If an employer seeks to change the date for filing its Standard Form 100 or seeks to change the period for which data are reported, an alternative reporting date or period may be permitted. In such instances, the employer should so advise the Commission by submitting to the Commission or its delegate a specific written proposal for an alternative reporting system prior to the date on which the report is due.

§ 1602.11 Additional reporting requirements.

The Commission reserves the right to require reports, other than that designated as the Employer Information Report EEO-1, about the employment practices of individual employers or groups of employers whenever, in its judgment, special or supplemental reports are necessary to accomplish the purposes of Title VII or the Americans with Disabilities Act (ADA). Any system for the requirement of such reports will be established in accordance with the procedures referred to in section 709(c) of Title VII or section 107 of the ADA and as otherwise prescribed by law.

Subpart C—Recordkeeping by Employers

§ 1602.12 Records to be made or kept.

The Commission has not adopted any requirement, generally applicable to employers, that records be made or kept. It reserves the right to impose recordkeeping requirements upon individual employers or groups of employers subject to its jurisdiction whenever, in its judgment, such records (a) are necessary for the effective operation of the EEO-1 reporting system or of any special or supplemental reporting system as described above; or (b) are further required to accomplish the purposes of Title VII or the ADA. Such recordkeeping requirements will be adopted in accordance with the procedures referred to in section 709(c) of Title VII, or section 107 of the ADA, and otherwise prescribed by law.

§ 1602.13 Records as to racial or ethnic identity of employees.

Employers may acquire the information necessary for completion of items 5 and 6 of Report EEO-1 either by visual surveys of the work force, or at their option, by the maintenance of post-employment records as to the identity of employees where the same is permitted by State law. In the latter case, however, the Commission recommends the maintenance of a permanent record as to the racial or ethnic identity of an individual for purpose of completing the report form only where the employer keeps such records separately from the employee's basic personnel form or other records available to those responsible for personnel decisions, e.g., as part of an automatic data processing system in the payroll department.

§ 1602.14 Preservation of records made or kept.

Any personnel or employment record made or kept by an employer (including but not necessarily limited to requests for reasonable accommodation, application forms submitted by applicants and other records having to do with hiring, promotion, demotion, transfer, lay-off or termination, rates of pay or other terms of compensation, and selection for training or apprenticeship) shall be preserved by the employer for a period of one year from the date of the making of the record or the personnel action involved, whichever occurs later. In the case of involuntary termination of an employee, the personnel records of the individual terminated shall be kept for a period of one year from the date of termination. Where a charge of discrimination has been filed, or an action brought by the Commission or the Attorney General, against an employer under Title VII or the ADA, the respondent employer shall preserve all personnel records relevant to the charge or action until final disposition of the charge or the action. The term "personnel records relevant to the charge," for example, would include personnel or employment records relating to the aggrieved person and to all other employees holding positions similar to that held or sought by the aggrieved person and application forms or test papers completed by an unsuccessful applicant and by all other candidates for the same position as that for which the aggrieved person applied and was rejected. The date of *final disposition of the charge or the action* means the date of expiration of the statutory period within which the aggrieved person may bring an action in a U. S. District Court or, where an action is brought against an employer either by the aggrieved person, the Commission, or by the Attorney General, the date on which such litigation is terminated.

EQUAL EMPLOYMENT OPPORTUNITY

EMPLOYER INFORMATION REPORT EEO—1

Standard Form 100
REV. 01/2006

O.M.B. No. 3048-0007
EXPIRES 01/2009
100-214

Section A—TYPE OF REPORT

Refer to instructions for number and types of reports to be filed.

1. Indicate by marking in the appropriate box the type of reporting unit for which this copy of the form is submitted (MARK ONLY ONE BOX).

(1) ☐ Single-establishment Employer Report

Multi-establishment Employer:
(2) ☐ Consolidated Report (Required)
(3) ☐ Headquarters Unit Report (Required)
(4) ☐ Individual Establishment Report (submit one for each establishment with 50 or more employees)
(5) ☐ Special Report

2. Total number of reports being filed by this Company (Answer on Consolidated Report only) _____

Section B—COMPANY IDENTIFICATION *(To be answered by all employers)*

OFFICE USE ONLY

1. Parent Company

a. Name of parent company (owns or controls establishment in item 2) omit if same as label — a.

Address (Number and street) — b.

City or town	State	ZIP code	c.

2. Establishment for which this report is filed. (Omit if same as label)

a. Name of establishment — d.

Address (Number and street)	City or Town	County	State	ZIP code	e.

b. Employer identification No. (IRS 9-DIGIT TAX NUMBER) | | | | | | | | | | f.

c. Was an EEO–1 report filed for this establishment last year? ☐ Yes ☐ No

Section C—EMPLOYERS WHO ARE REQUIRED TO FILE *(To be answered by all employers)*

☐ Yes ☐ No 1. Does the entire company have at least 100 employees in the payroll period for which you are reporting?

☐ Yes ☐ No 2. Is your company affiliated through common ownership and/or centralized management with other entities in an enterprise with a total employment of 100 or more?

☐ Yes ☐ No 3. Does the company or any of its establishments (a) have 50 or more employees AND (b) is not exempt as provided by 41 CFR 60–1.5, AND either (1) is a prime government contractor or first-tier subcontactor, and has a contract, subcontract, or purchase order amounting to $50,000 or more, or (2) serves as a depository of Government funds in any amount or is a financial institution which is an issuing and paying agent for U.S. Savings Bonds and Savings Notes?

If the response to question C–3 is yes, please enter your Dun and Bradstreet identification number (if you have one): ☐☐☐☐☐☐☐☐☐

NOTE: If the answer is yes to questions 1, 2, or 3, complete the entire form, otherwise skip to Section G.

Section D-EMPLOYMENT DATA

Employment at this establishment – Report all permanent full- and part-time employees including apprentices and on-the-job trainees unless specifically excluded as set forth in the instructions. Enter the appropriate figures on all lines and in all columns. Blank spaces will be considered as zeros.

Job Categories	Number of Employees (Report employees in only one category)														
	Race/Ethnicity														
	Hispanic or Latino		Not-Hispanic or Latino												Total Col A - N
			Male						Female						
	Male	Female	White	Black or African American	Native Hawaiian or Other Pacific Islander	Asian	American Indian or Alaska Native	Two or more races	White	Black or African American	Native Hawaiian or Other Pacific Islander	Asian	American Indian or Alaska Native	Two or more races	
	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O
Executive/Senior Level Officials and Managers 1.1															
First/Mid-Level Officials and Managers 1.2															
Professionals 2															
Technicians 3															
Sales Workers 4															
Administrative Support Workers 5															
Craft Workers 6															
Operatives 7															
Laborers and Helpers 8															
Service Workers 9															
TOTAL 10															
PREVIOUS YEAR TOTAL 11															

1. Date(s) of payroll period used: _____ (Omit on the Consolidated Report.)

Section E - ESTABLISHMENT INFORMATION (Omit on the Consolidated Report.)

1. What is the major activity of this establishment? (Be specific, i.e., manufacturing steel castings, retail grocer, wholesale plumbing supplies, title insurance, etc. Include the specific type of product or type of service provided, as well as the principal business or industrial activity.)

Section F - REMARKS

Use this item to give any identification data appearing on the last EEO-1 report which differs from that given above, explain major changes in composition of reporting units and other pertinent information.

Section G - CERTIFICATION

Check one
1 ☐ All reports are accurate and were prepared in accordance with the instructions. (Check on Consolidated Report only.)
2 ☐ This report is accurate and was prepared in accordance with the instructions.

Name of Certifying Official	Title	Signature	Date
Name of person to contact regarding this report	Title	Address (Number and Street)	
City and State	Zip Code	Telephone No. (including Area Code and Extension)	Email Address

All reports and information obtained from individual reports will be kept confidential as required by Section 709(e) of Title VII.
WILLFULLY FALSE STATEMENTS ON THIS REPORT ARE PUNISHABLE BY LAW, U.S. CODE, TITLE 18, SECTION 1001

Frequently Asked Questions About Management Directive-715

Management Directive 715 (MD-715) is the policy guidance which the Equal Employment Opportunity Commission (EEOC) provides to federal agencies for their use in establishing and maintaining effective programs of equal employment opportunity under Section 717 of Title VII of the Civil Rights Act of 1964 (Title VII), as amended, 42 U.S.C. § 2000e *et seq.*, and Section 501 of the Rehabilitation Act of 1973 (Rehabilitation Act), as amended, 29 U.S.C. § 791 *et seq*. MD-715 provides a roadmap for creating effective equal employment opportunity (EEO) programs for all federal employees as required by Title VII and the Rehabilitation Act. MD-715 took effect on October 1, 2003.

The Instructions to Federal Agencies for Equal Employment Opportunity Management Directive 715 (Instructions) set forth general reporting requirements for federal agencies.

A copy of MD-715 and the Instructions are available on the EEOC's web site: http://www.eeoc.gov/federal/directives/index.cfm. Also available are PARTS A through J of EEOC FORM 715-01 (in HTML, PDF, and MS WORD), the Workforce Data Tables (in HTML, MS WORD and EXCEL), the Department or Agency List with Second Level Reporting Components, Guidance on Completing the EEOC Form 715-01 Workforce Data Tables and links to the OPM/Census Occupation Cross-Classification Table and the Census EEO 2000 Data Tool.

The following questions are those which have been most frequently asked by persons who have read MD-715 and the Instructions.

GENERAL QUESTIONS

1. What format may I use to submit the MD-715 report and the applicable Workforce Data Tables? Access? Text?

At the present time, your MD-715 report (FORM 715-01, all supporting documentation, and all the Workforce Data Tables) must be submitted to the EEOC in hard copy format. All data must be identified and arranged in the same manner as shown in the Workforce Data Tables.

2. How do I know if I am a 2nd level, 3rd level or 4th level reporting component?

Most federal agencies have subordinate components, but not every subordinate component is a subordinate **reporting** component for purposes of filing under MD-715. A subordinate

reporting component, *i.e.*, a second, third or fourth level **reporting** component, is one that enjoys a certain amount of autonomy from its parent agency. In other words, does the subordinate component have its own personnel system, finance department, recruitment structure, culture, etc? Or is the component simply a regional office that operates more as an extension of the parent? If the component is closer to being independent, then it is considered a subordinate **reporting** component.

For example, the Department of Justice (DoJ) is a parent agency with several subordinate components. Some of those subordinate components, like the Federal Bureau of Investigation (FBI), Drug Enforcement Agency, etc., operate independently (albeit under the umbrella of DoJ); they have their own recruitment programs, personnel systems, culture, etc. Thus, the FBI is a 2nd level **reporting** component. Compare the FBI to the Baltimore District Office of the EEOC. The Baltimore District Office is not an independent entity, but rather a spoke on the wheel, with EEOC headquarters at the center.

The majority of federal agencies do not have 2nd level **reporting** components, and even fewer will have a 3rd or 4th level **reporting** component, because very few agencies have independent and autonomous entities under their second level components. One example of a 3rd level **reporting** component would be the National Weather Service (NWS). The parent agency is the Department of Commerce. Under Commerce is the National Oceanic and Atmospheric Administration (NOAA), which meets the definition of a second level **reporting** component. NWS comes under NOAA and meets the same definition.

Contrast NWS with FBI's New York District Office (NYDO). The Department of Justice is a parent agency with several subordinate components. The Federal Bureau of Investigation is one such component that is greatly autonomous from Justice. Thus, it is a 2nd level **reporting** component. Under FBI, there are several regional offices, including the New York District Office. The FBI-NYDO is not a subordinate **reporting** component. It has no filing requirements under MD-715. Note, however, that this does not mean the FBI-NYDO has no responsibility under MD-715! See FAQ No. 9, below.

The EEOC has developed a Department or Agency List with Second Level Reporting Components, which may be accessed through the following link: http://www.eeoc.gov/federal/agencylist.cfm

Please contact Lori Grant at 202 663-4616 or lori.grant@eeoc.gov if you believe that your agency or department has a Second Level Reporting Component which should have been included on this list or if you believe such a component has been included erroneously.

3. What about very large regional offices that are not considered subordinate *reporting* components? Does the above definition mean that those subordinate components do not have any responsibilities under MD-715?

Absolutely not. **All entities that make up a federal agency have responsibilities under MD-715.** A federal agency needs to work closely with all of its subordinate entities in order to ensure that the agency itself can perform a Model EEO self-assessment and undertake a comprehensive barrier analysis to identify barriers and execute plans for eliminating them **throughout its workforce**, as well as to maintain an effective, **agency-wide** special recruitment program which establishes specific goals for the employment and advancement of individuals with targeted disabilities.

Continuing the example from above, the Baltimore District Office of the EEOC is required to conduct a self-assessment of its EEO program and a barrier analysis of its workplace. Deficiencies identified in the self-assessment and barriers uncovered must be addressed and corrective plans must be developed and instituted. All this information (the self-assessment, the corrective plans, etc.) will then be rolled up to EEOC headquarters to be used in completing the ***overall*** EEOC MD-715 report. EEOC headquarters can't possibly report on the entire Commission without the input of all subordinate entities (regional, district and field offices).

Similarly, the FBI-NYDO will have to engage in the Model EEO self-assessment and perform a thorough barrier

analysis. Plans to address identified deficiencies and barriers will need to be developed and instituted. These plans will be rolled up to FBI headquarters for inclusion in its Bureau-wide report. Additionally, FBI headquarters will roll up its information to Justice for inclusion in the department-wide report. The important distinction to understand is that, **regardless of whether a subordinate entity has to file a report with the EEOC, all of the activities required by MD 715 have to be done either by or for all of an agency's entities - whether those entities are termed major commands, post offices, small air bases, regional centers, etc.**

4. I have subordinate components that are reporting components. Who and where do they report to, and what are they reporting?

Second Level Reporting Components which have 1,000 or more employees in permanent full or part time appointments must submit MD-715 reports (FORM 715-01, PARTS A-F and H-J and all Workforce Data Tables) to their agency headquarters for inclusion in the agency-wide report and for submission by the parent to the EEOC. Second Level Reporting Components with 500 or more (but fewer than 1,000) employees in permanent full or part time appointments must file MD-715 reports with PARTS A-F and H-I and Workforce Data Tables A/B 1-7 with their agency headquarters for inclusion in the agency-wide report and maintain a copy.

See The Quick Guide in Section III of the Instructions, available at the following link: http://www.eeoc.gov/federal/715instruct/section3.html.

5. My agency has several Second Level Reporting Components. Must the agency's MD-715 report include all of the PART Hs, Is and Js prepared by its Second Level Reporting Components?

No. The agency's overall MD-715 Report may incorporate these by reference. However, the MD-715 report filed by the parent agency (i.e., the agency-wide report) should include the PART Hs, Is and Js to be addressed at the headquarters level. Please note that ultimately, it is the agency itself which is responsible for ensuring that a Model EEO self-assessment and a comprehensive barrier analysis to identify barriers and execute plans for eliminating them have been conducted **throughout its workforce**, and for ensuring that the agency maintains an effective, **agency-wide** special recruitment program which establishes specific goals for the employment and advancement of individuals with targeted disabilities.

6. Should a Second Level Reporting Component file its MD-715 report directly with the Commission or should it first submit its MD-715 report to its parent agency?

As previously noted, a federal agency needs to work closely with all of its subordinate entities in order to ensure that the agency itself can perform a Model EEO self-assessment and undertake a comprehensive barrier analysis to identify barriers and execute plans for eliminating them **throughout its workforce**, as well as to maintain an effective, **agency-wide** special recruitment program which establishes specific goals for the employment and advancement of individuals with targeted disabilities. Thus, an agency's EEO Director ultimately is responsible for ensuring equal opportunity throughout the entire agency.

Accordingly, all Second Level Reporting Components should first submit their MD-715 reports to their parent agency's EEO Director for review and coordination. The parent agency should submit a complete package of MD-715 reports to the EEOC. Therefore, those agencies which have Second Level Reporting Components need to seriously consider the date by which these entities must gather and analyze all necessary data and information and to perform the required MD 715 exercises, in order to complete the review and coordination process well in advance of the January 31 due date. Practically speaking, since subordinate components, whether they are reporting components or not, make up the report of the parent entity, the parent entity will need its subordinate's MD-715 report well in advance of January 31. Parent agencies should keep this in mind when setting internal deadlines for subordinate components, and take care to have in place a procedure which will ensure that the review of a subordinate component's MD-715 report will be concluded in sufficient time to allow required MD-715 reports to be filed by January 31.

MODEL EEO PROGRAMS AND BARRIER QUESTIONS

7. What should be done under MD-715 when a particular group has a low participation rate?

A low participation rate should be taken as a "trigger," a situation which alerts the agency to the possible existence of a barrier to equal opportunity. An agency should identify the likely factor (or combination of factors) which has adversely affected the employment opportunities of the group in question. Depending on the nature of the potential problem, an agency could consider a variety of questions. For example, if a particular group has a low participation rate in a particular occupation, the agency should determine whether recruitment efforts are resulting in a diverse pool of applicants. In this regard, it should be noted that actions designed to increase the number of applications for employment from a particular group are unaffected by *Adarand*. See DoJ Memorandum at pp. 3-4.

If the applicant pool includes a cross-section of qualified applicants, the agency should explore whether there is a significant disparity between a group's proportionate representation in the applicant pool and the pool of selectees. If so, the agency needs to explore why. Are there selection criteria that tend to screen out the group in question?

If there is a situation where the participation rate for a group occupying a higher level position is lower than the corresponding participation rate in the lower level feeder pool for that position, the agency should review its merit promotion processes and may also need to review related processes, such as career development programs, appraisal systems and/or awards programs, for barriers affecting the group's advancement to the next level.

Numerous other examples of questions which should be addressed during a thorough investigation of a potential barrier in an assortment of employment processes are found in Section II of the Instructions to Federal Agencies for Equal Employment Opportunity Management Directive 715.

8. My agency has identified many areas where our EEO Programs are deficient and numerous areas which should be explored for barriers. How can we be expected to file so many PART Hs and PART Is?

We suggest that your agency first determine whether any of the program deficiencies are interrelated and could, therefore, be addressed in a comprehensive manner which can be set forth in a single PART H. In addition, an agency may need to prioritize its needs. If an agency will be unable to address the deficiency during the Fiscal Year in question (whether due to budget, lack of personnel or other reasons), the deficiency should be identified in a PART H together with at least a general indication of the agency's current plans to address the deficiency in an identified, subsequent Fiscal Year.

Similarly, a through and systematic analysis may identify certain barriers which are interrelated and could, therefore, be addressed in a comprehensive manner which can be set forth in a single PART I. In addition, if an agency is unable to explore data, an employment process, or other sources for possible barriers during the Fiscal Year in question (whether due to budget, lack of personnel or other reasons), the barrier should be identified in a PART I together with a general indication of the agency's current plans to perform an analysis to determine the cause of the condition and develop measurable objectives to correct the undesired condition address the barrier in an identified, subsequent Fiscal Year.

9. Do you have any suggestions as to how the data gathered in my agency's Form 462 Report could be utilized in conducting a barrier analysis under MD-715?

Yes. An agency is required to examine any policy, principle or practice that limits or tends to limit employment opportunities for members of a particular sex, race or ethnic background, or based on an individual's disability status. An analysis of the Form 462 data relating to the nature and disposition of EEO complaints can provide useful insight into the extent to which an agency is meeting its obligations under Title VII and the Rehabilitation Act and, thus, may help an agency to identify areas where barriers may be operating to limit certain groups.

For example, an analysis may reveal that there are certain trends in the types of complaints being filed or

problem areas within the agency. Does the data reveal an increase in complaints about employee development or training? How about promotions? Awards? Disciplinary actions? If the answer to any of these questions is 'yes,' then an agency should study the data further to determine if there is an identifiable trend - is a particular group making a significant percentage of the complaints? Is the increase attributable to a certain facility, office, region, etc.? Do complaints about promotion, for example, tend to involve a particular stage of the promotion process or procedures? Do complaints involving reasonable accommodation issues also involve failures to comply with the agency's reasonable accommodation procedures? Has a union, ombudsman, employee advocacy group, special emphasis group or other group also raised concerns about the area in question?

In addition, note that the 462 data also is invaluable in assessing whether your agency's EEO program is meeting the 6 essential elements of a model EEO program. If the data reveals that complaints are not being processed within the regulatory time frame, the 462 will allow you to determine what stage of the process needs attention: Is counseling completed in a timely manner? Does the problem lie with timely completion of investigations? If your agency does both, is there a significant difference in timeliness between in-house and contract investigations? Is the agency's information collection system accurate and adequate for purposes of completing the Form 462? Any deficiencies in these areas also need to be addressed in the 715 report.

10. Please discuss the impact of the Supreme Court's decision in *Adarand* and its applicability to agencies' affirmative employment programs.

In *Adarand Constructors, Inc. v. Pena*, 515 U.S. 200 (1995), the U.S. Supreme Court held that all racial classifications imposed by a federal, state, or local government must be analyzed by a reviewing court under "strict scrutiny," meaning that such classifications are constitutional only if they are narrowly tailored measures that further compelling government interests. The *Adarand* case arose under the Equal Protection clause of the U.S. Constitution regarding a federal program that provided financial incentives for contractors to hire subcontractors controlled by socially and economically disadvantaged groups, which included various racial and ethnic groups.

EEOC is tasked by Congress to enforce laws prohibiting employment discrimination, including Title VII of the Civil Rights Act. *Adarand* does not affect an agency's responsibilities under MD-715. Neither EEOC policy nor MD-715 requires agencies to establish racial or ethnic preferences or quotas. Indeed, federal anti-discrimination laws and EEOC's policies require that agencies prohibit discrimination, including "reverse" discrimination. MD-715 requires agencies to take proactive steps to ensure equal employment opportunity for all their employees and applicants for employment by regularly evaluating their employment practices to identify and eliminate barriers that hamper the advancement of any racial or ethnic group in federal agencies.

In July 1995, the Department of Justice issued a memorandum entitled "Post-*Adarand* Guidance on Affirmative Action in Federal Employment" ("DoJ Memorandum"). The DoJ Memorandum provides guidance to all federal agencies on how to interpret *Adarand* in the context of federal employment and agencies seeking guidance in this area should review the DoJ Memorandum. It should be noted that the DoJ Memorandum re-emphasizes the federal commitment to affirmative employment in the federal government.

11. But MD-715 requires agencies to collect and analyze data which show the representation of groups by ethnicity and race (as well as by sex and disability status) in numerous profiles, such as grade distribution, major occupations, promotions, career development, etc. Thus, agencies must identify personnel by their membership in protected groups. Aren't such classifications unlawful?

No, an agency's collection and analysis of data by protected group is not unlawful. Neither *Adarand* nor any other controlling authority prohibits such collection and analysis. As is specifically noted in the DoJ Memorandum, "*Adarand* … does not preclude tracking participation [by protected class] in the agency's workforce through the collection and maintenance of statistics or the filing of reports with the Equal Employment Opportunity Commission." DoJ Memorandum, p. 4. The purpose of the data collection is to allow the evaluation of policies,

practices or procedures which may be impacting the employment opportunities of any protected group. Of course, agencies must ensure that the data collected are used appropriately for the purpose of developing and monitoring affirmative employment programs.

12. Are federal agencies prohibited from adopting goals based on race or ethnicity?

If a federal agency desires to develop numerical objectives or goals, the agency's General Counsel should carefully review the DoJ Memorandum before establishing any goals.

13. Are federal agencies prohibited from adopting preferences based on race or ethnicity?

Before a federal agency uses ethnicity or race as a basis for an employment decision, the agency must satisfy strict scrutiny to ensure that the decision promotes "compelling" government interests and that it is "narrowly tailored" to serve those interests. Again, the agency's General Counsel should carefully review the DoJ Memorandum before establishing any preferences.

TABLE QUESTIONS

14. Why did the EEOC revise the categories under which the agencies are to report the race and ethnicity of employees and applicants?

The Instructions call for federal agencies to report statistical information on the racial and ethnic categories of employees and applicants as prescribed by the Office of Management and Budget (OMB) in Statistical Policy Directive No. 15, Race and Ethnic Standards for Federal Statistics and Administrative Reporting (OMB Directive 15), which all federal agencies were required to adopt no later than January 1, 2003. OMB Directive 15 is available at: http://www.whitehouse.gov/omb/fedreg/ombdir15.html.

Under OMB Directive 15:

"The minimum categories for data on race and ethnicity for Federal statistics, program administrative reporting, and civil rights compliance reporting are defined as follows:

- **American Indian or Alaska Native.** A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
- **Asian.** A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- **Black or African American.** A person having origins in any of the black racial groups of Africa. Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American."
- **Hispanic or Latino.** A person of Cuban, Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race. The term, "Spanish origin," can be used in addition to "Hispanic or Latino."
- **Native Hawaiian or Other Pacific Islander.** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- **White.** A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Respondents shall be offered the option of selecting one or more racial designations. Recommended forms for the instruction accompanying the multiple response question are 'Mark one or more' and 'Select one or more.'" (Emphasis added.)

15. Why doesn't the EEOC require agencies to report on the race of Hispanic employees and applicants?

Agency's reports to the EEOC use the minimum categories prescribed by OMB Directive 15 because we have determined that these categories provide the most useful statistics for federal oversight purposes. Also, inasmuch as the prior Management Directive 714 also did not require agencies to report the race of Hispanic employees or applicants, the use of the minimum categories allows for comparison of historical data.

However, nothing in MD-715 or the Instructions prohibit federal agencies from capturing more detailed racial and ethnic information, including the race of its Hispanic employees and applicants or the specific races selected by employees and applicants who select more than one race. Indeed, agencies are encouraged to capture such information to ensure that their data base is as comprehensive as possible. However, for reporting purposes, such detailed data must be aggregated into the minimum categories provided for in the Workforce Data Tables.

In addition, please note that when capturing racial and ethnic data, agencies should use a form that allows employees or applicants to select more than one race. Agencies should not use a form that has a box labeled "two or more races."

16. Why does the EEOC only require agencies to re-survey their Asian employees and those who have not been previously identified? Shouldn't all employees be afforded the opportunity to self-identify under the categories prescribed by OMB Directive 15?

In order to ensure that agencies would be able to timely submit their initial MD-715 report by January 31, 2005, the EEOC limited the requirement to re-survey existing employees to those who are identified as Asian because these employees must be placed accurately into either the category of "Asian" or "Native Hawaiian or Other Pacific Islander." Similarly, those employees who have not been previously identified need to be surveyed as reporting such employees as "Other" or "Non-category" does not comport with OMB Directive 15 or EEOC regulations. *See also* 29 C.F.R. § 1614.601(b).

The EEOC nonetheless encourages agencies to resurvey their employees for accurate race and national origin identification under OMB Directive 15. In addition, some agencies have concerns about the accuracy of their existing data and in such cases, re-surveying the workforce under the current categories would be a good idea. Finally, agencies are always strongly encouraged to periodically resurvey their employees to accurately capture current disability status.

17. My agency has not finished re-surveying its workforce nor has my agency begun tracking applicants. Should we still file the MD-715 report?

Yes. You should annotate your agency's Workforce Data Tables to indicate any data deviations or other assumptions made in the course of completing the Tables. You should also file as many PART Hs (EEO Plan To Attain the Essential Elements of a Model EEO Program) as may be necessary to address these deficiencies in your agency's EEO program. The Office of Personnel Management has revised Standard Form 181 to reflect OMB Directive 15. See http://www.opm.gov/forms/html/sf.asp .

18. My agency does not appear to be reaching persons who identify themselves as two or more races. How does an agency target persons who are of two or more races?

Broad targeting of recruitment efforts to a wide range of diverse sources of applicants generally should be sufficient to reach all races including those who select more than one racial identification.

19. When re-surveying, does an agency's EEO Office or its Human Resources Office have the responsibility to request the data and conduct the survey?

The EEOC has emphasized that coordination and cooperation between an agency's EEO Office and its Human Resources Office is necessary for MD-715 to be a success. Indeed, the cooperation of all offices (General Counsel, Information Technology, Budget and Finance, etc.,) is critical if an agency is to successfully remove workplace barriers or attempt to develop and maintain a Model EEO Program. Cooperation and coordination is a

must. Thus, it would be beneficial for both offices to work together to accomplish the re-survey.

20. How do I determine the appropriate Civilian Labor Force (CLF) Data to use on the various Workforce Data Tables? Where do I find the CLF data?

The CLF data is available at: http://www.census.gov/eeo2000. The national CLF, as shown, should be used on Tables A1 and A2; however, no CLF data should be shown for occupational groups on Table A3.

For Tables A6 through A8, the appropriate or relevant CLF availability data generally depends on the employer's area of recruitment. If a job is recruited nationally, then it may be appropriate to use the national CLF for that occupation, particularly if individuals apply form all parts of the country and the location from which they apply is not a factor in the hiring decision.

On the other hand, if an agency's announcement is limited to a particular geographic area (e.g. region, state, county or city) or, although the agency advertised nationally for a low-graded position, the only applications received are from the city or county in which the position is located, then it may be more appropriate to consider the local area CLF.

An agency must have a justification for whichever CLF data it uses for comparison purposes in the Workforce Data Tables filed under MD-715. If the agency has questions about what CLF data to use, it should contact EEOC's Affirmative Employment Division at (202) 663-4555.

21. How are foreign nationals reported?

Foreign nationals are not reported in the Workforce Data Tables, whether or not the foreign national works overseas or in the United States. See Instructions, Section III, page 1, column 2. "All non-intermittent or non-seasonal employees except foreign nationals, will be reported". Employees who are U.S. citizens are included in the Workforce Data Tables, whether they are employed within the United States (including Puerto Rico) or abroad.

22. What is the "Federal High" used on Table B1?

This is the participation rate of the agency (with 500 or more permanent employees) which had the greatest participation rate of employees with targeted disabilities during the prior fiscal year. For 2005, that agency was the Equal Employment Opportunity Commission, where 2.16% of employees had a targeted disability.

23. I am aware that my agency has employees with targeted disabilities who have not self-identified. May I visually identify these employees for purposes of reporting them in the agency's MD-715 Report?

No. The collection of data on disability status is governed by 29 C.F.R. § 1614.601(f). This regulation provides that data on disability status is collected by voluntary self-identification. Agencies are to explain the importance of the data to employees and actively encourage them to self-identify. Only if the employee is a Schedule A appointee and refuses to self-identify, may the agency identify the employee's disability using the records supporting the appointment. For all other employees, if the employee still refuses to self-identify even with encouragement, the agency should report the employee's disability status as "unknown." Note that the fact that such a non-Schedule A, non-self-identifying employee may have requested an accommodation and provided records supporting the request which establish a disability is irrelevant; the records used for purposes of the accommodation request cannot be used by the agency to unilaterally identify the employee. Thus, visual identification may not be used for the collection of disability data.

24. Tables A1 and B1 ask agencies to report on employees who are paid with non-appropriated funds, in addition to reporting on permanent and temporary employees. Can you please explain this category?

Under previous management directives, agency affirmative employment reports to the Commission only contained workforce data statistics that were otherwise contained in OPM's Central Personnel Data File (CPDF).

The CPDF excludes large portions of non-appropriated fund employees, meaning these employees often went unreported. Thus, an accurate snapshot of the agency workforce was never seen and reviewed. Agency resources, planned activities, etc., were also not evaluated with an accurate picture of the workforce in mind. MD-715 requires that all employees be reported. Therefore, by including a category where non-appropriated fund employees can be reported, this gap between what's in the CPDF and an agency's actual workforce total can be bridged. Hence, the data to be included in this category should include individuals excluded from the CPDF and otherwise not traditionally reported in affirmative employment reports.

25. In Tables A3 and B3, why is the EEOC using 9 occupational categories instead of the PATCOB categories used in the past? It is burdensome to have to use the 9 occupational categories for reports to the EEOC and PATCOB for reports to the Office of Personnel Management (OPM).

Since the 1960s, private employees have reported information to the EEOC on one of the more well-known reports collected by the Commission, the EEO-1 report. The EEO-1 report provides a breakout of the employer's workforce by gender and race/ethnicity in nine job categories. The EEOC's experience in analyzing EEO-1 reports for many years has led us to determine that use of similar occupational categories in the federal sector will provide more useful information. Moreover, use of similar occupational categories will allow comparisons between the federal and private sectors. In particular, use of the Officials and Managers category, further divided into hierarchical subcategories, allows for the collection of data about racial and gender stratification that can help to identify the existence of a "glass ceiling." We view this as a positive development in our mission to eradicate discrimination from the federal workplace and move toward the ultimate goal of making the federal government a model employer.

Although OPM may decide to continue its historical use of PATCOB, OPM's data needs differ significantly from the EEOC's data needs in its role as the enforcer of the civil rights laws governing employment. The EEOC determined that the PATCOB categories are outdated, overly broad and too imprecise to allow the level of analysis desired. To the extent that certain agencies may object to grouping their data into the nine occupational categories as burdensome, the EEOC notes that other agencies have represented that their information technology departments have not found this to be a difficult task. Nevertheless, EEOC staff have met with OPM staff and discussed the nine categories used under MD-715 as OPM proceeds in the development of the new Enterprise Human Resources Integration (EHRI) system. We also conveyed to OPM the need for the system to be equally compatible with PATCOB and the nine occupational categories used for reporting under MD-715. We expect to continue to meet with OPM staff to further coordinate our mutual needs.

26. Isn't this just obtaining information for the sake of having information? If the PATCOB is good enough for OPM, why isn't it good enough for EEOC?

As previously noted, EEOC's data needs differ substantially from those of OPM. While OPM's role is human resource management, EEOC is the enforcer of civil rights laws governing employment. We have concluded that the PATCOB categories are both outdated and too imprecise to provide the level of analysis needed in our mission to identify and eliminate impediments to equal opportunity. Moreover, PATCOB data does not give any information on the composition of an agency's managers or otherwise allow for the identification of 'glass ceilings.'

The information obtained in the MD-715 reports is vital to our - that is, the Commission's and the agencies' - understanding of the Federal workforce.

Many new Federal employees are drawn from the private sector. Clearly, the ability to cross-reference and analyze both Federal and private data moves all of us toward achieving our goal of making the Federal government a model employer. Organizations that want to recruit and retain an inclusive workforce - one that reflects the American public - must use all available sources of candidates in these increasingly competitive times. Any agency that fails to benchmark itself against the full spectrum of the labor market will not achieve the

mission and business of the agency. As more Federal employees become eligible for retirement, succession planning provides an opportunity to engage in a deliberate and systematic effort to ensure that critical skills positions attract and hire persons from all groups. A system of measurement which allows for comparison to the private workforce allows agencies to more successfully monitor the effectiveness of their efforts.

27. How do I know in which of the 9 occupational groups an employee should be placed?

The EEOC's website contains a link to the OPM/Census Occupation Cross-Classification Table (Crosswalk). This Crosswalk is intended as general guidance in cross-classifying OPM occupation codes to the nine occupational categories. Agencies are encouraged to contact EEOC with specific questions about what category might be appropriate for their particular occupations.

The link to the Crosswalk is: http://www.eeoc.gov/federal/715instruct/00-09opmcode.html

Please remember that when an employee is classified as a supervisor or manager, that employee should be placed in the ***Officials and Managers*** category rather than in the category in the crosswalk that they would otherwise be placed in based on their OPM occupation codes. Those employees classified as supervisors or managers who are at the GS-12 level or below should be placed in the First-Level subcategory of ***Officials and Managers***, those at the GS-13 or 14 should be in the **Mid-Level** subcategory, and those at the GS-15 or in the SES should be placed in the **Executive/Senior-Level** subcategory. An agency may also choose to place employees who have significant policy-making responsibilities, but do not supervise other employees, in these three subcategories.

The fourth subcategory, called "**Other**," contains employees in a number of different occupations that are primarily business, financial and administrative in nature, and do not have supervisory or significant policy responsibility. For example, Administrative Officers (OPM Code 0341) are appropriately placed in the "**Other**" subcategory.

28. May I utilize the codes used in the Federal Personnel Payroll System (FPPS) to identify my agency's supervisors or managers? These are the codes I would like to use: 02 - Supervisor or Manager, 04 - Supervisor, 05 - Management Official, 06 - Leader, and 07 - Team Leader.

You may use whatever method you deem appropriate to properly account for and categorize employees reflected in the Workforce Data Tables. The EEOC has no objection to an agency's use of FPPS codes or other agency-specific codes to assist in identifying the supervisors and managers who should be placed in one of the first three subcategories of the Officials and Managers category. However, please note that the EEOC does not consider Team Leaders to be supervisors or managers within the definition of the occupational group "Officials and Managers." Therefore, FPPS codes 06 and 07 may not be used to identify supervisors and managers.

29. What about Wage Grade employees who are supervisors or managers?

Wage Grade employees who are supervisors or managers should be included in the Officials and Managers category. An agency will have to determine which of the first three subcategories is the appropriate one for placement of the employee. Should an agency have specific questions in this area, they are welcome to consult with the EEOC.

30. I have employees in series that are not in the Crosswalk. Where do I place these employees?

When questions are raised about a series not being included on the Crosswalk, it generally has been because the series no longer exists. For example, some agencies' data systems still show employees in the former GS-334 series, which is now the GS-2210, Information Technology Management Series. Similarly, the former GS-204, 205, 221, 233, and 235 series were all placed into the GS-201, Human Resource Management Series and the former GS-345 series is now part of the GS-301 series. Note that these changes include series both in the General Schedule and the Wage Grade areas. Also, another wrong or missing code example could

occasionally be a violation of the "single agency code" rule. Specifically, when a GS code and title exists and is authorized only for one designated agency, sometimes others decide unilaterally to use it.

When these discrepancies are discovered, we suggest that Human Resources and EEO Offices coordinate on that matter, as the Human Resources office may need to reclassify the affected employees, using relevant OPM Position Classification Standards (PCS) that specify the "new" series relative to the "discontinued" series.

31. Why does the Commission ask for data on the Occupational Categories (Tables A3-1, A3-2, B3-1 and B3-2), Participation Rates in General Schedule Grades (Tables A4-1, A4-2, B4-1 and B4-2) and Participation Rates in Wage Grades (Tables A5-1, A5-2, B5-1 and B5-2) to be displayed in two ways?

These Tables display the data by either showing (1) participation rates, i.e. the percentage of a particular group participating in an occupational category or a grade or (2) distribution rates, i.e. the distribution of a particular group throughout all of the occupational categories or grades.

In order to show the percentage of a particular group participating in an occupational category or a grade, in Tables A/B 3-1, 4-1, and 5-1, the data is computed across the rows, with the sum of the row equaling 100%. Thus, these Tables show what percentage of all employees in that occupational category or grade is represented by a particular group.

For example, an agency's Table A4-1 reflects that the agency has 788 GS-13 employees, of which 18, or 2.3%, are Hispanic females. The Table also shows that the agency has 361 GS-14 employees, of which 3, or 0.8%, are Hispanic females.

The participation rate of a particular group in an occupational category or grade should be compared to that group's participation rate in the agency's total workforce. If the group's participation rate is not comparable to its participation rate in the total workforce, an agency should explore whether members of the group are encountering obstacles to full participation in an occupational category or grade.

In Tables A/B 3-2, 4-2 and 5-2, the data is computed **down** the columns, with the sum of the column equaling 100%. Thus, these Tables show the distribution of a particular group among the occupational categories or grades.

For the agency in the above example, its Table A4-2 reflects that the agency has 90 Hispanic female employees, of which 18, or 20% of all Hispanic female employees, are at the GS-13 level. The Table also shows that 3 of the Hispanic female employees, or 3.3% of all Hispanic female employees, are at the GS-14 level.

The distribution rate of a particular group should be compared to that group's participation rate in the agency's total workforce. If the group's distribution rate is not comparable to its participation rate in the total workforce, an agency should explore to what extent members of the group are clustered in a particular occupational category or grade and whether members of the group are encountering obstacles to participation in other occupational categories or in advancing to higher grades.

Thus, in the examples given above, the two Tables together suggest that the agency should explore whether there is any barrier or "glass ceiling" facing Hispanic females. In investigating the "triggers" reflected in these Tables, the agency will want to consider the data on Hispanic females presented in the remainder of the Tables. For example, the agency should explore the representation rates for Hispanic females employed in the agency's major occupations (Tables A4-1 and A4-2), data on the agency's new hires of Hispanic females (Table A8), data on the agency's selections for internal competitive promotions for major occupations (Table A9), the participation rate of Hispanic females in career development programs (Table A12), the participation rate of Hispanic females in awards (Table A13) and data on the separation rates for Hispanic females (Table A14). The agency may wish to gather more refined data; e.g. the agency may wish to explore whether Hispanic females at the GS-13 level are separating from the agency at rates higher than would be expected and/or gather data on the performance ratings of Hispanic females at the GS-13 level.

32. My agency has pay bands. May I modify the Workforce Data Tables, particularly Tables A/B 4 and 5, to reflect pay bands instead of GS grades?

In its MD-715 report, an agency may not provide the data required by Tables A/B 4 and 5 solely by modifying the Tables to use pay bands. Glass ceilings can occur within a pay band, and this method does not allow the agency to identify the specific pay level where a group may be experiencing barriers. In addition, government-wide data is reported by use of the GS grades, which remain the most common pay schedule. Agencies must use payroll data to break down these employees into the equivalent GS-grades for purposes of completing Tables A/B 4 and 5. We suggest that the agency's EEO office, in conjunction with its Human Resource office, determine the precise metrics for breaking down of the payroll data to ensure consistency throughout the agency. An agency may, of course, elect to perform additional analyses using pay band data.

33. My agency has several different Wage Grade structures governing different employees and the actual pay for each grade level differs significantly from structure to structure. How do I fill out a single Workforce Data Table 5, as it will be difficult to reconcile the data from all the structures into one overall comparative Table?

An agency may fill out more than one Workforce Data Table in this instance or similar instances where the result is the provision of more precise and useful information. The agency should indicate the basis for providing the additional tables.

34. Workforce Data Tables A13 and B13 (Employee Recognition and Awards) require agencies to report on "Cash Awards - $100-$500" and Cash Awards - $501+." A large percentage of my agency's workforce received well over $500 in awards, with a substantial number receiving awards between $3,000 and $5,000, and others received over $5,000. May I modify these Workforce Data Tables to include additional levels of awards?

Yes. This is another instance where the result is the provision of more precise and useful information.

35. Whom should I contact for further information?

For further information or questions on MD-715, please contact Lori Grant on (202) 663-4616 (voice) or (202) 663-4593 (TTY).

United States Equal Employment Opportunity Commission

OFFICE OF FEDERAL OPERATIONS

Annual Report on the Federal Work Force Part I
EEO Complaints Processing

Fiscal Year 2012

Table of Contents

PREFACE

The United States Equal Employment Opportunity Commission (EEOC or Commission) was established by *Title VII of* the *Civil Rights Act of 1964*, (*Title VII*), *as amended*, with the original mission of eradicating discrimination in employment on the bases of race, color, religion, sex, and national origin. Since 1964, EEOC's role has expanded beyond Title VII. In the federal sector, the agency currently has responsibilities under the following nondiscrimination laws as well:

- the *Equal Pay Act of 1963 (EPA)*, *as amended*, which prohibits employment discrimination on the basis of gender in compensation for substantially similar work performed under similar conditions;
- the *Age Discrimination in Employment Act of 1967 (ADEA)*, *as amended*, which prohibits employment discrimination on the basis of age (40 years of age and older);
- the *Rehabilitation Act of 1973 (Rehabilitation Act)*, *as amended*, which prohibits employment discrimination against federal employees and applicants with disabilities, and requires that reasonable accommodations be provided; and
- the *Genetic Information Nondiscrimination Act of 2008 (GINA)*, which prohibits employment discrimination on the basis of genetic information.

EEOC's Office of Federal Operations (OFO) adjudicates discrimination complaint appeals in the federal sector and monitors federal agency compliance with equal employment opportunity (EEO) laws and procedures. OFO also reviews and assesses the effect of federal agencies' compliance with requirements to maintain continuing affirmative employment programs to promote equal employment opportunity, and to identify and eliminate barriers to equality of employment opportunity.

Equal Employment Opportunity Management Directive 715 (MD-715), issued in October 1, 2003, established standards for ensuring that agencies develop and maintain model EEO programs. These standards are used to measure and report on the status of the federal government's efforts to become a model employer. As detailed in *MD-715,* the six elements of a model EEO program are:

- Demonstrated commitment from agency leadership,
- Integration of EEO into the agency's strategic mission,
- Management and program accountability,
- Proactive prevention of unlawful discrimination,
- Efficiency, and
- Responsiveness and legal compliance.

Part I of the report covers the period from October 1, 2011, through September 30, 2012 and contains selected measures of agencies' progress toward achieving the following elements of

model EEO programs: the integration of EEO into the agency's strategic mission, efficiency, and responsiveness and legal compliance elements of model EEO programs.[1]

Part II of the report, will be published at a later date, and will contain selected measures of progress made by agencies in FY 2011 and 2012 toward the demonstrated commitment from agency leadership, integration of EEO into the agency's strategic mission, management and program accountability, proactive prevention of unlawful discrimination, and responsiveness and legal compliance elements of model EEO programs.[2] Working within our mission to provide oversight and guidance, EEOC strives to create partnerships within the federal community.

The fiscal year (FY) 2012 *Annual Report on the Federal Work Force Part I*, submitted to the President and Congress, presents a summary of selected EEO program activities of 71 federal agencies. The report provides valuable information to all agencies as they strive to become model employers.

In preparing this report, EEOC relied on the following: 1) EEO complaint processing data submitted and certified as accurate by 357 federal agencies and subcomponents in their FY 2012 Federal Equal Employment Opportunity Statistical Report of Discrimination Complaints (EEO Form 462 reports) - note the Election Assistance Commission (EAC) and the Federal Retirement Thrift Investment Board (FRTIB) did not file a FY 2012 EEO Form 462 report; and 2) hearings and appeals data obtained from EEOC's internal databases.[3]

The Commission would like to extend its thanks to those agencies that timely submitted accurate and verifiable EEO complaint processing data. Agencies are encouraged to submit all reports to the Commission in a timely and accurate manner to ensure that the state of EEO in the federal work force is reflected correctly.

As in the past, agencies were provided an opportunity to review the draft of this report. The Commission thanks those agencies that responded with useful comments and suggestions.

---

[1] All measures under EEOC's regulations and management directives are equally important, and the inclusion of particular measures in this Report does not indicate a higher degree of importance.

[2] *Id.*

[3] Certain agencies do not provide total work force numbers for national security reasons.

EXECUTIVE SUMMARY

STATE OF EEO COMPLAINT PROCESSING IN THE FEDERAL GOVERNMENT

- ❑ In FY 2012, 71% of agencies (with 100 or more employees) required to file a FY 2012 Form 462 reported compliance with MD-715's requirement that the EEO Director reports directly to the Head of the agency.

- ❑ 96% of agencies (with 100 or more employees) required to file a FY 2012 Form 462 reported they provided some of their EEO staff with the required training in FY 2012.

- ❑ Pre-complaint EEO counseling and alternative dispute resolution (ADR) programs addressed many employee concerns before they resulted in formal EEO complaints. Of the 34,521 instances of counseling in FY 2012, 54.2% did not result in a formal complaint, due either to settlement by the parties or withdrawal from the EEO process.

- ❑ In FY 2012, 15,026 individuals filed 15,837 complaints alleging employment discrimination against the federal government.

- ❑ The number of complaints filed decreased by 6.7% over the previous year and there was a 4.9% decrease in the number of individuals who filed complaints over the same period. In FY 2012, 5.1% of the complaints were filed by individuals who had filed at least one other complaint during the year, down from the 6.9% in FY 2011.

- ❑ Government-wide, a total of 10,226 investigations were completed in an average of 187 days in FY 2012. There were 74.9%, of the investigations (7,660) timely completed, up slightly from FY 2011's 74.7% timely completion rate. Without the United States Postal Service's (USPS) investigations, the government-wide average was 66.4%, which is an increase from the 65.3% timely completion rate in FY 2011.

- ❑ Agencies issued 4,118 merit decisions without a decision by an EEOC Administrative Judge, and 48.6% were timely issued (2,003), down from 56.5% timely issued in FY 2011. Without the USPS' merit decisions, the government-wide average dropped to 31.1%.

- ❑ EEOC's hearing receipts decreased from 8,113 in FY 2011 to 7,728 in FY 2012, down by 4.7%. The average processing time for a hearing was 370 days, a 7.2% increase from FY 2011's average of 345 days.

- ❑ EEOC's appeal receipts decreased from 5,176 in FY 2011 to 4,350 in FY 2012, down by 15.9%. The average processing time for appeals in FY 2012 was 361 days, a 4.5% decrease from the 378 days in FY 2011.

- ❏ As a result of final agency decisions, settlement agreements, and final agency actions fully implementing EEOC Administrative Judges' decisions, agencies paid monetary benefits to EEO complainants totaling $51.4 million in FY 2012, up 18.2% from the $43.5 million paid in FY 2011. An additional $10.8 million was paid out in response to appellate decisions, a 17.4% increase from the $9.2 million paid out in FY 2011.

- ❏ In FY 2012, EEOC's training and outreach program reached 2,440 federal employees through 95 sessions.

- ❏ In FY 2012, EEOC Form 462 reports were timely filed by 92% of the agencies (with 100 or more employees) that were required to submit an EEOC Form 462 report (90 of 98).

I. SUMMARY OF EEO STATISTICS IN THE FEDERAL GOVERNMENT

Section A - Integration of EEO Into Agencies' Strategic Mission

In order to achieve its strategic mission, an agency must integrate equality of opportunity into attracting, hiring, developing, and retaining the most qualified work force. The success of an agency's EEO program ultimately depends upon decisions made by individual agency managers. Therefore, agency managers constitute an integral part of the agency's EEO program. The EEO office serves as a resource to these managers by providing direction, guidance, and monitoring of key activities to achieve a diverse workplace free of barriers to equal opportunity.

As part of integrating EEO into the strategic mission, Section II(B) of MD-715 instructs agencies to ensure that: (1) the EEO Director has access to the agency head; (2) the EEO office coordinates with Human Resources; (3) sufficient resources are allocated to the EEO program; (4) the EEO office retains a competent staff; (5) all managers receive management training; (6) all managers and employees are involved in implementing the EEO program; and (7) all employees are informed of the EEO program. Two aspects of this Section are highlighted below.

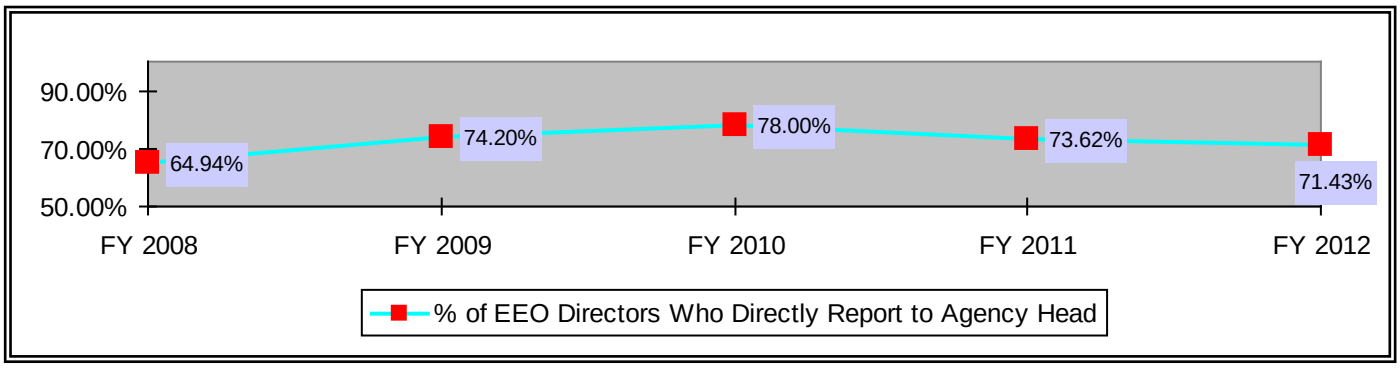
1. 71% of Agency EEO Directors Report to Agency Head

EEOC's regulations governing agency programs to promote equal employment opportunity require each agency to "maintain a continuing affirmative program to promote equal opportunity and to identify and eliminate discriminatory practices and policies." 29 C.F.R. §1614.102(a). To implement its program, each agency must designate a Director of Equal Employment Opportunity who shall be under the immediate supervision of the agency head. 29 C.F.R. §1614.102(b)(4).

When the EEO Director is under the authority of others within the agency, the agency creates a potential conflict of interest where the person to whom the EEO Director reports is involved in or would be affected by the actions of the EEO Director. By placing the EEO Director in a direct reporting relationship to the agency head, the agency underscores the importance of EEO to the agency's mission and ensures that the EEO Director is able to act with the greatest degree of independence.

Of the 98 agencies with 100 or more employees that were required to submit an EEOC Form 462 report in FY 2012, 71.4% (70) indicated that their EEO Director reports to the agency head, down from the 73.6% reported in FY 2011 and up from the 64.9% reported in FY 2008. Figure 1 below shows a five-year trend. See Appendix III for a detailed list of agencies' status.

Figure 1 - Percentage of EEO Directors Who Report Directly to the Agency Head FY 2008 - FY 2012



2. 96% of Agencies Provided Some of Their EEO Staff with Required Training

Section II(B) of MD-715 requires that agencies attract, develop and retain EEO staff with the strategic competencies necessary to accomplish the agency's EEO mission. In order to ensure staff competency within its EEO complaint program, agencies must comply with the mandatory training requirements for EEO counselors and investigators as set forth in Management Directive 110 for 29 C.F.R. Part 1614, as revised November 9, 1999 (MD-110). Agencies using contract staff to perform these functions must also ensure that these requirements are met.

Chapter 2, Section II of MD-110, requires that new EEO counselors receive thirty-two hours of EEO counselor training and thereafter eight hours of training each year. Likewise, new EEO investigators are required to have thirty-two hours of EEO investigator training and thereafter eight hours of training each year as set forth in Chapter 6, Section II of MD-110.

Of the 98 agencies with 100 or more employees that were required to file an EEOC Form 462 report in FY 2012, 96% ensured that some of their EEO staff received the required regulatory training, less than the 97.8% that reported in FY 2011. See Appendix III for a detailed list of agencies' status. Agencies ensured or provided training for 1,324 new EEO counselors and 433 new EEO investigators. Agencies also ensured or provided the required eight hour annual refresher training to 3,185 EEO counselors and 1,732 EEO investigators. Additionally, agencies reported ensuring or

providing 88 EEO counselor/investigators with thirty-two hour training and 327 with eight hour training.

Section B - Efficiency in the Federal EEO Process

EEOC's regulations provide that each agency shall ensure that individual complaints are fairly and thoroughly investigated and that final action is taken in a timely manner. 29 C.F.R. §1614.102(c)(5). Section II(E) of MD-715 establishes that a model EEO program must have an efficient and fair dispute resolution process and effective systems for evaluating the impact and effectiveness of its EEO programs. In this regard, Section II(E) recommends that agencies "benchmark against EEOC regulations at 29 C.F.R. Part 1614 and other federal agencies of similar size which are ranked in EEOC's Annual Report on the federal sector complaints process."

1. Federal A gency EEO Programs: Complaints Decrease and Processing Times Continue to Exceed Regulatory Deadlines

Agencies process EEO complaints from applicants' for federal employment and federal employees under EEOC's regulations at 29 C.F.R. Part 1614. Individuals unable to resolve their concerns through counseling can file a complaint with their agency.[4] The agency will either dismiss[5] or accept the complaint. If the complaint is accepted, the agency must conduct an investigation and, in most instances, issue the investigative report within 180 days from the date the complaint was filed.[6]

After the employee receives the investigative report, s/he may: (1) request a hearing before an EEOC Administrative Judge, who issues a decision that the employee or the agency may appeal to the OFO; or (2) forgo a hearing and request a final agency decision. An employee who is dissatisfied with a final agency decision or the agency's decision to dismiss the complaint may appeal to OFO. The complainant or agency may also request reconsideration of a decision on the appeal. At various points in the process, the complainant has the right to file a civil action in a federal court.

---

[4] Matters involving both claims of discrimination and agency actions appealable to the U. S. Merit Systems Protection Board follow one of the processes set forth at 29 C.F.R. §1614.302.

[5] There are several reasons an agency may dismiss a complaint, including the complainant's failure to state a claim, untimely contact with an EEO counselor, or that alleges a preliminary step to taking a personnel action is discriminatory. *See* 29 C.F.R. §1614.107(a).

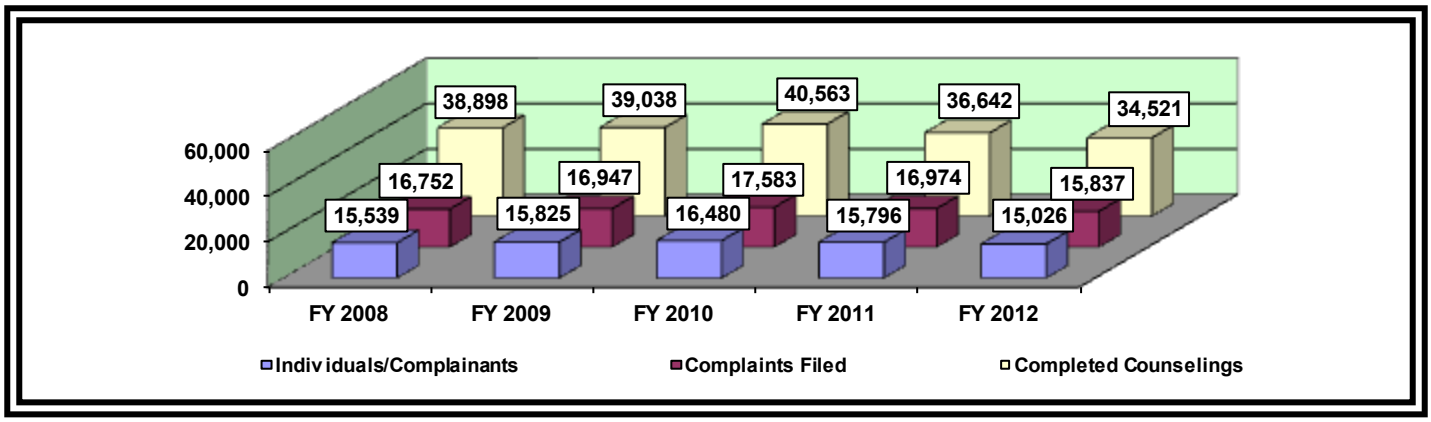
[6] The 180-day period may be extended by 90 days if both parties agree. *See* 29 C.F.R. §1614.108(e). The regulations also extend the 180-day time limit for consolidated and amended complaints to the earlier of 180 days from the date of the most recent consolidated or amended complaint, or 360 days from the date of the earliest pending complaint. *See* 29 C.F.R. § 1614.108(f).

As the EEO complaint process has become increasingly more adversarial, and lengthy, EEOC has encouraged agencies to promote and expand the use of alternative dispute resolution (ADR) as a means of avoiding the formal adjudicatory processes. Used properly, ADR can provide fast and cost-effective results while improving workplace communication and morale.[7]

a. Pre-Complaint Counselings and Complaints Decrease

From FY 2011 to FY 2012, the number of completed counselings decreased by 5.8% and by almost 11.3% since FY 2008. Formal complaints decreased by 6.7% from FY 2011 to FY 2012 and by 5.5% since FY 2008. Among the 34,521 completed counselings, 15,026 individuals filed 15,837 formal complaints in FY 2012.[8] The number of formal complaints filed represents 45.9% of all pre-complaint counseling activities in FY 2012. As Figure 2 shows, over the past five fiscal years, the number of pre-complaint counseling activities decreased from 38,898 in FY 2008 to 34,521 in FY 2012; and the number of complaints filed by individuals has declined over the past two-year period. During the same five-year period, the number of formal complaints filed continued to represent less than 50% of all pre-complaint counseling activities. See Figure 2. Significantly, while the United States Postal Service constituted 21.3% of the work force[9], it accounted for 38.1% of all EEO counselings, 28.6% of all complaints filed, 26.0% of all completed investigations and 29.2% of all complaints closed in FY 2012. See Tables B-1, B-9 and B-10 in Appendix IV at http://www.eeoc.gov/.

Figure 2 – Completed Counseling to Formal Complaints Filed/Complainants FY 2008 - FY 2012



[7] *See* Marc Van Nuys, *Return on Investment From Use of Alternative Dispute Resolution in Workplace Disputes*, 1-14 (Army ADR Program).

[8] Counseling may be provided via EEO Counselor or ADR Intake Officer.

[9] Work force numbers as reported by the agency in its FY 2012 Form 462 report.

Table 1 below shows that among the cabinet/large (15,000 or more employees) agencies in FY 2012, the U.S. Postal Service again reported the highest percentage (1.9%) of its work force that completed counseling, while the government-wide average was 1.1%. Among the medium sized agencies (1,000 to 14,999 employees), Government Printing Office reported the highest percentage (2.8%) of its work force completed counseling. Agencies that had fewer than 25 completed/ended counselings were not included in the ranking. Small and Micro agencies (1-999 employees) typically have fewer than 25 completed/ended counselings and, therefore, are not ranked. Table B-1 in Appendix IV lists this information for all agencies and is located at http://www.eeoc.gov/.

Table 1 – Agencies with the Highest Counseling Rate in FY 2012

Agency	Total Work Force*	Percentage of Individuals Who Completed Counseling
Cabinet or Large (15,000 or more employees)		
U.S. Postal Service	625,701	1.9%
Department of Veterans Affairs	323,154	1.3%
Social Security Administration	65,474	1.3%
Medium Agencies (1,000 to 14,999 employees)		
Government Printing Office	1,879	2.8%
Broadcasting Board of Governors	1,675	2.7%
Defense JTF National Capital Region Medical	4,417	1.8%

* Work force numbers as reported by the agency in its FY 2012 462 report.

As shown in Table 2 below, in FY 2012, among the cabinet/large agencies (15,000 or more employees), the Department of Labor reported the highest complainant rate of 0.8%, while the government-wide average was 0.5%. Among the medium sized agencies (1,000 to 14,999 employees), the Government Printing Office again reported the highest complainant rate of 1.2%. Agencies that had fewer than 25 complaints filed were not included in the ranking. Table B-1 in Appendix IV contains this information for all agencies and is located at http://www.eeoc.gov/.

Table 2 - Agencies with the Highest Complainant Rate in FY 2012

Agency	Total Work Force*	Complainants as % of Total Work Force
Cabinet or Large (15,000 or more employees)		
Department of Labor	16,819	0.77%
Social Security Administration	65,474	0.69%
U.S. Postal Service	625,701	0.68%
Medium Agencies (1,000 to 14,999 employees)		
Government Printing Office	1,879	1.22%
Defense Commissary Agency	14,382	0.97%
Equal Employment Opportunity Commission	2,291	0.96%

* Work force numbers as reported by the agency in its FY 2012 462 report.

b. Pre-Complaint ADR Usage – Rates Rise in Two Major Categories

Beginning in FY 2006, ADR offer and participation rates were measured in completed/ended counselings at the end of the fiscal year to ensure greater uniformity, consistency, and quality in the reporting and utilization of ADR data. Therefore, comparison of FY 2006 through FY 2012 data with prior years' data is not possible.

In FY 2012, the government-wide offer rate was 85.7% based upon 29,577 ADR offers made in 34,522 completed/ended counselings, up from the 78% reported in FY 2011. The participation rate was 51.1%, based upon the 17,643 counselings accepted into agencies' ADR programs of the total completed/ended counselings, exceeding the 48.6% reported in FY 2011.

Thirty-four agencies had 100% offer rates in FY 2012. The agencies were the American Battle Monuments Commission, Broadcasting Board of Governors, Chemical Safety and Hazard Investigation Board, Commodity Futures Trading Commission, Consumer Product Safety Commission, Defense Army and Air Force Exchange, Defense Information Systems Agency, Defense Joint Task Force National Capital Region Medical, Defense National Security, Defense Office of Inspector General, Defense Technical Information Center, Defense Threat Reduction Agency, Department of Housing and Urban Development, Department of Labor, Export-Import Bank of the US, Farm Credit Administration, Federal Election Commission, Federal Labor Relations Authority, Federal Maritime Commission, Federal Reserve System-Board of Governors, Federal Trade Commission, Government Printing Office, International Boundary and Water Commission, International Trade Commission, John F. Kennedy Center for the Performing Arts, Merit Systems Protection Board, National Credit Union Administration,

National Gallery of Art, National Indian Gaming Commission, Nuclear Regulatory Commission, Office of Government Ethics, Peace Corps, Pension Benefit Guaranty Corporation, and the Smithsonian Institution.

The U.S. Postal Service Again Had the Highest ADR Participation Rate

In FY 2012, the U.S. Postal Service again reported the highest ADR participation rate in the pre-complaint process (69.9%) among the cabinet/large agencies, while the government-wide average was 51.1%. Among the medium sized agencies, the Smithsonian Institution reported the highest pre-complaint ADR participation rate (86.8%). The government-wide average falls to 39.9% without the U.S. Postal Service. See Table 3. Agencies that had fewer than 25 completed/ended counseling were not included in the ranking. See Tables B-1 and B-4 in Appendix IV for information on all agencies, which is located at http://www.eeoc.gov/.

Table 3 - Highest ADR Participation Rate in the Pre-Complaint Process FY 2012

Agency	Total Work Force*	Completed/ Ended Counselings	Participation in ADR	Participation Rate
Cabinet or Large (15,000 or more employees)				
U.S. Postal Service	625,701	13,143	9,180	69.85%
Defense Logistics Agency	25,229	312	191	61.22%
Department of Veterans' Affairs	323,154	4,484	2,580	57.54%
Medium Agencies (1,000 to 14,999 employees)				
Smithsonian Institution	6,057	38	33	86.84%
Defense Finance and Accounting Service	11,982	92	55	59.78%
Defense Commissary Agency	14,382	227	122	53.74%

* Work force numbers as reported by the agency in its FY 2012 462 report.

c. Agencies Meet Counseling Deadlines in 92.9% of Cases

On average in FY 2012, agencies met timeliness requirements for EEO counseling in 92.9% of all completed/ended counselings, which was a slight increase from 92.8% in FY 2011 and from the 91.2% in FY 2008. Agencies are required to complete counseling in 30 days except when there is a 60-day extension due to an ADR election or the complainant agrees in writing to an extension.

d. Agencies Pre-Complaint Resolution Rate Up Slightly in FY 2012

During counseling and ADR in the pre-complaint stage, EEO disputes can be resolved by either a settlement or a decision not to file a formal complaint. In FY 2012, the government-wide resolution rate average was 53.4%, up slightly from 53.1% in FY 2011.

The National Archives and Records Administration Holds the Highest Pre-Complaint Resolution Rate

In FY 2012, the National Archives and Records Administration, a medium sized agency, reported the highest pre-complaint resolution rate (87.9%) among all agencies with more than 25 completed/ended counselings. Among cabinet/large agencies, Defense National Guard Bureau reported the highest pre-complaint resolution rate (71.7%). See Table 4. Agencies that had fewer than 25 completed/ended counselings were not included in the ranking. However, nine agencies, Defense Technical Information Center, Farm Credit Administration, Federal Election Commission, Federal Trade Commission, International Boundary and Water Commission, National Indian Gaming Commission, Office of Government Ethics, Overseas Private Investment Corporation and the Postal Regulatory Commission, in this category had 100% resolution rates. Table B-3 in Appendix IV contains this information for all agencies and is located at http://www.eeoc.gov/.

Table 4 – Highest Pre-Complaint Resolution Rates FY 2012

Agency	Total Work Force*	Completed Counselings	Total Resolved	Resolution Rate
Cabinet or Large (15,000 or more employees)				
Defense National Guard Bureau	57,511	113	81	71.7%
Defense Army and Air Force Exchange Service	34,273	336	230	68.5%
U.S. Postal Service	625,701	13,143	8,602	65.5%
Medium Agencies (1,000 to 14,999 employees)				
National Archives and Records Administration	3,381	33	29	87.9%
Federal Reserve System-Board of Governors	2,412	54	42	77.8%
Broadcasting Board of Governors	1,675	53	41	77.4%

* Work force numbers as reported by the agency in its FY 2012 462 report.

The Defense National Guard Bureau Had the Highest ADR Resolution Rate in FY 2012

In FY 2012, the Defense National Guard Bureau reported the highest ADR resolution rate in the pre-complaint process (91.5%) among those agencies with 25 or more ADR closures, whereas the government-wide average was 63%. Among the medium sized agencies, the Defense Finance and Accounting Service reported the highest pre-complaint ADR resolution rate (65.5%). See Table 5. The government-wide ADR resolution rate decreased to 49.7% for FY 2012, when the U.S. Postal Service resolution rate (75.2%) is excluded from the government-wide average, which was down from the 50.9% in FY 2011. Agencies that had fewer than 25 ADR closures were not included in the ranking. Table B-5 in Appendix IV contains this information for all agencies and is located at www.eeoc.gov/.

Table 5 – Highest Pre-Complaint ADR Resolution Rates FY 2012

Agency	Total Work Force*	ADR Closures	ADR Resolutions	ADR Resolution Rate
Cabinet or Large (15,000 or more employees)				
Defense National Guard Bureau	57,511	47	43	91.5%
U.S. Postal Service	625,701	9,180	6,905	75.2%
Defense Logistics Agency	25,229	191	138	72.3%
Medium Agencies (1,000 to 14,999 employees)				
Defense Finance and Accounting Service	11,982	55	36	65.5%
Defense Contact Management Agency	10,452	36	19	52.8%
General Services Administration	12,416	66	27	40.9%

* Work force numbers as reported by the agency in its FY 2012 462 report.

e. Average Monetary Benefits in Pre-Complaint Phase Declined

Monetary benefit amounts awarded in settlements during the pre-complaint phase, shown in Table 6, declined in FY 2012 from the FY 2008 amounts while the number of settlements with monetary benefits increased in FY 2012. The data showed a decrease in the average amount of monetary benefits from $4,853 in FY 2011 to $4,652 in FY 2012.

Table 6 – Monetary Benefits Awarded In Settlements During the Pre-Complaint Stage of the EEO Process FY 2008 – FY 2012

FY	Completed Counselings	Total Resolutions #	%	Total Settlements #	%	Total Settlements with Monetary Benefits #	%	Settlement Monetary Benefits	Average Award per Resolution with Monetary Benefits
2008	38,898	21,431	55.1	7,573	19.5	659	8.7	$4,027,772	$6,112
2009	39,038	21,666	55.5	6,735	17.3	703	10.4	$3,715,972	$5,286
2010	40,563	22,094	54.5	6,332	15.6	577	9.1	$3,148,563	$5,457
2011	36,642	19,460	53.1	5,799	15.8	627	10.8	$3,042,646	$4,853
2012	34,521	18,449	53.4	5,353	15.5	740	13.8	$3,442,719	$4,652

f. The Most Frequently Alleged Basis and Issue Remain Unchanged

Of the 15,837 complaints filed in FY 2012, the basis most frequently alleged was reprisal/retaliation (7,457) and the issue most frequently alleged was non-sexual harassment (5,991). As shown in Tables 7 and 8, this has remained unchanged for the past five fiscal years. FY 2012 also saw a continuance of a five-year trend in complaints alleging both reprisal and age discrimination. Also in FY 2012, the number of complaints filed with allegations of race (Black/African American) once again exceeded those complaints filed with allegations of disability (physical).

An agency may not take an adverse action or otherwise "retaliate" against applicants or employees because they engaged in a protected activity. See EEOC's Facts About Retaliation for examples of adverse actions, protected activities and other guidance on retaliation.

Table 7 – Top 3 Bases in Complaint Allegations Filed for FY 2008 – FY 2012

Basis	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012
Reprisal/Retaliation	7,489	7,510	7,712	7,553	7,457
Age	4,977	5,058	5,314	5,105	4,915
Race – Black/African American	4,299		4,232	4,389	4,042
Disability (Physical)		4,006			

In FY 2012, allegations of race discrimination were made in 37.5% of all complaints, equal to the 37.5% of all complaints filed in FY 2011. In FY 2012, there was a 5.5% decrease in the number of complaints filed since FY 2008, and the percentage of complaints alleging discrimination based on race also decreased by 5.3%. During that

same period, the percentage of complaints filed alleging discrimination based on color increased 11.6%, from 1,653 in FY 2008 to 1,844 in FY 2012.[10]

Table 8 – Top 3 Issues in Complaint Allegations Filed for FY 2008 – FY 2012

Issue	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012
Harassment – Non-Sexual	4,999	5,599	5,907	5,863	5,991
Promotion/Non-Selection	2,882	2,574	2,530	2,683	2,250
Terms/Conditions	2,142	2,592	2,546	2,492	2,506

In April 2006, EEOC issued Section 15 of the new Compliance Manual on "Race and Color Discrimination." It includes numerous examples and guidance in proactive prevention and "best practices." This Manual Section is located at Compliance Manual Section 15: Race and Color Discrimination.

g. The Number of Timely Investigations Falls and Agencies Continue to Exceed Time Limits for Issuing Final Agency Decisions

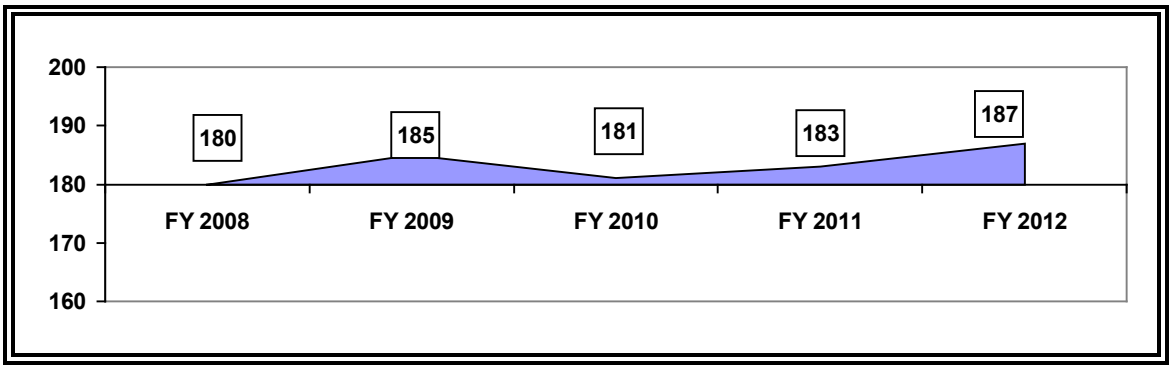
Investigations

Investigations into claims of discrimination are a key component of the formal EEO complaint process. Delays may impede the primary goal of gathering sufficient evidence to permit a determination as to whether discrimination occurred. EEOC regulation 29 C.F.R. §1614.106(e)(2) requires agencies to conduct an investigation and issue a report to the complainant within 180 days of the filing of a complaint unless: 1) the parties agreed to an extension of no more than 90 days (may not exceed 270 days); or 2) the complaint was amended or consolidated, which can add another 180 days to the period but may not exceed a total of 360 days.

In FY 2012, agencies timely completed investigations 74.9% of the time, up from 74.7% in FY 2011 (including written agreements to extend the investigation and consolidated or amended complaints). When the U.S. Postal Service is not included, the percentage of timely completed investigations also increased to 66.4% government-wide from the 65.3% timely completed in FY 2011. Agencies' average time to complete investigations increased from 183 days in FY 2011 to 187 days in FY 2012, leaving the FY 2007 reported average of 176 days as the best time for the previous twenty years.[11] See Figure 3 below.

[10] Complaints may contain multiple bases and issues.
[11] In 1993, agencies reported an average of 171 days to complete investigations.

Figure 3 – Average Processing Days for Investigations for FY 2008 – FY 2012



Of those investigations required to be completed within the 180-day time limit, agency in-house investigators averaged 220 days to complete the investigation in FY 2012, while contract investigators averaged 170 days. Several years ago, in a review of the investigatory practices of selected agencies, EEOC identified several reasons for untimely investigations: poorly staffed EEO offices, unnecessary and time-consuming procedures,[12] delays in obtaining affidavits, and inadequate tracking and monitoring systems. For more information, see EEOC's *Federal Sector Investigations – Time and Cost*, issued June 2004 and *Attaining a Model Agency Program: Efficiency.*

Four Agencies Timely Completed 100% of Investigations[13]

Among the agencies which completed 25 or more investigations in FY 2012, the Department of Education, Federal Deposit Insurance Corporation, Office of Personnel Management and the Tennessee Valley Authority all timely completed 100% of their investigations. See Table 9 below. Among cabinet or large agencies, the US Postal Service timely completed 99.0% of its 2,660 investigations in FY 2012. Agencies that had completed fewer than 25 investigations were not included in the ranking. Table B-9 in Appendix IV contains this information for all agencies and is located at http://www.eeoc.gov/.

[12] To include lengthy approval of investigative plans, or cumbersome procurement processes.
[13] An additional 21 agencies which completed less than 25 investigations, timely completed 100% of their investigations.

Table 9 – Highest Percentage of Timely Completed Investigations for FY 2012

Agencies	Total Work Force	# Completed Investigations	# Timely Completed	% Timely
Cabinet or Large (15,000 or more employees)				
U.S. Postal Service	625,701	2,660	2,636	99.1%
Department of Transportation	57,187	216	214	99.0%
Department of Labor	16,819	85	83	97.6%
Medium Agencies (1,000 to 14,999 employees)				
Department of Education	4,373	26	26	100%
Federal Deposit Insurance Corporation	7,846	29	29	100%
Office of Personnel Management	5,843	25	25	100%

In FY 2012, the government-wide average cost for contracting out complaint investigations was calculated at $2,811.07, a 5.3% decrease from the FY 2011 average cost of $2,968.99. Likewise, the FY 2012 average cost of agency (in-house) investigations ($7,156.72) decreased 8.1% from the FY 2011 average cost of $7,789.23. Average costs to contract out investigations in FY 2012 were approximately 60.7% less than the average costs of agency (in-house) investigations, which represent a decrease from 61.9% in FY 2011.

Final Agency Actions

EEOC regulations require an agency to take a final action on each formal complaint filed. Table 10 below provides a breakdown, with processing times, for all final agency actions. Agencies may issue a decision dismissing a complaint on procedural grounds such as untimely EEO counselor contact or failure to state a claim. In FY 2012, the government-wide average processing time for issuing a decision dismissing a complaint on procedural grounds was 92.5 days, an increase from FY 2011's 72.7 days but less than FY 2010's 100.2 day average processing times. EEOC maintains that, in general, acceptance letters/dismissal decisions should be issued well in advance of the 180 day time limit for completing an investigation, and has suggested a more practical time would be within 60 days of the filing of the formal complaint.

Table 10 – EEO Complaint Closures by Type with Government-Wide Average Processing Times in Days (APD) in FY 2008 – FY 2012

FY	Complaint Closures		Merit Final Agency Actions With AJ Decisions		Merit Final Agency Decisions Without AJ Decisions				Procedural Dismissals With & Without AJ Decisions		Settlements		Withdrawals	
	Total	APD	Total	APD from Comp. Filed	Total	APD	APD from Date Required	% Timely	Total	APD	Total	APD	Total	APD
2008	16,654	336	2,962	589	4,576	420	126	63.5%	4,298	88	3,249	371	1,569	219
2009	16,134	344	2,755	621	4,150	451	175	54.8%	4,370	83	3,394	378	1,465	222
2010	17,124	361	2,771	685	4,282	481	201	51.5%	5,091	100	3,623	388	1,357	220
2011	17,436	346	2,998	673	4,428	429	128	56.5%	4,853	73	3,785	382	1,372	234
2012	15,706	388	2,640	713	4,118	462	144	48.6%	3,515	92	4,076	409	1,357	232

An agency may also issue a decision after an investigation, either finding discrimination or finding no discrimination. In FY 2012, agencies timely issued 48.6% of their final agency merit decisions, a decrease from the 56.5% timely completed in FY 2011. Commission regulations require agencies to issue final decisions within 60 days of a complainant's request for such a decision or Administrative Judge's remand for a final agency decision. In addition, regulations require agencies to issue a final agency decision within 90 days after completion of an investigation if the complainant has not requested either a final decision or an EEOC hearing. In FY 2012, agencies issued merit final agency decisions without an Administrative Judge's decision in an average of 144 days, up from 128 days in FY 2011.

The Department of the Navy Issued the Highest Percentage of Timely Merit Decisions Without an Administrative Judge Decision

In FY 2012, the Department of the Navy reported it had issued 100% of its merit decisions without an EEOC Administrative Judge decision in a timely manner. The FY 2012 government-wide average for timely issued merit decision percentage was 48.6% with the U.S. Postal Service and dropped to 31.1% without the U.S. Postal Service. See Table 11 below.[14] Agencies that issued fewer than 25 merit decisions without a hearing were not included in the ranking. For information on all agencies, see Table B-14 in Appendix IV located at http://www.eeoc.gov/.

[14] We note that twenty other agencies issued 100.0% of their merit decisions in a timely fashion but issued fewer than 25 total merit decisions.

Table 11 – Agencies with the Highest Percentage of Timely Issued Merit Decisions (Without an Administrative Judge Decision) in FY 2012

Agencies	Total Work Force	Merit Decisions without an AJ Decision #	Timely	%
Cabinet or Large (15,000 or more employees)				
Department of the Navy	245,574	117	117	100%
U.S. Postal Service	625,701	1,088	1,062	97.6%
Department of the Treasury	115,292	123	108	87.8%
Medium Agencies (1,000 to 14,999 employees)				
Defense Commissary Agency	14,382	27	26	96.3%
Department of Labor	16,819	44	38	86.4%

Finally, when an EEOC Administrative Judge has issued a decision, the agency must issue a final order either implementing the Administrative Judge's decision or not implementing the decision and simultaneously appealing to EEOC. In FY 2012, agencies issued 2,708 final orders implementing and 35 orders not implementing the Administrative Judges' procedural and merit decisions. Commission regulations require agencies to issue an order within 40 calendar days of receiving the Administrative Judge's decision or the decision becomes the agency's final decision. In FY 2012, agencies issued orders on Administrative Judge merit decisions in an average of 713 days after the complaint was filed, an increase from 674 days in FY 2011 and from the 590 days in FY 2008.

h. Percentage of Findings of Discrimination and Average Monetary Benefits Decrease

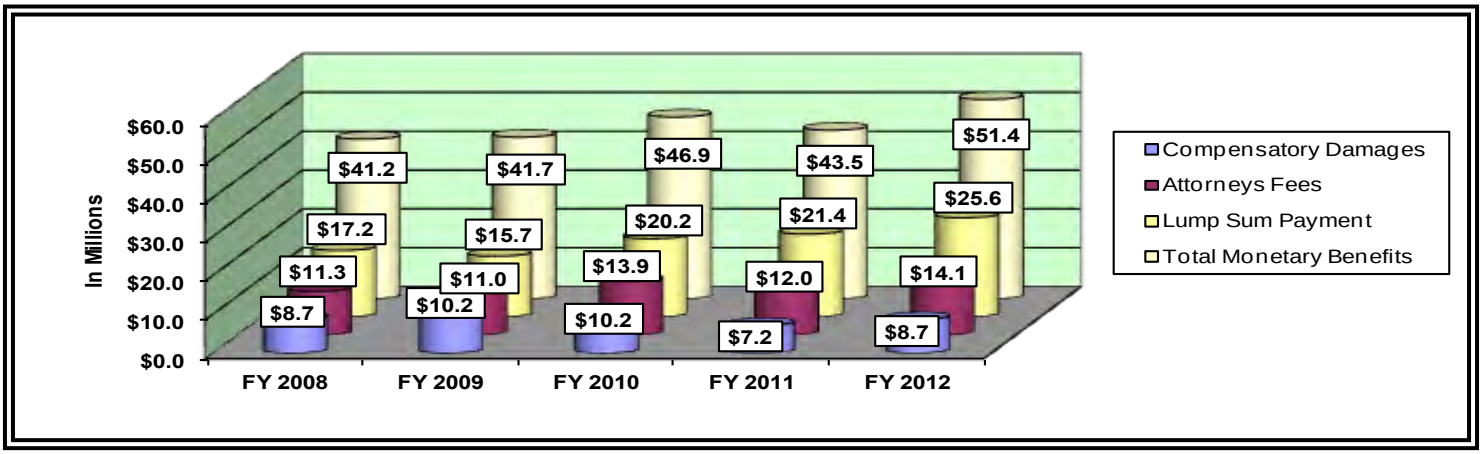
In FY 2012, the percentage of findings of discrimination increased to 3.1% from the 2.9% in FY 2011. Table 12, however, shows that the total number of merit decisions decreased while the number of settlements increased in FY 2012.

Table 12 – Amounts Awarded in Resolution of Formal EEO Complaints Before Appeals FY 2008 – FY 2012

Total Complaint Closures			Findings of Discrimination		Settlements		Monetary Benefits			
FY	#	Total Merit Decisions	#	% of Merits Decisions	#	% of Total Closures	# Total Complaint Closures with Benefits	% of Total Complaint Closures with Benefits	Total (in millions)	Per Capita
2008	16,654	7,538	191	2.5%	3,249	19.5%	3,383	20.3%	$41.2	$12,193
2009	16,134	6,905	206	3.0%	3,394	21.0%	3,555	22.0%	$41.7	$11,734
2010	17,124	7,053	233	3.3%	3,623	21.2%	3,803	22.2%	$46.9	$12,335
2011	17,436	7,426	212	2.9%	3,785	21.7%	3,953	22.7%	$43.5	$11,000
2012	15,706	6,758	214	3.1%	4,076	25.9%	4,257	27.1%	$51.4	$12,084

Average monetary benefits awarded in resolution of formal EEO complaints increased by 9.9% between FY 2011 and FY 2012, but decreased by 0.9% since FY 2008. Table 12 above shows the total monetary benefits awarded during the formal complaint process for the past five fiscal years, while Figure 4 below indicates the portion of these benefits awarded for compensatory damages, attorney's fees and lump sum payments, respectively.

Figure 4 – Monetary Benefits Awarded in the Formal Complaint Stage FY 2008 – FY 2012



i. Affirmation Rate of Final Agency Decisions on Appeal Fell

As demonstrated by Table 13 below, 63.9% of final agency decisions (FADs), excluding those in which an Administrative Judge issued a decision, were affirmed on appeal in FY 2012. This represents a 10.5% decrease from the FY 2011 affirmation rate and a 13.5% decrease from the FY 2008 affirmation rate.

Table 13 – Affirmation Rate of Final Agency Decisions on Appeal FY 2008 – FY2012

Fiscal Year	FADs Decided on Appeal	FADs Affirmed on Appeal	Percentage of FADs Affirmed on Appeal
FY 2008	2,473	1,828	73.9%
FY 2009	2,184	1,556	71.2%
FY 2010	2,543	1,759	69.2%
FY 2011	2,274	1,624	71.4%
FY 2012	2,471	1,578	63.9%

Some of the totals have been corrected from totals reported in previous Annual Reports.

2. EEOC Hearings and Appeals: Processing Times Increase for Hearings and Appeals

By federal regulation, EEOC becomes involved in the handling of an EEO complaint from an applicant for federal employment or a federal employee after the case initially has been processed by the employing agency and a hearing has been requested before an EEOC Administrative Judge or an appeal from a final agency action has been filed.

If a complainant requests a hearing, an EEOC Administrative Judge may oversee discovery between the parties and hold a hearing or issue a decision on the record. If a hearing is held, the Administrative Judge will hear the testimony of witnesses, review relevant evidence, and make findings of fact and conclusions of law in a decision issued to the parties. In appropriate cases, an Administrative Judge may, in lieu of holding a hearing, procedurally dismiss a case or issue a decision by summary judgment.

EEOC is also responsible for adjudicating appeals from final actions issued by federal agencies on complaints of employment discrimination. These final actions may involve an agency's decision to dismiss procedurally a complaint, a final decision on the merits of a complaint when the complainant has not requested a hearing, or a decision on whether or not to implement fully the decision of an EEOC Administrative Judge. Once appellate decisions are issued, EEOC monitors agency compliance with all orders and takes appropriate action to enforce them. EEOC's adjudicatory responsibilities also include resolving allegations of a breach of a settlement agreement involving a federal sector EEO complaint, as well as deciding petitions for review of decisions made by the Merit Systems Protection Board involving claims of discrimination and petitions for review of final grievance decisions when claims of discrimination are permitted to be raised in the grievance procedure.

In addition to, and equally important to its adjudicatory role, is EEOC's engagement in assisting federal agencies in the proactive prevention of discrimination. EEOC's Office of Federal Operations (OFO) provides outreach, technical assistance, and oversight to federal agencies, which includes conducting program reviews throughout the federal government to evaluate agencies' efforts to develop and maintain model EEO programs. OFO also monitors and evaluates agencies' activities to identify and correct barriers to equal opportunity, reasonable accommodation procedures for individuals with disabilities, and ADR programs. OFO also gathers and analyzes data provided by federal agencies on employment trends and EEO complaint processing; issues periodic reports which are publicly available; and works with individual agencies to identify both positive and negative trends in their EEO programs. In addition, through EEOC's Revolving Fund, OFO develops training and with staff from various EEOC offices

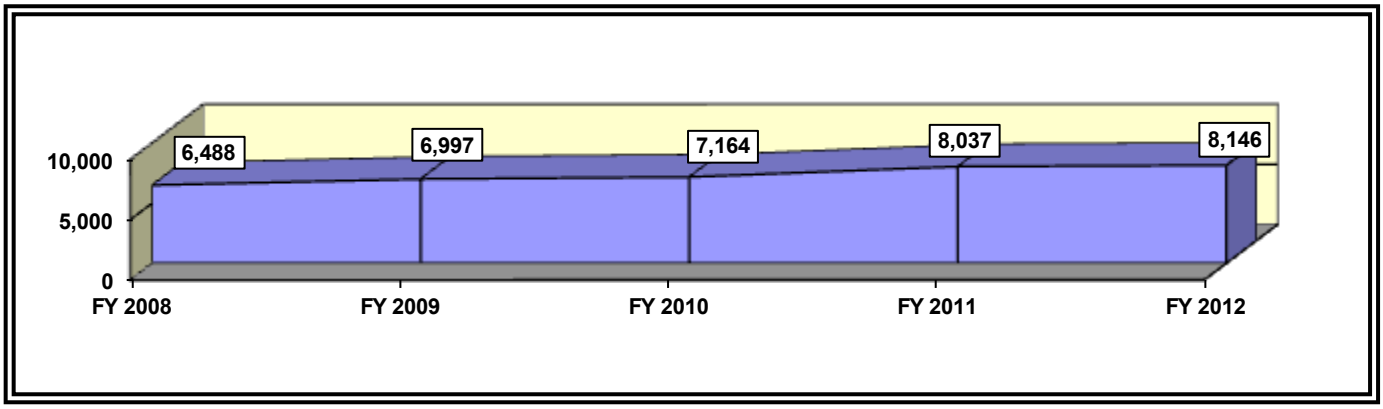
throughout the country, delivers these courses to federal agencies and other interested parties on a wide variety of federal-sector EEO topics.

a. HEARINGS

i. Hearings Inventory Continues to Rise

The year-end hearings inventory grew from 8,036 in FY 2011 to 8,146 in FY 2012, which represents an increase of 1.4%. Since FY 2008, the hearings inventory has increased 25.6%.

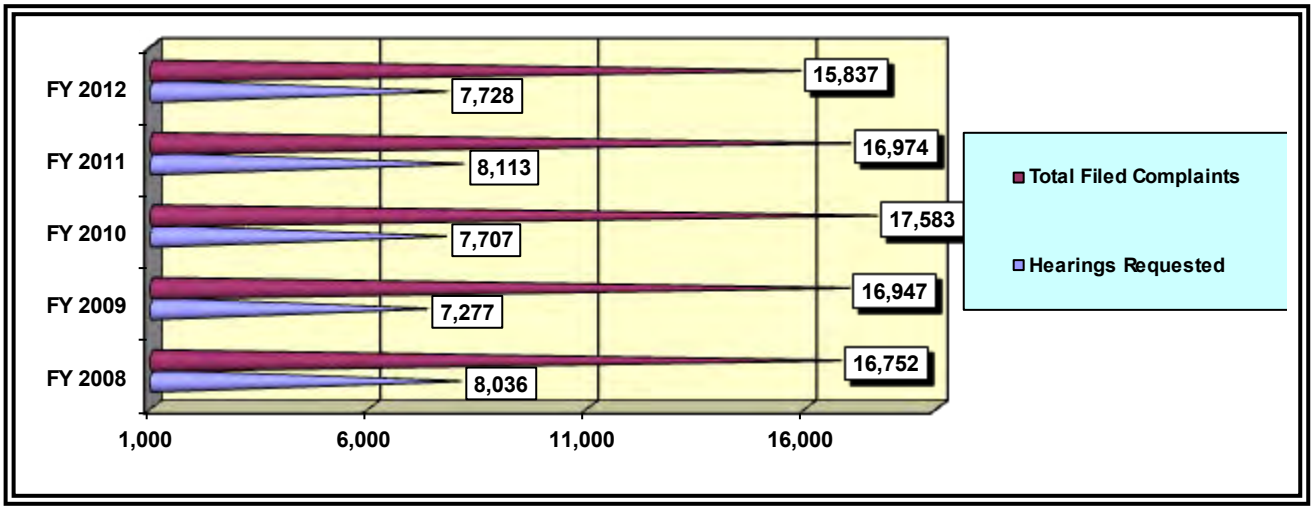
Figure 5 – Hearings Inventory FY 2008 – FY 2012



ii. Hearing Requests Decrease

Hearing requests decreased by 4.7% from 8,113 in FY 2011 to 7,728 in FY 2012, and decreased by 3.8% since FY 2008. For comparison purposes, the 7,728 hearings requested comprised 48.8% of the total complaints filed in FY 2012.

Figure 6 – Comparison of Requests for EEOC Hearings to Complaints Filed FY 2008 – FY 2012



iii. Hearing Closures

During FY 2012, EEOC's Hearings Program resolved 7,538 cases (including 28 class actions), which represents a 1.7% decrease from the 7,672 cases resolved in FY 2011 and a 5.6% increase from the 7,138 cases closed in FY 2008. Excluding the class actions, the 7,510 individual cases in FY 2012 were closed in the following manner: 9.6% were by decision following a hearing; 28.1% were by decisions on the record; 31.2% were closed by settlements; 12.3% were by procedural dismissal; and 18.9% were withdrawals. See Table 14 for a comparison of FY 2008 – FY 2012.

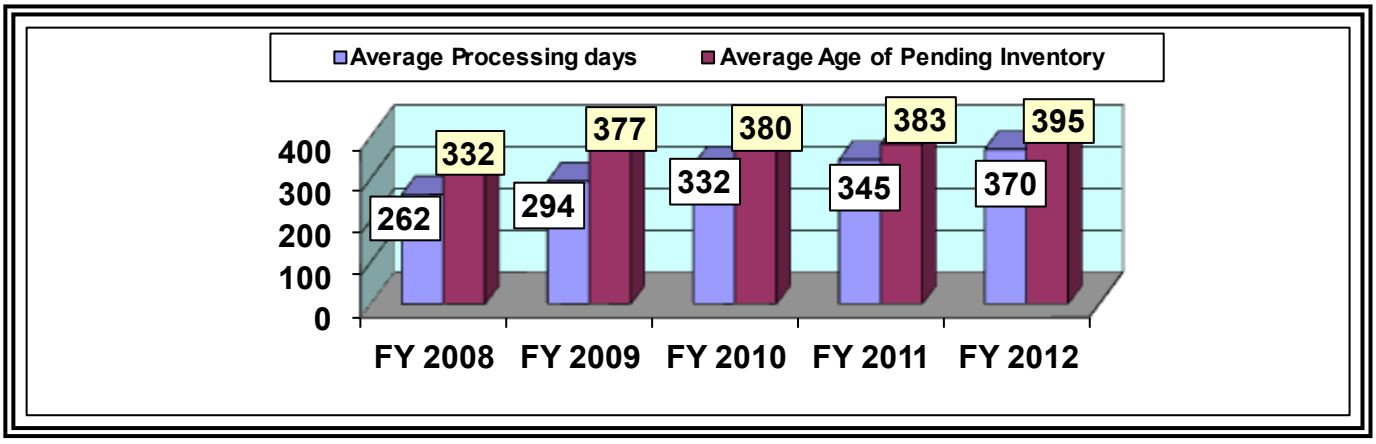
Table 14 – Hearings Program Individual Case Closures: FY 2008 – FY 2012

Closure Type	FY 2008		FY 2009		FY 2010		FY 2011		FY 2012	
	#	%	#	%	#	%	#	%	#	%
Decisions Following a Hearing	867	12.2	822	12.2	806	11.2	817	10.7	718	9.6
Decisions On the Record	1,958	27.7	1,919	28.6	2,102	29.3	2,108	27.6	2,108	28.1
Settlements	1,803	25.5	1,892	28.2	2,120	29.6	2,321	30.4	2,340	31.2
Procedural Dismissals	1,042	14.7	859	12.8	924	12.9	1,057	13.8	925	12.3
Withdrawals	1,408	19.9	1,220	18.2	1,217	16.9	1,339	17.5	1,419	18.9
Total Individual Case Closures	7,078		6,712		7,169		7,642		7,510	

iv. Average Processing Time for Hearings

The average processing time for hearing closures increased from 345 days in FY 2011 to 370 days in FY 2012, and also represents an increase from the 262 days in FY 2008. The average age of the pending inventory increased to 395 days in FY 2012 from 383 days in FY 2011, and also exceeded the 332 days in FY 2008.

Figure 7 - Average Processing Days for Hearings
FY 2008 - FY 2012



v. Agencies Challenge Findings of Discrimination

In FY 2012, EEOC Administrative Judges issued 148 decisions finding discrimination, which was 5.2% of all decisions on the merits of complaints. In comparison to the 164 decisions finding discrimination that Administrative Judges issued in FY 2011, the 148 decisions in FY 2012 represents a 9.8% decrease. Agencies may either fully implement the Administrative Judge's decision or not fully implement and simultaneously appeal the Administrative Judge's decision to the OFO. In FY 2012, agencies appealed only 1.3% of all Administrative Judge decisions. However, they appealed 20.0% of the cases where an Administrative Judge found discrimination.

Table 15 - Agency Actions on Administrative Judge Decisions FY 2008 - FY 2012

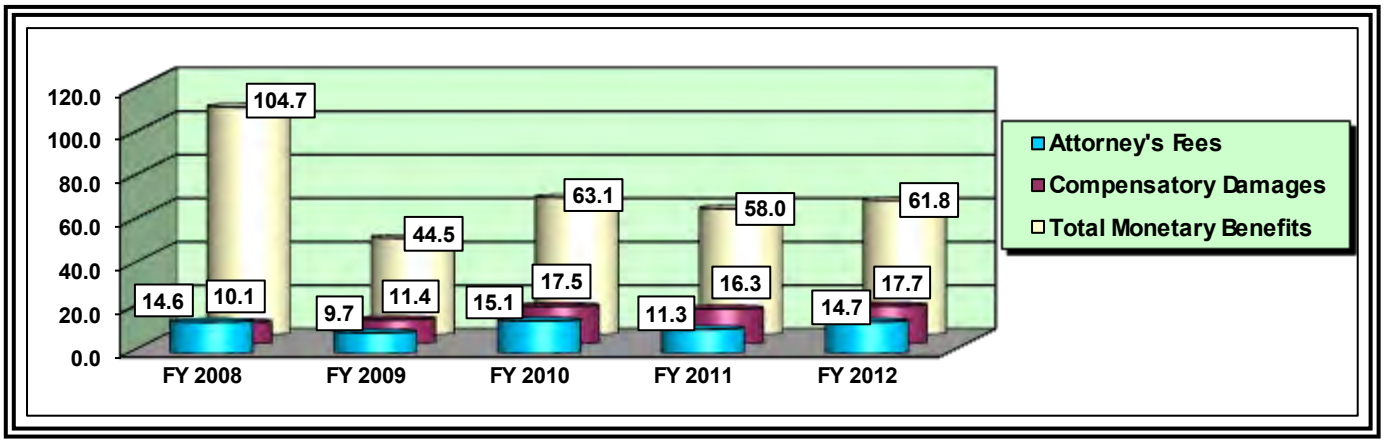
FY	Finding Discrimination[15]				Finding No Discrimination				Totals			
	Implemented		Appealed		Implemented		Appealed		Implemented		Appealed	
	#	%	#	%	#	%	#	%	#	%	#	%
2008	107	65.2%	57	34.8%	2,794	99.9%	4	0.1%	2,901	97.9%	61	2.1%
2009	103	69.6%	45	30.4%	2,606	99.9%	1	0.04%	2,709	98.3%	46	1.7%
2010	119	69.2%	53	30.8%	2,596	99.9%	3	0.12%	2,715	98.0%	56	2.0%
2011	116	72.5%	44	27.5%	2,833	94.7%	5	0.18%	2,954	98.5%	49	1.6%
2012	124	80.0%	31	20.0%	2,481	99.8%	4	0.16%	2,605	98.7%	35	1.3%

vi. Monetary Benefits Decrease at Hearings

In FY 2012, Administrative Judges' decisions and settlements at the hearings stage awarded $61.8 million in benefits, as compared to the $58 million in FY 2011 and the $104.7 million awarded in FY 2008. Note that benefits awarded by decisions of Administrative Judges at the hearings stage are preliminary, pending a decision on implementation by the agency or on appeal.

[15] These numbers do not parallel Administrative Judge findings of discrimination because agencies may not take final action in the same fiscal year as the decision was issued. Also, agencies may settle a complaint where the Administrative Judge has found discrimination.

Figure 8 - Monetary Benefits Awarded from Hearings (In Millions of Dollars) FY 2008 - FY 2012



The total FY 2008 award included a large class action complaint settlement.

vii. Affirmation Rate of AJ Decisions on Appeal Drops Slightly

As demonstrated by the table below, 89.3% of Administrative Judges' decisions were affirmed on appeal in FY 2012.[16] The number of appealed Administrative Judges' decisions decreased 35.4% over the five year period between FY 2008 to FY 2012; the affirmation rate also fell by 38.8% during this time period.

Table 16 – Affirmation Rate of AJ Decisions on Appeal FY 2008 - FY 2012

Fiscal Year	AJ Decisions Appealed			AJ Decisions Affirmed on Appeal			% of AJ Decisions Affirmed on Appeal		
	Total	Appeal By Agency[17]	Appeal By Appellant	Total	Appeal By Agency	Appeal By Appellant	Total	Appeal By Agency	Appeal By Appellant
2008	1,284	81	1,203	1,211	64	1,147	94.3%	79.0%	94.7%
2009	972	50	922	928	38	890	95.5%	76.0%	96.5%
2010	972	55	917	916	47	869	94.2%	85.5%	94.7%
2011	1,065	39	1,026	989	34	955	92.9%	87.2%	93.1%
2012	830	46	784	741	33	708	89.3%	71.7%	90.3%

[16] Administrative Judge's decisions reported here do not include Petitions for Enforcement or procedural cases.

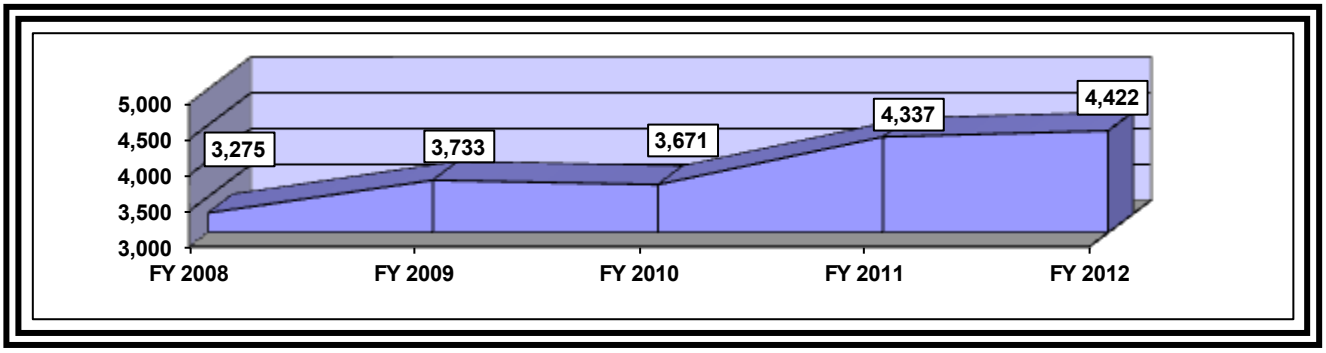
[17] "Appeal By Agency" occurs when the agency does not fully implement the Administrative Judge's decision.

b. APPEALS

i. Appeals Inventory Increases

OFO's appellate inventory, at the close of FY 2012 rose to 4,422, which represents a 1.9% increase from the 4,337 case inventory at the close of FY 2011 and a 35% increase from the 3,275 case inventory at the close of FY 2008.

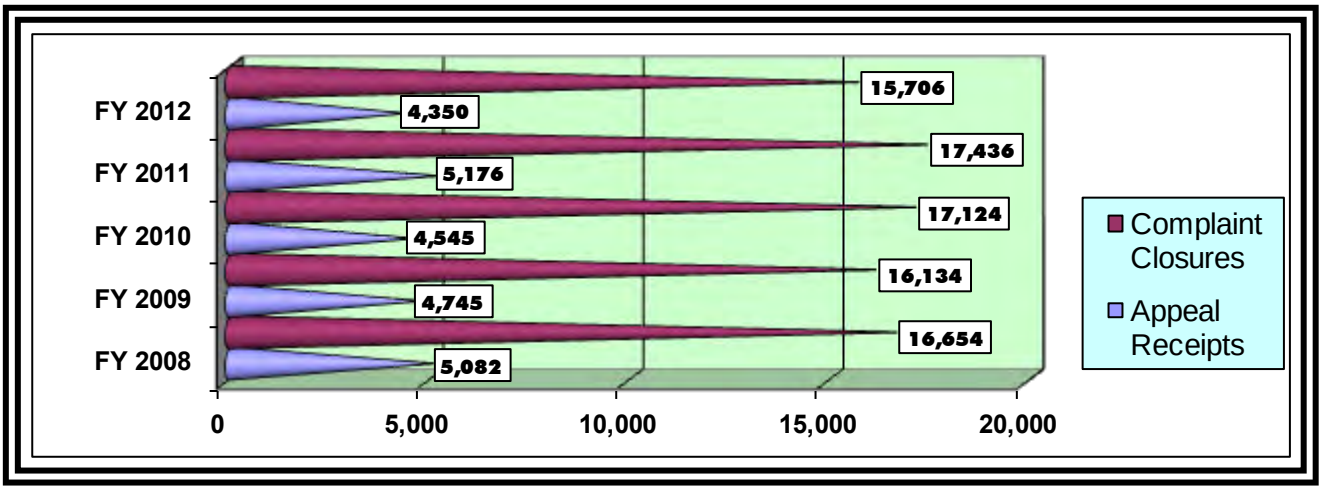
Figure 9 - Appellate Inventory FY 2008 - FY 2012



ii. Appeal Receipts On the Decline

OFO received 4,350 appeals in FY 2012, representing a 15.9% decrease from the 5,176 appeals filed in FY 2011. FY 2012 appeal receipts represented a 14.4% decrease from the 5,082 appeals received in FY 2008. In FY 2012, 27.7% of closed complaints were appealed, which was less than the 30.5% in FY 2008.

