Reference: DF-2016-00016

This responds to your 10 December 2012 email to the Office of the Director of National Intelligence, wherein you requested, under the Freedom of Information Act (FOIA):

- 1) **...the records provided to the Honorable Chairman Darrell Issa...concerning the administration of the Freedom of Information Act.**
- 2) **...any correspondence...sent to Chairman Issa's office on the subject of the January 2011 inquiry, and correspondence sent during calendar year 2011 Chairman Issa's office on the subject of FOIA.**

Your request was processed in accordance with the FOIA, 5 U.S.C. § 552, as amended. ODNI searches resulted in the location of ten documents responsive to your request. Upon review, it is determined that eight documents may be released in their entirety. The remaining two documents may be released in segregable form with deletions made pursuant to FOIA Exemptions 2 and 6; 5 U.S.C. § 552 (b)(2) and (6). Exemption 2 protects records that relate only to the internal personnel rules and practices of an agency. Exemption 6 protects information that would constitute a clearly unwarranted invasion of privacy.

The documents, as approved for release, are enclosed. Should you wish to appeal this determination, please do so in writing to:

Office of the Director of National Intelligence

Dear Mr. Hackett:

The Freedom of Information Act ("FOIA") is one of the most important tools for government transparency and accountability. In their mission to find waste, fraud, and abuse, the oversight and investigative committees of Congress, including the Committee on Oversight and Government Reform ("Committee"), are often assisted by tips, complaints, and briefings from media organizations, watchdog groups, and concerned citizens. These private-sector actors are often the first to become aware of federal inefficiency or malfeasance. FOIA allows them to scrutinize the activities of federal agencies. Without FOIA, they could not hold the government accountable, nor could they provide crucial assistance to Congressional oversight. President Obama recognized the importance of FOIA when he made it the subject of an executive memorandum on his second day in office.¹

The Committee, as the principal oversight committee in the House of Representatives with broad oversight jurisdiction as set forth in House Rule X, is very interested in ensuring that all federal agencies respond in a timely, substantive, and non-discriminatory manner to requests for information under FOIA. To enable the Committee to understand the impact of recent changes to FOIA procedures and to evaluate agencies' compliance with FOIA, please provide the following information, records, and explanations by **February 15, 2011 at 5:00 pm**.

1. Provide your agency's FOIA log(s) for the five years preceding the date of this letter, in Microsoft Excel or a similar format that allows sorting by column or information category, including at least the following information: (a) the name of the requestor; (b) the date of the request; (c) a brief description of the documents or records sought by the request; (d) any tracking number assigned to the request by your agency pursuant to Section 7 of the OPEN Government Act of 2007²; (e) the date the request was closed, if it is not still outstanding; (f) whether any records were provided in response to the request;

¹ The White House, Memorandum for the Heads of Executive Departments and Agencies, Jan. 21, 2009, available at http://www.whitehouse.gov/the_press_office/FreedomofInformationAct/ ("[T]he Freedom of Information Act, which encourages accountability through transparency, is the most prominent expression of a profound national commitment to ensuring an open Government").

and (g) any additional identification number or code assigned to the request by your agency for internal use.

2. On each log provided in response to Request No. 1, identify each FOIA request to your agency that was submitted more than 45 days prior to the date of this letter and to which your agency has not yet issued a complete and final response.

3. For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor.

4. Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorneys' fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation.

5. For each federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs.

Please note that for purposes of responding to this request, the terms "records," "communications," and "referring or relating" should be interpreted consistently with the attached Definitions of Terms.

Thank you for your prompt attention to this matter. If you have any questions regarding this request, please contact [REDACTED] or [REDACTED] with the Committee staff at [REDACTED].

Requests were denied because the ONCIX did not have responsive documents.

III. Definitions of Terms and Acronyms Used in the Report

A. Agency-specific acronyms or other terms.

ODNI: Office of the Director of National Intelligence.

ONCIX: Office of the National Counterintelligence Executive

B. Basic terms, expressed in common terminology.

1. FOIA/PA Request – Freedom of Information Act/Privacy Act request. A FOIA request is generally a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report.)
2. Initial Request – a request to a federal agency for access to records under the Freedom of Information Act.
3. Appeal – a request to a federal agency asking that it review at a higher administrative level a full denial or partial denial of access to records under the Freedom of Information Act, or any other FOIA determination such as a matter pertaining to fees.
4. Processed Request or Appeal – a request or appeal for which an agency has taken a final action on the request or the appeal in all respects.
5. Multi-track Processing – a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first-out basis. A requester who has an urgent need for records may request expedited processing (see below).
6. Expedited Processing – an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the

records which warrants prioritization of his or her request over other requests that were made earlier.

7. Simple Request – a FOIA request that an agency using multi-track processing places in its fastest (non-expedited) track based on the volume and/or simplicity of records requested.

8. Complex Request – a FOIA request that an agency using multi-track processing places in a slower track based on the volume and/or complexity of records requested.

9. Grant – an agency decision to disclose all records in full in response to a FOIA request.

10. Partial Grant – an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA exemptions; or a decision to disclose some records in their entireties, but to withhold others in whole or in part.

11. Denial – an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA's exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

12. Time Limits – the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a "perfected" FOIA request).

13. "Perfected" Request – a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.

