FOIA Nos. 2021-000119 and 2021-000120

This letter responds to your recent Freedom of Information Act (FOIA) requests received by the Federal Communications Commission (FCC or Commission) and assigned to the Consumer & Governmental Affairs Bureau (CGB). Your requests seek the following: 1) complaints filed during the time period 11/1/20 to 12/10/20 regarding Dave Chappelle; 2) complaints filed during the past three years about Saturday Night Live (SNL). Your requests have been assigned FOIA Control Nos. 2021-000119 and 2021-000120. We are responding to your requests electronically.

CGB conducted a search of the databases containing informal complaints. CGB identified approximately 361 complaints responsive to your request.¹ Records responsive to your request were withheld or redacted under FOIA Exemption 6. Exemption 6 protects “personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” Balancing the public’s right to disclosure against the individual’s right to privacy, we have determined that release of this information would constitute a clearly unwarranted invasion of personal privacy.² Therefore, certain personal identifying information, including the complainant’s name and phone number, has been redacted under Exemption 6. We have determined that it is reasonably foreseeable that a disclosure would harm the privacy interest of the persons mentioned in these records, which Exemption 6 is intended to protect.

¹ Pages 348-357 of the attached are responsive to both requests.

² 5 U.S.C. § 552 (b)(6); *see also* 47 CFR § 0.457(f).

The FCC receives many complaints and comments that do not involve violations of the Communications Act or any FCC rule or order. Thus, a complaint or comment does not necessarily indicate any wrongdoing by any individuals or entities named in the complaint or comment.

We are required by both the FOIA and the Commission's own rules to charge requesters certain fees associated with the costs of searching for, reviewing and duplicating the sought-after information. To calculate the appropriate fee, requesters are classified as (1) commercial use requesters; (2) educational requesters, non-commercial scientific organizations, or representatives of the news media, or (3) all other requesters.

Pursuant to section 0.466(a)(8) of the Commission's rules, you have been classified for fee purposes as category (3), "all other requesters."³ As an "all other requester," the FCC assesses charges to recover the full, reasonable direct cost of searching for and reproducing records that are responsive to the request; you are entitled, however, to be furnished with the first 100 pages of reproduction and the first two hours of search time without charge under section 0.470(a)(3)(i) of the Commission's rules.⁴ Because preparing the response to your requests falls within these limits, the FCC is not charging you for processing the above requests.

If you consider this to be a denial of your FOIA request, you may seek review by filing an application for review with the Office of General Counsel. An application for review must be *received* by the Commission within 90 calendar days of the date of this letter.⁵ You may file an application for review by mailing the application to Federal Communications Commission, Office of General Counsel, 45 L St NE, Washington, DC 20554, or you may file your application for review electronically by e-mailing it to FOIA-Appeal@fcc.gov. Please caption the envelope (or subject line, if via e-mail) and the application itself as "Review of Freedom of Information Action," and the application should refer to FOIA Nos. 2021-000119 and 2021-000120.

If you would like to discuss this response before filing an application for review to attempt to resolve your dispute without going through the appeals process, you may contact the Commission's FOIA Public Liaison for assistance at:

⁴ 47 CFR § 0.470(a)(3)(i).

⁵ 47 CFR §§ 0.461(j), 1.115; 47 CFR § 1.7 (documents are considered filed with the Commission upon their receipt at the location designated by the Commission).

City/State/Zip: Victorville, California 92395

Description

NBC encourages and allows its' signature series, Saturday Night Live writers and actors to personally insult the minor children of politicians. Referring to Barron Trump the 10 year old son of Donald Trump. Katie Rich, The comedy writer, tweeted on a public forum that Barron Trump would be "the next homeschool shooter". Such irresponsibility should not be exhibited by a network with a broadcast license to broadcast into our homes over the airwaves. As a citizen of the United States I am greatly offended and feel that some action should be taken by federal authorities to assure that this type of behavior will not continue by a business that has a license issued by your agency. I know that this was done in a tweet on the internet that was deleted but are there no industry decency standards when it comes to children?

Ticket: # 1410511 - Media Access / Sensorship during a national campaign and election (95-96) & (2015-16)

Date: 1/23/2017 12:15:56 AM

City/State/Zip: Opelika, Alabama 36801

Company Complaining About: All National Networks (nbc, Abc, Cbs, Fox, Pbs)

Description

There is an ongoing issue taking place in the United States involving censorship by local, state, and national television stations against 3rd Party (Independent) candidates and their party platform issues. I contacted CBS, NBC, ABC, FOX television stations including news networks in most of the states during 2015-16. I e-mailed over 3,500 e-mails to media station throughout the United States requesting a public release of my candidacy for Office of President, and various platform concerns. I requested PSA's to inform the general public and to address the issues, however, none were offered by any media outlet. contacted. The media outlets in the United States failed to address the issue of open access and communications and did deprive me of needed and necessary access to inform the public on a timely basis for the purpose of educating the public involving topic issues of economic and national security concerns during a national campaign and election year. The failure of the networks and stations associated with the major networks including PBS stations in Georgia and Alabama are directly responsible for voter/ poll manipulation by way censorship of facts involving select candidates such as Hillary Clinton, and Donald Trump. Censorship also includes my person and my campaign platform. PSA's adds are non-compensated adds and are the responsibility of all media outlets to use for the purpose of educational adds and informative adds such as a Presidential Campaign by a disadvantaged candidate and/or Party Affiliation with vital information. The general public was once again not allowed to be informed on topic issues of national concern and the coverage of the Primary Election and General Election is Challenged based on biased coverage and excessive use of media by Monopoly Control of network outlets by both the Democrat & Republican Parties and their affiliated PAC's. I expect the FCC to address this issue before Congress and the Federal Courts now. The issue does involve NBC network affiliates such as SNL whom I contacted requesting equal time. Numerous talk shows including but not limited to the Tonight Show, and Jimmy Kimmel Show. News network shows such as Meet the Press, Face the Nation, McLaughlin, Ellen Degenerous show and others in 2015-16, no response was shown and no access granted for air time. Censorship has kept me from obtaining access to State Ballots and it has kept the general public from offering up any signature drives to establish candidacy qualifications in many states under current status imposed by campaign laws in those states. Censorship has also kept me from obtaining needed financial support to meet the costs of advertising and other related issued including volunteer support. Censorship across the United States has created a FAUX Election in (1995-96) and (2016) under deceptive and manipulated practices by Federal, State and Local outlets working in a focused objective which has done great harm to my person and my ability to move forward in regards to private individual and national interests. This does entail a certain level of Collusion by the various networks and their affiliated stations across America.

