EXPLANATION OF EXEMPTIONS

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552

- (b)(1) (A) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) are in fact properly classified to such Executive order;
- (b)(2) related solely to the internal personnel rules and practices of an agency;
- (b)(3) specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute(A) requires that the matters be withheld from the public in such a manner as to leave no discretion on issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;
- (b)(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;
- (b)(5) inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
- (b)(7) records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings, (B) would deprive a person of a right to a fair trial or an impartial adjudication, (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy, (D) could reasonably be expected to disclose the identity of confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source, (E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual;
- (b)(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or
- (b)(9) geological and geophysical information and data, including maps, concerning wells.

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552a

- (d)(5) information compiled in reasonable anticipation of a civil action proceeding;
- (j)(2) material reporting investigative efforts pertaining to the enforcement of criminal law including efforts to prevent, control, or reduce crime or apprehend criminals;
- (k)(1) information which is currently and properly classified pursuant to an Executive order in the interest of the national defense or foreign policy, for example, information involving intelligence sources or methods;
- (k)(2) investigatory material compiled for law enforcement purposes, other than criminal, which did not result in loss of a right, benefit or privilege under Federal programs, or which would identify a source who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(3) material maintained in connection with providing protective services to the President of the United States or any other individual pursuant to the authority of Title 18, United States Code, Section 3056;
- (k)(4) required by statute to be maintained and used solely as statistical records;
- (k)(5) investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment or for access to classified information, the disclosure of which would reveal the identity of the person who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(6) testing or examination material used to determine individual qualifications for appointment or promotion in Federal Government service the release of which would compromise the testing or examination process;
- (k)(7) material used to determine potential for promotion in the armed services, the disclosure of which would reveal the identity of the person who furnished the material pursuant to a promise that his/her identity would be held in confidence.

INTERNATIONAL ORGANIZATIONS -
DANGEROUS ALIENS OF NON-COMMUNIST
NATIONS

From time to time personnel employed by or accredited to International Organizations, such as the United Nations and other International Organizations within the purview of the International Organizations Immunities Act are subjects of investigation.

Those who are considered dangerous upon investigation fall into three categories.

The first category includes those aliens who are nationals of the Communist nations and who in the event of hostilities and after State Department authorization was given would be taken into protective custody for repatriation and exchange.

In the second category would be those citizens of the United States and those stateless persons not having the protection of a 3(7) visa who by Departmental ruling could be taken into custody under the Emergency Detention Program.

This leaves a third category of aliens employed by or accredited to the United Nations or other International Organizations within the purview of the International Organizations Immunities Act who have the protection of that Act and who are from non-Communist countries or who though stateless residents of the United States are in possession of 3(7) visas.

In the event of hostilities such individuals in this latter category as are considered dangerous to the internal security could neither be arrested under the Emergency Detention Program nor taken into protective custody for repatriation or exchange. Under the provisions of the United Nations Headquarters Site Agreement and the International Organizations Immunities Act, appropriate representation should have to be made by the Department of State to the Administrative Head of the International Organization concerned or to the principal resident representative.

SUBJECT: INTERNATIONAL ORGANIZATIONS -
DANGEROUS ALIENS OF NON-
COMMUNIST NATIONS

Rebulet dated April 24, 1951, which furnished information and set forth instructions concerning captioned matter.

There is no indication at this time that there reside in Washington, D. C., any aliens, who can be considered as dangerous, who fall in the category of individuals covered in this case. In order to make certain that the Bureau's instructions are appropriately complied with, certain investigation is being undertaken with the objective of making certain that no dangerous alien of a non-Communist nation is working and residing in the territory covered by the Washington Field Office. In connection with primary inquiries conducted in this matter, certain information has been secured which may be of possible interest and assistance to the Bureau and the New York Office. Such information is being set forth as follows:

As the Bureau points out, in reference letter, the category of interest in subject case, concerns those aliens employed by or accredited to the United Nations or other International Organizations within the purview of the International Organizations Immunity Act and who are from non-Communist countries or who, although stateless residents of the United States, possess 3 (7) visas. The International Organizations Immunity Act was passed on December 29, 1949, as Public Law 291, 79th Congress. It appears in the United States Code under Title 22, Section 288. Subsequent to the passage of the Act, there have periodically been issued various Executive Orders which designate various organizations as International Organizations, falling within the purview of the International Organizations Immunity Act. PURPOSE

To advise that Soviet and satellite United Nations personnel and U. S. citizens and stateless persons considered dangerous to the internal security are currently recorded in the Bureau in certain control files.

To provide for a similar control on United Nations personnel not falling within the afore-mentioned categories.

DETAILS

There are 3 categories of United Nations personnel, each category being handled in a separate and distinct manner.

The first category includes Soviet and satellite personnel who are members of national delegations, employees of the Secretariat or otherwise accredited to the United Nations.

These persons cannot be touched in the event of war unless and until the Department of State authorizes their being taken into protective custody for repatriation and exchange.

The protective custody will be carried out under the general provisions of "PRODIP." These individuals are listed from time to time in PRODIP both at the Bureau and in the New York Office. In addition, they are also listed in the appropriate files relating to the United Nations personnel of the respective countries involved.

