Subject: Fw: FOIA request 08-002 (revised response)

I inadvertently emailed you an incomplete version of the data you requested.  
The attached version contains the missing data.

(See attached file: FOIA Control Sheets - FY 2004 - 11-23-07.pdf)

Subject FOIA request 08-002

Attached are electronic materials responsive to your request. The attached FOIA log is composed of the separate "control sheets" for the FOIA requests received during the time period indicated in your request. This seemed to be the most efficient way to send you electronic data responsive to your request because the "main view" of the FOIA log would not have indicated the requester or the disposition of the request. (The Board uses a database that was created in-house, rather than commercially available software, for its FOIA database.)

Enclosed in that mailing is the bill for processing your request.  
Please let me know if you have further questions.