14. Exemption 3 Statute – a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).

15. Median Number – the middle, not average, number. For example, of 3, 7, and 14, the median number is 7.

16. Average Number – the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.

XI. FOIA Regulations (Including Fee Schedule)

The ODNI was established on April 21, 2005, and is preparing its FOIA Regulations to be published in the Federal Register.

XII. Report on Executive Order 13392 Implementation

The Office of the Director of National Intelligence made progress in improving its FOIA processes and procedures as required by EO 13392, *Improving Agency Disclosure of Information*. During the reporting period of 14 June 2006, through 31 January 2007, the ODNI received a surge of FOIA and Privacy Act requests. Despite this increase, the FOIA Office, with a small staff, was able to make progress on implementing the planned improvements that were submitted in June.

A. Description of Supplementation/Modification of Agency Improvement Plan (if applicable)

Not applicable

B. Report on the ODNI's Implementation of its FOIA Improvement Plan

The ODNI's FOIA Improvement Plan focused on three areas of improvement, *Affirmative and Proactive Disclosures; Overall FOIA Web Site Improvements; and the Centralization of the FOIA Process*. During the reporting period, the ODNI was able to make progress in most of the plan's improvement areas and was able to meet many of its milestones.

1. *Affirmative and Proactive Disclosures* – The ODNI met and completed all milestones in this improvement area including preliminary review of current materials to be posted on its public web site. During the reporting period, the office increased content to its public web site and to the web sites of its components. The content consisted of many documents of interest including its unclassified policy documents, and other documents including the *Declassified Key Judgments for the National Intelligence Estimate, "Trends in Global Terrorism: Implications for the United States,"* dated April 2006; *US Intelligence Community Estimate Products on Yugoslavia, 1948-1990*; and the *ODNI Progress Report relating to the WMD Commission Recommendations* to name a few. In addition, the National Counterterrorism Center (NCTC), the National Counterintelligence Executive (NCIX), the National Intelligence Council (NIC), and the Program Manager for the Information Sharing Environment (PM ISE) all posted documents of interest to their respective public web sites.

2. *Overall Web Site Improvements* – The ODNI reviewed all FOIA-related content on its public web sites, and established FOIA links on all public web sites where FOIA information and FOIA points of contact information may be found. In addition, all of the ODNI web sites now either have FOIA reading rooms or have areas where frequently requested documents are posted. Most of the web sites post current or recent disclosures on their front web site pages. Since there are links between all of the ODNI web sites, a "virtual" catalog of all ODNI released materials has been created. The office continues to work on internal policies regarding technology standards for the creation, formatting, and maintenance of new ODNI web sites.

3. *Centralization of the FOIA Process* – During the reporting period, progress was made in the ODNI in centralizing FOIA processes and procedures. The FOIA staff made

contact with various directorate and component chiefs of staff to informally establish the authority of the Chief FOIA Officer and Director of Information Management as the primary responsible officers for FOIA. Other contacts were made within various offices to try to establish a FOIA network of points of contact to assist with the handling of FOIA requests. In addition, the mail handling and faxing policies and procedures were reviewed to ensure the proper distribution of all mail addressed to the Chief FOIA Officer and Director of Information Management.

C. Identification and Discussion of any Deficiency in Meeting Plan Milestones

Despite the improvement efforts, ODNI did not meet all of its milestones in the *Centralization of the FOIA Process* improvement area. The departures of key staff during this period prevented additional improvements in this area. During this period, the new attorney in the Office of General Counsel, who was responsible for the drafting of the FOIA regulations, departed in August after just three months on the job. In addition, the candidate chosen to be the Deputy Information Release Officer to handle day-to-day FOIA and PA requests withdrew her application just prior to her arrival in November. As a result of these staffing issues, the ODNI has not yet published its FOIA regulations, developed its own written internal FOIA instructions, or produced a FOIA handbook.

However, the ODNI has taken significant action to correct these deficiencies. A new FOIA attorney was hired November 2006, went through security processing, and arrived in the Office of General Counsel on 8 January 2007. This attorney is currently reviewing the draft FOIA regulations, which are near completion. We hope to have the regulations sent to the Office of Management and Budget by mid- February. The Information Management Office reposted its job announcement for Deputy Information Release Officer. The vacancy closed 5 January and the office received several strong applications from people who have not only managed FOIA operations but have written policies and procedures and provided training for FOIA and PA processing. We will be scheduling candidate interviews within the next two weeks. Once the regulations are finalized, the ODNI will draft and promulgate the FOIA handbook and its own internal instructions on FOIA and PA procedures.

D. Other Executive Order Activities

To respond to requests as quickly as possible, the office acknowledged, clarified, and responded to requests by telephone, e-mail, and fax in addition to US mail. The office also posted items of high interest, such as DNI statements and speeches, as quickly as possible directly to its unclassified web site. The ODNI also continues to work with the CIA, the ODNI's FOIA support provider to streamline processes and procedures to provide better service to the public.

In addition, ODNI frequently receives requests for records which can not be accepted and processed because they predate the creation of the ODNI in April, 2005. When possible, ODNI advises the requester regarding where a request for such records should be directed.

III. Definitions of Terms and Acronyms Used in the Report

A. Agency-specific acronyms or other terms.

ODNI: Office of the Director of National Intelligence.