The second category includes U. S. citizens and stateless persons who have not come within the protection of the immunities of the International Organizations Immunities Act. By Departmental ruling these individuals can be apprehended in the event of war under the Emergency Detention Program. Cards on these individuals appear in the Special Section of the Security Index for United Nations and International Organizations personnel. In addition, the United States citizens attached to the United Nations who are considered dangerous are reported summarily in a control file.

The third and remaining category are those aliens not falling within the previous categories who are considered dangerous and who for that reason are or have been under investigation. According to Departmental ruling they are protected by the International Organizations Immunities Act and the UN Headquarters Site Agreement. Prior to any action being taken against them, it would be necessary, therefore, to obtain a waiver of immunity from the Secretary General of the United Nations regarding those employed by the Secretariat or accredited otherwise to the United Nations or a waiver from their respective governments if they were employed by a National Delegation. In practice, appropriate representations made by the Department of State to the Secretary General or to neutral or allied nations would result in either termination of their immunity or their departure from the United States. It is assumed that such individuals would not be liable to prosecution for any substantive violation but would merely be persons who if not protected by immunities would be liable to detention under the Emergency Detention Program.

At the present time there is no control file for such individuals.

Accordingly, instructions have been prepared for New York, copies to Washington Field, instructing that individuals who are neither

- (1) Soviet or satellite aliens, nor
- (2) United States citizens or stateless persons not in possession of 3(7) visas but who are
- (3) Aliens employed by the Secretariat, employed in or by the delegations of member nations or otherwise accredited to the United Nations*

should, if considered dangerous to the internal security, be listed in a letter to the Bureau every 30 days so that in the event of hostilities, these persons can be immediately brought to the attention of the Attorney General and the Department of State in order that appropriate representations may be made to the Secretary General of the United Nations or the nation by which they are employed.

** THERE ARE APPROXIMATELY 30 IN THIS CATEGORY*

The proposed action would apply not only to those aliens employed by or accredited to the United Nations but also to aliens of that category who are employed by any other International Organization within the purview of the International Organizations Immunities Act.

Rebulet 4-24-51, 5-14879-

Following is tentative list of subjects of case files of this office who appear to qualify for listing under the criteria specified in reflet:

	Chinese	UN	Translator		P	
	Chinese	UN	Secretary	3(7)	P	

b6

As will be noted, in some instances the Bureau file number is not available in our files. In instances where the subject's holding of a 3(7) visa has not been definitely verified by investigation, the list does not show any type of visa; the subject is included in the list in each such instance, however, since it appears probable, from the other available information, that he does hold a 3(7) visa.

A problem has arisen in regard to the classification of Chinese. We have tentatively concluded, subject to further Bureau instructions, that Chinese representing the Nationalist government or traveling under its credentials, are aliens of non-Communist nation.

INTERNATIONAL ORGANIZATIONS;
DANGEROUS ALIENS OF NON-COMMUNIST NATIONS

Reurlet June 2, 1951, furnishing a "tentative list" of
dangerous aliens of non-Communist nations.

As you indicated, this list is incomplete and as such
is not satisfactory to serve the purpose for which it was requested.

You are instructed to submit a complete list of those
aliens of non-Communist nations whom you consider dangerous in order
that they may be brought promptly to the attention of the Attorney
General and the Department of State for such action as they deem
appropriate, in the event of hostilities. This list should be
submitted to the Bureau no later than June 24, 1951, and should be
resubmitted in up-to-date form every 30 days thereafter pursuant
to the instructions in Bulet 4/24/51.

Your conclusion that Chinese attached to the United
States representing the Nationalist Government of China or
travelling under its credentials should be considered aliens of
a non-Communist nation is correct.

SUBJECT: INTERNATIONAL ORGANIZATIONS —
DANGEROUS ALIENS OF NON-

INTERNAL SECURITY-X
(Bufile 65-98866)

Rebulet dated April 24, 1951.

Referral/Direct

At this time there are no known dangerous aliens residing in Washington, D.C. who fall within the category of individuals covered in this case.

Additional reference is made to mylet of May 15, 1951, wherein known international organizations were listed for informational purposes.

[REDACTED]
[REDACTED] has been contacted by Special Agent
[REDACTED] and has furnished [REDACTED]
[REDACTED]

Inquiry at the Protocol Division reveals that this division maintains an index of employees of these various international organizations. It is estimated that this index includes approximately 5500 to 6000 names of which approximately 2000 are terminated employees from all organizations, particularly the United Nations, whose present whereabouts are unknown. This would leave approximately 3000 to 3500 current employees in various international organizations.

It appears questionable whether it would be worth-while or desirable to search these names through WFO indices, although consideration is being given to searching the names of employees of those international organizations located in Washington, D.C. It is not known whether the Bureau would wish to consider searching these names through Bureau indices, although it is felt that the results of such a procedure would not likely be consistent with the work expended in such a project.

It is requested that the Bureau advise if it is desired that this office undertake a special project in this matter in general conformity with the procedure outlined above or whether the identity of the dangerous aliens referred to in this case should be secured in the course of regular security investigations.

