FOIA Case: 7988B
22 September 2005

This is our final response to your Freedom of Information Act (FOIA) request of 31 December 1995 for "a copy of the FOIA Case Log (excluding Privacy Act requests) for the NSA calendar year 1995." In keeping with your August 2003 phone conversation with Pamela Phillips, Chief of the FOIA/PA Office, the requested Case Log will only include direct requests. For purposes of this request and based on the information you provided in your letter, you are considered an "all other" requester. As such, you are allowed two hours of search and the duplication of 100 pages at no cost. There are no assessable fees for this request. A copy of your request is enclosed. Your request has been processed under the FOIA and the documents you requested (39 pages) are enclosed. Certain information, however, has been deleted from the enclosures.

Some of the information deleted from the documents was found to be currently and properly classified in accordance with Executive Order 12958, as amended. This information meets the criteria for classification as set forth in Subparagraphs (c) and (d) of Section 1.4 and remains classified CONFIDENTIAL as provided in Section 1.2 of the Executive Order. The information is classified because its disclosure could reasonably be expected to cause damage to the national security. Because the information is currently and properly classified, it is exempt from disclosure pursuant to the first exemption of the FOIA (5 U.S.C. Section 552(b)(1)).

Information regarding other individuals has been deleted from the enclosures in accordance with 5 U.S.C. 552 (b)(6). This exemption protects from disclosure information which would constitute a clearly unwarranted invasion of personal privacy. In balancing the public interest for the information you request against the privacy interests involved, we have determined that the privacy interests sufficiently satisfy the requirements for the application of the (b)(6) exemption.

In addition, this Agency is authorized by various statutes to protect certain information concerning its activities and the names of its employees. We have determined that such information exists in these documents. Accordingly, those portions are exempt from disclosure pursuant to the third exemption of the FOIA which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Section 6, Public Law 86-36 (50 U.S. Code 402 note).

Since these deletions may be construed as a partial denial of your request, you are hereby advised of this Agency's appeal procedures. Any person denied access to information may file an appeal to the NSA/CSS Freedom of Information Act Appeal Authority. The appeal must be postmarked no later than 60 calendar days from the date of the initial denial letter. The appeal shall be in writing addressed to the NSA/CSS FOIA Appeal Authority (DC34), National Security Agency, 9800 Savage Road STE 6248, Fort George G. Meade, MD 20755-6248. The appeal shall reference the initial denial of access and shall contain, in sufficient detail and particularity, the grounds upon which the requester believes release of the information is required. The NSA/CSS Appeal Authority will endeavor to respond to the appeal within 20 working days after receipt, absent any unusual circumstances.

A document explaining the case dispositions was provided with the response to your case 4508.

Sincerely,

A handwritten signature in black ink, appearing to read "Louis F. Giles", written in a cursive style.

LOUIS F. GILES
Director of Policy