B. Basic terms, expressed in common terminology.

1. FOIA/PA Request – Freedom of Information Act/Privacy Act request. A FOIA request is generally a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report.)

2. Initial Request – a request to a federal agency for access to records under the Freedom of Information Act.

3. Appeal – a request to a federal agency asking that it review at a higher administrative level a full denial or partial denial of access to records under the Freedom of Information Act, or any other FOIA determination such as a matter pertaining to fees.

4. Processed Request or Appeal – a request or appeal for which an agency has taken a final action on the request or the appeal in all respects.

5. Multi-track Processing – a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and

complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first-out basis. A requester who has an urgent need for records may request expedited processing (see below).

6. Expedited Processing – an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the records which warrants prioritization of his or her request over other requests that were made earlier.

7. Simple Request – a FOIA request that an agency using multi-track processing places in its fastest (non-expedited) track based on the volume and/or simplicity of records requested.

8. Complex Request – a FOIA request that an agency using multi-track processing places in a slower track based on the volume and/or complexity of records requested.

9. Grant – an agency decision to disclose all records in full in response to a FOIA request.

11. Denial – an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA's exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

12. Time Limits – the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a "perfected" FOIA request).

13. "Perfected" Request – a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.

14. Exemption 3 Statute – a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).

XII. Report on FOIA Executive Order Implementation

The Office of the Director of National Intelligence made significant progress improving its FOIA processes and procedures as required by EO 13392, *Improving Agency Disclosure of Information*. During FY07, the ODNI received a surge of FOIA and Privacy Act requests. Despite this increase, the FOIA office, with a small staff, was able to implement the planned improvements that were submitted in June 2006.

A. Description of supplementation/modification of agency improvement plan (if applicable)

Not applicable

B. Report on the ODNI's implementation of its FOIA Improvement Plan

The ODNI's FOIA Improvement Plan focused on three areas of improvement, *Affirmative and Proactive Disclosures; Overall FOIA Web Site Improvements; and the Centralization of the FOIA Process*. During the reporting period the Office was able to meet all of its milestones in its improvement areas.

Affirmative and Proactive Disclosure

The ODNI met and completed all milestones in this improvement area including preliminary review of current materials to be posted on its public website and began routine posting of materials of interest to the public. Just as it did previously, during this reporting period, the Office increased content to its public website and to the websites of its components.

Overall web site Improvements

During this reporting period, standards for producing public website content were promulgated through the Office by the ODNI's Public Affairs staff. The Office continues to work on internal final policies regarding technology standards for the creation, formatting, and maintenance of new ODNI websites. We consistently review our FOIA website for formatting, fonts and navigation and have made changes as necessary to make the web page more customer-friendly. In addition, we have ensured that each of our component offices have a clear link to our FOIA web page for easy navigation.

Centralization of the FOIA Process

The ODNI has now met its milestones in the *Centralization of the FOIA Process* improvement area. Final FOIA regulations were published in the Federal Register on August 16, 2007. A FOIA Handbook was completed and posted to the ODNI website and an internal instruction on the FOIA and PA was finalized.

C. Identification and discussion of any deficiency in meeting plan milestones

At this time, ODNI has met its milestones as outlined in its FOIA Improvement Plan as required by EO 13392, *Improving Agency Disclosure of Information*.

D. Other Executive Order Activities

During the reporting period, the office witnessed a surge in FOIA requests due to the public's interest in the ODNI's work. To respond to requests as quickly as possible, the office acknowledged, clarified and responded to requests by telephone, e-mail, and fax in addition to US mail. The Office also posted items of high interest to its web site as quickly as possible, including DNI statements and speeches. The ODNI also continues to work with the CIA, the ODNI's outsource provider, to streamline processes and procedures to better provide service to the public.

III. Definitions of Terms and Acronyms Used in the Report

A. Agency-specific acronyms or other terms.

ODNI: Office of the Director of National Intelligence.

IM: Information Management

B. Basic terms, expressed in common terminology.

1. **FOIA/PA Request – Freedom of Information Act/Privacy Act request.** A FOIA request is generally a request for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. (All requests for access to records, regardless of which law is cited by the requester, are included in this report.)

2. **Initial Request – a request to a federal agency for access to records under the Freedom of Information Act.**

3. **Administrative Appeal – a request to a federal agency asking that it review at a higher administrative level a full denial or partial denial of access to records under the Freedom of Information Act, or any other FOIA determination such as a matter pertaining to fees.**

4. **Processed Request or Appeal – a request or appeal for which an agency has taken a final action on the request or the appeal in all respects.**

5. **Multi-track Processing – a system in which simple requests requiring relatively minimal review are placed in one processing track and more voluminous and complex requests are placed in one or more other tracks. Requests in each track are processed on a first-in/first-out basis. A requester who has an urgent need for records may request expedited processing (see below).**

6. **Expedited Processing – an agency will process a FOIA request on an expedited basis when a requester has shown an exceptional need or urgency for the records which warrants prioritization of his or her request over other requests that were made earlier.**

7. **Simple Request – a FOIA request that an agency using multi-track processing places in its fastest (non-expedited) track based on the volume and/or simplicity of records requested.**

8. **Complex Request – a FOIA request that an agency using multi-track processing places in a slower track based on the volume and/or complexity of records requested.**

9. Grant – an agency decision to disclose all records in full in response to a FOIA request.
10. Partial Grant – an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA exemptions; or a decision to disclose some records in their entirety, but to withhold others in whole or in part.
11. Denial – an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA's exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).
12. Time Limits – the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a “perfected” FOIA request).
13. “Perfected” Request – a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.
14. Exemption 3 Statute – a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).
15. Median Number – the middle, not average, number. For example, of 3, 7, and 14, the median number is 7.
16. Average Number – the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.