Description

I'm personally all for freedom of speech; and if a 33 year old woman feels that making fun of a 10 year old boy empowers her and gives her equality, well, I don't agree with it, but if that's what she needs to get her through the night, so be it. I, however, don't need to see this moron or the network, NBC that's supporting her, prosper from it. And considering I now pay for these once free networks on my cable bill I would like for you to consider revoking their license, or substantially fining them.

I won't lie; I don't know how the FCC works. I however doubt that it was intended to give networks the right to make fun of 10 year old children for the sake of free speech. And I have to admit, when CBS removed their signal from my TWC system a few years ago so they can get a \$5. or so month fee from my cable provider, why this would even be allowed. It doesn't make sense.

Company Complaining About: Dish Network

Description

We have DISH TV. It appears that Dish blocked Saturday Night Live content on 2/4/2017. We recorded show to DVR and then watched evening of 7/6/2017. The last skit we saw in full was based on family feud. The rest of the show was blacked out, EXCEPT for the commercial breaks. On one or two segments of the show, DISH played music while continuance display of one of the SNL art posters of the guest host. Another curious bit, DISH aired the final music segment.

We were concerned that this oddity was a calculated blackout because SNL has been critical of the new administration.

City/State/Zip: Houma, Louisiana 70360

Description

I am 69 years old and have never seen such low standards as being shown on our cable news networks. Firstly, much of the presentation of so call reporters, cannot be relied on at best. Secondly, it seems our news agencies are so politically biased that there is no news, but campaign rhetoric of which much is false. Even comedians such as CNN's use of a SNL skit is being used to insult a President of the United States. This is awful. Thirdly, in my younger days, networks and broadcasters feared (and followed) FCC rules on their content as these rules protected the public from the trash we now have. They were careful not to offend because we have laws. Today, they laugh in the faces of the Commission. Embarrassing the Commission as a public protector.

I can go on, but if these above items can be seriously addressed, the Commission can once again perform it's charter as it should.

The Comcast owned stations continue to malign President Trump and shows like SNL refer to assassination potential and that the President will not live more than two years (not stating why). These activities are not only uncivil toward our President, but border on treason and potentially inciting some unstable person to carry out these acts. I am requesting an end to these horrible accusations. I think the Secret Service should visit the show's writers to verify these offensive scripts and evaluate if the writers are promoting harm to the President. It is past time for this crap to stop. I will no longer watch or purchase any show or product associated with Comcast and their affiliates.

Description

On Nov 13th 2016 Saturday Night Live aired a part called " Walking Dead Dave Chappelle's Show SNL. In this segment the word Nigger and God Damn was said. I know that SNL is after hours, but I am offended that 1. God's name was used in vain and 2. That a black person can go say Nigger and not be criticized, but if a white person says it they are held responsible or made to apologize. I detest this kind of behavior from both black and whites. This offended me and that is why I am writing to you. I want SNL to apologize on the air and state they will not use this type of language on the air again. I expect that kind of language on Cable TV Networks, But not on local National TV or Local TV.

Description

Hello,

My family and I were watching the Boston Bruins-Ottawa Senators playoff game 2 Saturday afternoon when a Volkswagen commercial was shown. I believe the commercial is called "Luv Bug," and shows a couple at a dealership buying new cars over a series of years as their family grows. The couple appears at the dealership with a new child in tow each time after a scene in which their last Volkswagen is shown parked and shaking -- obviously, the couple is having sex in the vehicle. We changed the channel, but it was quite embarrassing for our kids (and my wife and me). This might be funny after midnight on Saturday Night Live or something, but in the middle of a weekend afternoon during a sporting event with the whole family watching? It was in shockingly poor taste. Should not be shown on broadcast television.

This man's comments are disgusting, not funny and don't make me want to watch him. The comments he made the other night were perverted and again not what I would expect from CBS. What happened to entertainment, even Saturday Night Live isn't this bad. I hope you can calm this man down a notch or two. Bring back entertainment please.

Ticket: # 1610343 - Obscene and vulgar comments by Stephen Colbert on Late Night CBS program

Date: 5/4/2017 2:14:21 AM

City/State/Zip: Oceanside, California 92056

Description

I was watching CBS Late Night with Stephen Colbert when the host went into a tirade against the President of the United States. I have listened to Presidents being made fun of on SNL and other programs over the decades but this went beyond anything I have ever witnessed on a taped television program. It was shocking, vulgar and embarrassing to sit there and listen to his vulgar comments referencing Donald Trump's mouth as a "cock holster" for Vladimir Putin's penis. And BTW, I am so tired of seeing television become the gutter of entertainment over the years. You are not enforcing the decency laws of the Federal government. You are not protecting my family and my children. It is no wonder our nation is headed to the sewer because you are not enforcing our laws against indecency and obscenity. I don't need to watch porn, I can see it and hear it on national night time broadcasting programs.

Shame on CBS, Shame on the FCC.

Do something to let broadcasters and television networks know that this will not be tolerated. Send them a message and put a stop to this awful trend of obscenity and vulgarity. Why do we have an FCC for anyway? I am disgusted by your lack of action.

Ticket: # 1628332 - Stephen Colbert's disgusting remark

Date: 5/7/2017 9:50:05 PM

City/State/Zip: Orlando, Florida 32803

Description

I am contacting the FCC because of the disgusting remark Stephen Colbert made about President Trump and Russia's Putin - "The only thing your mouth is good for is being Vladimir Putin's c—holster." It is very offensive and Colbert should either be fired or heavily fined. If you are going to let something like this continue and not address at least the issue of indecency to the office of President of the United States of America, then maybe the function of the FCC needs to be addressed.

Trump supporters and others took to Twitter, calling the joke homophobic.

As the backlash swelled, Colbert's camp was silent. A "Late Show" spokeswoman and the comedian's agent did not respond to requests for comment, and Colbert did not address the controversy on Tuesday's show — or on his Twitter feed.

But Wednesday night, he opened his show by discussing the now-infamous joke.

