Re: Freedom of Information Act Request
FOIA Control No. 2007-237

On March 26, 2007 you filed a request, submitted under the Freedom of Information Act ("FOIA"), in which you sought copies of "Each response letter received from a licensee as a result of the 42 Letters of Inquiry sent to 77 broadcast licensees regarding video news releases, as described in an FCC Press Release issued August 14, 2006 . . . ; a copy of the report produced as a result of the abovementioned investigation; [and] any memo describing licensees that did not respond to the Letter of Inquiry." On April 23, 2007 you modified your request to "utilize only your first two hours of free search time" and to seek "ONLY the cover letters from the respondents to the FCC letters of inquiry."

We have located 27 pages of documents responsive to your request, copies of which are enclosed. We have redacted information from those documents, where necessary, to protect individuals' personal privacy¹ and when release of the redacted information might compromise our adduction of additional evidence in this on-going investigation.² With respect to the former, we have redacted the names and room numbers of Commission staff because, as the court observed in *Nix v. United States*, 572 F.2d 998, 1006 (4th Cir. 1978), "[p]ublic identification of

¹ See 5 U.S.C. §552(b)(6).

² See 5 U.S.C. §552(b)(7).

any of these individuals could conceivably subject them to harassment and annoyance in the conduct of their official duties and in their private lives.” With respect to the latter, we have redacted material describing the evidentiary submissions and substantive arguments of the respondents because public release would be reasonably likely to interfere with the ongoing investigation by providing that information to potential future respondents and, thus, influencing future responses to the Commission’s inquiries regarding this continuing investigation.

If you believe this to be a denial of your request, you may file an application for review with the FCC’s Office of General Counsel within thirty (30) days of the date of this letter. 47 C.F.R. §§ 0.461(j) and 1.115. If you have further questions, please feel free to call Judy Lancaster at (202) 418-7584.

File No. EB-06-IH-2711
REQUEST FOR CONFIDENTIAL TREATMENT

Gentlemen:

Submitted herewith is the response of Surtsey Media, LLC ("Surtsey"), to the above-referenced letter of inquiry ("Letter Inquiry"), dated August 11, 2006, and addressed to Surtsey.

Pursuant to Section 0.459 of the Commission's rules (and also pursuant to the terms of the Letter Inquiry), Surtsey requests that certain documents and related portions of Surtsey's response (described in detail below) be treated in a confidential manner and not made routinely available for public inspection. In order to provide a timely and complete response to the Letter Inquiry, Surtsey is herewith submitting a complete copy of its response, including all materials and attachments as to which confidentiality is hereby requested. That complete copy is included in the sealed envelope labeled "Complete and Unredacted Copy of Response of Surtsey Media, LLC". Also submitted herewith is a separate copy of Surtsey's response from which the confidential information has been redacted (with the redactions noted).

¹ In the "re" reference line of the Letter Inquiry and again at page 4, the Commission refers to "Station KFJX(TV), Joplin-Pittsburg, MO". As the Commission's records reflect, Station KFJX(TV) is licensed to Pittsburg, Kansas.

Eric J. Bash, Assistant Chief

The information as to which confidentiality is hereby sought involves [REDACTED]

Paragraph 13 of the [REDACTED] prohibits the parties from disclosing any information with respect to the terms and provisions of the [REDACTED]. Accordingly, Surtsey is contractually required to treat the [REDACTED] as confidential and to request that it be similarly treated to the extent necessary to comply with any law.

In order to comply with that contractual obligation while still fully responding to the Letter Inquiry, Surtsey requests that the [REDACTED] (a copy of which is included as Attachment A to the unredacted version of Surtsey's response) be treated as confidential. Additionally, Surtsey requests similar treatment with respect to Attachment B to the unredacted version, which consists of [REDACTED]

[REDACTED] And further, Surtsey requests similar treatment with respect to various portions of its response which relate information relating to [REDACTED]. Those portions are all included in their entirety in the unredacted version; while they have been deleted from the redacted version, those deletions are clearly marked in that redacted version.

The matters as to which confidential treatment is hereby sought are all matters relating to the private contractual relationship between Surtsey [REDACTED]. Both parties have agreed to keep confidential any information with respect to that agreement, and Surtsey is thus contractually bound to do so here. Public disclosure of this essentially private business matter is not warranted by any overriding public interest concern, as the Commission may itself determine by reviewing the copy of the [REDACTED] being submitted under seal herewith.

Accordingly, Surtsey requests that the materials described above be treated as confidential and not made routinely available for public inspection.

Sincerely,

Harry R. Cole

Re: **REQUEST FOR CONFIDENTIAL TREATMENT**
File No. EB-06-IH-2716

Dear Ms. Dortch:

KASA License Subsidiary, LLC ("KASA"), a subsidiary of Raycom Media, Inc. ("Raycom"), requests confidential treatment, pursuant to Section 0.459 of the Commission's Rules, for the documents included in Exhibit 13 to KASA's response to the Enforcement Bureau's August 11, 2006 Letter of Inquiry seeking information about KASA's broadcast of a Fox News feature in its 9 p.m. newscast of June 10, 2005.

Section 0.459 provides that public disclosure of materials submitted to the Commission is not required where, as here, "the materials contain trade secrets or commercial, financial or technical data which would customarily be guarded from competitors." In conformity with Section 0.459(b), the following is submitted:

1. KASA seeks confidential treatment for the documents included in Exhibit 13 to the above-referenced response. Exhibit 13 includes the

2. This information is submitted as a part of KASA's response to the Enforcement Bureau's August 11, 2006 Letter of Inquiry in File No. EB-06-IH-2716.

3. The documents in Exhibit 13 contain proprietary commercial and financial information concerning private arrangements for the production of news programming aired on KASA's television station.

4. All of this information concerns a service that is subject to competition. KASA provides news programming services to viewers and advertisers in a market in which it competes with other broadcast television stations, as well as radio stations, cable channels, and other entities. KASA also awarded its contract to produce news programming on a competitive basis, and Raycom is likely in the future to award news programming contracts competitively.

5. Because KASA's news contract, like other news contracts that Raycom may award in the future, was awarded on a competitive and negotiated basis, the public disclosure of the specific financial and commercial terms of KASA's news production agreement would materially prejudice Raycom in future news production negotiations. Public disclosure would therefore cause Raycom substantial and unwarranted competitive harm.

6. The information in Exhibit 13 contains data regarding the financial and commercial terms of KASA's news production agreements, which information is customarily considered proprietary and held confidential.

7. To KASA's knowledge, this confidential information is not presently available to the public and has not previously been provided to third parties.

8. The financial and commercial terms of the news production agreement are not relevant to the instant inquiry. Accordingly, the public interest will not be furthered by public disclosure of these documents. KASA requests that the information in Exhibit 13 be withheld from public disclosure for an indefinite period or, in the alternative, for five years. KASA believes that a five-year period would render the information contained in the submission sufficiently dated as to substantially reduce the competitive harms associated with disclosure.

For the foregoing reasons, KASA respectfully requests that the Commission accord confidential treatment of the enclosed submission. Please contact us if you have any questions regarding this request.

Respectfully submitted,