C. Concise Descriptions of FOIA Exemptions

- (b)(1) exempts from disclosure material properly classified, pursuant to an Executive Order, because it is related to matters of national defense or foreign policy;
- (b)(2) exempts from disclosure information, which pertains solely to the internal personnel rules and practices of the Agency;
- (b)(3) exempts from disclosure materials that another federal statute protects, provided that the other federal statute either requires that the matters be withheld, or establishes particular criteria for withholding or refers to particular types of matters to be withheld.
- (b)(4) exempts from disclosure information such as trade secrets and commercial or financial information obtained from a person on a privileged or confidential basis;
- (b)(5) exempts from disclosure inter-and intra-agency predecisional and deliberative memoranda or letters. The same section exempts attorney work-product or attorney-client information;

- (b)(7) exempts from disclosure law enforcement investigatory records that, if released, would either (A) interfere with enforcement proceedings, (B) deprive a person of the right to a fair trial; (C) be an unwarranted invasion of personal privacy; (D) identify a confidential source; (E) reveal investigative techniques and procedures; or (F) endanger someone's life or physical safety.
- (b)(8) exempts from disclosure information contained in reports or examinations of an agency responsible for regulating or supervising banks, savings and loans, or other financial institutions.
- (b)(9) exempts from disclosure information about wells.

- (k)(5) exempts from disclosure information or investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for federal civilian employment, or access to classified information, the release of which would disclose a confidential source;
- (k)(6) exempts from disclosure testing or examination material the federal government uses to determine individual qualifications for appointment or promotion, the release of which would compromise the testing or examination process;
- (k)(7) exempts from disclosure evaluation material the armed forces use to determine an individual's potential for promotion, but only if disclosure would reveal the identity of a source who furnished information after the government's express promise to keep that source's identity confidential.

10. Partial Grant – an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA exemptions; or a decision to disclose some records in their entirety, but to withhold others in whole or in part.

11. Denial – an agency decision not to release any part of a record or records in response to a FOIA request because all the information in the requested records is determined by the agency to be exempt under one or more of the FOIA's exemptions, or for some procedural reason (such as because no record is located in response to a FOIA request).

12. Time Limits – the time period in the Freedom of Information Act for an agency to respond to a FOIA request (ordinarily 20 working days from proper receipt of a “perfected” FOIA request).

13. “Perfected” Request – a FOIA request for records which adequately describes the records sought, which has been received by the FOIA office of the agency or agency component in possession of the records, and for which there is no remaining question about the payment of applicable fees.

14. Exemption 3 Statute – a separate federal statute prohibiting the disclosure of a certain type of information and authorizing its withholding under FOIA subsection (b)(3).

15. Median Number – the middle, not average, number. For example, of 3, 7, and 14, the median number is 7.

16. Average Number – the number obtained by dividing the sum of a group of numbers by the quantity of numbers in the group. For example, of 3, 7, and 14, the average number is 8.

C. Concise Descriptions of FOIA Exemptions

- (b)(1) exempts from disclosure material properly classified, pursuant to an Executive Order, because it is related to matters of national defense or foreign policy;
- (b)(2) exempts from disclosure information, which pertains solely to the internal personnel rules and practices of the Agency;
- (b)(3) exempts from disclosure materials that another federal statute protects, provided that the other federal statute either requires that the matters be withheld, or establishes particular criteria for withholding or refers to particular types of matters to be withheld.
- (b)(4) exempts from disclosure information such as trade secrets and commercial or financial information obtained from a person on a privileged or confidential basis;
- (b)(5) exempts from disclosure inter-and intra-agency predecisional and deliberative memoranda or letters. The same section exempts attorney work-product or attorney-client information;
- (b)(6) exempts from disclosure material that would be an unwarranted invasion of the personal privacy of other individuals;
- (b)(7) exempts from disclosure law enforcement investigatory records that, if released, would either (A) interfere with enforcement proceedings, (B) deprive a person of the right to a fair trial; (C) be an unwarranted invasion of personal privacy; (D) identify a confidential source; (E) reveal investigative techniques and procedures; or (F) endanger someone's life or physical safety.
- (b)(8) exempts from disclosure information contained in reports or examinations of an agency responsible for regulating or supervising banks, savings and loans, or other financial institutions.
- (b)(9) exempts from disclosure information about wells.