Polish nationals employed by or accredited to International Organizations should not be considered as aliens of non-Communist nations. In this case and for all practical purposes Poland should be considered a Communist nation. The subject [redacted] should be considered by you in connection with PRODIP and as soon as procedures have been evolved by the Department of State and the Department of Justice [for the handling of Soviet and (u) satellite nationals attached to the United Nations,] you will be fully advised.

INTERNAL SECURITY - C

RECORDED
EX-563

Reurlet 6/29/51 in which you list 13 individuals who are nationals of non-Communist nations whom you consider dangerous aliens attached to the United Nations.

As you pointed out, the list is probably incomplete.

As of July 1, 1951, the Bureau's records indicated that 5 aliens of non-Communist nations attached to the United Nations Delegations are subjects of pending investigations. Approximately 80 others who are aliens and who are not clearly shown to be nationals of the Communist countries are also under investigation as accredited to the United Nations or actually employed by the Secretariat. It may well be that your investigation to date has definitely eliminated certain of these individuals from a dangerous category or may have effectively placed them in one of the categories of dangerous aliens not contemplated in this particular file.

You inquired as to whether Yugoslav nationals would be considered aliens of non-Communist states. For the purpose of this project and for all practical purposes, Yugoslavia must be considered as a Communist nation. You are aware that citizens and official representatives of Yugoslavia are being handled in your office in connection with the PROUT program.

You also inquired as to whether spouses and dependents of aliens should be listed when they are related to an alien who is qualified for inclusion in the instant list.

Spouses and other dependents of dangerous aliens should be listed only when they are subjects of investigation and their dangerousness has been established. As you will recall, spouses and other dependents of aliens holding 3(7) International Organization visas will likewise hold 3(7) visas. It will be unnecessary to list any dependents or spouses who are not subjects of investigation. In the normal course of events, the dependents of an alien who is accompanying him out of the United States or he was declared to be persona non grata.

The list set forth above is the result of circularization among the Agents of the office. This method is probably effective in securing all the cases now pending in the office. As regards cases now in a closed status, this method is probably not completely effective. Accordingly, systematic indices check of the names appearing in the current United Nations telephone directory is being made, in an effort to secure all cases which qualify for inclusion in the list. The Bureau will appreciate that such an indices check is a substantial undertaking and will take some time to complete.

Bureau advice requested as to the following questions, which have arisen in the course of preparation of the monthly lists:

1. Are Yugoslav nationals to be considered as "aliens of non-Communist states," for the purpose of the monthly list?

2. Are spouses and dependents of aliens to be listed, when they are related to an alien who is qualified for inclusion in the list? In this instance we have in mind the case of [redacted] (Bufile 100-345105). [redacted] is believed to be at least potentially dangerous, but she is not employed by or accredited to an international organization, unless her status as the wife of an employee of the UN makes her an "accredited" person within the meaning of the reference letter.

Reurlet June 20, 1951, wherein you advised that the subject, who was classified by INS under Section 3 (7) of the Immigration Act of 1923, was being considered under the Prodigy program.

For the purposes of the Prodigy program, subject must be classified as a citizen of Nationalist China as the U. S. Government does not recognize Communist China, whose citizens, therefore, would not be eligible for entry into this country.

Accordingly, the subject cannot be considered under the Prodigy program and his name should, therefore, appear in your monthly letter to the Bureau entitled, "International Organizations; Dangerous Agents of Non-Communist Nations," Bureau file 105-14879.

INTERNAL SECURITY - CH
INTERNAL SECURITY ACT OF 1950

Reference is made to Form FD-122 dated 12-29-52 from New York recommending subject for inclusion in the Security Index. Since subject is the possessor of a 3(7) visa he cannot be considered for the Security Index.

You will refer to Bulet 9-9-52 captioned "International Organizations; Dangerous Aliens of Non-Communist Nations" wherein it was suggested that your office give consideration to placing subject on this list. New York letter 9-17-52 advised that consideration was being given to placing subject on this list. You stated, "However, there is no indication that he is a member of an international organization." This would seem to indicate an impression on your part that an individual, to be included on this list, must be employed by an international organization or a member of an official delegation to the United Nations. If so, this is an erroneous impression.

Since subject entered the United States on a 3(7) visa as the husband of an UN employee, he cannot be included in the Security Index but may be included on the List of Dangerous Aliens of Non-Communist Nations.

[Redacted] which was received in this Bureau for
comment January 14, 1953.