Figure 10 – Comparison of Appeals Receipts to Complaint Closures FY 2008 - FY 2012



iii. Appeal Closures Down

OFO closed a total of 4,265 appellate cases in FY 2012, slightly fewer than the 4,510 appellate cases closed in FY 2011. Of the FY 2012 closed cases, 2,830 (66.4%) alleged violations of Title VII; 1,077 (25.3%) involved the Rehabilitation Act; 1,052 (24.7%) alleged violations of the ADEA; and 17 (0.4%) involved the Equal Pay Act of 1963. In FY 2011, OFO closed a total of 4,510 appellate cases, of which 2,793 were Title VII cases (61.9%); 1,212 involved the Rehabilitation Act (26.9%); 1,084 alleged violations of the ADEA (24.0%); and 16 involved the Equal Pay Act of 1963 (0.4%).[18] See Figure 11 for the appeal closures from FY 2008 to FY 2012.

Figure 11 - Appeal Closures FY 2008 - FY 2012

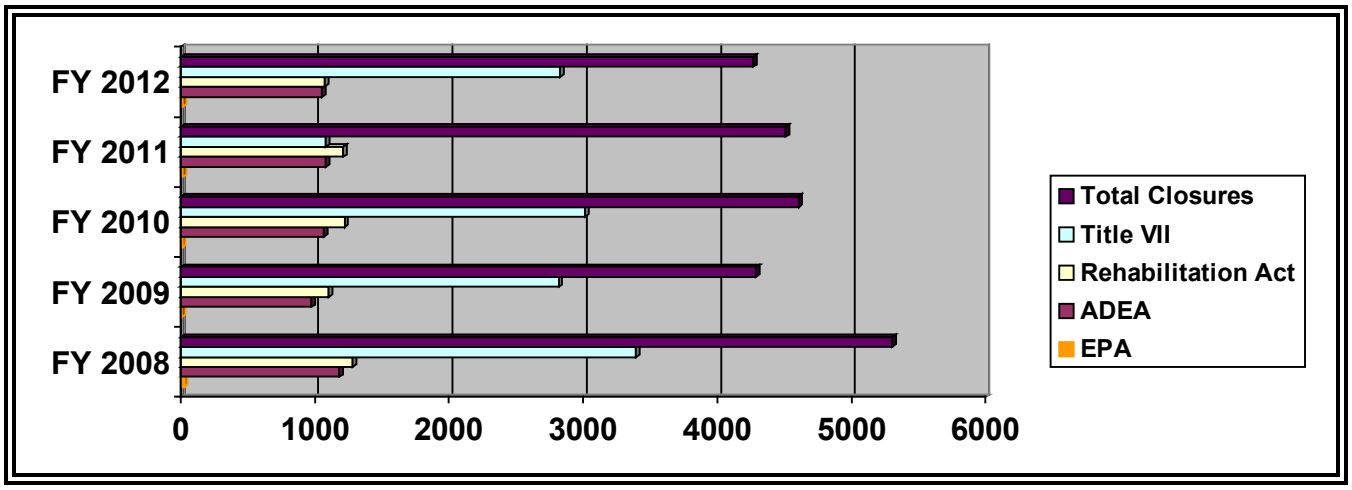


Table 17 below provides a breakdown by appeal type of all FY 2012 appellate receipts and closures.

Table 17 - Types of Receipts and Appeals FY 2012

Types of Appeals	Receipts		Closures	
	#	% of Total	#	% of Total
Total	4,350		4,265	
Initial Appeals from Complainants	3,577	82.2	3,613	84.7
Initial Appeals from Agencies	41	0.9	52	1.2
Petitions to Review MSPB Decisions	69	1.6	52	1.2
Appeals from a Grievance/Arbitration of FLRA Decisions	7	0.2	10	0.2
Petitions for Enforcement	13	0.3	10	0.2
Requests for Reconsiderations	643	14.8	528	12.4

[18] The number and percentage of resolutions by statute is greater than the number of cases closed, because one or more statutory bases may be alleged in each appeal.

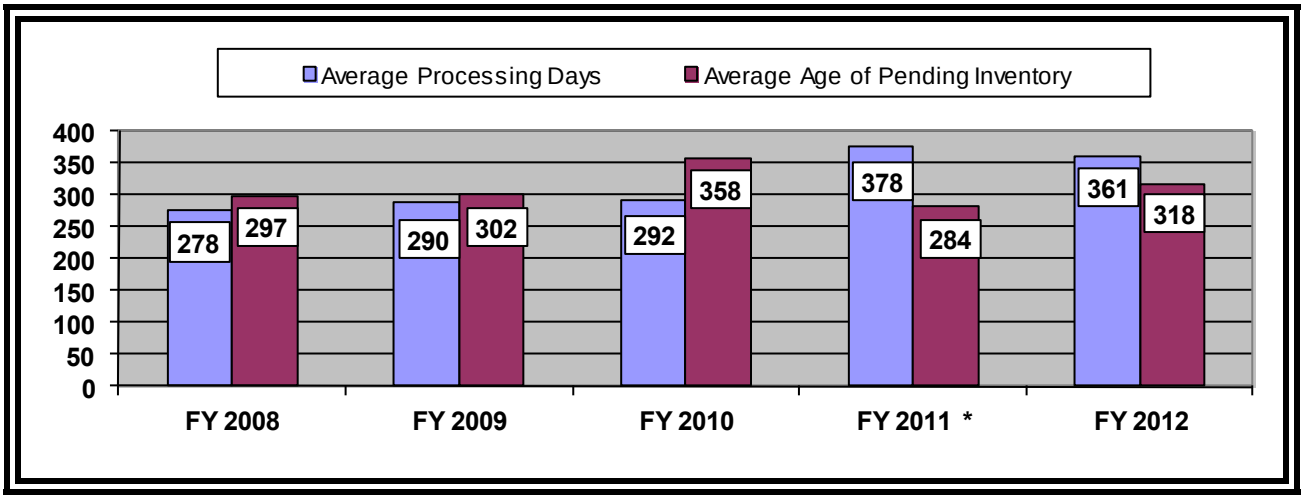
In FY 2012, OFO closed 1,735 appeals addressing the merits of the underlying discrimination claims, and made a total of 109 findings of discrimination, which represents 6.3% of the total. By comparison, in FY 2011, OFO closed 1,960 appeals addressing the merits of the underlying discrimination claims, and made a total of 87 findings of discrimination, which represented 4.4% of the total. In FY 2012, OFO reversed 31.5% of the 2,209 appeals of procedural dismissals.

iv. Average Processing Time of Appeal Closures

The average processing time for appeal closures fell to 361 days in FY 2012, representing a 4.5% decrease from 378 days in FY 2011 and a 29.9% increase from 278 days in FY 2008.

OFO resolved 2,258 (52.9%) of the 4,265 appeals closed in FY 2012 within 180 days. The average age of the pending inventory at the end of FY 2012 was 318 days, a 11.9% increase from the 284 day average age at the end of FY 2011 and a 7.1% increase from the 297 day average age of the open inventory at the end of FY 2008.

Figure 12 - Average Processing Days on Appeal
FY 2008 - FY 2012



*During FY 2011 OFO closed substantially more aged appeals than in recent fiscal years, resulting in the increase to average processing time and a corresponding decrease in the average age of the pending inventory.

v. Three Most Prevalent Bases and Issues on Appeal

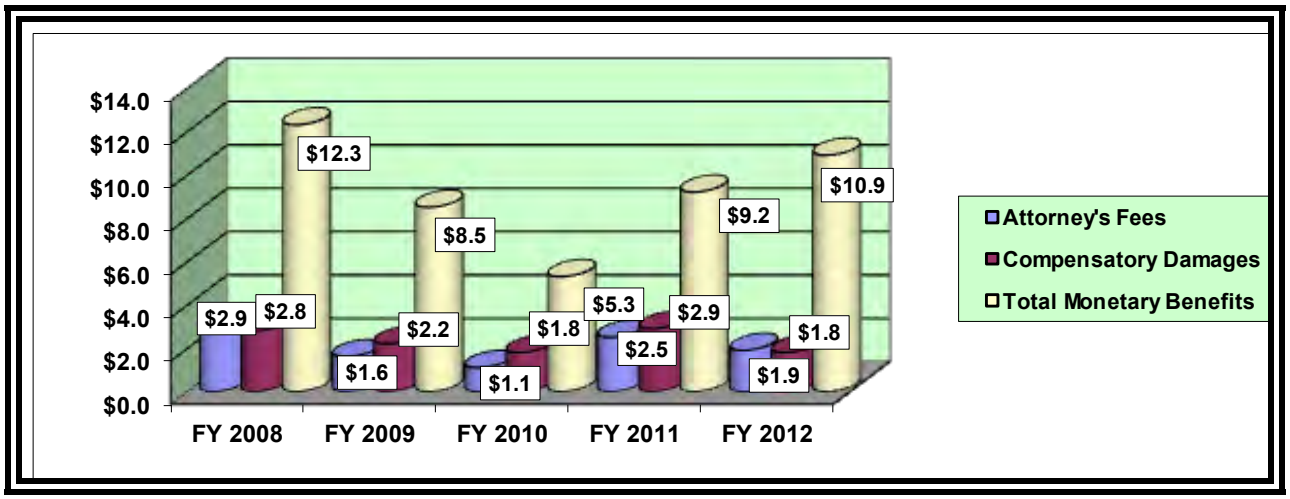
Since FY 2007, reprisal has been the top basis of discrimination alleged in closed appeals. In FY 2012, sex was the second most alleged basis, with race as the third most prevalent basis of discrimination alleged in closed appeals. Harassment,

promotion, and removal were the three most prevalent issues of discrimination alleged in closed appeals.

vi. $10.9 Million Awarded on Appeal

In FY 2012, the $10.9 million in monetary benefits awarded in compliance with appellate decisions (including settlement agreements resolving appeals) increased by 18.5% from the $9.2 million awarded in FY 2011 and a 11.4% decrease from the $12.3 million awarded in FY 2008.

Figure 13 - Monetary Benefits Awarded from Appeals[19] FY 2008 - FY 2012 (In Millions of Dollars)



vii. Training and Outreach Conducted By EEOC

In FY 2012, EEOC staff members informed a large number of federal employees of their rights and responsibilities under the EEO process, affirmative employment programs, and laws that the Commission enforces. EEOC's proactive prevention activities targeted multiple agencies, and provided agency managers and supervisors with a better understanding of how to prevent employment discrimination within their workplace. OFO staff members, as well as staff from various EEOC offices throughout the country provided these training sessions.

Specifically, staff members conducted 95 training sessions reaching 2,440 federal employees, including 154 new EEO counselors, 150 new EEO investigators, and 249 EEO professionals in affirmative employment programs.

[19] It should be noted that Hearings Benefits should not be added to Appeals Benefits for a grand total, as Hearings Benefits are only preliminary.

In an ongoing effort to provide the federal sector EEO community and stakeholders with timely and accurate information, OFO staff members responded to more than 8,168 calls concerning the federal sector EEO complaint process.

The Commission's training and outreach information can be found at http://www.eeoc.gov/federal/training/index.cfm.

Section C - Responsiveness and Legal Compliance

The sixth MD-715 element, "Responsiveness and Legal Compliance," encompasses agencies' timely filing of required reports with EEOC and timely compliance with EEOC's issued orders.

1. 92% of Submitted EEOC Form 462 Reports Were Timely

EEOC regulation 29 C.F.R. § 1614.602(a) requires agencies to report to the EEOC information concerning pre-complaint counseling, ADR, and the status, processing, and disposition of complaints at such times and in such manner as the Commission prescribes.

The requirement to file an EEOC Form 462 Report applies to all federal agencies and departments covered by 29 C.F.R. Part 1614, as defined in 29 C.F.R. § 1614.103(b). This includes Executive agencies as defined in 5 U.S.C. 105, military departments as defined in 5 U.S.C. 102, the Government Printing Office, the Postal Regulatory Commission, the Smithsonian Institution, the Tennessee Valley Authority, the United States Postal Service, and those units of the judicial branch of the federal government having positions in the competitive service. All covered agencies must file Form 462 Reports with the Commission. EEOC Form 462 Reports are due on or before October 31st of each year.

In FY 2012, 90 or 91.8% of the 98 agencies (with 100 or more employees) timely submitted the EEOC Form 462 Report, up from the 90.1% timely submitted in FY 2011. In FY 2008 EEOC made the report submission paperless for agencies by assigning a unique personal identification number (PIN) to agency EEO Directors for use as their signatures. The PIN needed to be entered on the secure web site by the November 5nd deadline to be considered timely.[20] See Appendix III for the list of agencies' FY 2012 report submission times.

[20] The deadline set by the Commission is October 31st, however due to severe weather the deadline was extended to November 5th, 2012.

II. PROFILES FOR SELECTED FEDERAL AGENCIES

What follows are individual profiles of federal agencies with a total work force of 500 or more employees. These profiles of selected indicators were created from data submitted by agencies in annual EEOC Form 462 reports.

The profiles contain a number of measures related to the agencies' EEO complaint activities, including the number of complaints filed, complainants, closed complaints, merit decisions, findings of discrimination, and settlements. Also included are timeliness measures for various stages of EEO complaint processing and some of the costs associated with the process. EEOC relies on each agency to provide accurate and reliable data for its complaint processing program. Although the EEOC reviews and analyzes the data submitted, each agency remains ultimately responsible for the accuracy of its own data.

Finally, each profile offers data concerning an agency's success in implementing ADR activities at the pre-complaint and formal complaint stages of the discrimination complaint process. EEOC is firmly committed to using ADR to resolve workplace disputes. Used properly and in appropriate circumstances, ADR can provide faster and less expensive results while at the same time improving workplace communication and morale.

List of Agencies Included in the Agency Profile Section

In addition to the government-wide profile, the following agencies have profiles listed alphabetically in this part:

APPENDIX I

APPENDIX I

GLOSSARY / DEFINITIONS

Administrative Support Workers - See "Occupational Categories."

Affirmation Rate – The percentage of appeal closures that were affirmed by the EEOC.

ADR Closures – The number of counselings or complaints that completed the ADR process during the fiscal year.

ADR Offer Rate - The percentage of completed/ended counselings or the complaint closures that received an ADR offer.

ADR Participation Rate - The percentage of completed/ended counseling or the complaint closures where both parties agreed to participate in ADR.

ADR Resolution Rate - The percentage of ADR closures that were resolved by either settlement or withdrawal from the EEO process.

Agency – Military departments as defined in Section 102 of Title 5, U.S. Code and executive agencies as defined in Section 105 of Tile 5, U.S. Code, the United States Postal Service, the Postal Regulatory Commission, the Tennessee Valley Authority, those units of the legislative and judicial branches of the Federal government having positions in the competitive service, the National Oceanic and Atmospheric Administration Commissioned Corps, the Government Printing Office and the Smithsonian Institution (including those with employees and applicants for employment who are paid from non-appropriated funds).

Annual Reports - Reports required to be submitted to EEOC on agencies' affirmative employment program accomplishments pursuant to EEOC Management Directive 715.

Appeal Closures – The number of appeals decided by the EEOC during the fiscal year.

Appeal Receipts – The number of appeals filed with the EEOC during the fiscal year.

Appeals Inventory – The number of appeals on hand at the end of the fiscal year.

Average Age of Open Pending Inventory – Average number of days of all complaints, hearings or appeals which are not yet resolved at the end of the reporting period.

Average Processing Time – The total number of days divided by the number of investigations, complaint closures, hearing closures, or appeal closures.

Central Personnel Data File (CPDF) - This is a computer data file created and maintained by the OPM. The file is based on personnel action information submitted directly to the OPM by Executive Branch federal agency appointing offices, and is updated monthly. Some Executive Branch agencies do not submit data to the CPDF including the following: the Tennessee Valley Authority, United States Postal Service, Army & Air Force Exchange Service, Central Intelligence Agency, Defense Intelligence Agency, National Geospatial-Intelligence Agency, and the National Security Agency.

Civilian Labor Force (CLF) - Data derived from the decennial census reflecting persons, 16 years of age or older who were employed or seeking employment, excluding those in the Armed Services. CLF data used in this report is based on the 2000 Census.

Complainants – Individuals, either employees or applicants, who filed a formal complaint against a federal agency during the fiscal year.

Complaint Closures – The number of complaints that were completed in the formal complaint process during the fiscal year.

Complainant Rate – The percentage of individuals who filed a complaint per the total work force.

Complaints Filed – The number of complaints that were filed against the federal government during the fiscal year.

Completed/Ended Counselings – The number of counselings which were concluded/closed, either by a written settlement agreement, a written withdrawal from the counseling process, the issuance of a notice of right to file a formal complaint, the forwarding of a counseling to an Administrative Judge when requested/ordered by the Administrative Judge, or the filing of a complaint after the regulatory counseling period has expired even though not all counseling duties have been performed during the fiscal year.

Counseling Rate – The percentage of individuals who completed counseling per the total work force.

Counselings Initiated – The number of new counselings that began during the current fiscal year.

Craft Workers - See "Occupational Categories."

Data from 2000 Census Special EEO File - Data derived from the 2000 decennial census (www.census.gov/eeo2000/).

Decision to File Complaint Pending – The number of completed counselings in which (1) the agency did not receive a complaint, and (2) the 15-day period for filing a complaint had not expired at the end of the fiscal year.

Disability - A physical or mental impairment that substantially limits one or more major life activities.

Dismissals – An agency's final action on a complaint of discrimination which meets the criteria set forth in 29 C.F.R. § 1614.107(a).

EEOC Form 462 Report – The document in which federal agencies report their discrimination complaint process statistics by October 31st of each year.

Federal Wage System Positions - Positions OPM classifies as those whose primary duty involves the performance of physical work which requires a knowledge or experience of a trade, craft, or manual-labor work.

Final Agency Actions – An agency's final action on a complaint of discrimination, which includes a final agency decision, a final order implementing an EEOC Administrative Judge's decision or a final determination on a breach of settlement agreement claim.

General Schedule Positions - Positions OPM classifies as those whose primary duty requires knowledge or experience of an administrative, clerical, scientific, artistic, or technical nature.

Hearing Closures – The number of hearings decided by EEOC Administrative Judges during the fiscal year.

Hearing Requests – The number of hearings requested by complainants during the fiscal year.

Hearings Inventory – The number of hearing requests on hand at the end of the fiscal year.

Investigations – The number of agency reviews or inquiries into claims of discrimination raised in an EEO complaint, resulting in a report of investigation.

Laborers and Helpers - See "Occupational Categories."

Lump Sum Payment - A single payment made in a settlement which does not identify the portion of the amount paid for back pay, compensatory damages, attorney fees, etc.

Major Occupations – Agency occupations that are mission related and heavily populated relative to other occupations within the agency.

Merit Decisions – Decisions that determine whether or not discrimination was proven. (issued by either a federal agency or an EEOC administrative judge).

MD-110 - EEO Management Directive 110 provides policies, procedures and guidance relating to the processing of employment discrimination complaints governed by the Commission's regulations in 29 CFR Part 1614.

MD-715 – EEO Management Directive 715 describes program responsibilities and reporting requirements relating to agencies' EEO programs.

MD-715 Report – The document which agencies use to annually report the status of its activities undertaken pursuant to its EEO program under Title VII of the Civil Rights Act of 1964 and its activities undertaken pursuant to its affirmative action obligations under the Rehabilitation Act of 1973.

Monetary Benefits – A payment that an agency agreed to provide in a settlement agreement, a final agency decision finding discrimination, a final order agreeing to fully implement an EEOC Administrative Judge's decision containing a payment award, or in compliance with an Office of Federal Operations' appellate decision which ordered a payment award.

No Complaint Filed – Occurs when: (1) agency issues a Notice of Right to File Letter and does not receive a formal complaint within 15 days; or (2) the individual notifies the agency in writing that s/he is withdrawing from counseling.

Occupational Categories - The occupational categories for the EEO-9 are as follows:

> **Administrative Support Workers** - Includes all clerical-type work regardless of level of difficulty, where the activities are predominantly non-manual though some manual work not directly involved with altering or transporting the products is included. Includes: bookkeepers, collectors (bills and accounts), messengers and office helpers, office machine operators (including computer), shipping and receiving clerks, stenographers, typists and secretaries, telegraph and telephone operators, legal assistants, and kindred workers.
>
> **Craft Workers** - Manual workers of relatively high skill level having a thorough and comprehensive knowledge of the processes involved in their work. Exercise considerable independent judgment and usually receive an extensive period of training. Includes: the building trades, hourly paid supervisors and lead operators who are not members of management, mechanics and repairers, skilled machining occupations, compositors and typesetters, electricians, engravers, painters (construction and maintenance), motion picture projectionists, pattern and model makers, stationary engineers, tailors, arts occupations, hand painters, coaters, bakers, decorating occupations, and kindred workers.

Laborers and Helpers - Workers in manual occupations which generally require no special training who perform elementary duties that may be learned in a few days and require the application of little or no independent judgment. Includes: garage laborers, car washers and greasers, grounds keepers and gardeners, farm workers, stevedores, wood choppers, laborers performing lifting, digging, mixing, loading and pulling operations, and kindred workers.

Officials and Managers - Occupations requiring administrative and managerial personnel who set broad policies, exercise overall responsibility for execution of these policies, and direct individual offices, programs, divisions or other units or special phases of an agency's operations. In the federal sector, this category is further broken down into four sub-categories: (1) Executive/Senior Level - includes those at the GS-15 grade or in the career Senior Executive Service, (2) Mid-Level - includes those at the GS-13 or 14 grade, (3) First-Level - includes those at or below the GS-12 grade and (4) Other - includes employees in a number of different occupations which are primarily business, financial and administrative in nature, and do not have supervisory or significant policy responsibilities, such as Administrative Officers.

Operatives - Workers who operate machine or processing equipment or perform other factory-type duties of intermediate skill level which can be mastered in a few weeks and require only limited training. Includes: apprentices (auto mechanics, plumbers, bricklayers, carpenters, electricians, machinists, mechanics, building trades, printing trades, etc.), operatives, attendants (auto service and parking), blasters, chauffeurs, delivery workers, sewers and stitchers, dryers, furnace workers, heaters, laundry and dry cleaning operatives, milliners, mine operatives and laborers, motor operators, oilers and greasers (except auto), painters (manufactured articles), photographic process workers, truck and tractor drivers, knitting, looping, taping and weaving machine operators, welders and flame cutters, electrical and electronic equipment assemblers, butchers and meat cutters, inspectors, testers and graders, hand packers and packagers, and kindred workers.

Professionals - Occupations requiring either college graduation or experience of such kind and amount as to provide a comparable background.

Technicians - Occupations requiring a combination of basic scientific knowledge and manual skill which can be obtained through two years of post high school education, such as is offered in many technical institutes and junior colleges, or through equivalent on-the-job training.

Sales - Occupations engaging wholly or primarily in direct selling.

Service Workers - Workers in both protective and non-protective service occupations.

Officials and Managers - See "Occupational Categories."

Operatives - See "Occupational Categories."

Other Pay System Positions – Those positions in alternative pay plans based on performance, like pay-banding, and market-based pay systems that are not easily converted to General Schedule and Related.

Outreach - Presentations and participation in meetings, conferences and seminars with employee and employer groups, professional associations, students, non-profit entities, community organizations and other members of the general public to provide general information about the EEOC, its mission, the employment discrimination laws enforced by EEOC and the complaint process.

Participation Rate - The extent to which members of a specific demographic group are represented in an agency's work force.

Permanent Work Force - Full-time, part-time and intermittent employees of a particular agency. For purposes of this Report, those persons employed as of September 30, 2011.

Professionals - See "Occupational Categories."

Race/Ethnicity -

American Indian or Alaska Native - All persons having origins in any of the original peoples of North and South America (including Central America), and who maintain cultural identification through tribal affiliation or community recognition.

Asian - All persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American (Not of Hispanic Origin) - All persons having origins in any of the Black racial groups of Africa.

Hispanic or Latino - All persons of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

Native Hawaiian or Other Pacific Islander – All persons having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White (Not of Hispanic Origin) - All persons having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Persons of Two or More Races – All persons who identify with two or more of the above race categories.

Reportable Disability - Any self-identified disability reported by an employee to the employing agency.

Sales Workers - See "Occupational Categories."

Second Level Reporting Component - A subordinate component of a Federal agency which has 1,000 or more employees and which is required to file EEOC FORM 715-01 with the EEOC. While many Federal agencies have subordinate components, not every subordinate component is a Second Level Reporting Component for purposes of filing EEOC FORM 715-01. A list of Federal agencies and departments covered by MD-715 and Second Level

Reporting Components is posted on the EEOC's website at: Department or Agency List with Second Level Reporting Components.

Senior Pay Level Positions - Positions which include the career Senior Executive Service, Executive Schedule, Senior Foreign Service, and other employees earning salaries above grade 15 in the General Schedule in leadership positions.

Service workers - See "Occupational Categories."

Settlements – Where an agency agrees to award monetary or non-monetary benefits to an individual who agreed either to not file a formal complaint or to withdraw a formal complaint.

Targeted Disabilities - Those disabilities that the federal government, as a matter of policy, has identified for special emphasis. The targeted disabilities (and the codes that represent them on the Office of Personnel Management's Standard Form 256) are: hearing 18 (previously deafness (16 and 17)); vision 21 (previously blindness (23 and 25)); missing extremities 30 (previously 28 and 32 through 38); partial paralysis 69 (previously 64 through 68); complete paralysis 79 (previously 71 through 78); epilepsy 82 (previously convulsive disorders (82)); severe intellectual disability 90 (previously mental retardation (90)); psychiatric disability 91 (previously mental illness (91)); and dwarfism 92 (previously distortion of limb and/or spine (92))."

Technicians - See "Occupational Categories."

Temporary Work Force –Employees in positions established for a limited period of time, usually for less than a year.

Training – The process of educating managers and employees on the laws enforced by EEOC and how to prevent and correct discrimination in the workplace and educating EEO professionals in carrying out the agency's equal opportunity responsibilities.

Total Work Force - All employees of an agency subject to 29 C.F.R. Part 1614 regulations, including temporary, seasonal and permanent employees. Total Work Force numbers in Part I, Sections A-D are as reported in the OPM's CPDF. Total Work Force numbers in Part I, Section E are as reported by agencies in their EEO Form 462 Reports.

Withdrawals – An election to end the EEO process during the formal complaint stage.

APPENDIX II

APPENDIX II

FEDERAL SECTOR EEO COMPLAINT PROCESSING PROCEDURES

A. Contact EEO Counselor

Aggrieved persons who believe they have been discriminated against must contact an agency EEO counselor prior to filing a formal complaint. The person must initiate counselor contact within 45 days of the matter alleged to be discriminatory. 29 C.F.R. Section 1614.105(a)(1). This time limit shall be extended where the aggrieved person shows that: he or she was not notified of the time limits and was not otherwise aware of them; he or she did not and reasonably should not have known that the discriminatory matter occurred; despite due diligence he or she was prevented by circumstances beyond his or her control from contacting the counselor within the time limits. 29 C.F.R. Section 1614.105(a)(2).

B. EEO Counseling

EEO counselors provide information to the aggrieved individual concerning how the federal sector EEO process works, including time frames and appeal procedures, and attempt to informally resolve the matter. At the initial counseling session, counselors must advise individuals in writing of their rights and responsibilities in the EEO process, including the right to request a hearing before an EEOC Administrative Judge or an immediate final decision from the agency following its investigation of the complaint. Individuals must be informed of their right to elect between pursuing the matter in the EEO process under part 1614 and a grievance procedure (where available) or the Merit Systems Protection Board appeal process (where applicable). The counselor must also inform the individuals of their right to proceed directly to court in a lawsuit under the Age Discrimination in Employment Act, of their duty to mitigate damages, and that only claims raised in pre-complaint counseling or claims like or related to those raised in counseling may be alleged in a subsequent complaint filed with the agency. 29 C.F.R. Section 1614.105(b)(1).

Counseling must be completed within 30 days of the date the aggrieved person contacted the agency's EEO office to request counseling. If the matter is not resolved in that time period, the counselor must inform the individual in writing of the right to file a discrimination complaint. This notice ("Notice of Final Interview") must inform the individual that a complaint must be filed within 15 days of receipt of the notice, identify the agency official with whom the complaint must be filed, and of the individual's duty to inform the agency if he or she is represented. 29 C.F.R. Section 1614.105(d). The 30-day counseling period may be extended for an additional 60 days: (1) where the individual agrees to such extension in writing; or (2) where the aggrieved person chooses to participate in an ADR procedure. If the claim is not resolved before the 90th

day, the Notice of Final Interview described above must be issued to the individual. 29 C.F.R. Section 1614.105(e), (f). When a complaint is filed, the EEO counselor must submit a written report to the agency's EEO office concerning the issues discussed and the actions taken during counseling. 29 C.F.R. Section 1614.105(c).

C. Alternative Dispute Resolution (ADR)

Beginning January 1, 2000, all agencies were required to establish or make available an ADR program. Such program must be available for both the pre-complaint process and the formal complaint process. 29 C.F.R. Section 1614.102(b)(2). At the initial counseling session, counselors must advise individuals that, where an agency agrees to offer ADR in a particular case, the individual may choose between participation in the ADR program and EEO counseling. 29 C.F.R. Section 1614.105(b)(2). As noted above, if the matter is not resolved in the ADR process within 90 days of the date the individual contacted the agency's EEO office, a Notice of Final Interview must be issued to the individual giving him or her the right to proceed with a formal complaint.

D. Complaints

A complaint must be filed with the agency that allegedly discriminated against the complainant within 15 days of receipt of the Notice of Final Interview. The complaint must be a signed statement from the complainant or the complainant's attorney, containing the complainant's (or representative's) telephone number and address, and must be sufficiently precise to identify the complainant and the agency, and describe generally the action or practice which forms the basis of the complaint. 29 C.F.R. Section 1614.106.

A complainant may amend a complaint at any time prior to the conclusion of the investigation to include issues or claims like or related to those raised in the complaint. After requesting a hearing, a complainant may file a motion with the AJ to amend a complaint to include issues or claims like or related to those raised in the complaint. 29 C.F.R. Section 1614.106(d).

The agency must acknowledge receipt of the complaint in writing and inform the complainant of the date on which the complaint was filed, of the address of the EEOC office where a request for a hearing should be sent, that the complainant has the right to appeal the agency's final action or dismissal of a complaint, and that the agency must investigate the complaint within 180 days of the filing date. The agency's acknowledgment must also advise the complainant that when a complaint has been amended, the agency must complete the investigation within the earlier of: (1) 180 days after the last amendment to the complaint; or (2) 360 days after the filing of the original complaint. A complainant may request a hearing from an EEOC AJ on the

consolidated complaints any time after 180 days from the date of the first filed complaint. 29 C.F.R. Section 1614.106(e).

E. Dismissals of Complaints

Prior to a request for a hearing, in lieu of accepting a complaint for investigation, an agency may dismiss an entire complaint for any of the following reasons: (1) failure to state a claim, or stating the same claim that is pending or has been decided by the agency or the EEOC; (2) failure to comply with the time limits; (3) filing a complaint on a matter that has not been brought to the attention of an EEO counselor and which is not like or related to the matters counseled; (4) filing a complaint which is the basis of a pending civil action, or which was the basis of a civil action already decided by a court; (5) where the complainant has already elected to pursue the matter through either the negotiated grievance procedure or in an appeal to the Merit Systems Protection Board; (6) where the matter is moot or merely alleges a proposal to take a personnel action, unless the complaint alleges the proposal or preliminary step is retaliatory; (7) where the complainant cannot be located; (8) where the complainant fails to respond to a request to provide relevant information; (9) where the complaint alleges dissatisfaction with the processing of a previously filed complaint; (10) where the complaint is part of a clear pattern of misuse of the EEO process for a purpose other than the prevention and elimination of employment discrimination. 29 C.F.R. Section 1614.107.

If an agency believes that some, but not all, of the claims in a complaint should be dismissed for the above reasons, it must notify the complainant in writing of the rationale for this determination, identify the allegations which will not be investigated, and place a copy of this notice in the investigative file. This determination shall be reviewable by an EEOC AJ if a hearing is requested on the remainder of the complaint, but is not appealable until final action is taken by the agency on the remainder of the complaint. 29 C.F.R. Section 1614.107(b).

F. Investigations

Investigations are conducted by the respondent agency. The agency must develop an impartial and appropriate factual record upon which to make findings on the claims raised by the complaint. An appropriate factual record is defined in the regulations as one that allows a reasonable fact finder to draw conclusions as to whether discrimination occurred. 29 C.F.R. Section 1614.108(b).

The investigation must be completed within 180 days from the filing of the complaint.[21] A copy of the investigative file must be provided to the complainant, along with a notification that, within 30 days of receipt of the file, the complainant has the right to request a hearing and a decision from an EEOC AJ or may request an immediate final decision from the agency. 29 C.F.R. Section 1614.108(f). Where an agency is unable to complete the investigation within the prescribed timeframes, it must issue a written notice to complainant informing that the investigation is not complete, an estimated time it believes the investigation will be complete and explain that complainant may request a hearing or file a civil action in an appropriate US District Court if s/he does not wish to wait for the agency to complete its investigation. 29 C.F.R. Section 1614.108(g)

An agency may make an offer of resolution to a complainant who is represented by an attorney at any time after the filing of a complaint, but not later than the date an AJ is appointed to conduct a hearing. An agency may make an offer of resolution to a complaint, represented by an attorney or not, after the parties have received notice than an administrative judge has been appointed to conduct a hearing, but not later than 30 days prior to a hearing.

Such offer of resolution must be in writing and include a notice explaining the possible consequences of failing to accept the offer. If the complainant fails to accept the offer within 30 days of receipt, and the relief awarded in the final decision on the complaint is not more favorable than the offer, then the complainant shall not receive payment from the agency of attorney's fees or costs incurred after the expiration of the 30-day acceptance period. 29 C.F.R. Section 1614.109(c).

G. Hearings

Requests for a hearing must be sent by the complainant to the EEOC office indicated in the agency's acknowledgment letter, with a copy to the agency's EEO office. Within 15 days of receipt of the request for a hearing, the agency must provide a copy of the complaint file to EEOC. The EEOC will then appoint an AJ to conduct a hearing. 29 C.F.R. Section 1614.108(h).

Prior to the hearing, the parties may conduct discovery. The purpose of discovery is to enable a party to obtain relevant information for preparation of the party's case. Each party initially bears their own costs for discovery. For a more

[21]The 180-day statutory period for investigating complaints can be extended to no more than 360 days if the consolidation of two or more complaints occurs. See 29 C.F.R. § 1614.606.

detailed description of discovery procedures, see EEOC Management Directive 110, Chapter 6.

Agencies provide for the attendance of all employees approved as witnesses by the AJ. Hearings are considered part of the investigative process, and are closed to the public. The AJ conducts the hearing and receives relevant information or documents as evidence. The hearing is recorded and the agency is responsible for paying for the transcripts of the hearing. Rules of evidence are not strictly applied to the proceedings. If the AJ determines that some or all facts are not in genuine dispute, he or she may limit the scope of the hearing or issue a summary judgment.

An EEOC AJ may dismiss a complaint for any of the reasons set out above under Dismissals or the AJ must conduct the hearing and issue a decision on the complaint within 180 days of receipt by the AJ of the complaint file from the agency. 29 C.F.R. Section 1614.109(b). The AJ will send copies of the hearing record, the transcript and the decision to the parties. If an agency does not issue a final order within 40 days of receipt of the AJ's decision, then the decision becomes the final action by the agency in the matter. 29 C.F.R. Section 1614.109(i).

H. Final Action by Agencies

When an AJ issues a decision (either a dismissal, a summary judgment decision or a decision following a hearing), the agency must take final action on the complaint by issuing a final order within 40 days of receipt of the hearing file and the AJ's decision. The final order must notify the complainant whether or not the agency will fully implement the decision of the AJ, and shall contain notice of the complainant's right to appeal to EEOC or to file a civil action. If the final order does not fully implement the decision of the AJ, the agency must simultaneously file an appeal with EEOC and attach a copy of the appeal to the final order. 29 C.F.R. Section 1614.110(a).

When an AJ does not issue a decision (i.e., when an agency dismisses an entire complaint under 1614.107, receives a request for an immediate final decision, or does not receive a reply to the notice providing the complainant the right to either request a hearing or an immediate final decision), the agency must take final action by issuing a final decision. The agency's final decision will consist of findings by the agency on the merits of each issue in the complaint. Where the agency has not processed certain allegations in the complaint for procedural reasons set out in 29 C.F.R. Section 1614.107, it must provide the rationale for its decision not to process the allegations. The agency's decision must be issued within 60 days of receiving notification that the complainant has requested an immediate final decision. The agency's decision must contain notice of the complainant's right to appeal to the EEOC, or to file a civil action in federal court. 29 C.F.R. Section 1614.110(b).

I. Appeals to the EEOC

Several types of appeals may be brought to the EEOC. A complainant may appeal an agency's final action or dismissal of a complaint within 30 days of receipt. 29 C.F.R. Sections 1614.401(a), 1614.402(a). A complainant may also appeal to the EEOC for a determination as to whether the agency has complied with the terms of a settlement agreement or decision. 29 C.F.R. Section 1614.504(b). A grievant may appeal the final decision of the agency, arbitrator or the FLRA on a grievance when an issue of employment discrimination was raised in the grievance procedure. 29 C.F.R. Section 1614.401(d). If the agency's final action and order do not fully implement the AJ's decision, the agency must appeal to the EEOC. 29 C.F.R. Section 1614.110(a); 29 C.F.R. Section 1614.401(b).

If the complaint is a class action, the class agent or the agency may appeal an AJ's decision accepting or dismissing all or part of the class complaint. A class agent may appeal an agency's final action or the agency may appeal the AJ's decision on a class complaint. A class member may appeal a final decision on an individual claim for relief pursuant to a finding of class-wide discrimination. Finally, either the class agent or the agency may appeal from an AJ decision on the adequacy of a proposed settlement of a class action. 29 C.F.R. Section 1614.401(c).

Appeals must be filed with EEOC's Office of Federal Operations (OFO). Any statement or brief on behalf of a complainant in support of an appeal must be submitted to OFO within 30 days of filing the notice of appeal. Any statement or brief on behalf of the agency in support of its appeal must be filed within 20 days of filing the notice of appeal. An agency must submit the complaint file to OFO within 30 days of initial notification that the complainant has filed an appeal or within 30 days of submission of an appeal by the agency. Any statement or brief in opposition to an appeal must be submitted to OFO and served on the opposing party within 30 days of receipt of the statement or brief supporting the appeal, or, if no statement or brief supporting the appeal has been filed, within 60 days of receipt of the appeal. 29 C.F.R. Section 1614.403. Federal agencies must submit all case related documentation to EEOC in an acceptable digital format and complainants are encouraged to do so. 29 C.F.R. Section 1614.403(g). EEOC has the authority to draw adverse inferences against a party failing to comply with its appeal procedures or requests for information. 29 C.F.R. Section 1614.404(c). The decision on an appeal from an agency's final action is based on a *de novo* review, except that the review of the factual findings in a decision by an AJ following a hearing is based on a substantial evidence standard of review. 29 C.F.R. Section 1614.405(a).

A party may request that EEOC reconsider its decision within 30 days of receipt of the Commission's decision. Such requests are not a second appeal, and will be granted only when the previous EEOC decision involved a clearly erroneous

interpretation of material fact or law; or when the decision will have a substantial impact on the policies, practices or operations of the agency. 29 C.F.R. Section 1614.405(b). The EEOC's decision will be based on a preponderance of the evidence. The decision will also inform the complainant of his or her right to file a civil action.

J. Civil Actions

Prior to filing a civil action under Title VII of the Civil Rights Act of 1964 or the Rehabilitation Act of 1973, a federal sector complainant must first exhaust the administrative process set out at 29 C.F.R. Part 1614. "Exhaustion," for the purposes of filing a civil action, may occur at different stages of the process. The regulations provide that civil actions may be filed in an appropriate federal court: (1) within 90 days of receipt of the final action where no administrative appeal has been filed; (2) after 180 days from the date of filing a complaint if an administrative appeal has not been filed and final action has not been taken; (3) within 90 days of receipt of EEOC's final decision on an appeal; or (4) after 180 days from the filing of an appeal with EEOC if there has been no final decision by the EEOC. 29 C.F.R. Section 1614.407.

Under the Age Discrimination in Employment Act (ADEA), an individual may proceed directly to federal court after giving the EEOC notice of intent to sue. 29 C.F.R. Section 1614.201. An ADEA complainant who initiates the administrative process in 29 C.F.R. Part 1614 may also file a civil action within the time frames noted above. 29 C.F.R. Section 1614.407.

Under the Equal Pay Act, an individual may file a civil action within 2 years (3 years for willful violations), regardless of whether he or she has pursued an administrative complaint. 29 C.F.R. Section 1614.408. Filing a civil action terminates EEOC processing of an appeal. 29 C.F.R. Section 1614.409.

K. Class Complaints

Class complaints of discrimination are processed differently from individual complaints. See 29 C.F.R. Section 1614.204. The employee or applicant who wishes to file a class complaint must first seek counseling and be counseled, just like an individual complaint. However, once counseling is completed the class complaint is not investigated by the respondent agency. Rather, the complaint is forwarded to the nearest EEOC Field or District Office, where an EEOC AJ is appointed to make a decision as to whether to accept or dismiss the class complaint. The AJ examines the class to determine whether it meets the class certification requirements of numerosity, commonality, typicality and adequacy of representation. The AJ may issue a decision dismissing the class because it fails to meet any of these class certification requirements, as well as for any of the reasons for dismissal discussed above for individual complaints.

A class complaint may begin as an individual complaint of discrimination. At a certain point, it may become evident that there are many more individuals than the complainant affected by the issues raised in the individual complaint. EEOC's regulations provide that a complainant may move for class certification at any reasonable point in the process when it becomes apparent that there are class implications to the claims raised in an individual complaint. 29 C.F.R. Section 1614.204(b).

The AJ transmits his or her decision to accept or dismiss a class complaint to the class agent and the agency. The agency must then take final action by issuing a final order within 60 days of receipt of the AJ's decision. The final order must notify the agent whether or not the agency will implement the decision of the AJ. If the agency's final order does not implement the AJ's decision, the agency must simultaneously appeal the AJ's decision to EEOC's OFO. A copy of the agency's appeal must be appended to the agency's final order. 29 C.F.R. Section 1614.204(d)(7).

A dismissal of a class complaint shall inform the class agent either that the complaint is being filed on that date as an individual complaint and processed accordingly, or that the complaint is also dismissed as an individual complaint for one of the reasons for dismissal (discussed in section E, above). In addition, a dismissal must inform the class agent of the right to appeal to EEOC's OFO or to file a civil action in federal court.

When a class complaint is accepted, the agency must use reasonable means to notify the class members of the acceptance of the class complaint, a description of the issues accepted as part of the complaint, an explanation of the binding nature of the final decision or resolution on the class members, and the name, address and telephone number of the class representative. 29 C.F.R. Section 1614.204(e). In lieu of an investigation by the respondent agency, an EEOC AJ develops the record through discovery and a hearing. The AJ then issues a recommended decision to the agency. Within 60 days of receipt of the AJ's recommended decision on the merits of the class complaint, the agency must issue a final decision which either accepts, rejects or modifies the AJ's recommended decision. If the agency fails to issue such a decision within that time frame, the AJ's recommended decision becomes the agency's final decision in the class complaint.

When discrimination is found in the final decision and a class member believes that he or she is entitled to relief, the class member may file a written claim with the agency within 30 days of receipt of notification by the agency of its final decision. The EEOC AJ retains jurisdiction over the complaint in order to resolve disputed claims by class members. The claim for relief must contain a specific showing that the claimant is a class member entitled to relief. EEOC's regulations provide that, when a finding of

discrimination against a class has been made, there is a presumption of discrimination as to each member of the class. The agency must show by clear and convincing evidence that any class member is not entitled to relief. The agency must issue a final decision on each individual claim for relief within 90 days of filing. Such decision may be appealed to EEOC's OFO, or a civil action may be filed in federal court. 29 C.F.R. Section 1614.204(l)(3).

A class complaint may be resolved at any time by agreement between the agency and the class agent. Notice of such resolution must be provided to all class members, and reviewed and approved by an EEOC AJ. If the AJ finds that the proposed resolution is not fair to the class as a whole, the AJ will issue a decision vacating the agreement, and may replace the class agent with some other eligible class member to further process the class complaint. Such decision may be appealed to EEOC. If the AJ finds that the resolution is fair to the class as a whole, the resolution is binding on all class members. 29 C.F.R. Section 1614.204(g).

L. Grievances

Persons covered by collective bargaining agreements which permit allegations of discrimination to be raised in the grievance procedure, and who wish to file a complaint or grievance on an allegation of employment discrimination, must elect to proceed either under the procedures of 29 C.F.R. Part 1614 or the negotiated grievance procedures, but not both. 29 C.F.R. Section 1614.301(a). An election to proceed under Part 1614 is made by the filing of a complaint, and an election to proceed under the negotiated grievance procedures is made by filing a grievance. Participation in the pre-complaint procedures of Part 1614 is not an election of the 1614 procedures. The election requirement does not apply to employees of agencies not covered by 5 U.S.C. Section 7121(d), notably employees of the United States Postal Service.

M. Mixed Case Complaints

Some employment actions which may be the subject of a discrimination complaint under Part 1614 may also be appealed to the Merit Systems Protection Board (MSPB). In such cases, the employee must elect to proceed with a complaint as a "mixed case complaint" under Part 1614, or a "mixed case appeal" before the MSPB. Whichever is filed first is considered an election to proceed in that forum. 29 C.F.R. Section 1614.302.

Mixed case complaints are processed similarly to other complaints of discrimination, with the following notable exceptions: (1) the agency has only 120 days from the date of the filing of the mixed case complaint to issue a final decision, and the complainant may appeal the matter to the MSPB or file a civil action any time thereafter; (2) the complainant must appeal the agency's decision to the MSPB, not the

EEOC, within 30 days of receipt of the agency's decision; (3) at the completion of the investigation the complainant does not have the right to request a hearing before an EEOC AJ, and the agency must issue a decision within 45 days. 29 C.F.R. Section 1614.302(d). Individuals who have filed either a mixed case complaint or a mixed case appeal, and who have received a final decision from the MSPB, may petition the EEOC to review the MSPB final decision.

In contrast to non-mixed matters, individuals who wish to file a civil action in mixed-case matters must file within 30 days (not 90) of receipt of: (1) the agency's final decision; (2) the MSPB's final decision; or (3) the EEOC's decision on a petition to review. Alternatively, a civil action may be filed after 120 days from the date of filing the mixed case complaint with the agency or the mixed case appeal with the MSPB if there has been no final decision on the complaint or appeal, or 180 days after filing a petition to review with EEOC if there has been no decision by EEOC on the petition. 29 C.F.R. Section 1614.310.

APPENDIX III

Appendix III

FEDERAL AGENCIES' PROGRAM STATUS

Due to weather related closures in October 2012, the Form 462 was considered timely filed if certified by appropriate agency personnel on or before November 5, 2012, unless the agency requested and was granted an extension. No additional extensions were granted for the FY 2012 Form 462 report submission.

The U.S. Equal Employment Opportunity Commission

Instructions to Federal Agencies for EEO MD-715

Guidance for Completing the EEOC FORM 715-01 Workforce Data Tables

---

Introduction

The purpose of the MD 715 Workforce Data Tables is to assist agencies in identifying triggers to be explored. Agency attention should be devoted to what the compiled data reveals about the agency and its workforce. The process of barrier identification and elimination is more important than the mere completion of the workforce data tables.

The agency workforce is reviewed and generally compared to appropriate comparators to seek indications of possible triggers, which must then be investigated by the agency. All agencies are expected to investigate triggers indicating barriers for any group and report them in Form 715-01, PART I. Agencies with 1,000 or more employees are also required to describe in PART J their Special Program Plan for the Recruitment, Hiring, and Advancement of Individuals with Targeted Disabilities.

Permanent/Temporary

Tables A1, B1, A8 and B8 have separate sections for permanent and for temporary employees. Those agencies with temporary employees must file two sets of Tables A4, A5, A6, A7, B4, B5, B6, and B7, one for permanent employees, and one for temporary employees. Complete Tables A2, A3-1, A3-2, A9, A10, A11, A12, A13, A14, B2, B3-1, B3-2, B9, B10, B11, B12, B13, and B14 for permanent employees only.

Tenure codes 1 and 2 are considered permanent employee status. Any part time, intermittent, or seasonal employee with tenure code 1 or 2 is reported as permanent.

Calculating Ratios

All analysis of the data tables should be based on the ratios, not the numbers. The ratio for each group is computed by dividing the number of employees in the group by the total number of employees for that particular row. Generally, all ratios are computed **across** the row. Thus, the number of employees in the group is divided by the total number of employees in the row to get the ratio for the group.

However, in Tables A3-2, A4-2, A5-2, B3-2, B4-2 and B5-2, the distribution is computed as a ratio of the total workforce, down the Total column. The ratios for each group is computed **down** the column for that group and not across the rows.

For example, Table A4-1 depicts the total number of employees at a grade level and what percent of all employees at that grade level are represented by the particular group in the column above. Accordingly, the denominator for Table A4-1 is the total number of employees in that particular grade. Table A4-2, on the other hand, depicts what percentage of the particular group are in each grade. Thus, the denominator for Table A4-2 is the total number individuals within a particular group in the agency's workforce.

Specific Information for Each Table

The remainder of this document provides guidance for completing and analyzing each table. Employee numbers should be obtained from the agency workforce data and personnel action data. Applicant data is obtained through a separate tracking system. Ratios are calculated as described in the preceding paragraph.

Tables A1 and B1 allow agencies to examine workforce distribution for the current and prior year to determine whether the changes, including net changes, are relatively uniform or whether any group is not keeping pace with the others.

Table A1: Total Workforce - Distribution by Race/Ethnicity and Sex

Enter the current and prior year workforce numbers and percentages. Lines should total 100% **across** rows. Compute ratios by dividing the number in each group by the total for that line (in the "All" column). Numbers for Current FY Permanent, Temporary, and Non-Appropriated fund employees should total up to the numbers in the Total-Current FY row.

In the "Difference" row, enter the difference between the prior year employee numbers and the current year employee numbers. If the current year numbers are smaller, show the difference as a negative number. On the percentage line, show the difference between the ratios for the current year and the prior year.

Compute net change by dividing difference in employment numbers (current year vs prior year) by the number of employees in the prior year. If a group decreased, the net change is a negative; add a minus sign. For a detailed explanation of computing net change and examples, please see the Instructions to Federal Agencies for EEO MD 715 Section III, Page 14 of 15.

If a group has a net change lower than the net change for the total workforce, it is a trigger of the possible existence of a barrier. A current workforce ratio below the Civilian Labor Force (CLF) for any group is another trigger.

Table B1: Total Workforce - Distribution by Disability

Complete the tables and do the analysis in the same manner as for Table A1, except the ratio of employees with targeted disabilities is compared to the prior year's Federal high. (In FY 2003, the Federal high was 2.27%.) A ratio of employees with targeted disabilities below the Federal high is a trigger. A lower net change for targeted disabilities is also a trigger, indicating a possible barrier.

The purpose of **Tables A2 and B2** is to compare the permanent workforce distribution within each component with the availability rate (the Civilian Labor Force), to determine if possible hiring or retention barriers exist in specific components.

Please note that all agencies must report their components on Table 2, regardless of whether the components are included on the list of second level agencies that must report.

Table A2: Total Workforce by Component - Distribution by Race/Ethnicity and Sex

Enter total workforce distribution and distribution by component. For most agencies, components are the major agency segments. Depending on the agency, these are Regions, Bureaus, Operating Divisions, or Services, etc. Numbers for the components should total up to the Total for the agency. Ratios are computed

across rows. When one or more components has a lower ratio of a group than the other components, it is a trigger.

Table B2: Total Workforce by Component - Distribution by Disability

Complete the same way as A2. All agencies with a ratio of employees with targeted disabilities below the Federal high are expected to report barriers for this group. When one or more components has a lower ratio of employees with targeted disabilities than the other components, it is a trigger.

Tables A3 and B3 compare either: (-1) the total number of employees in an occupational category and what percentage of all employees in that occupational category are represented by the particular group; or (-2) the percentage of the particular group that are in each occupational category.

Tables A3-1 and A3-2: Occupational Categories - Distribution by Race/Ethnicity and Sex

Employees with supervisory or managerial status are reported in the first occupational category - supervisors and managers. The number and ratio of supervisors who are at GS 15 and above are listed in the first two lines. The number and ratio of supervisors in GS 13 and 14 are reported in the second two lines. The number and ratio of supervisors who are at GS 12 and below are reported in the third two lines. An agency may also choose to place employees who have significant policy-making responsibilities, but do not supervise other employees, in these three sub-categories.

The fourth sub-category, called "Other," contains employees in a number of different occupations which are primarily business, financial and administrative in nature, and do not have supervisory or significant policy responsibility. The number and ratio of employees in the "Other category (in occupational series that are in EEO category one but are not supervisors/policy makers) go in the next lines. The total for these four sub-categories is reported on the line "Officials and Managers TOTAL"

In **Table A3-1**, the ratios are computed **across** the rows, because it compares the total number of employees in an occupational category and what percentage of all employees in that occupational category are represented by the particular group. In **Table A3-2**, the ratios are computed **down** the columns because it compares the percentage of the particular group that are in each occupational category.

Tables B3-1 and B3-2: Occupational Categories - Distribution by Disability

These tables are completed in the same manner as A3-1 and A3-2, respectively. Ratios for employees with targeted disabilities are compared with ratios for employees with no disabilities. Lower ratios are triggers that must be investigated.

Tables A4 and B4 compare either: (-1) the total number of employees at a General Schedule (GS) grade level and what percentage of all employees at that GS grade level are represented by the particular group; or (-2) what percentage of the particular group are in each GS grade.

Tables A4-1 and A4-2: Participation Rates For General Schedule (GS) Grades by Race/Ethnicity and Sex

In **Table A4-1**, the ratios are computed **across** the rows, because it compares the total number of employees in a GS grade and what percentage of all employees in that grade are represented by the particular group. In **Table A4-2**, the ratios are computed **down** the columns because it compares the percentage of the particular group that are in each GS grade.

Agencies should analyze this data with an eye toward determining whether a "glass ceiling" exists for any group. In particular, low participation for a group in any of the senior grades (GS 13 and above) compared to the participation rate for the total work force in these grades is a trigger.

Tables B4-1 and B4-2: Participation Rates For General Schedule (GS) Grades by Disability

These tables are completed in the same manner as A3-1 and A3-2, respectively. Ratios for employees with targeted disabilities are compared with ratios for employees with no disabilities.

Agencies should analyze this data with an eye toward determining whether a "glass ceiling" exists for any group. In particular, low participation in any of the senior grades (GS 13 and above) compared to the participation rate for employees with no disabilities in these grades is a trigger.

Tables A5 and B5 compare either: (-1) the total number of employees at a Wage Grade level and what percentage of all employees at that Wage Grade level are represented by the particular group; or (-2) what percentage of the particular group are in each Wage Grade.

Tables A5-1 and A5-2: Participation Rates For Wage Grades by Race/Ethnicity and Sex

Complete and analyze these tables in the same manner as A4-1 and A4-2, respectively. However, if an agency has more than one wage grade system and the systems are not compatible, it will be necessary to complete additional A5-1 and A5-2 Tables for each such system.

Tables B5-1 and B5-2: Participation Rates For Wage Grades by Disability

Complete and analyze these tables in the same manner as B4-1 and B4-2, respectively.

In **Tables A6 and B6**, agencies examine the distribution of each group within major occupations.

Table A6: Participation Rates for Major Occupations - Distribution by Race/Ethnicity and Sex

Every agency has employees who are in occupations that are essential to the mission of the agency. For example, at the General Accounting Office (GAO) accountants and auditors are mission related occupations and, therefore the job series for accountants (510) and auditors (511) are "major occupations" for GAO. Select five to seven of the agency's major occupations with the largest number of employees.

In the far left column, enter the job series. For each job series, enter the employee distribution numbers and ratios, and the appropriate CLF ratios for the occupational series. (Ratios are calculated **across** each row.) If a group has a participation rate below the CLF, it is a trigger.

Table B6: Participation Rates for Major Occupations - Distribution by Disability

For the same major occupations reported on Table A6, show the distribution by disability category. Compare the distribution ratio for employees with targeted disabilities with the ratio for employees with no disabilities. Lower ratios for employees with targeted disabilities compared to employees with no disabilities are triggers.

Tables A7 and B7 provide a method for analyzing the effectiveness of current recruitment methods. It allows the agency to determine whether a sufficient number of applications are received from qualified individuals in each group. This Table focuses on the same makor occupations reported in Table 6.

Table A7: Applicants and Hires for Major Occupations by Race/Ethnicity and Sex

On the first line, enter the job series. Total the information for all job announcements for that occupation/job series. Enter the total number of applications received. On the next two lines, enter the number and ratio of applicants who voluntarily self identified their race/ethnicity and sex. (All ratios equal 100% **across** the rows.) On the next lines, enter the number and ratio of applicants who voluntarily identified and were found to be qualified.

Discrepancies between the ratios of those who self-identified and those who were qualified are triggers indicating the possibility that barriers may exist due to, for example, inadequate recruitment activity or a problem in the screening process. Next, enter the number and ratio of individuals who were selected. A discrepancy between the ratios of those qualified and those selected is a trigger indicating the possibility that a barrier exists due to, for example, a disconnect between recruitment and hiring efforts.

Table B7: Applicants and Hires by Disability

As part of a long-standing effort to encourage agencies to hire individuals with severe disabilities, the Federal government provides special hiring options, called Special Appointing Authorities. Schedule A is a Special Appointing Authority. These options are for temporary appointment, with potential for conversion to a permanent, career appointment. Individuals who do not have a visible disability must provide documentation to show that s/he has a severe disability. Thus, applicants for these temporary positions self-identify. Agencies are required to track this information and report it in Table B7. The second line (ratios) is based on the numbers in the first line - the ratios should equal 100% **across** the line. By comparing the number and ratio of applications to the number and ratio of hires, agencies can identify triggers.

Some individuals who apply competitively voluntarily identify themselves as an individual with a disability. Of this group, those with targeted disabilities should be reported here. The ratios should equal 100% **across** the row. A discrepancy between the ratio of those who applied and those hired is a trigger.

Tables A8 and B8 allow agencies to analyze the cumulative result of hiring decisions.

Table A8: New Hires by Type of Appointment - Distribution by Race/Ethnicity and Sex

When individuals are hired, each must be given a self-identification form to complete. If an individual declines to complete the form, the agency must complete it by visual identification or, if available, information the employee provided previously. Using information from this form, enter the number and ratio

of new hires for permanent, temporary, and non-appropriated fund positions. Ratios should total 100% **across** each line. Compare for each group the ratio on each line with their ratio in the CLF, noting any discrepancies as triggers.

Table B8: New Hires by Type of Appointment - Distribution by Disability

Complete this table the same as Table A8. Compare the ratio of individuals with targeted disabilities hired into each type of appointment with the ratios for individuals with no disabilities. Discrepancies indicate triggers.

Tables A9 and B9 allow analysis of the cumulative result of selections for internal promotion opportunities for the Major Occupations selected for Table 6.

Table A9: Selections for Internal Competitive Promotions for Major Occupations by Race/Ethnicity and Sex

For each of the job series, show the total number and distribution of applications received from existing employees for promotions in this job series. Then show the number and ratio of those who qualified and those who were selected. The last line is for the ratio of employees from each group who are eligible for the vacancies (the relevant applicant pool). All ratios should total 100 percent **across** the row.

Each set of ratios is useful. A discrepancy between the ratios in the relevant applicant pool and the ratios for applicants can indicate a trigger related to the methods used in publicizing the opportunity or perceptions that deterred employees from applying. A discrepancy between ratios of those who were qualified and those who applied is a trigger. It could indicate, for example, that some employees are not receiving commensurate levels of experience or that the selection criteria impacts some groups in an adverse manner. A variance between the ratios of those selected and those who are in the relevant applicant pool is also a trigger.

Table B9: Selections for Internal Competitive Promotions for Major Occupations by Disability

This Table should be completed and analyzed in the same manner as Table A9.

Tables A10 and B10 provide a method for determining whether all groups are receiving career ladder promotions in the same average amount of time.

Table A10: Non-Competitive Promotions - Time in Grade - Distribution by Race/Ethnicity and Sex

In the first two rows, enter the number and ratios of employees in the career ladder who are eligible for a non-competitive promotion (i.e., employees who have not reached the top grade of the career ladder).

The remaining rows are for recording information on the impact of delays in non-competitive promotions. An agency-wide policy to delay career ladder promotions is acceptable, but agencies must watch for situations that lead to delays for certain groups only. Ratios are computed **across** the rows.

To complete this table, the agency must determine its policy for career ladder promotions - what is the

minimum amount of time required in grade before a career ladder employee is eligible for a promotion? In the next two rows, enter the number and ratios of employees who have been in their pay grade for the minimum amount of time plus one to twelve months. Then enter the number and ratios of employees who have been in their pay grade for the minimum amount of time plus thirteen to 24 months. In the last two rows, enter the number and ratios of employees who have been in grade for the minimum amount of time plus 25 months or more.

Discrepancies between groups indicate a trigger.

Table B10: Non-Competitive Promotions - Time in Grade - Distribution by Disability

Complete Table B10 in the same manner as table A10. Any discrepancies between employees with targeted disabilities and employees with no disabilities are triggers.

Tables A11 and B11 allow agencies to determine the cumulative impace of selections for senior level positions.

Table A11: Internal Selections for Senior Level Positions (GS 13, GS 14, GS 15, and SES) by Race/Ethnicity and Sex

To complete this form, collect by pay grade the data on internal selections for positions at the GS 13, GS 14, GS 15, and SES levels. For each level, list the total number of applications, the distribution (ratio) of applications received, the number of applicants who were found to be qualified for the position, the ratio of those qualified, the number selected for the position, and the ratio of those selected. Ratio (percent) rows should equal 100% **across** the row. On the last line, show the ratios of the relevant pool. The relevant pool includes all employees in the next lower pay grade and in all series that qualify them for the position(s) announced.

A discrepancy between the ratios of the relevant pool and the distribution (ratios) of groups from whom applications were received, individuals were found to be qualified, or individuals were selected indicate a trigger.

Table B11: Internal Selections for Senior Level Positions (GS 13, GS14, GS 15, and SES) by Disability

Complete Table B11 in the same manner as Table A11.

Tables A12 and B12 allow examination of the distribution of opportunities to participate in Career Development programs.

Career Development programs are those that, upon completion, qualify a participant for a promotion. One-time training courses that are not part of such a program are not to be included on this form.

Table A12: Participation in Career Development by Race/Ethnicity and Sex

In the first space, enter the number of slots available for career development programs. On the next line,

enter the distribution ratios for employees in GS 5 to GS 12. (Ratios are computed **across** rows.) Then enter the number and ratios for those who applied and for those who were chosen to participate in the career development. Compare the ratios. Repeat the process for GS 13, GS 14, GS 15 and SES employees. Discrepancies between the relevant pool and those who applied or participated is a trigger.

Table B12: Participation in Career Development by Disability

Complete Table B12 in the same manner as Table A12.

Use **Tables A13 and B13** to examine the distribution of awards.

The purpose of Table 13 is to examine the distribution of awards. Time-Off awards are Nature of Action Codes (NOAC) 846 and 847. Cash awards are NOACs 840, 841, 842, 843, 844, 845, 848, 849 and 871.

Table A13: Employee Recognition and Awards - Distribution by Race/Ethnicity and Sex

The first four lines are for time-off awards of nine hours or less. Enter the number and ratio of employees who received time off awards of nine hours or less. Ratios should equal 100% **across** the rows. Then enter the total number of hours given to each group, and the average number of hours. To compute the average number of hours, for each group divide the total hours by the number of employees in the group (from the first full line). Compare the average number of hours. Discrepancies are a trigger.

Complete the rest of the form and analysis in the same manner.

Table B13: Employee Recognition and Awards - Distribution by Disability

Complete and analyze Table B13 in the same manner as Table A13.

Tables A14 and B14 differentiate between voluntary and involuntary separations to assist agencies in determining the impact of these actions on each group and on the agency.

Table A14: Separations by Type of Separation - Distribution by Race/Ethnicity and Sex

The purpose of Table 14 is to examine the distribution of separations from the permanent workforce. Enter the number and ratio of employees who separated voluntarily (transfer, retirement, etc.) The Nature of Action Codes (NOAC) for voluntary separations are 300, 301, 302, 303, 317. 350, 351, 352, 353, 355, and 390.

Enter the number and ratio of employees who separated involuntarily (disciplinary dismissal). NOACs for involuntary separations are: 304, 312, 330, 357, and 385. Ratios are computed **across** the rows, If the agency experienced a Reduction in Force (RIF) or similar downsizing activity (NOAC 356), add two lines to the Table to report separations due to RIFs separately from the terminations due to performance or disciplinary issues. Add the employee numbers columns to obtain the number of employees for the Total Separations line. Compute the distribution ratios for Total Separations.

From Table A1, obtain Permanent Current FY data and ratios, and enter in the Total Workforce lines at the bottom of Table A14. Compare the total work force ratio for each group with the group ratios for voluntary and involuntary separations. A separation ratio higher than the group's Total work force ratio is a trigger.

Table B14: Separations by Type of Separation - Distribution by Disability

Complete Table B14 in the same manner as Table A14. From Table B1, obtain the Permanent Current FY data and ratios, and enter in the Total Workforce lines at the bottom of Table B14. Separation ratios for employees with targeted disabilities that are higher than separation ratios for employees with no disabilities are a trigger.

This page was last modified on July 20, 2004.

The U.S. Equal Employment Opportunity Commission

Instructions to Federal Agencies for EEO MD-715

Section I
The Model EEO Program

The Model EEO Program

This section explains the basic elements necessary to create and maintain a model EEO program, as required under both Title VII of the Civil Rights Act of 1964 (Title VII), as amended, 42 U.S.C. § 2000e *et seq*., and Section 501 of the Rehabilitation Act of 1973 (Rehabilitation Act), as amended, 29 U.S.C. § 791 *et seq*. A model EEO program effectively considers and addresses concerns arising under both Title VII and Section 501 of the Rehabilitation Act.

When establishing a model EEO program, an agency should incorporate into the design a structure for effective management, accountability and self-analysis which will ensure program success and compliance with EEO MD-715. Agency personnel programs and policies should be evaluated regularly to ascertain whether such programs have any barriers that tend to limit or restrict equitable opportunities for open competition in the workplace.

EEO MD-715 divides the essential elements of model agency EEO programs into six broad categories, as listed below. An agency should review its EEO and personnel programs, policies and performance standards against all six elements to identify where their EEO program can become more effective.

The six essential elements for a model EEO program, as described in EEO-MD-715, at PART A, II. A-F, and PART B, III. A-F, are as follows:

- Demonstrated commitment from agency leadership;
- Integration of EEO into the agency's strategic mission;
- Management and program accountability;
- Proactive prevention of unlawful discrimination;
- Efficiency; and
- Responsiveness and legal compliance.

These six elements serve as the foundation upon which each agency shall build its program. The following describes each essential element and provides samples of the self-assessment inquiries that an agency should employ to determine whether its EEO program is properly established and compliant with the EEO MD-715 standards. Following the discussion of the Model EEO Program elements are instructions and a self-assessment checklist that all agencies will use to assess compliance with the elements of the model program.

Element One - Demonstrated Commitment

Start with an Effective EEO Program Policy Statement(s)[(1)]

- A committed agency/facility/installation head will, at the beginning of her/his tenure, and each year

thereafter, issue a signed policy statement declaring the agency's position against discrimination on any protected basis.

- This policy shall be prominently posted in all personnel offices, EEO offices, and on the agency's internal website.
- This statement shall affirm the principles of equal employment opportunity and assure that EEO program requirements will be enforced by the agency head and agency management.
- Some of the principles the policy statement must assure will be upheld include, but are not limited to:
  - Equal employment opportunity for all employees and applicants for employment, regardless of their race, religion, color, sex, national origin, age, or disability.
  - All employees will have the freedom to compete on a fair and level playing field with equal opportunity for competition.
  - Equal employment opportunity covers all personnel/employment programs, management practices and decisions including, but not limited to, recruitment/hiring, merit promotion, transfer, reassignments, training and career development, benefits, and separation.
  - Workplace harassment will not be tolerated, allegations of harassment will be immediately investigated, and, where allegations are substantiated, appropriate action will be taken. (Anti-harassment policy requirements are discussed under Element Four. Agencies may choose to include all issues under one policy or issue a separate anti-harassment policy, based on their needs.)
  - Reprisal against one who engaged in protected activity will not be tolerated, and the agency supports the rights of all employees to exercise their rights under the civil rights statutes.

Allocate Sufficient Resources

- An agency shall provide sufficient staffing and resources to operate the EEO program in an effective manner. For example, staff and resources should also be sufficient to enable accurate collection and analysis of data and other employment factors, including applicant information, to enable the efficient identification of barriers. This will necessarily require staff beyond the EEO office, particularly Information Management/Services.
- An agency must also provide sufficient staffing, funding, and authority to eliminate identified barriers. In order to determine whether it is providing sufficient resources an agency should examine a number of factors, including:
  - whether the agency employs personnel with the training and experience to conduct the analyses required by MD-715 and these instructions;
  - whether the agency's EEO staff has the knowledge, skills and ability to ensure that agency EEO programs and procedures are effectively implemented;
  - whether the agency has implemented adequate data collection and analysis systems that permit tracking of the information required by MD-715 and these instructions;
  - whether sufficient resources have been provided to conduct effective audits of field facilities' efforts to achieve a model EEO program and eliminate discrimination under Title VII an the Rehabilitation Act;
  - whether EEO training and education programs are made available to all managers and employees;
  - whether a central fund or other mechanisms have been established for providing disability accommodations;
  - whether there is a Disability Program Manager or other mechanisms in place to ensure coordination of disability accommodations in all major components of the agency; and

- whether there are such Special Emphasis Program Managers as may be necessary (29 C.F.R. § 1614.102(b)(4)).

Ensure All Employees are Informed

- An agency must ensure that EEO program information is distributed to all employees, using all media available, including the World Wide Web or Internet.
  - The agency must ensure that each employee is informed of the agency's annual EEO program policy statements, as well as the requirements and prohibitions of Title VII and the Rehabilitation Act, and the operation of the EEO complaint process and procedures.
  - Federal regulation requires that EEO posters and program information be prominently posted throughout the agency's facilities, and that complainants are advised, in writing, about the complaint process (29 C.F.R. § 1614.102(b)(5), (7)).
  - Distribute the agency's reasonable accommodation procedures to all managers, supervisors, and others responsible for processing requests for reasonable accommodation, and make the procedures readily available to all other employees.
  - Provide training to all employees and supervisors on the operation of the EEO process, protections afforded to employees, related policy statements, and reasonable accommodation procedures.
- Demonstrate the value of EEO to the agency and employees.
  - Seek input (*e.g.*, using employee surveys and focus groups, discussions with employee advisory groups, etc.) regarding the workplace environment.

Element Two - Making EEO an Integral Part of the Agency's Strategic Mission

Structure From The Top

- The success of an agency's EEO program ultimately depends on individual decisions made by individual agency managers. Therefore, agency managers constitute an integral part of the agency's EEO program. The EEO office serves as a resource to these managers by providing direction, guidance and monitoring of key activities to achieve a diverse workplace free of barriers to equal opportunity.
- The agency's EEO program should be organized and structured in such a manner as to maintain a work place that is free from discrimination in any of its management policies, practices or procedures and supports the agency's strategic mission.
- This necessarily includes an appropriate reporting structure, as previously mentioned. The agency's EEO Director shall have a regular and effective means of informing the agency head and other top management officials of the effectiveness, efficiency and legal compliance of the agency's EEO program.
- Such access includes, but is not limited to, the State of the Agency briefing to be given to the head of the agency by the principal EEO Director/Officer following the submission of the agency's EEOC FORM 715-01. The briefing should thoroughly cover all components of the agency's EEOC FORM 715-01, including an assessment of the performance of the agency in each of the six elements of the Model EEO Program, as well as a report on the progress of the agency in completing its barrier analysis including any barriers it identified and/or eliminated or reduced the impact of. Pertinent information from workplace data tables may be presented as well.
- Similarly, field level EEO Directors should have a regular and effective means of informing the field level agency head and other top field management officials of the effectiveness, efficiency and legal compliance of the field offices' EEO program. Again, such access includes, but is not limited to, the State of the Agency briefing to be given to the field level agency head by the principal EEO

Director/Officer following the submission of the field's EEOC FORM 715-01 (whether such submission is made directly to the EEOC or to the agency's headquarters for inclusion in the agency-wide report).

- The agency should maintain EEO program organizational charts and procedures which explain how sub-units/installations are to establish their own local programs and submit annual reports through the agency chain-of-command as described by this directive.

Strategic Commitment

- Ensure that EEO Officials are involved in critical workplace decisions, have regular access to senior staff, and participate in meetings where critical personnel decisions regarding management and the deployment of Human Resources are made.
- As previously mentioned, the allocation of sufficient resources to the EEO program cannot be over-emphasized. An agency must provide sufficient qualified staff and the resources to ensure quality customer service and a workplace free of discrimination to its employees. This includes the allocation of funding for mandatory EEO training of managers, supervisors and EEO staff.

Element Three - Ensuring Management and Program Accountability

Overall Accountability and EEO Programmatic Management

- Hire, develop, and retain supervisors and managers who have effective managerial, communication, and interpersonal skills in order to supervise most effectively in a workplace with diverse employees and avoid disputes arising from ineffective communications.
- Inform managers and supervisors that success and a positive evaluation will include an assessment of how that manager contributes to the agency's EEO program by emphasizing to managers and supervisors that equality of opportunity is essential to attracting, developing and retaining the most qualified workforce, with such a workforce being essential to ensuring the agency's achievement of its strategic mission.
    - For all managers and supervisors, make successful performance contingent, in part, on efforts to achieve a workplace free of discrimination. Agencies should develop their own standards to incorporate into the mission of the agency as a whole.
    - Where discrimination has been found by an adjudicatory body, the agency must ensure full and prompt compliance with orders accompanying such decisions. This includes orders from the agency itself, the EEOC, the Merit Systems Protection Board, labor arbitrators, the Federal Labor Relations Authority, the Department of Labor, and federal courts. Agencies must also comply with the terms of settlement agreements entered into by the agency.
    - The agency should review findings of discrimination, and the evidence collected in the investigatory record in other suitable cases, to determine the appropriateness of taking disciplinary action against agency employees, (including management officials, supervisors and/or co-workers), involved in the matter.
- Make clear that all managers and supervisors share responsibility with EEO program and human resources officials for the successful implementation of EEO programs.
    - Provide managers and supervisors with initial and regular refresher training to understand their responsibilities under civil rights laws, including ADR, and how those responsibilities figure into the success of the agency's EEO program and overall mission.
    - Conduct regular internal audits, on at least an annual basis, to assess the effectiveness and efficiency of the EEO program and to ascertain whether the agency has removed identified barriers to equality of opportunity in the workplace.

- Ensure that personnel policies and procedures, rules of conduct, promotion, evaluation and training systems are routinely reviewed to ensure that they are clearly defined, well-communicated, consistently applied and fairly implemented.
- Ensure there are procedures in place for effective coordination between the agency's EEO office and related agency human resource programs and other management programs, such as the Federal Equal Opportunity Recruitment Program (FEORP), ADR, Employee Relations, and others.

Element Four - Proactive Prevention

- As part of its ongoing obligation to prevent discrimination on the bases of race, color, national origin, religion, sex, age, reprisal and disability, and to eliminate barriers that impede free and open competition in the workplace, an agency must conduct a self-assessment on at least an annual basis to monitor progress, identify areas where barriers may operate to exclude certain groups, and develop strategic plans to eliminate identified barriers.
- As stated under Element One, an agency must develop and make known to all employees an effective anti-discrimination policy that explains what protections are afforded by the civil rights laws and how complaints may be raised, including the EEO process and other processes.
- In addition to the anti-discrimination policy mentioned above, agencies should develop a comprehensive anti-harassment policy to prevent harassment on all protected bases (including, but not limited to, sexual harassment) and retaliation in the workplace. The policy should:
  - Inform employees as to what type of behavior is prohibited, and the steps to take if faced with a harassment situation.
  - Provide for multiple avenues of redress, not just the EEO complaint process.
  - Provide that no acts of retaliation will be tolerated.
  - For further guidance, see *EEOC Enforcement Guidance: Vicarious Liability for Unlawful Harassment by Supervisors* (6/18/99); and *EEOC Enforcement Guidance on Harris v. Forklift Sys., Inc., 510 U.S. 17 (1993)* (3/8/94).
- Pursuant to Executive Order 13164, as of July 25, 2001, all federal agencies were required to have developed written procedures for acting on requests for reasonable accommodation under the Rehabilitation Act. Agencies that remain noncompliant with this Executive Order must develop such procedures immediately and submit them to the Commission, which will offer feedback. The policy should be regularly evaluated for compliance with current law and regulations.[(2)] An agency must ensure that all employees are informed of, and have access to, such procedures, including making the procedures available on the World Wide Web or Internet.
- An effective reasonable accommodation procedure must include the following:
  - An explanation as to how an employee or job applicant may initiate a request for reasonable accommodation.
  - An explanation of how the agency will process a request for reasonable accommodation and from whom the individual requesting accommodation will receive a final decision.
  - A designated time period during which reasonable accommodation requests will be granted or denied, absent extenuating circumstances.
  - An explanation of the responsibility of the employee or applicant requesting reasonable accommodation when the disability and/or need for accommodation is not obvious or already known to provide appropriate medical information, when requested, related to the functional impairment and the requested accommodation.
  - An explanation of the circumstances under which the agency may request supplemental medical information in support of an accommodation request.

- An explanation of the agency's right to have medical information reviewed by a medical expert of the agency's choosing at the agency's expense.
- An explanation of the circumstances in which reassignment will be required as a reasonable accommodation if the agency determines that no reasonable accommodation will permit the employee with a disability to perform the essential functions of his or her current position.
- A provision that denials of requests for reasonable accommodation will be in writing and specify the reasons for denial.
- A provision that the agency's systems of record-keeping track the processing of requests for reasonable accommodation and maintain the confidentiality of medical information received in accordance with applicable law and regulations.
- Encouragement of the use of informal dispute resolution processes to allow individuals with disabilities to obtain prompt reconsideration of denials of reasonable accommodation.
- Provisions for the effective dissemination of the written procedures and sufficient training.
- For further information, consult the *EEOC Policy Guidance on Executive Order 13164: Establishing Procedures to Facilitate the Provision of Reasonable Accommodation* (10/20/00).

Element Five - Efficiency

- The agency must evaluate its EEO complaint resolution process to ensure it is efficient, fair and impartial. Processing times should not exceed those provided for in 29 C.F.R. Part 1614.
  - The agency's complaint process must provide for neutral adjudication; consequently, the agency's EEO office must be kept separate from the legal defense arm of the agency (*i.e.*, the Office of General Counsel) or other agency offices having conflicting or competing interests.
  - Agencies must establish and make available an ADR program that facilitates an early, effective, neutral, efficient informal resolution of disputes. This enables disputants to potentially resolve disputes in a quick, amicable and cost effective manner.
  - The agency should have a system for identifying, monitoring and reporting significant trends reflected by complaint processing activity. Analysis of data relating to the nature and disposition of EEO complaints can provide useful insight into the extent to which an agency is meeting its obligations under Title VII and the Rehabilitation Act.
  - The agency should have a system for ensuring timely and complete compliance with EEOC orders, as well as the orders of other adjudicatory bodies, and implementation of the provisions of settlement/resolution agreements.
- The agency must have in place adequate and accurate information collection systems, which are integrated into the agency's information management infrastructure, that will provide the ability to conduct a wide array of periodic examinations of the agency's Title VII and Section 501 workforce profile(s). Such systems will be used to collect data, and monitor and evaluate its EEO programs. All gencies shall provide for the following:
  - A data collection system that allows the agency to identify and evaluate information related to management actions affecting employment status. The system should be capable of tracking applicant flow data for each selection made by the agency identified by race, national origin, sex, and, where known, disability, as well as disposition of each application. 29 C.F.R. § 1607.
  - A system capable of monitoring employment trends through review of personnel transactions and other historical data.
  - A system capable of tracking recruitment efforts to permit data analyses of these efforts.
- The system shall allow integration of comprehensive management, personnel, and budget planning with Title VII and Rehabilitation Act program planning.

- All agencies shall also provide for a complaint tracking and monitoring system that permits the agency to identify the location, status, and length of time elapsed at each stage of the EEO complaint process, the issues and the bases of the complaints, the aggrieved individuals, the involved management officials and other information necessary to analyze complaint activity to identify trends.
- All agencies must be mindful of the provisions of the Privacy Act of 1974, 5 U.S.C. § 552a, as amended, which regulate the collection, maintenance, use and dissemination of personal information by federal executive branch agencies. All agencies must balance the need to maintain information about individuals (such as aggrieved individuals and involved management officials) with the rights of such individuals to be protected against unwarranted invasions of their privacy stemming from federal agencies' collection, maintenance, use and disclosure of personal information about them. Accordingly, agency data collecting systems and complaint tracking and monitoring systems must be devised and implemented in a manner which complies with the Privacy Act. As always, agencies should guard against unwarranted disclosure of this information and ensure that appropriate protective measures exist to safeguard the information.
- Agencies are encouraged to consult with EEOC to learn which federal agencies have best practices that can be used as a model.

Element Six - Responsiveness and Legal Compliance

- The head of the agency or agency head designee shall certify to the EEOC that the agency is in full compliance with the EEO laws and EEOC regulations, policy guidance, and other written instructions. This annual certification will be provided on EEOC FORM 715-01 PART F.
- All agencies shall report their EEO program efforts and accomplishments to the EEOC and respond to EEOC directives and orders, including final orders contained in administrative decisions, in accordance with instructions, time frames and deadlines.
- All agencies shall similarly comply with orders and directives of other adjudicatory bodies with concurrent jurisdiction over the EEO laws.

The following instructions explain the purpose of and how to fill out the self-assessment checklist.

Agency Self-Assessment Checklist

Purpose of the Self-Assessment Checklist

The following Self-Assessment Checklist is designed to provide an efficient and effective means for each federal agency to determine whether its overall EEO program is properly established and compliant with the essential elements (standards) set forth in EEO MD-715.

The Self-Assessment Checklist is intended to guide an agency through each essential element and is aimed at promoting compliance, quality, and timeliness in all facets of the agency's overall EEO program. While not the only method of assessment, using this checklist will assist the agency in identifying trends and/or issues for making informed decisions on topics where the agency needs to provide more attention. Use of the checklist also permits certification that the agency has conducted the required annual self-assessment (see PART F of EEOC FORM 715-01).

The Self-Assessment Checklist also is included as PART G of EEOC FORM 715-01. Although submission of PART G of EEOC FORM 715-01 is optional, agencies must nevertheless perform the mandatory self-assessment by completing the Checklist. Agencies also are responsible for maintaining such supporting documentation and data relative to the establishment of a model EEO program, regardless of whether they opt to submit PART G of EEOC FORM 715-01. All agencies must retain the Checklist and supporting

documentation and make it available upon request by the EEOC. Such documentation should not be submitted with EEOC FORM 715-01 even if the agency opts to submit PART G.

Whether or not an agency chooses to submit PART G of FORM 715-01, every agency is still required to develop plans for addressing "no" responses from the checklist. Agencies required to submit PART H of FORM 715-01 (see the chart on page three of Section III) must submit a PART H for each problem (or cluster of problems) that the agency has identified for correction or improvement.

Finally, if an agency submits its Self-Assessment Checklist as PART G and highlights the best practices it utilizes, the Commission may share those practices with the EEO community as a whole.

Set-up of the Self-Assessment Checklist

For each essential element, the checklist provides a series of " indicator" statements which are followed by another series of questions (measures) that will assist the agency in determining whether its EEO program(s) are properly established.

To the right of the measures, there are three columns. The first two columns are provided for the agency to indicate "yes" or "no" as to whether the measure has or has not been met. The third column provides space for the agency to indicate any appropriate comments.

How to use the Self-Assessment Checklist

Where "no" responses to questions are noted, the agency should explore for identification of program weaknesses or deficiencies. The results of each such exploration are reported on the EEO Plan For Obtaining the Essential Elements of a Model EEO Program, EEOC FORM 715-01 PART H.

Not all identified potential problems will necessarily require development of an EEOC FORM 715-01 PART H.

For example, if an agency head was only recently installed (i.e., within the last 2 months), a "no" response to the compliance indicator - "EEO Policy statements are up-to-date" - the agency should use the space provided in the far right column of FORM 715-01 PART G, to report when the policy statement will be issued by the new agency head.

There may also be instances where an agency's "no" response actually is intended to indicate "not applicable." In such instances, the agency will check the "no" column but indicate "not applicable" in the comment column and provide a succinct explanation. For example, some of the smaller, volunteer-service agencies, such as The Peace Corps and The Corporation for National and Community Service, have over 75% of their workforces employed in temporary jobs. For these agencies, career development/training opportunities and competitive promotion programs are not provided to the extent that most other federal agencies provide such opportunities and programs. Similarly, for such agencies permanent appointments are almost non-existent, and thus the opportunity to convert an employee with a targeted disability from a "Schedule A" temporary appointment to a permanent appointment is very limited.

EEOC FORM
715-01
PART G

U.S. Equal Employment Opportunity Commission
FEDERAL AGENCY ANNUAL EEO PROGRAM STATUS REPORT
AGENCY SELF-ASSESSMENT CHECKLIST MEASURING ESSENTIAL ELEMENTS

Essential Element A: DEMONSTRATED COMMITMENT FROM AGENCY LEADERSHIP
Requires the agency head to issue written policy statements ensuring a workplace free of discriminatory harassment and a commitment to equal employment opportunity.

Compliance	**EEO policy statements are up-to-date.**	**Measure**	**For all unmet**

Indicator		has been met		measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report
Measures		Yes	No	
The Agency Head was installed on _____. The EEO policy statement was issued on _____. Was the EEO policy Statement issued within 6 - 9 months of the installation of the Agency Head? If no, provide an explanation.				
During the current Agency Head's tenure, has the EEO policy Statement been re-issued annually? If no, provide an explanation.				
Are new employees provided a copy of the EEO policy statement during orientation?				
When an employee is promoted into the supervisory ranks, is s/he provided a copy of the EEO policy statement?				
Compliance Indicator	**EEO policy statements have been communicated to all employees.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
Have the heads of subordinate reporting components communicated support of all agency EEO policies through the ranks?				
Has the agency made written materials available to all employees and applicants, informing them of the variety of EEO programs and administrative and judicial remedial procedures available to them?				
Has the agency prominently posted such written materials in all personnel offices, EEO offices, and on the agency's internal website? **[see 29 CFR §1614.102(b)(5)]**				
Compliance Indicator	**Agency EEO policy is vigorously enforced by agency management.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and**

Measures	Yes	No	attach an EEOC FORM 715-01 PART H to the agency's status report
Are managers and supervisors evaluated on their commitment to agency EEO policies and principles, including their efforts to:			
resolve problems/disagreements and other conflicts in their respective work environments as they arise?			
address concerns, whether perceived or real, raised by employees and following-up with appropriate action to correct or eliminate tension in the workplace?			
support the agency's EEO program through allocation of mission personnel to participate in community out-reach and recruitment programs with private employers, public schools and universities?			
ensure full cooperation of employees under his/her supervision with EEO office officials such as EEO Counselors, EEO Investigators, etc.?			
ensure a workplace that is free from all forms of discrimination, harassment and retaliation?			
ensure that subordinate supervisors have effective managerial, communication and interpersonal skills in order to supervise most effectively in a workplace with diverse employees and avoid disputes arising from ineffective communications ?			
ensure the provision of requested religious accommodations when such accommodations do not cause an undue hardship?			
ensure the provision of requested disability accommodations to qualified individuals with disabilities when such accommodations do not cause an undue hardship?			
Have all employees been informed about what behaviors are inappropriate in the workplace and that this behavior may result in disciplinary actions?			
Describe what means were utilized by the agency to so inform its workforce about the penalties for unacceptable behavior.			
Have the procedures for reasonable accommodation for individuals with disabilities been made readily available/accessible to all employees by disseminating such procedures during orientation of new employees and by making such procedures available on the World Wide Web or Internet?			
Have managers and supervisor been trained on their responsibilities under the procedures for reasonable accommodation?			

Essential Element B: INTEGRATION OF EEO INTO THE AGENCY'S STRATEGIC MISSION
Requires that the agency's EEO programs be organized and structured to maintain a workplace that is free from discrimination in any of the agency's policies, procedures or practices and supports the agency's strategic mission.

Compliance Indicator / Measures	The reporting structure for the EEO Program provides the Principal EEO Official with appropriate authority and resources to effectively carry out a successful EEO Program.	Measure has been met: Yes	Measure has been met: No	For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report
Is the EEO Director under the direct supervision of the agency head? **[see 29 CFR §1614.102(b)(4)]** For subordinate level reporting components, is the EEO Director/Officer under the immediate supervision of the lower level component's head official? (For example, does the Regional EEO Officer report to the Regional Administrator?)				
Are the duties and responsibilities of EEO officials clearly defined?				
Do the EEO officials have the knowledge, skills, and abilities to carry out the duties and responsibilities of their positions?				
If the agency has 2nd level reporting components, are there organizational charts that clearly define the reporting structure for EEO programs?				
If the agency has 2nd level reporting components, does the agency-wide EEO Director have authority for the EEO programs within the subordinate reporting components?				
If not, please describe how EEO program authority is delegated to subordinate reporting components.				

Compliance Indicator	The EEO Director and other EEO professional staff responsible for EEO programs have regular and effective means of informing the agency head and senior management officials of the status of EEO programs and are involved in, and consulted on, management/personnel actions.	Measure has been met	For all unmet measures, provide a brief explanation in the space below or complete and

Measures		**Yes**	**No**	**attach an EEOC FORM 715-01 PART H to the agency's status report**
Does the EEO Director/Officer have a regular and effective means of informing the agency head and other top management officials of the effectiveness, efficiency and legal compliance of the agency's EEO program?				
Following the submission of the immediately preceding FORM 715-01, did the EEO Director/Officer present to the head of the agency and other senior officials the "State of the Agency" briefing covering all components of the EEO report, including an assessment of the performance of the agency in each of the six elements of the Model EEO Program and a report on the progress of the agency in completing its barrier analysis including any barriers it identified and/or eliminated or reduced the impact of?				
Are EEO program officials present during agency deliberations prior to decisions regarding recruitment strategies, vacancy projections, succession planning, selections for training/career development opportunities, and other workforce changes?				
Does the agency consider whether any group of employees or applicants might be negatively impacted prior to making human resource decisions such as re-organizations and re-alignments?				
Are management/personnel policies, procedures and practices examined at regular intervals to assess whether there are hidden impediments to the realization of equality of opportunity for any group(s) of employees or applicants? **[see 29 C.F.R. § 1614.102(b)(3)]**				
Is the EEO Director included in the agency's strategic planning, especially the agency's human capital plan, regarding succession planning, training, etc., to ensure that EEO concerns are integrated into the agency's strategic mission?				
Compliance Indicator	**The agency has committed sufficient human resources and budget allocations to its EEO programs to ensure successful operation.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
Does the EEO Director have the authority and funding to ensure implementation of agency EEO action plans to improve EEO program efficiency and/or eliminate identified barriers to the realization of				

equality of opportunity?			
Are sufficient personnel resources allocated to the EEO Program to ensure that agency self-assessments and self-analyses prescribed by EEO MD-715 are conducted annually and to maintain an effective complaint processing system?			
Are statutory/regulatory EEO related Special Emphasis Programs sufficiently staffed?			
Federal Women's Program - 5 U.S.C. 7201; 38 U.S.C. 4214; Title 5 CFR, Subpart B, 720.204			
Hispanic Employment Program - Title 5 CFR, Subpart B, 720.204			
People With Disabilities Program Manager; Selective Placement Program for Individuals With Disabilities - Section 501 of the Rehabilitation Act; Title 5 U.S.C. Subpart B, Chapter 31, Subchapter I-3102; 5 CFR 213.3102(t) and (u); 5 CFR 315.709			
Are other agency special emphasis programs monitored by the EEO Office for coordination and compliance with EEO guidelines and principles, such as FEORP - 5 CFR 720; Veterans Employment Programs; and Black/African American; American Indian/Alaska Native, Asian American/Pacific Islander programs?			

Compliance Indicator	**The agency has committed sufficient budget to support the success of its EEO Programs.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
Are there sufficient resources to enable the agency to conduct a thorough barrier analysis of its workforce, including the provision of adequate data collection and tracking systems				
Is there sufficient budget allocated to all employees to utilize, when desired, all EEO programs, including the complaint processing program and ADR, and to make a request for reasonable accommodation? (Including subordinate level reporting components?)				
Has funding been secured for publication and distribution of EEO materials (e.g. harassment policies, EEO posters, reasonable accommodations procedures, etc.)?				
Is there a central fund or other mechanism for funding supplies, equipment and services necessary to provide disability accommodations?				

Does the agency fund major renovation projects to ensure timely compliance with Uniform Federal Accessibility Standards?			
Is the EEO Program allocated sufficient resources to train all employees on EEO Programs, including administrative and judicial remedial procedures available to employees?			
Is there sufficient funding to ensure the prominent posting of written materials in all personnel and EEO offices? **[see 29 C.F.R. § 1614.102(b)(5)]**			
Is there sufficient funding to ensure that all employees have access to this training and information?			
Is there sufficient funding to provide all managers and supervisors with training and periodic up-dates on their EEO responsibilities:			
for ensuring a workplace that is free from all forms of discrimination, including harassment and retaliation?			
to provide religious accommodations?			
to provide disability accommodations in accordance with the agency's written procedures?			
in the EEO discrimination complaint process?			
to participate in ADR?			

Essential Element C: MANAGEMENT AND PROGRAM ACCOUNTABILITY
This element requires the Agency Head to hold all managers, supervisors, and EEO Officials responsible for the effective implementation of the agency's EEO Program and Plan.

Compliance Indicator / **Measures**	**EEO program officials advise and provide appropriate assistance to managers/supervisors about the status of EEO programs within each manager's or supervisor's area or responsibility.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
		Yes	**No**	
Are regular (monthly/quarterly/semi-annually) EEO updates provided to management/supervisory officials by EEO program officials?				
Do EEO program officials coordinate the development and implementation of EEO Plans with all appropriate agency managers to include Agency Counsel, Human Resource Officials, Finance, and the Chief information Officer?				
Compliance Indicator	**The Human Resources Director and the EEO Director meet regularly to assess whether**	**Measure has been**		**For all unmet measures,**

Measures	**personnel programs, policies, and procedures are in conformity with instructions contained in EEOC management directives. [see 29 CFR § 1614.102(b)(3)]**	**met**		**provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
		Yes	**No**	
Have time-tables or schedules been established for the agency to review its Merit Promotion Program Policy and Procedures for systemic barriers that may be impeding full participation in promotion opportunities by all groups?				
Have time-tables or schedules been established for the agency to review its Employee Recognition Awards Program and Procedures for systemic barriers that may be impeding full participation in the program by all groups?				
Have time-tables or schedules been established for the agency to review its Employee Development/Training Programs for systemic barriers that may be impeding full participation in training opportunities by all groups?				
Compliance Indicator	**When findings of discrimination are made, the agency explores whether or not disciplinary actions should be taken.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
Does the agency have a disciplinary policy and/or a table of penalties that covers employees found to have committed discrimination?				
Have all employees, supervisors, and managers been informed as to the penalties for being found to perpetrate discriminatory behavior or for taking personnel actions based upon a prohibited basis?				
Has the agency, when appropriate, disciplined or sanctioned managers/supervisors or employees found to have discriminated over the past two years?				
If so, cite number found to have discriminated and list penalty /disciplinary action for each type of violation.				
Does the agency promptly (within the established time frame) comply with EEOC, Merit Systems Protection Board, Federal Labor Relations Authority, labor arbitrators, and District Court orders?				

Does the agency review disability accommodation decisions/actions to ensure compliance with its written procedures and analyze the information tracked for trends, problems, etc.?			

Essential Element D: PROACTIVE PREVENTION

Requires that the agency head makes early efforts to prevent discriminatory actions and eliminate barriers to equal employment opportunity in the workplace.

Compliance Indicator / **Measures**	**Analyses to identify and remove unnecessary barriers to employment are conducted throughout the year.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
		Yes	**No**	
Do senior managers meet with and assist the EEO Director and/or other EEO Program Officials in the identification of barriers that may be impeding the realization of equal employment opportunity?				
When barriers are identified, do senior managers develop and implement, with the assistance of the agency EEO office, agency EEO Action Plans to eliminate said barriers?				
Do senior managers successfully implement EEO Action Plans and incorporate the EEO Action Plan Objectives into agency strategic plans?				
Are trend analyses of workforce profiles conducted by race, national origin, sex and disability?				
Are trend analyses of the workforce's major occupations conducted by race, national origin, sex and disability?				
Are trends analyses of the workforce's grade level distribution conducted by race, national origin, sex and disability?				
Are trend analyses of the workforce's compensation and reward system conducted by race, national origin, sex and disability?				
Are trend analyses of the effects of management/personnel policies, procedures and practices conducted by race, national origin, sex and disability?				

Compliance Indicator	**The use of Alternative Dispute Resolution (ADR) is encouraged by senior management.**	**Measure has been met**	**For all unmet measures, provide a brief explanation in the space below or complete and**

Measures		Yes	No	attach an EEOC FORM 715-01 PART H to the agency's status report
Are all employees encouraged to use ADR?				
Is the participation of supervisors and managers in the ADR process required?				

Essential Element E: EFFICIENCY
Requires that the agency head ensure that there are effective systems in place for evaluating the impact and effectiveness of the agency's EEO Programs as well as an efficient and fair dispute resolution process.

Compliance Indicator / Measures	The agency has sufficient staffing, funding, and authority to achieve the elimination of identified barriers.	Measure has been met: Yes	Measure has been met: No	For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report
Does the EEO Office employ personnel with adequate training and experience to conduct the analyses required by MD-715 and these instructions?				
Has the agency implemented an adequate data collection and analysis systems that permit tracking of the information required by MD-715 and these instructions?				
Have sufficient resources been provided to conduct effective audits of field facilities' efforts to achieve a model EEO program and eliminate discrimination under Title VII and the Rehabilitation Act?				
Is there a designated agency official or other mechanism in place to coordinate or assist with processing requests for disability accommodations in all major components of the agency?				
Are 90% of accommodation requests processed within the time frame set forth in the agency procedures for reasonable accommodation?				

Compliance Indicator / Measures	The agency has an effective complaint tracking and monitoring system in place to increase the effectiveness of the agency's EEO Programs.	Measure has been met: Yes	Measure has been met: No	For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status

			report
Does the agency use a complaint tracking and monitoring system that allows identification of the location, and status of complaints and length of time elapsed at each stage of the agency's complaint resolution process?			
Does the agency's tracking system identify the issues and bases of the complaints, the aggrieved individuals/complainants, the involved management officials and other information to analyze complaint activity and trends?			
Does the agency hold contractors accountable for delay in counseling and investigation processing times?			
If yes, briefly describe how:			
Does the agency monitor and ensure that new investigators, counselors, including contract and collateral duty investigators, receive the 32 hours of training required in accordance with EEO Management Directive MD-110?			
Does the agency monitor and ensure that experienced counselors, investigators, including contract and collateral duty investigators, receive the 8 hours of refresher training required on an annual basis in accordance with EEO Management Directive MD-110?			
Compliance Indicator	**The agency has sufficient staffing, funding and authority to comply with the time frames in accordance with the EEOC (29 C.F.R. Part 1614) regulations for processing EEO complaints of employment discrimination.**	**Measure has been met**	**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes** / **No**	
Are benchmarks in place that compare the agency's discrimination complaint processes with 29 C.F.R. Part 1614?			
Does the agency provide timely EEO counseling within 30 days of the initial request or within an agreed upon extension in writing, up to 60 days?			
Does the agency provide an aggrieved person with written notification of his/her rights and responsibilities in the EEO process in a timely fashion?			
Does the agency complete the investigations within the applicable prescribed time frame?			

When a complainant requests a final agency decision, does the agency issue the decision within 60 days of the request?			
When a complainant requests a hearing, does the agency immediately upon receipt of the request from the EEOC AJ forward the investigative file to the EEOC Hearing Office?			
When a settlement agreement is entered into, does the agency timely complete any obligations provided for in such agreements?			
Does the agency ensure timely compliance with EEOC AJ decisions which are not the subject of an appeal by the agency?			

Compliance Indicator	**There is an efficient and fair dispute resolution process and effective systems for evaluating the impact and effectiveness of the agency's EEO complaint processing program.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
In accordance with 29 C.F.R. §1614.102(b), has the agency established an ADR Program during the pre-complaint and formal complaint stages of the EEO process?				
Does the agency require all managers and supervisors to receive ADR training in accordance with EEOC (29 C.F.R. Part 1614) regulations, with emphasis on the federal government's interest in encouraging mutual resolution of disputes and the benefits associated with utilizing ADR?				
After the agency has offered ADR and the complainant has elected to participate in ADR, are the managers required to participate?				
Does the responsible management official directly involved in the dispute have settlement authority?				

Compliance Indicator	**The agency has effective systems in place for maintaining and evaluating the impact and effectiveness of its EEO programs.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
Does the agency have a system of management controls in place to ensure the timely, accurate, complete and consistent reporting of EEO complaint data to the EEOC?				

Does the agency provide reasonable resources for the EEO complaint process to ensure efficient and successful operation in accordance with 29 C.F.R. § 1614.102(a)(1)?			
Does the agency EEO office have management controls in place to monitor and ensure that the data received from Human Resources is accurate, timely received, and contains all the required data elements for submitting annual reports to the EEOC?			
Do the agency's EEO programs address all of the laws enforced by the EEOC?			
Does the agency identify and monitor significant trends in complaint processing to determine whether the agency is meeting its obligations under Title VII and the Rehabilitation Act?			
Does the agency track recruitment efforts and analyze efforts to identify potential barriers in accordance with MD-715 standards?			
Does the agency consult with other agencies of similar size on the effectiveness of their EEO programs to identify best practices and share ideas?			

Compliance Indicator	**The agency ensures that the investigation and adjudication function of its complaint resolution process are separate from its legal defense arm of agency or other offices with conflicting or competing interests.**	**Measure has been met**		**For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report**
Measures		**Yes**	**No**	
Are legal sufficiency reviews of EEO matters handled by a functional unit that is separate and apart from the unit which handles agency representation in EEO complaints?				
Does the agency discrimination complaint process ensure a neutral adjudication function?				
If applicable, are processing time frames incorporated for the legal counsel's sufficiency review for timely processing of complaints?				

Essential Element F: RESPONSIVENESS AND LEGAL COMPLIANCE
This element requires that federal agencies are in full compliance with EEO statutes and EEOC regulations, policy guidance, and other written instructions.

Compliance Indicator	**Agency personnel are accountable for timely compliance with orders issued by EEOC Administrative Judges.**	**Measure has been met**	**For all unmet measures, provide a brief explanation in the space below or complete and**

Measures		Yes	No	attach an EEOC FORM 715-01 PART H to the agency's status report
	Does the agency have a system of management control to ensure that agency officials timely comply with any orders or directives issued by EEOC Administrative Judges?			
Compliance Indicator	**The agency's system of management controls ensures that the agency timely completes all ordered corrective action and submits its compliance report to EEOC within 30 days of such completion.**	Measure has been met		For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report
Measures		Yes	No	
Does the agency have control over the payroll processing function of the agency? If Yes, answer the two questions below.				
Are there steps in place to guarantee responsive, timely, and predictable processing of ordered monetary relief?				
Are procedures in place to promptly process other forms of ordered relief?				
Compliance Indicator	**Agency personnel are accountable for the timely completion of actions required to comply with orders of EEOC.**	Measure has been met		For all unmet measures, provide a brief explanation in the space below or complete and attach an EEOC FORM 715-01 PART H to the agency's status report
Measures		Yes	No	
Is compliance with EEOC orders encompassed in the performance standards of any agency employees?				
If so, please identify the employees by title in the comments section, and state how performance is measured.				
Is the unit charged with the responsibility for compliance with EEOC orders located in the EEO office?				
If not, please identify the unit in which it is located, the number of employees in the unit, and their grade levels in the comments section.				

Have the involved employees received any formal training in EEO compliance?			
Does the agency promptly provide to the EEOC the following documentation for completing compliance:			
Attorney Fees: Copy of check issued for attorney fees and /or a narrative statement by an appropriate agency official, or agency payment order dating the dollar amount of attorney fees paid?			
Awards: A narrative statement by an appropriate agency official stating the dollar amount and the criteria used to calculate the award?			
Back Pay and Interest: Computer print-outs or payroll documents outlining gross back pay and interest, copy of any checks issued, narrative statement by an appropriate agency official of total monies paid?			
Compensatory Damages: The final agency decision and evidence of payment, if made?			
Training: Attendance roster at training session(s) or a narrative statement by an appropriate agency official confirming that specific persons or groups of persons attended training on a date certain?			
Personnel Actions (e.g., Reinstatement, Promotion, Hiring, Reassignment): Copies of SF-50s			
Posting of Notice of Violation: Original signed and dated notice reflecting the dates that the notice was posted. A copy of the notice will suffice if the original is not available.			
Supplemental Investigation: 1. Copy of letter to complainant acknowledging receipt from EEOC of remanded case. 2. Copy of letter to complainant transmitting the Report of Investigation (not the ROI itself unless specified). 3. Copy of request for a hearing (complainant's request or agency's transmittal letter).			
Final Agency Decision (FAD): FAD or copy of the complainant's request for a hearing.			
Restoration of Leave: Print-out or statement identifying the amount of leave restored, if applicable. If not, an explanation or statement.			
Civil Actions: A complete copy of the civil action complaint demonstrating same issues raised as in compliance matter.			
Settlement Agreements: Signed and dated agreement with specific dollar amounts, if applicable. Also, appropriate documentation of relief is provided.

Equal Employment Opportunity (EEO) Terminology

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

Administrative Judge (AJ): An official assigned by the Equal Employment Opportunity Commission (EEOC) to hold hearings on formal complaints of discrimination and to otherwise process individual or class complaints for the EEOC.