D. Concise Descriptions of Privacy Act Exemptions:

- (d)(5) exempts from disclosure information compiled in reasonable anticipation of a civil action or proceeding;
- (j)(1) exempts from disclosure certain information maintained by the CIA;
- (j)(2) exempts from disclosure certain records of agencies whose primary mission is enforcing criminal laws (e.g. the Federal Bureau of Investigation, the Drug Enforcement Agency, or the Bureau of Alcohol, Tobacco, and Firearms);
- (k)(1) exempts from disclosure information properly classified pursuant to an Executive Order in the interest of national defense or foreign policy;
- (k)(2) exempts from disclosure investigatory material compiled for law enforcement purposes;
- (k)(3) exempts from disclosure information pertaining to the protective services afforded the President of the United States;
- (k)(4) exempts from disclosure information that statutes require to be maintained and used solely as statistical records;
- (k)(5) exempts from disclosure information or investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for federal civilian employment, or access to classified information, the release of which would disclose a confidential source;
- (k)(6) exempts from disclosure testing or examination material the federal government uses to determine individual qualifications for appointment or promotion, the release of which would compromise the testing or examination process;
- (k)(7) exempts from disclosure evaluation material the armed forces use to determine an individual's potential for promotion, but only if disclosure would reveal the identity of a source who furnished information after the government's express promise to keep that source's identity confidential.

United States District Court
For the Northern District of California

IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF CALIFORNIA

ELECTRONIC FRONTIER FOUNDATION,

No. C 07-05278 SI

Plaintiff,

**ORDER GRANTING IN PART
PLAINTIFF'S MOTION FOR
ATTORNEY'S FEES AND COSTS**

v.

OFFICE OF THE DIRECTOR OF NATIONAL
INTELLIGENCE,

Defendant.

Plaintiff has filed a motion for attorney's fees and costs. The motion was scheduled for hearing on May 23, 2008, but the Court vacated the hearing pursuant to Civil Local Rule 7-1(b). Having considered the arguments of the parties and the papers submitted, and for good cause shown, the Court hereby GRANTS IN PART plaintiff's motion.

BACKGROUND

Plaintiff Electronic Frontier Foundation is a non-profit civil liberties organization seeking attorney's fees and other litigation costs from the Office of the Director of National Intelligence. On October 17, 2007, plaintiff filed suit under the Freedom of Information Act ("FOIA") to compel defendant's timely processing and production of records pertaining to defendant's communications with telecommunications carriers and members of Congress regarding pending legislation that would amend the Foreign Intelligence Surveillance Act ("FISA"). On October 29, 2007, plaintiff filed a motion for a preliminary injunction to compel defendant's timely processing and production of the records in light

7

1 of pending legislation. On November 27, 2007, the Court granted in part and denied in part plaintiff's
2 preliminary injunction motion. Specifically, the Court ordered defendant to perform an interim release
3 of documents on November 30, 2007, and to complete its release no later than December 10, 2007. The
4 Court denied, without prejudice to reconsideration, plaintiff's request for a *Vaughn* index and instead
5 ordered defendant to issue an affidavit setting forth its basis for any withholdings. In total, defendant
6 released 509 documents in full or in part and withheld fourteen pages in full. On February 5, 2008,
7 defendant moved for summary judgment. Plaintiff initially objected to some of defendant's
8 withholdings, but later the parties voluntarily dismissed the action, and the Court never ruled on the
9 summary judgment motion.

10 On April 11, 2008, plaintiff filed a motion for an award of attorney's fees and costs pursuant to
11 FOIA, 5 U.S.C. § 552(a)(4)(E). Plaintiff seeks \$68,205.00 in attorney's fees and \$731.97 in costs, for
12 a total of \$68,936.97. Defendant argues that plaintiff's motion should be denied because plaintiff is not
13 entitled to an award. However, defendant also argues that if the motion is granted, plaintiff's request
14 should be reduced to \$9,979.31, based on a number of factors.

16 LEGAL STANDARD

17 FOIA provides in relevant part that "[t]he court may assess against the United States reasonable
18 attorney fees and other litigation costs reasonably incurred in any case under this section in which the
19 complainant has substantially prevailed." 5 U.S.C. § 552(a)(4)(E)(I). A complainant can substantially
20 prevail by receiving relief through a judicial order or through a voluntary or unilateral change in position
21 by the agency. 5 U.S.C. § 552(a)(4)(E)(ii). If a complainant has substantially prevailed on its FOIA
22 action, then it is eligible for an award of attorney's fees and other litigation costs. *See Church of*
23 *Scientology v. U.S. Postal Serv.*, 486, 489 (9th Cir. 1983) (citing *Cox v. U.S. Dep't of Justice*, 601 F.2d
24 1, 6 (D.C. Cir. 1979)). However, "[a] determination of *eligibility* does not automatically *entitle* the
25 plaintiff to attorney's fees." *Id.* (emphasis added).

26 Once the Court determines that a complainant is *eligible* for attorney's fees, the Court has the
27 "sound discretion" to determine whether the complainant is *entitled* to attorney's fees. *Church of*
28

1 *Scientology*, 700 F.2d at 492 (emphasis added). In exercising its discretion, the Court should balance
 2 the following four factors to determine whether the complainant is entitled to attorney's fees: (1) the
 3 public benefit; (2) the commercial benefit to the complainant; (3) the nature of the complainant's interest
 4 in the records sought; and (4) whether the agency had a reasonable basis in law for withholding the
 5 records. *Id.* However, the Court also may consider "whatever factors it deems relevant in determining
 6 whether an award of attorney fees is appropriate." *Exner v. FBI*, 443 F. Supp. 1349, 1352 (S.D. Cal.
 7 1978).