There are three observations which may be made, all of
which refer to matters appearing on Page 2 of the proposed
communication:

1. There is no designation of the Department of
the U. S. Government upon which ultimate
responsibility must be placed for the transmittal
of summaries of derogatory information regarding
foreign nationals employed by the Secretariat of
the United Nations. You may wish to resolve this
question of ultimate responsibility in your
communication to the Secretary of State.
2. It is suggested that the references to "approval"
by the Federal Bureau of Investigation of these
summaries of derogatory information be changed
to show that the FBI will review such summaries
for the purpose of determining whether the
identities of confidential informants and investiga-
tive techniques have been protected adequately.
The word "approval" is sweeping in its connotation.
3. The item relating to the preparation of summaries
of derogatory information by the Department of
Justice where future recommendations may be initiated
in the Department of Justice leaves a question regard-
ing the responsibility within the Department for the
preparation of these summaries. It is noted that in
the case of Sidney S. Dell, the Immigration and
Naturalization Service has been requested to provide
such a summary. You will recall that in connection

with the furnishing of derogatory information by this Bureau to the Criminal Division concerning persons attached to the official missions of foreign countries in the United States, and persons employed by or accredited to international organizations, the Criminal Division has been designated within the Department to make a determination as to the type of action to be taken in each instance. This is being brought to your attention in order that the question of responsibility for preparation of the summaries within the Department of Justice may be clarified.

SAC, [REDACTED]

FRENCH EMPLOYEES OF THE U.N. ORGANIZATION

ReNYlet to Bureau 3/4/53 and Bulet to NY 3/10/53.

In accordance with instructions in reBulet, [REDACTED] was recontacted on 3/12/53, at which time he stated that his government was interested in having the names of any individuals who had ever been actively engaged in CP activity, whether this action was presently going on or had taken place in the past. In other words, he stated that he would like info on individuals who were presently or at any time in the past had been suspected of engaging in CP activity.

It is pointed out to the Bureau that when the informant was contacted on this matter the second time, he indicated by inference that the reason for this request, which was made known in reNYlet, was that the French Government was particularly concerned with the recent statements in the press relative to the investigation of U.N. personnel by the American authorities. The informant inferred that the French Government was most desirous of obtaining names of any French individuals prior to their being disclosed in public print in order that the French Government would not be embarrassed. It appears that for this reason the informant received instructions to obtain, if at all possible, this list from the Bureau.

The Bureau's attention is directed to the case entitled, "INTERNATIONAL ORGANIZATIONS; DANGEROUS ALIENS OF KNOWN COMMUNIST NATIONALS" (Bufile 105-14379, NY 100-90409-F). A review of this file indicates that the following individuals of French nationality are listed as being employees at the present time at the United Nations:

[REDACTED] IS-PR (Bufile 105-13692)

[REDACTED] IS-PR (Bufile 105-13693)

[REDACTED] IS-PR (Bufile 100-360948)

[REDACTED] pointed out that in the latter case, the subject, [REDACTED] in Feb. 1953 terminated her employment with the U.N. in NY and has departed for Geneva, where she will continue her employment with the U.N. in that locality. In the same regard, [REDACTED] is the subject of a closed case, Bufile 100-360948. It is noted that when this case was closed in 1950 her father was listed as being a member of the U.N. Secretariat. It is not known at this time whether or not he is still so employed.

INTERNAL SECURITY - CH

Burelet April 21, 1953, which reported that the subject had returned to the United Nations Secretariat about one and one-half months ago following his return from Hong Kong.

Inasmuch as information from the State Department reveals that the subject went to Peking, China, while on home leave the Bureau desires that this case be reopened and thoroughly investigated to determine if the subject's present or past activities are inimical to the national security. In the above connection you will note from the State Department telegram from Hong Kong dated February 13, 1953, that was made available to you by Bulet dated February 27, 1953, the Consulate General at Hong Kong doubted that the sole purpose of the subject's trip to Peking was to visit his family in view of the subject's evasiveness and the relative ease with which he completed the trip to Peking.

b6
b7c

For the information of the Washington Field Office, records of the State Department reflect that in December, 1952, the subject and [REDACTED] applied to the American Consulate General in Hong Kong for appropriate visas to return to the United Nations Secretariat following home leave in Communist China. G-2 visas were issued to the aliens on January 8, 1953, but were later cancelled and on February 23, 1953, non-immigrant visas were refused under the provisions of Section 212(a)(27) of the Immigration and Nationality Act. The Consulate at Hong Kong had no information regarding the documentation for travel or entry visa, if any, that [REDACTED] had for entering into the United States on his return visit to this country. In the above connection the Immigration and Naturalization Service has advised the Bureau that [REDACTED] on March 17, 1953, entered the United States at New York City, as the holder of a visa under the provisions of Section 101(a)(15)(G) of the Immigration and Nationality Act. She was born [REDACTED] at [REDACTED] and her occupation was shown as housewife. Her visa number was listed as [REDACTED]

The WFO is requested to review the files of the State Department and INS for all available information concerning the reported travel of the subject to Communist China while on home leave, as well as concerning his return to the United States inasmuch as no information is available in Bufiles as to the documentation upon which he was allowed to return to this country.

Inasmuch as this investigation is of interest to the Criminal Division a report is desired from both the WFO and the New York Office within 30 days from the date of this letter.

Reurlet 3-9-53 and Bulet, captioned "International Organizations; Dangerous Aliens of Non-Communist Nations."

A review of the investigation conducted to date in this matter indicates that suspicion has attached primarily to the activities of the subject's wife from a security standpoint rather than to the activities of the subject. It is observed that several questions concerning the connections and associations of [redacted] have not been resolved, which questions might be resolved through personal interview with her. The question arises as to whether the matter is of sufficient importance to warrant presenting it to the State Department for clearance and your recommendation in that regard is desired.