Affirmative Action: Positive steps taken by an employer which contribute toward greater employment opportunities for minorities, females, the elderly, and the disabled. In federal employment, extra effort must be made to include qualified women, minorities, employees over 40, and the disabled at grade levels and in job categories where they are under represented.

Affirmative Action Plans/Affirmative Employment Plan: Written plans for programs required by Executive Order 11478 and other laws and regulations. AAP's may contain studies which show how the work force at the activity has been used, and may include goals and timetables for increasing the representation of protected class members in those areas where they have been under represented.

Age Discrimination: A claim of discrimination based on age by an individual who is at least 40 years of age at the time of the alleged discriminatory act.

Aggrieved Person: A person who believes that he/she has been discriminated against in some way and makes his/her concerns known.

Allegation of Reprisal: A claim of restraint, interference, coercion, discrimination, or retaliation in connection with presenting or processing a complaint or because of any opposition to an employment practice made unlawful under Title 29 CFR part 1614.

Complainant: An employee, a former employee, or an applicant for employment who files a formal complaint of discrimination based on his/her race, color, religion, sex, national origin, age (40), physical or mental disability and/or reprisal.

Discrimination: Any act or failure to act, impermissibly based in whole or in part on a person's race, color, religion, sex, national origin, age, physical or mental handicap, and/or reprisal, that adversely affects privileges, benefits, working conditions, results in disparate treatment, or had a disparate impact on employees or applicants.

Disparate Impact: Under EEO law, less favorable effect for one group than for another. Disparate impact results when rules applied to all employees have a different and more inhibiting effect on women and minority groups than on the majority. For example, nonessential educational requirements for certain jobs can have a disparate impact on minority groups looking for work, as they often have been limited in their access to educational opportunities.

Disparate Treatment: Inconsistent application of rules and policies to one group of people over another. Discrimination may result when rules and policies are applied differently to members of protected classes. Disciplining Hispanic and Afro-American employees for tardiness, while ignoring tardiness among other employees, is an example of disparate treatment. Such inconsistent application of rules often leads to complaints.

EEO Counselor: An employee of the EEO Office, working under the direction of the EEO Manager, who makes informal inquiries and seeks resolution of informal complaints.

Equal Employment Opportunity: The goal of laws which make some types of discrimination in employment illegal. Equal employment opportunity will become a reality when each U.S. citizen has an equal chance to enjoy the benefits of employment. EEO is not a guarantee of employment for anyone. Under EEO law, only job related factors can be used to determine if an individual is qualified for a particular job. Ideally, EEO laws and Affirmative Action programs combine to achieve equal employment opportunities. See EEO law, Affirmative Action, and Affirmative Action Plan/Affirmative Employment Plan.

Equal Employment Opportunity Commission (EEOC): The Federal agency with overall responsibility for federal sector complaints. The EEOC issues policy and regulations on the discrimination complaint system, holds hearings and makes findings and recommendations on

discrimination complaints; and, makes final decisions on discrimination complaints that have been appealed. It also reviews, upon request, decisions of negotiated grievances and Merit Systems Protection Board (MSPB) appeals if they include issues of discrimination.

Equal Employment Opportunity Laws: Five laws which prohibit discrimination on the basis of race, color, religion, sex, national origin, physical handicap and mental handicap in any terms, conditions, or privileges of employment. The five EEO laws are:

- The Equal Pay Act of 1963, as amended.
- Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972 and the Pregnancy Disability Act of 1978.
- The Rehabilitation Act of 1973, as amended.
- The Age Discrimination in Employment Act of 1967, as amended.
- The Civil Rights Act of 1991.

Ethnic Group: A group of people who share a common religion, color, or national origin. Irish-Americans, Mexican-Americans, German-Americans, Italian-Americans, Hindus, Moslems, and Jews are examples of ethnic groups. Some members of ethnic groups participate in the customs and practices of their groups, while others do not. Discrimination based on these customs and practices may be illegal under EEO law. See Minority.

Formal Complaint: A written complaint, DLA Form 1808, filed under 29 CFR 1614, alleging that a specific act of discrimination or reprisal has/have taken place that is personal to the individual.

Hearing: The presentation of such oral and written evidence concerning a complaint of discrimination presented before the EEOC.

Informal Complaint: A matter of alleged discrimination which an aggrieved person brings to the attention of the EEO Counselor before a formal discrimination complaint is filed.

Investigative Report: The report of investigation (ROI) prepared by an investigator after a formal discrimination complaint is filed, accepted for processing, and is investigated.

Job Related: Essential to job performance. The knowledge, skills, abilities, and experience necessary to perform a particular job. Tests are job related if they test whether an applicant or employee can perform the job in question. A rule or practice is job related if it is necessary for the safe and efficient performance of a particular job. For example, a rule prohibiting employees from wearing loose, flowing clothing around high speed rotating equipment is job related. However, the same rule applied in an office with no rotating equipment is not job related, and may have a disparate impact on some ethnic minorities.

Merit Principles: The rules established by the Office of Personnel Management that the federal government follows in hiring, promoting, and all terms and conditions of employment. One of those rules states that the selection and advancement shall be made on the basis of an applicant's or employee's ability, knowledge, and skills in fair and open competition.

Merit Systems Protection Board (MSPB): The federal agency responsible for deciding appealable personnel actions and mixed case appeals.

Minority: The smaller part of a group. A group within a country or state that differs in race, religion or national origin from the dominant group. According to EEOC guidelines, minority is used to mean four particular groups who share a race, color or national origin.

These groups are:

- American Indian or Alaskan Native. A person having origins in any of the original peoples of North America, and who maintain their culture through a tribe or community.
- Asian or Pacific Islander. A person having origins in any of the original people of the Far East, Southeast Asia, India, or the Pacific Islands. These areas include, for example, China, India, Korea, the Philippine Islands, and Samoa.
- Black (except Hispanic). A person having origins in any of the black racial groups of Africa.
- Hispanic. A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

- The many peoples with origins in Europe, North Africa, or the Middle East make up the dominant white population. Of course, many more minority groups can be identified in the American population. However, they are not classified separately as minorities under EEO law. It should be noted that women are not classified as a minority. However, they have experienced the same kind of systematic exclusion from the economy as the various minorities. Thus, they are considered as having "minority status" as far as the law is concerned.

Mixed Case Appeal: An appeal filed with the MSPB which alleges that an adverse personnel action resulted, in whole or in part, because of discrimination on the basis of race, color, religion, sex, national origin, age (40), physical or mental handicap, and/or reprisal, or alleges that such action resulted in sex-based wage discrimination.

Mixed Case Complaint: A complaint involving an action appealable to MSPB which alleges that the action was taken because of discrimination. Actions appealable to the MSPB include but are not limited to removals, demotions, suspensions for more than 14 days, reductions-in-force, and furloughs for less than 30 days.

Negotiated Settlement Agreement: A written settlement agreement voluntarily signed by the complainant or agent and the agency, during the precomplaint or formal complaint process, which resolves a discrimination complaint. The terms of the agreement are binding on both parties.

Numerical Goal: A target number of qualified women and minorities hired and advanced within a given period of time through an Affirmative Action Program. A numerical goal is not a quota, as it may not be reached within the time frame. It does not permit the hiring or advancement of **unqualified** employees. Numerical goals provide a standard which allows an activity to measure the effectiveness of its Affirmative Action Program. When numerical goals are reached, the percent of women and minority group members working at appropriate grade levels and classifications will be closer to their percentage in the labor market.

Official Time: Under 29 CFR Section 1614.605, complainants have a right to a "reasonable" about of official time, if otherwise on duty, to prepare a complaint filed under this regulation. The ? is not obligated to change work schedules, incur overtime, or pay travel. However, when the an EEOC administrative judge requests the complainant's presence in connection with a complaint, the complainant will be granted official time for the duration of such meeting or hearing regardless of the tour of duty. Employees must arrange in advance with their supervisors to use this duty time. Disagreements as to what is "reasonable" time are resolved by the activity Commander or his/her designee. "Reasonable duty time" includes all time actually spent in meetings and hearings required by an EEOC official, plus a reasonable amount of preparation time. Reasonable time is generally defined in terms of hours rather than days, weeks, or months.

Office of Federal Operations (OFO): The EEOC component that handles all administrative appeals to the EEOC.

Prima Facie: This Latin term translates as "on first view", or "at first appearance". In EEO cases, complainants present evidence and arguments to support a claim of discrimination. If those arguments cannot be rebutted with additional evidence, the claim will be supported by the court within further argument. Thus, a prima facie case is established. In the EEO area, statistics of under utilization have been sufficient to make a prima facie case for discrimination.

Protected Class: The groups protected from the employment discrimination by law. These groups include men and women on the basis of sex; any group which shares a common race, religion, color, or national origin; people over 40; and people with physical or mental handicaps. Every U.S. citizen is a member of some protected class, and is entitled to the benefits of EEO law. However, the EEO laws were passed to correct a history of unfavorable treatment of women and minority group members.

Quota: Fixed hiring and promotion rates based on race, sex, or other protected class standards which must be met at all costs. In extreme cases, the courts have assigned quotas to some employers who have continued to practice illegal discrimination. The agency or any other employer cannot use quotas to meet their affirmative action goals unless a court orders it. Quotas are considered discriminatory against males and other non minority people.

Reasonable Accommodation: Any change in the work environment, in the way things are customarily done, or in the application process that enables a person with a disability to enjoy equal employment opportunities. The three general categories of reasonable accommodation are changes

to: (1) job application process to permit people with disabilities to be considered for jobs; (2) enable people with disabilities to perform the essential functions of a job; and (3) give people with disabilities equal access to the benefits and privileges of employment.

Representative: A person selected and designated in writing by a complainant or the class agent. The representative may accompany, represent, and advise in the complaint process.

Reprisal: Unlawful restraint, coercion or discrimination against complainants, their representatives, witnesses, EEO Counselors, investigators, and other agency officials with responsibility for processing EEO complaints.

Settlement: An adjustment arrived at during the precomplaint or formal complaint process, which resolves issues raised to the satisfaction of the complainant. The terms of the adjustment must be set out in a negotiated settlement agreement.

Sexual Harassment: Unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature based on one or more of the following conditions a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

Under Represented: Inadequately represented in the work force of a particular activity. This term is used to describe the extent to which women and minorities are represented in particular grade levels and job categories. The percentage of women and minorities in the labor market is used as a standard to determine under representation. For example, suppose there are 100 GS-12's at an agency; three of them or 3% are black. However, the black labor market for GS-12 positions at that particular activity is 15%. In this case, blacks are under represented at the GS -12 level.

Under Utilized: To use less than fully; below potential use. This term is often applied to categories of employees who are working at jobs that do not make use of their skills and abilities, although they may have been hired for those skills and abilities. When an employee is consistently assigned to "dead end" jobs, he or she may be under utilized because they are often seen as able to perform only limited tasks.

§ 4119. Training for employees under the Office of the Architect of the Capitol and the Botanic Garden

(a) The Architect of the Capitol may, by regulation, make applicable such provisions of this chapter as the Architect determines necessary to provide for training of (1) individuals employed under the Office of the Architect of the Capitol and the Botanic Garden and (2) other congressional employees who are subject to the administrative control of the Architect. The regulations shall provide for training which, in the determination of the Architect, is consistent with the training provided by agencies under the preceding sections of this chapter.

(b) The Office of Personnel Management shall provide the Architect of the Capitol with such advice and assistance as the Architect may request in order to enable the Architect to carry out the purposes of this section.

(Added Pub. L. 97–346, § 1(a), Oct. 15, 1982, 96 Stat. 1647.)

§ 4120. Training for employees of the Capitol Police

(a) The Chief of the Capitol Police may, by regulation, make applicable such provisions of this chapter as the Chief determines necessary to provide for training of employees of the Capitol Police. The regulations shall provide for training which, in the determination of the Chief, is consistent with the training provided by agencies under the preceding sections of this chapter.

(b) The Office of Personnel Management shall provide the Chief of the Capitol Police with such advice and assistance as the Chief may request in order to enable the Chief to carry out the purposes of this section.

(Added Pub. L. 108–7, div. H, title I, § 1010(a), Feb. 20, 2003, 117 Stat. 360.)

§ 4121. Specific training programs

In consultation with the Office of Personnel Management, the head of each agency shall establish—

(1) a comprehensive management succession program to provide training to employees to develop managers for the agency; and

(2) a program to provide training to managers on actions, options, and strategies a manager may use in—

(A) relating to employees with unacceptable performance;

(B) mentoring employees and improving employee performance and productivity; and

(C) conducting employee performance appraisals.

(Added Pub. L. 108–411, title II, § 201(b)(1), Oct. 30, 2004, 118 Stat. 2311.)

CHAPTER 43—PERFORMANCE APPRAISAL

SUBCHAPTER I—GENERAL PROVISIONS

SUBCHAPTER II—PERFORMANCE APPRAISAL IN THE SENIOR EXECUTIVE SERVICE

AMENDMENTS

1993—Pub. L. 103–89, § 3(b)(1)(B)(ii), Sept. 30, 1993, 107 Stat. 981, struck out item 4302a ''Establishment of performance appraisal systems for performance management and recognition system employees''.

1984—Pub. L. 98–615, title II, § 202(b), Nov. 8, 1984, 98 Stat. 3216, added item 4302a.

1978—Pub. L. 95–454, title II, § 203(a), title IV, § 405(b), Oct. 13, 1978, 92 Stat. 1131, 1170, in chapter heading substituted ''APPRAISAL'' for ''RATING'', added heading for subchapter I, in item 4302 substituted ''Establishment of performance appraisal systems'' for ''Performance-rating plans; establishment of'', in item 4303 substituted ''Actions based on unacceptable performance'' for ''Performance-rating plans; requirements for'', in item 4304 substituted ''Responsibilities of Office of Personnel Management'' for ''Ratings for performance'', in item 4305 substituted ''Regulations'' for ''Review of ratings'', struck out items 4306 to 4308 ''Performance-rating plans; inspection of'', ''Other rating procedures prohibited'', and ''Regulations'', respectively, and added item for subchapter II and items 4311 to 4315.

SUBCHAPTER I—GENERAL PROVISIONS

AMENDMENTS

1979—Pub. L. 96–54, § 2(a)(20), Aug. 14, 1979, 93 Stat. 382, added heading for subchapter I.

§ 4301. Definitions

For the purpose of this subchapter—

(1) ''agency'' means—

(A) an Executive agency; and

(B) the Government Printing Office;

but does not include—

(i) a Government corporation;

(ii) the Central Intelligence Agency, the Defense Intelligence Agency, the National Geospatial-Intelligence Agency, the National Security Agency, or any Executive agency or unit thereof which is designated by the President and the principal function of which is the conduct of foreign intelligence or counterintelligence activities; or

(iii) the Government Accountability Office;

(2) ''employee'' means an individual employed in or under an agency, but does not include—

(A) an employee outside the United States who is paid in accordance with local native prevailing wage rates for the area in which employed;

(B) an individual in the Foreign Service of the United States;

(C) a physician, dentist, nurse, or other employee in the Veterans Health Adminis-

[1] So in original. Does not conform to section catchline.

tration of the Department of Veterans Affairs whose pay is fixed under chapter 73 of title 38;

(D) an administrative law judge appointed under section 3105 of this title;

(E) an individual in the Senior Executive Service or the Federal Bureau of Investigation and Drug Enforcement Administration Senior Executive Service;

(F) an individual appointed by the President;

(G) an individual occupying a position not in the competitive service excluded from coverage of this subchapter by regulations of the Office of Personnel Management; or

(H) an individual who (i) is serving in a position under a temporary appointment for less than one year, (ii) agrees to serve without a performance evaluation, and (iii) will not be considered for a reappointment or for an increase in pay based in whole or in part on performance; and

(3) ''unacceptable performance'' means performance of an employee which fails to meet established performance standards in one or more critical elements of such employee's position.

(Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 440; Pub. L. 91–375, §6(c)(8), Aug. 12, 1970, 84 Stat. 776; Pub. L. 95–251, §2(a)(1), Mar. 27, 1978, 92 Stat. 183; Pub. L. 95–454, title II, §203(a), Oct. 13, 1978, 92 Stat. 1131; Pub. L. 100–325, §2(f), May 30, 1988, 102 Stat. 581; Pub. L. 101–474, §5(e), Oct. 30, 1990, 104 Stat. 1100; Pub. L. 101–510, div. A, title XII, §1206(e), Nov. 5, 1990, 104 Stat. 1661; Pub. L. 102–54, §13(b)(2), June 13, 1991, 105 Stat. 274; Pub. L. 103–359, title V, §501(e), Oct. 14, 1994, 108 Stat. 3429; Pub. L. 104–201, div. A, title XI, §1122(a)(1), Sept. 23, 1996, 110 Stat. 2687; Pub. L. 108–271, §8(b), July 7, 2004, 118 Stat. 814; Pub. L. 110–417, [div. A], title IX, §931(a)(1), Oct. 14, 2008, 122 Stat. 4575.)

HISTORICAL AND REVISION NOTES

Derivation	*U.S. Code*	*Revised Statutes and Statutes at Large*
.....	5 U.S.C. 2001.	Sept. 30, 1950, ch. 1123, §2, 64 Stat. 1098. Sept. 1, 1954, ch. 1208, §601(a), 68 Stat. 1115. June 17, 1957, Pub. L. 85–56, §2201(21), 71 Stat. 159. July 11, 1957, Pub. L. 85–101, 71 Stat. 293. Sept. 2, 1958, Pub. L. 85–857, §13(p), 72 Stat. 1266. Mar. 26, 1964, Pub. L. 88–290, ''Sec. 306(b)'', 78 Stat. 170.

In paragraph (1), the term ''Executive agency'' is substituted for the reference to ''executive departments, the independent establishments and agencies in the executive branch, including corporations wholly owned by the United States'' and ''the General Accounting Office''. The exception of ''a Government controlled corporation'' is added in subparagraph (vii) to preserve the application of this chapter to ''corporations wholly owned by the United States''. The exceptions for Production credit corporations and Federal intermediate credit banks in former section 2001(b)(5), (6) are omitted as they are no longer ''corporations wholly owned by the United States''. Under the Farm Credit Act of 1956, 70 Stat. 659, the production credit corporations were merged in the Federal intermediate credit banks, and pursuant to that Act the Federal intermediate credit banks have ceased to be corporations owned by the United States. The exceptions for Federal land banks and banks for cooperatives in former section 2001(b)(7), (8) are omitted as included within the exception of ''a Government controlled corporation'' in subparagraph (vii).

Paragraph (2) is supplied because the definition of ''employee'' in section 2105 does not encompass individuals employed by the government of the District of Columbia. The definition in paragraph (2) does not encompass members of the uniformed services as they are not ''employed'' in or under an agency.

Paragraph (2)(E) is based on the third and fifth sentences, respectively, of former sections 1010 and 1011, which are carried into sections 5362 and 559, respectively, and section 1106(a) of the Act of Oct. 28, 1949, ch. 782, 63 Stat. 972.

Standard changes are made to conform with the definitions applicable and the style of this title as outlined in the preface to the report.

AMENDMENTS

2008—Par. (1)(ii) Pub. L. 110–417 substituted ''National Geospatial-Intelligence Agency'' for ''National Imagery and Mapping Agency''.

2004—Par. (1)(iii). Pub. L. 108–271 substituted ''Government Accountability Office'' for ''General Accounting Office''.

1996—Par. (1)(ii). Pub. L. 104–201 substituted ''National Imagery and Mapping Agency'' for ''Central Imagery Office''.

1994—Par. (1)(ii). Pub. L. 103–359 inserted ''the Central Imagery Office,'' after ''Defense Intelligence Agency,''.

1991—Par. (2)(C). Pub. L. 102–54 substituted ''Veterans Health Administration of the Department of Veterans Affairs'' for ''Department of Medicine and Surgery, Veterans' Administration''.

1990—Par. (1). Pub. L. 101–474 redesignated subpar. (C) as (B) and struck out former subpar. (B) which included Administrative Office of United States Courts within definition of ''agency''.

Par. (2)(H). Pub. L. 101–510 added subpar. (H).

1988—Par. (2)(E). Pub. L. 100–325 inserted reference to Federal Bureau of Investigation and Drug Enforcement Administration Senior Executive Service.

1978—Pub. L. 95–454 substituted provisions defining ''agency'', ''employee'', and ''unacceptable performance'' for provisions defining ''agency'' and ''employee''.

Par. (2)(E). Pub. L. 95–251 substituted ''administrative law judge'' for ''hearing examiner''.

1970—Par. (1)(ii). Pub. L. 91–375 repealed cl. (ii) which excluded postal field service from definition of ''agency''.

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–201 effective Oct. 1, 1996, see section 1124 of Pub. L. 104–201, set out as a note under section 193 of Title 10, Armed Forces.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95–454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95–454, set out as a note under section 1101 of this title.

EFFECTIVE DATE OF 1970 AMENDMENT

Amendment by Pub. L. 91–375 effective within 1 year after Aug. 12, 1970, on date established therefor by Board of Governors of United States Postal Service and published by it in Federal Register, see section 15(a) of Pub. L. 91–375, set out as an Effective Date note preceding section 101 of Title 39, Postal Service.

§ 4302. Establishment of performance appraisal systems

(a) Each agency shall develop one or more performance appraisal systems which—

(1) provide for periodic appraisals of job performance of employees;

(2) encourage employee participation in establishing performance standards; and

(3) use the results of performance appraisals as a basis for training, rewarding, reassigning, promoting, reducing in grade, retaining, and removing employees.

(b) Under regulations which the Office of Personnel Management shall prescribe, each performance appraisal system shall provide for—

(1) establishing performance standards which will, to the maximum extent feasible, permit the accurate evaluation of job performance on the basis of objective criteria (which may include the extent of courtesy demonstrated to the public) related to the job in question for each employee or position under the system;

(2) as soon as practicable, but not later than October 1, 1981, with respect to initial appraisal periods, and thereafter at the beginning of each following appraisal period, communicating to each employee the performance standards and the critical elements of the employee's position;

(3) evaluating each employee during the appraisal period on such standards;

(4) recognizing and rewarding employees whose performance so warrants;

(5) assisting employees in improving unacceptable performance; and

(6) reassigning, reducing in grade, or removing employees who continue to have unacceptable performance but only after an opportunity to demonstrate acceptable performance.

(c) In accordance with regulations which the Office shall prescribe, the head of an agency may administer and maintain a performance appraisal system electronically.

(Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 440; Pub. L. 95–454, title II, § 203(a), Oct. 13, 1978, 92 Stat. 1132; Pub. L. 102–378, § 2(18), Oct. 2, 1992, 106 Stat. 1347; Pub. L. 106–398, § 1 [[div. A], title XI, § 1104], Oct. 30, 2000, 114 Stat. 1654, 1654A–311.)

HISTORICAL AND REVISION NOTES

Derivation	*U.S. Code*	*Revised Statutes and Statutes at Large*
.....	5 U.S.C. 2002.	Sept. 30, 1950, ch. 1123, § 3, 64 Stat. 1098.

Standard changes are made to conform with the definitions applicable and the style of this title as outlined in the preface to the report.

AMENDMENTS

2000—Subsec. (c). Pub. L. 106–398 added subsec. (c).

1992—Subsec. (a)(3). Pub. L. 102–378 substituted a period for semicolon at end.

1978—Pub. L. 95–454 substituted ''Establishment of performance appraisal systems'' for ''Performance-rating plans; establishment of'' in section catchline and in text substituted provisions relating to the establishment of a performance appraisal system, for provisions relating to the establishment of performance-rating plans.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95–454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95–454, set out as a note under section 1101 of this title.

[§ 4302a. Repealed. Pub. L. 103–89, § 3(b)(1)(B)(i), Sept. 30, 1993, 107 Stat. 981]

Section, added Pub. L. 98–615, title II, § 202(a), Nov. 8, 1984, 98 Stat. 3214; amended Pub. L. 101–103, § 5(a), Sept. 30, 1989, 103 Stat. 671; Pub. L. 102–22, § 2(a), Mar. 28, 1991, 105 Stat. 71, related to the establishment of performance appraisal systems for performance management and recognition system employees.

EFFECTIVE DATE OF REPEAL

Repeal effective Nov. 1, 1993, see section 3(c) of Pub. L. 103–89, set out as an Effective Date of 1993 Amendment note under section 3372 of this title.

§ 4303. Actions based on unacceptable performance

(a) Subject to the provisions of this section, an agency may reduce in grade or remove an employee for unacceptable performance.

(b)(1) An employee whose reduction in grade or removal is proposed under this section is entitled to—

(A) 30 days' advance written notice of the proposed action which identifies—

(i) specific instances of unacceptable performance by the employee on which the proposed action is based; and

(ii) the critical elements of the employee's position involved in each instance of unacceptable performance;

(B) be represented by an attorney or other representative;

(C) a reasonable time to answer orally and in writing; and

(D) a written decision which—

(i) in the case of a reduction in grade or removal under this section, specifies the instances of unacceptable performance by the employee on which the reduction in grade or removal is based, and

(ii) unless proposed by the head of the agency, has been concurred in by an employee who is in a higher position than the employee who proposed the action.

(2) An agency may, under regulations prescribed by the head of such agency, extend the notice period under subsection (b)(1)(A) of this section for not more than 30 days. An agency may extend the notice period for more than 30 days only in accordance with regulations issued by the Office of Personnel Management.

(c) The decision to retain, reduce in grade, or remove an employee—

(1) shall be made within 30 days after the date of expiration of the notice period, and

(2) in the case of a reduction in grade or removal, may be based only on those instances of unacceptable performance by the employee—

(A) which occurred during the 1-year period ending on the date of the notice under subsection (b)(1)(A) of this section in connection with the decision; and

(B) for which the notice and other requirements of this section are complied with.

(d) If, because of performance improvement by the employee during the notice period, the employee is not reduced in grade or removed, and the employee's performance continues to be acceptable for 1 year from the date of the advance

written notice provided under subsection (b)(1)(A) of this section, any entry or other notation of the unacceptable performance for which the action was proposed under this section shall be removed from any agency record relating to the employee.

(e) Any employee who is—

(1) a preference eligible;

(2) in the competitive service; or

(3) in the excepted service and covered by subchapter II of chapter 75,

and who has been reduced in grade or removed under this section is entitled to appeal the action to the Merit Systems Protection Board under section 7701.

(f) This section does not apply to—

(1) the reduction to the grade previously held of a supervisor or manager who has not completed the probationary period under section 3321(a)(2) of this title,

(2) the reduction in grade or removal of an employee in the competitive service who is serving a probationary or trial period under an initial appointment or who has not completed 1 year of current continuous employment under other than a temporary appointment limited to 1 year or less, or

(3) the reduction in grade or removal of an employee in the excepted service who has not completed 1 year of current continuous employment in the same or similar positions.

(Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 440; Pub. L. 95–454, title II, § 203(a), Oct. 13, 1978, 92 Stat. 1133; Pub. L. 101–376, § 2(b), Aug. 17, 1990, 104 Stat. 462.)

HISTORICAL AND REVISION NOTES

Derivation	*U.S. Code*	*Revised Statutes and Statutes at Large*
.....	5 U.S.C. 2004.	Sept. 30, 1950, ch. 1123, § 5, 64 Stat. 1098.

The words ''required by this chapter'' are omitted as unnecessary.

Standard changes are made to conform with the definitions applicable and the style of this title as outlined in the preface to the report.

AMENDMENTS

1990—Subsec. (e). Pub. L. 101–376 amended subsec. (e) generally. Prior to amendment, subsec. (e) read as follows: ''Any employee who is a preference eligible or is in the competitive service and who has been reduced in grade or removed under this section is entitled to appeal the action to the Merit Systems Protection Board under section 7701 of this title.''

1978—Pub. L. 95–454 substituted ''Actions based on unacceptable performance'' for ''Performance-rating plans; requirements for'' in section catchline and in text substituted provisions relating to actions based on unacceptable performance, for provisions relating to requirements for performance-rating plans.

EFFECTIVE DATE OF 1990 AMENDMENT

Section 2(c) of Pub. L. 101–376 provided that: ''The amendments made by this section [amending this section and section 7511 of this title] shall apply with respect to any personnel action taking effect on or after the effective date of this Act [see below].''

Section 4 of Pub. L. 101–376 provided that: ''This Act and the amendments made by this Act [amending this section, sections 7511 and 7701 of this title, and enacting provisions set out as notes under this section and section 7501 of this title] shall become effective on the date of the enactment of this Act [Aug. 17, 1990], and, except as provided in section 2(c) [set out above], shall apply with respect to any appeal or other proceeding brought on or after such date.''

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95–454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95–454, set out as a note under section 1101 of this title.

§ 4304. Responsibilities of the Office of Personnel Management

(a) The Office of Personnel Management shall make technical assistance available to agencies in the development of performance appraisal systems.

(b)(1) The Office shall review each performance appraisal system developed by any agency under this section and determine whether the performance appraisal system meets the requirements of this subchapter.

(2) The Comptroller General shall from time to time review on a selected basis performance appraisal systems established under this subchapter to determine the extent to which any such system meets the requirements of this subchapter and shall periodically report its findings to the Office and to the Congress.

(3) If the Office determines that a system does not meet the requirements of this subchapter (including regulations prescribed under section 4305), the Office shall direct the agency to implement an appropriate system or to correct operations under the system, and any such agency shall take any action so required.

(Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 440; Pub. L. 95–454, title II, § 203(a), Oct. 13, 1978, 92 Stat. 1134.)

HISTORICAL AND REVISION NOTES

Derivation	*U.S. Code*	*Revised Statutes and Statutes at Large*
.....	5 U.S.C. 2005.	Sept. 30, 1950, ch. 1123, § 6, 64 Stat. 1099.

In subsection (a)(1), the words ''corresponding to an efficiency rating of 'good' under the Veterans' Preference Act of 1944, as amended, and under laws superseded by this chapter'' in clause (1) of former section 2005 are omitted, but are carried into section 3502.

Standard changes are made to conform with the definitions applicable and the style of this title as outlined in the preface to the report.

AMENDMENTS

1978—Pub. L. 95–454 substituted ''Responsibilities of the Office of Personnel Management'' for ''Ratings for performance'' in section catchline and in text substituted provisions relating to the responsibilities of the Office of Personnel Management under this subchapter, for provisions relating to ratings for performance.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95–454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95–454, set out as a note under section 1101 of this title.

§ 4305. Regulations

The Office of Personnel Management may prescribe regulations to carry out the purpose of this subchapter.

(Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 441; Pub. L. 95–454, title II, § 203(a), Oct. 13, 1978, 92 Stat. 1134.)

HISTORICAL AND REVISION NOTES

Derivation	*U.S. Code*	*Revised Statutes and Statutes at Large*
.....	5 U.S.C. 2006.	Sept. 30, 1950, ch. 1123, § 7, 64 Stat. 1099.

In subsection (c), the words ''as a matter of right'' are omitted as unnecessary.

In subsection (d), the words ''are entitled'' are substituted for ''shall be afforded an opportunity''. The word ''considers'' is substituted for ''deems to be''.

Standard changes are made to conform with the definitions applicable and the style of this title as outlined in the preface to the report.

AMENDMENTS

1978—Pub. L. 95–454 substituted ''Regulations'' for ''Review of ratings'' in section catchline and in text substituted provisions relating to regulations to carry out this subchapter, for provisions relating to review of ratings.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95–454 effective 90 days after Oct. 13, 1978, see section 907 of Pub. L. 95–454, set out as a note under section 1101 of this title.

[§§ 4306 to 4308. Omitted]

CODIFICATION

Sections 4306 to 4308, Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 441, 442, were omitted in the general revision of this chapter by the Civil Service Reform Act of 1978, Pub. L. 95–454, § 203(a), Oct. 13, 1978, 92 Stat. 1131.

Section 4306 related to inspection of performance-rating plans.

Section 4307 related to prohibition of other rating procedures.

Section 4308 related to regulations for administration of the chapter, and is covered by revised section 4305.

SUBCHAPTER II—PERFORMANCE APPRAISAL IN THE SENIOR EXECUTIVE SERVICE

§ 4311. Definitions

For the purpose of this subchapter, ''agency'', ''senior executive'', and ''career appointee'' have the meanings set forth in section 3132(a) of this title.

(Added Pub. L. 95–454, title IV, § 405(a), Oct. 13, 1978, 92 Stat. 1167.)

EFFECTIVE DATE

Subchapter effective 9 months after Oct. 13, 1978, and congressional review of provisions of sections 401 through 412 of Pub. L. 95–454, see section 415(a)(1), (b), of Pub. L. 95–454, set out as a note under section 3131 of this title.

§ 4312. Senior Executive Service performance appraisal systems

(a) Each agency shall, in accordance with standards established by the Office of Personnel Management, develop one or more performance appraisal systems designed to—

(1) permit the accurate evaluation of performance in any position on the basis of criteria which are related to the position and which specify the critical elements of the position;

(2) provide for systematic appraisals of performance of senior executives;

(3) encourage excellence in performance by senior executives; and

(4) provide a basis for making eligibility determinations for retention in the Senior Executive Service and for Senior Executive Service performance awards.

(b) Each performance appraisal system established by an agency under subsection (a) of this section shall provide—

(1) that, on or before the beginning of each rating period, performance requirements for each senior executive in the agency are established in consultation with the senior executive and communicated to the senior executive;

(2) that written appraisals of performance are based on the individual and organizational performance requirements established for the rating period involved; and

(3) that each senior executive in the agency is provided a copy of the appraisal and rating under section 4314 of this title and is given an opportunity to respond in writing and have the rating reviewed by an employee, or (with the consent of the senior executive) a commissioned officer in the uniformed services serving on active duty, in a higher level in the agency before the rating becomes final.

(c)(1) The Office shall review each agency's performance appraisal system under this section, and determine whether the agency performance appraisal system meets the requirements of this subchapter.

(2) The Comptroller General shall from time to time review performance appraisal systems under this section to determine the extent to which any such system meets the requirements under this subchapter and shall periodically report its findings to the Office and to each House of the Congress.

(3) If the Office determines that an agency performance appraisal system does not meet the requirements under this subchapter (including regulations prescribed under section 4315), the agency shall take such corrective action as may be required by the Office.

(d) A senior executive may not appeal any appraisal and rating under any performance appraisal system under this section.

(Added Pub. L. 95–454, title IV, § 405(a), Oct. 13, 1978, 92 Stat. 1167; amended Pub. L. 98–615, title III, § 306(b)(2), Nov. 8, 1984, 98 Stat. 3220.)

AMENDMENTS

1984—Subsec. (b)(3). Pub. L. 98–615 inserted '', or (with the consent of the senior executive) a commissioned officer in the uniformed services serving on active duty,'' and directed that ''executive'' be struck out which was executed by striking ''executive'' only where it appeared before ''level in the agency''.

EFFECTIVE DATE OF 1984 AMENDMENT

Amendment by Pub. L. 98–615 effective following expiration of 90-day period beginning on Nov. 8, 1984, see section 307 of Pub. L. 98–615, set out as a note under section 3393 of this title.

§ 4313. Criteria for performance appraisals

Appraisals of performance in the Senior Executive Service shall be based on both individual

and organizational performance, taking into account such factors as—

(1) improvements in efficiency, productivity, and quality of work or service, including any significant reduction in paperwork;

(2) cost efficiency;

(3) timeliness of performance;

(4) other indications of the effectiveness, productivity, and performance quality of the employees for whom the senior executive is responsible; and

(5) meeting affirmative action goals, achievement of equal employment opportunity requirements, and compliance with the merit systems principles set forth under section 2301 of this title.

(Added Pub. L. 95–454, title IV, § 405(a), Oct. 13, 1978, 92 Stat. 1168; amended Pub. L. 103–424, § 6, Oct. 29, 1994, 108 Stat. 4364.)

AMENDMENTS

1994—Par. (5). Pub. L. 103–424 amended par. (5) generally. Prior to amendment, par. (5) read as follows: ''meeting affirmative action goals and achievement of equal employment opportunity requirements.''

§ 4314. Ratings for performance appraisals

(a) Each performance appraisal system shall provide for annual summary ratings of levels of performance as follows:

(1) one or more fully successful levels,

(2) a minimally satisfactory level, and

(3) an unsatisfactory level.

(b) Each performance appraisal system shall provide that—

(1) any appraisal and any rating under such system—

(A) are made only after review and evaluation by a performance review board established under subsection (c) of this section;

(B) are conducted at least annually, subject to the limitation of subsection (c)(3) of this section;

(C) in the case of a career appointee, may not be made within 120 days after the beginning of a new Presidential administration; and

(D) are based on performance during a performance appraisal period the duration of which shall be determined under guidelines established by the Office of Personnel Management, but which may be terminated in any case in which the agency making an appraisal determines that an adequate basis exists on which to appraise and rate the senior executive's performance;

(2) any career appointee receiving a rating at any of the fully successful levels under subsection (a)(1) of this section may be given a performance award under section 5384 of this title;

(3) any senior executive receiving an unsatisfactory rating under subsection (a)(3) of this section shall be reassigned or transferred within the Senior Executive Service, or removed from the Senior Executive Service, but any senior executive who receives 2 unsatisfactory ratings in any period of 5 consecutive years shall be removed from the Senior Executive Service; and

(4) any senior executive who twice in any period of 3 consecutive years receives less than fully successful ratings shall be removed from the Senior Executive Service.

(c)(1) Each agency shall establish, in accordance with regulations prescribed by the Office, one or more performance review boards, as appropriate. It is the function of the boards to make recommendations to the appropriate appointing authority of the agency relating to the performance of senior executives in the agency.

(2) The supervising official of the senior executive shall provide to the performance review board, an initial appraisal of the senior executive's performance. Before making any recommendation with respect to the senior executive, the board shall review any response by the senior executive to the initial appraisal and conduct such further review as the board finds necessary.

(3) Performance appraisals under this subchapter with respect to any senior executive shall be made by the appointing authority only after considering the recommendations by the performance review board with respect to such senior executive under paragraph (1) of this subsection.

(4) Members of performance review boards shall be appointed in such a manner as to assure consistency, stability, and objectivity in performance appraisal. Notice of the appointment of an individual to serve as a member shall be published in the Federal Register.

(5) In the case of an appraisal of a career appointee, more than one-half of the members of the performance review board shall consist of career appointees. The requirement of the preceding sentence shall not apply in any case in which the Office determines that there exists an insufficient number of career appointees available to comply with the requirement.

(Added Pub. L. 95–454, title IV, § 405(a), Oct. 13, 1978, 92 Stat. 1169; amended Pub. L. 104–66, title II, § 2181(b), Dec. 21, 1995, 109 Stat. 732.)

AMENDMENTS

1995—Subsec. (d). Pub. L. 104–66 struck out subsec. (d) which related to reports to Congress.

§ 4315. Regulations

The Office of Personnel Management shall prescribe regulations to carry out the purpose of this subchapter.

(Added Pub. L. 95–454, title IV, § 405(a), Oct. 13, 1978, 92 Stat. 1170.)

CHAPTER 45—INCENTIVE AWARDS

SUBCHAPTER I—AWARDS FOR SUPERIOR ACCOMPLISHMENTS

[1] So in original. Probably should not be capitalized.

the performance of the functions of the Board.'' after first sentence, inserted ''or buildings'' after ''building'' wherever appearing in third and fourth sentences, and substituted ''constructed on any site'' for ''constructed on the site'' in third sentence.

1934—Act June 19, 1934, inserted provisions after ''the preceding half year'' in first sentence and inserted second and third sentences.

CHANGE OF NAME

Section 203(a) of act Aug. 23, 1935, changed name of Federal Reserve Board to Board of Governors of the Federal Reserve System.

§ 244. Principal offices of Board; chairman of Board; obligations and expenses; qualifications of members; vacancies

The principal offices of the Board shall be in the District of Columbia. At meetings of the Board the chairman shall preside, and, in his absence, the vice chairman shall preside. In the absence of the chairman and the vice chairman, the Board shall elect a member to act as chairman pro tempore. The Board shall determine and prescribe the manner in which its obligations shall be incurred and its disbursements and expenses allowed and paid, and may leave on deposit in the Federal Reserve banks the proceeds of assessments levied upon them to defray its estimated expenses and the salaries of its members and employees, whose employment, compensation, leave, and expenses shall be governed solely by the provisions of this chapter and rules and regulations of the Board not inconsistent therewith; and funds derived from such assessments shall not be construed to be Government funds or appropriated moneys. No member of the Board of Governors of the Federal Reserve System shall be an officer or director of any bank, banking institution, trust company, or Federal Reserve bank or hold stock in any bank, banking institution, or trust company; and before entering upon his duties as a member of the Board of Governors of the Federal Reserve System he shall certify under oath that he has complied with this requirement, and such certification shall be filed with the secretary of the Board. Whenever a vacancy shall occur, other than by expiration of term, among the seven members of the Board of Governors of the Federal Reserve System appointed by the President as above provided, a successor shall be appointed by the President, by and with the advice and consent of the Senate, to fill such vacancy, and when appointed he shall hold office for the unexpired term of his predecessor.

(Dec. 23, 1913, ch. 6, § 10 (par.), 38 Stat. 261; June 3, 1922, ch. 205, 42 Stat. 621; June 16, 1933, ch. 89, § 6(b), 48 Stat. 167; Aug. 23, 1935, ch. 614, title II, § 203(a)–(c), 49 Stat. 704, 705.)

REFERENCES IN TEXT

This chapter, referred to in text, was in the original ''this Act, specific amendments thereof'', meaning act Dec. 23, 1913, ch. 6, 38 Stat. 251, as amended, known as the Federal Reserve Act. For complete classification of this Act to the Code, see References in Text note set out under section 226 of this title and Tables.

CODIFICATION

Section is comprised of fourth par. of section 10 of act Dec. 23, 1913. For classification to this title of other pars. of section 10, see Codification note set out under section 241 of this title.

Word ''seven'' was substituted for ''six'' in last sentence on authority of section 203(b) of act Aug. 23, 1935, which increased membership of the Board of Governors.

AMENDMENTS

1935—Act Aug. 23, 1935, § 203(c), substituted second and third sentences for former related provisions.

1933—Act June 16, 1933, fixed the principal offices of the Board, made the Secretary of the Treasury chairman, provided for chairman pro tempore, and referred to disbursements, obligations, salaries and leaves.

CHANGE OF NAME

Section 203(a) of act Aug. 23, 1935, changed name of Federal Reserve Board to Board of Governors of the Federal Reserve System.

§ 245. Vacancies during recess of Senate

The President shall have power to fill all vacancies that may happen on the Board of Governors of the Federal Reserve System during the recess of the Senate by granting commissions which shall expire with the next session of the Senate.

(Dec. 23, 1913, ch. 6, § 10 (par.), 38 Stat. 260; June 3, 1922, ch. 205, 42 Stat. 620; Aug. 23, 1935, ch. 614, title II, § 203(a), 49, Stat. 704.)

12 U.S. Code § 248 - Enumerated powers

Current through Pub. L. 113-121. (See Public Laws for the current Congress.)

US Code Notes Updates Authorities (CFR)

The Board of Governors of the Federal Reserve System shall be authorized and empowered:

(a) Examination of accounts and affairs of banks; publication of weekly statements; reports of liabilities and assets of depository institutions; covered institutions

(1)To examine at its discretion the accounts, books, and affairs of each Federal reserve bank and of each member bank and to require such statements and reports as it may deem necessary. The said board shall publish once each week a statement showing the condition of each Federal reserve bank and a consolidated statement for all Federal reserve banks. Such statements shall show in detail the assets and liabilities of the Federal reserve banks, single and combined, and shall furnish full information regarding the character of the money held as reserve and the amount, nature, and maturities of the paper and other investments owned or held by Federal reserve banks.

(2)To require any depository institution specified in this paragraph to make, at such intervals as the Board may prescribe, such reports of its liabilities and assets as the Board may determine to be necessary or desirable to enable the Board to discharge its responsibility to monitor and control monetary and credit aggregates. Such reports shall be made

(A) directly to the Board in the case of member banks and in the case of other depository institutions whose reserve requirements under sections 461, 463, 464, 465, and 466 of this title exceed zero, and

(B) for all other reports to the Board through the

(i) Federal Deposit Insurance Corporation in the case of insured State savings associations that are insured depository institutions (as defined in section 1813 of this title), State nonmember banks, savings banks, and mutual savings banks,

(ii) National Credit Union Administration Board in the case of insured credit unions,

(iii) the Comptroller of the Currency in the case of any Federal savings association which is an insured depository institution (as defined in section 1813 of this title) or which is a member as defined in section 1422 of this title, and

(iv) such State officer or agency as the Board may designate in the case of any other type of bank, savings association, or credit union. The Board shall endeavor to avoid the imposition of unnecessary burdens on reporting institutions and the duplication of other reporting requirements. Except as otherwise required by law, any data provided to any department, agency, or instrumentality of the United States pursuant to other reporting requirements shall be made available to the Board. The Board may classify depository institutions for the purposes of this paragraph and may impose different requirements on each such class.

(b) Permitting or requiring rediscounting of paper at specified rate

All lawyers

To permit, or, on the affirmative vote of at least five members of the Board of Governors, to require Federal reserve banks to rediscount the discounted paper of other Federal reserve banks at rates of interest to be fixed by the Board.

(c) Suspending reserve requirements

To suspend for a period not exceeding thirty days, and from time to time to renew such suspension for periods not exceeding fifteen days, any reserve requirements specified in this chapter.

(d) Supervising and regulating issue and retirement of notes

To supervise and regulate through the Secretary of the Treasury the issue and retirement of Federal Reserve notes, except for the cancellation and destruction, and accounting with respect to such cancellation and destruction, of notes unfit for circulation, and to prescribe rules and regulations under which such notes may be delivered by the Secretary of the Treasury to the Federal Reserve agents applying therefor.

(e) Adding to or reclassifying reserve cities

To add to the number of cities classified as reserve cities under existing law in which national banking associations are subject to the reserve requirements set forth in section 20 of this Act, or to reclassify existing reserve cities or to terminate their designation as such.

(f) Suspending or removing officers or directors of reserve banks

To suspend or remove any officer or director of any Federal reserve bank, the cause of such removal to be forthwith communicated in writing by the Board of Governors of the Federal Reserve System to the removed officer or director and to said bank.

(g) Requiring writing off of doubtful or worthless assets of banks

To require the writing off of doubtful or worthless assets upon the books and balance sheets of Federal reserve banks.

(h) Suspending operations of or liquidating or reorganizing banks

To suspend, for the violation of any of the provisions of this chapter, the operations of any Federal reserve bank, to take possession thereof, administer the same during the period of suspension, and, when deemed advisable, to liquidate or reorganize such bank.

(i) Requiring bonds of agents; safeguarding property in hands of agents

To require bonds of Federal reserve agents, to make regulations for the safeguarding of all collateral, bonds, Federal reserve notes, money, or property of any kind deposited in the hands of such agents, and said board shall perform the duties, functions, or services specified in this chapter, and make all rules and regulations necessary to enable said board effectively to perform the same.

(j) Exercising supervision over reserve banks

To exercise general supervision over said Federal reserve banks.

(k) Delegation of certain functions; power to delegate; review of delegated activities

To delegate, by published order or rule and subject to subchapter II of chapter 5, and chapter 7, of title 5, any of its functions, other than those relating to rulemaking or pertaining principally to monetary and credit policies, to one or more administrative law judges, members or employees of the Board, or Federal Reserve banks. The assignment of responsibility for the performance of any function that the Board determines to delegate shall be a function of the Chairman. The Board shall, upon the vote of one member, review action taken at a delegated level within such time and in such manner as the Board shall by rule prescribe. The Board of Governors may not delegate to a Federal reserve bank its functions for the establishment of policies for the supervision and regulation of depository institution holding companies and other financial firms supervised by the Board of Governors.

(l) Employing attorneys, experts, assistants, and clerks; salaries and fees

To employ such attorneys, experts, assistants, clerks, or other employees as may be deemed necessary to conduct the business of the board. All salaries and fees shall be

fixed in advance by said board and shall be paid in the same manner as the salaries of the members of said board. All such attorneys, experts, assistants, clerks, and other employees shall be appointed without regard to the provisions of the Act of January sixteenth, eighteen hundred and eighty-three (volume twenty-two, United States Statutes at Large, page four hundred and three), and amendments thereto, or any rule or regulation made in pursuance thereof: Provided, That nothing herein shall prevent the President from placing said employees in the classified service.

(m) [Repealed]

(n) Board's authority to examine depository institutions and affiliates

To examine, at the Board's discretion, any depository institution, and any affiliate of such depository institution, in connection with any advance to, any discount of any instrument for, or any request for any such advance or discount by, such depository institution under this chapter.

(o) Authority to appoint conservator or receiver

The Board may appoint the Federal Deposit Insurance Corporation as conservator or receiver for a State member bank under section 1821(c)(9) of this title.

(p) Authority

The Board may act in its own name and through its own attorneys in enforcing any provision of this title,[1] regulations promulgated hereunder, or any other law or regulation, or in any action, suit, or proceeding to which the Board is a party and which involves the Board's regulation or supervision of any bank, bank holding company (as defined in section 1841 of this title), or other entity, or the administration of its operations.

(q) Uniform protection authority for Federal reserve facilities

(1)Notwithstanding any other provision of law, to authorize personnel to act as law enforcement officers to protect and safeguard the premises, grounds, property, personnel, including members of the Board, of the Board, or any Federal reserve bank, and operations conducted by or on behalf of the Board or a reserve bank.

(2)The Board may, subject to the regulations prescribed under paragraph (5), delegate authority to a Federal reserve bank to authorize personnel to act as law enforcement officers to protect and safeguard the bank's premises, grounds, property, personnel, and operations conducted by or on behalf of the bank.

(3)Law enforcement officers designated or authorized by the Board or a reserve bank under paragraph (1) or (2) are authorized while on duty to carry firearms and make arrests without warrants for any offense against the United States committed in their presence, or for any felony cognizable under the laws of the United States committed or being committed within the buildings and grounds of the Board or a reserve bank if they have reasonable grounds to believe that the person to be arrested has committed or is committing such a felony. Such officers shall have access to law enforcement information that may be necessary for the protection of the property or personnel of the Board or a reserve bank.

(4)For purposes of this subsection, the term "law enforcement officers" means personnel who have successfully completed law enforcement training and are authorized to carry firearms and make arrests pursuant to this subsection.

(5)The law enforcement authorities provided for in this subsection may be exercised only pursuant to regulations prescribed by the Board and approved by the Attorney General.

(r) Voting; documentation of determinations

(1)Any action that this chapter provides may be taken only upon the affirmative vote of 5 members of the Board may be taken upon the unanimous vote of all members then in office if there are fewer than 5 members in office at the time of the action.

(2)

(A)Any action that the Board is otherwise authorized to take under section 343(3) of this title may be taken upon the unanimous vote of all available members then in office, if—

(i)at least 2 members are available and all available members participate in the action;

(ii)the available members unanimously determine that—

(I)unusual and exigent circumstances exist and the borrower is unable to secure adequate credit accommodations from other sources;

(II)action on the matter is necessary to prevent, correct, or mitigate serious harm to the economy or the stability of the financial system of the United States;

(III)despite the use of all means available (including all available telephonic, telegraphic, and other electronic means), the other members of the Board have not been able to be contacted on the matter; and

(IV)action on the matter is required before the number of Board members otherwise required to vote on the matter can be contacted through any available means (including all available telephonic, telegraphic, and other electronic means); and

(iii)any credit extended by a Federal reserve bank pursuant to such action is payable upon demand of the Board.

(B)The available members of the Board shall document in writing the determinations required by subparagraph (A)(ii), and such written findings shall be included in the record of the action and in the official minutes of the Board, and copies of such record shall be provided as soon as practicable to the members of the Board who were not available to participate in the action and to the Chairman of the Committee on Banking, Housing, and Urban Affairs of the Senate and to the Chairman of the Committee on Financial Services of the House of Representatives.

(s) 2 Federal Reserve transparency and release of information

(1) In general

In order to ensure the disclosure in a timely manner consistent with the purposes of this chapter of information concerning the borrowers and counterparties participating in emergency credit facilities, discount window lending programs, and open market operations authorized or conducted by the Board or a Federal reserve bank, the Board of Governors shall disclose, as provided in paragraph (2)—

(A)the names and identifying details of each borrower, participant, or counterparty in any credit facility or covered transaction;

(B)the amount borrowed by or transferred by or to a specific borrower, participant, or counterparty in any credit facility or covered transaction;

(C)the interest rate or discount paid by each borrower, participant, or counterparty in any credit facility or covered transaction; and

(D)information identifying the types and amounts of collateral pledged or assets transferred in connection with participation in any credit facility or covered transaction.

(2) Mandatory release date

In the case of—

(A)a credit facility, the Board shall disclose the information described in paragraph (1) on the date that is 1 year after the effective date of the termination by the Board of the authorization of the credit facility; and

(B)a covered transaction, the Board shall disclose the information described in paragraph (1) on the last day of the eighth calendar quarter following the calendar quarter in which the covered transaction was conducted.

(3) Earlier release date authorized

The Chairman of the Board may publicly release the information described in paragraph (1) before the relevant date specified in paragraph (2), if the Chairman determines that such disclosure would be in the public interest and would not harm the effectiveness of the relevant credit facility or the purpose or conduct of covered transactions.

(4) Definitions

For purposes of this subsection, the following definitions shall apply:

(A) Credit facility

The term "credit facility" has the same meaning as in section 714(f)(1)(A) of title 31.

(B) Covered transaction

The term "covered transaction" means—

(i)any open market transaction with a nongovernmental third party conducted under section 353 of this title or section 354, 355, or 356 of this title, after July 21, 2010; and

(ii)any advance made under section 347b of this title after July 21, 2010.

(5) Termination of credit facility by operation of law

A credit facility shall be deemed to have terminated as of the end of the 24-month period beginning on the date on which the credit facility ceases to make extensions of credit and loans, unless the credit facility is otherwise terminated by the Board before such date.

(6) Consistent treatment of information

Except as provided in this subsection or section 343(3)(D) of this title, or in section 714(f)(3)(C) of title 31, the information described in paragraph (1) and information concerning the transactions described in section 714(f) of such title, shall be confidential, including for purposes of section 552(b)(3) of title 5, until the relevant mandatory release date described in paragraph (2), unless the Chairman of the Board determines that earlier disclosure of such information would be in the public interest and would not harm the effectiveness of the relevant credit facility or the purpose of conduct of the relevant transactions.

(7) Protection of personal privacy

This subsection and section 343(3)(C) of this title, section 714(f)(3)(C) of title 31, and subsection (a) or (c) ofsection 1109 of the Dodd-Frank Wall Street Reform and Consumer Protection Act shall not be construed as requiring any disclosure of nonpublic personal information (as defined for purposes of section 6802 of title 15) concerning any individual who is referenced in collateral pledged or assets transferred in connection with a credit facility or covered transaction, unless the person is a borrower, participant, or counterparty under the credit facility or covered transaction.

(8) Study of FOIA exemption impact

(A) Study

The Inspector General of the Board of Governors of the Federal Reserve System shall—

(i)conduct a study on the impact that the exemption from section 552(b)(3) of title 5 (known as the Freedom of Information Act) established under paragraph (6) has had on the ability of the public to access information about the administration by the Board of Governors of emergency credit facilities, discount window lending programs, and open market operations; and

(ii)make any recommendations on whether the exemption described in clause (i) should remain in effect.

(B) Report

Not later than 30 months after July 21, 2010, the Inspector General of the Board of Governors of the Federal Reserve System shall submit a report on the findings of the study required under subparagraph (A) to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives, and publish the report on the website of the Board.

(9) Rule of construction

Nothing in this section is meant to affect any pending litigation or lawsuit filed under section 552 of title 5 (popularly known as the Freedom of Information Act) on or before July 21, 2010.

(s) 2 Assessments, fees, and other charges for certain companies

(1) In general

The Board shall collect a total amount of assessments, fees, or other charges from the companies described in paragraph (2) that is equal to the total expenses the Board estimates are necessary or appropriate to carry out the supervisory and regulatory responsibilities of the Board with respect to such companies.

(2) Companies

The companies described in this paragraph are—

(A)all bank holding companies having total consolidated assets of $50,000,000,000 or more;

(B)all savings and loan holding companies having total consolidated assets of $50,000,000,000 or more; and

(C)all nonbank financial companies supervised by the Board under section 5323 of this title.

---

[2] So in original. Two subsecs. (s) have been enacted.

12 U.S. Code § 244 - Principal offices of Board; chairman of Board; obligations and expenses; qualifications of members; vacancies

Current through Pub. L. 113-121. (See Public Laws for the current Congress.)

US Code Notes Updates Authorities (CFR)

The principal offices of the Board shall be in the District of Columbia. At meetings of the Board the chairman shall preside, and, in his absence, the vice chairman shall preside. In the absence of the chairman and the vice chairman, the Board shall elect a member to act as chairman pro tempore. The Board shall determine and prescribe the manner in which its obligations shall be incurred and its disbursements and expenses allowed and paid, and may leave on deposit in the Federal Reserve banks the proceeds of assessments levied upon them to defray its estimated expenses and the salaries of its members and employees, whose employment, compensation, leave, and expenses shall be governed solely by the provisions of this chapter and rules and regulations of the Board not inconsistent therewith; and funds derived from such assessments shall not be construed to be Government funds or appropriated moneys. No member of the Board of Governors of the Federal Reserve System shall be an officer or director of any bank, banking institution, trust company, or Federal Reserve bank or hold stock in any bank, banking institution, or trust company; and before entering upon his duties as a member of the Board of Governors of the Federal Reserve System he shall certify under oath that he has complied with this requirement, and such certification shall be filed with the secretary of the Board. Whenever a vacancy shall occur, other than by expiration of term, among the seven members of the Board of Governors of the Federal Reserve System appointed by the President as above provided, a successor shall be appointed by the President, by and with the advice and consent of the Senate, to fill such vacancy, and when appointed he shall hold office for the unexpired term of his predecessor.

CHANGE OF NAME

Section 203(a) of act Aug. 23, 1935, changed name of Federal Reserve Board to Board of Governors of the Federal Reserve System.

§ 247. Reports to Congress

The Board of Governors of the Federal Reserve System shall annually make a full report of its operations to the Speaker of the House of Representatives, who shall cause the same to be printed for the information of the Congress. The report required under this paragraph shall include the reports required under section 1691f of title 15, section 57a(f)(7)[1] of title 15, section 1613 of title 15, and section 247a of this title.

(Dec. 23, 1913, ch. 6, §10 (par.), 38 Stat. 261; June 3, 1922, ch. 205, 42 Stat. 621; Aug. 23, 1935, ch. 614, title II, §203(a), 49 Stat. 704; Pub. L. 106–569, title XI, §1103(b), Dec. 27, 2000, 114 Stat. 3030.)

REFERENCES IN TEXT

Section 57a(f)(7) of title 15, referred to in text, was repealed by Pub. L. 111–203, title X, §1092(3), July 21, 2010, 124 Stat. 2095.

CODIFICATION

Section is comprised of seventh par. of section 10 of act Dec. 23, 1913. For classification to this title of other pars. of section 10, see Codification note set out under section 241 of this title.

AMENDMENTS

2000—Pub. L. 106–569 inserted at end ''The report required under this paragraph shall include the reports required under section 1691f of title 15, section 57a(f)(7) of title 15, section 1613 of title 15, and section 247a of this title.''

CHANGE OF NAME

Section 203(a) of act Aug. 23, 1935, changed name of Federal Reserve Board to Board of Governors of the Federal Reserve System.

MEMBERSHIP OF INTERNATIONAL BANKS IN FEDERAL RESERVE SYSTEM; REPORT TO CONGRESS

Pub. L. 95–369, §3(g), Sept. 17, 1978, 92 Stat. 610, provided that the Board report to Congress not later than 270 days after Sept. 17, 1978 recommendations with respect to permitting corporations organized or operating under section 25 or 25(a) of the Federal Reserve Act to become members of Federal Reserve Banks.

EFFECT OF INTERNATIONAL BANKING ACT OF 1978 ON INTERNATIONAL BANKS; REPORT TO CONGRESS

Pub. L. 95–369, §3(h), Sept. 17, 1978, 92 Stat. 610, provided that: ''As part of its annual report pursuant to section 10 of the Federal Reserve Act [this section], the Board shall include its assessment of the effects of the amendments made by this Act [see Short Title note set out under section 3101 of this title] on the capitalization and activities of corporations organized or operating under section 25 or 25(a) of the Federal Reserve Act [sections 601 to 604 and 611 to 631 of this title], and on commercial banks and the banking system.''

§ 247a. Records of action on policy relating to open-market operation and policies determined generally; inclusion in report to Congress

The Board of Governors of the Federal Reserve System shall keep a complete record of the action taken by the Board and by the Federal Open Market Committee upon all questions of policy relating to open-market operations and shall record therein the votes taken in connection with the determination of open-market policies and the reasons underlying the action of the Board and the Committee in each instance. The Board shall keep a similar record with respect to all questions of policy determined by the Board, and shall include in its annual report to the Congress a full account of the action so taken during the preceding year with respect to open-market policies and operations and with respect to the policies determined by it and shall include in such report a copy of the records required to be kept under the provisions of this section.

(Dec. 23, 1913, ch. 6, §10 (par.), as added Aug. 23, 1935, ch. 614, title II, §203(d), 49 Stat. 705.)

CODIFICATION

Section is comprised of tenth par. of section 10 of act Dec. 23, 1913, as added Aug. 23, 1935. For classification to this title of other pars. of section 10, see Codification note set out under section 241 of this title.

§ 247b. Appearances before Congress

The Vice Chairman for Supervision shall appear before the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives and at semi-annual hearings regarding the efforts, activities, objectives, and plans of the Board with respect to the conduct of supervision and regulation of depository institution holding companies and other financial firms supervised by the Board.

(Dec. 23, 1913, ch. 6, §10(12), as added Pub. L. 111–203, title XI, §1108(b), July 21, 2010, 124 Stat. 2126.)

CODIFICATION

Section is comprised of par. (12) of section 10 of act Dec. 23, 1913. No par. between pars. (10) and (12) has been enacted. For classification to this title of other pars. of section 10, see Codification note set out under section 241 of this title.

EFFECTIVE DATE

Section effective 1 day after July 21, 2010, except as otherwise provided, see section 4 of Pub. L. 111–203, set out as a note under section 5301 of this title.

§ 248. Enumerated powers

The Board of Governors of the Federal Reserve System shall be authorized and empowered:

(a) Examination of accounts and affairs of banks; publication of weekly statements; reports of liabilities and assets of depository institutions; covered institutions

(1) To examine at its discretion the accounts, books, and affairs of each Federal reserve bank and of each member bank and to require such statements and reports as it may deem necessary. The said board shall publish once each week a statement showing the condition of each Federal reserve bank and a consolidated statement for all Federal reserve banks. Such statements shall show in detail the assets and liabilities of the Federal reserve banks, single and

[1] See References in Text note below.

combined, and shall furnish full information regarding the character of the money held as reserve and the amount, nature, and maturities of the paper and other investments owned or held by Federal reserve banks.

(2) To require any depository institution specified in this paragraph to make, at such intervals as the Board may prescribe, such reports of its liabilities and assets as the Board may determine to be necessary or desirable to enable the Board to discharge its responsibility to monitor and control monetary and credit aggregates. Such reports shall be made (A) directly to the Board in the case of member banks and in the case of other depository institutions whose reserve requirements under sections 461, 463, 464, 465, and 466 of this title exceed zero, and (B) for all other reports to the Board through the (i) Federal Deposit Insurance Corporation in the case of insured State savings associations that are insured depository institutions (as defined in section 1813 of this title), State nonmember banks, savings banks, and mutual savings banks, (ii) National Credit Union Administration Board in the case of insured credit unions, (iii) the Comptroller of the Currency in the case of any Federal savings association which is an insured depository institution (as defined in section 1813 of this title) or which is a member as defined in section 1422 of this title, and (iv) such State officer or agency as the Board may designate in the case of any other type of bank, savings association, or credit union. The Board shall endeavor to avoid the imposition of unnecessary burdens on reporting institutions and the duplication of other reporting requirements. Except as otherwise required by law, any data provided to any department, agency, or instrumentality of the United States pursuant to other reporting requirements shall be made available to the Board. The Board may classify depository institutions for the purposes of this paragraph and may impose different requirements on each such class.

(b) Permitting or requiring rediscounting of paper at specified rate

To permit, or, on the affirmative vote of at least five members of the Board of Governors, to require Federal reserve banks to rediscount the discounted paper of other Federal reserve banks at rates of interest to be fixed by the Board.

(c) Suspending reserve requirements

To suspend for a period not exceeding thirty days, and from time to time to renew such suspension for periods not exceeding fifteen days, any reserve requirements specified in this chapter.

(d) Supervising and regulating issue and retirement of notes

To supervise and regulate through the Secretary of the Treasury the issue and retirement of Federal Reserve notes, except for the cancellation and destruction, and accounting with respect to such cancellation and destruction, of notes unfit for circulation, and to prescribe rules and regulations under which such notes may be delivered by the Secretary of the Treasury to the Federal Reserve agents applying therefor.

(e) Adding to or reclassifying reserve cities

To add to the number of cities classified as reserve cities under existing law in which national banking associations are subject to the reserve requirements set forth in section 20 of this Act, or to reclassify existing reserve cities or to terminate their designation as such.

(f) Suspending or removing officers or directors of reserve banks

To suspend or remove any officer or director of any Federal reserve bank, the cause of such removal to be forthwith communicated in writing by the Board of Governors of the Federal Reserve System to the removed officer or director and to said bank.

(g) Requiring writing off of doubtful or worthless assets of banks

To require the writing off of doubtful or worthless assets upon the books and balance sheets of Federal reserve banks.

(h) Suspending operations of or liquidating or reorganizing banks

To suspend, for the violation of any of the provisions of this chapter, the operations of any Federal reserve bank, to take possession thereof, administer the same during the period of suspension, and, when deemed advisable, to liquidate or reorganize such bank.

(i) Requiring bonds of agents; safeguarding property in hands of agents

To require bonds of Federal reserve agents, to make regulations for the safeguarding of all collateral, bonds, Federal reserve notes, money, or property of any kind deposited in the hands of such agents, and said board shall perform the duties, functions, or services specified in this chapter, and make all rules and regulations necessary to enable said board effectively to perform the same.

(j) Exercising supervision over reserve banks

To exercise general supervision over said Federal reserve banks.

(k) Delegation of certain functions; power to delegate; review of delegated activities

To delegate, by published order or rule and subject to subchapter II of chapter 5, and chapter 7, of title 5, any of its functions, other than those relating to rulemaking or pertaining principally to monetary and credit policies, to one or more administrative law judges, members or employees of the Board, or Federal Reserve banks. The assignment of responsibility for the performance of any function that the Board determines to delegate shall be a function of the Chairman. The Board shall, upon the vote of one member, review action taken at a delegated level within such time and in such manner as the Board shall by rule prescribe. The Board of Governors may not delegate to a Federal reserve bank its functions for the establishment of policies for the supervision and regulation of depository institution holding companies and other financial firms supervised by the Board of Governors.

(*l*) Employing attorneys, experts, assistants, and clerks; salaries and fees

To employ such attorneys, experts, assistants, clerks, or other employees as may be deemed

necessary to conduct the business of the board. All salaries and fees shall be fixed in advance by said board and shall be paid in the same manner as the salaries of the members of said board. All such attorneys, experts, assistants, clerks, and other employees shall be appointed without regard to the provisions of the Act of January sixteenth, eighteen hundred and eighty-three (volume twenty-two, United States Statutes at Large, page four hundred and three), and amendments thereto, or any rule or regulation made in pursuance thereof: *Provided*, That nothing herein shall prevent the President from placing said employees in the classified service.

(m) [Repealed]

(n) Board's authority to examine depository institutions and affiliates

To examine, at the Board's discretion, any depository institution, and any affiliate of such depository institution, in connection with any advance to, any discount of any instrument for, or any request for any such advance or discount by, such depository institution under this chapter.

(*o*) Authority to appoint conservator or receiver

The Board may appoint the Federal Deposit Insurance Corporation as conservator or receiver for a State member bank under section 1821(c)(9) of this title.

(p) Authority

The Board may act in its own name and through its own attorneys in enforcing any provision of this title,[1] regulations promulgated hereunder, or any other law or regulation, or in any action, suit, or proceeding to which the Board is a party and which involves the Board's regulation or supervision of any bank, bank holding company (as defined in section 1841 of this title), or other entity, or the administration of its operations.

(q) Uniform protection authority for Federal reserve facilities

(1) Notwithstanding any other provision of law, to authorize personnel to act as law enforcement officers to protect and safeguard the premises, grounds, property, personnel, including members of the Board, of the Board, or any Federal reserve bank, and operations conducted by or on behalf of the Board or a reserve bank.

(2) The Board may, subject to the regulations prescribed under paragraph (5), delegate authority to a Federal reserve bank to authorize personnel to act as law enforcement officers to protect and safeguard the bank's premises, grounds, property, personnel, and operations conducted by or on behalf of the bank.

(3) Law enforcement officers designated or authorized by the Board or a reserve bank under paragraph (1) or (2) are authorized while on duty to carry firearms and make arrests without warrants for any offense against the United States committed in their presence, or for any felony cognizable under the laws of the United States committed or being committed within the buildings and grounds of the Board or a reserve bank if they have reasonable grounds to believe that the person to be arrested has committed or is committing such a felony. Such officers shall have access to law enforcement information that may be necessary for the protection of the property or personnel of the Board or a reserve bank.

(4) For purposes of this subsection, the term ''law enforcement officers'' means personnel who have successfully completed law enforcement training and are authorized to carry firearms and make arrests pursuant to this subsection.

(5) The law enforcement authorities provided for in this subsection may be exercised only pursuant to regulations prescribed by the Board and approved by the Attorney General.

(r) Voting; documentation of determinations

(1) Any action that this chapter provides may be taken only upon the affirmative vote of 5 members of the Board may be taken upon the unanimous vote of all members then in office if there are fewer than 5 members in office at the time of the action.

(2)(A) Any action that the Board is otherwise authorized to take under section 343(3) of this title may be taken upon the unanimous vote of all available members then in office, if—

(i) at least 2 members are available and all available members participate in the action;

(ii) the available members unanimously determine that—

(I) unusual and exigent circumstances exist and the borrower is unable to secure adequate credit accommodations from other sources;

(II) action on the matter is necessary to prevent, correct, or mitigate serious harm to the economy or the stability of the financial system of the United States;

(III) despite the use of all means available (including all available telephonic, telegraphic, and other electronic means), the other members of the Board have not been able to be contacted on the matter; and

(IV) action on the matter is required before the number of Board members otherwise required to vote on the matter can be contacted through any available means (including all available telephonic, telegraphic, and other electronic means); and

(iii) any credit extended by a Federal reserve bank pursuant to such action is payable upon demand of the Board.

(B) The available members of the Board shall document in writing the determinations required by subparagraph (A)(ii), and such written findings shall be included in the record of the action and in the official minutes of the Board, and copies of such record shall be provided as soon as practicable to the members of the Board who were not available to participate in the action and to the Chairman of the Committee on Banking, Housing, and Urban Affairs of the Senate and to the Chairman of the Committee on Financial Services of the House of Representatives.

[1] See References in Text note below.

(s)[2] Federal Reserve transparency and release of information

(1) In general

In order to ensure the disclosure in a timely manner consistent with the purposes of this chapter of information concerning the borrowers and counterparties participating in emergency credit facilities, discount window lending programs, and open market operations authorized or conducted by the Board or a Federal reserve bank, the Board of Governors shall disclose, as provided in paragraph (2)—

(A) the names and identifying details of each borrower, participant, or counterparty in any credit facility or covered transaction;

(B) the amount borrowed by or transferred by or to a specific borrower, participant, or counterparty in any credit facility or covered transaction;

(C) the interest rate or discount paid by each borrower, participant, or counterparty in any credit facility or covered transaction; and

(D) information identifying the types and amounts of collateral pledged or assets transferred in connection with participation in any credit facility or covered transaction.

(2) Mandatory release date

In the case of—

(A) a credit facility, the Board shall disclose the information described in paragraph (1) on the date that is 1 year after the effective date of the termination by the Board of the authorization of the credit facility; and

(B) a covered transaction, the Board shall disclose the information described in paragraph (1) on the last day of the eighth calendar quarter following the calendar quarter in which the covered transaction was conducted.

(3) Earlier release date authorized

The Chairman of the Board may publicly release the information described in paragraph (1) before the relevant date specified in paragraph (2), if the Chairman determines that such disclosure would be in the public interest and would not harm the effectiveness of the relevant credit facility or the purpose or conduct of covered transactions.

(4) Definitions

For purposes of this subsection, the following definitions shall apply:

(A) Credit facility

The term ''credit facility'' has the same meaning as in section 714(f)(1)(A) of title 31.

(B) Covered transaction

The term ''covered transaction'' means—

(i) any open market transaction with a nongovernmental third party conducted under section 353 of this title or section 354, 355, or 356 of this title, after July 21, 2010; and

(ii) any advance made under section 347b of this title after July 21, 2010.

(5) Termination of credit facility by operation of law

A credit facility shall be deemed to have terminated as of the end of the 24-month period beginning on the date on which the credit facility ceases to make extensions of credit and loans, unless the credit facility is otherwise terminated by the Board before such date.

(6) Consistent treatment of information

Except as provided in this subsection or section 343(3)(D) of this title, or in section 714(f)(3)(C) of title 31, the information described in paragraph (1) and information concerning the transactions described in section 714(f) of such title, shall be confidential, including for purposes of section 552(b)(3) of title 5, until the relevant mandatory release date described in paragraph (2), unless the Chairman of the Board determines that earlier disclosure of such information would be in the public interest and would not harm the effectiveness of the relevant credit facility or the purpose of conduct of the relevant transactions.

(7) Protection of personal privacy

This subsection and section 343(3)(C) of this title, section 714(f)(3)(C) of title 31, and subsection (a) or (c) of section 1109 of the Dodd-Frank Wall Street Reform and Consumer Protection Act shall not be construed as requiring any disclosure of nonpublic personal information (as defined for purposes of section 6802 of title 15) concerning any individual who is referenced in collateral pledged or assets transferred in connection with a credit facility or covered transaction, unless the person is a borrower, participant, or counterparty under the credit facility or covered transaction.

(8) Study of FOIA exemption impact

(A) Study

The Inspector General of the Board of Governors of the Federal Reserve System shall—

(i) conduct a study on the impact that the exemption from section 552(b)(3) of title 5 (known as the Freedom of Information Act) established under paragraph (6) has had on the ability of the public to access information about the administration by the Board of Governors of emergency credit facilities, discount window lending programs, and open market operations; and

(ii) make any recommendations on whether the exemption described in clause (i) should remain in effect.

(B) Report

Not later than 30 months after July 21, 2010, the Inspector General of the Board of Governors of the Federal Reserve System shall submit a report on the findings of the study required under subparagraph (A) to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives, and publish the report on the website of the Board.

(9) Rule of construction

Nothing in this section is meant to affect any pending litigation or lawsuit filed under

[2] So in original. Two subsecs. (s) have been enacted.

section 552 of title 5 (popularly known as the Freedom of Information Act) on or before July 21, 2010.

(s)[2] Assessments, fees, and other charges for certain companies

(1) In general

The Board shall collect a total amount of assessments, fees, or other charges from the companies described in paragraph (2) that is equal to the total expenses the Board estimates are necessary or appropriate to carry out the supervisory and regulatory responsibilities of the Board with respect to such companies.

(2) Companies

The companies described in this paragraph are—

(A) all bank holding companies having total consolidated assets of $50,000,000,000 or more;

(B) all savings and loan holding companies having total consolidated assets of $50,000,000,000 or more; and

(C) all nonbank financial companies supervised by the Board under section 5323 of this title.

(Dec. 23, 1913, ch. 6, §11, 38 Stat. 261; Sept. 7, 1916, ch. 461, 39 Stat. 752; Sept. 26, 1918, ch. 177, §2, 40 Stat. 968; Mar. 3, 1919, ch. 101, §3, 40 Stat. 1315; Feb. 27, 1921, ch. 75, 41 Stat. 1146; June 26, 1930, ch. 612, 46 Stat. 814; Mar. 9, 1933, ch. 1, title I, §3, 48 Stat. 2; June 16, 1933, ch. 89, §7, 48 Stat. 167; Aug. 23, 1935, ch. 614, title II, §203(a), title III, §§321(a), 342, 49 Stat. 704, 713, 722; June 12, 1945, ch. 186, §1(c), 59 Stat. 237; Pub. REFERENCES IN TEXT

Sections 461, 463, 464, 465, and 466 of this title, referred to in subsec. (a)(2), was in the original ''section 19 of the Federal Reserve Act''. Provisions of section 19 relating to reserve requirements are classified to the cited sections. For complete classification of section 19 to the Code, see References in Text note set out under section 461 of this title.

This chapter, referred to in subsecs. (c), (h), (i), (n), (r)(1), and (s)(1), was in the original ''this Act'', meaning act Dec. 23, 1913, ch. 6, 38 Stat. 251, known as the Federal Reserve Act. For complete classification of this Act to the Code, see References in Text note set out under section 226 of this title and Tables.

Reference in subsec. (e) to ''section 20 of this Act'' means section 20 of the Federal Reserve Act which is not classified to the Code. Since section 20 does not set forth any reserve requirements, section 19 of the Federal Reserve Act might have been intended. For provisions of section 19 relating to reserve requirements, see note above.

The Act of January sixteenth, eighteen hundred and eighty-three, referred to in subsec. (*l*), is act Jan. 16, 1883, ch. 27, 22 Stat. 403, as amended, which enacted section 42 of former Title 40, Public Buildings, Property, and Works, and sections 632, 633, 635, 637, 638, and 640 to 642a of former Title 5, Executive Departments and Government Officers and Employees. For complete classification of this Act to the Code, see Tables. Section 42 of former Title 40 was repealed and reenacted as section 8165 of Title 40, Public Buildings, Property, and Works, by Pub. L. 107–217, §§1, 6(b), Aug. 21, 2002, 116 Stat. 1062, 1304. The sections that were classified to former Title 5 were repealed by Pub. L. 89–554, §8(a), Sept. 6, 1966, 80 Stat. 632, the first section of which enacted Title 5, Government Organization and Employees. For distribution of former sections of Title 5 into the revised Title 5, see table at the beginning of Title 5.

This title, referred to in subsec. (p), probably should read ''this Act'', meaning act Dec. 23, 1913, ch. 6, 38 Stat. 251, as amended, known as the Federal Reserve Act, which does not contain titles. For complete classification of this Act to the Code, see References in Text note set out under section 226 of this title and Tables.

Subsection (a) or (c) of section 1109 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, referred to in subsec. (s)(7), is subsec. (a) or (c) of section 1109 of Pub. L. 111–203, title XI, 124 Stat. 2127, 2128, which is not classified to the Code.

July 21, 2010, referred to in subsec. (s)(8)(B), was in the original ''the date of enactment of this section'', which was translated as meaning the date of enactment of Pub. L. 111–203 which added subsec. (s), to reflect the probable intent of Congress.

CODIFICATION

In subsec. (k), ''subchapter II of chapter 5, and chapter 7, of title 5'' was substituted for ''the Administrative Procedure Act'' on authority of section 7(b) of Pub. L. 89–554, Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5, Government Organization and Employees.

Section is comprised of section 11 of act Dec. 23, 1913. The fourteenth par. of section 16 of act Dec. 23, 1913, which formerly constituted subsec. (*o*) of this section, is now classified to section 248–1 of this title.

AMENDMENTS

2010—Subsec. (a)(2). Pub. L. 111–203, §366(1)(A), which directed insertion of ''State savings associations that are insured depository institutions (as defined in section 1813 of this title),'' after ''case of insured'', was executed by making the insertion after ''case of insured'' in subpar. (B)(i), to reflect the probable intent of Congress.

Subsec. (a)(2)(B)(iii). Pub. L. 111–203, §366(1)(B), (C), substituted ''Comptroller of the Currency'' for ''Director of the Office of Thrift Supervision'' and inserted ''Federal'' before ''savings association which''.

Subsec. (a)(2)(B)(iv). Pub. L. 111–203, §366(1)(D), substituted ''savings association'' for ''savings and loan association''.

Subsec. (k). Pub. L. 111–203, §1108(c), inserted at end ''The Board of Governors may not delegate to a Federal reserve bank its functions for the establishment of policies for the supervision and regulation of depository institution holding companies and other financial firms supervised by the Board of Governors.''

Subsec. (s). Pub. L. 111–203, §1103(b), added subsec. (s) relating to Federal Reserve transparency and release of information.

Pub. L. 111–203, § 318(c), added subsec. (s) relating to assessments, fees, and other charges for certain companies.

2002—Subsec. (r). Pub. L. 107–297 added subsec. (r).

2001—Subsec. (q). Pub. L. 107–56 added subsec. (q).

1999—Subsec. (m). Pub. L. 106–102 substituted ''[Repealed]'' for text of subsec. (m) which related to percentage of capital and surplus represented by loans to be determined by the Federal Reserve Board.

1994—Subsec. (d). Pub. L. 103–325, § 602(g)(2), substituted ''Secretary of the Treasury'' for ''bureau under the charge of the Comptroller of the Currency'' before ''the issue and retirement'' and for ''Comptroller'' before ''to the Federal Reserve agents''.

Subsec. (m). Pub. L. 103–325, § 322(d), which directed substitution of ''15 percent'' for ''10 percentum'' wherever appearing, was executed by substituting ''15 percent'' for ''10 per centum'' in two places to reflect the probable intent of Congress.

Subsec. (p). Pub. L. 103–325, § 331(d), added subsec. (p).

1992—Subsecs. (*o*), (p). Pub. L. 102–550 redesignated subsec. (p) as (*o*).

1991—Subsec. (n). Pub. L. 102–242, § 142(c), which directed addition of subsec. (n) at end of section, was executed by adding subsec. (n) after subsec. (m). See Construction of 1991 Amendment note below.

Subsec. (p). Pub. L. 102–242, § 133(f), added subsec. (p).

1989—Subsec. (a)(2)(iii). Pub. L. 101–73 substituted ''the Director of the Office of Thrift Supervision in the case of any savings association which is an insured depository institution (as defined in section 1813 of this title)'' for ''Federal Home Loan Bank Board in the case of any institution insured by the Federal Savings and Loan Insurance Corporation''.

1983—Subsec. (m). Pub. L. 97–457 substituted ''under section 84(c)(4) of this title'' for ''under paragraph (8) of section 84 of this title'' after ''in the case of national banks''.

1982—Subsec. (n). Pub. L. 97–258 struck out subsec. (n) which provided that, whenever in the judgment of the Secretary of the Treasury such action was necessary to protect the currency system of the United States, the Secretary of the Treasury, in his discretion, could require any or all individuals, partnerships, associations, and corporations to pay and deliver to the Treasurer of the United States any or all gold coin, gold bullion, and gold certificates owned by such individuals, partnerships, associations, and corporations and that, upon receipt of such gold coin, gold bullion or gold certificates, the Secretary of the Treasury would pay therefor an equivalent amount of any other form of coin or currency coined or issued under the laws of the United States.

1980—Subsec. (a). Pub. L. 96–221 designated existing provisions as par. (1) and added par. (2).

1978—Subsec. (k). Pub. L. 95–251 substituted ''administrative law judges'' for ''hearing examiners''.

1968—Subsec. (c). Pub. L. 90–269 struck out requirements for establishment by the Board of Governors of the Federal Reserve System of a graduated tax on the deficiency in the gold reserve whenever the reserve held against Federal Reserve notes fell below 25 percent and for an automatic increase in the rates of interest or discount fixed by the Board in an amount equal to the graduated tax imposed.

1966—Subsec. (d). Pub. L. 89–427 excepted the cancellation and destruction, and the accounting with respect to the cancellation and destruction, of notes unfit for circulation from the area of responsibility exercised by the Board of Governors of the Federal Reserve System through the Bureau of the Comptroller of the Currency over the issue and retirement of Federal Reserve notes.

Subsec. (k). Pub. L. 89–765 added subsec. (k). A former subsec. (k) was repealed by Pub. L. 87–722, § 3, Sept. 28, 1962, 76 Stat. 670.

1962—Subsec. (k). Pub. L. 87–722 repealed subsec. (k) which related to the authority of the Board of Governors of the Federal Reserve System to permit national banks to act as trustees, etc., and is now covered by section 92a of this title.

1959—Subsec. (e). Pub. L. 86–114 substituted ''reserve cities'' for ''reserve and central reserve cities'' in two places.

Subsec. (m). Pub. L. 86–251 struck out ''in the form of notes'' after ''represented by obligations'' in proviso.

1945—Subsec. (c). Act June 12, 1945, substituted ''25 per centum'' for ''40 per centum'', and ''20 per centum'' for ''32½ per centum'' wherever appearing.

1935—Subsec. (k). Act Aug. 23, 1935, § 342, amended last sentence of third par.

Subsec. (m). Act Aug. 23, 1935, § 321(a), inserted proviso at end of first sentence.

1933—Subsec. (m). Act June 16, 1933, amended provisions generally.

Subsec. (n). Act Mar. 9, 1933, added subsec. (n).

1930—Subsec. (k). Act June 26, 1930, added last par.

Change of Name

Section 203(a) of act Aug. 23, 1935, changed name of Federal Reserve Board to Board of Governors of the Federal Reserve System.

Effective Date of 2010 Amendment

Amendment by section 318(c) of Pub. L. 111–203 effective on the transfer date, see section 318(e) of Pub. L. 111–203, set out as an Effective Date note under section 16 of this title.

Amendment by section 366(1) of Pub. L. 111–203 effective on the transfer date, see section 351 of Pub. L. 111–203, set out as a note under section 906 of Title 2, The Congress.

Amendment by sections 1103(b) and 1108(c) of Pub. L. 111–203 effective 1 day after July 21, 2010, except as otherwise provided, see section 4 of Pub. L. 111–203, set out as an Effective Date note under section 5301 of this title.

Effective Date of 1992 Amendment

Amendment by Pub. L. 102–550 effective as if included in the Federal Deposit Insurance Corporation Improvement Act of 1991, Pub. L. 102–242, as of Dec. 19, 1991, except that where amendment is to any provision of law added or amended by Pub. L. 102–242 effective after Dec. 19, 1992, then amendment by Pub. L. 102–550 effective on effective date of amendment by Pub. L. 102–242, see section 1609 of Pub. L. 102–550, set out as a note under section 191 of this title.

Effective Date of 1991 Amendment

Amendment by section 133(f) of Pub. L. 102–242 effective 1 year after Dec. 19, 1991, see section 133(g) of Pub. L. 102–242, set out as a note under section 191 of this title.

Effective Date of 1980 Amendment

Section 108 of title I of Pub. L. 96–221 provided that: ''This title [enacting section 248a of this title, amending this section and sections 342, 347b, 355, 360, 412, 461, 463, 505, and 1425a of this title, and enacting provisions set out as notes under sections 226 and 355 of this title] shall take effect on the first day of the sixth month which begins after the date of the enactment of this title [Mar. 31, 1980], except that the amendments regarding sections 19(b)(7) and 19(b)(8)(D) of the Federal Reserve Act [section 461(b)(7) and (b)(8)(D) of this title] shall take effect on the date of enactment of this title.''

Effective Date of 1959 Amendment

Amendment by Pub. L. 86–114 effective three years after July 28, 1959, see section 3(b) of Pub. L. 86–114, set out as a Central Reserve and Reserve Cities note under former section 141 of this title.

Construction of 1991 Amendment

Section 1603(e)(2) of Pub. L. 102–550 provided that: ''The amendment made by section 142(c) of the Federal Deposit Insurance Corporation Improvement Act of 1991

[Pub. L. 102–242] (adding a paragraph at the end of section 11 of the Federal Reserve Act [this section]) shall be considered to have been executed before the amendment made by section 133(f) of the Federal Deposit Insurance Corporation Improvement Act of 1991 [amending this section].''

EXECUTIVE ORDER NO. 6359

Ex. Ord. No. 6359, Oct. 25, 1933, as amended by Ex. Ord. No. 11825, Dec. 31, 1974, 40 F.R. 1003, which provided for receipt on consignment of gold by the United States mints and assay offices, was revoked by Ex. Ord. No. 12553, Feb. 25, 1986, 51 F.R. 7237.

EX. ORD. NO. 10547. INSPECTION OF STATISTICAL TRANSCRIPT CARDS

Ex. Ord. No. 10547, July 27, 1954, 19 F.R. 4661, required statistical transcript cards submitted with, or prepared by the Internal Revenue Service from, corporation income tax returns for the taxable years ending after June 30, 1951, and before July 1, 1952, to be open to inspection by the Board of Governors of the Federal Reserve System as an aid in executing the powers conferred upon such Board by this section, such inspection to be in accordance and upon compliance with the rules and regulations prescribed by the Secretary of the Treasury in T.D. 6081, 19 F.R. 4666.

§ 248–1. Rules and regulations for transfer of funds and charges therefor among banks; clearing houses

The Board of Governors of the Federal Reserve System shall make and promulgate from time to time regulations governing the transfer of funds and charges therefor among Federal reserve banks and their branches, and may at its discretion exercise the functions of a clearing house for such Federal reserve banks, or may designate a Federal reserve bank to exercise such functions, and may also require each such bank to exercise the functions of a clearing house for depository institutions.

(Dec. 23, 1913, ch. 6, § 16 (par.), 38 Stat. 268; Aug. 23, 1935, ch. 614, § 203(a), 49 Stat. 704; Pub. L. 96–221, title I, § 105(d), Mar. 31, 1980, 94 Stat. 140.)

CODIFICATION

Section is comprised of the thirteenth par. (formerly the fourteenth par.) of section 16 of act Dec. 23, 1913, which was formerly classified to section 248(*o*) of this title. For classification to this title of other pars. of section 16, see Codification note set out under section 411 of this title.

AMENDMENTS

1980—Pub. L. 96–221, which directed amendment of ''[t]he fourteenth paragraph of section 16 of the Federal Reserve Act (12 U.S.C. 248(*o*))'' by substituting ''depository institutions'' for ''its member banks'', was executed by making the substitution in this section to reflect the probable intent of Congress.

CHANGE OF NAME

Section 203(a) of act Aug. 23, 1935, changed the name of the Federal Reserve Board to Board of Governors of the Federal Reserve System.

EFFECTIVE DATE OF 1980 AMENDMENT

Amendment by Pub. L. 96–221 effective on first day of sixth month which begins after Mar. 31, 1980, see section 108 of Pub. L. 96–221, set out as a note under section 248 of this title.

§ 248a. Pricing of services

(a) Publication of pricing principles and proposed schedule of fees; effective date of schedule of fees

Not later than the first day of the sixth month after March 31, 1980, the Board shall publish for public comment a set of pricing principles in accordance with this section and a proposed schedule of fees based upon those principles for Federal Reserve bank services to depository institutions, and not later than the first day of the eighteenth month after March 31, 1980, the Board shall begin to put into effect a schedule of fees for such services which is based on those principles.

(b) Covered services

The services which shall be covered by the schedule of fees under subsection (a) of this section are—

(1) currency and coin services;
(2) check clearing and collection services;
(3) wire transfer services;
(4) automated clearinghouse services;
(5) settlement services;
(6) securities safekeeping services;
(7) Federal Reserve float; and
(8) any new services which the Federal Reserve System offers, including but not limited to payment services to effectuate the electronic transfer of funds.

(c) Criteria applicable

The schedule of fees prescribed pursuant to this section shall be based on the following principles:

(1) All Federal Reserve bank services covered by the fee schedule shall be priced explicitly.

(2) All Federal Reserve bank services covered by the fee schedule shall be available to nonmember depository institutions and such services shall be priced at the same fee schedule applicable to member banks, except that nonmembers shall be subject to any other terms, including a requirement of balances sufficient for clearing purposes, that the Board may determine are applicable to member banks.

(3) Over the long run, fees shall be established on the basis of all direct and indirect costs actually incurred in providing the Federal Reserve services priced, including interest on items credited prior to actual collection, overhead, and an allocation of imputed costs which takes into account the taxes that would have been paid and the return on capital that would have been provided had the services been furnished by a private business firm, except that the pricing principles shall give due regard to competitive factors and the provision of an adequate level of such services nationwide.

(4) Interest on items credited prior to collection shall be charged at the current rate applicable in the market for Federal funds.

(d) Budgetary consequences of decline in volume of services

The Board shall require reductions in the operating budgets of the Federal Reserve banks

Rules and Regulations

Federal Register
Vol. 68, No. 72
Tuesday, April 15, 2003

FEDERAL RESERVE SYSTEM

12 CFR Part 268

[Docket No. R–1096]

Rules Regarding Equal Opportunity

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule.

SUMMARY: The Board of Governors of the Federal Reserve System (the Board) has adopted a final rule that amends its "Rules Regarding Equal Opportunity," which establishes programs and procedures to promote equal opportunity for Board employees. This rule was published on January 25, 2001, in the **Federal Register** as an immediately effective interim rule with opportunity for public comment. The Board received one public comment on this rule. The Board is now adopting the interim rule as a final rule with substantive changes to sections in the rule that address the Rehabilitation Act. These substantive changes are being made because after the Board adopted its interim rule, the Equal Employment Opportunity Commission (Commission), after public comment, adopted changes to the provisions in its parallel regulation entitled "Federal Sector Equal Employment Opportunity," 29 CFR part 1614, that address the Rehabilitation Act. The substantive changes to the Board's final rule, which incorporates changes to the Commission's regulation on the Rehabilitation Act, also respond to the comment that the Board received on its rule.

DATES: This final rule is effective immediately and applies to all Board equal employment opportunity (EEO) complaints pending at any stage of the administrative process as of April 15, 2003.

FOR FURTHER INFORMATION CONTACT: Stephen L. Siciliano, Assistant General Counsel (202–452–3920), or Alicia S. Foster, Counsel (202–452–5289), Legal Division, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue NW., Washington, DC 20551. For users of Telecommunications Device for the Deaf ("TDD") only, contact 202/263–4869.

SUPPLEMENTARY INFORMATION: On January 2, 2001, the Board approved the revision of the Board's "Rules Regarding Equal Opportunity" as an immediately effective interim rule with opportunity for comment. The rule was published in the **Federal Register** on January 25, 2001 (66 FR 7703). The interim rule revised the Board's existing regulation entitled "Rules on Equal Opportunity," 12 CFR part 268, to incorporate the November 1999 changes made by the Equal Employment Opportunity Commission (Commission) to its parallel regulation entitled "Federal Sector Equal Employment Opportunity," 29 CFR part 1614, governing equal employment opportunity in the federal government generally. As explained in the preamble to the interim rule, this amendment is consistent with the Board's past practice as the Board's rule is modeled after and, in most respects, is identical to the Commission's regulation. The interim rule also made additional changes to the Board's regulation to bring it into closer conformance with the Commission's regulation. In a few instances, the interim rule continued distinctions between the Board's rule and the Commission's rule that reflect the Board's statutorily mandated independence.

One comment was received. The commentator, the Commission, suggested that rather than adopt a separate regulation governing the processing of complaints of discrimination, the Board should adopt the Commission's Government-wide complaint processing procedures. As the Board has pointed out in prior amendments to part 268, however, the Board believes that based on the specific provisions of the Federal Reserve Act and established precedent, the adoption of part 268 is necessary to authorize and ensure the Board's compliance with important national laws and policies prohibiting discrimination in employment on the basis of race, color, religion, sex, national origin, age, disability, or retaliation.

The Commission also questioned five provisions in the Board's rule that differ from the corresponding provisions in the Commission's rule on employee EEO complaints. Three of the provisions retain authority for the Board as to a decision issued by the Commission on employee complaints of discrimination. The Commission expressed concerns that it is not clear how these provisions relate to the Commission's rule or to the sections in the interim rule that set forth the time periods for a complainant to file a civil action. The other two provisions regard the overall relationship between the Commission and the Board and address how the Board will provide EEO program information to the Commission. Except as discussed below, the Board adopts the interim rule as a final rule.

As an initial matter, it should be noted that all of the provisions that the Commission points to as differing from its regulation are updated provisions rather than new provisions. Similar provisions were contained in the Board's rule on equal opportunity prior to the adoption of the interim rule on January 25, 2001. While the Board recognizes that the provisions in question retain authority that is not found in the Commission's regulation, the Board believes the retention of authority is necessary to comply with its statutorily mandated independence while also complying with the laws prohibiting discrimination in employment. The provisions at issue are based on the Board's traditional view of its authority under the Federal Reserve Act, which provides that the "employment, compensation, leave, and expenses" of Board employees is governed solely by that Act. Section 10(4).[1] The provisions address areas that the Board believes affect its independence and thus the distinctions are appropriate. As explained in the preamble to the interim rule, however, the Board has minimized, to the greatest extent possible, distinctions between its rule and the Commission's rule. Accordingly, with the few exceptions noted by the Commission, the Board's interim rule closely conforms to the Commission's rule. The Board will continue to work with the Commission

[1] 12 U.S.C. 244.

to ensure that the Board's rule is effectively implemented consistent with the laws and policies enforced by the Commission. Accordingly, the Board believes that no changes to these provisions in the interim rule are appropriate.

The Commission also commented on a provision in the Board's interim regulation implementing the Rehabilitation Act (29 U.S.C. 791), which prohibits discrimination against individuals with disabilities by the federal government. The particular provision at issue addresses alcoholism, 12 CFR 268.203(h)(3). The Commission questioned whether section 268.203(h)(3) was consistent with current law. Before the Board could address the Commission's concerns, however, the Commission adopted changes to the parallel provision in the Commission's rule. On May 21, 2002, the Commission published a final rule revising the sections in its rule regarding the Rehabilitation Act. (67 FR 35732). The Commission's rule provides that the federal government shall be a model employer of individuals with disabilities. The rule also provides that in determining whether the Rehabilitation Act, as amended, has been violated in a complaint alleging nonaffirmative action employment discrimination, the standards under Titles I and V of the Americans with Disabilities Act of 1990, insofar as they cover employment in the private sector, shall be applied. The rules also provide that these standards are set forth in the Commission's ADA regulation at 29 CFR part 1630. The Board has determined that it would be appropriate to revise its Rehabilitation Act rules consistent with the Commission's May 21, 2002, final rule. By making these changes, the Board is addressing the Commission's concern with the provision on alcoholism in the interim rule as that provision will be deleted.

In order to incorporate the Commission's May 21, 2002, final rule, section 268.102, paragraph (9) of the interim rule, which relates to the obligations of the Board's EEO program with respect to employees with physical or mental limitations, has also been deleted in the final rule. This provision corresponds to a provision in the Commission's prior regulation, which the Commission deleted.[2] In addition, the present language in section 268.203 has been replaced with the corresponding language from the Commission's final rule, which provides that the government shall be a model employer of individuals with disabilities and applies the ADA standards (Title I and V) to determine whether a violation of section 501 of the Rehabilitation Act has occurred. The Board's final rule also incorporates the reference to the Commission's ADA regulation. Thus, as these changes to the Board's rules are made in response to the comment received on the interim rule and are consistent with those made by the Commission in its May 21, 2002, final rule, additional comment would not serve the public interest as the Commission's rule was adopted only after public comment. As described above, the changes to the Rehabilitation Act provisions in the Board's corresponding rule incorporate existing Commission procedures which were adopted after public notice and comment. Further, as the Commission's changes to the Rehabilitation Act provisions are effective as of June 20, 2002, to ensure that EEO complaints by Board employees are handled consistently with the procedures of the Commission, it is important that the Board adopt corresponding changes without additional delay.

Finally, the Commission suggested that the Board apply the interim rule retroactively to cover employee complaints of discrimination pending on November 9, 1999, the effective date of the Commission's revised rule, which prompted the Board's revision of its corresponding rule. The Board does not believe that any further action in this regard is necessary, however, because the interim rule was effective immediately upon publication of the interim rule and applied to all pending cases as of January 25, 2001. Thus, to the extent an EEO complaint was in the administrative process on that date, it was processed under procedures similar to those adopted by the Commission. It appears that, for the most part, the administrative processing at the Board of complaints pending as of January 2001 has been completed, so that retroactive application at this time would have little effect.

Accordingly, with the exception of the substantive changes discussed above, the Board is now adopting the interim rule on equal employment opportunity as a final rule. No other substantive changes have been made to the interim rule. The final rule makes editorial changes to certain other parts of the Board's interim regulation, namely, the provision on employment of noncitizens and the subpart prohibiting discrimination in Board programs and activities on the basis of disability, which are not administered by the Commission.

Pursuant to the Administrative Procedures Act (APA), 5 U.S.C. 553(d)(3), the Board has determined that it is unnecessary and would be impracticable to defer the effective date of this final rule for 30 days. The final rule, like the interim rule, which was effective immediately on publication, in substance is applying the Commission's existing regulation, which was revised twice and in both instances adopted only after notice and public comment. Thus, the Board's rule will not cause unfair prejudice as the standards that are being applied in the final rule in virtually all respects are not new and are already in effect under the interim rule. The one major substantive change to the interim rule by the final rule conforms the Rehabilitation Act provisions covering Board employee to those governing Federal employers generally.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506; 5 CFR 1320 Appendix A.1), the Board reviewed the proposed rule under the authority delegated to the Board by the Office of Management and Budget. No collections of information pursuant to the Paperwork Reduction Act are contained in the final rule.

Regulatory Flexibility Act Analysis

Pursuant to section 605(b) of the Regulatory Flexibility Act (Pub. L. 96–354, 5 U.S.C. 601, *et seq.*), the Board certifies that this rule will not have a significant economic impact on a substantial number of small entities. This rule governs the Board's dealings with its employees, applicants for employment, and others affected in a like manner.

Plain Language

Section 722 of the Gramm-Leach-Bliley Act requires each federal banking agency to use plain language in all proposed and final rules published after January 1, 2000. Because the Board has determined that this final rule, similar to the interim rule, should conform to the greatest possible with the parallel regulation of the Equal Employment Opportunity Commission, the Board's ability to specifically address the plain language requirement was limited.

[2] The Board's final rule, similar to the Commission's changes to its regulation, renumbers the remaining paragraphs. Further, the citation to section 268.203(a)(6) in section 268.702(e)(3) of Subpart H, which prohibits discrimination in Board programs and activities on the basis of disability and which is a matter not administered by the Commission, has been changed to section 268.203 as the prior citation is no longer valid.

List of Subjects in 12 CFR part 268

Administrative practice and procedure, Aged, Civil rights, Equal employment opportunity, Federal buildings and facilities, Federal Reserve System, Government employees, Individuals with disabilities, Religious discrimination, Sex discrimination, Wages.

■ For the reasons set out in the preamble, the Board revises 12 CFR part 268 to read:

PART 268—RULES REGARDING EQUAL OPPORTUNITY

Subpart A—General Provisions and Administration

Subpart B—Board Program To Promote Equal Opportunity

Subpart C—Provisions Applicable to Particular Complaints

Subpart D—Related Processes

Subpart E—Appeals to the Equal Employment Opportunity Commission

Subpart F—Remedies and Enforcement

Subpart G—Matters of General Applicability

Subpart H—Prohibition Against Discrimination in Board Programs and Activities Because of a Physical or Mental Disability

Authority: 12 U.S.C. 244 and 248(i), (k) and (1).

Subpart A—General Provisions and Administration

§ 268.1 Authority, purpose and scope.

(a) *Authority.* The regulations in this part (12 CFR part 268) are issued by the Board of Governors of the Federal Reserve System (Board) under the authority of sections 10(4) and 11(i), (k), and (l) of the Federal Reserve Act (partially codified in 12 U.S.C. 244 and 248(i), (k) and (1)).

(b) *Purpose and scope.* This part sets forth the Board's policy, program and procedures for providing equal opportunity to Board employees and applicants for employment without regard to race, color, religion, sex, national origin, age, or physical or mental disability. It also sets forth the Board's policy, program and procedures for prohibiting discrimination on the basis of physical or mental disability in programs and activities conducted by the Board. It also specifies the circumstances under which the Board will hire or decline to hire persons who are not citizens of the United States, consistent with the Board's operational needs and applicable law.

§ 268.2 Definitions.

The definitions contained in this section shall have the following meanings throughout this part unless otherwise stated.

(a) *Commission or EEOC* means the Equal Employment Opportunity Commission.

(b) *Title VII* means Title VII of the Civil Rights Act (42 U.S.C. 2000e *et seq.*).

Subpart B—Board Program To Promote Equal Opportunity

§ 268.101 General policy for equal opportunity.

(a) It is the policy of the Board to provide equal opportunity in employment for all persons, to prohibit discrimination in employment because of race, color, religion, sex, national origin, age or disability, and to promote the full realization of equal opportunity in employment through a continuing affirmative program.

(b) No person shall be subject to retaliation for opposing any practice made unlawful by Title VII of the Civil Rights Act (title VII) (42 U.S.C. 2000e *et seq.*), the Age Discrimination in Employment Act (ADEA) (29 U.S.C. 621 *et seq.*), the Equal Pay Act (29 U.S.C. 206(d)), or the Rehabilitation Act (29 U.S.C. 791 *et seq.*) or for participating in any stage of administrative or judicial proceedings under those statutes.

§ 268.102 Board program for equal employment opportunity.

(a) The Board shall maintain a continuing affirmative program to promote equal opportunity and to identify and eliminate discriminatory practices and policies. In support of this program, the Board shall:

(1) Provide sufficient resources to its equal opportunity program to ensure efficient and successful operation;

(2) Provide for the prompt, fair and impartial processing of complaints in accordance with this part and the instructions contained in the Commission's Management Directives;

(3) Conduct a continuing campaign to eradicate every form of prejudice or discrimination from the Board's personnel policies, practices and working conditions;

(4) Communicate the Board's equal employment opportunity policy and program and its employment needs to all sources of job candidates without regard to race, color, religion, sex, national origin, age or disability, and solicit their recruitment assistance on a continuing basis;

(5) Review, evaluate and control managerial and supervisory performance in such a manner as to insure a continuing affirmative application and vigorous enforcement of the policy of equal opportunity, and provide orientation, training and advice to managers and supervisors to assure their understanding and implementation of the equal

employment opportunity policy and program;

(6) Take appropriate disciplinary action against employees who engage in discriminatory practices;

(7) Make reasonable accommodation to the religious needs of employees and applicants for employment when those accommodations can be made without undue hardship on the business of the Board;

(8) Make reasonable accommodation to the known physical or mental limitations of qualified applicants and employees with a disability unless the accommodation would impose an undue hardship on the operations of the Board's program;

(9) Provide recognition to employees, supervisors, managers and units demonstrating superior accomplishment in equal employment opportunity;

(10) Establish a system for periodically evaluating the effectiveness of the Board's overall equal employment opportunity effort;

(11) Provide the maximum feasible opportunity to employees to enhance their skills through on-the-job training, work-study programs and other training measures so that they may perform at their highest potential and advance in accordance with their abilities;

(12) Inform its employees and recognized labor organizations of the Board's affirmative equal opportunity policy and program and enlist their cooperation; and

(13) Participate at the community level with other employers, with schools and universities and with other public and private groups in cooperative action to improve employment opportunities and community conditions that affect employability.

