U.S. SMALL BUSINESS ADMINISTRATION
WASHINGTON, D.C. 20416

April 20, 2011

Re: SBA FOIA #33188

This letter and attachments constitute our response to your April 16, 2011 Freedom of Information Act request (FOIA) request for the Small Business Administration's FOIA log from "January 1, 2010 to the present." As I previously explained to you, we do not yet have the capability to provide you with the records in an electronic format as you requested.

For your information, the SBA's FOIA processing is decentralized; this office handles FOIA appeals and generally refers most initial requests to the appropriate program and/or field office(s) for reply. Program and field offices also receive requests directly. The Agency maintains a nationwide computerized FOIA case tracking system. The log from that system lists the office responding or receiving the request, the case number, case type, subcase, requester name (with no affiliation), subject, and date the case was received. We completed our review of the log for the period of January 1, 2010 through April 18, 2011, the day we received your request. We have reviewed the FOIA log and determined that the log may be released in part. Enclosed are 289 double-sided pages of documents. Where indicated on the copies are redactions of certain names and identifies pursuant to Exemptions 4 and 6 of the FOIA.

> Exemption 4 (5 U.S.C. 552(b)(4)) protects "trade secrets and commercial or financial information obtained from a person and privileged or confidential" the release of which could be competitively harmful to the submitter of the information; which could impair the government's ability to obtain similar necessary information in a purely voluntary manner in the future; and, which could affect other governmental interests, such as program effectiveness and compliance.

Federal Recycling Program Printed on Recycled Paper

Exemption 6 (5 U.S.C. 552(b)(6)) protects personnel and medical files and similar files the disclosure of which would constitute "a clearly unwarranted invasion" of individual privacy and might adversely affect the individual or his/her family.

In accordance with 13 CFR § 102.6, no fees are charged for the processing of this request.

You have a right to appeal the decision to the Associate Administrator, Office of Hearings and Appeals, U.S. Small Business Administration, 409 3rd Street, S.W., Room 5900, Washington, D.C. 20416. You must submit a written, signed appeal within 60 calendar days of the date of the denial. The appeal should contain a description of the information requested, the name and place of employment of the SBA official or employee who denied the request, the reason for the denial, and such other pertinent facts as you deem appropriate.

Sincerely,

Lisa J. Babcock