You will observe from Bulet dated 4-9-53 to New York, captioned "United Nations Organization, Chinese Personnel, Internal Security - CH," that clearance by the State Department for the interview of Chinese personnel of the United Nations Secretariat was limited to those Chinese who had allegedly travelled to Communist China while on home leave. No allegation to that effect has been made in this instance, it being noted that subject is employed by the Military Staff Committee of the Chinese Delegation to the United Nations rather than by the United Nations Secretariat and [redacted] although in the United States on a 3(7) visa, is not an employee of the United Nations.

Effective immediately the caption of this file is changed to read "International Organizations - Dangerous Aliens of Nations Outside the Soviet Bloc, Internal Security - X." In submitting lists of dangerous aliens, you should now include any Yugoslav nationals employed by or accredited to international organizations, such as the United Nations, who are considered by you upon investigation to be dangerous to the security of the United States in the event of a war between the United States and nations of the Soviet bloc. This would apply to Yugoslav nationals who are pro-Soviet. For purposes of this program, the Soviet bloc is understood to consist of the USSR, Poland, Hungary, Czechoslovakia, Bulgaria and Rumania. Complete lists should be submitted every thirty days.

Re Bureau air-tel to your office dated
11-2-53.

In view of [REDACTED] current employment by
the United Nations, clearance to interview him has been
requested of the Department of State. When this is
received, you will be advised. In the meantime, you
should not interview him or conduct any other investi-
gation.

[REDACTED] coupled with his
United Nations employment, renders it necessary, under
established Bureau regulations, that the Security Index
card relative to him be cancelled. You should do this.
In place of the Security Index card, you should list
[REDACTED] in the monthly list submitted by your office under
the caption "International Organizations; Dangerous Aliens
of Non-Communist Nations" (urfile 100-90409R).

Note: [REDACTED] presently
employed as clerk by UN, NYC. He entered U.S. at NYC on
9-16-47. Informant of Richmond office reported that
[REDACTED] wrote letter on
11-10-47 to Virginia State Headquarters of CP. In his
letter [REDACTED] declared himself an ideological convert to
Communism and applied for membership in CP. No other
info indicative of Communist sympathies or activities has
been developed, nor has it been learned whether [REDACTED]
application for CP Membership was acted upon. [REDACTED] has
been carried on Security Index by NY.

ReBulet 12/14/53, wherein you were instructed to cancel the Security Index card relative to [redacted] and list his name in the monthly list of dangerous aliens attached to international organizations. The following revised instructions are furnished for your guidance in this and other matters.

The cancellation of the Security Index card is correct and should be carried to completion. [redacted] name should be listed in the monthly list, however, only if he fully qualifies for listing under the criteria set forth in Bulet to your office dated 4/24/51, entitled "International Organizations--Dangerous Aliens of Non-Communist Nations" (urfile 100-90409F). With particular reference to [redacted] his listing would depend upon whether he has diplomatic or quasi-diplomatic status as an employee of the United Nations. If your investigation reveals that he has such status, he should be listed in the monthly list. If you find that he is in the status of an immigrant, student or visitor, or some other status not having diplomatic privileges, he should not be listed.

NOTE: RefBulet 12/14/53 instructed NY to cancel the SI card and list [redacted] in the monthly list of dangerous aliens connected with international organizations. No reference was made to [redacted] visa status. In order to avoid misunderstanding on the part of New York, the above letter is dispatched. [redacted] presently employed as a clerk by UN, NYC. He entered U.S. at NYC on 9/16/47. Informant of Richmond office reported that [redacted] wrote letter on 11/10/47 to Virginia State headquarters of CP. ReBulet 1-5-54, wherein you were instructed to list [redacted] name in the monthly list submitted by your office relative to dangerous aliens attached to international organizations only if he fully qualifies for such listing.

In this connection, you are referred to the list entitled, "Separations and Transfers of Non-U.S. Staff at United Nations Headquarters, Processed from 14-18 December 1953," Photostats of which were furnished to the Bureau by urlet 1-13-54, entitled, "United Nations Organization, Internal Security - R & X" (Urfile 100-80478). This list shows that [redacted] holds an immigration visa, and that his employment was terminated by the United Nations on 12-16-53. This would appear to resolve the question of including his name in the monthly list in the negative.

NOTE: RefBulet instructed NY to list [redacted] a [redacted] then employed by UN at NYC, on the monthly list of dangerous aliens employed by international organizations (Bufile 105-14879) if his visa status as a diplomat or quasi-diplomat qualified him for such listing. At the time there was no info available as to what his visa status is. This letter is dispatched to call NY's attention to recent info showing his status as an immigrant alien (which does not qualify him for the monthly list) and also his termination by UN.

ReNYlet 5-3-54, suggesting that, instead of submitting a complete list of dangerous aliens attached to the United Nations on a monthly basis, New York would submit only additions and deletions.

This proposed procedure is unsatisfactory as placing a clerical burden upon the Bureau. The same procedure should be followed as in other matters involving persons having diplomatic or international organizations immunities who are subject to being taken into custody in the event of a war emergency.

