Re: Freedom of Information Act ("FOIA") Request 2011-025

Thank you for your FOIA request to the U.S. Trade and Development Agency ("USTDA") dated April 19, 2011 that we received on April 22, 2011 and which was amended on April 27, 2011. In your amended FOIA request, you asked for an electronic copy of the list of public items maintained in USTDA's library report database for all years. Such a list is enclosed with this letter. Please note that although we had mentioned to you in April of 2011 that the list included 8,155 documents, that number did not take into account certain business confidential reports dating from the 1980s that are not public documents. The actual number of items in the public list is 7,608.

In accordance with FOIA, USTDA has conducted a reasonable search for the records. All responsive records are being released in their entirety and are enclosed. No other responsive records were found.

Thank you for your inquiry. There is no charge for this search.

Sincerely,

A handwritten signature in black ink, appearing to read "Alain Lopez", is positioned above the printed name.

Alain Lopez
Assistant General Counsel