"While I would do it again, I would change a few words that were cruder than they needed to be," he said. "I'm not going to repeat the phrase. But I just want to say, for the record, life is short, and anyone who expresses their love in their own way, is to me an American hero. I think we can all agree on that.

"I hope even the president and I can agree on that. Nothing else. But, that."

Colbert's monologues have largely focused on Trump, his aides and their gaffes. And his lampooning of the president seems to have paid off.

Just last year, he was trailing far behind Jimmy Fallon's "The Tonight Show." Colbert managed to narrow down Fallon's lead and eventually topped his competition. By late March, Colbert's show was averaging nearly 3 million viewers, about 400,000 more than Fallon's.

But as The Washington Post's Callum Borchers wrote, by joking about oral sex, Colbert "rushed the bro-ternity" of Alex Jones, who once said that Rep. Adam B. Schiff (D-Calif.) "looks like the archetypal c—sucker," and Jesse Watters, who came under fire for a not-so-subtle joke about Ivanka Trump "speaking into that microphone."

Sitting on a panel on "The Fox News Specialists" on Tuesday, Karl Rove, who was a senior adviser in the administration of former president George W. Bush, called the jokes "lewd," "obscene" and "inappropriate."

"They wrote this. This was not a rant that he came up with on the top of this head. They wrote this," Rove said, adding later: "I'm going to continue to do what I do with anything Colbert. I'm going to refuse to watch the SOB."

Many demanded an apology.

Others hijacked the trending hashtag with sarcastic jabs at Colbert's critics:

Colbert began his scathing monologue Monday night by making fun of Trump's comments about the first 100 days in office, which the president called a "ridiculous standard."

"Trump has repeatedly said that this 100 days is totally arbitrary, okay. Totally unimportant. And to prove how unimportant it is, he took out a TV ad, he cut a cake on Air Force One, and he held a rally in Pennsylvania," Colbert said. "The theme of that rally, 'Promises Made, Promises Kept.' Which is better than the original slogan, 'Promises made, never mind, never said it, fake news, watch Fox & Friends.' "

He then turned to how Trump abruptly ended the interview with Dickerson, after the "Face the Nation" host asked him if he stands by his claims that President Barack Obama had wiretapped him.

Trump's response to the question was replayed on Colbert's show:

"I don't stand by anything," Trump told Dickerson.

That's when Colbert said: "It's true. He doesn't stand by anything except the dressing room door at Miss USA Pageant. ... Who needs a lotion?"

But it was Trump telling Dickerson that he was a purveyor of "fake news" and calling his show "Deface the Nation" that seems to have set Colbert off.

In an interview Wednesday with Newsmax TV, Federal Communications Commission Chairman Ajit Pai said the agency does not get into the business of regulating content. The Supreme Court, he said, has placed some limits on the authority of the FCC, which regulates communications by radio, television, wire, satellite and cable.

"It's a free country. People are willing and able to say just about anything these days," Pai said, adding later that unless a content is indecent, obscene or profane by FCC standards, the agency's authority is "pretty limited."

Ticket: # 1644530 - Indecent comments on Saturday Night Live cold open - 5/13/17

Description

From the FCC web site: "Material is indecent if, in context, it depicts or describes sexual or excretory organs or activities in terms patently offensive as measured by contemporary community standards for the broadcast medium."

Alec Baldwin used a derogatory sexual comment toward the end of his cold open performance on Saturday Night Live. While portraying the President he referred to "...tugging himself so Melania could find it."

This blatant sexual innuendo to masturbation has completely crossed the line into obscenely disrespectful comments about President Trump.

Effective immediately I will boycott all advertisers on NBC and communicate my outrage to each and every one of them. I am also sending this complaint to the FCC for immediate follow-up.

I am offended at the divisiveness "the view" encourages and the lies that they perpetuate. I am also offended by SNL and the skits they perform insinuating crude behavior by "Sean Spicer's" character and Sarah Huckabee's character. That is pure fat-shaming, pure bullying. You would not allow this if it was about a Democrat. Get real! Get PATRIOTIC and censor them. Free speech is one thing, but this is total disregard for our LEADERS.

Louis C K was the host. In his monologue he said he is thinking about buying a goat. He wants to have a garbage can he can make love to.....that has a vagina. Look, I am no prude. Dirty jokes, sexual jokes or commentary, etc do not bother me. But I believe that a joke about sodomy with a farm animal is disgusting, and should be considered obscene. And there was no humor inherent to justify its telling. The audience was aghast and clearly uncomfortable. I do not know what the solution would be other to ask whether this joke should evoke some sort of definition of obscenity and whether any appropriate action should be taken against NBC, KCNC, and Louis C K.

CNN Panelist, Phil Mudd stated publicly that the "People in the Deep State are going to kill Trump". More info:

"Philip Mudd joined the Central Intelligence Agency in 1985 as an analyst specializing in South Asia and then the Middle East. He began work in the CIA's Counterterrorist Center in 1992 and then served on the National Intelligence Council as the Deputy National Intelligence Officer for the Near East and South Asia (1995-98). After a tour as an executive assistant in the front office of the Agency's analytic arm, Mr. Mudd went on to manage Iraq analysis at the CIA (1999-2001). Mr. Mudd began a policy assignment at the White House in early 2001, detailed from CIA to serve as the Director for Gulf Affairs on the White House National Security Council. He left after the September 11 attacks for a short assignment as the CIA member of the small diplomatic team that helped piece together a new government for Afghanistan, and he returned to CIA in early 2002 to become second-in-charge of counterterrorism analysis in the Counterterrorist Center. He was promoted to the position of Deputy Director of the Center in 2003 and served there until 2005. At the establishment of the Federal Bureau of Investigation's National Security Branch in 2005, FBI Director Mueller appointed Mr. Mudd to serve as the Branch's first-ever deputy director. He later became the FBI's Senior Intelligence Adviser. Mr. Mudd resigned from government service in March 2010.

Mr. Mudd is the recipient of numerous CIA awards and commendations, including the Director's Award; the George H.W. Bush Award for excellence in counterterrorism; the CIA's Distinguished Intelligence Medal and the Distinguished Career Intelligence Medal; the first-ever William Langer Award for excellence in analysis; and numerous Exceptional Performance awards.