(b) In order to implement its program, the Board shall:

(1) Develop the plans, procedures and regulations necessary to carry out its program;

(2) Establish or make available an alternative dispute resolution program. Such program must be available for both the precomplaint process and the formal complaint process.

(3) Appraise its personnel operations at regular intervals to assure their conformity with the Board's program, this part 268 and the instructions contained in the Commission's management directives;

(4) Designate a Director for Equal Employment Opportunity (EEO Programs Director), EEO Officer(s), and such Special Emphasis Program Managers/Coordinators (*e.g.*, People with Disabilities Program, Federal Women's Program and Hispanic Employment Program), clerical and administrative support as may be necessary to carry out the functions described in this part in all organizational units of the Board and at all Board installations. The EEO Programs Director shall be under the immediate supervision of the Chairman.

(5) Make written materials available to all employees and applicants informing them of the variety of equal employment opportunity programs and administrative and judicial remedial procedures available to them and prominently post such written materials in all personnel and EEO offices and throughout the workplace;

(6) Ensure that full cooperation is provided by all Board employees to EEO Counselors and Board EEO personnel in the processing and resolution of pre-complaint matters and complaints within the Board and that full cooperation is provided to the Commission in the course of appeals, including, granting the Commission routine access to personnel records of the Board when required in connection with an investigation;

(7) Publicize to all employees and post at all times the names, business telephone numbers and business addresses of the EEO Counselors (unless the counseling function is centralized, in which case only the telephone number and address need be publicized and posted), a notice of the time limits and necessity of contacting a Counselor before filing a complaint and the telephone numbers and addresses of the EEO Programs Director, EEO Officer(s) and the Special Emphasis Program Managers/Coordinators.

(c) The EEO Programs Director shall be responsible for:

(1) Advising the Board of Governors with respect to the preparation of national and regional equal employment opportunity plans, procedures, regulations, reports and other matters pertaining to the policy in § 268.101 and the Board's program;

(2) Evaluating from time to time the sufficiency of the total Board program for equal employment opportunity and reporting to the Board of Governors with recommendations as to any improvement or correction needed, including remedial or disciplinary action with respect to managerial, supervisory or other employees who have failed in their responsibilities;

(3) When authorized by the Board of Governors, making changes in programs and procedures designed to eliminate discriminatory practices and to improve the Board's program for equal employment opportunity;

(4) Providing for counseling of aggrieved individuals and for the receipt and processing of individual and class complaints of discrimination; and

(5) Assuring that individual complaints are fairly and thoroughly investigated and that final action is taken in a timely manner in accordance with this part.

(d) Directives, instructions, forms and other Commission materials referenced in this part may be obtained in accordance with the provisions of 29 CFR 1610.7.

§ 268.103 Complaints of discrimination covered by this part.

(a) Individual and class complaints of employment discrimination and retaliation prohibited by title VII (discrimination on the basis of race, color, religion, sex and national origin), the ADEA (discrimination on the basis of age when the aggrieved person is at least 40 years of age), the Rehabilitation Act (discrimination on the basis of disability), or the Equal Pay Act (sex-based wage discrimination) shall be processed in accordance with this part. Complaints alleging retaliation prohibited by these statutes are considered to be complaints of discrimination for purposes of this part.

(b) This part applies to all Board employees and applicants for employment at the Board, and to all employment policies or practices affecting Board employees or applicants for employment.

(c) This part does not apply to Equal Pay Act complaints of employees whose services are performed within a foreign country or certain United States territories as provided in 29 U.S.C. 213(f).

§ 268.104 Pre-complaint processing.

(a) Aggrieved persons who believe they have been discriminated against on the basis of race, color, religion, sex, national origin, age or disability must consult a Counselor prior to filing a complaint in order to try to informally resolve the matter.

(1) An aggrieved person must initiate contact with a Counselor within 45 days of the date of the matter alleged to be discriminatory or, in the case of a personnel action, within 45 days of the effective date of the action.

(2) The Board or the Commission shall extend the 45-day time limit in paragraph (a)(1) of this section when the individual shows that he or she was not notified of the time limits and was not otherwise aware of them, that he or she did not know and reasonably should not have known that the discriminatory matter or personnel action occurred, that despite due diligence he or she was prevented by circumstances beyond his

or her control from contacting the counselor within the time limits, or for other reasons considered sufficient by the Board or the Commission.

(b)(1) At the initial counseling session, Counselors must advise individuals in writing of their rights and responsibilities, including the right to request a hearing or an immediate final decision after an investigation by the Board in accordance with § 268.107(f), election rights pursuant to § 268.302, the right to file a notice of intent to sue pursuant to § 268.201(a) and a lawsuit under the ADEA instead of an administrative complaint of age discrimination under this part, the duty to mitigate damages, administrative and court time frames, and that only the claims raised in precomplaint counseling (or issues or claims like or related to issues or claims raised in pre-complaint counseling) may be alleged in a subsequent complaint filed with the Board. Counselors must advise individuals of their duty to keep the Board and the Commission informed of their current address and to serve copies of appeal papers on the Board. The notice required by paragraphs (d) or (e) of this section shall include a notice of the right to file a class complaint. If the aggrieved person informs the Counselor that he or she wishes to file a class complaint, the Counselor shall explain the class complaint procedures and the responsibilities of a class agent.

(2) Counselors shall advise aggrieved persons that, where the Board agrees to offer ADR in the particular case, they may choose between participation in the alternative dispute resolution program and the counseling activities provided for in paragraph (c) of this section.

(c) Counselors shall conduct counseling activities in accordance with instructions contained in Commission Management Directives. When advised that a complaint has been filed by an aggrieved person, the Counselor shall submit a written report within 15 days to the EEO Programs Director and the aggrieved person concerning the issues discussed and actions taken during counseling.

(d) Unless the aggrieved person agrees to a longer counseling period under paragraph (e) of this section, or the aggrieved person chooses an alternative dispute resolution procedure in accordance with paragraph (b)(2) of this section, the Counselor shall conduct the final interview with the aggrieved person within 30 days of the date the aggrieved person contacted the Board's EEO Programs Office to request counseling. If the matter has not been resolved, the aggrieved person shall be informed in writing by the Counselor, not later than the thirtieth day after contacting the Counselor, of the right to file a discrimination complaint with the Board. This notice shall inform the complainant of the right to file a discrimination complaint within 15 days of receipt of the notice, of the appropriate official with whom to file a complaint and of the complainant's duty to assure that the EEO Programs Director is informed immediately if the complainant retains counsel or a representative.

(e) Prior to the end of the 30-day period, the aggrieved person may agree in writing with the Board to postpone the final interview and extend the counseling period for an additional period of no more than 60 days. If the matter has not been resolved before the conclusion of the agreed extension, the notice described in paragraph (d) of this section shall be issued.

(f) Where the aggrieved person chooses to participate in an alternative dispute resolution procedure in accordance with paragraph (b)(2) of this section, the pre-complaint processing period shall be 90 days. If the claim has not been resolved before the 90th day, the notice described in paragraph (d) of this section shall be issued.

(g) The Counselor shall not attempt in any way to restrain the aggrieved person from filing a complaint. The Counselor shall not reveal the identity of an aggrieved person who consulted the Counselor, except when authorized to do so by the aggrieved person, or until the Board has received a discrimination complaint under this part from that person involving the same matter.

§ 268.105 Individual complaints.

(a) A complaint must be filed with the agency that allegedly discriminated against the complainant.

(b) A complaint must be filed within 15 days of receipt of the notice required by § 268.104 (d), (e) or (f).

(c) A complaint must contain a signed statement from the person claiming to be aggrieved or that person's attorney. This statement must be sufficiently precise to identify the aggrieved individual and the Board and to describe generally the action(s) or practice(s) that form the basis of the complaint. The complaint must also contain a telephone number and address where the complainant or the representative can be contacted.

(d) A complainant may amend a complaint at any time prior to the conclusion of the investigation to include issues or claims like or related to those raised in the complaint. After requesting a hearing, a complainant may file a motion with the administrative judge to ar
issues or c
raised in t

(e) The I
receipt of a complaint or an amendment to a complaint in writing and inform the complainant of the date on which the complaint or amendment was filed. The Board shall advise the complainant in the acknowledgment of the EEOC office and its address where a request for a hearing shall be sent. Such acknowledgment shall also advise the complainant that:

(1) The complainant has the right to appeal the final action on or dismissal of a complaint; and

(2) The Board is required to conduct an impartial and appropriate investigation of the complaint within 180 days of the filing of the complaint unless the parties agree in writing to extend the time period. When a complaint has been amended, the Board shall complete its investigation within the earlier of 180 days after the last amendment to the complaint or 360 days after the filing of the original complaint, except that the complainant may request a hearing from an administrative judge on the consolidated complaints any time after 180 days from the date of the first filed complaint.

§ 268.106 Dismissals of complaints.

(a) Prior to a request for a hearing in a case, the Board shall dismiss an entire complaint:

(1) That fails to state a claim under § 268.103 or § 268.105(a), or states the same claim that is pending before or has been decided by the Board or the Commission;

(2) That fails to comply with the applicable time limits contained in §§ 268.104, 268.105 and 268.204(c), unless the Board extends the time limits in accordance with § 268.604(c), or that raises a matter that has not been brought to the attention of a Counselor and is not like or related to a matter that has been brought to the attention of a Counselor;

(3) That is the basis of a pending civil action in a United States District Court in which the complainant is a party provided that at least 180 days have passed since the filing of the administrative complaint, or that was the basis of a civil action decided by a United States District Court in which the complainant was a party;

(4) Where a complainant has raised the matter in an appeal to the Merit Systems Protection Board and § 268.302 indicates that the complainant has elected to pursue the non-EEO process;

(5) That is moot or alleges that a proposal to take a personnel action, or other preliminary step to taking a personnel action, is discriminatory;

(6) Where the complainant cannot be located, provided that reasonable efforts have been made to locate the complainant and the complainant has not responded within 15 days to a notice of proposed dismissal sent to his or her last known address;

(7) Where the Board has provided the complainant with a written request to provide relevant information or otherwise proceed with the complaint, and the complainant has failed to respond to the request within 15 days of its receipt or the complainant's response does not address the Board's request, provided that the request included a notice of the proposed dismissal. Instead of dismissing for failure to cooperate, the complaint may be adjudicated if sufficient information for that purpose is available;

(8) That alleges dissatisfaction with the processing of a previously filed complaint; or

(9) Where the Board, strictly applying the criteria set forth in Commission decisions, finds that the complaint is part of a clear pattern of misuse of the EEO process for a purpose other than the prevention and elimination of employment discrimination. A clear pattern of misuse of the EEO process requires:

(i) Evidence of multiple complaint filings; and

(ii) Allegations that are similar or identical, lack specificity or involve matters previously resolved; or

(iii) Evidence of circumventing other administrative processes, retaliating against the Board's in-house administrative processes or overburdening the EEO complaint system.

(b) Where the Board believes that some but not all of the claims in a complaint should be dismissed for the reasons contained in paragraphs (a)(1) through (9) of this section, the Board shall notify the complainant in writing of its determination, the rationale for that determination and that those claims will not be investigated, and shall place a copy of the notice in the investigative file. A determination under this paragraph is reviewable by an administrative judge if a hearing is requested on the remainder of the complaint, but is not appealable until final action is taken on the remainder of the complaint.

§ 268.107 Investigation of complaints.

(a) The investigation of complaints filed against the Board shall be conducted by the Board.

(b) In accordance with instructions contained in Commission Management Directives, the Board shall develop an impartial and appropriate factual record upon which to make findings on the claims raised by the written complaint. An appropriate factual record is one that allows a reasonable fact finder to draw conclusions as to whether discrimination occurred. The Board may use an exchange of letters or memoranda, interrogatories, investigations, fact-finding conferences or any other fact-finding methods that efficiently and thoroughly address the matters at issue. The Board may incorporate alternative dispute resolution techniques into its investigative efforts in order to promote early resolution of complaints.

(c) The procedures in paragraphs (c)(1) through (3) of this section apply to the investigation of complaints:

(1) The complainant, the Board, and any employee of the Board shall produce such documentary and testimonial evidence as the investigator deems necessary.

(2) Investigators are authorized to administer oaths. Statements of witnesses shall be made under oath or affirmation or, alternatively, by written statement under penalty of perjury.

(3) When the complainant, or the Board or its employees fail without good cause shown to respond fully and in timely fashion to requests for documents, records, comparative data, statistics, affidavits or the attendance of witness(es), the investigator may note in the investigative record that the decisionmaker should, or the Commission on appeal may, in appropriate circumstances:

(i) Draw an adverse inference that the requested information, or the testimony of the requested witness, would have reflected unfavorably on the party refusing to provide the requested information;

(ii) Consider the matters to which the requested information or testimony pertains to be established in favor of the opposing party;

(iii) Exclude other evidence offered by the party failing to produce the requested information or witness;

(iv) Issue a decision fully or partially in favor of the opposing party; or

(v) Take such other actions as it deems appropriate.

(d) Any investigation will be conducted by investigators with appropriate security clearances.

(e)(1) The Board shall complete its investigation within 180 days of the date of filing of an individual complaint or within the time period contained in an order from the Office of Federal Operations on an appeal from a dismissal pursuant to § 268.106. By written agreement within those time periods, the complainant and the Board may voluntarily extend the time period for not more than an additional 90 days. The Board may unilaterally extend the time period or any period of extension for not more than 30 days where it must sanitize a complaint file that may contain information classified pursuant to Executive Order No. 12356, or successor orders, as secret in the interest of national defense or foreign policy, provided the Board notifies the complainant of the extension.

(2) Confidential supervisory information, as defined in 12 CFR 261.2(c), and other confidential information of the Board may be included in the investigative file by the investigator, the EEO Programs Director, or another appropriate officer of the Board, where such information is relevant to the complaint. Neither the complainant nor the complainant's personal representative may make further disclosure of such information, however, except in compliance with the Board's Rules Regarding Availability of Information, 12 CFR part 261, and where applicable, the Board's Rules Regarding Access to Personal Information under the Privacy Act of 1974, 12 CFR part 261a.

(f) Within 180 days from the filing of the complaint, or where a complaint was amended, within the earlier of 180 days after the last amendment to the complaint or 360 days after the filing of the original complaint, within the time period contained in an order from the Office of Federal Operations on an appeal from a dismissal, or within any period of extension provided for in paragraph (e) of this section, the Board shall provide the complainant with a copy of the investigative file, and shall notify the complainant that, within 30 days of receipt of the investigative file, the complainant has the right to request a hearing and decision from an administrative judge or may request an immediate final decision pursuant to § 268.109(b) from the Board.

(g) Where the complainant has received the notice required in paragraph (f) of this section or at any time after 180 days have elapsed from the filing of the complaint, the complainant may request a hearing by submitting a written request for a hearing directly to the EEOC office indicated in the Board's

acknowledgment letter. The complainant shall send a copy of the request for a hearing to the Board's EEO Programs Office. Within 15 days of receipt of the request for a hearing, the Board's EEO Programs Office shall provide a copy of the complaint file to EEOC and, if not previously provided, to the complainant.

§ 268.108 Hearings.

(a) When a complainant requests a hearing, the Commission shall appoint an administrative judge to conduct a hearing in accordance with this section. Upon appointment, the administrative judge shall assume full responsibility for the adjudication of the complaint, including overseeing the development of the record. Any hearing will be conducted by an administrative judge or hearing examiner with appropriate security clearances.

(b) *Dismissals.* Administrative judges may dismiss complaints pursuant to § 268.106, on their own initiative, after notice to the parties, or upon the Board's motion to dismiss a complaint.

(c) *Offer of resolution.* (1) Any time after the filing of the written complaint but not later than the date an administrative judge is appointed to conduct a hearing, the Board may make an offer of resolution to a complainant who is represented by an attorney.

(2) Any time after the parties have received notice that an administrative judge has been appointed to conduct a hearing, but not later than 30 days prior to the hearing, the Board may make an offer of resolution to the complainant, whether represented by an attorney or not.

(3) The offer of resolution shall be in writing and shall include a notice explaining the possible consequences of failing to accept the offer. The Board's offer, to be effective, must include attorney's fees and costs and must specify any non-monetary relief. With regard to monetary relief, the Board may make a lump sum offer covering all forms of monetary liability, or it may itemize the amounts and types of monetary relief being offered. The complainant shall have 30 days from receipt of the offer of resolution to accept it. If the complainant fails to accept an offer of resolution and the relief awarded in the administrative judge's decision, the Board's final decision, or the Commission's decision on appeal is not more favorable than the offer, then, except where the interest of justice would not be served, the complainant shall not receive payment from the Board of attorney's fees or costs incurred after the expiration of the 30-day acceptance period. An acceptance of an offer must be in writing and will be timely if postmarked or received within the 30-day period. Where a complainant fails to accept an offer of resolution, the Board may make other offers of resolution and either party may seek to negotiate a settlement of the complaint at any time.

(d) *Discovery.* The administrative judge shall notify the parties of the right to seek discovery prior to the hearing and may issue such discovery orders as are appropriate. Unless the parties agree in writing concerning the methods and scope of discovery, the party seeking discovery shall request authorization from the administrative judge prior to commencing discovery. Both parties are entitled to reasonable development of evidence on matters relevant to the issues raised in the complaint, but the administrative judge may limit the quantity and timing of discovery. Evidence may be developed through interrogatories, depositions, and requests for admissions, stipulations or production of documents. It shall be grounds for objection to producing evidence that the information sought by either party is irrelevant, overburdensome, repetitious, or privileged.

(e) *Conduct of hearing.* The Board shall provide for the attendance at a hearing of all employees approved as witnesses by an administrative judge. Attendance at hearings will be limited to persons determined by the administrative judge to have direct knowledge relating to the complaint. Hearings are part of the investigative process and are thus closed to the public. The administrative judge shall have the power to regulate the conduct of a hearing, limit the number of witnesses where testimony would be repetitious, and exclude any person from the hearing for contumacious conduct or misbehavior that obstructs the hearing. The administrative judge shall receive into evidence information or documents relevant to the complaint. Rules of evidence shall not be applied strictly, but the administrative judge shall exclude irrelevant or repetitious evidence. The administrative judge or the Commission may refer to the Disciplinary Committee of the appropriate Bar Association any attorney or, upon reasonable notice and an opportunity to be heard, suspend or disqualify from representing complainants or agencies in EEOC hearings any representative who refuses to follow the orders of an administrative judge, or who otherwise engages in improper conduct.

(f) *Procedures.* (1) The complainant, the Board and any employee of the Board shall produce such documentary and testimonial evidence as the administrative judge deems necessary. The administrative judge shall serve all orders to produce evidence on both parties.

(2) Administrative judges are authorized to administer oaths. Statements of witnesses shall be made under oath or affirmation or, alternatively, by written statement under penalty of perjury.

(3) When the complainant, or the Board, or its employees fail without good cause shown to respond fully and in timely fashion to an order of an administrative judge, or requests for the investigative file, for documents, records, comparative data, statistics, affidavits, or the attendance of witness(es), the administrative judge shall, in appropriate circumstances:

(i) Draw an adverse inference that the requested information, or the testimony of the requested witness, would have reflected unfavorably on the party refusing to provide the requested information;

(ii) Consider the matters to which the requested information or testimony pertains to be established in favor of the opposing party;

(iii) Exclude other evidence offered by the party failing to produce the requested information or witness;

(iv) Issue a decision fully or partially in favor of the opposing party; or

(v) Take such other actions as appropriate.

(g) *Decisions without hearing.* (1) If a party believes that some or all material facts are not in genuine dispute and there is no genuine issue as to credibility, the party may, at least 15 days prior to the date of the hearing or at such earlier time as required by the administrative judge, file a statement with the administrative judge prior to the hearing setting forth the fact or facts and referring to the parts of the record relied on to support the statement. The statement must demonstrate that there is no genuine issue as to any such material fact. The party shall serve the statement on the opposing party.

(2) The opposing party may file an opposition within 15 days of receipt of the statement in paragraph (g)(1) of this section. The opposition may refer to the record in the case to rebut the statement that a fact is not in dispute or may file an affidavit stating that the party cannot, for reasons stated, present facts to oppose the request. After considering the submissions, the administrative judge may order that discovery be permitted on the fact or facts involved, limit the hearing to the issues remaining in dispute, issue a decision without a

hearing or make such other ruling as is appropriate.

(3) If the administrative judge determines upon his or her own initiative that some or all facts are not in genuine dispute, he or she may, after giving notice to the parties and providing them an opportunity to respond in writing within 15 calendar days, issue an order limiting the scope of the hearing or issue a decision without holding a hearing.

(h) *Record of hearing.* The hearing shall be recorded and the Board shall arrange and pay for verbatim transcripts. All documents submitted to, and accepted by, the administrative judge at the hearing shall be made part of the record of the hearing. If the Board submits a document that is accepted, it shall furnish a copy of the document to the complainant. If the complainant submits a document that is accepted, the administrative judge shall make the document available to the Board's representative for reproduction.

(i) *Decisions by administrative judges.* Unless the administrative judge makes a written determination that good cause exists for extending the time for issuing a decision, an administrative judge shall issue a decision on the complaint, and shall order appropriate remedies and relief where discrimination is found, within 180 days of receipt by the administrative judge of the complaint file from the Board. The administrative judge shall send copies of the hearing record, including the transcript, and the decision to the parties. If the Board does not issue a final order within 40 days of receipt of the administrative judge's decision in accordance with § 268.109(a), then the decision of the administrative judge shall become the final action of the Board.

§ 268.109 Final action by the Board.

(a) *Final action by the Board following a decision by an administrative judge.* When an EEOC administrative judge has issued a decision under §§ 268.108(b), (g), or (i), the Board shall take final action on the complaint by issuing a final order within 40 days of receipt of the hearing file and the administrative judge's decision. The final order shall notify the complainant whether or not the Board will fully implement the decision of the administrative judge and shall contain notice of the complainant's right to appeal to the Equal Employment Opportunity Commission, the right to file a civil action in federal district court, the name of the proper defendant in any such lawsuit and the applicable time limits for appeals and lawsuits. If the final order does not fully implement the decision of the administrative judge, then the Board shall simultaneously file an appeal in accordance with § 268.403 and append a copy of its appeal to the final order. A copy of EEOC Form 573 shall be attached to the final order.

(b) *Final action by the Board in all other circumstances.* When the Board dismisses an entire complaint under § 268.106, receives a request for an immediate final decision or does not receive a reply to the notice issued under § 268.107(f), the Board shall take final action by issuing a final decision. The final decision shall consist of findings by the Board on the merits of each issue in the complaint, or, as appropriate, the rationale for dismissing any claims in the complaint and, when discrimination is found, appropriate remedies and relief in accordance with subpart F of this part. The Board shall issue the final decision within 60 days of receiving notification that a complainant has requested an immediate decision from the Board, or within 60 days of the end of the 30-day period for the complainant to request a hearing or an immediate final decision where the complainant has not requested either a hearing or a decision. The final action shall contain notice of the right to appeal the final action to the Equal Employment Opportunity Commission, the right to file a civil action in federal district court, the name of the proper defendant in any such lawsuit and the applicable time limits for appeals and lawsuits. A copy of EEOC Form 573 shall be attached to the final action. The Board may issue a final decision within 30 days after receiving a decision of the Commission pursuant to § 268.405(c) of this part.

Subpart C—Provisions Applicable to Particular Complaints

§ 268.201 Age Discrimination in Employment Act.

(a) As an alternative to filing a complaint under this part, an aggrieved individual may file a civil action in a United States district court under the ADEA against the Chairman of the Board of Governors after giving the Commission not less than 30 days' notice of the intent to file such an action. Such notice must be filed in writing with EEOC, at PO Box 19848, Washington, DC 20036, or by personal delivery or facsimile within 180 days of the occurrence of the alleged unlawful practice.

(b) The Commission may exempt a position from the provisions of the ADEA if the Commission establishes a maximum age requirement for the position on the basis of a determination that age is a bona fide occupational qualification necessary to the performance of the duties of the position.

(c) When an individual has filed an administrative complaint alleging age discrimination that is not a mixed case, administrative remedies will be considered to be exhausted for purposes of filing a civil action:

(1) 180 days after the filing of an individual complaint if the Board has not taken final action and the individual has not filed an appeal or 180 days after the filing of a class complaint if the Board has not issued a final decision;

(2) After final action on an individual or class complaint if the individual has not filed an appeal; or

(3) After the issuance of a final decision by the Commission on an appeal or 180 days after the filing of an appeal, if the Commission has not issued a final decision.

§ 268.202 Equal Pay Act.

Complaints alleging violations of the Equal Pay Act shall be processed under this part.

§ 268.203 Rehabilitation Act.

(a) *Model employer.* The Board shall be a model employer of individuals with disabilities. The Board shall give full consideration to the hiring, placement, and advancement of qualified individuals with disabilities.

(b) *ADA standards.* The standards used to determine whether section 501 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 791), has been violated in a complaint alleging nonaffirmative action employment discrimination under this part shall be the standards applied under Titles I and V (sections 501 through 504 and 510) of the Americans with Disabilities Act of 1990, as amended (42 U.S.C. 12101, 12111, 12201), as such sections relate to employment. These standards are set forth in the Commission's ADA regulation at 29 CFR part 1630.

§ 268.204 Class complaints.

(a) *Definitions*—(1) *Class* is a group of Board employees, former employees or applicants for employment who, it is alleged, have been or are being adversely affected by a Board personnel management policy or practice that discriminates against the group on the basis of their race, color, religion, sex, national origin, age or disability.

(2) *Class complaint* is a written complaint of discrimination filed on behalf of a class by the agent of the class alleging that:

(i) The class is so numerous that a consolidated complaint of the members of the class is impractical;

(ii) There are questions of fact common to the class;

(iii) The claims of the agent of the class are typical of the claims of the class;

(iv) The agent of the class, or, if represented, the representative, will fairly and adequately protect the interests of the class.

(3) An *agent of the class* is a class member who acts for the class during the processing of the class complaint.

(b) *Pre-complaint processing.* An employee or applicant who wishes to file a class complaint must seek counseling and be counseled in accordance with § 268.104. A complainant may move for class certification at any reasonable point in the process when it becomes apparent that there are class implications to the claim raised in an individual complaint. If a complainant moves for class certification after completing the counseling process contained in § 268.104, no additional counseling is required. The administrative judge shall deny class certification when the complainant has unduly delayed in moving for certification.

(c) *Filing and presentation of a class complaint.* (1) A class complaint must be signed by the agent or representative and must identify the policy or practice adversely affecting the class as well as the specific action or matter affecting the class agent.

(2) The complaint must be filed with the Board not later than 15 days after the agent's receipt of the notice of right to file a class complaint.

(3) The complaint shall be processed promptly; the parties shall cooperate and shall proceed at all times without undue delay.

(d) *Acceptance or dismissal.* (1) Within 30 days of the Board's receipt of a complaint, the Board shall: Designate an agency representative who shall not be one of the individuals referenced in § 268.102(b)(4), and forward the complaint, along with a copy of the Counselor's report and any other information pertaining to timeliness or other relevant circumstances related to the complaint, to the Commission. The Commission shall assign the complaint to an administrative judge or complaints examiner with a proper security clearance when necessary. The administrative judge may require the complainant or the Board to submit additional information relevant to the complaint.

(2) The administrative judge may dismiss the complaint, or any portion, for any of the reasons listed in § 268.106 or because it does not meet the prerequisites of a class complaint under § 268.204(a)(2).

(3) If an allegation is not included in the Counselor's report, the administrative judge shall afford the agent 15 days to state whether the matter was discussed with the Counselor and, if not, explain why it was not discussed. If the explanation is not satisfactory, the administrative judge shall dismiss the allegation. If the explanation is satisfactory, the administrative judge shall refer the allegation to the Board for further counseling of the agent. After counseling, the allegation shall be consolidated with the class complaint.

(4) If an allegation lacks specificity and detail, the administrative judge shall afford the agent 15 days to provide specific and detailed information. The administrative judge shall dismiss the complaint if the agent fails to provide such information within the specified time period. If the information provided contains new allegations outside the scope of the complaint, the administrative judge shall advise the agent how to proceed on an individual or class basis concerning these allegations.

(5) The administrative judge shall extend the time limits for filing a complaint and for consulting with a Counselor in accordance with the time limit extension provisions contained in §§ 268.104(a)(2) and 268.604.

(6) When appropriate, the administrative judge may decide that a class be divided into subclasses and that each subclass be treated as a class, and the provisions of this section then shall be construed and applied accordingly.

(7) The administrative judge shall transmit his or her decision to accept or dismiss a complaint to the Board and the agent. The Board shall take final action by issuing a final order within 40 days of receipt of the hearing record and administrative judge's decision. The final order shall notify the agent whether or not the Board will implement the decision of the administrative judge. If the final order does not implement the decision of the administrative judge, the Board shall simultaneously appeal the administrative judge's decision in accordance with § 268.403 and append a copy of the appeal to the final order. A dismissal of a class complaint shall inform the agent either that the complaint is being filed on that date as an individual complaint of discrimination and will be processed under subpart B or that the complaint is also dismissed as an individual complaint in accordance with § 268.106. In addition, it shall inform the agent of the right to appeal the dismissal of the class complaint to the Equal Employment Opportunity Commission or to file a civil action and shall include EEOC Form 573, Notice of Appeal/Petition.

(e) *Notification.* (1) Within 15 days of receiving notice that the administrative judge has accepted a class complaint or a reasonable time frame specified by the administrative judge, the Board shall use reasonable means, such as delivery, mailing to last known address or distribution, to notify all class members of the acceptance of the class complaint.

(2) Such notice shall contain:

(i) An identification of the Board as the named agency, its location, and the date of acceptance of the complaint;

(ii) A description of the issues accepted as part of the class complaint;

(iii) An explanation of the binding nature of the final decision or resolution of the class complaint on class members; and

(iv) The name, address and telephone number of the class representative.

(f) Obtaining evidence concerning the complaint. (1) The administrative judge shall notify the agent and the Board's representative of the time period that will be allowed both parties to prepare their cases. This time period will include at least 60 days and may be extended by the administrative judge upon the request of either party. Both parties are entitled to reasonable development of evidence on matters relevant to the issues raised in the complaint. Evidence may be developed through interrogatories, depositions, and requests for admissions, stipulations or production of documents. It shall be grounds for objection to producing evidence that the information sought by either party is irrelevant, overburdensome, repetitious, or privileged.

(2) If mutual cooperation fails, either party may request the administrative judge to rule on a request to develop evidence. If a party fails without good cause shown to respond fully and in timely fashion to a request made or approved by the administrative judge for documents, records, comparative data, statistics or affidavits, and the information is solely in the control of one party, such failure may, in appropriate circumstances, cause the administrative judge:

(i) To draw an adverse inference that the requested information would have reflected unfavorably on the party refusing to provide the requested information;

(ii) To consider the matters to which the requested information pertains to be

established in favor of the opposing party;

(iii) To exclude other evidence offered by the party failing to produce the requested information;

(iv) To recommend that a decision be entered in favor of the opposing party; or

(v) To take such other actions as the administrative judge deems appropriate.

(3) During the period for development of evidence, the administrative judge may, in his or her discretion, direct that an investigation of facts relevant to the class complaint or any portion be conducted by an agency certified by the Commission.

(4) Both parties shall furnish to the administrative judge copies of all materials that they wish to be examined and such other material as may be requested.

(g) *Opportunity for resolution of the complaint.* (1) The administrative judge shall furnish the agent and the Board's representative a copy of all materials obtained concerning the complaint and provide opportunity for the agent to discuss the materials with the Board's representative and attempt resolution of the complaint.

(2) The complaint may be resolved by agreement of the Board and the agent at any time pursuant to the notice and approval procedure contained in paragraph (g)(4) of this section.

(3) If the complaint is resolved, the terms of the resolution shall be reduced to writing and signed by the agent and the Board.

(4) Notice of the resolution shall be given to all class members in the same manner as notification of the acceptance of the class complaint and to the administrative judge. It shall state the relief, if any, to be granted by the Board and the name and address of the EEOC administrative judge assigned to the case. It shall state that within 30 days of the date of the notice of resolution, any member of the class may petition the administrative judge to vacate the resolution because it benefits only the class agent, or is otherwise not fair, adequate and reasonable to the class as a whole. The administrative judge shall review the notice of resolution and consider any petitions to vacate filed. If the administrative judge finds that the proposed resolution is not fair, adequate and reasonable to the class as a whole, the administrative judge shall issue a decision vacating the agreement and may replace the original class agent with a petitioner or some other class member who is eligible to be the class agent during further processing of the class complaint. The decision shall inform the former class agent or the petitioner of the right to appeal the decision to the Equal Employment Opportunity Commission and include EEOC Form 573, Notice of Appeal/Petition. If the administrative judge finds that the resolution is fair, adequate and reasonable to the class as a whole, the resolution shall bind all members of the class.

(h) *Hearing.* On expiration of the period allowed for preparation of the case, the administrative judge shall set a date for hearing. The hearing shall be conducted in accordance with 12 CFR 268.108(a) through (f).

(i) *Report of findings and recommendations.* (1) The administrative judge shall transmit to the Board a report of findings and recommendations on the complaint, including a recommended decision, systemic relief for the class and any individual relief, where appropriate, with regard to the personnel action or matter that gave rise to the complaint.

(2) If the administrative judge finds no class relief appropriate, he or she shall determine if a finding of individual discrimination is warranted and, if so, shall recommend appropriate relief.

(3) The administrative judge shall notify the agent of the date on which the report of findings and recommendations was forwarded to the Board.

(j) *Board decision.* (1) Within 60 days of receipt of the report of findings and recommendations issued under § 268.204(i), the Board shall issue a final decision, which shall accept, reject, or modify the findings and recommendations of the administrative judge.

(2) The final decision of the Board shall be in writing and shall be transmitted to the agent by certified mail, return receipt requested, along with a copy of the report of findings and recommendations of the administrative judge.

(3) When the Board's final decision is to reject or modify the findings and recommendations of the administrative judge, the decision shall contain specific reasons for the Board's action.

(4) If the Board has not issued a final decision within 60 days of its receipt of the administrative judge's report of findings and recommendations, those findings and recommendations shall become the final decision. The Board shall transmit the final decision to the agent within five days of the expiration of the 60-day period.

(5) The final decision of the Board shall require any relief authorized by law and determined to be necessary or desirable to resolve the issue of discrimination.

(6) The final decision on a class complaint shall, subject to subpart E of this part, be binding on all members of the class and the Board.

(7) The final decision shall inform the agent of the right to appeal or to file a civil action in accordance with subpart E of this part and of the applicable time limits.

(k) *Notification of decision.* The Board shall notify class members of the final decision and relief awarded, if any, through the same media employed to give notice of the existence of the class complaint. The notice, where appropriate, shall include information concerning the rights of class members to seek individual relief, and of the procedures to be followed. Notice shall be given by the Board within 10 days of the transmittal of its final decision to the agent.

(l) *Relief for individual class members.* (1) When discrimination is found, the Board must eliminate or modify the employment policy or practice out of which the complaint arose and provide individual relief, including an award of attorney's fees and costs, to the agent in accordance with § 268.501.

(2) When class-wide discrimination is not found, but it is found that the class agent is a victim of discrimination, § 268.501 shall apply. The Board shall also, within 60 days of the issuance of the final decision finding no class-wide discrimination, issue the acknowledgment of receipt of an individual complaint as required by § 268.105(d) and process in accordance with the provisions of subpart B of this part, each individual complaint that was subsumed into the class complaint.

(3) When discrimination is found in the final decision and a class member believes that he or she is entitled to individual relief, the class member may file a written claim with the Board or the Board's EEO Programs Director within 30 days of receipt of notification by the Board of its final decision. Administrative judges shall retain jurisdiction over the complaint in order to resolve any disputed claims by class members. The claim must include a specific, detailed showing that the claimant is a class member who was affected by the discriminatory policy or practice, and that this discriminatory action took place within the period of time for which the Board found class-wide discrimination in its final decision. Where a finding of discrimination against a class has been made, there shall be a presumption of discrimination as to each member of the class. The Board must show by clear and convincing evidence that any class

member is not entitled to relief. The administrative judge may hold a hearing or otherwise supplement the record on a claim filed by a class member. The Board or the Commission may find class-wide discrimination and order remedial action for any policy or practice in existence within 45 days of the agent's initial contact with the Counselor. Relief otherwise consistent with this Part may be ordered for the time the policy or practice was in effect. The Board shall issue a final decision on each such claim within 90 days of filing. Such decision must include a notice of the right to file an appeal or a civil action in accordance with subpart E of this part and the applicable time limits.

§ 268.205 Employment of noncitizens.

(a) *Definitions.* The definitions contained in this paragraph (a) shall apply only to this section.

(1) *Intending citizen* means a citizen or national of the United States, or a noncitizen who:

(i) Is a protected individual as defined in 8 U.S.C. 1324b(a)(3); and

(ii) Has evidenced an intention to become a United States citizen.

(2) *Noncitizen* means any person who is not a citizen of the United States.

(3) *Sensitive information* means:

(i)(A) Information that is classified for national security purposes under Executive Order No. 12356 (3 CFR, 1982 Comp., p. 166), including any amendments or superseding orders that the President of the United States may issue from time to time;

(B) Information that consists of confidential supervisory information of the Board, as defined in 12 CFR 261.2(c); or

(C) Information the disclosure or premature disclosure of which to unauthorized persons may be reasonably likely to impair the formulation or implementation of monetary policy, or cause unnecessary or unwarranted disturbances in securities or other financial markets, such that access to such information must be limited to persons who are loyal to the United States.

(ii) For purposes of paragraph (a)(3)(i)(C) of this section, information may not be deemed sensitive information merely because it would be exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) but sensitive information must be information the unauthorized disclosure or premature disclosure of which may be reasonably likely to impair important functions or operations of the Board.

(4) *Sensitive position* means any position of employment in which the employee will be required to have access to sensitive information.

(b) *Prohibitions*—(1) *Unauthorized aliens.* The Board shall not hire any person unless that person is able to satisfy the requirements of Section 101 of the Immigration Reform and Control Act of 1986.

(2) *Employment in sensitive positions.* The Board shall not hire any person to a sensitive position unless such person is a citizen of the United States or, if a noncitizen, is an intending citizen.

(3) *Preference.* Consistent with the Immigration Reform and Control Act of 1986, and other applicable law, applicants for employment at the Board who are citizens of the United States shall be preferred over equally qualified applicants who are not United States citizens.

(c) *Exception.* The prohibition of paragraph (b)(2) of this section does not apply to hiring for positions for which a security clearance is required under Executive Order No. 10450, including any subsequent amendments or superseding orders that the President of the United States may issue from time to time, where the noncitizen either has or can obtain the necessary security clearance. Any offer of employment authorized by this paragraph (c) shall be contingent upon receipt of the required security clearance in the manner prescribed by law.

(d) *Applicability.* This section applies to employment in all positions at the Board and to employment by Federal Reserve Banks of examiners who must be appointed, or selected and approved by the Board pursuant to 12 U.S.C. 325, 326, 338, or 625.

Subpart D—Related Processes

§ 268.301 Negotiated grievance procedure.

When an employee of the Board, which is not an agency subject to 5 U.S.C. 7121(d), is covered by a negotiated grievance procedure, allegations of discrimination shall be processed as complaints under this part, except that the time limits for processing the complaint contained in § 268.105 and for appeal to the Commission contained in § 268.402 may be held in abeyance during processing of a grievance covering the same matter as the complaint if the Board notifies the complainant in writing that the complaint will be held in abeyance pursuant to this section.

§ 268.302 Mixed case complaints.

A *mixed case complaint* is a complaint of employment discrimination filed with the Board based on race, color, religion, sex, national origin, age or disability related to or stemming from an action that can be appealed to the Merit System Protection Board (MSPB). The complaint may contain only an allegation of employment discrimination or it may contain additional allegations that the MSPB has jurisdiction to address. A *mixed case appeal* is an appeal filed with the MSPB that alleges that an appealable Board action was effected, in whole or in part, because of discrimination on the basis of race, color, religion, sex, national origin, disability or age. Only a Board employee who is a preference eligible employee as defined by the Veterans Preference Act can file a mixed case complaint with the Board or a mixed case appeal with the MSPB. A mixed case complaint or mixed case appeal may only be filed for action(s) over which the MSPB has jurisdiction. The Board will apply sections 1614.302 to 1614.310 of 29 CFR to the processing of a mixed case complaint or mixed case appeal.

Subpart E—Appeals to the Equal Employment Opportunity Commission

§ 268.401 Appeals to the Equal Employment Opportunity Commission.

(a) A complainant may appeal the Board's final action or dismissal of a complaint.

(b) The Board may appeal as provided in § 268.109(a).

(c) A class agent or the Board may appeal an administrative judge's decision accepting or dismissing all or part of a class complaint; a class agent may appeal a final decision on a class complaint; a class member may appeal a final decision on a claim for individual relief under a class complaint; and a class member, a class agent or the Board may appeal a final decision on a petition pursuant to § 268.204(g)(4).

(d) A complainant, agent of the class or individual class claimant may appeal to the Commission the Board's alleged noncompliance with a settlement agreement or final decision in accordance with § 268.504.

§ 268.402 Time for appeals to the Equal Employment Opportunity Commission.

(a) Appeals described in § 268.401(a) and (c) must be filed within 30 days of receipt of the dismissal, final action or decision. Appeals described in § 268.401(b) must be filed within 40 days of receipt of the hearing file and decision. Where a complainant has notified the Board's EEO Programs Director of alleged noncompliance with a settlement agreement in accordance

with § 268.504, the complainant may file an appeal 35 days after service of the allegations of noncompliance, but no later than 30 days after receipt of the Board's determination.

(b) If the complainant is represented by an attorney of record, then the 30-day time period provided in paragraph (a) of this section within which to appeal shall be calculated from the receipt of the required document by the attorney. In all other instances, the time within which to appeal shall be calculated from the receipt of the required document by the complainant.

§ 268.403 How to appeal.

(a) The complainant, the Board, agent or individual class claimant (hereinafter appellant) must file an appeal with the Director, Office of Federal Operations, Equal Employment Opportunity Commission, at PO Box 19848, Washington, DC 20036, or by personal delivery or facsimile. The appellant should use EEOC Form 573, Notice of Appeal/Petition, and should indicate what is being appealed.

(b) The appellant shall furnish a copy of the appeal to the opposing party at the same time it is filed with the Commission. In or attached to the appeal to the Commission, the appellant must certify the date and method by which service was made on the opposing party.

(c) If an appellant does not file an appeal within the time limits of this subpart, the appeal shall be dismissed by the Commission as untimely.

(d) Any statement or brief on behalf of a complainant in support of the appeal must be submitted to the Office of Federal Operations within 30 days of filing the notice of appeal. Any statement or brief on behalf of the Board in support of its appeal must be submitted to the Office of Federal Operations within 20 days filing the notice of appeal. The Office of Federal Operations will accept statements or briefs in support of an appeal by facsimile transmittal, provided they are no more than 10 pages long.

(e) The Board must submit the complaint file to the Office of Federal Operations within 30 days of initial notification that the complainant has filed an appeal or within 30 days of submission of an appeal by the Board.

(f) Any statement or brief in opposition to an appeal must be submitted to the Commission and served on the opposing party within 30 days of receipt of the statement or brief supporting the appeal, or, if no statement or brief supporting the appeal is filed, within 60 days of receipt of the appeal. The Office of Federal Operations will accept statements or briefs in opposition to an appeal by facsimile provided they are no more than 10 pages long.

§ 268.404 Appellate Procedure.

(a) On behalf of the Commission, the Office of Federal Operations shall review the complaint file and all written statements and briefs from either party. The Commission may supplement the record by an exchange of letters or memoranda, investigation, remand to the Board or other procedures.

(b) If the Office of Federal Operations requests information from one or both of the parties to supplement the record, each party providing information shall send a copy of the information to the other party.

(c) When either party to an appeal fails without good cause shown to comply with the requirements of this section or to respond fully and in timely fashion to requests for information, the Office of Federal Operations shall, in appropriate circumstances:

(1) Draw an adverse inference that the requested information would have reflected unfavorably on the party refusing to provide the requested information;

(2) Consider the matters to which the requested information or testimony pertains to be established in favor of the opposing party;

(3) Issue a decision fully or partially in favor of the opposing party; or

(4) Take such other actions as appropriate.

§ 268.405 Decisions on appeals.

(a) The Office of Federal Operations, on behalf of the Commission, shall issue a written decision setting forth its reasons for the decision. The Commission shall dismiss appeals in accordance with §§ 268.106, 268.403(c) and 268.408. The decision on an appeal from the Board's final action shall be based on a de novo review, except that the review of the factual findings in a decision by an administrative judge issued pursuant to § 268.108(i) shall be based on a substantial evidence standard of review. If the decision contains a finding of discrimination, appropriate remedy(ies) shall be included and, where appropriate, the entitlement to interest, attorney's fees or costs shall be indicated. The decision shall reflect the date of its issuance, inform the complainant of his or her civil action rights, and be transmitted to the complainant and the Board by first class mail.

(b) A decision issued under paragraph (a) of this section is final, subject to paragraph (c) of this section, within the meaning of § 268.406 unless the Commission reconsiders the case. A party may request reconsideration within 30 days of receipt of a decision of the Commission, which the Commission in its discretion may grant, if the party demonstrates that:

(1) The appellate decision involved a clearly erroneous interpretation of material fact or law; or

(2) The decision will have a substantial impact on the policies, practices or operations of the Board.

(c) The Board, within 30 days of receiving the decision of the Commission, shall issue a final decision based upon that decision.

§ 268.406 Civil action: Title VII, Age Discrimination in Employment Act and Rehabilitation Act.

A complainant who has filed an individual complaint, an agent who has filed a class complaint or a claimant who has filed a claim for individual relief pursuant to a class complaint is authorized under title VII, the ADEA and the Rehabilitation Act to file a civil action in an appropriate United States District Court:

(a) Within 90 days of receipt of the final action on an individual or class complaint if no appeal has been filed;

(b) After 180 days from the date of filing an individual or class complaint if an appeal has not been filed and final action has not been taken;

(c) Within 90 days of receipt of the Commission's final decision on an appeal; or

(d) After 180 days from the date of filing an appeal with the Commission if there has been no final decision by the Commission.

§ 268.407 Civil action: Equal Pay Act.

A complainant is authorized under section 16(b) of the Fair Labor Standards Act (29 U.S.C. 216(b)) to file a civil action in a court of competent jurisdiction within two years or, if the violation is willful, three years of the date of the alleged violation of the Equal Pay Act regardless of whether he or she pursued any administrative complaint processing. Recovery of back wages is limited to two years prior to the date of filing suit, or to three years if the violation is deemed willful; liquidated damages in an equal amount may also be awarded. The filing of a complaint or appeal under this part shall not toll the time for filing a civil action.

§ 268.408 Effect of filing a civil action.

Filing a civil action under §§ 268.406 or 268.407 shall terminate Commission processing of the appeal. If private suit is filed subsequent to the filing of an

appeal, the parties are requested to notify the Commission in writing.

Subpart F—Remedies and Enforcement

§ 268.501 Remedies and relief.

(a) When the Board, or the Commission, in an individual case of discrimination, finds that an applicant or an employee has been discriminated against, the Board shall provide full relief which shall include the following elements in appropriate circumstances:

(1) Notification to all employees of the Board in the affected facility of their right to be free of unlawful discrimination and assurance that the particular types of discrimination found will not recur;

(2) Commitment that corrective, curative or preventive action will be taken, or measures adopted, to ensure that violations of the law similar to those found unlawful will not recur;

(3) An unconditional offer to each identified victim of discrimination of placement in the position the person would have occupied but for the discrimination suffered by that person, or a substantially equivalent position;

(4) Payment to each identified victim of discrimination on a make whole basis for any loss of earnings the person may have suffered as a result of the discrimination; and

(5) Commitment that the Board shall cease from engaging in the specific unlawful employment practice found in the case.

(b) *Relief for an applicant.* (1)(i) When the Board, or the Commission, finds that an applicant for employment has been discriminated against, the Board shall offer the applicant the position that the applicant would have occupied absent discrimination or, if justified by the circumstances, a substantially equivalent position unless clear and convincing evidence indicates that the applicant would not have been selected even absent the discrimination. The offer shall be made in writing. The individual shall have 15 days from receipt of the offer within which to accept or decline the offer. Failure to accept the offer within the 15-day period will be considered a declination of the offer, unless the individual can show that circumstances beyond his or her control prevented a response within the time limit.

(ii) If the offer is accepted, appointment shall be retroactive to the date the applicant would have been hired. Back pay, computed in the manner prescribed in 5 CFR 550.805, shall be awarded from the date the individual would have entered on duty until the date the individual actually enters on duty unless clear and convincing evidence indicates that the applicant would not have been selected even absent discrimination. Interest on back pay shall be included in the back pay computation where sovereign immunity has been waived. The individual shall be deemed to have performed service for the Board during this period for all purposes except for meeting service requirements for completion of a required probationary or trial period.

(iii) If the offer of employment is declined, the Board shall award the individual a sum equal to the back pay he or she would have received, computed in the manner prescribed in 5 CFR 550.805, from the date he or she would have been appointed until the date the offer was declined, subject to the limitation of paragraph (b)(3) of this section. Interest on back pay shall be included in the back pay computation. The Board shall inform the applicant, in its offer of employment, of the right to this award in the event the offer is declined.

(2) When the Board, or the Commission, finds that discrimination existed at the time the applicant was considered for employment but also finds by clear and convincing evidence that the applicant would not have been hired even absent discrimination, the Board shall nevertheless take all steps necessary to eliminate the discriminatory practice and ensure it does not recur.

(3) Back pay under this paragraph (b) for complaints under title VII or the Rehabilitation Act may not extend from a date earlier than two years prior to the date on which the complaint was initially filed by the applicant.

(c) *Relief for an employee.* When the Board, or the Commission, finds that an employee of the Board was discriminated against, the Board shall provide relief, which shall include, but need not be limited to, one or more of the following actions:

(1) Nondiscriminatory placement, with back pay computed in the manner prescribed in 5 CFR 550.805, unless clear and convincing evidence contained in the record demonstrates that the personnel action would have been taken even absent the discrimination. Interest on back pay shall be included in the back pay computation where sovereign immunity has been waived. The back pay liability under title VII or the Rehabilitation Act is limited to two years prior to the date the discrimination complaint was filed.

(2) If clear and convincing evidence indicates that, although discrimination existed at the time the personnel action was taken, the personnel action would have been taken even absent discrimination, the Board shall nevertheless eliminate any discriminatory practice and ensure it does not recur.

(3) Cancellation of an unwarranted personnel action and restoration of the employee.

(4) Expunction from the Board's records of any adverse materials relating to the discriminatory employment practice.

(5) Full opportunity to participate in the employee benefit denied (*e.g.*, training, preferential work assignments, overtime scheduling).

(d) The Board has the burden of proving by a preponderance of the evidence that the complainant has failed to mitigate his or her damages.

(e) *Attorney's fees or costs*—(1) *Awards of attorney's fees or costs.* The provisions of this paragraph relating to the award of attorney's fees or costs shall apply to allegations of discrimination prohibited by title VII and the Rehabilitation Act. In a decision or final action, the Board, administrative judge, or Commission may award the applicant or employee or reasonable attorney's fees (including expert witness fees) and other costs incurred in the processing of the complaint.

(i) A finding of discrimination raises a presumption of entitlement to an award of attorney's fees.

(ii) Any award of attorney's fees or costs shall be paid by the Board.

(iii) Attorney's fees are allowable only for the services of members of the Bar and law clerks, paralegals or law students under the supervision of members of the Bar, except that no award is allowable for the services of any employee of the Federal Government.

(iv) Attorney's fees shall be paid for services performed by an attorney after the filing of a written complaint, provided that the attorney provides reasonable notice of representation to the Board, administrative judge or Commission, except that fees are allowable for a reasonable period of time prior to the notification of representation for any services performed in reaching a determination to represent the complainant. The Board is not required to pay attorney's fees for services performed during the pre-complaint process, except that fees are allowable when the Commission affirms on appeal an administrative judge's decision finding discrimination after the Board takes final action by not implementing an administrative judge's decision. Written submissions to the

Board that are signed by the representative shall be deemed to constitute notice of representation.

(2) *Amount of awards.* (i) When the Board, administrative judge or the Commission determines an entitlement to attorney's fees or costs, the complainant's attorney shall submit a verified statement of attorney's fees (including expert witness fees) and other costs, as appropriate, to the Board or administrative judge within 30 days of receipt of the decision and shall submit a copy of the statement to the Board. A statement of attorney's fees and costs shall be accompanied by an affidavit executed by the attorney of record itemizing the attorney's charges for legal services. The Board may respond to a statement of attorney's fees and costs within 30 days of its receipt. The verified statement, accompanying affidavit and any Board response shall be made a part of the complaint file.

(ii)(A) The Board or administrative judge shall issue a decision determining the amount of attorney's fees or costs due within 60 days of receipt of the statement and affidavit. The decision shall include a notice of right to appeal to the EEOC along with EEOC Form 573, Notice of Appeal/Petition and shall include the specific reasons for determining the amount of the award.

(B) The amount of attorney's fees shall be calculated using the following standards: The starting point shall be the number of hours reasonably expended multiplied by a reasonable hourly rate. There is a strong presumption that this amount represents the reasonable fee. In limited circumstances, this amount may be reduced or increased in consideration of the degree of success, quality of representation, and long delay caused by the Board.

(C) The costs that may be awarded are those authorized by 28 U.S.C. 1920 to include: Fees of the reporter for all or any of the stenographic transcript necessarily obtained for use in the case; fees and disbursements for printing and witnesses; and fees for exemplification and copies necessarily obtained for use in the case.

(iii) Witness fees shall be awarded in accordance with the provisions of 28 U.S.C. 1821, except that no award shall be made for a Federal employee who is in a duty status when made available as a witness.

§ 268.502 Compliance with final Commission decisions.

(a) Relief ordered in a final Commission decision, if accepted pursuant to § 268.405(c) as a final decision, or not acted upon the Board within the time periods of § 268.405(c), is mandatory and binding on the Board except as provided in this section. Failure to implement ordered relief shall be subject to judicial enforcement as specified in § 268.503(f).

(b) Notwithstanding paragraph (a) of this section, when the Board requests reconsideration and the case involves removal, separation, or a suspension continuing beyond the date of the request for reconsideration, and when the decision orders retroactive restoration, the Board shall comply with the decision to the extent of the temporary or conditional restoration of the employee to duty status in the position specified by the Commission, pending the outcome of the Board's request for reconsideration.

(1) Service under the temporary or conditional restoration provisions of this paragraph (b) shall be credited toward the completion of a probationary or trial period or the completion of the service requirement for career tenure, if the Commission upholds its decision after reconsideration.

(2) When the Board requests reconsideration, it may delay the payment of any amounts ordered to be paid to the complainant until after the request for reconsideration is resolved. If the Board delays payment of any amount pending the outcome of the request to reconsider and the resolution of the request requires the Board to make the payment, then the Board shall pay interest from the date of the original appellate decision until payment is made.

(3) The Board shall notify the Commission and the employee in writing at the same time it requests reconsideration that the relief it provides is temporary or conditional and, if applicable, that it will delay the payment of any amounts owed but will pay interest as specified in paragraph (b)(2) of this section. Failure of the Board to provide notification will result in the dismissal of the Board's request.

(c) When no request for reconsideration is filed or when a request for reconsideration is denied, the Board shall provide the relief ordered and there is no further right to delay implementation of the ordered relief. The relief shall be provided in full not later than 60 days after receipt of the final decision unless otherwise ordered in the decision.

§ 268.503 Enforcement of final EEOC decisions.

(a) *Petition for enforcement.* A complainant may petition the Commission for enforcement of a decision issued under the Commission's appellate jurisdiction. The petition shall be submitted to the Office of Federal Operations. The petition shall specifically set forth the reasons that lead the complainant to believe that the Board is not complying with the decision.

(b) *Compliance.* On behalf of the Commission, the Office of Federal Operations shall take all necessary action to ascertain whether the Board is implementing the decision of the Commission. If the Board is found not to be in compliance with the decision, efforts shall be undertaken to obtain compliance.

(c) *Clarification.* On behalf of the Commission, the Office of Federal Operations may, on its own motion or in response to a petition for enforcement or in connection with a timely request for reconsideration, issue a clarification of a prior decision. A clarification cannot change the result of a prior decision or enlarge or diminish the relief ordered but may further explain the meaning or intent of the prior decision.

(d) *Referral to the Commission.* Where the Director, Office of Federal Operations, is unable to obtain satisfactory compliance with the final decision, the Director shall submit appropriate findings and recommendations for enforcement to the Commission, or, as directed by the Commission, refer the matter to another appropriate agency.

(e) *Commission notice to show cause.* The Commission may issue a notice to the Chairman of the Board to show cause why there is noncompliance. Such notice may request the Chairman of the Board or a representative to appear before the Commission or to respond to the notice in writing with adequate evidence of compliance or with compelling reasons for noncompliance.

(f) *Notification to complainant of completion of administrative efforts.* Where the Commission has determined that the Board is not complying with a prior decision, or where the Board has failed or refused to submit any required report of compliance, the Commission shall notify the complainant the right to file a civil action for enforcement of the decision pursuant to title VII, the ADEA, the Equal Pay Act or the Rehabilitation Act and to seek judicial review of the Board's refusal to implement the ordered relief pursuant to the Administrative Procedures Act, 5 U.S.C. 701 *et seq.*, and the mandamus statute, 28 U.S.C. 1361, or to commence *de novo* proceedings pursuant to the appropriate statutes.

§ 268.504 Compliance with settlement agreements and final actions.

(a) Any settlement agreement knowingly and voluntarily agreed to by the parties, reached at any stage of the complaint process, shall be binding on both parties. Final action that has not been the subject of an appeal or a civil action shall be binding on the Board. If the complainant believes that the Board has failed to comply with the terms of a settlement agreement or decision, the complainant shall notify the Board's EEO Programs Director, in writing, of the alleged noncompliance within 30 days of when the complainant knew or should have known of the alleged noncompliance. The complainant may request that the terms of the settlement agreement be specifically implemented or, alternatively, that the complaint be reinstated for further processing from the point processing ceased.

(b) The Board shall resolve the matter and respond to the complainant, in writing. If the Board has not responded to the complainant, in writing, or if the complainant is not satisfied with the Board's attempt to resolve the matter, the complainant may appeal to the Commission for a determination as to whether the Board has complied with the terms of the settlement agreement or decision. The complainant may file such an appeal 35 days after he or she has served the Board with the allegations of noncompliance, but must file an appeal within 30 days of his or her receipt of the Board's determination. The complainant must serve a copy of the appeal on the Board and the Board may submit a response to the Commission within 30 days of receiving notice of the appeal.

(c) Prior to rendering its determination, the Commission may request that the parties submit whatever additional information or documentation it deems necessary or may direct that an investigation or hearing on the matter be conducted. If the Commission determines that the Board is not in compliance and the noncompliance is not attributable to acts or conduct of the complainant, it may order such compliance or it may order that the complaint be reinstated for further processing from the point processing ceased. Allegations that subsequent acts of discrimination violate a settlement agreement shall be processed as separate complaints under §§ 268.105 or 268.204, as appropriate, rather than under this section.

§ 268.505 Interim relief.

(a)(1) When the Board appeals and the case involves removal, separation, or suspension continuing beyond the date of the appeal, and when the administrative judge orders retroactive restoration, the Board shall comply with the decision to the extent of the temporary or conditional restoration of the employee to duty status in the position specified in the decision, pending the outcome of the Board appeal. The employee may decline the offer of interim relief.

(2) Service under the temporary or conditional restoration provisions of paragraph (a)(1) of this section shall be credited toward the completion of a probationary or trial period, eligibility for a within-grade increase, or the completion of the service requirement for career tenure, if the Commission upholds the decision on appeal. Such service shall not be credited toward the completion of any applicable probationary or trial period or the completion of the service requirement for career tenure if the Commission reverses the decision on appeal.

(3) When the Board appeals, it may delay the payment of any amount, other than prospective pay and benefits, ordered to be paid to the complainant until after the appeal is resolved. If the Board delays payment of any amount pending the outcome of the appeal and the resolution of the appeal requires the Board to make the payment, then the Board shall pay interest from the date of the original decision until payment is made.

(4) The Board shall notify the Commission and the employee in writing at the same time it appeals that the relief it provides is temporary or conditional and, if applicable, that it will delay the payment of any amounts owed but will pay interest as specified in paragraph (b)(2) of this section. Failure of the Board to provide notification will result in the dismissal of the Board's appeal.

(5) The Board may, by notice to the complainant, decline to return the complainant to his or her place of employment if it determines that the return or presence of the complainant will be unduly disruptive to the work environment. However, prospective pay and benefits must be provided. The determination not to return the complainant to his or her place of employment is not reviewable. A grant of interim relief does not insulate a complainant from subsequent disciplinary or adverse action.

(b) If the Board files an appeal and has not provided required interim relief, the complainant may request dismissal of the Board's appeal. Any such request must be filed with the Office of Federal Operations within 25 days of the date of service of the Board's appeal. A copy of the request must be served on the Board at the same time it is filed with EEOC. The Board may respond with evidence and argument to the complainant's request to dismiss within 15 days of the date of service of the request.

Subpart G—Matters of General Applicability

§ 268.601 EEO group statistics.

(a) The Board shall establish a system to collect and maintain accurate employment information on the race, national origin, sex and disability(ies) of its employees.

(b) Data on race, national origin and sex shall be collected by voluntary self-identification. If an employee does not voluntarily provide the requested information, the Board shall advise the employee of the importance of the data and of the Board's obligation to report it. If the employee still refuses to provide the information, the Board must make a visual identification and inform the employee of the data it will be reporting. If the Board believes that information provided by an employee is inaccurate, the Board shall advise the employee about the solely statistical purpose for which the data is being collected, the need for accuracy, the Board's recognition of the sensitivity of the information and the existence of procedures to prevent its unauthorized disclosure. If, thereafter, the employee declines to change the apparently inaccurate self identification, the Board must accept it.

(c) Subject to applicable law, the information collected under paragraph (b) of this section shall be disclosed only in the form of gross statistics. The Board shall not collect or maintain any information on the race, national origin or sex of individual employees except in accordance with applicable law and when an automated data processing system is used in accordance with standards and requirements prescribed by the Commission to insure individual privacy and the separation of that information from personnel records.

(d) The Board's system is subject to the following controls:

(1) Only those categories of race and national origin prescribed by the Commission may be used;

(2) Only the specific procedures for the collection and maintenance of data that are prescribed or approved by the Commission may be used.

(e) The Board may use the data only in studies and analyses which contribute affirmatively to achieving the objectives of the Board's equal employment opportunity program. The Board shall not establish a quota for the

employment of persons on the basis of race, color, religion, sex, or national origin.

(f) Data on disabilities shall also be collected by voluntary self-identification. If an employee does not voluntarily provide the requested information, the Board shall advise the employee of the importance of the data and of the Board's obligation to report it. If an employee who has been appointed pursuant to a special Board program for hiring individuals with a disability still refuses to provide the requested information, the Board must identify the employee's disability based upon the records supporting the appointment. If any other employee still refuses to provide the requested information or provides information that the Board believes to be inaccurate, the Board should report the employee's disability status as unknown.

(g) The Board shall report to the Commission on employment by race, national origin, sex and disability in the form and at such times as the Board and Commission shall agree.

§ 268.602 Reports to the Commission.

(a) The Board shall report to the Commission information concerning pre-complaint counseling and the status, processing, and disposition of complaints under this part at such times and in such manner as the Board and Commission shall agree.

(b) The Board shall advise the Commission whenever it is served with a Federal court complaint based upon a complaint that is pending on appeal at the Commission.

(c) The Board shall submit annually for the review and approval of the Commission written equal employment opportunity plans of action. Plans shall be submitted in the format prescribed by the Commission and shall include, but not be limited to:

(1) Provision for the establishment of training and education programs designed to provide maximum opportunity for employees to advance so as to perform at their highest potential;

(2) Description of the qualifications, in terms of training and experience relating to equal employment opportunity, of the principal and operating officials concerned with administration of the Board's equal employment opportunity program; and

(3) Description of the allocation of personnel and resources proposed by the Board to carry out its equal employment opportunity program.

§ 268.603 Voluntary settlement attempts.

The Board shall make reasonable efforts to voluntarily settle complaints of discrimination as early as possible in, and throughout, the administrative processing of complaints, including the pre-complaint counseling stage. Any settlement reached shall be in writing and signed by both parties and shall identify the claims resolved.

§ 268.604 Filing and computation of time.

(a) All time periods in this part that are stated in terms of days are calendar days unless otherwise stated.

(b) A document shall be deemed timely if it is received or postmarked before the expiration of the applicable filing period, or, in the absence of a legible postmark, if it is received by mail within five days of the expiration of the applicable filing period.

(c) The time limits in this part are subject to waiver, estoppel and equitable tolling.

(d) The first day counted shall be the day after the event from which the time period begins to run and the last day of the period shall be included, unless it falls on a Saturday, Sunday or Federal holiday, in which case the period shall be extended to include the next business day.

§ 268.605 Representation and official time.

(a) At any stage in the processing of a complaint, including the counseling stage under § 268.104, the complainant shall have the right to be accompanied, represented, and advised by a representative of complainant's choice.

(b) If the complainant is an employee of the Board, he or she shall have a reasonable amount of official time, if otherwise on duty, to prepare the complaint and to respond to Board and EEOC requests for information. If the complainant is an employee of the Board and he designates another employee of the Board as his or her representative, the representative shall have a reasonable amount of official time, if otherwise on duty, to prepare the complaint and respond to Board and EEOC requests for information. The Board is not obligated to change work schedules, incur overtime wages, or pay travel expenses to facilitate the choice of a specific representative or to allow the complainant and representative to confer. The complainant and the representative, if employed by the Board and otherwise in a pay status, shall be on official time, regardless of their tour of duty, when their presence is authorized or required by the Board or the Commission during the investigation, informal adjustment, or hearing on the complaint.

(c) In cases where the representation of a complainant or the Board would conflict with the official or collateral duties of the representative, the Commission or the Board may, after giving the representative an opportunity to respond, disqualify the representative.

(d) Unless the complainant states otherwise in writing, after the Board has received written notice of the name, address and telephone number of a representative for the complainant, all official correspondence shall be with the representative with copies to the complainant. When the complainant designates an attorney as representative, service of all official correspondence shall be made on the attorney and the complainant, but time frames for receipt of material shall be computed from the time of receipt by the attorney. The complainant must serve all official correspondence on the designated representative of the Board.

(e) The complainant shall at all times be responsible for proceeding with the complaint whether or not he or she has designated a representative.

(f) Witnesses who are Board employees shall be in a duty status when their presence is authorized or required by Commission or Board officials in connection with a complaint.

§ 268.606 Joint processing and consolidation of complaints.

Complaints of discrimination filed by two or more complainants consisting of substantially similar allegations of discrimination or relating to the same matter may be consolidated by the Board or the Commission for joint processing after appropriate notification to the parties. Two or more complaints of discrimination filed by the same complainant shall be consolidated by the Board for joint processing after appropriate notification to the complainant. When a complaint has been consolidated with one or more earlier filed complaints, the Board shall complete its investigation within the earlier of 180 days after the filing of the last complaint or 360 days after the filing of the original complaint, except that the complainant may request a hearing from an administrative judge on the consolidated complaints any time after 180 days from the date of the first filed complaint. Administrative judges or the Commission may, in their discretion, consolidate two or more complaints of discrimination filed by the same complainant.

§ 268.607 Delegation of authority.

The Board of Governors may delegate authority under this part, to one or more designees.

Subpart H—Prohibition Against Discrimination in Board Programs and Activities Because of Physical or Mental Disability

§ 268.701 Purpose and application.

(a) *Purpose.* The purpose of this subpart H is to prohibit discrimination on the basis of a disability in programs or activities conducted by the Board.

(b) *Application.* (1) This subpart H applies to all programs and activities conducted by the Board. Such programs and activities include:

(i) Holding open meetings of the Board or other meetings or public hearings at the Board's office in Washington, DC;

(ii) Responding to inquiries, filing complaints, or applying for employment at the Board's office;

(iii) Making available the Board's library facilities; and

(iv) Any other lawful interaction with the Board or its staff in any official matter with people who are not employees of the Board.

(2) This subpart H does not apply to Federal Reserve Banks or to financial institutions or other companies supervised or regulated by the Board.

§ 268.702 Definitions.

For purposes of this subpart, the following definitions apply:

(a) *Auxiliary aids* means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and enjoy the benefits of, programs or activities conducted by the Board. For example, auxiliary aids useful for persons with impaired vision include readers, Brailled materials, audio recordings, telecommunications devices and other similar services and devices. Auxiliary aids useful for persons with impaired hearing include telephone handset amplifiers, telephones compatible with hearing aids, telecommunication devices for deaf persons (TDD's), interpreters, notetakers, written materials, and other similar services and devices.

(b) *Complete complaint* means a written statement that contains the complainant's name and address and describes the Board's alleged discriminatory action in sufficient detail to inform the Board of the nature and date of the alleged violation. It shall be signed by the complainant or by someone authorized to do so on his or her behalf. Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

(c) *Facility* means all or any portion of buildings, structures, equipment, roads, walks, parking lots, rolling stock or other conveyances, or other real or personal property.

(d) *Person with a disability* means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. As used in this definition, the phrase:

(1) Physical or mental impairment includes—

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one of more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term physical or mental impairment includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

(2) Major life activities includes functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) Has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) Is regarded as having an impairment means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the Board as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (d)(1) of this section but is treated by Board as having such an impairment.

(e) *Qualified person with a disability* means—

(1) With respect to any Board program or activity under which a person is required to perform services or to achieve a level of accomplishment, a person with a disability who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the Board can demonstrate would result in a fundamental alteration in its nature; or

(2) With respect to any other program or activity, a person with a disability who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity.

(3) Qualified individual with a disability is defined for purposes of employment in § 268.203 of this part, which is made applicable to this subpart by § 268.705.

§ 268.703 Notice.

The Board shall make available to employees, applicants for employment, participants, beneficiaries, and other interested persons information regarding the provisions of this subpart and its applicability to the programs and activities conducted by the Board, and make this information available to them in such manner as the Board finds necessary to apprise such persons of the protections against discrimination assured them by this subpart.

§ 268.704 General prohibitions against discrimination.

(a) No qualified individual with a disability shall, on the basis of a disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in any program or activity conducted by the Board.

(b)(1) The Board, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of a disability:

(i) Deny a qualified individual with a disability the opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that provided to others;

(ii) Afford a qualified individual with a disability an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified individual with a disability with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to individuals with a disability or to any class of individuals with a disability than is provided to others unless such action is necessary to provide qualified individuals with a disability with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified individual with a disability the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified individual with a disability in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The Board may not deny a qualified individual with a disability the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The Board may not, directly or through contractual or other arrangements, utilize criteria or methods of administration, the purpose or effect of which would:

(i) Subject qualified individuals with a disability to discrimination on the basis of a disability; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with a disability.

(4) The Board may not, in determining the site or location of a facility, make selections the purpose or effect of which would:

(i) Exclude individuals with a disability from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the Board; or

(ii) Defeat or substantially impair the accomplishment of the objectives or a program or activity with respect to individuals with a disability.

(5) The Board, in the selection of procurement contractors, may not use criteria that subject qualified individuals with a disability to discrimination on the basis of a disability.

(6) The Board may not administer a licensing or certification program in a manner that subjects qualified individuals with a disability to discrimination on the basis of a disability, nor may the Board establish requirements for the programs and activities of licensees or certified entities that subject qualified individuals with a disability to discrimination on the basis of a disability. However, the programs and activities of entities that are licensed or certified by the Board are not, themselves, covered by this subpart.

(c) The exclusion of individuals who do not have a disability from the benefits of a program limited by Federal statute or Board order to individuals with a disability or the exclusion of a specific class of individuals with a disability from a program limited by Federal statute or Board order to a different class of individuals with a disability is not prohibited by this subpart.

(d) The Board shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with a disability.

§ 268.705 Employment.

No qualified individual with a disability shall, on the basis of a disability, be subjected to discrimination in employment under any program or activity conducted by the Board. The definitions, requirements and procedures of § 268.203 of this part shall apply to discrimination in employment in federally conducted programs or activities.

§ 268.706 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 268.707 of this subpart, no qualified individual with a disability shall, because the Board's facilities are inaccessible to or unusable by individuals with a disability, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Board.

§ 268.707 Program accessibility: Existing facilities.

(a) *General.* The Board shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with a disability. This paragraph (a) does not:

(1) Necessarily require the Board to make each of its existing facilities accessible to and usable by individuals with a disability; or

(2) Require the Board to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where the Board believes that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Board has the burden of proving that compliance with this paragraph (a) would result in such alterations or burdens. The decision that compliance would result in such alterations or burdens shall be made by the Board of Governors or their designee after considering all Board resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the Board shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with a disability receive the benefits and services of the program or activity.

(b) *Methods.* The Board may comply with the requirements of this subpart H through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to individuals with a disability, home visits, delivery of service at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with a disability. The Board is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. In choosing among available methods for meeting the requirements of this section, the Board shall give priority to those methods that offer programs and activities to qualified individuals with a disability in the most integrated setting appropriate.

(c) *Time period for compliance.* The Board shall comply with any obligations established under this section as expeditiously as possible.

§ 268.708 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Board shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with a disability.

§ 268.709 Communications.

(a) The Board shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Board shall furnish appropriate auxiliary aids where necessary to afford an individual with a

disability an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the Board.

(i) In determining what type of auxiliary aid is necessary, the Board shall give primary consideration to the requests of the individual with a disability.

(ii) The Board need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the Board communicates with employees and others by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used.

(b) The Board shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Board shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Board to take any action that would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where the Board believes that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Board has the burden of proving that compliance with section 268.709 would result in such alterations or burdens. The determination that compliance would result in such alteration or burdens must be made by the Board of Governors or their designee after considering all Board resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Board shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with a disability receive the benefits and services of the program or activity.

§ 268.710 Compliance procedures.

(a) *Applicability.* Except as provided in paragraph (b) of this section, this section, rather than subpart B and § 268.203 of this part, applies to all allegations of discrimination on the basis of a disability in programs or activities conducted by the Board.

(b) *Employment complaints.* The Board shall process complaints alleging discrimination in employment on the basis of a disability in accordance with subparts A through G of this part.

(c) *Responsible official.* The EEO Programs Director shall be responsible for coordinating implementation of this section.

(d) *Filing the complaint*—(1) *Who may file.* Any person who believes that he or she has been subjected to discrimination prohibited by this subpart may, personally or by his or her authorized representative, file a complaint of discrimination with the EEO Programs Director.

(2) *Confidentiality.* The EEO Programs Director shall not reveal the identity of any person submitting a complaint, except when authorized to do so in writing by the complainant, and except to the extent necessary to carry out the purposes of this subpart , including the conduct of any investigation, hearing, or proceeding under this subpart.

(3) *When to file.* Complaints shall be filed within 180 days of the alleged act of discrimination. The EEO Programs Director may extend this time limit for good cause shown. For the purpose of determining when a complaint is timely filed under this paragraph (d), a complaint mailed to the Board shall be deemed filed on the date it is postmarked. Any other complaint shall be deemed filed on the date it is received by the Board.

(4) *How to file.* Complaints may be delivered or mailed to the Administrative Governor, the Staff Director for Management, the EEO Programs Director, the Federal Women's Program Manager, the Hispanic Employment Program Coordinator, or the People with Disabilities Program Coordinator. Complaints should be sent to the EEO Programs Director, Board of Governors of the Federal Reserve System, 20th and C Street NW., Washington, DC 20551. If any Board official other than the EEO Programs Director receives a complaint, he or she shall forward the complaint to the EEO Programs Director.

(e) *Acceptance of complaint.* (1) The EEO Programs Director shall accept a complete complaint that is filed in accordance with paragraph (d) of this section and over which the Board has jurisdiction. The EEO Programs Director shall notify the complainant of receipt and acceptance of the complaint.

(2) If the EEO Programs Director receives a complaint that is not complete, he or she shall notify the complainant, within 30 days of receipt of the incomplete complaint, that additional information is needed. If the complainant fails to complete the complaint within 30 days of receipt of this notice, the EEO Programs Director shall dismiss the complaint without prejudice.

(3) If the EEO Programs Director receives a complaint over which the Board does not have jurisdiction, the EEO Programs Director shall notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) *Investigation/conciliation.* (1) Within 180 days of the receipt of a complete complaint, the EEO Programs Director shall complete the investigation of the complaint, attempt informal resolution of the complaint, and if no informal resolution is achieved, the EEO Programs Director shall forward the investigative report to the Staff Director for Management.

(2) The EEO Programs Director may request Board employees to cooperate in the investigation and attempted resolution of complaints. Employees who are requested by the EEO Programs Director to participate in any investigation under this section shall do so as part of their official duties and during the course of regular duty hours.

(3) The EEO Programs Director shall furnish the complainant with a copy of the investigative report promptly after completion of the investigation and provide the complainant with an opportunity for informal resolution of the complaint.

(4) If a complaint is resolved informally, the terms of the agreement shall be reduced to writing and made a part of the complaint file, with a copy of the agreement provided to the complainant. The written agreement may include a finding on the issue of discrimination and shall describe any corrective action to which the complainant has agreed.

(g) *Letter of findings.* (1) If an informal resolution of the complaint is not reached, the EEO Programs Director shall transmit the complaint file to the Staff Director for Management. The Staff Director for Management shall, within 180 days of the receipt of the complete complaint by the EEO Programs Director, notify the complainant of the results of the investigation in a letter sent by certified mail, return receipt requested, containing:

(i) Findings of fact and conclusions of law;

(ii) A description of a remedy for each violation found;

(iii) A notice of right of the complainant to appeal the letter of findings under paragraph (k) of this section; and

(iv) A notice of right of the complainant to request a hearing.

(2) If the complainant does not file a notice of appeal or does not request a hearing within the times prescribed in paragraph (h)(1) and (j)(1) of this section, the EEO Programs Director shall certify that the letter of findings under this paragraph (g) is the final decision of the Board at the expiration of those times.

(h) *Filing an appeal.* (1) Notice of appeal, with or without a request for hearing, shall be filed by the complainant with the EEO Programs Director within 30 days of receipt from the Staff Director for Management of the letter of findings required by paragraph (g) of this section.

(2) If the complainant does not request a hearing, the EEO Programs Director shall notify the Board of Governors of the appeal by the complainant and that a decision must be made under paragraph (k) of this section.

(i) *Acceptance of appeal.* The EEO Programs Director shall accept and process any timely appeal. A complainant may appeal to the Administrative Governor from a decision by the EEO Programs Director that an appeal is untimely. This appeal shall be filed within 15 calendar days of receipt of the decision from the EEO Programs Director.

(j) *Hearing.* (1) Notice of a request for a hearing, with or without a request for an appeal, shall be filed by the complainant with the EEO Programs Director within 30 days of receipt from the Staff Director for Management of the letter of findings required by paragraph (g) of this section. Upon a timely request for a hearing, the EEO Programs Director shall request that the Board of Governors, or its designee, appoint an administrative law judge to conduct the hearing. The administrative law judge shall issue a notice to the complainant and the Board specifying the date, time, and place of the scheduled hearing. The hearing shall be commenced no earlier than 15 calendar days after the notice is issued and no later than 60 days after the request for a hearing is filed, unless all parties agree to a different date.

(2) The hearing, decision, and any administrative review thereof shall be conducted in conformity with 5 U.S.C. 554–557. The administrative law judge shall have the duty to conduct a fair hearing, to take all necessary actions to avoid delay, and to maintain order. He or she shall have all powers necessary to these ends, including (but not limited to) the power to:

(i) Arrange and change the dates, times, and places of hearings and prehearing conferences and to issue notice thereof;

(ii) Hold conferences to settle, simplify, or determine the issues in a hearing, or to consider other matters that may aid in the expeditious disposition of the hearing;

(iii) Require parties to state their positions in writing with respect to the various issues in the hearing and to exchange such statements with all other parties;

(iv) Examine witnesses and direct witnesses to testify;

(v) Receive, rule on, exclude, or limit evidence;

(vi) Rule on procedural items pending before him or her; and

(vii) Take any action permitted to the administrative law judge as authorized by this subpart G or by the provisions of the Administrative Procedures Act (5 U.S.C. 554–557).

(3) Technical rules of evidence shall not apply to hearings conducted pursuant to this paragraph (j), but rules or principles designed to assure production of credible evidence and to subject testimony to cross-examination shall be applied by the administrative law judge wherever reasonably necessary. The administrative law judge may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties, and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record.

(4) The costs and expenses for the conduct of a hearing shall be allocated as follows:

(i) Employees of the Board shall, upon the request of the administrative law judge, be made available to participate in the hearing and shall be on official duty status for this purpose. They shall not receive witness fees.

(ii) Employees of other Federal agencies called to testify at a hearing, at the request of the administrative law judge and with the approval of the employing agency, shall be on official duty status during any absence from normal duties caused by their testimony, and shall not receive witness fees.

(iii) The fees and expenses of other persons called to testify at a hearing shall be paid by the party requesting their appearance.

(iv) The administrative law judge may require the Board to pay travel expenses necessary for the complainant to attend the hearing.

(v) The Board shall pay the required expenses and charges for the administrative law judge and court reporter.

(vi) All other expenses shall be paid by the parties incurring them.

(5) The administrative law judge shall submit in writing recommended findings of fact, conclusions of law, and remedies to the complainant and the EEO Programs Director within 30 days, after the receipt of the hearing transcripts, or within 30 days after the conclusion of the hearing if no transcripts are made. This time limit may be extended with the permission of the EEO Programs Director.

(6) Within15 calendar days after receipt of the recommended decision of the administrative law judge, the complainant may file exceptions to the recommended decision with the EEO Programs Director. On behalf of the Board, the EEO Programs Director may, within 15 calendar days after receipt of the recommended decision of the administrative law judge, take exception to the recommended decision of the administrative law judge and shall notify the complainant in writing of the Board's exception. Thereafter, the complainant shall have 10 calendar days to file reply exceptions with the EEO Programs Director. The EEO Programs Director shall retain copies of the exceptions and replies to the Board's exception for consideration by the Board. After the expiration of the time to reply, the recommended decision shall be ripe for a decision under paragraph (k) of this section.

(k) *Decision.* (1) The EEO Programs Director shall notify the Board of Governors when a complaint is ripe for decision under this paragraph (k). At the request of any member of the Board of Governors made within 3 business days of such notice, the Board of Governors shall make the decision on the complaint. If no such request is made, the Administrative Governor, or the Staff Director for Management if he or she is delegated the authority to do so, shall make the decision on the complaint. The decision shall be made based on information in the investigative record and, if a hearing is held, on the hearing record. The decision shall be made within 60 days

of the receipt by the EEO Programs Director of the notice of appeal and investigative record pursuant to paragraph (h)(1) of this section or 60 days following the end of the period for filing reply exceptions set forth in paragraph (j)(6) of this section, whichever is applicable. If the decision-maker under this paragraph (k) determines that additional information is needed from any party, the decision-maker shall request the information and provide the other party or parties an opportunity to respond to that information. The decision-maker shall have 60 days from receipt of the additional information to render the decision on the appeal. The decision-maker shall transmit the decision by letter to all parties. The decision shall set forth the findings, any remedial actions required, and the reasons for the decision. If the decision is based on a hearing record, the decision-maker shall consider the recommended decision of the administrative law judge and render a final decision based on the entire record. The decision-maker may also remand the hearing record to the administrative law judge for a fuller development of the record.

(2) The Board shall take any action required under the terms of the decision promptly. The decision-maker may require periodic compliance reports specifying:

(i) The manner in which compliance with the provisions of the decision has been achieved;

(ii) The reasons any action required by the final Board decision has not been taken; and

(iii) The steps being taken to ensure full compliance.

(3) The decision-maker may retain responsibility for resolving disputes that arise between parties over interpretation of the final Board decision, or for specific adjudicatory decisions arising out of implementation.

By order of the Board of Governors of the Federal Reserve System, April 9, 2003.

Jennifer J. Johnson,

Secretary of the Board.

BILLING CODE 6210–01–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. 2003–NE–06–AD; Amendment 39–13112; AD 2003–08–01]

RIN 2120–AA64

Airworthiness Directives; Rolls-Royce Deutschland Ltd. & Co KG, Model Tay 650–15 Turbofan Engines

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; request for comments.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for certain serial numbers (SNs) of Rolls-Royce Deutschland Ltd. & Co KG (RRD) Model Tay 650–15 turbofan engines. This action requires initial and repetitive visual inspections of low pressure (LP) turbine stage 2 rotor discs and LP turbine stage 3 rotor discs on certain SNs of engines, for corrosion. This AD is prompted by reports of excessive corrosion found during disc inspection. The actions specified in this AD are intended to prevent uncontained LP turbine stage 2 rotor disc or LP turbine stage 3 rotor disc failure due to excessive corrosion, and damage to the airplane.

DATES: Effective May 20, 2003.

We must receive any comments on this AD by June 16, 2003.

ADDRESSES: Use one of the following addresses to submit comments on this AD:

- By mail: The Federal Aviation Administration (FAA), New England Region, Office of the Regional Counsel, Attention: Rules Docket No. 2003–NE–06–AD, 12 New England Executive Park, Burlington, MA 01803–5299.
- By fax: (781) 238–7055.
- By e-mail: *9-ane-adcomment@faa.gov*

You may get the service information referenced in this AD from Rolls-Royce Deutschland Ltd & Co KG, Eschenweg 11, D–15827 Dahlewitz, Germany, telephone +49 (0) 33–7086–1768; fax +49 (0) 33–7086–3356.

You may examine the AD docket, by appointment, at the FAA, New England Region, Office of the Regional Counsel, 12 New England Executive Park, Burlington, MA.

FOR FURTHER INFORMATION CONTACT: James Lawrence, Aerospace Engineer, Engine Certification Office, FAA, Engine and Propeller Directorate, 12 New England Executive Park, Burlington, MA 01803–5299; telephone (781) 238–7176; fax (781) 238–7199.

SUPPLEMENTARY INFORMATION: The Luftfahrt-Bundesamt (LBA), which is the airworthiness authority for Germany, recently notified the FAA that an unsafe condition may exist on certain SNs of RRD Model Tay 650–15 turbofan engines. The LBA advises that the LP turbine stage 2 rotor discs and LP turbine stage 3 rotor discs of seventeen Tay 650–15 turbofan engines have been found to have excessive corrosion. RRD has determined that this excessive corrosion is the result of the specific environment in which these engines operate. This AD requires initial and repetitive visual inspections for corrosion of low pressure (LP) turbine stage 2 rotor discs and LP turbine stage 3 rotor discs on certain SNs of engines. Because disc deterioration may already have begun, repetitive inspections are also required if any affected disc is removed from the corrosive environment and put in service in a noncorrosive environment. The actions specified in this AD are intended to prevent uncontained LP turbine stage 2 rotor disc or LP turbine stage 3 rotor disc failure due to excessive corrosion, and damage to the airplane.

Relevant Service Information

The LBA issued AD 2002–287, dated October 17, 2002, in order to assure the airworthiness of these RRD Model Tay 650–15 turbofan engines in Germany.

FAA's Determination and Requirements of This AD

Although none of these affected disc SNs are used on any airplanes that are registered in the United States, the possibility exists that these disc SNs could be installed into engines used on airplanes that are registered in the United States in the future. Since an unsafe condition has been identified that is likely to exist or develop on other RRD Tay 650–15 turbofan engines of the same type design, this AD is being issued to prevent uncontained LP turbine stage 2 rotor disc or LP turbine stage 3 rotor disc failure due to excessive corrosion, and damage to the airplane. For engine SNs 17251, 17255, 17256, 17273, 17275, 17280, 17281, 17282, 17300, 17301, 17327, 17332, 17365, 17393, 17437, 17563, and 17618, this AD requires initial and repetitive visual inspections of LP turbine stage 2 rotor discs and LP turbine stage 3 rotor discs for corrosion.

Bilateral Airworthiness Agreement

This engine model is manufactured in Germany, and is type certificated for operation in the United States under the provisions of § 21.29 of the Federal Aviation Regulations (14 CFR 21.29)

SEC. 342. OFFICE OF MINORITY AND WOMEN INCLUSION

(a) OFFICE OF MINORITY AND WOMEN INCLUSION.—

(1) ESTABLISHMENT.—

(A) IN GENERAL.—Except as provided in subparagraph

(B), not later than 6 months after the date of enactment of this Act, each agency shall establish an Office of Minority and Women Inclusion that shall be responsible for all matters of the agency relating to diversity in management, employment, and business activities.

(B) BUREAU.—The Bureau shall establish an Office of Minority and Women Inclusion not later than 6 months after the designated transfer date established under section 1062.

(2) TRANSFER OF RESPONSIBILITIES.—Each agency that, on the day before the date of enactment of this Act, assigned the responsibilities described in paragraph (1) (or comparable responsibilities) to another office of the agency shall ensure that such responsibilities are transferred to the Office.

(3) DUTIES WITH RESPECT TO CIVIL RIGHTS LAWS.—The responsibilities described in paragraph (1) do not include enforcement of statutes, regulations, or executive orders pertaining to civil rights, except each Director shall coordinate with the agency administrator, or the designee of the agency administrator, regarding the design and implementation of any remedies resulting from violations of such statutes, regulations, or executive orders.

(b) DIRECTOR.—

(1) IN GENERAL.—The Director of each Office shall be appointed by, and shall report to, the agency administrator. The position of Director shall be a career reserved position in the Senior Executive Service, as that position is defined in section 3132 of title 5, United States Code, or an equivalent designation.

(2) DUTIES.—Each Director shall develop standards for—

(A) equal employment opportunity and the racial, ethnic, and gender diversity of the workforce and senior management of the agency;

(B) increased participation of minority-owned and women-owned businesses in the programs and contracts of the agency, including standards for coordinating technical assistance to such businesses; and

(C) assessing the diversity policies and practices of entities regulated by the agency.

(3) OTHER DUTIES.—Each Director shall advise the agency administrator on the impact of the policies and regulations of the agency on minority-owned and women-owned businesses.

(4) RULE OF CONSTRUCTION.—Nothing in paragraph (2)(C) may be construed to mandate any requirement on or otherwise affect the lending policies and practices of any regulated entity, or to require any specific action based on the findings of the assessment.

(c) INCLUSION IN ALL LEVELS OF BUSINESS ACTIVITIES.—

(1) IN GENERAL.—The Director of each Office shall develop and implement standards and procedures to ensure, to the maximum extent possible, the fair inclusion and utilization of minorities, women, and minority-owned and women-owned businesses in all business and activities of the agency at all levels, including in procurement, insurance, and all types of contracts.

(2) CONTRACTS.—The procedures established by each agency for review and evaluation of contract proposals and for hiring service providers shall include, to the extent consistent with applicable law, a component that gives consideration to the diversity of the applicant. Such procedure shall include a written statement, in a form and with such content as the Director shall prescribe, that a contractor shall ensure, to the maximum extent possible, the fair inclusion of women and minorities in the workforce of the contractor and, as applicable, subcontractors.

(3) TERMINATION.—

(A) DETERMINATION.—The standards and procedures developed and implemented under this subsection shall include a procedure for the Director to make a determination whether an agency contractor, and, as applicable, a subcontractor has failed to make a good faith effort to include minorities and women in their workforce.

(B) EFFECT OF DETERMINATION.—

(i) RECOMMENDATION TO AGENCY ADMINISTRATOR.— Upon a determination described in subparagraph (A), the Director shall make a recommendation to the agency administrator that the contract be terminated.

(ii) ACTION BY AGENCY ADMINISTRATOR.—Upon receipt of a recommendation under clause (i), the agency administrator may—

(I) terminate the contract;

(II) make a referral to the Office of Federal Contract Compliance Programs of the Department of Labor; or

(III) take other appropriate action.

(d) APPLICABILITY.—This section shall apply to all contracts of an agency for services of any kind, including the services of financial institutions, investment banking firms, mortgage banking firms, asset management firms, brokers, dealers, financial services entities, underwriters, accountants, investment consultants, and providers of legal services. The contracts referred to in this subsection include all contracts for all business and activities of an agency, at all levels, including contracts for the issuance or guarantee of any debt, equity, or security, the sale of assets, the management of the assets of the agency, the making of equity investments by the agency, and the implementation by the agency of programs to address economic recovery.

(e) REPORTS.—Each Office shall submit to Congress an annual report regarding the actions taken by the agency and the Office pursuant to this section, which shall include—

(1) a statement of the total amounts paid by the agency to contractors since the previous report;
(2) the percentage of the amounts described in paragraph (1) that were paid to contractors described in subsection (c)(1);
(3) the successes achieved and challenges faced by the agency in operating minority and women outreach programs;
(4) the challenges the agency may face in hiring qualified minority and women employees and contracting with qualified minority-owned and women-owned businesses; and
(5) any other information, findings, conclusions, and recommendations for legislative or agency action, as the Director determines appropriate.

(f) DIVERSITY IN AGENCY WORKFORCE.—Each agency shall take affirmative steps to seek diversity in the workforce of the agency at all levels of the agency in a manner consistent with applicable law. Such steps shall include—

(1) recruiting at historically black colleges and universities, Hispanic-serving institutions, women's colleges, and colleges that typically serve majority minority populations;
(2) sponsoring and recruiting at job fairs in urban communities;
(3) placing employment advertisements in newspapers and magazines oriented toward minorities and women;
(4) partnering with organizations that are focused on developing opportunities for minorities and women to place talented young minorities and women in industry internships, summer employment, and full-time positions;
(5) where feasible, partnering with inner-city high schools, girls' high schools, and high schools with majority minority populations to establish or enhance financial literacy programs and provide mentoring; and
(6) any other mass media communications that the Office determines necessary.

(g) DEFINITIONS.—For purposes of this section, the following definitions shall apply:

(1) AGENCY.—The term ''agency'' means—
  (A) the Departmental Offices of the Department of the Treasury;
  (B) the Corporation;
  (C) the Federal Housing Finance Agency;
  (D) each of the Federal reserve banks;
  (E) the Board;
  (F) the National Credit Union Administration;
  (G) the Office of the Comptroller of the Currency;
  (H) the Commission; and
  (I) the Bureau.
(2) AGENCY ADMINISTRATOR.—The term ''agency administrator'' means the head of an agency.
(3) MINORITY.—The term ''minority'' has the same meaning as in section 1204(c) of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (12 U.S.C. 1811 note).
(4) MINORITY-OWNED BUSINESS.—The term ''minority-owned business'' has the same meaning as in section 21A(r)(4)(A) of the Federal Home Loan Bank Act (12 U.S.C. 1441a(r)(4)(A)), as in effect on the day before the transfer date.
(5) OFFICE.—The term ''Office'' means the Office of Minority and Women Inclusion established by an agency under subsection (a).
(6) WOMEN-OWNED BUSINESS.—The term ''women-owned business'' has the meaning given the term ''women's business'' in section 21A(r)(4)(B) of the Federal Home Loan Bank Act (12 U.S.C. 1441a(r)(4)(B)), as in effect on the day before the transfer date.

§1614.701 Purpose and scope.

This subpart implements Title III of the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 (No FEAR Act), Pub. L. 107-174. It sets forth the basic responsibilities of Federal agencies and the Commission to post certain information on their public Web sites.

Back to Top

§1614.702 Definitions.

The following definitions apply for purposes of this subpart.

(a) The term *Federal agency* or *agency* means an Executive agency (as defined in 5 U.S.C. 105), the United States Postal Service, and the Postal Rate Commission.

(b) The term *Commission* means the Equal Employment Opportunity Commission and any subdivision thereof authorized to act on its behalf.

(c) The term *investigation* refers to the step of the federal sector EEO process described in 29 CFR 1614.108 and 1614.106(e)(2) and, for purposes of this subpart, it commences when the complaint is filed and ceases when the complainant is given notice under §1614.108(f) of the right to

request a hearing or to receive an immediate final decision without a hearing.

(d) The term *hearing* refers to the step of the federal sector EEO process described in 29 CFR 1614.109 and, for purposes of §1614.704(l)(2)(ii), it commences on the date the agency is informed by the complainant or EEOC, whichever occurs first, that the complainant has requested a hearing and ends on the date the agency receives from the EEOC notice that the EEOC Administrative Judge (AJ) is returning the case to the agency to take final action. For all other purposes under this subpart, a hearing commences when the AJ receives the complaint file from the agency and ceases when the AJ returns the case to the agency to take final action.

(e) For purposes of §1614.704(i), (j), and (k) the phrase without a hearing refers to a final action by an agency that is rendered:

(1) When an agency does not receive a reply to a notice issued under §1614.108(f);

(2) After a complainant requests an immediate final decision;

(3) After a complainant withdraws a request for a hearing; and

(4) After an administrative judge cancels a hearing and remands the matter to the agency.

(f) For purposes of §1614.704(i), (j), and (k), the term *after a hearing* refers to a final action by an agency that is rendered following a decision by an administrative judge under §1614.109(f)(3)(iv), (g) or (i).

(g) The phrase *final action by an agency* refers to the step of the federal sector EEO process described in 29 CFR 1614.110 and, for purposes of this subpart, it commences when the agency receives a decision by an Administrative Judge (AJ), receives a request from the complainant for an immediate final decision without a hearing or fails to receive a response to a notice issued under §1614.108(f) and ceases when the agency issues a final order or final decision on the complaint.

(h) The phrase *final action by an agency involving a finding of discrimination* means:

(1) A final order issued by an agency pursuant to §1614.110(a) following a finding of discrimination by an administrative judge; and

(2) A final decision issued by an agency pursuant to §1614.110(b) in which the agency finds discrimination.

(i) The term *appeal* refers to the step of the federal sector EEO process described in 29 CFR 1614.401 and, for purposes of this subpart, it commences when the appeal is received by the Commission and ceases when the appellate decision is issued.

(j) The term basis of alleged discrimination refers to the individual's protected status (i.e., race, color, religion, reprisal, sex, national origin, Equal Pay Act, age, disability, or genetic information). Only those bases protected by Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000e *et seq.,* the Equal Pay Act of 1963, 29 U.S.C. 206(d), the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. 621 *et seq.,* the Rehabilitation Act of 1973, as amended, 29 U.S.C. 791 *et seq.,* and the Genetic Information Nondiscrimination Act, 42 U.S.C. 2000ff *et seq.,* are covered by the federal EEO process.

(k) The term *issue of alleged discrimination* means one of the following challenged agency actions affecting a term or condition of employment as listed on EEOC Standard Form 462 (“Annual Federal Equal Employment Opportunity Statistical Report of Discrimination Complaints”): Appointment/hire; assignment of duties; awards; conversion to full time; disciplinary action/demotion; disciplinary action/reprimand; disciplinary action/suspension; disciplinary action/removal; duty hours;

evaluation/appraisal; examination/test; harassment/non-sexual; harassment/sexual; medical examination; pay/overtime; promotion/non-selection; reassignment/denied; reassignment/directed; reasonable accommodation; reinstatement; retirement; termination; terms/conditions of employment; time and attendance; training; and, other.

(l) The term *subordinate component* refers to any organizational sub-unit directly below the agency or department level which has 1,000 or more employees and is required to submit EEOC Form 715-01 to EEOC pursuant to EEOC Equal Employment Opportunity Management Directive 715.

[57 FR 12646, Apr. 10, 1992, as amended at 74 FR 63984, Dec. 7, 2009]

§1614.703 Manner and format of data.

(a) Agencies shall post their statistical data in the following two formats: Portable Document Format (PDF); and an accessible text format that complies with section 508 of the Rehabilitation Act.

(b) Agencies shall prominently post the date they last updated the statistical information on the Web site location containing the statistical data.

(c) In addition to providing aggregate agency-wide data, an agency shall include separate data for each subordinate component. Such data shall be identified as pertaining to the particular subordinate component.

(d) Data posted under this subpart will be titled “Equal Employment Opportunity Data Posted Pursuant to Title III of the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 (No FEAR Act), Pub. L. 107-174,” and a hyperlink to the data, entitled “No FEAR Act Data” will be posted on the homepage of an agency's public Web site. In the case of agencies with subordinate components, the data shall be made available by hyperlinks from the homepages of the Web sites (if any exist) of the subordinate components as well as the homepage of the Web site of the parent agency.

(e) Agencies shall post cumulative data pursuant to §1614.704 for the current fiscal year. Agencies may not post separate quarterly statistics for the current fiscal year.

(f) Data posted pursuant to §1614.704 by agencies having 100 or more employees, and all subordinate component data posted pursuant to subsection 1614.703(c), shall be presented in the manner and order set forth in the template EEOC has placed for this purpose on its public Web site.

(1) Cumulative quarterly and fiscal year data shall appear in vertical columns. The oldest fiscal year data shall be listed first, reading left to right, with the other fiscal years appearing in the adjacent columns in chronological order. The current cumulative quarterly or year-end data shall appear in the last, or far-right, column.

(2) The categories of data as set forth in §1614.704(a) through (m) of this subpart shall appear in horizontal rows. When reading from top to bottom, the order of the categories shall be in the same order as those categories appear in §1614.704(a) through (m).

(3) When posting data pursuant to §1614.704(d) and (j), bases of discrimination shall be arranged in the order in which they appear in §1614.702(j). The category “non-EEO basis” shall be posted last, after the basis of “disability.”

(4) When posting data pursuant to §1614.704(e) and (k), issues of discrimination shall be arranged in the order in which they appear in §1614.702(k). Only those issues set forth in §1614.702(k) shall be listed.

(g) Agencies shall ensure that the data they post under this subpart can be readily accessed through one or more commercial search engines.

(h) Within 60 days of the effective date of this rule, an agency shall provide the Commission the Uniform Resource Locator (URL) for the data it posts under this subpart. Thereafter, new or changed URLs shall be provided within 30 days.

(i) Processing times required to be posted under this subpart shall be recorded using number of days.

Back to Top

§1614.704 Information to be posted—all Federal agencies.

Commencing on January 31, 2004 and thereafter no later than 30 days after the end of each fiscal quarter beginning on or after January 1, 2004, each Federal agency shall post the following current fiscal year statistics on its public Internet Web site regarding EEO complaints filed under 29 CFR part 1614.

(a) The number of complaints filed in such fiscal year.

(b) The number of individuals filing those complaints (including as the agent of a class).

(c) The number of individuals who filed two or more of those complaints.

(d) The number of those complaints, whether initially or through amendment, raising each of the various bases of alleged discrimination and the number of complaints in which a non-EEO basis is alleged.

(e) The number of those complaints, whether initially or through amendment, raising each of the various issues of alleged discrimination.

(f) The average length of time it has taken an agency to complete, respectively, investigation and final action by an agency for:

(1) All complaints pending for any length of time during such fiscal year;

(2) All complaints pending for any length of time during such fiscal year in which a hearing was not requested; and

(3) All complaints pending for any length of time during such fiscal year in which a hearing was requested.

(g) The number of complaints dismissed by an agency pursuant to 29 CFR 1614.107(a), and the average length of time such complaints had been pending prior to dismissal.

(h) The number of complaints withdrawn by complainants.

(i)(1) The total number of final actions by an agency rendered in such fiscal year involving a finding of discrimination and, of that number,

(2) The number and percentage that were rendered without a hearing, and

(3) The number and percentage that were rendered after a hearing.

(j) Of the total number of final actions by an agency rendered in such fiscal year involving a finding of discrimination,

(1) The number and percentage of those based on each respective basis,

(2) The number and percentage for each respective basis that were rendered without a hearing, and

(3) The number and percentage for each respective basis that were rendered after a hearing.

(k) Of the total number of final actions by an agency rendered in such fiscal year involving a finding of discrimination,

(1) The number and percentage for each respective issue,

(2) The number and percentage for each respective issue that were rendered without a hearing, and

(3) The number and percentage for each respective issue that were rendered after a hearing.

(l) Of the total number of complaints pending for any length of time in such fiscal year,

(1) The number that were first filed before the start of the then current fiscal year,

(2) Of those complaints falling within subsection (l)(1),

(i) The number of individuals who filed those complaints, and

(ii) The number that are pending, respectively, at the investigation, hearing, final action by an agency, and appeal step of the process.

(m) Of the total number of complaints pending for any length of time in such fiscal year, the total number of complaints in which the agency has not completed its investigation within the time required by 29 CFR 1614.106(e)(2) plus any extensions authorized by that section or §1614.108(e).

Back to Top

§1614.705 Comparative data—all Federal agencies.

Commencing on January 31, 2004 and no later than January 31 of each year thereafter, each Federal agency shall post year-end data corresponding to that required to be posted by §1614.704 for each of the five immediately preceding fiscal years (or, if not available for all five fiscal years, for however many of those five fiscal years for which data are available). For each category of data, the agency shall post a separate figure for each fiscal year.

Back to Top

§1614.706 Other data.

Agencies shall not include or otherwise post with the data required to be posted under §1614.704 and 1614.705 of this subpart any other data, whether or not EEO related, but may post such other data on another, separate, Web page.

Back to Top

§1614.707 Data to be posted by EEOC.

(a) Commencing on January 31, 2004 and thereafter no later than 30 days after the end of each fiscal quarter beginning on or after January 1, 2004, the Commission shall post the following current fiscal year statistics on its public Internet Web site regarding hearings requested under this part 1614.

(1) The number of hearings requested in such fiscal year.

(2) The number of individuals filing those requests.

(3) The number of individuals who filed two or more of those requests.

(4) The number of those hearing requests involving each of the various bases of alleged discrimination.

(5) The number of those hearing requests involving each of the various issues of alleged discrimination.

(6) The average length of time it has taken EEOC to complete the hearing step for all cases pending at the hearing step for any length of time during such fiscal year.

(7)(i) The total number of administrative judge (AJ) decisions rendered in such fiscal year involving a finding of discrimination and, of that number,

(ii) The number and percentage that were rendered without a hearing, and

(iii) The number and percentage that were rendered after a hearing.

(8) Of the total number of AJ decisions rendered in such fiscal year involving a finding of discrimination,

(i) The number and percentage of those based on each respective basis,

(ii) The number and percentage for each respective basis that were rendered without a hearing, and

(iii) The number and percentage for each respective basis that were rendered after a hearing.

(9) Of the total number of AJ decisions rendered in such fiscal year involving a finding of discrimination,

(i) The number and percentage for each respective issue,

(ii) The number and percentage for each respective issue that were rendered without a hearing, and

(iii) The number and percentage for each respective issue that were rendered after a hearing.

(10) Of the total number of hearing requests pending for any length of time in such fiscal year,

(i) The number that were first filed before the start of the then current fiscal year, and

(ii) The number of individuals who filed those hearing requests in earlier fiscal years.

(11) Of the total number of hearing requests pending for any length of time in such fiscal year, the total number in which the Commission failed to complete the hearing step within the time required by §1614.109(i).

