November 23, 2020

This letter is in response to your U.S. General Services Administration (GSA) Freedom of Information Act (FOIA) request number (GSA-2021-000119), submitted on October 24, 2020, in which you requested the following:

“A copy of the digital catalogue of historical analysis reports, architectural assessments, and similar types of documents at the Public Buildings Service.”

Then on November 3, 2020, you further clarified your FOIA request by stating the following:

“I request a copy of the General Services Administration Public Buildings Service digital catalogue or tracking database that contains the following types of reports: HISTORICAL PRESERVATION ASSESSMENTS, and HISTORICAL PRESERVATION REVIEWS, HISTORICAL PRESERVATION STUDIES, and HISTORICAL PRESERVATION PLANS.

I also request a description of that catalogue or database.

If the applicable catalogue or tracking database contains more than just the above mentioned items (i.e., is broader than just Historical Preservation records), then I agree to limit my request to just those types of items in the database, extracted from the database. But if extracting those items is difficult, I will accept instead the entire database.”

Enclosed please find the Historic Building Documentation Report as response to your request. The list is current as of November 17, 2020 and includes building name, year, historical status, region and address.

This completes our action on this FOIA request. Should you have any questions, please contact Ms. Beth Savage, Director, Center for Historic Buildings & Federal Preservation Officer at (202) 208-1936 or by email at or beth.savage@gsa.gov. You may also contact the GSA FOIA Public Liaison, Audrey Brooks, at (202) 205-5912 or by email at audrey.brooks@gsa.gov for any additional assistance and to discuss any aspect of your FOIA request.

Sincerely,

Travis Lewis