During his assignments at CIA and the FBI, Mr. Mudd has commented about terrorism in open and closed Congressional testimony, and he has been featured by ABC, NBC, CBS, CNN, Fox, BBC, MSNBC, al-Jazeera, NPR, the New York Times, and the Washington Post. Mr. Mudd has written in Newsweek, the Wall Street Journal, The Atlantic, Foreign Policy, the Washington Post, The Daily Beast, and Sentinel, the journal of the US Military Academy's Combatting Terrorism Center.

Mr. Mudd is the President of Mudd Management, a company specializing in security consulting; analytic training; and public speaking about security issues. He is a senior fellow at the New America Foundation and The George Washington University's Homeland Security Policy Institute. He now serves as Senior Global Adviser to Oxford Analytica, a British-based firm specializing in advising multinational companies. He sits on the advisory board for the National Counterterrorism Center and for the Director of National Intelligence."

Please add the above evidence to all my previous complaints against CNN.

Please note also that in my previous complaints I stated that it was inevitable that an irresponsible entity like CNN would commit more federal crimes against an American citizen or citizens, to which the FCC replied to my complaint:

"It is against federal law for a licensed television or radio station to air obscene programming at any time, or to air indecent or profane material during the hours of 6 a.m. to 10 p.m. The FCC is charged with enforcing the law that governs the broadcast of such material. "

CNN once again broke that law in the situation involving Phil Mudd, their organization has been promoting violence against the Federal Government and Federal Officials since November 10, 2016. CNN needs to be declared the terrorist propaganda organization that it is, and shut down by the Feds in conjunction with the FCC and any other necessary entity as soon as possible. The American people will support that action and it is the right thing to do.

"It is against federal law for a licensed television or radio station to air obscene programming at any time, or to air indecent or profane material during the hours of 6 a.m. to 10 p.m. The FCC is charged with enforcing the law that governs the broadcast of such material. "

CNN proceeded to break that rule on July 4th, 2017, which was an action in concert with Dictator Kim of North Korea threatening the United States with an ICBM missile test. It is therefore clear that CNN

and North Korea, and other anti-American foreign and domestic entities are working in concert to threaten the American people. At this time, please enforce the law which governs "broadcast of material" at this time, as you stated in your previous response.

There is no doubt that CNN committed the federal crime of extortion against an American citizen on July 4, 2017. If any American citizen whom also had the financial power, expertise and legal know-how of CNN committed that exact crime of extortion, they would be arrested and their business would be no longer a functioning business. Therefore, CNN, through their pattern of actions documented in my previous complaints, is proven to be both a national security risk to the United States of America and a proven criminal entity.

Please coordinate your leadership with the National Guard of NY State to permanently shut CNN's entire operation in NY State as soon as possible, on behalf of and for the benefit of the American people. A new tenant for their NY State premises may then provide the necessary funds to occupy the current CNN building. Please direct the National Guard of NY State to remove all CNN material and there-after transfer all computers, files, folders and other information to the FBI, so that the FBI may conduct a thorough anti-terrorism investigation of CNN's leadership and employee email accounts and computer systems.

Further collusion between CNN and North Korea and any other nefarious foreign or domestic enemies of the United States is inevitable, those entities will continue to act nefariously against the American people for the sake of the previous global-elite oligarchy coup which negligently destroyed the U.S. economy and moral standing on the world stage

Description

Calling the president a "bitch" and referring to him using "cracker" as a racial slur this weekend on Saturday Night Live is completely unacceptable and frankly disgusting.

I remember watching Saturday Night Live as early as 7 years old, and even though there was certain subject matter that I didn't need to see, I still watched it. I'm not the only instance of this happening, and I'm willing to bet there are hundreds of thousands or more very young children watching this program each week, and they get to see how to call their president a bitch, and that it's just fine to use racial slurs as long as they're directed toward white people.

What can be done to solve the problem? Do what needs to be done: SNL is a limping, wounded dog that needs to be taken out behind the barn and shot. Lorne Michaels has enough money, he doesn't need more. It's time that he be taught that the American public won't stand for his goal of further dividing the nation.

This blatant racism is unacceptable and has no place on TV. It wasn't in a drama setting but rather a direct attack on the President of the US over more CNN Fake news regarding Puerto Rico.

Truth? Puerto Rico Teamster truckers are on strike and the 9,500 cargo containers full of food, medicine, and water sits in the San Juan port. Meanwhile, Mayor Cruz has custom hats and shirts printed to wear while cruising her devastated city with CNN for photo ops and more fake news.

It's this type of hostile rhetoric from Micheal Che that pushes further hate and division. I expect NBC to be reprimanded to the fullest extent for allowing such a divisive racial slur to be uttered with great contempt.

How is it that a white person can be called a "Cracker" by a black person and it not be racist? NBC should know better. At one time, they tape delayed their show to remove any things that someone said "live". Well, either they didn't think this was offensive or this was in the script. So what is it? There are PLENTY of racial slurs, as many as their are races. Are racial slurs now ok on the public airways? Or is it somehow OK to drop a racial from a person of one race against a person of another race if they are Caucasian? EQUAL PROTECTION UNDER THE LAW! It is either against policy, or it is not. If it is not, please explain in detail why one race is singled out to not have equal protection.

Description

Recently, my Family and I were sitting down watching Television and The most recent episode of Saturday night live was playing. On this episode a host doing a News skit not only called the president of the United States a "bitch", but also use the racial slur of "cracker" to describe the president on the air. Not only did this unsettle me, but I had to explain to my children why someone on television was using a word that I told them never to use. Television has no place for racism or racist remarks, and I equate this utterance to the same usage of the N-word. If a television host or to call President Obama open in word on television they would be off the air within hours and would be buried under lawsuits. Saturday night live shouldn't have no unequivocal protection from your administration.

Dear FCC,

I'm writing to voice my complaint with The Weekend Update segment of Saturday Night Live, aired on September 29, 2017. Michael Che's use of inflammatory and defamatory language by referring to our President as a "bitch" is offensive. That term, however, pales in comparison to his use of the racial epithet "cheap cracker". Many Americans are tired of the constant stoking of racial tensions and race baiting on this program. It continued throughout the broadcast, but the use of the term "cracker" lands far beyond comedy. Equality is for all of us, for all or for none, and irresponsible social commentary with little root in fact but all the tone of overt racism should not be permitted by current broadcast standards. SNL should apologize for its insensitivity and blatant racism. The program and network should be fined if it continues. Thank you for your time and consideration.