8 If the Court determines that a complainant is both eligible for and entitled to attorney's fees, the
 9 next step is to determine the amount to which complainant is entitled. The Court may assess the
 10 reasonableness of a lodestar figure presented by the complainant and adjust the figure accordingly.
 11 *Long v. U.S. Internal Revenue Serv.*, 932 F.2d 1309, 1313-14 (9th Cir. 1991) (stating that if the number
 12 of hours expended and the hourly fee are reasonable, there is a "strong presumption" that the lodestar
 13 figure is reasonable).

14 15 DISCUSSION

16 Plaintiff contends that it is eligible for and entitled to attorney's fees and court costs for its action
 17 against defendant. Defendant concedes that plaintiff is eligible for an award in light of the relief
 18 plaintiff obtained from the Court's preliminary injunction order, but argues that plaintiff is not entitled
 19 to relief based on the facts and circumstances of the case. Defendant's Opposition at 4. Defendant also
 20 argues that plaintiff's lodestar figure is unreasonable, and that if the Court finds that plaintiff is entitled
 21 to an award of attorney's fees and costs, the Court should use the *Laffey* matrix to determine a
 22 reasonable award. Finally, defendant sets forth several reasons that any award should be reduced. For
 23 the following reasons, the Court holds that plaintiff is eligible for and entitled to an award of \$52,271.97
 24 in attorney's fees and other litigation costs, rather than the \$68,936.97 requested by plaintiff.

25 26 I. Eligibility

27 Defendant concedes that plaintiff is eligible for an award of attorney's fees and costs under 5
 28 U.S.C. § 552. Defendant's Opposition at 4. To be eligible for an award of attorney's fees and costs,

1 plaintiff must have substantially prevailed against defendant. To be a prevailing party, plaintiff must
 2 have received relief by a court. *Buckhannon Bd. and Care Home, Inc. v. W. Va. Dep't of Health and*
 3 *Human Res.*, 532 U.S. 598, 598 (2001). In securing a preliminary injunction against defendant, plaintiff
 4 has obtained "the 'judicial imprimatur' necessary to satisfy *Buckhannon*." *Watson v. County of*
 5 *Riverside*, 300 F.3d 1092, 1096 (9th Cir. 2002).

6 7 **II. Entitlement**

8 Defendant argues that plaintiff is not entitled to an award of attorney's fees. "A determination
 9 of eligibility does not automatically entitle the plaintiff to attorney's fees." *Church of Scientology*, 700
 10 F.2d at 489. The determination of entitlement is left to the discretion of the Court. *Id.* at 492. To
 11 determine whether plaintiff is entitled to attorney's fees, the Court considers the benefit to the public
 12 deriving from the case, the commercial benefit to the complainant, the nature of complainant's interest
 13 in the federal records sought, and whether the government has a reasonable basis for withholding the
 14 record sought. *See, e.g., id.; Republic of New Afrika (RNA) v. FBI*, 645 F. Supp. 117 (D.D.C. 1986).
 15 In weighing the four factors, the Court finds that plaintiff is entitled to an award of attorney's fees and
 16 costs.
 17

18 **A. Benefit to the public**

19 Defendant contends that the public benefit derived from the Court's order "was marginal, at
 20 best." Defendant's Opposition at 5. However, defendant acknowledged that plaintiff sought to
 21 disseminate the requested information to inform public debate over the FISA amendments that Congress
 22 was actively considering. November 27, 2007 Order at 9. Upon defendant's release of the requested
 23 documents, plaintiff immediately posted the requested information on its website for public access.
 24 Plaintiff also created press releases for public access. Hofmann Decl. Exhs. A & B. At least three
 25 media outlets reported on the documents, including a blog that members of the public used for
 26 discussion. Hofmann Decl. Exhs. C, D, & E. Thus, it is likely that the preliminary injunction added
 27
 28

1 to "the fund of information that citizens may use in making vital political choices." *Blue v. Bureau of*
2 *Prisons*, 570 F.2d 529, 534 (5th Cir. 1978).

3 Defendant also argues that it would have released the same documents twenty-one days later
4 without judicial relief. However, as the Court recognized in its order granting relief, there was a
5 significant degree of urgency to plaintiff's request. November 27, 2007 Order at 10. Furthermore,
6 defendant had not proposed a processing date until plaintiff filed its original motion, and defendant was
7 under no obligation to produce anything by a set date until the Court ordered a preliminary injunction.
8 Thus, the Court finds that this first factor weighs in favor of an award of fees.

9
10 **B. The nature of plaintiff's interests**

11 The Ninth Circuit has considered the second and third criteria – the degree of commercial
12 interest and the nature of complainant's interest in the records sought – jointly in determining whether
13 a plaintiff is eligible for attorney's fees. *See, e.g., Church of Scientology*, 700 F.2d at 494. Defendant
14 contends that plaintiff had a strong commercial and private interest in bringing its claims against
15 defendant. Defendant argues that plaintiff sought to further its own lobbying and collateral litigation
16 interests in its role in cases such as *Hepting v. AT&T*, 439 F. Supp. 2d 974 (N.D. Cal. 2006). Defendant
17 also argues that plaintiff used FOIA to access defendant's communications "regarding legislative
18 proposals that have the potential to scuttle [plaintiff's] class action lawsuits." Defendant's Opposition
19 at 9. However, in cases such as *Hepting*, plaintiff represents clients or classes of clients, and not itself.
20 Thus, plaintiff is neither seeking damages for itself, nor profiting commercially in such cases. In fact,
21 as a nonprofit organization, plaintiff is the sort of requester that Congress intended to recover attorney's
22 fees under FOIA. *See Church of Scientology*, 700 F.2d at 494 ("[W]here plaintiff is . . . a nonprofit
23 public interest group, an award of attorney's fees furthers the FOIA policy of expanding access to
24 government information.").

