Washington, D.C. 20242

IN REPLY REFER TO:

FOIA 2024-000842

May 14, 2024

Dear Requester:

Subject: Freedom of Information Act Requests Dated April 3, 2024
National Park Service (NPS) *re: White House Property Inventory*

This letter is in response to your Freedom of Information Act (FOIA) requests in which you requested:

“A copy of the White House Property Inventory maintained by the National Park Service for the year 2020.”

The following response was prepared by the National Capital Area –Region 1 through consultation with The White House and President’s Park.

The FOIA, 5 U.S.C. § 552, generally provides that the Government shall make documents available to the public for inspection and copying to the widest extent possible. However, certain classes of documents may be exempt. The FOIA does not require that new records be created in response to a request and only applies to records in existence at the time the request is received. Additionally, because the NPS creates and maintains law enforcement records, we are required by the Department of Justice to provide the following information, even though it may or may not apply to your specific request. Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. § 552(c). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that we are required to give all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

After a thorough search of our files, we are releasing **1,058 pages of records** responsive to your request, in their entirety.

Christopher Watts, National Park Service, FOIA Officer is responsible for this response.

We do not bill requesters for FOIA processing fees when their fees are less than \$50.00, because the cost of collection would be greater than the fee collected. *See* [43 C.F.R. § 2.37\(g\)](#).

Therefore, there is no billable fee for the processing of this request.

Pursuant to 43 CFR § 2.57 you may appeal this response to the Department's FOIA/Privacy Act Appeals Officer. If you choose to appeal, the FOIA/Privacy Act Appeals Officer must receive your FOIA appeal **no later than 90 workdays** from the date of this letter. Appeals arriving or delivered after 5 p.m. Eastern Time, Monday through Friday, will be deemed received on the next workday.

Your appeal must be made in writing. You may submit your appeal and accompanying materials to the FOIA/Privacy Act Appeals Officer by mail, courier service, fax, or email. All communications concerning your appeal should be clearly marked with the words: "FREEDOM OF INFORMATION APPEAL." You must include an explanation of why you believe the National Park Service's response is in error. You must also include with your appeal copies of all correspondence between you and the National Park Service concerning your FOIA request, including your original FOIA request and National Park Service's response. Failure to include with your appeal all correspondence between you and National Park Service will result in the Department's rejection of your appeal, unless the FOIA/Privacy Act Appeals Officer determines (in the FOIA/Privacy Act Appeals Officer's sole discretion) that good cause exists to accept the defective appeal.

Please include your name and daytime telephone number (or the name and telephone number of an appropriate contact), email address and fax number (if available) in case the FOIA/Privacy Act Appeals Officer needs additional information or clarification of your appeal.

DOI FOIA/Privacy Act Appeals Office Contact Information

Department of the Interior
Office of the Solicitor
1849 C Street, N.W.
MS-6556 MIB
Washington, D.C. 20240
Attn: FOIA/Privacy Act Appeals Office
Telephone: 202-208-5339

Email: FOIA.Appeals@sol.doi.gov

The 2007 FOIA amendments created the Office of Government Information Services (OGIS) to offer mediation services to resolve disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. Using OGIS services does not affect your right to pursue litigation. You may contact OGIS in any of the following ways:

Office of Government Information Services
National Archives and Records Administration

8601 Adelphi Road - OGIS
College Park, MD 20740-6001

E-mail: ogis@nara.gov
Web: <https://ogis.archives.gov>
Telephone: 202-741-5770
Fax: 202-741-5769
Toll-free: 1-877-684-6448

Please note that using OGIS services does not affect the timing of filing an appeal with the Department's FOIA & Privacy Act Appeals Officer.

We appreciate your interest in the National Park Service. If you have any questions about this letter, please contact me at christopher_watts@nps.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "C. Watts".

**INVENTORY OF PUBLIC PROPERTY
IN AND BELONGING TO THE EXECUTIVE MANSION,
JUNE 30, 2020**

VOLUME I

EXPLANATORY NOTE 2020 INVENTORY

With the exception of the "Record Number Change" - "XRNC" location, the statement "Transfer from..." indicates a physical relocation of an object.

The "Without Room Location - Unlocated" - "XLOC" location applies to items unaccounted for during the current inventory as well as those items destroyed or surplusd (as noted in the object description).

There are a number of objects with "0" in the column entitled "On Hand Per Last Inventory". These objects, fall into the following categories:

1. Objects acquired since the last inventory - these are identified by a "Date" and possibly "Method of Acquisition" under the heading "Received During the Year Ending June 30, 2020."
2. Some objects not newly acquired, but nonetheless picked up on the inventory for the first time - this reflects the continuing effort to create digital records for all accountable property objects belonging to the Executive Mansion.
3. Objects for which existing record numbers were:
 - a. Modified - usually the discovery of a more precise date of acquisition with the attendant modification of prefix (e.g., "1960" to "1925".)
 - b. Subdivided - to create individual records for objects previously included in composite records of like or related objects.
 - c. Replaced - usually a property number in favor of the appropriate but previously unidentified Old Collection number.

At times, rooms in the private quarters on the Second and Third Floors may seem under furnished if non-White House collection objects such as those belonging to the First Family, the White House Gift Unit, or objects on loan have been installed instead of objects belonging to the White House. Offices, hallways, etc., in the West Wing and East Wing are rarely furnished fully with property administered by the Executive Residence.