From the Emmys and Saturday Night Live to Late Night with Jimmy Kimmel, many shows have become a platform for vilifying the President of the United States, arguing the political talking points of the Democrat Party, and insulting viewers who happen to disagree. I cherish free speech. I acknowledge the need for political transparency and debate. I realize that any President may be subject to criticisms. However, a line has been crossed. I feel entirely alienated by the content being pushed on these networks. Their programing is not serving the public interest but sowing the seeds of hatred, division, and discontent.

Good afternoon,

I recently watched a skit on SNL featuring Michael Che from SNL. In the monologue he made fun of president Trump (which is not a problem) however when he called him a "cracker" I was shocked that this was on cable television. I find that term to be offensive and racist and above all completely inappropriate for a cable channel. I understand if something like that were HBO. However I am considering cancelling my cable subscription because I refuse to pay for a network (NBC) that promotes and celebrates racist terminology. If that racist term was substituted for any other terrible word for any race, it would be a HUGE problem.

I was really shocked when I was watching SNL and heard such vile racial slurs and profanity being used to describe another individual. I am appalled that such content is not only acceptable, but televised without any consequences. I was taught that racism, against any individual is absolutely unacceptable, regardless of their race. I hope that this can be resolved, and the offending parties corrected, so that this does not happen again. It will be a sad day, when racism is openly accepted on network television again, as it was only a few generations ago. I would hope that enforcing this would be a priority, as it could have a real impact on the fabric our nation, and in this day and age, it is not hyperbole.

Description

I just saw a video (<https://vid.me/l9MiD>) of Michael Che of SNL using a racial slur. How was this approved? Millions of people saw someone use a racial slur for a caucasian person (cracker) and this is somehow allowed? Why did the FCC allow this to happen?

Racism is not okay. This applies to ALL races.

Or is being racist to caucasian/whites somehow allowed? I hope not.

If someone uses the n-word, he gets punished, correctly so. So why does this not happen when someone uses the c-word?

Absolutely dispicable.

Thank you for your time and I hope this issue is addressed.

I am very upset to see a man on national television call the President of the United States of America a "bitch" and a "cracker". Michael Che needs to be held responsible for being the racist that he is. NBC also needs to be held accountable for allowing such disgusting hate speech on their network. I'm not here to say President Trump is off limits, make fun of the guy but you cannot call him a racial slur on National television and have the crowd giggle and move on like nothing happened. Please take action FCC at least issue a public warning that these words will not be tolerated and used without penalty.

Description

On the most recent episode of Saturday Night Live, cast member Michael Che uses a racial slur, which can be seen in this clip at -0.15: <https://vid.me/l9MiD>. Why is the FCC allowing blatant racism toward white people to air on live national television? I have a hard time believing that the FCC or NBC would allow this type of bigoted language and behavior on the air if it were targeting any other race, so why is it okay to broadcast racist slurs toward white people? Any and all bigotry should be condemned equally, and right now the FCC and NBC are sending the message that racism is acceptable as long as it is targeting white people. NBC, Saturday Night Live, and Che must be held accountable for this disgustingly racist behavior. The FCC must take action to let the network, program, and actor know that racism will not be tolerated. In the future, I hope that the FCC will stand against racism by not allowing such hateful and bigoted language to air on television.

Description

I recently came across a video of a Saturday Night Live segment in which SNL employee Michael Che calls President Trump a racial slur, of which can be seen here: <https://vid.me/l9MiD> . Is this level of racism and intolerance, to our President of the United States, tolerated? How was NBC able to air this on national television in front of millions of viewers? Is it excusable to be racist towards white people? I am deeply disturbed that NBC was able to air this and I question why the FCC would allow it. I urge the FCC to look into this and address this issue. This type of behavior should not become the norm and if allowed sets a dangerous precedent of which nothing good will come. Thank you for taking the time to address this concern.

I am appalled at the level of disrespect of our President. Whether people voted for him or not, he IS our President.

I am personally offended and feel almost threatened by the use of the word "Cracker" on saturday night live weekend update segment by an African-American, Michael Che, actor/comedian. And I don't know who the writer was for that.

Referring to our President as a cheap cracker and the rest of that particular dialogue was racist and offensive. The Lib news loves to replay that on morning news and now my 8 year old twins are upset and confused.

While SNL can be funny, like the Alec Baldwin segments. The "Cracker" segment was dangerous and racist!

Further with all of this anger and rage and racism directed towards our President, I believe it puts his family and supporters of our President in danger.

City/State/Zip: Washington, District Of Columbia 20500

Description

We have a serious Cancer plaguing our society that has negatively impacted the lives of women and children. Everyone missed that Louis C. K.'s repugnant "jokes" regarding child molestation being a thrill for someone who is caught, or "being with a 6-year old boy," were revelations into his morality and sexual deviancy. Louis C.K. suffers from a Paraphilic Disorder, "a sexual desire or behavior that involves another person's psychological distress, injury, or death; or a desire for sexual behaviors involving unwilling persons or persons unable to give legal consent."

Episode 1 (Pamela Part 1) of Louis C.K.'s show Louie, depicts a scene where Louis C.K. manifests his Frotteuristic Disorder (the act of touching or rubbing one's genitals up against another person in a sexual manner without their consent, in order to derive sexual pleasure or reach orgasm). The episode depicts a rape scene in which Louis C.K. is attempting to have sex with Pamela and she has told him she's not interested, and he persists aggressively to have sex with her. Those who practice Frotteurism enjoy experiencing a private sexual experience in a public setting. It is one of several criminal Paraphilic (sexually arousing) Disorders." This acceptable soft-core porn thrills any individual with a Paraphilic Disorder, and Louis C.K. acted out his sexual deviancy on cable television, with no oversight from the studio or the FCC.

Salon reveres this show as, "ONE OF TV'S MOST CONFIDENT AND DISTINCTIVE SHOWS. They are absolutely right that this show provides distinct evidence, along with recent sexual assault allegations, that Louie C.K. has a severe mental disorder that is harming women and young children, and the television industry is enabling this behavior with no remorse or apology.