(b) Commencing on January 31, 2004 and thereafter no later than 30 days after the end of each fiscal quarter beginning on or after January 1, 2004, the Commission shall post the following current fiscal year statistics on its public Internet Web site regarding EEO appeals filed under part 1614.

(1) The number of appeals filed in such fiscal year.

(2) The number of individuals filing those appeals (including as the agent of a class).

(3) The number of individuals who filed two or more of those appeals.

(4) The number of those appeals raising each of the various bases of alleged discrimination.

(5) The number of those appeals raising each of the various issues of alleged discrimination.

(6) The average length of time it has taken EEOC to issue appellate decisions for:

(i) All appeals pending for any length of time during such fiscal year;

(ii) All appeals pending for any length of time during such fiscal year in which a hearing was not requested; and

(iii) All appeals pending for any length of time during such fiscal year in which a hearing was requested.

(7)(i) The total number of appellate decisions rendered in such fiscal year involving a finding of discrimination and, of that number,

(ii) The number and percentage that involved a final action by an agency rendered without a hearing, and

(iii) The number and percentage that involved a final action by an agency after a hearing.

(8) Of the total number of appellate decisions rendered in such fiscal year involving a finding of discrimination,

(i) The number and percentage of those based on each respective basis of discrimination,

(ii) The number and percentage for each respective basis that involved a final action by an agency rendered without a hearing, and

(iii) The number and percentage for each respective basis that involved a final action by an agency rendered after a hearing.

(9) Of the total number of appellate decisions rendered in such fiscal year involving a finding of discrimination,

(i) The number and percentage for each respective issue of discrimination,

(ii) The number and percentage for each respective issue that involved a final action by an agency rendered without a hearing, and

(iii) The number and percentage for each respective issue that involved a final action by an agency rendered after a hearing.

(10) Of the total number of appeals pending for any length of time in such fiscal year,

(i) The number that were first filed before the start of the then current fiscal year, and

(ii) The number of individuals who filed those appeals in earlier fiscal years.

(1) continue to operate any branch or agency that the savings association operated immediately before the savings association became a bank; and

(2) establish, acquire, and operate additional branches and agencies at any location within any State in which the savings association operated a branch immediately before the savings association became a bank, if the law of the State in which the branch is located, or is to be located, would permit establishment of the branch if the bank were a State bank chartered by such State.

SEC. 342. OFFICE OF MINORITY AND WOMEN INCLUSION. 12 USC 5452.

(a) OFFICE OF MINORITY AND WOMEN INCLUSION.—

(1) ESTABLISHMENT.— Deadlines.

(A) IN GENERAL.—Except as provided in subparagraph (B), not later than 6 months after the date of enactment of this Act, each agency shall establish an Office of Minority and Women Inclusion that shall be responsible for all matters of the agency relating to diversity in management, employment, and business activities.

(B) BUREAU.—The Bureau shall establish an Office of Minority and Women Inclusion not later than 6 months after the designated transfer date established under section 1062.

(2) TRANSFER OF RESPONSIBILITIES.—Each agency that, on the day before the date of enactment of this Act, assigned the responsibilities described in paragraph (1) (or comparable responsibilities) to another office of the agency shall ensure that such responsibilities are transferred to the Office.

(3) DUTIES WITH RESPECT TO CIVIL RIGHTS LAWS.—The responsibilities described in paragraph (1) do not include enforcement of statutes, regulations, or executive orders pertaining to civil rights, except each Director shall coordinate with the agency administrator, or the designee of the agency administrator, regarding the design and implementation of any remedies resulting from violations of such statutes, regulations, or executive orders.

(b) DIRECTOR.—

(1) IN GENERAL.—The Director of each Office shall be appointed by, and shall report to, the agency administrator. The position of Director shall be a career reserved position in the Senior Executive Service, as that position is defined in section 3132 of title 5, United States Code, or an equivalent designation.

(2) DUTIES.—Each Director shall develop standards for— Standards.

(A) equal employment opportunity and the racial, ethnic, and gender diversity of the workforce and senior management of the agency;

(B) increased participation of minority-owned and women-owned businesses in the programs and contracts of the agency, including standards for coordinating technical assistance to such businesses; and

(C) assessing the diversity policies and practices of entities regulated by the agency.

(3) OTHER DUTIES.—Each Director shall advise the agency administrator on the impact of the policies and regulations of the agency on minority-owned and women-owned businesses.

(4) RULE OF CONSTRUCTION.—Nothing in paragraph (2)(C) may be construed to mandate any requirement on or otherwise affect the lending policies and practices of any regulated entity, or to require any specific action based on the findings of the assessment.

(c) INCLUSION IN ALL LEVELS OF BUSINESS ACTIVITIES.—

Standards. Procedures.

(1) IN GENERAL.—The Director of each Office shall develop and implement standards and procedures to ensure, to the maximum extent possible, the fair inclusion and utilization of minorities, women, and minority-owned and women-owned businesses in all business and activities of the agency at all levels, including in procurement, insurance, and all types of contracts.

(2) CONTRACTS.—The procedures established by each agency for review and evaluation of contract proposals and for hiring service providers shall include, to the extent consistent with applicable law, a component that gives consideration to the diversity of the applicant. Such procedure shall include a written statement, in a form and with such content as the Director shall prescribe, that a contractor shall ensure, to the maximum extent possible, the fair inclusion of women and minorities in the workforce of the contractor and, as applicable, subcontractors.

(3) TERMINATION.—

(A) DETERMINATION.—The standards and procedures developed and implemented under this subsection shall include a procedure for the Director to make a determination whether an agency contractor, and, as applicable, a subcontractor has failed to make a good faith effort to include minorities and women in their workforce.

(B) EFFECT OF DETERMINATION.—

(i) RECOMMENDATION TO AGENCY ADMINISTRATOR.—Upon a determination described in subparagraph (A), the Director shall make a recommendation to the agency administrator that the contract be terminated.

(ii) ACTION BY AGENCY ADMINISTRATOR.—Upon receipt of a recommendation under clause (i), the agency administrator may—

(I) terminate the contract;

(II) make a referral to the Office of Federal Contract Compliance Programs of the Department of Labor; or

(III) take other appropriate action.

(d) APPLICABILITY.—This section shall apply to all contracts of an agency for services of any kind, including the services of financial institutions, investment banking firms, mortgage banking firms, asset management firms, brokers, dealers, financial services entities, underwriters, accountants, investment consultants, and providers of legal services. The contracts referred to in this subsection include all contracts for all business and activities of an agency, at all levels, including contracts for the issuance or guarantee of any debt, equity, or security, the sale of assets, the management of the assets of the agency, the making of equity investments by the agency, and the implementation by the agency of programs to address economic recovery.

(e) REPORTS.—Each Office shall submit to Congress an annual report regarding the actions taken by the agency and the Office pursuant to this section, which shall include—

(1) a statement of the total amounts paid by the agency to contractors since the previous report;

(2) the percentage of the amounts described in paragraph (1) that were paid to contractors described in subsection (c)(1);

(3) the successes achieved and challenges faced by the agency in operating minority and women outreach programs;

(4) the challenges the agency may face in hiring qualified minority and women employees and contracting with qualified minority-owned and women-owned businesses; and

(5) any other information, findings, conclusions, and recommendations for legislative or agency action, as the Director determines appropriate.

(f) DIVERSITY IN AGENCY WORKFORCE.—Each agency shall take affirmative steps to seek diversity in the workforce of the agency at all levels of the agency in a manner consistent with applicable law. Such steps shall include—

(1) recruiting at historically black colleges and universities, Hispanic-serving institutions, women's colleges, and colleges that typically serve majority minority populations;

(2) sponsoring and recruiting at job fairs in urban communities;

(3) placing employment advertisements in newspapers and magazines oriented toward minorities and women;

(4) partnering with organizations that are focused on developing opportunities for minorities and women to place talented young minorities and women in industry internships, summer employment, and full-time positions;

(5) where feasible, partnering with inner-city high schools, girls' high schools, and high schools with majority minority populations to establish or enhance financial literacy programs and provide mentoring; and

(6) any other mass media communications that the Office determines necessary.

Applicability.

(g) DEFINITIONS.—For purposes of this section, the following definitions shall apply:

(1) AGENCY.—The term "agency" means—

(A) the Departmental Offices of the Department of the Treasury;

(B) the Corporation;

(C) the Federal Housing Finance Agency;

(D) each of the Federal reserve banks;

(E) the Board;

(F) the National Credit Union Administration;

(G) the Office of the Comptroller of the Currency;

(H) the Commission; and

(I) the Bureau.

(2) AGENCY ADMINISTRATOR.—The term "agency administrator" means the head of an agency.

(3) MINORITY.—The term "minority" has the same meaning as in section 1204(c) of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (12 U.S.C. 1811 note).

(4) MINORITY-OWNED BUSINESS.—The term "minority-owned business" has the same meaning as in section 21A(r)(4)(A)

Executive Order 13583—Establishing a Coordinated Government-Wide Initiative To Promote Diversity and Inclusion in the Federal Workforce

August 18, 2011

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to promote the Federal workplace as a model of equal opportunity, diversity, and inclusion, it is hereby ordered as follows:

Section 1. Policy. Our Nation derives strength from the diversity of its population and from its commitment to equal opportunity for all. We are at our best when we draw on the talents of all parts of our society, and our greatest accomplishments are achieved when diverse perspectives are brought to bear to overcome our greatest challenges.

A commitment to equal opportunity, diversity, and inclusion is critical for the Federal Government as an employer. By law, the Federal Government's recruitment policies should "endeavor to achieve a work force from all segments of society." (5 U.S.C. 2301(b)(1)). As the Nation's largest employer, the Federal Government has a special obligation to lead by example. Attaining a diverse, qualified workforce is one of the cornerstones of the merit-based civil service.

Prior Executive Orders, including but not limited to those listed below, have taken a number of steps to address the leadership role and obligations of the Federal Government as an employer. For example, Executive Order 13171 of October 12, 2000 (Hispanic Employment in the Federal Government), directed executive departments and agencies to implement programs for recruitment and career development of Hispanic employees and established a mechanism for identifying best practices in doing so. Executive Order 13518 of November 9, 2009 (Employment of Veterans in the Federal Government), required the establishment of a Veterans Employment Initiative. Executive Order 13548 of July 26, 2010 (Increasing Federal Employment of Individuals with Disabilities), and its related predecessors, Executive Order 13163 of July 26, 2000 (Increasing the Opportunity for Individuals With Disabilities to be Employed in the Federal Government), and Executive Order 13078 of March 13, 1998 (Increasing Employment of Adults With Disabilities), sought to tap the skills of the millions of Americans living with disabilities.

To realize more fully the goal of using the talents of all segments of society, the Federal Government must continue to challenge itself to enhance its ability to recruit, hire, promote, and retain a more diverse workforce. Further, the Federal Government must create a culture that encourages collaboration, flexibility, and fairness to enable individuals to participate to their full potential.

Wherever possible, the Federal Government must also seek to consolidate compliance efforts established through related or overlapping statutory mandates, directions from Executive Orders, and regulatory requirements. By this order, I am directing executive departments and agencies (agencies) to develop and implement a more comprehensive, integrated, and strategic focus on diversity and inclusion as a key component of their human resources strategies. This approach should include a continuing effort to identify and adopt best practices, implemented in an integrated manner, to promote diversity and remove barriers to equal employment opportunity, consistent with merit system principles and applicable law.

Sec. 2. Government-Wide Diversity and Inclusion Initiative and Strategic Plan. The Director of the Office of Personnel Management (OPM) and the Deputy Director for Management of the Office of Management and Budget (OMB), in coordination with the President's Management Council (PMC) and the Chair of the Equal Employment Opportunity Commission (EEOC), shall:

(a) establish a coordinated Government-wide initiative to promote diversity and inclusion in the Federal workforce;

(b) within 90 days of the date of this order:

(i) develop and issue a Government-wide Diversity and Inclusion Strategic Plan (Government-wide Plan), to be updated as appropriate and at a minimum every 4 years, focusing on workforce diversity, workplace inclusion, and agency accountability and leadership. The Government-wide Plan shall highlight comprehensive strategies for agencies to identify and remove barriers to equal employment opportunity that may exist in the Federal Government's recruitment, hiring, promotion, retention, professional development, and training policies and practices;

(ii) review applicable directives to agencies related to the development or submission of agency human capital and other workforce plans and reports in connection with recruitment, hiring, promotion, retention, professional development, and training policies and practices, and develop a strategy for consolidating such agency plans and reports where appropriate and permitted by law; and

(iii) provide guidance to agencies concerning formulation of agency-specific Diversity and Inclusion Strategic Plans prepared pursuant to section 3(b) of this order;

(c) identify appropriate practices to improve the effectiveness of each agency's efforts to recruit, hire, promote, retain, develop, and train a diverse and inclusive workforce, consistent with merit system principles and applicable law; and

(d) establish a system for reporting regularly on agencies' progress in implementing their agency-specific Diversity and Inclusion Strategic Plans and in meeting the objectives of this order.

Sec. 3. Responsibilities of Executive Departments and Agencies. All agencies shall implement the Government-wide Plan prepared pursuant to section 2 of this order, and such other related guidance as issued from time to time by the Director of OPM and Deputy Director for Management of OMB. In addition, the head of each executive department and agency referred to under subsections (1) and (2) of section 901(b) of title 31, United States Code, shall:

(a) designate the agency's Chief Human Capital Officer to be responsible for enhancing employment and promotion opportunities within the agency, in collaboration with the agency's Director of Equal Employment Opportunity and Director of Diversity and Inclusion, if any, and consistent with law and merit system principles, including development and implementation of the agency-specific Diversity and Inclusion Strategic Plan;

(b) within 120 days of the issuance of the Government-wide Plan or its update under section 2(b)(i) of this order, develop and submit for review to the Director of OPM and the Deputy Director for Management of OMB an agency-specific Diversity and Inclusion Strategic Plan for recruiting, hiring, training, developing, advancing, promoting, and retaining a diverse workforce consistent with applicable law, the Government-wide Plan, merit system principles,

the agency's overall strategic plan, its human capital plan prepared pursuant to Part 250 of title 5 of the Code of Federal Regulations, and other applicable workforce planning strategies and initiatives;

(c) implement the agency-specific Diversity and Inclusion Strategic Plan after incorporating it into the agency's human capital plan; and

(d) provide information as specified in the reporting requirements developed under section 2(d).

Sec. 4. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) authority granted to a department or agency or the head thereof, including the authority granted to EEOC by other Executive Orders (including Executive Order 12067) or any agency's authority to establish an independent Diversity and Inclusion Office; or

(ii) functions of the Director of OMB relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

BARACK OBAMA

The White House,
August 18, 2011.

[Filed with the Office of the Federal Register, 11:15 a.m., August 22, 2011]

NOTIFICATION AND FEDERAL EMPLOYEE ANTIDISCRIMINATION AND RETALIATION ACT OF 2002

[[Page 116 STAT. 566]]

Public Law 107-174
107th Congress

An Act

To require that Federal agencies be accountable for violations of antidiscrimination and whistleblower protection laws; to require that each Federal agency post quarterly on its public Web site, certain statistical data relating to Federal sector equal employment opportunity complaints filed with such agency; and for other purposes. <<NOTE: May 15, 2002 - [H.R. 169]>>

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, <<NOTE: Notification and Federal Employee Antidiscrimina- tion and Retaliation Act of 2002.>>

SECTION 1. SHORT TITLE; TABLE OF CONTENTS. <<NOTE: 5 USC 2301 note.>>

(a) Short Title.--This Act may be cited as the ``Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002''.
(b) Table of Contents.--The table of contents of this Act is as follows:

TITLE I--GENERAL PROVISIONS

SEC. 101. FINDINGS.

Congress finds that--

(1) Federal agencies cannot be run effectively if those agencies practice or tolerate discrimination;

(2) Congress has heard testimony from individuals, including representatives of the National Association for the Advancement of Colored People and the American Federation of Government Employees, that point to chronic problems of discrimination and retaliation against Federal employees;

[[Page 116 STAT. 567]]

(3) in August 2000, a jury found that the Environmental Protection Agency had discriminated against a senior social scientist, and awarded that scientist $600,000;

(4) in October 2000, an Occupational Safety and Health Administration investigation found that the Environmental Protection Agency had retaliated against a senior scientist for disagreeing with that agency on a matter of science and for helping Congress to carry out its oversight responsibilities;

(5) there have been several recent class action suits based on discrimination brought against Federal agencies, including the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco, and Firearms, the Drug Enforcement Administration, the Immigration and Naturalization Service, the United States Marshals Service, the Department of Agriculture, the United States Information Agency, and the Social Security Administration;

(6) notifying Federal employees of their rights under discrimination and whistleblower laws should increase Federal agency compliance with the law;

(7) requiring annual reports to Congress on the number and severity of discrimination and whistleblower cases brought against each Federal agency should enable Congress to improve its oversight over compliance by agencies with the law; and

(8) requiring Federal agencies to pay for any discrimination or whistleblower judgment, award, or settlement should improve agency accountability with respect to discrimination and whistleblower laws.

SEC. 102. SENSE OF CONGRESS.

It is the sense of Congress that--

(1) Federal agencies should not retaliate for court judgments or settlements relating to discrimination and whistleblower laws by targeting the claimant or other employees with reductions in compensation, benefits, or workforce to pay for such judgments or settlements;

(2) the mission of the Federal agency and the employment security of employees who are blameless in a whistleblower incident should not be compromised;

(3) Federal agencies should not use a reduction in force or furloughs as means of funding a reimbursement under this Act;

(4)(A) accountability in the enforcement of employee rights is not furthered by terminating--

(i) the employment of other employees; or
(ii) the benefits to which those employees are entitled through statute or contract; and

(B) this Act is not intended to authorize those actions;

(5)(A) nor is accountability furthered if Federal agencies react to the increased accountability under this Act by taking unfounded disciplinary actions against managers or by violating the procedural rights of managers who have been accused of discrimination; and

(B) Federal agencies should ensure that managers have adequate training in the management of a diverse workforce and in dispute resolution and other essential communication skills; and

[[Page 116 STAT. 568]]

(6)(A) Federal agencies are expected to reimburse the General Fund of the Treasury within a reasonable time under this Act; and

(B) a Federal agency, particularly if the amount of reimbursement under this Act is large relative to annual appropriations for that agency, may need to extend reimbursement over several years in order to avoid--

(i) reductions in force;
(ii) furloughs;
(iii) other reductions in compensation or benefits for the workforce of the agency; or
(iv) an adverse effect on the mission of the agency.

SEC. 103. DEFINITIONS.

For purposes of this Act--

(1) the term ``applicant for Federal employment'' means an individual applying for employment in or under a Federal agency;

(2) the term ``basis of alleged discrimination'' shall have the meaning given such term under section 303;

(3) the term ``Federal agency'' means an Executive agency (as defined in section 105 of title 5, United States Code), the United States Postal Service, or the Postal Rate Commission;

(4) the term ``Federal employee'' means an individual employed in or under a Federal agency;

(5) the term ``former Federal employee'' means an individual formerly employed in or under a Federal agency; and

(6) the term ``issue of alleged discrimination'' shall have the meaning given such term under section 303.

SEC. 104. EFFECTIVE DATE.

This Act and the amendments made by this Act shall take effect on the 1st day of the 1st fiscal year beginning more than 180 days after the date of the enactment of this Act.

TITLE II--FEDERAL EMPLOYEE DISCRIMINATION AND RETALIATION

SEC. 201. REIMBURSEMENT REQUIREMENT.

(a) Applicability.--This section applies with respect to any payment made in accordance with section 2414, 2517, 2672, or 2677 of title 28, United States Code, and under section 1304 of title 31, United States Code (relating to judgments, awards, and compromise settlements) to any Federal employee, former Federal employee, or applicant for Federal employment, in connection with any proceeding brought by or on behalf of

such employee, former employee, or applicant under--

(1) any provision of law cited in subsection (c); or

(2) any other provision of law which prohibits any form of discrimination, as identified under rules issued under section 204.

(b) Requirement.--An amount equal to the amount of each payment described in subsection (a) shall be reimbursed to the fund described in section 1304 of title 31, United States Code, out of any appropriation, fund, or other account (excluding any part of such appropriation, of such fund, or of such account available

[[Page 116 STAT. 569]]

for the enforcement of any Federal law) available for operating expenses of the Federal agency to which the discriminatory conduct involved is attributable as determined under section 204.

(c) Scope.--The provisions of law cited in this subsection are the following:

(1) Section 2302(b) of title 5, United States Code, as applied to discriminatory conduct described in paragraphs (1) and (8), or described in paragraph (9) of such section as applied to discriminatory conduct described in paragraphs (1) and (8), of such section.

(2) The provisions of law specified in section 2302(d) of title 5, United States Code.

SEC. 202. NOTIFICATION REQUIREMENT.

(a) In General.--Written notification of the rights and protections available to Federal employees, former Federal employees, and applicants for Federal employment (as the case may be) in connection with the respective provisions of law covered by paragraphs (1) and (2) of section 201(a) shall be provided to such employees, former employees, and applicants--

(1) in accordance with otherwise applicable provisions of law; or

(2) if, or to the extent that, no such notification would otherwise be required, in such time, form, and manner as shall under section 204 be required in order to carry out the requirements of this section.

(b) Posting on the Internet.--Any written notification under this section shall include, but not be limited to, the posting of the information required under paragraph (1) or (2) (as applicable) of subsection (a) on the Internet site of the Federal agency involved.

(c) Employee Training.--Each Federal agency shall provide to the employees of such agency training regarding the rights and remedies applicable to such employees under the laws cited in section 201(c).

SEC. 203. REPORTING REQUIREMENT. <<NOTE: Deadline.>>

(a) Annual Report.--Subject to subsection (b), not later than 180 days after the end of each fiscal year, each Federal agency shall submit to the Speaker of the House of Representatives, the President pro tempore of the Senate, the Committee on Governmental Affairs of the Senate, the Committee on Government Reform of the House of Representatives, each committee of Congress with jurisdiction relating to the agency, the Equal Employment Opportunity Commission, and the Attorney General an annual report which shall include, with respect to the fiscal year--

(1) the number of cases arising under each of the respective

provisions of law covered by paragraphs (1) and (2) of section 201(a) in which discrimination on the part of such agency was alleged;

(2) the status or disposition of cases described in paragraph (1);

(3) the amount of money required to be reimbursed by such agency under section 201 in connection with each of such cases, separately identifying the aggregate amount of such reimbursements attributable to the payment of attorneys' fees, if any;

[[Page 116 STAT. 570]]

(4) the number of employees disciplined for discrimination, retaliation, harassment, or any other infraction of any provision of law referred to in paragraph (1);

(5) the final year-end data posted under section 301(c)(1)(B) for such fiscal year (without regard to section 301(c)(2));

(6) a detailed description of--

(A) the policy implemented by that agency relating to appropriate disciplinary actions against a Federal employee who--

(i) discriminated against any individual in violation of any of the laws cited under section 201(a) (1) or (2); or

(ii) committed another prohibited personnel practice that was revealed in the investigation of a complaint alleging a violation of any of the laws cited under section 201(a) (1) or (2); and

(B) with respect to each of such laws, the number of employees who are disciplined in accordance with such policy and the specific nature of the disciplinary action taken;

(7) an analysis of the information described under paragraphs (1) through (6) (in conjunction with data provided to the Equal Employment Opportunity Commission in compliance with part 1614 of title 29 of the Code of Federal Regulations) including--

(A) an examination of trends;

(B) causal analysis;

(C) practical knowledge gained through experience; and

(D) any actions planned or taken to improve complaint or civil rights programs of the agency; and

(8) any adjustment (to the extent the adjustment can be ascertained in the budget of the agency) to comply with the requirements under section 201.

(b) First Report.--The 1st report submitted under subsection (a) shall include for each item under subsection (a) data for each of the 5 immediately preceding fiscal years (or, if data are not available for all 5 fiscal years, for each of those 5 fiscal years for which data are available).

SEC. 204. RULES AND GUIDELINES.

(a) Issuance <<NOTE: President.>> of Rules and Guidelines.--The President (or the designee of the President) shall issue--

(1) rules to carry out this title;

(2) rules to require that a comprehensive study be conducted in the executive branch to determine the best practices relating

to the appropriate disciplinary actions against Federal employees who commit the actions described under clauses (i) and (ii) of section 203(a)(6)(A); and

(3) based on the results of such study, advisory guidelines incorporating best practices that Federal agencies may follow to take such actions against such employees.

(b) Agency Notification <<NOTE: Deadline.>> Regarding Implementation of Guidelines.--Not later than 30 days after the issuance of guidelines under subsection (a), each Federal agency shall submit to the Speaker of the House of Representatives, the President pro tempore of the Senate, the Equal Employment Opportunity

[[Page 116 STAT. 571]]

Commission, and the Attorney General a written statement specifying in detail--

(1) whether such agency has adopted and will fully follow such guidelines;

(2) if such agency has not adopted such guidelines; the reasons for the failure to adopt such guidelines; and

(3) if such agency will not fully follow such guidelines, the reasons for the decision not to fully follow such guidelines and an explanation of the extent to which such agency will not follow such guidelines.

SEC. 205. CLARIFICATION OF REMEDIES.

Consistent with Federal law, nothing in this title shall prevent any Federal employee, former Federal employee, or applicant for Federal employment from exercising any right otherwise available under the laws of the United States.

SEC. 206. <<NOTE: Deadlines.>> STUDIES BY GENERAL ACCOUNTING OFFICE ON EXHAUSTION OF ADMINISTRATIVE REMEDIES AND ON ASCERTAINMENT OF CERTAIN DEPARTMENT OF JUSTICE COSTS.

(a) Study on Exhaustion of Administrative Remedies.--

(1) Study.--

(A) In general.--Not later than 180 days after the date of enactment of this Act, the General Accounting Office shall conduct a study relating to the effects of eliminating the requirement that Federal employees aggrieved by violations of any of the laws specified under section 201(c) exhaust administrative remedies before filing complaints with the Equal Employment Opportunity Commission.

(B) Contents.--The study shall include a detailed summary of matters investigated, information collected, and conclusions formulated that lead to determinations of how the elimination of such requirement will--

(i) expedite handling of allegations of such violations within Federal agencies and will streamline the complaint-filing process;

(ii) affect the workload of the Commission;

(iii) affect established alternative dispute resolution procedures in such agencies; and

(iv) affect any other matters determined by the General Accounting Office to be appropriate for consideration.

(2) Report.--Not later than 90 days after completion of the study required by paragraph (1), the General Accounting Office

shall submit to the Speaker of the House of Representatives, the President pro tempore of the Senate, the Equal Employment Opportunity Commission, and the Attorney General a report containing the information required to be included in such study.

(b) Study on Ascertainment of Certain Costs of the Department of Justice in Defending Discrimination and Whistleblower Cases.--

(1) Study.--Not later than 180 days after the date of enactment of this Act, the General Accounting Office shall conduct a study of the methods that could be used for, and the extent of any administrative burden that would be imposed on, the Department of Justice to ascertain the personnel and

[[Page 116 STAT. 572]]

administrative costs incurred in defending in each case arising from a proceeding identified under section 201(a) (1) and (2).

(2) Report.--Not later than 90 days after completion of the study required by paragraph (1), the General Accounting Office shall submit to the Speaker of the House of Representatives and the President pro tempore of the Senate a report containing the information required to be included in the study.

(c) Studies on Statutory Effects on Agency Operations.--

(1) In general.--Not later than 18 months after the date of enactment of this Act, the General Accounting Office shall conduct--

(A) a study on the effects of section 201 on the operations of Federal agencies; and

(B) a study on the effects of section 13 of the Contract Disputes Act of 1978 (41 U.S.C. 612) on the operations of Federal agencies.

(2) Contents.--Each study under paragraph (1) shall include, with respect to the applicable statutes of the study--

(A) a summary of the number of cases in which a payment was made in accordance with section 2414, 2517, 2672, or 2677 of title 28, United States Code, and under section 1304 of title 31, United States Code;

(B) a summary of the length of time Federal agencies used to complete reimbursements of payments described under subparagraph (A); and

(C) conclusions that assist in making determinations on how the reimbursements of payments described under subparagraph (A) will affect--

(i) the operations of Federal agencies;

(ii) funds appropriated on an annual basis;

(iii) employee relations and other human capital matters;

(iv) settlements; and

(v) any other matter determined by the General Accounting Office to be appropriate for consideration.

(3) Reports.--Not later than 90 days after the completion of each study under paragraph (1), the General Accounting Office shall submit a report on each study, respectively, to the Speaker of the House of Representatives, the President pro tempore of the Senate, the Committee on Governmental Affairs of the Senate, the Committee on Government Reform of the House of Representatives, and the Attorney General.

(d) Study on Administrative and Personnel Costs Incurred by the

Department of the Treasury.--

(1) In general.--Not later than 1 year after the date of enactment of this Act, the General Accounting Office shall conduct a study on the extent of any administrative and personnel costs incurred by the Department of the Treasury to account for payments made in accordance with section 2414, 2517, 2672, or 2677 of title 28, United States Code, and under section 1304 of title 31, United States Code, as a result of--

(A) this Act; and

(B) the Contracts Dispute Act of 1978 (41 U.S.C. 601 note; Public Law 95-563).

(2) Report.--Not later than 90 days after the completion of the study under paragraph (1), the General Accounting Office shall submit a report on the study to the Speaker of the

[[Page 116 STAT. 573]]

House of Representatives, the President pro tempore of the Senate, the Committee on Governmental Affairs of the Senate, the Committee on Government Reform of the House of Representatives, and the Attorney General.

TITLE III--EQUAL EMPLOYMENT OPPORTUNITY COMPLAINT DATA DISCLOSURE

SEC. 301. <<NOTE: Internet. Public information.>> DATA TO BE POSTED BY EMPLOYING FEDERAL AGENCIES.

(a) In General.--Each Federal agency shall post on its public Web site, in the time, form, and manner prescribed under section 303 (in conformance with the requirements of this section), summary statistical data relating to equal employment opportunity complaints filed with such agency by employees or former employees of, or applicants for employment with, such agency.

(b) Content Requirements.--The data posted by a Federal agency under this section shall include, for the then current fiscal year, the following:

(1) The number of complaints filed with such agency in such fiscal year.

(2) The number of individuals filing those complaints (including as the agent of a class).

(3) The number of individuals who filed 2 or more of those complaints.

(4) The number of complaints (described in paragraph (1)) in which each of the various bases of alleged discrimination is alleged.

(5) The number of complaints (described in paragraph (1)) in which each of the various issues of alleged discrimination is alleged.

(6) The average length of time, for each step of the process, it is taking such agency to process complaints (taking into account all complaints pending for any length of time in such fiscal year, whether first filed in such fiscal year or earlier). Average times under this paragraph shall be posted--

(A) for all such complaints,

(B) for all such complaints in which a hearing before an administrative judge of the Equal Employment Opportunity Commission is not requested, and

(C) for all such complaints in which a hearing before an administrative judge of the Equal Employment Opportunity Commission is requested.

(7) The total number of final agency actions rendered in such fiscal year involving a finding of discrimination and, of

that number--

(A) the number and percentage that were rendered without a hearing before an administrative judge of the Equal Employment Opportunity Commission, and

(B) the number and percentage that were rendered after a hearing before an administrative judge of the Equal Employment Opportunity Commission.

(8) Of the total number of final agency actions rendered in such fiscal year involving a finding of discrimination--

[[Page 116 STAT. 574]]

(A) the number and percentage involving a finding of discrimination based on each of the respective bases of alleged discrimination, and

(B) of the number specified under subparagraph (A) for each of the respective bases of alleged discrimination--

(i) the number and percentage that were rendered without a hearing before an administrative judge of the Equal Employment Opportunity Commission, and

(ii) the number and percentage that were rendered after a hearing before an administrative judge of the Equal Employment Opportunity Commission.

(9) Of the total number of final agency actions rendered in such fiscal year involving a finding of discrimination--

(A) the number and percentage involving a finding of discrimination in connection with each of the respective issues of alleged discrimination, and

(B) of the number specified under subparagraph (A) for each of the respective issues of alleged discrimination--

(i) the number and percentage that were rendered without a hearing before an administrative judge of the Equal Employment Opportunity Commission, and

(ii) the number and percentage that were rendered after a hearing before an administrative judge of the Equal Employment Opportunity Commission.

(10)(A) Of the total number of complaints pending in such fiscal year (as described in the parenthetical matter in paragraph (6)), the number that were first filed before the start of the then current fiscal year.

(B) With respect to those pending complaints that were first filed before the start of the then current fiscal year--

(i) the number of individuals who filed those complaints, and

(ii) the number of those complaints which are at the various steps of the complaint process.

(C) Of the total number of complaints pending in such fiscal year (as described in the parenthetical matter in paragraph (6)), the total number of complaints with respect to which the agency violated the requirements of section 1614.106(e)(2) of title 29 of the Code of Federal Regulations (as in effect on July 1, 2000, and amended from time to time) by failing to conduct within 180 days of the filing of such complaints an impartial and appropriate investigation of such complaints.

(c) Timing and Other Requirements.--

(1) Current year data.--Data posted under this section for the then current fiscal year shall include both--

(A) interim year-to-date data, updated quarterly, and

(B) final year-end data.

(2) Data for prior years.--The data posted by a Federal agency under this section for a fiscal year (both interim and final) shall include, for each item under subsection (b), such agency's corresponding year-end data for each of the 5 immediately preceding fiscal years (or, if not available for all 5 fiscal years, for however many of those 5 fiscal years for which data are available).

[[Page 116 STAT. 575]]

SEC. 302. <<NOTE: Internet. Public information.>> DATA TO BE POSTED BY THE EQUAL EMPLOYMENT OPPORTUNITY COMMISSION.

(a) In General.--The Equal Employment Opportunity Commission shall post on its public Web site, in the time, form, and manner prescribed under section 303 for purposes of this section, summary statistical data relating to--

(1) hearings requested before an administrative judge of the Commission on complaints described in section 301, and

(2) appeals filed with the Commission from final agency actions on complaints described in section 301.

(b) Specific Requirements.--The data posted under this section shall, with respect to the hearings and appeals described in subsection (a), include summary statistical data corresponding to that described in paragraphs (1) through (10) of section 301(b), and shall be subject to the same timing and other requirements as set forth in section 301(c).

(c) Coordination.--The data required under this section shall be in addition to the data the Commission is required to post under section 301 as an employing Federal agency.

SEC. 303. RULES.

The Equal Employment Opportunity Commission shall issue any rules necessary to carry out this title.

Approved May 15, 2002.

LEGISLATIVE HISTORY--H.R. 169:

Subpart A—Reimbursement of Judgement Fund

Back to Top

§724.101 Purpose and scope.

This subpart implements Title II of the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 concerning the obligation of Federal agencies to reimburse the Judgment Fund for payments. The regulations describe agency obligations and the procedures for reimbursement and compliance.

Back to Top

§724.102 Definitions.

In this part:

Agency means an Executive agency as defined in 5 U.S.C. 105, the United States Postal Service, or the Postal Rate Commission;

Antidiscrimination Laws refers to 5 U.S.C. 2302(b)(1), 5 U.S.C. 2302(b)(9) as applied to conduct described in 5 U.S.C. 2302(b)(1), 29 U.S.C. 206(d), 29 U.S.C. 631, 29 U.S.C. 633a, 29 U.S.C. 791 and 42 U.S.C. 2000e-16.

Applicant for Federal employment means an individual applying for employment in or under a Federal agency;

Discipline means any one or a combination of the following actions: reprimand, suspension without pay, reduction in grade or pay, or removal.

Employee means an individual employed in or under a Federal agency;

Former Employee means an individual formerly employed in or under a Federal agency;

Judgment Fund means the Judgment Fund established by 31 U.S.C. 1304;

No FEAR Act means the “Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002;”

Notice means the written information provided by Federal agencies about the rights and protections available under Federal Antidiscrimination Laws and Whistleblower Protection Laws.

Payment, subject to the following exception, means a disbursement from the Judgment Fund on or after October 1, 2003, to an employee, former employee, or applicant for Federal employment, in accordance with 28 U.S.C. 2414, 2517, 2672, 2677 or with 31 U.S.C. 1304, that involves alleged discriminatory or retaliatory conduct described in 5 U.S.C. 2302(b)(1) and (b)(8) or (b)(9) as applied to conduct described in 5 U.S.C. 2302(b)(1) and/or (b)(8) or conduct described in 29 U.S.C. 206(d), 29 U.S.C. 631, 29 U.S.C. 633a, 29 U.S.C. 791 and 42 U.S.C. 2000e-16. For a proceeding involving more than one disbursement from the Judgment Fund, however, this term shall apply only if the first disbursement occurred on or after October 1, 2003.

Training means the process by which Federal agencies instruct their employees regarding the rights and remedies applicable to such employees under the Federal Antidiscrimination Laws and Whistleblower Protection Laws.

Whistleblower Protection Laws refers to 5 U.S.C. 2302(b)(8) or 5 U.S.C. 2302(b)(9) as applied to conduct described in 5 U.S.C. 2302(b)(8).

[71 FR 27187, May 10, 2006, as amended at 71 FR 41098, July 20, 2006; 71 FR 78037, Dec. 28, 2006]

Back to Top

§724.103 Agency obligations.

A Federal agency (or its successor agency) must reimburse the Judgment Fund for payments covered by the No FEAR Act. Such reimbursement must be made within a reasonable time as described in §724.104.

Back to Top

§724.104 Procedures.

(a) The procedures that agencies must use to reimburse the Judgment Fund are those prescribed by the Financial Management Service (FMS), the Department of the Treasury, in Chapter 3100 of the Treasury Financial Manual. All reimbursements to the Judgment Fund covered by the No FEAR Act are expected to be fully collectible from the agency. FMS will provide written notice to the agency's Chief Financial Officer within 15 business days after payment from the Judgment Fund.

(b) Within 45 business days of receiving the FMS notice, agencies must reimburse the Judgment Fund or contact FMS to make arrangements in writing for reimbursement.

Back to Top

§724.105 Compliance.

An agency's failure to reimburse the Judgment Fund, to contact FMS within 45 business days after receipt of an FMS notice for reimbursement under §724.104 will be recorded on an annual basis and posted on the FMS Web site. After an agency meets the requirements of §724.104, the recording will be eliminated no later than the next annual posting process.

Subpart B—Notification of Rights and Protections and Training

SOURCE: 71 FR 41098, July 20, 2006, unless otherwise noted.

Back to Top

§724.201 Purpose and scope.

(a) This subpart implements Title II of the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 concerning the obligation of Federal agencies to notify all employees, former employees, and applicants for Federal employment of the rights and protections available to them under the Federal Antidiscrimination Laws and Whistleblower Protection Laws. This subpart also implements Title II concerning the obligation of agencies to train their employees on such rights and remedies. The regulations describe agency obligations and the procedures for written notification and training.

(b) Pursuant to section 205 of the No FEAR Act, neither that Act nor this notice creates, expands or reduces any rights otherwise available to any employee, former employee or applicant under the

laws of the United States, including the provisions of law specified in 5 U.S.C. 2302(d).

Back to Top

§724.202 Notice obligations.

(a) Each agency must provide notice to all of its employees, former employees, and applicants for Federal employment about the rights and remedies available under the Antidiscrimination Laws and Whistleblower Protection Laws applicable to them.

(b) The notice under this part must be titled, “No FEAR Act Notice.”

(c) Each agency must provide initial notice within 60 calendar days after September 18, 2006. Thereafter, the notice must be provided by the end of each successive fiscal year and any posted materials must remain in place until replaced or revised.

(d) After the initial notice, each agency must provide the notice to new employees within 90 calendar days of entering on duty.

(e) Each agency must provide the notice to its employees in paper (e.g., letter, poster or brochure) and/or electronic form (e.g., e-mail, internal agency electronic site, or Internet Web site). Each agency must publish the *initial* notice in the FEDERAL REGISTER. Agencies with Internet Web sites must also post the notice on those Web sites, in compliance with section 508 of the Rehabilitation Act of 1973, as amended. For agencies with components that operate Internet Web sites, the notice must be made available by hyperlinks from the Internet Web sites of both the component and the parent agency. An agency may meet its paper and electronic notice obligation to former employees and applicants by publishing the initial notice in the FEDERAL REGISTER and posting the notice on its Internet Web site if it has one.

(f) To the extent required by law and upon request by employees, former employees and applicants, each agency must provide the notice in alternative, accessible formats.

(g) Unless an agency is exempt from the cited statutory provisions, the following is the minimum text to be included in the notice. Each agency may incorporate additional information within the model paragraphs, as appropriate.

MODEL PARAGRAPHS

NO FEAR ACT NOTICE

On May 15, 2002, Congress enacted the “Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002,” which is now known as the No FEAR Act. One purpose of the Act is to “require that Federal agencies be accountable for violations of antidiscrimination and whistleblower protection laws.” Public Law 107-174, Summary. In support of this purpose, Congress found that “agencies cannot be run effectively if those agencies practice or tolerate discrimination.” Public Law 107-174, Title I, General Provisions, section 101(1).

The Act also requires this agency to provide this notice to Federal employees, former Federal employees and applicants for Federal employment to inform you of the rights and protections available to you under Federal antidiscrimination and whistleblower protection laws.

ANTIDISCRIMINATION LAWS

A Federal agency cannot discriminate against an employee or applicant with respect to the terms, conditions or privileges of employment on the basis of race, color, religion, sex, national origin, age, disability, marital status or political affiliation. Discrimination on these bases is prohibited by one or more of the following statutes: 5 U.S.C. 2302(b)(1), 29 U.S.C. 206(d), 29 U.S.C. 631, 29 U.S.C. 633a, 29 U.S.C. 791 and 42 U.S.C. 2000e-16.

If you believe that you have been the victim of unlawful discrimination on the basis of race, color, religion, sex, national origin or disability, you must contact an Equal Employment Opportunity (EEO) counselor within 45 calendar days of the alleged discriminatory action, or, in the case of a personnel action, within 45 calendar days of the effective date of the action, before you can file a formal complaint of discrimination with your agency. *See, e.g.* 29 CFR 1614. If you believe that you have been the victim of unlawful discrimination on the basis of age, you must either contact an EEO counselor as noted above or give notice of intent to sue to the Equal Employment Opportunity Commission (EEOC) within 180 calendar days of the alleged discriminatory action. If you are alleging discrimination based on marital status or political affiliation, you may file a written complaint with the U.S. Office of Special Counsel (OSC) (*see* contact information below). In the alternative (or in some cases, in addition), you may pursue a discrimination complaint by filing a grievance through your agency's administrative or negotiated grievance procedures, if such procedures apply and are available.

Whistleblower Protection Laws

A Federal employee with authority to take, direct others to take, recommend or approve any personnel action must not use that authority to take or fail to take, or threaten to take or fail to take, a personnel action against an employee or applicant because of disclosure of information by that individual that is reasonably believed to evidence violations of law, rule or regulation; gross mismanagement; gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety, unless disclosure of such information is specifically prohibited by law and such information is specifically required by Executive order to be kept secret in the interest of national defense or the conduct of foreign affairs.

Retaliation against an employee or applicant for making a protected disclosure is prohibited by 5 U.S.C. 2302(b)(8). If you believe that you have been the victim of whistleblower retaliation, you may file a written complaint (Form OSC-11) with the U.S. Office of Special Counsel at 1730 M Street NW., Suite 218, Washington, DC 20036-4505 or online through the OSC Web site—*http://www.osc.gov.*

Retaliation for Engaging in Protected Activity

A Federal agency cannot retaliate against an employee or applicant because that individual exercises his or her rights under any of the Federal antidiscrimination or whistleblower protection laws listed above. If you believe that you are the victim of retaliation for engaging in protected activity, you must follow, as appropriate, the procedures described in the Antidiscrimination Laws and Whistleblower Protection Laws sections or, if applicable, the administrative or negotiated grievance procedures in order to pursue any legal remedy.

Disciplinary Actions

Under the existing laws, each agency retains the right, where appropriate, to discipline a Federal employee for conduct that is inconsistent with Federal Antidiscrimination and Whistleblower Protection Laws up to and including removal. If OSC has initiated an investigation under 5 U.S.C. 1214, however, according to 5 U.S.C. 1214(f), agencies must seek approval from the Special Counsel to discipline employees for, among other activities, engaging in prohibited retaliation. Nothing in the No FEAR Act alters existing laws or permits an agency to take unfounded disciplinary action against a Federal employee or to violate the procedural rights of a Federal employee who has been accused of discrimination

Additional Information

For further information regarding the No FEAR Act regulations, refer to 5 CFR part 724, as well as the appropriate offices within your agency (e.g., EEO/civil rights office, human resources office or legal office). Additional information regarding Federal antidiscrimination, whistleblower protection and retaliation laws can be found at the EEOC Web site—*http://www.eeoc.gov* and the OSC Web site—*http://www.osc.gov.*

Existing Rights Unchanged

Pursuant to section 205 of the No FEAR Act, neither the Act nor this notice creates, expands or reduces any rights otherwise available to any employee, former employee or applicant under the laws of the United States, including the provisions of law specified in 5 U.S.C. 2302(d).

Back to Top

§724.203 Training obligations.

(a) Each agency must develop a written plan to train all of its employees (including supervisors and managers) about the rights and remedies available under the Antidiscrimination Laws and Whistleblower Protection Laws applicable to them.

(b) Each agency shall have the discretion to develop the instructional materials and method of its training plan. Each agency training plan shall describe:

(1) The instructional materials and method of the training,

(2) The training schedule, and

(3) The means of documenting completion of training.

(c) Each agency may contact EEOC and/or OSC for information and/or assistance regarding the agency's training program. Neither agency, however, shall have authority under this regulation to review or approve an agency's training plan.

(d) Each agency is *encouraged* to implement its training as soon as possible, but *required* to complete the initial training under this subpart for all employees (including supervisors and managers) by December 17, 2006. Thereafter, each agency must train all employees on a training cycle of no longer than every 2 years.

(e) After the initial training is completed, each agency must train new employees as part of its agency orientation program or other training program. Any agency that does not use a new employee orientation program for this purpose must train new employees within 90 calendar days of the new employees' appointment.

Subpart C—Annual Report

SOURCE: 71 FR 78037, Dec. 28, 2006, unless otherwise noted.

Back to Top

§724.301 Purpose and scope.

This subpart implements Title II of the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 concerning the obligation of Federal agencies to report on specific topics concerning Federal Antidiscrimination Laws and Whistleblower Protection Laws applicable to them covering employees, former employees, and applicants for Federal employment.

Back to Top

§724.302 Reporting obligations.

(a) Except as provided in paragraph (b) of this section, each agency must report no later than 180 calendar days after the end of each fiscal year the following items:

(1) The number of cases in Federal court pending or resolved in each fiscal year and arising under each of the respective provisions of the Federal Antidiscrimination Laws and Whistleblower Protection Laws applicable to them as defined in §724.102 of subpart A of this part in which an

employee, former Federal employee, or applicant alleged a violation(s) of these laws, separating data by the provision(s) of law involved;

(2) In the aggregate, for the cases identified in paragraph (a)(1) of this section and separated by provision(s) of law involved:

(i) The status or disposition (including settlement);

(ii) The amount of money required to be reimbursed to the Judgment Fund by the agency for payments as defined in §724.102 of subpart A of this part;

(iii) The amount of reimbursement to the Fund for attorney's fees where such fees have been separately designated;

(3) In connection with cases identified in paragraph (a)(1) of this section, the total number of employees in each fiscal year disciplined as defined in §724.102 of subpart A of this part and the specific nature, e.g., reprimand, etc., of the disciplinary actions taken, separated by the provision(s) of law involved;

(4) The final year-end data about discrimination complaints for each fiscal year that was posted in accordance with Equal Employment Opportunity Regulations at subpart G of title 29 of the Code of Federal Regulations (implementing section 301(c)(1)(B) of the No FEAR Act);

(5) Whether or not in connection with cases in Federal court, the number of employees in each fiscal year disciplined as defined in §724.102 of subpart A of this part in accordance with any agency policy described in paragraph (a)(6) of this section. The specific nature, e.g., reprimand, etc., of the disciplinary actions taken must be identified.

(6) A detailed description of the agency's policy for taking disciplinary action against Federal employees for conduct that is inconsistent with Federal Antidiscrimination Laws and Whistleblower Protection Laws or for conduct that constitutes another prohibited personnel practice revealed in connection with agency investigations of alleged violations of these laws;

(7) An analysis of the information provided in paragraphs (a)(1) through (6) of this section in conjunction with data provided to the Equal Employment Opportunity Commission in compliance with 29 CFR part 1614 subpart F of the Code of Federal Regulations. Such analysis must include:

(i) An examination of trends;

(ii) Causal analysis;

(iii) Practical knowledge gained through experience; and

(iv) Any actions planned or taken to improve complaint or civil rights programs of the agency with the goal of eliminating discrimination and retaliation in the workplace;

(8) For each fiscal year, any adjustment needed or made to the budget of the agency to comply with its Judgment Fund reimbursement obligation(s) incurred under §724.103 of subpart A of this part; and

(9) The agency's written plan developed under §724.203(a) of subpart B of this part to train its employees.

(b) The first report also must provide information for the data elements in paragraph (a) of this section for each of the five fiscal years preceding the fiscal year on which the first report is based to the extent that such data is available. Under the provisions of the No FEAR Act, the first report was due March 30, 2005 without regard to the status of the regulations. Thereafter, under the provisions of

the No FEAR Act, agency reports are due annually on March 30th. Agencies that have submitted their reports before these regulations became final must ensure that they contain data elements 1 through 8 of paragraph (a) of this section and provide any necessary supplemental reports by April 25, 2007. Future reports must include data elements 1 through 9 of paragraph (a) of this section.

(c) Agencies must provide copies of each report to the following:

(1) Speaker of the U.S. House of Representatives;

(2) President Pro Tempore of the U.S. Senate;

(3) Committee on Governmental Affairs, U.S. Senate;

(4) Committee on Government Reform, U.S. House of Representatives;

(5) Each Committee of Congress with jurisdiction relating to the agency;

(6) Chair, Equal Employment Opportunity Commission;

(7) Attorney General; and

(8) Director, U.S. Office of Personnel Management.

Subpart D—Best Practices

SOURCE: 71 FR 78037, Dec. 28, 2006, unless otherwise noted.

Back to Top

§724.401 Purpose and scope.

This subpart implements Title II of the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 concerning the obligation of the President or his designee (OPM) to conduct a comprehensive study of best practices in the executive branch for taking disciplinary actions against employees for conduct that is inconsistent with Federal Antidiscrimination and Whistleblower Protection Laws and the obligation to issue advisory guidelines for agencies to follow in taking appropriate disciplinary actions in such circumstances.

Back to Top

§724.402 Best practices study.

(a) OPM will conduct a comprehensive study in the executive branch to identify best practices for taking appropriate disciplinary actions against Federal employees for conduct that is inconsistent with Federal Antidiscrimination and Whistleblower Protection Laws.

(b) The comprehensive study will include a review of agencies' discussions of their policies for taking such disciplinary actions as reported under §724.302 of subpart C of this part.

Back to Top

§724.403 Advisory guidelines.

OPM will issue advisory guidelines to Federal agencies incorporating the best practices identified under §724.402 that agencies may follow to take appropriate disciplinary actions against employees

for conduct that is inconsistent with Federal Antidiscrimination Laws and Whistleblower Laws.

Back to Top

§724.404 Agency obligations.

(a) Within 30 working days of issuance of the advisory guidelines required by §724.403, each agency must prepare a written statement describing in detail:

(1) Whether it has adopted the guidelines and if it will fully follow the guidelines;

(2) If such agency has not adopted the guidelines, the reasons for non-adoption; and

(3) If such agency will not fully follow the guidelines, the reasons for the decision not to do so and an explanation of the extent to which the agency will not follow the guidelines.

(b) Each agency's written statement must be provided within the time limit stated in paragraph (a) of this section to the following:

(1) Speaker of the U.S. House of Representatives;

(2) President Pro Tempore of the U.S. Senate;

(3) Chair, Equal Employment Opportunity Commission;

(4) Attorney General; and

(5) Director, U.S. Office of Personnel Management.

U.S. Equal Employment Opportunity Commission

Title VII of the Civil Rights Act of 1964

EDITOR'S NOTE: The following is the text of Title VII of the Civil Rights Act of 1964 (Pub. L. 88-352) (Title VII), as amended, as it appears in volume 42 of the United States Code, beginning at section 2000e. Title VII prohibits employment discrimination based on race, color, religion, sex and national origin. The Civil Rights Act of 1991 (Pub. L. 102-166) (CRA) and the Lily Ledbetter Fair Pay Act of 2009 (Pub. L. 111-2) amend several sections of Title VII. In addition, section 102 of the CRA (which is printed elsewhere in this publication) amends the Revised Statutes by adding a new section following section 1977 (42 U.S.C. 1981), to provide for the recovery of compensatory and punitive damages in cases of intentional violations of Title VII, the Americans with Disabilities Act of 1990, and section 501 of the Rehabilitation Act of 1973. Cross references to Title VII as enacted appear in italics following each section heading. Editor's notes also appear in italics.

An Act

To enforce the constitutional right to vote, to confer jurisdiction upon the district courts of the United States to provide injunctive relief against discrimination in public accommodations, to authorize the attorney General to institute suits to protect constitutional rights in public facilities and public education, to extend the Commission on Civil Rights, to prevent discrimination in federally assisted programs, to establish a Commission on Equal Employment Opportunity, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Civil Rights Act of 1964”.

* * *

DEFINITIONS

SEC. 2000e. *[Section 701]*

For the purposes of this subchapter-

(a) The term “person” includes one or more individuals, governments, governmental agencies, political subdivisions, labor unions, partnerships, associations, corporations, legal representatives, mutual companies, joint-stock companies, trusts, unincorporated organizations, trustees, trustees in cases under Title 11 *[originally, bankruptcy],* or receivers.

(b) The term “employer” means a person engaged in an industry affecting commerce who has fifteen or more employees for each working day in each of twenty or more calendar weeks in the current or preceding calendar year, and any agent of such a person, but such term does not include (1) the United States, a corporation wholly owned by the Government of the United States, an Indian tribe, or any department or agency of the District of Columbia subject by statute to procedures of the competitive service (as defined in section 2102 of Title 5 *[United States Code]*), or

(2) a bona fide private membership club (other than a labor organization) which is exempt from taxation under section 501(c) of Title 26 *[the Internal Revenue Code of 1986]*, except that during the first year after March 24, 1972 *[the date of enactment of the Equal Employment Opportunity Act of 1972]*, persons having fewer than twenty-five employees (and their agents) shall not be considered employers.

(c) The term “employment agency” means any person regularly undertaking with or without compensation to procure employees for an employer or to procure for employees opportunities to work for an employer and includes an agent of such a person.

(d) The term “labor organization” means a labor organization engaged in an industry affecting commerce, and any agent of such an organization, and includes any organization of any kind, any agency, or employee representation committee, group, association, or plan so engaged in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours, or other terms or conditions of employment, and any conference, general committee, joint or system board, or joint council so engaged which is subordinate to a national or international labor organization.

(e) A labor organization shall be deemed to be engaged in an industry affecting commerce if (1) it maintains or operates

a hiring hall or hiring office which procures employees for an employer or procures for employees opportunities to work for an employer, or (2) the number of its members (or, where it is a labor organization composed of other labor organizations or their representatives, if the aggregate number of the members of such other labor organization) is (A) twenty-five or more during the first year after March 24, 1972 *[the date of enactment of the Equal Employment Opportunity Act of 1972]*, or (B) fifteen or more thereafter, and such labor organization-

(1) is the certified representative of employees under the provisions of the National Labor Relations Act, as amended *[29 U.S.C. 151 et seq.]*, or the Railway Labor Act, as amended *[45 U.S.C. 151 et seq.]*;

(2) although not certified, is a national or international labor organization or a local labor organization recognized or acting as the representative of employees of an employer or employers engaged in an industry affecting commerce; or

(3) has chartered a local labor organization or subsidiary body which is representing or actively seeking to represent employees of employers within the meaning of paragraph (1) or (2); or

(4) has been chartered by a labor organization representing or actively seeking to represent employees within the meaning of paragraph (1) or (2) as the local or subordinate body through which such employees may enjoy membership or become affiliated with such labor organization; or

(5) is a conference, general committee, joint or system board, or joint council subordinate to a national or international labor organization, which includes a labor organization engaged in an industry affecting commerce within the meaning of any of the preceding paragraphs of this subsection.

(f) The term “employee” means an individual employed by an employer, except that the term “employee” shall not include any person elected to public office in any State or political subdivision of any State by the qualified voters thereof, or any person chosen by such officer to be on such officer’s personal staff, or an appointee on the policy making level or an immediate adviser with respect to the exercise of the constitutional or legal powers of the office. The exemption set forth in the preceding sentence shall not include employees subject to the civil service laws of a State government, governmental agency or political subdivision. With respect to employment in a foreign country, such term includes an individual who is a citizen of the United States.

(g) The term “commerce” means trade, traffic, commerce, transportation, transmission, or communication among the several States; or between a State and any place outside thereof; or within the District of Columbia, or a possession of the United States; or between points in the same State but through a point outside thereof.

(h) The term “industry affecting commerce” means any activity, business, or industry in commerce or in which a labor dispute would hinder or obstruct commerce or the free flow of commerce and includes any activity or industry “affecting commerce” within the meaning of the Labor-Management Reporting and Disclosure Act of 1959 *[29 U.S.C. 401 et seq.]*, and further includes any governmental industry, business, or activity.

(i) The term “State” includes a State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, Guam, Wake Island, the Canal Zone, and Outer Continental Shelf lands defined in the Outer Continental Shelf Lands Act *[43 U.S.C. 1331 et seq.]*.

(j) The term “religion” includes all aspects of religious observance and practice, as well as belief, unless an employer demonstrates that he is unable to reasonably accommodate to an employee’s or prospective employee’s religious observance or practice without undue hardship on the conduct of the employer’s business.

(k) The terms “because of sex” or “on the basis of sex” include, but are not limited to, because of or on the basis of pregnancy, childbirth, or related medical conditions; and women affected by pregnancy, childbirth, or related medical conditions shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected but similar in their ability or inability to work, and nothing in section 2000e-2(h) of this title *[section 703(h)]* shall be interpreted to permit otherwise. This subsection shall not require an employer to pay for health insurance benefits for abortion, except where the life of the mother would be endangered if the fetus were carried to term, or except where medical complications have arisen from an abortion: Provided, That nothing herein shall preclude an employer from providing abortion benefits or otherwise affect bargaining agreements in regard to abortion.

(l) The term “complaining party” means the Commission, the Attorney General, or a person who may bring an action or proceeding under this subchapter.

(m) The term “demonstrates” means meets the burdens of production and persuasion.

(n) The term “respondent” means an employer, employment agency, labor organization, joint labor management committee controlling apprenticeship or other training or retraining program, including an on-the-job training program, or Federal entity subject to section 2000e-16 of this title.

APPLICABILITY TO FOREIGN AND RELIGIOUS EMPLOYMENT

SEC. 2000e-1. *[Section 702]*

(a) Inapplicability of subchapter to certain aliens and employees of religious entities

This subchapter shall not apply to an employer with respect to the employment of aliens outside any State, or to a religious corporation, association, educational institution, or society with respect to the employment of individuals of a particular religion to perform work connected with the carrying on by such corporation, association, educational institution, or society of its activities.

(b) Compliance with statute as violative of foreign law

It shall not be unlawful under section 2000e-2 or 2000e-3 of this title *[section 703 or 704]* for an employer (or a corporation controlled by an employer), labor organization, employment agency, or joint labor-management committee controlling apprenticeship or other training or retraining (including on-the-job training programs) to take any action otherwise prohibited by such section, with respect to an employee in a workplace in a foreign country if compliance with such section would cause such employer (or such corporation), such organization, such agency, or such committee to violate the law of the foreign country in which such workplace is located.

(c) Control of corporation incorporated in foreign country

> (1) If an employer controls a corporation whose place of incorporation is a foreign country, any practice prohibited by section 2000e-2 or 2000e-3 of this title *[section 703 or 704]* engaged in by such corporation shall be presumed to be engaged in by such employer.
>
> (2) Sections 2000e-2 and 2000e-3 of this title *[sections 703 and 704]* shall not apply with respect to the foreign operations of an employer that is a foreign person not controlled by an American employer.
>
> (3) For purposes of this subsection, the determination of whether an employer controls a corporation shall be based on-
>
> > (A) the interrelation of operations;
> >
> > (B) the common management;
> >
> > (C) the centralized control of labor relations; and
> >
> > (D) the common ownership or financial control, of the employer and the corporation.

UNLAWFUL EMPLOYMENT PRACTICES

SEC. 2000e-2. *[Section 703]*

(a) Employer practices

It shall be an unlawful employment practice for an employer -

> (1) to fail or refuse to hire or to discharge any individual, or otherwise to discriminate against any individual with respect to his compensation, terms, conditions, or privileges of employment, because of such individual's race, color, religion, sex, or national origin; or
>
> (2) to limit, segregate, or classify his employees or applicants for employment in any way which would deprive or tend to deprive any individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, sex, or national origin.

(b) Employment agency practices

It shall be an unlawful employment practice for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, any individual because of his race, color, religion, sex, or national origin, or to classify or refer for employment any individual on the basis of his race, color, religion, sex, or national origin.

(c) Labor organization practices

It shall be an unlawful employment practice for a labor organization-

> (1) to exclude or to expel from its membership, or otherwise to discriminate against, any individual because of his race, color, religion, sex, or national origin;
>
> (2) to limit, segregate, or classify its membership or applicants for membership, or to classify or fail or refuse to refer for employment any individual, in any way which would deprive or tend to deprive any individual of employment opportunities, or would limit such employment opportunities or otherwise adversely affect his status as an employee or as an applicant for employment, because of such individual's race, color, religion, sex, or national origin; or

(3) to cause or attempt to cause an employer to discriminate against an individual in violation of this section.

(d) Training programs

It shall be an unlawful employment practice for any employer, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs to discriminate against any individual because of his race, color, religion, sex, or national origin in admission to, or employment in, any program established to provide apprenticeship or other training.

(e) Businesses or enterprises with personnel qualified on basis of religion, sex, or national origin; educational institutions with personnel of particular religion

Notwithstanding any other provision of this subchapter, (1) it shall not be an unlawful employment practice for an employer to hire and employ employees, for an employment agency to classify, or refer for employment any individual, for a labor organization to classify its membership or to classify or refer for employment any individual, or for an employer, labor organization, or joint labor management committee controlling apprenticeship or other training or retraining programs to admit or employ any individual in any such program, on the basis of his religion, sex, or national origin in those certain instances where religion, sex, or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of that particular business or enterprise, and (2) it shall not be an unlawful employment practice for a school, college, university, or other educational institution or institution of learning to hire and employ employees of a particular religion if such school, college, university, or other educational institution or institution of learning is, in whole or in substantial part, owned, supported, controlled, or managed by a particular religion or by a particular religious corporation, association, or society, or if the curriculum of such school, college, university, or other educational institution or institution of learning is directed toward the propagation of a particular religion.

(f) Members of Communist Party or Communist-action or Communist-front organizations

As used in this subchapter, the phrase “unlawful employment practice” shall not be deemed to include any action or measure taken by an employer, labor organization, joint labor management committee, or employment agency with respect to an individual who is a member of the Communist Party of the United States or of any other organization required to register as a Communist-action or Communist-front organization by final order of the Subversive Activities Control Board pursuant to the Subversive Activities Control Act of 1950 *[50 U.S.C. 781 et seq.]*.

(g) National security

Notwithstanding any other provision of this subchapter, it shall not be an unlawful employment practice for an employer to fail or refuse to hire and employ any individual for any position, for an employer to discharge any individual from any position, or for an employment agency to fail or refuse to refer any individual for employment in any position, or for a labor organization to fail or refuse to refer any individual for employment in any position, if-

(1) the occupancy of such position, or access to the premises in or upon which any part of the duties of such position is performed or is to be performed, is subject to any requirement imposed in the interest of the national security of the United States under any security program in effect pursuant to or administered under any statute of the United States or any Executive order of the President; and

(2) such individual has not fulfilled or has ceased to fulfill that requirement.

(h) Seniority or merit system; quantity or quality of production; ability tests; compensation based on sex and authorized by minimum wage provisions

Notwithstanding any other provision of this subchapter, it shall not be an unlawful employment practice for an employer to apply different standards of compensation, or different terms, conditions, or privileges of employment pursuant to a bona fide seniority or merit system, or a system which measures earnings by quantity or quality of production or to employees who work in different locations, provided that such differences are not the result of an intention to discriminate because of race, color, religion, sex, or national origin, nor shall it be an unlawful employment practice for an employer to give and to act upon the results of any professionally developed ability test provided that such test, its administration or action upon the results is not designed, intended or used to discriminate because of race, color, religion, sex or national origin. It shall not be an unlawful employment practice under this subchapter for any employer to differentiate upon the basis of sex in determining the amount of the wages or compensation paid or to be paid to employees of such employer if such differentiation is authorized by the provisions of section 206(d) of Title 29 *[section 6(d) of the Labor Standards Act of 1938, as amended]*.

(i) Businesses or enterprises extending preferential treatment to Indians

Nothing contained in this subchapter shall apply to any business or enterprise on or near an Indian reservation with respect to any publicly announced employment practice of such business or enterprise under which a preferential treatment is given to any individual because he is an Indian living on or near a reservation.

(j) Preferential treatment not to be granted on account of existing number or percentage imbalance

Nothing contained in this subchapter shall be interpreted to require any employer, employment agency, labor organization, or joint labor-management committee subject to this subchapter to grant preferential treatment to any individual or to any group because of the race, color, religion, sex, or national origin of such individual or group on account of an imbalance which may exist with respect to the total number or percentage of persons of any race, color, religion, sex, or national origin employed by any employer, referred or classified for employment by any employment agency or labor organization, admitted to membership or classified by any labor organization, or admitted to, or employed in, any apprenticeship or other training program, in comparison with the total number or percentage of persons of such race, color, religion, sex, or national origin in any community, State, section, or other area, or in the available work force in any community, State, section, or other area.

(k) Burden of proof in disparate impact cases

(1) (A) An unlawful employment practice based on disparate impact is established under this subchapter only if-

> (i) a complaining party demonstrates that a respondent uses a particular employment practice that causes a disparate impact on the basis of race, color, religion, sex, or national origin and the respondent fails to demonstrate that the challenged practice is job related for the position in question and consistent with business necessity; or
>
> (ii) the complaining party makes the demonstration described in subparagraph (C) with respect to an alternative employment practice and the respondent refuses to adopt such alternative employment practice.
>
> (B) (i) With respect to demonstrating that a particular employment practice causes a disparate impact as described in subparagraph (A)(i), the complaining party shall demonstrate that each particular challenged employment practice causes a disparate impact, except that if the complaining party can demonstrate to the court that the elements of a respondent's decisionmaking process are not capable of separation for analysis, the decisionmaking process may be analyzed as one employment practice.
>
> (ii) If the respondent demonstrates that a specific employment practice does not cause the disparate impact, the respondent shall not be required to demonstrate that such practice is required by business necessity.
>
> (C) The demonstration referred to by subparagraph (A)(ii) shall be in accordance with the law as it existed on June 4, 1989, with respect to the concept of "alternative employment practice".
>
> (2) A demonstration that an employment practice is required by business necessity may not be used as a defense against a claim of intentional discrimination under this subchapter.
>
> (3) Notwithstanding any other provision of this subchapter, a rule barring the employment of an individual who currently and knowingly uses or possesses a controlled substance, as defined in schedules I and II of section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)), other than the use or possession of a drug taken under the supervision of a licensed health care professional, or any other use or possession authorized by the Controlled Substances Act *[21 U.S.C. 801 et seq.]* or any other provision of Federal law, shall be considered an unlawful employment practice under this subchapter only if such rule is adopted or applied with an intent to discriminate because of race, color, religion, sex, or national origin.

(l) Prohibition of discriminatory use of test scores

It shall be an unlawful employment practice for a respondent, in connection with the selection or referral of applicants or candidates for employment or promotion, to adjust the scores of, use different cutoff scores for, or otherwise alter the results of, employment related tests on the basis of race, color, religion, sex, or national origin.

(m) Impermissible consideration of race, color, religion, sex, or national origin in employment practices

Except as otherwise provided in this subchapter, an unlawful employment practice is established when the complaining party demonstrates that race, color, religion, sex, or national origin was a motivating factor for any employment practice, even though other factors also motivated the practice.

(n) Resolution of challenges to employment practices implementing litigated or consent judgments or orders

(1) (A) Notwithstanding any other provision of law, and except as provided in paragraph (2), an employment practice that implements and is within the scope of a litigated or consent judgment or order that resolves a claim of employment discrimination under the Constitution or Federal civil rights laws may not be challenged under the circumstances described in subparagraph (B).

> (B) A practice described in subparagraph (A) may not be challenged in a claim under the Constitution or Federal civil rights laws-
>
> (i) by a person who, prior to the entry of the judgment or order described in subparagraph

(A), had-

(I) actual notice of the proposed judgment or order sufficient to apprise such person that such judgment or order might adversely affect the interests and legal rights of such person and that an opportunity was available to present objections to such judgment or order by a future date certain; and

(II) a reasonable opportunity to present objections to such judgment or order; or

(ii) by a person whose interests were adequately represented by another person who had previously challenged the judgment or order on the same legal grounds and with a similar factual situation, unless there has been an intervening change in law or fact.

(2) Nothing in this subsection shall be construed to-

(A) alter the standards for intervention under rule 24 of the Federal Rules of Civil Procedure or apply to the rights of parties who have successfully intervened pursuant to such rule in the proceeding in which the parties intervened;

(B) apply to the rights of parties to the action in which a litigated or consent judgment or order was entered, or of members of a class represented or sought to be represented in such action, or of members of a group on whose behalf relief was sought in such action by the Federal Government;

(C) prevent challenges to a litigated or consent judgment or order on the ground that such judgment or order was obtained through collusion or fraud, or is transparently invalid or was entered by a court lacking subject matter jurisdiction; or

(D) authorize or permit the denial to any person of the due process of law required by the Constitution.

(3) Any action not precluded under this subsection that challenges an employment consent judgment or order described in paragraph (1) shall be brought in the court, and if possible before the judge, that entered such judgment or order. Nothing in this subsection shall preclude a transfer of such action pursuant to section 1404 of Title 28 [*United States Code]*.

OTHER UNLAWFUL EMPLOYMENT PRACTICES

SEC. 2000e-3. *[Section 704]*

(a) Discrimination for making charges, testifying, assisting, or participating in enforcement proceedings

It shall be an unlawful employment practice for an employer to discriminate against any of his employees or applicants for employment, for an employment agency, or joint labor-management committee controlling apprenticeship or other training or retraining, including on—the-job training programs, to discriminate against any individual, or for a labor organization to discriminate against any member thereof or applicant for membership, because he has opposed any practice made an unlawful employment practice by this subchapter, or because he has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this subchapter.

(b) Printing or publication of notices or advertisements indicating prohibited preference, limitation, specification, or discrimination; occupational qualification exception

It shall be an unlawful employment practice for an employer, labor organization, employment agency, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, to print or publish or cause to be printed or published any notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by such a labor organization, or relating to any classification or referral for employment by such an employment agency, or relating to admission to, or employment in, any program established to provide apprenticeship or other training by such a joint labor-management committee, indicating any preference, limitation, specification, or discrimination, based on race, color, religion, sex, or national origin, except that such a notice or advertisement may indicate a preference, limitation, specification, or discrimination based on religion, sex, or national origin when religion, sex, or national origin is a bona fide occupational qualification for employment.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

SEC. 2000e-4. *[Section 705]*

(a) Creation; composition; political representation; appointment; term; vacancies; Chairman and Vice Chairman; duties of Chairman; appointment of personnel; compensation of personnel

There is hereby created a Commission to be known as the Equal Employment Opportunity Commission, which shall be

composed of five members, not more than three of whom shall be members of the same political party. Members of the Commission shall be appointed by the President by and with the advice and consent of the Senate for a term of five years. Any individual chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he shall succeed, and all members of the Commission shall continue to serve until their successors are appointed and qualified, except that no such member of the Commission shall continue to serve (1) for more than sixty days when the Congress is in session unless a nomination to fill such vacancy shall have been submitted to the Senate, or (2) after the adjournment sine die of the session of the Senate in which such nomination was submitted. The President shall designate one member to serve as Chairman of the Commission, and one member to serve as Vice Chairman. The Chairman shall be responsible on behalf of the Commission for the administrative operations of the Commission, and, except as provided in subsection (b) of this section, shall appoint, in accordance with the provisions of Title 5 *[United States Code]* governing appointments in the competitive service, such officers, agents, attorneys, administrative law judges *[originally, hearing examiners]*, and employees as he deems necessary to assist it in the performance of its functions and to fix their compensation in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of Title 5 *[United States Code]*, relating to classification and General Schedule pay rates: Provided, That assignment, removal, and compensation of administrative law judges *[originally, hearing examiners]* shall be in accordance with sections 3105, 3344, 5372, and 7521 of Title 5 *[United States Code]*.

(b) General Counsel; appointment; term; duties; representation by attorneys and Attorney General

> (1) There shall be a General Counsel of the Commission appointed by the President, by and with the advice and consent of the Senate, for a term of four years. The General Counsel shall have responsibility for the conduct of litigation as provided in sections 2000e-5 and 2000e-6 of this title *[sections 706 and 707]*. The General Counsel shall have such other duties as the Commission may prescribe or as may be provided by law and shall concur with the Chairman of the Commission on the appointment and supervision of regional attorneys. The General Counsel of the Commission on the effective date of this Act shall continue in such position and perform the functions specified in this subsection until a successor is appointed and qualified.
>
> (2) Attorneys appointed under this section may, at the direction of the Commission, appear for and represent the Commission in any case in court, provided that the Attorney General shall conduct all litigation to which the Commission is a party in the Supreme Court pursuant to this subchapter.

(c) Exercise of powers during vacancy; quorum

A vacancy in the Commission shall not impair the right of the remaining members to exercise all the powers of the Commission and three members thereof shall constitute a quorum.

(d) Seal; judicial notice

The Commission shall have an official seal which shall be judicially noticed.

(e) Reports to Congress and the President

The Commission shall at the close of each fiscal year report to the Congress and to the President concerning the action it has taken *[originally, the names, salaries, and duties of all individuals in its employ]* and the moneys it has disbursed. It shall make such further reports on the cause of and means of eliminating discrimination and such recommendations for further legislation as may appear desirable.

(f) Principal and other offices

The principal office of the Commission shall be in or near the District of Columbia, but it may meet or exercise any or all its powers at any other place. The Commission may establish such regional or State offices as it deems necessary to accomplish the purpose of this subchapter.

(g) Powers of Commission

The Commission shall have power-

> (1) to cooperate with and, with their consent, utilize regional, State, local, and other agencies, both public and private, and individuals;
>
> (2) to pay to witnesses whose depositions are taken or who are summoned before the Commission or any of its agents the same witness and mileage fees as are paid to witnesses in the courts of the United States;
>
> (3) to furnish to persons subject to this subchapter such technical assistance as they may request to further their compliance with this subchapter or an order issued thereunder;
>
> (4) upon the request of (i) any employer, whose employees or some of them, or (ii) any labor organization, whose members or some of them, refuse or threaten to refuse to cooperate in effectuating

the provisions of this subchapter, to assist in such effectuation by conciliation or such other remedial action as is provided by this subchapter;

(5) to make such technical studies as are appropriate to effectuate the purposes and policies of this subchapter and to make the results of such studies available to the public;

(6) to intervene in a civil action brought under section 2000e-5 of this title *[section 706]* by an aggrieved party against a respondent other than a government, governmental agency or political subdivision.

(h) Cooperation with other departments and agencies in performance of educational or promotional activities; outreach activities

(1) The Commission shall, in any of its educational or promotional activities, cooperate with other departments and agencies in the performance of such educational and promotional activities.

(2) In exercising its powers under this subchapter, the Commission shall carry out educational and outreach activities (including dissemination of information in languages other than English) targeted to-

(A) individuals who historically have been victims of employment discrimination and have not been equitably served by the Commission; and

(B) individuals on whose behalf the Commission has authority to enforce any other law prohibiting employment discrimination, concerning rights and obligations under this subchapter or such law, as the case may be.

(i) Personnel subject to political activity restrictions

All officers, agents, attorneys, and employees of the Commission shall be subject to the provisions of section 7324 of Title 5 *[originally, section 9 of the Act of August 2, 1939, as amended (the Hatch Act)]*, notwithstanding any exemption contained in such section.

(j) Technical Assistance Training Institute

(1) The Commission shall establish a Technical Assistance Training Institute, through which the Commission shall provide technical assistance and training regarding the laws and regulations enforced by the Commission.

(2) An employer or other entity covered under this subchapter shall not be excused from compliance with the requirements of this subchapter because of any failure to receive technical assistance under this subsection.

(3) There are authorized to be appropriated to carry out this subsection such sums as may be necessary for fiscal year 1992.

(k) EEOC Education, Technical Assistance, and Training Revolving Fund

(1) There is hereby established in the Treasury of the United States a revolving fund to be known as the “EEOC Education, Technical Assistance, and Training Revolving Fund” (hereinafter in this subsection referred to as the “Fund”) and to pay the cost (including administrative and personnel expenses) of providing education, technical assistance, and training relating to laws administered by the Commission. Monies in the Fund shall be available without fiscal year limitation to the Commission for such purposes.

(2)(A) The Commission shall charge fees in accordance with the provisions of this paragraph to offset the costs of education, technical assistance, and training provided with monies in the Fund. Such fees for any education, technical assistance, or training--

(i) shall be imposed on a uniform basis on persons and entities receiving such education, assistance, or training,

(ii) shall not exceed the cost of providing such education, assistance, and training, and

(iii) with respect to each person or entity receiving such education, assistance, or training, shall bear a reasonable relationship to the cost of providing such education, assistance, or training to such person or entity.

(B) Fees received under subparagraph (A) shall be deposited in the Fund by the Commission.

(C) The Commission shall include in each report made under subsection (e) of this section information with respect to the operation of the Fund, including information, presented in the aggregate, relating to--

(i) the number of persons and entities to which the Commission provided education, technical assistance,

or training with monies in the Fund, in the fiscal year for which such report is prepared,

(ii) the cost to the Commission to provide such education, technical assistance, or training to such persons and entities, and

(iii) the amount of any fees received by the Commission from such persons and entities for such education, technical assistance, or training.

(3) The Secretary of the Treasury shall invest the portion of the Fund not required to satisfy current expenditures from the Fund, as determined by the Commission, in obligations of the United States or obligations guaranteed as to principal by the United States. Investment proceeds shall be deposited in the Fund.

(4) There is hereby transferred to the Fund $1,000,000 from the Salaries and Expenses appropriation of the Commission.

ENFORCEMENT PROVISIONS

SEC. 2000e-5. *[Section 706]*

(a) Power of Commission to prevent unlawful employment practices

The Commission is empowered, as hereinafter provided, to prevent any person from engaging in any unlawful employment practice as set forth in section 2000e-2 or 2000e-3 of this title *[section 703 or 704]*.

(b) Charges by persons aggrieved or member of Commission of unlawful employment practices by employers, etc.; filing; allegations; notice to respondent; contents of notice; investigation by Commission; contents of charges; prohibition on disclosure of charges; determination of reasonable cause; conference, conciliation, and persuasion for elimination of unlawful practices; prohibition on disclosure of informal endeavors to end unlawful practices; use of evidence in subsequent proceedings; penalties for disclosure of information; time for determination of reasonable cause

Whenever a charge is filed by or on behalf of a person claiming to be aggrieved, or by a member of the Commission, alleging that an employer, employment agency, labor organization, or joint labormanagement committee controlling apprenticeship or other training or retraining, including on-the-job training programs, has engaged in an unlawful employment practice, the Commission shall serve a notice of the charge (including the date, place and circumstances of the alleged unlawful employment practice) on such employer, employment agency, labor organization, or joint labor-management committee (hereinafter referred to as the “respondent”) within ten days, and shall make an investigation thereof. Charges shall be in writing under oath or affirmation and shall contain such information and be in such form as the Commission requires. Charges shall not be made public by the Commission. If the Commission determines after such investigation that there is not reasonable cause to believe that the charge is true, it shall dismiss the charge and promptly notify the person claiming to be aggrieved and the respondent of its action. In determining whether reasonable cause exists, the Commission shall accord substantial weight to final findings and orders made by State or local authorities in proceedings commenced under State or local law pursuant to the requirements of subsections (c) and (d) of this section. If the Commission determines after such investigation that there is reasonable cause to believe that the charge is true, the Commission shall endeavor to eliminate any such alleged unlawful employment practice by informal methods of conference, conciliation, and persuasion. Nothing said or done during and as a part of such informal endeavors may be made public by the Commission, its officers or employees, or used as evidence in a subsequent proceeding without the written consent of the persons concerned. Any person who makes public information in violation of this subsection shall be fined not more than $1,000 or imprisoned for not more than one year, or both. The Commission shall make its determination on reasonable cause as promptly as possible and, so far as practicable, not later than one hundred and twenty days from the filing of the charge or, where applicable under subsection (c) or (d) of this section, from the date upon which the Commission is authorized to take action with respect to the charge.

(c) State or local enforcement proceedings; notification of State or local authority; time for filing charges with Commission; commencement of proceedings

In the case of an alleged unlawful employment practice occurring in a State, or political subdivision of a State, which has a State or local law prohibiting the unlawful employment practice alleged and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, no charge may be filed under subsection (a) of this section by the person aggrieved before the expiration of sixty days after proceedings have been commenced under the State or local law, unless such proceedings have been earlier terminated, provided that such sixty- day period shall be extended to one hundred and twenty days during the first year after the effective date of such State or local law. If any requirement for the commencement of such proceedings is imposed by a State or local authority other than a requirement of the filing of a written and signed statement of the facts upon which the proceeding is based, the proceeding shall be deemed to have been commenced for the purposes of this subsection at the time such statement is sent by registered mail to the appropriate State or local authority.

(d) State or local enforcement proceedings; notification of State or local authority; time for action on charges by Commission

In the case of any charge filed by a member of the Commission alleging an unlawful employment practice occurring in a State or political subdivision of a State which has a State or local law prohibiting the practice alleged and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, the Commission shall, before taking any action with respect to such charge, notify the appropriate State or local officials and, upon request, afford them a reasonable time, but not less than sixty days (provided that such sixty-day period shall be extended to one hundred and twenty days during the first year after the effective day of such State or local law), unless a shorter period is requested, to act under such State or local law to remedy the practice alleged.

(e) Time for filing charges; time for service of notice of charge on respondent; filing of charge by Commission with State or local agency; seniority system

(1) A charge under this section shall be filed within one hundred and eighty days after the alleged unlawful employment practice occurred and notice of the charge (including the date, place and circumstances of the alleged unlawful employment practice) shall be served upon the person against whom such charge is made within ten days thereafter, except that in a case of an unlawful employment practice with respect to which the person aggrieved has initially instituted proceedings with a State or local agency with authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, such charge shall be filed by or on behalf of the person aggrieved within three hundred days after the alleged unlawful employment practice occurred, or within thirty days after receiving notice that the State or local agency has terminated the proceedings under the State or local law, whichever is earlier, and a copy of such charge shall be filed by the Commission with the State or local agency.

(2) For purposes of this section, an unlawful employment practice occurs, with respect to a seniority system that has been adopted for an intentionally discriminatory purpose in violation of this subchapter (whether or not that discriminatory purpose is apparent on the face of the seniority provision), when the seniority system is adopted, when an individual becomes subject to the seniority system, or when a person aggrieved is injured by the application of the seniority system or provision of the system.

(3)(A) For purposes of this section, an unlawful employment practice occurs, with respect to discrimination in compensation in violation of this title, when a discriminatory compensation decision or other practice is adopted, when an individual becomes subject to a discriminatory compensation decision or other practice, or when an individual is affected by application of a discriminatory compensation decision or other practice, including each time wages, benefits, or other compensation is paid, resulting in whole or in part from such a decision or other practice.

(B) In addition to any relief authorized by section 1977A of the Revised Statutes (42 U.S.C. 1981a), liability may accrue and an aggrieved person may obtain relief as provided in subsection (g)(1), including recovery of back pay for up to two years preceding the filing of the charge, where the unlawful employment practices that have occurred during the charge filing period are similar or related to unlawful employment practices with regard to discrimination in compensation that occurred outside the time for filing a charge.

(f) Civil action by Commission, Attorney General, or person aggrieved; preconditions; procedure; appointment of attorney; payment of fees, costs, or security; intervention; stay of Federal proceedings; action for appropriate temporary or preliminary relief pending final disposition of charge; jurisdiction and venue of United States courts; designation of judge to hear and determine case; assignment of case for hearing; expedition of case; appointment of master

(1) If within thirty days after a charge is filed with the Commission or within thirty days after expiration of any period of reference under subsection (c) or (d) of this section, the Commission has been unable to secure from the respondent a conciliation agreement acceptable to the Commission, the Commission may bring a civil action against any respondent not a government, governmental agency, or political subdivision named in the charge. In the case of a respondent which is a government, governmental agency, or political subdivision, if the Commission has been unable to secure from the respondent a conciliation agreement acceptable to the Commission, the Commission shall take no further action and shall refer the case to the Attorney General who may bring a civil action against such respondent in the appropriate United States district court. The person or persons aggrieved shall have the right to intervene in a civil action brought by the Commission or the Attorney General in a case involving a government, governmental agency, or political subdivision. If a charge filed with the Commission pursuant to subsection (b) of this section is dismissed by the Commission, or if within one hundred and eighty days from the filing of such charge or the expiration of any period of reference under subsection (c) or (d) of this section, whichever is later, the Commission has not filed a civil action under this section or the Attorney General has not filed a civil action in a case involving a government, governmental agency, or political subdivision, or the Commission has not entered into a conciliation agreement to which the person aggrieved is a party, the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, shall so notify the person aggrieved and within ninety days

after the giving of such notice a civil action may be brought against the respondent named in the charge (A) by the person claiming to be aggrieved or (B) if such charge was filed by a member of the Commission, by any person whom the charge alleges was aggrieved by the alleged unlawful employment practice. Upon application by the complainant and in such circumstances as the court may deem just, the court may appoint an attorney for such complainant and may authorize the commencement of the action without the payment of fees, costs, or security. Upon timely application, the court may, in its discretion, permit the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, to intervene in such civil action upon certification that the case is of general public importance. Upon request, the court may, in its discretion, stay further proceedings for not more than sixty days pending the termination of State or local proceedings described in subsection (c) or (d) of this section or further efforts of the Commission to obtain voluntary compliance.

(2) Whenever a charge is filed with the Commission and the Commission concludes on the basis of a preliminary investigation that prompt judicial action is necessary to carry out the purposes of this Act, the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, may bring an action for appropriate temporary or preliminary relief pending final disposition of such charge. Any temporary restraining order or other order granting preliminary or temporary relief shall be issued in accordance with rule 65 of the Federal Rules of Civil Procedure. It shall be the duty of a court having jurisdiction over proceedings under this section to assign cases for hearing at the earliest practicable date and to cause such cases to be in every way expedited.

(3) Each United States district court and each United States court of a place subject to the jurisdiction of the United States shall have jurisdiction of actions brought under this subchapter. Such an action may be brought in any judicial district in the State in which the unlawful employment practice is alleged to have been committed, in the judicial district in which the employment records relevant to such practice are maintained and administered, or in the judicial district in which the aggrieved person would have worked but for the alleged unlawful employment practice, but if the respondent is not found within any such district, such an action may be brought within the judicial district in which the respondent has his principal office. For purposes of sections 1404 and 1406 of Title 28 *[United States Code]*, the judicial district in which the respondent has his principal office shall in all cases be considered a district in which the action might have been brought.

(4) It shall be the duty of the chief judge of the district (or in his absence, the acting chief judge) in which the case is pending immediately to designate a judge in such district to hear and determine the case. In the event that no judge in the district is available to hear and determine the case, the chief judge of the district, or the acting chief judge, as the case may be, shall certify this fact to the chief judge of the circuit (or in his absence, the acting chief judge) who shall then designate a district or circuit judge of the circuit to hear and determine the case.

(5) It shall be the duty of the judge designated pursuant to this subsection to assign the case for hearing at the earliest practicable date and to cause the case to be in every way expedited. If such judge has not scheduled the case for trial within one hundred and twenty days after issue has been joined, that judge may appoint a master pursuant to rule 53 of the Federal Rules of Civil Procedure.

(g) Injunctions; appropriate affirmative action; equitable relief; accrual of back pay; reduction of back pay; limitations on judicial orders

(1) If the court finds that the respondent has intentionally engaged in or is intentionally engaging in an unlawful employment practice charged in the complaint, the court may enjoin the respondent from engaging in such unlawful employment practice, and order such affirmative action as may be appropriate, which may include, but is not limited to, reinstatement or hiring of employees, with or without back pay (payable by the employer, employment agency, or labor organization, as the case may be, responsible for the unlawful employment practice), or any other equitable relief as the court deems appropriate. Back pay liability shall not accrue from a date more than two years prior to the filing of a charge with the Commission. Interim earnings or amounts earnable with reasonable diligence by the person or persons discriminated against shall operate to reduce the back pay otherwise allowable.

(2) (A) No order of the court shall require the admission or reinstatement of an individual as a member of a union, or the hiring, reinstatement, or promotion of an individual as an employee, or the payment to him of any back pay, if such individual was refused admission, suspended, or expelled, or was refused employment or advancement or was suspended or discharged for any reason other than discrimination on account of race, color, religion, sex, or national origin or in violation of section 2000e-3(a) of this Title *[section 704(a)]*.

(B) On a claim in which an individual proves a violation under section 2000e-2(m) of this title *[section 703(m)]* and a respondent demonstrates that the respondent would have taken the same action in the absence of the impermissible motivating factor, the court-

(i) may grant declaratory relief, injunctive relief (except as provided in clause (ii)), and attorney's fees and costs demonstrated to be directly attributable only to the pursuit of a claim under section 2000e-2(m) of this title *[section 703(m)]*; and

(ii) shall not award damages or issue an order requiring any admission, reinstatement, hiring, promotion, or payment, described in subparagraph (A).

(h) Provisions of chapter 6 of Title 29 not applicable to civil actions for prevention of unlawful practices

The provisions of chapter 6 of title 29 *[the Act entitled"An Act to amend the Judicial Code and to define and limit the jurisdiction of courts sitting in equity, and for other purposes," approved March 23, 1932 (29 U.S.C. 105-115)]* shall not apply with respect to civil actions brought under this section.

(i) Proceedings by Commission to compel compliance with judicial orders In any case in which an employer, employment agency, or labor organization fails to comply with an order of a court issued in a civil action brought under this section, the Commission may commence proceedings to compel compliance with such order.

(j) Appeals

Any civil action brought under this section and any proceedings brought under subsection (i) of this section shall be subject to appeal as provided in sections 1291 and 1292, Title 28 *[United States Code]*.

(k) Attorney's fee; liability of Commission and United States for costs

In any action or proceeding under this subchapter the court, in its discretion, may allow the prevailing party, other than the Commission or the United States, a reasonable attorney's fee (including expert fees) as part of the costs, and the Commission and the United States shall be liable for costs the same as a private person.

CIVIL ACTIONS BY THE ATTORNEY GENERAL

SEC. 2000e-6. *[Section 707]*

(a) Complaint

Whenever the Attorney General has reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights secured by this subchapter, and that the pattern or practice is of such a nature and is intended to deny the full exercise of the rights herein described, the Attorney General may bring a civil action in the appropriate district court of the United States by filing with it a complaint (1) signed by him (or in his absence the Acting Attorney General), (2) setting forth facts pertaining to such pattern or practice, and (3) requesting such relief, including an application for a permanent or temporary injunction, restraining order or other order against the person or persons responsible for such pattern or practice, as he deems necessary to insure the full enjoyment of the rights herein described.

(b) Jurisdiction; three-judge district court for cases of general public importance: hearing, determination, expedition of action, review by Supreme Court; single judge district court: hearing, determination, expedition of action

The district courts of the United States shall have and shall exercise jurisdiction of proceedings instituted pursuant to this section, and in any such proceeding the Attorney General may file with the clerk of such court a request that a court of three judges be convened to hear and determine the case. Such request by the Attorney General shall be accompanied by a certificate that, in his opinion, the case is of general public importance. A copy of the certificate and request for a three-judge court shall be immediately furnished by such clerk to the chief judge of the circuit (or in his absence, the presiding circuit judge of the circuit) in which the case is pending. Upon receipt of such request it shall be the duty of the chief judge of the circuit or the presiding circuit judge, as the case may be, to designate immediately three judges in such circuit, of whom at least one shall be a circuit judge and another of whom shall be a district judge of the court in which the proceeding was instituted, to hear and determine such case, and it shall be the duty of the judges so designated to assign the case for hearing at the earliest practicable date, to participate in the hearing and determination thereof, and to cause the case to be in every way expedited. An appeal from the final judgment of such court will lie to the Supreme Court.

In the event the Attorney General fails to file such a request in any such proceeding, it shall be the duty of the chief judge of the district (or in his absence, the acting chief judge) in which the case is pending immediately to designate a judge in such district to hear and determine the case. In the event that no judge in the district is available to hear and determine the case, the chief judge of the district, or the acting chief judge, as the case may be, shall certify this fact to the chief judge of the circuit (or in his absence, the acting chief judge) who shall then designate a district or circuit judge of the circuit to hear and determine the case.

It shall be the duty of the judge designated pursuant to this section to assign the case for hearing at the earliest practicable date and to cause the case to be in every way expedited.

(c) Transfer offunctions, etc., to Commission; effective date; prerequisite to transfer; execution of functions by

Commission

Effective two years after March 24, 1972 *[the date of enactment of the Equal Employment Opportunity Act of 1972]*, the functions of theAttorney General under this section shall be transferred to the Commission, together with such personnel, property, records, and unexpended balances of appropriations, allocations, and other funds employed, used, held, available, or to be made available in connection with such functions unless the President submits, and neither House of Congress vetoes, a reorganization plan pursuant to chapter 9 of Title 5 *[United States Code]*, inconsistent with the provisions of this subsection. The Commission shall carry out such functions in accordance with subsections (d) and (e) of this section.

(d) Transfer of functions, etc., not to affect suits commenced pursuant to this section prior to date of transfer

Upon the transfer of functions provided for in subsection (c) of this section, in all suits commenced pursuant to this section prior to the date of such transfer, proceedings shall continue without abatement, all court orders and decrees shall remain in effect, and the Commission shall be substituted as a party for the United States of America, the Attorney General, or the Acting Attorney General, as appropriate.

(e) Investigation and action by Commission pursuant to filing of charge of discrimination; procedure

Subsequent to March 24, 1972 *[the date of enactment of the Equal Employment Opportunity Act of 1972]*, the Commission shall haveauthority to investigate and act on a charge of a pattern or practice ofdiscrimination, whether filed by or on behalf of a person claiming to beaggrieved or by a member of the Commission. All such actions shall beconducted in accordance with the procedures set forth in section 2000e-5of this title *[section 706]*.

EFFECT ON STATE LAWS

SEC. 2000e-7. *[Section 708]*

Nothing in this subchapter shall be deemed to exempt or relieve any person from any liability, duty, penalty, or punishment provided by any present or future law of any State or political subdivision of a State, other than any such law which purports to require or permit the doing of any act which would be an unlawful employment practice under this subchapter.

INVESTIGATIONS

SEC. 2000e-8. *[Section 709]*

(a) Examination and copying of evidence related to unlawful employment practices

In connection with any investigation of a charge filed under section 2000e-5 of this title *[section 706]*, the Commission or its designated representative shall at all reasonable times have access to, for the purposes of examination, and the right to copy any evidence of any person being investigated or proceeded against that relates to unlawful employment practices covered by this subchapter and is relevant to the charge under investigation.

(b) Cooperation with State and local agencies administering State fair employment practices laws; participation in and contribution to research and other projects; utilization of services; payment in advance or reimbursement; agreements and rescission of agreements

The Commission may cooperate with State and local agencies charged with the administration of State fair employment practices laws and, with the consent of such agencies, may, for the purpose of carrying out its functions and duties under this subchapter and within the limitation of funds appropriated specifically for such purpose, engage in and contribute to the cost of research and other projects of mutual interest undertaken by such agencies, and utilize the services of such agencies and their employees, and, notwithstanding any other provision of law, pay by advance or reimbursement such agencies and their employees for services rendered to assist the Commission in carrying out this subchapter. In furtherance of such cooperative efforts, the Commission may enter into written agreements with such State or local agencies and such agreements may include provisions under which the Commission shall refrain from processing a charge in any cases or class of cases specified in such agreements or under which the Commission shall relieve any person or class of persons in such State or locality from requirements imposed under this section. The Commission shall rescind any such agreement whenever it determines that the agreement no longer serves the interest of effective enforcement of this subchapter.

(c) Execution, retention, and preservation of records; reports to Commission; training program records; appropriate relief from regulation or order for undue hardship; procedure for exemption; judicial action to compel compliance

Every employer, employment agency, and labor organization subject to this subchapter shall (1) make and keep such records relevant to the determinations of whether unlawful employment practices have been or are being committed, (2) preserve such records for such periods, and (3) make such reports therefrom as the Commission shall prescribe by regulation or order, after public hearing, as reasonable, necessary, or appropriate for the enforcement of this subchapter or the regulations or orders thereunder. The Commission shall, by regulation, require each employer, labor organization, and joint labor-management committee subject to this subchapter which controls an apprenticeship or other training

program to maintain such records as are reasonably necessary to carry out the purposes of this subchapter, including, but not limited to, a list of applicants who wish to participate in such program, including the chronological order in which applications were received, and to furnish to the Commission upon request, a detailed description of the manner in which persons are selected to participate in the apprenticeship or other training program. Any employer, employment agency, labor organization, or joint labor-management committee which believes that the application to it of any regulation or order issued under this section would result in undue hardship may apply to the Commission for an exemption from the application of such regulation or order, and, if such application for an exemption is denied, bring a civil action in the United States district court for the district where such records are kept. If the Commission or the court, as the case may be, finds that the application of the regulation or order to the employer, employment agency, or labor organization in question would impose an undue hardship, the Commission or the court, as the case may be, may grant appropriate relief. If any person required to comply with the provisions of this subsection fails or refuses to do so, the United States district court for the district in which such person is found, resides, or transacts business, shall, upon application of the Commission, or the Attorney General in a case involving a government, governmental agency or political subdivision, have jurisdiction to issue to such person an order requiring him to comply.

(d) Consultation and coordination between Commission and interested State and Federal agencies in prescribing recordkeeping and reporting requirements; availability of information furnished pursuant to recordkeeping and reporting requirements; conditions on availability

In prescribing requirements pursuant to subsection (c) of this section, the Commission shall consult with other interested State and Federal agencies and shall endeavor to coordinate its requirements with those adopted by such agencies. The Commission shall furnish upon request and without cost to any State or local agency charged with the administration of a fair employment practice law information obtained pursuant to subsection (c) of this section from any employer, employment agency, labor organization, or joint labor-management committee subject to the jurisdiction of such agency. Such information shall be furnished on condition that it not be made public by the recipient agency prior to the institution of a proceeding under State or local law involving such information. If this condition is violated by a recipient agency, the Commission may decline to honor subsequent requests pursuant to this subsection.

(e) Prohibited disclosures; penalties

It shall be unlawful for any officer or employee of the Commission to make public in any manner whatever any information obtained by the Commission pursuant to its authority under this section prior to the institution of any proceeding under this subchapter involving such information. Any officer or employee of the Commission who shall make public in any manner whatever any information in violation of this subsection shall be guilty of a misdemeanor and upon conviction thereof, shall be fined not more than $1,000, or imprisoned not more than one year.

CONDUCT OF HEARINGS AND INVESTIGATIONS PURSUANT TO SECTION 161 OF Title 29

SEC. 2000e-9. *[Section 710]*

For the purpose of all hearings and investigations conducted by the Commission or its duly authorized agents or agencies, section 161 of Title 29 *[section 11 of the National Labor Relations Act]* shall apply.

POSTING OF NOTICES; PENALTIES

SEC. 2000e-10. *[Section 711]*

(a) Every employer, employment agency, and labor organization, as the case may be, shall post and keep posted in conspicuous places upon its premises where notices to employees, applicants for employment, and members are customarily posted a notice to be prepared or approved by the Commission setting forth excerpts from or, summaries of, the pertinent provisions of this subchapter and information pertinent to the filing of a complaint.

(b) A willful violation of this section shall be punishable by a fine of not more than $100 for each separate offense.

VETERANS' SPECIAL RIGHTS OR PREFERENCE

SEC. 2000e-11. *[Section 712]*

Nothing contained in this subchapter shall be construed to repeal or modify any Federal, State, territorial, or local law creating special rights or preference for veterans.

REGULATIONS; CONFORMITY OF REGULATIONS WITH ADMINISTRATIVE PROCEDURE PROVISIONS; RELIANCE ON INTERPRETATIONS AND INSTRUCTIONS OF COMMISSION

SEC. 2000e-12. *[Section 713]*

(a) The Commission shall have authority from time to time to issue, amend, or rescind suitable procedural regulations to carry out the provisions of this subchapter. Regulations issued under this section shall be in conformity with the standards and limitations of subchapter II of chapter 5 of Title 5 *[originally, the Administrative Procedure Act]*.

(b) In any action or proceeding based on any alleged unlawful employment practice, no person shall be subject to any liability or punishment for or on account of (1) the commission by such person of an unlawful employment practice if he pleads and proves that the act or omission complained of was in good faith, in conformity with, and in reliance on any written interpretation or opinion of the Commission, or (2) the failure of such person to publish and file any information required by any provision of this subchapter if he pleads and proves that he failed to publish and file such information in good faith, in conformity with the instructions of the Commission issued under this subchapter regarding the filing of such information. Such a defense, if established, shall be a bar to the action or proceeding, notwithstanding that (A) after such act or omission, such interpretation or opinion is modified or rescinded or is determined by judicial authority to be invalid or of no legal effect, or (B) after publishing or filing the description and annual reports, such publication or filing is determined by judicial authority not to be in conformity with the requirements of this subchapter.

APPLICATION TO PERSONNEL OF COMMISSION OF SECTIONS 111 AND 1114 OF TITLE 18; PUNISHMENT FOR VIOLATION OF SECTION 1114 OF TITLE 18

SEC. 2000e-13. *[Section 714]*

The provisions of sections 111 and 1114, Title 18 *[United States Code]*, shall apply to officers, agents, and employees of the Commission in the performance of their official duties. Notwithstanding the provisions of sections 111 and 1114 of Title 18 *[United States Code]*, whoever in violation of the provisions of section 1114 of such title kills a person while engaged in or on account of the performance of his official functions under this Act shall be punished by imprisonment for any term of years or for life.

TRANSFER OF AUTHORITY

[Administration of the duties of the Equal Employment Opportunity Coordinating Council was transferred to the Equal Employment Opportunity Commission effective July 1, 1978, under the President's Reorganization Plan of 1978.]

EQUAL EMPLOYMENT OPPORTUNITY COORDINATING COUNCIL; ESTABLISHMENT; COMPOSITION; DUTIES; REPORT TO PRESIDENT AND CONGRESS

SEC. 2000e-14. *[Section 715]*

[Original introductory text: There shall be established an Equal Employment Opportunity Coordinating Council (hereinafter referred to in this section as the Council) composed of the Secretary of Labor, the Chairman of the Equal Employment Opportunity Commission, the Attorney General, the Chairman of the United States Civil Service Commission, and the Chairman of the United States Civil Rights Commission, or their respective delegates.]

The Equal Employment Opportunity Commission *[originally, Council]* shall have the responsibility for developing and implementing agreements, policies and practices designed to maximize effort, promote efficiency, and eliminate conflict, competition, duplication and inconsistency among the operations, functions and jurisdictions of the various departments, agencies and branches of the Federal Government responsible for the implementation and enforcement of equal employment opportunity legislation, orders, and policies. On or before October 1 *[originally, July 1]* of each year, the Equal Employment Opportunity Commission *[originally, Council]* shall transmit to the President and to the Congress a report of its activities, together with such recommendations for legislative or administrative changes as it concludes are desirable to further promote the purposes of this section.

PRESIDENTIAL CONFERENCES; ACQUAINTANCE OF LEADERSHIP WITH PROVISIONS FOR EMPLOYMENT RIGHTS AND OBLIGATIONS; PLANS FOR FAIR ADMINISTRATION; MEMBERSHIP

SEC. 2000e-15. *[Section 716]*

[Original text: (a) This title shall become effective one year after the date of its enactment.

(b) Notwithstanding subsection (a), sections of this title other than sections 703, 704, 706, and 707 shall become effective immediately.

(c)] The President shall, as soon as feasible after July 2, 1964 *[the date of enactment of this title]*, convene one or more conferences for the purpose of enabling the leaders of groups whose members will be affected by this subchapter to become familiar with the rights afforded and obligations imposed by its provisions, and for the purpose of making plans which will result in the fair and effective administration of this subchapter when all of its provisions become effective. The President shall invite the participation in such conference or conferences of (1) the members of the President's

Committee on Equal Employment Opportunity, (2) the members of the Commission on Civil Rights, (3) representatives of State and local agencies engaged in furthering equal employment opportunity, (4) representatives of private agencies engaged in furthering equal employment opportunity, and (5) representatives of employers, labor organizations, and employment agencies who will be subject to this subchapter.

TRANSFER OF AUTHORITY

[Enforcement of Section 717 was transferred to the Equal Employment Opportunity Commission from the Civil Service Commission (Office of Personnel Management) effective January 1, 1979 under the President's Reorganization Plan No. 1 of 1978.]

EMPLOYMENT BY FEDERAL GOVERNMENT

SEC. 2000e-16. *[Section 717]*

(a) Discriminatory practices prohibited; employees or applicants for employment subject to coverage

All personnel actions affecting employees or applicants for employment (except with regard to aliens employed outside the limits of the United States) in military departments as defined in section 102 of Title 5 *[United States Code]*, in executive agencies *[originally, other than the General Accounting Office]* as defined in section 105 of Title 5 *[United States Code]* (including employees and applicants for employment who are paid from nonappropriated funds), in the United States Postal Service and the Postal Regulatory Commission, in those units of the Government of the District of Columbia having positions in the competitive service, and in those units of the judicial branch of the Federal Government having positions in the competitive service, in the Smithsonian Institution, and in the Government Printing Office, the Government Accountability Office, and the Library of Congress shall be made free from any discrimination based on race, color, religion, sex, or national origin.