Referral/Direct

In order to clarify the problem, there is attached for your information and consideration a copy of a memorandum directed to the Bureau

You will note that the Criminal Division requests the number of dangerous aliens currently at the UN holding Series I and Series C Visas.

You should include any such persons in your next monthly submission of the complete list of dangerous aliens of nations outside the Soviet Bloc, including therein all stateless persons having protection of a 3(7) or Series G International Organizations Visa whom, by investigation, you deem dangerous to the national security. The list, as of May 31, 1954, should reach the Bureau no later than June 2, 1954.

UNITED NATIONS MATTERS

You should immediately determine through your established sources whether any Soviet Bloc Delegations indicate an intention of leasing space in the UN building.

You should also attempt to determine through your established sources whether, as a matter of fact, the Secretariat will release approximately 300 people in the near future. If such action on the part of the Secretariat is definitely scheduled, the Bureau should have this information in order to bring to the attention of the Department of Justice and the Department of State the possibility that the Secretariat could release from employment certain citizens and aliens who would be considered dangerous to national security in an emergency.

Rebulet, 10/14/53 and NY letter, 2/26/54.

The Bureau's attention is directed to Bulet dated 4/21/51 instructing the NYO to submit to the Bureau every 30 days, a list of above captioned aliens, reflecting any change in status, by reason of change of employment, change of visa, or departure from the US, or for any other case. The last such list was submitted to the Bureau on 2/26/54 and contained 33 names.

In view of the restricted status of contacts with confidential sources at the UN at the present time, which limits these contacts to the telephone and personal interview, it is felt that a complete check of all names on captioned list each 30 days by [redacted] should be re-considered.

[redacted] who has in the past been contacted for any change of status of the above captioned aliens. Along with the routine request in applicant, loyalty and security investigations, the demands on [redacted] would be unusually burdensome if it is necessary for him to check the 33 or more names each 30 days for the purposes of the above list.

Prior to the present restrictions that the liaison agent assigned to the UN make no personal contacts at the UN Secretariat, this information was made available for review to the liaison agent at a minimum of effort to [redacted]

Letter to Director
NY 100-90409 F

In addition to this confidential source, [] makes available a list of employees who terminate employment, change positions at the UN, those who have a change in visa status and those who are transferred out of the US.

b6
b7C
b7D

This latter information is furnished to the NYO about every two weeks by confidential source [] and is an official list received from the UN organization. It appears that these lists supply the necessary information to comply with the Bureau's instructions for a 30 day check for any change of status in captioned matter.

It will be noted that [] in making a check for change of status is also limited to the official records of the UN organization. It is felt that if [] is continually requested every 30 days to check 33 or more names for the purposes of this list, the source will be overburdened and his usefulness in other matters will be jeopardized.

Consideration has been given to checking INS records every 30 days for any change of visa status of these aliens in order to comply with Bureau instructions as set out in Bulet of 4/21/51, but inasmuch as information supplied by confidential source [] sets out visa changes, it is felt this is sufficient for the purposes of captioned matter.

b2
b6
b7C
b7D

Another method considered to prevent the overburdening of [] is to effect a system of staggering the checks for change of status to be made by [] over a six month period. This way 1/6 of the individuals could be checked by this source each month and over a period of six months all would be covered.

Along with this consideration it is felt a letter to the Bureau could be submitted each six months setting out

Letter to Director
NY 100-90409 F

all names carried on the list by the NYO. This six month letter would necessarily contain the additional information reflecting the exact date the above mentioned check was made by [] for each individual.

b2
b7D

Also the NY file number for each case would be added to this six month list submitted to the Bureau. Each month a list of additions and deletions only would be submitted to the Bureau. To follow closely the six month check on each individual an administrative tickler system would be set up.

A review of the above mentioned list made available by [] and [] reflects that [] and [] should be deleted from captioned list. This review also fails to reflect the status of the following and the files of these cases are in a process of being reviewed in an attempt to determine their status:

The Bureau is requested to reconsider this matter
as to whether checks to comply with Bureau letter of 4/21/51
may be handled by either of the above mentioned methods,
thus eliminating the over burdening of [redacted]

b2

It is further requested that the Bureau advise
whether it will be permissible to submit in either instance

Information is being collected regarding the identities of such dangerous aliens who may be currently in attendance at the United Nations deliberations.

In connection with holders of Series C (Transit) Visas, recent discussions between representatives of this Bureau and the Department have indicated the responsibility for arrest and detention of such dangerous aliens holding Series C Visas would be that of the Immigration and Naturalization Service.

It would be desirable at this time to fix responsibility likewise for persons at the United Nations holding Series I Visas (representatives of foreign press, radio, film, or other information media), as well as those stateless persons and aliens who are not nationals of enemy countries holding 3(7) or Series G (International Organization) Visas, who would be considered dangerous to the security of the United States.

b6

In the case of holders of Series I and Series C Visas, you indicated the necessity for apprehending these persons first and requesting the removal of their privileges later. Would the same consideration apply to holders of 3(7) or Series G Visas?

Rebulets dated 4/24/51 and 5/14/54.

