Re: USITC Freedom of Information Act Request 21-11

This letter serves as the U.S. International Trade Commission's ("USITC") response to your Freedom of Information Act request, dated and received by us January 11, 2021, in which you requested:

"Under the provisions of the Freedom of Information Act, I request a copy of the USITC FOIA Case Log for the years 2017 through 2020."

We have found a document responsive to your request and have enclosed it here. We have made redactions to portions of the record in accordance with FOIA exemption 6 (5 U.S.C. § 552(b)(6)). Exemption 6 protects personal information that, when disclosed, would constitute a "clearly unwarranted invasion of personal privacy." The disposition of your request is "granted in part."

You may contact our FOIA Public Liaison, Sharon Bellamy, for any further assistance or to discuss any aspect of your request at sharon.bellamy@usitc.gov or (202) 205-3258. You may also contact me at Katherine.hiner@usitc.gov or (202) 205-2606.

The Office of Government Information Services (OGIS) offers mediation services to resolve disputes between FOIA requesters and federal agencies as a non-exclusive alternative to litigation. Using the services of OGIS does not affect your right to pursue litigation. You may contact OGIS in any of the following ways:

If you are not satisfied with the response to your request, you may file an administrative appeal. We must receive your appeal within 90 calendar days of the date of this letter. You should clearly indicate both on the envelope and in the letter that it is a "Freedom of Information Act Appeal." Your appeal should clearly state the grounds upon which you believe this denial of access is in error. For further information on appeal procedures, see 19 C.F.R. § 201.18, attached. Address your appeal to:

The Chairman

19-01	10/12/2018	<p>I am looking for production numbers for feed grade methionine in the United States. In the US International Trade Commission Synthetic Organic Chemicals, United States Production and Sales 1993, USITC publication 2810, on page 3-158, HTS number 29304000, methionine is listed but the actual numbers are not given. The footnote says "separate statistics for this item are not published to avoid disclosure of individual company operations." Given the amount of time that has elapsed, is it possible to access the original information on methionine production submitted to the US ITC for the purposes of publishing this report? I have singled out 1993 as that is the volume I have on hand, but I would like to have this information, very specifically production/sales quantity/value for any year that it is available. I do not have any aims other than a calculation of the amount of synthetic feed grade methionine produced over time in the United States for the purposes of an academic study about amino acids in the food chain and I do not care about individual company operations, only quantities.</p>	Hannah L Landecker	11/2/2018	No Records