(b) Equal Employment Opportunity Commission; enforcement powers; issuance of rules, regulations, etc.; annual review and approval of national and regional equal employment opportunity plans; review and evaluation of equal employment opportunity programs and publication of progress reports; consultations with interested parties; compliance with rules, regulations, etc.; contents of national and regional equal employment opportunity plans; authority of Librarian of Congress

Except as otherwise provided in this subsection, the Equal Employment Opportunity Commission *[originally, Civil Service Commission]* shall have authority to enforce the provisions of subsection (a) of this section through appropriate remedies, including reinstatement or hiring of employees with or without back pay, as will effectuate the policies of this section, and shall issue such rules, regulations, orders and instructions as it deems necessary and appropriate to carry out its responsibilities under this section. The Equal Employment Opportunity Commission *[originally, Civil Service Commission]* shall-

> (1) be responsible for the annual review and approval of a national and regional equal employment opportunity plan which each department and agency and each appropriate unit referred to in subsection (a) of this section shall submit in order to maintain an affirmative program of equal employment opportunity for all such employees and applicants for employment;
>
> (2) be responsible for the review and evaluation of the operation of all agency equal employment opportunity programs, periodically obtaining and publishing (on at least a semiannual basis) progress reports from each such department, agency, or unit; and
>
> (3) consult with and solicit the recommendations of interested individuals, groups, and organizations relating to equal employment opportunity.

The head of each such department, agency, or unit shall comply with such rules, regulations, orders, and instructions which shall include a provision that an employee or applicant for employment shall be notified of any final action taken on any complaint of discrimination filed by him thereunder. The plan submitted by each department, agency, and unit shall include, but not be limited to-

> (1) provision for the establishment of training and education programs designed to provide a maximum opportunity for employees to advance so as to perform at their highest potential; and
>
> (2) a description of the qualifications in terms of training and experience relating to equal employment opportunity for the principal and operating officials of each such department, agency, or unit responsible for carrying out the equal employment opportunity program and of the allocation of personnel and resources proposed by such department, agency, or unit to carry out its equal employment opportunity program.

With respect to employment in the Library of Congress, authorities granted in this subsection to the Equal Employment Opportunity Commission *[originally, Civil Service Commission]* shall be exercised by the Librarian of Congress.

(c) Civil action by employee or applicant for employment for redress of grievances; time for bringing of action; head of department, agency, or unit as defendant

Within 90 days of receipt of notice of final action taken by a department, agency, or unit referred to in subsection (a) of this section, or by the Equal Employment Opportunity Commission *[originally, Civil Service Commission]* upon an appeal from a decision or order of such department, agency, or unit on a complaint of discrimination based on race, color, religion, sex or national origin, brought pursuant to subsection (a) of this section, Executive Order 11478 or any succeeding Executive orders, or after one hundred and eighty days from the filing of the initial charge with the department, agency, or unit or with the Equal Employment Opportunity Commission *[originally, Civil Service Commission]* on appeal from a decision or order of such department, agency, or unit until such time as final action may be taken by a department, agency, or unit, an employee or applicant for employment, if aggrieved by the final disposition of his complaint, or by the failure to take final action on his complaint, may file a civil action as provided in section 2000e-5 of this title *[section 706]*, in which civil action the head of the department, agency, or unit, as appropriate, shall be the defendant.

(d) Section 2000e-5(f) through (k) of this title applicable to civil actions

The provisions of section 2000e-5(f) through (k) of this title *[section 706(f) through (k)]*, as applicable, shall govern civil actions brought hereunder, and the same interest to compensate for delay in payment shall be available as in cases involving nonpublic parties.

(e) Government agency or official not relieved of responsibility to assure nondiscrimination in employment or equal employment opportunity

Nothing contained in this Act shall relieve any Government agency or official of its or his primary responsibility to assure nondiscrimination in employment as required by the Constitution and statutes or of its or his responsibilities under Executive Order 11478 relating to equal employment opportunity in the Federal Government.

(f) Section 2000e-5(e)(3) *[Section 706(e)(3)]* shall apply to complaints of discrimination in compensation under this section.

PROCEDURE FOR DENIAL, WITHHOLDING, TERMINATION, OR SUSPENSION OF GOVERNMENT CONTRACT SUBSEQUENT TO ACCEPTANCE BY GOVERNMENT OF AFFIRMATIVE ACTION PLAN OF EMPLOYER; TIME OF ACCEPTANCE OF PLAN

SEC. 2000e-17. *[Section 718]*

No Government contract, or portion thereof, with any employer, shall be denied, withheld, terminated, or suspended, by any agency or officer of the United States under any equal employment opportunity law or order, where such employer has an affirmative action plan which has previously been accepted by the Government for the same facility within the past twelve months without first according such employer full hearing and adjudication under the provisions of section 554 of Title 5 *[United States Code]*, and the following pertinent sections: Provided, That if such employer has deviated substantially from such previously agreed to affirmative action plan, this section shall not apply: Provided further, That for the purposes of this section an affirmative action plan shall be deemed to have been accepted by the Government at the time the appropriate compliance agency has accepted such plan unless within forty-five days thereafter the Office of Federal Contract Compliance has disapproved such plan.

Diversity in the Federal SES and Processes for Selecting New Executives

GAO-09-110

November 2008

HUMAN CAPITAL

Diversity in the Federal SES and Processes for Selecting New Executives

GAO Accountability • Integrity • Reliability

Highlights

Highlights of GAO-09-110, a report to congressional requesters

Why GAO Did This Study

A diverse Senior Executive Service (SES), which generally represents the most experienced segment of the federal workforce, can be an organizational strength by bringing a wider variety of perspectives and approaches to policy development and implementation, strategic planning, problem solving, and decision making. In a January 2003 report (GAO-03-34), GAO provided data on career SES members by race, ethnicity, and gender as of October 2000 and a statistically estimated projection of what the profile of the SES would be in October 2007 if appointment and separation trends did not change.

In response to a request for updated information on the diversity in the SES, GAO is providing information from the Office of Personnel Management's (OPM) Central Personnel Data File (1) on the representation of women and minorities in the SES and the SES developmental pool (i.e., GS-15 and GS-14 positions) for the executive branch as of fiscal year 2007 and comparing this representation to fiscal year 2000 levels and to levels GAO projected for October 2007 in its 2003 report; (2) for fiscal years 2000 and 2007, the average age at which women and minorities were appointed to and retired from the SES as well as information on those in the SES reporting targeted disabilities; and (3) on the overall processes used in executive branch agencies for selecting and certifying members into the SES.

GAO is making no recommendations in this report.

To view the full product, including the scope and methodology, click on GAO-09-110. For more information, contact George H. Stalcup at (202) 512-6806 or stalcupg@gao.gov.

What GAO Found

The representation of women and minorities in the SES and the SES developmental pool increased governmentwide from October 2000 through September 2007, but increases did not occur in all agencies. Over these 7 years, increases occurred in more than half of the 24 major executive branch agencies, but in both 2000 and 2007 the representation of women and minorities continued to vary significantly at those agencies. In 2003, we projected that increases would occur in the representation of women and minorities in the SES and SES developmental pool by 2007. These increases generally did occur.

	October 2000			September 2007		
		Percent			Percent	
Governmentwide	Number	Women	Minorities	Number	Women	Minorities
SES	6, 296	23.2	13.9	6,555	29.1	15.8
SES developmental pool (GS-15s and GS-14s)	137,785	28.0	17.0	149,149	34.3	22.5

Source: GAO analysis of OPM's Central Personnel Data File.

Looking beyond racial, ethnic, and gender profiles, GAO also reviewed the average age at appointment to and retirement from the career SES as well as the disability status reported by career SES employees for fiscal years 2000 and 2007. For the most part, career SES members were, on average, about age 50 at the time of their appointment to the SES and about age 60 at the time of their retirement. The average age at appointment to and retirement from the career SES generally did not vary much by race, ethnicity, or gender. GAO also calculated how long, on average, individuals served in the SES, and found that the length of their stay in the SES did vary. For example, women stayed in the SES longer than men; women who voluntarily retired stayed, on average, for 11.4 years, and men who voluntarily retired stayed, on average, for 8.8 years. The average length of service among minorities ranged from 4.1 years for Asian/Pacific Islander women to 12 years for American Indian/Alaska Native men. Governmentwide less than 1 percent of the career SES in 2000 and 2007 had self-reported targeted disabilities, and their representation declined slightly over this time.

Executive branch agencies have established processes for selecting members into the SES and have developmental programs that are designed to create pools of candidates from which new members can be selected. These agencies use Executive Resources Boards to review the executive and technical qualifications of eligible candidates for initial SES career appointments and make recommendations based on the best qualified. An OPM-administered board reviews candidates' qualifications before appointment to the SES.

United States Government Accountability Office
Washington, DC 20548

November 26, 2008

The Honorable Danny K. Davis
Chairman
Subcommittee on Federal Workforce, Postal Service,
and the District of Columbia
Committee on Oversight and Government Reform
House of Representatives

The Honorable Daniel K. Akaka
Chairman
Subcommittee on Oversight of Government Management,
the Federal Workforce and the District of Columbia
Committee on Homeland Security and Governmental Affairs
United States Senate

The federal government continues to face new and more complex challenges in the 21st century resulting from long-term fiscal constraints, changing demographics, and other factors. Leadership in agencies across the federal government, especially at senior executive levels, is essential to providing accountable, committed, consistent, and sustained attention to human capital and related organizational transformation issues. The federal government's senior corps generally represents the most experienced segment of the federal career workforce. Having a diverse senior corps can be an organizational strength that can bring a wider variety of perspectives and approaches to bear on policy development and implementation, strategic planning, problem solving, and decision making.

Over the past several years, we have reported on the diversity of the Senior Executive Service (SES). For example, we issued a January 2003 report that included both a comprehensive review of career SES[1] by race, ethnicity, and gender governmentwide as of October 2000 and a statistically estimated projection of what the profile of the SES would be

[1]Career SES members are those with civil service status who are appointed competitively to SES positions and serve in positions below the top political appointees in the executive branch of government. These individuals are in executive positions classified above GS-15 or equivalent. We excluded those in SES-type positions authorized by law, such as in the Foreign Service, and some law enforcement and intelligence programs as well as positions in the Senior Level and Science and Professional systems.

in October 2007 if appointment and separation trends did not change.[2] Earlier this year, we testified on the diversity of the SES again by race, ethnicity, and gender governmentwide, comparing the results of our 2003 report with the representation of the SES in September 2007.[3] This report goes beyond the representation of the SES in 2007 to include other characteristics of the diversity of the SES, specifically age of SES members and disability status.

As requested, this report updates our January 2003 report and provides information (1) on the representation of women and minorities[4] in the SES and the SES developmental pool (i.e., GS-15 and GS-14 positions)[5] for the executive branch as of fiscal year 2007 and compares this representation to fiscal year 2000 levels and to levels we projected for the end of fiscal year 2007 in our 2003 report; (2) for fiscal years 2000 and 2007, the average age at which women and minorities were appointed to and retired from the SES, the average length of service among those appointed to the SES in fiscal year 1990, as well as information for 2000 and 2007 on the representation of individuals with targeted disabilities among the SES;[6] and (3) on the overall processes used in executive branch agencies for selecting and certifying members into the SES. The information provided for objectives (1) and (3) was reported earlier this year in testimony.[7]

[2]GAO, *Senior Executive Service: Enhanced Agency Efforts Needed to Improve Diversity as the Senior Corps Turns Over*, GAO-03-34 (Washington, D.C.: Jan. 17, 2003).

[3]GAO, *Human Capital: Diversity in the Federal SES and Senior Levels of the U.S. Postal Service and Processes for Selecting New Executives*, GAO-08-609T (Washington, D.C.: Apr. 3, 2008).

[4]By minorities, we are referring to people in the following racial and ethnic groups: African American, American Indian/Alaska Native, Asian/Pacific Islander, and Hispanic.

[5]The vast majority of potential successors for career SES positions come from the general schedule (GS) pay plan for grades GS-15 and GS-14. We included GS-15, GS-14, and equivalent employees. GS-equivalent employees are those in equivalent grades under other pay plans that follow the GS grade structure and job evaluation methodology or are equivalent by statute.

[6]Targeted disabilities are those disabilities the federal government, as a matter of policy, has identified for special emphasis. The targeted disabilities are deafness, blindness, missing extremities, partial paralysis, complete paralysis, convulsive disorders, mental retardation, mental illness, and distortion of limbs and/or spine.

[7]GAO-08-609T.

For this report, we extracted representation data for the SES and the SES developmental pool governmentwide[8] and by Chief Financial Officers Act (CFO)[9] agencies for October 2000 and September 2007 from the Office of Personnel Management's (OPM) Central Personnel Data File (CPDF). We also extracted data from the CPDF to identify average age at appointment and retirement and using those data calculated the mean and median ages of those appointed to or retired from the SES in fiscal years 2000 and 2007. We also calculated how long individuals, on average, served in the SES. To do so, we analyzed data from the CPDF on those appointed to the SES in fiscal year 1990 and followed those individuals through fiscal year 2007 to determine how many were still in the SES. Finally, we identified from the CPDF the representation of individuals in the SES who reported that they had targeted disabilities. We believe the CPDF is sufficiently reliable for the informational purpose of this report because we previously reported that governmentwide data from the CPDF for the key variables in this report—agency, gender, race or national origin, pay plan or grade, and disability status—were 96 percent or more accurate.[10] Some data on the SES and the SES developmental pool for 2000 in this report differ from data in our prior products.[11]

We conducted this performance audit from January 2008 through November 2008 in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the

[8]Governmentwide includes civilian employees of all cabinet-level departments, independent agencies, commissions, councils, and boards in the executive branch except the intelligence agencies, the Postal Service, and the Foreign Service (as of 2007).

[9]The CFO Act agencies are 24 major executive agencies that are subject to the CFO Act. In 2007, the CFO Act agencies employed 98 percent of federal employees. See 31 U.S.C. § 901.

[10]GAO, *OPM's Central Personnel Data File: Data Appear Sufficiently Reliable to Meet Most Customer Needs*, GAO/GGD-98-199 (Washington, D.C.: Sept. 30, 1998). Also, in a document dated February 28, 2008, an OPM official confirmed that OPM continues to follow the CPDF data quality standards and procedures contained in our 1998 report.

[11]We first identified SES and SES developmental pool data for 2000 in our 2003 report (GAO-03-34), in which we excluded the Federal Bureau of Investigation (FBI) from the SES and the SES developmental pool because that report contained projected SES and the SES developmental pool levels for the end of fiscal year 2007 based on separation and appointment data, and the FBI did not submit separation and appointment data to the CPDF for 2000. We subsequently cited data on the SES and SES developmental pool for 2000 from our 2003 report in four additional products (GAO-04-123T, GAO-07-838T, GAO-08-609T, and GAO-08-725T). The FBI began submitting such data to the CPDF in fiscal year 2005; therefore data in this report on the SES and the SES developmental pool governmentwide include data on the FBI.

audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Results in Brief

The representation of women and minorities in the SES and the SES developmental pool increased governmentwide from October 2000 through September 2007, but increases did not occur in all agencies. Over these 7 years, increases occurred in more than half of the 24 major executive branch agencies, but in both 2000 and 2007 the representation of women and minorities continued to vary significantly at the 24 major executive branch agencies. In 2003, we projected that increases would occur in the representation of minorities and women in the SES and SES developmental pool by 2007. These increases generally did occur.

Looking beyond racial, ethnic, and gender profiles and as requested, we reviewed the average age at appointment to and retirement from the career SES as well as the disability status of career SES employees for fiscal years 2000 and 2007. We found that for the most part, career SES members were, on average, about age 50 at the time of their appointment to the SES and about age 60 at the time of their retirement. The average age at appointment to and retirement from the career SES generally did not vary much by race, ethnicity, or gender. We also calculated how long individuals, on average, served in the SES by analyzing data on those appointed to the SES in fiscal year 1990 and following those individuals through fiscal year 2007 to determine how many were still in the SES. We found that women stayed in the SES longer than men; women who voluntarily retired (as opposed to taking some other form of retirement, such as mandatory or disability retirement) stayed, on average, for 11.4 years, and men who voluntarily retired stayed, on average, for 8.8 years. The average length of service among minorities ranged from 4.1 years for Asian/Pacific Islander women to 12 years for American Indian men. As for disability status, governmentwide less than 1 percent of the career SES in 2000 and 2007 had self-reported targeted disabilities, and the representation of individuals with these reported disabilities declined slightly between 2000 and 2007.

Executive branch agencies have established processes for selecting members into the SES and have developmental programs that are designed to create pools of candidates from which new members can be selected. These agencies are required by OPM regulations to follow competitive merit staffing requirements when making initial appointments

to the career SES or to the formal candidate development programs, which are competitive programs that are designed to create pools of candidates for SES positions.

We provided the Acting Director of OPM and the Chair of EEOC with a draft of this report for their review and comment. OPM provided technical comments, which we incorporated as appropriate, but did not otherwise comment on the report. EEOC had no comments.

Background

OPM and the Equal Employment Opportunity Commission (EEOC) each play important roles in ensuring equal employment opportunity (EEO) in the federal workplace through their leadership and oversight of federal agencies. In their oversight roles, OPM and EEOC require federal agencies to analyze their workforces, and both agencies also report on governmentwide representation levels.[12] Under OPM's regulations implementing the Federal Equal Opportunity Recruitment Program (FEORP),[13] agencies are required to determine where representation levels for covered groups are lower than in the civilian labor force and take steps to address those differences.[14] Agencies are also required to submit annual FEORP reports to OPM in the form prescribed by OPM. EEOC's Management Directive 715 (MD-715) provides guidance and standards to federal agencies for establishing and maintaining effective equal employment opportunity programs,[15] including a framework for executive branch agencies to help ensure effective management, accountability, and self-analysis to determine whether barriers to equal employment opportunity exist and to identify and develop strategies to mitigate or eliminate the barriers to participation.[16] Specifically, EEOC's MD-715 states that agency personnel programs and policies should be evaluated

[12]OPM's most recent report is its January 2007 *Annual Report to the Congress: Federal Equal Opportunity Recruitment Program, Fiscal Year 2006*, and EEOC's most recent report is its *Fiscal Year 2007 Annual Report on the Federal Work Force.*

[13]5 U.S.C. §7201 and 5 C.F.R. Part 720, Subpart B.

[14]The civilian labor force is composed of those 16 and older who are employed or looking for work and not in the military or institutionalized.

[15]See section 717 of the Civil Rights Act of 1964 and section 501 of the Rehabilitation Act of 1973, codified as amended at 42 U.S.C. § 2000e-16 and 29 U.S.C. § 791, respectively.

[16]EEOC defines barriers as agency policies, principles, or practices that limit or tend to limit employment opportunities for members of a particular gender, race, or ethnic background or based on an individual's disability status.

regularly to ascertain whether such programs have any barriers that tend to limit or restrict equitable opportunities for open competition in the workplace. The initial step is for agencies to analyze their workforce data with designated benchmarks, including the civilian labor force. If analyses of their workforce profiles identify potential barriers, agencies are to examine all related policies, procedures, and practices to determine whether an actual barrier exists. EEOC requires agencies to report the results of their analyses annually. In addition, EEOC recently issued a report on the participation of individuals who reported targeted disabilities in the federal workforce.[17] Targeted disabilities are those disabilities that the federal government, as a matter of policy, has identified for special emphasis. The targeted disabilities are deafness, blindness, missing extremities, partial paralysis, complete paralysis, convulsive disorders, mental retardation, mental illness, and distortion of limb and/or spine.

Women and Minorities in the Career SES and the SES Developmental Pool Increased Governmentwide between 2000 and 2007, and Their Representation in the SES Increased in More Than Half of the Agencies

The data that we are reporting provide a demographic snapshot of the career SES as well as the levels that serve as the SES developmental pool for October 2000 and September 2007. Table 1 shows that governmentwide, the number and percentage of women and minorities in the career SES and SES developmental pool increased between October 2000 and September 2007.

[17]*EEOC, Improving the Participation Rate of People with Targeted Disabilities in the Federal Workforce* (Washington, D.C.: Jan. 2008). Federal employees or applicants for federal employment use OPM Form SF-256 to identify physical or mental impairments. According to EEOC, the information collected from this form is used to produce reports and to ensure that individuals with disabilities are not discriminated against.

Table 1: Career SES and the SES Developmental Pool Governmentwide for October 2000 and September 2007

	October 2000			September 2007		
		Percent			Percent	
Governmentwide	Number	Women	Minorities	Number	Women	Minorities
SES	6,296	23.2	13.9	6,555	29.1	15.8
SES developmental pool (GS-15s and GS-14s)	137,785	28.0	17.0	149,149	34.3	22.5

Source: GAO analysis of OPM's CPDF.

Note: Governmentwide includes civilian employees of all cabinet-level departments, independent agencies, commissions, councils, and boards in the executive branch except the intelligence agencies, the Postal Service, and the Foreign Service (as of 2007).

As shown in table 2, the percentage of both women and minorities in the SES increased in 15 of the 24 CFO Act agencies by 2007. For the remaining CFO Act agencies, most experienced an increase in either the percentage of women or minorities between October 2000 and September 2007.

[a]The Federal Emergency Management Agency (FEMA) was an independent agency and 1 of the 24 CFO Act agencies until the formation of the Department of Homeland Security (DHS) in 2003.

[b]DHS did not exist before March 2003. It was created from 22 agencies or parts of agencies, including the U.S. Customs Service, which was formerly located in the Department of the Treasury; FEMA; and the Coast Guard.

As we reported in 2003, the gender, racial, and ethnic profiles of the career SES at the 24 CFO Act agencies varied significantly in October 2000. The representation of women ranged from 13.7 percent to 41.7 percent, with half of the agencies having 27 percent or fewer women in the career SES. For minority representation, rates varied even more and ranged from 3.1 percent to 35.6 percent, with half of the agencies having less than 15 percent minorities in the career SES. In 2007, the representation of women and minorities, both overall and in more than half of the individual agencies, was higher than it was in October 2000. The representation of women ranged from 19.9 percent to 45.5 percent with more than half of the agencies having 30 percent or more women. For minority representation, rates ranged from 6.1 percent to 43.8 percent, with more than half of the agencies having over 16 percent minority representation, and more than 90 percent of the agencies having more than 13 percent minority representation in the career SES.

For this report, we did not analyze the factors that contributed to the changes in representation from October 2000 through September 2007. As we said previously, OPM and EEOC, in their oversight roles, require

federal agencies to analyze their workforces and both agencies also report on governmentwide representation levels.

In our 2003 report, we (1) reviewed actual appointment trends from fiscal years 1995 to 2000 and actual separation experience from fiscal years 1996 to 2000; (2) estimated by race, ethnicity, and gender the number of career SES who would leave government service from October 1, 2000, through October 1, 2007; and (3) projected what the profile of the SES would be if appointment and separation trends did not change. We estimated that more than half of the career SES members employed on October 1, 2000, will have left service by October 1, 2007. Assuming then-current career SES appointment trends, we projected that (1) the only significant changes in diversity would be an increase in the number of white women with an essentially equal decrease in white men and (2) the proportions of minority women and men would remain virtually unchanged in the SES corps, although we projected slight increases among most racial and ethnic minorities.

Table 3 shows career SES representation as of October 1, 2000, our 2003 projections of what representation would be at the end of fiscal year 2007, and actual fiscal year 2007 data. We projected increases in representation among both minorities and women. Fiscal year 2007 data show that increases did take place among those groups and that those increases generally exceeded the increases we projected. The only decrease among minorities occurred in African American men, whose representation declined from 5.5 percent in 2000 to 5.0 percent at the end of fiscal year 2007.

Table 3: Fiscal Year 2007 Projections We Reported in 2003 Compared with Actual Fiscal Year 2007 Data for Career SES Governmentwide and Baseline 2000 Data

(Numbers in percent)

SES profile	October 1, 2000	October 2003 projections for October 1, 2007	Actual September 2007
African American men	5.5	5.7	5.0
African American women	2.9	3.4	3.5
American Indian/Alaska Native men	0.9	0.8	0.9
American Indian/Alaska Native women	0.3	0.3	0.4

Source: GAO analysis of CPDF.

Notes: We included GS-15, GS-14, and equivalent employees. GS-equivalent employees are those in equivalent grades under other pay plans that follow the GS grade structure and job evaluation methodology or are equivalent by statute.

Projections include replacements for departing GS-15, GS-14, and equivalent employees at appointment trends for fiscal years 1995-2000 (See GAO-03-34).

[a]Percentages may not add to 100 because of rounding.

As stated previously, we have not analyzed the factors contributing to changes in representation; therefore, care must be taken when comparing changes in demographic data since fiscal year 2000 to the projections we made in 2003, and to the 2007 actual data we present in both tables 3 and 4. For example, we have not determined whether estimated retirement trends materialized or appointment and separation trends used in our projections continued and the impact these factors may have had on the diversity of the SES and its developmental pool.

Considering retirement eligibility and actual retirement rates of the SES is important because individuals normally do not enter the SES until well into their careers; thus, SES retirement eligibility is much higher than the workforce in general. As we have said in previous reports, as part of a strategic human capital planning approach, agencies need to develop long-term strategies for acquiring, developing, motivating, and retaining staff.[18] An agency's human capital plan should address the demographic trends that the agency faces with its workforce, especially retirements. In 2006, OPM reported that approximately 60 percent of the executive branch's 1.6 million white-collar employees and 90 percent of about 6,000 federal executives will be eligible for retirement over the next 10 years. If a significant number of SES members were to retire, it could result in a loss of leadership continuity, institutional knowledge, and expertise among the SES corps, with the degree of loss varying among agencies and occupations. This has important implications for government management and emphasizes the need for good succession planning for this leadership group. Rather than simply recreating the existing organization, effective succession planning and management, linked to the strategic human capital plan, can help an organization become what it needs to be. Leading organizations go beyond a "replacement" approach that focuses on identifying particular individuals as possible successors for specific top-ranking positions. Rather, they typically engage in broad, integrated succession planning and management efforts that focus on strengthening both current and future capacity, anticipating the need for leaders and other key employees with the necessary competencies to successfully meet the complex challenges of the 21st century.

Succession planning also is tied to the federal government's opportunity to affect the diversity of the executive corps through new appointments. In September 2003,[19] we reported that agencies in other countries use succession planning and management to achieve a more diverse workforce, maintain their leadership capacity, and increase the retention of high-potential staff. Racial, ethnic, and gender diversity in the SES is an important component for the effective operation of the government.

[18]GAO, *Human Capital: Federal Workforce Challenges in the 21st Century*, GAO-07-556T (Washington, D.C.: Mar. 6, 2007).

[19]GAO, *Human Capital: Insights for U.S. Agencies from Other Countries' Succession Planning and Management Initiatives*, GAO-03-914 (Washington, D.C.: Sept. 15, 2003).

Minimal Changes Occurred in the Average Age at Appointment to and Retirement from the Career SES and in Targeted Disabilities among the Career SES between 2000 and 2007

Individuals do not typically enter the career SES until well into their careers. As of the end of fiscal years 2000 and 2007, the average age of women and minorities at the time of their appointment to the SES was about age 50 and did not change dramatically over this 7-year period except for certain groups, as shown in table 5. The average age at appointment for American Indian/Alaska Native women declined from age 48 in 2000 to age 42 in 2007 and increased during this time for both American Indian/Alaska Native men (from age 50 in 2000 to 53 in 2007) and white women (from age 47 in 2000 to 49 in 2007).

Table 5: Average Age at Appointment to the Career SES for 2000 and 2007

	Average age at appointment in	
SES profile	**Fiscal year 2000**	**Fiscal year 2007**
African American men	51	50
African American women	48	49
American Indian/Alaska Native men	50	53

Note: The average age is the statistical mean. We compared the average age to the median age for both fiscal years' data and found that the differences between the two were usually minimal and that the median age was less than the mean age in most instances.

[a]Ages of two to five individuals formed the basis for this average.

[b]One or no individuals were appointed in this year.

Similarly, the average age of women and minorities at the time of retirement from the career SES did not change much between 2000 and 2007. As shown in table 6, all of those who retired did so, on average, at

around age 60, with the exception of Asian/Pacific Islander men, whose average retirement age in 2007 was 64; Hispanic men, whose average retirement age in 2000 was 57 and in 2007 was 58; and African American men, whose average retirement age in 2000 was 62 and 59 in 2007.

Table 6: Average Age at Retirement from the Career SES in 2000 and 2007

	Average age at retirement	
SES profile	**Fiscal year 2000**	**Fiscal year 2007**
African American men	62	59
African American women	58[a]	61
American Indian/Alaska Native men	56[a]	59[a]
American Indian/Alaska Native women	[b]	60[a]
Asian/Pacific Islander men	60[a]	64

Minority women	59[a]	60

Source: GAO analysis of OPM's CPDF.

Note: The average age is the statistical mean. We compared the average age to the median age for both fiscal years' data and found that the differences between the two were usually minimal and that the median age was less than the mean age in most instances.

[a]Ages of two to five individuals formed the basis for this average.

[b]One or no individuals retired in this year.

In addition to examining the average age of individuals at the time of their appointment to and retirement from the career SES, we analyzed the length of time that a cohort of individuals served in the SES and differences in length of service. We reviewed data on the 625 individuals appointed to the career SES in fiscal year 1990. Because of questions with the records of 11 individuals, we excluded them from our analysis and analyzed the records of the remaining 614 individuals appointed to the SES in fiscal year 1990 and followed them through September 2007. We found

that 432 of the 614 had left the SES by that date—338 had retired voluntarily, 66 had resigned, and 28 had left for other reasons, such as disability or mandatory retirement. Those individuals who had voluntarily retired served in the SES an average of 9.2 years, as shown in table 7. Table 7 also shows that women stayed in the SES longer than men; women who voluntarily retired stayed, on average, for 11.4 years, and men who voluntarily retired stayed, on average, for 8.8 years. The average length of service among minorities ranged from 4.1 years for Asian/Pacific Islander women to 12 years for American Indian/Alaska Native men.

Table 7: Average Length of Stay of Career SES of Individuals Appointed to the Career SES in 1990 Who Retired or Resigned

SES profile	Number of SES appointed in fiscal year 1990	As of September 30, 2007, average length in SES (in years) among individuals appointed in 1990			
		Voluntary retirements		Resignations	
		Number	Years	Number	Years
African American men	32	22	9.5	0	0.0

Note: The average number of years in the SES at retirement will increase as those who remained in the SES as of September 30, 2007, retire in the future. We also calculated the median length of service, which showed the same patterns.

The average number of years in the SES does not include those appointed to the SES in 1990 who, as of September 30, 2007, died (10); took other types of retirement, such as disability or mandatory retirement (17); or were terminated (1).

As shown in table 8, as of September 2007, about one-third of the 614 individuals we identified who were appointed to the career SES in 1990 remained in the SES. More women from the original cohort remained than men.

Table 8: Number and Percentage of Individuals Appointed to the Career SES in 1990 Remaining in the SES as of September 2007

We also reviewed the representation of career SES members who reported having targeted disabilities. EEOC reported that it first officially recognized the term targeted disabilities in its Management Directive 703,

which was approved on December 6, 1979.[20] In its report, EEOC stated that some individuals with disabilities are reluctant to self-identify their disability status because they are concerned that (1) such disclosure will preclude them from employment or advancement or subject them to discrimination and (2) their disability status will not remain confidential. It is not clear the extent to which individuals with disabilities do not identify or report them.

Governmentwide, the representation of career SES members reporting targeted disabilities declined from 0.52 in fiscal year 2000 to 0.44 in fiscal year 2007. Table 9 shows the representation of SES members with targeted disabilities governmentwide and within the CFO Act agencies.[21]

Table 9: Career SES Members with Targeted Disabilities Governmentwide and at CFO Act Agencies for 2000 and 2007

	September 2000			September 2007		
		SES with targeted disabilities			SES with targeted disabilities	
	Number of SES	Number	Percent	Number of SES	Number	Percent
Governmentwide	6,296	33	0.52	6,555	29	0.44
CFO Act agencies	5,826	30	0.51	6,169	26	0.42

Source: GAO analysis of OPM's CPDF.

In both 2000 and 2007, half of the CFO Act agencies (12) did not employ any SES members with targeted disabilities.

[20]EEOC recognizes that there are disabilities that are not designated as a "targeted disability," but may nevertheless be just as severe, or more severe, than some targeted disabilities. Nonetheless, EEOC only collects and maintains employment statistics for the nine individual targeted disabilities. EEOC states that the purpose of focusing on targeted disabilities is to encourage the hiring, placement, and advancement of selected individuals with disabilities in affirmative action planning. The criteria EEOC used to select the nine disabilities that make up the group of targeted disabilities included the severity of the disability, the feasibility of recruitment, and the availability of workforce data for individuals with targeted disabilities.

[21]Data on targeted disabilities were not separated out by disability type for this analysis but were rolled into an overall targeted disabilities category.

Processes Used for Selecting Career SES Members Are to Follow Competitive Merit Staffing Requirements

Executive branch agencies have processes for selecting members into the career SES and developmental programs that are designed to create pools of candidates for senior positions. Federal executive agencies are to follow competitive merit staffing requirements for initial career appointments to the SES or for appointment to formal SES candidate development programs, which are competitive programs designed to create pools of candidates for SES positions.[22] Each agency head is to appoint one or more Executive Resources Boards (ERB) to conduct the merit staffing process for initial SES career appointments. ERBs review the executive and technical qualifications of each eligible candidate and make written recommendations to the appointing official concerning the candidates. The appointing official selects from among those candidates identified by the ERB as best qualified and certifies the executive and technical qualifications of those candidates selected.[23] Candidates who are selected must have their executive qualifications certified by an OPM-administered Qualifications Review Board (QRB) before being appointed to the SES.[24]

According to OPM, it convenes weekly QRBs to review the applications of candidates for initial career appointment to the SES. QRBs are independent boards of three senior executives that assess the executive qualifications of all new SES candidates. At least two of the three QRB members must be career appointees.[25] In addition, OPM guidance states that QRB members cannot review candidates from their own agencies. An OPM official stated that an OPM official acts as administrator, attending each QRB to answer questions, moderate, and offer technical guidance but does not vote or influence voting. OPM guidance states that the QRB does not rate, rank, or compare a candidate's qualifications against those of other candidates. Instead, QRB members judge the overall scope, quality, and depth of a candidate's executive qualifications within the context of five executive core qualifications—leading change, leading people, results driven, business acumen, and building coalitions—to certify that the candidate's demonstrated experience meets the executive core qualifications.

[22]See 5 C.F.R. § 317.501(c) and 412.104(c).

[23]See 5 C.F.R. § 317.501 and 5 U.S.C. § 3393(b).

[24]See 5 C.F.R. § 317.502 and 5 U.S.C. § 3393(c).

[25]Statute and OPM regulations provide that more than half of the members of the QRB must be SES career appointees. 5 U.S.C. § 3393(c) and 5 C.F.R. § 317.502(a).

To staff QRBs, an OPM official said that OPM sends a quarterly letter to the heads of agencies' human capital offices seeking volunteers for specific QRBs and encourages agencies to identify women and minority participants. Agencies then inform OPM of scheduled QRB participants, without a stipulation as to the profession of the participants. OPM solicits agencies once a year for an assigned quarter and requests QRB members on a proportional basis. The OPM official said that OPM uses a rotating schedule, so that the same agencies are not contacted each quarter. Although QRBs generally meet weekly, an OPM official said that QRBs can meet more than once a week, depending on case loads. The official said that because of the case load of recruitment for SES positions recently, OPM had been convening a second "ad hoc" QRB. According to another OPM official, after QRB certification, candidates are officially approved and can be placed.

In addition to certification based on demonstrated executive experience and another form of certification based on special or unique qualities,[26] OPM regulations permit the certification of the executive qualifications of graduates of candidate development programs by a QRB and selection for the SES without further competition.[27] OPM regulations state that for agency candidate development programs, agencies must have a written policy describing how their programs will operate and must have OPM approval before conducting them. According to OPM, candidate development programs typically run from 18 to 24 months and are open to GS-15s and GS-14s or employees at equivalent levels from within or outside the federal government. Agencies are to use merit staffing procedures to select participants for their programs, and most program vacancies are announced governmentwide or to all sources. OPM regulations provide that candidates who compete governmentwide for participation in a candidate development program, successfully complete the program, and obtain QRB certification are eligible for noncompetitive

[26]5 C.F.R. § 317.502(c). According to OPM, in very rare cases when exceptional candidates with demonstrated experience are not available, a QRB may certify a candidate whose professional/technical background makes him or her particularly well-suited for an SES vacancy although the candidate lacks demonstrated experience in one or more of the executive core qualifications. The candidate must have the potential for quickly acquiring full competence in all of the core qualifications.

[27]5 C.F.R. § 412.104. See also 5 U.S.C. § 3393(c)(2).

appointment to the SES.[28] OPM guidance states that candidate development program graduates are not guaranteed placement in the SES. Agencies' ERB chairs must certify that candidates have successfully completed all program activities, and OPM staff review candidate packages to verify that regulatory requirements have been met. An "ad hoc" QRB then reviews the candidates' training and development and work experiences to ensure he or she possesses the required executive qualifications.

OPM also periodically sponsors a centrally administered federal candidate development program. According to an OPM official, the OPM-sponsored federal candidate development program can be attractive to smaller agencies that may not have their own candidate development program, and OPM administers the federal program for them. According to OPM officials, from the first OPM-sponsored federal candidate development program, 12 graduated in September 2006. Of those, 9 individuals were placed in SES positions within 1 year of graduating from the program. In January 2008, OPM advertised the second OPM-sponsored federal candidate development program but subsequently suspended the program. In June 2008, OPM re-advertised the second OPM-sponsored federal candidate development program, and 18 candidates were selected for the program and have started their 12-month training and development program.

Agency Comments and Our Evaluation

We provided the Acting Director of OPM and the Chair of EEOC with a draft of this report for their review and comment. OPM provided technical comments via e-mail, which we incorporated as appropriate, but did not otherwise comment on the report. In an e-mail, EEOC said it had no comments.

We are sending copies of this report to the Acting Director of OPM, the Chair of EEOC, and other interested congressional parties. We also make copies available to others upon request. In addition, the report will be available at no charge on GAO's Web site at http://www.gao.gov.

[28]In some cases, candidate development program openings are announced only to an agency's employees rather than governmentwide; graduates from such programs must compete for SES positions. 5 C.F.R. § 412.104.

If you or your staffs have questions about this report, please contact me at (202) 512-9490 or stalcupg@gao.gov. Contact points for our Offices of Congressional Relations and Public Affairs may be found on the last page of this report. Key contributors to this report are listed in appendix II.

Notes: Governmentwide includes civilian employees of all cabinet-level departments, independent agencies, commissions, councils, and boards in the executive branch except the intelligence agencies, the Postal Service, and the Foreign Service (as of 2007).

We included GS-15, GS-14, and equivalent employees. GS-equivalent employees are those in equivalent grades under other pay plans that follow the GS grade structure and job evaluation methodology or are equivalent by statute.

Data on the SES and the SES developmental pool for 2000 in this report differ from prior GAO products. We first identified SES and SES developmental pool data for 2000 in our 2003 report (GAO-03-34), in which we excluded the FBI from the SES and the SES developmental pool because that report contained projected SES and the SES developmental pool levels for the end of fiscal year 2007 based on separation and appointment data, and the FBI did not submit separation and appointment data to the CPDF for 2000. We subsequently cited data on the SES and SES developmental pool for 2000 from that report in four additional products (GAO-04-123T, GAO-07-838T, GAO-08-609T, and GAO-08-725T). Data on the SES and the SES developmental pool for 2007 include the FBI.

The data on Justice for 2000 in this report differ from such data in prior GAO products. We first identified Justice SES and GS-15 and GS-14 data for 2000 in our 2003 report (GAO-03-34), in which we excluded the FBI from Justice data because that report contained projected SES and SES developmental pool levels for the end of fiscal year 2007 based on separation and appointment data, and the FBI did not submit separation and appointment data to the CPDF for 2000. We subsequently cited 2000 data from that report in four additional products (GAO-04-123T, GAO-07-838T, GAO-08-609T, GAO-08-725T).

The data on Justice for 2007 include the FBI.

[a]Percentages may not add to 100 because of rounding.

Memorandum

OFFICE OF THE INSPECTOR GENERAL

DATE: September 11, 2008

REPLY TO ATTN OF: Assistant Inspector General for Audits and Inspections

SUBJECT: Final Report on Audit of Diversity Management Programs at the GPO
Report Number 08-10

TO: Public Printer
Director, Office of Equal Employment Opportunity
Chief Human Capital Officer

Enclosed please find the subject final report. Please refer to the Executive Summary for the overall audit results. Our evaluation of your response has been incorporated into the body of the report and is included in its entirety as Appendix J. While management concurred with each of the report's recommendations, specific planned actions for each of the recommendations were not provided. We are requesting that you provide additional details related to specific actions the Agency plans to take to implement the recommendations. As a result, pending receipt of details related to implementation, each of the recommendations is considered unresolved. The final report distribution is in Appendix L.

We appreciate the courtesies extended to the audit staff. If you have any questions concerning the report, please contact Mr. Joseph Verch, Supervisory Auditor at (202) 512-0065, or me at (202) 512-2009.

Office of Inspector General

Report Number 08-10 **September 11, 2008**

Diversity Management Programs at the Government Printing Office

Executive Summary

Background. The Government Printing Office (GPO) Office of Inspector General (OIG) has completed an audit of diversity management programs at the GPO. The audit was conducted in response to a request from the Chairman of the Subcommittee on Federal Workforce, Postal Service, and the District of Columbia, of the House of Representatives' Committee on Oversight and Government Reform. The Subcommittee requested that the OIGs of each legislative branch agency assess the programs the diversity offices have in place to address diversity concerns.[1] The participating OIGs plan to publish the final results in a consolidated report by September 2008.

Objectives. The overall objective of the audit was to review diversity within GPO, specifically to:

- Identify and assess the diversity program at GPO to determine if it is yielding the desired results—that of creating a more diverse population of women and minorities in top leadership positions, specifically the Senior Level Service (SLS);[2]

- Evaluate the accuracy and completeness of the complaints and discrimination data reported to Congress; and

- Assess the degree to which diversity offices or functions are independent of the General Counsel and the Public Printer.

See Appendix A for details on the audit objectives, scope, and methodology.

Results of Audit. While not mandated to comply with the guidelines and directives of the Equal Employment Opportunity Commission (EEOC) concerning model affirmative action programs, prior to this audit commencing, senior officials at GPO, including the Directors of the Office of Equal Employment Opportunity (EEO) and Human Capital began adopting some elements of both EEOC Management Directive 715 (MD-715) and

[1] Other legislative branch agencies include the Library of Congress, Government Accountability Office, Architect of the Capitol, and the Capitol Police.
[2] Senior Level Service is the GPO equivalent to the Senior Executive Service (SES).

the leading diversity management practices identified by the Government Accountability Office (GAO). GPO has also made progress in developing its pool of Grade 15s (PG-15s) to ensure a qualified minority pool for the Agency's SLS.[3] However, improvements can be made towards enhancing the diversity of the Agency's corps of SLS employees.

The audit also showed that GPO complaints and discrimination data reported to the EEOC during fiscal year (FY) 2007 and eventually reported to Congress were accurate and complete. (See Appendix G). Further, although diversity management programs are incorporated in the Affirmative Employment Program (AEP) Division of GPO's EEO Office, the Director of EEO is independent of the General Counsel, and to a certain extent independent of the Public Printer in EEO matters. (See Appendix H).

Opportunities do exist for GPO to provide a more diverse population of qualified women and minorities in top leadership positions by incorporating the remaining essential elements of MD-715 as well as implementing the nine leading practices for diversity management identified by the GAO. Such modifications should help the agency manage the workforce and create an environment that helps diminish barriers for protected groups. In addition, changes brought about through diversity management should help attract and retain capable employees. With an expectation that a high percentage of the Government workforce will retire in the next decade, GPO should continue developing a comprehensive diversity program to meet those employment challenges.

The audit specifically identified that although GPO is not required to comply with MD-715 or GAO's leading diversity management practices:

- GPO has generally adopted three elements for creating and maintaining a model EEO program identified by MD-715, referred to as (1) demonstrated commitment from leadership, (2) efficiency, and (3) responsiveness and legal compliance. (Finding A); and

- Agency officials have partially adopted one of the GAO's nine leading diversity management practices (top leadership commitment). (Finding B).

Recommendations. We made two recommendations to GPO management, which, if implemented, should not only improve the GPO diversity program by providing a more diverse population of qualified women and minorities in top leadership, but also contribute to GPO's ability to meet its future employment challenges.

Management's Response. GPO Management concurred with each of the report's two recommendations and stated that implementation would require the Public Printer's review and approval (see Appendix J).

[3] At GPO, a Printing Office Grade (PG) 15 is the senior most grade and is generally equivalent to the General Schedule (GS) Grade 15 classified by the Office of Personnel Management. Positions at GPO above Grade PG-15 are in the Senior Level Service (SLS).

Evaluation of Management's Response. While GPO management concurred with each of the recommendations, they did not provide details regarding what actions the Agency plans to take to implement the recommendations. As a result, pending receipt of details related to implementation, the recommendations are considered unresolved.

Introduction

In November 2007, the Chairman of the Federal Workforce, Postal Service, and the District of Columbia Subcommittee of the House of Representatives' Oversight and Government Reform Committee issued a report entitled "Senior Executive Service: Women and Minorities are Underrepresented in Most Legislative Branch Agencies."[4] The report discusses racial and gender diversity of the Senior Executive Service corps in the six legislative branch agencies during FY 2007. The report stated that:

- Minorities represent 16.8 percent and women represent 35.8 percent of Senior Executive Service corps members in the six legislative branch agencies.

- In FY 2007, Senior Executive Service corps members at each agency were less diverse in terms of minorities than the agency's workforce as a whole and in four of the six agencies less diverse in terms of women.

- The representation of minorities in the legislative branch Senior Executive Service corps is stagnant, with representation of women improving only slightly between FY 2002 and FY 2007.

- General Schedule-15 successor pools[5] at some agencies were less diverse than the Senior Executive Service corps.

- In some agencies, the average total salary for minorities and women in FY 2007 was less than for nonminority and male counterparts.

To ensure equal opportunity and diversity, the EEO Office at the GPO is responsible for complying with civil rights statutes and regulations governing Federal employment.[6] As of January 28, 2008, GPO had a total of 2,263 white and blue collar employees (see Appendix C). White collar employees generally consist of administrative, technical, clerical, professional and management personnel while blue collar employees consist generally of those employees who work in production departments. Of the 2,263 employees at GPO, 956 were women (42.3 percent) and 1,359 were minorities (60.1 percent). On staff at GPO are a total of 26 SLS employees consisting of 3 women (11.5 percent) and 3 minorities (11.5 percent). For white collar workers, the ratio between women and minorities and SLS employees was similar—645 women (42.3 percent) and

[4] Report may be found at http://federalworkforce.oversight.house.gov/story.asp?ID=1617

[5] The November 2007 report of the Chairman of the Federal Workforce, Postal Service, and the District of Columbia Subcommittee of the House of Representatives' Oversight and Government Reform Committee defines successor pools as an agency's GS-15 and equivalent ranks of which the diversity of such pools can provide an indicator of how diverse the Senior Executive Service (or equivalent rank) could become in the future.

[6] Title VII of Civil Rights Act of 1964, Age Discrimination in Employment Act of 1967, and Title I of the Americans with Disabilities Act of 1990.

611 minorities (52.5 percent). Tables 1 and 2 below provide more detail between the makeup of GPO's total workforce and between the total white collar workforce and the SLS corps.

Table. 1. FY 2008 Total Workforce (as of January 28, 2008)

Employees	Workforce	
Males	**Number**	**Percent**
White	610	27.0

The EEO Director is responsible for ensuring that equal opportunities exist for employees and applicants without regard to race, sex, color, religion, national origin, sexual orientation, age, and physical and mental disability. The EEO Office consists of two divisions: (1) the Affirmative Employment Program (AEP) Division; and (2) the Counseling and Complaints Processing Division (CCPD). For FY 2007, the GPO EEO Office had a budget of $888,500 and a staff of seven employees.[7]

AEP Division

The AEP Manager assures that equal opportunity principles are an integral part of every aspect of personnel policy and practice in the recruitment, employment, development, advancement, and treatment of GPO staff and applicants for employment. In addition, the AEP Manager also manages special emphasis programs that implement Presidential Executive Orders and Federal personnel programs for eliminating demographic group imbalances in targeted occupations, and achieving diversity in the workforce.

The AEP manager oversees three special emphasis programs assigned to GPO managers who work the programs as a collateral duty. Collateral duty managers can spend up to 25 percent of their time managing the following special emphasis programs.

- ***Disability Program***

The Disability Program at GPO consists of a program manager and ten employees who voluntarily serve on the Disability Program Committee. The mission of the committee is to raise awareness of disability policies and programs through information dissemination and education programs and help elevate disability concerns to the EEO Office. The program committee works with the EEO Office to identify employment barriers to individuals with disabilities, review Agency policies addressing employment issues, and recommend changes.

- ***Federal Women's Program***

The Federal Women's Program (FWP) at GPO has the involvement of the EEO Director, the AEP Manager, and an FWP Manager, who performs the job as a collateral duty. The FWP committee also has 34 members. The FWP committee's mission is to continually identify, promote, and enhance employment and training opportunities for women. The committee also helps keep women at GPO apprised of employment issues; assists women in training, career development, and advancement; provides networking channels with other FWP organizations on issues related to eliminating barriers to equal access and opportunity; and promotes professionalism that furthers the progress of women.

[7] GPO's budget for FY 2007 was $848.225 million.

- ***Hispanic Employment Program***

The GPO Hispanic Employment Program's (HEP) mission is to eliminate discriminatory practices, assist in eliminating areas of under-representation or underutilization, evaluate practices for disparate impact or treatment, and recommend changes to eliminate barriers to Hispanic employment. The HEP manager serves in the position as a collateral duty and also serves as the Secretary to the National Council of HEP Managers, a body consisting of members from 40 different federal agencies appointed as their agency's designee responsible for building relationships between federal agencies and the Hispanic community. The HEP manager also is responsible for e-mailing GPO job vacancies to not only 67 Hispanic organizations, but also to more than 800 individuals who belong to the Washington DC-Hispanic Employment Network.

- ***Other Programs***

The AEP Manager also manages the pilot Employee Mentoring Program and the Passport-to-Work Summer Youth Program, and also co-manages the Coming Home to Work Program. The GPO Employee Mentoring Program (GEM) began as a pilot program in April 2008 and is designed to enhance employee retention, job satisfaction, and cross-organizational communication through employees receiving guidance, counseling, and coaching from designated GPO mentors. In another program, the Department of Veterans Affairs works with GPO and sponsors the Coming Home to Work Program that helps provide suitable employment opportunities for eligible members of the armed services. The Passport-to-Work Summer Youth Program offers District of Columbia youths, ages 14 to 21, a 10-week temporary summer job at GPO—funded by the District of Columbia Youth Employment Office. GPO has participated in this program for several years, and placed an average of 52 students from this program during the last 6 years, with 48 placed in 2008.

CCPD Division

The Assistant Director/Chief of CCPD manages the EEO complaint process for GPO employees and applicants for employment involving issues of discrimination on the basis of race, sex, color, religion, national origin, sexual orientation, age, disability, and reprisal for prior participation in the EEO complaints process. Along with three EEO specialists, the Chief of CCPD issues policy and guidelines related to discrimination complaint procedures, monitors complaints of discrimination to detect indications of discriminatory patterns and practices, and prepares final Agency decisions on complaints. The CCPD also collects, maintains, and analyzes data on the discrimination complaint process and serves as the official source of information for the status of complaints at GPO. CCPD also oversees recruiting, selecting, and maintaining a cadre of trained EEO specialists.

Leadership, Development, and Recruitment Program

The Agency has also recently started a new leadership program for employees. The Leadership, Development, and Recruitment (LDR) program is a 2-year program, and is staffed with employees recruited from both within and outside the Agency. The LDR program allows employees to work in a number of business units—receiving well-rounded, hands-on experience necessary to prepare them as future GPO leaders.

Findings and Recommendations

Finding A. Incorporating the Essential Elements of EEOC Management Directive-715

Although not mandated, senior officials at GPO have begun to generally follow several of the key elements of the EEOC's MD-715 for creating and maintaining a model EEO program into the structure of the Agency. For example, of the six essential elements outlined in MD-715, GPO has generally incorporated three: (1) demonstrated commitment from agency leadership; (2) efficiency; and (3) responsiveness and legal compliance. The three additional elements that would help establish a model EEO program include: (1) integration of EEO into the agency's strategic mission; (2) management and program accountability; and (3) proactive prevention of unlawful discrimination.

Basic Tenets of Management Directive 715

Effective October 1, 2003, the EEOC issued MD-715. The directive provides the basic elements necessary for creating and maintaining a model EEO program in the Federal government. The directive specifically applies to agencies in the executive branch and Military Departments (except uniformed members), the U.S. Postal Service, the Postal Rate Commission, the Tennessee Valley Authority, the Smithsonian Institution, and those units of the judicial branch of the Federal Government having positions in the competitive service.

When establishing a model EEO program, MD-715 provides that an agency should incorporate into its design a structure for effective management, accountability, and self-analysis that will ensure program success. MD-715 not only contains reporting requirements, but states that six essential elements make up a model EEO program including:

- Demonstrated commitment from agency leadership.
- Integration of EEO into the agency's strategic mission.
- Management and program accountability.
- Proactive prevention of unlawful discrimination.
- Efficiency.
- Responsiveness and legal compliance.

As part of the audit, the OIG assessed the current status of GPO's voluntary efforts to integrate the elements of MD-715 into the structure of the Agency. The results of our assessment are discussed in the following section and are summarized in Appendix B.

Essential Element One – Demonstrated Commitment From Agency Leadership

Element One recommends that the demonstrated commitment from agency leadership start with an effective EEO program policy statement. The criteria states that at the beginning of a tenure and each year thereafter, the head of an agency should issue a signed written policy statement announcing the agency's position against discrimination based on the areas that Federal law covers. GPO has voluntarily adopted this element as the Public Printer issued a policy statement to all GPO employees on April 8, 2008, emphasizing his personal commitment to equal opportunity and diversity. (See Appendix E for the complete text of that statement).[8]

The element further recommends that the head of an agency and other senior management officials demonstrate a commitment to equal employment by incorporating the principles of EEO into an agency's organizational structure and disseminating a policy demonstrating this commitment annually. Publishing such a statement sends a clear message to others in the organization about the seriousness and business relevance of diversity management. Accordingly, we recommend that the Public Printer continue to issue a policy statement addressing his commitment to EEO and diversity on a yearly basis as suggested by MD-715.

Essential Element Two – Integration of EEO into the Agency's Strategic Mission

Element Two provides that the concepts of EEO should be a part of the strategic mission and that an agency's EEO program should be organized and structured in a way that maintains a workplace free from discrimination through its policies, procedures, or practices. Although GPO's current strategic plan entitled *A Strategic Vision for the 21st Century* (December 1, 2004) does not include an EEO message, GPO has followed several of the other concepts of Element Two in that GPO has:

- Maintained a reporting structure that allows the EEO Director the appropriate authority and resources to effectively carry out a successful EEO program.

- Committed sufficient human resources and budget allocations to the EEO program for a successful operation.

- Empowered the EEO Director to have regular and effective ways of informing the Public Printer and senior management officials of the status of EEO programs and being involved in, and consulting on, management and personnel actions.

While management has recognized several aspects of Element Two, management should integrate EEO into the Agency's strategic plan. Accordingly, we recommend that as the new Public Printer formulates his strategic plan, he include EEO and diversity as an integral part of GPO's strategic mission.

[8] The current Public Printer was appointed by the President on November 6, 2007. While the current Public Printer issued a policy statement to employees at the beginning of his tenure as Public Printer, over three years had elapsed since the previous Public Printer issued his statement on February 1, 2005.

Essential Element Three – Management and Program Accountability

To ensure management and program accountability, criteria in Element Three discusses overall accountability and EEO program management. The criteria recommends that the head of an agency should hold managers, supervisors, and EEO officials responsible for effective implementation of an agency's EEO program and plan.

The thrust of management and program accountability is that EEO officials advise and provide assistance to managers about the status of EEO programs within each manager's area of responsibility. In addition, the Directors of EEO and Human Capital should meet regularly and assess whether personnel programs, policies, and procedures conform to EEOC management directives. MD-715 also instructs that the agency explore whether disciplinary actions should be taken when findings of discrimination are made.

In October 2007, EEO officials at GPO began meeting with business unit managers semiannually to discuss EEO issues and concerns within business units, provide information on EEO programs and analysis of workforce data, and obtain input that could assist in developing strategies for improving EEO programs at GPO.

While GPO practices address portions of Element Three's criteria, we recommend that EEO continue to work with business unit managers to develop EEO plans and that EEO and Human Capital officials work together and with business unit managers to identify systemic barriers in hiring, promotions, training, and awards.

Essential Element Four – Proactive Prevention of Unlawful Discrimination

Element Four states that an agency has an obligation to prevent discrimination on the basis of race, color, national origin, religion, sex, age, reprisal and disability, and to eliminate barriers that impede free and open competition in the workplace.[9] Putting such an obligation into place begins with informing employees about an effective anti-discrimination policy that explains the protections afforded by the civil rights laws, the rights afforded in such situations, and the process for redress. Further, the head of an agency must make efforts early to prevent discriminatory actions and eliminate barriers to equal employment opportunity in the workplace.

The criteria recommends that agencies conduct annual self-assessments to monitor progress, identify areas where barriers may operate to exclude certain groups, and develop strategic plans to eliminate identified barriers. In an attempt to benchmark GPO's status, we requested that the EEO officials conduct a self-assessment to help identify gaps and potential areas for development. The results of this assessment are summarized in Table 3.

[9] The Statement of the Public Printer, dated April 8, 2008, is more comprehensive than that recommended by MD-715: "Employment actions must be based upon merit principles and made without regard to an individual's race, color, religion, national origin, sex, age, mental/physical disability or sexual orientation."

Table 3. Types of Information Needed for Accurate Self-Assessment as Prescribed by MD-715

	Workforce Profiles	Provided	Not Provided
1.	Total workforce distribution by race, national origin, and sex for both the permanent and temporary workforce	X[10]	
2.	Permanent and temporary workforce participation rates for each grade level by race, national origin, and sex	X[11]	
3.	Permanent and temporary workforce participation rates for each of the agency's major occupational categories (divided by grade level) by race, national origin, and sex		X[12]
4.	Participation rates in supervisory and management positions by race, national origin, and sex		X[13]
5.	Race, national origin, and sex of applicants for both permanent and temporary employment		X
6.	Rates of selections for promotions, training opportunities and performance incentives, by race, national origin, and sex	X[14]	
7.	Rates of both voluntary and involuntary separations from employment by race, national origin, and sex	X[15]	

Since GPO is not required to follow MD-715, the AEP Manager has not yet implemented annual self-assessments. However, we recommend annual self-assessments so that the AEP Manager can more effectively monitor progress, identify areas where barriers exclude certain groups, and develop strategic plans to help eliminate barriers. Additionally, in the absence of a formal requirement for self-assessments, the data necessary to complete these assessments is not readily available from Information Technology and Systems (IT&S) in the desired format. Under the circumstances, the AEP Manager must now manually reformat data from Human Capital and arrange it in a format suitable for agency needs or congressional hearings. A request for software that would assist the efforts of the AEP Manager, is pending. Since more complete and accurate data would help the AEP Manager monitor progress and identify areas where barriers are possibly excluding certain groups, we recommend further action in order to meet the requirements of Element Four.

[10] Provided only permanent workforce for FY 2006 and 2007; did not provide temporary workforce.
[11] Provided only permanent workforce for FY 2006 and 2007; did not provide temporary workforce.
[12] Provided occupation by organization for FY 2007 and organization profile by occupation series for full-time, part-time, and other for FY 2006 and 2007.
[13] Provided organizational profile by supervisor and manager for full-time, part-time, and other for FY 2006 and 2007.
[14] Provided promotions for FY 2006 and 2007; Human Capital was not asked by EEO to provide profiles for training opportunities and performance incentives.
[15] Provided separations for FY 2006 and 2007; report did not distinguish between voluntary and involuntary for both years.

Essential Element Five – Efficiency

Element Five requires that the agency head ensure that there are effective systems in place for evaluating the impact and effectiveness of the agency's EEO programs as well as an efficient and fair dispute resolution process. Critical to this element are adequate and accurate information collection systems. Such systems fully integrated into an agency's infrastructure help it conduct periodic reviews—thus allowing the agency to stay on top of those items affecting the myriad of EEO areas.

Element Five identifies six areas for the agency to comply with EEOC's instructions including: (1) sufficient staffing, funding, and authority to achieve the elimination of identified barriers; (2) an effective complaint tracking and monitoring system in place to increase the effectiveness of the agency's EEO programs; (3) sufficient staffing, funding and authority to comply with the time frames in accordance with EEOC regulations for processing EEO complaints of employment discrimination; (4) an efficient and fair dispute resolution process and effective systems for evaluating the impact and effectiveness of the agency's EEO complaint processing program; (5) effective systems in place for maintaining and evaluating the impact and effectiveness of its EEO programs; and (6) ensuring that the investigation and adjudication function of its complaint resolution process are separate from its legal defense arm of the agency or other offices with conflicting or competing interests.

GPO is achieving many of the objectives of Essential Element Five. However, further progress can be made to develop methods to identify and eliminate barriers and implement specific strategies for evaluating the impact and effectiveness of EEO programs.

Additionally, EEO officials have experienced difficulty consolidating the information obtained from Human Capital due to the variances in data formats available for tracking the information required to achieve the elimination of identified barriers. Accordingly, we recommend that GPO management identify a solution to ensure the ability to obtain accurate data for use in identifying and eliminating barriers and to help evaluate the impact and effectiveness of its EEO programs.

Illustrative of this point is the absence of recruitment effort tracking and analysis. For example, between September 2007 and February 2008, the EEO Director visited universities in California, New Mexico, and Texas to recruit Hispanic Americans for GPO's 2008 Leadership Program and other job vacancies. In addition, Human Capital officials made similar visits to universities to recruit for the Leadership Program. Despite these efforts, Human Capital did not track these recruitment efforts or have a written plan for attracting a supply of qualified, diverse applicants for GPO employment. Since the EEO Director and Human Capital officials are not the hiring officials for GPO's individual business units, consideration should be given to having business unit managers participate in future recruiting efforts.

Although GPO was generally following most of the six subcategories, we recommend that management emphasize these additional areas, to help ensure that effective systems are in place for evaluating the impact and effectiveness of the EEO programs.

Essential Element Six – Responsiveness and Legal Compliance

Element Six contains a requirement that each year an agency certify that it is complying with EEO laws and EEOC regulations, policy guidance, and other written instructions. Element Six also identifies that agency personnel should be accountable for the timely compliance with EEOC orders. While the EEO staff are formally trained and responsible for compliance with EEO laws and EEOC regulations and orders, these requirements are not fully incorporated into the performance standards of GPO employees. The EEO Office has a system called EEO Network (EEONET) which ensures that any EEO cases over 30-days old are identified. This system is backed up by a manual calendar system which ensures that GPO officials comply in a timely manner with any orders or directives issued by EEOC Administrative Judges.

Although generally following the requirements of Element Six, management can send a positive and clear message to all GPO employees about maintaining a workplace free of discrimination and harassment as well as a commitment to EEO and diversity by requiring compliance with EEO laws and EEOC regulations in the performance standards of all managers and SLS personnel.

While GPO is voluntarily complying with several of the essential elements identified by the EEOC, the opportunity exists through fully incorporating the six elements to create and maintain a model EEO program at GPO. Creation of a model program will help further ensure that the agency is not only free from employment discrimination, but also has a diverse workforce.

Recommendation

1. The Public Printer should incorporate the six essential elements of Equal Employment Opportunity Commission Management Directive 715 by taking the following actions:

a. Continue to issue and disseminate to GPO employees an annual signed written policy statement expressing Agency commitment to equal employment opportunity as well as maintaining a workplace free of discriminatory harassment and practices.

b. Integrate equal employment opportunity policy and practices into future agency strategic plans.

c. Require, with assistance from EEO officials, that business unit managers develop an EEO plan for their individual units and that EEO and Human Capital officials meet regularly to identify any systemic barriers in hiring, promotions, training, and awards.

d. Conduct annual self-assessments that monitor progress, identify areas where barriers may exclude certain groups, and develop strategic recruitment plans to eliminate those barriers to the extent possible and to attract a qualified, diverse pool of applicants.

e. Maintain and provide sufficient resources—including staffing, funding, and authority—for EEO officials to track workforce profiles that will help eliminate identified barriers and recruitment efforts that will assist officials with identifying potential barriers. The resources provided should also include the information technology infrastructure (hardware, software, etc.) necessary to allow EEO officials to effectively produce workforce diversity statistics.

f. Incorporate compliance with EEO laws and EEOC regulations in performance standards for all managers including SLS personnel.

Management's Response. Concur. Implementation of the recommendation will require the Public Printer's review and approval (see Appendix J).

Evaluation of Management's Response. While GPO management concurred with the recommendation, they did not provide details regarding what actions the Agency plans to take to implement the recommendation. As a result, pending receipt of details related to implementation, the recommendation is considered unresolved. The OIG will work with GPO management to review any proposed actions to implement the recommendation.

Finding B. Incorporating GAO's Leading Diversity Management Practices

To date, GPO officials have partially adopted the nine practices identified by the GAO as the most common leading diversity management practices. Specifically, the Agency has partially adopted one of the GAO leading practices and is actively working on developing a plan for another of the practices--succession planning. GPO had not made decisions regarding adoption of the remaining practices at the time of the audit. Similar to the key elements of EEOC MD-715 for creating and maintaining a model EEO program, adoption of the nine practices identified by the GAO would help further ensure that the agency has a diverse workforce and an effective EEO program.

The GAO Leading Practices

In January 2005, GAO issued a report to the Ranking Minority Member, Committee on Homeland Security and Government Affairs, U.S. Senate entitled "Diversity Management: Expert-Identified Leading Practices and Agency Examples."[16] This report identified nine leading practices to be considered when an organization is developing and implementing a diversity management program. These nine practices were developed by GAO after speaking with experts in the field of diversity management and reviewing their publications. The practices that GAO identified include:

- **Top leadership commitment**—a vision of diversity demonstrated and communicated throughout an organization by top-level management;

- **Diversity as part of an organization's strategic plan**—a diversity strategy and plan that are developed and aligned with the organization's strategic plan;

- **Diversity linked to performance**—the understanding that a more diverse and inclusive work environment can yield greater productivity and help improve individual and organizational performance;

- **Measurement**—a set of quantitative and qualitative measures of the impact of various aspects of an overall diversity program;

- **Accountability**—the means to ensure that leaders are responsible for diversity by linking their performance assessment and compensation to the progress of diversity initiatives;

- **Succession planning**—an ongoing, strategic process for identifying and developing a diverse pool of talent for an organization's potential future leaders;

- **Recruitment**—the process of attracting a supply of qualified, diverse applicants for employment;

[16] GAO 05-90, January 14, 2005, available at http://www.gao.gov/newitems/d0590.pdf

- **Employee involvement**—the contribution of employees in driving diversity throughout an organization; and

- **Diversity training**—organizational efforts to inform and educate management and staff about diversity.

We reviewed GPO's diversity programs to benchmark the Agency's standing in relation to GAO's nine leading diversity management practices. The results of our review are discussed in the following section and are summarized in Appendix D.

1. Top Leadership Commitment

A commitment of top leadership is the first leading practice that GAO identifies in its January 2005 report. That practice requires that the head of an agency and other senior officials commit themselves to diversity by incorporating the principles of EEO into an agency's organizational structure. The Public Printer issued a policy statement to all GPO employees on April 8, 2008, emphasizing his personal commitment to equal opportunity and diversity. (See Appendix E for the complete text of that statement). While the current Public Printer issued a signed policy statement to employees at the beginning of his tenure as Public Printer, over three years had elapsed since the previous Public Printer issued his statement on February 1, 2005. As previously recommended, the Public Printer should follow MD-715 guidance and continue to issue a signed policy statement annually to all employees addressing his commitment to diversity and EEO. This ongoing demonstration of commitment from the Public Printer is critical to the success of GPO's diversity and EEO programs.

2. Diversity as Part of an Organization's Strategic Plan

An emphasis on diversity as part of an organization's strategic plan is the second leading practice that GAO identifies in its January 2005 report. Such a practice requires an emphasis on integrating diversity management into an organization's strategic plan because it fosters a culture change that supports and values differences. Since it typically takes five to seven years to complete the initiatives of an agency's strategic plan, sustaining top leadership commitment to improvement is particularly challenging since the turnover rate for political appointees is just less than three years.[17] The Public Printer should link diversity to any future update of the Agency's Strategic Plan to ensure that EEO and diversity are considered an integral part of the agency's strategic mission.

3. Diversity Linked to Performance

The contribution that diversity plays in achieving improved individual and organizational performance is the next leading practice that GAO identifies in its January 2005 report. Diversity management makes good business sense, enhancing productivity and

[17] GAO, *High –Risk Series: Strategic Human Capital* Management, GAO-03-120 (Washington, D.C. January 2003) reported that governmentwide the average tenure of political appointees for 1990 through 2001 was just under three years.

innovation. In addition, diversity management can help reduce costs by reducing turnover, increasing employee retention across demographic groups, and improving morale. GPO should include the development of diversity management as part of its strategic plan.

4. Measurement

Quantitative and qualitative measures are vital tools in helping an agency evaluate the effectiveness of its diversity management in terms of return on investment, recruitment efforts, and retention. These tools can also help an agency compute the return on their investments in areas such as diversity training and recruiting. As previously noted, EEO officials have not been able to easily obtain workforce data to aid in such measurements. Further, the absence of written plans for attracting a supply of qualified, diverse applicants for employment, makes it difficult to measure success.

Since GPO has not implemented methods to measure or evaluate the effectiveness of the organization's diversity management, it was not possible to evaluate the return on investment for training or retraining. This type of measurement is important because it provides an agency an idea of where barriers might be that are hindering success with diversity-related goals. Although EEO officials informed us that GPO will adopt this GAO leading practice, it is our opinion that this decision should be made by the GPO Chief Human Capital Officer, who is responsible for workforce data and recruitment.

5. Accountability

Ensuring that managers maintain diversity, evaluate progress, and can manage diverse groups is the next leading practice that GAO identifies. Accountability is defined by GAO as the means to ensure that leaders are responsible for diversity by linking their performance assessment and compensation to the progress of diversity initiatives. To accomplish accountability, organizations should link ratings and compensation. The Government's Senior Executive Service corps is already held to that type of accountability—consistent with section 4313 of Title 5, which provides performance appraisal criteria for achieving EEO requirements. This accountability is also consistent with the EEOC's instructions to Federal agencies implementing MD-715.[18]

At GPO, managers and supervisors are held to core EEO commitments in order to obtain performance bonuses. As a point of interest, FY 2007 performance agreements for supervisors and the SLS corps contained a statement about EEO issues, whereas, in the FY 2008 agreements, that statement was changed. For the differences in the two agreements, see the portion below highlighted in *italics*.

[18] The instructions describe the requirement that agencies inform managers and supervisors that success and a positive evaluation will include an assessment of how that manager contributes to the agency's EEO program by emphasizing to managers and supervisors that equality of opportunity is essential to attracting, developing, and retaining the most qualified workforce, with such a workforce being essential to ensuring the agency's achievement of its strategic mission.

FY 2008 Performance Agreement

I will make decisions in areas such as hiring, training, awards, special projects and developmental assignments without regard to sex, race, color, religion, national origin, age, disability, sexual orientation, or reprisal. I will conduct myself in accordance with all applicable legal and ethical standards of behavior and will assist on and enforce these standards within my organization. In the event that the above core commitment is not being met, the supervisor's rater must immediately provide guidance and advice to address any performance-related problems.

FY 2007 Performance Agreement

I will make decisions in areas such as hiring, training, awards, special projects and developmental assignments without regard to sex, race, color, religion, national origin, age, disability, sexual orientation, or reprisal *in order to nurture talent, create diverse opportunities and maximize the potential of GPO's workforce. I will promote staff participation in EEO events and programs. I will work with EEO to address and resolve allegations of discrimination and/or harassment within my organization.*

EEO officials stated that no decision had been made to adopt this practice although Human Capital officials stated that the draft EEO core commitment for FY 2009 performance agreements would be similar to the previous FY 2007 core commitment. We recommend that the agency adopt core commitments that emphasize the value of creating a diverse workforce and address the culture of diversity as opposed to mere compliance with laws and regulations.

6. Succession Planning

Succession planning is the sixth leading practice that GAO identifies in its January 2005 report. Succession planning is tied to the Federal Government's opportunity to change the diversity of the executive corps through new appointments and is a comprehensive, ongoing strategic process that enables management to forecast an organization's leadership needs. Identifying and developing candidates who have the potential to be future leaders, and selecting individuals from among a diverse pool of qualified candidates to meet executive resource needs is at the heart of succession planning.

As Table 4 shows, in the last five years GPO has made significant progress in the overall diversity of its workforce. Specifically, in FY 2002, there were 32 Grade 15s consisting of 31 males (6 minorities) and one female (0 minorities). In FY 2007, there were 56 males (14 minorities) and 23 females (11 minorities).

Table 4. 5-Year Trend Grade 15 (PG-15) Employees

Fiscal Year	**2002**		**2007**	
Males	**Number**	**Percent**	**Number**	**Percent**
White	25	78.2	42	53.1
African American	5	15.6	11	13.9
Asian American/Pacific Islander	1	3.1	1	1.3
Hispanic American	0	0.0	1	1.3
Native American	0	0.0	1	1.3
Total Males	**31**	**96.9**	**56**	**70.9**
Females				
White	1	3.1	12	15.2
African American	0	0.0	6	7.6
Asian American/Pacific Islander	0	0.0	5	6.3
Hispanic American	0	0.0	0	0.0
Native American	0	0.0	0	0.0
Total Females	**1**	**3.1**	**23**	**29.1**
Overall Totals	**32**	**100.0**	**79**	**100.0**

The result of the progress GPO has made in their succession planning has affected the makeup of its SLS employees. As shown in Table 5 below, in FY 2002, there were 21 SLS employees consisting of 20 males (0 minorities) and one female (1 minority). In FY 2007, there were a total of 26 SLS employees consisting of 23 males (1 minority) and 3 females (2 minorities).

Table 5. 5-Year Trend Senior Level Service (SLS) Employees

Fiscal Year	**2002**		**2007**	
Males	**Number**	**Percent**	**Number**	**Percent**
White	20	95.2	22	84.6
African American	0	0.0	0	0.0
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	0	0.0	1	3.9
Native American	0	0.0	0	0.0
Total Males	**20**	**95.2**	**23**	**88.5**
Females				
White	0	0.0	1	3.8
African American	1	4.8	2	7.7
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	0	0.0	0	0.0
Native American	0	0.0	0	0.0
Total Females	**1**	**4.8**	**3**	**11.5**
Overall Totals	**21**	**100.0**	**26**	**100.0**

Another way GPO supports succession planning is through leadership programs. A new program at GPO is called the Leadership, Development, and Recruitment (LDR) program. The LDR program—a two-year career-building program—began in FY 2007. As part of the LDR program, employees are recruited from both inside and outside the Agency. The program allows employees to work in a number of business units to get a range of hands-on experience of GPO to become potential future leaders within those same business units. In FY 2007, there were 13 employees—8 males (4 minorities) and 5 females (3 minorities)—enrolled in the LDR program. The second LDR class began in June 2008 with seven employees—five males and two females (1 minority). Table 6 provides more detail on the makeup of these two classes.

Table 6. Leadership Development and Recruitment (LDR) Program Employees

Fiscal Year	**2007**		**2008**	
Males	**Number**	**Percent**	**Number**	**Percent**
White	4	30.8	5	71.4
African American	3	23.0	0	0.0
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	1	7.7	0	0.0
Native American	0	0.0	0	0.0
Total Males	**8**	**61.5**	**5**	**71.4**
Females				
White	2	15.4	1	14.3
African American	3	23.1	1	14.3
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	0	0.0	0	0.0
Native American	0	0.0	0	0.0
Total Females	**5**	**38.5**	**2**	**28.6**
Overall Totals	**13**	**100.0**	**7**	**100.0**

Although GPO can still improve the diversity of its SLS corps with the inclusion of Asian American/Pacific Islanders, Hispanic Americans, and Native Americans, in the last five years, GPO has worked to create a diverse pool of qualified candidates for future SLS positions at both the Grade 15 level and through implementation of the LDR program.

7. Recruitment

Attracting a supply of qualified, diverse applicants for employment is the next leading practice listed by GAO. GAO states that organizations can widen selection of schools from which they can recruit to include, for example, Historically Black Colleges and Universities, Hispanic-Serving Institutions, women's colleges, and schools with international programs. Because of the number of Federal employees, including those in

senior level positions eligible for retirement in the next decade, the Federal Government will need more midcareer employees, defined by the GAO as employees generally 40 and older with 10 or more years of work experience.

In 2006, GPO hired a Recruitment Manager who worked with GPO managers including EEO and established a plan to recruit diverse candidates for a number of positions including the LDR Program. The Recruitment Manager along with other recruiters visited Historically Black Colleges and Universities and Hispanic-Serving Institutions. In addition, the manager used his personal contacts to generate renewed interest in GPO. A similar plan created in coordination with the EEO Manager is in place for 2008/2009. Also, the Hispanic Employment Program Manager e-mails job vacancies to 67 Hispanic organizations and to more than 800 Hispanic Employment Network individuals. Finally, significant recruitment planning, efforts and advertising took place in order to find diverse candidates to fill the positions at GPO's Secure Production Facility (SPF) in Mississippi. However, such efforts by Human Capital and EEO may not be fully realized in the absence of participation by the business unit managers making the employment selections. Accordingly, we recommend that the business unit managers responsible for employment selection and recruiting be included in outreach and recruitment efforts.

8. Employee Involvement

Employee involvement is GAO's eighth practice. Involving employees in diversity management helps contribute to diversity throughout the organization. Employees can get involved by: (1) forming employee diversity task forces, councils, boards, and networks to identify issues, recommend actions, and help develop initiatives to facilitate change; (2) providing mentoring opportunities to help identify and develop high-potential employees, improve employee productivity and performance, and promote retention and diversity; and (3) encouraging employees to volunteer in their communities and allocating mission personnel to participate in community outreach programs with private employers, public schools, and universities.

In its report, GAO provides an example of an agency that established a diversity advisory board and provided a visible forum for independent advice and assistance to management officials on diversity-related plans, policies, and programs. The same agency also created an advisory council chaired by a senior manager. The two groups contributed to the diversity strategic plan which was adopted by agency management. The diversity strategic plan had the following four objectives:

- Increased awareness of diversity values and sensitivities by senior management, managers, and staff.

- Retention of existing diversity and work-life enhancement.

- Active promotion of outreach and creation of a visible network of connections or routes to the agency.

- Recruitment and workforce planning for enhanced diversity.

GPO has several diverse employee groups such as the Federal Women's Program, Hispanic Employment Program, and the Disability Committee. These groups help identify issues and recommend actions to GPO management. These groups could also aid GPO management in the development of initiatives and recommendations for a diversity strategic plan similar to that identified in the GAO report.

In another effort to enhance employee involvement, the AEP Manager introduced GPO's Employee Mentoring Program in April 2008. The program is a formal six-month pilot with 11 mentors and protégés and is designed to enhance employee retention, job satisfaction, and cross-organizational communication through employees receiving teaching, guidance, counseling, and coaching from other GPO employees.

GPO also has very active employee involvement. As the GAO report emphasizes, employees should be empowered to address and identify diversity issues, recommend actions, and help develop initiatives to address concerns and create greater cultural and diversity awareness in the workplace for all employees. We recommend that GPO management evaluate its existing employee groups, identify whether employees' issues are fully represented and ensure that the groups are meeting the objectives as identified by GAO.

9. Diversity Training

GAO's ninth practice of training can help an organization's management and staff increase their awareness and understanding of diversity as well as help it develop concrete skills for assisting it with communicating and increasing productivity. Training can provide employees with an awareness of their differences—including cultural, work style, and personal presentation-and an understanding of how diverse perspectives can improve organizational performance. GAO also states that to increase employee effectiveness in a diverse environment, training should include teambuilding, communication styles, decision-making, and conflict resolution.

EEO officials informed us that GPO plans to adopt this leading practice. The OIG believes that officials from both EEO and Human Capital should work together to develop a diversity training curriculum that can be provided to all GPO employees.

Recommendation

2. The Public Printer should adopt all or a combination of the leading practices GAO recommends to create and maintain a positive work environment with qualified and diverse senior officials by taking the following steps:

    a. Continue to issue to all employees an annual policy statement on his personal commitment to equal opportunity and diversity.

b. Link diversity to GPO's strategic plan.
c. Include the development of diversity management in its strategic plan.

d. Develop a data gathering and tracking system for workforce data that will help the agency eliminate identified barriers.

e. Develop a written plan for attracting a supply of qualified, diverse applicants for employment, identifying quantitative and qualitative performance measures that can track data on its workforce to evaluate the effectiveness of the Agency's diversity management efforts as well as track the return on investment in such areas as diversity training and recruitment.

f. Ensure that managers are responsible for diversity in their business units and that awards are based partly on a manager's success in achieving diversity-related goals.

g. Identify, develop, and select candidates for new appointments who have the potential to be future leaders from a diverse pool of qualified candidates.

h. Empower employees to get involved in diversity management by forming employee task forces, councils, and boards that identify issues and recommend actions to the diversity strategic plan.

i. Develop a diversity training program for managers and employees that increases awareness and understanding of diversity as well as help develop concrete skills to assist in communicating and increasing productivity.

Management's Response. Concur. Implementation of the recommendation will require the Public Printer's review and approval (see Appendix J).

Evaluation of Management's Response. While GPO management concurred with the recommendation, they did not provide details regarding what actions the Agency plans to take to implement the recommendation. As a result, pending receipt of details related to implementation, the recommendation is considered unresolved. The OIG will work with GPO management to review any proposed actions to implement the recommendation.

Appendix A. Objectives, Scope, and Methodology

Objectives

The overall objective of the audit was to conduct a review of the diversity office within the GPO at the request of the Subcommittee on Federal Workforce, Postal Service, and the District of Columbia, Committee on Oversight and Government Reform, House of Representatives. The Subcommittee expressed concern about the under representation of women and minorities in the senior-level positions at the legislative branch agencies. The GPO OIG was one of five legislative branch agencies jointly conducting this review. The other legislative branch agencies participating in the review are the Library of Congress, Government Accountability Office, Architect of the Capitol, and U.S. Capitol Police. Participating agencies will issue a consolidated report to Congress by September 2008.

The specific audit objectives were to:

- Identify and assess the diversity program at GPO to determine if it is yielding the desired results, that of creating a more diverse population of women and minorities in top leadership positions (SLS).

- Evaluate the accuracy and completeness of the complaints and discrimination data being reported to the Congress.

- Assess to what degree the diversity offices are independent of the GPO's General Counsel and the Public Printer

Scope and Methodology

To be consistent in our scope and methodology in reporting each particular agency's position to the three specific objectives, we followed a uniform audit guide provided to each participating OIG by the Library of Congress OIG. To address the audit objectives, we:

1. Assessed the responses that the EEO Director provided in the: (1) Self-Assessment Checklist in MD-715 which identifies the effectiveness of the GPO diversity programs; and (2) Data Collection Instrument for Leading Diversity Management Practices which gauges the agency's progress in following leading diversity management practices as of January 1, 2008.

2. Evaluated the accuracy and completeness of GPO's complaint and discrimination data for Fiscal Year 2007.

3. Assessed the current independence of GPO's EEO Director and the diversity programs with the Public Printer and GPO's General Counsel.

We also interviewed officials from the Offices of the General Counsel and Human Capital to determine whether policies and procedures related to EEO were implemented and followed. Human Capital officials also provided workforce profile reports and documentation on recruiting applicants for Agency leadership programs.

Management Controls Reviewed

We reviewed management controls related to EEO areas, including complaint and discrimination reports as well as the reporting of data for workforce profile reports to ensure these practices are contained in GPO Instruction 825.18A.

Audit Field Work

We performed field work from April through August 2008 at the GPO Central Office in Washington, D.C. We performed the audit in accordance with generally accepted government auditing standards.

Appendix B. Assessment of Whether GPO Practiced the Essential Elements of EEOC Management Directive 715

	Essential Element	Generally Following	Not Following
1.	Demonstrated Commitment from Leadership	X	
2.	Integration of EEO into the Strategic Mission		X[19]
3.	Management and Program Accountability		X[20]
4.	Proactive Prevention		X[21]
5.	Efficiency	X	
6.	Responsiveness and Legal Compliance	X	

[19] Although GPO followed the four parts of Element B, the previous strategic plan did not address EEO.
[20] Although GPO followed portions of Element C, it did not include the portions for business unit managers developing EEO plans and EEO and Human Capital officials identifying any systemic barriers in past promotions, training, and awards.
[21] Because the data that Human Capital official provided was limited, the AEP Program Manager could not conduct an annual self-assessment to monitor the progress and identify areas where barriers may operate to exclude certain groups.

Appendix C. White and Blue Collar Workforce Profile by Grade, Race, and Sex (As of January 28, 2008)

Grade	Total Employees			White		Black		Hispanic		Asian / Pacific Islander		American Indian

Appendix D. Assessment of Whether GPO Exemplifies GAO's Leading Practices for Diversity Management

	Leading Diversity Practices[22]	Not Yet Adopted					Level of Adoption	
		Do not anticipate adopting	No decision	Will adopt	Plan under development	Written plan complete	Partially adopted	Fully adopted
1.	**Top leadership commitment –** a vision of diversity demonstrated and communicated throughout an organization by top-level.						X[23]	
2.	**Diversity as part of an organization's strategic plan –** a diversity strategy and plan that are developed and aligned with the organization's strategic plan.		X					
3.	**Diversity linked to performance –** the understanding that a more diverse and inclusive work environment can yield greater productivity and help improve individual and organizational performance.		X					
4.	**Measurement –** a set of quantitative and qualitative measures of the impact of various aspects of an overall diversity program.		X					
5.	**Accountability –** the means to ensure that leaders are responsible for diversity by linking their performance assessment and compensation to the progress of diversity initiatives.		X					
6.	**Succession planning –** an ongoing, strategic process for identifying and developing a diverse pool of talent for an organization's potential future leaders.				X[24]			
7.	**Recruitment –** the process of attracting a supply of qualified, diverse applicants for employment.		X					
8.	**Employee involvement –** the contribution of employees in driving diversity throughout an organization.		X					
9.	**Diversity training –** organizational efforts to inform and educate management and staff about diversity.		X					

[22] GAO report GAO-05-09, "Diversity Management Expert-Identified Leading Practices and Agency Examples," January 2005.

[23] Based on the Public Printer's April 8, 2008, letter on equal opportunity and diversity.

[24] The Human Capital Office did not have a written plan. However, GPO has made progress in the last five years to create a diverse pool of qualified candidates at the Grade 15 level and the implementation of the LDR program.

Appendix E. Public Printer's April 8, 2008 Letter on Equal Opportunity and Diversity

GPO U.S. GOVERNMENT PRINTING OFFICE
KEEPING AMERICA INFORMED

Robert C. Tapella
Public Printer

April 8, 2008

To All GPO Employees:

As Public Printer I want to emphasize my personal commitment to equal opportunity and diversity. It is imperative that we treat fairly all employees, applicants for employment, and customers of the U.S. Government Printing Office (GPO). Employment actions must be based upon merit principles and made without regard to an individual's race, color, religion, national origin, sex, age, mental/physical disability or sexual orientation.

Since becoming Public Printer at GPO, I have made it clear that I will not tolerate any form of discrimination in the workplace. I firmly believe that every GPO employee is entitled to work in an environment that is free of discrimination and harassment. I am committed to ensuring that every individual in GPO enjoys that right without regard to non-merit factors. This environment is necessary for accomplishing our goal of attracting, hiring, developing and retaining a quality diverse workforce that achieves our mission and meets the expectations of our citizens and the visitors we serve.

It is the policy of GPO to provide equal employment opportunity for all persons in its workforce, as well as applicants for employment and to prohibit discrimination in all aspects of its personnel policies, program practices and operations. Every GPO manager and supervisor is responsible for ensuring that we achieve that goal. I expect a "zero tolerance" approach to this important area. I take any confirmed violations of this policy very seriously. Employees who violate the law will be held accountable for their conduct. I encourage every level of management to maintain a high level of awareness regarding these matters and to foster a steadfast commitment to equal opportunity for all persons. I expect managers and supervisors to respond to complaints swiftly and appropriately, as they will be held accountable for taking steps to eliminate such behavior and to ensure that the work environment is one where employees are treated fairly, respectfully and with dignity.

As Public Printer, I will vigorously pursue these goals and I encourage all employees to fully support our commitment in principle and in action to ensure that our equal employment opportunity programs are successful. Each of you plays a part in creating and sustaining a workplace that will provide all employees with a working environment free from discrimination where individual differences are respected and valued.

Sincerely,

732 North Capitol Street, NW Washington, DC 20401 202-512-1000 rtapella@gpo.gov

Appendix F. Summary of Leading Practices GPO Followed (From PricewaterhouseCoopers[25] Study and EEOC Management Directive 715[26])

	Diversity Program Characteristics	Following	Generally Following	Not Following
1.	Diversity Program housed separate from the EEO office?			X
2.	Agency has a diversity action or strategic plan?			X
3.	Agency is conducting targeted recruitment and outreach efforts to attract potential under represented minority employees?		X	
4.	Mentoring Program?	X		
5.	Includes awareness events (for example, special emphasis functions)?	X		
6.	Includes a diversity council?			X
7.	Agency encourages the development of formally or informally constituted groups representing specific categories of employees such as women, African Americans, or gays and lesbians?		X	
8.	Includes focus on conflict management (for example, alternative dispute resolution or mediation)?	X		
9.	Diversity training required for managers and supervisors?			X
10.	Diversity training included in employee orientation?			X
11.	Have administered attitude survey as part of assessment?	X		
12.	Diversity element in supervisors/managers performance plans?			X
13.	Are management/personnel policies, procedures and practices examined at regular intervals to assess whether there are hidden impediments to equal opportunity?		X	
14.	Does the EEO Director have the authority and funding to ensure implementation of agency EEO action plans?	X		
15.	The agency tracks the race, national origin and sex of applicants for both permanent and temporary employment?			X
16.	The agency tracks the rates of selections for promotions by race, national origin and sex?			X
17.	The agency tracks the rates of training opportunities (hours per year) by race, national origin and sex?			X
18.	The agency tracks the rates of performance incentives (monetary awards, step increases) by race, national origin and sex?			X
19.	The agency tracks the rates of complaints by race, national origin and sex to see if a particular group has more complaints about promotions, disciplinary actions, performance appraisals, or awards?	X[27]		
20.	The agency tracks the rates of both voluntary and involuntary separations from employment by race, national origin and sex?			X

[25] "A Changing Workforce: Understanding Diversity Programs in the Federal Government" December 2001.
[26] This table will be included in the consolidated report of the five Legislative Branch agencies to Congress.
[27] The EEO Office uses this information in their semiannual meetings with business units that began in October 2007.

Appendix G. Accuracy and Completeness of EEO Data[28]

Tracking and Reporting the Number and Status of Discrimination Complaints

GPO's EEO Office uses EEONET, a case management system built to assist EEO managers and counselors in managing all aspects of information and program management related to EEO complaints and resolutions. Built to support the EEOC reporting requirements, EEONET allows automated generation of reports required by EEOC as well as a variety of other reports and documentation that can be customized to user and management requirements. The data in EEONET are supported by the manual files kept as well as a monthly report that is kept to ensure the data is accurate when it is entered into the system. GPO's EEO office is required to submit annually EEOC Form 462 report. EEOC incorporates the data along with the other agencies and report it to Congress. Although the format between "No Fear Act" and EEOC's 462 are somewhat different, the data collected are the same. One key difference is that the "No Fear Act" reporting reflects comparative data for the previous 5 years; EEOC Form 462 report includes activity that occurred during the preceding fiscal year.

No.	Discrimination Complaints	Yes	No
1	Does the agency have a system of management controls in place to ensure the timely, accurate, complete and consistent reporting of EEO complaint data?	X	
2	Does the agency use a complaint tracking system that allows identification of the location and status of complaints, and length of time elapsed at each stage of the agency's complaint resolution process?	X	
3	Does the agency's tracking system identify the issues and bases of the complaints, the aggrieved individuals/complainants, the involved management officials and other information to analyze complaint activity and trends?	X	
4	Is the agency statutorily mandated to follow the No Fear Act reporting requirements?		X
4a	Does the agency follow the No Fear Act reporting format?		X
4b	Does the agency post its No Fear Act (or similar) data on its web site?		X

[28] This table will be included in the consolidated report of the five Legislative Branch agencies to Congress.

Appendix H. Independence of the Diversity Office[29]

Independence

No.		Yes	No
1	Has the agency placed the EEO Director in a direct reporting relationship with the head of the agency?	X	
2	Does the EEO Director have a regular and effective means of informing the agency head and other top management officials of the effectiveness, efficiency and compliance (with agency regulations or EEOC Directives, if applicable) of the agency's EEO program?	X	
3	Is the EEO investigative and decision making process separate from the personnel function?	X	
4	Are the legal sufficiency reviews done by a unit separate from the personnel function?	X	
5	Does the agency offer Alternative Dispute Resolution or mediation?	X	

[29] This table will be included in the consolidated report of the five Legislative Branch agencies to Congress.

Memorandum

HUMAN CAPITAL OFFICE

DATE: September 10, 2008

REPLY TO
ATTN OF: Chief Human Capital Officer

SUBJECT: Draft Report on Audit of Diversity Management Programs at the GPO

TO: Assistant IG for Audits and Inspection

This is in response to your September 9, 2008 memorandum requesting comments on the revised draft report on the Audit of Diversity Management Program at the GPO. After a thorough review, we note that the changes made as a result of the September 5 meeting between the IG, EEO and Human Capital managers have greatly improved the report.

As far as the two recommendations are concerned, our office concurs with each of them. Thank you for the opportunity to review the draft. I am sure the report will have a positive impact to create a more diverse GPO in the future.

William T. Harris

Important Actions Taken and Planned to Further Enhance Diversity

Statement of Ronald A. Stroman, Managing Director
Office of Opportunity and Inclusiveness

DIVERSITY MANAGEMENT

Important Actions Taken and Planned to Further Enhance Diversity

GAO Accountability • Integrity • Reliability

Highlights

Highlights of GAO-08-1160T, a testimony before the Subcommittee on Federal Workforce, Postal Service, and the District of Columbia, Committee on Oversight and Government Reform, House of Representatives

Why GAO Did This Study

For GAO, having a diverse workforce at all levels is an organizational strength that contributes to the achievement of results by bringing a wider variety of perspectives and approaches to policy development and implementation, strategic planning, problem solving and decision making. GAO's Office of Opportunity and Inclusiveness (O&I) is responsible for all functions and activities designed to promote diversity and maintain a work environment that is fair, unbiased, and inclusive. O&I's analysis of performance appraisal data indicated that there were significant differences in appraisal averages for African American and Caucasian analysts. GAO contracted with the Ivy Planning Group to assess the factors that influenced the differences. Ivy issued its African American Performance Assessment Study report on April 25, 2008 and the Acting Comptroller General issued a memorandum on April 30, 2008 expressing his commitment to addressing all of the report's recommendations.

The subcommittee asked GAO's Inspector General (IG) to examine the effectiveness of O&I and analyze the representation of women and minorities in the agency's Senior Executive Service (SES) and managerial ranks (GS-15 and equivalent level). This testimony focuses on the results of the IG's review and provides information on actions taken and planned to further enhance diversity at GAO.

To view the full product, including the scope and methodology, click on GAO-08-1160T. For more information, contact Ronald A. Stroman at 202-512-8401 or stromanr@gao.gov .

What GAO Found

The Inspector General's (IG) report recognizes the gains GAO has made to enhance the profile of its SES and managerial ranks. The report notes that the representation of most groups in GAO's SES and managerial ranks exceeded or equaled the representation in either the civilian labor force or the executive branch agencies. For example, the percentages of African Americans at the SES level and at the GS-15 and equivalent level exceeded the percentages in both the civilian labor force as well as in the executive branch agencies. The report also acknowledges that GAO has implemented many of the leading diversity management practices. Additionally, the report includes four recommendations that GAO has already taken steps to implement. For example, GAO is revising the discrimination complaint process order to clarify responsibilities and procedures when a complaint concerns O&I staff, and strengthening its internal controls for tracking, reviewing, and reporting on complaint data.

In addition to implementing the recommendations in the IG's report, GAO has taken steps to address many of the recommendations in the African American Performance Assessment Study report prepared by the Ivy Planning Group. The report included more than 25 recommendations. The Acting Comptroller General has committed to addressing all of them and issued a memorandum on September 10, 2008 that highlighted the progress made. For example, GAO has developed an approach for convening a series of facilitated conversations on race, begun to reassess the appraisal system, *c*reated standards for appraisal reviews, and taken steps to strengthen its recruitment and retention initiatives.

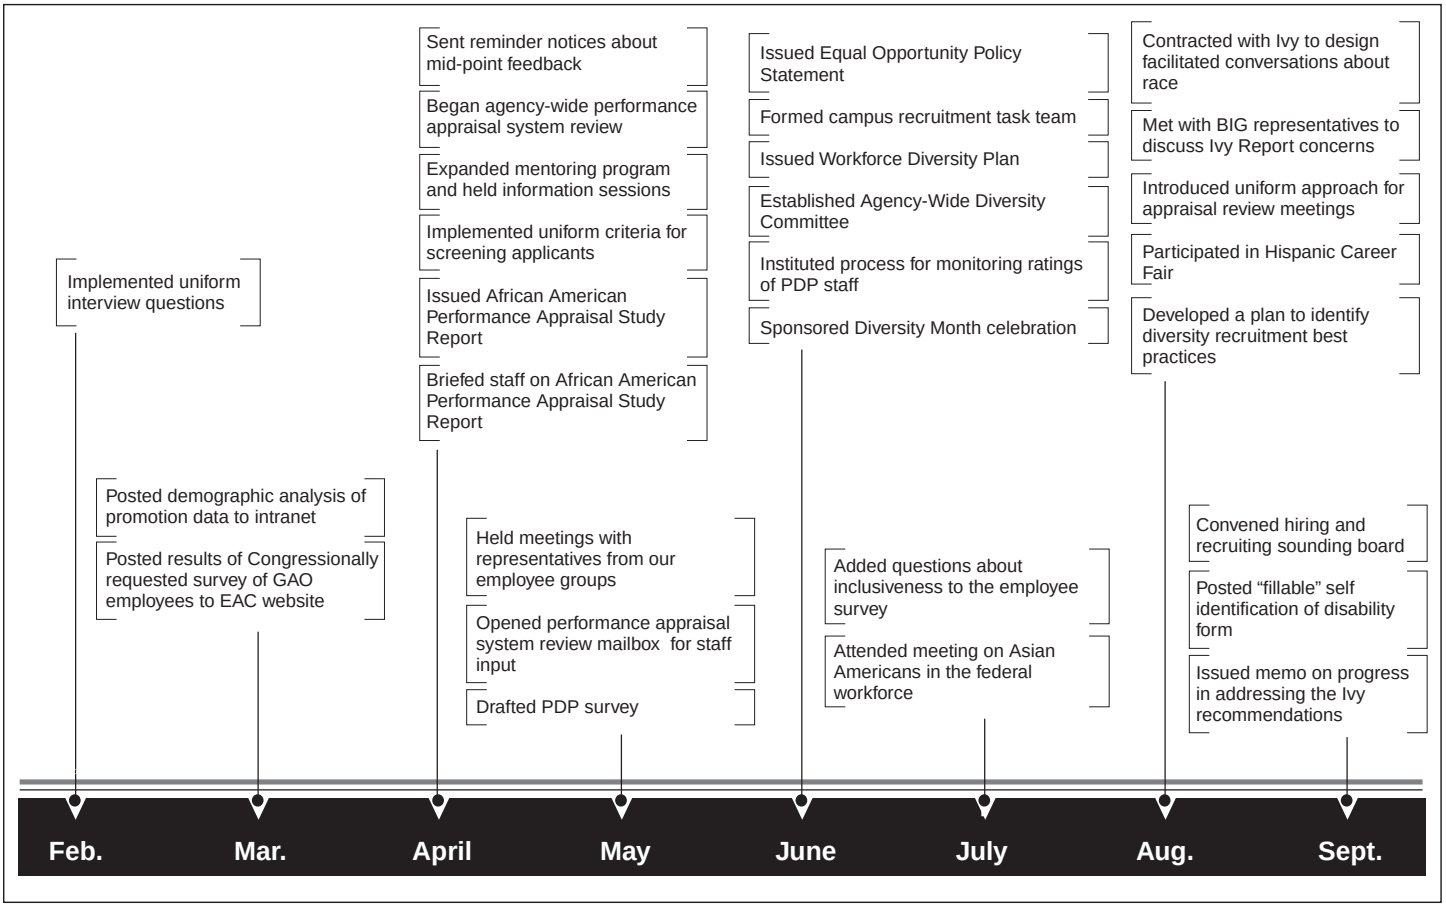
Furthermore, GAO plans to take additional steps to enhance its diversity by completing actions in its Workforce Diversity Plan**.** In June 2008, GAO issued a detailed Workforce Diversity Plan designed to build on the gains made in the diversity of its management and overall workforce. The plan lists about 20 actions that the agency will take. For example, the plan requires that GAO develop a diversity recruitment plan and calls for GAO to develop stronger relationships with Hispanic Serving Institutions and organizations that work with disabled students.

GAO is committed to working closely with all employees to ensure its diversity efforts and work environment are fully inclusive. GAO has established a comprehensive accountability framework to ensure the effective and efficient implementation of the Ivy report recommendations and the workforce diversity plan action steps. GAO has taken many steps and plans to take others to help enhance its diversity, recognizing that diversity is a journey that will require constant and sustained commitment.

Chairman Davis and Members of the Subcommittee:

I am Ron Stroman, Managing Director of the Office of Opportunity and Inclusiveness at the United States Government Accountability Office (GAO). Thank you for the opportunity to testify about the Inspector General's (IG) report on GAO's diversity efforts. GAO has a diverse workforce. Specifically, as of April 2008, minorities represented about 30 percent of our total workforce, and women comprised more than one-half. Nonetheless, we have gaps in certain categories. We are committed to making improvements. To this end, as figure 1 shows, we have completed several tasks in support of our diversity management efforts. Also, we have undertaken a number of important initiatives and have plans to implement others to improve the diversity of our leadership as well as our overall workforce, which I will discuss later in my testimony.

Figure 1: Timeline of Key Diversity Management Related Tasks Completed From February to September 10, 2008



Source: GAO.

IG Cites Diversity Improvements and Makes Recommendations That We Are Implementing

We appreciate the IG's recognition of the gains GAO has made to the diversity profile of our Senior Executive Service (SES) and managerial (GS-15 and equivalent) ranks. The IG's report indicates that from 2002 to 2007, the number of women in the SES increased and the number of African American, Asian American, and Hispanic managers also increased. For example, the data in the report show that the number of Hispanic managers increased from 17 in 2002 to 26 in 2007—an increase of 53 percent. Additionally, the report notes that the representation of most groups in GAO's SES and managerial ranks exceeded or equaled the representation in either the civilian labor force (CLF) or the executive branch agencies. Specifically, the percentages of

- African Americans at the SES level and at the GS-15 and equivalent level exceeded the percentages in both the CLF as well as in the executive branch agencies.
- Asian Americans at the SES level exceeded the percentages in the CLF as well as in the executive branch agencies.
- Hispanics at the GS-15 and equivalent level slightly exceeded the percentage in the executive branch agencies; and
- women at the SES and GS-15 and equivalent level exceeded the percentages in the executive branch agencies and at the GS-15 and equivalent level the percentage of women nearly equaled the percentage in the CLF.

The IG's report also acknowledges that we have implemented many of the leading diversity management practices. For example, we have

- recruited at historically black colleges and universities as well as Hispanic serving institutions,
- implemented an agency-wide mentoring program,
- supported employee involvement in diversity management through our newly established Diversity Committee,
- included diversity in our strategic plan, and
- incorporated diversity principles into our performance appraisal systems.

Additionally, the IG's report identifies areas for improvement and includes four recommendations that we have already taken steps to implement. We are revising the Office of Opportunity and Inclusiveness (O&I) order to require an annual Workforce Diversity Plan and revising the discrimination complaint process order to clarify responsibilities and procedures when a complaint concerns staff within O&I. We are also strengthening our internal controls for tracking, reviewing, and reporting on complaint data. In addition, we are planning to incorporate the diversity plan goals into the SES performance appraisal system when it is revised. We are also looking into ways to remove O&I staff from the pre-complaint processing stage without reducing our ability to successfully resolve employee concerns informally.

Steps Taken to Address the Ivy Planning Group Recommendations

In April 2008, the Ivy Planning Group (Ivy) issued its African American Performance Assessment Study report. This study was undertaken in response to significant differences in performance appraisal averages between African American and Caucasian analysts. The fundamental issue identified by the Ivy report is that the GAO culture, which values a singular and uniform approach to producing its work for the Congress must continue to change. Ivy recommended that GAO improve its ability to adapt to the diverse backgrounds and working styles of its changing workforce and make its human capital process fairer, more consistent, and more transparent. Moreover, the Ivy Report recommended that GAO raise staff awareness of the role that race can and does play in affecting performance related communication. The report included more than 25 recommendations.

The Acting Comptroller General wrote to all GAO staff on April 30, 2008, to express his commitment to address all of the Ivy report's recommendations. He issued another memo on September 10, 2008 updating the progress in addressing these recommendations, including the following.

Convening a Series of Facilitated Conversations on Race

The Ivy report suggested that we begin our efforts to create a more inclusive environment by convening a series of facilitated conversations across the agency about perceptions and assumptions regarding race. These conversations are intended to eliminate barriers to effective performance-related communication and bridge different perceptions on the likely causes for ratings disparities. After thoroughly researching qualified firms and gaining an in-depth understanding of the complexities associated with this effort, we signed a contract with Ivy in August 2008 to help us design and facilitate these discussions. We decided to use Ivy because of its extensive experience in convening these sensitive discussions, and because of its knowledge of GAO's culture and understanding of diversity issues confronting GAO's workforce. Ivy has begun to plan for these sessions and we expect that they will begin this fall and last through the spring. Importantly everyone at GAO will participate in these conversations. Lessons learned from these conversations will inform agencywide diversity training—another of Ivy's recommendations—which we will develop as part of GAO's ongoing mandatory training curriculum for all employees.

