Re: Freedom of Information Act ("FOIA") PBI Tracking No. EPA-2022-005500
(FOIA Request EPA-2022-003572)

I am responding to your April 7, 2022 Freedom of Information Act ("FOIA") request. You received an initial partial denial of your request on July 13, 2022 from Brian Thompson, Division Director for the eDiscovery Division of the Office of Enterprise Information Systems, Office of Mission Support ("decision") of the U.S. Environmental Protection Agency ("EPA" or "Agency"). In your FOIA request, you sought FOIAonline monthly performance reports.

Consistent with the EPA's FOIA regulations under 40 C.F.R. §2.204(d), the April 7, 2022 Decision stated that your request was initially denied because the responsive records were preliminarily determined to be exempt from disclosure under Exemption 4 (confidential business information ("CBI")) of the FOIA, 5 U.S.C. § 552(b)(4). Twenty-three documents were withheld in full in response to this FOIA request. This included nine FOIAonline progress reports, nine FOIA monthly financial reports, and five invoice reconciliation documents.

EPA requested that the affected company substantiate any CBI claims associated with these twenty-three documents. In its substantiation, the Company withdrew its confidentiality claims with respect to the nine FOIAonline progress reports and certain information in the monthly financial reports and invoice reconciliation documents. These FOIAonline progress reports are being provided to you today in full. Redacted versions of the financial reports and invoice reconciliation documents are being provided to you as well.

The company continues to assert claims of confidentiality over the names of employees and sensitive financial data including actual cost data that is contained in the nine monthly

financial reports. The company also continues to assert claims of confidentiality over financial information contained in the invoice reconciliation documents.

On January 30, 2023, the Office of General Counsel issued a final determination and found that the information claimed as CBI was entitled to confidential treatment. Pursuant to 40 C.F.R. § 2.205(e), the final determination concludes your request, and the file is now closed.

In accordance with 5 U.S.C. § 552(a)(4)(B), you have the right to seek judicial review of this determination by instituting an action in the district court of the United States in the district in which you reside, or have your principal place of business, or in which the Agency records are situated, or in the District of Columbia. As part of the 2007 FOIA amendments, the Office of Government Information Services (OGIS) within the National Archives and Records Administration was created to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. You may contact OGIS in any of the following ways: by mail, Office of Government Information Services, National Archives and Records Administration, Room 2510, 8610 Adelphi Road, College Park, MD, 20740-6001; e-mail, ogis@nara.gov; telephone, 301-837-1996 or 1-877-684-6448; and facsimile, 301-837-0348.

Please contact me at bermes.peter@epa.gov if you have further questions regarding this matter.

Sincerely,

Peter Bermes

OFFICE OF MISSION
SUPPORT

July 13, 2022

Re: Freedom of Information Act Request No. EPA-2022-003572

This letter is in reference to your Freedom of Information Act (FOIA) request received by the U.S. Environmental Protection Agency on 4/7/2022, in which you requested records relating to:

"A copy of each FOIAonline Monthly Performance Report provided by the contractor (Booz Allen Hamilton) to the program office that manages FOIAonline and Regulations.gov. I limit this request to reports during the timeframe January 2020 to April 2022. This is about 28 reports in all. I also request a copy of the two most recent FOIAonline WEEKLY Performance Reports."

The Office of Mission Support, Office of Enterprise Information Programs has concluded its search for records responsive to your request and is withholding all the responsive records.

The responsive records are exempt from disclosure Exemption 4, Trade Secrets and Confidential Business Information (CBI) (also referred to as Proprietary Business Information (PBI)): Exemption 4 protects "trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential." Based on this wording, the exemption covers two distinct categories of information in federal agency records, (1) trade secrets, and (2) information that is (a) commercial or financial, and (b) obtained from a person, and (c) privileged or confidential.

Pursuant to 40 C.F.R. § 2.204(d)(1), your request is being initially denied because further inquiry by EPA is required before a final determination can be made. We will consult with the third party(ies) in connection with their business confidentiality claim(s) covering these records and the Office of General Counsel will issue a final confidentiality determination.

There is no charge for this FOIA request.

This letter concludes our response to your request. As noted above, the information withheld under Exemption 4 will be reviewed by the appropriate legal office, which will issue a final confidentiality determination. Therefore, you do not need to appeal the withholding of information under Exemption 4. Once the legal office issues a final confidentiality determination, EPA will notify you whether the information qualifies for confidential treatment or may be released.

To the extent you would like to appeal any other issue, including any non--Exemption 4 withholdings, you may appeal this determination by email at hq.foia@epa.gov, or by mail to the EPA's National FOIA Office, U.S. EPA, 1200 Pennsylvania Avenue, N.W. (2310A), Washington, DC 20460 or through FOIAonline if you are an account holder. If you are submitting your appeal by hand delivery, courier service, or overnight delivery, you

must address your correspondence to 1200 Pennsylvania Avenue, N.W., WJC-N Building, Room 7309C, Washington, DC 20460.

Your appeal must be in writing, and it must be received no later than 90 calendar days from the date of this letter. The Agency will not consider appeals received after the 90-calendar-day limit. Appeals received after 5:00 p.m. EST will be considered received the next business day. The appeal letter should include the FOIA tracking number listed above. For quickest possible handling, the subject line of your email, the appeal letter, and its envelope, if applicable, should be marked "Freedom of Information Act Appeal."

If you need any further assistance or would like to discuss any aspect of your request, you may seek assistance from EPA's FOIA Public Liaison at hq.foia@epa.gov or call (202) 566-1667. You may also seek assistance from the Office of Government Information Services (OGIS). You may contact OGIS in any of the following ways: by mail, Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001; email: ogis@nara.gov; telephone: (202) 741-5770 or (877) 684-6448; or fax: (202) 741-5769. For all media inquiries, please contact press@epa.gov.

If you have any questions concerning this response, please contact me at Thompson.BrianK@epa.gov.

Sincerely,

**BRIAN
THOMPSON**
