Re: Freedom of Information Act Request – Tracking No. 2023-F-10659

This is the final response to your Freedom of Information Act (FOIA) request dated June 26, 2023. You requested the following documents, records, or information:

“A copy of the MSHA primary Intranet site home page (<http://mshanet.msha.gov/>) and a copy of the table of contents (or A-Z contents page or similar) of the MSHA intranet home page. If there is no table of contents or similar, then I also request a copy of each page linked to the MSHA intranet home page by one click (i.e. one level down). Please note I am referring to INTRAnet, not internet.”

We conducted a thorough search for the records you requested which resulted in the enclosed documents.

If you need any further assistance or would like to discuss any aspect of your request, please do not hesitate to contact Tanisha Dozier at (202) 693-9750 or [Dozier.tanisha.n@dol.gov](mailto:Dozier.tanisha.n@dol.gov) or the DOL FOIA Public Liaison, Thomas Hicks, at (202) 693-5427 or by email at [hicks.thomas@dol.gov](mailto:hicks.thomas@dol.gov).

Sincerely,

**Silica Enforcement**

The purpose of this proposed rule is simple — to better protect miners from exposure to silica so they do not have to suffer from entirely preventable debilitating and deadly occupational illnesses. Silica overexposures have a real-life impact on a miner's health.