Proactively Assessing the Needs of a Diverse Workforce

The Ivy report also stressed the importance of implementing our diversity initiatives in a broad and inclusive manner, and Ivy recommended that we proactively assess the needs of the broad ranges of groups within GAO as early steps in becoming more inclusive. O&I staff held meetings with representatives from Blacks in Government (BIG), the Advisory Council for Persons with Disabilities (ACPD), the Asian American Liaison Group (AALG), the Gay and Lesbian Employee Association, and the Hispanic Liaison Group (HLG) in conjunction with developing our June 2008 Workforce Diversity Plan. During these meetings the representatives shared their concerns about the work environment and suggested steps that we can take to make the environment more inclusive. We have already taken some steps to address several of these concerns. For example, to help address the concern about underrepresentation of Hispanics at GAO, we joined with HLG in setting up a booth at a Hispanic Career Fair. To help address a concern about retention of Asian Americans, we worked in partnership with AALG to attend an Equal Employment Opportunity Commission (EEOC) meeting on Asian-Americans in the federal workforce. Additionally, to help address the concern about limited information on staff with disabilities, we created a version of the self-identification of disability form that can be completed electronically.

Creating a More Inclusive Work Environment

In addition to the steps outlined above, this June we established and convened an agency-wide Diversity Committee, which aims to foster opportunities for dialogue and serve as an advisory body to the Executive Committee and other senior executives. Representation on the Committee is comprised of employees elected to the designated diversity seats on the interim council of GAO's Employee Organization, International Federation of Professional and Technical Engineers (IFPTE); employees designated by GAO employee organizations; and GAO management representatives. The committee has met twice to date, and a Website is in development so employees can learn more about its efforts.

In addition, in June the Acting Comptroller General issued an equal employment opportunity statement in which he articulated his view of and commitment to the principles of fairness and equal opportunity. Further, we added questions to the employee feedback survey to measure staff views about the inclusiveness of our work environment. We also instituted a process for monitoring the ratings of those in the Professional Development Program (PDP) to identify and assess any disparities by race or other factors, and opened up our existing mentoring program to PDP and other developmental staff.

Finally, but equally importantly, the Acting Comptroller General and members of the Executive Committee met with BIG representatives to discuss their views of the Ivy report and to learn more about their suggestions for our approach going forward. The Executive Committee committed to an ongoing dialogue with BIG and made the same pledge to other employee groups throughout the agency, including the new Diversity Committee.

Reassessing the Appraisal System - the PAS Study

Ivy recommended that GAO conduct an agency-wide review of our performance appraisal system. We had anticipated the need for such a study before Ivy's report was completed. Throughout the spring and summer, our Performance Appraisal System (PAS) study team has been working to re-examine what works, what does not, and what could be done better with our current system. The team is guided both by a Steering Committee of senior executives and a stakeholder group comprised of representatives from the Employee Advisory Council (EAC); IFPTE; and the Diversity Committee, as well as O&I and GAO's Applied Research and Methods (ARM) team, among others. The PAS study team has completed its interviews with more than 50 GAO executives and managers and conducted nearly 30 focus groups with staff from all pay plans and bands. Seven of the focus groups were convened to gather views from specific populations, including African Americans, Hispanics, and employees with disabilities, in order to determine whether there were issues of concern that were unique to these groups. In sum, more than 200 individuals participated in all of the team's interviews and focus groups. Additionally, the PAS team has drafted a survey that will be sent to all employees this fall. The objective of the survey is to systematically collect employee opinions on what aspects of the performance appraisal system are working well and what merits attention. The team's final report is expected in early 2009.

Training for Designated Performance Managers and All Staff on the Appraisal Process

Ivy also recommended that we retrain all Designated Performance Managers (DPMs) and reviewers and provide more specific examples of the performance that supports the work activities and standards for each rating. This month we issued a notice informing all DPMs that they will be required to take appraisal training by October 7. We also issued a notice advertising the briefings we have scheduled through September for employees on the appraisal process, as well as the one-on-one help sessions we will provide to (1) offer employees individual assistance with preparing self assessments and (2) provide an opportunity for DPMs to ask questions about or request guidance on assigning checkmarks or preparing narratives.

Creating Standards for Appraisal Reviews	Ivy also recommended that GAO create standards for team performance appraisal review meetings. In response, we studied existing practices across GAO as well as prevalent practices in the literature, and just recently issued interim guidelines for teams, staff offices, Chief Administrative Office (CAO) units and the field. These interim guidelines for review of performance ratings are to be used for the 2008 performance appraisal cycle.
Instituting and Deploying Upward Feedback Tools	Ivy also recommended that we design and implement a measure for upward feedback. Steps are underway to institute and systematically deploy an agency wide upward feedback tool to provide feedback on management's effectiveness in supervising and developing staff. The plan is to implement this tool in March 2009.
Monitoring Mid-Point Feedback	Ivy also honed in on the importance of ongoing feedback. In addition our staff, managers, and senior executives have indicated that mid-point feedback was either not occurring or not being documented. In response, we sent reminder notices earlier this spring about the importance of delivering mid-point feedback.
Addressing Concerns with the Professional Development Program (PDP)	We have established a working group of executives and managers to address the issues related to the PDP. Also, a survey instrument has been designed and pre-tested to assess the views of PDP staff as they complete the program. The survey includes questions about the role of the advisors.
Strengthening Recruitment and Retention Initiatives	We also have taken steps in response to three of Ivy's recommendations by (1) forming a task team to analyze the schools we visit; identify different types of on-campus activities we support; determine the numbers and types of staff that participate in our on-campus recruiting efforts; and measure the costs, outcomes, and yields from these efforts; (2) developing a plan to research and identify best practices in diversity recruitment; and (3) establishing consistent criteria for our screeners to use when evaluating applications and a consistent set of questions for our managers to use when interviewing candidates. We also plan to map the recruitment and hiring process to identify pain points and areas for improvement, and calculate the cost of turnover.

Workforce Diversity Plan Identifies Additional Steps We Will Take to Enhance Diversity

This spring we conducted a workforce diversity review. The review included a careful analysis of our workforce data in comparison to benchmarks recommended by the EEOC. In conducting this review, we consulted a wide range of sources to identify areas where barriers may exclude certain groups. Specifically, we shared data with and obtained views from representatives from our employee groups and the GAO unit of IFPTE, analyzed employee feedback survey responses for 2006 and 2007, reviewed relevant policies, procedures and practices; analyzed findings from prior O&I efforts; and interviewed responsible officials.

The review found that our overall workforce was diverse and included a significant percentage of minorities and women. Specifically, as of April 2008, our workforce was more diverse than the civilian labor force (CLF).[1] Minorities represented about 30 percent of GAO's total workforce, and women comprised more than one-half of the workforce. In comparison, minorities comprised about 28 percent of the CLF and women represented about 47 percent. Furthermore, the diversity in the predominant employee group—analyst and analyst-related staff—exceeded the diversity in the relevant civilian labor force (RCLF).[2] In addition, for three of the larger job series that included about two-thirds of the workforce—the analyst, auditor, and attorney job series—the representation of each minority group was about the same or exceeded such representation in the RCLF. Furthermore, we hired a diverse group of employees. From March 2007 to April 2008, we hired 238 new staff. The percentages of African American women hired equaled the CLF percentages and the percentages of Asian American men and women hired exceed the percentages in the CLF.

However, our review found that Hispanic staff were underrepresented in our total workforce when compared to the CLF. Although the total percentages of Hispanic staff in analyst and analyst-related positions as well as in attorney positions equaled the representation in such positions compared to the RCLF, the percentages of Hispanic staff in other positions were low. Our analysis revealed that additional steps are needed to recruit Hispanic staff. For the most part, our efforts have focused on recruiting

[1]The CLF is composed of those 16 and older (including federal workers) who are employed or looking for work and not in the military or institutionalized. We used 2000 CLF data because it is the most current and reliable at this time.

[2]RCLF data are the CLF data directly comparable (or relevant) to the occupational population being considered. We use the RCLF when analyzing occupational series. We use the 2000 RCLF because it is the most current and reliable data available at this time.

Hispanic staff for analyst and analyst-related positions. While we will continue to enhance these efforts, we also need to improve our approach to recruiting attorneys and recruiting for mission-support positions, recognizing that the number of opportunities to recruit for these positions may be limited.

Additionally, we determined that the percentage of staff with targeted disabilities in our workforce was lower than the EEOC-recommended benchmark.[3] The EEOC has raised concerns that data on employees with disabilities in the federal government may not be accurate. GAO shares this concern and will be following up to enhance the accuracy of self-reported information.

The review also indicated that there were few minorities at certain levels in several job categories. Furthermore, we obtained information about agency practices that need to be addressed to improve our efforts to develop and maintain an inclusive environment.

Based on the review we issued a detailed Workforce Diversity Plan in June 2008. The action steps in the plan are designed to build on the gains we have made in the diversity of our management and overall workforce. The Workforce Diversity Plan requires that we develop a specific diversity recruitment plan (also a recommendation in the Ivy report) that includes efforts to recruit for analyst, attorney, and administrative positions. We will expand our relationships with Hispanic-serving institutions as well as expand the range of sources from which candidates are found. Specifically, we plan to contact campus organizations, national sororities, and fraternities when visiting campuses; reach out to professional organizations that we have not previously established relationships with; and attend job fairs targeted to Hispanic and other minority candidates. We also are gathering information from our current Hispanic employees, as well as reviewing data from the national data base on college graduates.

The plan also commits GAO to take additional steps to recruit staff with targeted disabilities. In order to address this concern, we recently formed a working group on disability issues that included staff from the ACPD—our employee group that focuses on disability issues. Our diversity

[3]The targeted disabilities are deafness, blindness, missing extremities, partial paralysis, complete paralysis, convulsive disorders, mental retardation, mental illness, and distortion of limb and/or spine.

recruitment plan will include efforts to recruit persons with disabilities for analyst, attorney, and administrative positions. We plan to expand and enhance our relationships with institutions and organizations that work with students with disabilities such as the Career Opportunities for Students with Disabilities—a nationwide consortium of higher education institutions and employers that facilitates the career employment of college graduates with disabilities. Also, we plan to gather information to help inform our recruitment efforts by surveying staff to update their disability status, interviewing our staff with disabilities, and analyzing national data on graduates. Further, we plan to use our non-competitive appointment authority to hire staff with disabilities.

As shown in Table 1, the plan recommends changes that can be accomplished by April 2009—12 months from the start of our review—in order to hold ourselves accountable for achieving the plan's goals. The plan will be updated annually and will lead to significant long term improvements to our human capital processes that are at the heart of diversity issues confronting GAO.

Table 1: GAO's 2008—2009 Workforce Diversity Action Plan

GOAL: Recruit More Hispanics, African Americans and Staff with Disabilities		
Action items	**Completion date**	**Responsible units**
1. Develop a diversity recruitment and hiring plan to enhance participation from all groups	April 2009	O&I, HCO
In support of this plan	September 2008	O&I, HCO
a. Interview current minority and disabled staff to determine what led them to join GAO		
b. Analyze data from Department of Education on minority graduates with selected majors	December 2008	O&I, ARM, HCO
c. Develop stronger relationships with Hispanic-serving Institutions, historically-black colleges and universities and institutions and organizations that work with disabled students.	January 2009	HCO, Campus Executives
d. Expand the range of sources from which candidates are recruited (including campus organizations, national sororities and fraternities and professional organizations as well as using electronic recruiting efforts).	March 2009	HCO
e. Issue guidance to recruiters emphasizing diversity as a recruitment factor and ensure that recruitment efforts include law schools and job fairs targeted to higher concentrations of minority students.	March 2009	GC
2. Use noncompetitive appointment authority to hire qualified staff with disabilities	March 2009	O&I, HCO
GOAL: Enhance Staff-Development Opportunities That Prepare Staff for Upper-Level Positions		
1. Expand one-to-one mentoring program	August 2008	HCO/LC
2. Hold managers accountable for providing performance feedback by analyzing data in our competency based performance system	December 2008	O&I
3. Identify steps for success and discuss the unwritten rules during workshops to share this information	January 2009	O&I, HCO/LC
4. Complete data analysis for performance appraisal system review	September 2008	HCO
5. Announce opportunities for staff to participate in agency-wide projects.	March 2009	CG
GOAL: Create a More Inclusive Environment		
1. Revise employee survey to include questions to measure the extent to which staff view our work environment as inclusive	June 2008	ARM, HCO
2. Issue EEO statement	June 2008	O&I, CG
3. Provide training sessions on EEO Policy/Harassment Issues	October 2008	O&I, GC
4. Provide employee groups with information that would allow them to reach out to new GAO staff and help improve retention of minorities	October 2008	HCO, GC
5. Hold facilitated discussions on race	December 2008	HCO/LC; O&I
6. Modify/revise Self-Identification of Handicap Form (SF 256)	December 2008	O&I, KS
7. Survey staff to update disability status	January 2009	HCO, O&I, ARM
8. Revise the reasonable accommodation process	March 2009	O&I, HCO
9. Interview minorities and staff with disabilities to obtain information on reasons for staying and reasons for leaving and analyze staff retention data	March 2009	O&I
10. Conduct diversity training to help staff understand barriers that may limit effective communication, coaching, and career development.	April 2009	O&I, HCO/ LC;

Source: GAO.

Conclusion

With the support of our top leadership, we have made diversity a part of our strategic plan, implemented leading diversity practices throughout the organization and developed annual plans that will help us enhance our diversity, particularly within our managerial ranks. Moreover, we have established a comprehensive accountability framework to ensure the effective and efficient implementation of the recommendations in the Ivy Report as well as the action steps in our Workforce Diversity Plan.

Finally, we are committed to working closely with the entire GAO community to ensure that our diversity efforts and our work environment are fully inclusive. We intend to take many steps to help enhance diversity at GAO, recognizing that diversity is a journey that will require constant and sustained commitment.

This concludes my prepared statement. At this time I would be pleased to answer any questions that you or other members of the subcommittee may have.

GAO's Mission

The Government Accountability Office, the audit, evaluation, and investigative arm of Congress, exists to support Congress in meeting its constitutional responsibilities and to help improve the performance and accountability of the federal government for the American people. GAO examines the use of public funds; evaluates federal programs and policies; and provides analyses, recommendations, and other assistance to help Congress make informed oversight, policy, and funding decisions. GAO's commitment to good government is reflected in its core values of accountability, integrity, and reliability.

Obtaining Copies of GAO Reports and Testimony

The fastest and easiest way to obtain copies of GAO documents at no cost is through GAO's Web site (www.gao.gov). Each weekday, GAO posts newly released reports, testimony, and correspondence on its Web site. To have GAO e-mail you a list of newly posted products every afternoon, go to www.gao.gov and select "E-mail Updates."

Order by Mail or Phone

The first copy of each printed report is free. Additional copies are $2 each. A check or money order should be made out to the Superintendent of Documents. GAO also accepts VISA and Mastercard. Orders for 100 or more copies mailed to a single address are discounted 25 percent. Orders should be sent to:

U.S. Government Accountability Office
441 G Street NW, Room LM
Washington, DC 20548

To order by Phone: Voice: (202) 512-6000
TDD: (202) 512-2537
Fax: (202) 512-6061

AUDIT REPORT 08-10

DIVERSITY MANAGEMENT PROGRAMS AT THE GOVERNMENT PRINTING OFFICE

September 11, 2008

OFFICE OF INSPECTOR GENERAL

U.S. GOVERNMENT PRINTING OFFICE
KEEPING AMERICA INFORMED
WASHINGTON, DC 20401

Memorandum

OFFICE OF THE INSPECTOR GENERAL

DATE: September 11, 2008

REPLY TO ATTN OF: Assistant Inspector General for Audits and Inspections

SUBJECT: Final Report on Audit of Diversity Management Programs at the GPO
Report Number 08-10

TO: Public Printer
Director, Office of Equal Employment Opportunity
Chief Human Capital Officer

Enclosed please find the subject final report. Please refer to the Executive Summary for the overall audit results. Our evaluation of your response has been incorporated into the body of the report and is included in its entirety as Appendix J. While management concurred with each of the report's recommendations, specific planned actions for each of the recommendations were not provided. We are requesting that you provide additional details related to specific actions the Agency plans to take to implement the recommendations. As a result, pending receipt of details related to implementation, each of the recommendations is considered unresolved. The final report distribution is in Appendix L.

We appreciate the courtesies extended to the audit staff. If you have any questions concerning the report, please contact Mr. Joseph Verch, Supervisory Auditor at (202) 512-0065, or me at (202) 512-2009.

Office of Inspector General

Report Number 08-10 **September 11, 2008**

Diversity Management Programs at the Government Printing Office

Executive Summary

Background. The Government Printing Office (GPO) Office of Inspector General (OIG) has completed an audit of diversity management programs at the GPO. The audit was conducted in response to a request from the Chairman of the Subcommittee on Federal Workforce, Postal Service, and the District of Columbia, of the House of Representatives' Committee on Oversight and Government Reform. The Subcommittee requested that the OIGs of each legislative branch agency assess the programs the diversity offices have in place to address diversity concerns.[1] The participating OIGs plan to publish the final results in a consolidated report by September 2008.

Objectives. The overall objective of the audit was to review diversity within GPO, specifically to:

- Identify and assess the diversity program at GPO to determine if it is yielding the desired results—that of creating a more diverse population of women and minorities in top leadership positions, specifically the Senior Level Service (SLS);[2]

- Evaluate the accuracy and completeness of the complaints and discrimination data reported to Congress; and

- Assess the degree to which diversity offices or functions are independent of the General Counsel and the Public Printer.

See Appendix A for details on the audit objectives, scope, and methodology.

Results of Audit. While not mandated to comply with the guidelines and directives of the Equal Employment Opportunity Commission (EEOC) concerning model affirmative action programs, prior to this audit commencing, senior officials at GPO, including the Directors of the Office of Equal Employment Opportunity (EEO) and Human Capital began adopting some elements of both EEOC Management Directive 715 (MD-715) and

[1] Other legislative branch agencies include the Library of Congress, Government Accountability Office, Architect of the Capitol, and the Capitol Police.
[2] Senior Level Service is the GPO equivalent to the Senior Executive Service (SES).

the leading diversity management practices identified by the Government Accountability Office (GAO). GPO has also made progress in developing its pool of Grade 15s (PG-15s) to ensure a qualified minority pool for the Agency's SLS.[3] However, improvements can be made towards enhancing the diversity of the Agency's corps of SLS employees.

The audit also showed that GPO complaints and discrimination data reported to the EEOC during fiscal year (FY) 2007 and eventually reported to Congress were accurate and complete. (See Appendix G). Further, although diversity management programs are incorporated in the Affirmative Employment Program (AEP) Division of GPO's EEO Office, the Director of EEO is independent of the General Counsel, and to a certain extent independent of the Public Printer in EEO matters. (See Appendix H).

Opportunities do exist for GPO to provide a more diverse population of qualified women and minorities in top leadership positions by incorporating the remaining essential elements of MD-715 as well as implementing the nine leading practices for diversity management identified by the GAO. Such modifications should help the agency manage the workforce and create an environment that helps diminish barriers for protected groups. In addition, changes brought about through diversity management should help attract and retain capable employees. With an expectation that a high percentage of the Government workforce will retire in the next decade, GPO should continue developing a comprehensive diversity program to meet those employment challenges.

The audit specifically identified that although GPO is not required to comply with MD-715 or GAO's leading diversity management practices:

- GPO has generally adopted three elements for creating and maintaining a model EEO program identified by MD-715, referred to as (1) demonstrated commitment from leadership, (2) efficiency, and (3) responsiveness and legal compliance. (Finding A); and

- Agency officials have partially adopted one of the GAO's nine leading diversity management practices (top leadership commitment). (Finding B).

Recommendations. We made two recommendations to GPO management, which, if implemented, should not only improve the GPO diversity program by providing a more diverse population of qualified women and minorities in top leadership, but also contribute to GPO's ability to meet its future employment challenges.

Management's Response. GPO Management concurred with each of the report's two recommendations and stated that implementation would require the Public Printer's review and approval (see Appendix J).

[3] At GPO, a Printing Office Grade (PG) 15 is the senior most grade and is generally equivalent to the General Schedule (GS) Grade 15 classified by the Office of Personnel Management. Positions at GPO above Grade PG-15 are in the Senior Level Service (SLS).

Evaluation of Management's Response. While GPO management concurred with each of the recommendations, they did not provide details regarding what actions the Agency plans to take to implement the recommendations. As a result, pending receipt of details related to implementation, the recommendations are considered unresolved.

Introduction

In November 2007, the Chairman of the Federal Workforce, Postal Service, and the District of Columbia Subcommittee of the House of Representatives' Oversight and Government Reform Committee issued a report entitled "Senior Executive Service: Women and Minorities are Underrepresented in Most Legislative Branch Agencies."[4] The report discusses racial and gender diversity of the Senior Executive Service corps in the six legislative branch agencies during FY 2007. The report stated that:

- Minorities represent 16.8 percent and women represent 35.8 percent of Senior Executive Service corps members in the six legislative branch agencies.

- In FY 2007, Senior Executive Service corps members at each agency were less diverse in terms of minorities than the agency's workforce as a whole and in four of the six agencies less diverse in terms of women.

- The representation of minorities in the legislative branch Senior Executive Service corps is stagnant, with representation of women improving only slightly between FY 2002 and FY 2007.

- General Schedule-15 successor pools[5] at some agencies were less diverse than the Senior Executive Service corps.

- In some agencies, the average total salary for minorities and women in FY 2007 was less than for nonminority and male counterparts.

To ensure equal opportunity and diversity, the EEO Office at the GPO is responsible for complying with civil rights statutes and regulations governing Federal employment.[6] As of January 28, 2008, GPO had a total of 2,263 white and blue collar employees (see Appendix C). White collar employees generally consist of administrative, technical, clerical, professional and management personnel while blue collar employees consist generally of those employees who work in production departments. Of the 2,263 employees at GPO, 956 were women (42.3 percent) and 1,359 were minorities (60.1 percent). On staff at GPO are a total of 26 SLS employees consisting of 3 women (11.5 percent) and 3 minorities (11.5 percent). For white collar workers, the ratio between women and minorities and SLS employees was similar—645 women (42.3 percent) and

[4] Report may be found at http://federalworkforce.oversight.house.gov/story.asp?ID=1617

[5] The November 2007 report of the Chairman of the Federal Workforce, Postal Service, and the District of Columbia Subcommittee of the House of Representatives' Oversight and Government Reform Committee defines successor pools as an agency's GS-15 and equivalent ranks of which the diversity of such pools can provide an indicator of how diverse the Senior Executive Service (or equivalent rank) could become in the future.

[6] Title VII of Civil Rights Act of 1964, Age Discrimination in Employment Act of 1967, and Title I of the Americans with Disabilities Act of 1990.

611 minorities (52.5 percent). Tables 1 and 2 below provide more detail between the makeup of GPO's total workforce and between the total white collar workforce and the SLS corps.

Table. 1. FY 2008 Total Workforce (as of January 28, 2008)

Employees	Workforce	
Males	**Number**	**Percent**
White	610	27.0
African American	639	28.2
Asian American/Pacific Islander	26	1.1
Hispanic American	26	1.1
Native American	6	0.3
Total Males	**1,307**	**57.7**
Females		
White	294	13.0
African American	622	27.5
Asian American/Pacific Islander	24	1.1
Hispanic American	12	0.5
Native American	4	0.2
Total Females	**956**	**42.3**
Overall Totals	**2,263**	**100.0**

Table 2. FY 2008 White Collar Workforce Contrasted with SLS Employees (as of January 28, 2008)

Employees	Workforce		SLS	
Males	**Number**	**Percent**	**Number**	**Percent**
White	315	27.1	22	84.6
African American	165	14.2	0	0.0
Asian American/Pacific Islander	19	1.6	0	0.0
Hispanic American	17	1.4	1	3.9
Native American	2	0.2	0	0.0
Total Males	**518**	**44.5**	**23**	**88.5**
Females				
White	237	20.4	1	3.8
African American	372	32.0	2	7.7

Total Females	**645**	**55.5**	**3**	**11.5**
Overall Totals	**1,163**	**100.0**	**26**	**100.0**

The EEO Director is responsible for ensuring that equal opportunities exist for employees and applicants without regard to race, sex, color, religion, national origin, sexual orientation, age, and physical and mental disability. The EEO Office consists of two divisions: (1) the Affirmative Employment Program (AEP) Division; and (2) the Counseling and Complaints Processing Division (CCPD). For FY 2007, the GPO EEO Office had a budget of $888,500 and a staff of seven employees.[7]

AEP Division

The AEP Manager assures that equal opportunity principles are an integral part of every aspect of personnel policy and practice in the recruitment, employment, development, advancement, and treatment of GPO staff and applicants for employment. In addition, the AEP Manager also manages special emphasis programs that implement Presidential Executive Orders and Federal personnel programs for eliminating demographic group imbalances in targeted occupations, and achieving diversity in the workforce.

The AEP manager oversees three special emphasis programs assigned to GPO managers who work the programs as a collateral duty. Collateral duty managers can spend up to 25 percent of their time managing the following special emphasis programs.

- ***Disability Program***

The Disability Program at GPO consists of a program manager and ten employees who voluntarily serve on the Disability Program Committee. The mission of the committee is to raise awareness of disability policies and programs through information dissemination and education programs and help elevate disability concerns to the EEO Office. The program committee works with the EEO Office to identify employment barriers to individuals with disabilities, review Agency policies addressing employment issues, and recommend changes.

- ***Federal Women's Program***

The Federal Women's Program (FWP) at GPO has the involvement of the EEO Director, the AEP Manager, and an FWP Manager, who performs the job as a collateral duty. The FWP committee also has 34 members. The FWP committee's mission is to continually identify, promote, and enhance employment and training opportunities for women. The committee also helps keep women at GPO apprised of employment issues; assists women in training, career development, and advancement; provides networking channels with other FWP organizations on issues related to eliminating barriers to equal access and opportunity; and promotes professionalism that furthers the progress of women.

[7] GPO's budget for FY 2007 was $848.225 million.

- ***Hispanic Employment Program***

The GPO Hispanic Employment Program's (HEP) mission is to eliminate discriminatory practices, assist in eliminating areas of under-representation or underutilization, evaluate practices for disparate impact or treatment, and recommend changes to eliminate barriers to Hispanic employment. The HEP manager serves in the position as a collateral duty and also serves as the Secretary to the National Council of HEP Managers, a body consisting of members from 40 different federal agencies appointed as their agency's designee responsible for building relationships between federal agencies and the Hispanic community. The HEP manager also is responsible for e-mailing GPO job vacancies to not only 67 Hispanic organizations, but also to more than 800 individuals who belong to the Washington DC-Hispanic Employment Network.

- ***Other Programs***

The AEP Manager also manages the pilot Employee Mentoring Program and the Passport-to-Work Summer Youth Program, and also co-manages the Coming Home to Work Program. The GPO Employee Mentoring Program (GEM) began as a pilot program in April 2008 and is designed to enhance employee retention, job satisfaction, and cross-organizational communication through employees receiving guidance, counseling, and coaching from designated GPO mentors. In another program, the Department of Veterans Affairs works with GPO and sponsors the Coming Home to Work Program that helps provide suitable employment opportunities for eligible members of the armed services. The Passport-to-Work Summer Youth Program offers District of Columbia youths, ages 14 to 21, a 10-week temporary summer job at GPO—funded by the District of Columbia Youth Employment Office. GPO has participated in this program for several years, and placed an average of 52 students from this program during the last 6 years, with 48 placed in 2008.

CCPD Division

The Assistant Director/Chief of CCPD manages the EEO complaint process for GPO employees and applicants for employment involving issues of discrimination on the basis of race, sex, color, religion, national origin, sexual orientation, age, disability, and reprisal for prior participation in the EEO complaints process. Along with three EEO specialists, the Chief of CCPD issues policy and guidelines related to discrimination complaint procedures, monitors complaints of discrimination to detect indications of discriminatory patterns and practices, and prepares final Agency decisions on complaints. The CCPD also collects, maintains, and analyzes data on the discrimination complaint process and serves as the official source of information for the status of complaints at GPO. CCPD also oversees recruiting, selecting, and maintaining a cadre of trained EEO specialists.

Leadership, Development, and Recruitment Program

The Agency has also recently started a new leadership program for employees. The Leadership, Development, and Recruitment (LDR) program is a 2-year program, and is staffed with employees recruited from both within and outside the Agency. The LDR program allows employees to work in a number of business units—receiving well-rounded, hands-on experience necessary to prepare them as future GPO leaders.

Findings and Recommendations

Finding A. Incorporating the Essential Elements of EEOC Management Directive-715

Although not mandated, senior officials at GPO have begun to generally follow several of the key elements of the EEOC's MD-715 for creating and maintaining a model EEO program into the structure of the Agency. For example, of the six essential elements outlined in MD-715, GPO has generally incorporated three: (1) demonstrated commitment from agency leadership; (2) efficiency; and (3) responsiveness and legal compliance. The three additional elements that would help establish a model EEO program include: (1) integration of EEO into the agency's strategic mission; (2) management and program accountability; and (3) proactive prevention of unlawful discrimination.

Basic Tenets of Management Directive 715

Effective October 1, 2003, the EEOC issued MD-715. The directive provides the basic elements necessary for creating and maintaining a model EEO program in the Federal government. The directive specifically applies to agencies in the executive branch and Military Departments (except uniformed members), the U.S. Postal Service, the Postal Rate Commission, the Tennessee Valley Authority, the Smithsonian Institution, and those units of the judicial branch of the Federal Government having positions in the competitive service.

When establishing a model EEO program, MD-715 provides that an agency should incorporate into its design a structure for effective management, accountability, and self-analysis that will ensure program success. MD-715 not only contains reporting requirements, but states that six essential elements make up a model EEO program including:

- Demonstrated commitment from agency leadership.
- Integration of EEO into the agency's strategic mission.
- Management and program accountability.
- Proactive prevention of unlawful discrimination.
- Efficiency.
- Responsiveness and legal compliance.

As part of the audit, the OIG assessed the current status of GPO's voluntary efforts to integrate the elements of MD-715 into the structure of the Agency. The results of our assessment are discussed in the following section and are summarized in Appendix B.

Essential Element One – Demonstrated Commitment From Agency Leadership

Element One recommends that the demonstrated commitment from agency leadership start with an effective EEO program policy statement. The criteria states that at the beginning of a tenure and each year thereafter, the head of an agency should issue a signed written policy statement announcing the agency's position against discrimination based on the areas that Federal law covers. GPO has voluntarily adopted this element as the Public Printer issued a policy statement to all GPO employees on April 8, 2008, emphasizing his personal commitment to equal opportunity and diversity. (See Appendix E for the complete text of that statement).[8]

The element further recommends that the head of an agency and other senior management officials demonstrate a commitment to equal employment by incorporating the principles of EEO into an agency's organizational structure and disseminating a policy demonstrating this commitment annually. Publishing such a statement sends a clear message to others in the organization about the seriousness and business relevance of diversity management. Accordingly, we recommend that the Public Printer continue to issue a policy statement addressing his commitment to EEO and diversity on a yearly basis as suggested by MD-715.

Essential Element Two – Integration of EEO into the Agency's Strategic Mission

Element Two provides that the concepts of EEO should be a part of the strategic mission and that an agency's EEO program should be organized and structured in a way that maintains a workplace free from discrimination through its policies, procedures, or practices. Although GPO's current strategic plan entitled *A Strategic Vision for the 21st Century* (December 1, 2004) does not include an EEO message, GPO has followed several of the other concepts of Element Two in that GPO has:

- Maintained a reporting structure that allows the EEO Director the appropriate authority and resources to effectively carry out a successful EEO program.

- Committed sufficient human resources and budget allocations to the EEO program for a successful operation.

- Empowered the EEO Director to have regular and effective ways of informing the Public Printer and senior management officials of the status of EEO programs and being involved in, and consulting on, management and personnel actions.

While management has recognized several aspects of Element Two, management should integrate EEO into the Agency's strategic plan. Accordingly, we recommend that as the new Public Printer formulates his strategic plan, he include EEO and diversity as an integral part of GPO's strategic mission.

[8] The current Public Printer was appointed by the President on November 6, 2007. While the current Public Printer issued a policy statement to employees at the beginning of his tenure as Public Printer, over three years had elapsed since the previous Public Printer issued his statement on February 1, 2005.

Essential Element Three – Management and Program Accountability

To ensure management and program accountability, criteria in Element Three discusses overall accountability and EEO program management. The criteria recommends that the head of an agency should hold managers, supervisors, and EEO officials responsible for effective implementation of an agency's EEO program and plan.

The thrust of management and program accountability is that EEO officials advise and provide assistance to managers about the status of EEO programs within each manager's area of responsibility. In addition, the Directors of EEO and Human Capital should meet regularly and assess whether personnel programs, policies, and procedures conform to EEOC management directives. MD-715 also instructs that the agency explore whether disciplinary actions should be taken when findings of discrimination are made.

In October 2007, EEO officials at GPO began meeting with business unit managers semiannually to discuss EEO issues and concerns within business units, provide information on EEO programs and analysis of workforce data, and obtain input that could assist in developing strategies for improving EEO programs at GPO.

While GPO practices address portions of Element Three's criteria, we recommend that EEO continue to work with business unit managers to develop EEO plans and that EEO and Human Capital officials work together and with business unit managers to identify systemic barriers in hiring, promotions, training, and awards.

Essential Element Four – Proactive Prevention of Unlawful Discrimination

Element Four states that an agency has an obligation to prevent discrimination on the basis of race, color, national origin, religion, sex, age, reprisal and disability, and to eliminate barriers that impede free and open competition in the workplace.[9] Putting such an obligation into place begins with informing employees about an effective anti-discrimination policy that explains the protections afforded by the civil rights laws, the rights afforded in such situations, and the process for redress. Further, the head of an agency must make efforts early to prevent discriminatory actions and eliminate barriers to equal employment opportunity in the workplace.

The criteria recommends that agencies conduct annual self-assessments to monitor progress, identify areas where barriers may operate to exclude certain groups, and develop strategic plans to eliminate identified barriers. In an attempt to benchmark GPO's status, we requested that the EEO officials conduct a self-assessment to help identify gaps and potential areas for development. The results of this assessment are summarized in Table 3.

[9] The Statement of the Public Printer, dated April 8, 2008, is more comprehensive than that recommended by MD-715: "Employment actions must be based upon merit principles and made without regard to an individual's race, color, religion, national origin, sex, age, mental/physical disability or sexual orientation."

Table 3. Types of Information Needed for Accurate Self-Assessment as Prescribed by MD-715

	Workforce Profiles	Provided	Not Provided
1.	Total workforce distribution by race, national origin, and sex for both the permanent and temporary workforce	X[10]	
2.	Permanent and temporary workforce participation rates for each grade level by race, national origin, and sex	X[11]	
3.	Permanent and temporary workforce participation rates for each of the agency's major occupational categories (divided by grade level) by race, national origin, and sex		X[12]
4.	Participation rates in supervisory and management positions by race, national origin, and sex		X[13]
5.	Race, national origin, and sex of applicants for both permanent and temporary employment		X
6.	Rates of selections for promotions, training opportunities and performance incentives, by race, national origin, and sex	X[14]	
7.	Rates of both voluntary and involuntary separations from employment by race, national origin, and sex	X[15]	

Since GPO is not required to follow MD-715, the AEP Manager has not yet implemented annual self-assessments. However, we recommend annual self-assessments so that the AEP Manager can more effectively monitor progress, identify areas where barriers exclude certain groups, and develop strategic plans to help eliminate barriers. Additionally, in the absence of a formal requirement for self-assessments, the data necessary to complete these assessments is not readily available from Information Technology and Systems (IT&S) in the desired format. Under the circumstances, the AEP Manager must now manually reformat data from Human Capital and arrange it in a format suitable for agency needs or congressional hearings. A request for software that would assist the efforts of the AEP Manager, is pending. Since more complete and accurate data would help the AEP Manager monitor progress and identify areas where barriers are possibly excluding certain groups, we recommend further action in order to meet the requirements of Element Four.

[10] Provided only permanent workforce for FY 2006 and 2007; did not provide temporary workforce.
[11] Provided only permanent workforce for FY 2006 and 2007; did not provide temporary workforce.
[12] Provided occupation by organization for FY 2007 and organization profile by occupation series for full-time, part-time, and other for FY 2006 and 2007.
[13] Provided organizational profile by supervisor and manager for full-time, part-time, and other for FY 2006 and 2007.
[14] Provided promotions for FY 2006 and 2007; Human Capital was not asked by EEO to provide profiles for training opportunities and performance incentives.
[15] Provided separations for FY 2006 and 2007; report did not distinguish between voluntary and involuntary for both years.

Essential Element Five – Efficiency

Element Five requires that the agency head ensure that there are effective systems in place for evaluating the impact and effectiveness of the agency's EEO programs as well as an efficient and fair dispute resolution process. Critical to this element are adequate and accurate information collection systems. Such systems fully integrated into an agency's infrastructure help it conduct periodic reviews—thus allowing the agency to stay on top of those items affecting the myriad of EEO areas.

Element Five identifies six areas for the agency to comply with EEOC's instructions including: (1) sufficient staffing, funding, and authority to achieve the elimination of identified barriers; (2) an effective complaint tracking and monitoring system in place to increase the effectiveness of the agency's EEO programs; (3) sufficient staffing, funding and authority to comply with the time frames in accordance with EEOC regulations for processing EEO complaints of employment discrimination; (4) an efficient and fair dispute resolution process and effective systems for evaluating the impact and effectiveness of the agency's EEO complaint processing program; (5) effective systems in place for maintaining and evaluating the impact and effectiveness of its EEO programs; and (6) ensuring that the investigation and adjudication function of its complaint resolution process are separate from its legal defense arm of the agency or other offices with conflicting or competing interests.

GPO is achieving many of the objectives of Essential Element Five. However, further progress can be made to develop methods to identify and eliminate barriers and implement specific strategies for evaluating the impact and effectiveness of EEO programs.

Additionally, EEO officials have experienced difficulty consolidating the information obtained from Human Capital due to the variances in data formats available for tracking the information required to achieve the elimination of identified barriers. Accordingly, we recommend that GPO management identify a solution to ensure the ability to obtain accurate data for use in identifying and eliminating barriers and to help evaluate the impact and effectiveness of its EEO programs.

Illustrative of this point is the absence of recruitment effort tracking and analysis. For example, between September 2007 and February 2008, the EEO Director visited universities in California, New Mexico, and Texas to recruit Hispanic Americans for GPO's 2008 Leadership Program and other job vacancies. In addition, Human Capital officials made similar visits to universities to recruit for the Leadership Program. Despite these efforts, Human Capital did not track these recruitment efforts or have a written plan for attracting a supply of qualified, diverse applicants for GPO employment. Since the EEO Director and Human Capital officials are not the hiring officials for GPO's individual business units, consideration should be given to having business unit managers participate in future recruiting efforts.

Although GPO was generally following most of the six subcategories, we recommend that management emphasize these additional areas, to help ensure that effective systems are in place for evaluating the impact and effectiveness of the EEO programs.

Essential Element Six – Responsiveness and Legal Compliance

Element Six contains a requirement that each year an agency certify that it is complying with EEO laws and EEOC regulations, policy guidance, and other written instructions. Element Six also identifies that agency personnel should be accountable for the timely compliance with EEOC orders. While the EEO staff are formally trained and responsible for compliance with EEO laws and EEOC regulations and orders, these requirements are not fully incorporated into the performance standards of GPO employees. The EEO Office has a system called EEO Network (EEONET) which ensures that any EEO cases over 30-days old are identified. This system is backed up by a manual calendar system which ensures that GPO officials comply in a timely manner with any orders or directives issued by EEOC Administrative Judges.

Although generally following the requirements of Element Six, management can send a positive and clear message to all GPO employees about maintaining a workplace free of discrimination and harassment as well as a commitment to EEO and diversity by requiring compliance with EEO laws and EEOC regulations in the performance standards of all managers and SLS personnel.

While GPO is voluntarily complying with several of the essential elements identified by the EEOC, the opportunity exists through fully incorporating the six elements to create and maintain a model EEO program at GPO. Creation of a model program will help further ensure that the agency is not only free from employment discrimination, but also has a diverse workforce.

Recommendation

1. The Public Printer should incorporate the six essential elements of Equal Employment Opportunity Commission Management Directive 715 by taking the following actions:

a. Continue to issue and disseminate to GPO employees an annual signed written policy statement expressing Agency commitment to equal employment opportunity as well as maintaining a workplace free of discriminatory harassment and practices.

b. Integrate equal employment opportunity policy and practices into future agency strategic plans.

c. Require, with assistance from EEO officials, that business unit managers develop an EEO plan for their individual units and that EEO and Human Capital officials meet regularly to identify any systemic barriers in hiring, promotions, training, and awards.

d. Conduct annual self-assessments that monitor progress, identify areas where barriers may exclude certain groups, and develop strategic recruitment plans to eliminate those barriers to the extent possible and to attract a qualified, diverse pool of applicants.

e. Maintain and provide sufficient resources—including staffing, funding, and authority—for EEO officials to track workforce profiles that will help eliminate identified barriers and recruitment efforts that will assist officials with identifying potential barriers. The resources provided should also include the information technology infrastructure (hardware, software, etc.) necessary to allow EEO officials to effectively produce workforce diversity statistics.

f. Incorporate compliance with EEO laws and EEOC regulations in performance standards for all managers including SLS personnel.

Management's Response. Concur. Implementation of the recommendation will require the Public Printer's review and approval (see Appendix J).

Evaluation of Management's Response. While GPO management concurred with the recommendation, they did not provide details regarding what actions the Agency plans to take to implement the recommendation. As a result, pending receipt of details related to implementation, the recommendation is considered unresolved. The OIG will work with GPO management to review any proposed actions to implement the recommendation.

Finding B. Incorporating GAO's Leading Diversity Management Practices

To date, GPO officials have partially adopted the nine practices identified by the GAO as the most common leading diversity management practices. Specifically, the Agency has partially adopted one of the GAO leading practices and is actively working on developing a plan for another of the practices--succession planning. GPO had not made decisions regarding adoption of the remaining practices at the time of the audit. Similar to the key elements of EEOC MD-715 for creating and maintaining a model EEO program, adoption of the nine practices identified by the GAO would help further ensure that the agency has a diverse workforce and an effective EEO program.

The GAO Leading Practices

In January 2005, GAO issued a report to the Ranking Minority Member, Committee on Homeland Security and Government Affairs, U.S. Senate entitled "Diversity Management: Expert-Identified Leading Practices and Agency Examples."[16] This report identified nine leading practices to be considered when an organization is developing and implementing a diversity management program. These nine practices were developed by GAO after speaking with experts in the field of diversity management and reviewing their publications. The practices that GAO identified include:

- **Top leadership commitment**—a vision of diversity demonstrated and communicated throughout an organization by top-level management;

- **Diversity as part of an organization's strategic plan**—a diversity strategy and plan that are developed and aligned with the organization's strategic plan;

- **Diversity linked to performance**—the understanding that a more diverse and inclusive work environment can yield greater productivity and help improve individual and organizational performance;

- **Measurement**—a set of quantitative and qualitative measures of the impact of various aspects of an overall diversity program;

- **Accountability**—the means to ensure that leaders are responsible for diversity by linking their performance assessment and compensation to the progress of diversity initiatives;

- **Succession planning**—an ongoing, strategic process for identifying and developing a diverse pool of talent for an organization's potential future leaders;

- **Recruitment**—the process of attracting a supply of qualified, diverse applicants for employment;

[16] GAO 05-90, January 14, 2005, available at http://www.gao.gov/newitems/d0590.pdf

- **Employee involvement**—the contribution of employees in driving diversity throughout an organization; and

- **Diversity training**—organizational efforts to inform and educate management and staff about diversity.

We reviewed GPO's diversity programs to benchmark the Agency's standing in relation to GAO's nine leading diversity management practices. The results of our review are discussed in the following section and are summarized in Appendix D.

1. Top Leadership Commitment

A commitment of top leadership is the first leading practice that GAO identifies in its January 2005 report. That practice requires that the head of an agency and other senior officials commit themselves to diversity by incorporating the principles of EEO into an agency's organizational structure. The Public Printer issued a policy statement to all GPO employees on April 8, 2008, emphasizing his personal commitment to equal opportunity and diversity. (See Appendix E for the complete text of that statement). While the current Public Printer issued a signed policy statement to employees at the beginning of his tenure as Public Printer, over three years had elapsed since the previous Public Printer issued his statement on February 1, 2005. As previously recommended, the Public Printer should follow MD-715 guidance and continue to issue a signed policy statement annually to all employees addressing his commitment to diversity and EEO. This ongoing demonstration of commitment from the Public Printer is critical to the success of GPO's diversity and EEO programs.

2. Diversity as Part of an Organization's Strategic Plan

An emphasis on diversity as part of an organization's strategic plan is the second leading practice that GAO identifies in its January 2005 report. Such a practice requires an emphasis on integrating diversity management into an organization's strategic plan because it fosters a culture change that supports and values differences. Since it typically takes five to seven years to complete the initiatives of an agency's strategic plan, sustaining top leadership commitment to improvement is particularly challenging since the turnover rate for political appointees is just less than three years.[17] The Public Printer should link diversity to any future update of the Agency's Strategic Plan to ensure that EEO and diversity are considered an integral part of the agency's strategic mission.

3. Diversity Linked to Performance

The contribution that diversity plays in achieving improved individual and organizational performance is the next leading practice that GAO identifies in its January 2005 report. Diversity management makes good business sense, enhancing productivity and

[17] GAO, *High –Risk Series: Strategic Human Capital* Management, GAO-03-120 (Washington, D.C. January 2003) reported that governmentwide the average tenure of political appointees for 1990 through 2001 was just under three years.

innovation. In addition, diversity management can help reduce costs by reducing turnover, increasing employee retention across demographic groups, and improving morale. GPO should include the development of diversity management as part of its strategic plan.

4. Measurement

Quantitative and qualitative measures are vital tools in helping an agency evaluate the effectiveness of its diversity management in terms of return on investment, recruitment efforts, and retention. These tools can also help an agency compute the return on their investments in areas such as diversity training and recruiting. As previously noted, EEO officials have not been able to easily obtain workforce data to aid in such measurements. Further, the absence of written plans for attracting a supply of qualified, diverse applicants for employment, makes it difficult to measure success.

Since GPO has not implemented methods to measure or evaluate the effectiveness of the organization's diversity management, it was not possible to evaluate the return on investment for training or retraining. This type of measurement is important because it provides an agency an idea of where barriers might be that are hindering success with diversity-related goals. Although EEO officials informed us that GPO will adopt this GAO leading practice, it is our opinion that this decision should be made by the GPO Chief Human Capital Officer, who is responsible for workforce data and recruitment.

5. Accountability

Ensuring that managers maintain diversity, evaluate progress, and can manage diverse groups is the next leading practice that GAO identifies. Accountability is defined by GAO as the means to ensure that leaders are responsible for diversity by linking their performance assessment and compensation to the progress of diversity initiatives. To accomplish accountability, organizations should link ratings and compensation. The Government's Senior Executive Service corps is already held to that type of accountability—consistent with section 4313 of Title 5, which provides performance appraisal criteria for achieving EEO requirements. This accountability is also consistent with the EEOC's instructions to Federal agencies implementing MD-715.[18]

At GPO, managers and supervisors are held to core EEO commitments in order to obtain performance bonuses. As a point of interest, FY 2007 performance agreements for supervisors and the SLS corps contained a statement about EEO issues, whereas, in the FY 2008 agreements, that statement was changed. For the differences in the two agreements, see the portion below highlighted in *italics*.

[18] The instructions describe the requirement that agencies inform managers and supervisors that success and a positive evaluation will include an assessment of how that manager contributes to the agency's EEO program by emphasizing to managers and supervisors that equality of opportunity is essential to attracting, developing, and retaining the most qualified workforce, with such a workforce being essential to ensuring the agency's achievement of its strategic mission.

FY 2008 Performance Agreement

I will make decisions in areas such as hiring, training, awards, special projects and developmental assignments without regard to sex, race, color, religion, national origin, age, disability, sexual orientation, or reprisal. I will conduct myself in accordance with all applicable legal and ethical standards of behavior and will assist on and enforce these standards within my organization. In the event that the above core commitment is not being met, the supervisor's rater must immediately provide guidance and advice to address any performance-related problems.

FY 2007 Performance Agreement

I will make decisions in areas such as hiring, training, awards, special projects and developmental assignments without regard to sex, race, color, religion, national origin, age, disability, sexual orientation, or reprisal *in order to nurture talent, create diverse opportunities and maximize the potential of GPO's workforce. I will promote staff participation in EEO events and programs. I will work with EEO to address and resolve allegations of discrimination and/or harassment within my organization.*

EEO officials stated that no decision had been made to adopt this practice although Human Capital officials stated that the draft EEO core commitment for FY 2009 performance agreements would be similar to the previous FY 2007 core commitment. We recommend that the agency adopt core commitments that emphasize the value of creating a diverse workforce and address the culture of diversity as opposed to mere compliance with laws and regulations.

6. Succession Planning

Succession planning is the sixth leading practice that GAO identifies in its January 2005 report. Succession planning is tied to the Federal Government's opportunity to change the diversity of the executive corps through new appointments and is a comprehensive, ongoing strategic process that enables management to forecast an organization's leadership needs. Identifying and developing candidates who have the potential to be future leaders, and selecting individuals from among a diverse pool of qualified candidates to meet executive resource needs is at the heart of succession planning.

As Table 4 shows, in the last five years GPO has made significant progress in the overall diversity of its workforce. Specifically, in FY 2002, there were 32 Grade 15s consisting of 31 males (6 minorities) and one female (0 minorities). In FY 2007, there were 56 males (14 minorities) and 23 females (11 minorities).

Table 4. 5-Year Trend Grade 15 (PG-15) Employees

Fiscal Year	**2002**		**2007**	
Males	**Number**	**Percent**	**Number**	**Percent**
White	25	78.2	42	53.1
African American	5	15.6	11	13.9
Asian American/Pacific Islander	1	3.1	1	1.3
Hispanic American	0	0.0	1	1.3
Native American	0	0.0	1	1.3
Total Males	**31**	**96.9**	**56**	**70.9**
Females				
White	1	3.1	12	15.2
African American	0	0.0	6	7.6
Asian American/Pacific Islander	0	0.0	5	6.3
Hispanic American	0	0.0	0	0.0
Native American	0	0.0	0	0.0
Total Females	**1**	**3.1**	**23**	**29.1**
Overall Totals	**32**	**100.0**	**79**	**100.0**

The result of the progress GPO has made in their succession planning has affected the makeup of its SLS employees. As shown in Table 5 below, in FY 2002, there were 21 SLS employees consisting of 20 males (0 minorities) and one female (1 minority). In FY 2007, there were a total of 26 SLS employees consisting of 23 males (1 minority) and 3 females (2 minorities).

Table 5. 5-Year Trend Senior Level Service (SLS) Employees

Fiscal Year	**2002**		**2007**	
Males	**Number**	**Percent**	**Number**	**Percent**
White	20	95.2	22	84.6
African American	0	0.0	0	0.0
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	0	0.0	1	3.9
Native American	0	0.0	0	0.0
Total Males	**20**	**95.2**	**23**	**88.5**
Females				
White	0	0.0	1	3.8
African American	1	4.8	2	7.7
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	0	0.0	0	0.0
Native American	0	0.0	0	0.0
Total Females	**1**	**4.8**	**3**	**11.5**
Overall Totals	**21**	**100.0**	**26**	**100.0**

Another way GPO supports succession planning is through leadership programs. A new program at GPO is called the Leadership, Development, and Recruitment (LDR) program. The LDR program—a two-year career-building program—began in FY 2007. As part of the LDR program, employees are recruited from both inside and outside the Agency. The program allows employees to work in a number of business units to get a range of hands-on experience of GPO to become potential future leaders within those same business units. In FY 2007, there were 13 employees—8 males (4 minorities) and 5 females (3 minorities)—enrolled in the LDR program. The second LDR class began in June 2008 with seven employees—five males and two females (1 minority). Table 6 provides more detail on the makeup of these two classes.

Table 6. Leadership Development and Recruitment (LDR) Program Employees

Fiscal Year	**2007**		**2008**	
Males	**Number**	**Percent**	**Number**	**Percent**
White	4	30.8	5	71.4
African American	3	23.0	0	0.0
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	1	7.7	0	0.0
Native American	0	0.0	0	0.0
Total Males	**8**	**61.5**	**5**	**71.4**
Females				
White	2	15.4	1	14.3
African American	3	23.1	1	14.3
Asian American/Pacific Islander	0	0.0	0	0.0
Hispanic American	0	0.0	0	0.0
Native American	0	0.0	0	0.0
Total Females	**5**	**38.5**	**2**	**28.6**
Overall Totals	**13**	**100.0**	**7**	**100.0**

Although GPO can still improve the diversity of its SLS corps with the inclusion of Asian American/Pacific Islanders, Hispanic Americans, and Native Americans, in the last five years, GPO has worked to create a diverse pool of qualified candidates for future SLS positions at both the Grade 15 level and through implementation of the LDR program.

7. Recruitment

Attracting a supply of qualified, diverse applicants for employment is the next leading practice listed by GAO. GAO states that organizations can widen selection of schools from which they can recruit to include, for example, Historically Black Colleges and Universities, Hispanic-Serving Institutions, women's colleges, and schools with international programs. Because of the number of Federal employees, including those in

senior level positions eligible for retirement in the next decade, the Federal Government will need more midcareer employees, defined by the GAO as employees generally 40 and older with 10 or more years of work experience.

In 2006, GPO hired a Recruitment Manager who worked with GPO managers including EEO and established a plan to recruit diverse candidates for a number of positions including the LDR Program. The Recruitment Manager along with other recruiters visited Historically Black Colleges and Universities and Hispanic-Serving Institutions. In addition, the manager used his personal contacts to generate renewed interest in GPO. A similar plan created in coordination with the EEO Manager is in place for 2008/2009. Also, the Hispanic Employment Program Manager e-mails job vacancies to 67 Hispanic organizations and to more than 800 Hispanic Employment Network individuals. Finally, significant recruitment planning, efforts and advertising took place in order to find diverse candidates to fill the positions at GPO's Secure Production Facility (SPF) in Mississippi. However, such efforts by Human Capital and EEO may not be fully realized in the absence of participation by the business unit managers making the employment selections. Accordingly, we recommend that the business unit managers responsible for employment selection and recruiting be included in outreach and recruitment efforts.

8. Employee Involvement

Employee involvement is GAO's eighth practice. Involving employees in diversity management helps contribute to diversity throughout the organization. Employees can get involved by: (1) forming employee diversity task forces, councils, boards, and networks to identify issues, recommend actions, and help develop initiatives to facilitate change; (2) providing mentoring opportunities to help identify and develop high-potential employees, improve employee productivity and performance, and promote retention and diversity; and (3) encouraging employees to volunteer in their communities and allocating mission personnel to participate in community outreach programs with private employers, public schools, and universities.

In its report, GAO provides an example of an agency that established a diversity advisory board and provided a visible forum for independent advice and assistance to management officials on diversity-related plans, policies, and programs. The same agency also created an advisory council chaired by a senior manager. The two groups contributed to the diversity strategic plan which was adopted by agency management. The diversity strategic plan had the following four objectives:

- Increased awareness of diversity values and sensitivities by senior management, managers, and staff.

- Retention of existing diversity and work-life enhancement.

- Active promotion of outreach and creation of a visible network of connections or routes to the agency.

- Recruitment and workforce planning for enhanced diversity.

GPO has several diverse employee groups such as the Federal Women's Program, Hispanic Employment Program, and the Disability Committee. These groups help identify issues and recommend actions to GPO management. These groups could also aid GPO management in the development of initiatives and recommendations for a diversity strategic plan similar to that identified in the GAO report.

In another effort to enhance employee involvement, the AEP Manager introduced GPO's Employee Mentoring Program in April 2008. The program is a formal six-month pilot with 11 mentors and protégés and is designed to enhance employee retention, job satisfaction, and cross-organizational communication through employees receiving teaching, guidance, counseling, and coaching from other GPO employees.

GPO also has very active employee involvement. As the GAO report emphasizes, employees should be empowered to address and identify diversity issues, recommend actions, and help develop initiatives to address concerns and create greater cultural and diversity awareness in the workplace for all employees. We recommend that GPO management evaluate its existing employee groups, identify whether employees' issues are fully represented and ensure that the groups are meeting the objectives as identified by GAO.

9. Diversity Training

GAO's ninth practice of training can help an organization's management and staff increase their awareness and understanding of diversity as well as help it develop concrete skills for assisting it with communicating and increasing productivity. Training can provide employees with an awareness of their differences—including cultural, work style, and personal presentation-and an understanding of how diverse perspectives can improve organizational performance. GAO also states that to increase employee effectiveness in a diverse environment, training should include teambuilding, communication styles, decision-making, and conflict resolution.

EEO officials informed us that GPO plans to adopt this leading practice. The OIG believes that officials from both EEO and Human Capital should work together to develop a diversity training curriculum that can be provided to all GPO employees.

Recommendation

2. The Public Printer should adopt all or a combination of the leading practices GAO recommends to create and maintain a positive work environment with qualified and diverse senior officials by taking the following steps:

    a. Continue to issue to all employees an annual policy statement on his personal commitment to equal opportunity and diversity.

b. Link diversity to GPO's strategic plan.
c. Include the development of diversity management in its strategic plan.

d. Develop a data gathering and tracking system for workforce data that will help the agency eliminate identified barriers.

e. Develop a written plan for attracting a supply of qualified, diverse applicants for employment, identifying quantitative and qualitative performance measures that can track data on its workforce to evaluate the effectiveness of the Agency's diversity management efforts as well as track the return on investment in such areas as diversity training and recruitment.

f. Ensure that managers are responsible for diversity in their business units and that awards are based partly on a manager's success in achieving diversity-related goals.

g. Identify, develop, and select candidates for new appointments who have the potential to be future leaders from a diverse pool of qualified candidates.

h. Empower employees to get involved in diversity management by forming employee task forces, councils, and boards that identify issues and recommend actions to the diversity strategic plan.

i. Develop a diversity training program for managers and employees that increases awareness and understanding of diversity as well as help develop concrete skills to assist in communicating and increasing productivity.

Management's Response. Concur. Implementation of the recommendation will require the Public Printer's review and approval (see Appendix J).

Evaluation of Management's Response. While GPO management concurred with the recommendation, they did not provide details regarding what actions the Agency plans to take to implement the recommendation. As a result, pending receipt of details related to implementation, the recommendation is considered unresolved. The OIG will work with GPO management to review any proposed actions to implement the recommendation.

Appendix A. Objectives, Scope, and Methodology

Objectives

The overall objective of the audit was to conduct a review of the diversity office within the GPO at the request of the Subcommittee on Federal Workforce, Postal Service, and the District of Columbia, Committee on Oversight and Government Reform, House of Representatives. The Subcommittee expressed concern about the under representation of women and minorities in the senior-level positions at the legislative branch agencies. The GPO OIG was one of five legislative branch agencies jointly conducting this review. The other legislative branch agencies participating in the review are the Library of Congress, Government Accountability Office, Architect of the Capitol, and U.S. Capitol Police. Participating agencies will issue a consolidated report to Congress by September 2008.

The specific audit objectives were to:

- Identify and assess the diversity program at GPO to determine if it is yielding the desired results, that of creating a more diverse population of women and minorities in top leadership positions (SLS).

- Evaluate the accuracy and completeness of the complaints and discrimination data being reported to the Congress.

- Assess to what degree the diversity offices are independent of the GPO's General Counsel and the Public Printer

Scope and Methodology

To be consistent in our scope and methodology in reporting each particular agency's position to the three specific objectives, we followed a uniform audit guide provided to each participating OIG by the Library of Congress OIG. To address the audit objectives, we:

1. Assessed the responses that the EEO Director provided in the: (1) Self-Assessment Checklist in MD-715 which identifies the effectiveness of the GPO diversity programs; and (2) Data Collection Instrument for Leading Diversity Management Practices which gauges the agency's progress in following leading diversity management practices as of January 1, 2008.

2. Evaluated the accuracy and completeness of GPO's complaint and discrimination data for Fiscal Year 2007.

3. Assessed the current independence of GPO's EEO Director and the diversity programs with the Public Printer and GPO's General Counsel.

We also interviewed officials from the Offices of the General Counsel and Human Capital to determine whether policies and procedures related to EEO were implemented and followed. Human Capital officials also provided workforce profile reports and documentation on recruiting applicants for Agency leadership programs.

Management Controls Reviewed

We reviewed management controls related to EEO areas, including complaint and discrimination reports as well as the reporting of data for workforce profile reports to ensure these practices are contained in GPO Instruction 825.18A.

Audit Field Work

We performed field work from April through August 2008 at the GPO Central Office in Washington, D.C. We performed the audit in accordance with generally accepted government auditing standards.

Appendix B. Assessment of Whether GPO Practiced the Essential Elements of EEOC Management Directive 715

	Essential Element	Generally Following	Not Following
1.	Demonstrated Commitment from Leadership	X	
2.	Integration of EEO into the Strategic Mission		X[19]
3.	Management and Program Accountability		X[20]
4.	Proactive Prevention		X[21]
5.	Efficiency	X	
6.	Responsiveness and Legal Compliance	X	

[19] Although GPO followed the four parts of Element B, the previous strategic plan did not address EEO.
[20] Although GPO followed portions of Element C, it did not include the portions for business unit managers developing EEO plans and EEO and Human Capital officials identifying any systemic barriers in past promotions, training, and awards.
[21] Because the data that Human Capital official provided was limited, the AEP Program Manager could not conduct an annual self-assessment to monitor the progress and identify areas where barriers may operate to exclude certain groups.

Appendix C. White and Blue Collar Workforce Profile by Grade, Race, and Sex (As of January 28, 2008)

Appendix D. Assessment of Whether GPO Exemplifies GAO's Leading Practices for Diversity Management

	Leading Diversity Practices[22]	Not Yet Adopted					Level of Adoption	
		Do not anticipate adopting	No decision	Will adopt	Plan under development	Written plan complete	Partially adopted	Fully adopted
1.	**Top leadership commitment –** a vision of diversity demonstrated and communicated throughout an organization by top-level.						X[23]	
2.	**Diversity as part of an organization's strategic plan –** a diversity strategy and plan that are developed and aligned with the organization's strategic plan.		X					
3.	**Diversity linked to performance –** the understanding that a more diverse and inclusive work environment can yield greater productivity and help improve individual and organizational performance.		X					
4.	**Measurement –** a set of quantitative and qualitative measures of the impact of various aspects of an overall diversity program.		X					
5.	**Accountability –** the means to ensure that leaders are responsible for diversity by linking their performance assessment and compensation to the progress of diversity initiatives.		X					
6.	**Succession planning –** an ongoing, strategic process for identifying and developing a diverse pool of talent for an organization's potential future leaders.				X[24]			
7.	**Recruitment –** the process of attracting a supply of qualified, diverse applicants for employment.		X					
8.	**Employee involvement –** the contribution of employees in driving diversity throughout an organization.		X					
9.	**Diversity training –** organizational efforts to inform and educate management and staff about diversity.		X					

[22] GAO report GAO-05-09, "Diversity Management Expert-Identified Leading Practices and Agency Examples," January 2005.

[23] Based on the Public Printer's April 8, 2008, letter on equal opportunity and diversity.

[24] The Human Capital Office did not have a written plan. However, GPO has made progress in the last five years to create a diverse pool of qualified candidates at the Grade 15 level and the implementation of the LDR program.

Appendix E. Public Printer's April 8, 2008 Letter on Equal Opportunity and Diversity

GPO U.S. GOVERNMENT PRINTING OFFICE
KEEPING AMERICA INFORMED

Robert C. Tapella
Public Printer

April 8, 2008

To All GPO Employees:

As Public Printer I want to emphasize my personal commitment to equal opportunity and diversity. It is imperative that we treat fairly all employees, applicants for employment, and customers of the U.S. Government Printing Office (GPO). Employment actions must be based upon merit principles and made without regard to an individual's race, color, religion, national origin, sex, age, mental/physical disability or sexual orientation.

Since becoming Public Printer at GPO, I have made it clear that I will not tolerate any form of discrimination in the workplace. I firmly believe that every GPO employee is entitled to work in an environment that is free of discrimination and harassment. I am committed to ensuring that every individual in GPO enjoys that right without regard to non-merit factors. This environment is necessary for accomplishing our goal of attracting, hiring, developing and retaining a quality diverse workforce that achieves our mission and meets the expectations of our citizens and the visitors we serve.

It is the policy of GPO to provide equal employment opportunity for all persons in its workforce, as well as applicants for employment and to prohibit discrimination in all aspects of its personnel policies, program practices and operations. Every GPO manager and supervisor is responsible for ensuring that we achieve that goal. I expect a "zero tolerance" approach to this important area. I take any confirmed violations of this policy very seriously. Employees who violate the law will be held accountable for their conduct. I encourage every level of management to maintain a high level of awareness regarding these matters and to foster a steadfast commitment to equal opportunity for all persons. I expect managers and supervisors to respond to complaints swiftly and appropriately, as they will be held accountable for taking steps to eliminate such behavior and to ensure that the work environment is one where employees are treated fairly, respectfully and with dignity.

As Public Printer, I will vigorously pursue these goals and I encourage all employees to fully support our commitment in principle and in action to ensure that our equal employment opportunity programs are successful. Each of you plays a part in creating and sustaining a workplace that will provide all employees with a working environment free from discrimination where individual differences are respected and valued.

Sincerely,

732 North Capitol Street, NW Washington, DC 20401 202-512-1000 rtapella@gpo.gov

Appendix F. Summary of Leading Practices GPO Followed (From PricewaterhouseCoopers[25] Study and EEOC Management Directive 715[26])

	Diversity Program Characteristics	Following	Generally Following	Not Following
1.	Diversity Program housed separate from the EEO office?			X
2.	Agency has a diversity action or strategic plan?			X
3.	Agency is conducting targeted recruitment and outreach efforts to attract potential under represented minority employees?		X	
4.	Mentoring Program?	X		
5.	Includes awareness events (for example, special emphasis functions)?	X		
6.	Includes a diversity council?			X
7.	Agency encourages the development of formally or informally constituted groups representing specific categories of employees such as women, African Americans, or gays and lesbians?		X	
8.	Includes focus on conflict management (for example, alternative dispute resolution or mediation)?	X		
9.	Diversity training required for managers and supervisors?			X
10.	Diversity training included in employee orientation?			X
11.	Have administered attitude survey as part of assessment?	X		
12.	Diversity element in supervisors/managers performance plans?			X
13.	Are management/personnel policies, procedures and practices examined at regular intervals to assess whether there are hidden impediments to equal opportunity?		X	
14.	Does the EEO Director have the authority and funding to ensure implementation of agency EEO action plans?	X		
15.	The agency tracks the race, national origin and sex of applicants for both permanent and temporary employment?			X
16.	The agency tracks the rates of selections for promotions by race, national origin and sex?			X
17.	The agency tracks the rates of training opportunities (hours per year) by race, national origin and sex?			X
18.	The agency tracks the rates of performance incentives (monetary awards, step increases) by race, national origin and sex?			X
19.	The agency tracks the rates of complaints by race, national origin and sex to see if a particular group has more complaints about promotions, disciplinary actions, performance appraisals, or awards?	X[27]		
20.	The agency tracks the rates of both voluntary and involuntary separations from employment by race, national origin and sex?			X

[25] "A Changing Workforce: Understanding Diversity Programs in the Federal Government" December 2001.
[26] This table will be included in the consolidated report of the five Legislative Branch agencies to Congress.
[27] The EEO Office uses this information in their semiannual meetings with business units that began in October 2007.

Appendix G. Accuracy and Completeness of EEO Data[28]

Tracking and Reporting the Number and Status of Discrimination Complaints

GPO's EEO Office uses EEONET, a case management system built to assist EEO managers and counselors in managing all aspects of information and program management related to EEO complaints and resolutions. Built to support the EEOC reporting requirements, EEONET allows automated generation of reports required by EEOC as well as a variety of other reports and documentation that can be customized to user and management requirements. The data in EEONET are supported by the manual files kept as well as a monthly report that is kept to ensure the data is accurate when it is entered into the system. GPO's EEO office is required to submit annually EEOC Form 462 report. EEOC incorporates the data along with the other agencies and report it to Congress. Although the format between "No Fear Act" and EEOC's 462 are somewhat different, the data collected are the same. One key difference is that the "No Fear Act" reporting reflects comparative data for the previous 5 years; EEOC Form 462 report includes activity that occurred during the preceding fiscal year.

No.	Discrimination Complaints	Yes	No
1	Does the agency have a system of management controls in place to ensure the timely, accurate, complete and consistent reporting of EEO complaint data?	X	
2	Does the agency use a complaint tracking system that allows identification of the location and status of complaints, and length of time elapsed at each stage of the agency's complaint resolution process?	X	
3	Does the agency's tracking system identify the issues and bases of the complaints, the aggrieved individuals/complainants, the involved management officials and other information to analyze complaint activity and trends?	X	
4	Is the agency statutorily mandated to follow the No Fear Act reporting requirements?		X
4a	Does the agency follow the No Fear Act reporting format?		X
4b	Does the agency post its No Fear Act (or similar) data on its web site?		X

[28] This table will be included in the consolidated report of the five Legislative Branch agencies to Congress.

Appendix H. Independence of the Diversity Office[29]

Independence

No.		Yes	No

Memorandum

HUMAN CAPITAL OFFICE

DATE: September 10, 2008

REPLY TO
ATTN OF: Chief Human Capital Officer

SUBJECT: Draft Report on Audit of Diversity Management Programs at the GPO

TO: Assistant IG for Audits and Inspection

This is in response to your September 9, 2008 memorandum requesting comments on the revised draft report on the Audit of Diversity Management Program at the GPO. After a thorough review, we note that the changes made as a result of the September 5 meeting between the IG, EEO and Human Capital managers have greatly improved the report.

As far as the two recommendations are concerned, our office concurs with each of them. Thank you for the opportunity to review the draft. I am sure the report will have a positive impact to create a more diverse GPO in the future.

William T. Harris

Trends and Practices in the Financial Services Industry and Agencies after the Recent Financial Crisis

GAO Highlights

Accountability * Integrity * Reliability

Highlights of GAO-13-238, a report to the Ranking Member, Committee on Financial Services, U.S. House of Representatives

Why GAO Did This Study

As the U.S. workforce has become increasingly diverse, many private- and public-sector entities recognize the importance of recruiting and retaining minorities and women for management-level positions to improve their business. The 2007-2009 financial crisis has renewed questions about commitment within the financial services industry (e.g., banking and securities) to workforce diversity. The Dodd-Frank Act required that eight federal financial agencies and the Federal Reserve Banks implement provisions to support workforce and contractor diversity. GAO was asked to review trends and practices since the beginning of the financial crisis. This report examines (1) workforce diversity in the financial services industry, the federal financial agencies, and Reserve Banks, from 2007 through 2011 and (2) efforts of the agencies and Reserve Banks to implement workforce diversity practices under the Dodd-Frank Act, including contracting. GAO analyzed federal datasets and documents and interviewed industry representatives and officials from the federal financial agencies and Reserve Banks.

What GAO Recommends

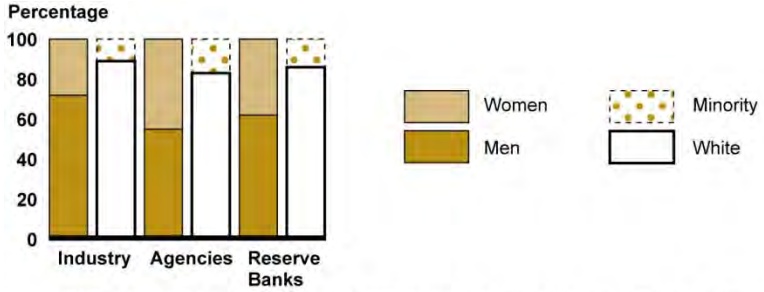
Each agency and Reserve Bank should include in its annual OMWI report to Congress efforts to measure the progress of its diversity practices. The agencies and Reserve Banks agreed to include this information in the annual OMWI reports. Additionally, some agencies and the Reserve Banks described steps they have taken or plan to take to address the recommendation.

View GAO-13-238. For more information, contact Daniel Garcia-Diaz at (202) 512-8678 or GarciaDiazD@gao.gov.

What GAO Found

Management-level representation of minorities and women in the financial services industry and among federal financial agencies and Federal Reserve Banks (Reserve Banks) has not changed substantially from 2007 through 2011. Industry representation of minorities in 2011 was higher in lower-level management positions—about 20 percent—compared to about 11 percent of senior-level manager positions. Industry representation of women at the overall management level remained at about 45 percent. Agency representation of minorities at the senior management level in 2011 ranged from 6 percent to 17 percent and from 0 percent to 44 percent at the Reserve Banks. Women's representation ranged from 31 to 47 percent at the agencies and from 15 to 58 percent at the Reserve Banks. Officials said the main challenge to improving diversity was identifying candidates, noting that minorities and women are often underrepresented in both internal and external candidate pools.

Senior Management-Level Diversity, 2011



Source: GAO analysis of financial services industry EEOC data and agency and Reserve Bank reports.

In response to the requirements in the Dodd-Frank Wall Street and Consumer Protection Act (Dodd-Frank Act), in 2011 federal financial agencies and Reserve Banks began to report annually on the recruitment and retention of minorities and women and other diversity practices. They all have established Offices of Minority and Women Inclusion (OMWI) as required. Many agencies and Reserve Banks indicated they had recruited from minority-serving institutions and partnered with organizations focused on developing opportunities for minorities and women, and most described plans to expand these activities. Some used employee surveys or recruiting metrics to measure the progress of their initiatives, as suggested by leading diversity practices, but OMWIs are not required to include this type of information in the annual reports to Congress. Better reporting of measurement efforts will provide Congress, agency officials, and other stakeholders additional insights on the effectiveness of diversity practices and demonstrate how agencies and Reserve Banks are following a leading diversity practice. Most federal financial agencies and Reserve Banks are in the early stages of implementing the contracting requirements required under the act. For example, most now include a provision in contracts for services requiring contractors to make efforts to ensure the fair inclusion of women and minorities in their workforce and subcontracted workforce and have established ways to evaluate compliance. The proportion of an agency's dollars awarded or a Reserve Bank's dollars paid to minority- or woman-owned businesses reported in 2011 OMWI reports ranged between 3 percent and 38 percent.

April 16, 2013

The Honorable Maxine Waters
Ranking Member
Committee on Financial Services
House of Representatives

Dear Ms. Waters:

As the U.S. workforce has become increasingly diverse, many private and public-sector organizations have recognized the importance of recruiting and retaining minorities and women for key positions to improve their business or organizational performance. Studies have associated a diversity of perspectives in organizations with innovation. However, congressional hearings have raised questions about diversity in the workforce of the financial services industry, which provides services that are essential to the continued growth and economic recovery of the country. During hearings on the financial services industry between 2004 and 2010, congressional members and witnesses expressed concern about the level of inclusion of women and minorities in the industry, particularly in key management-level positions.[1] The 2007-2009 financial crisis has renewed concerns about commitment within the financial services industry to workforce diversity and the number of federal contracting opportunities available to minority- and women-owned businesses. The Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) included provisions requiring selected federal financial agencies and Federal Reserve Banks (Reserve Banks)

[1]GAO has conducted prior work on the challenges faced in the financial sector for promoting and retaining a diverse workforce. See GAO, *Financial Services Industry: Overall Trends in Management-Level Diversity and Diversity Initiatives, 1993-2004*, GAO-06-617 (Washington, D.C.: June 1, 2006) and *Financial Services Industry: Overall Trends in Management-Level Diversity and Diversity Initiatives, 1993-2008,* GAO-10-736T (Washington, D.C.: May 12, 2010).

each to establish an Office of Minority and Women Inclusion (OMWI).[2] The act required that these agencies and Reserve Banks establish the new diversity and inclusion offices to replace existing diversity programs by January 2011 and to begin addressing a number of other requirements in the act.[3]

This report updates our previous work by discussing changes in management-level diversity or diversity practices used in this industry since the beginning of the financial crisis in 2007. It also reviews the implementation of requirements in section 342 of the Dodd-Frank Act on workforce diversity. Specifically, our objectives were to discuss (1) what available data show about how the diversity of the financial services industry workforce and how diversity practices by the industry have changed from 2007 through 2011; (2) what available data show about how diversity in the workforces of the federal financial agencies and the Reserve Banks has changed from 2007 through 2011; (3) how these federal financial agencies and Reserve Banks are implementing workforce diversity practices under section 342 of the Dodd-Frank Act, including the extent to which their workforce diversity practices have changed since the financial crisis; and (4) the status of federal financial agencies' and Reserve Banks' implementation of the contracting provisions of the Dodd-Frank Act related to the inclusion of women and minorities.

To describe how diversity in the financial services industry and how the diversity practices it uses have changed from 2007 through 2011, we analyzed 2007-2011 workforce data from the Equal Employment Opportunity Commission's (EEOC) Employer Information Report (EEO-1) and from the Current Population Survey (CPS) produced by the Bureau of

[2]Pub. L. No. 111-203 § 342,124 Stat.1376,1441-1443 (2010).The federal agencies required to meet the workforce diversity provisions in section 342 of the Dodd-Frank Act include the Departmental Offices of the Department of the Treasury (Treasury), the Federal Deposit Insurance Corporation (FDIC), the Federal Housing Finance Agency (FHFA), the Board of Governors of the Federal Reserve System (Federal Reserve Board), the National Credit Union Administration (NCUA), the Office of the Comptroller of the Currency (OCC), the Securities and Exchange Commission (SEC), and the Bureau of Consumer Financial Protection, commonly known as the Consumer Financial Protection Bureau (CFPB). Throughout the report we refer to these as either federal financial agencies or agencies.

[3]CFPB had until January 21, 2012, to establish its OMWI and begin addressing the other requirements of the act.

the Census and the Bureau of Labor Statistics. Through a review of documentation, electronic testing, and interviews with knowledgeable officials, we found these data sufficiently reliable for our use. We conducted a literature review to identify academic and industry studies on financial services workforce diversity, and we interviewed 10 industry representatives on these issues.

To review changes to the representation of women and minorities in the workforces of the agencies and Reserve Banks, we analyzed data the agencies submitted to EEOC from 2007 through 2011 in annual Equal Employment Opportunity Program Status Reports required by EEOC's MD-715 and analyzed EEO-1 reports provided by the 12 Reserve Banks.[4] We assessed the reliability of these data by conducting electronic testing, reviewing agency documentation, and interviewing agency officials. We determined that the data were sufficiently reliable for our use. We reviewed agency and Reserve Bank documentation of efforts to respond to the Dodd-Frank Act requirements, including annual OMWI reports to Congress. Additionally, we interviewed agency and Reserve Bank officials on changes in the inclusion of women and minorities in their workforces and any changes in the practices they used to further workforce diversity goals.

To determine the extent to which agencies and Reserve Banks are implementing the requirements of the Dodd-Frank Act regarding the inclusion of women and minorities in contracting, we reviewed annual OMWI reports submitted to Congress and interviewed officials on their efforts in this area. We collected and reviewed agency documentation of procedures developed to address the act's requirements, such as policy manuals, contract provisions related to promoting a diverse workforce, process workflows, and technical assistance materials.

We conducted this performance audit from January 2012 through April 2013 in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe

[4]The race/ethnicity categories in EEOC data include White, Black, Hispanic, Asian, and other races. All non-White categories in EEOC data are considered racial/ethnic minorities in this report.

that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Background

The financial services industry is a major source of employment in the United States. EEOC data we obtained and analyzed showed that financial services firms we reviewed for this work employed more than 2.9 million people in 2011. We defined the financial services industry to include the following sectors:

- depository credit institutions, which include commercial banks, thrifts (savings and loan associations and savings banks), and credit unions;
- holdings and trusts, which include investment trusts, investment companies, and holding companies;
- nondepository credit institutions, which extend credit in the form of loans and include federally sponsored credit agencies, personal credit institutions, and mortgage bankers and brokers;
- the securities sector, which is composed of a variety of firms and organizations that bring together buyers and sellers of securities and commodities, manage investments, and offer financial advice; and
- the insurance sector, including carriers and insurance agents that provide protection against financial risks to policyholders in exchange for the payment of premiums.

Financial Services Industry and Diversity

We previously conducted work on the challenges faced in the financial sector for promoting and retaining a diverse workforce, focusing on private-sector firms.[5] In 2010, we reported that overall diversity at the management level in the financial services industry did not change substantially from 1993 through 2008 and that diversity in senior positions was limited. We also found that without a sustained commitment among financial services firms to overcoming challenges to recruiting and retaining minority candidates and obtaining "buy-in" from key employees, limited progress would be possible in fostering a more diverse workplace.

[5]See GAO-06-617 and GAO-10-736T.

In a 2005 report, we defined diversity management as a process intended to create and maintain a positive work environment that values individuals' similarities and differences, so that all can reach their potential and maximize their contributions to an organization's strategic goals and objectives.[6] We also identified a set of nine leading diversity management practices that should be considered when an organization is developing and implementing diversity management. They are (1) commitment to diversity as demonstrated and communicated by an organization's top leadership; (2) the inclusion of diversity management in an organization's strategic plan; (3) diversity linked to performance, making the case that a more diverse and inclusive work environment could help improve productivity and individual and organizational performance; (4) measurement of the impact of various aspects of a diversity program; (5) management accountability for the progress of diversity initiatives; (6) succession planning; (7) recruitment; (8) employee involvement in an organization's diversity management; and (9) training for management and staff about diversity management.

Diversity Requirements under Section 342 of the Dodd-Frank Act

Section 342 of the Dodd-Frank Act required specific federal financial agencies and Reserve Banks each to establish, by January 21, 2011, an OMWI, responsible for matters relating to diversity in management, employment, and business activities.[7] Table 1 describes the affected agencies.

Table 1: Federal Financial Agencies Subject to Dodd-Frank Act Section 342

Agency	Function
Bureau of Consumer Financial Protection (CFPB)	Commonly known as the Consumer Financial Protection Bureau, writes rules to implement federal consumer financial law across banks and nonbanks; supervises for consumer protection purposes banks, thrifts, and credit unions with over $10 billion in assets and their affiliates, as well as nonbank mortgage-related firms, private student lenders, payday lenders, and certain other larger consumer financial companies; and enforces federal consumer financial law with respect to supervised entities and other nonbank entities.

[6]GAO, *Diversity Management: Expert-Identified Leading Practices and Agency Examples*, GAO-05-90 (Washington, D.C.: Jan. 14, 2005).

[7]Pub. L. No. 111-203. § 342, 124 Stat. 1376, 1541-1544 (2010). CFPB had until January 21, 2012, to comply with the requirements.

Agency	Function
Federal Deposit Insurance Corporation (FDIC)	Regulates FDIC-insured state-chartered banks that are not members of the Federal Reserve System, as well as federally insured state savings banks and thrifts; insures the deposits of all banks and thrifts that are approved for federal deposit insurance; and resolves all failed insured banks and thrifts and may resolve certain bank holding companies and nonbank financial companies.
Federal Housing Finance Agency (FHFA)	Supervises and regulates Fannie Mae, Freddie Mac, and the 12 Federal Home Loan Banks and their Office of Finance. Acts as conservator for Fannie Mae and Freddie Mac.
Board of Governors of the Federal Reserve System (Federal Reserve Board)	Regulates state-chartered banks that opt to be members of the Federal Reserve System, bank holding companies and certain subsidiaries, thrift holding companies, securities holding companies, Edge and agreement corporations, U.S. branches of foreign banks, any firm that is designated as systemically significant by the Financial Stability Oversight Council (FSOC), and payment, clearing, and settlement systems designated as systemically significant by FSOC, unless regulated by SEC or the Commodity Futures Trading Commission.
National Credit Union Administration (NCUA)	Charters and supervises federally chartered or insured credit unions and operates the National Credit Union Share Insurance Fund, which insures savings in federal and most state-chartered credit unions.
Office of the Comptroller of the Currency (OCC)	Charters and regulates national banks and federal thrifts and U.S. federal branches of foreign banks.
Securities and Exchange Commission (SEC)	Regulates securities exchanges, broker-dealers, investment companies, investment advisers, nationally recognized statistical rating organizations, security-based swap (SBS) dealers, major SBS participants, and SBS execution facilities.
Departmental Offices of the Department of the Treasury (Treasury)	The Department of the Treasury is organized into two major components: the departmental offices and the operating bureaus. The departmental offices are primarily responsible for the formulation of policy and management of the department as a whole, and include domestic finance, economic policy, international affairs, and others.

Source: GAO review of agency documentation.

The act's diversity provisions also apply to the Reserve Banks. The Federal Reserve System consists of a central governmental agency, the Board of Governors, in Washington, D.C., and 12 regional Reserve Banks. The 12 Reserve Banks are each responsible for a particular geographic area or district of the United States. They are located in Atlanta, Boston, Chicago, Cleveland, Dallas, Kansas City, Minneapolis, New York, Philadelphia, Richmond, San Francisco, and St. Louis. Unlike the Federal Reserve Board, the Reserve Banks are not federal agencies. Each Reserve Bank is a federally chartered corporation with a board of directors and member banks who are stockholders in the Reserve Bank. Under the Federal Reserve Act, Reserve Banks are subject to the general supervision of the Federal Reserve Board.[8]

[8]Federal Reserve Act, 63 Cong. Ch. 6, 38 Stat. 251-275 (Dec. 23, 1913).

The act's diversity provisions require the director of each OMWI to develop standards for (1) equal employment opportunity and the racial, ethnic and gender diversity of the workforce and senior management for the agency; (2) increased participation of minority- and women-owned businesses in the programs and contracts of the agency, including standards for coordinating technical assistance to such businesses; and (3) assessing the diversity policies and practices of entities regulated by the agency. It also provides that each OMWI director advise his or her agency on the impact of agency policies and regulations on minority- and women-owned businesses.[9]

The act also outlines steps the specific agencies and Reserve Banks should take to seek workforce diversity at all levels of their organizations. Among other things, these steps include recruiting from colleges serving primarily minority populations, sponsoring and recruiting at job fairs in urban communities, and advertising positions in newspapers and magazines oriented toward minorities and women.

In addition, the act provides that each OMWI director develop and implement standards and procedures to ensure, to the maximum extent possible, the fair inclusion and utilization of minorities, women, and minority- and women-owned businesses in all business and activities of the agency at all levels, including in procurement, insurance, and all types of contracts. Agency procedures for reviewing and evaluating applicable contract proposals and for hiring service providers should include a component that gives consideration to applicant diversity, to the extent consistent with applicable laws.[10] Additionally, the act mandates that the

[9]For purposes of the act, minority means any Black American, Native American, Hispanic American, or Asian American. Minority-owned business means a business (i) more than 50 percent of the ownership or control of which is held by one or more minority individuals; and (ii) more than 50 percent of net profit and loss of which accrues to one or more minority individuals. Women-owned business means a business (i) more than 50 percent of the ownership or control of which is held by one or more women; (ii) more than 50 percent of the new profit or loss of which accrues to one or more women; and (iii) a significant percentage of senior management positions are held by women.

[10]Section 342 applies to all contracts of an agency for services of any kind, including the services of financial institutions, investment-banking firms, mortgage banking entities, underwriters, accountants, investment consultants, and providers of legal services. It also includes all contracts for all business and activities of an agency, at all levels, including contracts for the issuance or guarantee of any debt, equity, or security; the sale of assets; the management of assets of the agency; the making of equity investments by the agency; and the implementation of programs to address economic recovery.

OMWI director develop procedures to determine whether contractors, or subcontractors when applicable, have made a good faith effort to include minorities and women in their workforces. It requires that each OMWI director recommend that contracts be terminated if they determine that an agency contractor, and as applicable, a subcontractor has failed to make a good faith effort to include minorities and women in their workforce. Upon receipt of such a recommendation, the head of an agency may terminate the contract, make a referral to an office in the Department of Labor, or take other appropriate action.

Finally, the act requires each OMWI to submit to Congress an annual report detailing the actions taken by the agency and the OMWI to comply with the provisions in section 342. The annual reports are required to include, among other things, annual amounts paid to contractors, including the percentage of the amounts that were paid to minorities, women, and minority- and women-owned businesses; any challenges in contracting with qualified minority- and women-owned businesses; any challenges in hiring qualified minority and women employees; and any other information, findings, conclusions, and recommendations for legislative or agency action as the OMWI director determines appropriate.

Industry Diversity Levels Remained about the Same from 2007 through 2011

Diversity has remained about the same at the management level in terms of the representation of both minorities and women, while industry representatives noted the continued use of leading diversity practices and some challenges. According to EEOC data, the representation of minorities at the management level stood at 19 percent in 2011. The representation of women in management remained at about 45 percent, according to EEOC data. The nine leading diversity practices that we previously identified in 2005 remain relevant today, according to industry representatives with whom we spoke. Industry representatives also noted some challenges, such as the difficulty in recruitment because of a limited supply of diverse candidates.

Diversity in the Financial Services Industry Remained about the Same at the Management Level from 2007 through 2011

At the overall management level, the representation of minorities increased from 17.3 percent to 19 percent from 2007 through 2011 according to EEOC data we obtained, which are reported by financial services firms (see fig. 1).[11] While this is not a substantial increase, it shows a continued upward trend from our 2006 report, in which data showed that management-level representation by minorities increased from 11.1 percent to 15.5 percent from 1993 through 2004.[12]

[11]EEOC compiles EEO-1 data from the reports it collects annually from private employers with 100 or more employees or federal contractors with 50 or more employees. Similar to our 2006 report, we obtained data from EEOC for private employers with 100 or more employees. Consequently, the analysis included in this report may not match the analysis found in EEOC's website, which would also include federal contractors with 50 or more employees. The financial services industry EEO-1 data analysis provided in this section of the report includes workforce information from the 12 Federal Reserve Banks, as they are considered part of the financial services industry. We provide a separate analysis of the 12 Federal Reserve Banks' workforce later in the report because they were also covered by the Dodd-Frank Act provisions.

[12]GAO-06-617.

Figure 1: Percentage of White and Minority Managers in the Financial Services Industry, 2007-2011

	2007	2008	2009	2010	2011
White EEOC	82.7%	82.1%	82.1%	81.6%	81.0%
Minority EEOC	17.3	17.9	17.9	18.4	19.0

Source: GAO analysis of EEOC data.

The representation of minorities varied among management positions, which EEOC splits into two categories: (1) first- and mid-level officials and managers and (2) senior-level officials and managers. In 2011, the representation of minorities among first- and mid-level managers stood at 20.4 percent, about 1 percentage point higher to the representation of minorities among all management positions, according to EEOC data (see fig. 2). In contrast, at the senior management level, representation of minorities was 10.8 percent in 2011, about 8 percentage points below their representation among all management positions; yet representation of minorities in first- and mid-level management positions consistently increased from 18.7 percent to 20.4 percent over the 5-year period. First- and mid-level management positions may serve as an internal pipeline in an organization through which minority candidates could move into senior management positions.

Figure 2: Percentage of Whites and Minorities in First- and Mid-Level Management and Senior Management Positions in the Financial Services Industry, 2007-2011

	2007	2008	2009	2010	2011
White senior level	89.4%	89.5%	90.0%	89.9%	89.2%
White first- and mid-level	81.3	80.8	80.7	80.2	79.6
Minority senior level	10.6%	10.5%	10.0%	10.1%	10.8%
Minority first- and mid-level	18.7	19.2	19.3	19.8	20.4

Source: GAO analysis of EEOC data.

Similar to the total representation of minorities across all management positions, specific races/ethnicities have not changed significantly, but EEOC data show slight variations of representation for specific races/ethnicities. For example, the representation of African Americans decreased from 6.5 percent in 2007 to 6.3 percent in 2011, according to EEOC data (see fig. 3). In contrast, representation of most other races/ethnicities increased, and the highest increase was in the representation of Asians, from 5.4 percent to 6.5 percent over the same time period.

Figure 3: Percentage of Specific Races/Ethnicities in the Financial Services Industry in Overall Management Positions, 2007-2011

	2007	2008	2009	2010	2011
Total minority	**17.3%**	**17.9%**	**17.9%**	**18.4%**	**19.0%**
African-American	6.5	6.5	6.4	6.3	6.3
Hispanic	4.8	4.8	4.8	5.0	5.2
Asian	5.4	5.7	5.8	6.1	6.5
Other	0.6	0.8	0.9	0.9	1.0

Source: GAO analysis of EEOC data.

From 2007 to 2011, the representation of African Americans went down in both management levels, while the representation of other specific races/ethnicities either increased or remained stable (see fig. 4). At the senior management level, the representation of Asians remained stable at about 4.1 percent from 2007 through 2011. However, the representation of African Americans in senior management positions decreased from 3.1 percent to 2.7 percent, and the representation of Hispanics increased from 3 percent to 3.3 percent. Among first- and mid-level management positions, the representation of Asians increased from 5.6 percent to 6.9 percent and the representation of Hispanics increased from 5.2 percent to 5.5 percent, while the representation of African Americans decreased from 7.2 percent to 6.9 percent.

Figure 4: Percentage of Specific Races/Ethnicities in the Financial Services Industry at Various Management Levels, 2007-2011

	Total minority senior level	**10.6 %**	**10.5%**	**10.0 %**	**10.1 %**	**10.8%**
	African-American senior level	3.1	3.0	2.9	2.7	2.7
	Hispanic senior level	3.0	3.1	2.8	2.9	3.3
	Asian senior level	4.1	3.8	3.7	3.8	4.1

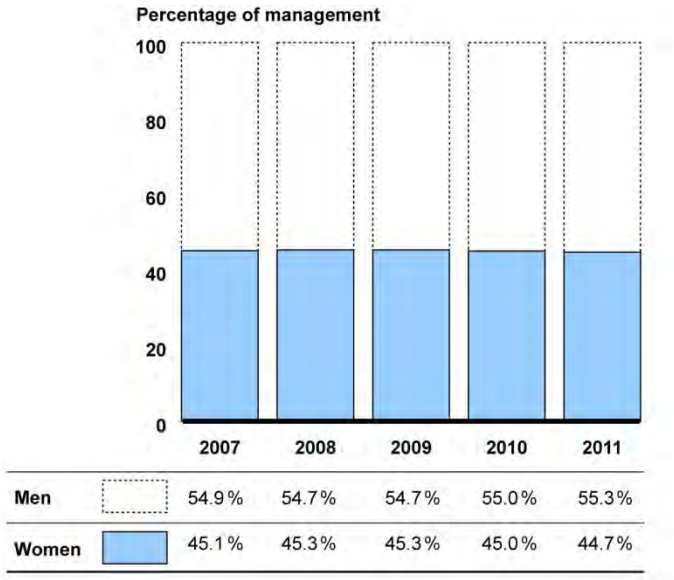
Source: GAO analysis of EEOC data.

Over the same 5-year period, the representation of women at the management level remained at about 45 percent in EEOC data, which show a slight decrease from 45.1 percent to 44.7 percent (see fig. 5). In

2006, we reported an increase with representation of women at about 42.9 percent in 1993 to about 45.8 percent in 2004.[13]

Figure 5: Percentage of Men and Women in Management Positions in the Financial Services Industry, 2007-2011

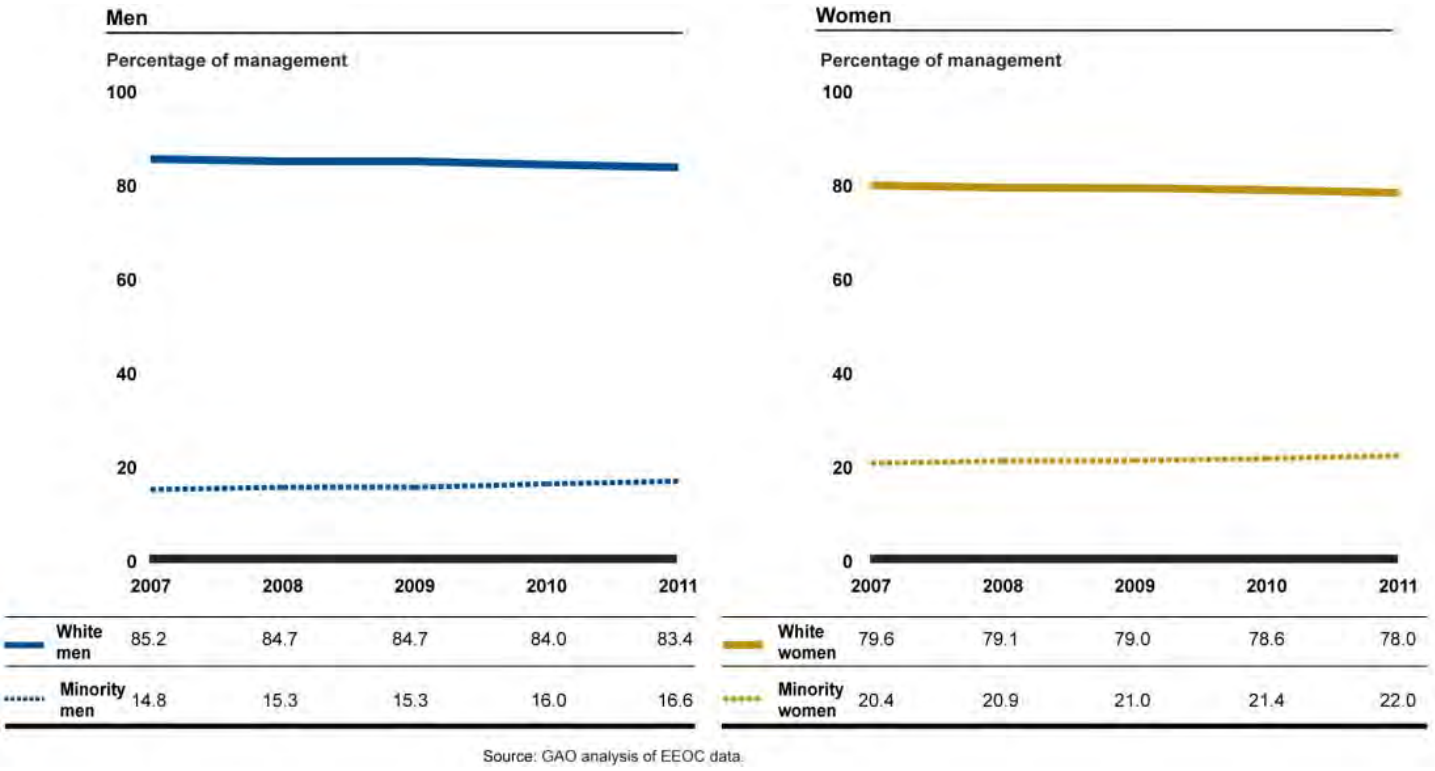


Source: GAO analysis of EEOC data.

Among all women in management positions, EEOC data showed that the representation of minority women increased, from 20.4 percent to 22 percent over the same 5-year period (see fig. 6). In addition, EEOC data show that the representation of minority men increased from 14.8 percent to 16.6 percent.

[13]GAO-06-617.

Figure 6: Percentage of White and Minority Men and White and Minority Women in Management Positions in the Financial Services Industry, 2007-2011



Source: GAO analysis of EEOC data.

Among first- and mid-level management positions, the representation of women has been at about 48 percent, slightly higher than the representation of women among all management positions. In contrast, women represented about 29 percent of all senior management positions from 2007 through 2011—about 16 percentage points below the representation of women for all management positions, according to EEOC data (see fig. 7).

Figure 7: Percentage of Women in the Financial Services Industry by Management Level and Race/Ethnicity, 2007-2011

	2007	2008	2009	2010	2011
Women first- and mid-level	48.2%	48.1%	48.0%	47.7%	47.5%
White women first- and mid-level	78.8	78.2	78.1	77.7	77.1
Minority women first- and mid-level	21.2	21.8	21.9	22.3	22.9
Women senior level	30.0%	30.0%	29.9%	28.4%	28.4%
White women senior level	86.3	86.7	87.4	87.6	86.5
Minority women senior level	13.7	13.3	12.6	12.4	13.5

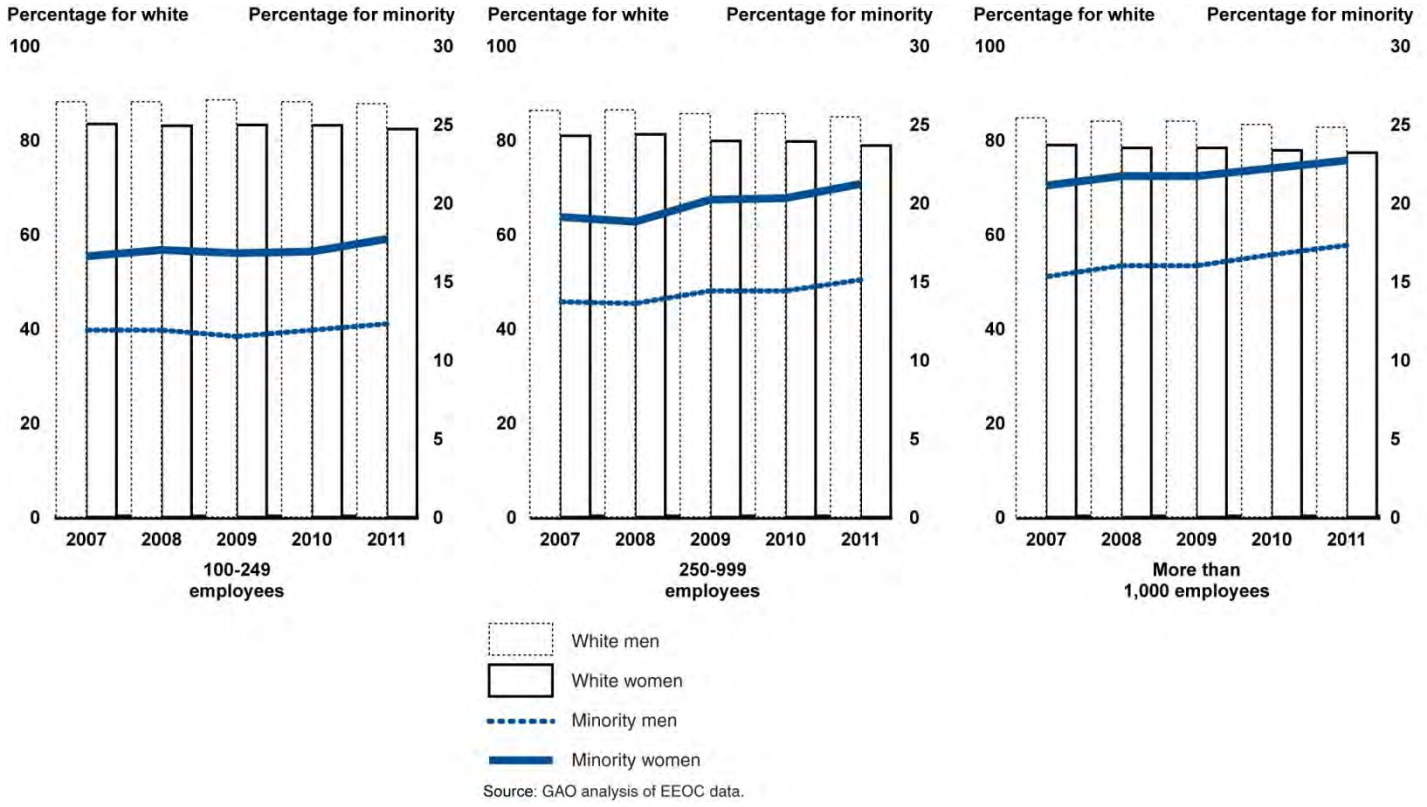
Source: GAO analysis of EEOC data.

Based on EEOC data, minority women had greater representation at the first and mid levels of management compared to the senior level over the 5-year period. As shown in figure 7, among female senior managers, representation of minority women remained at about 13 percent over the 5-year period. In contrast, among female first- and mid-level managers, the proportion of minority women increased during the same period from 21.2 percent to 22.9 percent.

The representation of minorities increases for both women and men as the firm size increases (see fig. 8). For example, in 2011 the representation of minorities at firms with 100-249 employees was about 18 percent among women and about 12 percent among men, while at firms with more than 1,000 employees, the representation of minorities

was about 23 percent among women and about 17 percent among men. For additional analysis of EEOC data by workforce position and industry sector, see appendix II.

Figure 8: Percentage of Whites/Minorities and Men/Women at Financial Services Firms of Different Sizes, 2007-2011



Source: GAO analysis of EEOC data.

A survey of the general population shows some similar trends in the representation of both women and minorities in the financial services industry. The CPS is administered by the Bureau of the Census for the Bureau of Labor Statistics and is a monthly survey of about 60,000 households across the nation. The CPS is used to produce official government figures on total employment and unemployment issued each month. According to the CPS data, from 2007 through 2011 the representation of women at the management level decreased from an estimated 49.1 percent to 47.3 percent. In addition, CPS data show a smaller increase from an estimated 14.1 percent to 15.1 percent in the

representation of minorities in management over the same 5-year period.[14]

Leading Diversity Practices Remain Relevant but Challenges Exist Regarding Recruitment and Other Issues

The nine leading diversity practices that we previously identified in 2005 are still relevant today, according to industry representatives with whom we spoke.[15] Some industry representatives highlighted practices among these nine that they considered the most important to foster diversity and inclusion in their organizations. For example, top leadership commitment drives the other eight leading diversity practices, according to 9 of 10 industry representatives. In addition, accountability helps to promote the implementation of the other leading diversity practices because an issue is more likely to be addressed if it is tracked, according to 2 industry representatives. Moreover, creating awareness of the benefits of diversity for an organization among management and employees is important because it increases commitment to further the diversity goals of the organization, according to 7 industry representatives whom we interviewed.[16] However, 1 industry representative told us there are still some firms that do not see the importance of diversity. In addition, 2 industry representatives said these 9 leading diversity practices should be expanded beyond workforce management to include, for example, an organization's contracting efforts.

[14]We determined the CPS-estimated minority percentages of management positions within the financial services industry cannot be precisely measured. However, CPS-estimated minority percentages were included in this report to provide some more context. Since many of the percentage estimates have wide confidence intervals, we encourage the reader to interpret the CPS-estimated minority percentages in this report with caution. Please see appendix I for the estimated minority percentages and standard errors.

[15]As previously discussed the nine leading diversity practices are (1) commitment to diversity as demonstrated and communicated by an organization's top leadership; (2) the inclusion of diversity management in an organization's strategic plan; (3) diversity linked to performance, making the case that a more diverse and inclusive work environment could help improve productivity and individual and organizational performance; (4) measurement of the impact of various aspects of a diversity program; (5) management accountability for the progress of diversity initiatives; (6) succession planning; (7) recruitment; (8) employee involvement in an organization's diversity management; and (9) training for management and staff about diversity management. See GAO-05-90.

[16]This relates to leading practice diversity linked to performance, which refers to the understanding that a more diverse and inclusive work environment can yield greater productivity and help improve individuals' and organization performance, while employee involvement refers to the contribution of employees in driving diversity throughout an organization. See GAO-05-90.

Some industry representatives also noted that measuring the impact of various diversity practices is an important practice but that it can also be challenging; for example, it can be difficult to link specific practices to diversity outcomes and it can be a long-term process. According to some industry representatives, financial services organizations may measure the effectiveness of their diversity practices by assessing attrition, recruiting, and promotion rates, which are similar to measures we had previously reported.[17] For example, a financial services organization may measure the proportion of certain minority groups or women in its workforce or among its promotions to determine the effectiveness of its practices. Further, financial services firms may use surveys to gather employee perspectives on workforce diversity issues in the organization, such as perceived fairness in the promotion process or factors that affect an employee's decision to remain with the firm, among other topics.

