JAN 16 2009

This is in response to your December 1, 2008, Freedom of Information Act request addressed to this office for a copy of the database or listing of all OIG audit reports. Your request was received on December 5, 2008, and assigned case number 29013.

The policy of the Office of Inspector General is to make, to the extent possible, full disclosure of its identifiable records under the Freedom of Information Act. Accordingly, I am enclosing a list of all OIG audit reports. Although the OIG maintains a complete listing of all audit reports that were written, we do not have copies of all of the reports. The record retention schedule requires audit reports to be maintained for three years from the date the audit is finally closed and all issues are resolved.

Most of the DOL OIG audit reports are deployed to the website upon completion. However, certain audit reports that contain sensitive information are not immediately published to the website. These reports are requested from the FOIA office and all releasable information is provided to the requester. If you seek reports on the listing that are not on the website, please submit a FOIA request to this office.

With regard to fees, we are granting you a fee waiver in the amount of \$46.50, the amount you would have been charged, plus the initial search time and first one hundred pages provided to requestors in the "all others" category free of charge. The actual total cost to process your request was \$81.50 which covers:

1/2 hour search @ \$10.00 per ¼ hour = \$20.00
Copy 310 pgs @ \$.15 pg. = \$46.50
Copy 1st 100 pgs @ \$.15 pg = \$15.00
\$81.50

The amount of time it takes to respond to requests depends on the volume and complexity of requests in queue waiting to be processed. This is a one person centralized FOIA office. As with all requests, this office makes every effort to respond to each requestor with all releasable material in as timely manner as possible. You may contact this office at 202-693-5116 if you have any questions.

Sincerely,

Kim Pacheco