We have filed a complaint with the FCC to URGE the commission to cancel this show immediately and hold Louis CK accountable for his sexual depravity that has traumatized millions of viewers. This deeply disturbed individual needs to be evaluated by a qualified and non-partisan professional from the American Psychiatric Association. Failure to do so will enable an acceptable culture of rape, sexual assault, and pedophilia manifesting in Hollywood; an industry that has accepted a culture of depravity that targets children so that powerful people can fuel their depravity. We as American citizens will not stand by and watch our children be targets for Hollywood, and demand that the FCC investigate the Television and Film industry.

At around 11:50 PM, the NBC sketch comedy show Saturday Night Live was airing a sketch that was supposedly centered on the host of that night's edition (Sam Rockwell) giving two people (possibly teenagers) what is supposed to be a science lesson. About two-and-a-half minutes later, Rockwell uttered the F-word, which NBC purposely did not censor likely because they did not utilize the so-called "seven-second delay" method commonly used on broadcast television of any kind. NBC should know better than to broadcast such material because Saturday Night Live's target audience is primarily young generations.

Description

During the 1/13/18 airing of NBC's Saturday Night Live, guest host Sam Rockwell uttered an offensive, vulgar word during a skit depicting a children's science show. He said "...fucking stupid" in describing the lack of intelligence of two students. I find the use of this language patently offensive, to the point of being a nuisance, and should not occur on the public airwaves. Both NBC, Sam Rockwell, and the Saturday Night Live producers should be fined for their clearly planned use of offensive language.

Recently, both CNN and NBC have aired words which do not belong on the air. They should not be allowed to do this without a fine of a rather large amount. CNN was the biggest offender by far. They probably feel safe in doing it because they are cable, but they are a news program which a lot of children do watch unfortunately. NBC on Saturday Night Live has no excuse.

Description

It was either the Sat., Jan. 6, 13, or Jan. 20th episode (forgot which one) of Saturday Night Live on NBC, but I know for sure the time was (Eastern zone) between 11:45 and 11:49 PM during the live broadcast when a guy said during the on-going skit, "How FUCKING stupid are you??!!" to a female actress!! How on earth is "fucking" allowed on TV when SNL has a time-delay even during live broadcasts, so they could have bleeped that out??!! PLEASE ALSO NOTE MY COMPLAINT IS ABOUT PROFANITY ON MULTIPLE SHOWS ON MULTIPLE NETWORKS!! (Mom and Blue Bloods on CBS, Superior Donuts, and many others who say "pissed off" (when they could say mad or angry instead), "damn", "hell", and on and on with much more profanity! In the last decade or so, TV (both cable AND over-the-air) has become crude and foul-mouthed! I am NOT a conservative, but enough is enough!! YOU, the FCC, need to STOP THIS PROFANITY, ESPECIALLY OVER-THE-AIR because TV stations need your OK to renew their broadcast license! You could stop this profanity across all the networks (ABC, NBC, CBS, and FOX) if you wanted to, SO STOP IT!!

City/State/Zip: Lincoln, California 95648

Company Complaining About: Nbc

Description

I cannot help but suspect that as NBC is owned by Comcast there may be a deliberate effort to steer OTA customers to cable by selectively downgrading OTA signals. Many examples: Winter Olympics opening ceremony: signal degraded as the US team was entering the stadium. The signal later recovered. Another example is Superbowl last Sunday. Signal is degrades during SNL as well. In our area 3.1 (NBC) and 31.1 (CBS local) signals come from the same distance and direction. Yet 31.1 regularly is of good quality. I wrote to KCRA (NBC) engineering but received no answers. OTA TV is important for retired people on fixed incomes. I hope you follow this to see if there is a pattern across the US.

Just because a guy has an accent doesn't make him a replacement for Craig Ferguson. Corden is unbearable. Not funny. Not witty. Not watchable. The show is a major disappointment. Ferguson was the best thing that had happened to late night since Carson, and if CBS had actually given him a budget, then he, Geoff & Secretariat, would probably still be on the air. Better yet, you should have given him Letterman's job! Now you have lost me completely from the late night lineup, and instead I watch reruns on ION. If you wanted to have someone worthy of Craig Ferguson's shoes, then Ricky Gervais would've been a much smarter choice. And what the heck are you doing with Colbert? His format is a total sleeper. Grown man dancing with a band that has zero personality? No monologue. Where are all the great comedy writers? They are gone from NBC's SNL, and now they're gone from late night, and they're certainly gone from awards shows. WHO is writing this dreck?

Description

based off these viewer complaints and recommendations to getting this show off the air

Most awful comedian

Seth is not funny at all. He tries but his jokes are dry and awkward. I never find his satire funny. He makes too much fun about Trump that was over the top and took away the focus on his own show. I tried to watch his show and was hoping to find one that I could laugh but they are so boring. I am surprised his show lasts this long. He will never be like Fallon.

Myers is, of course, unfunny. He has never been funny. He is only in that position or on SNL because he is jewish and part of that cabal that controls the entertainment industry for social manipulation purposes. The fact that pitiful Seth Meyers has been chosen for this role just goes to show how small their talent pool really is.

Of course if you are a mindless sheeple, you aren't going to know wth i'm talking about

I'm sorry Seth. You just aren't funny on this show. And it really tanks at our house when Fred comes on. We change the channel.

Whether bad writing or nervousness, I don't know. Again really sorry and dissappointed. We will check again in a few months. But for now I need my DVR space for something I can watch without cringing. NOTHING PERSONAL my friend. I was really pulling for you.

It's 2018, Seth's not new to Late Night anymore. He's not made for Late Night. The powers that be at NBC 200% made an error in choosing him. I'm so very tired of hearing his mundane stories about sports or his relationship with his wife. He has such a dry and grating humor that I just want to ignore him. He's lucky to book some interesting guests, it's the only thing keeping me (and I suspect others) watching. I do suspect that his guests cringe a little at the idea of attending his show.