Additional diversity practices identified by some industry representatives that can support the leading diversity practices include the following:

- *Sponsor individuals*. Sponsorship of women within an organization where an executive acts as a guide to help women navigate the organization and expand their networks is an important diversity practice, according to three industry representatives. This sponsorship practice goes beyond the mentoring programs we previously reported in 2006, as a sponsor acts as an advocate to help the individual advance within the organization.[18]

- *Address biased perceptions.* One industry representative told us about an effort to combat unconscious bias in promotions. They described a promotion system designed to address biased perceptions, such as a view of leaders as being typically male. According to the industry representative, the firm that employed this diversity practice gathered complete and objective evaluations of employees and trained its managers to recognize and address these perceptions. The result was that the firm promoted greater numbers of women into management.

No industry representatives that we contacted reported changes to diversity practices as a result of the challenges faced by many firms

[17]GAO-06-617 and GAO-10-736T.

[18]GAO-06-617.

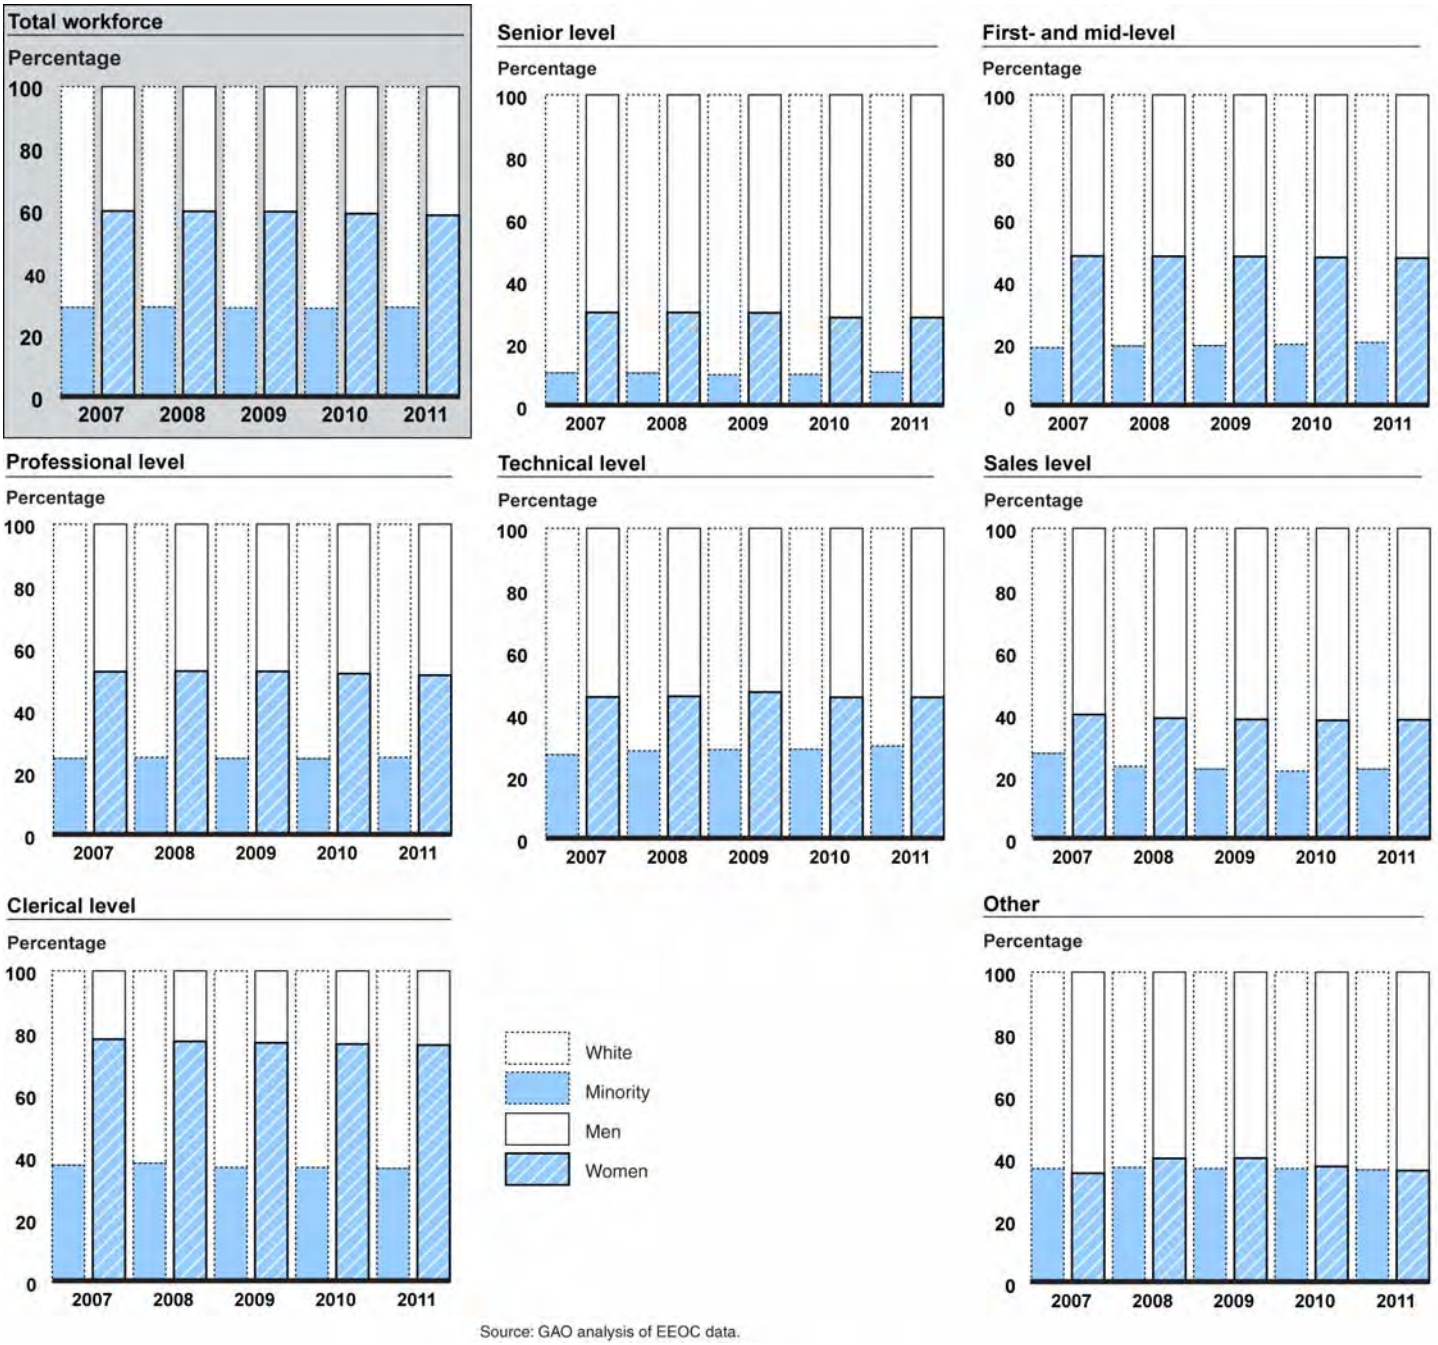
during the financial crisis. Although representation of minorities and women has remained about the same from 2007 through 2011, according to some industry representatives, the industry continues to be focused on diversity. However, three industry representatives did cite specific instances where funding was scaled back as a result of the recent financial crisis. One industry representative told us that investment in training programs was reduced across the organization, but when a measureable impact on employees was identified at this organization, steps were taken to address the impact.

Some industry representatives cited challenges to achieving a diverse workforce in general. We have previously reported some of these challenges, which can affect some of the leading diversity practices.[19] Six industry representatives said that diversity recruitment is difficult because the supply (or "pipeline") of minority and women candidates is limited. This has been a consistent challenge that we previously reported in 2006 and 2010.[20] Available data indicate that for the internal pool of potential candidates for some management positions, representation of women varied, while representation of minorities was higher in every nonmanagement category compared to management positions (see fig. 9). For example, in 2011 the representation of women was greater in professional positions (about 51 percent) compared to sales positions (about 38 percent). In addition, the representation of minorities was higher in all nonmanagement positions than at the management level in 2011, but especially higher in technical and clerical positions at more than 29 percent in both types of positions. Further analysis of diversity in various workforce positions can be found in appendix II.

[19]GAO-06-617 and GAO-10-736T.

[20]GAO-06-617 and GAO-10-736T.

Figure 9: Percentage of Whites/Minorities and Men/Women in Various Financial Services Industry Workforce Positions, 2007-2011



Source: GAO analysis of EEOC data.

Note: The following are descriptions of the job categories in EEO-1 data from EEOC: (1) "Executive/Senior Level Officials and Managers," includes individuals who reside in the highest levels of organizations and plan, direct, and formulate policies, set strategy, and provide the overall direction of enterprises/organizations for the development and delivery of products or services, within the parameters approved by boards of directors or other governing bodies; (2) "First/Mid-Level Officials and Managers," includes individuals who receive directions from Executive/Senior Level management, and oversee and direct the delivery of products, services, or functions at group, regional, or divisional levels of organizations; (3) "professionals" include occupations requiring either college graduation or experience of such kind and amount as to provide a comparable background; (4) "technicians" include occupations requiring a combination of basic scientific knowledge and manual skill that can be obtained through 2 years of post-high school education; (5) "sales workers" include occupations engaging wholly or primarily in direct selling; (6) "office and clerical" includes all clerical-type work regardless of level of difficulty, where the activities are predominantly nonmanual; and (7) the category "other" includes craft workers, operatives, laborers, and service workers.

In recent years, representation in business graduate programs, a potential source of future managers in the financial industry, has remained stable for women and has increased slightly for minorities, but representation is still low for both women and minorities when compared to the overall representation of students in the university system.[21] To assess one possible external pool of candidates for financial services firms, we obtained data from the Association to Advance Collegiate Schools of Business (AACSB) on the number of students enrolled in Master of Business Administration (MBA) degree programs in AACSB member schools in the United States from 2007 through 2011 as well as the number of students in the university system.[22] According to AACSB data, the representation of women remained constant over this period, while the representation of minorities increased. For example, the representation of women among MBA students remained at about 37 percent over the 5-year period, while representation of women was slightly higher in the overall university system at about 41 percent. In contrast, as table 2 shows, the representation of minorities increased among MBA students from about 26 percent in 2007 to about 29 percent in 2011. However, when compared to the university system, representation of minorities in the overall university system was slightly higher from about 29 percent in 2007 to 34 percent in 2011.

[21]We refer to overall representation of students from undergraduate, graduate, and doctoral programs as the university system. These data exclude specialized graduate programs, such as Master of Economics. In addition, these overall percentages only represent enrolled students for which race/ethnicity or gender were indicated.

[22]AACSB, the world's largest accreditation association for business schools, conducts an annual survey called "Business School Questionnaire" of all its member schools. Participation in this survey is voluntary.

Table 2: Percentage of Students Enrolled in MBA Degree Programs at AACSB Member Schools in the United States by Race/Ethnicity, 2007-2011

Year	Total enrolled	White	Total minority	African American	Hispanic	Asian	Other
2007	100%	74%	26%	7%	6%	12%	0%
2008	100	73	27	8	6	12	0
2009	100	73	27	8	7	12	0
2010	100	72	28	9	7	11	1
2011	100	71	29	9	7	11	2

Source: GAO analysis of AACSB International data.

Note: The "other" category includes Native American, and updated race/ethnicity categories implemented in 2011 to include "two or more races" and "Native Hawaiian or Other Pacific Islander." Percentages may not always add exactly due to rounding. In addition, these ratios only represent MBA enrolled students for whom race/ethnicity was indicated.

Some industry representatives stated that the negative perception of the industry could also limit the external pipeline of potential candidates, which can make recruitment challenging. Multiple industry representatives discussed the need to take a new approach to diversity recruiting as a result of the negative image many potential candidates may have about the financial services industry following the recent financial crisis. For example, to counter negative perceptions that may have resulted from the foreclosure crisis or the Occupy Wall Street movement, one industry representative told us that it explains to prospective employees the social contributions financial services firms make through microfinance or economic and community development.

In addition to these difficulties with recruiting, two industry representatives highlighted maintaining accountability as a particular challenge for financial services firms.[23] For example, an industry representative said it is difficult to promote results in diversity by linking diversity management with managers' performance ratings because this practice may not provide enough incentive to many managers. Another industry representative told us that recognizing and compensating managers and employees for their diversity efforts can result in increased commitment to foster workforce diversity and an increase in diversity at firms.

[23]Accountability refers to the means to ensure that leaders are responsible for diversity by aligning their performance assessment and compensation to the progress of diversity initiatives. See GAO-05-90.

Agency and Reserve Bank Workforce Diversity Varied, and Officials Reported Difficulty Identifying Diverse Candidates

Since the financial crisis, senior management-level minority and gender diversity at the federal financial agencies and Reserve Banks has varied across individual entities.[24] The representation of minorities at the senior management-level increased slightly overall at both the agencies and Reserve Banks. In addition, the representation of women at the senior management-level increased slightly overall for both the agencies and Reserve Banks. Agency and Reserve Bank officials identified key challenges to increasing workforce diversity overall and at the senior management-level, including limited representation of minorities and women among internal and external candidate pools.

Senior Management-Level Representation of Minorities and Women Varied at Agencies and Reserve Banks, with Slight Changes Overall

Senior management-level representation of minorities and women varied across individual federal financial agencies and the 12 Reserve Banks. The agencies included FDIC, the Federal Reserve Board, NCUA, OCC, and Treasury. Complete data for this period were not available for CFPB, FHFA, and SEC, and we excluded these agencies from our analysis of changes in senior management-level diversity from 2007 through 2011, but provide recent data when available. Data for each agency are provided in appendix IV. CFPB assumed responsibility for certain consumer financial protection functions in July 2011 and has not yet reported workforce information to EEOC.[25] However, we received recent employment profile data from CFPB as of May 2012.[26] FHFA, which was established in July 2008, started reporting workforce data for 2010; while our analysis provides 2010 and 2011 data for FHFA, our analysis across the agencies excludes FHFA from aggregated totals. SEC reported data for 2007 through 2011, but revised how it reported officials and managers during the 5-year period; while our analysis provides 2011 senior

[24]Our analysis of employment data in this section of the report differs from how EEOC typically reports data. While EEOC reports on individual equal employment opportunity groups, we report on minorities as a group. Additional data and figures supporting this section of the report are in appendixes III and IV.

[25]On July 21, 2010, the Consumer Financial Protection Act established CFPB as an independent bureau within the Federal Reserve System to be headed by a director. Effective July 21, 2011, CFPB assumed responsibility for certain consumer financial protection functions formerly the responsibilities of the Board of Governors of the Federal Reserve System, the Comptroller of the Currency, the Director of the Office of Thrift Supervision, FDIC, the Federal Trade Commission, NCUA, and the Secretary of the Department of Housing and Urban Development.

[26]CFPB provided to us workforce diversity data for all employees, senior officials, and supervisors as of May 19, 2012.

management-level data for SEC, we excluded SEC from our senior management-level trend analysis.

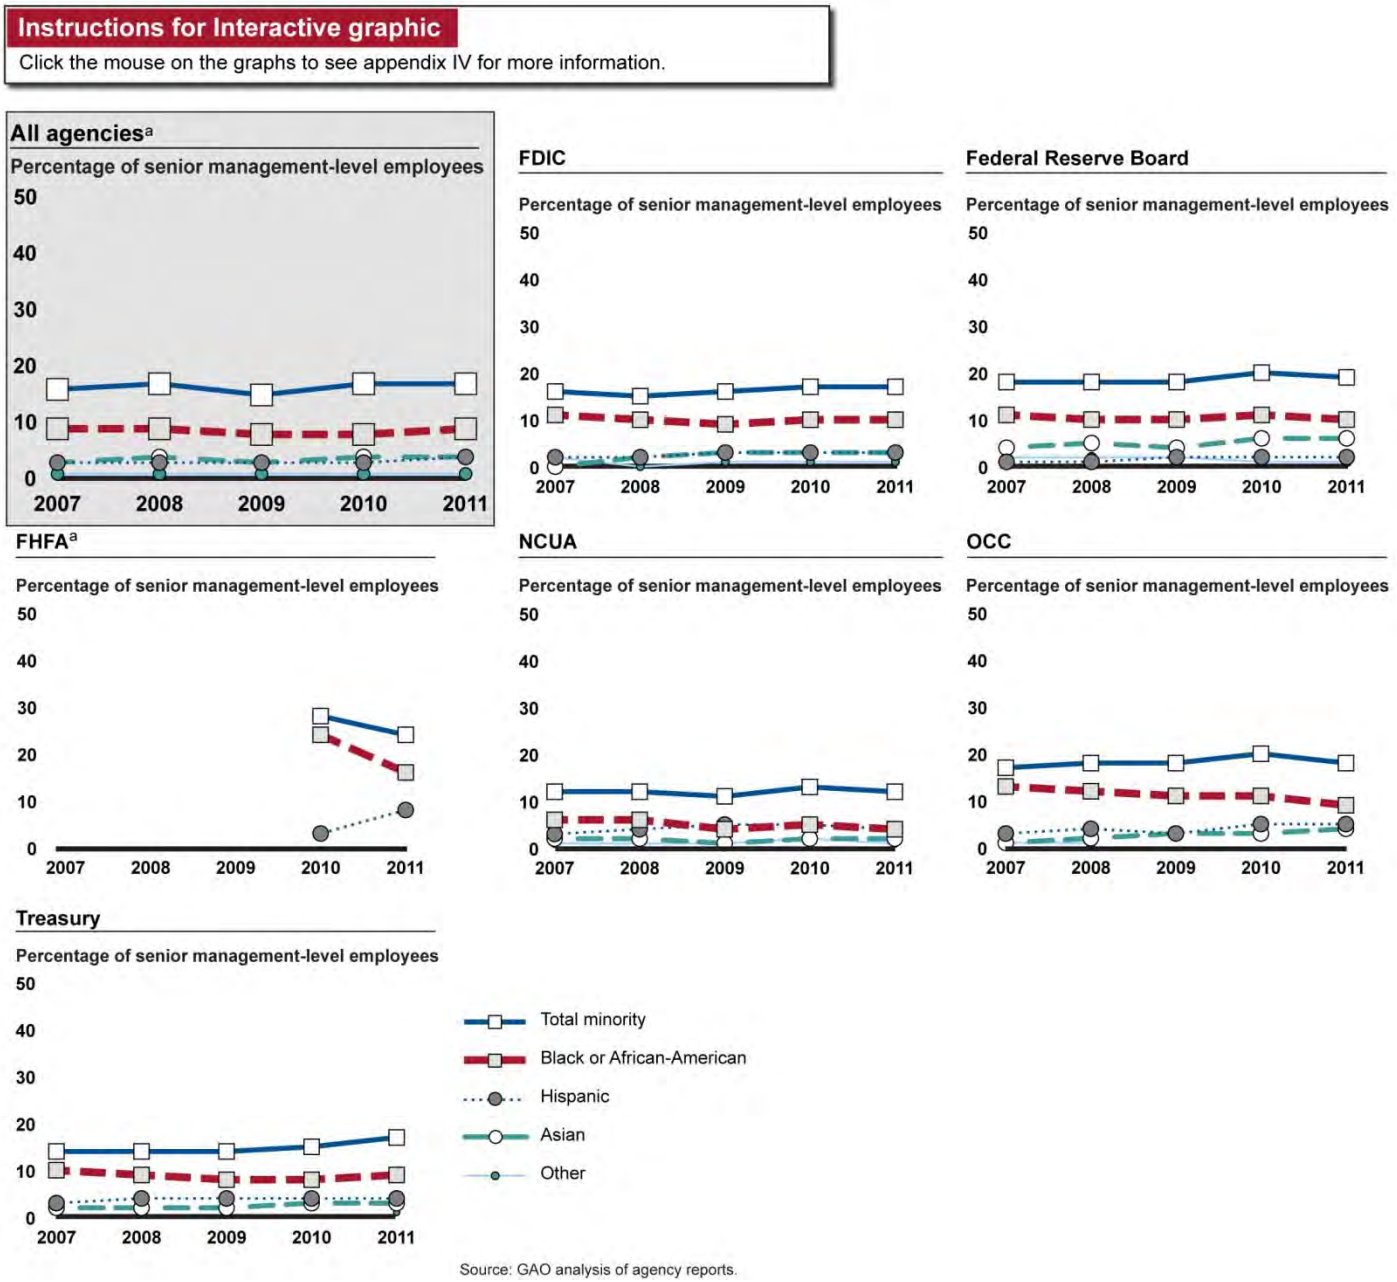
In our review of agency reports, we found that from 2007 through 2011, the representation of minorities among senior management-level employees, when aggregated across FDIC, the Federal Reserve Board, NCUA, OCC, and Treasury, increased slightly, from 16 to 17 percent for the agencies combined (see fig. 10).[27] From 2007 through 2011, three agencies—FDIC, the Federal Reserve Board, and Treasury—showed an increase in the representation of minorities at the senior management-level, by between 1 and 3 percentage points. Two agencies—NCUA and OCC—experienced no percentage point change in their representation of minorities at the senior management-level from 2007 through 2011.[28] In 2011, the representation of minorities among senior management-level employees of these agencies, FHFA, and SEC ranged from 11 percent at SEC to 24 percent at FHFA. Additionally, CFPB employment data showed about 28 percent representation of minorities among senior officials as of May 2012.[29]

[27]Federal financial agencies provided us reports they issued according to EEOC Management Directive 715, known as MD-715 reports. This directive does not apply to the Federal Reserve Banks, as they are not federal agencies. Our analysis of the representation of minorities and women at the senior management level for agencies reviewed the numbers of employees the agencies reported as "Executive/Senior Level" from 2007 through 2011. Though the MD-715 reports allow for this category to cover Grades 15 and above, agencies have discretion to decide which positions are included in this senior level versus those the agencies include at lower levels of management. Therefore, comparisons of a given management level between the agencies do not necessarily involve the same set of managers at each agency. Figures in our analysis are rounded to the nearest percent.

[28]Percentage changes in the representation of minorities among senior management-level employees from 2007 through 2011 for NCUA and OCC were zero when rounded to the nearest percent. The representation of minorities among senior management-level employees was 12 percent at NCUA in 2007 and 2011, and at OCC, 17 percent in 2007 and 18 percent in 2011.

[29]CFPB identified these employees as Executive/Senior Officials.

Figure 10: Percentage of Minorities among Senior Management-Level Employees at Six Federal Financial Agencies, 2007-2011



Source: GAO analysis of agency reports.

Notes: Percentages are rounded to the nearest percent.

For our analysis, we reviewed the numbers of employees the agencies reported according to race/ethnicity and gender in table A3 of their MD-715 reports from 2007 through 2011. These data

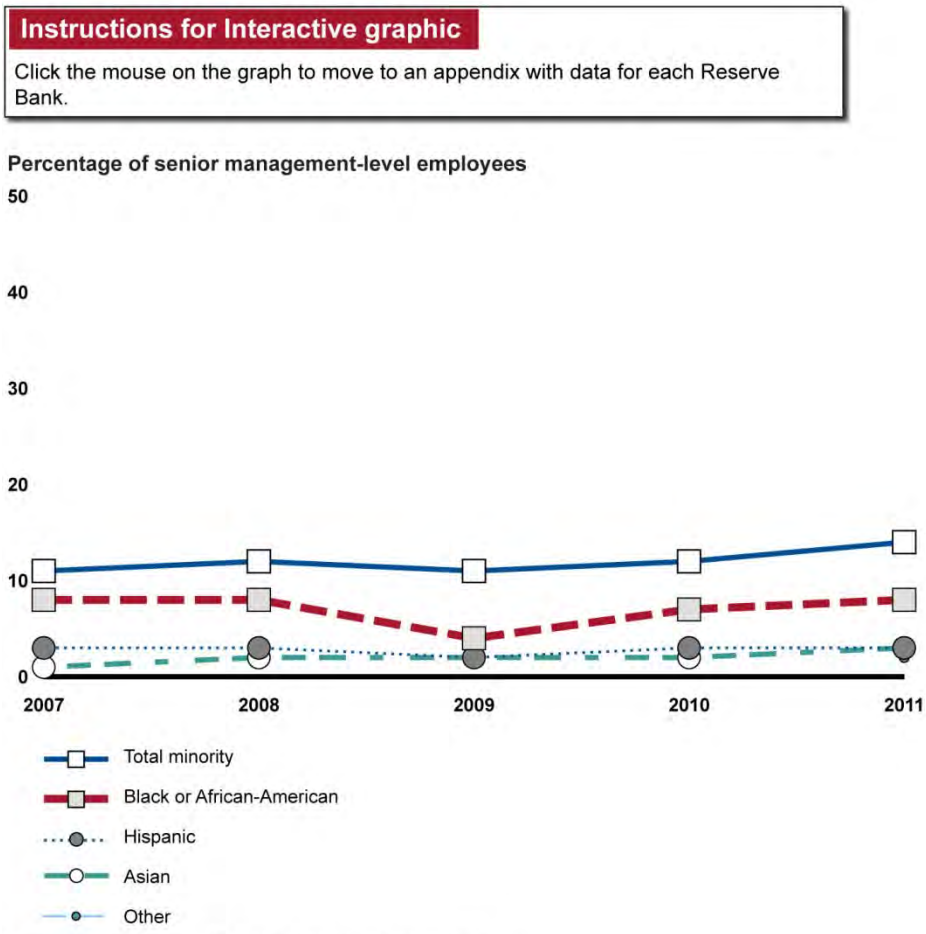
are based on information self-reported by employees to each agency and there were some differences in reporting across the agencies. In some years, some agencies reported all employees—permanent and temporary—in their A3 tables while others reported permanent employees only. We considered employees reported by agencies in the category "Executive/Senior Level" as senior management-level employees. Though the MD-715 report guidelines instruct agencies to identify employees Grades 15 and above who have supervisory responsibility in this category, agencies have discretion to include employees who have significant policymaking responsibilities but do not supervise employees. As a result, the composition of the "Executive/Senior Level" category may vary among the different agencies and does not necessarily involve the same set of managers at each agency.

[a]Our trend analysis for "all agencies" excludes CFPB, FHFA, and SEC. CFPB assumed responsibility for certain consumer financial protection functions in July 2011 and has not yet reported workforce information to EEOC. FHFA was established in 2008 and started reporting workforce data for 2010. SEC revised how it reported officials and managers between 2007 and 2011. While our analysis includes 2011 management-level data for SEC, we excluded SEC from our trend analysis.

In our review of EEO-1 reports provided by the Reserve Banks, we found that the representation of minorities among senior management-level employees in aggregate across the 12 Reserve Banks increased from 11 percent to 14 percent from 2007 through 2011 (see fig.11).[30] The population of senior management-level employees at each bank in 2011 ranged from 9 employees at the Reserve Banks of Chicago, Dallas, and Minneapolis, to 59 employees at the Reserve Bank of New York, and the population of minority senior management-level employees at each bank ranged from zero employees at the Reserve Bank of Cleveland to 7 employees at the Reserve Bank of New York. Specific information on each Reserve Bank is provided in appendix IV.

[30]Reserve Banks provided us reports they issued to EEOC according to form EEO-1. Our analysis of senior management-level representation for the Reserve Banks included employees the banks reported as "Executive/Senior Officials and Managers." Figures in our analysis are rounded to the nearest percent.

Figure 11: Percentage of Minorities among Senior Management-Level Employees at the 12 Reserve Banks, 2007-2011



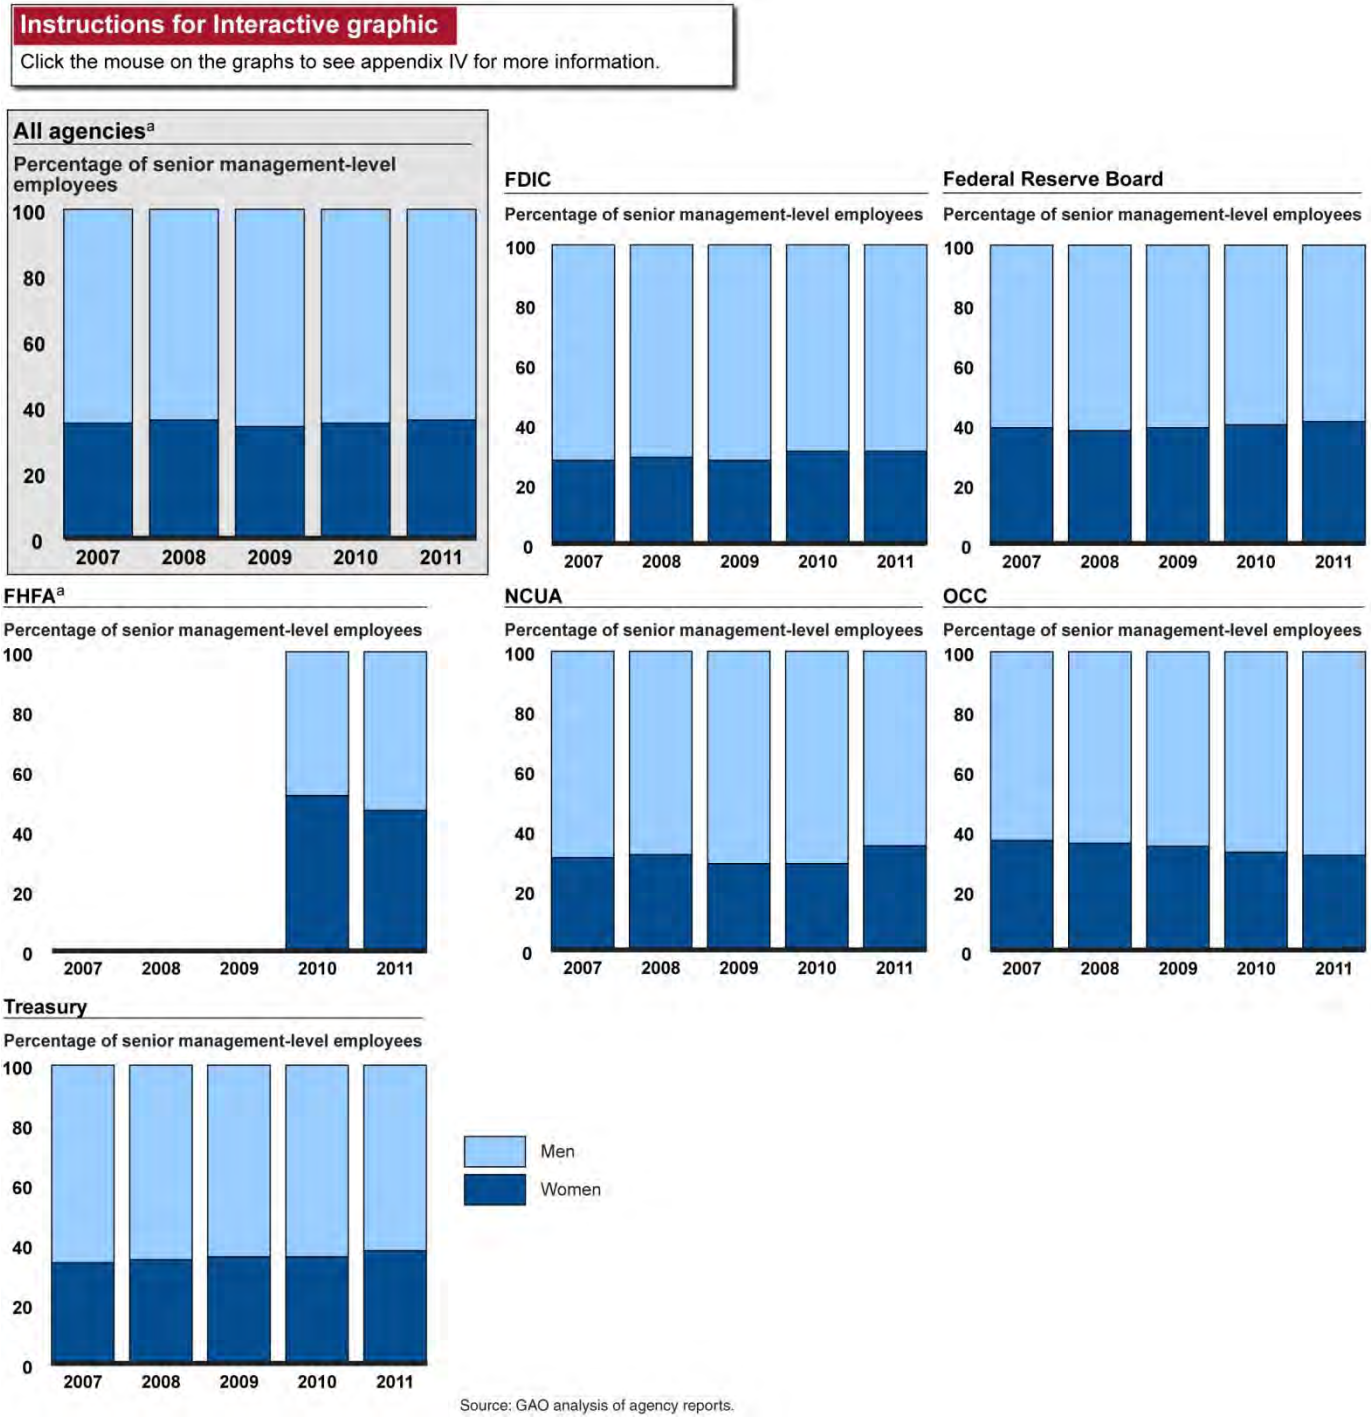
Source: GAO analysis of EEO-1 reports provided by Reserve Banks.

Notes: Data are rounded to the nearest percent.

Reserve Bank data are presented in aggregate because the population of senior management-level employees at most Reserve Banks is generally small and the gain or loss of one employee can result in a large percentage point change in the representation of minorities. Specific information on each Reserve Bank is provided in appendix IV.

In general, the representation of women at the senior management-level increased slightly since the beginning of the financial crisis in 2007 at agencies, but representation percentages varied for each entity. In our review of agency reports, we found that from 2007 through 2011, the representation of women at the senior management-level increased slightly from 34 to 36 percent across FDIC, the Federal Reserve Board, NCUA, OCC, and Treasury, in aggregate (see fig. 12). Changes varied by agency, from a decrease of 5 percentage points at OCC to an increase of 5 percentage points at NCUA. Four of the five agencies—FDIC, the Federal Reserve Board, NCUA, and Treasury—showed an increase of between 3 and 5 percentage points in the representation of women at the senior management-level from 2007 through 2011. In 2011, the representation of women among senior management-level employees ranged among the agencies from 31 percent at FDIC to 47 percent at FHFA. Additionally, CFPB employment data showed the representation of women among senior officials at about 35 percent as of May 2012.

Figure 12: Percentage of Women among Senior Management-Level Employees at Six Federal Financial Agencies, 2007-2011



Source: GAO analysis of agency reports.

Notes: Percentages are rounded to the nearest percent.

For our analysis, we reviewed the numbers of employees the agencies reported according to race/ethnicity and gender in table A3 of their MD-715 reports from 2007 through 2011. These data are based on information self-reported by employees to each agency and there were some differences in reporting across the agencies. In some years, some agencies reported all employees—permanent and temporary—in their A3 tables while others reported permanent employees only. We considered employees reported by agencies in the category "Executive/Senior Level" as senior management-level employees. Though the MD-715 report guidelines instruct agencies to identify employees Grades 15 and above who have supervisory responsibility in this category, agencies have discretion to include employees who have significant policymaking responsibilities but do not supervise employees. As a result, the composition of the "Executive/Senior Level" category may vary among the different agencies and does not necessarily involve the same set of managers at each agency.

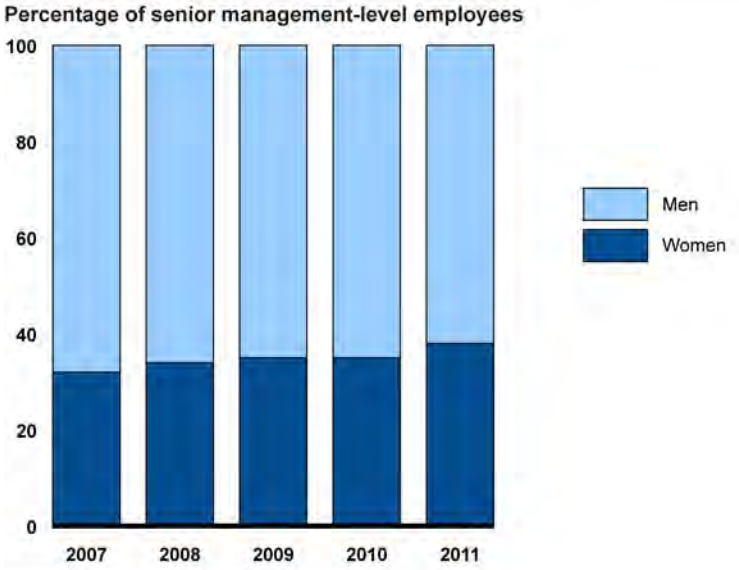
[a]Our trend analysis for "all agencies" excludes CFPB, FHFA, and SEC. CFPB assumed responsibility for certain consumer financial protection functions in July 2011 and has not yet reported workforce information to EEOC. FHFA was established in 2008 and started reporting workforce data for 2010. SEC revised how it reported officials and managers between 2007 and 2011. While our analysis includes 2011 management-level data for SEC, we excluded SEC from our trend analysis.

In our review of EEO-1 reports provided by the Reserve Banks, we found that from 2007 through 2011, the representation of women at the senior management-level increased from 32 percent to 38 percent for the Reserve Banks, in aggregate (see fig. 13). As mentioned previously, the population of senior management-level employees at each bank in 2011 ranged from nine employees at the Reserve Banks of Chicago, Dallas, and Minneapolis, to 59 employees at the Reserve Bank of New York. The population of women among senior management-level employees at each bank in 2011 ranged from two employees at the Reserve Bank of Boston to 25 employees at the Reserve Bank of New York. Specific information on each Reserve Bank is provided in appendix IV.

Figure 13: Percentage of Women among Senior Management-Level Employees at the 12 Reserve Banks, 2007-2011

Instructions for Interactive graphic

Click the mouse on the graph to move to an appendix with data for each Reserve Bank.



Source: GAO analysis of Reserve Bank reports.

Notes: Data are rounded to the nearest percent.

Reserve Bank data are presented in aggregate because the population of senior management-level employees at most Reserve Banks is generally small and the gain or loss of one employee can result in a large percentage point change in the representation of women. Specific information on each Reserve Bank is provided in appendix IV.

Several agencies reported on existing diversity practices related to retaining and promoting employees to build management-level diversity. For example, according to agency reports, some Treasury offices conduct formal mentoring programs, and the Federal Reserve Board has customized mentoring programs within its divisions, which in conjunction with a leadership exchange program sponsored by the Federal Reserve System, provide employees opportunities to develop new skills and experiences. Further, OCC reported having development programs for employees within its bank supervision division that provide leadership and development opportunities to staff, and agency-sponsored employee network groups implemented mentoring circles to assist in the career development and retention of the agency's workforce.

Several Reserve Banks identified practices targeted to improve management-level diversity, including changes to hiring practices and mentoring programs. For example, officials from several Reserve Banks we contacted said their organizations revised their hiring policies to open all management-level positions to external applicants in addition to current employees as a way to build management-level diversity by hiring diverse, experienced candidates from outside the organization. Additionally, the Reserve Banks of Dallas and New York began piloting new mentoring programs in 2011, and each planned to expand its program based on initial feedback its OMWI had received. These banks and several others with existing mentoring programs reported that mentoring programs were important to retaining and developing minorities and women within their organizations. Later in this report, we provide additional information on the agencies' and Reserve Banks' recruitment practices as part of their efforts to implement section 342 of the Dodd-Frank Act.[31]

[31]Among other things, the act outlines steps the specific agencies and Reserve Banks should take to seek workforce diversity at all levels of their organizations. These steps include recruiting from colleges serving primarily minority populations, sponsoring and recruiting at job fairs in urban communities, and advertising positions in newspapers and magazines oriented toward minorities and women.

Total Workforce Minorities and Women Representation Varied but Decreased Slightly Overall

Based on our analysis of minority and gender diversity at all levels from 2007 through 2011, workforce diversity varied at the federal financial agencies and Reserve Banks, with slight decreases in aggregate. Specifically, the representation of minorities decreased slightly from 31 percent to 30 percent from 2007 through 2011 across FDIC, the Federal Reserve Board, NCUA, OCC, SEC, and Treasury, in aggregate. Additionally, CFPB employment data showed the representation of minorities of all agency employees at about 33 percent as of May 2012. Three agencies—NCUA, OCC, and SEC—showed a 1 percentage point or greater increase in the overall representation of minorities during the 5-year period, according to agency reports. In 2011, the representation of minorities at the agencies ranged from 25 percent at NCUA to 44 percent at the Federal Reserve Board. Our analysis of EEO-1 reports provided by the Reserve Banks for 2007 through 2011 showed that the representation of minorities across the Reserve Banks declined slightly in aggregate, from 38 percent to 36 percent. The Reserve Banks of Minneapolis and New York showed a 2 percentage point increase in the overall representation of minorities working at Reserve Banks, the Reserve Bank of Boston showed no percentage point change, and the remaining nine banks showed decreases of 1 to 8 percentage points. In 2011, the representation of minorities at the Reserve Banks ranged from 16 percent at the Reserve Bank of Kansas City to 53 percent at the Reserve Bank of San Francisco.

Similarly, we found that overall gender diversity varied at individual agencies and Reserve Banks, and generally declined slightly from 2007 through 2011. The overall representation of women in the workforce aggregated across FDIC, the Federal Reserve Board, NCUA, OCC, SEC, and Treasury declined slightly from 47 percent to 45 percent over the 5-year period. Additionally, CFPB employment data showed the representation of women of all agency employees at about 49 percent as of May 2012. Two agencies—NCUA and SEC—showed no percentage point change in the representation of women during the 5-year period; OCC showed a decrease of about 1 percentage point, and the other three agencies—FDIC, the Federal Reserve Board, and Treasury—experienced decreases of 2 percentage points. In 2011, the representation of women among all employees at the agencies ranged from 42 percent at FDIC to 48 percent at SEC and Treasury. The overall representation of women across the Reserve Banks, in aggregate, declined from 49 percent to 45 percent from 2007 through 2011. All Reserve Banks showed declines in the representation of women among all employees during the 5-year period, ranging from a 1 percentage point decrease at the Reserve Bank of New York to a 7 percentage point

decrease at the Reserve Bank of Cleveland. For example, in 2007, 827 of the Reserve Bank of Cleveland's 1,568 employees were women, and in 2011, 500 of the bank's 1,094 employees were women; the bank's workforce changed from having around 53 percent women employees to about 46 percent women employees. In 2011, the overall representation of women at Reserve Banks ranged from 40 percent at the Reserve Banks of Philadelphia and Richmond to 53 percent at the Reserve Bank of Minneapolis. See appendix III for additional information on the overall workforce representation for the agencies and Reserve Banks.

According to officials from five Reserve Banks and the Federal Reserve Board, consolidation of check processing and other operations, some of which occurred since the financial crisis, had eliminated many administrative and service worker positions. Since these positions are often held by minorities and women, these consolidations affected overall employment diversity at affected Reserve Banks. In response to declines in the use of paper checks and greater use of electronic payments, the Reserve Banks took steps beginning in 2003 to reduce the number of locations where paper checks were processed. In 2001, the Federal Reserve System employed around 5,500 people in check processing functions across 45 locations, and in 2008, around 2,800 employees supported check processing functions across 18 locations. By 2010, one paper check processing site remained in Cleveland, along with an electronic check processing site in Atlanta. As of January 2013, approximately 480 employees supported check processing functions across the Federal Reserve System. The Federal Reserve System is projected to complete its consolidation of check processing functions in 2013.

Officials Reported Difficulty Identifying Diverse Candidates as the Main Challenge to Building Workforce Diversity

OMWI officials described challenges to building workforce diversity both at the management level and overall. Four agencies—FDIC, the Federal Reserve Board, FHFA, and OCC—and three Reserve Banks—the Reserve Banks of Chicago, Minneapolis, and St. Louis—cited underrepresentation of minorities and women within internal candidate pools as a challenge to building management-level diversity, as many management-level positions are filled through promotions or internal hiring processes. Additionally, the Reserve Banks of Dallas, Minneapolis, Philadelphia, and San Francisco said low turnover was a challenge to increasing their management-level diversity profiles because it limited opportunities to increase organizational diversity through hiring and promotion.

Federal financial agencies and Reserve Banks identified other challenges to building workforce diversity generally. The Reserve Banks of Atlanta, Boston, Chicago, Kansas City, and St. Louis cited competition from the private sector for recruiting diverse candidates as a challenge. In addition, FHFA and the Reserve Banks of Cleveland, Philadelphia, and San Francisco cited limited representation of minorities within external candidate pools as another challenge. The Federal Reserve Board and the Reserve Banks of Chicago and Kansas City reported that the availability of external candidates could be an issue in particular for hiring certain specialized positions, such as economists, which would involve a small candidate pool with limited representation of minorities. Additionally, three Reserve Banks identified geographic impediments to their national recruitment efforts, explaining that it is difficult to attract candidates from outside their region. For example, the Reserve Banks of Kansas City and St. Louis said it was difficult to recruit candidates lacking ties to the central United States, and the Reserve Bank of San Francisco cited difficulty recruiting from the eastern United States. Further, several agencies and Reserve Banks identified other challenges to building workforce diversity. For example, Treasury cited budget constraints on hiring and the Reserve Bank of Cleveland cited time constraints on recruitment practices as challenges. Additionally, NCUA cited as a challenge establishing tracking systems to help identify barriers to recruiting, hiring, and retaining minorities.

Dodd-Frank Requirements Are Being Implemented, but Enhanced Reporting of Efforts to Measure Progress Is Needed

Federal financial agencies and Reserve Banks have begun implementing key requirements of section 342 of the Dodd-Frank Act. First, all agencies and Reserve Banks have established OMWIs. Most agencies and all of the Reserve Banks used existing policies to establish standards for equal employment opportunity required by the act. Although many agencies and Reserve Banks had been using recruitment practices required by the act prior to its enactment, the majority of OMWIs have expanded these or initiated other practices. In addition to meeting requirements regarding their diversity policies, the federal financial agencies have taken preliminary steps to develop procedures for assessing the diversity policies and practices of entities they regulate, as required under the act. Finally, nearly all the agencies and all of the Reserve Banks are reporting annually on their diversity practices. While many OMWIs have implemented or are planning efforts to measure and evaluate the progress of their diversity and inclusion activities, information on such efforts is not yet reported consistently across the OMWI annual reports. Such information could enhance their efforts to report on measuring outcomes and the progress of their diversity practices.

Agencies and Reserve Banks Have Established Offices of Minority and Women Inclusion and Diversity Standards

All federal financial agencies and all Reserve Banks have established an OMWI. Six of the seven agencies that existed when the Dodd-Frank Act was enacted established OMWIs by January 2011, pursuant to the time frame established in the act. Additionally, SEC formally established its OMWI in July 2011, following House and Senate Appropriations Committees' approvals of the agency's request to create an OMWI.[32] SEC selected an OMWI director in December 2011, who officially joined the office in January 2012. CFPB, which assumed responsibility for certain consumer financial protection functions in July 2011, established its OMWI in January 2012 and its OMWI director officially joined the agency in April 2012.[33]

Many agencies and most of the Reserve Banks established their OMWIs as new, separate offices. Four of eight agencies and 9 of 12 Reserve Banks established their OMWIs separate from other offices, including four banks that refocused existing diversity offices as their OMWIs. Three agencies—FDIC, the Federal Reserve Board, and OCC—and three banks—the Reserve Banks of Atlanta, Kansas City, and Philadelphia—established their OMWIs within existing offices of equal employment opportunity (EEO) or diversity. FHFA established its OMWI and then merged its EEO function into that office. OMWI officials from several agencies with separate OMWIs said their staff worked with their EEO offices to address agency diversity issues. Similarly, many agency and Reserve Bank OMWI officials said they coordinated with other offices across their organizations, such as human resources, recruiting, procurement, and management, to support ongoing diversity and inclusion efforts organizationwide.

Federal financial agencies and Reserve Banks all have taken steps to staff their OMWIs. As of January 2013, the agencies had allocated

[32]SEC determined it could not use appropriated funds for the purpose of establishing an OMWI without first obtaining congressional approval. Its reprogramming request was approved by the House and Senate Appropriations Committees in July 2011.

[33]As mentioned previously, on July 21, 2010, the Consumer Financial Protection Act of 2010 established CFPB as an independent bureau within the Federal Reserve System to be headed by a director. Effective July 21, 2011, CFPB assumed responsibility for certain consumer financial protection functions formerly the responsibilities of the Board of Governors of the Federal Reserve System, the Comptroller of the Currency, the Director of the Office of Thrift Supervision, FDIC, the Federal Trade Commission, NCUA, and the Secretary of the Department of Housing and Urban Development. CFPB had until January 21, 2012, to establish its OMWI and begin addressing the other requirements of the act.

between 3 and 40 full-time equivalent positions to their OMWIs (see table 3), and all agencies had open positions they planned to fill among these allocated positions. FDIC had allocated 40 full-time equivalent positions to its combined OMWI/EEO office as of January 2013. Many of FDIC's OMWI staff, including eight EEO specialists, support the office's EEO functions, and OCC and FHFA also reported EEO specialists among their staff. The agency OMWIs included directors and analysts among their staff, as well as some positions specific to certain functions of the OMWIs. For example, four of the agencies—CFPB, FDIC, NCUA, and SEC—had allocated staff specifically to recruitment and outreach functions, and four of the agencies—NCUA, OCC, SEC, and Treasury—had allocated staff specifically to business and supplier diversity. Four agencies—the Federal Reserve Board, FHFA, NCUA, and OCC—had each allocated a position to help implement the Dodd-Frank Act requirement to review the diversity practices of regulated entities. Additionally, two of the agencies—CFPB and SEC—had attorney positions among their OMWI staff.

Table 3: OMWI Staffing Levels for Federal Financial Agencies, as of January 2013

Agency	Allocated	Filled
CFPB	4	3
Federal Reserve Board[a]	3	2
FDIC[a]	40	35
FHFA[a,b]	9	8
NCUA	6	5
OCC[a]	12	11
SEC[c]	9	8
Treasury	11	8

Source: GAO analysis of federal financial agency information.

[a]Totals for FDIC, FHFA, and OCC include EEO staff, as the OMWI offices for these agencies include both functions. The Federal Reserve Board also established its OMWI within an existing office, but it provided information for OMWI staff only and excluded the office's director position, as agency officials said additional funds for the director position were not allocated because the director's primary duties included overseeing EEO compliance, diversity, and inclusion.

[b]Totals for FHFA include part-time staff.

[c]In addition to these staff, SEC's OMWI is supported by two full-time contract positions, a program analyst and a recruitment coordinator.

The Reserve Banks had allocated between three and seven full-time equivalent positions to their OMWIs as of January 2013 (see table 4). Ten of the 12 Reserve Banks had filled all of these positions, while the

Reserve Banks of Cleveland and St. Louis each had one open position. The Reserve Bank OMWIs included directors and analysts among their staff. Few Reserve Banks designated specific OMWI functions to certain positions. Three banks, the Reserve Banks of Atlanta, Boston, and St. Louis, had each allocated one position to supplier or business diversity, and two other banks, the Reserve Banks of Chicago and Cleveland, had each allocated one position to help carry out the reporting functions of the OMWIs.

Table 4: OMWI Staffing Levels for Reserve Banks, as of January 2013

Reserve Bank	Allocated	Filled
Atlanta[a]	4.5	4.5

[a]Totals for the Reserve Bank of Atlanta include part-time staff.

[b]Totals for the Reserve Banks of Dallas, Kansas City, Minneapolis, and Philadelphia include full-time employees with shared duties that help support the OMWI.

Perspectives on the role of OMWIs varied across some Reserve Bank officials with whom we spoke. While several Reserve Bank officials said their OMWIs were involved in policy development with a commitment to improving the Reserve Bank's diversity efforts over time, officials from one Reserve Bank said their OMWI was compliance-focused and primarily analyzed the banks' human capital resources and recruiting functions for compliance with Dodd-Frank Act requirements. Reserve Bank of Dallas officials told us they considered the OMWI staff members as objective critics of the Reserve Bank's recruitment, procurement, and financial education efforts, and that bank management is responsible for fostering diversity and inclusion across the organization.

The act also required federal financial agency and Reserve Bank OMWIs to develop standards for equal employment opportunity and the racial, ethnic, and gender diversity of the workforce and senior management.[34] Six of eight agencies and most Reserve Banks indicated either their previously established equal employment opportunity standards or MD-715 requirements for agencies helped satisfy the Dodd-Frank Act requirement to establish equal employment opportunity standards with minimal changes, while two agencies and one Reserve Bank were still determining how to respond to the requirement. Treasury and CFPB planned to develop benchmarks of best practices as standards for diversity and inclusion. For example, Treasury officials said they planned to identify qualitative measures or indicators for assessing workforce diversity practices. Additionally, the Reserve Banks of Kansas City and San Francisco revised their diversity and inclusion policies pursuant to Dodd-Frank Act requirements. One agency established new standards separate from its existing equal employment opportunity policies as standards for the diversity of the workforce and senior management. Specifically, NCUA developed a diversity and inclusion strategic plan in response to a government-wide executive order that provides diversity standards and goals, which officials said the agency used to help establish expectations for staff.[35]

Agencies and Reserve Banks Are Implementing Recruitment Practices

OMWI Annual Reports to Congress and officials we contacted indicated that federal financial agencies and Reserve Banks have implemented various practices pursuant to the Dodd-Frank Act's requirements regarding diversity recruiting, outlined in table 5. Most agency and Reserve Bank OMWIs indicated that they had been conducting various diversity recruitment practices prior to the enactment of the Dodd-Frank Act—such as partnering with organizations focused on developing opportunities for minorities and women.

[34] Pub. L. No. 111-203. § 342(b)(2) (2010).

[35]Exec. Order 13583 (2011).

Table 5: Federal Financial Agency and Reserve Bank Implementation of Dodd-Frank Act Section 342 Diversity Recruitment Requirements

Section	Requirement	Agency and Reserve Bank implementation efforts
Sec. 342(f)(1)	Recruiting at historically black colleges and universities, Hispanic-serving institutions, women's colleges, and colleges that typically serve majority minority populations	Seven of eight agencies and all Reserve Banks reported on efforts to recruit from historically black colleges and universities and other minority-serving institutions. Additionally, a few Reserve Banks reported on regional diversity recruitment efforts that included recruiting from two California State University locations that serve Latino communities.
Sec. 342(f)(2)	Sponsoring and recruiting at job fairs in urban communities	All agencies and all Reserve Banks participated in diversity job fairs sponsored by minority-serving groups. These practices included participating in national job fairs sponsored by the National Urban League, National Black MBA Association, National Association of Black Accountants, National Society of Hispanic MBAs, Association of Latino Professionals in Finance and Accounting, Society for Women Engineers, National Association of Asian MBAs, and the Pacific Asian Consortium in Employment.
Sec. 342(f)(3)	Placing employment advertisements in newspapers and magazines oriented toward minorities and women	Five agencies and all Reserve Banks reported on efforts to place advertisements in minority- and women-serving publications. These included posting jobs in IMDiversity, Hispanic Business, EOE Journal, Diversity Life, Diversity Women, and Hispanic Life magazines.
Sec. 342(f)(4)	Partnering with organizations focused on developing opportunities for minorities and women to place talented young minorities and women in industry internships, summer employment, and full-time positions	Seven agencies and all Reserve Banks have partnerships with organizations for internship programs, including the Hispanic Association of Colleges and Universities, Washington Internships for Native Students, and INROADS, a nonprofit organization that trains and develops minority students for careers in business and industry.
Sec. 342(f)(6)	Any other mass media communications that the OMWI determines necessary	Two agencies and all Reserve Banks identified additional mass media communications to support their diversity recruiting efforts, including using social media networking sites such as Facebook and Twitter to reach diverse candidates. For example, CFPB created a recruitment website based on the agency's review of best practices for developing diverse applicant pools, and the Federal Reserve System (the Board and all the Reserve Banks) maintains a presence on the LinkedIn networking website.

Source: GAO summary of Dodd-Frank Act section 342 and information provided by federal financial agencies and Reserve Banks.

Note: Sec. 342(f)(5) pertains to partnering with inner-city high schools, girls' high schools, and majority-minority population high schools to establish or enhance financial literacy programs and provide mentoring and is not included in this list or addressed in this report.

The majority of agencies and Reserve Banks focused their recruitment efforts on attending job fairs and maintaining partnerships with minority-serving institutions and organizations. According to Federal Reserve Board and Reserve Bank officials, they collectively participate in and fund recruitment activities, including national career fairs, advertisements in diverse publications, and social media initiatives. The Reserve Bank of Chicago coordinates the Federal Reserve System's participation in national diversity recruitment events and oversees an internal training

initiative aimed at developing and retaining employees within the Federal Reserve System. In addition to participating in these efforts, Reserve Banks conduct some activities independently.

Some OMWIs indicated their diversity activities had changed due in part to recent efforts to satisfy section 342 requirements as well as broadening their approaches to diversity and inclusion. For example, some OMWIs indicated the scope of their diversity and inclusion practices had broadened to include persons with disabilities as well as the lesbian, gay, bisexual, and transgender community. Further, the majority of OMWIs reported on plans to improve or expand existing practices. For example, many OMWIs described plans to pursue new or further develop existing partnerships with organizations focused on developing opportunities for minorities and women, and some OMWIs described recent efforts to expand internship opportunities for minority students.

Some OMWI officials identified practices targeted to improve organizationwide diversity, which could eventually help build management-level diversity. These included targeted recruitment to attract minorities and women, training for hiring managers and other employees on diversity hiring practices, and expanded internship programs as a way to hire a greater number of female and minority interns.

- *Targeted recruitment.* All agencies and Reserve Banks with whom we spoke had participated in career fairs or partnerships with minority-serving organizations, as outlined in section 342 of the Dodd-Frank Act, to target diversity recruitment, and in several cases bolster recruitment of particular populations, such as Hispanics. The OMWIs at FDIC, FHFA, and SEC work with the agencies' hiring and recruitment staff to identify strategies for recruiting diverse candidates. Additionally, the Federal Reserve Board OMWI reported that including hiring managers at diversity career fairs had made their targeted recruitment activities more effective.

- *Training for hiring managers*. Some OMWIs reported they implemented practices to educate supervisors and hiring managers on diversity hiring practices. For example, the Reserve Bank of New York designed a training course to enhance cross-cultural interviewing skills of recruitment staff. OCC also provides diversity recruitment training to the agency's recruitment staff, and CFPB planned to

provide its hiring managers a toolkit with tips on diversity hiring practices.

- *Internship programs*. Many agencies and Reserve Banks implemented internship programs to build employment diversity by developing a more diverse pipeline of potential entry-level candidates. For example, the Reserve Bank of San Francisco reported that it expanded its internship program to support more interns and leveraged partnerships with organizations representing minorities and women to increase the diversity of the bank's internship program applicant pool.

Agencies Have Taken Preliminary Steps to Develop Procedures to Assess Diversity Policies and Practices of Regulated Entities

In response to section 342 of the Dodd-Frank Act, seven federal financial agencies have taken preliminary steps to respond to the requirement to develop standards for assessing the diversity policies and practices of entities they oversee. While these agencies have made initial progress, it is too soon to evaluate how effectively the agencies are responding to this requirement. The affected agencies include CFPB, FDIC, FHFA, the Federal Reserve Board, NCUA, OCC, and SEC.[36] In addition to this requirement under the Dodd-Frank Act, FHFA is also subject to the Housing and Economic Recovery Act of 2008 (HERA), under which it must assess its regulated entities' diversity activities and meet other provisions similar to those in section 342.[37]

[36]Although this report reviews eight federal agencies, this requirement does not apply to Treasury Departmental Offices, as the agency does not have regulated entities. Additionally, the requirement does not directly apply to the Reserve Banks. However, the Federal Reserve Board has delegated some of its supervisory responsibilities to the Reserve Banks—such as responsibility for examining bank and thrift holding companies and state member banks under rules, regulations, and policies established by the Federal Reserve Board. The scope of these delegated authorities does not include section 342 oversight of regulated entities at this time.

[37]Pub. L. No. 110-289 § 1116, 122 Stat. 2654, 2681-2683 (2008). Under HERA, FHFA's regulated entities must establish an OMWI and develop and implement standards and procedures to ensure, to the maximum extent possible, the inclusion and utilization of minorities and women, and minority- and women-owned businesses in all business and activities of the regulated entity at all levels, including in procurement, insurance, and all types of contracts. Additionally, each of its regulated entities must report annually to FHFA on actions taken pursuant to these requirements. Further, the act requires FHFA to take affirmative steps to seek diversity in its workforce at all levels, consistent with the demographic diversity of the United States.

In 2010, FHFA developed an agency regulation implementing HERA requirements, in part, to ensure that diversity is a component of all aspects of its regulated entities' business activities. The agency's regulated entities include Fannie Mae, Freddie Mac, Federal Home Loan Banks, and the Federal Home Loan Bank System's Office of Finance. HERA requires the agency's regulated entities to develop diversity policies and procedures, staff an OMWI, and report annually to FHFA on their OMWI activities, among other requirements.[38] In addition, FHFA has enforcement authority under HERA and FHFA's promulgated regulation to ensure its regulated entities have diversity standards in place. According to FHFA OMWI officials, the agency's response to HERA also satisfies the section 342 requirement.

According to OMWI officials, other agencies reviewed FHFA's regulation as a possible option for responding to the section 342 requirement; however, the enforcement authority included in FHFA's regulation is unique to the agency. They said that under the Dodd-Frank Act their agencies do not have enforcement authority to require regulated entities to implement diversity standards and practices.[39] Officials from the affected agencies also told us their OMWIs collaborated on initial steps to determine how to respond to these requirements by meeting periodically as a group, meeting with members of Congress, and performing outreach to industry participants and advocacy groups.

The agency OMWI directors began meeting periodically in 2011 and began in 2012 to explore the possibility of developing a uniform set of standards that agencies could use as a baseline for developing standards for assessing the diversity practices of their regulated entities. Agency OMWI officials said the working group aimed to develop a set of standards for review and feedback from industry participants. As part of these efforts, some OMWI directors of the affected agencies participated in meetings with members of Congress to explore issues involving collection and analysis of workforce diversity data. Some members of the working group also held meetings with industry and advocacy groups to

[38]Minority and Women Inclusion. 12 C.F.R. § 1207.1 -24 (Dec. 28, 2010).

[39]Pub. L. No. 111-203. § 342(b)(4) (2010). Even though section 342 provides for the development of standards for the assessment of diversity policies and practices of regulated entities, it further provides that nothing in the requirement may be construed to require any specific action based on the findings of the assessment.

understand industry views on developing standards for assessing diversity policies and practices. One OMWI reported that industry representatives discussed options for evaluating diversity with respect to a regulated entity's size, complexity, and market area.

OMWI officials told us responding to the requirement was a challenge for several reasons. Specifically, differences across regulated entities in terms of size, complexity, and market area made it challenging to develop a uniform standard. Determining the process and format for developing standards was also a challenge. OMWI officials also said they want to minimize adding a new regulatory burden to meet this provision. Therefore, the agencies would like to leverage existing information sources—data that regulated entities already provide—in evaluating the diversity activities of regulated entities. For example, to find ways to avoid duplicating existing data-collection efforts, CFPB and NCUA were working with EEOC for access to EEO-1 data for regulated entities. OCC officials said OCC had also considered using EEO-1 data, but some regulated entities had concerns about maintaining proprietary information, given the potential for Freedom of Information Act requests.[40]

Efforts to Report on Measuring Outcomes and Progress Could Be Enhanced

In addition to establishing an OMWI, the act required federal financial agencies and Reserve Banks to report annually on their diversity practices, and nearly all of the agencies and all the Reserve Banks have begun reporting annually on their diversity practices. As discussed earlier, the act required each OMWI to submit to Congress an annual report on the actions taken pursuant to section 342, including information on the percentage of amounts paid to minority-and women-owned contractors and successes and challenges in recruiting and hiring qualified minority and women employees, and other information as the OMWI director determines appropriate. Including more information on the outcomes and progress of their diversity practices could enhance the usefulness of these annual reports. Seven of eight agencies and all Reserve Banks issued annual reports in 2011. CFPB, which was created in July 2010 and assumed responsibility for certain consumer financial protection functions in July 2011, issued an agencywide semiannual report for 2011. Its OMWI

[40] 5 U.S.C. § 552. The Freedom of Information Act requires that federal agencies provide the public with access to government records and information on the basis of the principles of openness and accountability in government.

planned to issue an annual report for 2012 at the same time as the other agencies, in March 2013.

In their 2011 Annual OMWI Reports to Congress, several agencies and Reserve Banks reported on efforts to measure outcomes and progress of various diversity practices, which provide examples of the types of outcomes and measures of progress that could be helpful for OMWIs to include in their annual reports. Although the act requires information on successes and challenges, it does not specifically require reporting on effectiveness; however, the act provides some leeway to the federal financial agencies and the Reserve Banks to include "any other information, findings, conclusions, and recommendations for legislative or agency action, as the Director determines appropriate."[41] Measurement of diversity practices is one of the nine leading diversity management practices we previously identified. We have reported that quantitative measures—such as tracking employment demographic statistics—and qualitative measures—such as evaluating employee feedback survey results—could help organizations translate their diversity aspirations into tangible practice.[42]

The Federal Reserve Board reported that it tracks job applicant information to assess the diversity of applicant pools, candidates interviewed, and employees hired as a result of diversity recruiting efforts, and FDIC reported that it monitors participation and attrition rates and diversity characteristics of participants in a development program. SEC reported plans to develop standards for assessing its ongoing diversity and inclusion efforts and include them in a strategic plan. The Reserve Banks of Chicago, Philadelphia, Richmond, and San Francisco reported on the number of internships each bank supported and the ethnic and gender diversity of the interns. The Reserve Bank of Chicago also reported on the number of job offers extended and candidates hired from its internship program, as well as on the number of candidates successfully hired from a diversity career expo. Further, the Reserve Bank of Cleveland identified reporting tools developed to monitor the bank's inclusion in contracting efforts. In addition to using these measures, some OMWI officials said they used annual employee surveys as a measurement tool to gather information about the progress of their

[41]Pub. L. No. 111-203, § 342(e)(5) (2010).

[42]GAO-05-90.

diversity practices, including retention practices. For example, FDIC's annual employee survey includes specific questions related to diversity, and the agency uses responses to assess the effectiveness of policies and programs and outline action steps for improvement. OCC officials told us the government-wide federal employee viewpoint survey provided information on employee perspectives about diversity, and the agency measured its results against government-wide scores. Further, OMWI officials from the Reserve Bank of Minneapolis said exit surveys and employee declination surveys provided additional information for evaluating their retention and recruiting programs.

Federal financial agencies and Reserve Banks have focused their initial OMWI efforts on implementing section 342 of the Dodd-Frank Act. While many OMWIs have implemented or are planning efforts to measure and evaluate the progress of their diversity and inclusion activities, which is consistent with the leading diversity management practices, information on such efforts is not yet reported consistently across the OMWI annual reports. According to OMWI officials as well as industry representatives we interviewed, measuring the progress of diversity recruitment and retention practices is a challenging, long-term process. For example, NCUA officials told us measuring the progress of certain recruiting practices could be a challenge, as access to demographic information about job applicants might be limited. Additionally, FHFA officials told us that while measuring the progress of diversity practices was needed to identify best practices, such measurement needs to be efficient and meaningful. However, without knowledge of OMWI efforts to measure outcomes and the progress of their diversity practices, Congress lacks information that would help hold OMWIs accountable for achieving desired outcomes. In addition, increased attention to evaluation and measurement through annual reporting of these efforts could help the OMWIs improve management of their diversity practices. Reporting such information would provide an opportunity for the agencies and Reserve Banks to learn from others' efforts to measure their progress and indicate areas for improvement.

Procedures to Meet Dodd-Frank Inclusive Contracting Requirements Are Largely in Place

Section 342 of the Dodd-Frank Act requires federal financial agencies and Reserve Banks to develop procedures to ensure, to the maximum extent possible, the fair inclusion and utilization of women and minorities in contracting. Specifically, the act requires agency and Reserve Bank actions to ensure that its contractors are making efforts to include women and minorities in their workforce. Also, the act has requirements for actions to increase contracting opportunities for minority- and women-owned businesses (MWOB).[43] Most agencies and Reserve Banks have developed and included a provision in contracts for services requiring their contractors to make efforts to ensure the fair inclusion of women and minorities in their workforce and subcontracted workforces. The extent to which these agencies and Reserve Banks have contracted with MWOBs varied widely. These entities reported multiple challenges to increasing contracting opportunities for MWOBs and used various technical assistance practices to address these challenges.

Most Agencies and Reserve Banks Are Implementing Requirements Related to Inclusiveness in Contractor Workforces

To address the act's requirement to ensure the fair inclusion of women and minorities, to the maximum extent possible, in contracted workforces, agencies either have developed or are in the process of developing fair inclusion provisions in their contracts for services, and all Reserve Banks have done so. In addition, some agencies and all Reserve Banks have developed procedures to assess contractors' efforts for workforce inclusion of women and minorities.

Fair Inclusion Provision in Contracts

Five agencies—FDIC, FHFA, NCUA, OCC, and the Federal Reserve Board—and all Reserve Banks have created a fair inclusion provision and are using it in contracts for services. Section 342 of the Dodd-Frank Act requires agencies and Reserve Banks to develop procedures for review and evaluation of contract proposals for services and for hiring service providers that include a written statement that the contractor, and as applicable subcontractors, shall ensure, to the maximum extent possible, the fair inclusion of women and minorities in the workforce of the contractor and, as applicable, subcontractors. The act does not specify

[43]For purposes of the act, minority-owned business means a business for which more than 50 percent of the ownership is held by one or more minority individuals and more than 50 percent of net profit and loss of the business accrues to one or more minority individuals. Women-owned business means a business for which more than 50 percent of the ownership is held by one or more women, more than 50 percent of the net profit or loss of the business accrues to one or more women, and a significant percentage of senior management positions are held by women.

the elements to be included in the written statement and provides that each OMWI director prescribe the form and content of the statement.

CFPB, SEC, and Treasury are each in the process of developing a fair inclusion provision. CFPB is developing procurement procedures to address the requirements of the act and required more time because its OMWI office was established in January 2012. SEC is subject to the Federal Acquisition Regulation (FAR) and is currently developing its inclusive contract provision.[44] While CFPB and SEC develop inclusion statements pursuant to the act, both agencies have been using the equal employment opportunity statement contained in the FAR in executed contracts. Treasury has developed its fair inclusion provision to add to future contracts. It has issued a notice of proposed rulemaking in the Federal Register for public comments on this change to its contracting procedures as required under the law. The comment period ended on October 22, 2012. Treasury received eight comments which included, among other things, suggestions to make the fair inclusion provision applicable to all contracts regardless of the dollar amount of the contract and to better specify the documentation required of contractors to demonstrate that they have met the requirements of the fair inclusion provision. Treasury is currently reviewing the public comments and considering changes to the proposed rule.

The fair inclusion provisions we reviewed contained the following:

- *Equal employment opportunity statement:* Fair inclusion provisions include a commitment by the contractor to equal opportunity in employment and contracting and, to the maximum extent possible consistent with applicable law, the fair inclusion of women and minorities in the contractor's workforce.

[44]The FAR is the primary regulation for use by all federal executive agencies in their acquisition of supplies and services with appropriated funds. Two federal financial agencies subject to the contracting provisions in section 342 of Dodd-Frank are also governed by the FAR because they receive appropriated funds: SEC and Treasury. The other agencies included in this report are not legally required to follow the FAR because they do not receive appropriated funds. However, according to CFPB, FDIC, FHFA, and OCC these agencies choose to adhere to part or all of this regulation. According to NCUA, it used the FAR as guidance when establishing its contracting procedures. The Federal Reserve Board described their procurement policy as consistent with the FAR.

- *Documentation:* To enforce the fair inclusion provision, agencies require contractors to provide documentation of their efforts to include women and minorities in the contractor's workforce, such as a written affirmative action plan; documentation of the number of employees by race, ethnicity, and gender; information on subcontract awards, including whether the subcontractor is an MWOB; and any other actions describing the contractor's efforts toward the inclusion of women and minorities.

- *Contract amount threshold:* Agencies apply the fair inclusion provision to contracts exceeding a certain dollar amount. For two agencies subject to the act, this threshold is any amount over $150,000. For three agencies subject to the act, this threshold is any amount over $100,000. The Reserve Bank fair inclusion provisions we reviewed did not generally include a dollar-amount threshold.

None of the officials from five agencies that have implemented a fair inclusion provision required by the act described to us receiving an adverse reaction from contractors, but officials from a majority of the Reserve Banks we spoke with described resistance or concerns from some contractors. OCC stated that smaller businesses had expressed confusion about the requirement because the businesses are too small to report workforce demographics to EEOC. Eight Reserve Banks described contractors expressing some disagreement or concern at the inclusion of the language in contracts. According to some Reserve Bank officials, contractors were concerned that accepting the fair inclusion provision would trigger other federal requirements for their businesses, or subject the contractor to meeting hiring or subcontracting targets.[45] Some Reserve Banks described explaining the limited scope of the provision to concerned contractors. Other Reserve Banks described modifying the language in the fair inclusion provision, for example, in one case, changing a phrase regarding the contractor's efforts to include women and minorities from "to the maximum extent possible" to read "to the maximum extent required by law." Other Reserve Banks described occurrences where, in response to a contractor's concern, they excluded the fair inclusion language from contracts for a procurement with a small dollar amount or because the vendor provided a service critical to the

[45]As previously discussed, the Reserve Banks are not federal agencies.

Reserve Bank and alternate vendors were not available.[46] Finally, one Reserve Bank described declining a contract and seeking an alternate vendor that accepted the provision.

Procedures to Assess Contractors' Inclusion Efforts

Some agencies and all Reserve Banks have developed procedures to assess contractors' efforts toward workforce inclusion of women and minorities. Section 342 of the Dodd-Frank Act requires the 8 federal financial agencies in the act and 12 Reserve Banks to develop procedures to determine whether a contractor and, as applicable, a subcontractor, has failed to make a good faith effort to include minorities and women in their workforces. Good faith efforts include any actions intended to identify and remove barriers to employment or to expand employment opportunities for minorities and women in the workplace, according to the policies some agencies have developed. For example, recruiting minorities and women or providing these groups job training may be considered good faith efforts for diversity inclusion. Contractors must certify that they have made a good faith effort to include women and minorities in their workforces, according to most policies we reviewed. At the same time, contractors may provide documentation of their inclusion efforts such as workforce demographics, subcontract recipients, and the contractor's plan to ensure that women and minorities have opportunities to enter and advance within its workforce. Agencies and Reserve Banks plan to conduct a review of each contractor's certifications and documentation annually, once in a 2-year period, or at other times deemed necessary, such as when contracts are executed or renewed, to make a determination of whether the contractor made a good faith effort to include women and minorities in its workforce. Failure to make a good faith effort may result in termination of the contract, referral to the Office of Federal Contract Compliance Programs, or other appropriate action.[47] Four agencies and all Reserve Banks have established good faith effort

[46]According to one Reserve Bank, there are certain types of contracts from which the fair inclusion provision would be automatically excluded. For example, the Reserve Bank of Chicago would not include the provision in a new contract with a vendor that has an existing contract with the National Procurement Office of the Federal Reserve System because in that previous contract the vendor had already agreed to make efforts to include women and minorities in its workforce.

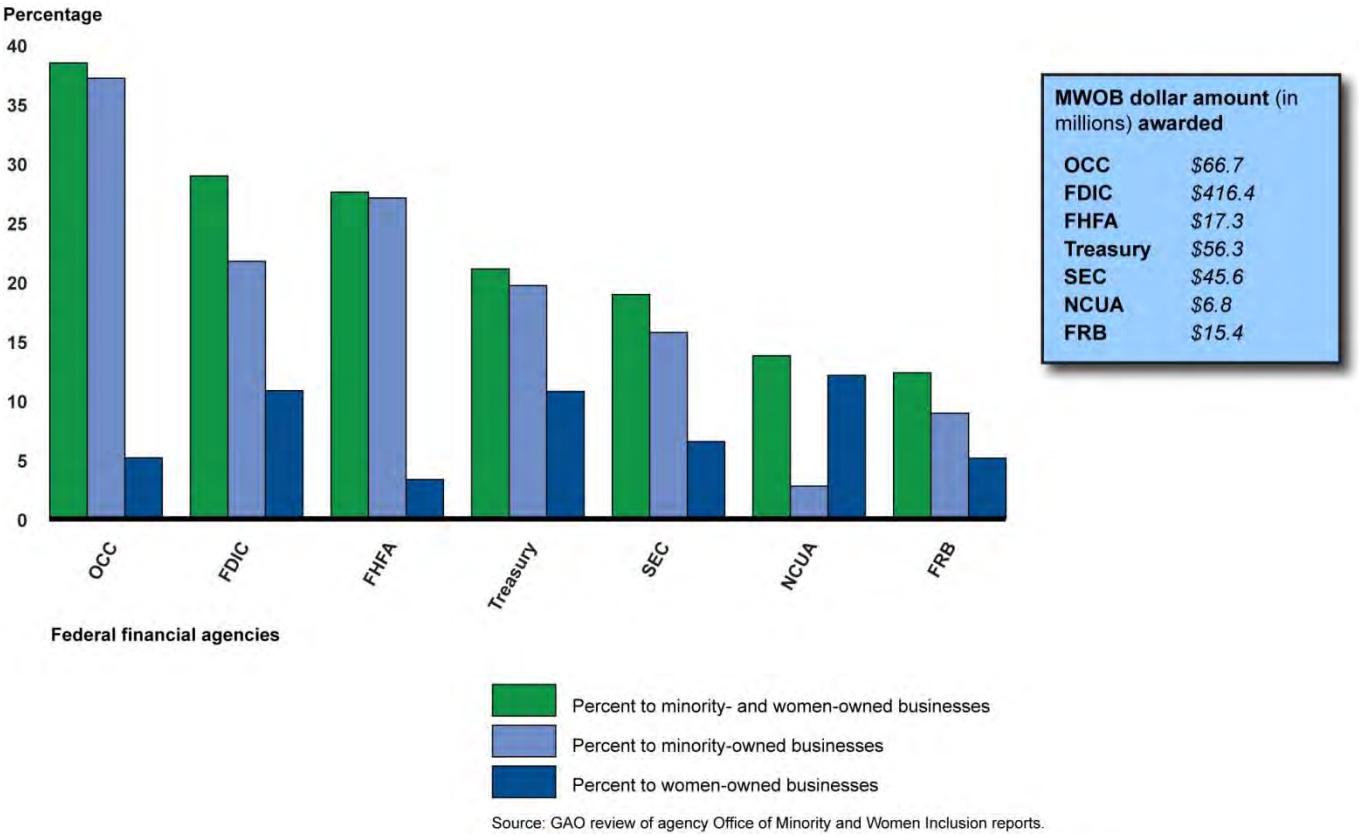
[47]The Office of Federal Contract Compliance Programs enforces, for the benefit of job seekers and wage earners, the contractual promise of affirmative action and equal employment opportunity required of those who do business with the federal government.

determination procedures, and four agencies have yet to implement such procedures.

Levels of Contracting with Minority- and Women-Owned Businesses Varied by Agency and Reserve Bank

In 2011, the proportion of a federal financial agency's contracting dollars awarded to businesses owned by minorities or women varied, ranging between 12 percent and 38 percent according to the OMWI reports of the agencies (see fig. 14).[48] Seven federal financial agencies awarded a total of about $2.4 billion for contracting for external goods and services in fiscal year 2011, with FDIC awarding about $1.4 billion of this amount.

Figure 14: Dollar Amount and Percentage of Total Awarded to Minority- and Women-Owned Businesses (MWOB) by Agency, 2011



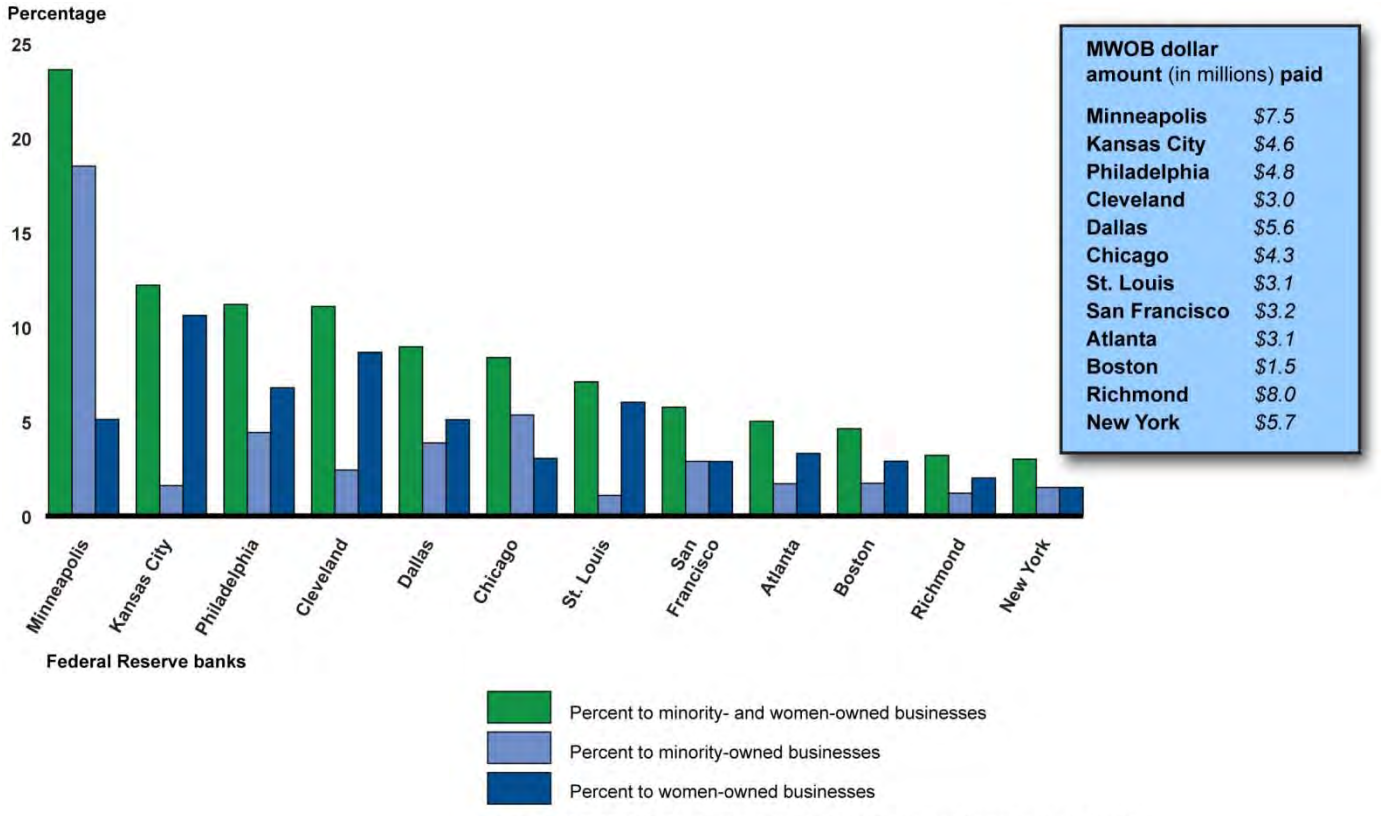
Source: GAO review of agency Office of Minority and Women Inclusion reports.

[48]The act does not set a standard that the federal agencies or Reserve Banks must meet in making contracting awards to MWOBs.

Note: CFPB was not required to issue an OMWI report to Congress in 2011. Percentages of dollar amounts awarded to minority-owned businesses and women-owned businesses displayed separately may not be mutually exclusive for all agencies and do not always total to the combined percent to minority- and women-owned business category. Some businesses are both minority- and women-owned and may be counted by agencies under both categories.

Similarly, according to Reserve Bank OMWI reports, Reserve Bank contracting dollars paid to businesses owned by minorities or women ranged between 3 percent and 24 percent in 2011 (see fig. 15). Reserve Banks paid about $897 million in fiscal year 2011 in contracting.

Figure 15: Dollar Amount and Percentage of Total Paid to Minority- and Women-Owned Businesses (MWOB) by Reserve Bank, 2011



Source: GAO review of Federal Reserve Bank Office of Minority and Women Inclusion reports.

Note: Reserve Banks reported amounts paid to contractors in OMWI reports rather than amounts awarded as reported by agencies.

Among federal financial agencies, OCC awarded the largest proportional amount of contracting dollars to MWOBs—about 38 percent (almost $67 million). OCC officials told us that its contract needs tend to be for

services for which there is often a pool of MWOB suppliers and most of OCC's 2011 contract dollars were spent on computer related services. The Federal Reserve Board awarded the smallest proportion of its contracting dollars to MWOBs, with about 12 percent going to such businesses. According to the Federal Reserve Board, a significant amount of its procurement is for economic data, which are generally not available from MWOBs. Although federal agencies are not generally required to report on MWOBs, most are required to report on certain small business contracting goals, including goals for women and small disadvantaged businesses (which include minority-owned businesses).[49] In a 2012 report, we found that 35 percent of funds all federal agencies obligated to small businesses in 2011 were obligated to minority-owned small businesses and 17 percent were obligated to women-owned businesses.[50]

Among Reserve Banks, the Reserve Bank of Minneapolis paid the largest proportion of its contracting dollars to MWOBs with about 24 percent going to such businesses (18.5 percent to minority-owned businesses and about 5 percent to women-owned businesses). According to the Reserve Bank of Minneapolis, almost half of its MWOB contract dollars were paid for software and related technology integration services from minority-owned firms. All other Reserve Banks paid under 13 percent of contracting dollars to MWOBs, with the Reserve Bank of New York awarding the smallest percentage of its contracting dollars to such businesses (3 percent). The Reserve Bank of New York described its commitment to increasing diversity in its pool of potential contractors through its outreach efforts to us and in its 2011 OMWI report. For example, the Reserve Bank of New York held an event with its primary

[49]The Small Business Administration (SBA) negotiates goals with federal agencies for contract dollars awarded to small businesses to meet statutory government-wide goals. 15 U.S.C. § 664(g) sets forth a statutory goal for 23 percent of all aggregated federal contracting dollars to be awarded to small businesses. These include current goals for 5 percent of all prime contract and subcontract dollars to be awarded to small disadvantaged businesses and 5 percent of all prime contract and subcontract dollars to be awarded to women-owned small businesses. SBA also negotiates goals for the award of contract dollars to service-disabled veteran-owned and HUBZone small businesses.

[50]See GAO, *Government Contracts: Federal Efforts to Assist Small Minority Owned Businesses*, GAO-12-873 (Washington, D.C.: Sept. 28, 2012). We analyzed data from the Federal Procurement Data System—Next Generation. Minority designations are self-reported, and some businesses are both minority- and women-owned and may be counted under both categories.

contractors and small firms to identify potential partnerships and an event that provided small firms consultation on business plans and credit applications to increase the capacity of the small firms.

Agencies and Reserve Banks Report Challenges to Increasing Contracting Opportunities and Have Offered Technical Assistance to Minority- and Women-Owned Businesses

Seven federal financial agencies included in this report and all 12 Reserve Banks identified challenges in increasing contracting opportunities for MWOBs. Section 342 of the Dodd-Frank Act requires federal financial agencies and Reserve Banks to include in their annual OMWI report a description of the challenges they may face in contracting with qualified MWOBs. As a new agency, CFPB has not been required to complete an annual OMWI report and did not identify any contracting challenges to us. In interviews with us and in the 2011 OMWI reports to Congress, the remaining agencies and all Reserve Banks discussed a number of common challenges to increasing contracting with MWOBs, including the following:

- *Limited capacity of MWOBs:* Some agencies and Reserve Banks stated that reporting or other requirements under federal contracts were often too great a burden for MWOBs or that MWOBs needed to build capacity to meet federal contracting requirements. Some agencies and Reserve Banks also stated that at times the need for goods or services is not scaled to the capacity of MWOBs. For example, some agencies and Reserve Banks faced challenges identifying MWOBs that can meet procurement needs on a national scale.

- *Developing staff or procedures to meet contracting requirements of the act:* According to some agencies, new OMWIs require additional staff or staff development, or procedures to meet the requirements of the act, including providing technical assistance to increase opportunities for MWOBs, identifying qualified MWOBs in the marketplace, and incorporating the use of a fair inclusion provision in contracts and good faith effort determination processes, which we discussed earlier, into established procurement processes.

- *MWOB classification challenges:* Multiple agencies and Reserve Banks described difficulty identifying and classifying suppliers as diverse entities. Some Reserve Banks noted that no central agency is responsible for certifying MWOBs. Some agencies and Reserve Banks also discussed a need for new procedures or information systems to identify and classify diverse ownership of businesses.

- *Availability:* Some agencies and Reserve Banks noted that specialized services are often only available from a limited pool of suppliers that may not include MWOBs.

- *Centralized procurement:* Reserve Banks may use the National Procurement Office (NPO), the centralized procurement office for the 12 Reserve Banks, to contract for some goods and services.[51] When a Reserve Bank procures through the NPO, access to MWOBs may be limited because the NPO procures for volume discounts with larger contractors. However, the Reserve Bank of Richmond, in its 2011 OMWI report, described efforts to work with existing large contractors to increase subcontracting with smaller, diverse firms.

- *No MWOB bids:* In some cases, agencies and Reserve Banks found that potentially eligible MWOB applicants decided not to bid without explanation.

Other challenges were described on a limited basis by one agency or Reserve Bank. For example, NCUA explained that MWOBs are not familiar with the agency. According to NCUA, to address this issue it increased its outreach budget and attendance to MWOB events and published an online guide on doing business with the agency. According to FDIC, in some cases MWOBs do not have relationships with large federal contractors for subcontracting opportunities. To address this problem, FDIC emphasizes to larger firms the importance of subcontracting with MWOBs and has negotiated increases in MWOB subcontracting participation with large contractors. FDIC participated in procurement events where small and large contractors could meet and match capabilities. The Reserve Bank of Chicago stated that MWOBs have a hard time standing out in highly competitive industries, such as staff augmentation services. Finally, according to the Reserve Bank of Richmond, MWOBs may have incorrect perceptions that Reserve Banks are subject to federal procurement rules that they cannot meet.

To counter challenges MWOBs may face in accessing federal contracting opportunities, all agencies and Reserve Banks described providing various specific forms of technical assistance to MWOBs, which they described in discussions with us and in 2011 OMWI reports to Congress.

[51]The NPO, housed in the Reserve Bank of Richmond, conducts research and negotiates, manages, and administers contracts on behalf of the 12 Reserve Banks, but the purchases are made by the individual Reserve Bank that chooses to use the contract.

No agency or Reserve Bank stood out as coordinating technical assistance better than others, although some agencies pointed to longstanding efforts at FDIC to provide technical assistance to MWOBs as model practices. Section 342 of the Dodd-Frank Act requires federal financial agencies and Reserve Banks to develop standards for coordinating technical assistance to MWOBs. These activities included developing and distributing literature, such as manuals and brochures describing contracting procedures and resources to prospective contractors. Most agencies also established websites that function as informational portals on doing business with agencies and act as an agency entry point to prospective contractors. Agencies and Reserve Banks described outreach activities to MWOBs, including conducting expert panels, hosting meetings and workshops, and exhibiting at trade shows and procurement events. Some of these outreach activities have been coordinated with SBA. For example, FDIC has partnered with SBA to develop a technical assistance program for small businesses, including MWOBs, on money management. OCC worked with SBA to create a technical assistance workshop that they conducted in 2012 with women-owned small businesses. Some agencies have included SBA representatives in supplier diversity events they sponsor. Even prior to the passage of the Dodd-Frank Act, the Federal Reserve Board had participated in SBA procurement fairs and used SBA information and events to market its procurement opportunities among diverse suppliers. Treasury has participated in SBA outreach events and created a mentor-protégé program to assist small businesses with contracting opportunities.[52]

Agencies and Reserve Banks also provide one-on-one technical assistance, which is intended to meet the specific needs of a prospective MWOB contractor. According to Treasury, they coordinate with SBA to leverage SBA's knowledge of one-on-one technical assistance practices

[52]A mentor-protégé program is an arrangement in which mentors—businesses, typically experienced prime contractors—provide technical, managerial, and other business development assistance to eligible small businesses, or protégés. Overall, mentor-protégé programs seek to enhance the ability of small businesses to compete more successfully for federal government contracts by furnishing them with assistance to improve their performance. See GAO, *Mentor-Protégé Programs Have Policies that Aim to Benefit Participants but Do Not Require Postagreement Tracking*, GAO-11-548R (Washington, D.C.: June 15, 2011) and *Small Business Contracting: Opportunities to Improve the Effectiveness of Agency and SBA Advocates and Mentor-Protégé Programs*, GAO-11-844T (Washington, D.C.: Sept. 15, 2011).

with MWOBs. FHFA and SEC have created dedicated e-mail addresses and telephone lines for MWOBs to reach their OMWIs, and SEC has established monthly vendor outreach days when MWOBs can speak one-on-one with SEC's supplier diversity officer and small-business specialist. Some Reserve Banks described conducting one-on-one meetings with prospective contractors in 2011, some of which were held during procurement events. Finally, FDIC offered its database of MWOBs to the OMWIs and some agencies described using or planning to use it to identify potential contractors for outreach regarding procurement opportunities. According to FDIC, it sends an updated version of the database to the agencies each quarter.

Conclusion

Across financial services firms, federal financial agencies, and Reserve Banks, available data showed the representation of minorities and women varied, and there was little overall change in workforce diversity from 2007 through 2011. Our findings suggest the overall diversity of the financial services industry has generally remained steady following the financial crisis. Since 2011, federal financial agencies and Reserve Banks have taken initial steps to respond to the Dodd-Frank Act's requirements to promote workforce diversity, and OMWIs have begun reporting on both planned and existing diversity practices, in addition to reporting on workforce demographic statistics according to EEOC requirements. While many OMWIs have implemented or are planning efforts to measure and evaluate the progress of their diversity and inclusion activities, a leading diversity management practice, information on these efforts is not reported consistently across the OMWI annual reports. Although the act requires information on successes and challenges, it does not specifically require reporting on measurement; however, the act provides that the federal financial agencies and the Reserve Banks can include additional information determined appropriate by the OMWI director. Measurement of diversity practices is one of the nine leading diversity management practices we have previously identified. Reporting on these efforts as part of annual OMWI reporting would provide Congress, other OMWIs, and the financial services industry with potentially useful information on the ongoing implementation of diversity practices. Such information could be helpful industrywide, as management-level diversity at federal financial agencies, Reserve Banks, and the broader financial services industry continues to be largely unchanged. Without information on OMWI efforts to report outcomes and the progress of diversity and inclusion practices, Congress lacks information that would help hold agencies accountable for achieving desired outcomes or whether OMWI efforts are having any impact.

Recommendations for Executive Action

To enhance the availability of information on the progress and impact of agency and Reserve Bank diversity practices, we are recommending to CFPB, FDIC, the Federal Reserve Board, FHFA, NCUA, OCC, SEC, Treasury, and the Reserve Banks that each OMWI report on efforts to measure the progress of its employment diversity and inclusion practices, including measurement outcomes as appropriate, to indicate areas for improvement as part of their annual reports to Congress.

Agency Comments and Our Evaluation

We provided drafts of this report to CFPB, the Federal Reserve Board, FDIC, FHFA, NCUA, OCC, SEC, Treasury, and each of the Federal Reserve Banks for review and comment. We received written comments from each of the agencies and a consolidated letter from all of the Reserve Banks. Their comment letters are reproduced in appendixes V through XIII. The agencies and Reserve Banks generally agreed with our recommendation. CFPB, Federal Reserve Banks, FDIC, FHFA, NCUA, OCC, and SEC provided technical comments, which we incorporated as appropriate. We also provided a draft of the report to EEOC for comment. EEOC is not subject to the requirements of section 342 of the act but did provide technical comments, which we incorporated as appropriate.

With respect to our recommendation that each OMWI report on efforts to measure the progress of its employment diversity and inclusion practices, including measurement outcomes as appropriate, to indicate areas for improvement as part of their annual reports to Congress, all the federal financial agencies and Reserve Banks indicated that they plan to implement the recommendation:

- the OMWI Director of CFPB explained that its OMWI was the newest of such offices because the agency was created with the enactment of the Dodd-Frank Act and that it planned to include measurement information in future reports;
- the OMWI Director of the Federal Reserve Board stated that the recommendation was consistent with its ongoing practices and that it would look for additional ways to report on diversity practices;
- FDIC's OMWI Director agreed with the recommendation and stated that it will include efforts to measure the progress of its diversity practices in its annual reports to Congress;

- the Acting Associate Director of FHFA's OMWI stated that it would include measurement information in its 2013 OMWI report to Congress;
- the Executive Director of NCUA said the agency will work toward reporting on its efforts to measure the progress of workforce diversity and practices;
- the Comptroller of the Currency stated that OCC had a well-developed diversity and inclusion program through which the agency measures its progress and that OCC has included additional metrics in its 2013 OMWI report to Congress;
- SEC's OMWI Director noted that the agency plans to incorporate measurement information on its diversity and inclusion practices in its future OMWI reports to Congress;
- Treasury's OMWI Director agreed with our recommendation and stated that it was consistent with the agency's efforts to use more than demographic representation to measure the progress of diversity and inclusion efforts; and
- the Federal Reserve Banks' OMWI directors noted that the banks currently include some measurement information in annual reports and said that they will consider additional ways to measure and report on Reserve Banks' diversity practices.

As agreed with your office, unless you publicly announce the contents of this report earlier, we plan no further distribution of this report until 30 days from the report date. At that time, we will send copies of this report to the appropriate congressional committees; the Chairman, Board of Governors of the Federal Reserve; Director, Bureau of Consumer Financial Protection, commonly known as the Consumer Financial Protection Bureau; Chair, Equal Employment Opportunity Commission; Chairman, Federal Deposit Insurance Corporation; Acting Director, Federal Housing Finance Agency; Chairman, National Credit Union Association; Comptroller, Office of the Comptroller of the Currency; Chairman, Securities and Exchange Commission; Secretary, Department of the Treasury; and to the Directors of the Offices of Minority and Women's Inclusion for the Federal Reserve Banks; and other interested parties. We will make copies available to others upon request. The report will also be available at no charge on our website at http://www.gao.gov.

If you or your staffs have any questions about this report, please contact me at (202) 512-8678 or garciadiazd@gao.gov. Contact points for our Offices of Congressional Relations and Public Affairs are listed on the last page of this report. GAO staff who made major contributions to this report are listed in appendix XIV.

Sincerely yours,

Daniel Garcia-Diaz
Director, Financial Markets and Community Investment

Appendix I: Objectives, Scope, and Methodology

The objectives for this report were to examine (1) what available data show about how the diversity of the financial services industry workforce and how diversity practices taken by the industry have changed from 2007 through 2011; (2) what available data show about how diversity in the workforces of the federal financial agencies and the Federal Reserve Banks (Reserve Banks) has changed from 2007 through 2011; (3) how these federal financial agencies and Reserve Banks are implementing workforce diversity practices under section 342 of the Dodd-Frank Act, including the extent to which their workforce diversity practices have changed since the financial crisis; and (4) the status of federal financial agencies' and Reserve Banks' implementation of the contracting provisions of the Dodd-Frank Act related to the inclusion of women and minorities.

To describe how diversity in the financial services industry has changed since the beginning of the 2007-2009 financial crisis, we analyzed 2007-2011 workforce data from the Equal Employment Opportunity Commission's (EEOC) Employer Information Report (EEO-1). EEO-1 is data annually submitted to EEOC generally by private-sector firms with more than 100 employees.[1] We obtained EEO-1 data on October 2012, from the finance and insurance industry categorized under the North American Industry Classification System (NAICS) code 52 for these industries from 2007 through 2011. EEO-1 data were specifically obtained from the EEOC's "officials and managers" category by gender, race/ethnicity, firm size, and industry sectors.[2] The EEO-1 "officials and managers" category was further divided into two management-level categories of first- and mid-level managers and senior-level managers

[1]Federal contractors with 50 or more employees are also required to submit to EEOC annual reports showing the composition of their workforce; however, we did not include these firms in our analysis. Accordingly, our EEO-1 analysis presented in this report may not match the EEO-1 data presented on EEOC's website. As required under the Civil Rights Act of 1964, EEOC collects periodic reports from public and private employers and unions and labor organizations that indicate the composition of their work forces by sex and by racial/ethnic category. Key among these reports is the EEO-1.

[2]EEOC defines the job category of "officials and managers" as occupations requiring administrative and managerial personnel, who set broad policies, exercise overall responsibility for execution of these policies, and direct individual departments or special phases of a firm's operation.

and then analyzed by gender, race/ethnicity, and firm size.[3] To understand the potential internal candidate pools available for management positions in the financial industry, we obtained EEO-1 data under NAICS code 52 for all positions, including nonmanagement positions, by gender and race/ethnicity. To determine the reliability of the EEO-1 data that we received from EEOC, we interviewed knowledgeable EEOC officials and reviewed relevant documents provided by agency officials and obtained on its website. We also conducted electronic testing of the data. We determined that the EEO-1 data were sufficiently reliable for our purposes.

To corroborate the results of the EEO-1 data, we used an additional source of workforce diversity data from the Current Population Survey (CPS), a monthly survey of households the Bureau of the Census administers on behalf of the Bureau of Labor Statistics. CPS data provide information on labor force characteristics and demographic data, among other topics. Similar to the EEO-1 "officials and managers" job category, we used the CPS "management occupations" category—unlike EEO-1, CPS does not split its management into two levels—for our discussion of management-level diversity within the financial services industry. However, the statistics from these two sources are not exactly comparable. We determined the CPS-estimated percentages of minorities in management positions within the financial services industry could not be precisely measured.[4] See table 6 for the estimated percentages and standard errors. The standard errors for the minority percentages were greater than the standard errors for the white percentages, and they were relatively large compared to the estimated percentage for minorities. However, CPS minority percentages were included in this report for additional context. To determine the reliability of CPS data, which we

[3]In 2007, EEOC subdivided the "officials and managers' category into two subcategories. The first one, "Executive/Senior Level Officials and Managers," includes individuals who reside in the highest levels of organizations and plan, direct, and formulate policies, set strategy, and provide the overall direction of enterprises/organizations for the development and delivery of products or services, within the parameters approved by boards of directors or other governing bodies. The second category, "First/Mid-Level Officials and Managers," includes individuals who receive directions from Executive/Senior Level management and oversee and direct the delivery of products, services, or functions at group, regional, or divisional levels of organizations.

[4]We used monthly averages over 3 months—July, August, and September—from the Basic Monthly CPS for each year and then calculated the estimated percentages, as EEOC's EEO-1 reports are collected over this period of time every year.

obtained from a publicly accessible federal statistical database, we gathered and reviewed relevant documentation from the Bureau of the Census website, conducted electronic testing, and determined the standard errors of the CPS estimates. We determined that the CPS data were sufficiently reliable for our purposes.

Table 6: Estimated Percentages and Standard Errors for Race/Ethnicity in Management Positions in the Financial Services Industry Using the Current Population Survey (CPS), 2007-2011

Year	Race/ethnicity	Percentage	Standard errors
2007	White	85.9%	1.7%
2007	Minority	14.1	4.5
2008	White	85.9	1.7
2008	Minority	14.1	4.5
2009	White	83.1	1.9
2009	Minority	16.9	4.5
2010	White	86.0	1.8
2010	Minority	14.0	4.7
2011	White	84.9	1.8
2011	Minority	15.1	4.6

Source: GAO analysis of CPS data.

To gather information on a potential external pipeline of diverse candidates for management positions in the financial industry, we obtained demographic data on minority and female students enrolled in undergraduate, Master of Business Administration (MBA), and doctoral degree programs from 2007 through 2011 from the Association to Advance Collegiate Schools of Business (AACSB). We focused on MBA programs as a source of potential future managers and senior executives. Financial services firms compete for minorities in this pool with one another and with firms from other industries. We combined this information with undergraduate and doctoral degree programs to provide information on the overall diversity of the university system. AACSB conducts an annual voluntary survey called “Business School Questionnaire” of all its member schools. In 2011, AACSB updated its survey to include two additional race/ethnicity categories to include “two or more races” and “Native Hawaiian or Other Pacific Islander.” For consistency purposes, we combined these two additional categories along with the representation of Native Americans into an “other” category. To determine the reliability of the AACSB data, we interviewed a knowledgeable AACSB official and reviewed relevant documents

provided by the official and obtained on its website. We determined that the data from AACSB were sufficiently reliable for our purposes.

To determine how diversity practices in the financial services industry have changed since the beginning of the financial crisis, we conducted a literature review of relevant studies that discussed diversity best practices within the financial services industry from 2007 through 2011. In addition, we interviewed 10 selected industry representatives to determine whether the nine leading diversity practices we previously identified are relevant today and how diversity practices changed since 2007. We also reviewed documents produced by these industry representatives. These representatives were selected based on their participation in our previous work, suggestions from federal agencies we interviewed for this report, as well as the type of industry representative—such as an industry association or private firm.[5]

To describe diversity in the workforces of the federal financial agencies and Reserve Banks, we analyzed data we received from agencies and banks. To review changes in the representation of minorities and women in the workforces of federal financial agencies, we obtained from the agencies annual Equal Employment Opportunity Program Status Reports from 2007 through 2011, required under U.S. EEOC Management Directive 715 and known as MD-715 reports.[6] We obtained data from seven of the eight federal agencies required to meet the workforce diversity provisions in section 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). These included the Departmental Offices of the Department of the Treasury, the Federal Deposit Insurance Corporation, the Federal Housing Finance Agency (FHFA), the Board of Governors of the Federal Reserve System, the National Credit Union Administration, the Office of the Comptroller of the Currency, and the Securities and Exchange Commission. The Bureau of

[5]In our 2006 report we selected industry representatives based on a variety of criteria including whether they had received public recognition of their diversity programs or on the type of sector (such as securities or commercial banking) they were involved in. GAO-06-617.

[6]EEOC collects a variety of data on workforce diversity from federal agencies, including information pursuant to a management directive it issued in 2003 that included policy guidelines and standards for establishing and maintaining affirmative employment programs. This directive does not apply to the Federal Reserve Banks, as they are not federal agencies. EEOC MD-715 (2003).