Enclosed herewith are the original and one copy of the list of dangerous aliens in captioned matter.

In compliance with relet of 4/24/51 the NYO has placed on above-mentioned list those individuals employed at the UN who were considered dangerous after investigation and who held a 3(7) visa or a series G visa.

Relet of 5/14/54 is interpreted to mean that all aliens at the UN holding series I and series C visas deemed dangerous to the national security after investigation should be included in above list.

The matter concerning the series I and series C visas has been brought to the attention of agents of this office assigned to investigation of Internal Security matters of individuals outside the Soviet block employed by international organizations. This has reflected several cases currently under investigation which will probably fall in the category of the series I and series C visas. Due to the early stage of these investigations their potential dangerousness has not been established.

Information from Confidential Informant [redacted] has previously reflected that many individuals who were initially employed at the UN and held a series I visa later obtained a series G visa. It appears that many of the individuals currently under investigation and holding a series I visa will possibly be issued a series G visa by the time sufficient investigation has been conducted to determine whether they are dangerous to the national security.

For the information of the Bureau, [redacted] INS, NYC, advised on 5/25/54 that individuals

Relet suggests removing subject's name from the list entitled "International Organizations - Dangerous Aliens of Nations Outside the Soviet Bloc; IS - X" inasmuch as she is no longer in the U. S.

The subject's name may be removed from the aforementioned list and the next letter submitted to the Bureau in that case should specifically point out that the subject's name has been deleted from that list inasmuch as she has departed from the U. S.

Paragraph 3, page 7, of rerep reflects a transfer from the subject's account of \$100 (3,001.70 Swiss francs). It is requested that your office recheck this information inasmuch as previous paragraphs on page 7 indicate the rate of exchange between American dollars and Swiss francs to be approximately 4.26 to 1 and advise the Bureau. Dissemination of rerep is being withheld at Bureau pending receipt of requested information.

EX-123

Reurlet 6-1-54, advising that in the future you will list monthly individuals holding Series I and Series C visas employed at the UN when investigation reflects them to be dangerous to the national security.

You are reminded that from time to time, at the request of the Department of State, the Attorney General permits certain individuals who are excludable by reason of subversive activities or associations to enter the United States for the purpose of attending the deliberations of the United Nations or its related bodies. In each instance, you are informed of the identities of such persons. Bureau policy has been that, where an excludable subversive is admitted to the United States under those conditions, with specific reference to Series I or Series C visa holders, we will not accept responsibility for their activities and will only investigate them if new allegations relating to subversive activities on their part while in the United States are brought to our attention.

Accordingly, you should submit a supplemental list showing those stateless persons or aliens from other than Soviet Bloc countries in attendance at the United Nations holding Series C or Series I visas who are excludable under the Immigration and Nationality Act but who have been permitted to enter the United States by the Attorney General at the insistence of the Department of State and regarding whom no investigation is being conducted by the Bureau.

Such a supplemental list should accompany, likewise, each subsequent monthly listing of those persons in this matter whom you have determined to be dangerous to the national security as the result of investigation. Since most or all of the aliens falling in the category discussed are in the United States for a temporary period, it will be necessary for you to check with the Immigration Service in New York to determine whether they are actually in the United States at the time your list is prepared.

Rebulet, 6/14/54.

Confidential Source [redacted]

advised on 6/16/54 that his office maintains a list of all excludable aliens admitted to the US by the AG to attend the UN and its related bodies.

He stated that the arrival and departure of such individuals holding series C and I visa is maintained and that during the past 90 days only two aliens have been admitted, and both have departed from the US. He identified these individuals as:

[redacted] (NY file 105-7789), World Federation of Trade Unions, Nationality French, departed US 4/29/54 via Air France Flight 076.

[redacted] (NY file 105-7556), Women's International Democratic Federation, Nationality not listed, left US 4/11/54 via BOAC Flight BA-524.

The source pointed out that practically all such aliens come to the US to attend particular sessions of the General Assembly of the UN organizations and are to attend various conferences held by the UN organization. Most such individuals come into the US during the General Assembly.

As far as [redacted] could recall, all excludable aliens admitted during the past year have departed the US. He stated that his office advised INS, NYC, when such aliens departed, and that INS was not in a position to know of such departure plans inasmuch as the alien usually made arrangements through the UN for departure.

Rebulet 6/14/54 and NY letter 6/17/54.

Enclosed herewith are the original and one copy of the list of dangerous aliens in captioned matter.

Confidential source advised on 6/23/54 that he had searched his records concerning individuals who had been admitted to United Nations Headquarters area since September of 1953 by the Attorney General at the request of the Secretary of State. He advised that the result of this check reflected that all individuals so admitted since September of 1953 have departed from the United States.b6

EMERGENCY DETENTION PROGRAM

100-14679

Referral/Direct

OF NON-COMMUNIST NATIONALS

In this Bureau's reply to Mr. Olney on May 13, 1954, we pointed out that the Department had indicated the responsibility for arrest and detention of dangerous aliens holding Series C visas would be that of the Immigration and Naturalization Service. We merely pointed out that it would be desirable to similarly fix responsibility for dangerous persons holding Series I visas. We did not mean to convey the impression that the FBI was assuming any responsibility whatsoever for the apprehension of such persons in an emergency.