Description

based off viewer complaints and recommendations to pulling the plug on the tonight show with jimmy fallon

Steve Higgins Is Too Weird

The Tonight Show needs an overhaul! The shows host acts like a drunk frat boy and his sidekick (Steve Higgins) is weird & not funny. Jimmy Fallon also has these stupid games he plays with his guest and they are boring to watch. Jimmy has an obvious "FAKE LAUGH" that gets on my nerves. If your looking for him to be a great interviewer don't bother. He has softball questions and never has follow up questions. With Know follow up questions that tells me "He isn't paying close attention" to what his guest is saying. He will ask a question and listens to when they stop talking so he can "Plug" his guest projects. Steve Higgins jumps in too much during the monologue and he doesn't help. He comes across as dad that laughs at his own jokes

Jimmy Fallon is annoying and childish

I use to watch Letterman just because he was calm and grown up even if boring. I find Jimmy Fallon and his false sounding,extremely worded appreciation of every guest and their talent as about untruthful as I have ever seen. Most guests look so uncomfortable. His laughter is forced and false as if him laughing will make things that are not funny magically become so to the audience. I know the man has some talent in some areas but I do not think hosting a show is one of them. The other new guy does the same but just a little less teenage type. Is there no research done on guests so you can learn something unique about them as Graeme Norton does ? It looks so old fashioned and without class. I think they should have chosen a woman as the men are horrible. So many to choose from and we get two duds. Someone off the street could do better, I dare the networks to try it.

Weak and getting weaker

Agree with reviewers who say that Fallon can pull off some funny bits but doesn't have the stuff to produce a consistently funny and entertaining full show night after night. Understand that a younger guy is supposed to appeal to a younger audience but the incessant giggling/shouting/screaming/hiding under the desk makes it unlikely that he will ever graduate from the third grade. He doesn't engage very well with guests on the show; the silly games are not a substitute for either serious or comic interaction with those appearing on the show. He might consider letting some of his accomplished guests, Seinfeld for example, do a comedy bit on their own. Also agree that the band doesn't add much to the show; would be better just to have higher quality musical guests and have them do two performances as on SNL. Bottom line - Comedy has a lot of staying power but silly gets old in a hurry; Fallon doesn't seem to know the difference between comedy and silly. At the end of the day (haha - get it?!), Jimmy seems to have succumbed to the same problem that plagues SNL; maybe he spent too much time there - take a one-time clever and humorous idea and then repeat it over and over until viewers are sick of it.

Poor Jimmy.....a real snooze.

I watched 10 or so shows, thinking Jimmy needed to "warm up". But the show is just terrible. It might be better without the loud mouth, obnoxious side kick. I have always liked Fallon and thought he'd do really well with this show but not so. I feel embarrassed for Jimmy. I don't care how you cut it; this show simply does not work for Jimmy. I agree with the reviewer who said something like: this is a teenager in a 39 year old's body. Monologues are corny and the skits are just horrific. I can't imagine what has happened to Jimmy. I just loved his humor but no more.....not as a host anyway. He seems very awkward and unlike himself. I was really looking forward to the show as I never did warm up to Jay Leno....Jay repeated his jokes too much. I still love Jimmy Fallon but I feel very badly that he can't seem to carry this off. Like I said, it might be better if the sidekick is removed or replaced. Steve Higgins is SO loud and SO irritating. Sad, really sad !

My complaint is regarding the distasteful and inappropriate attempt at humor made by NBC on their show SNL in which they joked about and mocked the appearance of a former Navy seal, Dan Crenshaw, who lost his eye due to injuries he received in Afghanistan. Is this the opinion of NBC? and may I state that this veteran is in a war that began in 2001 with the bombing of the twin towers there in NYC. I am deeply offended by this show and want NBC to cancel this show, Saturday Night Live, and fire Lorne Michaels over this!

Pete Davidson's incredibly cruel mocking of a disabled candidate who was blinded in the military in one eye while serving in the Afghanistan war on Saturday Night Live was unbelievably crude and offensive to the community as there was no humor involved in his comparison to the blind former Navy seal to a "hit man in a porno movie" and was so lacking in the norms of decency in American society, that NBC should have their license revoked for their disregard for decency.

Description

I first noticed last Thursday night (11/01/18) Jimmy Fallon's late night show had no audio, although the video transmitted perfectly. Surprisingly, all advertising, which ran during the show, broadcast with perfect video and audio. The next night, the same thing occurred, and this time Jimmy Kimmel's Late Show on ABC also experienced the same problem: perfect video, but no audio for the show's content portion, yet perfect transmission of audio and video for all advertising. The same was true on Friday, except NBC's late night news from 10 pm to 11 pm was also audio-blocked, except for the advertising, which transmitted perfectly. Over the weekend, this problem cropped up again for the late night news and the following Saturday Night Live show on NBC. Yet NBC shows airing both before and after these programs broadcast perfectly with audio and video. On Sunday for some reason, Dateline, which due to Sunday Night Football aired in the unusual slot of 10 pm to 11 pm when the late night news generally runs, was similarly sabotaged. On Monday, ABC's Jimmy Kimmel show broadcast without a problem, but the late night news on NBC and Jimmy Fallon's late show on the same network were still affected with no audio, but perfect video, although both audio and video broadcast with no problem during advertising breaks. Late night programming on CBS was never affected on any of these nights. Was this connected with the election? I'll see what happens tonight, but I must say though I truly resent this interference with free public air waves.

Description

I never watched Blue Bloods, until I researched KKK saying it was Jew Syndicate, pretending to be Christian. I think they are right. Edit Janko, character, is short, blonde, cop who acts like prostitute. She doesnt speak well, is boring, short, fat, so how did she get job? She used bulgarian words like Kuchka, but show says she us Hungarian Jew...Her male partner always explains religion to this loser. I think they have to pay her or Ruso-Jewish Syndicate. This show sucks, but I see TV is full of stereotypical shows...Connors are jews who pretend to be Irish. Big Bang cast is all jews, Mayim Bialik etal...Empire fiasco was also "black characters" who used to work for many Jewish directed shows. Most news, PBS, is run by Jewish journalists. CBS Logan was fired, she was Jew-Israeli who didnt speak well, was lame, and they were right to fire her. Jeremy Corbyn of UK said UK news was slanted toward Jewish views because they run most sites. Propaganda on TV, As it seems, they use Churches, disrespectfully...They arent even Catholic. Christians are belittled as on SNL. I know freedom goes with art, freedom of expression, but they seem to know a bit too much about trafficking in Eastern European women, passports, hotels, blackmail of govt officials (on show). Its like law and Order, they know too much about crime, like they are criminals and have years of experience in bad nannies, or husbands who hide women in closet or floorboards (old episodes). Its disgusting, quite honestly. Our young are being polluted mentally by this violence, extreme disordered behaviors. Society should be going out, doing things, not watching movies, TV, playing on phones, games all day. Agenda: corrupt from within to destroy, I think it is true. I will watch less and less TV as programming is really bad. Check please, always "Jewish guests, hosts or plugs for their places". Its like a mafia takeover, and everyone is losing. Maybe I read too much into casting, but it seems dispropoetionate, as no normal white people or Christians are on TV. I maybe wrong, but I have been researching....maybe advertisers have to pay them or they get free air time ...

