February 19, 2021

This letter is in response to your U.S. General Services Administration (GSA) Freedom of Information Act (FOIA) request number (GSA-2021-000542), submitted on January 14, 2021, in which you requested the following:

"A copy of the gBuild (Green Building Upgrade Information Lifecycle Database) showing energy improvement, water use improvement, etc. I would like a flat file (Excel or CVS spreadsheet) with data fields from gBuild that provide data on each of the historic buildings. I don't seek all of the data in the database, but just an output summary that provides the key fields to show the "green" status of the structures in the historic buildings portfolio."

Enclosed please find the document responsive to your request.

This completes our action on this FOIA request. Should you have any questions, please contact Walter Tersch at (202) 501-0477 or by email at [walter.tersch@gsa.gov](mailto:walter.tersch@gsa.gov). You may also contact the GSA FOIA Public Liaison, Duane Smith at (202) 694-2934 or by email at [duane.smith@gsa.gov](mailto:duane.smith@gsa.gov) for any additional assistance and to discuss any aspect of your FOIA request.

Sincerely,

*Travis Lewis*

FOIA Program Manager  
Office of General Counsel  
General Services Administration

Enclosure(s)

GSA-owned historic buildings as of 9/30/2020, with green building status