With regard to your inquiry concerning the names of persons holding Series I visas (representatives of foreign press, radio, film, or other information media) and Series C visas (transit to and from the United Nations Headquarters district), we had no individuals in those categories under investigation as of July 30, 1954. From time to time, the Attorney General, at the request of the Department of State, permits persons otherwise excludable

to enter the United States in connection with United Nations matters. These persons are admitted on a temporary basis; they are not regularly investigated by the FBI, and data regarding their presence in this country at any specified time could best be obtained from the Immigration and Naturalization Service.

You may wish to obtain such data as is deemed necessary to a decision from that agency.

status of each of the Soviet Bloc nationals shown to be employed by the Secretariat of the United Nations in despatch No. 772. You should determine in the case of each such employee whether he is currently in the United States on documentation of one or another of the Soviet Bloc countries and also whether the INS records indicate that the person's file has been transferred to INS, New York, by reason of an application for immigrant status or other reason affecting the alien's visa status. These data should be supplied to the Bureau, and the New York office, and the New York office should, thereafter, promptly determine the facts regarding such persons whose files have been transferred by the Central Office, INS, to New York in line with the provisions of Bulet 4-26-54, which provide that in connection with the Prodip Program, the Department of State and the Federal Bureau of Investigation will seek the internment of those enemy nationals serving on the staffs of international organizations who hold valid passports or other travel documents of enemy governments when the emergency arises.

The data contained in the Photostats relative to dangerous aliens of nations outside the Soviet Bloc are supplied for your information.

Reference is made to Bulet to New York dated 6/17/54 in above captioned matter and attachment thereto directing WFO to determine the Immigration Status of each of the Soviet Bloc nationals contained in the attachment shown to be employed by the Secretariat of the United Nations. Also, to determine in the case of such employee whether he is currently in the U.S. on documentation of one or another of the Soviet Bloc countries and whether Immigration and Naturalization Service records indicate that the person's file has been transferred to INS, New York, by reason of an application for immigrant status or other reason affecting the alien's visa status.

Attached hereto in blind memo form is the requested information. It will be noted that the immigration data concerning each person concerned is broken down into five items; namely, 1) Name, 2) INS File Number, 3) Travel Document Held, 4) Type of Visa Held, 5) Location of INS file when known. It will also be noted that in numerous instances no record of certain individuals could be located in the files of INS, Central Office, Washington, D.C. In this connection, INS officials advised that the INS file of such individuals are probably in the process of being forwarded to the INS Office covering such person's current residence. Inasmuch as the current residence of such individual is in New York City, it is requested that the New York Division periodically contact INS, New York City, to determine when such individual's file arrives in New York and thereafter reviewing file for the requested information. -1

PRODIP

ReWFOlet to Bureau, 8/17/54.

Attached hereto in blind memo form is the requested immigration data concerning the Yugoslav personnel employed by the United Nations Organization. The Yugoslav personnel fall under caption of "INTERNATIONAL ORGANIZATIONS; DANGEROUS ALIENS OF NATIONS OUTSIDE THE SOVIET BLOC", and this list completes data requested on the Yugoslavs only, except for [redacted] whose INS file is located at INS, Newark.

It will be noted that the INS file on [redacted] could not be located by INS, NYC, after 3 requests were made for same. However, the data set out was obtained from a review of the NY case file on the subject (105-4584), which contains a notice from INS, NYC, regarding subject's entry into the US in August, 1954. The only missing information is the INS File Number for which no further effort will be made to locate UACB. b6 b7C

It will also be noted that this does not cover the Soviet Bloc personnel. Such individuals fall under the "PRODIP" caption and data concerning them will be submitted separately.

The Newark Division is requested to review the INS file at Newark on [redacted] and furnish to the Bureau the information as to travel document held, type of visa held, and location, as needed to complete attached memo.

Copies of this are being furnished the WFO for information.

FROM : SAC, NEWARK (105-1854)

SUBJECT: INTERNATIONAL ORGANIZATIONS;
Dangerous Aliens of Nations
Outside the Soviet Bloc
IS - X

Re New York letter to Director dated 9/24/54.

On 10/28/54 [redacted] Immigration and Naturalization Service, 1004 Broad St. Newark, N.J., advised SA [redacted] that INS File [redacted] pertaining to [redacted] reflects that [redacted] arrived at the Port of New York City on 7/27/45 on a non-immigrant visa under Section 3 (2) of the Act of May 26, 1924, which means she entered the U. S. as a visitor.

The INS file reflects that by letter dated 5/20/47, the State Department requested her classification be changed to that of "employee of designated international organization."

[redacted] stated that [redacted] file contains no further information concerning the type of travel document or the type of visa [redacted] holds. He advised this information would be contained in the Central Records Office of INS in Washington, D.C., under the same INS file number, [redacted]

The Washington Field Office is requested to obtain the information set out in referenced letter from the Central Records Office of INS, Washington, D.C., and furnish same to the Bureau.

One copy of this letter is being furnished the New York Office for information.