Playing a samurai and shouted fake Japanese, the late John Belushi is guilty of two crimes against wokeness: yellow face and cultural appropriation.

animated sketch portraying superhero partners Ace and Gary is rife with unexamined homophobia.

Sweeney's character "Pat" portrayal is a mockery of gender non-conforming individuals.

The late Chris Farley played an obese dancer auditioning for the Chippendales. Verdict: fat shaming.

Playing workplace misogyny for laughs would earn Dan Aykroyd a trip to NBC's Human Resources department today. Calling Jane a "slut"

I would ask that SNL be removed for these violations

NBC's Saturday Night Live aired a joke written by its writers and delivered by Michael Che:

"Alright, maybe I just don't understand politics well, because, when they said Trump was gettin' impeached I immediately thought, "Great! Trump's fired! Let's get drunk!"

"But they're like, "No, he's just bein' impeached, but he ain't exactly 'peached yet. It's still gonna take another year or so." And I'm like, "Well, damn, that sucks, let's get drunk."

"I mean, president is only a four year job but it feels like it's taking 'em five years to just fire his ass. It's frustrating!

"You know, I bet somebody explained how long impeachment takes to John Wilkes Booth and he was like, "Okay, well, where is he at right now?"

There are standards of humor and then there is out right dangerous presidency going on here. This is unacceptable and I am formally filing this formally due to it crossing over the bounds of humor.

Cancel Culture has to be stopped, but you can not allow on any broadcast the depiction /insinuation/out right demonstration of a leader of the United States being assassinated.

That is no laughing matter.

And if this occurs, trust me, a ground swell of grassroots will come for the FCC for letting this happen on TV.

SNL has crossed the line, and allowing a "man of color" to say it does not make it any more cutting edge, hip or cool. FCC needs to step it up about this.

Our president and our country deserve better; as our enemies laugh at out destruction happening from within.

I want only contact through email. Unacceptable what is happening in our country. This did not happen to Obama, Clinton, Bush...no...

When I grew up in this country, one political party could not use the radio or TV to attack the opposite political party with out giving the opposite party equal time. Where in hell has that gone? Description

On the formerly enjoyable television show Saturday Night Live's last episode this season, I believe back in May, shade was thrown in the news bit that may have been pro Hitler. They felt it was important to include the topic of an online "Miss Hitler Beauty Pageant", which they stated was taken down, the punchline: the winner was Miss Israel. The irony is a Miss Israel likely would of win, over dumb race hating morons who apparently Saturday Night Live, and the producer Lauren Michael support.

This is clearly very open hate speech, possibly somehow hidden, and also represents support of genocide. I usually don't watch this show because of poor content, and what I find very ignorant, incompetent, repulsive, extremely cringeworthy commentary, and unfunny humor. I tuned in because the unique twist of being filmed from home, hoping this brought out the best in them, and the cringeworthiness would stop. Honestly the person delivering the bit seemed to cringe while delivering the line.

I do feel, this is not just support of genocide, but could lead to an actual such event, which was the case with similar commentary in the past before previous genocides throughout the world. The show should be fined, the episode should be made unavailable, because of the support of genocide.

I honestly feel this supposed world class talent may be receiving threats of some sort, in an organized effort to control their commentary, possibly even control public opinion. I don't know what else could explain such downright horrible, poor taste content, from supposed pros, considered the best of the best. The only other explanation is comedy domination in the US is near its end, which would be highly unfortunate. One can only hope the mortifying possibility that this show is in actual support of genocide is not the case.

I am calling on the FCC/Members of Congress/The Department of Justice and any entity that has control over America's Broadcasting Airwaves, to send a message that Americans are tired of the morally corrupt, indecent, foul and profane language being speed out over America's airwaves. In sending this message, I am asking you to use the power given to you by Congress to investigate and bring to bear punitive action against "NBC" and each one involved the the writing and distribution of such offensive and morally bankrupt language. Ticket: # 4389588 - INAPPROPRIATE CONTENT SNL COMMERCIAL

Date: 11/22/2020 11:03:09 PM

City/State/Zip: Waianae, Hawaii 96792

Description

Watching Sunday Night (Afternoon football) 4:30pm HST and inappropriate SNL commercial showing a person chewing food and then spitting depositing it into someone else's mouth. Nothing that is appropriate for children to see and definitely nothing most adults would want to. No type of warning of the inappropriateness of content. SNL is known to have inappropriate content and "adult" content. However NBC was allowed to air the content in a commercial? Very inappropriate and very poor taste. At minimum a warning should appear that the content of the commercial is inappropriate/or may be inappropriate for children. Is there a way inappropriate commercials can be addressed?

Ticket: # 4401747 - Indecent Language on NBC's Saturday Night Live

Date: 11/30/2020 12:39:21 PM

City/State/Zip: Vicksburg, Mississippi 39180

Description

NBC ran a Saturday Night Live Election Special on Monday evening, November 2nd. One of the skits had Jim Carrey playing Joe Biden and Alec Baldwin playing President Trump. It was a funny skit and my wife and I were laughing at some of the lines until Jim Carrey uttered an obscenity by taking the Lord's name in vain. I told my wife that there was no reason for him to use that language. It didn't add anything to the skit. Then, the following Saturday evening (November 7th) during the opening for SNL, the person playing Wolf Blitzer also uttered the same offensive language. Thank goodness, we rarely hear these words used on network TV, so I thought it was against the FCC regulations to use such language. These words are deeply offensive to me and I'm sure that other people of faith feel the same way. This is the reason for my complaint. If this language is in violation of FCC regulations, I hope that the FCC will hold NBC accountable.