25 To boost its argument regarding plaintiff's private or commercial interests, defendant cites to
26 *RNA*, 645 F. Supp. 117, where the court found that the plaintiff was "not simply acting as a nonprofit,
27 public interest group" when it brought its FOIA suit against the FBI, *id.* at 121. However, RNA's action
28 is easily distinguishable from the current case. First, the *RNA* court found little or no public benefit

1 resulted from RNA's legal action under FOIA, *id.* at 120-21, and RNA conceded that it had not made
2 its discoveries public, *id.* at 121. Moreover, RNA admitted "to using information from its FOIA action
3 in [its] suit for damages," and it conceded that one of its purposes in its FOIA action was to "exonerate
4 certain of its members from criminal prosecution." *Id.* Plaintiff has not made such concessions.
5 Instead, plaintiff has shown that a public benefit resulted from its actions, and there is no evidence that
6 plaintiff is seeking damages for a private or commercial interest.

7
8 **C. Defendant's explanation for not releasing the documents sooner**

9 Finally, the fourth factor examines whether the agency had a reasonable explanation for
10 withholding the requested records. *Church of Scientology*, 700 F.2d at 492. Defendant argues that it
11 granted plaintiff's request to expedite processing of the requested documents, and moved plaintiff's
12 request in front of its processing queue. Defendant claims that it "worked diligently to release
13 responsive records to plaintiff 'as soon as practicable,'" as required under FOIA. Defendant's
14 Opposition at 10. However, defendant failed to provide specific information explaining why it needed
15 four months to process plaintiff's FOIA request. November 27, 2007 Order at 9.

16 Defendant further contends that its reasonableness is illustrated by the Court's denial of
17 plaintiff's motion for a *Vaughn* index and the unaltered interim production date. However, the interim
18 date was merely three days after the Court's Nov, 27, 2007 ruling and any adjustment made by the Court
19 against defendant was unlikely. Although the Court denied plaintiff's request for a *Vaughn* index of
20 withheld records, the Court did so without prejudice and ordered defendant to submit an affidavit to
21 establish a reasonable basis for withholding any documents. The Court also required defendant to
22 process plaintiff's request twenty-one days sooner than defendant had proposed, thus further indicating
23 that defendant had failed to establish a reasonable basis for its refusal to release the documents earlier.

24 In weighing the four factors set out in the FOIA Senate Report, the Court finds that plaintiff
25 sought undisclosed records from defendant in the interest of the public and that defendant failed to
26 establish a reasonable basis for withholding the requested documents. Therefore, plaintiff is entitled
27 to an award of attorney's fees and costs pursuant to 5 U.S.C. § 552.
28

III. Attorney's fees and costs

The Court has discretion in determining the reasonable amount of attorney's fees and costs to award plaintiff. *Long*, 932 F.2d at 1314 (finding that the Court may adjust the lodestar figure if "certain factors relating to the nature and difficulty of the case . . . indicate that such an adjustment is necessary"). There is a "strong presumption" that the lodestar figure is reasonable if the Court finds that the submitted hours and rates are reasonable. *Id.* This Court finds that while plaintiff's rates are reasonable, plaintiff has not submitted a reasonable number of hours. Consequently, the Court reduces plaintiff's lodestar figure of attorney fees to \$51,540.00.

A. Reasonableness of plaintiff's lodestar figure

Plaintiff has calculated its lodestar figure using the following hourly rates of the four attorneys who worked on this case: (1) Ms. Hofmann – \$350 per hour for 2007 and \$450 per hour for 2008, (2) Mr. Sobel – \$600 per hour for 2007 and \$700 per hour for 2008, (3) Mr. Opsahl – \$425 per hour in 2007 and \$525 per hour in 2008, and (4) Ms. Granick – \$500 per hour for 2007 and \$600 for 2008. The burden is on plaintiff to produce satisfactory evidence that its requested rates represent "those prevailing in the community for similar services by lawyers of reasonably comparable skill, experience and reputation." *Navarro v. Gen. Nutrition Corp.*, 2005 WL 2333803, *7 (N.D. Cal. Sept. 22, 2005) (citing *Jordan v. Multnomah County*, 815 F.2d 1258, 1263 (9th Cir. 1987)). Each of the four attorneys' declarations state that their rates "are well within the prevailing hourly rate in the San Francisco Bay Area for lawyers of comparable education, expertise, and experience who handle matters of the type involved in this litigation." Sobel Decl. at ¶ 5; Granick Decl. at ¶ 5; Opsahl Decl. at ¶ 6; Hofmann Decl. at ¶ 5. Plaintiff also presented a supplemental declaration of a San Francisco attorney, who states that the hourly rates that plaintiff asserted "appear to be comparable to the hourly rates used by our firm . . . in connection with our state [FOIA] work." Steele Decl. at ¶ 10. The Court finds that plaintiff has set forth satisfactory evidence that the 2007 rates are reasonable, though not that the 2008 increased rates are reasonable. Therefore, the Court will use the 2007 rates in calculating the lodestar figure.

