RE: FOIA #2022-FSF-00017

Sent via email

This is in response to your Freedom of Information Act (FOIA) request that was received in our office on October 28, 2021, seeking: "a copy of records at the Bureau of the Fiscal Service, such as memos, assessments, white papers, studies, reports, emails, etc. regarding the practice of the managers of the TSP G Fund investing the TSP G-Fund into one-day Treasury Securities."

Fiscal Service has completed a search and we have enclosed the responsive records. These records are being released in full. We also located 84 pages of memos that originated at The Department of the Treasury, Office of the Fiscal Assistant Secretary. We have referred those pages to that office for release determination. They will respond directly to you concerning the release of those records.

We trust this information is helpful and satisfies your request.

No fees were incurred in processing your request.

Sincerely,

A handwritten signature in purple ink that reads "Denise Nelson".

DEBT ISSUANCE SUSPENSION PERIOD (DISP) OPERATING PROCEDURES

Thrift Savings Fund (TSF)

The Secretary of the Treasury has authority to take extraordinary measures to stay within the statutory debt limit imposed by Congress by declaring a Debt Issuance Suspension Period (DISP). One such measure involves the suspension of new investment requests for the Thrift Savings Fund (TSF).

The table below summarizes the special actions that both the Bureau of the Fiscal Service (Fiscal Service) and the Federal Retirement Thrift Investment Board (FRTIB) will take when this extraordinary measure is employed:

Responsible Party	Action
In the weeks leading up to a potential DISP:	
Fiscal Service	Will request an updated list of contacts from FRTIB.
FRTIB	Will provide an up-to-date contact list to Fiscal Service that includes names, phone numbers, and email addresses.
Fiscal Service	Will meet with Treasury officials to determine how TSF will be affected. FRTIB will be notified once a final determination is made.
By 9:00 am on the morning extraordinary measures are enacted by Treasury:	
Fiscal Service	Will modify FRTIB's access in FedInvest to revoke their ability to enter transactions in TSF (26X6153); the ability to view reports and transactions will still be available.
Daily process beginning the 1st day extraordinary measures are enacted by Treasury:	
FRTIB	Will continue to manage the receipts and disbursements of TSF.
FRTIB	Will provide Fiscal Service with daily investment requests via e-mail (FedInvestor@fiscal.treasury.gov); transactions should represent what would have been invested for TSF if no extraordinary measures were enacted by Treasury.
Fiscal Service	Will enter the daily investment request (on the following business day) after incorporating any adjustment authorized by Treasury's Office of Fiscal Projections.
Fiscal Service	Will email FRTIB an Excel spreadsheet by approximately noon each day that is updated through the prior business day. This spreadsheet captures the cumulative amount of 'lost' principal and interest that will be restored to TSF.
FRTIB	Will review the Excel spreadsheet daily and notify Fiscal Service if there are any discrepancies or questions.
At the conclusion of the fiscal year (if applicable):	
Fiscal Service	Will calculate and record the adjustment for TSF as of the last day of the fiscal year.
FRTIB	Will verify Fiscal Service's calculation and record the adjustment for TSF as of the last day of the fiscal year.
On the day the debt limit is raised/suspended:	
Fiscal Service	Will calculate the amount of principal and interest to be restored to TSF.
FRTIB	Will confirm Fiscal Service's calculation of the amount of principal and interest to be restored to TSF. (Note: Principal will be restored on this day, but interest will not be restored until the next business day.)
Fiscal Service	Will process the transaction(s) to restore principal for TSF according to the instructions received from Treasury's Office of Fiscal Projections.
On the 1st business day after the debt limit is raised/suspended:	
Fiscal Service	Will process the transaction(s) to restore interest for TSF according to the instructions received from Treasury's Office of Fiscal Projections.
Fiscal Service	Will modify FRTIB's access in FedInvest to grant them the ability to enter transactions in TSF (26X6153).
FRTIB	Will resume normal processes by entering daily investment and/or redemption transactions in FedInvest.

If you have any questions, please send an e-mail to FedInvestor@fiscal.treasury.gov or call (304) 480-5151.

Good morning,

The president has issued an executive order to grant December 24th a full day off to federal employees. Please let me know if Fed Investors will be available to accept the G Fund on December 24th or if the investment submitted on Wednesday, December 23rd will settle on Monday, December 28th.

FYI - Typically, when December 24th fell on a Thursday it was granted as a half day by previous presidents. This is a change from recent precedent.