As for the hours expended, the Court finds plaintiff's requested hours high in light of the nature of this litigation and the level of skill required. The Court finds it appropriate to reduce the time the attorneys spent on the complaint, the preliminary injunction, and the reply brief, though not other tasks. Plaintiff bills a total of 12.0 hours for drafting and reviewing its complaint. The Court finds this unreasonable and will reduce Ms. Hofmann's hours to 7.5 and Mr. Sobel's hours to 2.0 for the time spent on the complaint. The Court finds the 88.45 hours plaintiff bills for its motion for a preliminary injunction and reply to be unreasonable. Accordingly, the Court will reduce Ms. Hofmann's preliminary injunction hours to 43.5, Mr. Sobel's to 15.5, and Mr. Opsahl's to 9.5. The Court also finds the 32.2 hours charged for plaintiff's reply to defendant's opposition to attorney fees to be unreasonable, and will reduce Ms. Hofmann's time working on the reply to 16.5 hours and Mr. Opsahl's time to 7.1 hours.

The Court calculates the reasonable lodestar figure as follows:

Attorney	Hours Compensated	Hourly Rate	Lodestar Figure
Hofmann	86.75	\$350	\$30,362.50
Sobel	21.6	\$600	\$12,960.00
Opsahl	17.1	\$425	\$7,267.50
Granick	1.9	\$500	\$950.00

Total Attorney's Fees: \$51,540.00

B. Defendant's request to reduce plaintiff's award

Defendant argues that plaintiff's award should be reduced for a number of reasons. First, defendant argues that the award should be reduced, "commensurate with plaintiff's limited degree of success on its motion for preliminary injunction." Defendant's Opposition at 19. As stated above, plaintiff substantially prevailed in its preliminary injunction, and the preliminary injunction added to "the fund of information that citizens may use in making vital political choices." *Blue*, 570 F.2d at 534. Without the preliminary injunction, defendant was under no obligation to release the documents by December 10, 2007.

Defendant also argues that plaintiff used improper quarter-hour and block billing. However, there is no evidence that plaintiff's use of quarter-hour increments posed a threat of over-billing. *See*,

1 e.g., *Welch v. Metro. Life Ins. Co.*, 480 F.3d 942, 949 (9th Cir. 2007) (finding that quarter-hour billing
2 resulted in excessive billing when "counsel billed a minimum of 15 minutes for numerous phone calls
3 and e-mails that likely took a fraction of the time"). In addition, block billing may be appropriate when
4 the tasks listed in a block are related. See, e.g., *Oberdorfer v. Glickman*, 2001 WL 34045732, *5 (D.
5 Or. Sept. 14, 2001) (finding that a 3.25-hour entry that listed three tasks does not create a block-billing
6 problem because the three tasks relate to a single motion). In this case, while Ms. Hofmann's time
7 entries sometimes include discrete tasks, the tasks in a given block are related. See Hofmann Decl. at
8 ¶ 10. The Court does not find it appropriate to reduce plaintiff's award for quarter-hour or block billing.

11 **C. Other litigation costs**

12 The Court finds it reasonable to award plaintiff its requested costs for this litigation in the
13 amount of \$731.97. When added to the \$51,540.00 in attorney's fees, this results in a total award of
14 \$52,271.97 for plaintiff.

15
16 **CONCLUSION**

17 For the foregoing reasons and for good cause shown, the Court hereby GRANTS IN PART
18 plaintiff's motion for attorney's fees and costs [Docket No. 48].

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE
WASHINGTON, DC 20511

The Honorable Darrell E. Issa
Chairman
Committee on Oversight and Government Reform
House of Representatives
Washington, D.C. 20515

FEB 16 2011

Dear Representative Issa:

I am writing in response to your January 25, 2011 letter in which you requested information relating to the Office of the Director of National Intelligence's (ODNI) Freedom of Information Act (FOIA) program. Enclosed please find ODNI's FOIA logs dating back to 2005, which show all open and closed FOIA requests received by the ODNI. In addition, copies of ODNI's Annual FOIA reports are enclosed for reference.

ODNI has been ordered to pay attorney's fees in one federal judicial action. A copy of that court order is also enclosed.

You also requested copies of all communications between ODNI and FOIA requesters for the last five years. Responding to this portion of your letter will require significant resources of the ODNI as we must search hundreds of hard copy and electronic records, and will likely result in delays in our routine FOIA processing. Therefore, those records are not included with our response at this time. Once you have reviewed our FOIA logs, we would welcome the opportunity to discuss our FOIA program with you further, to answer specific questions you might have, or to provide records related to any cases of particular interest to you, as appropriate.

Please be assured that the ODNI remains committed to managing its FOIA program in the most efficient manner possible and will continue all efforts to ensure that happens. If you have additional questions, please contact John Hackett at [REDACTED]

Sincerely,

b2, b6
